†Distribution by office issuing document, free if unaccompanied by a price.

‡Printed for official use.

NOTE.—Nearly all of the departments of the Government make a limited free distribution of their publications. When an entry shows a * price, it is possible that upon application to the issuing office a copy may be obtained without charge.

Explanation

Words and figures inclosed in brackets [] are given for information, but do not appear on the title-pages of the publications catalogued. When place and printer are not given, it is to be understood that the publication is printed at the United States Government Printing Office, Washington, D. C. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The date, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays.

The L. C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number at the extreme right of an entry indicates the classification of the publication in the Office of the Superintendent of Documents.

Progress maps

NOTE.—These maps show the status of improvement of the Federal-aid system in each State, regardless of whether the construction has been done with the aid of the Federal Government, by the States, by the counties, or by the townships. A system of symbols indicates the type of improvement of all the roads and whether the work was done with or without the assistance of the Federal Government. Sheets are of uniform size, some States requiring 2 or more, and are so issued that they may be punched and put in a loose-leaf atlas. The maps are called progress maps, and the series will be issued periodically to show any change in improvement of the highways.

COMMERCE DEPARTMENT

NOTE.—In its efforts to foster, promote, and develop the foreign and domestic commerce, the mining, manufacturing, shipping, and fishery industries, and the transportation facilities of the United States, the Department of Commerce issues many regular and special publications. The free distribution of many of the publications of the Department is confined almost entirely to Government officers, libraries, educational institutions, the press, and commercial organizations. Others may procure them, at prices stated below, from the Superintendent of Documents, Government Printing Office, Washington, D. C., to whom remittances should be sent direct, as his office is not a part of the Department of Commerce. Coast pilots, inside route pilots, tide tables, current tables, and charts are sold by the Coast and Geodetic Survey.

COAST AND GEODETIC SURVEY

NOTE.—The monthly Notice to mariners, formerly issued by the Coast and Geodetic Survey, has been consolidated with and made a part of the Notice to mariners issued by the Lighthouses Bureau, thus making it a joint publication. The charts, coast pilots, inside route pilots, tide tables, and current tables of the Coast and Geodetic Survey are sold at the office of the Survey in Washington, and also by one or more sales agents in each of the important American seaports.

GEOLOGICAL SURVEY

NOTE.—The publications of the United States Geological Survey consist of Annual reports, Monographs, Professional papers, Bulletins, Water-supply papers, topographic maps (some of which bear descriptive texts), base and contour and other maps of the United States and of the States, folios of the Geologic atlas of the United States, and the World atlas of commercial geology (nt. 1, out of print). Practically all of them are sale publications: the exceptions are indicated by the dagger (†). The maps and folios and the World atlas of commercial geology, pt. 2, are sold by the Geological Survey at Washington, D. C. A discount of 40 per cent is allowed on any order for maps or folios that amounts to \$5.00 at the retail price. This discount applies to an order for either maps or folios alone or for maps and folios together. Remittance for these publications should be made by money order payable to the Director of the Geological Survey, Washington, D. C. Orders for other publications that are for sale should be sent to the Superintendent of Documents, Washington, D. C. For topographic maps see p. 1126-1127.

Topographic maps

NOTE.—The Geological Survey is making a series of topographic maps that will eventually cover the whole United States, also Alaska and Hawaii. The individual maps are projected to represent quadrangle areas rather than political divisions, and each map is designated by the name of some prominent town or natural feature in the area mapped. The scales most commonly used are 1:31,680, 1:62,500, and 1:125,000, corresponding, approximately, to $\frac{1}{4}$ mile, 1 mile, and 2 miles to 1 inch. The area covered differs with the latitude, but the average area is 58, 230, or 920 square miles, respectively, for these three scales. Topographic maps are printed on uniform-sized paper, about 20 by 16 $\frac{1}{4}$ inches, and the maps of the quadrangle areas represented thereon are about 17 $\frac{1}{4}$ inches long and 12 to 15 inches wide, according to latitude. For some areas of particular importance special large-scale maps are published. A general description of topographic maps and a list of the symbols used are printed on the reverse of each sheet.

More than two-fifths of the area of the country, excluding Alaska, has been mapped, every State being represented. Connecticut, Delaware, the District of Columbia, Maryland, Massachusetts, New Jersey, New York, Ohio, Rhode Island, and West Virginia are completely mapped. Maps of the regular size are sold by the Geological Survey at 10c. each, but a discount of 40 per cent is allowed on any order which amounts to \$5.00 at the retail price. The discount is allowed on an order for either maps or folios alone, or for maps and folios together.

