P R E F A C E

The present issue of the "consolidated index of Congressional documents," authorized by section 62 of the printing law of January 12, 1895, is the sixth of the series, and includes the documents and reports submitted to Congress from December 4, 1899, to June 7, 1900, the period covered by the first, or long, session of the Fifty-sixth Congress. It includes entries for 456 Senate documents, 1,675 Senate reports, 756 House documents, and 2,006 House reports, making a total of 4,893 publications, as compared with 4,174 and 3,598, the totals for the long sessions of the Fifty-fourth and Fifty-fifth Congresses, respectively. The Senate documents will be bound in 48 volumes (counting the two parts of volume 7 as two volumes), the Senate reports in 11, the House documents in 124 (counting the two parts of volume 113 as two volumes), and the House reports in 7, making a total of 190 volumes of the Congressional reserve for the session. This brings the total number of volumes in the sheep set, beginning with the Fifteenth Congress, above 4,000.

When the index for the second session of the Fifty-fifth Congress was printed, it was expected that revised handbooks of Mexico, Brazil, Colombia, and Costa Rica, announced by the Bureau of American Republics as in preparation, would appear as Bulletins 94-97 of the Bureau, and as parts 19-22 of Senate document 178 of that session, and they were accordingly so entered in the index. Owing to changes in the Bureau's methods of publication they will not so appear, and all entries for them in the index should be canceled. Senate document 178 is complete in 18 parts, instead of 22, and volume 30 of Senate documents contains part 18, or Bulletin 93, only. Instead of issuing revised editions of the handbooks of Mexico and Brazil, numbered as Bulletins 94 and 95, the Bureau has since issued a Bulletin 94, with the title, Commercial Mission to South America, which appears as part 4 of House document 175 of the first session of the Fifty-sixth Congress; a work with the title, Mexico, a Geographical Sketch, which bears no bulletin number and is part 3 of House document 181 of the second session of the Fifty-sixth Congress; and United States of Brazil, a Geographical Sketch, which bears no bulletin number and has not yet appeared in a Congressional edition.

When volume 21 of the House documents of the third session of the Fifty-fifth Congress, being that part of the 19th annual report of the Geological Survey relating to forest reserves, came to be bound,

PREFACE

it was found necessary to vary from the published schedule by binding the text and maps separately. The two volumes thus formed are distinguished as volume 21, part 1, and volume 21, part 2, and receive the serial numbers 3763 vol. 1 and 3763 vol. 2.

House document 285 of the third session of the Fifty-fifth Congress, volume 16 of Special Consular Reports, Tariffs of Foreign Countries, has only three parts instead of five, the Bureau of Foreign Commerce having departed from its published intention of issuing Asia, Africa, and Australasia and Polynesia as three separate parts, and combined them in one part. A supplement to volume 16 of Special Consular Reports, containing tariffs of Chile and Nicaragua, has been issued; but it is a document of the Fifty-sixth Congress, second session.

House document 317 of the third session of the Fifty-fifth Congress, entered in the index as the Document Catalogue of the first and second sessions of that Congress, will be enlarged to include the third session also.

The schedule of volumes which appears at the end of this index was printed separately and distributed to designated depositories and State and Territorial libraries in May last. The serial numbers have been arranged in column, and a blank column has been left at the right-hand margin, in which librarians may, if they wish, indicate the date of receipt of the volume. The schedule as printed separately differed from the schedule in the index in that it did not contain volume 47 of Senate documents. This is an atlas of the Philippine Islands, the inclusion of which in the Congressional set with the report of the first Philippine Commission was not reported to this office until after the publication of the schedule. The division of volume 113 of House documents into two parts was also made necessary after the publication of the separate schedule.

Superintendent of Documents.
