Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed renewal of the collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number.

**Title:** Rules Relating to the Operations and Activities of Commodity Pool Operators and Commodity Trading Advisors and to Monthly Reporting by Futures Commission Merchants (OMB Control No. 3038-0005). This is a request for extension of a currently approved information collection.

**Abstract:** The various collections of information required by part 4<sup>1</sup> of the Commission's regulations were previously approved by OMB in accordance with the PRA and assigned OMB control number 3038-0005. The Commission offers the following summary of the renewal of the notice and the resulting estimated impact on

<sup>1</sup> 17 CFR 4.1-4.41.

existing burden hour estimates associated with this information collection.

The Commodity Exchange Act (CEA) authorizes the Commission to require CPOs and CTAs to maintain books and records and to file reports as required by the Commission.<sup>2</sup> The Commission also has authority to promulgate such regulations as it deems necessary to implement the purposes of the CEA.<sup>3</sup> It is pursuant to this authority that the Commission has promulgated the various compliance requirements for CPOs and CTAs in 17 CFR part 4. The reporting, filing, and recordkeeping requirements within part 4 of the Commission's regulations were adopted to assist and inform customers, to establish customer protection initiatives for investors, to facilitate monitoring intermediary compliance with part 4 regulations by the Commission and its delegatee, the National Futures Association (NFA), and to enable the Commission to better monitor the market risks posed by its registrants. The information collections are necessary to enable the Commission and NFA to accomplish the purposes of both the CEA and the compliance regime set forth in part 4 of the Commission's regulations.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses

**Burden Statement:** The respondent burden for this collection is estimated to be as follows:

*Estimated average burden hours per respondent:* 8.86.

*Estimated total annual burden on respondents:* 435,925 hours.

*Frequency of collection:* On occasion.

*Authority:* 44 U.S.C. 3501, *et seq.*

Dated: August 12, 2026.
