National Library of Medicine; Notice of Partially Closed Meeting

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Board of Scientific Counselors, National Library of Medicine.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting. The meeting can be accessed from the NIH Videocast at the following link: <https://videocast.nih.gov/>.

The meeting will be closed to the public as indicated below in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Library of Medicine, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors, National Library of Medicine
Date: October 22, 2026.

Open: 9:00 a.m. to 10:20 a.m.

Agenda: Program Discussion and Investigator Report.

Closed: 10:20 a.m. to 11:05 a.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Open: 11:20 a.m. to 12:05 p.m.

Agenda: Program Discussion and Investigator Report.

Closed: 12:05 p.m. to 12:35 p.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Open: 12:35 p.m. to 1:05 p.m.

Agenda: Break.

Open: 1:05 p.m. to 1:35 p.m.

Agenda: Poster Session.

Open: 1:35 p.m. to 2:20 p.m.

Agenda: Program Discussion and Investigator Report.

Closed: 2:20 p.m. to 2:50 p.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Closed: 2:50 p.m. to 3:50 p.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Open: 4:00 p.m. to 5:00 p.m.

Agenda: Presentation: 2028–2032 NLM Strategic Plan Listening Session.

Address: National Library of Medicine Building 38A 8600 Rockville Pike Bethesda 20892 In Person and Virtual Meeting.

Meeting Format: In Person and Virtual Meeting.

Contact Person: David Landsman, Ph.D., Senior Investigator, National Library of Medicine, National Institutes of Health, 8600 Rockville Pike, Bethesda, MD 20894, 301–435–5981 landsman@nih.gov.

Registration is not required to attend the open portion of this meeting.

Any interested person may file written comments no later than 15 days in advance of the meeting by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Post-Award Reporting Requirements Including Research Performance Progress Report (OD)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide opportunity for public comments on proposed data collection projects, the National Institutes of Health will publish periodic summaries of proposed

projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received by November 17, 2026.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Ms. Mikia P. Currie, Program Analyst, Office of Policy for Extramural Research Administration, 6705 Rockledge Drive, Suite 350, Bethesda, Maryland, 20892 or call non-toll-free number (301) 435-0941 or Email your request, including your address to: ProjectClearanceBranch@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the

methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: Public Health Service (PHS) Post-award Reporting Requirements Revision, OMB 0925-0002, Expiration Date 11/30/2027, Revision, Office of the Director, National Institutes of Health (NIH).

Need and Use of Information Collection: In Fiscal Year 2025, OMB approved through information collections 0925-0001 and 0925-0002, NIH's request to address progress on data management and sharing of NIH-funded research using the Research Performance and Progress Report (RPPR). The DMS Plan format contains six (6) Elements for applicants and recipients to submit free-text narratives explaining how scientific data will be managed and shared for NIH-funded research. Current public reporting burden for the DMS Plan as part of the RPPR information collection is an estimated 2 hours per response, including the time for reviewing instructions, gathering and maintaining the data, and reviewing the collection of information. After several years of implementation experience, NIH is

updating the DMS Plan Elements to provide a structured, simplified format to reduce burden and promote consistent information collection. Effective Fiscal Year 2026, NIH will require applicable recipients to use the updated DMS Plan format when reporting on data management and sharing progress. The updated plan format consists of "Yes, No, or Not Applicable" questions. Narrative text is required only for "No" and "Not Applicable" responses and the narrative response is limited to 300 words. This updated format continues building on trans-NIH initiatives to reduce the public reporting burden and promote consistency across all NIH. The RPPR is required to be used by all NIH, Food and Drug Administration (FDA), Centers for Disease Control and Prevention, and Agency for Healthcare Research and Quality (AHRQ) recipients. Interim progress reports are required to continue support of a PHS grant for each budget year within a competitive segment. Closeout of an award requires a Final Invention Statement (HHS 568) and Final Progress Report. Pre-award reporting requirements are simultaneously consolidated under 0925-0001 and the changes to the collection here are related.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 24,270.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average time per response (in hours)	Total annual burden hour
Reporting				
Data Management and Sharing Plan (Part of RPPR)	15,649	1	1	15,649
Data Management and Sharing Plan (Part of Final RPPR)	8,621	1	1	8,621
Total	24,270	1	1	24,270

The Deputy Director for Extramural Research, Jon Lorsch, having reviewed and approved this document, authorizes Alycia Booth, who is the Federal Register Liaison, to electronically sign this document for purposes of publication in the **Federal Register**.

Dated: September 16, 2026.
Alycia Booth,
Federal Register Liaison, National Institutes of Health.
