III. Findings

Under the applicable standard set forth in Section 766.24 of the Regulations and my review of the entire record, I find that the evidence presented by BIS convincingly demonstrates that UTair has acted in violation of the Regulations and the TDO; that such violations have been significant and deliberate; and that given the foregoing and the nature of the matters under investigation, there is a likelihood of imminent violations. Moreover, I find that renewal for an extended period is appropriate because UTair has engaged in a pattern of repeated, ongoing and/or continuous apparent violations of the EAR. Therefore, renewal of the TDO for one year is necessary in the public interest to prevent imminent violation of the Regulations and to give notice to companies and individuals in the United States and abroad that they should avoid dealing with UTair, in connection with export and reexport transactions involving items subject to the Regulations and in connection with any other activity subject to the Regulations.

IV. Order

It is therefore ordered:

First, UTair Aviation JSC, Khanty-Mansiysk Airport, Tyumen Region, Russia 628012, when acting for or on their behalf, any successors or assigns, agents, or employees may not, directly or indirectly, participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as “item”) exported or to be exported from the United States that is subject to the EAR, or in any other activity subject to the EAR including, but not limited to:

A. Applying for, obtaining, or using any license (except directly related to safety of flight), license exception, or export control document;

B. Carrying on negotiations concerning, or ordering, buying, receiving, using, selling, delivering, storing, disposing of, forwarding, transporting, financing, or otherwise servicing in any way, any transaction involving any item exported or to be exported from the United States that is subject to the EAR except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations, or engaging in any other activity subject to the EAR except

directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations; or

C. Benefitting in any way from any transaction involving any item exported or to be exported from the United States that is subject to the EAR, or from any other activity subject to the EAR except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations.

Second, that no person may, directly or indirectly, do any of the following:

A. Export, reexport, or transfer (in-country) to or on behalf of UTair any item subject to the EAR except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations;

B. Take any action that facilitates the acquisition or attempted acquisition by UTair of the ownership, possession, or control of any item subject to the EAR that has been or will be exported from the United States, including financing or other support activities related to a transaction whereby UTair acquires or attempts to acquire such ownership, possession or control except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations;

C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from UTair of any item subject to the EAR that has been exported from the United States except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations;

D. Obtain from UTair in the United States any item subject to the EAR with knowledge or reason to know that the item will be, or is intended to be, exported from the United States except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations; or

E. Engage in any transaction to service any item subject to the EAR that has been or will be exported from the United States and which is owned, possessed or controlled by UTair, or service any item, of whatever origin, that is owned, possessed or controlled by UTair if such service involves the use of any item subject to the EAR that has been or will be exported from the United States except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations. For purposes of this paragraph, servicing means installation,

maintenance, repair, modification, or testing.

Third, that, after notice and opportunity for comment as provided in section 766.23 of the EAR, any other person, firm, corporation, or business organization related to UTair by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business may also be made subject to the provisions of this Order.

In accordance with the provisions of Sections 766.24(e) of the EAR, UTair may, at any time, appeal this Order by filing a full written statement in support of the appeal with the Office of the Administrative Law Judge, U.S. Coast Guard ALJ Docketing Center, 40 South Gay Street, Baltimore, Maryland 21202-4022.

In accordance with the provisions of Section 766.24(d) of the EAR, BIS may seek renewal of this Order by filing a written request not later than 20 days before the expiration date. A renewal request may be opposed by UTair as provided in Section 766.24(d), by filing a written submission with the Assistant Secretary of Commerce for Export Enforcement, which must be received not later than seven days before the expiration date of the Order.

A copy of this Order shall be provided to UTair, and shall be published in the **Federal Register**.

This Order is effective immediately and shall remain in effect for one year.

Dated: September 11, 2026.

David A. Peters,
Assistant Secretary of Commerce Secretary for Export Enforcement.

[A-552-817]

Oil Country Tubular Goods From the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review; 2023-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that SeAH Steel VINA Corporation (SeAH VINA) made sales of oil country tubular

goods (OCTG) from the Socialist Republic of Vietnam (Vietnam) at less than normal value (NV) during the period of review (POR) September 1, 2023, through August 31, 2024.

