Animal Plant and Health Inspection Service

Title: Emergency Management Response System (EMRS).

OMB Control Number: 0579–0071.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Secretary may also prohibit or restrict import or export of any animal or related material if necessary to prevent the spread of any livestock or poultry pest or disease. Through the Foreign Animal Disease Surveillance Program, the Animal and Plant Health Inspection Service (APHIS) Veterinary Services compiles essential epidemiological and diagnostic data that are used to define foreign animal diseases (FAD) and their risk factors. The data is compiled through the Veterinary Services Emergency Management Response System, a web-based database for reporting investigations of suspected FAD occurrences.

Need and Use of the Information: APHIS collects information such as the purpose of the diagnostician's visit to the site, the name and address of the owner/manager and the site, the type of operation being investigated, the number of and type of animals on the premises, vaccination information on the animals in the herd or flock, biosecurity practices at the site, whether any animals have been moved to or from the premises and when this movement occurred, number of sick or dead animals, the results of physical examinations of the affected animals, the results of postmortem examinations, and the number and kinds of samples taken, and the name of the suspected disease.

APHIS uses the collected information to effectively prevent FAD occurrences and protect the health of the United States. Without the information, APHIS has no way to detect and monitor FAD outbreaks in the United States.

Description of Respondents: Businesses; and State, Local or Tribal Governments.

Number of Respondents: 158.

Frequency of Responses: Reporting, on occasion.

Total Burden Hours: 24,703.

Departmental Information Collection Clearance Officer.

Steel Concrete Reinforcing Bar From the Socialist Republic of Vietnam and Egypt: Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing countervailing duty (CVD) orders on steel concrete reinforcing bar (rebar) from the Socialist Republic of Vietnam (Vietnam) and Egypt.

DATES: Applicable September 18, 2026

FOR FURTHER INFORMATION CONTACT: Erin Howard (Vietnam), at (202) 482–3453 and Lingjun Wang (Egypt) at (202) 482–2316, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d) and 777(i) of the Tariff Act of 1930 as amended (the Act) on July 30, 2026, Commerce published in the **Federal Register** its affirmative final determinations in the countervailing duty investigations of rebar from Vietnam and Egypt.[1] On September 11, 2026, the ITC notified Commerce of its final affirmative determinations pursuant to sections 705(b)(1)(A)(i) and 705(d) of the Act, that an industry in the United States is materially injured by reason of subsidized imports of rebar from Vietnam and Egypt.[2]

Scope of the Orders

The product covered by these orders is rebar from Vietnam and Egypt. For a complete description of the scope of these orders, *see* the appendix to this notice.

Countervailing Duty Orders

Based on the above-referenced affirmative final determinations by the ITC that an industry in the United States is materially injured by reason of subsidized imports of rebar from Vietnam and Egypt, in accordance with sections 705(c)(2) and 706(a) of the Act, Commerce is issuing these CVD orders. Because the ITC determined that imports of rebar from Vietnam and Egypt are materially injuring a U.S. industry, unliquidated entries of such merchandise entered, or withdrawn from warehouse, for consumption, are subject to the assessment of countervailing duties.

Therefore, in accordance with section 706(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties on unliquidated entries of rebar from Vietnam and Egypt. With the exception of entries occurring after the expiration of the provisional measures period and before the publication of the ITC's final affirmative injury determinations, as further described below, countervailing duties will be assessed on unliquidated entries of rebar from Vietnam and Egypt entered, or withdrawn from warehouse, for consumption on or after January 13, 2026, the date of publication of the *Preliminary Determinations* in the **Federal Register**.[3]

Suspension of Liquidation and Cash Deposits

In accordance with section 706 of the Act, Commerce will instruct CBP to reinstitute the suspension of liquidation of rebar from Vietnam and Egypt, effective on the date of publication of the ITC's notice of final affirmative injury determination in the **Federal Register**, and to assess, upon further instruction by Commerce, pursuant to section 706(a)(1) of the Act, countervailing duties on each entry of subject merchandise in an amount based on the net countervailable subsidy rates below. On or after the date of publication of the ITC's final injury determinations in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the rates noted below. These instructions suspending liquidation will remain in effect until further notice.

