I. Background

The information requested on the CA–12 is obtained from each beneficiary receiving continuing death benefits. The Office of Workers' Compensation Programs administers the Federal Employees' Compensation Act, which provides for continuation of pay or compensation for work related injuries or disease that resulted from federal employment. Under 5 U.S.C. 8133 of the Act, eligible survivors of deceased

employees receive compensation benefits on account of the employee's death. OWCP has to monitor death benefits for current marital status, potential for dual benefits, and other criteria for qualifying as a beneficiary under the law. Under 5 U.S.C. 8149, the Secretary of Labor may prescribe rules and regulations necessary for the administration and enforcement of this subchapter. Under 20 CFR 10.414, the CA-12 is sent annually to beneficiaries in death cases to verify that their marital and/or beneficiary status has not changed to remain entitled to benefits.
