The Environmental Quality Improvement Act of 1970 (42 U.S.C. 4371 *et seq.*) established the Office of Environmental Quality (OEQ) to provide professional and administrative support for the

Council. The Council and OEQ are collectively referred to as the Council on Environmental Quality, and the CEQ Chair, who is appointed by the President, serves as the Director of OEQ.

The Council develops policies which bring into productive harmony the Nation's social, economic, and environmental priorities, with the goal of improving the quality of Federal

decisionmaking. As required by NEPA, CEQ evaluates, coordinates, and mediates Federal activities; advises and assists the President on both national and international environmental policy matters; and prepares the President's annual environmental quality report to Congress. In addition, it oversees Federal agency and department implementation of NEPA.
