

## IDIS for CDBG Entitlements: Activity Processing

U.S. Department of Housing and Urban Development

# PREFACE

---

## Purpose

This manual explains how to set up, fund, draw funds, and report accomplishments for CDBG activities in IDIS.

## Contents

Chapter 1 is a brief overview of major IDIS functions. It provides a context for the setup and completion of CDBG-funded activities.

The next two chapters explain how to set up a CDBG activity. Chapter 2 covers the first four setup screens for all IDIS activities (the “Common Path”) and Chapter 3 addresses the CDBG-specific setup screens.

Chapter 4 describes the activity funding process.

Chapter 5 explains how to draw down funds.

Chapter 6 shows how to access an activity for update.

Chapter 7 describes the processes of CDBG accomplishment reporting and activity completion.

Chapters 8 through 12 give detailed instructions on reporting accomplishments and performance measurement indicators for CDBG area benefit (LMA), limited clientele benefit (LMC), low/mod housing benefit (LMH), low/mod job creation and retention (LMJ), slum/blight (SBA, SBR, SBS), and urgent need (URG) activities.

Chapter 13 explains how to generate and download IDIS reports.

Supporting material is provided in the appendices.

## Intended Audience

This manual is intended for people who are already familiar with CDBG entitlement rules and regulations. It is not a regulatory or policy training guide, and assumes that users have acquired that knowledge from other training and/or experience.

## AN OVERVIEW OF IDIS

---

The Integrated Disbursement and Information System (IDIS) is the management information system used by the four CPD formula programs: CDBG, ESG (Emergency Shelter Grants), HOME, and HOPWA (Housing for Persons with AIDS).

As its name suggests, IDIS serves two major purposes. Grantees use the system to track and draw down CPD funds and program income (the disbursement side of IDIS) and to record the results of CPD-funded activities (the information side).

HUD uses the data grantees provide in IDIS to report on the performance of the CPD formula programs to Congress and other program stakeholders.

### IDIS COMPONENTS

The basic components of IDIS are:

- Grants, Subfunds, and Subgrants
- Consolidated Plan/Annual Action Plan
- Projects
- Activity Setup
- Activity Funding
- Drawdowns
- Accomplishment Reporting
- Reports
- Security and Data Access

Each is described below.

### Grants, Subfunds, and Subgrants

Entitlement grantees receive a formula grant on an annual basis from the CDBG program. Information about each CDBG grant is sent to IDIS from LOCCS (Line of Credit Control System), including a grant number, an amount, and an obligation date. The grant number identifies the grantee. The amount is the current amount of the grant and is affected by formula allocation, reallocations, and deobligations. The obligation date is used to track the timeliness of grant expenditures.

Subfunds and subgrants are IDIS features not widely used by CDBG grantees. Subfunding allow grantees to earmark and track grant funds by *specific use*—e.g., administration and subgrants. Subgranting allows grantees to earmark and track grant funds by *specific organization*—e.g., any organization receiving CDBG entitlement funds to carry out an activity.

### Consolidated Plan and Action Plan

Each year, a CPD formula grantee creates either a Consolidated Plan or an Action Plan (the section of the Consolidated Plan that is updated and submitted to HUD annually). In the Plan, the grantee identifies community needs, resources, and priorities, and describes the projects to be undertaken with CDBG, HOME, ESG, and/or HOPWA funds in the upcoming year.

## **Projects**

As stated above, the Action Plan includes a list of projects that the grantee proposes to carry out with CPD funds. These projects are high-level descriptions of what the grantee intends to accomplish over the next year. Information about each project, such as name, description, estimated budget, and expected accomplishments, is either uploaded into IDIS or input directly into the system by the grantee. Projects also serve as the chief mechanism for organizing and tracking related activities in IDIS.

## **Activity Setup**

Each activity in IDIS is set up under one of the projects in an Action Plan. It is at the activity level that grantees supply HUD with details about the work they will carry out to meet project goals. Information entered at setup includes the activity name, location, estimated cost, proposed accomplishments, and program-specific data.

## **Activity Funding**

An activity must be funded before draws can be made for the activity. CDBG funds can be committed to an activity only if all required CDBG setup information has been entered.

A single activity may be funded by multiple CPD programs, provided the setup data required by each of the funding programs has been entered.

## **Drawdowns**

Drawdowns may be made for an activity after it has been funded. The total amount drawn down cannot exceed the funded amount.

## **Accomplishment Reporting and Activity Completion**

Proposed accomplishments for a CDBG activity are reported at activity setup. Actual accomplishments are provided for each program year the activity is underway. Upon completion of an activity, its status is updated to "complete." IDIS permits the update only after performing several edits to ensure that all required data has been entered. Before marking the activity as complete, IDIS releases all undrawn funds that were committed to the activity, and sets both the activity estimated amount and the funded amount equal to the amount disbursed.

## **Reports**

IDIS offers numerous reports to grantees, including program year, activity, and financial reports. Some of them, such as the Grantee Performance Report (PR03), Summary of Accomplishments (PR23), and Performance Measures Report (PR83), are specific to CDBG.

## **Security**

IDIS enforces two types of security. The first type controls the IDIS functions that a user may perform. Some of the IDIS functions controlled by user ID are set up activity, revise activity, create drawdown, approve drawdown, and run reports. The second type of security controls a user's access to IDIS data by grantee and by CPD program. A user might, for example, have access to his/her organization's data for all CPD programs in IDIS (currently CDBG, ESG, HOME, and HOPWA), or be limited to accessing CDBG data only. Additionally, a user may be given access to the data for more than one grantee. That user's security profile can be different for each grantee.

## SCREEN NAVIGATION

The keyboard commands used to navigate a mainframe system like IDIS are very different from those used for PC and Internet applications. Navigation keys used on the IDIS screens are reviewed below.

### Moving the Cursor

The input fields on IDIS screens are displayed in green. Fields colored blue—and all other areas of the screen—are protected from input. To move the cursor from one input field to another and automatically skip over the protected areas, use the following keys:

Key	Function
<Tab>	Moves the cursor forward to the next input field. If the data you enter completely fills a field, the cursor automatically moves to the next input field.
<Shift + Tab>	Moves the cursor back to the previous input field.
<Space bar>	Deletes input data one character at a time.
<End>	Within a field, deletes input from where the cursor is positioned to the end of the field.
<Home>	Moves the cursor to the first input field on the screen.

Do not use the <Enter> key to move from field to field; IDIS interprets <Enter> as a request to communicate information to the mainframe.

### The <Enter> Key

Pressing <Enter> first validates your input. If no errors are found, it then saves the data and displays the next screen. Otherwise, the current screen is redisplayed with the first field in error highlighted in red. All errors must be corrected before you can proceed to the next screen.

## Function Keys

At the bottom of each screen is a row showing the function keys in effect on that screen. The most frequently used function keys are described below; others are discussed in the context of the screens where they are used.

Key	Function
F1 = HELP	Displays a help screen (if one is available) for the field in which the cursor is positioned.
F3 = VALDT	Validates your input and redisplay the current screen. Fields containing errors and required fields that have been left blank are highlighted in red, and must be corrected before you can proceed to the next screen.
F4 = MAIN MENU	Displays the IDIS Main Menu without saving data input on the current screen. <i>Caution!</i> If you press <F4> without pressing <F9>, any data you have entered on the current screen will be lost.
F5 = PROJ INFO	Displays the Project Information screen for the current project.
F7 = PREV	Displays the previous screen without saving data input on the current screen. <i>Caution!</i> If you press <F7> without pressing <F9>, any data you have entered on the current screen will be lost.
F8 = NEXT	Displays the next screen without saving data input on the current screen. <i>Caution!</i> If you press <F8> without pressing <F9>, any data you have entered on the current screen will be lost.
F9 = SAVE	Validates your input, saves the data, and redisplay the current screen.
F17 = UP	Scrolls up (back) through data that cannot all be displayed on one screen. On most keyboards, <Shift + F5> is equivalent to <F17>.
F18 = DOWN	Scrolls down (forward) through data that cannot all be displayed on one screen. On most keyboards, <Shift + F6> is equivalent to <F18>.

## Chapter 2

# THE COMMON PATH FOR CDBG ACTIVITIES

---

The Common Path consists of four screens that must be completed for every IDIS activity. They are the first screens displayed when you set up a new activity or update an existing one. Each of the four CPD programs has its own requirements for these screens. This chapter provides guidance on how to complete them for CDBG-funded activities.

### SETUP ACTIVITY (C04MA01)

When you choose Main Menu option **A**, Set Up Activity, and press <Enter>, the first of four Common Path screens is displayed:

11/05/07	10:17	SETUP ACTIVITY	C04MA01
CURRENT OWNER: BURLINGTON			
CPS PROJECT NUMBER: _____		PROGRAM YEAR: _____	
PROJECT TITLE: _____			
GRANTEE ACTIVITY NBR: _____		HUD ACTIVITY NBR: _____	
ACTIVITY NAME: _____			
ADDRESS/LOCATION: _____			
LOCALITY: _____ STATE: ____ ZIP: _____ - _____			
DESCRIPTION: _____			
F1 = OWNER HELP F2 = PROJ HELP F3 = VALDT F4 = MAIN MENU			
F5 = PROJ INFO F8 = NEXT F9 = SAVE			

Note the CPS PROJECT NUMBER and PROGRAM YEAR fields at the top of the screen. Every activity in IDIS must be set up under a project that has either been uploaded or manually input into IDIS. For instructions on entering and updating projects, see Appendix K.

