Official Election Mail Logo

The Official Election Mail logo is a unique registered trademark designed exclusively for inclusion in the design of Official Election Mail. The United States Postal Service® created the logo in cooperation with the Joint Election Official Liaison Committee to help federal, state, and local government election officials carry out their responsibilities under the National Voter Registration Act of 1993. The logo design features an interpretation of the stars and stripes of the American flag, and the words “Official Election Mail,” clearly visible over the designation — “Authorized by the U.S. Postal Service.”

This guide is intended to provide information regarding the proper usage of the Official Election Mail logo in accordance with Postal Service™ rules and regulations, and to ensure mail containing the logo can be processed in an efficient manner. Correct usage of the logo by election officials and the mail service providers that assist them with preparing their Election Mail helps ensure that the intent and credibility of this symbol remain intact.

The Official Election Mail logo should be used on any mailpiece created by or on behalf of, an election official that is mailed to or from a citizen of the United States for the purpose of participating in the voting process. This includes balloting materials, voter registration cards, absentee applications, polling place notifications, and voter reply mail. The logo should be used on qualifying mailpieces in all classes of mail and all processing categories; however, it is not intended to substitute for postage.

When the Official Election Mail logo appears on a mailpiece, voters recognize the mail as important and distinct from partisan mailings. Additionally, the logo serves to identify Official Election Mail for Postal Service workers and distinguish it from the thousands of other mailpieces that are processed daily.

Since this logo is a registered trademark, it is important for election officials to:

- Read and comply with the requirements for its use.
- Contact the Mailing & Shipping Solutions Center (MSSC) between 7:00 AM – 7:00 PM Central Time by emailing MSSCAdmin@usps.gov or calling toll-free at 877-672-0007 (select option 2 for mailing and shipping, then option 2 for MDA). The MDA can help determine how to incorporate the logo into the design of Official Election Mail envelopes.

Conditions of Use

The Postal Service grants a limited license to use the Official Election Mail logo only under the conditions set forth in 1 through 4 of this section. The Postal Service views any use of the logo inconsistent with these conditions as an infringement of its intellectual property rights.

1. This license is granted only to federal, state, and local government voter registration and election officials and any mail service provider chosen by such officials to prepare Election Mail. Use by any other person or entity is not approved or licensed and will be considered an infringement of the rights of the Postal Service. Election officials warrant and represent that these Official Election Mail Graphic Guidelines are provided to any mail service provider preparing Election Mail to ensure the proper use of the Official Election Mail logo.
2. The Official Election Mail logo must be used only on Official Election Mail, mailed under the authority of an election official. The logo may not be used on any partisan mailings or any portion thereof.
3. The Postal Service reserves the right to obtain information about the scope of use, to seek the termination of all unauthorized uses, and to pursue all legal remedies available.
4. Use of the logo must conform strictly to the guidelines set forth in this guide. Placement of the logo on a mailpiece must not interfere with the postage area, address area, return address area, or barcode clear zone.

More information is available about classes of mail, preparation requirements, rules, regulations, and policies on Postal Explorer at <https://pe.usps.com/pe>.

For questions about mailpiece design and placement of the Official Election Mail logo and to receive a current file of the Official Election Mail logo, contact the Mailing & Shipping Solutions Center (MSSC) by either emailing MSSCAdmin@usps.gov or calling toll-free at 877-672-0007 (select option 2 for mailing and shipping, then option 2 for MDA).

Clearance Area – All Uses

For the small, medium, and large logo, use a clearance area of at least 0.25 inch or 1X the height dimension of the words “ELECTION MAIL,” whichever is larger around the entire logo. Do not place other graphics inside the clearance area, this includes the address, postage, and return information. There must also be a clearance area of at least 0.25 inch or 1X the height dimension of the words “ELECTION MAIL,” whichever is larger between the top of the logo and top of the envelope, postcard, or label.

Clearance Area – A minimum 0.25 inch clearance around entire logo, or 1X the height dimension of “ELECTION MAIL” if it exceeds the minimum clearance.

Postage Area

Balloting materials for any election, whether disseminated in hardcopy or electronically, must indicate in a prominent location the proper amount of First-Class Mail® postage that must be applied, except in certain circumstances for balloting materials for military and overseas voters or where postage is prepaid. This information must be included in the balloting materials (i.e., on the ballot, ballot instructions, mailing instructions, or on the envelope) with the marking “First-Class Mail postage must be applied.” Alternatively, the marking “Apply First-Class Mail postage here” could be printed in the upper-right corner of the address side of the envelope used by the voter to return the marked ballot to election officials. The Postal Service will also accept pre-approved variations of the indicia enumerated above.

The marking requirements will not apply to balloting materials that meet one of the following exceptions:

- The balloting materials fall under the special exemptions for military and overseas voters.
- The ballot is returned under Business Reply Mail® service.
- Return postage is guaranteed through a postage due account.
- Postage on the ballot is prepaid by stamp, meter, or Permit Reply Mail.

Placement

On envelopes:

- Place the Official Election Mail logo on the address side of the mailpiece.
- Avoid having the logo encroach upon the address area and the area for the indicia or postage stamp and the exclusion zone (shown in gray in the graphics). The exclusion zone, which establishes a clear area for a USPS cancellation mark, is 1.73 inches in length, with its right edge placed 2.83 inches from the mailpiece's right edge and its bottom edge placed 0.90 inch from the top of the mailpiece.
- Place the logo between the top edge of the envelope and the top edge of the address area.
- Maintain the clearance area around the logo to keep an identification of the mailpiece as it goes through the system. Do not place any text or graphics above the logo.

Exclusion Zone

Except for the indicia and the USPS Facing Identification Mark (FIM), avoid placing graphics or print in the exclusion zone, because they might obscure the legibility of the USPS-applied cancellation mark.
