for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance,* the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule,* Commerce stated that, ''after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.'' [11] Accordingly, as stated above, the petitioners and the Governments of Vietnam and Egypt should submit their initial entries of appearance after publication of this notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and the Governments of Vietnam and Egypt will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and the Governments of Vietnam and Egypt are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Steel Concrete Reinforcing Bar From Bulgaria, Egypt, and the Socialist Republic of Vietnam: Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing the antidumping duty (AD) orders on steel concrete reinforcing bar (rebar) from Bulgaria, Egypt, and the Socialist Republic of Vietnam (Vietnam).

DATES: Applicable September 18, 2026.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla (Bulgaria) at (202) 482–3477; Kate Fracke (Vietnam) at (202) 482–3299; or Anne Entz (Egypt) at (202) 482–3845, AD/CVD Operations, Offices I, III, and IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 30, 2026, Commerce published its affirmative final determinations in the less-than-fair-value investigations of rebar from Bulgaria, Egypt, and Vietnam, in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act).[1] On September 11, 2026, pursuant to section 735(d) of the Act, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of dumped imports of rebar from Bulgaria, Egypt, and Vietnam.[2]

Scope of the Orders

The products covered by these orders are rebar from Bulgaria, Egypt, and Vietnam. For a complete description of the scope of the orders, *see* the appendix to this notice.

AD Orders

Based on the above-referenced affirmative final determinations by the ITC, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing these AD orders. Because the ITC determined that an industry in the United States is materially injured by reason of imports of rebar from Bulgaria, Egypt, and Vietnam, unliquidated entries of such merchandise from the countries, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping

duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of rebar from Bulgaria, Egypt, and Vietnam. Antidumping duties will be assessed on unliquidated entries of rebar from Bulgaria, Egypt, and Vietnam entered, or withdrawn from warehouse, for consumption on or after March 13, 2026, the date of publication of the *Preliminary Determinations,*[3] but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination under section 735(b) of the Act, as further described in the ''Provisional Measures'' section of this notice below.

Continuation of Suspension of Liquidation and Cash Deposits

Except as noted in the ''Provisional Measures'' section of this notice, in accordance with sections 735(c)(1)(B) and 736 of the Act, Commerce intends to instruct CBP to continue to the suspend liquidation on all relevant entries of rebar from Bulgaria, Egypt, and Vietnam. These instructions suspending liquidation will remain in effect until further notice.

Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the tables below, adjusted by the relevant export subsidy offsets for Vietnam.[4] Effective on the date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated customs duties on subject merchandise, a cash deposit equal to the rates listed in the tables below. The all-others rates apply to all producers or exporters not specifically listed, as appropriate.

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:

Promet Steel JSC	53.27
All Others	53.27

EGYPT

Suez Steel Company	* 52.73
All Others	34.20

* Rate based on facts available with adverse inferences.

VIETNAM

Vietnam-Wide Entity		* 136.57	131.53

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request that Commerce extend the four-month period to no more than six months. At the request of exporters that account for a significant proportion of rebar from Bulgaria, Egypt, and Vietnam, Commerce extended the four-

month period to six months in each of these investigations.[5]

The extended provisional measures period began on the date of the publication of the *Preliminary Determinations, i.e.,* March 13, 2026, and ended on September 8, 2026. As a result, entries of rebar from Bulgaria, Egypt, and Vietnam made on or after September 9, 2026, and before the date of publication of the ITC's final injury determination in the **Federal Register** are not subject to the assessment of antidumping duties. Therefore, in accordance with section 736(a)(1) of the Act and its practice, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of rebar from Bulgaria, Egypt, and Vietnam entered, or withdrawn from warehouse, for consumption on or after September 9, 2026, the first day provisional measures were no longer in effect, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determination in the **Federal Register**.

Establishment of the Annual Inquiry Service Lists

On September 20, 2021, Commerce published the *Final Rule* in the **Federal Register**.[6] On September 27, 2021, Commerce also published the *Procedural Guidance* in the **Federal Register**.[7] The *Final Rule* and *Procedural Guidance* provide that Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.

In accordance with the *Procedural Guidance,* for orders published in the **Federal Register** after November 21, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at *https://access.trade.gov,* within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called ''AISL-Annual Inquiry Service List.'' [8]

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance,*[9] the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website at *https://access.trade.gov.*

Special Instructions for the Petitioner and Foreign Governments

In the *Final Rule,* Commerce stated that, ''after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.'' [10] Accordingly, as stated above, the petitioner and foreign governments should submit their initial entries of appearance after publication of this notice in order to appear in the first annual inquiry service lists for these orders. Pursuant to 19 CFR 351.225(n)(3), the petitioner and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioner and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.
