

90-day Federal Authorization Decision Deadline²—March 18, 2027

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

TGP proposes to construct and operate a 1.54-mile-long, 30-inch-diameter, natural gas transmission pipeline and modify three existing meter stations in Nueces County TX. TGP also proposes to construct a new 15,900-horsepower compressor station and associated facilities/equipment in Brooks County, Texas, and other appurtenance facilities along TGP's pipeline system.

Background

On July 16, 2026, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed South Texas Enhancement Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received comments from two federal agencies and one potentially affected landowner. After the close of the scoping period, we received comments from one state agency and a non-governmental organization. The US Army Corps of Engineers recommended the applicant conduct a delineation of waters to determine if Clean Water Act permitting is required. The US Environmental Protection Agency recommended that the environmental document address water quality and quantity, groundwater, National Pollutant Discharge Elimination System permit coverage, impaired waters, ambient air conditions and air quality, and solid and hazardous waste generated. The Texas Commission on Environmental Quality recommended compliance with applicable regulations and Best Management Practices implementation. The Water Protector Legal Collective requested preparation

of a project environmental impact statement rather than EA to evaluate alternatives, an evaluation of air quality effects and greenhouse gas emissions, pipeline safety issues, cumulative impacts, the public need of the project, and complete Tribal Consultation and cultural resource review. One landowner submitted comments expressing concerns that the pipeline project would cause safety and encroachment issues on her property. All substantive comments will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP26-540), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

(Authority: 18 CFR 2.1)

Dated: September 11, 2026.

Debbie-Anne A. Reese,
Secretary.

BILLING CODE 6717-01-P

EXPORT-IMPORT BANK

[Public Notice: EIB-2026-0298]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; EIB 00-02, Annual Competitiveness Report Survey of Exporters and Lenders

AGENCY: Export-Import Bank of the United States.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Export-Import Bank of the United States (EXIM), invites the general public and other Federal Agencies to comment on the proposed information collection, as required by the Paperwork Reduction Act of 1995.

DATES: Comments should be received on or before November 16, 2026 to be assured of consideration.

ADDRESSES: Comments may be submitted electronically on WWW.REGULATIONS.GOV (EIB 00-02) or by email to Jessica.Ernst@exim.gov or by mail to Jessica Ernst, Export-Import Bank of the United States, 811 Vermont Ave. NW, Washington, DC 20571, Attn: EIB-2026-0298

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Jessica Ernst, Jessica.Ernst@exim.gov, 202-565-3711.

SUPPLEMENTARY INFORMATION: As required by Export-Import Bank Act of 1945 (see Section 8A(a)(1) of EXIM's charter), EXIM will survey U.S. exporters and commercial lending institutions to understand their experience with EXIM "meeting financial competition from other countries whose exporters compete with United States exporters." The potential respondents will be sent an electronic invitation to participate in the online survey.

The proposed survey will ask participants about their potential or completed deals involving EXIM, their opinion of EXIM's policies and procedures, their interaction and perceptions of other export credit agencies, and impacts of overall market conditions on their businesses.

The survey can be reviewed at: <https://img.exim.gov/s3fs-public/survey/EXIM+Competitiveness+Report+Exporter+and+Lender+Survey+2026.pdf>.

Titles and Form Number: EIB 00-02, Annual Competitiveness Report Survey of Exporters and Lenders.

OMB Number: 3048-0004.

Type of Review: Renewal.

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

Need and Use: The information requested is required by the Export-Import Bank Act of 1945, as amended, 12 U.S.C. 635g–1 (see Section 8A(a)(1) of EXIM's charter) and enables EXIM to evaluate and assess its competitiveness with the programs and activities of official export credit agencies and to report on the Bank's status in this regard.

Affected Public: EXIM plans to survey exporters and lenders that have engaged with EXIM on medium- and long-term support over the previous calendar year or responded to at least one of EXIM's last two surveys.

The number of respondents: 100.

Estimated time per respondent: 10 minutes.

The frequency of response: Annually.

Annual hour burden: 17 total hours.

Dated: September 14, 2026.

Andrew Smith,

Records Officer.

