## PREFACE

---

The "consolidated index of Congressional documents" for the third session of the Seventy-first Congress herewith presented, is the forty-first in the series prepared in the Office of the Superintendent of Documents in compliance with the requirements of the printing law of January 12, 1895.

The documents included in this index number 2,019, divided as follows: Senate reports, 712 (nos. 1164-1875); House reports, 880 (nos. 2067-2946); Senate documents, 117 (nos. 218-334); House documents, 310 (nos. 519-828). No subject entries could be made for House documents 585-589 and 618-622, which are Geological Survey water-supply papers 656-660 and 676-680, respectively, as no titles have as yet been assigned to these numbers by the Geological Survey.

Serial number 9321 is assigned to the Senate Journal and number 9322 to the House Journal of the third session of the Seventy-first Congress.

The bound set (both *numbered* and *lettered* volumes) of Congressional reports and documents, listed in the Schedule of volumes, p. 237, represents a set which is distributed only to the Senate and House libraries, the Library of Congress, and the Office of the Superintendent of Documents; heretofore the *numbered* volumes were also sent to the international exchanges, but beginning with the first session of the Sixty-ninth Congress the international exchanges take the same binding and distribution of all volumes as the depository libraries. Although this complete bound set is not sent to depository libraries and international exchanges as such, all publications included in the *numbered* volumes thereof are received by them, but in a slightly different form, if selection has been previously made under the provision of continuing legislation which was first authorized by Public Act 171, Sixty-seventh Congress, approved March 29, 1922. The annual and serial publications of the Departments, bureaus, and independent establishments of the Government are sent without the Congressional document numbers on the title-pages and in the binding used by the office issuing them; the other publications are sent bound in volumes corresponding to those listed in the schedule, but without series volume number title-pages. The *lettered* volumes contain only reports on private bills and private joint resolutions and on simple and concurrent resolutions. These volumes are not sent to depository

libraries and international exchanges, as under the provisions of the act of January 20, 1905, only a limited number of such reports can be printed.

For the benefit of those libraries desiring to keep the serial arrangement, the serial numbers will be printed upon strips which will be furnished, on request, to designated depositories and international exchanges for attachment to the bound books.

The publications scheduled to be bound in volumes 16-18 of the Senate documents and in volumes 38-134 of the House documents of this schedule are annual or serial publications which will be sent to depository libraries and international exchanges without Congressional document notation and in the binding used by the issuing office. These publications will not carry serial numbers as listed in the schedule.

The omission of their volume number in the Congressional set from the bound volumes of Congressional documents and reports distributed to depository libraries was authorized, on recommendation of the Public Printer, by a regulation adopted by the Joint Committee on Printing May 21, 1924. The change authorized by this regulation was inaugurated with the binding of the documents and reports of the first session of the Sixty-eighth Congress. On December 10, 1925, the regulation of May 21, 1924, was amended by the Joint Committee on Printing so as to include those volumes sent to the international exchanges, and the change was made with the first session of the Sixty-ninth Congress. The omission of this volume title-page, inaugurated with the Sixty-eighth Congress, makes possible the immediate binding and delivery of all publications large enough to be bound separately.

ALTON P. TISDEL,  
*Superintendent of Documents.*

GOVERNMENT PRINTING OFFICE,  
*Washington, D. C., August 4, 1931.*
