NOTES.

The sum of \$1,200,000 was transferred from the appropriation for "Mexican hostilities," under the direction of the Navy Department, to the same appropriation under direction of the War Department. The amount transferred having been placed to the credit of the appropriation in the Navy Department by repayments during the year, and not by an appropriation, and the transfer, in this statement, having been treated as an appropriation, it was necessary to deduct the sum from the aggregate amount of expenditures in the Navy Department during the year, to make the balance on the 30th of June, 1848, what it should be.

(a) The amount appropriated for "clerks and messenger in the office of the First Auditor of the Treasury," was		19,067 02
From which deduct this sum, transferred to "contingent expenses of same office",		67 02

		<u>\$441,510 92</u>
(c) The amount appropriated in aid of the "marine hospital establishment" for the year ending June 30, 1848, was		12,000 00
The amount received during the same period for "marine hospital money" was		97,989 26
		<u>\$109,989 26</u>
(d) The amount appropriated for "surveying the public lands" was		151,590 00