Field	Description
CURRENT OWNER	If the name of the entitlement grantee who “owns” the Action Plan project that the activity will be set up under is not shown in this field, press <F1> to display the Activity Owner List screen. Select the correct grantee and press <Enter> to return to the MA01 screen.
CPS PROJECT NUMBER and PROGRAM YEAR	Enter the project number and program year if you know them. Otherwise, with the cursor in the CPS PROJECT NUMBER field, press <F2> to display and select from a list of your projects by program year.
PROJECT TITLE	This is a protected field. The name of the project you have selected is not displayed until you validate or save your data.

Field	Description
GRANTEE ACTIVITY NBR	This field is optional. If you wish to assign your own identifier to an activity, enter it here.
HUD ACTIVITY NBR	This is a protected field. After you save your input, IDIS generates a number that uniquely identifies the activity and displays it in this field.  Because knowing the HUD ACTIVITY NUMBER is the easiest way to navigate IDIS, many grantees keep a log of IDIS activity IDs. The PR02 and PR08 reports are also helpful in identifying activity IDs.
ACTIVITY NAME	This is a required field. Enter a name for the activity, following the naming conventions your organization has established.  For the sake of privacy, do not use the names of assisted persons or households as the ACTIVITY NAME.
ADDRESS/LOCATION, LOCALITY, STATE, ZIP	For all but administrative activities, specify the activity's physical location in the Address/Location field. Do not use P.O. boxes.  For administrative activities, enter the address of the organization administering the activity.  A full address is required before CDBG funds can be committed to the activity.
DESCRIPTION	Enter a brief description of the activity that includes how the CDBG funds will be used and who will benefit.  This field is required before the activity can be funded.

When you are finished, press <Enter> to save your data and display the next screen.

## Common Mistakes

### ACTIVITY NAME

Because this field appears on numerous IDIS reports, do not include any personal information (such as beneficiary name) as part of the ACTIVITY NAME. This error is especially common in the names of housing rehab activities.

### ADDRESS/LOCATION, LOCALITY, STATE, ZIP

Except for administrative activities, do not enter the address of the organization administering the activity. Provide the address of where the activity is being carried out (no P.O. boxes).

## Additional Function Keys

These additional function keys are available on the MA01 screen:

Key	Function
F1 = OWNER HELP	Used only by subgrantees, Field Office representatives, and Headquarters staff to display the Activity Owner selection screen.
F2 = PROJ HELP	Lists the projects belonging to the grantee displayed in the CURRENT OWNER field.

## PROCESS ACTIVITY (C04MA03)

On this screen, you will enter information about the purpose of the activity:

11/05/07	10:18	PROCESS ACTIVITY	C04MA03
PROJECT TITLE: RENTAL REHABILITATION			
GRANTEE ACTIVITY NBR: CDBG07-163		HUD ACTIVITY NBR: 000000005452

HUD MATRIX CODE: ____			
IS THE PURPOSE OF THIS ACTIVITY TO:			
HELP PREVENT HOMELESSNESS? (Y/N): N			
HELP THE HOMELESS? (Y/N): N

Field	Description
PROJECT TITLE GRANTEE ACTIVITY NBR HUD ACTIVITY NBR ACTIVITY NAME	These read-only fields identify the activity you are processing. They are populated with information from the previous screen.
HUD MATRIX CODE	<p>This required field is one of the most critical data items you will enter when setting up a CDBG activity.</p> <p>The matrix code, along with the national objective you will specify for the activity, identify the purpose and eligibility of the assistance being provided. Together, they determine the type of accomplishments that you will report.</p> <p>For the accomplishment data you report in IDIS to be accurate and useful, it is <u>very important</u> that you assign the most appropriate and most specific matrix code to each activity. Information to assist you in making the correct selection is provided in:</p> <ul style="list-style-type: none"> <li>Appendix A – definitions of CDBG matrix codes</li> <li>Appendix B – definitions of CDBG national objectives</li> <li>Appendix C – valid matrix code/national objective/accomplishment type combinations</li> <li>the “Common Mistakes” section at the end of this table</li> </ul> <p>If you are still unsure about which matrix code to assign to an activity after reviewing this material, your CPD Field Office representative can help you.</p>

Field	Description
	<p>The HUD MATRIX CODE is initially populated with the code that was assigned to the project you chose on the previous screen. If it is not the most appropriate code for the activity, change it here.</p> <p>Example: Suppose you are setting up an activity that will provide legal aid to LMI persons. The matrix code of the project the activity is being set up under is 05, the code for general public services, and is displayed in the HUD MATRIX CODE field. You should change the code from 05 to 05C, Legal Services.</p> <p>To display a list of matrix codes and names, position the cursor in this field and press &lt;F1&gt;. Page forward through the screens with &lt;F18&gt; (Shift + F6); page back with &lt;F17&gt; (Shift + F5). Tab to the code you want to select and type <b>X</b>. Press &lt;Enter&gt; to redisplay the MA03 screen.</p>
<p>IS THE PURPOSE OF THIS ACTIVITY TO:</p> <p>HELP PREVENT HOMELESSNESS?</p> <p>HELP THE HOMELESS?</p> <p>HELP THOSE WITH HIV/AIDS?</p> <p>PRIMARILY HELP PERSONS WITH DISABILITIES?</p>	<p>As with the HUD MATRIX CODE, these fields may already be populated with project-level data. Change any of the answers that are not correct for this activity.</p> <p>Enter <b>Y</b> or <b>N</b> in each field, as appropriate.</p> <p><i>Note: Some grantees answer no to these questions when the answer ought to be yes, just to avoid having to input performance measurement information. ## Common Mistakes

### HUD MATRIX CODE

Follow these guidelines to avoid the most common mistakes made in assigning matrix codes:

- 03 - Public Facilities and Improvements (Other)  
05 - Public Services (Other)  

Do not use these codes unless an activity does not fall under a more specific 03\* or 05\* code. Misuse of these two codes is so widespread, and its effects on reports to Congress and other program stakeholders so detrimental, that HUD Headquarters may contact you about activities that have been assigned a matrix code of 03 or 05.
- 05R - Homeownership Assistance (not direct)  
13 - Homeownership Assistance (direct)  

Do not use either of these codes for activities that provide housing counseling only. Use code 05U, Housing Counseling, instead.

Housing counseling that is provided as part of a 05R or 13 activity is an allowable expense for that activity. For a 05R activity, you will report the number of households that received downpayment assistance and, of those, the number that received housing counseling. For a 13 activity, you will report the number of households receiving direct financial assistance and, of those, the number receiving housing counseling.
- 14H - Rehab Administration  

Do not use this code for costs that are unrelated to running a rehab program, such as tenant/landlord counseling, planning and development of a research study on foreclosure, etc. Assign 14H only for delivery costs associated with actual rehabilitation activities.
- 18A - Economic Development: Direct Financial Assistance to For-Profits  
18C - Economic Development: Micro-Enterprise Assistance  

Set up a separate activity for each business receiving direct economic development assistance under 18A or 18C. If more than one business is reported in a single activity, HUD cannot determine if each business has met a national objective.

See 570.208(a)(4)(vi) for the rare exceptions to this rule.

## SETUP ACTIVITY (C04MA04)

This screen serves two purposes. The top third displays the current status of an activity and is where you update the status to Complete or Cancelled. The rest of the screen is for input of annual accomplishment data.

### Activity Status Data

Field	Description
GRANTEE ACTIVITY NBR HUD ACTIVITY NBR ACTIVITY NAME	These read-only fields identify the activity you are processing. They are populated with information from the first Common Path screen.
ACTIVITY STATUS CODE	<p>This field is required. The valid status codes are:</p> <ul style="list-style-type: none"> <li><b>1</b> Cancelled</li> <li><b>2</b> Complete</li> <li><b>3</b> Underway</li> <li><b>4</b> Funds Budgeted</li> </ul> <p>IDIS automatically assigns a status of 4-Funds Budgeted to a new activity, and changes it to 3-Underway after the first draw is made.</p> <p>An activity may be cancelled at any time. To do so, type <b>1</b> and press &lt;F9&gt;.</p> <p>Guidance on when to update the status code to 2-Complete is provided on page 7-5.</p>
COMPLETION DATE	IDIS automatically assigns the current date to this field when you change the ACTIVITY STATUS CODE to 1-Cancelled or 2-Complete. The completion date of a cancelled activity cannot be changed. Instructions for changing the system-assigned date for a completed activity are provided on page 7-5.

## Accomplishments Data

This portion of the MA04 screen is completed for all CDBG activities except those which do not have accomplishments to report (e.g., planning and administrative activities, repayment of Section 108 loans). Accomplishments are entered by program year, called REPORT YEAR on this screen.

Both proposed and actual accomplishments are reported on this screen. At activity setup, input proposed accomplishments only.

Field	Description								
ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY (Y/N)	Change this field to <b>Y</b> if proposed accomplishments for the activity (usually a service delivery costs activity) are reported under another activity.  If you change the field to <b>Y</b> , do not input proposed or actual accomplishment data on this or any other CDBG screen for the activity.								
REPORT YEAR	REPORT YEAR (usually called “program year” or “plan year”) is the year that you are reporting accomplishments for.  The first time MA04 is displayed for an activity, REPORT YEAR is set to the program year of the project under which the activity was set up. This may or may not be correct. To change it, type over the year that is displayed.								
PROPOSED ACCOMPLISHMENTS: TYPE	Assign the proposed ACCOMPLISHMENT TYPE code based on the matrix code and national objective of the activity (see Appendix C). This field must be filled in before you will be allowed to fund the activity.  The valid type codes are:  <table> <tr> <td>01 People</td> <td>10 Housing Units</td> </tr> <tr> <td>04 Households</td> <td>11 Public Facilities</td> </tr> <tr> <td>08 Businesses</td> <td>13 Jobs</td> </tr> <tr> <td>09 Organizations</td> <td></td> </tr> </table> An <F1> help screen is available for this field.	01 People	10 Housing Units	04 Households	11 Public Facilities	08 Businesses	13 Jobs	09 Organizations	
01 People	10 Housing Units								
04 Households	11 Public Facilities								
08 Businesses	13 Jobs								
09 Organizations									
PROPOSED ACCOMPLISHMENTS: UNITS	Enter the number of {TYPE} expected to benefit from the activity.  <i>For multi-year activities:</i> In the year the activity is set up, report the <u>total</u> number expected to benefit. If that number increases in subsequent years, use <F11> to report the number of additional proposed units—and only the additional units—in the year the increase was identified.								
ACTUAL ACCOMPLISHMENTS	Actual accomplishments are not input at activity setup. Instructions for entering the actual TYPE, UNITS, and ACCOMPLISHMENTS NARRATIVE fields are provided in Chapter 7.								