Estimated Countervailable Subsidy Rates

The estimated countervailable subsidy rates are as follows; all-others rate applies to all producers or exporters not specifically listed below.

VIETNAM

Company	Subsidy rate (percent *ad valorem*)
Hoa Phat Group Joint Stock Company [4]	6.80
All Others	6.80

EGYPT

Company	Subsidy rate (percent *ad valorem*)
Al-Ezz Dekheila Steel Alexandria Company (SAE); Ezz Steel Company S.A.E.; Ezz Rolling Mills Company (SAE); Al-Ezz Flat Steel Company (SAE); Contra Steel Co.; and Al-Ezz Group Holding Company for Industry & Investment (collectively, Ezz Group)	23.27
All Others	23.27

Provisional Measures

Section 703(d) of the Act states that the suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months. In the underlying investigations, Commerce published the *Preliminary Determinations* on January 13, 2026.[5] Therefore, entries of certain rebar from Vietnam and Egypt made on or after May 12, 2026, and prior to the date of publication of the ITC's final determinations in the **Federal Register**, are not subject to the assessment of countervailing duties due to Commerce's discontinuation of the suspension of liquidation.

In accordance with section 703(d) of the Act, Commerce instructed CBP to discontinue the suspension of liquidation of entries concerning these investigations effective May 13, 2026 (the date on which the provisional CVD measures expired), and intend to instruct CBP to liquidate, without regard to countervailing duties, unliquidated entries concerning these investigations, or withdrawn from warehouse, for consumption on or after May 13, 2026, through the day preceding the date of publication of the ITC's affirmative final injury determinations in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's affirmative final injury determinations in the **Federal Register**.

Establishment of the Annual Inquiry Service Lists

On September 20, 2021, Commerce published the *Final Rule* in the **Federal Register**.[6] On September 27, 2021, Commerce also published the *Procedural Guidance* in the **Federal Register**.[7] The *Final Rule* and *Procedural Guidance* provide that Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.[8]

In accordance with the *Procedural Guidance,*[9] for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at *https://access.trade.gov,* within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called ''AISL-Annual Inquiry Service List.'' [10]

[10] This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A–000–000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as ''AISL-January Anniversary.'' Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance,* the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule,* Commerce stated that, ''after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.'' [11] Accordingly, as stated above, the petitioners and the Governments of Vietnam and Egypt should submit their initial entries of appearance after publication of this notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and the Governments of Vietnam and Egypt will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and the Governments of Vietnam and Egypt are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the CVD orders with respect to rebar from Vietnam and Egypt. Pursuant to section 706(a) of the Act. Interested parties can find a list of CVD orders currently in effect at *https://www.trade.gov/data-visualization/adcvd-proceedings.*

These CVD orders are published in accordance with section 706(a) of the Act and 19 CFR 351.211(b).

Dated: September 14, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing the antidumping duty (AD) orders on steel concrete reinforcing bar (rebar) from Bulgaria, Egypt, and the Socialist Republic of Vietnam (Vietnam).

SUPPLEMENTARY INFORMATION:

Background

On July 30, 2026, Commerce published its affirmative final determinations in the less-than-fair-value investigations of rebar from Bulgaria, Egypt, and Vietnam, in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act).[1] On September 11, 2026, pursuant to section 735(d) of the Act, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of dumped imports of rebar from Bulgaria, Egypt, and Vietnam.[2]

Scope of the Orders

The products covered by these orders are rebar from Bulgaria, Egypt, and Vietnam. For a complete description of the scope of the orders, *see* the appendix to this notice.

AD Orders

Based on the above-referenced affirmative final determinations by the ITC, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing these AD orders. Because the ITC determined that an industry in the United States is materially injured by reason of imports of rebar from Bulgaria, Egypt, and Vietnam, unliquidated entries of such merchandise from the countries, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping
