Statement of Principles of Internal Revenue Tax Administration

The function of the Internal Revenue Service is to administer the Internal Revenue Code. Tax policy for raising revenue is determined by Congress.

With this in mind, it is the duty of the Service to carry out that policy by correctly applying the laws enacted by Congress; to determine the reasonable meaning of various Code provisions in light of the Congressional purpose in enacting them; and to perform this work in a fair and impartial manner, with neither a government nor a taxpayer point of view.

At the heart of administration is interpretation of the Code. It is the responsibility of each person in the Service, charged with the duty of interpreting the law, to try to find the true meaning of the statutory provision and not to adopt a strained construction in the belief that he is "protecting the revenue." The revenue is properly protected only when we ascertain and apply the true meaning of the statute.

The Service also has the responsibility of applying and administering the law in a reasonable, practical manner. Issues should only be raised by examining officers when they have merit, never arbitrarily or for trading purposes. At the same time, the examining officer should never hesitate to raise a meritorious issue. It is also important that care be exercised not to raise an issue or to ask a court to adopt a position inconsistent with an established Service position.

Administration should be both reasonable and vigorous. It should be conducted with as little delay as possible and with great courtesy and considerateness. It should never try to overreach, and should be reasonable within the bounds of law and sound administration. It should, however, be vigorous in requiring compliance with law and it should be relentless in its attack on unreal tax devices and fraud.

These principles of tax administration were previously published in the Internal Revenue Bulletin as Revenue Procedure 64-22, 1964-1 (Part I) C.B. 689. They are restated here to emphasize their importance to all employees of the Internal Revenue Service.

Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the entire state of facts involved. In those that are based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and confidential information are deleted to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

Cumulative Bulletin 1984-1 is a consolidation of all items of a permanent nature published in the weekly Bulletins 1984-1 through 1984-26 for the period of January 1 through June 30, 1984. It includes a cumulative list of announcements relating to decisions of the Tax Court published in the Internal Revenue Bulletins.

The Internal Revenue Cumulative Bulletin is prepared in three parts as follows:

Part I.—1954 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1954. Arrangement is sequential according to Code and regulations sections. The code section is shown at the top of each page.

Part II.—Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Included in this Part is a list of persons disbarred or suspended from practice before the Internal Revenue Service.

Notice of Proposed Rulemaking

The preambles and text of proposed regulations that were published in the **Federal Register** during this six-month period are printed in this section.

The Bulletin Index-Digest System, a research and reference service supplementing the Bulletin, may be obtained from the Superintendent of Documents on a subscription basis. It consists of four Services: Service No. 1, Income Tax; Service No. 2, Estate and Gift Taxes; Service No. 3, Employment Taxes; Services No. 4, Excise Taxes. Each Service consists of a basic volume and a cumulative supplement that provide (1) finding lists of items published in the Bulletin, (2) digests of revenue rulings, revenue procedures, and other published items, and (3) topical indexes of Public Laws, Treasury Decisions, and Tax Conventions.

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with *modified, below*).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with *amplified* and *clarified*, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in law or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in the new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1954 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, *modified and superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valide portion of the previously published ruling in a new ruling that is self contained. In this case the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.

Abbreviations

The following abbreviations in current use and formerly used will appear in material published in the Bulletin.

A—Individual.
Acq.—Acquiescence.
B.—Individual.
BE—Beneficiary.
BK—Bank.
B.T.A.—Board of Tax Appeals.
C—Individual.
C.B.—Cumulative Bulletin.

Cumulative List of Announcement Relating to Decisions of the Tax Court Published in the Internal Revenue Bulletin from January 1, 1984 thru June 30, 1984

It is the policy of the Internal Revenue Service to announce in the Internal Revenue Bulletin at the earliest practicable date the determination of the Commissioner to acquiesce or not acquiesce in a decision of the Tax Court which disallows a deficiency in tax determined by the Commissioner to be due.

Notice that the Commissioner has acquiesced or nonacquiesced in a decision of the Tax Court relates only to the issue or issues decided adversely to the Government.

Actions of acquiescences in adverse decisions shall be relied on by Revenue officers and others concerned as conclusions of the Service only to the application of the law to the facts in the particular case. Caution should be exercised in extending the application of the decision to a similar case unless the facts and circumstances are substantially the same, and consideration should be given to the effect of new legislation, regulations, and rulings as well as subsequent court decisions and actions thereon.

Acquiescence in a decision means acceptance by the Service of the conclusion reached, and does not necessarily mean acceptance and approval of any or all of the reasons assigned by the court for its conclusions.

No announcements are made in the Bulletin with respect to memorandum opinions of the tax court.

The announcements published in the weekly Internal Revenue Bulletins are consolidated semiannually and annually. The semiannual consolidation appears in the first Bulletin for July and in the Cumulative Bulletin for the first half of the year and the annual consolidation appears in the first Bulletin for the following January and in the Cumulative Bulletin for the last half of the year.

The Commissioner ACQUIESCES in the following decisions:

Gladstone Foundation, J. David[23]	2964-80X	77	221

[1] Acquiescence relating to whether petitioners were members of a controlled group of corporations within the meaning of section 1563(a)(2) of the Code.

[2] Acquiescence relating to whether the Court had jurisdiction of the petitions filed by officers and directors of a dissolved corporation after the period during which applicable state law preserved the capacity of the former officers to act in the corporation's behalf, when the notice of deficiency was mailed to the corporation within the period.

[3] Acquiescence in the issue relating to whether the taxpayers held a contract right to cut for the required hold period thereby entitling them to elect section 631(a) of the Code treatment. Acquiescence in result in the issue relating to what was the fair market value of the timber for section 631(a) purposes. Acquiescence "in result" means acceptance of the Court but disagreement with some or all of the reasons assigned for the decision.

[4] Acquiescence relating to whether petitioner's purported sale of a "forward contract" for foreign currency shortly before the time set for performance but subsequent to the devaluation of the currency resulted in long-term capital gain, short-term capital gains, or ordinary income.

[5] Acquiescence relating to whether Alps Corporation's accumulations for the reasonable needs of the merged corporation were for its own reasonable needs such that the successor corporation (Chaney & Hope) is subject to the accumulated earnings tax pursuant to section 531 of the Code for the period October 1, 1974 through July 31, 1975.

[6] Acquiescence relating to, in purchasing a business, what is the proper method to determine the amount to be allocated to going concern value.

[7] Nonacquiescence published in 1974-2 C.B. 5, relating to whether an estate is eligible, under section 302(c)(2)(A) of the Code, to waive the family attribution rules of section 318(a)(1), is withdrawn and acquiescence is substituted therefore.

[8] Acquiescence in the issues relating to (1) whether losses of $518,000 from the sale of 41,000 shares of stock of Lomas & Nettleton were non-business capital losses to petitioners under section 172(d)(2) of the Code, and (2) whether respondent had borne his burden of proving in the alternative that 1967-1969 gains on the sale of stock of various corporations constituted ordinary income.

[9] Acquiescence in the issues relating to (1) whether petitioner, an automobile dealer, that used the dollar-value LIFO method if inventory valuation may include all new vehicles in a single pool or should include each method line of vehicle in a separate pool, and (2) whether respondent timely raised the issue of whether, assuming petitioner's use of one pool for all new vehicles is proper, petitioner may treat all of its vehicles as a single item for purposes of computing a price index.

[10] Acquiescence in the issues relating to (1) whether petitioners' disposition of one parcel of real property and acquisition of another qualified as a like exchange under section 1031(a) of the Code, and (2) if so, whether petitioners must recognize any gain on the exchange under section 1031(b).

[11] Nonacquiescence published in 1980-1 C.B. 2, relating to whether petitioner's purported sale of a "future sell contract" for foreign currency shortly before the time set for performance but subsequently to the devaluation of the currency resulted in short-term, rather than long-term, capital gain, is withdrawn and acquiescence is substituted therefore.

[12] Acquiescence relating to whether a trust is eligible under section 302(c)(2)(A) of the Code to waive the family attribution rules of section 318(a)(1).

[13] Acquiescence in result in the issues relating to (1) whether petitioner should be allowed to deduct that portion of prepaid intangible drilling costs attributable to work performed in the year of payment in connection with certain footage and daywork drilling contracts and third party well-serving contracts, and (2) whether payments of intangible drilling costs should be deductible in the year paid, when required pursuant to certain turnkey drilling contracts with independent third parties. Acquiescence "in result" means acceptance of the Court but disagreement with some or all of the reasons assigned for the decision.

[14] Acquiescence in result in the issues relating to (1) whether rental payments made by a professional corporation to a Clifford trust established by the sole shareholder for the benefit of his children are ordinary and necessary business expenses of the corporation, and (2) whether the rental payments are taxable to the grantor of the trust rather than the income beneficiaries of the trust. Acquiescence "in result" means acceptance of the Court but disagreement with some or all of the reasons assigned for the decision.

[15] Acquiescence in the issues relating to (1) whether a consent extending the statute of limitations for taxable years 1974, 1975, and 1977 is rendered invalid by respondent's unilateral removal of its application to the year 1977, and (2) whether petitioner is estopped to deny the validity of the altered consent with respect to taxable years 1974 and 1975.

[16] Nonacquiescence published in 1982-1 C.B. 1, relating to whether under section 170(b)(1) of the Code, unreimbursed out-of-

pocket expenses incurred while rendering services to charitable organizations are contributions "to", rather than "for the use of" the charities, is withdrawn and acquiescence is substituted therefore. See Rev. Rul. 84-61, page 39, this Bulletin.

[17] Acquiescence in the issue relating to (1) whether amounts paid under a written separation agreement by a husband to a cooperative apartment corporation for "rent" on an apartment which he owns but which is occupied by his wife free of charge pursuant to the terms of the agreement are deductible by the husband under section 215(a) of the Code, (2) whether amounts paid by the husband under the agreement for repairs on the apartment are deductible by the husband under section 215(a), and (3) whether premiums paid by the husband under the agreement for major medical insurance for the wife and their children were deductible by the husband under section 215(a).

[18] Acquiescence relating to whether the execution of a joint and mutual will between husband and wife providing that a one-half interest in real property held as tenants by the entirety pass immediately to their children upon the death of the first spouse converted the tenancies by the entirety into tenancies in common so that upon the death of the first spouse (wife), the one-half interest passed directly under her will to the children rather than to the surviving spouse by law and then by gift to the children.

[19] Acquiescence relating to whether, where petitioner used professional fund raisers over an extended period to promote and sell commercial advertising distributed to thousands of patrons of petitioner's annually sponsored professional vaudeville show, such activities constitute a nontaxable intermittent activity under section 1.513-1(c)(2)(iii) of the regulations.

[20] Acquiescence relating to whether a controlling shareholder in a subchapter S corporation terminated the subchapter S status of the corporation by failing to consent to that status after transferring one share of stock he owned to himself as custodian under the Uniform Gifts to Minors Act.

[21] Acquiescence relating to whether petitioner trusts may recognize capital losses generated by various stock sales between themselves.

[22] Nonacquiescence relating to whether the total worthlessness in 1966 of the petitioner's stock and his subchapter S corporation's indebtedness to him requires an adjustment to zero of the basis of the stock and the indebtedness, thereby precluding any net operating loss pass-through in 1967 pursuant to section 1374(c)(2) of the Code, or whether the petitioner is entitled to a deduction for his pro rata share of the loss computed with reference to the date of worthlessness of the stock and the debt.

[23] Nonacquiescence relating to whether the Tax Court has jurisdiction of a petition for declaratory judgment where the Service proposed to revoke nonprivate foundation status, the organization filed a protest, and some 900 days thereafter, filed a petition.

Part I. Rulings and Decisions Under the Internal Revenue Code of 1954

Subpart A.—Income Taxes
Chapter 1.—Normal Taxes and Surtaxes
Subchapter A.—Determination of Tax Liability
Part I.—Tax on Individuals

Section 1.—Tax Imposed

26 CFR 1.1-1: Income tax on individuals.

Whether a foster child who is a dependent of a taxpayer qualifies the taxpayer for head of household filing rates. See Rev. Rul. 84-89, below.

Section 2.—Definitions And Special Rules

26 CFR 1.2-2: Definitions and special rules. (Also Sections 1, 152; 1.1-1, 152-1.)

Head of household; foster child. A dependent foster child will qualify a taxpayer for head of household status under section 2(b)(1)(A)(ii) of the Code. However, if the foster child is not a dependent of the taxpayer, the taxpayer will not qualify for head of household status under section 2(b)(1)(A)(i) of the Code.

Rev. Rul. 84-89

ISSUE

Whether a foster child who is a dependent of a taxpayer qualifies the taxpayer for head of household filing rates under section 1(b) of the Internal Revenue Code.

FACTS

During 1983, *A* maintained as *A*'s principal place of abode a household consisting of *A* and *A*'s foster child. *A* provided over half the cost of maintaining such household and over half the cost of the support of the foster child during 1983. *A* was neither married nor a surviving spouse (as defined in section 2(a) of the Code) at the close of *A*'s taxable year.

LAW AND ANALYSIS

Section 2(b)(1)(A) of the Code provides, in part, that an individual may qualify for head of household filing rates under section 1(b) if such individual is not married at the close of that individual's taxable year, is not a surviving spouse (as defined in section 2(a)) and maintains as the individual's home a household that constitutes for such taxable year the principal place of abode, as a member of such household, of:

(i) a son, stepson, daughter, or stepdaughter of the taxpayer, or a descendant of a son or daughter of the taxpayer, but if such son, stepson, daughter, stepdaughter, or descendant is married at the close of the taxable year, only if the taxpayer is entitled to a deduction for the taxable year for such person under section 151, or

(ii) any other person who is a dependent of the taxpayer, if the taxpayer is entitled to a deduction for the taxable year for such person under section 151.

However, Section 2(b)(3)(B)(i) of the Code provides, in part, that a taxpayer shall not be considered to be a head of household by reason of an individual who would not be a dependent for the taxable year but for paragraph (9) of section 152(a).

Section 152(a) of the Code provides that the term "dependent" means any individual described in paragraphs (1) through (9) of section 152(a) and over half of whose support, for the calendar year in which the taxable year of a taxpayer begins, was received from the taxpayer. Section 152(a)(9) generally describes a class of unrelated persons that includes a foster child and provides that an individual (other than an individual who at any time during the taxable year was the spouse of the taxpayer) who, for the taxable year of the taxpayer, has as that individual's principal place of abode the home of the taxpayer and is a member of the taxpayer's household, shall be considered a dependent of the taxpayer.

However, section 152(b)(2) of the Code provides, in part, for purposes of that section, that in determining whether any of the relationships specified in section 152(a) exist, a foster child of an individual (if such child satisfies the requirements of section 152(a)(9) with respect to such individual), shall be treated as a child of such individual by blood. Further, section 1.151-3(a) of the Income Tax Regulations provides that for purposes of section 151(e), 152, and the regulations thereunder, a child is defined to include a foster child of the taxpayer.

Because a foster child is treated the same as a person described in section 152(a)(1) of the Code, i.e., a dependent son or daughter, it cannot be concluded that a foster child would not be a dependent of the taxpayer but for section 152(a)(9). Thus, section 2(b)(3)(B)(i) does not disqualify a taxpayer for head of household status on account of a dependent foster child. Rather, a dependent foster child does qualify a taxpayer for head of household status under section 2(b)(1)(A)(ii) of the Code.

HOLDING

Because the foster child is a dependent of *A*, *A* qualifies for head of household status under section 2(b)(1)(A)(ii) of the Code. However, if the foster child were not a dependent of *A*, *A* would not qualify for head of household status since there is no provision comparable to section 152(b)(2) that would qualify *A* for head of household status under section 2(b)(1)(A)(i).

Part IV.—Credits Against Tax
Subpart A.—Credits Allowable

Section 38.—Investment in Certain Depreciable Property

26 CFR 1.38-1: Investment in certain depreciable property.

Whether a taxpayer who acquires a nonexclusive right to use a master tape sound recording is entitled to claim an investment tax credit with respect to the master tape sound recording. See Rev. Rul. 84-4, page 19.

Section 41.—Contributions to Candidates for Public Office

26 CFR 1.41-1: Credit or deduction for political and newsletter fund contributions-definitions of certain items.

Political contributions; public announcement. The filing of Federal Election Commission Form 2 or a letter containing the information required on Form 2 qualifies as a pub-

lic announcement for purposes of the credit allowed by section 41 of the Code.

Rev. Rul. 84-59

ISSUE

Does the filing of Federal Election Commission (FEC) Form 2 or a letter containing the information required on Form 2 qualify as a public announcement for purposes of the credit allowed by section 41 of the Internal Revenue Code for certain political contributions?

LAW

Section 41 of the Code provides that an individual who makes a contribution or gift of money to a candidate for public office is allowed an income tax credit of one-half of the contribution, up to a maximum of $50 ($100 in the case of a joint return).

Section 41(c)(2)(A) of the Code defines the term "candidate," in part, as an individual who "publicly announces" before the close of the calendar year following the calendar year in which the contribution or gift is made that he or she is a candidate for nomination or election to a federal, state, or local elective public office.

Section 1.41-1(h) of the Income Tax Regulations states that an individual "pubicly announces" that he or she is a candidate by making a positive statement available for media distribution that he or she is seeking nomination or election to a specific elective public office.

Section 432(e)(1) of title 2 U.S.C. (1982) requires that each candidate for federal office (other than the nominee for the office of Vice President) shall designate in writing within 15 days after becoming a candidate, a political committee to serve as the candidate's principal campaign committee. Under 11 CFR section 101.1 (1980), a candidate shall designate his or her principal campaign committee by filing a Statement of Candidacy on FEC Form 2 or by filing a letter containing the information required on Form 2 (the individual's name and address, party affiliation and office sought, the district and state in which federal office is sought, and the name and address of his or her principal campaign committee). The form or letter must be filed in accordance with 11 CFR section 100.19, in the place of filing specified in 11 CFR Part 105. Form 2 or a letter of designation must be made available for public inspection, under the provisions of 2 U.S.C. sections 432(g)(5) and 438(a)(4), within 48 hours after it is filed.

HOLDING

The filing of FEC Form 2 or a letter containing the information required on Form 2 meets the public announcement requirement of section 41(c)(2)(A) of the Code and section 1.41-1(h) of the regulations for purposes of the credit allowed by section 41.

Section 44A.—Expenses for Household and Dependent Care Services Necessary for Gainful Employment

26 CFR 1.44A-1: Expenses for household and dependent care services necessary for gainful employment.

T.D. 7951

TITLE 26.—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Credit for expenses for household and dependent care services necessary for gainful employment

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to the credit for expenses for household and dependent care services necessary for gainful employment. Changes to the applicable tax law were made by the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256]. The regulations provide the public with the guidance needed to comply with the changes to the credit made by the Act.

EFFECTIVE DATE: The amendments are effective for taxable years beginning on or after January 1, 1982.

FOR FURTHER INFORMATION CONTACT: Nerman Dobynes Hubbard of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3297).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On September 8, 1983, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 44A of the Internal Revenue Code of 1954 (48 FR 40528) [LR-214-81, 1983-2 C.B. 728]. The notice of proposed rulemaking published on September 8, 1983 was corrected by a correction notice published in the FEDERAL REGISTER for October 18, 1983 (48 FR 48255). These amendments were proposed to conform the regulations to changes made by section 124(a) through (d) and (f) of the Economic Recovery Tax Act of 1981 (Pub. Law 97-34) [1981-2 C.B. 256]. No public hearing on the proposed amendments was requested and, accordingly, none was held. After consideration of all comments regarding the proposed amendments, those amendments are adopted without change by this Treasury decision. The amendments to the regulations create no new recordkeeping or reporting requirements. Evaluation of the effectiveness of the regulations after issuance will be based on comments received from offices within the Internal Revenue Service, the Treasury Department, other governmental agencies, state and local governments, and the public.

In general, the amendments reflect the modification to section 44A made by the Economic Recovery Tax Act of 1981. The 1981 Act increases the credit from 20% of the employment-related expenses paid by a taxpayer in order to be gainfully employed to 30% of the employment-related expenses for a taxpayer whose adjusted gross income is $10,000 or less, phasing down to 20% where the adjusted gross income is above $28,000. The employment-related expenses on which the credit is based is increased from $2,000 to $2,400 for the care of one qualifying individual and from $4,000 to $4,800 if more than one qualifying individual is involved.

The Act also provides that a taxpayer may take into account employment-related expenses incurred outside the taxpayer's household for the care of a physically or mentally incapacitated dependent (age 15 or over) or spouse of the taxpayer who regularly spends at least eight hours each day in the taxpayer's household. Payment for services provided outside the taxpayer's household for a qualifying individual by a dependent care center are to be taken into account as employment-related expenses only if the center complies with all applicable State and local laws and regulations. A dependent care center is any facility which provides care for more than six individuals (other than residents) and receives a fee, payment, or grant for providing services for any of the individuals. The regulations provide, in general, that in order for a facility to be considered a dependent care center the care provided by the facility for more than six individuals must be on a regular basis during the taxpayer's taxable year. A rebuttable presumption is created when the center has six or less individuals (including the qualifying individual) enrolled on the day the qualifying individual enrolls in the center.

Finally, the Act increases the amount of income deemed to be earned by the taxpayer's spouse who is a full-time student or incapable of self-care from $166 to $200 per month if there is one qualifying individual and from $333 to $400 per month if there is more than one qualifying individual.

PUBLIC COMMENTS

One comment objected to the use of a taxpayer's adjusted gross income as a means of determining the applicable percentage of employment-related expenses to be taken into account for purposes of calculating the allowable credit. It was suggested that the applicable percentage be based on the lesser of the taxpayer's or spouse's earned income. Since the use of adjusted gross income is prescribed by the Code, the regulations cannot be amended in the manner suggested in the comment.

Another comment suggested that the ceiling on employment-related expenses on which the credit is based be changed from $2,400 for one qualifying individual and $4,800 for two or more qualifying individuals to $2,400 for each and every qualifying individual. This suggestion was not adopted because section 44A(d) of the Code specifies the maximum amount of employment-related expenses which may be taken into account for purposes of the credit.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that a Regulatory Impact Analysis under Executive Order 12291 is not required because this final rule is not a major legislative rule within the meaning of the April 29, 1983 agreement between the Treasury Department and OMB. The Internal Revenue Service has concluded that the final regulations contained herein are interpretative and that the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, these final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

DRAFTING INFORMATION

The principal author of these final regulations is Nerman Dobynes Hubbard of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 1 is amended as follows:

Paragraph 1. Section 1.44A-1 is amended by revising paragraph (a)(2), by revising paragraph (c)(4), by redesignating subparagraphs (5) and (6) of paragraph (c) as subparagraphs (6) and (7), respectively, and inserting a new subparagraph (5), to read as follows:

§1.44A-1 Expenses for household and dependent care services necessary for gainful employment.

(a) *In general.****

(2) Section 44A allows a credit against the tax imposed by chapter 1 of the Code to an individual who maintains a household (within the meaning of paragraph (d) of this section) which includes as a member one or more qualifying individuals (as defined in paragraph (b) of this section). The amount of the credit is equal to the applicable percentage of the employment-related expenses (as defined in paragraph (c) of this section) paid by the individual during the taxable year (but subject to the limits prescribed in §1.44A-2(a)). However, the credit cannot exceed the tax imposed by chapter 1, reduced by the sum of the allowable credits enumerated in section 44A(b). The term "applicable percentage" means 30 percent reduced by 1 percentage point for each $2,000 (or fraction thereof) by which the taxpayer's adjusted gross income for the taxable year exceeds $10,000, but in no event shall the percent be less than 20 percent. Thus, for example, if a taxpayer's adjusted gross income is over $10,000, but less than $12,000.01, the applicable percentage is 29 percent. (For

expenses incurred in taxable years beginning before January 1, 1982, the applicable percentage is a flat 20 percent).

* * * * *

(c) *Employment-related expenses.* ***

(4) *Services outside the taxpayer's household.* The credit is allowed under section 44A with respect to employment-related expenses incurred for services performed outside the taxpayer's household only if those expenses are incurred for the care of—

(i) One or more qualifying individuals who are described in paragraph (b)(1)(i) of this section; or

(ii) One or more qualifying individuals (as to expenses incurred for taxable years beginning after December 31, 1981) who are described in paragraph (b)(1)(ii) or (iii) of this section and who regularly spend at least 8 hours each day in the taxpayer's household.

(5) *Dependent care centers.* The credit is allowed under section 44A with respect to employment-related expenses incurred in taxable years beginning after December 31, 1981, for services provided outside the taxpayer's household by a dependent care center only if—

(i) The center complies with all applicable laws and regulations of a State or unit of local government (*e.g.*, State or local requirements for licensing, if applicable, and building and fire Code regulations); and

(ii) The requirement provided in paragraph (c)(4)(i) or (ii) of this section is met.

The term "dependent care center" means any facility that provides full-time or part-time care for more than six individuals (other than residents of the facility) on a regular basis during the taxpayer's taxable year, and receives a fee, payment, or grant for providing services for any such individuals (regardless of whether such facility is operated for profit). For purposes of the preceding sentence, a facility will be presumed to provide full-time or part-time care for six or less individuals on a regular basis during the taxpayer's taxable year if the facility has six or less individuals (including the qualifying individual) enrolled for full-time or part-time care on the day the qualifying individual is enrolled in the facility (or on the first day of the taxable year the qualifying individual attends the facility in the case where the individual was enrolled in the facility in the preceding taxable year) unless the Internal Revenue Service demonstrates that the facility provides full-time or part-time care for more than six individuals on a regular basis during the taxpayer's taxable year.

(6) *Allocation of expenses.* ***

(7) *Illustrations.* ***

* * * * *

Par. 2. Section 1.44A-2 is amended by revising paragraph (a) and by revising subparagraphs (3)(i) and (4) of paragraph (b) to read as follows:

§1.44A-2 Limitations on amount creditable.

(a) *Annual dollar limit on amount creditable.* The amount of the employment-related expenses incurred during any taxable year which may be taken into account under §1.44A-1(a) cannot exceed—

(1) $2,400 ($2,000 in the case of expenses incurred in taxable years beginning before January 1, 1982) if there is one qualifying individual with respect to the taxpayer at any time during the taxable year, or

(2) $4,800 ($4,000 in the case of expenses incurred in taxable years beginning before January 1, 1982) if there are two or more qualifying individuals with respect to the taxpayer at any one time during the taxable year.

For example, a calendar year taxpayer whose only qualifying individual reaches age 15 on April 1, 1982, is subject for 1982 to the entire annual dollar limit of $2,400, without proration of the $2,400 limit. However, only expenses incurred prior to the child's 15th birthday may be employment-related expenses.

(b) *Earned income limitation.* ***

(3) *Special rule for spouse who is a student or incapable of self-care.* (i) For purposes of this section, a spouse is deemed for each month during which the spouse is a full-time student or is a qualifying individual described in §1.44A-1(b)(1)(iii), to be gainfully employed and to have earned income of not less than—

(A) $200 ($166 for taxable years beginning before January 1, 1982) if there is one qualifying individual with respect to the taxpayer at any one time during the taxable year, or

(B) $400 ($333 for taxable years beginning before January 1, 1982) if there are two or more qualifying individuals with respect to the taxpayer at any one time during the taxable year.

However, in the case of any husband and wife, this subparagraph shall apply with respect to only one spouse for any one month.

* * * * *

(4) *Illustrations.* The application of this paragraph may be illustrated by the following examples:

Example (1). During the 1982 taxable year, A, a married taxpayer, incurs and pays employment-related expenses of $4,000 for the care of a qualifying individual. A's earned income for the taxable year is $20,000 and his wife's earned income is $1,500. Under these circumstances, the amount of employment-related expenses for the year which may be taken into account under §1.44A-1(a) is $1,500, determined as follows:

Employment-related expenses incurred during taxable year ($4,000, but limited to $2,400 by paragraph (a)(1) of this section) $2,400
Application of paragraph (b)(1)(ii) of this section (employment-related expenses may not exceed wife's earned income of $1,500) $1,500
Employment-related expenses taken into account $1,500

Example (2). Assume the same facts as in example (1) except that A's wife is a full-time student for nine months of the taxable year and earns no income for the year. Under these circumstances, the amount of employment-related expenses for the year which may be taken into account under §1.44A-1(a) is $1,800, determined as follows:

Employment-related expenses incurred during taxable year ($4,000, but limited to $2,400 by paragraph (a)(1) of this section) $2,400
Application of paragraph (b)(3) of this section [employment-related expenses may not exceed wife's earned income of $1,800 (200 × 9)] $1,800
Employment-related expenses taken into account $1,800

Par. 3. Paragraph (b) of §1.44A-4 is amended by revising examples (1) and (3) to read as follows:

§1.44A-4 Other special rules relating to employment-related expenses.

* * * * *

(b) *Expenses qualifying as medical expenses.* ***

Example (1). In 1982, a calendar year taxpayer incurs and pays $5,000 of employment-related expenses during the taxable year for the care of his child when the child is physically incapable of self-care. These expenses are incurred for services performed in the taxpayer's household and are of a nature which qualify as medical expenses under section 213. The taxpayer's adjusted gross income for the taxable year is $100,000. Of the total expenses, the taxpayer may take $2,400 into account under section 44A; the balance of the expenses, or $2,600, may be treated as medical expenses to which section 213 applies. However, this amount does not exceed 3 percent of the taxpayer's adjusted gross income for the taxable year and is thus not allowable as a deduction under section 213.

* * * * *

Example (3). In 1982, a calendar year taxpayer incurs and pays $12,000 of employment-related expenses during the taxable year for the care of his child. These expenses are incurred for services performed in the taxpayer's household, and they also qualify as medical expenses under section 213. The taxpayer's adjusted gross income for the taxable year is $18,000. The taxpayer takes $2,400 of such expenses into account under section 44A. The balance, or $9,600, he treats as medical expenses for purposes of section 213. The allowable deduction under section 213 for the expenses is limited to the excess of the balance of $9,600 over $540 (3 percent of the taxpayer's adjusted gross income of $18,000), or $9,060.

(This Treasury decision is issued under the authority contained in section 44A(g) and 7805 of the Internal Revenue Code of 1954 (90 Stat. 1565, 26 U.S.C. 44A(g); 68A Stat. 917, 26 U.S.C. 7805).)

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved March 13, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on April 26, 1984, 8:45 a.m., and published in the issue of the Federal Register for April 27, 1984, 49 F.R. 18090)

Section 44C.—Residential Energy Credit

26 CFR 1.44C-2: Definitions.

Residential energy credit; passive solar system. Passive solar heating system components, whose sole purpose is to use or transmit solar radiation, qualify for the residential energy credit; other parts with a dual function do not qualify for the credit.

Rev. Rul. 84-34

ISSUE

What components of the passive solar heating system described below qualify for the residential energy credit.

FACTS

The taxpayer builds a lean-to addition onto the taxpayer's principal residence. The lean-to addition is a glass and metal enclosure (solarium) approximately 15 feet long, 8 feet wide and 8 feet high, with a sloping glass roof that attaches to the south wall of the dwelling. The first floor of the dwelling is approximately 3 feet above grade level and the floor of the solarium is constructed at the same level. To support both the solarium floor and its structure, a concrete foundation is built on the three sides. The floor of the solarium is covered with a dark colored ceramic tile. The space under the floor is converted into a heat storage area being completely lined with 2-inch thick rigid insulation and containing barrels filled with water. A duct has been provided to allow warm air from the storage area to flow through the wall of the original dwelling into the basement. This duct is equipped with a damper to regulate the flow of air and is connected to the return air pleum of the conventionally fueled house furnace. A sliding glass patio door is located between the residence and the solarium. An air louver is also installed in the original house wall into the solarium to allow cooler air to return to the solarium. All the glass areas of the solarium can be shaded by close fitting roll-up movable insulation. Grates in the solarium floor are connected to the ducts. The solarium also has closable vents in the walls near the floor and in the roof for ventilation. The dampers and vents are thermostatically controlled so that air can flow from the solarium into the heat storage area and back into the solarium, or from the solarium through the heat storage area and into the conventional heat distribution duct system of the house and back into the solarium. The solarium heating system can also be disconnected from the house duct system and directly ventilated to and from the outside.

The solarium is furnished with patio type chairs, a table and plants for decoration. The room is sometimes used as a sitting room.

LAW AND ANALYSIS

Section 1.44C-2(f)(3) of the Income Tax Regulations provides that in order to qualify as a passive solar heating system the system must contain all of the following: a solar collection area, an absorber, a storage mass, a heat distribution method, and heat regulation devices. A solar collection area is an expanse of transparent or translucent material that is positioned in such a manner that rays of the sun directly strike the absorber. An absorber is a surface such as a floor which converts solar radiation into heat and transfers the heat to a storage mass. A storage mass is material that receives and holds heat from the absorber and later releases heat to the interior of the dwelling. The storage mass must be located so that it is capable of distributing the stored heat directly to the habitable areas of the dwelling through a heat distribution method. The heat distribution method allows the release of heat by radiation or convection from the storage mass through airflow paths by openings or ducts to the habitable areas of the dwelling. Heat regulation devices are shading or venting mechanisms, to control the amount of solar heat admitted through solar collection areas and nighttime insulation to control the amount of heat permitted to escape.

Section 1.44C-2(f)(4) of the regulations provides that to the extent that a passive or active solar system utilizes portions of the structure of a residence, only materials and components whose sole purpose is to transmit or use solar radiation are included within the term "solar energy proper-

ty". Accordingly, materials and components that serve a dual purpose, e.g. are structural components of the dwelling, are not included in the term "solar energy property". For example, windows (including clerestories and skylights) and greenhouses do not qualify as solar energy property. Any shading, venting and heat distribution mechanisms or storage systems that do not have a dual function will qualify.

In order for any part of a passive solar heating system to qualify, the system must have the five features enumerated in section 1.44C-2(f)(3) of the regulations. The glass in the lean-to structure constitutes the solar collection area; the ceramic tile floor is an absorber, the barrels of water under the floor are the heat mass, the grates, ducts, louvers and thermostatic controls are part of the heat distribution system; the movable insulation and the vents in the walls and roof of the solarium are heat regulation devices. Thus, the system installed by the taxpayer meets the definition of a passive solar heating system and those parts that do not have a dual function are eligible for the residential energy credit.

Because the lean-to solarium adds a usable habitable area to the house, it is considered a dual function device, being both a part of the solar system and a structural component of the dwelling. Thus, the concrete foundation, all the glass area, which are windows or skylights, the rest of the structural parts of the lean-to, the floor including the ceramic tile, and the sliding patio door are all structural components of the dwelling that do not qualify because they have a dual function.

However, other parts of the passive solar heating system whose sole purpose is to transmit or use solar radiation do qualify. These parts consist of the water barrels in the heat storage area, the insulation for the heat storage area, louvers and grates, thermostatic controls, all duct work to the point it meets the conventional house duct work, and the special movable insulation for the glass area.

HOLDING

The system described is a passive solar heating system as defined in section 1.44C-2(f)(3) of the regulations. Parts of such a system whose sole purpose is that of transmitting or using solar radiation qualify for the residential energy credit. Other parts that have a dual function do not qualify for the credit even though they are required to meet the definition of such a system.

---

26 CFR 1.44C-2: Definitions.

Residential energy credit; installation of leased solar hot water system. The cost of the installation of a leased solar domestic hot water system does not qualify for the residential energy credit under section 44C of the Code.

Rev. Rul. 84-63

ISSUE

Is a taxpayer eligible for the residential energy credit on an expenditure for the installation of a solar domestic hot water system that the taxpayer leases?

FACTS

The taxpayer leases a solar domestic hot water heater from Company *A*. In addition to the normal monthly lease payments, Company *A* charged the taxpayer a fee of $50*x* for installing the equipment.

LAW AND ANALYSIS

Section 44C(a) of the Code allows a residential energy credit for qualified renewable energy source expenditures.

Section 1.44C-2(b) of the Income Tax Regulations provides that the term renewable energy source expenditures means an expenditure made by a taxpayer for renewable energy source property (as defined in section 1.44C-2(e)), or for labor costs properly allocable to the onsite preparation, assembly or original installation of such property. The term renewable energy source expenditures does not include the cost of maintenance of an installed system or the cost of leasing renewable energy source property.

Section 1.44C-2(e)(1) of the regulations defines the term "renewable energy source property" to include solar energy property.

Section 1.44C-2(f)(1) of the regulations provides that the term "solar energy property" means equipment and materials of a solar energy system (and parts solely related to the functioning of such equipment) that when installed in connection with a building transmits or uses solar energy to heat or cool the dwelling or provide hot water for use within a dwelling.

A solar domestic hot water system is renewable energy source property as defined in section 1.44C-2(e) of the regulations. The cost of leasing renewable energy source property is not a renewable energy source expenditure under section 1.44C-2(b). Installation costs are only allowed if properly allocable to the renewable energy property. The installation costs, however, must be incurred by the taxpayer in connection with property that qualifies for the credit. Because the leased renewable energy source property does not qualify for the credit, any installation costs associated with the leased property also do not qualify for the credit.

HOLDING

The taxpayer is not eligible for the residential energy credit on an expenditure for the installation of a solar domestic hot water system that the taxpayer leases.

Subpart B.—Rules for Computing Credit for Investment in Certain Depreciable Property

Section 46.—Amount of Credit

26 CFR 1.46-3: Qualified investment.

Investment credit; first placed in service; solid waste disposal facility. A solid waste disposal facility was first placed in service for investment credit purposes on the date it became operational, although it was

not able to operate at its rated capacity. Rev. Rul. 79-98 clarified.

