

Privacy Act Requests Requests for personal records should be submitted in accordance with the Foundation Privacy Act regulation at 45 CFR, part 613. Such requests should be clearly identified with "PRIVACY ACT REQUEST" and be addressed to the Privacy Act Officer, National Science Foundation, Room 485, Arlington, VA 22230. Phone, 703-306-1243.

Publications The National Science Board assesses the status and health of science and its various disciplines, including such matters as human and material resources, in reports submitted to the President for submission to the Congress. The most recent report is *Science and Engineering Indicators, 1993*.

The National Science Foundation issues brochures that announce and describe new programs, critical dates, and application procedures for competitions. Single copies of these brochures, including *Publications of the National Science Foundation*, can be ordered in a variety of ways: phone, 703-306-1130; fax, 703-644-4278; via Internet: PUBS@NSF.GOV, or by writing to: National Science Foundation, Forms and Publications, Room P15, 4201 Wilson Boulevard, Arlington, VA 22230. These brochures are available electronically on the World Wide Web: NSF Home Page; Internet; Gopher; or the Science and Technology Information System (STIS). For more information about accessing NSF publications electronically, request the flyer *Getting*

NSF Information and Publication, NSF 95-64.

Other Foundation publications include: the *Grant Policy Manual* (NSF 88-47), which contains comprehensive statements of Foundation grant administration policy, procedures, and guidance; *Guide to Programs*, which summarizes information about support programs; the quarterly *Antarctic Journal of the United States* and its annual review issue; and the *NSF Annual Report*. These publications are available from the Superintendent of Documents, Government Printing Office, Washington, DC 20402.

Reading Room A collection of Foundation policy documents and staff instructions, as well as current indexes, are available to the public for inspection and copying during regular business hours, 8:30 a.m. to 5:00 p.m., Monday through Friday, in the National Science Foundation Library, Room 225, Arlington, VA 22230. Phone, 703-306-0658.

Small Business Activities The Office of Small Business Research and Development provides information on opportunities for Foundation support to small businesses with strong research capabilities in science and technology. Phone, 703-306-1391. The Office of Small and Disadvantaged Business Utilization oversees agency compliance with the provisions of the Small Business Act and the Small Business Investment Act of 1958, as amended (15 U.S.C. 631, 661, 683). Phone, 703-306-1391.

For further information, contact the National Science Foundation Information Center, 4201 Wilson Boulevard, Second Floor, Arlington, VA 22230. Phone, 703-306-1234; TDD, 703-306-0189; or send e-mail message to INFO@NSF.GOV.

[For the National Transportation Safety Board statement of organization, see the *Code of Federal Regulations*, Title 49, Part 800]

The National Transportation Safety Board seeks to assure that all types of transportation in the United States are conducted safely. The Board investigates accidents, conducts studies, and makes recommendations to Government agencies, the transportation industry, and others on safety measures and practices.

The National Transportation Safety Board was established in 1967 and made totally independent on April 1, 1975, by the Independent Safety Board Act of 1974 (49 U.S.C. app. 1901).

The Safety Board consists of five members appointed by the President with the advice and consent of the Senate for 5-year terms. The President designates two of these members as Chairman and Vice Chairman of the Board for 2-year terms. The designation of the Chairman is made with the advice and consent of the Senate.

Activities

Accident Investigation The Board is responsible for investigating, determining probable cause, making safety recommendations, and reporting the facts and circumstances of:

—U.S. civil aviation and certain public-use aircraft accidents;

—railroad accidents in which there is a fatality or substantial property damage, or that involve a passenger train;

—pipeline accidents in which there is a fatality, substantial property damage, or significant injury to the environment;

—highway accidents, including railroad grade-crossing accidents that the Board selects in cooperation with the States;

—major marine casualties, and marine accidents involving a public vessel and a nonpublic vessel, in accordance with regulations prescribed jointly by the Board and the U.S. Coast Guard; and

—other transportation accidents that are catastrophic, involve problems of a recurring character, or otherwise should be investigated in the judgment of the Board.

Safety Problem Identification In addition, the Board makes recommendations on matters pertaining to transportation safety and is a catalyst for transportation accident prevention by conducting safety studies and special

investigations, assessing techniques of accident investigation and publishing recommended procedures for these investigations, establishing regulatory requirements for reporting accidents, evaluating the transportation safety consciousness and efficacy of other Government agencies in the prevention of accidents, evaluating the adequacy of safeguards and procedures concerning the transportation of hazardous materials and the performance of other

Government agencies charged with ensuring the safe transportation of such materials, and reporting annually to the Congress on its activities.

Certificate, Civil Penalty, or License Appeal The Board also reviews on appeal the suspension, amendment, modification, revocation, or denial of certain certificates, licenses, or assessments of civil penalties issued by the Secretary or an Administrator of the Department of Transportation.

Regional/Field Offices—National Transportation Safety Board

(R: Regional Director; FC: Field Chief)

Region/Field Office	Address	Officer
