Explanation

Words and figures enclosed in brackets [] are given for information, but do not appear on the title pages of the publications cataloged. When place and printer are not given, it is to be understood that the publication is printed at the United States Government Printing Office, Washington, D. C. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The date, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays.

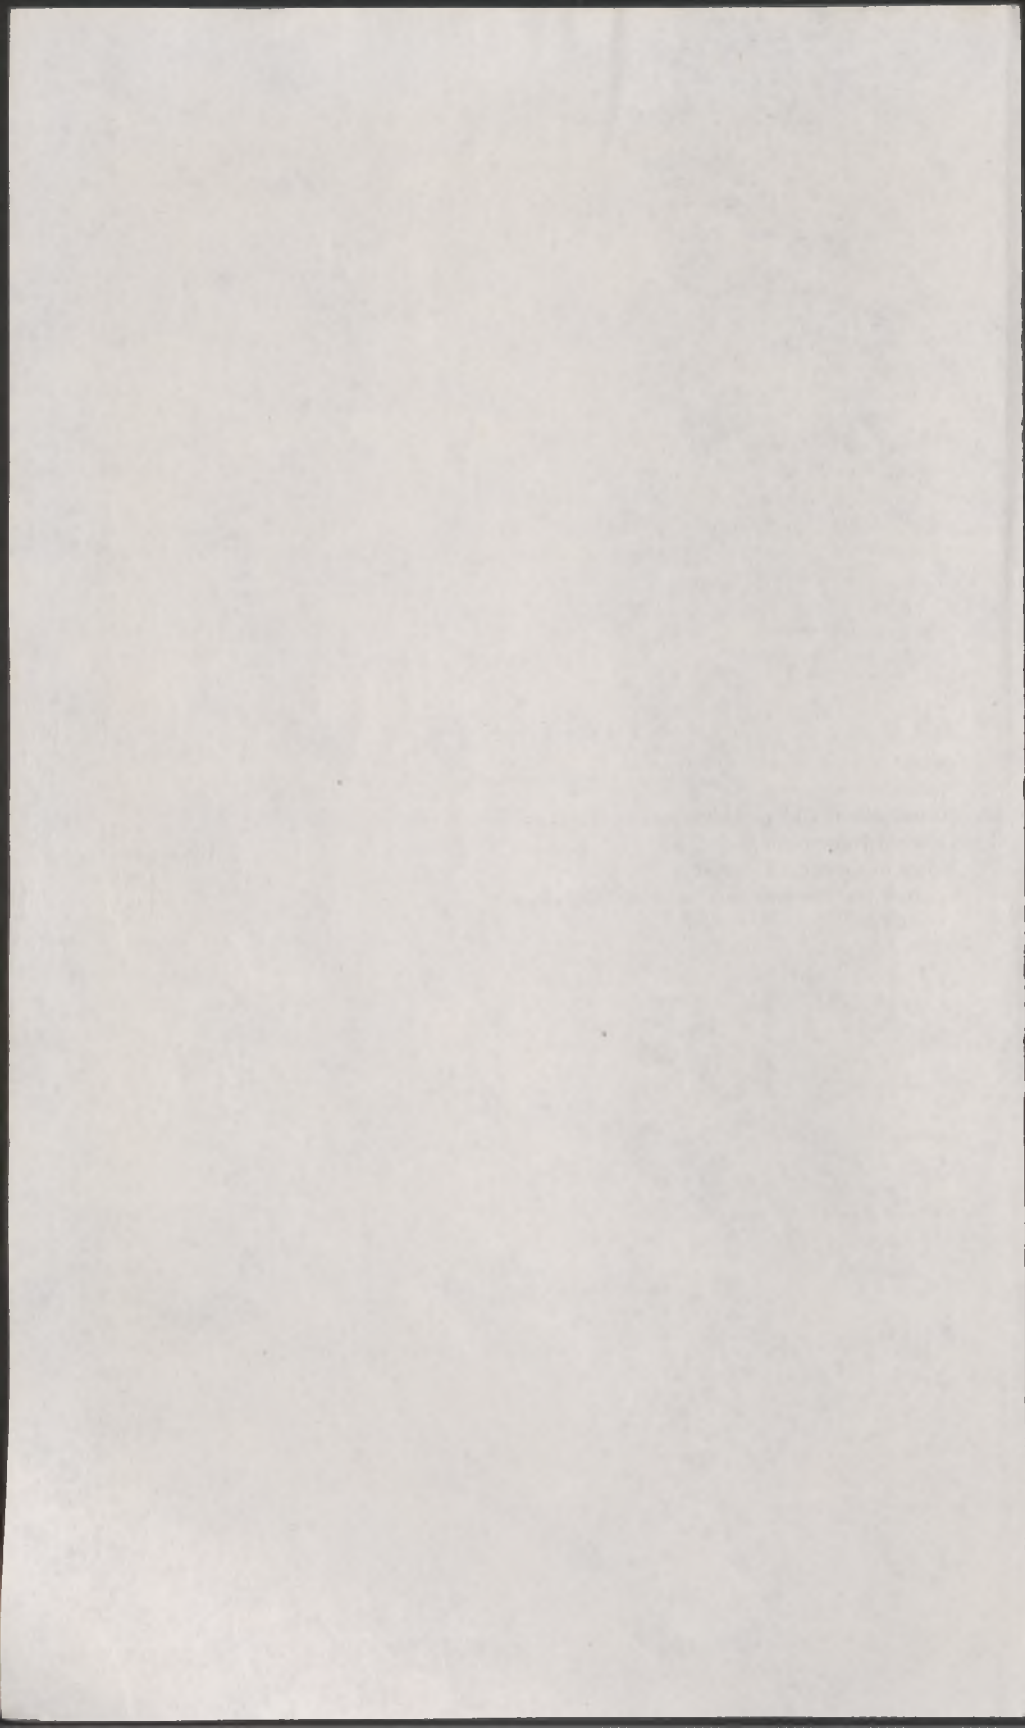

The word "processed" as used in this catalog indicates publications which are reproduced by duplicating processes other than ordinary printing, e. g., mimeograph, multigraph, planograph, rotaprint, multilith.

The L. C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number at the extreme right of an entry indicates the classification of the publication in the Office of the Superintendent of Documents.

GENERAL INFORMATION

The Superintendent of Documents, Washington, D. C., is authorized by law to sell copies of Government publications and to allow a discount of 25 percent to book dealers and quantity purchasers on condition that the purchasers will adhere to the public sales price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter (the 25 percent discount to dealers does not apply to the Congressional record, bound volumes of Federal register, Supreme Court reports, Catalog of copyright entries, Climatological data for United States and all Weather maps, old Naval documents, and Writings of George Washington, which may, however, be sold by dealers at a price in advance of that charged by this Office).

Publications cannot be supplied free to individuals nor forwarded in advance of payment.

The accumulation of publications in this Office amounts to several millions, of which over five million are assorted, forming the sales stock. Many rare books are included, but under the law all must be sold regardless of their age or scarcity. Many of the books have been in stock some time, and are apt to be shopworn. In filling orders the best copy available is sent.

PRICE LISTS

A general price list of public documents is not available, but numerous lists have been prepared on special subjects and any of these will be furnished free, on application, if the person interested will state the subject or subjects concerning which information is desired. It will also be noted that current publications which are for sale are listed in this catalog.

WEEKLY LIST

In addition to the price lists, the Documents Office issues a Weekly list of selected United States Government publications for sale by the Superintendent of Documents. Each list is arranged alphabetically by subjects, with annotations and prices, and may be obtained free upon application to the Superintendent of Documents.