Rev. Rul. 84-85

ISSUE

Has the facility described below been "placed in service" within the meaning of section 1.46-3(d) of the Income Tax Regulations even though it is not able to operate at its rated capacity?

FACTS

X, a corporation, constructed a solid waste disposal facility to produce energy from solid waste. The facility is designed to (1) shred the solid waste to a uniform size; (2) separate the combustible materials in the shredded waste from the non-combustible materials; (3) separate, magnetically, the ferrous metal from the non-combustible waste (for recycling); and (4) use the combustible materials as boiler fuel for the production of steam. Steam is sold to *P* for distribution through *P*'s existing steam distribution system.

Soon after construction was completed in early 1981, start-up of the facility began. In April, all the boilers of the facility, which are designed primarily to burn the fuel derived from solid waste but are equipped to burn fuel oil, began producing steam, which *X* delivered to *P*'s distribution system. The initial production was from fuel oil. *X* began shredding solid waste in June, and one of the three boilers was first fired on the fuel derived from waste in July. The first steam produced from solid waste was supplied to *P* on August 20. As of September 30, 1981, all components of the facility were, or had been, in operation, and the facility was producing saleable steam. The facility was experiencing operational problems, however, and was processing solid waste and producing steam at well below its rated capacity.

LAW AND ANALYSIS

Section 38 of the Code allows a credit against federal income tax for qualified investment in section 38 property, and under section 46(c) the credit is allowable in any taxable year in which new or used section 38 property is placed in service.

Section 1.46-3(d)(1) of the Income Tax Regulations provides that for purposes of the investment tax credit, property shall be considered placed in service in the earlier of the following taxable years: (i) the taxable year in which, under the taxpayer's depreciation practice, the period for depreciation with respect to such property begins; or (ii) the taxable year in which the property is placed in a condition or state of readiness and availability for a specifically assigned function.

Section 1.46-3(d)(2)(iii) of the regulations provides that equipment acquired by a taxpayer for a specifically assigned function in a taxpayer's trade or business that is operational but is undergoing testing to eliminate any defects is considered to be in a condition or state of readiness and availability for a specifically assigned function.

Rev. Rul. 76-256, 1976-2 C.B. 46, states that a coalfired electric generating unit was in a condition or state of readiness or availability for a specifically assigned function when the necessary permits and licenses had been approved, the critical tests for the various components were completed, synchronization was achieved, and daily operation of the unit had begun, notwithstanding that the generating unit would undergo further testing to eliminate any defects.

Similarly, Rev. Rul. 76-428, 1976-2 C.B. 47, states that a nuclear electric generating unit was fully operational and "placed in service" on December 23, 1975, even though it was still undergoing testing to eliminate any defects and to demonstrate reliability.

Rev. Rul. 79-98, 1979-1 C.B. 103, states that a nuclear electric generating unit was placed in service on the date it became operational, rather than the date the taxpayer formally accepted the unit from the contractor. Although the revenue ruling states that the unit was able to operate at its rated capacity without failure, this fact is not considered to be a prerequisite for operational status; consistent with Rev. Ruls. 76-256 and 76-428, it is only a fact demonstrative of operational status.

In this case, all three boiler units of the facility were producing steam from processed waste as of September 30, 1981. Although the facility was experiencing operational problems and was not able to operate at its rated capacity, it was being operated on a regular basis and saleable steam was being produced. Thus, the facility was operational on September 30, 1981.

HOLDING

The recovery property that makes up the subject facility was placed in service for investment credit purposes by September 30, 1981.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 79-98, 1979-1 C.B. 103, is clarified. The determination of when a facility is placed in service is not necessarily dependent on whether the facility is able to operate at its rated capacity.

Limitations on the amount of credit in the case of regulated investment companies and real estate investment trusts. See T.D. 7936, page 162.

Section 48.—Definitions, Special Rules

26 CFR 1.48-1: Definition of section 38 property.

Investment credit; privately-owned dam used in the production of electricity for a manufacturing operation. The reconstructed portion of a dam that provides water pressure for the generation of hydroelectric power that is used to operate machinery in taxpayer's textile manufacturing mill is "section 38 property."

Rev. Rul. 84-40

ISSUE

Whether the reconstructed portion of a dam that provides water pressure for the generation of hydroelectric power that is used to operate machinery in taxpayer's textile manufacturing mill is "section 38 property" within the meaning of section 48(a)(1)(B) of the Internal Revenue Code.

FACTS

The taxpayer is in the business of manufacturing various types of cloth fabrics. The textile mill is located adjacent to a river over which a dam has been constructed to provide water pressure for the production of hydroelectric power. The hydroelectric generating equipment is owned by the taxpayer and was installed to generate electricity for the textile machinery used in the manufacturing activity. A portion of the dam was washed out by a sudden rise in the water level due to heavy spring rains and the rapid melting of snow and ice. In the same taxable year, the taxpayer rebuilt the dam. While the dam was being rebuilt, the mill was run entirely on power purchased from the local utility. The qualification of the capitalized cost of reconstructing the dam for the investment tax credit is the subject matter of this ruling.

LAW AND ANALYSIS

Section 38 of the Code allows a credit against Federal income tax for qualified investment in "section 38 property". The determination of what property qualifies as "section 38 property" is made in accordance with section 48.

Section 48(a)(1) of the Code defines the term "section 38 property" to include (A) "tangible personal property" and (B) "other tangible property" (not including a building and its structural components) used as an integral part of manufacturing, production or other specified activities. The term "section 38 property" includes recovery property (within the meaning of section 168 without regard to any useful life) and any other property with respect to which depreciation is allowable and having a useful life determined at the time such property is placed in service of 3 years or more.

Section 1.48-1(c) of the Income Tax Regulations provides that the term "tangible personal property" means any tangible property except land and improvements thereto, such as buildings or other inherently permanent structures. The term includes all property (other than structural components) which is contained in or attached to a building and all property which is in the nature of machinery (other than structural components of a building or other inherently permanent structure) even though located outside a building.

Section 1.48-1(d)(1) of the Income Tax Regulations provides that other tangible property (but not including a building and its structural components) used as an integral part of manufacturing, production, or extraction, or used as an integral part of furnishing transportation, communications, electrical energy, gas, water, or sewage disposal services by a person engaged in a trade or business of furnishing such service may qualify as section 38 property.

Section 1-48-1(d)(2) of the regulations defines the terms "manufacturing", and "production" for purposes of the credit allowed by section 38. Section 38 property would include, for example, property used as an integral part of the fabrication or treatment of textiles.

Section 1.48-1(d)(4) of the regulations provides that property is used as an integral part of one of the specified activities if it is used directly in the activity and is essential to the completeness of the activity. Thus, for example, in determining whether property is used as an integral part of manufacturing, all properties used by the taxpayer in acquiring or transporting raw materials or supplies to the point where the actual processing commences (such as docks, railroad tracks, and bridges), or in processing raw materials into the taxpayer's final product, would be considered property used as an integral part of manufacturing.

Rev. Rul. 81-120, 1981-1 C.B. 20, concludes that a deep well constructed as part of a disposal system for liquid waste generated by an acid production process is used as an integral part of the manufacturing activity within the meaning of section 1.48-1(d)(4) of the regulations. Even though the waste products discharged into the deep well are not reused, the well is essential to the manufacturing process and used directly in the activity.

Rev. Rul. 73-420, 1973-2 C.B. 9, concludes that tailings disposal dams, constructed by a mining company to dispose of waste materials from its concentrator, qualify as "section 38 property" because they are an integral part of taxpayer's mineral extraction activity. When filled, the dams will be abandoned.

Rev. Rul. 72-96, 1972-1 C.B. 67, concludes that a reservoir, including a dam structure, roadway, and preparation of the reservoir site, constructed by an electric utility for use with a steam turbine generating plant is depreciable and is "other tangible property" for investment credit purposes.

Rev. Rul. 71-555, 1971-2 C.B. 65, concludes that roadways within a manufacturing complex that are devoted solely to truck traffic and those used regularly by trucks in transporting raw materials, supplies, and finished and semi-finished products, are used directly in, and are essential to, the completeness of the taxpayer's manufacturing activity and therefore, qualify, as "section 38 property." However, roadways that provide solely for employee and visitor vehicle traffic are not an integral part of the manufacturing activity and do not qualify.

Taxpayer's dam qualifies as section 38 property if it is other tangible property used as an integral part of manufacturing or production under section 48(a)(1)(B)(i) of the Code and section 1.48-1(d) of the regulations. Docks, railroad tracks, bridges (sec-

tion 1.48-1(d)(4)), roadways (Rev. Rul. 71-555), tailings disposal dams (Rev. Rul. 73-420), and deep wells (Rev. Rul. 81-120) are viewed as integral parts of a qualifying activity when used in the manner described. Although other alternatives may have been available to taxpayers in the situations described above, qualification of the property as "section 38 property" is dependent solely upon whether the property is an integral part of the described activity. In each situation, the test is whether the property is used directly in the activity and essential to the manufacturing process.

Here, the hydroelectric power generated by the dam provided the electricity used to operate the textile machinery. The taxpayer's final product was dependent on a proximate, dependable and uninterrupted source of electricity, and the dam was constructed specifically to be used in the textile manufacturing process. The dam was used directly in the manufacturing activity and was essential to its completeness. Thus, taxpayer's dam is an integral part of the textile manufacturing activity.

HOLDING

The reconstructed portion of a dam that provides water pressure for the generation of hydroelectric power that is used to operate machinery in taxpayer's textile manufacturing mill is "section 38 property" within the meaning of section 48(a)(1)(B) of the Internal Revenue Code.

26 CFR 1.48-1: Definition of section 38 property.

Investment credit; structures used for storage; reasonably adapted to other uses. A structure that is used for the bulk storage of a fungible commodity, but can be reasonably adapted to other uses, is a building and is not section 38 property. Rev. Rul. 71-359 modified.

Rev. Rul. 84-60

ISSUE

Is a structure that is constructed and used for the bulk storage of a fungible commodity but that can be reasonably adapted to other uses section 38 property for purposes of the investment tax credit?

FACTS

The taxpayer's structure, which was constructed for the storage of grain, is 200 feet long and 70 feet wide, with two large sliding doors at each end. The structure encloses a flat, unobstructed concrete floor. The side walls are reinforced concrete from the base to a height of 5 feet with steel siding extending 22 feet from the top of the concrete to the roof. A beam is in place under the roof to support a device used to unload the grain. The taxpayer uses the structure in connection with the cultivation of the soil for the bulk storage of grain. Although the structure can be reasonably adapted to other uses, the taxpayer does not plan to change the use of the structure at this time. The structure is recovery property as described in section 168(c) of the Internal Revenue Code and was placed in service in 1981.

LAW AND ANALYSIS

Section 38 of the Internal Revenue Code of 1954 allows a credit against Federal income tax for qualified investment in section 38 property. The determination of what qualifies as section 38 property is made in accordance with the rules provided in section 48.

Section 48(a)(1)(B) of the Code defines section 38 property to include other tangible property (not including a building and its structural components) if the property is used in connection with a qualifying activity for the bulk storage of fungible commodities.

Section 1.48-1(d)(1) of the Income Tax Regulations provides, in part, that in addition to "tangible personal property," any other tangible property (but not including a building or its structural components) that constitutes a research or a storage facility, used in connection with any of the activities specified therein, may qualify as section 38 property.

Section 1.48-1(d)(5)(i) of the regulations states that if property (other than a building and its structural components) constitutes a research or storage facility and if it is used in connection with a qualifying activity, such property may qualify as section 38 property even though it is not used as an integral part of such activity. Examples of storage facilities include oil and gas tanks and grain storage bins.

Section 1.48-1(e)(1) of the regulations provides that buildings and structural components thereof do not qualify as section 38 property and defines the term "building" generally as a structure or edifice enclosing a space within its walls and usually covered by a roof, the purpose of which is to provide shelter or housing, or to provide working, office, parking, display, or sales space. The term "building" includes such structures as apartment houses, factory and office buildings, warehouses, barns, garages, railway or bus stations, and stores.

Rev. Rul. 66-89, 1966-1 C.B. 7, gives examples of farm improvements that may qualify as section 38 property. Example 5 concerns storage facilities and states that if property (other than a building and its structural components) is a storage facility used in farming such as the cultivation of the soil or the raising of livestock and if the facility cannot be reasonably adapted to other uses, it qualifies as "other tangible property" within the meaning of section 48(a)(1) of the Internal Revenue Code, regardless of whether it is a temporary or a permanent facility. The ruling states that typical storage facilities on farms include grain storage bins, corn cribs and silos and that such structures are to be distinguished from farm buildings that do not qualify as section 38 property, such as barns, stables, etc.

In *Monk & Co., Inc. v. United States*, 686 F.2d 1058 (4th Cir. 1982), taxpayer, a tobacco exporter, built a plant in which to store and process tobacco. Included in the plant was a

large green storage room used to recieve, re-grade, and store tobacco. In claiming an investment credit for the cost of the structure attributable to the storage room, taxpayer argued that the green room did not function as a building but rather was a facility for the bulk storage of fungible commodities and was thus eligible for the credit under section 48(a)(1)(B)(iii). The court found that first a determination must be made whether the structure is a building. The court stated that to resolve the question whether a structure is a building or a storage facility it is appropriate to focus on whether the structure provides alternate uses. If a structure can only be used to store one type of commodity and has no other feasible use, it does not function as a building. Applying that test, the court concluded that taxpayer's structure was ineligible for the credit because the room was adaptable to other uses.

Section 48(a)(1)(B) of the Code permits a structure to qualify as section 38 property if it is not a building and constitutes a facility used in connection with a qualifying activity for the bulk storage of a fungible commodity. Section 1.48-1(e)(1) of the regulations defines the term "building" and states that buildings do not qualify as section 38 property.

Whether a structure is reasonably adaptable to other uses is determined, on a case-by-case basis, by the degree of specialization of the structure, by the amounts of space available for alternative uses, the economic cost required to convert the facility from one use to another, and the feasibility of other uses. The structure in the instant case has a floor, walls, is covered by a roof and has the appearance of a building. It can be used to store more than one type of commodity, or can be adapted to other uses. Therefore, the structure is a building and does not qualify for the investment tax credit.

HOLDING

The structure, which is used for the bulk storage of a fungible commodity but can be reasonably adapted to other uses, is a building and is not "section 38 property."

EFFECT ON OTHER DOCUMENTS

Rev. Rul. 71-359, 1971-2 C.B. 61, concludes that certain peanut storage facilities qualify for the investment tax credit even though the taxapyer was not engaged in the business of growing peanuts. No mention is made of the requirement that the facilities cannot be reasonably adaptable to other uses.

Rev. Rul. 71-359 is modified to state that the structures described in the revenue ruling will qualify as section 38 property only if they cannot be reasonably adapted to other uses.

26 CFR 1.48-1: Definition of section 38 property.

T.D. 7927

TITLE 26.—INTERNAL REVENUE CHAPTER I, SUBCHAPTER A, PART 1.—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Amortization of Reforestation Expenditures

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to an election under which taxpayers may amortize up to $10,000 of qualified reforestation expenditures over a seven-year period. Changes to the applicable tax law were made by the Recreational Boating Safety and Facilities Improvement Act of 1980 [Pub. L. 96-451, 1980-2 C.B. 485] and the Subchapter S Revision Act of 1982 [Pub. L. 97-354, 1982-2 C.B. 702]. These regulations provide guidance to taxpayers who make expenditures to pay for planting or seeding areas for forestation or reforestation purposes. In addition, a clerical change is being made to the regulations under section 121 of the Internal Revenue Code of 1954 (Code), relating to the exclusion of gain on the sale of a personal residence.

DATES: Generally, the regulations are effective for qualifying reforestation expenditures added to capital accounts after December 31, 1979. The amendments made by the Subchapter S Revision Act of 1982 are effective for taxable years beginning after December 31, 1982.

FOR FURTHER INFORMATION CONTACT: Robert B. Coplan of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention CC:LR:T) 202-566-3287, not a toll-free call.

SUPPLEMENTARY INFORMATION

BACKGROUND

On March 15, 1983, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under sections 48, 62, 194, and 1245 of the Code (48 FR 10860). The proposed regulations included as a portion thereof, temporary regulations which were published in the Rules and Regulations portion of the same issue of the FEDERAL REGISTER (48 FR 10816). The amendments were proposed to conform the regulations to section 301 of the Recreational Boating Safety and Facilities Improvement Act of 1980 (94 Stat. 1989) [1980-2 C.B. 485, 486]. The amendments contained in this document also conform the regulations to section 3(g)(1) and (2) of the Subchapter S Revision Act of 1982 (96 Stat. 1689) [1982-2 C.B. 702, 712]. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury decision.

CHANGES IN REGULATIONS IN RESPONSE TO COMMENTS

The proposed regulations have been clarified in three areas in response to a comment. First, §1.48-1(p) has been clarified to provide that

if a taxpayer incurs more than $10,000 of qualifying reforestation expenditures in connection with more than one qualified timber property, and an election to amortize such costs under section 194 is made, the allocation of the $10,000 limitation among such properties which is selected by the taxpayer under §1.194-2(b)(2) shall be controlling for purposes of determining which expenditures are eligible for the investment credit. Section 1.48-1(p) also provides that if the taxpayer does not elect to amortize reforestation costs under section 194, for purposes of the investment credit, the taxpayer may select the timber properties to which the $10,000 limitation is to be allocated.

Second, §1.46-3(d)(2) is revised to clarify that, for purposes of the investment credit, qualified reforestation expenditures will be considered to be in a condition or state of readiness and availability for a specifically assigned function (*i.e.*, placed in service) in the year in which the expenditures are incurred. This rule will eliminate any question as to when such property is considered to have been placed in service in those cases in which the taxpayer does not elect to amortize costs under section 194.

Finally, the example in §1.245(h)(2) is expanded in the final regulations to clarify how long a taxpayer must wait to dispose of timber property in order to avoid recapturing the amortization deductions claimed under section 194. The example, as revised, provides that amortization deductions attributable to reforestation expenditures incurred in 1981 will not be recaptured under section 1245 so long as the property to which the expenditures are attributable is not disposed of prior to 1992.

S CORPORATIONS

Section 1.194-2(b)(6) of the final regulations clarifies that, for taxable years beginning after December 31, 1982, the rules limiting both a partnership and each partner to $10,000 in amortizable expenditures each year, apply to S Corporations and their shareholders, as well.

CLERICAL AMENDMENT

A clerical amendment is being made to §1.121-4(c) of the regulations (relating to the exclusion of gain on the sale of a residence), in order to provide that the statement filed under such section may be filed with either the Internal Revenue Service Center with which the original election was filed, the Service Center nearest the taxpayer, or the taxpayer's local Internal Revenue office. This liberalizing change conforms the regulations to previously published IRS publications. This change applies to sales or exchanges after July 26, 1978, in taxable years ending after such date.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirement of 5 U.S.C. 553 did not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

PAPERWORK REDUCTION ACT

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved at OMB.

DRAFTING INFORMATION

The principal author of this regulation is Robert B. Coplan of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations both on matters of substance and style.

Adoption of amendments to the regulations

Accordingly, 26 CFR Parts 1 and 15b are amended as follows:

Paragraph 1. Section 1.46-3 is amended by adding a new paragraph (d)(2)(iv) immediately after paragraph (d)(2)(iii), thereof, and by revising paragraph (e)(4) to read as follows:

§1.46-3 Qualified Investment.

* * * * *

(d) ***

(2) ***

(iv) Reforestation expenditures (as defined in §1.194-3(c)) are incurred during the taxable year in connection with qualified timber property (as defined in §1.194-3(a)).

* * * * *

(e) *Estimated useful life*—***

(4) *Useful life of property subject to amortization*—(i) *In general.* In the case of property with respect to which amortization in lieu of depreciation is allowable, the term over which amortization deductions are taken shall be considered as the estimated useful life of such property.

(ii) *Qualified timber property.* In the case of qualified timber property (within the meaning of section 194(c)(1)), the normal growing period of such property shall be considered its estimated useful life.

* * * * *

Par. 2. Section 1.48-1 is amended by revising the first sentence of paragraph (b)(1) and by adding a new paragraph (p) in the appropriate place as follows:

§1.48-1 Definition of section 38 property.

* * * * *

(b) *Depreciation allowable.* (1) Property (with the exception of property described in section 48(a)(1)(F) and paragraph (p) of this section) is not section 38 property unless a deduction for depreciation (or amortization in lieu of depreciation) with respect to such property is allowable to the taxpayer for the taxable year. ***

* * * * *

(p) *Qualified timber property.* (1) Qualified timber property (within the meaning of section 194(c)(1)) shall be treated as section 38 property to the extent of the portion of the basis of such property which is the amortizable basis (as defined in §1.194-3(b)) acquired during the taxable year and taken into account under section 194 (after applying the limitation of section 194(b)(1). Such amortizable basis shall qualify as section 38 property whether or not an election is made under section 194. However, any portion of such amortizable basis which is attributable to property which otherwise qualifies as section 38 property shall not be treated as section 38 property under section 48(a)(1)(F) and this paragraph. For example, amortizable basis attributable to depreciation on equipment would not qualify as section 38 property under this paragraph if such equipment qualifies as section 38 property under sections 48(a)(1)(A) or (B). In determining the portion of amortizable basis which qualifies as section 38 property under this paragraph, the reduction in amortizable basis to account for depreciation sustained with respect to property used in the reforestation process (which otherwise qualifies as section 38 property) shall be applied before the $10,000 limitation on eligible costs under section 194(b)(1). For example, if in a taxable year a taxpayer incurs qualifying reforestation costs resulting in $12,000 of amortizable basis with respect to property for which an election is in effect, and $2,000 of these costs are attributable to depreciation of the taxpayer's equipment, such $12,000 would first be reduced by the $2,000 of depreciation, and the $10,000 limitation under section 194(b)(1) would be applied following such reduction.

(2) If a taxpayer makes an election to amortize reforestation expenditures under section 194, and allocates the $10,000 limitation among more than one property under §1.194-2(b)(2), then such allocation shall apply for purposes of determinng the amortizable basis that qualifies as section 38 property under paragraph (p)(1) of this section. If no election is made under section 194, the taxpayer may select the manner in which the $10,000 limitation is to be allocated among the qualified timber properties.

Par. 3. Section 1.62-1(c) is amended by changing the periods at the end of paragraphs (c)(15) and (16) to semicolons, and by adding a new paragraph (c)(17) to read as set forth below:

§1.62-1 Adjusted gross income.

* * * * *

(c) ***

(17) The deduction allowed by section 194 for the amortization of reforestation expenditures.

Par. 4. The third sentence of §1.121-4(c) is amended by removing the phrase "the district director with whom the election was filed", and inserting in lieu thereof, "either the Internal Revenue Service Center with which the election was filed, the Internal Revenue Service Center nearest the taxpayer at the time the statement is filed, or the taxpayer's local Internal Revenue office".

Par. 5. New §§1.194-1 through 1.194-4 are added in the appropriate place to read as follows:

§1.194-1 Amortization of reforestation expenditures.

(a) *In general.* Section 194 allows a taxpayer to elect to amortize over an 84-month period, up to $10,000 of reforestation expenditures (as defined in §1.194-3(c)) incurred by the taxpayer in a taxable year in connection with qualified timber property (as defined in §1.194-3(a)). The election is not available to trusts. Only those reforestation expenditures which result in additions to capital accounts after December 31, 1979 are eligible for this special amortization.

(b) *Determination of amortization period.* The amortization period must begin on the first day of the first month of the last half of the taxable year during which the taxpayer incurs the reforestation expenditures. For example, the 84-month amortization period begins on July 1 of a taxable year for a calendar year taxpayer, regardless of whether the reforestation expenditures are incurred in January or December of that taxable year. Therefore, a taxpayer will be allowed to claim amortization deductions for only six months of each of the first and eighth taxable years of the period over which the reforestation expenditures will be amortized.

(c) *Recapture.* If a taxpayer disposes of qualified timber property within ten years of the year in which the amortizable basis was created and the taxpayer has claimed amortization deductions under section 194, part or all of any gain on the disposition may be recaptured as ordinary income. See section 1245.

§1.194-2 Amount of deduction allowable.

(a) *General rule.* The allowable monthly deduction with respect to reforestation expenditures made in a taxable year is determined by dividing the amount of reforestation expenditures made in such taxable year (after applying the limitations of paragraph (b) of this section) by 84. In order to determine the total allowable amortization deduction for a given month, a taxpayer should add the monthly amortization deductions computed under the preceding sentence for qualifying expenditures made by the taxpayer in the taxable year and the preceding seven taxable years.

(b) *Dollar limitation*—(1) *Maximum amount subject to election.* A taxpayer may elect to amortize up to $10,000 of qualifying reforestation expenditures each year under section 194. However, the maximum amortizable amount is $5,000 in the case of a married individual (as defined in section 143) filing a separate return. No carryover or carryback of expenditures in excess of $10,000 is permitted. The maximum annual amortization deduction for expenditures incurred in any taxable year is $1,428.57 ($10,000/7). The maximum deduction in the first and eighth taxable years of the amortization period is one-half that amount, or $714.29,

because of the half-year convention provided in §1.194-1(b). Total deductions for any one year under this section will reach $10,000 only if a taxpayer incurs and elects to amortize the maximum $10,000 of expenditures each year over an 8-year period.

(2) *Allocation of amortizable basis among taxpayer's timber properties.* The limit of $10,000 on amortizable reforestation expenditures applies to expenditures paid or incurred during a taxable year on all of the taxpayer's timber properties. A taxpayer who incurs more than $10,000 in qualifying expenditures in connection with more than one qualified timber property during a taxable year may select the properties for which section 194 amortization will be elected as well as the manner in which the $10,000 limitation on amortizable basis is allocated among such properties. For example, A incurred $10,000 of qualifying reforestation expenditures on each of four properties in 1981. A may elect under section 194 to amortize $2,500 of the amount spent on each property, $5,000 of the amount spent on any two properties, the entire $10,000 spent on any one property, or A may allocate the $10,000 maximum amortizable basis among some or all of the properties in any other manner.

(3) *Basis*—(i) *In general.* Except as provided in paragraph (b)(3)(ii) of this section, the basis of a taxpayer's interest in qualified timber property for which an election is made under section 194 shall be adjusted to reflect the amount of the section 194 amortization deduction allowable to the taxpayer.

(ii) *Special rule for trusts.* Although a trust may be a partner of a partnership, income beneficiary of an estate, or (for taxable years beginning after December 31, 1982) shareholder of an S corporation, it may not deduct its allocable share of a section 194 amortization deduction allowable to such partnership, estate, or S corporation. In addition, the basis of the interest held by the partnership, estate, or S corporation in the qualified timber property shall not be adjusted to reflect the portion of the section 194 amortization deduction that is allocable to the trust.

(4) *Allocation of amortizable basis among component members of a controlled group.* Component members of a controlled group (as defined in 1.194-3(d)) on a December 31 shall be treated as one taxpayer in applying the $10,000 limitation of paragraph (b)(1) of this section. The amortizable basis may be allocated to any one such member or allocated (for the taxable year of each such member which includes such December 31) among the several members in any manner, provided that the amount of amortizable basis allocated to any member does not exceed the amount of amortizable basis actually acquired by the member in the taxable year. The allocation is to be made (1) by the common parent corporation if a consolidated return is filed for all component members of the group, or (2) in accordance with an agreement entered into by the members of the group if separate returns are filed. If a consolidated return is filed by some component members of the group and separate returns are filed by other component members, then the common parent of the group filing the consolidated return shall enter into an agreement with those members who do not join in filing the consolidated return allocating the amount between the group filing the return and the other component members of the controlled group who do not join in filing the consolidated return. If a consolidated return is filed, the common parent corporation shall file a separate statement attached to the income tax return on which an election is made to amortize reforestation costs under section 194. See §1.194-4. If separate returns are filed by some or all component members of the group, each component member to which is allocated any part of the deduction under section 194 shall file a separate statement attached to the income tax return in which an election is made to amortize reforestation expenditures. See §1.194-4. Such statement shall include the name, address, employer identification number, and the taxable year of each component member of the controlled group, a copy of the allocation agreement signed by persons duly authorized to act on behalf of those members who file separate returns, and a description of the manner in which the deduction under section 194 has been divided among them.

(5) *Partnerships*—(i) *Election to be made by partnership.* A partnership makes the election to amortize qualified reforestation expenditures of the partnership. See section 703(b).

(ii) *Dollar limitations applicable to partnerships.* The dollar limitations of section 194 apply to the partnership as well as to each partner. Thus, a partnership may not elect to amortize more than $10,000 of reforestation expenditures under section 194 in any taxable year.

(iii) *Partner's share of amortizable basis.* Section 704 and the regulations thereunder shall govern the determination of a partner's share of a partnership's amortizable reforestation expenditures for any taxable year.

(iv) *Dollar limitation applicable to partners.* A partner shall in no event be entitled in any taxable year to claim a deduction for amortization based on more than $10,000 ($5,000 in the case of a married taxpayer who files a separate return) of amortizable basis acquired in such taxable year regardless of the source of the amortizable basis. In the case of a partner who is a member of two or more partnerships that elect under section 194, the partner's aggregate share of partnership amortizable basis may not exceed $10,000 or $5,000, whichever is applicable. In the case of a member of a partnership that elects under section 194 who also has separately acquired qualified timber property, the aggregate of the member's partnership and nonpartnership amortizable basis may not exceed $10,000 or $5,000, whichever is applicable.

(6) *S corporations.* For taxable years beginning after December 31, 1982, rules similar to those contained in paragraph (b)(5)(ii) and (iv) of this

section shall apply in the case of S corporations (as defined in section 1361(a)) and their shareholders.

(7) *Estates.* Estates may elect to amortize in each taxable year up to a maximum of $10,000 of qualifying reforestation expenditures under section 194. Any amortizable basis acquired by an estate shall be apportioned between the estate and the income beneficiary on the basis of the income of the estate allocable to each. The amount of amortizable basis apportioned from an estate to a beneficiary shall be taken into account in determining the $10,000 (or $5,000) amount of amortizable basis allowable to such beneficiary under this section.

(c) *Life tenant and remainderman.* If property is held by one person for life with remainder to another person, the life tenant is entitled to the full benefit of any amortization allowable under section 194 on qualifying expenditures he or she makes. Any remainder interest in the property is ignored for this purpose.

Approved by the Office of Management and Budget under control number 1545-0735.

§1.194-3 Definitions.

(a) *Qualified timber property.* The term "qualified timber property" means property located in the United States which will contain trees in significant commercial quantities. The property may be a woodlot or other site but must consist of at least one acre which is planted with tree seedlings in the manner normally used in forestation or reforestation. The property must be held by the taxpayer for the growing and cutting of timber which will either be sold for use in, or used by the taxpayer in, the commercial production of timber products. A taxpayer does not have to own the property in order to be eligible to elect to amortize costs attributable to it under section 194. Thus, a taxpayer may elect to amortize qualifying reforestation expenditures incurred by such taxpayer on leased qualified timber property. Qualified timber property does not include property on which the taxpayer has planted shelter belts (for which current deductions are allowed under section 175) or ornamental trees, such as Christmas trees.

(b) *Amortizable basis.* The term "amortizable basis" means that portion of the basis of qualified timber property which is attributable to reforestation expenditures.

(c) *Reforestation expenditures—*

(1) *In general.* The term "reforestation expenditures" means direct costs incurred to plant or seed for forestation or reforestation purposes. Qualifying expenditures include amounts spent for site preparation, seed or seedlings, and labor and tool costs, including depreciation on equipment used in planting or seeding. Only those costs which must be capitalized and are included in the adjusted basis of the property qualify as reforestation expenditures. Costs which are currently deductible do not qualify.

(2) *Cost-sharing programs.* Any expenditures for which the taxpayer has been reimbursed under any governmental reforestation cost-sharing program do not qualify as reforestation expenditures unless the amounts reimbursed have been included in the gross income of the taxpayer.

(d) *Definitions of controlled group of corporations and component member of controlled group.* For purposes of section 194, the terms "controlled group of corporations" and "component member" of a controlled group of corporations shall have the same meaning assigned to those terms in section 1563(a) and (b), except that the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" each place it appears in section 1563(a)(1).

§1.194-4 Time and manner of making election.

(a) *In general.* Except as provided in paragraph (b) of this section, an election to amortize reforestation expenditures under section 194 shall be made by entering the amortization deduction claimed at the appropriate place on the taxpayer's income tax return for the year in which the expenditures were incurred, and by attaching a statement to such return. The statement should state the amounts of the expenditures, describe the nature of the expenditures, and give the date on which each was incurred. The statement should also state the type of timber being grown and the purpose for which it is being grown. A separate statement must be included for each property for which reforestation expenditures are being amortized under section 194. The election may only be made on a timely return (taking into account extensions of the time for filing) for the taxable year in which the amortizable expenditures were made.

(b) *Special rule.* With respect to any return filed before March 15, 1984, on which a taxpayer was eligible to, but did not make an election under section 194, the election to amortize reforestation expenditures under section 194 may be made by a statement on, or attached to, the income tax return (or an amended return) for the taxable year, indicating that an election is being made under section 194 and setting forth the information required under paragraph (a) of this section. An election made under the provisions of this paragraph (b) must be made not later than,

(1) The time prescribed by law (including extensions thereof) for filing the income tax return for the year in which the reforestation expenditures were made, or

(2) March 15, 1984, whichever is later. Nothing in this paragraph shall be construed as extending the time specified in section 6511 within which a claim for credit or refund may be filed.

(c) *Revocation.* An application for consent to revoke an election under section 194 shall be in writing and shall be addressed to the Commissioner of Internal Revenue, Washington, D.C. 20224. The application shall set forth the name and address of the taxpayer, state the taxable years for which the election was in effect, and state the reason for revoking the election. The application shall be

signed by the taxpayer or a duly authorized representative of the taxpayer and shall be filed at least 90 days prior to the time prescribed by law (without regard to extensions thereof) for filing the income tax return for the first taxable year for which the election is to terminate. Ordinarily, the request for consent to revoke the election will not be granted if it appears from all the facts and circumstances that the only reason for the desired change is to obtain a tax advantage.

Approved by the Office of Management and Budget under control number 1545-0735.

Par. 6. Section 1.1245-4 is amended by adding new paragraphs (g) and (h) at the end thereof to read as follows:

§1.1245-4 Exceptions and limitations.

* * * * *

(g) [Reserved]

(h) *Timber property subject to amortization under section 194*—(1) *In general.* For purposes of section 1245(a)(2), in determining the recomputed basis of property with respect to which a deduction under section 194 was allowed for any taxable year, a taxpayer shall not take into account amortization deductions claimed under section 194 to the extent such deductions are attributable to the amortizable basis (within the meaning of section 194(c)(2)) of the taxpayer acquired before the tenth taxable year preceding the taxable year in which gain with respect to the property is recognized.

(2) *Example.* The principles of paragraph (h)(1) of this section are illustrated by the following example:

Example. Assume A owns qualified timber property (as defined in section 194(c)(1)) with a basis of $30,000. In 1981, A incurs $12,000 of qualifying reforestation expenditures and elects to amortize the maximum $10,000 of such expenses under section 194. The $10,000 of deductions are taken during the 8-year period from 1981 to 1988. If A sells the property in 1990 for $60,000 a gain of $28,000 ($60,000—adjusted basis of $32,000) is recognized on the sale. Since the sale took place within 10 years of the taxable year in which the reforestation expenditures were made, $10,000 of the gain is treated as ordinary income, and the remaining $18,000 of gain would be capital gain, if it otherwise qualifies for capital gain treatment. In order to avoid ordinary income treatment of the gain attributable to the reforestation expenditures incurred in 1981, A would have to wait until 1992 to dispose of the property.

Par. 7. 26 CFR Part 15b is removed.

This Treasury decision is issued under the authority contained in sections 194 (94 Stat. 1989; 26 U.S.C. 194) and 7805 (68A Stat. 917; 26 U.S.C. 7805) of the Internal Revenue Code of 1954.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 2, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

26 CFR 1.48-4: Election of lessor of new section 38 property to treat lessee as purchaser. (Also Sections 38, 6659; 1.38-1.)

Investment credit; master tape sound recording. A taxpayer who acquires a nonexclusive right to use a master tape sound recording is not entitled to claim an investment credit with respect to the master tape sound recording.

Rev. Rul. 84-4

ISSUE

Is a taxpayer entitled to claim the investment tax credit with respect to a master tape sound recording, under the circumstances described below?

FACTS

In 1981 *X*, a newly-formed corporation, acquired all right, title, and interest in and to the use of master tape sound recordings of musical performances or songs by various groups. The rights acquired included those necessary for the preparation and sale of tapes and records made by using the master tape sound recordings. The rights and the master tape sound recordings for singles were purchased for 160*x* dollars each, and those for albums were purchased for 250*x* dollars each.

In the promotional materials *X* represented that it would lease the right to use the master tape sound recordings for the production and sale of records or tapes of the musical performance. Under the purported lease, the use of the master tape sound recording was to be nonexclusive and limited to the United States for a period of 8 years. The "lease" provides that the lessee is obligated to pay a fixed amount (8*x* dollars for a single and 16*x* dollars for an album) and 50 percent of the lessee's net proceeds from the production and sale of the records or tapes, up to a stated maximum amount.

