B. Need and Uses

Part 28 of the Federal Acquisition Regulation (FAR) contains guidance related to obtaining financial protection against losses under Federal contracts (e.g., bonds, bid guarantees, etc.). Part 52 contains the corresponding provisions and clauses. These collectively implement the statutory requirement for Federal contractors to furnish payment bonds under construction contracts subject to 40 U.S.C. chapter 31, subchapter III, Bonds.

This information collection is mandated by section 806(a)(3) of Public Law 102–190, as amended by sections 2091 and 8105 of the Federal Acquisition Streamlining Act of 1994 (10 U.S.C. 4601 note prec.) (Pub. L. 103–335). Accordingly, the FAR clause at 52.228–12, Prospective Subcontractor Requests for Bonds, requires prime contractors to promptly provide a copy of a payment bond, upon the request of a prospective subcontractor or supplier offering to furnish labor or material under a construction contract for which a payment bond has been furnished pursuant to 40 U.S.C. chapter 31.

C. Common Form

The General Services Administration is the sponsor agency of this common form. All executive agencies covered by the FAR will use this common form. Each executive agency will report their agency burden separately, and the reported information will be available at Reginfo.gov.