When you are finished, press <Enter> to save your data and display the next screen.

## Common Mistakes

### ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY (Y/N)

- When you set up multiple activities for a single undertaking, report the accomplishments under only one activity.

Example 1: Say that for the acquisition and rehabilitation of the Marbury Apartments at 1014 Graham Place, you set up an acquisition activity and a rehabilitation activity. You should enter **Y**

in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the acquisition activity, and input all accomplishments under the rehab activity.

Example 2: In instances where you set up a separate activity to track the delivery costs for another activity, set ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY to **Y** for the delivery costs activity and report all accomplishments under the other activity.

- Enter proposed accomplishments for a rehabilitation administration (14H) activity if CDBG funds are used to run a rehab program but not to perform the actual rehab. If CDBG money is also used to perform the rehab (which should be set up as a separate activity), then be sure to enter **Y** in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the delivery costs activity.
- Report proposed accomplishments for an economic development (18\*) activity if CDBG funds are used to run a loan/grant program but not to make the loan/grant. If CDBG money is also used to provide the loan or grant (which should be set up as a separate activity), then be sure to enter **Y** in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the delivery costs activity.
- If you answer **Y** here, then do not input proposed or actual accomplishments on this or any other CDBG screen for the activity.

### PROPOSED UNITS

- Some grantees mistakenly report only low/mod accomplishments on the MA04 screen. All proposed accomplishments should be reported here; you will identify the number of low/mod accomplishments on CDBG-specific screens.
- When the proposed ACCOMPLISHMENT TYPE is 01-People, HUD prefers that you report unduplicated counts of persons expected to be served. For an activity where that is not realistic, report the units of service provided.
- When the proposed ACCOMPLISHMENT TYPE is 04-Households, report the number of households you expect to assist, not the number of individuals. Count each household as one, regardless of the number of persons in the household.
- When the proposed ACCOMPLISHMENT TYPE is 13-Jobs:
  - ✓ report the number of jobs expected to be created/retained, not the LMI population or total population of a jurisdiction
  - ✓ include all jobs, not just LMI jobs
  - ✓ count the number of jobs as full-time equivalents (FTEs)
  - ✓ report each job one time: do not report the same job under more than one activity and in one activity do not report the same job in multiple program years

### Additional Function Keys

These additional function keys are available on the MA04 screen:

Key	Function
F10 = MA09	Go to Revise Activity screen MA09 (see page 6-1) to select a different activity for update.
F11 = INSRT	Insert accomplishment data for a new REPORT YEAR.
F13 = DELET	Delete accomplishment data for a REPORT YEAR. On most keyboards, <Shift + F1> is equivalent to <F13>.
F14 = UPD LG NARR	Access the screen for adding or updating additional ACCOMPLISHMENT NARRATIVE for the program year displayed in the REPORT YEAR field. On most keyboards, <Shift + F2> is equivalent to <F14>.

Key	Function
	<i>Caution!</i> If you press <F14> without pressing <F9>, any narrative you have entered on the MA04 screen will be lost.
F17 = BACK	For multi-year activities only: Show the MA04 screen for an earlier REPORT YEAR. On most keyboards, <Shift + F5> is equivalent to <F17>.
F18 = FWD	For multi-year activities only: Show the MA04 screen for later REPORT YEAR. On most keyboards, <Shift + F6> is equivalent to <F18>.

## SETUP ACTIVITY (C04MA08)

On the last Common Path screen, you will input the estimated cost of the activity and specify which program's setup and completion screens you wish to access. The screens for more than one program may be accessed for an activity funded by multiple programs, but must be accessed one at a time.

## Chapter 3

### COMMON CDBG-SPECIFIC SCREENS

---

Once you have filled in the Common Path and selected CDBG on C04MA08, a series of CDBG-specific screens—referred to as the CDBG path—will be displayed. The first screen in the CDBG path is the same for all activities, and the next six are the same for all but administrative activities. The common CDBG-specific screens are:

<u>Page</u>	<u>Screen</u>
3-2	CDBG01: CDBG National Objective
3-4	CDBG: Objective and Outcome
3-5	CDBG02: Funding Sources
3-7	CDBG03: Organization Carrying Out Activity
3-9	CDBG04: Subrecipient Questions
3-10	CDBG05: Form of Assistance
3-11	CDBG06: CDBG Activity Information

As with the Common Path, you must provide required setup information on these screens before an activity can be funded with CDBG.

## CDBG NATIONAL OBJECTIVE (CDBG01)

The activity's national objective is specified on this screen.

11/05/07 10:22	CDBG NATIONAL OBJECTIVE	CDBG01
Grantee Activity ID CDBG07-163	IDIS Activity ID 5452

National Objective Code:

F1=HELP	F3=VALDT	F4=MAIN MENU
F7=PREV	F8=NEXT	F9=SAVE
F5=PROJ INFO	F10=REVISE ACTIVITY	

**For administrative/planning activities:** Activities with a matrix code of 19F, 19G, 20, 21\*, or 22 do not meet a national objective, but you must access this screen before the activity can be funded with CDBG. When setting up an admin/planning activity, just press <Enter> to return to the last Common Path screen. There are no additional CDBG-specific screens to be completed, and the activity is ready to be funded.

Field	Description
Grantee Activity ID IDIS Activity ID Activity Name	These read-only fields identify the activity you are processing. They are populated with information from the first Common Path screen.
Matrix Code	The matrix code from Common Path screen C04MA03 is displayed.
CDBG Regulation Citation	This required field defaults to the regulation citation for the matrix code. The default may be changed.
Enter the National Objective code that applies	<p>Enter the code for the national objective this activity will meet, or press &lt;F1&gt; to display a list of the objectives that are valid for the matrix code you have selected (see Appendix B for definitions of the objectives). The national objective must be specified before you will be allowed to fund the activity.</p> <p>If you input a national objective that cannot be used with the matrix code assigned to the activity, an error message is displayed. Change either the matrix code or the national objective, as appropriate, to correct the error. (If you change the matrix code here, the system updates it on MA03 as well.) See Appendix C for valid matrix code/national objective combinations.</p> <p>If the accomplishment type that you specified on C04MA03 is not valid with the matrix code/national objective, an error resolution screen is displayed.</p>

Field	Description
	Press <F1> to display the accomplishment types that are valid for the matrix code/national objective combination you have specified.
National Objective Citation	This protected field shows the citation for the national objective you selected.
Unliquidated Obligations	<p>This field is used only for public service and admin activities, and only at the end of the program year. Enter the amount (in dollars and cents) of orders placed, contracts and grants awarded, goods and services received, and similar transactions for which an expenditure has not been reported as of the end of the program year.</p> <p>Because drawdowns made within 90 days after the end of a program year can be attributed to that program year, you should rarely have to input data in this field.</p>
Change to Activity ID	<p>Use this field if you want to change from one CDBG activity to another without having to go through the Common Path screens.</p> <p>For example, say you have just updated the accomplishment data for IDIS activity 123 and need to do the same for activity 456. Type '456' in this field and press &lt;Enter&gt;. The CDBG01 screen is redisplayed with the message "Activity changed from 123" and ready for you to process activity 456.</p>

When you are finished, press <Enter> to save your data and display the next screen.

## OBJECTIVE AND OUTCOME (CDBG)

7. Private Funds	Enter the amount of any private funds leveraged for this activity.
8. Other	Enter the name(s) and the amount of funds leveraged from other sources for this activity.

When you are finished, press <Enter> to save your data and display the next screen.

## **Common Mistakes**

### **SECTION 108 LOAN GUARANTEES**

Several grantees, unable to input an amount in the protected CDBG FUNDS field, have entered their CDBG funding amount in the SECTION 108 LOAN GUARANTEES field. This has resulted in inaccurate leveraging data for the CDBG program. Any CDBG amounts that have been entered in the Section 108 field need to be deleted.

An example of such an activity is a child care center serving a public housing complex.</p> <p>When this field is <b>Y</b>, you will be required to enter a narrative describing how the nature/location of the activity benefits a limited clientele, of whom at least 51% are LMI.</p>

## ADDITIONAL SETUP SCREENS

CDBG06 is the last common CDBG screen. If you have provided all the required information on the Common Path screens and the six CDBG-specific screens, you have finished the setup process (except for certain types of activities) and can now fund the activity with CDBG.

The exceptions are:

- LMA activities. You must complete the CDBG07 screen (see page 8-2) before the activity can be funded.
- LMH\* activities where ACTIVITY INCLUDES MULTI-UNIT HOUSING (2+ UNITS/STRUCTURE) is **Y**. You must complete the CDBG14 screen (see page 10-3) before the activity can be funded.
- SBA activities. You must complete the CDBG12 screen (see page 12-3) before the activity can be funded.
- LMJ\* activities. You should complete the "estimates" part of screen CDBG11 (see page 11-6) before funding the activity.

Instructions for funding an activity and drawing down those funds are provided in Chapters 4 and 5.