HOW TO ORDER PUBLICATIONS

Publications entered in this catalog that are for sale by the Superintendent of Documents are indicated by a star (*) preceding the price. A dagger (†) indicates that application should be made to the department, bureau, or division issuing the document. A double dagger (‡) indicates that the document is printed for official use. Whenever additional information concerning the method of procuring a document seems necessary, it will be found under the name of the bureau by which it was published.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing department, bureau, or division, and the title, together with the classification number which is added to the entry at the extreme right; order the congressional documents and reports by the title, together with the document or report number and the Congress and session, e. g., H. doc. 72, 76-1.

Do not use the L. C. card number in ordering a publication.

HOW TO REMIT

Remittances for the documents marked with a star (*) should be made to the Superintendent of Documents, U. S. Government Printing Office, Washington,

D. C., by coupons, postal money order, express order, or check. Currency may be sent at sender's risk. Foreign remittances should be made either by international money order or draft on an American bank.

Foreign money, defaced or smooth coins, will not be accepted. Do not send postage stamps.

For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his office in sets of 20 for \$1. Address order to Superintendent of Documents, Government Printing Office, Washington, D. C.

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Puerto Rico, Samoa, or to Canada, Colombia, Cuba, Dominican Republic, Ecuador, Guatemala, Honduras, Mexico, Newfoundland (including Labrador), Panama, or Venezuela. To other countries the regular rate of postage is charged, and remittances must cover such postage. In computing foreign postage, add one-third of the price of the publication.

TO LIBRARIANS

The number given at the extreme right of each entry (except for congressional documents and reports) is the classification number by which the publication is arranged in the Library and in the sales stock of the Office of the Superintendent of Documents. It can be used as a classification number by such libraries as are using, for the departmental publications, the arrangement of public documents advocated in the Check list of United States public documents, 1789-1909. In using this number as a classification number in a library, it should be noted that the shilling mark (/) is used to separate what would ordinarily be a superior or inferior number (the numbers immediately following the line) from the main classification number, it not being practicable to print these numbers as superiors or inferiors in the Monthly catalog.

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are appended to entries for many publications. These are given at the left, with "L. C. card" prefixed. Do not confuse with the Documents Office classification number given at the right. Orders for these cards, remittances in payment for them, and requests for information about them should be addressed to the Card Division, Library of Congress, *not* to the Superintendent of Documents.

MONTHLY CATALOG DISTRIBUTION

The Monthly catalog is sent to public libraries free on application. Subscription price to individuals, \$1.50 a year, including index; foreign subscription \$2.10 a year. Back numbers cannot be supplied. Notify the Superintendent of Documents of any change of address.

INDEX

An Index to the Monthly catalog will be issued at the end of the calendar year. This will contain index entries for all the numbers issued from January to December, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalog at the end of the year should be careful to retain the numbers received monthly, as duplicate copies cannot be supplied.

NOTES OF GENERAL INTEREST

REORGANIZATION

As provided for in the Reorganization Act of 1939, and the President's Reorganization plans nos. 1 and 2, made effective July 1, 1939, by Public resolution 20, 76th Congress, the establishment, abolition, transfer, or consolidation of certain agencies within the Federal Government have taken place. The agencies which have begun functioning under the reorganization have been listed in the Monthly catalogs for July, August, and September, 1939, respectively, under Notes of general interest. Following is a list of the agencies which have issued publications for the first time under their new set-up.

Commodity Credit Corporation (Agriculture Department).
Electric Home and Farm Authority (Federal Loan Agency).
National Resources Planning Board (President of United States).
National Youth Administration (Federal Security Agency).

UNITED STATES GOVERNMENT MANUAL

An authoritative reference book on organization and functions of Federal Departments and Agencies, the United States Government manual contains factual information on the Federal Government. The Manual compiled in the Office of Government Reports covers the creation and organization, functions and activities of all branches of the Government. It includes the permanent Departments, Independent Offices, and temporary and emergency Agencies. The material in the Manual has been approved by the Departments and Agencies themselves, and is accompanied by organization charts and the names and titles of the administrative officials.

