Minority Business Development Agency

[For the Minority Business Development Agency statement of organization, see the *Federal Register* of Mar. 17, 1972, 37 FR 5650, as amended]

The Minority Business Development Agency, formerly the Office of Minority Business Enterprise, was established by the Secretary of Commerce on November 1, 1979, and operates under the authority of Executive Order 11625 of October 13, 1971. The Agency develops and coordinates a national program for minority business enterprise.

The Agency was created to assist minority businesses in achieving effective and equitable participation in the American free enterprise system and in overcoming social and economic disadvantages that have limited their participation in the past. The Agency provides national policies and leadership in forming and strengthening a partnership of business, industry, and

government with the Nation's minority businesses.

Management and technical assistance is provided to minority firms on request, primarily through a network of Minority Business Development Centers funded by the Agency, as well as Minority Enterprise Growth Assistance (MEGA) Centers. Specialized business assistance is available to minority firms or potential entrepreneurs.

The Agency promotes and coordinates the efforts of other Federal agencies in assisting or providing market opportunities for minority business. It coordinates opportunities for minority firms in the private sector. Through such public and private cooperative activities, the Agency promotes the participation of Federal, State, and local governments, and business and industry in directing resources for the development of strong minority businesses.