## Chapter 4

# ACTIVITY FUNDING

---

Before money can be drawn down for an activity, the activity must be funded. The purpose of funding is to specify the amounts and the types of funds (entitlement, program income, revolving loan, etc.) to be used for the activity.

## FUNDING ACTIVITIES WITH CDBG

Once you have completed the required setup screens for an activity, it is ready to be funded. Funds are committed to activities by IDIS fund type, which for CDBG entitlement grantees may include:

- EN** Entitlement
- AD** Administration
- PI** Program Income
- RL** Revolving Loan Fund
- SU** Subgrant

The AD and SU fund types are available only if you have created Administration and Subgrant subfunds from your CDBG grant via Main Menu option G. PI and RL are available only if you have receipted those types of funds using Main Menu option H, Receipts.

**A note about PI:** Unlike all other fund types, PI does not have to be funded before it can be drawn. When you request a draw for an activity, you will have the option of drawing available PI in place of EN. Remember that CDBG regulations require you to draw available PI and RL before drawing down EN.

Instructions for funding activities with CDBG follow.

## ACTIVITY FUNDING SCREENS

Select Main Menu option **I** and press <Enter> to display the first of four activity funding screens.

### Activity Funding Menu

The Activity Funding Menu offers the choice of viewing the current funding for an activity or maintaining (adding or updating) funding data.

Press <Enter> to display all the vouchers that meet the criteria you have specified.

## Revising Drawdowns

Drawdowns with a status of OPEN or COMPLETE may be revised. Revision of a draw lets you assign all or part of a draw to another activity. The activity that the draw is being revised to must have sufficient funding from the same source (same source organization, recipient organization, and fund type) as the drawdown. If the funding source is not the same, you cannot revise the draw on-line. Please contact the TAU for assistance when this type of revision is necessary.

Start on the Maintain Drawdowns screen (MD53) and follow the procedure outlined on page 5-11 to limit the number of items displayed. Enter **R** in the selection field of the OPEN or COMPLETE item you want to revise and press <Enter>. The Revise Drawdown screen is displayed.

In REVISED ACTIVITY NUMBER, enter the ID of the activity you want to apply the draw to. In REVISED DRAWDOWN AMOUNT, enter the amount of the draw to be applied. The amount cannot exceed the amount of the original draw (shown in the DRAWDOWN AMOUNT field) and the activity being revised to must have sufficient funding from the same funding source to cover the revised amount.

Once you have entered a valid activity ID and amount, press <Enter>. The screen is redisplayed with the revision data filled in. Press <Enter> again to execute the revision and return to the MAINTAIN DRAWDOWNS screen. It shows the drawdown with a status of REVISED and one or two new line items for the new drawdown. Once the revision has been completed, the original drawdown is no longer valid.

## Chapter 6

# UPDATING ACTIVITIES

This chapter covers the two ways you can access an activity to finish setting it up, modify previously entered setup or accomplishment data, or change its status code.

### THE REVISE ACTIVITY OPTION

Choose Main Menu option **B**, Revise Activity, and press <Enter> to display Revise Activity screen C04MA09.

F7 = PREV F8 = NEXT F17 = UP F18 = DOWN				

The only purpose of the screen is for you to identify the activity you want to update. To do so, you can:

- Enter the activity's HUD ACTIVITY NBR (you don't have to type in the leading zeros).
- Input the activity's CPS PROJECT NUMBER and PROGRAM YEAR (and optionally GRANTEE ACTIVITY NBR), and press <Enter>. The MA09 screen is redisplayed showing all of the activities that have been set up under that project (and with that grantee activity number, if one has been entered). <Tab> to the one to be updated and input an **X\*** in the SEL(ECT) ONE field next to it.
- Press <F2> to display a list of your projects by program year. <Tab> to the project you want to select, enter **X**, and press <Enter>. The MA09 screen is redisplayed showing all of the activities that have been set up under the selected project. <Tab> to the one to be updated and input an **X** in its SEL(ECT) ONE field.

Once you have identified the activity to be updated, press <Enter> to display screen MA10, Revise Activity. It is similar to the first Common Path screen shown when you add a new activity (see page 2-1),

\*For information about the other two selection codes (**C** to copy an activity, **M** to move it to another program year and/or project) that can be entered in the SEL ONE field, refer to Chapter 4 of the *IDIS Reference Manual*.

except that the CPS PROJECT NUMBER and PROGRAM YEAR fields are protected. As you work through the activity update process, the second, third, and fourth Common Path screens are displayed in update mode.

## THE GO TO OPTION

Another way to access an activity for update is to choose Main Menu option **K** and press <Enter> to display the Go To Menu.

- 02** to go to Common Path screen C04MA08 (see page 2-10)
- 03** to go to CDBG01, the first common CDBG-specific screen (page 3-2)

When you press <Enter>, the Revise Activity screen is displayed. Follow the instructions on the previous page to identify the activity you want to update, and then press <Enter>. The screen you selected on the Go To Menu is displayed.

## Chapter 7

# ACCOMPLISHMENT REPORTING AND ACTIVITY COMPLETION

---

Accomplishments must be reported for all CDBG activities except those that do not meet a national objective (activities with a matrix code of 19F, 19G, 20, 21\*, or 22).

HUD urges you to report activity accomplishments as they are achieved, but at least quarterly. You are required to report accomplishments for each program year the activity is open and at activity completion. The only exception to quarterly/annual reporting is public facilities, which should not be reported until the facility is complete.

The reporting and activity completion process consists of four steps:

1. Filling in the actual accomplishments portion of Common Path screen C04MA04.
2. Updating the common CDBG-specific screens as needed.
3. Completing a series of CDBG accomplishments/performance measurement screens based on the activity's national objective and matrix code.
4. Updating the activity status code to 2-Complete.

The first three steps are repeated for each year an activity is open. The last step is performed only when the activity is complete. Each of the four steps is explained below.

## STEP 1: FILLING IN COMMON PATH SCREEN C04MA04

Follow the instructions on page 6-1 to access the activity for which accomplishments are to be reported. Go to C04MA04, the third Common Path screen.

12/10/07	16:19	SETUP	ACTIVITY	C04MA04
GRANTEE ACTIVITY NBR: CDBG07-163		HUD ACTIVITY NBR: 000000005452

Input actual accomplishments by program year (called REPORT YEAR on this screen) for each year the activity is open and at completion.

Note that you must complete an MA04 screen for each program year an activity is open, *whether or not there are accomplishments to report*. Until you do, you will not be able to change the ACTIVITY STATUS CODE to 2-Complete.

Field	Description

ACTUAL ACCOMPLISHMENTS: UNITS	Report actual UNITS for each program year an activity is open and at the completion of an activity. The only exception is public facilities, which should not be reported until the facility is complete.
ACCOMPLISHMENTS NARRATIVE	<p>Describe the progress made toward achieving accomplishments in this REPORT YEAR.</p> <p>You may want to cite the percentage of the activity that has been completed, explain undue delays, provide a timeframe for completing the activity and meeting a national objective, and/or explain why accomplishments have not yet been reported. If the ACCOMPLISHMENTS FOR THIS ACTIVITY ARE REPORTED UNDER ANOTHER ACTIVITY field is <b>Y</b>, specify that HUD ACTIVITY NUMBER here and explain the relationship between the activities.</p> <p>If you need more than six lines for the narrative, press &lt;F9&gt; to save your data, then press &lt;F14&gt; (Shift + F2). Enter additional narrative on the screen that is displayed. When you are finished, press &lt;F9&gt; to save your input, then press &lt;F7&gt; to return to the MA03 screen.</p>

## Additional Function Keys

These additional function keys are available on the MA04 screen:

Key	Function
F10 = MA09	Go to Revise Activity screen MA09 (see page 6-1), to select a different activity for update.
F11 = INSRT	Insert accomplishment data for a new REPORT YEAR.
F13 = DELET	Delete accomplishment data for a REPORT YEAR. On most keyboards, <Shift + F1> is equivalent to <F13>.
F14 = UPD LG NARR	Access the screen for adding or updating additional ACCOMPLISHMENT NARRATIVE for the program year displayed in the REPORT YEAR field. On most keyboards, <Shift + F2> is equivalent to <F14>.  <i>Caution!</i> If you press <F14> without pressing <F9>, any narrative you have entered on the MA04 screen will be lost.
F17 = BACK	For multi-year activities only: Show the MA04 screen for an earlier REPORT YEAR. On most keyboards, <Shift + F5> is equivalent to <F17>.
F18 = FWD	For multi-year activities only: Show the MA04 screen for later REPORT YEAR. On most keyboards, <Shift + F6> is equivalent to <F18>.

## Common Mistakes

### REPORT YEAR

Report actual accomplishments for each program year an activity is open. Do not input cumulative accomplishments.

### ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY (Y/N)

- When you set up multiple activities for a single undertaking, report the accomplishments under only one activity.  
  
Example 1: Say that for the acquisition and rehabilitation of the Marbury Apartments at 1014 Graham Place, you set up an acquisition activity and a rehabilitation activity. You should enter **Y** in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the acquisition activity, and input all accomplishments under the rehab activity.  
  
Example 2: In instances where you set up a separate activity to track the delivery costs for another activity, set ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY to **Y** for the delivery costs activity and report all accomplishments under the other activity.
- Enter actual accomplishments for a rehabilitation administration (14H) activity if CDBG funds are used to run a rehab program but not to perform the actual rehab. If CDBG money is also used to perform the rehab (which should be set up as a separate activity), then be sure to enter **Y** in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the delivery costs activity.
- Report actual accomplishments for an economic development (18\*) activity if CDBG funds are used to run a loan/grant program but not to make the loan/grant. If CDBG money is also used to provide the loan or grant (which should be set up as a separate activity), then be sure to enter **Y** in ACCOMPLISHMENTS FOR THIS ACTIVITY REPORTED AT ANOTHER ACTIVITY for the delivery costs activity.
- If you answer **Y** here, then do not input proposed or actual accomplishments on this or any other CDBG screen for the activity.