BILLING CODE 6690–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Docket No. CDC–2026–0892]

Order Under Sections 362 and 365 of the Public Health Service Act Continuing the Suspension of the Right To Introduce Certain Persons From Countries Where a Quarantinable Communicable Disease Exists

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), a component of the Department of Health and Human Services (HHS), announces it is issuing an Order under Sections 362 and 365 of the Public Health Service Act, and associated implementing regulations, continuing the suspension of the right to introduce certain persons from countries where an outbreak of a quarantinable communicable disease exists. This Order was issued on September 11 and shall remain in effect through 4:59 p.m. Eastern Daylight Time (EDT) on Sunday, October 11, 2026. This Order may be amended or rescinded prior to that time at the discretion of the Director.

DATES: This action took effect September 11, 2026, at 5:00 p.m. EDT.

Written comments must be received on or before October 1, 2026.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2026–0892 by either of the methods listed below. Do not submit comments by email. CDC does not accept comments by email.

• **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

• **Mail:** Division of Global Migration Health, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H16–4, Atlanta, GA 30329.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Jordan Faircloth, Deputy Chief of Staff, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS V18–2, Atlanta, GA 30329. Phone: 404–639–7000. Email: cdcregulations@cdc.gov.

SUPPLEMENTARY INFORMATION: On May 18, 2026, the Acting Director of the Centers for Disease Control and Prevention signed an Order prohibiting the introduction of certain persons who have departed from, or were otherwise present within, specified countries during the last 21 days. On May 22, 2026, the Assistant Secretary for Health (ASH), HHS, signed an Amended Order that reflected updates to 42 CFR 71.40 (f), which no longer provides an exemption for lawful permanent residents (LPRs) from such orders. CDC accepted comments on both the original Order and Amended Order through June 22, 2026. On June 21, 2026, the ASH signed a new 30-day Order continuing the previous Order, without change, and provided a 15-day comment period. On July 13, 2026, the ASH signed a new order continuing the previous Order without change and that responded to public comments as well as provided updates on the epidemiologic situation and status of the outbreak. On August 12, 2026, the ASH signed a new 30-day Order continuing the previous Order, without change, and provided a 15-day comment period. During the comment period for the August 12, 2026, Order, CDC received three comments, which are addressed below. With this notice, CDC is announcing the issuance of an Order that continues the suspension of the right to introduce certain persons who have departed from, or were otherwise present within, specified countries during the last 21 days. This

Order is effective for a period of 30 days.

Response to Comments on Previous Orders

Comment: All three commenters acknowledge that CDC has both the statutory authority and responsibility to protect public health and to take reasonable measures when there is a credible risk of introducing a serious communicable disease into the United States; the commenters also acknowledge the seriousness of the Ebola disease outbreak. Even considering the gravity of the situation, the commenters expressed concerns regarding the broad application of the Order, asserting that less restrictive measures would provide adequate public health protections.

Commenters suggested that CDC consider using narrower, risk-based criteria rather than applying blanket restrictions to all covered individuals. They suggested considering a variety of factors, including specific locations visited, length of stay, activities, interactions, precautions followed, and reasons for travel. They suggested that CDC distinguish actual exposure risk rather than broad nationality- or route-based assumptions. One commenter recommended screening, diagnostic testing, health monitoring, and, where appropriate, domestic isolation as alternatives to application of the Order. Commenters asserted that such targeted approaches can protect the public while minimizing unnecessary disruptions to lawful travel, family reunification, humanitarian activities, and other legitimate interests.

Response: CDC recognizes that individual risk may differ among persons who have been present in a designated country or place where the quarantinable communicable disease outbreak is occurring. However, CDC also considers the public health and other resources required to implement an Order issued under Sections 362 and 365 of the Public Health Service Act and the implementing regulation at 42 CFR 71.40. Based on such considerations, CDC has determined that a generally applicable threshold based on whether an individual was present in a designated country or place during the relevant period is both more protective of public health and more feasible to implement.

The Order does contain exception mechanisms that permit consideration of individual circumstances where appropriate. For example, a customs officer may, with supervisory approval, except an individual based on the totality of the circumstances, including