Beginning with the October 1939 edition, the Manual will appear in a new form, bound in cloth to replace the former loose-leaf volume. (It will also be obtainable in paper binding.) The October issue will be the first edition of the Manual published since the Government Reorganization became effective July 1, 1939. The changes brought about and complete charts of the Reorganization will be included. The Manual will be published in three editions annually—October, February, and July, the three editions included in the annual subscription price of \$3.50 for cloth and \$2.00 for paper binding.

COMMERCE DEPARTMENT

NOTE.—In its efforts to foster, promote, and develop the foreign and domestic commerce, the manufacturing, shipping, and the transportation facilities of the United States, the Department of Commerce issues many regular and special publications. The free distribution of publications of the department is confined almost entirely to libraries, educational institutions, the press, and commercial organizations. Others may procure them, at prices stated below, from the Superintendent of Documents, Government Printing Office, Washington, D. C., to whom remittances should be sent direct, as his office is not a part of the Department of Commerce. United States Coast and Intra-coastal Waterways pilots, tide tables, current tables, and charts are sold by the Coast and Geodetic Survey, in Washington, D. C.

These data are compiled from both governmental and non-governmental sources. The service gives material which can be used to prepare speeches, articles, etc., to study the problems confronting the community, and provides sources of information on business problems. It is free to any public organization or educational institution equipped to disseminate data to its members, students, or to the public, within certain limitations, prescribed by the Foreign and Domestic Commerce Bureau. Private organizations in the United States can obtain the service on a subscription basis, payable \$10.00 annually, at the Foreign and Domestic Commerce Bureau.

NOTE.—Many of the divisions of the Foreign and Domestic Commerce Bureau issue monthly statistical statements in processed form showing the exports or imports (and in some cases reexports) of various commodities. For convenience the statements issued by a division have been grouped in numerical order under the name of the issuing division. Except for the statements issued under the group number 1700, which contain only summary monthly statistics, the statements show the exports or imports of commodities in complete detail by countries, and in certain instances by customs districts as well. Statistics covering trade in commodities by principal countries no longer appear in the "Monthly summary of foreign commerce of United States," and it is only through subscription to appropriate statistical statements that a record of such trade can be secured. Annual compilations are published in "Commerce and navigation of United States."

The annual domestic subscription price of each statement is based on the number of sheets of information included therein, the minimum price being \$1.00. Where the subscriber resides outside the United States an additional charge—usually \$1.00 per year—is levied. Single copies are to be charged for at the rate of one-tenth of the annual subscription price in every case. Apply to the Foreign and Domestic Commerce Bureau, Washington, D. C., for these statements and for further information concerning them.

Group numbers are assigned for 1939 as follows:

- 1700—Summary foreign trade statistics. (4 statements.)
- 2100—Tobacco and tobacco products; issued by Tobacco Division. (1 statement.)
- 2400—Finance; issued by Finance Division. (2 statements.)

LAWS

NOTE.—The public and private acts and public and private joint resolutions are first published separately, and in this form are known as "slip laws." Heretofore, at the end of each session of Congress they have been published in a paper edition popularly known as Session or Pamphlet laws; subsequently the Session laws for the whole Congress were printed in a permanent bound edition entitled Statutes at large.

Beginning with the 75th Congress in accordance with provisions of S. 3440, 74th Congress (Public 724, approved June 20, 1936), the Session or Pamphlet laws will be discontinued and the Statutes at large heretofore published at the end of a Congress will be issued at the end of each session of Congress.

Each act of Congress in slip form now bears the chapter number of the Statutes at large in which it will appear later, as well as the session of Congress to which it belongs, but this information does not appear in the entries listed below.

TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has on file maps showing all roads used by the rural free delivery mail service. Rural delivery routes are shown in detail on county or local maps which, with a few exceptions, are drawn to the scale of 1:61,500 or 1:63,360 (1 mile to the inch). Maps of more than 1,550 counties in the United States have been prepared by the Post Office Department and blue-line prints, made from the latest available negatives, are sold for 50 cents per copy. Each county map shows in addition to the roads traveled by rural carriers, all post offices within the county at the time the negative was made and all other roads, houses, schools, and churches known at the time the map was originally drawn, together with an outline of the drainage. A list of the county maps on file will be furnished upon application to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery routes emanating from post offices in counties for which county maps have not been drawn are shown on local maps. Blueprint copies of such maps are sold at 25 cents each. Orders for all postal maps should be accompanied by money order and addressed to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery maps should not be confused with the State post route maps which are listed in the Monthly catalog for February 1939, page 250.

SMITHSONIAN INSTITUTION

NOTE.—In a recent price list, the Smithsonian Institution publishes this notice: "Applicants for the publications in this list are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which they are especially interested. These papers are distributed gratis, except where price is given, and should be ordered by the publication numbers, arranged in sequence. The serial publications of the Smithsonian Institution are as follows: 1. Smithsonian contributions to knowledge; 2. Smithsonian miscellaneous collections; 3. Smith-

sonian annual reports. No sets of these are for sale or distribution, as most of the volumes are out of print. Special publications are also issued from time to time. The papers issued in the series of Contributions to knowledge and Miscellaneous collections are not public documents, but are printed in limited editions at the expense of the Smithsonian Fund. They are distributed without charge to public libraries, educational establishments, and learned societies in this country and abroad; and are supplied to other institutions, and to individuals at the prices indicated. Remittances should be made payable to the 'Smithsonian Institution.' A discount of 20 percent is allowed to bookdealers. The Smithsonian report volumes and the papers reprinted in separate form therefrom, are distributed *gratuitously* by the Institution to libraries and individuals throughout the world. Very few of the Report volumes are now available at the Institution, but many of those of which the Smithsonian edition is exhausted can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D. C. The Institution maintains mailing-lists of public libraries and other educational establishments, but no *general mailing-list of individuals*. A library making application to be listed for Smithsonian publications should state the number of volumes which it contains and the date of its establishment, and have the endorsement of a Member of Congress."

Although the annual reports are the only Smithsonian publications that are regularly issued as public documents, the others are usually regarded as such and have free transmission by mail, therefore they are listed in the Monthly catalog.

NATIONAL MUSEUM

NOTE.—The publications of the National Museum comprise an annual report and three scientific series, viz. Proceedings, Bulletins, and Contributions from national herbarium. The editions are distributed to established lists of libraries, scientific institutions, and specialists, any surplus copies being supplied on application. The Proceedings are usually brief technical papers and the Bulletins generally monographs based on the Museum collections in biology (except botany), geology, and anthropology. Contributions from national herbarium are wholly botanical. No sets of any of these series can now be furnished.

The Proceedings are now issued in pamphlet form only. The separate papers will be sent to depository libraries and to others designated to receive them, as issued, and a title page and index will be published for each volume so that the volume may be bound if desired.

STATE DEPARTMENT

NOTE.—All publications of the department (except laws and treaties) have, since Oct. 1, 1929, been numbered consecutively in the order in which they were sent to press. Publications of a similar character are brought within well-defined series, and each series publication bears a series number in addition to its publication number. The diplomatic correspondence of the United States is published in the volumes entitled Foreign relations of the United States. Laws are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are numbered in the order in which they are proclaimed. Treaties are also published in the compilation Treaties and other international acts of the United States of America, which contains literal copies of the documents, followed by notes of a textual and procedural

character. The Department of State Bulletin, published weekly and indexed semi-annually as of the dates of the last issues in June and December, contains the texts of the daily mimeographed press releases, information regarding treaties and other material on the Department's work. The Bulletin contains each quarter a complete list of the Department's publications for the preceding quarter.

The list below frequently includes certain relevant publications issued by other agencies of the Government under requisition of the Department of State and certain relevant congressional documents.