## ACTUAL UNITS

- Some grantees mistakenly report only low/mod accomplishments on the MA04 screen. All actual accomplishments should be reported here; you will identify the number of low/mod accomplishments on CDBG-specific screens.
- When the ACCOMPLISHMENT TYPE is 01-People, HUD prefers that you report unduplicated counts of persons served. For an activity where that is not realistic, report the units of service provided.
- When the ACCOMPLISHMENT TYPE is 04-Households, report the number of households assisted, not the number of individuals. Count each household as one, regardless of the number of persons in the household.
- When the ACCOMPLISHMENT TYPE is 13-Jobs:
  - ✓ report the number of jobs expected to be created/retained, not the LMI population or total population of a jurisdiction
  - ✓ include all jobs, not just LMI jobs
  - ✓ count the number of jobs as full-time equivalents (FTEs)
  - ✓ report each job one time: do not report the same job under more than one activity and in one activity do not report the same job in multiple program years

## STEP 2: UPDATING THE COMMON CDBG-SPECIFIC SCREENS

When you have finished inputting actual accomplishments on the MA04 screen, press <Enter> to display C04MA08 (see page 2-10). Type **X** next to CDBG and press <Enter> to display the CDBG National Objective screen, the first of the common CDBG-specific screens.

Update the data on screens CDBG01 through CDBG06 as needed, following the instructions provided in Chapter 3.

## STEP 3: COMPLETING THE CDBG ACCOMPLISHMENT SCREENS

Annual accomplishments for a CDBG activity are reported on the screens that follow CDBG06 (see page 3-11).

The importance of providing HUD with accurate accomplishment data on a timely basis cannot be overemphasized. Failing to do so results in the underreporting of CDBG accomplishments to Congress, the Office of Management and Budget, and other Federal oversight agencies, and may put future funding of the program at risk.

The accomplishment screens that you will be required to complete depend on the national objective you have assigned to the activity:

If the national objective is...	Turn to...
LMA	Chapter 8
LMC	Chapter 9
LMH	Chapter 10
LMJ	Chapter 11
SBA, SBR, SBS, URG	Chapter 12

## **STEP 4: UPDATING THE ACTIVITY STATUS CODE**

The final step in the processing of a CDBG activity is to update the ACTIVITY STATUS CODE on the C04MA04 screen (see page 7-1).

Change the status to 2-Complete once all the funds have been spent, the national objective has been met, and all accomplishments have been reported. The status can be changed to 2 only if its current status is 3 (indicating that funds have been drawn) and all required CDBG information has been entered. If any required data fields are missing, the system displays an error message.

Type **2** in the ACTIVITY STATUS CODE field and press <F9> to save your data. When you do, the system automatically sets the COMPLETION DATE field to today's date. To modify the system-assigned COMPLETION DATE, first change the ACTIVITY STATUS CODE from **2** to **3** and save the change. Then set the ACTIVITY STATUS CODE back to **2** and press <Enter>. The COMPLETION DATE field becomes unprotected. Update the field, and press <F9> to save.

When the status is successfully updated to "Complete," no further updates are permitted. Any undrawn funds that have been committed to the activity through the Activity Funding option will be released, and both the estimated and funded amounts will be adjusted to equal the drawn amount.

## Chapter 8

### LMA ACTIVITIES

---

This chapter covers the screens that are completed for activities with a national objective of:

- LMA Low/mod area benefit
- LMAFI Low/mod area benefit, community development financial institution (CDFI)
- LMASA Low/mod area benefit, neighborhood revitalization strategy area (NRSA)

The LMA screens are displayed after you have filled in the Common Path (Chapter 2) and the common CDBG screens (Chapter 3) for an activity. They are:

Page	Screen	Displayed for
8-2	CDBG07: CDBG Area Benefit Data	All LMA*
8-4	CDBG17: Public Services/Public Facilities and Improvements	Matrix codes 03* and 05*
8-6	CDBG31: Homeless Prevention	LMA/05C and HELP PREVENT HOMELESSNESS field on MA03 is Y
8-8	CDBG11: CDBG Job Creation/Retention	LMAFI/LMASA
8-11	CDBG26: Job Creation	LMAFI/LMASA
8-13	CDBG27: Job Retention	LMAFI/LMASA
8-15	CDBG28: Assistance to Businesses	14E, 17*, and 18*
8-17	CDBG29: Assistance to Businesses – Part 2	14E, 17*, and 18*

When you have completed the last screen in the LMA path, the CDBG01 screen (see page 3-2) is displayed.

## CDBG AREA BENEFIT DATA (CDBG07)

CDBG07 is displayed for all LMA\* activities. Data regarding the low/mod income population in the service area is input on this screen.

It is equal to (TOTAL # OF LOW/MOD IN SERVICE AREA divided by TOTAL LOW/MOD UNIVERSE POPULATION IN SERVICE AREA) times 100.  This percentage must be at least 51% (the minimum acceptable % for an "exception" grantee activity will be different) before the activity can be funded.

County Code	Enter the FIPS county code for the area being assisted.  At least one COUNTY CODE and CENSUS TRACT must be entered (even for activities using survey data) before you can save this screen.
Census Tract	Identify the Census tract contained in the service area. The required format for Census tracts is "nnnn.nn" (e.g., input Census tract 7 as "0007.00").
Block Groups	If the service area includes the entire Census tract, leave these fields blank. Otherwise, specify each block group (not individual blocks) covered by the service area.
Use Capped or Uncapped Data (C/U)?	This field is only displayed for entitlement "exception" grantee activities using Census data. See Note 1 below for more information.
Recalculate Percentage (Y/N)?	When this field is displayed, enter <b>Y</b> if you want the system to recalculate the low/mod percentage without your changing any of the Census tract data (modifying or adding to existing Census tract data automatically triggers a recalculation). See Note 2 below for more information on when you should have the system recalculate the percentage.
Additional Entries (Y/N)?	If you need additional lines to enter more Census tract data, type <b>Y</b> and press <Enter>.

When you are finished, press <Enter> to save your data and display the next screen.

**Note 1: Use Capped or Uncapped Data (C/U)?**

The LMISD is prepared using Section 8 income limits, which are calculated using fair market rent area definitions. The income limits are based on HUD estimates of median family income, with adjustments for areas that have unusually high or low income-to-housing cost ratios. Based on this, the Section 8 income limits are considered "capped." A 1998 legislative change allowed HUD to grant an exception from the cap on low/mod income levels to 10 jurisdictions (metropolitan areas). Entitlement grantees in these 10 jurisdictions may elect to use either the capped or "uncapped" LMISD to calculate the percentage of low/mod persons in the service area.

**Note 2:** A grantee's LMISD will change when there are changes in the configuration of its geography or changes to income data. Changes to a grantee's geography may increase or decrease the number of Census tracts and/or block groups within its boundaries, but the values associated with the data will change only when there are changes to income data.

## PUBLIC SERVICES/PUBLIC FACILITIES AND IMPROVEMENTS (CDBG17)

CDBG17 is displayed for LMA activities with a matrix code of 03\* and 05\*. It captures data on how persons benefited from a public service or public facilities activity. The version of the screen that is displayed depends on the activity's matrix code.

## ASSISTANCE TO BUSINESSES (CDBG28)

CDBG28 is displayed for LMA activities only if the matrix code is 14E, 17\*, or 18\*. It is the first of two screens for input of performance measurement data about the business(es) assisted by an economic development activity. Input *annual* counts for the *correct* program year.

**If the matrix code is 18A or 18C:** The fact that CDBG28 allows you to report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.208(a)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

**For multi-year activities:** Before adding or updating information, make sure that the year displayed in FOR PROGRAM YEAR is the year the data should be reported for. If it is not, use the INSERT/DELETE PROGRAM YEAR field at the bottom of the screen to add data for a new program year; use <F17> to display the data for an earlier year or <F18> to access the data for a later year.

A DUNS number is required for a business that receives direct financial assistance. Otherwise, it is optional.

Obtaining a DUNS number is free. Additional information on obtaining a DUNS number can be found at [http://www.whitehouse.gov/omb/grants/duns\\_num\\_guide.pdf](http://www.whitehouse.gov/omb/grants/duns_num_guide.pdf).

### Reporting Income Levels

- **All Activities:** Some grantees, solely to minimize data entry, report all beneficiaries in the “moderate” income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.
- **Presumed Benefit Activities:** If an LMC\* activity is limited to assisting one or more of the presumptive benefit groups, report the number of persons benefiting under the following income categories unless you have information to support reporting them under a different income category:

Abused children	Extremely low income
Battered spouses	Low income

Severely disabled adults	Low income
Homeless persons	Extremely low income
Illiterate adults	Low income
Persons with AIDS	Low income
Migrant farm workers	Low income
Elderly	<p>If assistance is to acquire, construct, convert, and/or rehabilitate a senior center or to pay for providing center-based senior services, report the beneficiaries as moderate income.</p> <p>If assistance is for other services (not center-based), report the elderly beneficiaries as low income.</p>

If an activity serves a combination of these groups, identify the number in each group and report those numbers under the appropriate income levels.

- **Nature/Location Activities:** Report all beneficiaries as moderate income unless you have information to support reporting them under another income category.
- **Activities Providing Access for Persons with Disabilities:** For LMC activities carried out under 570.208(a)(2)(ii), report all beneficiaries as low income unless you have information to support reporting them under another income category.

CDBG31 is displayed for an LMC\* activity only if the activity matrix code is 05C, 05Q, or 05T and the HELP PREVENT HOMELESSNESS field on screen C04MA03 is **Y**.