According to the promotional materials, no tapes or records of the musical production have been released anywhere in the world, and an investment tax credit is available based on the amount paid by *X* to acquire the use of the master tape sound recording. *X* agreed to pass the investment tax credit through to the lessee in accordance with the provisions of section 48(d)(1) of the Internal Revenue Code. *X*, however, retained the right to use the master tape sound recording or a duplicate in the production and sale of tapes or records. *X* also retained the right to assign nonexclusive rights to other persons.

A, an individual, entered into an agreement with *X* whereby *X* purportedly leased to *A* the right to use the master tape sound recording in the production and sale of records for one album. *A* used the master tape in the process of making records that were sold beginning in 1981. On *A*'s 1981 federal income tax return, *A* claimed an investment credit with respect to the master tape sound recording in the amount of 25*x* dollars (10 percent of 250*x* dollars).

LAW AND ANALYSIS

Section 38 of the Code allows a credit against federal income tax for qualified investment in "section 38 property" as defined in section 48. Section 48(a)(1)(A) defines "section

38 property" to include only recovery property or property which is depreciable and has a useful life of 3 years or more.

Section 48(d)(1) of the Code allows the lessor of certain new "section 38 property" to elect to treat the lessee as having acquired the property of an amount equal to its fair market value at the time of the lease.

The agreement between *X* and *A*, although described as a lease, is in fact a license. *X* paid 250*x* dollars for the rights to the master tape. *X* then assigned a nonexclusive license to *A* to use the master within the United States, and *X* retained the right to exploit the recording itself both within and without the United States or to assign any rights in the master to a third party. Thus, it is possible that commercial exploitation of the master can be done simultaneously by a number of people at different locations, foreign and domestic. The distinction between a lease and license, as traditionally expressed, is that a lease is a conveyance of exclusive possession of specific property, for a term less than that of the grantor. 3 M. Friedman, *Friedman on Leases*, section 37.1 at 1259 (1978).

Section 48(d)(1) of the Code allows a lessor to elect to treat the lessee as the purchaser of the property. This section does not apply to nonexclusive licenses in which the assignor has retained rights to use the property simultaneously and to make additional assignments of those rights to others. Therefore, *A* cannot claim any investment tax credit pursuant to *X*'s election under section 48(d)(1).

Further, the facts may demonstrate that the amount on which the investment tax credit was computed exceeds 150 percent of the fair market value of the master tape sound recording. In such a situation, *A* may be subject to the additional tax under section 6659 of the Code equal to a certain percentage of the underpayment of tax attributable to the valuation overstatement.

HOLDING

A may not claim the investment tax credit with respect to the master tape sound recording.

---

26 CFR 1.48-9: Definition of energy property.

Investment credit; energy property; recycling equipment; rendering process. Equipment acquired for use in a rendering process to produce commercial products from carcasses or animal parts is not recycling equipment that qualifies for the energy investment credit.

Rev. Rul. 84-64

ISSUE

Is equipment acquired by the taxpayer for use in a rendering process to produce commercial products from carcasses or animal parts, such as fat, bone, offal, and feathers, "recycling equipment" within the meaning of sections 48(l)(2)(A)(iv) and 48(l)(6) of the Internal Revenue Code of 1954 and section 1.48-9(g) of the Income Tax Regulations for purposes of the energy investment credit?

FACTS

The taxpayer is in the business of rendering. Rendering is the processing of animal carcasses and parts such as fat, offal, bone, and feathers into commercial products such as tallow, grease, and meat, bone or feather meal. On a regular basis, the taxpayer collects fat, bone trimmings, meat scraps, feathers, bone, and offal from a variety of sources including butcher shops, supermarkets, restaurants, poultry processors, slaughter houses, and meat packing plants. In addition, federal and state agriculture and public health departments work closely with the rendering industry to provide prompt collection services for fallen animals that have been accidentally killed or have died of old age. The market value of the material collected by renderers is limited to its value as a raw material for the rendering process.

The taxpayer's process consists essentially of the following four basic steps: (1) the animal parts, bones, offal, scraps, etc., are crushed and ground; (2) the ground material is heated or "cooked" to evaporate the moisture, melt the fat present in the material, and condition the animal fibrous tissue; (3) the melted fat is separated from the solid proteinaceous material; and (4) the fat is clarified and the solid proteinaceous material is ground and screened. The rendering process is accomplished without adding any additional materials to the animal parts. During 1982, the taxpayer purchased and installed equipment for a new continuous type rendering process at a new plant site. The new equipment represents an increase in the taxpayer's total rendering capacity.

LAW AND ANALYSIS

Section 48(l)(2)(A)(iv) of the Code defines the term "energy property" as including "recycling equipment."

Section 48(l)(6) of the Code defines "recycling equipment" as any equipment which is used exclusively to sort and prepare solid waste for recycling, or any equipment used exclusively in the recycling of solid waste.

Section 1.48-9(g)(1) of the regulations defines recycling equipment as equipment used exclusively to sort and prepare, or recycle, solid waste (other than animal waste) to recover usable raw materials ("recovery equipment") or to convert solid waste (including animal waste) into fuel or other useful forms of energy ("conversion equipment"). Recycling equipment may include certain other onsite related equipment.

Section 1.48-9(g)(1) of the regulations specifically excludes from the term "recovery equipment" any equipment used to sort and prepare, or recycle animal waste. As used in connection with recovery equipment, the term "animal waste" includes the remains or parts of dead animals, the type of waste material collected and used in the rendering industry. Thus, equipment used in rendering is not recovery equipment under the regulation.

Section 1.48-9(g)(1) of the regulations includes in the term "conver-

sion equipment" equipment used exclusively to convert solid waste into fuel or other useful forms of energy. However, the taxpayer's rendering process does not convert solid waste into fuel or other useful forms of energy, but produces commercial products from solid waste. Thus, the equipment used in the taxpayer's rendering process is not conversion equipment.

HOLDING

The equipment acquired by the taxpayer for use in a rendering process to produce commercial products from carcasses or animal parts, such as fat, bone, offal, and feathers, is not "recycling equipment" within the meaning of sections 48(l)(2)(A)(iv) and 48(l)(6) of the Code and section 1.48-9(g) of the regulations and, therefore, does not qualify for the energy investment credit.

26 CFR 1.61-2: Compensation for services, including fees, commissions, and similar items.

Charity-payee; religious order; vow of poverty; member's outside earnings remitted to order. Amounts received by a member of a religious order, who has taken vows of poverty and obedience, from the member's private practice as a psychologist are includible in the member's gross income.

Rev. Rul. 84-13

ISSUE

Are amounts received by *A*, a member of a religious order who has taken vows of poverty and obedience, as compensation from *A*'s private practice as a psychologist includible in *A*'s gross income under section 61 of the Internal Revenue Code?

FACTS

A is a member of a religious order who, as a condition of membership in the order, has taken vows of poverty and obedience by which all claims to earnings from personal industry are renounced. The purposes of the order are teaching, sacred ministry, and missionary and charitable works.

A obtained permission from the order to establish a private practice as a psychologist. The order, except for the approval of *A*'s yearly budget, concerning estimated income and expenses for the practice, imposes no restrictions concerning whom *A* may counsel in *A*'s private practice or the manner in which *A* must operate the practice.

A's practice is not restricted to members of *A*'s religious order. *A* provides individual and group counseling services for members of religious orders and for non-members. *A* selects clients, establishes and charges competitive fees, maintains all records and pays all expenses.

ANALYSIS

Section 61 of the Code provides that gross income means all income from whatever source derived, including compensation for services.

Rev. Rul. 77-290, 1977-2 C.B. 26, holds that when a member of a religious order receives income as an agent of the order, such income is the income of the order and not of the member.

Rev. Rul. 76-323, 1976-2 C.B. 18, holds that in order for a member of a religious order to be considered as performing services constituting the exercise of duties required by such order, the services must be of the type that are ordinarily the duties of members of the order and must be performed by the member as part of the duties for or on behalf of the religious order. Ordinarily, a member is performing services as the agent of the religious order only if the order is engaged in the performance of the services as a principal.

Rev. Rul. 79-132, 1979-1 C.B. 62, holds that the vow of poverty does not cause the member to be considered an agent; rather, an agency relationship is established when it appears, based on all the facts and circumstances, that the payor of the income is looking directly to the order, rather than to the individual member, for the performance of the services.

It is the basic principle of income tax law that an assignment or similar transfer of compensation for personal services to another individual or entity is ineffectual to relieve the taxpayer of tax liability on such compensation, regardless of the motive behind the transfer. See *Lucas v. Earl*, 281 U.S. 111 (1930); *Helvering v. Horst*, 311 U.S. 112 (1940), 1940-2 C.B. 206; *Helvering v. Eubank*, 311 U.S. 122 (1940), 1940-2 C.B. 209.

A received permission from the order to establish a private practice as a psychologist and counsels members of religious orders as well as nonmembers. Although there is an annual review of *A*'s budget by the order, *A* controls not only the details of *A*'s practice but also the means by which *A*'s work as a psychologist is accomplished. *A*'s private practice as a psychologist does not make *A* an agent of the religious order. The psychology services provided by *A* are not the type of services that are provided by the order, and *A*'s clients look directly to *A* and not to the reli-

gious order for the performance of the services offered by *A*. The income earned or received by *A* as a psychologist is earned or received in *A*'s individual capacity. *A* selects clients, establishes and charges competitive fees, maintains all records and pays all expenses. See Rev. Ruls. 76-323, 77-290, and 79-132. Thus, the fact that *A*, pursuant to the vows of poverty, must turn over *A*'s income to the order is immaterial. See, *McGahen v. Commissioner*, 76 T.C. 468 (1981); *Kelly v. Commissioner*, 62 T.C. 131 (1974).

HOLDING

For federal income tax purposes, *A* is required, under section 61 of the Code, to include in *A*'s gross income the fees derived from *A*'s private practice as a psychologist.

Part II.—Items Specifically Included in Gross Income

Section 74.—Prizes and Awards

26 CFR 1.74-1: Prizes and awards.

Exclusion from gross income; awards. An award in the form of annual payments measured by the age or retirement income of the recipient is excludable from gross income under section 74(b) of the Code as long as the award is made in recognition of achievement in one of the categories listed in section 74(b).

Rev. Rul. 84-9

ISSUE

Whether an award in the form of annual payments measured by the age or retirement income of the award recipient is excludable from gross income under section 74(b) of the Internal Revenue Code in the situations below?

FACTS

The *X* foundation, an organization exempt from income tax under section 501(c)(3) of the Code and a private foundation within the meaning of section 509(a), established a program under which two types of awards are granted to individuals for religious, charitable, scientific, educational, artistic, literary, or civic achievements. Under the program, potential recipients of an award are recommended to a selection committee by nominators, a diversified group of individuals in many fields of endeavor. The identity of the nominators is unknown to the general public from which the potential award recipients are selected. Nominators are responsible for providing the selection committee with detailed information concerning the achievement of a nominee.

The selection committee, which includes members of *X*'s board of directors, selects and recommends to the full board of directors the most outstanding candidates among the individuals nominated. The selection is based on the individual's achievements in the religious, charitable, scientific, educational, artistic, literary, or civic fields. An award will not be given to any individual because of the individual's employment relationship with any particular institution.

SITUATION (1)

X grants an award in the form of annual payments for a period of 10 years. The amount of the award per year depends on the age of the recipient. The older the recipient is, the greater the annual payments.

SITUATION (2)

X grants an award to an individual at or near retirement age. The award is in the form of annual payments for the lifetime of the recipients in the amount of $50x$ dollars per year less the recipient's annual retirement income.

In both situations the awards are designed to give recipients freedom from financial responsibility so that they may direct their creativity and energy to whatever effort they freely choose. The awards are irrevocable and the recipients are not required to perform any future services to receive them.

LAW AND ANALYSIS

Section 74(b) of the Code and section 1.74-1(b) of the Income Tax Regulations provide that gross income does not include amounts received as prizes and awards made primarily in recognition of religious, charitable, scientific, educational, artistic, literary, or civic achievement, but only if, (1) the recipient was selected without any action on the recipient's part to enter the contest or proceeding; and (2) the recipient is not required to render substantial future services as a condition to receiving the prize or award.

Section 74(b) of the Code does not limit the manner of payment of an award or the method of calculating the amount of the award amount, but requires that the award be made in recognition of an achievement set forth in that section. Paying the award over a period of 10 years or for the recipient's life merely establishes the mode of payment and calculating

the extent of the award on the age or retirement income of the recipient is considered as merely a measure of the amount of the award, as long as the award itself is in fact made primarily in recognition of achievement in one of the categories listed in section 74(b).

HOLDING

The awards in the form of annual payments measured by the age or retirement income of the award recipient made by *X* in situations (1) and (2) are not includible in the gross incomes of the award recipients under section 74(b) of the Code.

Section 79.—Group-Term Life Insurance Purchased for Employees

26 CFR 1.79-1: Group-term life insurance—in general.

T.D. 7924

TITLE 26.—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER B, PART II.—ITEMS SPECIFICALLY INCLUDED IN GROSS INCOME

Group-Term Life Insurance Uniform Premium Table

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations which revise the uniform premium table used to calculate the cost of group-term life insurance coverage provided to an employee by an employer. This revision is necessary because the existing uniform premium table is based on outdated mortality experience. These regulations provide guidance to employers who must use the uniform premium table to calculate the cost of group-term life insurance coverage in excess of $50,000 provided to and includible in the gross income of their employees.

DATE: The uniform premium table prescribed in this regulation is effective for group-term life insurance coverage provided after December 31, 1982.

FOR FURTHER INFORMATION CONTACT: Lou Ann Craner of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, D.C. 20224, Attention CC:LR:T, 202-566-3935 not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On July 6, 1983, the Federal Register published proposed amendments to the uniform premium rates used in determining the cost of group-term life insurance [LR-258-82, 1983-2 C.B. 769]. In response to the notice of proposed rulemaing, 104 comments were received. On October 20, 1983, a public hearing was held.

Section 79 requires an employee to include in gross income the cost of group-term life insurance coverage in excess of $50,000. The cost of group-term life insurance is determined on the basis of uniform premiums (computed on the basis of five-year age brackets) prescribed by regulations. Regulations under section 79 published in 1966 provided the table of uniform premium rates currently in effect (Table 1 in §1.79-3(d)(2)).

The proposed table was developed using 1975-1979 mortality experience as reported by the Society of Actuaries. The proposed table assumed that the pool of affected employees was 85 percent men and 15 percent women. The proposed table also assumed a 17.5 percent loading charge (that is, a charge in addition to mortality costs equal to 17.5 percent of the mortality costs).

In the notice of proposed rulemaking, the Service acknowledged that the assumptions used to develop the proposed table might not accurately reflect the cost of providing group-term life insurance. In particular, the notice solicited data on actual loading charges.

The Service has concluded that the cost of group-term life insurance should be calculated using the following assumptions:

(1) The most recent mortality experience available

(2) The gender mix of employees receiving group-term life insurance protection in excess of $50,000, and

(3) The weighted average of loading charges of employer-provided group-term life insurance coverage in excess of $50,000.

The comments and subsequent contacts with the insurance industry did not provide the data necessary to calculate precisely the cost of group-term life insurance. Rather than postpone any action until the necessary information could be collected, the Service has decided to publish a revised uniform table based on the following assumptions:

(1) The most recent mortality experience published by the Society of Actuaries (1975-1979 experience) updated to 1982 by extrapolation from past improvement in mortality experience. Although the Service does not intend to use extrapolation in future, it is persuaded that it is appropriate to extrapolate in this instance because the most recent mortality experience published by the Society of Actuaries is out of date. In addition, the validity of the extrapolation is corroborated by U.S. Public Health Service statistics. The Service understands that the Society of Actuaries has agreed to consider tabulating and publishing mortality experience more often, which will result in more current published mortality experience in the future.

(2) An 85 percent male/15 percent female gender mix. This assumption was used to develop the table proposed in the notice and the Service received no comments showing that for employees receiving coverage in excess of $50,000, this gender mix is inappropriate.

(3) A 10.5 percent loading charge. The 17.5 percent loading charge used to develop the proposed table approximates the arithmetic mean of loading charges on a policy-by-policy basis. Comments suggested that a more ap-

propriate loading charge would be the arithmetic mean of loading charges determined on an insured-by-insured basis. The Service has concluded that neither approach is appropriate and that the loading charge ought to be a weighted average of the loading charges applicable to group term life insurance in excess of $50,000. Since the Service does not yet have sufficient data to compute the loading charge in this manner, the loading factor of the existing table (10.5 percent of total cost) has been retained in the revised table. The Service intends to collect the data necessary to determine the weighted average loading charge and to revise the table to reflect its findings.

This table is effective for group-term life insurance provided after December 31, 1982. This effective date may cause problems certain for data processors preparing W-2s for 1983, but it was evident from public comments that most employers believe that the benefits of a lower table outweigh any inconvenience that may result.

This table will remain in effect until the Service has sufficient data to change any of the assumptions upon which it is based.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that this rule is not a major rule as defined in Executive Order 12291. Accordingly, a Regulatory Impact Analysis is not required. Although these regulations satisfied the notice and public comment procedures, the Internal Revenue Service has concluded that these regulations are interpretative and therefore no Regulatory Flexibility Analysis is required.

DRAFTING INFORMATION

The principal author of this regulation is Phoebe A. Mix of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, on matters of both substance and style.

LISTS OF SUBJECTS IN 26 CFR PARTS 1.61-1—1.281-4

Income taxes, Taxable income, Deductions, Exemptions.

AMENDMENTS TO THE REGULATIONS

PART 1-[AMENDED]

Accordingly, the following amendments to §1.79-1 and §1.79-3 [26 CFR Part 1] are adopted.

Paragraph 1. Paragraph (d)(7) of §1.79-1 is revised to read as follows:

§1.79-1 Group-term life insurance—general rules.

* * * * *

(d) How much must an employee receiving permanent benefits include in income?

* * * * *

(7) *Example.* The provisions of this paragraph may be illustrated by the following example:

Example. An employer provides insurance to employee A under a policy that meets the requirements of this section. Under the policy; A, who is 47 years old, received $70,000 of group-term life insurance and elects to receive a permanent benefit under the policy. A pays $2 for each $1,000 of group-term life insurance through payroll deductions and the employer pays the remainder of the premium for the group-term life insurance. The employer also pays one-half of the premium specified in the policy for the permanent benefit. A pays the other one-half of the premium for the permanent benefit through payroll deductions. The policy specifies that the annual premium paid for the permanent benefit is $300. However, the amount of premium allocated to the permanent benefit by the formula in paragraph (d)(2) of this section is $350. A is a calendar year taxpayer, the policy year begins on January 1. In 1980, $200 is includible in A's income because of insurance provided by the employer. This amount is completed as follows:

(1) Cost of permanent benefits	$350
(2) Amounts considered paid by A for permanent benefits (½ x $300)	150
(3) Line (1) minus line (2)	200
(4) Cost of $70,000 of group-term life insurance under Table 1 of §1.79-3	243.60
(5) Cost of $50,000 of group-term life insurance under Table 1 of §1.79-3	174
(6) Cost of group-term life insurance in excess of $50,000 (line (4) minus line (5))	69.60
(7) Amount considered paid by A for group-term life insurance (70 x $2)	140
(8) Line (6) minus line (7) (but not less than 0)	0
(9) Amount includible in income (line (3) plus line (8))	200

Para. 2. Paragraph (d)(2) of §1.79-3 is revised to read as follows:

§1.79-3 Determination of amount equal to cost of group-term life insurance.

* * * * *

(d) *The cost of the portion of the group-term life insurance on an employee's life.*

* * * * *

(2) The following table sets forth the cost of $1,000 of group-term life insurance provided after December 31, 1982, for 1 month computed on the basis of 5-year age brackets. See 26 CFR 1.79-3(d)(2) (revised as of April 1, 1983) for a table setting forth the cost of group-term life insurance provided before January 1, 1983. For purposes of Table 1, the age of the employee is his attained age on the last day of his taxable year. However, if an employee has attained an age greater than age 64, he shall be treated as if he were in the 5-year age bracket 60 to 64.

Table 1.—Uniform Premiums for $1,000 of Group-Term Life Insurance Protection

5-year age bracket	Cost per $1,000 of protection for 1-month period
Under 30	$0.08
30 to 34	.09
35 to 39	.11
40 to 44	.17
45 to 49	.29
50 to 54	.48
55 to 59	.75
60 to 64	1.17

* * * * *

This Treasury decision is issued under the authority contained in sections 79(c) and 7805 of the Internal Revenue Code of 1954 (78 Stat. 36, 26 U.S.C. 79(c); 68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue

Approved: December 1, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury

(Filed by the Office of the Federal Register on December 1, 1983; 5:04 p.m., and published in the issue of the Federal Register for December 6, 1983, 48 F.R. 54594)

Part III.—Items Specifically Excluded From Gross Income

Section 103.—Interest On Certain Governmental Obligations

26 CFR 1.103-1: Interest upon obligations of a State, Territory, etc.

Rev. Proc. 83-22, 1983-1 C.B. 680, is amplified to include circumstances under which the Service ordinarily will not issue ruling or determination letters regarding certain industrial development bonds. See Rev. Proc. 84-13, page 431.

26 CFR 1.103-13: Arbitrage bonds. (Also Section 61; 1.61-7.)

Arbitrage bonds; refunding issue; arbitrage yield restrictions. The escrow account in which the proceeds of refunding bonds are held may be invested in materially higher-yielding obligations for the benefit of the city between the discharge date and the date the refunded bonds are actually presented for payment without causing the refunding bonds to be arbitrage bonds under section 103(c) of the Code.

Rev. Rul. 84-37

ISSUE

Will refunding bonds issued by a city be "arbitrage bonds" under section 103(c)(2) of the Internal Revenue Code under the circumstances described below?

FACTS

On September 1, 1971, *CI*, a city, issued 30-year construction bonds to make improvements to its water system. All of the proceeds of the construction bonds were so used by 1973. The indenture for the bonds provides that *CI* may redeem them on any semi-annual interest payment date on or after September 1, 1981. The bonds were issued in bearer form.

On September 3, 1979, *CI* issued refunding bonds yielding 10 percent to redeem the construction bonds. *CI* deposited all of the proceeds of the refunding bonds in an escrow account with *BK*, a bank that is the trustee and paying agent for the construction bonds and the refunding bonds. *BK* invested all of the proceeds of the refunding bonds in United States Treasury Obligations—State and Local Government Series (SLGS) at a restricted yield of 10 percent. On September 1, 1981, the construction bonds were called for redemption and interest ceased to accrue thereon. Also, on September 1, 1981, the SLGS were redeemed.

After the SLGS were redeemed, *BK*, under the terms of an agreement it had made with *CI* when the refunding bonds were issued, began investing the escrow account in taxable obligations with a yield materially higher than the yield on the construction bonds and the refunding bonds. Under the agreement, *BK* remits to *CI* a large portion of the amounts earned on the investment of the escrow account. The investments made by *BK* do not interfere with the requirement in the indenture for the construction bonds that upon discharge of those bonds the amount held in the escrow account be available on demand to the bondholders.

A significant number of the holders of the construction bonds did not present their bonds on September 1, 1981 for payment but delayed presentment for several months after the discharge of the bonds. Therefore, a substantial amount of income was earned on the investment of the escrow account. *CI* used the amount it received from the investment of the escrow account for general city purposes.

CI complied with all requirements of local law and the construction bonds' indenture when notifying the bondholders that the bonds were being redeemed on September 1, 1981. Neither the construction bonds nor the refunding bonds are industrial development bonds within the meaning of section 103(b)(2) of the Code.

LAW AND ANALYSIS

Under section 103(a) of the Code, gross income does not include interest on the obligations of a state or a political subdivision of a state.

Generally, under section 103(c)(1) of the Code any arbitrage bond is treated as an obligation not described in section 103(a).

Section 103(c)(2) of the Code defines an "arbitrage bond" as any obligation that is issued as part of an issue all or a major portion of the proceeds of which are reasonably expected to be used directly or indirectly (A) to acquire securities or obligations that may be reasonably expected, at the time of issuance of the issue, to produce a yield over the term of the issue that is materially higher than the yield on obligations of the issue, or (B) to replace funds that were used directly or indirectly to acquire securities or obligations described in section 103(c)(2)(A).

Generally, under section 1.103-13(b)(5)(iii)(B) of the Income Tax Regulations, the yield on acquired obligations allocated to transferred

proceeds is materially higher than the yield on a refunding issue if the yield on such acquired obligations exceeds the yield on the refunding issue by more than one-eighth of one percentage point. The same yield restrictions apply to other proceeds of the refunding issue beginning on or after the date on which the last obligation of the prior issue is discharged.

Under section 1.103-13(b)(11) of the regulations an issue is discharged when (a) cash is available at the place of payment on the date that the issue is due (whether at maturity or upon prior call for redemption) and (b) interest ceases to accrue on the issue.

CI discharged the construction bonds on September 1, 1981, because on that date (1) cash was made available to pay the holders at the place of payment and (2) interest ceased to accrue on the bonds. Under section 1.103-13(b)(5)(iii)(B) of the regulations, the only proceeds of *CI*'s refunding bonds that would be subject to arbitrage yield restrictions after that date would be transferred proceeds of the construction bonds and other proceeds of the refunding issue. Sections 1.103-14(e)(3)(vii), (viii) and (ix) of the regulations indicate that other proceeds of a refunding issue are proceeds not used to discharge the prior issue. For example, proceeds used to pay accrued interest on or issuance costs of the refunding issue would be other proceeds.

In this case, all the proceeds of the construction issue were spent on construction by 1973, and so there were no transferred proceeds. In addition there were no other proceeds of *CI*'s refunding bonds. Therefore, none of the amounts held in the escrow account after August 31, 1981, is subject to arbitrage yield restrictions.

HOLDING

The refunding bonds issued by *CI* are not arbitrage bonds under section 103(c)(2) of the Code, and interest on the refunding bonds is excludable from the gross income of the bondholders under section 103(a).

Whether a wholly owned subsidiary may deduct as a business expense bonuses that its parent corporation pays to the employees of the subsidiary. See Rev. Rul. 84-68, page 31.

Section 119.—Meals or Lodging Furnished for the Convenience of the Employer

26 CFR 1.119-1: Meals and lodging furnished for the convenience of the employer. (Also Section 61; 1.61-2.)

Lodging furnished to U.S. Government employee. The value of lodging furnished to an U.S. Government employee permanently stationed in a foreign country, who is a "principal representative" of the U.S., and the amounts deducted from the employee's salary and applied against the household expenses of the employee are excludable from the employee's gross income under section 119(a)(2) of the Code. Rev. Rul. 58-545 modified and superseded; Rev. Rul. 59-307 clarified.

Rev. Rul. 84-86

ISSUE

Whether the value of lodging furnished to an employee and the amounts deducted from the employee's salary and applied against the household expenses of the employee are excludable from the employee's gross income under section 119(a)(2) of the Code.

FACTS

A, an individual, is an employee of the United States Government permanently stationed in a foreign country. Because *A* is a "principal representative" of the United States, *A* is furnished, without cost, with an official residence in a Government owned building, as well as with heat, fuel, and light.

Under 5 U.S.C. 5912 (1976), an employee of the United States permanently stationed in a foreign country who is a citizen of the United States may be furnished, without cost, living quarters, including heat, fuel, and light.

Section 410 of the Standardized Regulations (Government Civilians, Foreign Areas) (5-7-78) states that "principal representative" means a senior official of the United States Government serving in a foreign country who has been designated by the Secretary of State as occupying a position of such importance that the Government should defray the unusual expenses incident to the operation of his or her official residence. Section 412 states that the defraying of official residence expenses is intended to make possible the operation of official residences in which principal representatives can properly represent the United States abroad by extending official (as distinct from personal) hospitality to foreign dignitaries and important visitors, by receiving official deputations and callers, and by holding requisite and appropriate ceremonies smoothly and with dignity. Section 440 states that, subject

to certain exceptions not applicable here, the amount of annual usual household expenses that must be borne personally by a principal representative is 5 percent of salary.

Pursuant to section 440 of the Standardized Regulations, 5 percent of *A*'s salary is deducted by the United States. The amount so deducted does not exceed the Government's cost in furnishing the residence with heat, fuel, and light to *A*. *A* was not reimbursed or otherwise compensated for the amounts deducted from *A*'s salary.

A has met the three tests contained in section 1.119-1(b) of the regulations.

LAW AND ANALYSIS

Section 61 of the Code provides that, except as otherwise provided by law, gross income means all income from whatever source derived.

Section 1.61-2(d)(3) of the regulations provides that the value of living quarters that an employee receives in addition to the employee's salary constitutes gross income unless it is furnished for the convenience of the employer and meets the conditions specified in sectino 119 of the Code.

Section 119(a)(2) of the Code provides that there shall be excluded from the gross income of an employee the value of any lodging furnished the employee, the employee's spouse, or any of the employee's dependents by or on behalf of the employer for the convenience of the employer, but only if the employee is required to accept such lodging on the employer's business premises as a condition of employment.

Section 1.119-1(b) of the regulations provides that the value of lodging furnished to an employee by the employer is excludable from the employee's gross income if three tests are met:

(1) The lodging is furnished on the business premises of the employer,

(2) The lodging is furnished for the convenience of the employer, and

(3) The employee is required to accept such lodging as a condition of employment.

The regulation further provides that the requirement of subparagraph (3) is met where the employee is required to accept the lodging in order to enable the employee to properly perform the duties of his or her employment, and that if the three tests are met, the exclusion applies irrespective of whether a charge is made, or whether, under an employment contract or statute fixing the terms of employment, the lodging is furnished as compensation.

With respect to the amounts deducted from *A*'s salary, Rev. Rul. 59-307, 1959-2 C.B. 48, holds that the Internal Revenue Service will follow the decision of *Boykin v. Commissioner*, 260 F.2d 249 (8th Cir. 1958), *rev'g* 29 T.C. 813 (1958). There, the court held that the rental value of living quarters furnished on business premises by the employer to the employee was properly excludable from the employee's gross income under section 119 of the Code, even though the rental value of the living quarters was considered a part of the employee's compensation and deducted from the employee's salary.

Section 1.119-1(b) of the regulations, as amended, provides that if the employer furnishes the employee lodging for which the employee is charged an unvarying amount irrespective of whether the employee accepts the lodging, the amount of the charge made by the employer for such lodging is not, as such, part of the compensation includible in the gross income of the employee. Whether the value of the lodging is excludable from the employee's gross income is determined under the other rules of section 119 of the Code.

Rev. Rul. 68-579, 1968-2 C.B. 61, holds that lodging furnished an employee for the convenience of the employer includes the value of any necessary utilities also furnished by the employer. *See also Inman v. Commissioner*, T.C.M. 1970-264.

HOLDINGS

The amounts deducted from *A*'s salary and applied against the household expenses of the official residence furnished *A* are excludable from *A*'s gross income under section 119(a)(2) of the Code. Further, the value of the lodging furnished *A* by the United States is excludable from *A*'s gross income under section 119(a)(2) of the Code.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 58-545, 1958-2 C.B. 50, which limits the section 119 exclusion from gross income to the excess of the fair market value of the lodging provided over the amounts charged the employees for such lodging, is modified and, as modified, is superseded.

Rev. Rul. 59-307, 1959-2 C.B. 48, to the extent it indicates an exclusion from gross income is available only in the situation where the amount of salary deducted is equal to the full rental value of the furnished lodging, is clarified.

Section 121.—One-Time Exclusion of Gain from Sale of Principal Residence by Individual Who Has Attained Age 55

26 CFR 1.121-1: Gain from sale or exchange of residence of individual who has attained age 55.

Principal residence; sale of a life estate. The sale of a life estate in a principal residence qualifies under the provisions of section 121 of the Code, relating to the one-time exclusion of gain from the sale of a principal residence by a taxpayer over the age of 55, if the life estate is the taxpayer's entire interest in the residence.

Rev. Rul. 84-43

ISSUE

Under the circumstances described below, may *B*, an individual taxpayer, elect, under section 121 of the Internal Revenue Code, to exclude from gross income gain from the sale of a life estate in a principal residence?

FACTS

In 1982, *B* (60 years of age) sold a

life estate in a residence that *B* had used as a principal residence for ten years. *B*'s life estate was *B*'s entire interest in the residence.

LAW AND ANALYSIS

Section 121(a) of the Code provides that, at the election of the taxpayer, gross income does not include gain from the sale or exchange of property if (1) the taxpayer has attained age 55 before the date of the sale or exchange, and (2) during the 5-year period ending on the date of the sale or exchange, the property has been owned and used by the taxpayer as the taxpayer's principal residence for periods aggregating 3 years or more. Under section 121(b), the amount of gain excluded from gross income may not exceed $125,000 ($100,000 for a sale or exchange before July 21, 1981).

The House of Representatives Committee Report, H.R. Rep. No. 749, 88th Cong., 1st Sess. (1963), 1964-1 (Part 2) C.B. 125, 169, pertaining to section 121 of the Code, states as follows:

> While present law generally provides adequately for the younger individual who is for one reason or another changing residences, it does not do so for the elderly person whose family has grown and who no longer has need for the family homestead. Such an individual may desire to purchase a less expensive home or move to an apartment or to a rental property at another location. He may also require some or all of the funds obtained from the sale of the old residence to meet his and his wife's living expenses. Nevertheless, under present law, such an individual must tie up all of his investment from the old residence in a new residence, if he is to avoid taxation on any of the gain which may be involved.
>
> Your committee concluded that this is an undesirable burden on our elderly taxpayers.

The Report further states, at paragraph 6(c)(ii)(3), that for purposes of this provision, tenant-stockholders in a cooperative housing corporation who sell their right to occupy the house or apartment are to be treated in the same manner for purposes of this provision as those who own their residence outright. See also section 121(d)(3) of the Code.

Section 121 of the Code, the regulations thereunder, and the legislative history contemplate that the section is to apply in the situation when an elderly taxpayer disposes of the taxpayer's entire interest (legal and equitable) in a principal residence. It is not necessary that the taxpayer own the entire fee interest in such residence.

HOLDING

B may elect, under section 121 of the Code, to exclude from gross income up to $125,000 gain from the sale of *B*'s life estate in *B*'s principal residence.

Section 126.—Certain Cost-Sharing Payments

26 CFR 16A.126-1: Certain cost-sharing payments—in general.
(Also Sections 61, 194, 611; 1.61-1, 1.611-3, 1.194-1, 16A.126-2.)

Reimbursements under the forestry incentives program. The excludable portion of cost-sharing payments received under the forestry incentives program (F.I.P.) is excludable from gross income, and the total costs of reforestation less the excludable portion are to be capitalized as a cost of timber. Under the election not to have section 126 of the Code apply to the F.I.P. payment, the entire payment is includable in gross income, and the total costs of reforestation (not reduced by any portion of the F.I.P. payment) are to be capitalized as a cost of timber. Rev. Rul. 76-6 modified and superseded.

Rev. Rul. 84-67

ISSUE

Are cost-sharing payments the taxpayer received under the forestry incentives program (F.I.P.) authorized by the Cooperative Forestry Assistance Act of 1978 excludable from the taxpayer's gross income and capitalized as a cost of timber?

FACTS

The cash basis taxpayer paid the total costs of reforesting the taxpayer's nonindustrial private forest land in 1982 by planting tree seedlings. Under the cost-sharing provisions of the F.I.P., the taxpayer received reimbursement from the Federal government equal to 65 percent of the reforestation costs.

LAW AND ANALYSIS

Section 61 of the Internal Revenue Code provides, in general, that gross income means all income from whatever source derived, unless excludable by law. As a general rule, gross income under section 61 of the Code includes government cost-sharing payments the taxpayer receives under soil conservation and similar programs. *Baboquivari Cattle Co. v. Commissioner*, 135 F.2d 114 (9th Cir. 1943), 1943 C.B. 1013, *aff'g* 47 B.T.A. 129 (1942); *Harding v. Commissioner*, T.C.M. 1970-179; *Driscoll v. Commissioner*, No. 13,716 (T.C.M. 1944), *aff'd in part and rev'd in part*, 147 F.2d 493 (5th Cir. 1945).

Section 126(a) of the Code, an exception to the general rule of section 61, provides that gross income does not include the excludable portion of cost-sharing payments, within the meaning of section 126(b), received under the F.I.P. Section 126(e) provides that notwithstanding any provision of section 1016 (relating to adjustments to basis) to the contrary, no adjustment to basis shall be made with respect to property acquired through the use of any F.I.P. payment when such adjustment would reflect any amount excluded from gross income under this section. Under section 126(c)(1), however, the taxpayer may elect not to have the provisions of section 126 apply to the excludable portion of an F.I.P. payment.

Section 1.611-3(a) of the Income Tax Regulations provides that

amounts paid in connection with the planting of timber shall be capitalized and recoverable through depletion allowances.

In Rev. Rul. 76-6, 1976-1 C.B. 176, the taxpayer received an F.I.P. payment in connection with reforestation of the taxpayer's nonindustrial private forest land. That revenue ruling holds that the F.I.P. payment is includable in the taxpayer's gross income in the tax year received. Rev. Rul. 76-6 no longer applies because the treatment of such payments received after September 30, 1979 was changed with the enactment of section 126 of the Code.

HOLDING

Under the provisions of section 126 of the Code, the excludable portion of the F.I.P. payment within the meaning of section 126(b) is excludable from the taxpayer's gross income. The total costs of reforestation less the amount of the excludable portion of the F.I.P. payment are to be capitalized as a cost of timber.

If the taxpayer elects not to have section 126 of the Code apply to the F.I.P. payment received, the entire F.I.P. payment is includable in gross income in the year received. In this situation, the total costs of reforestation (not reduced by the amount of the F.I.P. payment) are to be capitalized as a cost of timber.

In general, the capitalized amounts are recoverable through allowances for depletion as the timber is cut, or as adjusted basis in the event of sale or other disposition of the timber. However, all or a portion of the capitalizable reforestation costs may be recovered through an allowance for amortization under the provisions of section 194 of the Code.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 76-6, 1976-1 C.B. 176, is modified and superseded.

Part V.—Deductions for Personal Exemptions

Section 152.—Dependent Defined

26 CFR 1.152-1: General definition of a dependent.

Whether a foster child who is a dependent of a taxpayer qualifies the taxpayer for head of household filing rates. See Rev. Rul. 84-89, page 5.

Part VI.—Itemized Deductions for Individuals and Corporations

Section 162.—Trade or Business Expenses

26 CFR 1.162-1: Business expenses.

Whether certificate holders in a mortgage pool may deduct service fees as a business expense. See Rev. Rul. 84-10, page 155.

---

26 CFR 1.162-1: Business expenses.

Whether costs charged to the inside wiring account of a public telephone company are to be currently expensed under section 162(a) of the Code. See Rev. Rul. 84-24, page 89.

---

26 CFR 1.162-5: Expenses for education.

Business expenses; travel abroad; continuing education conferences. Expenses incurred in connection with a university's continuing education program that combines foreign travel with attendance at brief education-oriented conferences are nondeductible personal expenses, except to the extent that they are for registration fees and any other expenses incurred that are directly attributable and properly allocable to the taxpayer's trade or business, subject, where applicable, to the provisions of sections 274(d) and 274(h) of the Code.

Rev. Rul. 84-55

ISSUE

Are expenses for overseas travel in attending a "continuing education program" deductible under section 162 of the Internal Revenue Code under the factual situation set forth below?

FACTS

A taxpayer, a salesperson in a large corporation, is a member of a local university's alumni association. The university, through a travel agency, arranges trips by airline to more than 22 foreign countries for members of its alumni association. The university represents that the trips are part of a continuing education program and that the academic exercises and conferences it sets up are designed to acquaint individuals in most occupations with selected facilities in several regions of the world. However, none of the conferences are directed toward specific occupations or professions, and it is up to the initiative of each participant to seek out specialists and organizational settings appropriate to their occupational interests. The stated aim of the program is to improve and enhance the human relations and professional skills required of individuals in their work settings. The objectives of the program include increased self-understanding, understanding of others, and increased awareness of the factors which promote or inhibit interpersonal effectiveness in business, professional, educational and organizational settings. The participants may attend by themselves, or with friends or families.

Three-hour sessions are held each day over a five-day period at each of the selected overseas facilities where participants can meet with individual practitioners. These sessions are composed of a variety of activities, including workshops, mini-lectures, role playing, skill development, and exercises. Professional conference directors schedule and conduct the sessions. Participants are free to choose those sessions they wish to attend.

The taxpayer's spouse and two minor children accompanied the taxpayer. The taxpayer spent approximately two hours at each of the planned sessions, and the remainder of the time touring and participating in recreational and sight-seeing activities with the family. The trip lasted less than one week.

LAW AND ANALYSIS

Section 162(a) of the Code allows as a deduction ordinary and necessary expenses paid or incurred during the

taxable year in carrying on any trade or business.

Section 262 of the Code provides, with exceptions not here material, that no deduction is allowed for personal, living, or family expenses.

Section 1.162-2(a) of the Income Tax Regulations provides that only such traveling expenses as are reasonable and necessary in the conduct of the taxpayer's business and directly attributable to it may be deducted. If the trip is undertaken for other than business purposes, the travel fares and expenses incident to travel are personal expenses and the meals and lodging are living expenses. If the trip is solely on business, the reasonable and necessary traveling expenses, including travel fares, meals and lodging, and expenses incident to travel, are business expenses.

Under section 1.162-2(b)(1) of the regulations, if a taxpayer travels to a destination and while at such destination engages in both business and personal activities, traveling expenses to and from such destination are deductible only if the trip is related primarily to the taxpayer's trade or business. If the trip is primarily personal in nature, the traveling expenses to and from the destination are not deductible even though the taxpayer engages in business activities while at such destination. However, expenses while at the destination that are properly allocable to the taxpayer's trade or business are deductible even though the traveling expenses to and from the destination are not deductible.

Section 1.162-2(b)(2) of the regulations provides that whether a trip is related primarily to the taxpayer's trade or business or is primarily personal in nature depends upon the facts and circumstances in each case. The amount of time during the period of the trip that is spent on personal activities compared to the amount of time spent on activities directly relating to the taxpayer's trade or business is an important factor in determining whether the trip is primarily personal.

Section 1.162-2(d) of the regulations provides that expenses paid or incurred by a taxpayer in attending a convention or other meeting may constitute an ordinary and necessary business expense depending upon the facts and circumstances of each case. No distinction will be made between self-employed persons and employees. The allowance of deductions depends upon whether there is a sufficient relationship between the taxpayer's trade or business and attendance at the convention so that the taxpayer is benefiting or advancing the interests of the trade or business by such attendance.

Section 1.162-5(e)(1) of the regulations provides that if an individual travels away from home primarily to obtain education, the expenses of which are deductible under this section, the taxpayer's expenditures for travel, meals and lodging while away from home are deductible. However, if as an incident of such a trip the individual engages in some personal activity such as sightseeing, social visiting, or entertaining, or other recreation, the portion of the expenses attributable to such personal activity constitutes nondeductible personal or living expenses and is not allowable as a deduction. If the individual's travel away from home is primarily personal, the individual's expenditures for travel, meals and lodging (other than meals and lodging during the time spent in participating in deductible education pursuits) are not deductible. Whether a particular trip is primarily personal or primarily to obtain education the expenses of which are deductible under this section depends upon all the facts and circumstances of each case. An important factor to be taken into consideration in making the determination is the relative amount of time devoted to personal activity as compared with the time devoted to educational pursuits. The rules set forth in this paragraph are subject to the provisions of section 162(a)(2), relating to deductibility of certain traveling expenses, and sections 274(c) and (d), relating to allocation of certain foreign travel expenses and substantiation required, respectively, and the regulations thereunder.

Section 274(h) of the Code provides for the disallowance of travel expenses incurred to attend a convention, seminar, or similar meeting outside the North American area unless the taxpayer establishes that the meeting is directly related to the active conduct of the taxpayer's trade or business and that, after taking into account certain specified factors, it is as reasonable for the meeting to be held outside the North American area as within the North American area.

In determining allowable deductions with respect to attendance at a foreign convention, the business purpose test of section 162 of the Code is a threshold test. If the convention trip is related primarily to the taxpayer's trade or business, then travel, transportation and subsistence expenses are deductible, provided it was as reasonable to hold the convention outside the North American area as within the North American area. If the nature of the trip is primarily personal, no deduction is allowable under section 162 for travel and transportation costs; however, those subsistence expenses that are properly allocable to the taxpayer's trade or business are deductible, subject to the provisions of section 274(h).

In this case, applying the principles described above, the fact that the taxpayer attended a continuing education program did not convert what was in all other respects a vacation into a business trip. The expenses incurred are not materially different from those reasonably incurred by any other tourist on a sight-seeing trip abroad. See *Kadivar v. Commissioner*, 32 T.C.M. 427 (1973), and *Gino v. Commissioner*, 60 T.C. 304 (1973) *rev'd* on another issue, 538 F.2d 833 (9th Cir. 1976), *cert. denied* 429 U.S. 979 (1976). The arrangements for the trip did not differ from those of any vacation or recreational trip. The taxpayer was accompanied by the taxpayer's spouse and children, and the major portion of the taxpayer's time was spent on personal, recreational, and sight-seeing activities. See Rev. Rul. 79-425, 1979-

2 C.B. 81, which reaches a similar nondeductible conclusion regarding a taxpayer attending six brief sessions of a ten-day annual convention of a local professional association held in a foreign country; and Rev. Rul. 74-292, 1974-1 C.B. 43, which reaches a similar nondeductible conclusion regarding a taxpayer attending six brief professional seminars held abroad during the 14-day trip.

HOLDING

The taxpayer's expenses for the trip are not deductible under section 162 of the Code, except to the extent they are for registration fees and any other expenses incurred by the taxpayer that are directly attributable and properly allocable to the taxpayer's trade or business, subject, where applicable, to the provisions of section 274(h) and section 274(d).

---

26 CFR 1.162-9: Bonuses to employees. (Also Section 118; 1.118-1.)

Business expenses; bonuses paid to subsidiary's employees. A parent corporation may not deduct as a business expense under section 162 of the Code the cash bonuses it pays to employees of its wholly owned subsidiary. However, because the parent's payment of cash bonuses to its subsidiary's employees is a constructive contribution to the subsidiary's capital accompanied by a constructive payment by the subsidiary of the cash bonuses to its employees, the cash bonuses may be deducted by the subsidiary under section 162.

Rev. Rul. 84-68

ISSUE

May a parent corporation deduct as a business expense under section 162 of the Internal Revenue Code cash bonuses it pays to employees of its wholly owned subsidiary or may the bonuses be deducted by the subsidiary?

FACTS

In 1980 a domestic corporation, *P*, established a bonus program for the employees of its wholly owned domestic subsidiary, *S*. Under the program, *P* pays cash bonuses in December of each year to *S*'s employees for their past services performed for *S* during the calendar year. The total compensation paid to these employees, including the cash bonuses, is reasonable remuneration for the services rendered. None of these employees perform any services for *P*. The employees who receive the bonuses include them in income in the year received.

LAW AND ANALYSIS

Section 162(a) of the Code allows as a deduction all the ordinary and necessary business expenses paid or incurred during the tax year in carrying on any trade or business, including a reasonable allowance for salaries or other compensation for personal services actually rendered.

Section 1.162-9 of the Income Tax Regulations specifies that bonuses to employees will constitute allowable deductions when such payments are made in good faith and as additional compensation for the services actually rendered by the employees, provided such payments, when added to the stipulated salaries, do not exceed reasonable compensation for the service performed.

Section 118 of the Code provides that in the case of a corporation, gross income does not include any contribution to the capital of the taxpayer.

Section 83 of the Code prescribes the income tax treatment of property transferred to another in connection with the performance of services. Because section 83 does not apply to compensation paid in cash, this section of the Code has no application to the issues under consideration in the present situation.

It is implicit in section 162 that a taxpayer may not deduct the expenses of another, even though those expenses would otherwise be ordinary and necessary trade or business expenses. *See Interstate Transit Lines v. Commissioner*, 319 U.S. 590 (1943), 1943 C.B. 1016; *Deputy v. Dupont*, 308 U.S. 488 (1940), 1940-1 C.B. 118. A parent corporation may not therefore deduct compensation paid by it to the employees of its wholly owned subsidiary, even though the indirect benefit of their services inures to the parent corporation as sole shareholder of the employer. *Columbian Rope Co. v. Commissioner*, 42 T.C. 800 (1964), *acq. on other issues*, 1965-1 C.B. 4.

A cash payment by a shareholder for the benefit of a corporation in which the shareholder owns stock is recognized for federal income tax purposes as a contribution of capital to the corporation. *Estate of A.P. Steckel v. Commissioner*, 26 T.C. 600 (1956), *aff'd per curiam*, 253 F.2d 267 (6th Cir. 1958); *South American Gold & Platinum Co. v. Commissioner*, 8 T.C. 1297 (1947), *aff'd per curiam*, 168 F.2d 71 (2d Cir. 1948).

In the present situation because the cash bonuses paid by *P* to employees of *S* is deemed to be a capital contribution by *P* to *S*, the bonuses paid to *S*'s employees is therefore deemed to be paid from *S*'s own funds. *See Anderson v. Commissioner*, 67 T.C. 522 (1976), *aff'd per curiam*, 583 F. 2d 953 (7th Cir. 1978).

HOLDINGS

The parent corporation may not deduct as a business expense under section 162 of the Code the cash bonuses that it pays to employees of its wholly owned subsidiary. Because the parent's payment of cash bonuses to its subsidiary's employees is treated as a contribution to the subsidiary's capital accompanied by a constructive payment by the subsidiary of the cash bonuses to its employees, the cash bonuses may be deducted by the subsidiary under section 162 of the Code, provided that each employee's total compensation is reasonable for the services performed.

---

26 CFR 1.162-12: Trade or business expenses. (Also Section 263; 1.263(a)-1.)

Business expenses; livestock investment program; capital expenditures; farmers; cattle breeding serv-

ice agreements. A limited partnership that expended amounts pursuant to an agreement, under which the seller offered to sell cattle to the partnership for a specified amount plus a monthly maintenance fee and the partnership could cancel the agreement at any time, is not permitted to deduct the maintenance fee for periods prior to the date the cattle were purchased.

Rev. Rul. 84-35

ISSUE

What is the proper treatment, for federal income tax purposes, of certain amounts paid to the seller on the purchase of cattle under the circumstances described below?

FACTS

P is a limited partnership formed on January 4, 1982, to engage in integrated cattle breeding and feeding operations. Corporation *X*, an affiliate of *P*'s general partner, engages in the purchase and sale of cattle as both principal and agent.

On January 4, 1982, *P* and *X* entered into an agreement giving *P* the right to purchase from *X* a herd of up to 2,000 cattle at a price of 100*x* dollars per head. *P* also agreed to pay *X* 5*x* dollars a month for each animal purchased pursuant to the agreement to cover *X*'s maintenance expenses on the herd from the date of the agreement until the cattle are delivered to *P*. Under the terms of the agreement, *P* had no obligation to purchase any cattle and could cancel at any time in 1982 without further obligation.

During 1982, *X* entered into similar agreements with other parties, maintaining sufficient cattle to satisfy all outstanding agreements. None of the cattle that *X* owned were designated as being held for a specific party.

On November 1, 1982, *P* elected to purchase 1,000 cattle from *X*. *X* delivered the herd to *P* in accordance with the agreement and received 150,000*x* dollars (100*x* + 50*x* dollars per animal) from *P* in full payment.

On its 1982 federal income tax return, *P* treated 100,000*x* dollars of the payment to *X* as the capital cost of acquiring the herd. *P* reported the 50,000*x* dollar balance of the payment as maintenance expenses deductible in the year paid.

LAW AND ANALYSIS

Section 162 of the Internal Revenue Code allows a deduction for all ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business.

Section 1.162-12(a) of the Income Tax Regulations, relating to expenses of farmers, provides that purchase of feed and other costs connected with raising livestock may be treated as expense deductions if the costs represent actual outlay. However, amounts expended in purchasing livestock for breeding are investments of capital and shall be depreciated unless the animals are included in an inventory in accordance with 1.61-4 of the regulations.

Section 263(a) of the Code provides generally that no deduction shall be allowed for capital expenditures.

A taxpayer who owns livestock can treat maintenance costs as expenses which are currently deductible. However, a taxpayer who pays the costs of maintaining animals prior to their purchase must treat such costs as part of the animals' purchase price. Rev. Rul. 79-176, 1979-1 C.B. 123; Rev. Rul. 78-411, 1978-2 C.B. 112; *Duggar v. Commissioner*, 71 T.C. 147 (1978); and *Wiener v. Commissioner*, 58 T.C. 81 (1972), *aff'd per curiam*, 494 F.2d 691 (9th Cir. 1974).

Under the terms of the agreement between *P* and *X*, *X* merely extended to *P* an offer to sell the cattle at a price that varied depending upon the date of sale. *P* did not purchase the cattle until November 1, 1982. Thus, the 50,000*x* dollar payment representing the cost of maintaining the cattle during the period before *P* acquired the cattle is not a deductible expense of *P*. Such costs are part of the animals' purchase price.

It should be noted that the purchase price in this class may be in excess of the animals' fair market value since the general partner of *P* is related to *X* and there is no indication that the terms of the purchase were arrived at through arm's length negotiation. Under these circumstances the transaction will be carefully scrutinized to ensure that the payment was not for a purpose other than the acquisition of the cattle and that entire payment should be reflected in the basis of the cattle. *See Lemmen v. Commissioner*, 77 T.C. 1326 (1981).

HOLDING

P may not deduct in 1982 the amount *P* paid to *X* for *X* to maintain the cattle prior to the date the cattle were sold to *P*.

---

26 CFR 1.162-17: Reporting and substantiation of certain business expenses of employees.

Mileage allowance for transportation paid by employers to employees. See Rev. Rul. 84-51, page 90.

Section 163.—Interest

26 CFR 1.163-1: Interest deduction in general. (Also Section 461; 1.461-1.)

Interest; deduction; nonrecourse obligation. A partnership that purchases timeshare units in a vacation home with a nonrecourse obligation calling for a large balloon payment of interest and principal in 30 years is not allowed a deduction for the interest purportedly accrued on the obligation because the obligation does not constitute a valid indebtedness.

Rev. Rul. 84-5

ISSUE

Under the circumstances described below, can a partnership deduct interest with respect to a nonrecourse note under section 163 of the Internal Revenue Code?

FACTS

X, a corporation, was engaged in the construction of vacation homes and the marketing of "timeshare units" therein. Each timeshare unit consisted of a 1/350th undivided in-

terest in a specific vacation home. Fifteen days during the year were reserved for maintenance and repairs. Purchasers held title as tenants in common with each owner having the exclusive right to possess the property one day per year for each timeshare unit purchased.

X also offered to finance a portion of the purchase price of the timeshare units. The finance agreement called for "add-on interest," whereby the entire amount of interest due on the 30-year obligation is calculated based on the sum of the outstanding principal balance and unpaid interest. The total amount of interest is then added to the original principal amount. The finance agreement also provided that the purchaser could retire the outstanding indebtedness on December 3 of any year. A purchaser who prepays the entire obligation will be entitled to a rebate of interest in accordance with Rule of 78's method. For example, using the Rule of 78's method, the amount that would be required to retire the loan at the end of the first year would be the principal amount plus 30/465ths of the total interest of the 30-year obligation. (The 30 numerator is the number of years of the loan remaining at the time the calculation is made, and the 465 denominator is the sum of the years digits for 30 years.) In its promotional materials, *X* represented that a taxpayer who uses the accrual method of accounting would be entitled to deduct interest allocated according to the Rule of 78's method.

At the suggestion of *X*'s sales agent, individuals *A* and *B* organized a general partnership, *P*, to acquire 7 timeshare units in a vacation home. *P* adopted the accrual method of accounting. *A* and *B* each contributed 2,500 dollars to *P* in exchange for a one-half interest therein.

On January 2, 1980, *P* entered into an installment contract with *X* for the purchase of the 7 timeshare units for a total purchase price of 14,000 dollars, the actual fair market value of the units. On January 3, 1980, *P* made a cash downpayment of 2,000 dollars and entered into a finance agreement with *X* for the 12,000 dollar balance of the purchase price. On the same day *X* conveyed a 7/350th interest in the vacation home to *P*, as a tenant in common.

Under the terms of the finance agreement, the total amount of finance charge over the 30-year period was calculated to be 318,500 dollars. *P* had a recourse obligation to make annual "interest" payments to *X* of 2,800 dollars on December 31 of each of the first 10 years. No additional payments were due until the 30th year, when *P* must pay *X* the principal balance, 12,000 dollars, and all accrued and unpaid interest, 290,500 dollars, for a total payment of 302,500 dollars. The obligation of 302,500 dollars was entirely nonrecourse with respect to *P*, *A*, and *B* and was secured only by the 7 timeshare units in the vacation home.

If *P* wanted to retire the debt on December 31, 1980, *P* would be required to pay the principal amount of 12,000 dollars plus interest of approximately 20,548 dollars (30/465 times 318,500), for a total of 32,548 dollars. Of this total amount, *P* would have been required to make the annual payment of 2,800 dollars even if *P* did not want to retire the entire obligation.

On December 31, 1980, *P* paid 2,800 dollars to *X*. *P* accrued and deducted an interest expense of 20,548 dollars for the 1980 tax year. *P* realized 848 dollars of rental income from the leasing of the 7 timeshare units to an unrelated party during 1980 and incurred incidental expenses of 80 dollars with respect to the leasing activity. *P*'s partnership return for 1980 showed an ordinary loss of 20,500 dollars, the calculation of which included a depreciation allowance of 720 dollars. *A* and *B* each claimed a deduction of 10,250 dollars on their 1980 individual income tax returns as their allocable share of *P*'s losses.

LAW AND ANALYSIS

Section 163(a) of the Code allows a deduction for all interest paid or accrued within the taxable year on indebtedness. In order for interest to be deductible under section 163(a), there must be a valid indebtedness to pay a principal sum and the interest thereon. With regard to debt incurred on the purchase of property, in the absence of personal liability, a debt will have substance and genuine existence, for federal tax purposes, only if the value of the underlying security bears a reasonable relationship to the amount of the indebtedness. *Estate of Franklin v. Commissioner*, 544 F.2d 1045, 1048 (9th Cir. 1976), *aff'g.* 64 T.C. 752 (1975); Rev. Rul. 77-110, 1977-1 C.B. 58.

In *Estate of Franklin* the court stated:

> For the debt to exist, the purchaser, in the absence of personal liability, must confront a situation in which it is presently reasonable from an economic point of view for him to make a capital investment in the amount of the unpaid purchase price.

It is not reasonable, at the time of purchase, to assume that *P* will ever pay any of the nonrecourse amounts. Although the principal amount of the nonrecourse obligation is nominally less than the fair market value of the property at the time of purchase, if *P* wanted to retire the debt on December 31 of the first year, the amount of the required payment would exceed twice the initial value of the 7 timeshare units. Consequently, the nonrecourse obligation does not constitute a valid indebtedness for federal income tax purposes, and *P* cannot accrue any interest expense or cost with respect to the purported interest and principal evidenced by the nonrecourse obligation.

Under the terms of the contract, however, *P* has a recourse obligation to make annual prepayments of "interest" to *X* of 2,800 dollars for each of the first 10 years. Because it can be concluded that the nonrecourse indebtedness is to be disregarded, it may be assumed that these recourse payments represent the remaining purchase price of *P*'s interest in the property. Furthermore, when discounted at 19.36 percent, an interest

rate within the limits charged on installment sales of similar real property, the payments of 2,800 dollars for each of the first 10 years reduce to a present value of 12,000 dollars, the balance of the purchase price remaining unpaid at the time of the sale. The 16,000 dollar difference between the total recourse payments (28,000 dollars) and the unpaid balance of the purchase price as stated in the contract (12,000 dollars) is interest that, in effect, has been agreed to by the parties. The ten recourse payments of 2,800 dollars each are self-amortizing level payments, and the amount of interest allocated to each payment is computed by applying the effective rate of interest (19.36 percent) to the unpaid balance of the 12,000 dollar obligation. *See* Rev. Rul. 83-84, 1983-1 C.B. 97.

HOLDING

P may not accrue any amount of interest attributable to the 302,500 dollar nonrecourse obligation. An interest deduction is allowed in 1980 for the portion of the 2,800 dollar payment that represents interest computed by applying the effective rate of interest to the unpaid balance of the 12,000 dollar obligation.

---

26 CFR 1.163-1: Interest deduction in general.

A mandatory procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to loans for which the interest computed using the Rule of 78's does not exceed the loan payments during any year of the term of the loan. See Rev. Proc. 84-27, page 469.

A procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to short-term consumer loans that are covered by the administrative exception of Rev. Proc. 83-40, 1983-1 C.B. 774. See Rev. Proc. 84-30, page 482.

Section 166.—Bad Debts

26 CFR 1.166-2: Evidence of worthlessness. (Also Section 585; 1.585-2.)

Bad debts; allocated transfer risk reserve. The portion of an international loan that is subject to an allocated transfer risk reserve under federal banking regulations is conclusively presumed to be worthless under section 1.166-2(d)(1) of the regulations.

Rev. Rul. 84-94

ISSUE

Is the portion of an international loan that is subject to an allocated transfer risk reserve under federal banking regulations conclusively presumed to be worthless under section 1.166-2(d)(1) of the Income Tax Regulations?

FACTS

Section 905(a) of the International Lending Supervision Act of 1983, Pub. L. 98-181, 97 Stat. 1153, directs the federal banking agencies (Comptroller of the Currency, Board of Governors of the Federal Reserve System, and Federal Deposit Insurance Corporation) to promulgate regulations requiring banks to establish special transfer risk reserves against certain international loans when the agencies determine that the quality of those assets has been impaired by a protracted inability of borrowers in the foreign country concerned to make payments on their external indebtedness. The regulations promulgated by the federal banking agencies require a bank to establish an allocated transfer risk reserve (ATRR) for an international loan found by the agencies to be affected by transfer risk problems as described above. 49 Fed. Reg. 5587 (1984) (to be codified at 12 C.F.R. 20.8, 211.42, 351.1).

Under the regulations, "transfer risk" means the possibility that a loan cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor. Factors considered by the agencies in determining whether an ATRR is required for particular international loans include whether 1) the obligors have failed to make full interest payments on external indebtedness, 2) the obligors have failed to comply with the terms of any restructured indebtedness, or 3) a foreign country has failed to comply with any International Monetray Fund or other suitable adjustment program, or whether no definite prospects exist for the orderly restoration of debt service. In determining what portion of the loan is subject to the ATRR, the agencies shall consider 1) the length of time the quality of the loan has been impaired, 2) recent actions taken to restore debt service capability, 3) prospects for restored loan quality, and 4) such other factors as the agencies may consider relevant to the quality of the loan.

The regulations promulgated by the federal banking agencies further provide that, for financial accounting purposes, a bank shall account for an ATRR separately from the allowance for possible loan losses. The ATRR must be established for each loan subject to the ATRR in the percentage amount specified. However, the regulations provide that a bank need not establish an ATRR if it charges off, in the period in which the ATRR is re-

quired, the requisite amount against the allowance for possible loan losses.

LAW AND ANALYSIS

Section 166(a) of the Internal Revenue Code provides that there shall be allowed as a deduction any debt that becomes worthless within the tax year.

Section 166(c) of the Code provides that in lieu of any deduction under section 166(a) there shall be allowed in the discretion of the Secretary a deduction for a reasonable addition to a reserve for bad debts.

Section 1.166-2(d)(1) of the regulations provides that if a corporation subject to supervision by federal authorities charges off a debt in whole or in part in obedience to the specific orders of the authorities then the debt shall, to the extent charged off within the tax year, be conclusively presumed to have become worthless in that year.

Section 585 of the Code and the regulations thereunder provide rules for the determination of a reasonable addition to a reserve for bad debts in the case of losses on the loans of banks.

In accordance with the regulations promulgated by the federal banking agencies, a bank with certain international loans affected by transfer risk will be directed by the agencies to establish on its books a separate ATRR, unless the bank charges off the requisite portion of each loan against the allowance for possible loan losses. The Internal Revenue Service will view either accounting treatment as the charge off of a debt in whole or in part pursuant to the specific orders of the federal authorities within the meaning of section 1.166-2(d)(1) of the regulations. For federal income tax purposes, a bank using the reserve method provided by section 166(c) of the Code will charge either the ATRR or the amount charged against the allowance for possible loan losses against its reserve for bad debts.

HOLDING

The portion of an international loan that is subject to an ATRR is conclusively presumed to be worthless under section 1.166-2(d)(1) of the regulations. The portion of the loan that is either charged to the ATRR or against the allowance for possible loan losses is excluded from the bank's loans or eligible loans outstanding for purposes of determining the reasonable addition to the reserve for bad debts under section 585 of the Code.

Section 167.—Depreciation

26 CFR 1.167(a)-1: Depreciation in general. (Also Section 263; 1.263(a)-1.)

Depreciation; railroad cross ties replaced. When a railroad company uses the retirement-replacement-betterment method of accounting, the cost of replacing wood cross ties with concrete ties is to be expensed as a replacement. Rev. Rul. 68-418 revoked.

Rev. Rul. 84-22

ISSUE

When a railroad company uses the "retirement-replacement-betterment" method (RRB) of accounting, should the cost of replacing wood cross ties with concrete ties be capitalized as a betterment or expensed as a replacement?

FACTS

In 1961, *X*, a railroad company, built an addition to its railroad tracks using wooden cross ties. *X* was using the RRB method of accounting for depreciation of its track structure. In 1972, *X* replaced some of the wooden cross ties with concrete cross ties and treated the cost of such installation as a current expense rather than a capital expenditure.

LAW AND ANALYSIS

Section 167(a) of the Internal Revenue Code provides as a depreciation deduction a reasonable allowance for the exhaustion, wear and tear, including obsolescence, of property used in the trade or business, or of property held for production of income. In taxable years before January 1, 1981, former Section 167(r) provided that in the case of railroad track used by a railroad company, "reasonable allowance" includes an allowance for such track computed under the RRB method.

Under the RRB method of depreciation, the initial investment in the track structure, including labor costs, is capitalized. The cost of replacements, less salvage value, is expensed. If there is replacement of part of the track structure with a betterment, the betterment portion is capitalized and the cost of the replacement portion, less salvage value, is expensed. See Rev. Rul. 67-22, 1967-1 C.B. 52.

Rev. Rul. 68-418, 1968-2 C.B. 115, holds that for purposes of RRB method, the installation of concrete cross ties to replace wooden ties is a betterment, the cost of which should be capitalized under section 263 of the Code. On the basis of the evidence presented with respect to the year in issue, 1968, the Court in *Florida East Coast Railway v. United States*, Trial Div. No. 22-78 (Ct. Cl. 1982), 82-2 USTC 9511, concluded that the concrete cross ties there had extensive developmental failures. Thus, those concrete cross ties could not be characterized as a betterment.

Section 263(f) of the Code, added by the Tax Reform Act of 1976, 1976-3 C.B. (Vol. 1) 1, provides that in the case of railroads using the RRB method of accounting, expenditures for acquiring and installing replacement ties of any material shall be accorded the same accounting treatment as expenditures for replacement ties.

In light of the enactment of section 263(f) of the Code and the evidence in *Florida East Coast Railway Co.* the Service will no longer advance the position that the installation of concrete cross ties for wood cross ties is a betterment the costs of which are to be capitalized. Rather, under the RRB method of depreciation accounting, such costs will be con-

sidered to be for replacements that can be expensed.

HOLDING

When a railroad company uses the retirement-replacement-betterment method of accounting, the cost of replacing wood cross ties with concrete ties is to be expensed as a replacement.

EFFECT ON OTHER DOCUMENTS

Rev. Rul. 68-418 is revoked.

The Economic Recovery Tax Act (ERTA) of 1981, section 203(c)(1), 1981-2 C.B. 256, 284, repealed section 167(r) of the Code. The accelerated cost recovery system (ACRS) of section 168(a) is applicable to recovery property placed in service after 1980.

T.D. 7945

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Amortization of rehabilitation expenditures for low-income housing

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to section 167(k) of the Internal Revenue Code of 1954 as amended by the Act of December 17, 1980, §3, (Pub. L. 96-541, 94 Stat. 3204) [1980-2 C.B. 596, 597] and the Economic Recovery Tax Act of 1981, §264, (Pub. L. 97-34, 94 Stat. 264) [1981-2 C.B. 256, 305]. Section 3 of the Act of December 17, 1980, extends the application of 167(k) to rehabilitation expenditures incurred prior to January 1, 1984. Section 264 of the Economic Recovery Tax Act of 1981, in certain circumstances, increases the maximum amount of rehabilitation expenditures which are properly amortizable over 60 months to $40,000. These regulations would provide taxpayers with the guidance needed to comply with the Acts.

DATE: These regulations are effective with respect to rehabilitation expenditures incurred after December 31, 1980.

FOR FURTHER INFORMATION CONTACT: George T. Magnatta of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention:CC:LR:T) (202-566-3294)

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains final regulations which amend the Income Tax Regulations (26 CFR Part 1) under section 167(k) of the Internal Revenue Code of 1954. The regulations were published as a notice of proposed rulemaking in the Federal Register on July 15, 1982 (47 FR 30796) [LR-195-81, 1982-2 C.B. 901]. These amendments to the regulations are issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

IN GENERAL

Section 167(k) was amended by the Act of December 17, 1980, to extend the application of section 167(k) to rehabilitation expenditures incurred prior to January 1, 1984.

Section 167(k) was further amended by the Economic Recovery Tax Act of 1981, §264, to increase to $40,000, in certain circumstances, the maximum amount of rehabilitation expenditures which are properly amortizable over 60 months. In order for a taxpayer to be entitled to amortize the increased amount, the final regulations require that the rehabilitation be conducted pursuant to a program which is certified by the Department of Housing and Urban Development, a State, or other political subdivision of the United States as providing rental housing for families or individuals of low or moderate income. Further, the program must provide that tenants demonstrating home ownership capabilities be entitled to purchase the dwelling units and that the taxpayer limit the income received from the leasing and the sale of such rehabilitated units. To determine the maximum sales price with respect to such units, the taxpayer's cost basis in the property generally is to be reduced by the net tax benefit. Deductions under section 168 shall be deemed allowed under section 167 in accordance with provisions of section 167(a).

Several comments were received on the proposed regulations. Most comments recommended legislative changes to section 167(k). One comment recommended that the regulations prescribe a minimum quality standard for rehabilitated housing. That recommendation, however, was not adopted because such standards are more properly within the discretion of the administrator of the certified program.

Another comment recommended that the net tax benefit derived by the taxpayer from the rental of the unit should be reduced by any federal income tax incurred with respect to the gain from the sale of the property. The commentator reasoned that the tax on the gain is a "recapture" of the tax benefits that result from rental of the unit. This recommendation was not adopted.

Section 167(k)(2)(B)(iii) limits the sum of the taxable income from leasing residential property and the amount realized from the sale or disposition of the property to the excess of the taxpayer's cost basis in the property less any net tax benefit realized. The term "net tax benefit" is described in that section as the benefits from deductions allowable under section 167 (or under section 168) less the "tax incurred on taxable income *from leasing*, if any" (emphasis added). Tax on gain resulting from the disposition of property is not a direct result of leasing property or sim-

ply a "recapture" of prior benefits, even though in some cases a large measure of that gain may be attributable to reductions in basis available under section 167. Section 167 (k)(2)(B)(iii) explicitly makes provision for the tax consequences of deductions under section 167 and for leasing income. No similar provision is made with respect to the amount realized upon disposition of the unit.

The final regulations, therefore, are adopted without amendment except for a revision of example (3) and some editorial changes.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this final regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

The Internal Revenue Service has concluded that the final regulation is interpretative and that the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, this final regulation does not constitute a regulation subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

DRAFTING INFORMATION

The principal author of this regulation is George T. Magnatta of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

* * * * *

Adoption of amendment to the regulations

Accordingly, the regulations proposed to be prescribed as amendments to 26 CFR Part 1 are hereby adopted as follows:

1. Section 1.167(k)-1 is amended by removing "January 1, 1982", and "December 31, 1981", each place that they appear in such section and inserting in lieu thereof "January 1, 1984", and "December 31, 1983", respectively.

2. Section 1.167(k)-2 is amended as follows:

1. Paragraph (a) is amended by removing "December 31, 1981", and inserting in lieu thereof "December 31, 1983."

2. Paragraph (c) is amended by revising the first sentence of subparagraphs (1) thereof.

3. A new paragraph (f) is added immediately following paragraph (e). These new and revised provisions read as follows:

§1.167(k)-2 Limitations.

* * * * *

(c) *Maximum amount.* (1) In general, the maximum amount of rehabilitation expenditures paid or incurred by the taxpayer with respect to any dwelling unit which may be taken into account under section 167(k) is $20,000 or $40,000 in the case of expenses paid or incurred in connection with a certified program which satisfies the requirements of paragraph (f) of this section.***

* * * * *

(f) *Maximum amount for rehabilitation expenses incurred in connection with a certified program.* (1) In the case of expenditures paid or incurred after December 31, 1980, the maximum amount of rehabilitation expenditures which may be amortized pursuant to section 167(k) with respect to any dwelling unit is $40,000 but only if the other requirements of this paragraph (f) are satisfied.

(2) The rehabilitation of such dwelling unit must be conducted pursuant to a program that is certified as providing low-income rental housing (as defined in §1.167(k)-3(b)) by the Department of Housing and Urban Development or by the government of a State or other political subdivision of the United States. The program must require the taxpayer to certify to such authority the amount of rehabilitation expenditures (as defined in §1.167(k)-3(a)). For purposes of the foregoing, the program shall be deemed certified if such program is required by statute of by a contract with such authority to provide low-income rental housing, and such authority agrees to provide a direct or indirect benefit to the taxpayer in connection with such statute or agreement (*e.g.*, an agreement by the authority to repair neighborhood streets or to abate taxes).

(3) Each dwelling unit (as defined in §1.167(k)-3(c)) must be the principal residence of a family or individual of low or moderate income (as defined in §1.167(k)-3(b)).

(4) The program shall provide:

(i) That tenants demonstrating home ownership responsibility are entitled to purchase the dwelling units; and

(ii) That the sum of taxable income (as defined in section 63 and the regulations thereunder) from the rental of the dwelling unit and the amount realized (as provided in section 1001(b) and the regulations thereunder) from the sale or disposition of such dwelling unit, if sold, is reasonably expected not to be greater than an amount equal to:

(A) The taxpayer's adjusted basis (as provided by section 1016 and the regulations thereunder) without adjustment for deductions under section 167 or 168 reduced by

(B) The net tax benefit realized by the taxpayer from the rental of the dwelling unit.

The net tax benefit is the amount by which the taxpayer's federal income taxes are reduced as a result of deductions under section 167 or 168 for such unit, less the amount of tax properly attributable to the taxable income (as defined in section 63 and the regulation thereunder) from the rental of the dwelling unit. The net tax benefit shall not be less than zero. In determining the net tax benefit to the taxpayer, taxable income from the rental of the dwelling unit and the deduction under section 167 or 168 shall be taken into account annually by multiplying the difference between

such income and deduction (which may be less than zero) by the taxpayer's maximum marginal rate of tax on income (in the case of a partnership, the maximum marginal rate of tax imposed by section 1).

(5) The following examples illustrate the provisions of this paragraph (f):

Example (1). On January 1, 1983. A, who is subject to a 50 percent marginal tax rate, placed in service 25 substantially rehabilitated townhouses. The property was rehabilitated in connection with an agreement between City X and A as part of a program operated by City X which is intended to provide housing for low-income individuals. As part of the agreement, City X agreed to abate real property taxes on the rehabilitated property for 5 years and A agreed to certify the total expenditures for the rehabilitation of such housing units and to sell the units after 5 years to those tenants demonstrating home ownership responsibility for an amount not in excess of A's adjusted basis (without adjustment for deductions under section 167 or 168) in each unit less A's net tax benefit from rental of each unit. A purchased the 25 townhouses located in City X for $1 million. A also borrowed $40,000 per unit which is secured by a 13 percent mortgage on each townhouse. The borrowed money was used to rehabilitate the townhouse which have an adjusted basis (without adjustment for deductions under section 167 or 168) of $80,000 each. After completing rehabilitation, A leases the townhouses to low-income individuals for a monthly rental of $460, an amount equal to interest on the mortgage, hazard insurance, and maintenance and operating expenses. As a result, A reasonably expected to have no taxable income from the rental of the townhouses. In 1968, A realizes $49,600 (which includes the tenant's assumption of the unpaid balance of the mortgage) from the sale of each unit to tenants who have complied with the terms of the lease for the previous 5 years. During the 5 year period that A leased the townhouses, A received a net tax benefit from each unit under section 108 of $10,400 and under section 167(k) of $20,000. Since A and the program meet the requirements of section 167(k)(2)(B) and this paragraph, the maximum amount which A may amortize pursuant to section 167(k) is $40,000 per unit.

Example (2). The facts are the same as in example (1), with the additional fact that the program does not require A to rebuild any dwelling unit unexpectedly destroyed. In 1985, a fire destroys one of the dwelling units. The insurance proceeds received by A from the insurer of the unit exceed the difference between A's adjusted basis (without adjustments for section 167 or 168) in such unit and the net tax benefit received by A by virtue of such unit. Although the destruction is a disposition within the meaning of section 167, in 1981 A did not reasonably expect that a fire would occur. Since the program provided for the limitation of income as required by paragraph (f)(4) and since the disposition could not be reasonably forseen by A or X, the provisions of section 167(k)(2)(B) apply.

Example (3). The facts are the same as in example (1) except that A purchased the 25 townhouses for $250,000 and borrowed $25,000 per unit which is secured by a 5 percent mortgage on each townhouse. Each rehabilitated townhouse has an adjusted basis (without adjustment for deductions under section 167 or 168) of $35,000. A will lease the townhouses to low income individuals for a monthly rental of $620 per unit. A elects under section 168 to recover the $10,000 basis per unit attributable to the purchase price using the straight line method over 15 years. Over a 5-year period, mortgage interest, hazard insurance, and maintenance and operating expenses total $7,000 per unit. Thus, over a 5-year period, A reasonably expects to have taxable income from leasing each unit of $1,700 ($37,200 rental income less $7,000 expenses, $3,500 of section 168 deductions, and $25,000 of section 167(k) deductions). In 1988, A realizes $19,400 (which includes the tenant's assumption of the unpaid balance of the mortgage) from the sale of each unit to tenants who have complied with the terms of the lease for the previous 5 years. A's net tax benefit from each unit is $13,400 (the difference between $28,500 of deductions under sections 167 and 168 and $1,700 of taxable income from leasing, multiplied by A's 50% marginal rate of tax). The amount A realizes from the sale of each unit ($19,400) plus the taxable leasing income per unit ($1,700) does not exceed A's adjusted basis (without adjustment for deductions under section 167 or 168) or $35,000 per unit, reduced by A's net tax benefit ($13,400). Since A and the program meet the requirements of section 167(k)(2)(B) and this paragraph, A may amortize $25,000 pursuant to section 167(k).

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code (68 Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved February 7, 1984.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on February 23, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 24, 1984, 49 F.R. 6890).

Section 168.—Accelerated Cost Recovery System

ACRS; house converted to rental use after 1980. The taxpayer, who acquired a house in 1978 and used it as a personal residence until it was converted to rental use in 1982, may not recover its cost under the provisions of the Accelerated Cost Recovery System (ACRS) of section 168 of the Code.

Rev. Rul. 84-23

ISSUE

Whether the taxpayer, who acquired a house in 1978 and used it as a personal residence until it was converted to rental use in 1982, may recover its cost under the provisions of the Accelerated Cost Recovery System (ACRS) of section 168 of the Internal Revenue Code.

FACTS

A calendar year taxpayer purchased a house in 1978 and used it as a personal residence until it was converted to rental use in 1982. During the entire 1978 to 1982 time period the property was owned by the taxpayer.

LAW AND ANALYSIS

Section 167(a) of the Code provides that there shall be allowed as a depreciation deduction a reasonable allowance for the exhaustion, wear and tear (including a reasonable allowance for obsolescence) of property used in a trade or business, or of property held for the production of income. In general, in the case of recovery property (within the meaning of section 168), the deduction allowable under section 168 shall be deemed to constitute the reasonable allowance provided by this section.

Section 168(a) of the Code provides that there shall be allowed as a deduction for any taxable year the amount determined under this section with respect to recovery property.

Section 168(c)(1) of the Code provides that, except as provided in subsection (e), the term "recovery property" means tangible property of a character subject to the allowance for depreciation that is used in a trade or business or held for the production of income.

Section 168(e)(1) of the Code provides that the term "recovery property" does not include property placed in service by the taxpayer before January 1, 1981. Property is considered placed in service when it is placed in a condition of readiness for a specifically assigned function,

whether in the taxpayer's trade or business or the production of income, in a tax-exempt activity, or in a personal activity.

In the situation described in the facts, the taxpayer acquired the property and placed it in service in 1978 as a residence, i.e., for use in a personal activity. Therefore, the property is excluded from the definition of "recovery property" by section 168(e)(1) of the Code.

HOLDING

The taxpayer, who acquired a house in 1978 and used it as a personal residence until it was converted to rental use in 1982, may not recover its cost under the provisions of the Accelerated Cost Recovery System (ACRS) of section 168 of the Code. Taxpayer must recover the cost of the house through depreciation deductions computed in accordance with the rules provided by section 167 of the Code and related sections of the Code (such as section 280A) and any regulations thereunder.

Whether cost charged to the inside wiring account of a public telephone company are recoverable under section 168 of the Code. See Rev. Rul. 84-24, page 89.

Section 170—Charitable, Etc. Contributions and Gifts

26 CFR 1.170A-1: Charitable, etc., contributions and gifts; allowance of deduction.

Charitable contributions; right to use of lodging and transportation. A radio station that donates to an agency of the U.S. Government its right to use of lodging and transportation acquired from hotels and airlines in exchange for radio advertising time may deduct, under section 170 of the Code, the fair market value of the rights donated. Rev. Ruls. 57-462 and 67-236 distinguished.

Rev. Rul. 84-1

SSUE

Whether a radio station is allowed a charitable contribution deduction under section 170 of the Internal Revenue Code for the donation to an agency of the United States Government of its rights to the use of certain lodging and transportation under the circumstances described below.

FACTS

A radio station entered into an arrangement with several hotels and airlines pursuant to which the station provided radio advertising time to the hotels and airlines in exchange for lodging and transportation provided by the hotels and airlines. The radio station included in its gross income the fair market value of the lodging and transportation, and the hotels and airlines included in their respective gross incomes the fair market values of the advertising time. Immediately after their receipt, the radio station donated its rights to the lodging and transportation to an agency of the United States Government, an organization described in section 170(c)(1) of the Code. Under applicable federal statutes, the agency director is authorized to accept and use gifts for the purpose of carrying out of any of the agency's functions. The radio station subsequently claimed a charitable contribution deduction for the fair market value of the donated rights.

LAW AND ANALYSIS

Section 170 of the Code allows, subject to certain limitations, a deduction for charitable contributions to or for the use of organizations described in section 170(c), payment of which is made during the taxable year.

Section 170(c)(1) of the Code defines a charitable contribution, in part, as a contribution or gift to or for the use of the United States, if the contribution or gift is made exclusively for public purposes.

Section 1.170A-1(g) of the Income Tax Regulations requires the disallowance of a charitable deduction for the contribution of services.

Here, the contribution by the radio station of the right to the lodging and transportation provided by the hotel and airlines is a contribution of property in the form of a contract right to receive purchased services. It is not a contribution of the donor's services. This situation is analogous to the situation described in Rev. Rul. 68-113, 1968-1 C.B. 80. In that revenue ruling, a taxpayer purchased dancing lessons from a dancing school and donated the right to receive the lessons to a charitable organization. That revenue ruling concluded that the value of the right to receive the dancing lessons is deductible as a charitable contribution.

Rev. Rul. 57-462, 1957-2 C.B. 157, and Rev. Rul. 67-236, 1967-2 C.B. 103, which disallow a charitable deduction for a donor's contribution of newspaper advertising space and radio broadcast time, respectively, are distinguishable, since they involve a contribution of services performed by the donor.

HOLDING

The contribution by the radio station of its rights to use the lodging and transportation is deductible as a charitable contribution under section 170(a) of the Code, subject to the limitations of section 170(b), in an amount equal to the fair market value of the rights contributed. Although this contribution of property is subject to the limitations of section 170(e)(1), no reduction is required in this case, because the donor's basis in the contributed property is equal to its fair market value.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 57-462 and Rev. Rul. 67-236 are distinguished.

---

26 CFR 1.170A-1: Charitable, etc., contributions and gifts; allowance for deduction.

Charitable contribution; reimbursed expenditures. The Service will follow the decision of the U.S. Court of Appeals for the Second Circuit in *Rockefeller v. Commissioner* that unreimbursed expenses

incurred in rendering services to charitable organizations were contributions made "to" the charitable organization. Rev. Ruls. 56-508, 57-38, 58-279, 67-362, 67-364, 69-473, 70-519, 77-280, 79-142, and 80-45 modified.

Rev. Rul. 84-61

ISSUE

Whether unreimbursed expenditures qualify as contributions "to" a charity under section 170 of the Internal Revenue Code.

FACTS

A, an individual, incurred expenditures incident to the rendition of gratuitous services to *X*, an organization described in section 170(b)(1)(A) and 170(c) of the Code. *A* was not reimbursed for the expenditures.

LAW AND ANALYSIS

Subject to certain limitations, section 170(a) of the Code allows a deduction for contributions and gifts to or for the use of organizations described in section 170(c), payment of which is made within the taxable year.

Section 170(b)(1)(A) of the Code allows individuals to claim charitable contribution deductions for gifts "to" certain qualified organizations to the extent that the aggregate of such contributions does not exceed 50 percent of the taxpayer's contribution base for the taxable year.

However, if the taxpayer makes a charitable contribution "for the use of" certain charitable organizations, the taxpayer may only deduct charitable contributions made during the taxable year to the extent of 20 percent of the taxpayer's contribution base during the taxable year. See section 170(b)(1)(B) of the Code and section 1.170A-8 of the Income Tax Regulations.

Section 1.170A-1(g) of the regulations provides that no deduction is allowable under section 170 of the Code for a contribution of services. However, unreimbursed expenditures made incident to the rendition of services to an organization to which contributions are deductible may constitute a deductible contribution.

In *Rockefeller v. Commissioner*, 676 F.2d 35 (2nd Cir. 1982), *aff'g.* 76 T.C. 178 (1981), the taxpayer incurred unreimbursed expenses in rendering services to qualified charitable organizations. The court held that such contributions were made "to" these charitable entities, and the taxpayers were allowed a charitable contribution deduction under section 170(b)(1)(C) of the Code, repealed by the Tax Reform Act of 1976, section 1901(a)(28)(A)(ii), 1976-3 (Vol. 1) C.B. 1, 244.

The Internal Revenue Service will follow the decision of the United States Court of Appeals for the Second Circuit in *Rockefeller* as precedent in the disposition of similar cases involving either section 170 (b)(1)(C) of the Code, now repealed, or section 170(b)(1)(A).

Accordingly, in the instant case, *A* is entitled to a charitable contribution deduction, to the extent provided under section 170(b)(1)(A) of the Code, for the unreimbursed expenditures that were made incident to the rendition of services to *X*.

EFFECT ON OTHER RULINGS

Rev. Rul. 56-508, 1956-2 C.B. 126; Rev. Rul. 57-38, 1957-1 C.B. 96; Rev. Rul. 58-279, 1958-1 C.B. 145; Rev. Rul. 67-362, 1967-2 C.B. 117; Rev. Rul. 67-364, 1967-2 C.B. 120; Rev. Rul. 69-473, 1969-2 C.B. 37; Rev. Rul. 70-519, 1970-2 C.B. 62; Rev. Rul. 77-280, 1977-2 C.B. 14; Rev. Rul. 79-142, 1979-1 C.B. 58; and Rev. Rul. 80-45, 1980-1 C.B. 54, are modified to the extent that they imply that unreimbursed expenditures may not qualify as contributions "to" a charity for the purpose of qualifying under, now repealed, section 170(b)(1)(C) of the Code, or under section 170(b)(1)(A).

T.D. 7955

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953; PART 11—TEMPORARY INCOME TAX REGULATIONS UNDER THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974; PART 20—ESTATE TAX; ESTATES OF DECEDENTS DYING AFTER AUGUST 16, 1954; PART 25; GIFT TAX; GIFTS MADE AFTER DECEMBER 31, 1954

Revision of actuarial tables and interest factors

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to tables for valuing annuities, life estates, terms for years, remainders, and reversions for purposes of Federal income, estate, and gift taxation. Changes to the applicable regulations are necessary because the interest rate used in constructing the tables no longer reflects prevailing interest rates. These regulations provide guidance to Internal Revenue Service personnel who administer the Code and members of the public who are subject to and must comply with these tables.

DATES: The regulations are generally effective for transfers occurring after November 30, 1983.

FOR FURTHER INFORMATION CONTACT: Neil W. Zyskind of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) 202-566-3287, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On October 31, 1983, the Federal Register (48 FR 50087) [LR-85-80, [1983-2 C.B. 649] published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under sections 51, 101, 170, 642, and 664; the Temporary Income Tax Regulations under the Employee Retirement Security Act of 1974 (26 CFR Part 11) under section 414; the Estate Tax Regulations (26 CFR Part 20) under sections 2031, 2032, and 2055; and the Gift Tax Regulations (26 CFR Part 25) under sections 2512, 2522, and 2523 of the Internal Revenue Code of 1954 (Code). The proposed regulations contained tables based on a 10 percent income and discount factor. In addition, the proposed tables eliminated the distinction between male and female mortality and provided for tables which are gender neutral.

A public hearing was held on January 12, 1984. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury Decision.

This Treasury decision is issued under the authority contained in sections 170(f)(4), 642(c)(5), and 7805 of the Code (83 Stat. 544, 26 U.S.C. 170(f)(4); 83 Stat. 560, 26 U.S.C. 642(c)(5); 68A Stat. 917; 26 U.S.C. 7805).

POOLED INCOME FUNDS

The Service received many comments objecting to the proposed adoption of an assumed 10 percent rate of return for transfers to pooled income funds which have been in existence for less than 3 taxable years preceding the taxable year in which the transfer is made. Although most of these comments did not take issue with the proposal to increase the existing 6 percent rate, they indicated that a 10 percent rate of return is not generally a true reflection of the earnings of pooled income funds currently in existence.

As a result of these comments, the Service has solicited and compiled data from various pooled income funds to determine a more accurate picture of the rates of return earned during the last 3 years. Based on the information gathered, the Service has concluded that, on the average, the rate of return earned by pooled income funds in the past three years is approximately 9 percent. Hence, tables based on this 9 percent rate will be used for valuing contributions to pooled income funds in existence for less than 3 years. This rate will be effective as of December 1, 1983.

The Service is limiting this change to the pooled income fund area since the statutory scheme of section 642(c)(5) implies that deductions for transfers to such funds are to be based on the fund's yearly rate of return. With respect to transfers made to charitable remainder trusts and other types of charitable and noncharitable transfers, the primary focus is on an income and discount factor and not the yearly rate of return. Thus, the Service is adopting a 10 percent rate for these types of transfers.

TESTAMENTARY TRANSFERS; EFFECTIVE DATES

The Service also received a number of comments objecting to the short period of time between the filing of the proposed regulations (October 25, 1983) and the proposed effective date of the regulations (December 1, 1983). Because of this short time period, many people were unable to change their wills before the proposed effective date. Consequently, for decedents dying after November 30, 1983, but before having amended their wills, the new tables may result in significant distortions of estate plans. Moreover, some people who are unable to change their wills because of incompetency will be at a severe disadvantage.

As a result of these comments, the Service has decided to provide a transition period for testamentary transfers in the final regulations. For purposes of testamentary transfers, if the decedent dies after November 30, 1983, and before August 9, 1984, the 6 percent or 10 percent rate may be used, whichever is most beneficial to the taxpayer. Additionally, the final regulations allow the use of the 6 or 10 percent rate to a decedent who on December 1, 1983 was under a mental disability such that the disposition of that person's property could not be changed, and such person never regains competency before death, or dies within 90 days of the date on which such person first regains competency. For decedents dying on or after August 9, 1984 and not covered by the incompetency exception, the 10 percent rate applies.

CHARITABLE REMAINDER TRUSTS

The proposed regulations under §§1.664.1(a)(5)(i)(*a*) and (*b*) would have required that if payment of an amount to a beneficiary of a charitable remainder trust is overpaid or underpaid until the end of the taxable year in which the complete funding of the trust occurs, interest must be paid on the repayment or the deferred payment computed at 10 percent, effective December 1, 1983. As a result of the rate change, many difficulties were being encountered in amending existing trust governing instruments containing the 6 percent interest corrective payment provision which, under Revenue Rulings 72-395 (1972-2 C.B. 340), 80-123 (1980-1 C.B. 205), and 82-165 (1982-2 C.B. 117) was a mandatory provision of charitable remainder trusts. Thus, the Internal Revenue Service announced on December 22, 1983, (IR-83-158) that the 6 percent rate will apply to trust instruments executed before October 25, 1983, and not subsequently amended and that either the 6 percent or 10 percent rate may be used for in-

struments executed or amended after October 24, 1983, and before the end of the 30 day period after publication of the Treasury decision. The 10 percent rate applies to instruments executed or amended after the 30 day period after publication of the Treasury decision.

The final regulations extend the 30 day period announced in the news release to 90 days. Thus, under the final regulations, the 10 percent make-up rate will not apply to charitable remainder trusts created under instruments executed before October 25, 1983, and which are not later amended. For charitable remainder trust instruments executed or amended after October 24, 1983, but before August 9, 1984, either the 6 percent or 10 percent interest rate may be used. For instruments executed or amended on or after August 9, 1984, the 10 percent interest rate takes effect.

To avoid the need for further amendments to governing instruments upon future changes in the applicable interest rate, the Service intends to issue a Revenue Ruling modifying Revenue Rulings 72-395, 80-123, and 82-165 permitting taxpayers to insert in their trust governing instruments executed or amended after October 24, 1983, a reference to "the rate of interest prescribed under the section 644 regulations" rather than "6 percent a year compounded annually." The ruling will contain sample language which will satisfy these requirements.

JOINT LIFE TABLES

Many commentators were concerned with the lack of joint life tables. The Internal Revenue Service has recently issued Publication 723E which contain some of those tables. The remaining tables will be issued shortly in Publications 723C and 723D.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirements of 5 U.S.C. 533 do not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

PAPERWORK REDUCTION ACT

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these regulations is Neil W. Zyskind of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Parts 1, 11, 20, and 25 are amended as follows:

§1.52-1 [Amended]

Paragraph 1. The second sentence of paragraph (f) of §152-1 is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate."

§1.101-2 [Amended]

Par. 2. Section 1.101-2 is amended as follows:

a. Paragraph (e)(1)(iii)(*b*)(3) is amended by removing "as supplemented by "Actuarial Values for Estate and Gift Tax" (Internal Revenue Service Publication No. 11, Rev. 5-59)".

b. Example (1)(i) of paragraph (e)(2) is amended by inserting in the beginning of the example the sentence "A died on January 1, 1969."

§1.170A-6 [Amended]

Par. 3. Section 1.170A-6 is amended as follows:

a. Paragraph (c)(3)(i) is amended by removing §20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate,".

b. The second sentence of paragraph (c)(4) is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate,".

§1.170A-7 [Amended]

Par. 4. The third sentence of paragraph (c) of §1.170A-7 is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate,".

§1.170A-12 [Amended]

Par. 5. Section 1.170A-12 is amended as follows:

a. The fourth sentence of paragraph (a)(3) is amended by removing "§25.2512-9" and inserting in lieu thereof "§25.2512-5 or 25.2512-9, whichever is appropriate,".

b. The first sentence of paragraph (b)(1) is amended by removing "§25.2512-9 of this chapter (Gift Tax Regulations), using Table A(1) or A(2) (whichever is appropriate) contained in paragraph (f) of such section" and inserting in lieu thereof" §25.2512-5 or 25.2512-9 of this chapter (Gift Tax Regulations), using Table A, A(1), or A(2) (whichever is appropriate)".

c. The second sentence of paragraph (b)(1) is amended by removing "Table A(1) or A(2) in paragraph (f) of §25.2512-9 of this chapter (Gift Tax Regulations) before such figure is used in paragraph (d) of such section" and inserting in lieu thereof "Table A in paragraph (f) of §25.2512-5 or Table (A)(1) or A(2) in

›aragraph (f) of §25.2512-9 (which-ver is appropriate) of this chapter Gift Tax Regulations) before such igure is used in paragraph (d) of such ections".

d. Paragraph (b)(2) is revised to ead as set forth below.

e. Paragraph (c) is amended by re-noving "§25.2512-9" wherever it ap-›ears and inserting in lieu thereof '§25.2512-5 or 25.2512-9, whichever s appropriate" and by removing the erm "section" in the first sentence nd inserting in lieu thereof "sec-ions".

f. The second sentence of para-;raph (e)(1) is revised to read as set orth below.

g. Paragraph (e)(2) is amended by emoving "§20.2031-10(f)" and in-erting in lieu thereof "§20.2031-7(f) ›r 20.2031-10(f), whichever is appro-›riate,".

h. Paragraph (f) is amended by in-erting a new Table C immediately efore Table C(1) to read as set forth elow.

1.170A-12 Valuation of a remainder interest in real property for contributions made after July 31, 1969.

* * * * *

(b) *Valuation of a remainder interest following only one life*—***

(2) *Computation of depreciation adjustment factor.* Computations under this paragraph (b)(2) are based upon Table C (Tables C(1) and C(2) for contributions made before December 1, 1983) contained in paragraph (f) of this section, which reflect interest at the rate of 10 percent (6 percent for contributions made before December 1, 1983) a year compounded annually, life contingencies determined from the values of lx that are set forth in Table LN of paragraph (f) of §20.2031-7 (§20.2031-10 for contributions made before December 1, 1983) of this chapter (Estate Tax Regulations), and depreciation on a straight line basis. The factor determined under this paragraph (b)(2) is the amount determined by dividing—

(i) The difference between—

(A) The R-factor in column 2 of each Table C opposite the initial age of the life tenant in column 1, and

(B) The R-factor in column 2 of such Table opposite the terminal age in column 1; by

(ii) The product of—

(A) The estimated useful life of the depreciable property, and

(B) The D-factor in column 3 of the Table opposite the initial age of the life tenant in column 1.

For purposes of this paragraph (b)(2), the term "initial age of the life tenant" means the age of the life tenant at the life tenant's birthday nearest the date of the contribution of the remainder interest, and the term "terminal age" is 110 or the sum of the initial age of the life tenant and the estimated useful life of the depreciable property, if that sum is less than 110. The factor determined under this paragraph (b)(2) is carried to the fifth decimal place.

* * * * *

(e) *Valuation of a remainder interest following more than one life or a term certain concurrent with one or more lives*—(1) ***The special factor is to be computed on the basis of (1) interest at the rate of 10 percent (6 percent for contributions made before December 1, 1983) a year, compounded annually, (ii) life contingencies determined from the values of lx that are set forth in Table LN of paragraph (f) of §20.2031-7 (§20.2031-10 for contributions made before December 1, 1983) of this chapter (Estate Tax Regulations). and (iii) if depreciation is involved, the assumption that the property depreciates on a straight line basis over its estimates useful life.***

(f) *Tables for computation of depreciation adjustment factor.****

§1.642 [Amended]

Par. 6. Section 1.642(c)-6 is amended as follows:

a. Paragraph (a)(2) is amended by removing the sixth and seventh sentences and inserting in lieu thereof "A copy of the publication containing many such special factors, may be purchased from the Superintendent of Documents, United States Government Printing Office, Washington, D.C. 20402."

b. Paragraph (b)(1) is amended by removing "as to each male and female life involved, from the values of lx that are set forth in columns (2) and (3), respectively, of Table LN of paragraph (f) of §20.2031-10" and inserting in lieu thereof "from the values of lx that are set forth in Table LN of paragraph (f) of §20.2031-7 or 20.2031-10, whichever is appropriate,".

c. Paragraph (b)(2) is amended by removing "6 percent" wherever it appears and inserting in lieu thereof "9 percent (6 percent for transfers of property to pooled income funds made before December 1, 1983)".

d. Paragraphs (d)(1) through (3) are redesignated as paragraphs (e)(1) through (3), respectively, and new paragraphs (d)(1) through (3) are inserted immediately following paragraph (c)(5) to read as set forth below.

e. The heading of redesignated paragraph (e) and the first sentence of redesignated paragraph (e)(1) are revised to read as set forth below.

f. A new sentence is added at the end of redesignated paragraph (e)(1) to read as set forth below.

§1.642(c)-6 Valuation of a remainder interest in property transferred to a pooled income fund.

* * * * *

(d) *Present value of remainder interest dependent on the termination of one life; for transfers to pooled income funds made after November 30, 1983*—(1) *In general.* For transfers to pooled income funds made after November 30, 1983, the present value under this section of a remainder interest which is dependent on the termination of the life of one individual shall be determined under paragraphs (d)(1) through (3) of this section. The present value of such a remainder interest shall be computed by the use of Table G in paragraph (d)(3) of section. For purposes of the computations under this section, the age of an individual is to be taken as the age of the individual at the individual's nearest birthday. For transfers to pooled income funds made before December 1, 1983, see paragraphs (e)(1) through (3) of this section.

(2) *Computation of value of remainder interest.* The factor which is used in determining the present value of the remainder interest in the factor under the appropriate interest is the factor under the appropriate yearly rate of return in column (2) of Table G opposite the number in column (1) which corresponds to the age of the individual upon whose life the value of the remainder interest is based. If the yearly rate of return is a percentage which is between yearly rates of return for which factors are provided in Table G, a linear interpolation must be made. The present value of the remainder interest is determined by multiplying, by the factor determined under this paragraph (d)(2), the fair market value on the appropriate valuation date. If the yearly rate of return is below 2.2 percent or above 14 percent, see paragraph (a)(2) of this section. This paragraph (d)(2) may be illustrated by the following example:

Example. A, who will be 50 years old on April 15, 1985, transfers $100,000 to a pooled income fund on January 1, 1985, and retains a life income interest in such property. The highest yearly rate of return earned by the fund for its 3 preceding taxable years is 9.9 percent. In Table G the figure in column (2) opposite 50 years under 9.8 percent is .15653 and under 10 percent is .15257. The present value of the remainder interest is $15,455, computed as follows:

Factor at 9.8 percent for person aged 50	.15653
Factor at 10 percent for person aged 50	.15257
Difference	.00396

Interpolation adjustment:

$$\frac{9.9\% - 9.8\%}{.2\%} = \frac{x}{.00396}$$

$$x = .00198$$

Factor at 9.8 percent for person aged 50	0.15653
Less:	
Interpolation adjustment	.00198
Interpolated factor	.15455
Present value of remainder interest ($100,000 × .15455	$15,456

(3) *Actuarial tables.* The following tables shall be used in the application of the provisions of this section.

(e) *Present value of remainder interest dependent on the termination of one life; for transfers to pooled income funds made before December 1, 1983*—(1) *In general.* For transfers to pooled income funds made before December 1, 1983, the present value under this section of a remainder interest which is dependent on the termination of the life of one individual shall be determined under paragraphs (e)(1) through (3) of this section.*** For transfers to pooled income funds made after November 30, 1983, see paragraphs (d)(1) through (3) of this section.

* * * * *

§1.664-1 [Amended]

Par. 7. Section 1.664-1 is amended as follows:

a. Paragraphs (a)(5)(i)(*a*) and (*b*) are amended by removing "6 percent a year," and inserting in lieu thereof "the rate of interest specified in paragraph (a)(5)(iv) of this section,".

b. Paragraph (a)(5)(ii)(*a*)(3) is amended by removing "6 percent a year," and inserting in lieu thereof "the rate of interest specified in paragraph (a)(5)(iv) of this section,".

c. A new paragraph (a)(5)(iv) is added immediately following paragraph (a)(5)(iii) to read as set forth below.

§1.644-1 Charitable remainder trusts.

(a) *In general.****

(5) *Rules applicable to testamentary transfers.****

(iv) *Rate of interest.* The following rates of interest shall apply for purposes of paragraphs (a)(5)(i) through (iii) of this section:

(*a*) 10 percent for instruments executed or amended on or after August 9, 1984;

(*b*) 6 percent or 10 percent for instruments executed or amended after October 24, 1983, and before August 9, 1984; and

(*c*) 6 percent for instruments executed before October 25, 1983, and not subsequently amended.

§1.664-2 [Amended]

Par. 8. The last sentence of paragraph (c) of §1.664-2 is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate,".

§1.664-4 [Amended]

Par. 9. Section 1.664-4 is amended as follows:

a. Paragraph (a)(1) is revised to read as set forth below.

b. Paragraphs (a)(2) through (4) are redesignated as paragraphs (a)(3) through (5) and a new paragraph (a)(2) is inserted immediately following paragraph (a)(1) to read as set forth below.

c. Redesignated paragraph (a)(4) is amended by removing the second and third to last sentences and inserting in lieu thereof "A copy of the publication containing many such special factors, may be purchased from the Superintendent of Documents, United States Government Printing Office, Washington, D.C. 20402."

d. Paragraphs (b)(1) through (5) are redesignated as paragraphs (d)(1) through (5), respectively, and new paragraphs (b)(1) through (5) and (c) are inserted immediately following redesignated paragraph (a)(5) to read as set forth below.

e. The heading of redesignated paragraph (d) and the first sentence of redesignated paragraph (d)(1) are revised to read as set forth below.

f. A new sentence is added at the end of redesignated paragraph (d)(1) to read as set forth below.

g. The second sentence of redesignated paragraph (d)(2) is amended by removing "paragraph (a)(3)" and inserting in lieu thereof "paragraph (a)(4)".

h. The fifth sentence of redesignated paragraph (d)(3) is amended by removing "paragraph (a)(3)" and inserting in lieu thereof "paragraph (a)(4)".

i. The sixth sentence of redesignated paragraph (d)(4) is amended by removing "paragraph (a)(3)" and inserting in lieu thereof "paragraph (a)(4).".

§1.664-4 Calculation of the fair market value of the remainder interest in a charitable remainder interest.

(a) *General rule*—(1) *Rule for determining present value.* Except as otherwise provided in paragraph (a)(2) of this section, for purposes of section 170, 2055, 2106, or 2522, the fair market value of a remainder interest in a charitable remainder unitrust (as described in §1.664-3) is its present value determined under this section. The present value determined under this section shall be computed on the basis of—

(i) Life contingencies determined as to each life involved, from the values of 1 x set forth in column 2 of Table LN, paragraph (f) of §20.2031-7 (columns 2 and 3, respectively, of Table LN of paragraph (f) of §20.2031-10 for transfers made before December 1, 1983);

(ii) Interest at the rate of 10 percent (6 percent for transfers to charitable remainder unitrusts made before December 1, 1983); and

(iii) The assumption that the amount described in paragraph (a)(1)(i)(*a*) of §1.664-3 shall be distributed in accordance with the payout sequence described in the governing instrument.

If the governing instrument does not prescribe when the distribution shall be made during the period for which the payment is made, for purposes of this section, the distribution shall be considered payable on the first day of the period for which the payment is made.

(2) *Rules for determining present value for testamentary transfers where the decedent dies after November 30, 1983, and before August 9, 1984.* For purposes of section 2055 or 2106, if—

(i) the decedent dies after November 30, 1983, and before August 9, 1984, or

(ii) on December 1, 1983, the decedent is under a mental disability such that the disposition of the property cannot be changed, and such decedent dies any time on or after December 1, 1983 without ever regaining competency to dispose of such decedent's property, or dies within 90 days of the date on which such de-

cedent first regains competency, paragraph (a)(1)(ii) of this section shall be applied by substituting the phrase "6 percent or 10 percent, whichever is most beneficial to the taxpayer" for "10 percent." However, if the taxpayer uses 6 percent, the life contingencies under Table LN of §20.2031-10(f) must be used.

(b) *Valuation of charitable remainder unitrusts having certain payout sequences for transfers made after November 30, 1983*—(1) *In general.* Except as otherwise provided in paragraph (c) of this section, for transfers made after November 30, 1983, the present value determined under this section of a remainder interest which is dependent on a term of years or the termination of the life of one individual shall be determined under paragraphs (b)(1) through (5) of this section provided that the amount of the payout as of any payout date during any taxable year of the trust is not larger than the amount which the trust could distribute on such date under paragraph (a)(1)(v) of §1.664-3 if the taxable year of the trust were to end on such date. The present value of the remainder interest in such trust shall be determined by computing the adjusted payout rate (as defined in paragraph (b)(2) of this section) and following the procedure outlined in paragraph (b)(3) or (b)(4) of this section, whichever is applicable. The present value of a remainder interest which is dependent on a term of years is computed under paragraph (b)(3) of this section. The present value of a remainder interest which is dependent on the termination of the life of one individual is computed under paragraph (b)(4) of this section. See paragraph (c) of this section for testamentary transfers occurring after November 30, 1983, and before August 9, 1984. For transfers made before December 1, 1983, see paragraphs (d)(1) through (5) of this section.

(2) *Adjusted payout rate.* The adjusted payout rate is determined by multiplying the fixed percentage described in paragraph (a)(1)(i)(*a*) of §1.664-3 by the figure in column (2) of Table F(1) which describes the payout sequence of the trust opposite the number in column (1) of Table F(1) which corresponds to the number of months by which the valuation date for the first full taxable year of the trust precedes the first payout date for such taxable year. If the governing instrument does not prescribe when the distribution shall be made during the taxable year of the trust, see paragraph (a)(4) of this section. In the case of a trust having a payout sequence for which no figures have been provided by Table F(1) and in the case of a trust which determines the fair market value of the trust assets by taking the average of valuations on more than one date during the taxable year, see paragraph (a)(3) of this section.

(3) *Period is a term of years.* If the period described in paragraph (a)(5) of §1.664-3 is a term of years, the factor which is used in determining the present value of the remainder interest is the factor under the appropriate adjusted payout rate in column (2) of Table D in paragraph (b)(5) of this section opposite the number in column (1) of Table D which corresponds to the number of years in the term. If the adjusted payout rate is an amount which is between adjusted payout rates for which factors are provided in Table D, a linear interpolation must be made. The present value of the remainder interest is determined by multiplying the net fair market value (as of the appropriate valuation date) of the property placed in trust by the factor determined under this paragraph (b)(3). For purposes of this section, the term "appropriate valuation date" means the date on which the property is transferred to the trust by the donor except that, for purposes of section 2055 or 2106, it means the date of death unless the alternate valuation date is elected in accordance with section 2032 and the regulations thereunder in which event it means the alternate valuation date. If the adjusted payout rate is greater than 15 percent, see paragraph (a)(4) of this section. The application of this paragraph (b)(3) may be illustrated by the following example:

Example. D transfers $100,000 to a charitable remainder unitrust on January 1, 1985. The trust instrument requires that the trust pay to D semiannually (on June 30 and December 31) 10 percent of the fair market value of the trust assets as of June 30th for a term of 15 years. The adjusted payout rate is 9.787 percent (10% × 0.976731). The present value of the remainder interest is $21,404.90, computed as follows:

Factor at 9.6 percent for 15 years	0.220053
Factor at 9.8 percent for 15 years	.212862
Difference	.007191

$$\frac{9.767\% - 9.6\%}{0.2\%} = \frac{X}{.007191}$$

Factor at 9.6 percent for 15 years	0.220053
Less X	.006004
Interpolated factor	.214049

Present value of remainder interest = $100,000 × 0.214049 = $21,404.90.

