

physical examinations. They serve in all 50 States, the District of Columbia, Puerto Rico, and the Virgin Islands.

**Senior Companion Program** The Senior Companion Program engages low-income seniors age 60 and older in service to adults with special needs, with a focus on service to the frail elderly. Eligibility criteria and program benefits for Senior Companions are the same as those provided to Foster Grandparents. Senior Companions provide support, assistance, and companionship to those whom they serve in both in-home and institutional settings. They also provide respite care to caregivers, especially family members of the frail elderly.

**Other Corporation Initiatives** The Corporation's mission to develop and support an ethic of service in America involves initiatives, special demonstration projects, and other activities, in addition to the three major program areas. These include the AmeriCorps Leaders Program (and similar leaders programs in AmeriCorps\*VISTA and AmeriCorps\*NCCC), a disaster response initiative, and short-term summer service initiatives. The Corporation also carries out an extensive training and technical assistance effort to support and assist State Commissions and service programs. Through partnerships with the private sector, other Federal agencies, and the

Points of Light Foundation, the Corporation further advocates and advances service in America. The Corporation provides timely information about grants and financial assistance through notices of funds availability in the *Federal Register*.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

*The Defense Nuclear Facilities Safety Board reviews and evaluates the content and implementation of standards relating to the design, construction, operation, and decommissioning of defense nuclear facilities of the Department of Energy (DOE).*

The Defense Nuclear Facilities Safety Board was established as an independent agency on September 29, 1988, by the Atomic Energy Act of 1954, as amended (42 U.S.C. 2286–2286i).

The Board is composed of five members appointed by the President with the advice and consent of the Senate. Members of the Board are appointed from among United States citizens who are respected experts in the field of nuclear safety.

#### **Activities**

The Defense Nuclear Facilities Safety Board reviews and evaluates the content and implementation of standards for

defense nuclear facilities of DOE; investigates any event or practice at these facilities which may adversely affect public health and safety; and reviews and monitors the design, construction, and operation of facilities. The Board makes recommendations to the Secretary of Energy concerning DOE defense nuclear facilities to ensure adequate protection of public health and safety. In the event that any aspect of operations, practices, or occurrences reviewed by the Board is determined to present an imminent or severe threat to public health and safety, the Board transmits its recommendations directly to the President.
