NOTE.—Documents for sale by this office will be indicated by a star (*) preceding the price named. Words and figures inclosed in brackets [] are given for information, but do not appear on the title-pages of the publications catalogued. When size is not given, octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The dates, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays. When Congress and session are not given with the numbers of Senate and House documents and reports, 55th Congress, 3d session, is to be understood.

General Information

With Reference to the Distribution of Documents

CATALOGUE DISTRIBUTION

Hereafter the monthly catalogue published by this office will be sent to Congress, heads of Departments, bureaus, institutions, school, public, and college libraries only; but the names of individuals now on the list will be continued until it is necessary to drop them.

This announcement is made necessary because of the impossibility of supplying the catalogue regularly to any considerable number of persons, on account of the small edition which Congress has authorized to be printed.

Price-lists of Government publications available for sale by this office will be published from time to time for general distribution to all who may apply.

NO FREE DISTRIBUTION TO INDIVIDUALS

The Superintendent of Documents is not authorized to supply documents free to individuals, except publications specifically authorized by Congress to be distributed to persons designated by Senators, Representatives, or Delegates. The only documents of that character now being distributed are the compilation entitled "Messages and Papers of the Presidents, 1787 to 1897," by Richardson, and the Official Register, or "Blue Book."

FREE TO LIBRARIES

He is authorized to distribute to three classes of libraries, to be designated to him by Senators, Representatives, and Delegates in Congress.

SALES

The Superintendent of Documents is authorized to sell at cost any public document in his charge the distribution of which is not otherwise provided for. Only one copy is permitted to be sold to the same person, excepting libraries or schools and Members of Congress.

PRICES

Documents for sale by this office will be indicated by a (*) preceding the price named. The absence of a (*) indicates that application should be made to the Department, bureau, or division issuing the document.

HOW TO REMIT

Remittances may be made to the Superintendent of Documents by postal money order, express money order, draft, or check. In case of remittance by check the documents ordered will not be sent until after the check has been collected. Any charge for collection will be deducted from the face of the check and documents sent for the remainder. *Stamps or foreign currency will not be accepted in any case.*

Remittances to the Public Printer should be made by postal money order, express money order, or draft on New York. Remittances to the Geological Survey should be made by money order. The Record and Pension Office will receive currency as well as postal money orders if the exact amount be sent.

The Hydrographic Office sells for 50c its "Catalogue of Charts, Plans, Sailing Directions, and other Publications." Other Government offices which have books, pamphlets, maps, or charts for sale issue price-lists, which will be sent free to all applicants. The prices charged are never more than cost and 10 per cent added, and frequently much less than that.

All public documents, from whatever Department or bureau they may be bought or procured, will be forwarded free of postage to all points in the United States, Canada, and Mexico. To other countries regular rates of postage are charged, and remittances must be made to include such postage.

WHERE DOCUMENTS MAY BE OBTAINED

General directions as to where documents may be procured are given in the body of the catalogue.

LAWS OF THE UNITED STATES

By act of Congress the sale of the Revised Statutes, Statutes at Large, and pamphlet laws has been transferred from the State Department to the Superintendent of Documents. The following are the prices at which the Statutes at Large and the pamphlet laws of the 55th Congress are sold. Prices will be furnished on application for Revised Statutes, Statutes at Large, and pamphlet laws prior to the 55th Congress:

Laws of 1st session, 55th Congress, 1897, pamphlet	.35
Laws of 2d session, 55th Congress, 1897-98, pamphlet	.95