(4) *Period is the life of one individual.* If the period described in paragraph (a)(5) of §1.664-3 is the life of one individual, the factor which is used in determining the present value of the remainder interest is the factor under the appropriate adjusted payout rate in column (2) of Table E in paragraph (b)(5) of this section opposite the number in column (1) which corresponds to the age of the individual whose life measures the period. For purposes of the computations described in this paragraph (b)(4), the age of an individual is to be taken as the age of that individual at the individual's birthday. If the adjusted payout rate is an amount which is between adjusted payout rates for which factors are provided for in Table E, a linear interpolation must be made. The present value of the remainder interest is determined by multiplying the net fair market value (as of the appropriate valuation date) of the property placed in trust by the factor determined under this paragraph (b)(4). If the adjusted payout rate is greater than 14 percent, see paragraph (a)(4) of this section. The application of this paragraph may be illustrated by the following example:

Example. A. who will be 50 years old on April 15, 1985, transfers $100,000 to a charitable remainder unitrust on January 1, 1985. The trust instrument requires that the trust pay to A at the end of each taxable year of the trust 10 percent of the fair market value of the trust

assets as of the beginning of each taxable year of the trust. The adjusted payout rate is 9.091 percent (10 percent × .909091). The present value of the remainder interest is $15,259.00 computed as follows:

Factor at 9 percent at age 50	0.15472
Factor at 9.2 percent at age 50	.15003
Difference	.00469

$$9.091\% - 9\% \div 0.2\% = X \div 0.00469$$
$$x = 0.00213$$

Factor at 9 percent at age 50	.15472
Less: X	.00213
Interpolated factor	.15259

Present value of remainder interest = $100,000 × 0.15259 = $15,259.00

(5) *Actuarial Tables.* The following tables shall be used in the application of the provisions of this section:

Table D—Table Showing the Present Worth of a Remainder Interest Postponed for a Term of Years in a Charitable Remainder Unitrust Having the Adjusted Payout Rate Shown

(c) *Valuation of charitable remainder unitrusts having certain payout sequences; for testamentary transfers made after November 30, 1983, and before August 9, 1984.* For purposes of section 2055 or 2106, if —

(1) the testamentary transfer occurred after November 30, 1983, and before August 9, 1984, or

(2) on December 1, 1983, a decedent was under a mental disability such that the disposition of the property could not be changed, and the testamentary transfer occurs any time on or after December 1, 1983 without such decedent ever having regained competency to dispose of such decedent's property, or having died within 90 days of the date on which such decedent first regains competency,

the present value determined under this section of a remainder interest shall be determined in accordance with paragraphs (b)(1) through (5) or (d)(1) through (5) of this section, whichever is most beneficial to the taxpayer.

(d) *Valuation of charitable remainder unitrusts having certain payout sequences; for transfer made before December 1, 1983*—(1) *In general.* For transfers made before December 1, 1983, the present value determined under this section of a remainder interest which is dependent on a term of years or the termination of the life of one individual shall be determined under paragraphs (d)(1) through (5) of this section provided that the amount of the payout as of any payout date during any taxable year of the trust is not larger than the amount which the trust could distribute on such date under paragraph (a)(1)(v) of §1.644-3 if the taxable year of the trust were to end on such date. ***For transfers made after November 30, 1983, see paragraphs (b)(1) through (5) and (c) of this section.

* * * * *

§11.414(c)-2 [Amended]

Par. 10. The last sentence of paragraph (b)(2)(ii) of §11.414(c)-2 is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, which is appropriate.".

§11.414(c)-4 [Amended]

Par. 11. The last sentence of paragraph (b)(3)(i) of §11.414(c)-4 is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate.".

Par. 12. Section 20.2031-7 is revised to read as set forth below.

§20.2031-7 Valuation of annuities, life estates, terms for years, remainders, and reversions for estates of decedents dying after November 30, 1983.

(a) *In general.* (1) Except as otherwise provided in this paragraph (a)(1), for estates of decedents dying after November 30, 1983, the fair market value of annuities, life estates, terms for years, remainders, and reversions is their present value determined under this section. If a decedent dies after November 30, 1983, and before August 9, 1984, or if on December 1, 1983, a decedent was under a mental disability such that the disposition of the decedent's property could not be changed, and such decedent dies any time on or after December 1, 1983 without such decedent ever having regained competency to dispose of such decedent's property, or dies within 90 days of the date on which such decedent first regains competency, the fair market value of annuities, life estates, terms for years, remainders, and reversions included in the estate of such decedent is their present value determined under this section or §20.2031-10, whichever is most beneficial to the taxpayer. The value of annuities issued by companies regularly engaged in their sale, and of insurance policies on the lives of persons other than the decedent is determined under §20.2031-8. The fair market value of a remainder interest in a charitable remainder unitrust as defined in §1.664-3 is its present value determined under §1.664-4. The fair market value of a life interest or term

for years in a charitable remainder unitrust is the fair market value of the property as of the date of valuation less the fair market value of the remainder interest on such date determined under §1.664-4. The fair market value of interests in a pooled income fund, as defined in §1.642(c)-5, is their value determined under §1.642(c)-6. (See §20.2031-10 with respect to the valuation of annuities, life estates, terms for years, remainders, and reversions includable in estates of decedents dying after December 31, 1970, and before December 1, 1983; §20.2042-1 with respect to insurance policies on the decedent's life.) With respect to the valuation of annuities, life estates, terms for years, remainders and reversions includible in estates of decedents dying before January 1, 1971, see T.D. 6296, 23 FR 4529, June 24, 1958 [1958-2 C.B. 432], as amended by T.D. 7077, 35 FR 18461, December 4, 1970 [1970-2 C.B. 183].

(2) The present value of an annuity, life estate, remainder, or reversion determined under this section which is dependent on the continuation or termination of the life of one person is computed by the use of Table A in paragraph (f) of this section. The present value of an annuity, term for years, remainder, or reversion dependent on a term certain is computed by the use of Table B in paragraph (f) of this section. If the interest to be valued is dependent upon more than one life or there is a term certain concurrent with one or more lives, see paragraph (e) of this section. For purposes of the computations described in this section, the age of a person is to be taken as the age of that person at his or her nearest birthday.

(3) In all examples set forth in this section, the decedent is assumed to have died on or after August 9, 1984 and to have been competent to change the disposition of the property on December 1, 1983.

(b) *Annuities.* (1) If an annuity is payable annually at the end of each year during the life of an individual (as for example if the first payment is due one year after the decedent's death), the amount payable annually is multiplied by the figure in column 2 of Table A opposite the number of years in column 1 nearest the age of the individual whose life measures the duration of the annuity. If the annuity is payable annually at the end of each of year for a definite number of years, the amount payable annually is multiplied by the figure in column 2 of Table B opposite the number of years in column 1 representing the duration of the annuity. The application of this paragraph (b)(1) may be illustrated by the following examples:

Example (1). The decedent received, under the terms of the decedent's father's will an annuity of $10,000 a year payable annually for the life of the decedent's elder brother. At the time the decedent died, an annual payment had just been made. The brother at the decedent's death was 40 years eight months old. By reference to Table A, the figure in column 2 opposite 41 years, the number nearest to the brother's actual age, is found to be 9.1030. The present value of the annuity at the date of the decedent's death is, therefore, $91,030 ($10,000 × 9.1030).

Example (2). The decedent was entitled to receive an annuity of $10,000 a year payable annually throughout a term certain. At the time the decedent died, the annual payment had just been made and five more annual payments were still to be made. By reference to Table B, it is found that the figure in column 2 opposite five years is 3.7908. The present value of the annuity is, therefore, $37,908 ($10,000 × 3.7808).

(2) If an annuity is payable at the end of semiannual, quarterly, monthly, or weekly periods during the life of an individual (as for example if the first payment is due one month after the decedent's death), the aggregate amount to be paid within a year is first multiplied by the figure in column 2 of Table A opposite the number of years in column 1 nearest the age of the individual whose life measures the duration of the annuity. The product so obtained is then multiplied by whichever of the following factors is appropriate:

1.0244 for semiannual payments,
1.0368 for quarterly payments,
1.0450 for monthly payments,
1.0482 for weekly payments.

If the annuity is payable at the end of the semiannual, quarterly, monthly, or weekly periods for a definite number of years, the aggregate amount to be paid within a year is first multiplied by the figure in column 2 o Table B opposite the number of year in column 1 representing the duratio of the annuity. The product so ob tained is then multiplied by whicheve of the above factors is appropriate The application of this paragrap (b)(2) may be illustrated by the fol lowing example:

Example. The facts are the same as thos contained in example (1) set forth in paragrap (b)(1) of this section, except that the annuity i payable semiannually. The aggregate annual amount, $10,000, is multiplied by the factor 9.1030 and the product multiplied by 1.0244. The present value of the annuity at the date of the decedent's death is, therefore, $93,251.13 ($10,000 × 9.1030 × 1.0244).

(3)(i) If the first payment of an annuity for the life of an individual is due at the beginning of the annual or other payment period rather than at the end (as for example if the first payment is to be made immediately after the decedent's death), the value of the annuity is the sum of (A) the first payment plus (B) the present value of a similar annuity, the first payment of which is not to be made until the end of the payment period, determined as provided in paragraphs (b)(1) or (2) of this section. The application of this paragraph (b)(3)(i) may be illustrated by the following example:

Example. The decedent was entitled to receive an annuity of $50 a month during the life of another person. The decedent died on the date the payment was due. At the date of the decedent's death, the person whose life measures the duration of the annuity was 50 years of age. The value of the annuity at the date of the decedent's death is $50 plus the product of $50 × 12 × 8.4743 (see Table A) × 1.0450 (See paragraph (b)(2) of this section). That is $50 plus $5,313.39, or $5,363.39.

(ii) If the first payment of an annuity for a definite number of years is due at the beginning of the annual or other payment period, the applicable factor is the product of the factor shown in Table B multiplied by whichever of the following factors is appropriate:

1.1000 for annual payments,
1.0744 for semiannual payments,
1.0618 for quarterly payments,
1.0534 for monthly payments,
1.0502 for weekly payments.

The application of this paragraph (b)(3)(ii) may be illustrated by the following example:

Example. The decedent was the beneficiary of an annuity of $50 a month. On the day a payment was due, the decedent died. There were 300 payments to be made, including the payment due. The value of the annuity as of the date of decedent's death is the product of $50 × 12 × 9.0770 (see Table B) × 1.0534, or $5,737.03.

(c) *Life estates and terms for years.* If the interest to be valued is the right of a person for his or her life, or for the life of another person, to receive the income of certain property or to use nonincome-producing property, the value of the interest is the value of the property multiplied by the figure in column 3 of Table A opposite the number of years nearest to the actual age of the measuring life. If the interest to be valued is the right to receive income of property or to use nonincome-producing property for a term of years, column 3 of Table B is used. The application of this paragraph (c) may be illustrated by the following example:

Example. The decedent or the decedent's estate was entitled to receive the income from a fund of $50,000 during the life of the decedent's elder brother. Upon the brother's death, the remainder is to go to B. The brother was 31 years, five months old at the time of decedent's death. By reference to Table A the figure in column 3 opposite 31 years is found to be 0.95254. The present value of the decedent's interest is, therefore, $47,627 ($50,000 × 0.95254).

(d) *Remainders or reversionary interests.* If a decedent had, at the time of the decedent's death, a remainder or a reversionary interest in property to take effect after an estate for the life of another, the present value of the decedent's interest is obtained by multiplying the value of the property by the figure in column 4 of Table 4 opposite the number of years nearest to the actual age of the person whose life measures the preceding estate. If the remainder or reversion is to take effect at the end of the term for years, column 4 of Table B is used. The application of this paragraph (d) may be illustrated by the following example:

Example. The decedent was entitled to receive certain property worth $50,000 upon the death of the decedent's elder sister, to whom the income was bequeathed for life. At the time of the decedent's death, the elder sister was 31 years five months old. By reference to Table A the figure in column 4 opposite 31 years is found to be .04746. The present value of the remainder interest at the date of the decedent's death is, therefore, $2,373 ($50,000 × .04746).

(e) *Actuarial computations by the Internal Revenue Service.* If the valuation of the interest involved is dependent upon the continuation or the termination of more than one life or upon a term certain concurrent with one or more lives a special factor must be used. The factor is to be computed on the basis of interest at the rate of 10 percent a year, compounded annually, and life contingencies determined, as to each person involved, from the values of lx that are set forth in column 2 of Table LN of paragraph (f). Table LN contains values of lx taken from the life table for the total population appearing as Table 1 of United States Life Tables: 1969-71, published by the Department of Health, Education, and Welfare, Public health service. A copy of the publication containing many such special factors, may be purchased from the Superintendent of Documents, United States Government Printing Office, Washington, D.C. 20404. However, if a special factor is required in the case of an actual decedent, the Commissioner will furnish the factor to the executor upon request. The request must be accompanied by a statement of the date of birth of each person, the duration of whose life may affect the value of the interest, and by copies of the relevant instruments. Special factors are not furnished for prospective transfers.

(f) *Tables.* The following tables shall be used in the application of the provisions of this section:

Table A—Single Life, Unisex, 10 Percent Showing the Present Worth of an Annuity, of a Life Interest, and of a Remainder Interest

§20.2031-10 [Amended]

Par. 13. Section 20.2031-10 is amended as follows:

a. The topic heading of §20.2031-10 is amended by adding ", and before December 1, 1983" immediately following "December 31, 1970".

b. The first sentence of paragraph (a)(1) is amended by adding "and before December 1, 1983," immediately following "December 31, 1970,".

c. The last sentence of paragraph (a)(1) is amended by removing "on or before December 31, 1970" and inserting in lieu thereof "after November 30, 1983".

d. Paragraph (a)(3) is amended by adding ", and before December 1, 1983" immediately following "December 31, 1970".

Par. 14. The last two sentences of paragraph (f)(1) of §20.2032-1 are revised to read as set forth below.

§20.2032-1 Alternate valuation.

* * * * *

(f) *Mere lapse of time.****

(l) *Life estates, remainders, and similar interests.**** The value of the decedent's remainder interest at the date of the decedent's death would, as explained in paragraph (d) of §20.2031-7, by $2,373 ($50,000 × .04746). If, because of economic conditions, the property declined in value and was worth only $40,000 6 months after the date of the

decedent's death, the value of the remainder interest would be $1,898.40 ($40,000 × .04746), even though the elder brother may be 32 years old on the alternate date.

* * * * *

§20.2055-2 [Amended]

Par. 15. Section 20.2055-2 is amended as follows:

a. The first sentence of paragraph (f)(2)(iv) is amended by removing "§20.2031-10" and inserting in lieu thereof "§20.2031-7 or 20.2031-10, whichever is appropriate,"

b. Paragraph (f)(4) is revised to read as set forth below.

§20.2055-2 Transfers not exclusively for charitable purposes.

* * * * *

(f) *Valuation of charitable interests*—***

(4) *Other decedents.* The present value of an interest not described in paragraph (f)(2) of this section is to be determined under §20.2031-7 in the case of decedents dying after November 30, 1983, or under §20.2031-10 in the case of decedents dying after December 31, 1970, and before December 1, 1983.

* * * * *

Par. 16. Section 25.2512-5 is revised to read as set forth below.

§25.2512-5 Valuation of annuities, life estates, terms for years, remainders, and reversions transferred after November 30, 1983.

(a) *In General.* (1)(i) Except as otherwise provided in this paragraph (a)(1)(i), the fair market value of annuities, life estates, terms for years, remainders, and reversions transferred after November 30, 1983, is their present value determined under this section. The value of annuities issued by companies regularly engaged in their sale and of insurance policies issued by companies regularly engaged in their sale is determined under §25.2512-6. The fair market value of a remainder interest in a charitable remainder unitrust, as defined in §1.664-3, is its present value determined under §1.664-4. The fair market value of a life interest or term for years in a charitable remainder unitrust is the fair market value of the property as of the date of transfer less the fair market value of the remainder interest on such date determined under §1.664-4. The fair market value of interests in a pooled income fund, as defined in §1.642(c)-5, is their value determined under §1.642(c)-5, is their value determined under §1.642(c)-6. Where the donor transfers property in trust or otherwise and retains an interest therein, the value of the gift is the value of the property transferred less the value of the donor's retained interest. If the donor assigns or relinquishes an annuity, life estate, remainder, or reversion which the donor holds by virtue of a transfer previously made by the donor or another, the value of the gift is the value of the interest transferred. See §25.2512-9 with respect to the valuation of annuities, life estates, terms for years, remainders, and reversions transferred after December 31, 1970, and before December 1, 1983. With respect to the valuation of annuities, life estates, terms for years, remainders, and reversions transferred before January 1, 1971, see T.D. 6334,23 FR 8904, November 15, 1958 [1958-2 C.B. 627], as amended by T.D. 7077, 35 FR 18464, December 4, 1970 [1970-2 C.B. 183].

(ii) If the donor transfers in December of 1983, either—

(A) A remainder or a reversion subject to a life interest or a term for years where the life interest or term for years was transferred by the donor after December 31, 1982, and before December 1, 1983, or

(B) A life interest or term for years, the remainder interest of which was transferred by the donor after December 31, 1982, and before December 1, 1983, the donor shall make an election. The donor may elect to value both interests transferred in 1983 under §25.2512-9 as if such section applied to all transfers made before January 1, 1984, or the donor may elect to have both transfers valued under this section. The donor shall indicate the election being made in a statement attached to the donor's gift tax return for 1983.

(iii) If the donor transfers in calendar year 1984, either—

(A) A remainder on a reversion subject to a life interest or a term for years where the life interest or term for years was transferred by the donor in the first eleven months of 1983, or

(B) A life interest or term for years, the remainder interest of which was transferred by the donor in the first eleven months of 1983, the donor shall make an election. The donor may elect to value the interest transferred in 1984 under §25.2512-9 as if such section applied to all transfers made before January 1, 1985, or the donor may elect to have the transfer valued under this section. If the donor elects to value the interest transferred in 1984 under §25.2512-9, the donor shall indicate the election being made by a statement attached to the donor's gift tax return for 1984. If the donor elects to value the interest transferred in 1984 under this section the election shall not be effective unless the donor declares, in a statement attached to the donor's gift tax return for 1984, that the donor has filed an amended gift tax return for 1983, in which the donor has revalued the transfers made in the first eleven months of 1983 under this section as if this section applied to transfers made after December 31, 1982.

(2) The present value of an annuity, life estate, remainder, or reversion determined under this section which is dependent on the continuation or termination of the life of one person is computed by the use of Table A in paragraph (f) of this section. The present value of an annuity, term for years, remainder, or reversion dependent on a term certain is computed by the use of Table B in paragraph (f) of this section. If the interest to be valued is dependent upon more than one life or there is a term certain concurrent with one or more lives, see paragraph (e) of this section. For purposes of the computations described in this section, the age of the person is to be taken at his or her nearest birthday.

(3) In all examples set forth in this section, the interest is assumed to have been transferred after November 30, 1983.

(b) *Annuities.* (1) If an annuity is payable annually at the end of each year during the life of an individual (as for example if the first payment is due one year after the date of the gift), the amount payable annually is multiplied by the figure in column 2 of Table A opposite the number of years in column 1 nearest the age of the individual whose life measures the duration of the annuity. If the annuity is payable annually at the end of each year for a definite number of years, the amount payable annually is multiplied by the figure in column 2 of Table B opposite the number of years in column 1 representing the duration of the annuity.

The application of this paragraph (b)(1) may be illustrated by the following examples:

Example (1). The donor assigns an annuity of $10,000 a year payable annually during the donor's life immediately after an annual payment has been made. The age of the donor on the date of assignment is 40 years and eight months. By reference to Table A, it is found that the figure in column 2 opposite 41 years is 9.1030. The value of the gift is, therefore, $91,030 ($10,000 multiplied by 9.1030).

Example (2). The donor was entitled to receive an annuity of $10,000 a year payable annually at the end of annual periods throughout a term of 20 years. The donor, when 15 years have elapsed, makes a gift thereof to the donor's son. By reference to Table B, it is found that the figure in column 2 opposite five years, the unexpired portion of the 20-year period, is 3.7908. The present value of the annuity is, therefore, $37,908 (10,000 multiplied by 3.7908).

(2) If an annuity is payable at the end of semiannual, quarterly, monthly, or weekly periods during the life of an individual (as for example if the first payment is due one month after the date of the gift), the aggregate amount to be paid within a year is first multiplied by the figure in column 2 of Table A opposite the number of years in column 1 nearest the age of the individual whose life measures the duration of the annuity. The product so obtained is then multiplied by whichever of the following factors is appropriate:

1.0244 for semiannual payments,
1.0368 for quarterly payments,
1.0450 for monthly payments,
1.0482 for weekly payments.

If the annuity is payable at the end of the semiannual, quarterly, monthly, or weekly periods for a definite number of years the aggregate amount to be paid within a year is first multiplied by the figure in column 2 of Table B opposite the number of years in column 1 representing the duration of the annuity. The product so obtained is then multiplied by whichever of the above factors is appropriate. The application of this paragraph (b)(2) may be illustrated by the following example:

Example. The facts are the same as those contained in example (1) set forth in paragraph (b)(1) above except that the annuity is payable semiannually. The aggregate annual amount, $10,000 is multiplied by the factor 9.1030, and the product multiplied by 1.0244. The value of the gift is, therefore, $93,251.13 ($10,000 × 9.1030 × 1.0244).

(3)(i) If the first payment of an annuity for the life of an individual is due at the beginning of the annual or other payment period rather than at the end (as for example if the first payment is to be made immediately after the date of the gift), the value of the annuity is the sum of (A) the first payment plus (B) the present value of a similar annuity, the first payment of which is not to be made until the end of the payment period, determined as provided in paragraphs (b)(1) or (2) of this section. The application of this paragraph (b)(3)(i) may be illustrated by the following example:

Example. The donee is made the beneficiary for life of an annuity of $50 a month from the income of a trust, subject to the right reserved by the donor to cause the annuity to be paid for the donor's own benefit or for the benefit of another. On the day a payment is due, the donor relinquishes the reserved power. The donee is then 50 years of age. The value of the gift is $50 plus the product of $50 × 12 × 8.4743 (see Table A) × 1.0450. That is $50 plus $5,313.39, or 5,363.39.

(ii) If the first payment of an annuity for a definite number of years is due at the beginning of the annual or other payment period, the applicable factor is the product of the factor shown in Table B multiplied by whichever of the following factors is appropriate:

1.1000 for annual payments,
1.0744 for semiannual payments,
1.0618 for quarterly payments,
1.0534 for monthly payments, or
1.0502 for weekly payments.

The application of this paragraph (b)(3)(ii) may be illustrated by the following example:

Example. The donee is the beneficiary of an annuity of $50 a month, subject to a reserved right in the donor to cause the annuity or the cash value thereof to be paid for the donor's own benefit or the benefit of another. On the day a payment is due, the donor relinquishes the power. There are 300 payments to be made covering a period of 25 years, including the payment due. The value of the gift is the product of $50 × 12 × 9.0770 (factor for 25 years Table B) × 1.0534, or $5,737.03.

(c) *Life estates and terms for years.* If the interest to be valued is the right of a person for his or her life, or for the life of another person, to receive the income of certain property or to use non-income-producing property, the value of the interest is the value of the property multiplied by the figure in column 3 of Table A opposite the number of years nearest to the actual age of the measuring life. If the interest to be valued is the right to receive income of property or to use nonincome-producing property for a term of years, column 3 of Table B is used. The application of this paragraph (c) may be illustrated by the following example:

Example. The donor who during the donor's life is entitled to receive the income from property worth $50,000, makes a gift of such interest. The donor is 31 years old on the date of the gift. The value of the gift is $47,627 ($50,000 × .95254).

(d) *Remainders or reversionary interests.* If the interest to be valued is a remainder or reversionary interest subject to a life estate, the value of the interest should be obtained by multiplying the value of the property at the date of the gift by the figure in column 4 of Table A opposite the number of years nearest the age of the life tenant. If the remainder or reversion is to take effect at the end of a term for years, column 4 of Table B should be used. The application of this paragraph (d) may be illustrated by the following example:

Example. The donor transfers by gift a remainder interest in property worth $50,000, subject to the donor's sister's right to receive the income therefrom for her life. The sister at the date of the gift is 31 years of age. By reference to Table A it is found that the figure in

column 4 opposite age 31 is .04746. The value of the gift is, therefore, $2,373 ($50,000 × .04746).

(e) *Actuarial computations by the Internal Revenue Service.* If the interest to be valued is dependent upon the continuation or termination of more than one life, or there is a term certain concurrent with one or more lives, or if the retained interest of the donor is conditioned upon survivorship, a special factor is necessary. The factor is to be computed on the basis of interest at the rate of 10 percent a year, compounded annually, and life contingencies is determined, as to each person involved, from the values of 1x that are set forth in column 2 of Table LN of paragraph (f) of §20.2031-7. Table LN contains values of 1x taken from the life table for the total population appearing as Table 1 in United States Life Tables: 1969-71, published by the Department of Health, Education, and Welfare, Public Health Service. A copy of the publication containing many such special factors, may be purchased from the Superintendent of Documents, United States Government Printing Office, Washington, D.C 20402. However, if a special factor i required in the case of an actual gift the Commissioner will furnish th factor to the donor upon request. Th request must be accompanied by statement of the date of birth of eac person the duration of whose life ma affect the value of the interest, and b copies of the relevant instruments Special factors are not furnished fo prospective transfers.

(f) *Tables.* The following table shall be used in the application of th provisions of this section:

Table A—Single Life, Unisex, 10 Percent Showing the Present Worth of an Annuity, of a Life Interest, and of a Remainder Interest

§25.2512-9 [Amended]

Par. 17. Section 25.2512-9 is amended as follows:

a. The topic heading of §25.2512-9 is amended by adding ", and before December 1, 1983" immediately following "December 31, 1970".

b. The first sentence of paragraph (a)(1)(i) is amended by adding "and before December 1, 1983" immediately following "December 31, 1970,".

c. The last sentence of paragraph (a)(1)(i) is amended by removing "on or before December 31, 1970" and inserting in lieu thereof "after November 30, 1983".

d. Paragraph (a)(3) is amended by adding", and before December 1, 1983" immediately following "December 31, 1970".

Par. 18. Section 25.2522(c)-3 is amended as follows:

a. The first sentence of paragraph (d)(2)(iv) is amended by removing " §25.2512-9" and inserting in lieu thereof "§25.2512-5 or 25.2512-9, whichever is appropriate,".

b. Paragraph (d)(3) is revised to read as set forth below.

§25.2522(c)-3 Transfers not exclusively for charitable, etc., purposes in the case of gifts made after July 31, 1969.

* * * * *

(d) *Valuation of charitable interest—****

(3) *Other transfers.* The present value of an interest not described in paragraph (d)(2) of this section is to be determined under §25.2512-5 in the case of transfers after November 30, 1983 (§25.2512-9 for transfers before December 1, 1983).

* * * * *

§25.2523(a)-1 [Amended]

Par. 19. Paragraph (d) of §25.2523(a)-1 is amended as follows:

a. The second and third sentences are amended by removing "§25.2512-9 (§25.2512-5 in the case of a remainder transferred before January 1, 1971)" wherever it appears and inserting in lieu thereof "§25.2512-5 or 25.2512-9, whichever is appropriate".

b. The fourth and last sentences are amended by removing "§25.2512-9(e)" wherever it appears and inserting in lieu thereof "§25.2512-5(e) or 25.2512-9(e)" whichever is appropriate".

This Treasury decision is issued under the authority contained in sections 170(f)(4), 642(c)(5), and 7805 of the Internal Revenue Code of 1954 (83 Stat. 544, 26 U.S.C. 170(f)(4); 83 Stat. 560, 26 U.S.C. 642(c)(5); 68A Stat. 917, 26 U.S.C. 7805).

Approved by the Office of Management and Budget under control number 1545-0020.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved April 23, 1984.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on May 10, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 11, 1984, 49 F.R. 19973)

Section 171.—Amortizable Bond Premium

26 CFR 1.171-1: Amortizable bond premium.

Whether premiums paid by a mortgage pool to acquire mortgages are amortizable bond premiums. See Rev. Rul. 84-10, page 155.

Section 194.—Amortization of Reforestation Expenditures

26 CFR 1.194-1: Amortization of reforestation expenditures.

Whether reforestation costs reimbursed by the Federal government under the forestry incentives program are eligible for amortization. See Rev. Rul. 84-67, page 28.

Part VII.—Additional Itemized Deductions for Individuals

Section 212.—Expenses for Production of Income

26 CFR 1.212-1: Nontrade or nonbusiness expenses.

Whether certificate holders in a mortgage pool may deduct service fees as a nontrade or nonbusiness expense. See Rev. Rul. 84-10 pa 155.

Section 219.—Retirement Savings

26 CFR 1.219-1: Deduction for retirement sa ings.
(Also Section 6653; 301.6653-1.)

Individual Retirement Arrange ments; time for making contribu tion. An individual may deduct a cor tribution to an individual retiremer account (IRA) in accordance wit section 219 of the Code, eve though the contribution was mad after the individual's tax return wa filed but was made before the du date of the return. Rev. Rul. 66-14 amplified.

Rev. Rul. 84-18 [1]

ISSUES

1) Whether an individual may de duct a contribution to an individua retirement account (IRA), in accord ance with section 219 of the Interna Revenue Code, when the contributio to the IRA was made after the indi vidual's income tax return was file but was made by the due date of th return.

2) Whether a taxpayer claimin such a deduction may be subject t the penalty provisions of section 665 of the Code, where the IRA contribu tion of the individual was not mad by the due date of the return.

FACTS

A and *B* are cash basis taxpayer who file income tax returns on calendar year basis. *A* and *B* bot timely filed their income tax return claiming deductions for contribution to their respective IRAs for the pre vious taxable year. Such contribu tions had not been made at the tim of filing. Subsequently, but withi the time prescribed for filing for th previous year, *A* made the contribu tion to *A*'s IRA. *B* did not make th contribution to *B*'s IRA by the tim prescribed for the filing of *B*'s ta return. Further, *B* did not timely fi

[1] Also released as News Release IR-84- dated January 13, 1984.

an amended tax return to eliminate the IRA deduction.

LAW AND ANALYSIS

Section 219(f)(3) of the Code provides that for purposes of deducting contributions to an IRA, a taxpayer shall be deemed to have made a contribution to an IRA on the last day of the preceding taxable year if the contribution is made on account of that taxable year and is made not later than the time prescribed by law for filing the return for that taxable year, including extensions thereof (the "due date").

In Rev. Rul. 66-144, 1966-1 C.B. 91, a calendar year corporation obtained an extension of time for filing its income tax return for a taxable year in accordance with section 6081 of the Code. The corporation then filed its income tax return and paid all taxes due. Subsequently, within the time prescribed for filing the return, the corporation made a contribution to a previously established qualified employees' trust. Rev. Rul. 66-144 held that under section 404(a)(6), the contribution was deductible for that taxable year because it was made within the extended period of time for filing and was therefore deemed to have been made on the last day of the taxable year for which the return was filed. The Service interprets Rev. Rul. 66-144 as permitting the deduction to be taken on the return originally filed even though the contribution has not been made at that time. Although the holding of Rev. Rul. 66-144 is limited to an accrual basis taxpayer, section 1013(c)(2) of the Employee Retirement Income Security Act of 1974 ("ERISA"), Pub. L. No. 93-406, 1974-3 C.B. 1, extended the grace period of section 404(a)(6) to cash basis taxpayers.

Section 6653 of the Code provides penalties for the failure to pay taxes. Section 6653(a)(1) provides that an amount equal to 5 percent of an underpayment shall be added to the tax if any part of an underpayment is due to negligence or intentional disregard of rules and regulations. Section 6653(b)(1) provides that if any part of any underpayment of tax required to be shown on a return is due to fraud, there shall be added to the tax an amount equal to 50 percent of the underpayment.

Section 6653(c) provides that for purposes of section 6653, in the case of an income tax the term "underpayment" means a deficiency as defined in section 6211. Section 6211 defines a "deficiency" as the amount of tax imposed by subtitle A which exceeds the excess of the sum of the amount shown as the tax by the taxpayer on its return plus the amounts previously assessed as a deficiency over the amount of rebates made.

The language in section 219(f)(3) of the Code which extends the time for making deductible contributions to an IRA is identical to the operative language of section 404(a)(6). Accordingly, consistent with Rev. Rul. 66-144 and section 1013(c)(2) of ERISA, a contribution made to an IRA within the extended period of time for filing the individual's tax return may be claimed as a deduction under section 219 for the preceding taxable year if it is made on account of that year.

A made the IRA contribution that was included as a deduction on *A*'s tax return within the time prescribed for filing the return (including any extensions of time for filing obtained before the return was filed), and the contribution is deemed to have been made on the last day of the preceding taxable year even though *A*'s return was filed before the due date. *A* is not subject to the penalty provisions of section 6653 of the Code with respect to the IRA contribution because the contribution was deducted in accordance with section 219 of the Code, and, therefore, there is no underpayment of tax.

B did not make an IRA contribution on or before the due date of the tax return and *B*'s tax return included a deduction for a contribution to an IRA which does not satisfy the requirements of section 219 of the Code. *B* has underpayed taxes owed and, therefore, may be subject to the penalties prescribed in section 6653 of the Code.

HOLDINGS

A may deduct a contribution to *A*'s IRA, in accordance with section 219 of the Code, where the contribution to the IRA was made after *A*'s income tax return was filed but was made by the due date of the return.

B may be subject to the penalty provisions of section 6653 of the Code where *B*'s IRA contribution was not made by the due date of the return.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 66-144 is amplified.

Part IX.—Items Not Deductible

Section 263.—Capital Expenditures

26 CFR 1.263(a)-1: Capital expenditures; in general.

When a railroad company uses the retirement-replacement-betterment method, the cost of replacing wood cross ties with concrete ties is to be expensed as a replacement. See Rev. Rul. 84-22, page 35.

---

26 CFR 1.263(a)-1: Capital expenditures; in general.

Whether amounts expended by a limited partnership are maintenance expenses for cattle already owned by the partnership which are currently deductible or expenses connected with the cattles' purchase price which are capital expenditures. See Rev. Rul. 84-35, page 31.

---

26 CFR 1.263(a)-2: Examples of capital expenditures.
(Also Sections 162, 168; 1.162-1.)

Capital expenditures; inside wiring account; public telephone company. The cost charged to the inside wiring account of a public telephone company is a capital expenditure under section 263 of the Code and must be recovered under section 168.

Rev. Rul. 84-24

ISSUE

Are the costs charged to the inside wiring account of a public telephone company to be currently expensed

under section 162(a) of the Internal Revenue Code or, alternatively, capitalized under section 263(a) and recovered under section 168?

FACTS

On March 31, 1981, the Federal Communications Commission (FCC) issued its First Report and Order (effective October 1, 1981), which amended the Uniform System of Accounts to change the accounting treatment of certain station connection costs previously capitalized and included in Account 232, Station Connections. As a result of these changes, certain future station connection costs associated with inside wiring that had been included in Account 232 will no longer be capitalized but will be charged to Account 605, Installation and Repairs of Station Equipment, and expensed in the year incurred.

In 1981, the taxpayer, a telephone company that is a public utility subject to the FCC and the State *A* Public Service Commission (PSC), timely filed an Application For Change in Accounting Method (Form 3115). The taxpayer requested permission to change its method of accounting, for federal income tax purposes, for costs associated with "inside wiring," previously capitalized and included in Account 232, to a method of expensing such costs which will be charged to Account 605.

The taxpayer incurs certain costs in the installation of inside wiring. Such costs include the cost of labor and the costs of materials. In addition, taxpayer will maintain and repair the inside wiring. The taxpayer has title to the inside wiring and on request from the subscriber the taxpayer may sell the inside wiring to a subscriber.

The FCC decision to change the accounting treatment of inside wiring was primarily based on its belief that the costs of inside wiring primarily benefitted the current subscriber and therefore the cost should be placed on the causative subscriber rather than on current and future subscribers as under the prior system.

State *A* PSC pursuant to the FCC procedure has issued an order requiring public utility telephone companies to expense the cost of inside wiring.

The decision by the taxpayer to change its accounting method is based on FCC rules and regulations which were amended and which were adopted by the State *A* PSC, requiring telephone companies to expense, in the year incurred for book purposes, the costs associated with inside wiring which had been included in Account 232.

LAW AND ANALYSIS

Section 263(a) of the Code provides that as a general rule no deduction shall be allowed for any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property or estate.

Section 1.263(a)-2 of the regulations sets forth examples of capital expenditures including the cost of acquisition, construction or erection of buildings, machinery and equipment, furniture and fixtures, and similar property having a useful life substantially beyond the taxable year.

In Rev. Rul. 82-12, 1982-1 C.B. 52, the FCC rules and regulations required the replacement cost of telephone wires to be expensed. However, that Revenue Ruling holds that the costs of replacing telephone wires with buried cable is in the nature of a replacement or permanent improvement and is to be capitalized under section 263(a) of the Code and depreciated over the useful life of the cable under section 167(a).

