PREFACE

The "consolidated index of Congressional documents" for the first session of the Sixty-ninth Congress and the special session of the Senate, herewith presented, is the thirty-sixth in the series prepared in the Office of the Superintendent of Documents in compliance with the requirements of the printing law of January 12, 1895.

The documents included in this index number 3,438, divided as follows: Senate reports, 1,189 (no. 1 being a report of the special session); House reports, 1,607; Senate documents, 161; House documents, 481. No subject entries could be made for House documents 71-73, which are Geological Survey water-supply papers 577-579, respectively, as no titles have yet been assigned to these numbers by the Geological Survey.

Serial number 8522 is assigned to the Senate Journal and number 8523 to the House Journal of the first session of the Sixty-ninth Congress. No serial number is reserved for the Journal of the special session of the Senate as the proceedings for that session are included in the Senate Journal of the Sixty-eighth Congress, second session, serial number 8386.

The bound set (both *numbered* and *lettered* volumes) of Congressional reports and documents, listed in the Schedule of volumes, p. 373, represents a set which is distributed only to the Senate and House libraries, the Library of Congress, and the Office of the Superintendent of Documents; heretofore the *numbered* volumes were also sent to the international exchanges, but beginning with the first session of the Sixty-ninth Congress the international exchanges take the same binding and distribution of all volumes as the depository libraries. Although this complete bound set is not sent to depository libraries and international exchanges as such, all publications included in the *numbered* volumes thereof are received by them, although in a slightly different form. The annual and serial publications of the Departments, bureaus, and independent establishments of the Government are sent without the Congressional document numbers on the title-pages and in the binding used by the department issuing them; the other publications are sent bound in volumes corresponding to those listed in the schedule, but without series volume number title-pages. The *lettered* volumes contain only reports on private bills and joint resolutions and on simple and concurrent resolutions. These volumes are not sent to depository libraries and international

exchanges, as under the provisions of the act of January 20, 1905 only a limited number of such reports can be printed.

For the benefit of those libraries desiring to keep the serial arrangement, the serial numbers will be printed upon strips which will be furnished, on request, to designated depositories and international exchanges for attachment to the bound books.

The publications scheduled to be bound in volumes 21-23 of the Senate documents and in volumes 21-121 of the House documents of this schedule are annual or serial publications which will be sent to depository libraries and international exchanges without Congressional document notation.

The omission of their volume number in the Congressional set from the bound volumes of Congressional documents and reports distributed to depository libraries was authorized, on recommendation of the Public Printer, by a regulation adopted by the Joint Committee on Printing May 21, 1924. The change authorized by this regulation was inaugurated with the binding of the documents and reports of the first session of the Sixty-eighth Congress. On December 10, 1925, the regulation of May 21, 1924, was amended by the Joint Committee on Printing so as to include those volumes sent to the international exchanges, and the change was made with the first session of the Sixty-ninth Congress. The omission of this volume title-page, inaugurated with the Sixty-eighth Congress, makes possible the immediate binding and delivery of all publications large enough to be bound separately.

ALTON P. TISDEL,

Superintendent of Documents.

GOVERNMENT PRINTING OFFICE,

Washington, D. C., March 18, 1927.

LIST OF ABBREVIATIONS

A. E. F.....	American Expeditionary Forces.	Internat.....	International.

Vol. 114.—No. 246: Ethnology Bureau, 42d report, 1924-25*-----	8675	

^c At the time the Preliminary schedule of volumes was prepared information was received to the effect that House document 449, Labor Statistics Bureau bulletin 423, was to be in the Labor laws of United States series, and it was made Vol. 90 in the set of House documents. Later the publication was assigned to the Workmen's insurance and compensation series. This necessitated changing the volume number of this bulletin from Vol. 90 to Vol. 96, pt. 2. Therefore volume 90, with serial number 8651, in the series of House documents will remain blank.

^d Vol. 1 of these reports, Commissioners, was not printed as a Congressional document.