Performance measurement information on the number of persons provided with emergency financial and/or legal assistance to prevent homelessness is entered on this screen. Input *annual* counts for the *correct* program year.

**For multi-year activities:** Before adding or updating information, make sure that the year displayed in TOTAL BENEFITING FOR PROGRAM YEAR is the year the data should be reported for. If it is not, use the INSERT/DELETE PROGRAM YEAR field at the bottom of the screen to add data for a new program year; use <F17> to display the data for an earlier year or <F18> to access the data for a later year.

## ASSISTANCE TO BUSINESSES (CDBG28)

**If the matrix code is 18A or 18C:** The fact that CDBG28 allows you to report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.208(a)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

**For multi-year activities:** Before adding or updating information, make sure that the year displayed in FOR PROGRAM YEAR is the year the data should be reported for. If it is not, use the INSERT/DELETE PROGRAM YEAR field at the bottom of the screen to add data for a new program year; use <F17> to display the data for an earlier year or <F18> to access the data for a later year.

A DUNS number is required for a business that receives direct financial assistance. Otherwise, it is optional.

Obtaining a DUNS number is free. Additional information on obtaining a DUNS number can be found at [http://www.whitehouse.gov/omb/grants/duns\\_num\\_guide.pdf](http://www.whitehouse.gov/omb/grants/duns_num_guide.pdf).

Please note the following:

- Some grantees, solely to minimize data entry, report all beneficiaries in the “moderate” income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.
- Prior to December 2005, income level counts were cumulative and not reported separately for owners and renters. When cumulative data exists for an activity, a different version of the CDBG13 screen may be displayed. See Appendix J for more information.

Please note the following:

- Some grantees, solely to minimize data entry, report all beneficiaries in the “moderate” income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.
- Prior to December 2005, income level counts were reported cumulatively. When cumulative data exists for an activity, a different version of the CDBG13 screen may be displayed. See Appendix J for more information.

## ASSISTANCE TO BUSINESSES (CDBG28)

**If the matrix code is 18A or 18C:** The fact that CDBG28 allows you to report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.208(a)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

**For multi-year activities:** Before adding or updating information, make sure that the year displayed in FOR PROGRAM YEAR is the year the data should be reported for. If it is not, use the INSERT/DELETE PROGRAM YEAR field at the bottom of the screen to add data for a new program year; use <F17> to display the data for an earlier year or <F18> to access the data for a later year.

CDBG28 is displayed for an SB\*/URG activity only if the activity matrix code is 14E, 17\*, or 18\*. It is the first of two screens for input of performance measurement data about the business(es) assisted by an economic development activity.

**If the matrix code is 18A or 18C:** The fact that CDBG28 allows you to report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.208(a)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

**For multi-year activities:** Before adding or updating information, make sure that the year displayed in FOR PROGRAM YEAR is the year the data should be reported for. If it is not, use the INSERT/DELETE PROGRAM YEAR field at the bottom of the screen to add data for a new program year; use <F17> to display the data for an earlier year or <F18> to access the data for a later year.

## Chapter 13

# GENERATING AND DOWNLOADING IDIS REPORTS

---

This chapter explains how to generate reports in IDIS, a process that consists of two steps: (1) selecting and submitting the reports you want, and (2) downloading them first to a HUD server and then to your PC. Information about BOSMAC—macros developed by the Boston Field Office to assist you in analyzing and formatting IDIS reports—is provided at the end of the chapter.

Detailed descriptions of the reports can be found in Appendix E of the *IDIS Reference Manual*.

To access the IDIS reporting function, select option **E**, Reports Menu, on the Main Menu and press <Enter> to display this screen:

```

                                F4 = MAIN MENU      F7 = PREV
```

Choose option:

**01 – Report Selection** to select the reports you want to run.

**02 – Report Status** to see if the reports you have selected are still processing or if they are ready to be downloaded.

**03 – Data Downloads** to download IDIS data as ASCII files. The data download function is not covered in this training; refer to Chapter 12 of the *IDIS Reference Manual* for information about this option.

## SELECTING AND SUBMITTING REPORTS

Choose Reports Menu option **01**, Report Selection, and press <Enter> to access the list of the available reports. The list covers five screens (the first is shown below). To page forward, press <F18> (Shift + F6 on most keyboards). To display the previous screen, press <F17> (Shift + F5).

## DOWNLOADING AND RETRIEVING REPORTS

IDIS reports are downloaded from the Reports Status screen, shown below. You can access this screen two ways:

- Press <F8> on any of the report selection screens.
- Select option **02** on the Reports Menu (see page 13-1; curiously, you cannot get back to the Reports Menu from the report selection screens).

## USING BOSMAC

BOSMAC is a set of Excel macros developed by HUD's Boston CPD Division. It converts eight of the IDIS reports into files that can be analyzed with Excel filters, pivot tables and other tools. The eight reports are:

- PR01 HUD Grants and Program Income
- PR02 List of Activities by Program Year and Project
- PR03 CDBG Activity Summary Report (GPR)
- PR06 Summary of Consolidated Plan Projects
- PR07 Drawdown Report by Voucher Number
- PR08 Grantee Summary Activity Report
- PR14 CDBG CDFI and NRSA Activities
- PR22 Status of HOME Activities

If you haven't already done so, you first need to download BOSMAC. Go to the IDIS homepage and click on the Reporting and Guidance link. Click on BOSMAC in the Reporting box at the upper right of the next page. On the BOSMAC page, first read "BOSMAC Updates for Version 07" under What's New. Go back to the BOSMAC page and click on BOSMAC07 Installation Kit in the Related Information box. You must save it to a folder named **BOSMAC** (case doesn't matter), which can be located anywhere on your computer.

Once BOSMAC is installed, follow these steps:

1. Download IDIS reports as usual, but save them to the directory **C:\IDISDATA\IDISDATA**. This is the only directory BOSMAC will search.
2. Configure Excel to accept macros:
  - Open Excel
  - Select the Tools Menu, then Macro
  - Select Security, then Security Level
  - Select Medium, then click OK
3. Go to My Computer and open the file BOSMACFILES\BOSMAC07. When the file opens in Excel, select Enable Macros on the Security Warning dialogue box.
4. When the BOSMAC Main Menu is displayed, click on CONVERT and then click each report you want to convert to Excel.

The reports are now ready for review and analysis in Excel.

## Matrix Code Definitions

Assigning a matrix code indicates eligibility. An activity must be eligible in accordance with the regulations at 570.201–570.207. Grantees need to refer to the regulations to determine an activity's eligibility; the codes defined below are used in IDIS chiefly to categorize activities for reporting purposes.

Code	Definition
<b>01</b>	<p><b>Acquisition of Real Property</b></p> <p>Acquisition of real property that will be developed for a public purpose. Use code 01 for the CDBG-funded purchase of real property on which, for example, a public facility or housing will be constructed.</p> <p><i>When CDBG funds are used to:</i></p> <ul style="list-style-type: none"> <li>• <i>acquire a public facility that will be rehabilitated with CDBG funds and continue to be used as a public facility, assign the appropriate 03* code.</i></li> <li>• <i>acquire housing that will be rehabilitated, use code 14G.</i></li> </ul>
<b>02</b>	<p><b>Disposition of Real Property</b></p> <p>Costs related to the sale, lease, or donation of real property acquired with CDBG funds or under urban renewal. These include the costs of temporarily maintaining property pending disposition and costs incidental to disposition of the property.</p>
<b>03A</b>	<p><b>Senior Centers</b></p> <p>Acquisition, construction, or rehabilitation of facilities (except permanent housing) for seniors.</p> <p>03A may be used for a facility serving both the elderly and the handicapped, provided it is not intended primarily to serve persons with handicaps. If it is, use 03B instead.</p> <p><i>For the construction of permanent housing for the elderly, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>
<b>03B</b>	<p><b>Handicapped Centers</b></p> <p>Acquisition, construction, or rehabilitation of centers, group homes, and other facilities (except permanent housing) for the handicapped.</p> <p>03B may be used for a facility serving both the handicapped and the elderly, provided it is not intended primarily to serve the elderly. If it is, use 03A instead.</p> <p><i>For the construction of permanent housing for the handicapped, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>
<b>03C</b>	<p><b>Homeless Facilities (not operating costs)</b></p> <p>Acquisition, construction, or rehabilitation of temporary shelters and transitional housing for the homeless, including battered spouses, disaster victims, runaway children, drug offenders, and parolees.</p> <p><i>For the construction of permanent housing for the homeless, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>
<b>03D</b>	<p><b>Youth Centers</b></p> <p>Acquisition, construction, or rehabilitation of facilities intended primarily for young people age 13 to 19. These include playground and recreational facilities that are part of a youth center.</p> <p><i>For the acquisition, construction or rehabilitation of facilities intended primarily for children age 12 and under, use 03M; for facilities for abused and neglected children, use 03Q.</i></p>