The facts in this case indicate that the taxpayer installs, maintains and repairs the inside wiring. In addition, the taxpayer retains title to the inside wiring and has the right to sell the inside wiring to a subscriber. The taxpayer has an identifiable asset used in its business, which is an integral part of the system of delivering service to the subscriber. The inside wiring has a useful life that extends beyond the current year. Its installation is therefore in the nature of a permanent improvement. The fact that it may be required for regulatory purposes to recoup expenditures currently does not negate its having a capital expenditure for Federal income tax purposes. See *Old Colony Railroad Co. v. Commissioner*, 284 U.S. 552 (1932) X1-1 C.B. 274 AT 277 (1932) and Rev. Rul. 70-118, 1970-1 C.B. 34.

HOLDING

The cost of inside wiring is a capital expenditure under section 263 of the Code and such cost must be recovered under section 168.

Section 274.—Disallowance of Certain Entertainment, Etc., Expenses

26 CFR 1.274-5: Substantiation requirements. (Also Section 162; 1.162-17.)

Travel expenses; reimbursement; mileage allowances. With respect to expenses paid or incurred after 1982, mileage allowances not exceeding 20.5 cents per mile for transportation paid by employers to employees will satisfy the substantiation and adequate accounting requirements of sections 1.162-17(b) and 1.274-5 of the regulations. Rev. Rul. 80-62, as modified by Rev. Rul. 80-203, is further modified.

Rev. Rul. 84-51

This revenue ruling modifies Rev. Rul. 80-62, 1980-1 C.B. 63, as modified by Rev. Rul. 80-203, 1980-2 C.B. 101, with respect to the mileage allowance for transportation paid by employers to employees.

The sixth paragraph of Rev. Rul. 80-62, which paragraph was modified by Rev. Rul. 80-203, is further modified as follows:

If a fixed mileage allowance not exceeding 20.5 cents per mile is used by an employer in payment of an employee's ordinary and necessary expenses of transportation while traveling away from home, and the elements of time, place, and business purpose of the travel are substantiated in accordance with paragraphs (b)(2) and (c) (other than subparagraph (2)(iii)(a) thereof) of section

1.274-5 of the regulations, such an allowance shall be deemed as satisfying with respect to such travel amounts, the substantiation requirements of section 1.274-5(c) and the adequate accounting requirements of section 1.274-5(e). Also, if an employer grants an allowance not exceeding 20.5 cents per mile to an employee for ordinary and necessary transportation expenses not involving travel away from home, such an arrangement shall be considered to be an accounting to the employer within the meaning of section 1.162-17(b). However, an employer may grant an additional allowance for parking fees and tolls attributable to the traveling and transportation expenses as separate items.

This modification is effective with respect to expenses paid or incurred after December 31, 1982.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 80-62, as modified by Rev. Rul. 80-203, is further modified.

Subchapter C.—Corporate Distributions and Adjustments
Part I.—Distributions by Corporations
Subpart A.—Effects on Recipients

Section 303.—Distributions in Redemption of Stock to Pay Death Taxes

26 CFR 1.303-2: Requirements.

Redemption of stock to pay death tax. A redemption of stock not actually owned by a decedent at death does not qualify under section 303 of the Code even though such stock is included in the decedent's gross estate by reason of section 2035(a) and (d)(3)(A). However, such stock included in a decedent's gross estate is taken into account in determining satisfaction of the percentage requirements of section 303(b).

Rev. Rul. 84-76

ISSUE

Whether, in the situations described below, a distribution in redemption of stock of a corporation qualifies as a distribution in full payment in exchange for the stock redeemed under section 303 of the Internal Revenue Code.

FACTS

Situation 1:

Decedent died on January 1, 1982. During 1979, 1980, and 1981, Decedent made various gifts of Corporation *X* stock to *A*, the sole beneficiary of Decedent's estate. Decedent was required by section 6019 of the Code to file a gift tax return with respect to each gift of *X* stock to *A*. At death, Decedent did not own any *X* stock. However, if the *X* stock gifted by Decedent to *A* since 1979 were included in Decedent's gross estate for federal estate tax purposes, such stock would have constituted 40 percent of Decedent's adjusted gross estate.

The federal estate tax return for Decedent's estate was filed on July 1, 1982. The amount of the federal estate tax, state inheritance taxes, and funeral and administrative expenses incurred by Decendent's estate totalled 450*x* dollars. On July 15, 1982, *X* redeemed from *A* 10*x* shares of its stock that Decedent had gifted to *A* for a total redemption price of 450*x* dollars.

Situation 2:

The facts are the same as in *Situation 1* except that the *X* stock surrendered by *A* for redemption had actually been owned by Decedent at death. If the *X* stock gifted by Decedent to *A* were included in Decedent's gross estate for federal estate tax purposes, such stock, when combined with the *X* stock actually owned by Decedent at death, would have constituted 40 percent of Decedent's adjusted gross estate. The *X* stock actually owned by Decedent at death constituted only 15 percent of Decedent's adjusted gross estate.

LAW AND ANALYSIS

Section 303(a) of the Code provides that a distribution of property to a shareholder by a corporation in redemption of its stock, the value of which is included in determining the gross estate of a decedent for federal estate tax purposes, will be treated as a distribution in full payment in exchange for the stock redeemed, to the extent that the amount of the distribution does not exceed the total of (1) all death taxes plus (2) funeral and administration expenses allowable as deductions to the estate under sections 2053 or 2106.

Section 303(b)(1)(A) of the Code provides, in part, that the provisions of section 303(a) apply only to amounts distributed after the death of the decedent and within the period of limitations provided in section 6501(a) for the assessment of the federal estate tax, or within 90 days after the expiration of such period. The general rule provided by section 6501(a) is that the amount of tax imposed shall be assessed within 3 years after the return is filed.

Section 303(b)(2)(A) of the Code provides that in order to qualify for the redemption treatment described in section 303(a), the value (for federal estate tax purposes) of all the stock of the corporation that is included in determining the value of the decedent's gross estate must exceed 35 percent of the excess of (i) the value of the gross estate of the decedent, over (ii) the sum of the amounts allowable as a deduction under section 2053 or 2054.

Section 303(b)(3) of the Code provides that the stock that can qualify for treatment under section 303(a) is limited to stock that is redeemed from a shareholder whose interest is reduced (either directly or through a binding obligation to contribute) by the payment of an amount described in section 303(a)(1) or (2).

Section 2035(a) of the Code provides, generally, that the value of all property transferred by a decedent within 3 years of death is included in the decedent's gross estate.

Section 2035(b)(2) of the Code provides, in part, that section 2035(a) shall not apply to any gift to a donee made during a calendar year if the decedent was not required by section 6019 to file any gift tax return for

such year with respect to gifts to such donee.

Section 2035(d)(1) of the Code provides that, except as otherwise provided, section 2035(a) is not applicable to the estates of decedents dying after December 31, 1981. However, section 2035(d)(3)(A) provides that section 2035(d)(1) will not apply for purposes of section 303(b).

The purpose of section 2035(d)(3)(A) of the Code, as reflected in the legislative history, is to preclude deathbed transfers designed to qualify estates for favorable treatment under section 303. H.R. Rep. 97-201, 97th Cong., 1st Sess. 187 (1981), 1981-2 C.B. 352, 390. Thus, section 2035(d)(3)(A) retains the 3-year rule of section 2035(a) solely for purposes of making the section 303(b)(2)(A) percentage determinations. Section 2035(d)(3) does not, however, function to include gifted amounts in the value of a decedent's gross estate for purposes of determining the amount of the federal estate tax liability and, therefore, has no effect on whether the requirements of section 303(a) are satisfied.

In both *Situation 1* and *Situation 2*, each transfer of *X* stock by Decedent required the filing of a gift tax return pursuant to section 6019 of the Code. Accordingly, in both situations, the value of all the *x* stock gifted by Decedent to *A* was included in Decedent's gross estate pursuant to section 2035(a) and (d)(3)(A) for the purpose of determining whether the estate satisfies the section 303(b)(2)(A) percentage requirements. However, in *Situation 1*, since the *X* stock surrendered by *A* in the redemption was not included in Decedent's gross estate except by operation of section 2035(d)(3)(A), section 303 does not apply to the redemption since the threshold requirements of section 303(a) were not satisfied. There is no indication that Congress intended section 2035(d)(3) to provide favorable income tax treatment under section 303 with respect to the redemption of stock that is not otherwise included in the Decedent's gross estate.

In *Situation 2*, as a result of the operation of section 2035(a) and (d)(3)(A) of the Code, since the value of the *X* stock gifted by Decedent to *A* was combined with the value of the *X* stock actually owned by Decedent at death, the percentage requirements of section 303(b)(2)(A) were thereby satisfied. In addition, the requirements of section 303(b)(3) are satisfied since, as sole beneficiary, *A*'s interest in the estate was directly reduced by the payment of the death taxes and funeral and administration expenses. Furthermore, the redemption of *X* stock from *A* satisfied the time limitations of section 303(b)(1). Accordingly, since the amount distributed to *A* was in redemption of *X* stock actually owned by Decedent at death and included in Decedent's gross estate and did not exceed the limitations of section 303(a), the distribution will be treated as a distribution in full payment in exchange for the stock redeemed.

HOLDINGS

Situation 1:

The redemption of 10*x* shares of *X* stock from *A* for 450*x* dollars does not qualify as a distribution in full payment in exchange for the stock redeemed under section 303 of the Code because *A*'s *X* stock was not includible in Decedent's gross estate for purposes of section 303(a).

Situation 2:

The redemption from *A* of 10*x* shares of the *X* stock owned by Decedent at death for 450*x* dollars qualifies as a distribution in full payment in exchange for the stock redeemed under section 303 of the Code.

Part II.—Corporate Liquidations
Subpart A.—Effects on Recipients

Section 332.—Complete Liquidations of Subsidiaries

26 CFR 1.332-2: Requirements for nonrecognition of gain or loss.

Liquidation of subsidiary; nominal assets transferred to new subsidiary. A transaction in which a parent corporation receives the assets of a subsidiary may qualify as a complete liquidation of the subsidiary within the meaning of section 332 of the Code even though the parent transfers a portion of these assets to a new subsidiary, provided the assets transferred to the new subsidiary are nominal in amount and are only for the purpose of protecting the corporate name of the liquidated subsidiary.

Rev. Rul. 84-2

ISSUE

Under the circumstances described below, will the statutory merger of a wholly owned subsidiary corporation with and into its parent corporation immediately followed by the transfer by the parent corporation of a nominal amount of the subsidiary's cash to a newly formed wholly owned subsidiary of the parent prevent the transaction from qualifying as a complete liquidation of the former subsidiary within the meaning of section 332 of the Internal Revenue Code?

FACTS

P corporation owned all the stock of a subsidiary corporation, *S-1*, for several years, and both *P* and *S-1* were engaged in manufacturing. Pursuant to a plan of complete liquidation adopted by *P* and *S-1*, *S-1* merged with and into *P* under applicable state ("short form") merger laws. Immediately thereafter, *P*, solely to protect *S-1*'s name, transferred a nominal amount of cash of *S-1* to *S-2*, a newly formed subsidiary organized in the same state as *S-1* and with the same name as *S-1*. No other assets were transferred to *S-2*, *S-2* will conduct no business, and *P* does not intend to sell or otherwise dispose of the stock of *S-2*. The form of the transaction was chosen because the managements of *P* and *S-1* concluded that the liquidation of *S-1* could most efficiently be effected through the use of the "short form" merger laws.

LAW AND ANALYSIS

Section 332(a) of the Code provides that no gain or loss is recognized on

the receipt by a corporation of property distributed in complete liquidation of another corporation. Section 1.332-2(c) of the Income Tax Regulations provides that the retention of a nominal amount of assets for the sole purpose of preserving the liquidating corporation's legal existence will not disqualify the transaction as a distribution in a complete liquidation. See also Rev. Rul. 54-518, 1954-2 C.B. 142, which holds that the retention of a charter by a liquidating corporation to protect its corporate name does not prevent the liquidation of a corporation from coming under the provisions of section 112(b)(7) of the Internal Revenue Code of 1939 (now section 333 of the Internal Revenue Code).

On the other hand, Rev. Rul. 76-525, 1976-2 C.B. 98, holds that the retention by a subsidiary corporation of any property, no matter how small in amount, for the purpose of continuing the operation of its present business or for the purpose of engaging in a new business, will prevent the distribution of property that is actually distributed to its parent from qualifying as a distribution in complete liquidation within the meaning of section 332 of the Code.

In the present situation, only a nominal amount of cash was transferred to S-2 for the sole purpose of protecting *S-1*'s name, and not to continue *S-1*'s manufacturing business or to enable *S-1* to enter a new business. If *S-1* had not dissolved under state law and had retained its corporate charter and a nominal amount of cash, solely to preserve its legal existence, the retention would not disqualify the transaction as a complete liquidation of *S-1* within the meaning of section 1.332-2(c) of the regulations. Since both the substance and effect of the present transaction is the same as if *S-1* had merely preserved its legal existence, similar treatment under section 1.332-2(c) of the regulations will be accorded this transaction.

HOLDING

The transfer by *P* of a nominal amount of *S-1* cash to *S-2*, immediately after the statutory merger of *S-1* with and into *P*, will not prevent the transaction from qualifying as a complete liquidation of *S-1* within the meaning of section 332 of the Code.

Subpart B.—Effects on Corporation

Section 338.—Certain Stock Purchases Treated as Asset Acquisitions

26 CFR 5f.338-1: Elections under section 338(g) of the Internal Revenue Code of 1954).

T.D. 7942

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 5f.—TEMPORARY INCOME TAX REGULATIONS UNDER THE TAX EQUITY AND FISCAL RESPONSIBILITY ACT OF 1982

Income tax—Elections and miscellaneous matters under section 224 of the Tax Equity and Fiscal Responsibility Act of 1982, as amended by the Technical Corrections Act of 1982.

AGENCY: Internal Revenue Service, Treasury

ACTION: Temporary regulations.

SUMMARY: This document contains rules relating to elections and miscellaneous matters under section 224 of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) [Pub. L. 97-248, 1982-2 C.B. 462, 501], as amended by the Technical Corrections Act of 1982 (TCA) [Pub. L. 97-448, 1983-1C.B. 451]. The temporary regulations provide guidance to taxpayers subject to section 224. The text of §5f.338-1 of the temporary regulations set forth in this document also serves as the test of the proposed regulations cross-referenced in the notice of proposed rulemaking ***[page 772, this Bulletin].

DATE: These temporary regulations are effective as of February 7, 1984, and apply, with two exceptions, to stock acquisitions made after August 31, 1982. The transitional election rule applies to acquisitions after August 31, 1980, and before September 1, 1982. A LIFO recapture rule applies to acquisitions subject to section 338 that occur before 1983.

FOR FURTHER INFORMATION CONTACT: Duane H. Pellervo of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3458, not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains temporary regulations relating to elections under section 338 of the Internal Revenue Code of 1954 (the "Code), as added by section 224 of TEFRA (Pub. L. No. 97-248; 96 Stat. 324) [1982-2 C.B. 462, 501], and as amended by section 306 of the Technical Corrections Act of 1982 (Pub. L. No. 97-448; 96 Stat. 2365) [1983-1 C.B. 451, 470]. The temporary regulations also contain a special rule coordinating section 224 of TEFRA with section 101 of the Miscellaneous Revenue Act of 1982 (Pub. L. No. 97-362, 96 Stat. 1726) [1983-1 C.B. 367], which provides a transitional rule for the application of the LIFO recapture provisions of section 403 of the Crude Oil Windfall Profit Tax Act of 1980 (Pub. L. No. 96-223, 94 Stat. 229) [1980-3 C.B. 1, 73]. A special rule exempting the acquisition of certain financial institutions from the provisions of section 224 of TEFRA is also provided. These temporary regulations will remain in effect until superseded by later temporary or final regulations relating to these matters. These temporary regulations, which amend other temporary regulations published in the FEDERAL REGISTER on November 22, 1982 (47 F.R. 52433) [T.D. 7855, 1982-2 C.B. 79], are contained in 26 CFR Part 5f, Temporary Income Tax Regulations under TEFRA. Certain provisions of these temporary regulations were announced in a news release. IR-83-36 (Feb. 25, 1983).

SECTION 338 OF THE CODE

Section 224 of TEFRA adds a new section 338 to the Code and repeals the rules under section 334(b)(2). New section 338 generally applies if a corporation makes a qualified purchase of stock in another corporation (target). In general, under section 338(d)(3), a qualified stock purchase is the purchase of 80% control of the target over a 12-month period. At the election (or "deemed election") of the purchasing corporation, the target is deemed to have sold its assets in a single transaction under section 337 at the end of the first day on which there is a qualified stock purchase (the "acquisition date"). The target is subsequently treated as a new corporation ("new target") which purchased those assets at the beginning of the following day. The target is deemed to have sold (and purchased) those assets for an amount equal to the purchasing corporation's basis in target's stock on the acquisition date, with certain adjustments. The rules of section 338 apply if the acquisition date of a target occurs after August 31, 1982. The rules also apply, with certain limitations, to a target for which the acquisition date occurs after August 31, 1980, and before September 1, 1982, if a transitional rule election under section 338 is made within a specified period of time.

The taxable year of "old" target ends immediately after its deemed asset sale. Thus, any tax liability triggered by the deemed sale is reported in the final income tax return of old target. As a general rule, the target's deemed sale cannot be reported in a consolidated return of the purchasing corporation since old target generally cannot be a member of the purchaser's affiliated group. H.R. Rep. No. 97-760, 97th Cong., 2d Sess. 539 (1982) (Conference Report) [1982-2 C.B. 600, 633].

Section 306(a)(8) of the Technical Corrections Act of 1982 (TCA) amended section 224 of TEFRA to clarify that, with certain exceptions, tax liability resulting from the target's deemed sale of assets is excluded from the selling corporation's consolidated return (if any). For acquisitions occurring after August 31, 1982, this result is achieved by treating a target as disaffiliated from all affiliated groups with respect to its deemed sale of assets. (For acquisitions occurring during the transitional rule period, the TCA mechanism for excluding deemed sale tax liability from the selling corporation's consolidated return also permits inclusion of such liability in the purchasing corporation's consolidated return. Transitional rule elections are discussed under a separate heading below.) In the case of a post-August 31, 1982 acquisition, a separate final return of old target must be filed to report tax liability arising from the deemed sale of assets if target is included in the seller's consolidated return for the acquisition date. (Target is included in that consolidated return for the acquisition date, and thus must file a separate return for the deemed sale, if target is affiliated with the group including the selling corporation (selling group) at the beginning of the acquisition date. See §5f.338-1(f)(3).) The temporary regulations provide that target is disaffiliated immediately before the deemed sale, which occurs at the close of the acquisition date and is considered the last transaction of old target. The deemed sale is considered to occur in a separate taxable year, and target's attributes carry over to that year from the consolidated return of the selling group (and, similarly, carry back from that year) under the rules applicable to corporations leaving a consolidated return group. The separate taxable year rule is subject to one exception: Solely for purposes of determining the number of years in a carryover or carryback period, the deemed sale is considered to occur in the same taxable year of target as is represented by the seller's consolidated return for the period including the acquisition date.

Because the "deemed sale return" is considered the final return of old target, any tax attributes that cannot be used in that return (or carried back to a prior return) are extinguished. Except for carryover items, target's deemed sale return includes only items resulting from the deemed sale. Although target, for the deemed sale, may not be included in any consolidated return filed by the purchasing corporation, target generally will be considered a component member of the purchaser's controlled group for purposes of determining, among other items, the taxable income bracket amounts available in calculating tax liability on the deemed sale return.

These temporary regulations provide that a target is not subject to the disaffiliation rule if it is the common parent of a group of corporations filing consolidated returns or a subsidiary in a consolidated return group the common parent of which is also a target. In such cases, a final consolidated return for the taxable year which ends at the close of the acquisition date must be filed by the common parent target, and the deemed sale of such common parent is reported in that final consolidated return. If a subsidiary of that common parent is also a target with a deemed sale occurring on the same acquisition date, that deemed sale also is reported in the final consolidated return of the group. As a further exception to the disaffiliation rule, items resulting from the deemed sale may be included in a selling group's consolidated return under a binding contract rule discussed below.

Under regulations to be prescribed at a later date pursuant to section 338(h)(9), as added by the TCA, an election may be made for the target to recognize gain or loss on its deemed sale as if it were an actual sale of assets, with any resulting tax included in the selling group's consolidated return. To the extent provided by regulations, the selling corporation would recognize no gain or loss on the actual sale of target's stock. An election under this provision may be made only when regulations are issued, and only as provided in such regulations.

ELECTIONS FOR ACQUISITIONS OCCURRING AFTER AUGUST 31, 1982

In general

Rules for making elections under section 338(g) for post-August 31, 1982, acquisitions are provided in §5f.338-1 of these temporary regulations. As published in the Federal Register on November 22, 1982, §5f.338-1 provided generally that no election would be due before 30 days after publication of regulations specifying the rules for making an election. As revised by this document, §5f.338-1(c) provides that no election will be due before 60 days after the date of publication of the next set of temporary regulations under section 338. It is contemplated that such regulations will be issued within 60 days. Additional time is provided in §5f.338-1(j) and (k) for foreign and certain other corporations. A special rule for foreign corporations under which a section 338 election is not required until relevant for United States tax purposes applies when the purchasing corporation, the target, and certain related corporations have minimal or no contacts with the United States tax system during the acquisition period of target. In such cases, a section 338 election is not due until a specified time after significant U.S. contacts are established. See §5f.338-1(k)(2).

The next set of temporary regulations, which will be in the form of questions and answers, will include substantive guidance as to some of the major consequences of a section 338 election in a domestic context. In light of section 338(g)(3), which provides that section 338 elections, once made, are irrevocable, taxpayers should be aware that any elections made prior to the issuance of those questions and answers will be binding and subject to the rules set forth in those temporary regulations and any future regulations.

Pursuant to an amendment made by section 306(a)(8)(B) of the TCA, these temporary regulations also provide that an election made before March 1, 1983, may be revoked before March 1, 1983. (A procedure for revoking an election, in §5f.338-1(g), was previously announced in a news release issued on February 25, 1983 (IR-83-36).)

Suspension of time to elect under section 338

Under §5f.338(j)(1) of the temporary regulations, the last day for making a section 338 election is suspended in certain cases until the date specified in regulations to be published in section 338(h)(6)(B). This suspension is necessary because of the absence of regulations explaining the provisions of section 338(h)(6)(B). Under section 338(h)(6)(B), the consistency rules of section 338(e) and (f) (which operates to force, or prohibit, a section 338 election in certain cases) are applicable to foreign and certain other types of corporations to the extent and subject to the conditions provided in regulations. Thus, for example, if an election were required prior to the issuance of regulations under section 338(h)(6)(B) for a target that had a foreign target affiliate for which a qualified stock purchase was also made, the purchasing corporation would be required to make a decision regarding a section 338 election for target without knowledge of the consequences of that election to its foreign target affiliate under section 338(f)(1). The purchasing corporation could find itself in a similar position if the qualified stock purchase of a foreign target was followed, several months later, by the qualified stock purchase of its domestic target affiliate sister corporation. Until regulations under section 338(h)(6)(B) are published, the purchasing corporation will not know whether failure to elect for the foreign target will bar a later election for the domestic target by reason of section 338(f)(2). Because it would be unfair to place purchasing corporations in such a position, the time requirement for elections is suspended for acquisitions that could be affected by regulations under section 338(h)(6)(B). Subject to a special procedural requirement, a purchasing corporation is permitted to make an election notwithstanding the suspension. Such an election will be subject to all of the provisions of section 338 as well as the provisions of regulations issued or to be issued thereunder, including regulations under section 338(h)(6). The suspension is not available if one of the principal purposes for the acquisition of stock in a corporation is to qualify for the suspension.

Time for filing final return of old target; taxable year and method of accounting of new target

The temporary regulations clarify that old target's final return reflecting the deeemed sale generally is due on the 15th day of the third calendar month following the month in which the acquisition date occurs. Special rules are provided for DISCs and certain foreign corporations. New target is not presumed to follow old target's annual accounting period and may choose any taxable year that is consistent with section 441 and any other applicable provisions of the Code and regulations. Similarly, new target may adopt any method of accounting that is consistent with section 446 and any other applicable provisions of the Code and regulations. In neither case is the prior consent of the Commissioner required.

Waiver of additions to tax; certain elections considered timely

Certain additions to tax or additional amounts ("additions") may arise by reason of a section 338 election. For example, an election may be made for a target which, by reason of that election, has a final return retroactively due before that election is filed, resulting, technically, in additions to tax for failure to file a return and for failure to pay tax shown on a return. The temporary regulations waive certain additions, arising on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, which would not exist but for a section 338 election. This waiver is conditioned on corrective action being taken on or before such day. Only additions that are excusable upon a showing of reasonable cause are waived under this rule. Interest on

any underpayment of tax will run from the due date of the particular return.

The temporary regulations provide that any election or other action that must be specified in a timely filed return for the taxable period covered by a late-filed return to which the waiver rule applies will be considered timely if specified in the late-filed return. A special rule is provided for a new target included in the purchaser's consolidated return.

Selling group tax liability: The binding contract rule

As an exception to the general rule that old target's deemed sale may not be included in a consolidated return filed by the selling group, the binding contract rule in section 306(a)(8)(A)(ii) of the TCA permits the deemed sale to be included in that consolidated return. The deemed sale will be reported in such a return if the purchasing corporation acquired stock of a target (which was counted as part of a qualified stock purchase) pursuant to a binding stock purchase contract entered into after September 2, 1982, and before January 13, 1983, and if the purchasing corporation is able to establish by clear and convincing evidence that the contract was negotiated on the contemplation that any tax liability of target resulting from its deemed sale of assets would be reported in the selling group's consolidated return. The regulations explain how the binding contract rule is asserted, and provide standards for determining whether the clear and convincing evidence test has been satisfied.

The regulations specify that the clear and convincing evidence requirement is not considered satisfied if the purchasing corporation is contractually obligated to indemnify the selling group in the event that the selling group is legally obligated to pay any tax resulting from the deemed sale. Such an indemnification provision presupposes that the stock sale price was calculated on the assumption that the purchasing corporation was liable for any deemed sale tax.

The binding contract rule does not apply if the purchasing corporation fails to notify the selling group, within the time and in the manner prescribed by these regulations, of its intent to assert the rule. Even though the selling group agrees to a contract that qualifies under the binding contract rule, it cannot be forced to file a consolidated return unless the consolidated return regulations impose that obligation. If a consolidated return is not filed, the binding contract rule is inapplicable and the selling group is not statutorily liable for tax on the deemed sale. Under these circumstances, tax liability for the deemed sale must be reported in the final separate return of old target for its taxable year ending at the close of the acquisition date.

TRANSITIONAL RULE ELECTIONS

In general

A purchasing corporation may elect to apply section 338 to an acquisition occurring in the two-year period ending on August 31, 1982, by making a transitional rule election under section 338 in the manner prescribed in §5f.338-2 of these temporary regulations. The consistency rules of section 338(e), (f), and (i) and the provisions of section 338(h)(4), (6), (8), and (9) do not apply to transitional rule elections. These regulations amend §5f.338-2, as published in the Federal Register on November 22, 1982, in several ways, such as by adding a new procedure for selecting the deemed sale date and by providing generally that a copy of the statement of election must be attached to the first income tax return of new target as well as the last return of old target. (If both of these taxable periods are included in a single consolidated return of the purchasing corporation, the statement of election is simply attached to that consolidated return.) Elections filed on or before February 28, 1983, in accord with §5f.338-2 as originally promulgated, are valid and need not be amended. If the purchasing corporation or the target is a foreign corporation, a statement of transitional rule election that constitutes a reasonable attempt to comply with the requirements of these regulations will be valid.

Selected deemed sale date

The temporary regulations provide procedures for selecting the date of the deemed section 338 asset sale, which under section 306(a)(8)(B)(i) of the TCA can be no earlier than the day after the acquisition date. (These procedures codify rules announced in a new release issued on February 25, 1983. IR-83-36.) Two important consequences flow from the separation of the deemed sale date from the actual stock acquisition date. First, while old target cannot be included in the seller's consolidated return for the deemed sale date, old target may be included in the purchasing corporation's consolidated return for that date, with the result that tax triggered by the deemed sale is reported in the purchaser's return. Second, the basis of target's assets after the election is made must be adjusted for operations of target between the acquisition date and the deemed sale date in a manner similar to the adjustment prescribed in regulations under the last sentence of section 334(b)(2), as in effect on August 31, 1982. (Such adjustments are not required with respect to acquisitions after August 31, 1982, since in such cases the deemed sale date is always the acquisition date.)

Time for filing return; waiver of additions to tax

The final return of old target generally is due on the 15th day of the third calendar month following the month in which the deemed sale occurs. (Special rules are provided for DISCs and certain foreign corporations.) The rule summarized above for waiver of additions to tax (and additional amounts) also applies to transitional rule elections.

DATE OF SECTION 338 ELECTION FOR PURPOSES OF SPECIAL LIFO RECAPTURE RULE

The Miscellaneous Revenue Act of 1982 (MRA) [Pub. L. 97-362, 1983-1 C.B. 367] amended the LIFO recap-

ture provisions of the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 1] to provide generally that, for a plan of liquidation adopted in 1982, the LIFO recapture amount is reduced by $1 million. The MRA specifically provided that the $1 million exemption applies to a section 338 election if the election is made during 1982. Because no guidance on making elections for post-August 31, 1982, acquisitions was available to taxpayers in 1982, §5f.338-3(a) of these temporary regulations provides that any election (including a transitional rule election) that could have been made in 1982 will be treated as if made in 1982 for purposes of the LIFO recapture rule if a timely election under section 338 is actually made. For transitional rule section 338 elections, this special rule will apply only if a 1982 deemed sale date is selected.

ELECTION OUT FOR FINANCIAL INSTITUTIONS

Under section 224(d)(3) of TEFRA, the purchasing corporation may elect not to have section 224 of TEFRA apply to the acquisition of a financial institution even though the acquisition date occurs after August 31, 1982, if certain requirements are satisfied. The principal effect of such an election is that section 334(b)(2), as in effect on August 31, 1982, rather than section 338 will apply to the determination of the basis of the assets of the acquired financial institution. The procedure for electing out of section 224 is provided in §5f.338-3(b).

REGULATORY FLEXIBILITY ACT; EXECUTIVE ORDER 12291; AND PAPERWORK REDUCTION ACT OF 1980

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule. The Commissioner of Internal Revenue has determined that this temporary rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. The reporting requirements added by this document have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. The reporting requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these temporary regulations is Duane H. Pellervo of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, Part 5f of Title 26 of the Code of Federal Regulations is amended as follows:

Paragraph 1. Section 5f.338-1 is revised to read as follows:

§5f.338-1 Elections under section 338(g) of the Internal Revenue Code of 1954.

(a) *Scope.* This section prescribes rules relating to elections under section 338, as added by TEFRA and as amended by the Technical Corrections Act of 1982. This section also prescribes rules under certain related provisions not included in the Internal Revenue Code. This section only applies with respect to acquisitions for which the acquisition date (determined without section 224(d)(5) of TEFRA) occurs after August 31, 1982.

(b) *Definitions*—(1) *TEFRA.* "TEFRA" is the Tax Equity and Fiscal Responsibility Act of 1982.

(2) *Acquisition date.* The "acquisition date" of a corporation is the first day on which there is a qualified stock purchase of such corporation. Thus, in the event of a series of stock purchases over a period of time, the acquisition date is the first day on which the aggregate of the stock purchases satisfies the requirements of section 338(d)(3).

(3) *Common parent.* The term "common parent" has the same meaning as in section 1504.

(4) *Purchasing corporation.* The term "purchasing corporation" has the same meaning as in section 338(d)(1).

(5) *Qualified stock purchase.* The term "qualified stock purchase" has the same meaning as in section 338(d)(3).

(6) *Selling group; purchasing group.* The "selling group" is the affiliated group (as defined in section 1504) that is eligible to file a consolidated return that includes the target for the acquisition date and that does not have a target as common parent for the taxable year including the acquisition date. See §5f.338-1(f)(3)(i) and (ii). The "purchasing group" is the affiliated group that includes the purchasing corporation.

(7) *Old target; new target.* The "target" is the target corporation as defined in section 338(d)(2). "Old target" refers to the target for periods ending as of the close of the date of the target's deemed sale of assets. "New target" refers to the target for subsequent periods.

(8) *Old target's final return.* "Old target's final return" is the income tax return of old target that includes the deemed sale of assets under section 338. If the definition rule of paragraph (f)(3)(i) of this section applies, target's "deemed sale return" is considered old target's final return.

(c) *Time and manner of making election.* The purchasing corporation makes an election under section 338(g) only by filing, not later than 75 days after the acquisition date (or, if later, the 60th day after the date of publication of the next set of temporary regulations under section 338), a statement of election with the Internal Revenue Service Center with which it files its annual income tax return. If the purchasing corporation is considered to have made a qualified stock purchase of more than one cor-

poration by reason of section 338 (h)(3)(B), then a statement of election is required only for the corporation the stock of which is directly purchased. For a special suspension of time to elect under section 338, see paragraph (j) of this section. For special rules applicable to certain foreign corporations and DISCs, see paragraph (k) of this section.

(d) *Statement of election.* The statement of election under section 338 must be made by the purchasing corporation on Form 8023. If the form is not yet available, a statement prepared by the purchasing corporation will be satisfactory. The heading of the statement should prominently identify the statement as an election under section 338. Except as provided in paragraphs (j)(2) and (k)(4) and (5) of this section, the statement must—

(1) Contain the name, address, and employer identification number of the purchasing corporation and the target,

(2) Identify the election as an election under section 338(g) of the Code,

(3) For elections filed after May 8, 1984, specify the acquisition date, and

(4) Be signed by a person who states under penalties of perjury that he or she is authorized to make the election on behalf of the purchasing corporation.

(e) *Schedule of corporations; copy of statement attached to returns of target*—(1) *Schedule of corporations subject to election.* A schedule must be attached to the statement of election providing the name, address, and employer identification number of each corporation subject to the election by reason of section 338 (h)(3)(B). Failure to attach the schedule will not invalidate the election.

(2) *Copy of statement of election attached to returns of target.* A copy of the statement of election under section 338 must be attached to old target's final return and to the first return of new target. Alternatively, if the target is a foreign corporation not subject to United States tax (as defined in paragraph (k)(3)(iii) of this section), a copy of the statement of election must be attached to the return(s) specified in paragraph (k)(6) of this section. Failure to attach the statement to these returns will not invalidate the election.

(f) *Certain consequences of section 338 election*—(1) *Exclusion of old target's deemed sale from purchasing group's consolidated return.* Notwithstanding the provisions of §1.1502-76(b)(5)(i) (relating to elective inclusion in an affiliated group), old target is not includible in a consolidated return of the purchasing group with respect to its deemed sale of assets under section 338.

(2) *Old target's final taxable year not otherwise included in consolidated return of selling group*—(i) *General rule.* If a valid election under section 338 is made for a target that is not includible in any consolidated return for a period that includes the acquisition date, then a final return must be filed for old target's taxable year that ends at the close of the acquisition date by reason of the section 338 election. Any tax liability resulting from the deemed sale of assets under section 338 is reported in that final return and may not be included in any consolidated return of the purchasing group.

(ii) *Old target the common parent of affiliated group or a subsidiary in a group with a common parent target.* If a valid election under section 338 is made for a target that is the common parent of an affiliated group, the final return specified in paragraph (f)(2)(i) of this section may be a consolidated return of that group. If such a final consolidated return is filed, any tax liability resulting from the deemed sale of such target, as well as from any deemed sales occurring on the same date of subsidiaries in target's group, is reported in that consolidated return (along with any tax liability on other income of the group for the taxable year ending at the close of the acquisition date) and may not be included in any consolidated return of the purchasing group. Thus, the final consolidated return of the common parent target is also the final return for each subsidiary of such target that is also a target with the same acquisition date.

(3) *Old target's final taxable year otherwise included in consolidated return of selling group*—(i) *General rule.* If a valid election under section 338 is made for a target that is includible in a consolidated return filed by the selling group for a period that includes the acquisition date, then old target is disaffiliated from that group immediately before its deemed sale of assets under section 338 and must file a final return including only the items resulting from the deemed sale and the carryover items specified in paragraph (f)(3)(iv) of this section ("deemed sale return"). The deemed sale occurs at the close of the acquisition date and is the last transaction of old target. If a "deemed sale return" must be filed, then any transactions of old target occurring on the acquisition date prior to the deemed sale are reported in the selling group's consolidated return.

(ii) *Old target includible in selling group's consolidated return.* Old target is considered to be includible in a consolidated return filed by the selling group for a period that includes the acquisition date if target is an includible corporation (within the meaning of section 1504) with respect to that group at the beginning of the acquisition date and if the 30-day rule option in § 1.1502-76(b)(5)(ii) (relating to elective exclusion from an affiliated group) is not exercised. For the definition of "selling group," see paragraph (b)(6) of this section.

(iii) *Separate taxable year.* The deemed sale of old target reported in the "deemed sale return" under this subparagraph (3) occurs in a separate taxable year, except that such sale is treated as occurring in the same taxable year of target as is represented by the selling group's consolidated return (for the period including the acquisition date) for purposes of determining the number of years in a carryover or carryback period.

