INTRODUCTION

This bibliography represents materials pertaining to the United States Air Force Academy from 1 January 1968 through 31 December 1971. It is published as a second supplement to the original bibliography, issued in 1966, which covered the ten-year period 15 August 1954 to 15 August 1964. It also brings up to date the first supplement to the original bibliography, which covered 15 August 1964 through 31 December 1967.

A few items which pre-date the years covered by this supplement are included. Most Academy-generated materials are not included, and newspapers other than the New York Times, the Christian Science Monitor, and the Times of London are not cited. Reports of specific athletic events in these papers are generally excluded.

Arrangement is by subject, each section then subdivided into Air Force manuals and regulations, books, newspaper and periodical articles, government documents, and other sources. A number has been assigned to each entry, with index terms keyed to that entry by use of the identifying number. Where call numbers or the designation "Spec. Coll." are given, they indicate the location of the materials in the Academy Library.

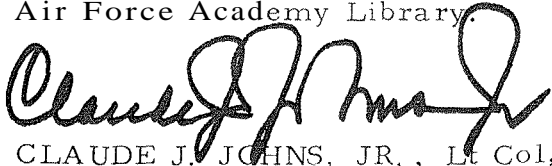

Official Air Force publications current as of 31 December 1971 are listed with the latest date of publication. Annual publications are listed as closed entries with the last publication date preceding 31 December 1971. Items which cover more than one subject division in the bibliography in depth are listed in each division with the appropriate reference number.

Much additional material is housed in the Special Collections Branch of the Library. Among these are papers dating from 1918 which relate to establishing an air academy. These are not included since they have no specific bearing on the Academy as it now exists.

The user's attention is invited to the special index, which indexes item number 9 of this bibliography. This index precedes the general index and is independent of it. It is suggested that both of these indexes be consulted.

The Library solicits any additional references for the period covered which are not included in this bibliography. Such information may be sent to the Director of the Library, U. S. Air Force Academy, Colorado. Requests for the loan of any material or for its use at the Academy may also be sent to the Director.

Compiling and indexing were again done by Oattie K. Sutton, Social Sciences Reference Librarian, Public Services Division of the U. S. Air Force Academy Library.
