

- a new meter station (*i.e.*, North Maysville Delivery Meter Station) in Mason County, Kentucky, including a tie-in to East Kentucky Power Cooperative's Hugh L. Spurlock Power Station and installation of a new 36-inch by 30-inch bidirectional pig launcher/receiver; and

- three new 30-inch-diameter mainline valves along the proposed 30-inch-diameter pipeline.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; Native American tribes; environmental and public interest groups; potentially affected landowners and other interested individuals and groups; and libraries and media outlets in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/elibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.*, CP26-25). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Under section 7(c) of the NGA, the Commission determines whether interstate natural gas transportation facilities are in the public convenience and necessity and, if so, grants a Certificate of Public Convenience and Necessity to construct and operate them. The Commission bases its decisions on both economic issues, including need, and environmental effects.

Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental effects. The more specific your comments, the more useful they will be. For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of

comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP26-25-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov. Additional information about the project is available from the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also

provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

ENVIRONMENTAL PROTECTION AGENCY

[CERCLA 06–01–26; FRL–13372–01–R6]

Notice of Proposed Administrative Settlement Agreement and Order on Consent for Recovery of Past Response Costs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), notice is hereby given that a proposed CERCLA section 122(h)(1) Settlement Agreement for Recovery of Past Response Costs ("Proposed Agreement") associated with the Bulldog Environmental Services in 213 Main Avenue, Anton, Hockley County, Texas ("Site") was executed by the Environmental Protection Agency ("EPA") and is now subject to public comment, after which EPA may modify or withdraw its consent if comments received disclose facts or considerations that indicate that the Proposed Agreement is inappropriate, improper, or inadequate. **DATES:** Comments must be received on or before September 14, 2026.

ADDRESSES: The Proposed Agreement and additional background information relating to the Proposed Agreement are available for public inspection upon request by contacting EPA Assistant Regional Counsel Reza Sadeghzadeh via email at sadeghzadeh.reza@epa.gov. Comments must be submitted via electronic mail to this same email address and should reference the "Bulldog Environmental Services", Superfund Site, "Proposed Settlement Agreement" and "EPA CERCLA Docket No. 06–01–26". Persons without access to electronic mail may call Mr. Sadeghzadeh via telephone at (214) 665–7138 and make alternative arrangements.

FOR FURTHER INFORMATION CONTACT: Reza Sadeghzadeh at EPA by telephone at: (214) 665–7138; or by email at: sadeghzadeh.reza@epa.gov.

SUPPLEMENTARY INFORMATION: The Proposed Agreement would resolve potential EPA claims under section

107(a) of CERCLA, against Clean Fuels National, Inc. ("Settling Party") for EPA response costs at the Bulldog Environmental Services Superfund Site located in Anton, Texas. This agreement represents one of three anticipated settlements for the Site, totaling \$370,000 for the two major generators and \$80,000 for the *de minimis* settlement, which the Region has already initiated the approval process. The generator, Clean Fuels Nation, Inc., has agreed to a \$170,000 settlement in principle.

For thirty (30) days following the date of publication of this notice, EPA will receive electronic comments relating to the Proposed Agreement. EPA's response to any comments received will be available for public inspection by request.
