PREFACE

This, the twelfth "consolidated index of Congressional documents," prepared in compliance with the requirements of section 62 of the printing law of January 12, 1895, follows in general the eleven issues preceding it.

In it are indexed the documents of the first session of the Fifty-ninth Congress and those of the special session of the Senate held in March, 1905. These documents are bound in 154 volumes and number 11,011, divided as follows: Senate reports 4,429, House reports 5,096, Senate documents 6 of the special session and 537 of the first session, and House documents 943. This volume is the largest yet issued, covering, as it does, 4,243 more documents than any of its predecessors. The reports on private bills and on simple and concurrent resolutions number 623 for the Senate and 722 for the House, and are bound in the 15 lettered volumes. These volumes are furnished only to the Senate and House libraries and the library of the Superintendent of Documents.

The following changes in the schedules of volumes in this and previous indexes should be noted:

An atlas to House document 287 of the Fifty-fifth Congress, third session, Geological Survey Monographs, vol. 32, has been issued. This becomes House document vol. 58, pt. 2, and receives serial number 3800, vol. 2.

House document 551 of the Fifty-sixth Congress, second session, Moore's Digest of international law, which was to have been published in 5 parts, has appeared in eight. It is therefore necessary to correct the schedule for that session so as to show 4 parts to House document vol. 132 and 4 vols. to serial number 4206.

House document 253, pts. 2 and 4, of the Fifty-eighth Congress, second session, Railway operations and regulation, pts. 1 and 3, being Appendix G, pts. 1 and 3, of the 17th annual report of the Interstate Commerce Commission, will probably never be published. Consequently there will be no volume 72 of the House documents of that Congress, and serial number 4698 will be a blank.

Senate report 1242, pt. 2, of the Fifty-ninth Congress, first session, was not printed until February, 1907, and will be bound in volume 1 of the Senate reports of the second session.

House document 944 of the Fifty-ninth Congress, first session, listed in the separate issue of the schedule, will not be printed, as the Document catalogue for the first session will be combined with that for the second session and appear as a document of the second session. Therefore there will be no House document volume 118, and serial number 5058 assigned to it will be given to the Senate journal of the second session.

WILLIAM L. POST,
Superintendent of Documents.
