## SMITHSONIAN INSTITUTION

The Smithsonian Institution was created by act of Congress in 1846, under the terms of the will of James Smithson, an Englishman, who in 1829 bequeathed his fortune to the United States to found, at Washington, under the name of the "Smithsonian Institution," an establishment for the "increase and diffusion of knowledge among men." The Smithsonian fund has been increased by other bequests and gifts. The Institution is legally an establishment having as its members the President of the United States, the Vice President, the Chief Justice, and the President's Cabinet. It is governed by a board of regents appointed by joint resolution of Congress, all of whom serve without compensation. The Secretary of the Smithsonian Institution is its executive officer and the director of its activities.