DATES: Applicable September 17, 2026.

FOR FURTHER INFORMATION CONTACT: Preston Cox, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (240) 956-8630.

SUPPLEMENTARY INFORMATION:

Background

On March 16, 2026, Commerce published the *Preliminary Results* of the 2023–2024 administrative review of the antidumping duty order of OCTG from Vietnam in the **Federal Register** and invited interested parties to comment.¹ On April 6, 2026, we received case briefs from SeAH VINA, and from Axis Pipe and Tube, Borusan Pipe US Inc., Vallourec Star, and Welded Tube USA, Inc. (collectively, the domestic interested parties).² On April 13, 2026, SeAH VINA and the domestic interested parties submitted rebuttal briefs.³ Between July 10 and September 4, 2026, Commerce extended the deadline for the final results of this review by 59 days.⁴ Accordingly, the deadline for these final results is September 11, 2026. Commerce conducted this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵ The Issues and

Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order⁶

The merchandise covered by the Order is OCTG from Vietnam. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.⁷

Analysis of Comments Received

All issues raised in case and rebuttal briefs filed by interested parties in this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix I to this notice.

Changes Since the Preliminary Results

Based on our review of the record and our analysis of the comments received, Commerce made certain changes to the weighted-average dumping margin calculation for SeAH VINA. For further discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Administrative Review

Commerce determines that the following estimated weighted-average dumping margin exists for the period September 1, 2023, through August 31, 2024:

Exporter/manufacture	Weighted-average dumping margin (percent)
SeAH Steel VINA Corporation ...	15.52

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties in this review within

five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by the final results of this review.

Because the mandatory respondent's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, Commerce calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales. Where we do not have entered values for all U.S. sales to a particular importer, we calculated an importer-specific, per-unit assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also calculated an importer-specific *ad valorem* ratio based on estimated entered values. Where a mandatory respondent's weighted-average dumping margin is zero or *de minimis* or where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁸

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by SeAH VINA which it did not know that the merchandise was destined for the United States, we intend to instruct CBP to liquidate those entries at the Vietnam-wide rate (i.e., 111.47 percent)⁹ if there is no rate for the intermediate companies involved in the transaction.¹⁰

The final results of this review shall be the basis for the assessment of

⁹ See *Order*, 79 FR at 53694.

¹⁰ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹¹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for SeAH VINA, the cash deposit rate will be the margin listed above; (2) for previously investigated or reviewed Vietnamese and non-Vietnamese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most-recently completed segment of this proceeding in which the exporter was reviewed; (3) for all Vietnamese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate established for the Vietnam-wide entity, which is 111.47 percent;¹² and (4) for all non-Vietnamese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter with the subject merchandise. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent

assessment of double antidumping duties

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 11, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; iEdison System

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 2, 2026 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: iEdison System.

OMB Control Number 0693-0090.

Form Number(s): None.

Type of Request: Regular. Revision of an Existing Collection.

Number of Respondents: 6,193 for Invention Records, Patent Records, Utilization Records, and 22 for Domestic Manufacturing Waiver.

Average Hours per Response:

Invention Records: 1.25 hours.

Patent Records: .75 hours.

Utilization Records: 25 minutes.

Domestic Manufacturing Waiver

Requests: 13 hours.

Burden Hours:

Invention Records: 38,706 hours.

Patent Records: 23,224 hours.

Utilization Records: 77,413 hours.

Domestic Manufacturing Waiver

Requests: 286 hours.

Needs and Uses: The Bayh-Dole Act (35 U.S.C. 18) and its implementing regulations (37 CFR 401) allow for recipients of Federal research funding (Contractors) to retain ownership of inventions developed under Federal funding agreements. In exchange, the government retains certain rights to the invention, including a world-wide right to use by or on behalf of the U.S. government. The law also requires the Contractor to obtain permission for certain actions and fulfill reporting requirements including:

- a. Initial reporting of invention.