Under the practice of the State Department prior to the inauguration of the Executive agreement series (nos. 154-156 which are listed below) the material would have been published in the Treaty series. Those desiring to maintain a joint file of the Treaty series and the Executive agreement series may insert each number of the Executive agreement series in its appropriate place in the Treaty series, which place will be indicated in each number of the Executive agreement series.

Army regulations.

NOTE.—Army regulations are administrative regulations and are issued in pamphlet form for insertion in loose-leaf binders. The names of such of the more important administrative subjects as may seem appropriate, arranged in proper sequence, are numbered in a single series, and each name so numbered constitutes the title and number of a pamphlet containing certain administrative regulations pertaining thereto. Where more than one pamphlet is required for the administrative regulations pertaining to any such title, additional pamphlets will be issued in a separate sub-series.

MISSISSIPPI RIVER COMMISSION

NOTE.—The publications of the Mississippi River Commission consist of annual reports, annual pamphlets showing daily river stages, annual pamphlets showing daily river discharge, and annual pamphlets showing results of river discharge measurements; also publications of the Waterways Experiment Station operating under the direction of the Mississippi River Commission. The Mississippi River Commission publishes maps and charts of the Mississippi River; navigation maps of the Mississippi River from Cairo, Ill., to the Gulf of Mexico, Louisiana; and wall maps in colors of the lower Mississippi River Valley from the head of the St. Francis Basin near Cape Girardeau, Mo., to the Gulf of Mexico, Louisiana, scale 1:500,000 and 1:250,000. Topographic quadrangle maps in colors, scale 1:62,500 of the alluvial valley of the lower Mississippi River are also published by the Mississippi River Commission; the topographic quadrangle maps comprise over 200 sheets and cover portions of the States of Missouri, Illinois, Kentucky, Arkansas, Tennessee, Mississippi, and Louisiana adjacent to the Mississippi River and tributaries, with an area of almost 51,000 square miles mapped. All are sale publications obtainable only from the Mississippi River Commission, except the annual reports which are issued by the Superintendent of Documents. No discount is allowed. Requests for information as to lists of publications and maps and method of making remittance should be addressed to: The Mississippi River Commission, P. O. Box 80, Vicksburg, Miss.

NORTHERN AND NORTHWESTERN LAKES SURVEY

NOTE.—Charts of the Great Lakes and connecting waters and St. Lawrence River to the international boundary at St. Regis, of Lake of the Woods, of Lake Champlain, and of the natural navigable waters of the New York State canals are prepared and sold by the U. S. Lake Survey Office, 649 Federal Building, Detroit, Mich. Charts may also be purchased at the following U. S. engineer offices: 710 Army Building, New York, N. Y.; 486 Broadway, Albany, N. Y.; 540 Federal Building, Buffalo, N. Y.; and Canal Office, Sault Ste. Marie, Mich. A catalog (with index map), showing localities, scales, prices, and conditions of sale, may be had upon application at any of these offices.

A descriptive bulletin, which supplements the charts and gives detailed information as to harbors, shore lines and shoals, magnetic determinations, and particulars of changing conditions affecting navigation, is issued free to chart purchasers, upon request. The bulletin is revised annually and issued at the opening of navigation (in April), and supplements thereto are published monthly during the navigation season.

Complete sets of charts and publications may be seen at the U. S. engineer offices in Duluth, Minn.; Milwaukee, Wis.; Chicago, Ill., and Cleveland, Ohio, but they are obtainable only at the sales offices above mentioned.

FINANCE DEPARTMENT

Finance circulars. †

NOTE.—Finance circulars contain instructions and information of a relatively permanent character pertaining to the performance of the technical duties of finance and disbursing officers and of property auditors. Though bearing dates, they are grouped according to subject matter. Each group of circulars is designated by a letter, and the circulars in each group are numbered consecutively. Numbered changes are issued separately for each circular as required. Issued with a T-hole punch for binding.
