

List of

SIMPLIFIED PRACTICE RECOMMENDATIONS

Letter
Circular
346

Proposed, approved and accepted by industrial groups,
under the auspices of the

BUREAU OF STANDARDS,
U. S. DEPARTMENT OF COMMERCE

Simplified Practice Recommendations present in detail the development of programs to eliminate unnecessary variety in sizes, dimensions, models, and types of more than 135 commodities. They also contain lists of associations and individuals that have expressed their intention to adhere to the recommendations. These simplified schedules, as formulated and approved by industries, are promulgated by the Department of Commerce. The complete history of any recommendation in book form may be obtained from the Superintendent of Documents at the prices shown herein.

However, lists of the simplified sizes, dimensions, and types, arranged in sheet form and especially adapted for the general use and files of foremen, storekeepers, engineers, architects, purchasing agents, and others, can be obtained, free of charge, from the Division of Simplified Practice, upon request.

Please designate the Simplified Practice Recommendation Numbers when sending for either the book form or sheet form of the recommendations.
