## SUPPLEMENT TO THE DIRECTORY OF COMMODITIES AND SERVICES

September 1, 1946

This supplement to the Directory of Commodities and Services indicates changes in regulation coverage and in commodity jurisdiction of OPA subdivisions which occurred between December 15, 1945, and September 1, 1946. Instructions for use of the Directory, given in the Introduction to the Directory, apply also to this supplement. In looking up a commodity or service, consult the supplement first. If the item does not appear in the supplement, the entry shown in the Directory has not been changed. The supplement also includes a list of the price regulations which have been amended or revised since the issuance of the December 15, 1945, Directory, plus new regulations and those which are effective subsequent to September 1, 1946. The revision of Part I of the Directory indicates the organizational structure of the Price Department as of September 1, 1946.