<b>03F</b>	<b>Parks, Recreational Facilities</b> Development of open space areas or facilities intended primarily for recreational use.
<b>03G</b>	<b>Parking Facilities</b> Acquisition, construction, or rehabilitation of parking lots and parking garages. Also use 03G if the primary purpose of rehabilitating a public facility or carrying out a street improvement activity is to improve parking. <i>If parking improvements are only part of a larger street improvement activity, use 03K.</i>
<b>03H</b>	<b>Solid Waste Disposal Improvements</b> Acquisition, construction or rehabilitation of solid waste disposal facilities.
<b>03I</b>	<b>Flood Drainage Improvements</b> Acquisition, construction, or rehabilitation of flood drainage facilities, such as retention ponds or catch basins. Do not use 03I for construction/rehabilitation of storm sewers, street drains, or storm drains. <i>Use 03J for storm sewers and 03K for street and storm drains.</i>
<b>03J</b>	<b>Water/Sewer Improvements</b> Installation or replacement of water lines, sanitary sewers, storm sewers, and fire hydrants. Costs of street repairs (usually repaving) made necessary by water/sewer improvement activities are included under 03J. <i>For water/sewer improvements that are part of:</i> <ul style="list-style-type: none"> <li><i>more extensive street improvements, use 03K (assign 03K, for example, to an activity that involves paving six blocks of Main Street and installing 100 feet of new water lines in one of those blocks).</i></li> <li><i>a housing rehabilitation activity, use the appropriate 14* matrix code.</i></li> </ul> <i>For construction or rehabilitation of flood drainage facilities, use 03I.</i>
<b>03K</b>	<b>Street Improvements</b> Installation or repair of streets, street drains, storm drains, curbs and gutters, tunnels, bridges, and traffic lights/signs. Also use 03K: <ul style="list-style-type: none"> <li>for improvements that include landscaping, street lighting, and/or street signs (commonly referred to as "streetscaping").</li> <li>if sidewalk improvements (see code 03L) are part of more extensive street improvements.</li> </ul>

Code	Definition
<b>03M</b>	<b>Child Care Centers</b> Acquisition, construction, or rehabilitation of facilities intended primarily for children age 12 and under. Examples are daycare centers and Head Start preschool centers. <i>For the construction or rehabilitation of facilities for abused and neglected children, use 03Q.</i> <i>For the construction or rehabilitation of facilities for teenagers, use 03D.</i>
<b>03N</b>	<b>Tree Planting</b> Activities limited to tree planting (sometimes referred to as “beautification”). <i>For streetscape activities that include tree planting, use 03K; for sidewalk improvement activities that include tree planting, use 03L.</i>
<b>03O</b>	<b>Fire Stations/Equipment</b> Acquisition, construction, or rehabilitation of fire stations and/or the purchase of fire trucks and emergency rescue equipment.
<b>03P</b>	<b>Health Facilities</b> Acquisition, construction, or rehabilitation of physical or mental health facilities. Examples of such facilities include neighborhood clinics, hospitals, nursing homes, and convalescent homes. <i>Health facilities for a specific client group should use the matrix code for that client group. For example, use 03Q for the construction or rehabilitation of health facilities for abused and neglected children.</i>
<b>03Q</b>	<b>Facilities for Abused and Neglected Children</b> Acquisition, construction, or rehabilitation of daycare centers, treatment facilities, or temporary housing for abused and neglected children.

<b>03T</b>	<b>Operating Costs of Homeless/AIDS Patients Programs</b> Costs associated with the operation of programs for the homeless or for AIDS patients, such as staff costs, utilities, maintenance, and insurance. Because payment of operating costs for these programs is a public service under CDBG, all CDBG expenditures for 03T activities are included in the calculation of the Public Services cap.
<b>03</b>	<b>Other Public Facilities and Improvements</b> Do not use this code unless an activity does not fall under a more specific 03* code. Also, do not use one activity for multiple facilities and then assign it an 03 because the types of facilities are different. One legitimate use of 03 is for activities that assist persons with disabilities by removing architectural barriers from or providing ADA improvements to government buildings (activities that otherwise would not be eligible for CDBG funding).

Code	Definition
<b>04</b>	<b>Clearance and Demolition</b> Clearance or demolition of buildings/improvements, or the movement of buildings to other sites.
<b>04A</b>	<b>Cleanup of Contaminated Sites</b> Activities undertaken primarily to clean toxic/environmental waste or contamination from a site.

<b>05B</b>	<b>Handicapped Services</b> Services for the handicapped, regardless of age.
<b>05C</b>	<b>Legal Services</b> Services providing legal aid to low- and moderate-income (LMI) persons. <i>If the only legal service provided is for the settlement of tenant/landlord disputes, use 05K.</i>
<b>05D</b>	<b>Youth Services</b> Services for young people age 13 to 19 that include, for example, recreational services limited to teenagers and teen counseling programs. Also use 05D for counseling programs that target teens but include counseling for the family as well. <i>For services for children age 12 and under, use 05L; for services for abused and neglected children, use 05N.</i>

<b>05F</b>	<b>Substance Abuse Services</b> Substance abuse recovery programs and substance abuse prevention/education activities. If the services are provided for a specific client group, the matrix code for that client group may be used instead. For example, substance abuse services that target teenagers may be coded either 05D or 05F.
<b>05G</b>	<b>Services for Battered and Abused Spouses</b> Services for battered and abused spouses and their families. <i>For services limited to abused and neglected children, use 05N.</i>
<b>05H</b>	<b>Employment Training</b> Assistance to increase self-sufficiency, including literacy, independent living skills, and job training. <i>For activities providing training for permanent jobs with specific businesses, use 18A.</i>

<b>05Q</b>	<b>Subsistence Payments</b> One-time or short-term (no more than three months) emergency payments on behalf of individuals or families, generally for the purpose of preventing homelessness. Examples include utility payments to prevent cutoff of service and rent/mortgage payments to prevent eviction.
<b>05R</b>	<b>Homeownership Assistance (not direct)</b> Homeowner downpayment assistance provided as a public service. If housing counseling is provided to those applying for downpayment assistance, the counseling is considered part of the 05R activity.  Assistance provided under 05R must meet the low/mod housing national objective. Therefore, unless the assistance is provided by a CBDO in an NRSA, it is subject to the public service cap and only low/mod households may be assisted. If the assistance is provided by a CBDO in an NRSA, the housing units for which CDBG funds are obligated in a program year may be aggregated and treated as a single structure for purposes of meeting the housing national objective (that is, only 51% of the units must be occupied by LMI households).  <i>For more extensive types of homeownership assistance provided under authority of the National Affordable Housing Act, use code 13.</i>

Examples of legitimate uses of this code are referrals to social services, neighborhood cleanup, graffiti removal, and food distribution (community kitchen, food bank, and food pantry services).
<b>06</b>	<b>Interim Assistance</b> Only for activities undertaken either to: <ul style="list-style-type: none"> <li>• Make limited improvements (e.g., repair of streets, sidewalks, or public buildings) intended solely to arrest further deterioration of physically deteriorated areas prior to making permanent improvements.</li> <li>• Alleviate emergency conditions threatening public health and safety, such as removal of tree limbs or other debris after a major storm.</li> </ul>
<b>07</b>	<b>Urban Renewal Completion</b> Completion of urban renewal projects funded under Title I of the Housing Act of 1949. The national objective codes (NOCs) are listed below, along with descriptions and applicable CFR citations. The NOCs that may be used with each matrix code are identified in Appendix C.

NOC	Description	24 CFR Citation
LMA	<b>Low/mod area benefit</b> Activities providing benefits that are available to all the residents of a particular area, at least 51% of whom are low/mod income. The service area of an LMA activity is identified by the grantee, and need not coincide with Census tracts or other officially recognized boundaries.	570.208(a)(1)
LMAFI	<b>Low/mod area benefit, community development financial institution (CDFI)</b> Job creation and retention activities that are carried out by a CDFI and that the grantee elects to consider as meeting the low/mod area benefit criteria.	570.208(d)(6)(i)
LMASA	<b>Low/mod area benefit, neighborhood revitalization strategy area (NRSA)</b> Job creation and retention activities that are carried out pursuant to a HUD-approved Neighborhood Revitalization Strategy (NRS) and that the grantee elects to consider as meeting the low/mod area benefit criteria.	570.208(d)(5)(i)
LMC	<b>Low/mod limited clientele benefit</b> Activities that benefit a limited clientele, at least 51% of whom are low/mod income. LMC activities provide benefits to a specific group of persons rather than to all the residents of a particular area.	570.208(a)(2)

LMCSV	<b>Low/mod limited clientele, job service benefit</b> Activities that provide job training, placement and/or employment support services in which the percentage of low/mod persons assisted is less than 51%, but the proportion of the total cost paid by CDBG does not exceed the proportion of the total number of persons assisted who are low/mod.	570.208(a)(2)(iv)
LMH	<b>Low/mod housing benefit</b> Activities undertaken to provide or improve permanent residential structures that will be occupied by low/mod income households.	570.208(a)(3)

For example, two single-unit homes rehabilitated in an NRS may be considered a single structure; at least one of the units must be occupied by a low/mod household. If ten single-unit homes were assisted, at least six (51%) must be occupied by low/mod households.	570.208(d)(5)(ii) and (d)(6)(ii)

NOC	Description	24 CFR Citation
LMJ	<b>Low/mod job creation and retention</b> Activities undertaken to create or retain permanent jobs, at least 51% of which will be made available to or held by low/mod persons.	570.208(a)(4)
LMJFI	<b>Low/mod job creation and retention, public facility/improvement benefit</b> Public facility/improvement activities that are undertaken principally for the benefit of one or more businesses and that result in the creation/retention of jobs.	570.208(a)(4)(vi)(F)
LMJP	<b>Low/mod job creation, location-based</b> Activities where a job is held by or made available to a low/mod person based on the location of the person's residence or the location of the assisted business.	570.208(a)(4)(iv)

### MATRIX CODE/NATIONAL OBJECTIVE/ ACCOMPLISHMENT TYPE COMBINATIONS

---

The matrix code and national objective that are assigned to an activity determine which accomplishment type may be used.

Allowing only certain accomplishment types for each matrix code/national objective combination enables HUD to obtain more uniform data for reporting and for assessing program performance. In some cases, it also provides HUD with data not available from other IDIS screens. Example: For a public facilities activity with a low/mod area (LMA) national objective, the number of persons served can be derived from information on the CDBG07 (Census Tract) screen, so on the MA04 screen only the number of public facilities should be reported. Thus, while not necessarily intuitive, using the specified accomplishment types provides HUD with additional data for responding to requests about CDBG performance.