I 27.5: 932/6

NOTE.—The *Reclamation era* is a magazine for the farmers and the personnel of the bureau. Its aim is to assist the settlers in the proper use of water, to help them in overcoming their agricultural difficulties, to instruct them in diversifying and marketing their crops, to inspire the employees of the bureau and chronicle engineering problems and achievements, and to promote a wholehearted spirit of cooperation, so that reclamation shall attain the greatest heights of success. The subscription price of the *Reclamation era* is 75c. a year, foreign subscription, \$1.00, payable in advance. Subscriptions should be sent to the Commissioner, Bureau of Reclamation, Washington, D. C., and remittance in the form of postal money order or New York draft should be made payable to the Bureau of Reclamation. Postage stamps are not acceptable in payment of subscription.

NOTE.—The Monthly labor review is the medium through which the Bureau publishes its regular monthly reports on such subjects as prices, wages, industrial disputes, and employment conditions, as also the results of original investigation too brief for bulletin purposes, notices of labor legislation by the States or by Congress, and Federal court decisions affecting labor, which from their importance should be given attention before they could ordinarily appear in the bulletins devoted to these subjects. One free subscription will be given to all labor departments and bureaus, workmen's compensation commissions, and other offices connected with the administration of labor laws and to organizations exchanging publications with the Bureau of Labor Statistics. Others desiring copies may obtain them from the Superintendent of Documents, Washington, D. C., at the prices stated above.

TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has prepared rural-delivery maps of counties in which rural delivery is completely established. They are published in two forms, one giving simply the rural free delivery routes starting from a single given post office, and sold at 75 cents each; the other, the rural free delivery routes in an entire county, sold at 50 cents each. A uniform scale of 1 inch to 1 mile is used. The rural-delivery county maps are printed from the latest negatives. It is impracticable for the Department to keep maps corrected to date at all times. Editions are not issued, but blue print copies are produced in response to special calls addressed to the Disbursing Clerk, Post Office Department, Washington, D. C. These maps should not be confused with the post route maps, for which see Monthly catalogue for February, 1932, page 651.

NATIONAL MUSEUM

NOTE.—The publications of the National Museum comprise an annual report and three scientific series, viz., Proceedings, Bulletins, and Contributions from national herbarium. The editions are distributed to established lists of libraries, scientific institutions, and specialists, any surplus copies being supplied on application. The Proceedings are usually brief technical papers and the Bulletins generally monographs based on the Museum collections in biology, geology, and anthropology. No sets of any of these series can now be furnished.

Beginning with v. 66, the binding of volumes of Proceedings in either paper or cloth was discontinued. The separate papers will be sent to depository libraries and to others designated to receive them, as issued, and a title-page and index will be published for each volume so that the volume may be bound if desired.

STATE DEPARTMENT

NOTE.—With the publication of the first number of the printed Press releases on Oct. 5, 1929, the Department of State inaugurated a new publication program. The daily mimeographed releases are made available to the public weekly in printed form; also, all publications (except laws, Executive orders, proclamations, and treaties) are numbered consecutively in the order in which they are sent to press. Publications of a similar character are brought within well-defined series, and each series publication bears a series number in addition to its publication number. Laws, Executive orders, and proclamations are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are numbered in the order in which they are proclaimed. Indexes to the Press releases are supplied semiannually, as of December 31 and June 30. The Department of State includes in the Press release series, each quarter, a complete list of its publications for the preceding quarter.

The list below frequently includes certain relevant publications issued by other agencies of the Government under requisition of the Department of State and certain relevant Congressional documents.

NORTHERN AND NORTHWESTERN LAKES SURVEY

NOTE.—Charts of the Great Lakes and connecting waters and St. Lawrence River to the international boundary at St. Regis, of Lake Champlain, and of the New York State canals are prepared and sold by the U. S. Lake Survey Office, Old Customhouse, Detroit, Mich. Charts may also be purchased at the following U. S. engineer offices: 710 Army Building, New York, N. Y.; 486 Broadway, Albany, N. Y.; 540 Federal Building, Buffalo, N. Y.; and Canal Office, Sault Ste. Marie, Mich. A catalogue (with index map), showing localities, scales, prices, and conditions of sale, may be had upon application at any of these offices.

A descriptive bulletin, which supplements the charts and gives detailed information as to harbors, shore lines and shoals, magnetic determinations, and particulars of changing conditions affecting navigation, is issued free to chart purchasers, upon request. The bulletin is revised annually and issued at the opening of navigation (in April), and supplements thereto are published monthly during the navigation season.

Complete sets of charts and publications may be seen at the U. S. engineer offices in Duluth, Minn.; Milwaukee, Wis.; Chicago, Ill.; Grand Rapids, Mich.; Cleveland, Ohio, and Oswego, N. Y., but they are obtainable only at the sales offices above mentioned.