### **STRATEGY, LOCAL TARGET, AND CDFI AREAS**

---

#### **Strategy Areas**

CDBG grantees may establish Neighborhood Revitalization Strategy Areas (NRSAs). These are locally designated areas where geographically targeted revitalization efforts are carried out through multiple activities in a concentrated and coordinated manner.

To stimulate the development of NRSAs, HUD offers CDBG grantees incentives such as greater flexibility in program design and reduced recordkeeping requirements.

For more information, grantees should refer to:

- Notice CPD-96-01
- 24 CFR 91.215(g)
- 24 CFR 570.208(d)(5)(i) and (ii)
- 24 CFR 570.209 (b)(2)(v)(L) and (M)
- 24 CFR 570.204(b)(2)(ii))

NRSAs require HUD approval.

#### **Local Target Areas**

While NRSAs are established through a formal process that requires approval by HUD, many other target areas are locally defined. These local designations may have a variety of names—revitalization areas, target neighborhoods, priority zones, and so on.

#### **CDFI Areas**

CDFIs (Community Development Financial Institutions) are specialized financial institutions that work in market niches not adequately served by traditional financial institutions. CDFIs include community development banks, credit unions, loan funds, venture capital funds, and micro-enterprise loan funds.

Grantees have some flexibility within the regulations when CDBG-assisted activities are carried out by a CDFI serving a primarily residential area that is at least 51% LMI [see 24 CFR 570.208 (d)(6)].

### SELECTING AND ADDING SPECIAL AREAS ON CDBG06

When you enter a value in the INDICATE IF ACTIVITY IS LOCATED IN A STRATEGY, CDFI, OR LOCAL TARGET AREA field on CDBG06, you must input an ID in the SPECIFY AREA IDENTIFIER field. If you know the ID, you can just type it in; if you don't know the ID, want to update the information about an area, or add a new area, follow the instructions below.

Strategy, CDFI, and local target areas may also be added (but not selected for assignment to an activity) through Main Menu option F 04. See Chapter 8 of the IDIS *Reference Manual* for details.

### STRATEGY AREAS

On the CDBG06 screen, enter **S** in the INDICATE IF ACTIVITY IS LOCATED... field. With the cursor positioned in the SPECIFY AREA IDENTIFIER field, press <F1>.

If your organization has already added strategy areas to the system, a screen listing those areas is displayed:

11/07/07	12:18	STRATEGY SELECTION SCREEN	CDBG-H3
SELECT ONE	STRATEGY ID	STRATEGY NAME	
—	01	TOWER HILL

DO YOU WANT TO ADD A NEW STRATEGY RECORD? (Y/N)    N			
ENTER X TO MAKE YOUR SELECTION			
F3 = VALDT   F4 = MAIN MENU   F7 = PREV			

If the strategy area that you want to select is:

- Listed, type **X** in its SELECT field and press <Enter>. The Strategy Areas screen (see next page) is displayed, where you may update information about the selected area. Press <Enter> again to return to the CDBG06 screen. Notice that the SPECIFY AREA IDENTIFIER field is now populated with the ID of the area you selected.
- Not listed, type **Y** in DO YOU WANT TO ADD A NEW TARGET AREA RECORD? and press <Enter> to display the screen for adding a strategy area. Follow the instructions immediately below for adding a new strategy area.

If your organization has never added an NRSA to the system, the screen for adding a strategy area is displayed when you press <F1> on CDBG06:

11/07/07 12:18	STRATEGY AREAS	CDBG-H4

Field	Description
STRATEGY NAME	Enter the name of the NRSA.
HUD APPROVAL DATE	Enter the date HUD approved the NRSA.
Place an "X" to indicate...	Because all strategy areas are by definition comprehensive, enter <b>X</b> next to COMPREHENSIVE. This screen will be changed to eliminate the revitalization effort types.

When you are finished, press <Enter> to save your data and return to the CDBG06 screen.

# **REPORTING RACE/ETHNICITY DATA FOR ACTIVITIES PROVIDING ACCESS FOR PERSONS WITH DISABILITIES**

---

If you are assisting an eligible activity under the LMC national objective at 570.208(a)(2)(ii) and cannot obtain information on the beneficiaries with disabilities, follow these guidelines for reporting race and ethnicity data on the CDBG08 screen.

HUD has a website with Census data on the number of persons with disabilities, by race and ethnicity, at the Census tract level. The web address is:

<http://www.hud.gov/offices/cpd/systems/census/statempa.cfm>

On this website, select a state. On the next page, scroll down to “Disability by Race & Ethnicity” and click on “Download Excel Spreadsheet.”

Select the data you want by using the Place Name filter arrow in Column K. Once you have selected a place, use data from the following columns:

Column L:	Census tract
Column O:	Number of persons with disabilities in the Census tract
Columns P–U:	Number of persons with disabilities by race
Column V:	Number of persons with disabilities of Hispanic ethnicity

If more than one Census tract is served by the activity, total the columns for the appropriate Census tracts and use those totals to complete the CDBG08 screen.

Note that the data in Column V on persons of Hispanic ethnicity is not broken down by race, which is how the information must be reported on CDBG08. Grantees may use their own judgment in determining how to break down ethnicity by race.

To do so, enter **I** in the Insert/Delete program year field and press <Enter>. The new version of the CDBG08 screen is displayed for you to enter your updates.

### PROJECTS

---

IDIS projects correspond to your Consolidated Plan/Action Plan projects, which describe the work you will be carrying out in the coming program year with the CPD formula funds you are awarded. Each IDIS project is set up under a specific plan year.

Project data may either be entered on-line or submitted to HUD for upload to production IDIS. Any additions or changes to uploaded data must be done on-line.

To access the on-line plan/project functions, select Main Menu option **J** and press <Enter> to display the Plan/Project Menu:

02/09/08 12:24:24	THE INTEGRATED DISBURSEMENT AND INFORMATION SYSTEM	C04MM01
PLAN/PROJECT MENU		
01 ADD PROJECTS		
02 MAINTAIN PROJECTS		
03 ADD PLANS		
04 MAINTAIN PLANS		
TYPE SELECTION AND PRESS ENTER J 00		
F4 = MAIN MENU F7 = PREV		

The menu options are explained below.

### ADD/MAINTAIN PLANS

If your Action Plan project data has been uploaded into IDIS, you will not need to add a record for that plan year. Otherwise, perform the following steps:

1. First check to see if the record for the plan year has already been added. Choose option **04** and press <Enter> to display the Maintain Plan screen. Input the PLAN YEAR and press <Enter>. If data is displayed in the CONTACT fields, the record has already been added. If the message "Plan not updated as none exists!" is displayed instead, continue with step 2.

2. Press <F7> to return to the Plan/Project Menu. Select option **03** and press <Enter> to display the Add Plan screen:

02/09/08	12:26	ADD PLAN	C04MK08
GRANTEE: BOSTON			
UOG CODE: 250282	UOG NUMBER: 00001		
REGIONAL OFFICE: 01	FIELD OFFICE: 01	STATE: MA

FIELD OFFICE CONTACT NAME: _____			
TELEPHONE: ____			
GRANTEE CONTACT NAME: _____			
TELEPHONE: ____			
F1 = HELP F4 = MAIN MENU F6 = CLEAR F7 = PREV F9 = SAVE			

All of the input fields on this screen are required. When you have finished entering the new PLAN YEAR and the contact information, press <Enter> to save your data and display the Plan/Project Menu.

If you try to add a record for an existing plan year, the system makes you fill in the entire screen before informing you that the record cannot be added.

## ADD PROJECTS

On the Plan/Project Menu, select option **01** and press <Enter> to display the first Add Project screen.

### Approving Projects

When a project is added on-line, IDIS assigns it an initial status of OPEN. You must change the status from OPEN to APPROVED before activities can be set up under the project.

To do so, enter **A** in the selection field next to each project you want to approve and press <Enter>. Its PROJECT STATUS is updated to APPROVED. You will now be able to set up activities under the project.

### Updating Projects

All updates to projects are initiated on the Maintain Plan Project screen. The procedure for updating projects—and the data you are allowed to update—depends on (a) whether or not activities have been set up under the project and (b) its current status.

#### Revising Projects with No Activities

- Projects with a status of OPEN do not have activities set up under them. To update an OPEN project, enter **R** (for revise) in its selection field and press <Enter>. The same screens you used to add the project are displayed in revise mode. When you press <Enter> on the last revise screen, the Maintain Plan Project screen is displayed, showing a status of REVISED for the project.

- For APPROVED projects with no activities, perform the following steps:
  - Enter **K** (for revoke) in the selection field and press <Enter>.
  - The project description screen is displayed so you can update the description with an explanation of why approval is being revoked. Press <Enter> to redisplay the Maintain Plan Project screen. The status of the project is now REVOKED.
  - Enter **R** (for revise) in the selection field and press <Enter>. As explained above, the add project screens are displayed in revise mode. Make any updates you like. When the Maintain Plan Project screen is redisplayed, notice that the project status has been changed to REVISED. The next time you access this screen, its status will be OPEN.

### Amending Projects with Activities

To update an APPROVED project that has activities set up under it, enter **M** (for amend) in its selection field and press <Enter>. The Amendment to the Plan Project screen is displayed:

02/09/08 13:13		AMENDMENT TO THE PLAN PROJECT		C04MK05

To update PROJECT TITLE or WILL ANOTHER GRANTEE SETUP ACTIVITIES..., type over the existing data. Enter your updates of matrix code, accomplishment type/number, and estimated program amounts in the AMENDED fields.

When you are finished, press <Enter> to display and update the project description. When you press <Enter> to continue, a project description continuation screen is displayed. Pressing <Enter> once more displays the Maintain Plan Project screen, which now shows a status of AMENDED for the project.

There is no mechanism for viewing the project data you cannot update.