(iv) *Carryover and carryback of tax attributes.* Target's attributes may be carried over to, and carried back from, the "deemed sale return" un-

der the rules applicable to a corporation that ceases to be a member of an affiliated group during a consolidated return year. See generally §§1.1502-21 and 1.1502-79.

(v) *Old target is a component member of purchasing corporation's controlled group.* For purposes of its deemed sale return, target is a component member of the controlled group of corporations including the purchasing corporation unless target is treated as an excluded member under section 1563(b)(2).

(vi) *Exception.* This subparagraph (3) does not apply if the binding contract rule of paragraph (l) of this section applies.

(4) *EIN not affected.* New target shall use the same employer identification number old target used.

(5) *Liquidating target before election.* Liquidating target on or after the acquisition date and before the filing on of an election under section 338 has no effect on the validity of the election. If target liquidates on the acquisition date, the liquidation will be considered to occur on the following day and immediately after new target's deemed purchase of assets.

(6) *Due date for old target's final return*—(i) *General rule.* Old target's final return (as defined in paragraph (b)(8) of this section) is due on the 15th day of the third calendar month following the month in which the acquisition date occurs. If old target is sold by a selling group, §1.1502-76(c) may be applicable to old target's final return.

(ii) *Exceptions.* If the final period of old target is includible in the consolidated return of the selling group by reason of the binding contract rule of paragraph (l) of this section, the due date of that consolidated return controls. For special rules applicable to certain foreign corporations and DISCs, see paragraph (k)(7) of this section.

(7) *New target's taxable year and method of accounting*—(i) *Selection.* Except as otherwise provided in the Code and the Income Tax Regulations, new target may adopt, without obtaining prior approval from the Commissioner, any taxable year that meets the requirements of section 441 and any method of accounting that meets the requirements of section 446.

(ii) *First return due on or before the 60th day after the date of publication of the next set of temporary regulations under section 338.* Notwithstanding §1.441-1(b)(3), a new target may adopt a taxable year for which the first return is due on or before the 60th day after the date of publication of the next set of temporary regulations under section 338 (not including extensions of time) by filing its first return as new target for the desired taxable year on or before the 60th day after the date of publication of the next set of temporary regulations under section 338.

(8) *Example.* The provisions of this paragraph (f) may be illustrated by the following example. A capital letter refers to a domestic corporation.

Example. S is the common parent of an affiliated group that includes T. The S Group files calendar year consolidated returns. At the close of June 30, 1983, P purchases all of the T stock from S. P makes a timely election under section 338(g), and the tax resulting from T's deemed sale of assets is triggered to T as of the close of the acquisition date (June 30). T is considered disaffiliated for purposes of reporting the deemed sale. Accordingly, T is included in the consolidated return of the selling group for the acquisition date except that the tax liability resulting from the deemed sale of assets will be reported in a separate "deemed sale return" of T. The result would be the same if P purchased the T stock at 10 a.m. on June 30, 1983. See paragraph (f)(3)(i) and (ii) of this section. Provided that T is not treated as an excluded member under section 1563(b)(2), T is a component member of P's controlled group for the taxable year represented by the deemed sale, and the taxable income bracket amounts available in calculating tax on the deemed sale return must be limited accordingly. If the S group does not file consolidated returns and if old T filed on the calendar year, a separate return must be filed for old T for its short taxable year beginning on January 1, 1983, and ending on June 30, 1983, which would include the deemed sale.

(g) *Revoking election made before March 1, 1983*—(l) *In general.* An election under section 338(g) made before March 1, 1983, that meets all the requirements of paragraphs (c) and (d) of this section may be revoked by filing a statement of revocation before March 1, 1983, with the Internal Revenue Service Center with which the statement of election was filed. Technical Corrections Act of 1982, §306(a)(8)(B)(i) (Pub. L. No. 97-448; 96 Stat. 2365). (A statement filed with the Internal Revenue Service that does not meet all the requirements of paragraphs (c) and (d) of this section is not a valid election and need not be revoked.) The revocation of an election does not bar a later, timely election under section 338 with respect to the same acquisition. The heading of the statement of revocation should prominently identify the statement as a revocation of section 338 election, and a copy of the statement of election previously filed must be attached. The statement of revocation must—

(i) Identify the purchasing corporation and the target by name, address, and employer identification number,

(ii) Indicate that the previously filed election under section 338 is revoked, and

(iii) Be signed by a person who states under penalties of perjury that he or she is authorized to revoke the election on behalf of the purchasing corporation.

(2) *Perfection of revocation.* A statement of revocation filed before March 1, 1983, that sufficiently identifies the prior election and is signed by a person authorized to revoke the election but does not meet all of the requirements of paragraph (g)(1) of this section will nonetheless be considered valid if a statement of perfection is filed with the appropriate Internal Revenue Service Center not later than May 8, 1984. The statement of perfection must contain the information omitted from the original statement of revocation and be signed in the manner required for a statement of revocation. A copy of the previously filed statement of revocation must be attached to the statement of perfection.

(h) *Waiver: certain additions to tax and times to act, etc.*—(1) *Waiver of certain additions to tax arising on or before the 60th day after the date of publication of the next set of tem-*

porary regulations under section 338. An addition to tax or additional amount (addition) under Subchapter A of Chapter 68 arising on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, by reason of circumstances that would not exist but for an election under section 338, is waived if (i) under the particular statute the addition is excusable upon a showing of reasonable cause and (ii) corrective action is taken on or before the 60th day after the date of publication of the next set of temporary regulations under section 338. The Service should be notified at the time of correction (*e.g.*, by attaching a statement to a return that constitutes corrective action) that the waiver rule of this paragraph (h) is being asserted.

(2) *Elections or other actions required to be specified on a timely filed return*—(i) *In general.* If the addition to tax for failure to file a return is waived under paragraph (h)(1) of this section, then any election or other action that must be specified on a timely filed return for the taxable period covered by the late filed return descirbed in that paragraph (h)(1) will be considered timely if specified on that late-filed return.

(ii) *New target in purchasing group's consolidated return.* If new target is includible for its first taxable year in a consolidated return filed by the purchasing group on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, then any election or other action that must be specified in a timely filed return for new target's first taxable year (but which is not specified in the consolidated return) will be considered timely if specified in an amended return (or, if the contents of the return itself are not affected by the election or other action, a separate statement), filed on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, with the Internal Revenue Service Center with which the consolidated return was filed. If the election is made on a separate statement, such statement must cite this provision and must include the name, address, and EIN of the parent corporation of the purchasing group.

(3) *Moot return not required.* If a timely election under section 338 is made, then an income tax return need not be filed for the taxable year of old target which, had an election not been made, would have included any day after the acquisition date.

(4) *Examples.* The provisions of this paragraph (h) may be illustrated by the following examples. A capital letter refers to a domestic corporation.

Example (1). T is an unaffiliated corporation filing income tax returns on the basis of a fiscal year ending October 31. At the close of September 20, 1982, T is acquired by P. P does not file consolidated returns. P files an election under section 338 on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, which causes T's taxable year to end as of the close of September 20, 1982. An income tax return for T's taxable period ending on September 20, 1982, was due on December 15, 1982. Additions to tax for failure to file a return and to pay tax shown on a return will not be imposed if T's return is filed and the tax paid on or before the 60th day after the date of publication of the next set of temporary regulations under section 338. (This waiver applies even if the acquisition date coincides with the last day of T's former taxable year, *i.e.*, October 31, 1982.) Interest on any underpayment of tax for old T's short taxable year ending September 20, 1982, will run from December 15, 1982. A statement indicating that the waiver rule of §5f.338-1(h) is being asserted should be attached to T's return.

Example (2). Assume the same facts as in Example (1). Assume further that new T adopts the calendar year. Under paragraph (f)(7)(ii) of this section, a calendar year will be properly adopted if new T files its first return on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, indicating that a calendar year is adopted for new T (including the period beginning on September 21, 1982, and ending on December 31, 1982). Any additions to tax or additional amounts described in this paragraph (h) which arise by reason of the late filing of a return for the period ending on December 31, 1982, are waived, since they are based on circumstances that would not exist but for the section 338 election. Notwithstanding this waiver, however, the return is still considered due on March 15, 1983, and interest on any underpayment runs from that date. Although prior to the election old T had a return due on January 15, 1983, that return need not be filed since a timely election under section 338 was made. See paragraph (h)(3) of this section.

(i) [Reserved]

(j) *Suspension of time to elect under section 338 in certain cases*—(1) *In general.* The last day for making an election under this section is suspended until the date specified in a Treasury decision setting forth regulations under section 338(h)(6)(B) if—

(i) the target (A) is a foreign corporation, a DISC, a corporation described in section 934(b), or a corporation to which section 936 applies, and (B) has a target affiliate or

(ii) the target has a target affiliate that either (A) is a foreign corporation, a DISC, a corporation described in section 934(b), or a corporation to which section 936 applies, or (B) owns stock in a foreign corporation or a domestic corporation that is a DISC or described in section 1248(e).

(2) *Option to make election notwithstanding suspension.* A purchasing corporation may opt to make an election notwithstanding the suspension by filing a statement of election within the latest time prescribed in paragraph (c) or (k) of this section. such statement of election must include, in addition to the other requirements specified in this section, a declaration that the election is made pursuant to the option in "§5f.338-1(j)(2)" to make the section 338 notwithstanding the suspension. A statement of election that does not contain this declaration is invalid unless the purchasing corporation files a perfecting declaration on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, with the Internal Revenue Service Center with which it filed the statement of election. The perfecting declaration must be signed by a person who states under penalties of perjury that he or she is authorized to make the declaration on behalf of the purchasing corporation, and a copy of the previously filed statement of election must be attached. An election made pursuant to this paragraph (j)(2) is subject to all of the provisions of section 338 as well as the provisions of regulations issued or to be issued thereunder, including regulations under section 338(h)(6).

(3) *Exception.* The suspension will not apply to a target if one of the

principal purposes for the acquisition of stock is to qualify for the suspension.

(4) *Target affiliate.* For the definition of target affiliate, see paragraph (k)(3)(ii) of this section.

(k) *Special rules for foreign corporations or DISCs*—(1) *Election by foreign purchasing corporation not subject to U.S. tax.* Except as otherwise provided in this paragraph (k) or in paragraph (j) of this section, a foreign purchasing corporation not subject to United States tax for its taxable year that includes the acquisition date is required to file a statement of election under section 338 on or before the 15th day of the sixth calendar month following the month in which the acquisition date occurs (or, if later, the 60th day after the date of publication of the next set of temporary regulations under section 338). The statement of election must be filed with the Philadelphia Service Center, Philadelphia, Pennsylvania 19255.

(2) *Election not required until relevant*—(i) *General rule.* A qualifying foreign purchasing corporation is not required to file a statement of election for a qualifying foreign target before the 180th day after the close of the purchasing corporation's taxable year within which a triggering event occurs.

(ii) *Qualifying foreign purchasing corporation.* A purchasing corporation is a "qualifying foreign purchasing corporation" only if, during the acquisition period of a qualifying foreign target, all the corporations in the purchasing corporation's affiliated group (as defined in section 338(h)(5)) are foreign corporations that are not subject to United States tax.

(iii) *Qualifying foreign target.* A target is a "qualifying foreign target" only if the target and its target affiliates are foreign corporations that, during the acquisition period of target, are not subject to United States tax (and will not become subject to United States tax during such period by reason of a section 338 election). A target affiliate is taken into account for purposes of the preceding sentence only if, during the acquisition period of target, it is or becomes a member of the affiliated group (as defined in section 338(h)(5)) that includes the purchasing corporation of target.

(iv) *Triggering event.* A triggering event occurs in the taxable year of the qualifying purchasing corporation in which either that corporation or any corporation in which either that corporation or any corporation in its affiliated group (as defined in section 338(h)(5)) becomes subject to United States tax.

(v) *Special rule.* For purposes of this paragraph (k)(2), a corporation is considered "subject to United States tax" if it is subject to a tax described in paragraph (k)(3)(iii) of this section or if it is a controlled foreign corporation, a foreign investment company, or a foreign corporation the stock ownership of which is described in section 552(a)(2).

(3) *Definitions.* For purposes of this paragraph (k)—

(i) *Acquisition period.* The "acquisition period" is the period beginning at the end of the day before the first day of the "12-month acquisition period" (as defined in section 338(h)(1)) and ending at the beginning of the day following the acquisition date.

(ii) *Target affiliate.* The term, "target affiliate," has the same meaning as in section 338(h)(6) (applied without section 338(h)(6)(B)(i)).

(iii) *United States tax.* "United States tax" is a tax under Subtitle A of the Internal Revenue Code of 1954 (other than a tax under section 881 thereof). Subtitle A relates to income taxes.

(4) *Statement of election may be filed by United States shareholders in certain cases.* The United States shareholders (as defined in section 951(b)) may file a statement of election on behalf of a foreign purchasing corporation described in paragraph (k)(1) of this section if such corporation is also a controlled foreign corporation (as defined in section 957(a)). The statement of election must include the name, address, taxpayer identification number, and stock interest of each United States shareholder. In lieu of the requirement of paragraph (d)(4) of this section, the statement must be jointly signed by each United States shareholder, with each such shareholder stating under penalties of perjury that he or she holds the stock interest specified for such shareholder in the statement of election. (As an alternative to a jointly signed statement of election, the shareholder signatures may be contained in separate statements attached to the statement of election.) If a United States shareholder is not an individual or has delegated authority to sign the statement of election, the statement must be signed by a person who states under penalties of perjury that he or she is authorized to execute the statement on behalf of the United States shareholder. A copy of the statement of election must be attached to the Form 5471 (information return with respect to a foreign corporation) filed with respect to the purchasing corporation by each United States shareholder for the purchasing corporation's taxable year that includes the acquisition date (or, if paragraph (k)(2) of this section applies to the election, for the purchasing corporation's taxable year within which it becomes a controlled foreign corporation). The provisions of §1.964-1(c) (including §1.964-1(c)(7)) do not apply to an election made by the United States shareholders.

(5) *EIN not required for certain corporations.* Paragraph (d)(1) of this section requires that the employer identification numbers (EINs) of the purchasing corporation and target be specified in the statement of election. This requirement does not apply for a corporation that does not have, and is not otherwise required to have, an EIN.

(6) *Copy of statement of election for certain foreign target corporations attached to return.* If a valid election under section 338 is made for a foreign target corporation not subject to United States tax, a copy of the statement of election must be attached to the first United States in-

come tax return of such target or the first Form 5471 each United States person files with respect to such target subsequent to the acquisition date. Failure to attach the statement to these returns will not invalidate the election.

(7) *Special rules for due date of old target's final return*—(i) *Old target a foreign corporation subject to United States tax.* The final return of old target is due on the 15th day of the sixth calendar month following the month in which the acquisition date occurs if old target is subject to United States tax for its taxable year that includes the acquisition date but does not have an office or fixed place of business in the United States during such period.

(ii) *Old target a foreign corporation not subject to United States tax.* A final return of old target is not required if old target is not subject to United States tax for its taxable year including the acquisition date.

(iii) *Old target a DISC.* The final return of old target is due on the 15th day of the ninth calendar month following the month in which the acquisition date occurs if old target is a DISC for its taxable year that includes the acquisition date.

(l) *Binding contracts entered into after September 2, 1982, and before January 13, 1983*—(1) *In general.* This paragraph (l) is prescribed under section 306(a)(8)(A)(ii) of the Technical Corrections Act of 1982. Notwithstanding the disaffiliation rule of paragraph (f)(3)(i) of this section, the target's deemed sale of assets is reported in the selling group's consolidated return for a period including the acquisition date if—

(i) Any portion of the stock of target that is part of the qualified stock purchase is acquired by the purchasing corporation pursuant to a binding contract (the "contract") entered into after September 2, 1982, and before January 13, 1983, and

(ii) The purchasing corporation establishes by clear and convincing evidence that the contract was negotiated on the contemplation that any tax liability resulting from the target's deemed section 338 sale would be reported in the selling group's consolidated return.

(2) *Clear and convincing evidence*—(i) *Requirement considered satisfied.* The purchasing corporation is considered to have satisfied the clear and convincing evidence requirement of paragraph (l)(1)(ii) of this section if, in the absence of contradictory evidence—

(A) Language in the contract plainly and unequivocally provides that the Federal income tax liability resulting from the deemed section 338 sale will be reported in the selling group's consolidated return;

(B) Documents contemporaneous with the negotiation of the contract plainly and unequivocally provide that the Federal income tax liability resulting from the deemed section 338 sale will be reported in the selling group's consolidated return, provided that the provisions of such documents relating to the selling group's liability were relied upon by both the buyer and seller in computing the contract selling price; or

(C) A statement, signed under penalties of perjury by a person authorized to act on behalf of the common parent of the selling group that files a consolidated return for a period including the acquisition date, plainly and unequivocally provides that the contract was negotiated on the contemplation that the Federal income tax liability resulting from the deemed section 338 sale would be reported in the selling group's consolidated return.

(ii) *Requirement not considered satisfied.* In no event will the purchasing corporation be considered to have satisfied the clear and convincing evidence requirement if the stock sale contract (or collateral documents) requires the purchasing corporation to indemnify the selling group for any Federal income tax liability resulting from the deemed section 338 sale in the event that applicable law or regulations impose that liability on the selling group.

(3) *Manner of asserting binding contract rule*—(i) *In general.* The purchasing corporation asserts the binding contract rule of this paragraph (l) by filing a "binding contract statement" with the statement of election under section 338 (or with a copy of a previously filed statement of election, provided that the binding contract statement and such copy are filed with the appropriate Internal Revenue Service Center on or before the due date for making the section 338 election).

(ii) *Contents of binding contract statement.* The binding contract statement must—

(A) Contain the name, address, and employer identification number of the common parent of the selling group;

(B) State that the binding contract rule is asserted;

(C) Indicate the date of entry into the binding contract;

(D) Set forth the facts which demonstrate that the parties contemplated selling group liability for target's deemed sale of assets; and

(E) Be signed by a person who states under penalties of perjury that he or she is authorized to make the binding contract statement on behalf of the purchasing corporation.

(iii) *Notice to common parent or selling corporations.* The binding contract rule does not apply unless, on or before the due date for filing a statement of election, a copy of the bonding contract statement and the statement of election are provided the common parent of the selling group or each selling corporation.

(4) *Binding contract rule inapplicable if no consolidated return.* If a consolidated return including the target for a period including the acquisition date is not filed by the selling group (or if such return is filed but is properly withdrawn), then old target's final return is a separate return for its year ending on the acquisition date.

(The reporting requirements of this section have been assigned OMB Control Number 1545-0702.)

Par. 2. Section 5f.338-2 is revised to read as follows:

§5f.338-2 Transitional rule elections.

(a) *In general*—(1) *Scope.* This section prescribes rules relating to section 338 "transitional rule" elections permitted by reason of section 224(d)(2) of TEFRA, as amended by section 306(a)(8)(B) of the Technical Corrections Act of 1982. See also section 224(d)(4) and (5) of TEFRA as added by such section 306(a)(8)(B). In general, a transitional rule election may be made for a corporation for which the acquisition date occurs after August 31, 1980, and before September 1, 1982.

(2) *Definitions.* The definitions contained in §5f.338-1(b) also apply to this section.

(b) *Manner of making election.* The purchasing corporation makes a transitional rule election only by filing a statement of election not later than February 28, 1983, with the Internal Revenue Service Center with which it files its annual income tax return.

(c) *Statement of election*—(1) *General rule.* The heading of the statement of election should prominently identify the statement as a transitional rule election under section 338. Form 8023 is not used for this purpose. The statement must—

(i) Contain the name, address, and employer identification number of the purchasing corporation and the target,

(ii) Identify the election as an election under section 338(g) of the Code that is permitted by section 224(d)(2) of TEFRA, and

(iii) Be signed by a person who states under penalties of perjury that he or she is authorized to make the election on behalf of the purchasing corporation.

(2) *Purchasing corporation or target a foreign corporation.* If the purchasing corporation or the target is a foreign corporation, then a statement of transitional rule election filed not later than February 28, 1983, that constitutes a reasonable attempt to comply with the rules of paragraphs (b) and (c)(1) of this section will be valid.

(d) *Copy of statement of election attached to returns of target.* A copy of the statement of transitional rule election must be attached to old target's final return and to the first return of new target. Alternatively, if the target is a foreign corporation not subject to United States tax (as defined in §5f.338-1(k)(3)(iii)), a copy of the statement of election must be attached to the return(s) specified in §5f.338-1(k)(6). Failure to attach the statement to these returns will not invalidate the election.

(e) *Certain consequences of transitional rule election*—(1) *Taxable year ends at close of selected deemed sale date.* Old target's taxable year ends at the close of the deemed sale date selected under paragraph (f) of this section. Because that date is never earlier than the day after the acquisition date, old target's tax liability resulting from its deemed sale of assets may not be included in the consolidated return of a selling group but may be included in the consolidated return of the purchasing group.

(2) *EIN not affected.* New target shall use the same employer identification number as old target used.

(3) *Rules similar to old section 334(b)(2); certain provisions of section 338 inapplicable.* If a transitional rule election is made, then—

(i) A rule similar to the last sentence of section 334(b)(2) (as in effect on August 31, 1982) applies, and

(ii) Subsections (e), (f), and (i) of section 338 and paragraphs (4), (6), (8), and (9) of section 338(h) do not apply.

(4) *Liquidating target before election.* Liquidating target on or after the deemed sale date (or after August 31, 1982, if later) and before the filing of a transitional rule election under section 338 has no effect on the validity of the election. If target liquidates on the deemed sale date, the liquidation will be considered to occur on the following day and immediately after new target's deemed purchase of assets.

(5) *Due date for old target's final return*—

(i) *General rule.* Old target's final return is due on the 15th day of the third calendar month following the month in which the deemed sale date occurs. If old target is sold by a selling group, §1.1502-76(c) may be applicable to old target's final return.

(ii) *Exceptions.* If the final taxable period of old target is includible in the consolidated return of the purchasing group, the due date of that consolidated return controls. For special rules applicable to DISCs and certain foreign corporations, see §5f.338-1(k)(7) (applied by replacing the phrase, "acquisition date," wherever it occurs, with the phrase, "deemed sale date").

(6) *New target's taxable year and method of accounting.* The rules of §5f.338-1(f)(7) also apply to transitional rule elections.

(f) *Selection of deemed sale date by purchasing corporation*—(1) *In general.* The date of the target's deemed sale of assets under section 338(a) is the date selected by the purchasing corporation in the statement of transitional rule election or in a deemed sale date statement, rather than the acquisition date specified in section 338(h)(2). For purposes of determining whether the transitional election rules apply to the particular acquisition and for purposes of determining when target can be included in the consolidated return filed by the affiliated group that includes the purchasing corporation, the acquisition date rather than the selected deemed sale date controls.

(2) *Date selected as deemed sale date*—(i) *In general.* The purchasing corporation may select any deemed sale date in the statement of transitional rule election or deemed sale date statement, so long as such date—

(A) Is after the later of the acquisition date or June 30, 1982, and

(B) Is no later than (*1*) the date the statement of transitional rule election specifying a deemed sale date is filed or (*2*) if a deemed sale date is selected in a deemed sale date statement filed subsequent to the filing of a statement of transitional rule election (whether or not that election specified a deemed sale date), no later than the earlier of the date the deemed sale date statement is filed or February 28,

1983.

(ii) *Unspecified deemed sale date.* If a timely filed statement of transitional rule election does not specify a deemed sale date and a deemed sale date statement is not filed, the date of filing the election is considered the selected deemed sale date.

(iii) *Filing date.* For purposes of determining the date on which the deemed sale occurs, the date of mailing a statement, as evidenced by the postmark date, is considered the date of filing.

(3) *Selecting deemed sale date after filing transitional rule election—* (i) *Deemed sale date statement.* A purchasing corporation may select a deemed sale date after timely filing a valid statement of transitional rule election, whether or not that election specifies a deemed sale date, by filing a deemed sale date statement on or before May 8, 1984, with the Internal Revenue Service Center with which it filed the election. A copy of the statement of transitional rule election must be attached. The deemed sale date statement should contain the name, address, and employer identification number of the purchasing corporation and the target, identify the deemed sale date, and be signed by a person who states under penalties of perjury that he or she is authorized to select a deemed sale date on behalf of the purchasing corporation. The EIN requirement does not apply for a corporation that does not have, and is not otherwise required to have, an EIN.

(ii) *Revoking and filing new election.* As an alternative to the deemed sale date statement procedure, the purchasing corporation may revoke the previously filed election in accordance with paragraph (g) of this section and file a new election which specifies the desired deemed sale date. The prior election must be revoked and the new election filed before March 1, 1983.

(g) *Revoking election made before March 1, 1983.* A timely filed transitional rule election that meets all the requirements of paragraphs (b) and (c) of this section may be revoked only in the manner prescribed in §5f.338-1(g).

(h) *Waiver: certain additions to tax and times to act, etc.* The rules of §5f.338-1(h) also apply to transitional rule elections, except that §5f.338-1(h)(3) is applied by substituting the phrase "deemed sale date" for the phrase "acquisition date."

(i) [Reserved]

(j) *Examples.* The provisions of this section may be illustrated by the following examples. In each example, a capital letter refers to a domestic corporation.

Example (1). (i) S is the common parent of an affiliated group that includes T. The S group files calendar year consolidated returns. At the close of May 31, 1982, S sells all of the stock of T to P, a calendar year corporation, and on November 10, 1982, P files a statement of transitional rule election with respect to T. The statement of election meets all the requirements of this section but does not specify the deemed sale date. P will file a separate return for the 1982 calendar year. Unless P takes action to specify a different date, the date of filing the statement of transitional rule election will be considered the selected deemed sale date. Thus, T's deemed sale occurs and its taxable year ends at the close of November 10, 1982. T's income from January 1, 1982, through May 31, 1982, is included in the consolidated return of the S group. Any income tax liability resulting from the deemed sale under section 338 is reported in old T's return for its final taxable period which begins on June 1, 1982, and ends on November 10, 1982. Under paragraph (e)(5)(i) of this section, this return is due on February 15, 1983. Assuming new T adopts the calendar year, another return will be required for the period from November 11, 1982, through December 31, 1982, which is T's first taxable period as "new target." Under paragraph (e)(6) of this section, new T may adopt the calendar year on its first income tax return if that return is filed on or before the 60th day after the date of publication of the next set of temporary regulations under section 338.

(ii) Because a return would not be due on February 15, 1983, but for the transitional rule election under section 338, additions to tax under section 6651(a)(1) and (2) are waived if that return is filed and the tax shown thereon paid on or before the 60th day after the date of publication of the next set of temporary regulations under section 338. See paragraph (h) of this section. These additions to tax are also waived with respect to the return of new T due on March 15, 1983, if that return is filed and the tax shown thereon paid on or before the 60th day after the date of publication of the next set of temporary regulations under section 338. Interest on any underpayment of tax, however, runs from the due date of these returns.

(iii) If P files a consolidated return for the 1982 calendar year, T's income for its final taxable period as old target and for its first taxable period as new target will be included in P's consolidated return, to which a copy of the statement of transitional rule election must be attached. See paragraph (d) of this section. The waiver rule applies only to additions that would not arise but for the section 338 election.

Example (2). Assume the same facts as in Example (1)(i), except that P wishes to select a deemed sale date other than November 10, 1982. If P files a proper deemed sale date statement under paragraph (f) of this section after February 28, 1983, and on or before May 8, 1984, P may select as the deemed sale date any date after June 30, 1982, and before March 1, 1983. If July 1, 1982, is selected as the deemed sale date and P does not join with T in filing a consolidated return for 1982, any income tax liability resulting from the deemed sale of assets (occurring at the close of July 1, 1982) is reported in old T's final return for its taxable period beginning on July 1, 1982, and ending on July 1, 1982. Under paragraph (e)(5)(i) of this section, that return is due on October 15, 1982. Assuming that new T adopts the calendar year as its taxable year, another return will be required for the period beginning on July 2, 1982, and ending on December 31, 1982, which is new T's first taxable period as new target. If these returns are filed on or before the 60th day after the date of publication of the next set of temporary regulations under section 338, additions to tax for failure to file a return and to pay tax shown on a return will be waived. The return of old T which, had an election not been made, would have been due on March 15, 1983 (for the period from June 1, 1982, to December 31, 1982) need not be filed. See paragraph (h) of this section. If P acquired all of the stock of T at the close of June 30, 1982, and selected July 1, 1982, as the deemed sale date, old T's final return would consist of July 1, 1982 (*i.e.*, only one day).

(The reporting requirements of this section have been assigned OMB Control Number 1545-0702.)

Par. 3. A new section §5f.338-3 is added to read as follows:

§5f.338-3 Miscellaneous rules under section 224 of TEFRA.

(a) *Date of section 338 election for purposes of the LIFO recapture rule of the Miscellaneous Revenue Act of 1982*—(1) *In general.* Solely for purposes of section 403(b)(4)(D) of the Crude Oil Windfall Profit Tax Act of 1980, as added by section 101 of the Miscellaneous Revenue Act of 1982, an election under section 338(g) that could have been made during 1982 is considered to have been made during 1982 if an election under section 338(g) is actually made before the expiration of the time for making such an election.

(2) *Election that could have been made during 1982*—(i) *In general.* Except as provided in paragraph (a)(2)(ii) of this section, an election is considered one that could have been made during 1982 if the qualified

stock purchase as defined in section 338(d)(3) occurred before January 1, 1983.

(ii) *Transitional rule elections.* For transitional rule elections, an election is not considered made in 1982 unless the deemed sale date occurs in 1982. For selection of deemed sale date, see §5f.338-2(f).

(b) *Certain acquisitions of financial institutions*—(1) *In general.* The amendments made by section 224 of TEFRA do not apply to the acquisition of control (within the meaning of section 368(c)) of a financial institution in certain cases if the purchasing corporation elects out under section 224(d)(3) of TEFRA.

(2) *Manner of electing out.* A purchasing corporation is considered to elect out only if the requirements of section 224(d)(3) of TEFRA are satisfied and the purchasing corporation files a statement of election-out within 30 days after adoption of the plan of complete liquidation of the financial institution specified in section 224(d)(3)(C) (or by May 8, 1984, if later) with the Internal Revenue Service Center with which it files its annual income tax return.

(3) *Statement of election-out.* The heading of the statement of election-out should prominently identify the statement as an election-out under section 224(d)(3) of TEFRA. The statement must—

(i) Contain the name, address, and employer identification number of the purchasing corporation and financial institution,

(ii) Identify the election as an election-out under section 224(d)(3) of TEFRA,

(iii) Specify the date of entry into the binding contract to acquire control of the financial institution,

(iv) Specify the date of final approval of the last regulatory authority granting final approval of the acquisition,

(v) Specify the date of adoption of the plan of complete liquidation of the financial institution, and

(vi) Be signed by a person who states under penalties of perjury that he or she is authorized to make the election on behalf of the purchasing corporation.

(4) *Copy of statement of election-out attached to return of purchasing corporation.* A copy of the statement of election-out should be attached to the income tax return of the purchasing corporation for its taxable year in which the liquidation begins. Failure to attach the statement to that return will not invalidate the election-out.

(5) *Financial institution.* For purposes of this section, a financial institution is an entity described in section 585 or 593 or a bank holding company within the meaning of section 2(a) of the Bank Holding Company Act of 1956.

(6) *Adoption of plan of complete liquidation; date of final approval.* The statement of election-out is valid only if a plan of complete liquidation of the financial institution is adopted within 90 days after the date of final approval of the acquisition by the last regulatory authority granting approval. The date of final approval by the last regulatory authority includes, where applicable, the expiration date of the period under 12 U.S.C. §1849 within which the Attorney General is authorized to commence an action under the antitrust laws with respect to the acquisition (provided that no such action is commenced).

(7) *Election-out invalidates prior section 338 election.* A valid election-out invalidates a prior section 338 election made for the target financial institution. If a prior section 338 election has been made, the statement of election-out should indicate that such prior election is invalidated by the election-out.

(The reporting requirements of this section have been assigned OMB Control Number 1545-0702.)

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in sections 338 and 7805 of the Internal Revenue Code of 1954 (96 Stat. 324, 26 U.S.C. 338; 68A Stat. 917, 26 U.S.C. 7805, respectively).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved January 25, 1984.

John E. Chapoton,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on February 7, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 8, 1984, 49 F.R. 4722)

Part III.—Corporate Organizations and Reorganizations
Subpart A.—Corporate Organizations

Section 351.—Transfer to Corporation Controlled by Transferor

26 CFR 1.351-1: Transfer to corporation controlled by transferor.

Transfer to corporation controlled by transferor. Stock of a parent corporation, received by shareholders of a target corporation in a merger under sections 368(a)(1)(A) and 368(a)(2)(D) of the Code, will not be aggregated with stock of the parent received by a transferor of property to the parent in determining whether the control requirement of section 351 is met. Rev. Ruls. 68-357 and 76-123 distinguished.

Rev. Rul. 84-44

ISSUE

Under the facts described below, does section 351 of the Internal Revenue Code apply to the transfer of assets from *Y* to *P* in exchange for *P* stock?

FACTS

X, *Y* and *P* were unrelated corporations. In a transaction qualifying as a reorganization under sections 368(a)(1)(A) and (a)(2)(D) of the Code, *X* was merged into *S*, a wholly owned subsidiary of *P*. In the trans-

action, the shareholders of *X* received shares of *P* stock in exchange for their shares of *X* stock. At the same time, as part of an overall plan, *Y* transferred part (but less than substantially all) of its assets to *P* in exchange for *P* stock. While *Y* did not have the requisite control of *P* to qualify its transfer of assets within the provisions of section 351, *Y* together with the former shareholders of *X* were in control of *P* within the meaning of section 368(c) of the Code.

LAW AND ANALYSIS

Section 368(a)(2)(D) of the Code provides that the acquisition by one corporation, in exchange for stock of a corporation which is in control of the acquiring corporation, of substantially all of the properties of another corporation shall not disqualify the transaction under section 368(a)(1)(A) if no stock of the acquiring corporation is used in the transaction and the transaction would have qualified as a reorganization under section 368(a)(1)(A) had the merger been into the controlling corporation.

Section 351(a) of the Code provides that no gain or loss will be recognized if property is transferred to a corporation solely in exchange for its stock and immediately after the exchange the transferors are in control of the corporation (as defined in section 368(c)).

Although *P* stock was used as the consideration in the merger of *X* into *S*, the shareholders of *X* did not transfer any property to *P*. Therefore, since *P* is not the transferee of the stock of *X*, the *P* stock received by the shareholders of *X* is not taken into account with the *P* stock received by *Y* in determining whether the requirements of section 351 of the Code have been met. The only assets received by *P* were transferred by *Y*, and since *Y* was not in control of *P* immediately after the transfer, the transaction does not qualify under section 351. Additionally, since *P* is not the transferee of the *X* assets, the receipt of *P* stock by *X* upon the transfer of its assets to *S* cannot be aggregated with the *P* stock received by *Y* in determining whether the 80 percent control requirement of section 351 could be met by *X* and *Y*.

The instant case should be compared with Rev. Rul. 68-357, 1968-2 C.B. 144, and Rev. Rul. 76-123, 1976-1 C.B. 94. In those rulings, stock received by individual transferors was aggregated with stock received in reorganizations for purposes of the control requirement of section 351 of the Code when the transfers were to the same corporation.

HOLDING

Since the control requirement of section 351 of the Code was not met by *Y*, any gain or loss realized by *Y* on the exchange will be recognized as provided by section 1001 of the Code. No gain or loss is recognized to *P* under section 1032(a) upon the exchange with *Y* of *P* stock for assets of *Y*.

EFFECT ON OTHER REVENUE RULING

Rev. Rul. 68-357 and Rev. Rul. 76-123 are distinguished.

---

26 CFR 1.351-1: Transfer to corporation controlled by transferors.
(Also Section 7805; 301.7805-1.)

Transfer to corporation controlled by transferors; continuity of interest. Upon reconsideration, the Service has concluded that the fact that "larger acquisitive transactions," such as those described in Rev. Ruls. 80-284 and 80-285, fail to meet the requirements for tax-free treatment under the reorganization provisions of the Code does not preclude the applicability of section 351(a) of the Code to transfers that may be described as part of such larger transactions. Rev. Ruls. 80-284 and 80-285 revoked.

Rev. Rul. 84-71

The Internal Revenue Service has reconsidered Rev. Rul. 80-284, 1980-2 C.B. 117, and Rev. Rul. 80-285, 1980-2 C.B. 119, in which transfers that satisfied the technical requirements of section 351(a) of the Internal Revenue Code were nevertheless held to constitute taxable exchanges because they were part of larger acquisitive transactions that did not meet the continuity of interest test generally applicable to acquisitive reorganizations.

In Rev. Rul. 80-284, fourteen percent of *T* corporation's stock was held by *A*, president and chairman of the board, and eighty-six percent by the public. *P*, an unrelated, publicly held corporation wished to purchase the stock of *T*. All the *T* stockholders except *A* were willing to sell the *T* stock for cash. *A* wished to avoid recognition of gain.

In order to accommodate these wishes, the following transactions were carried out as part of an overall plan. First, *P* and *A* formed a new corporation, *S*. *P* transferred cash and other property to *S* in exchange solely for all of *S*'s common stock; *A* transferred *T* stock to *S* solely in exchange for all of *S*'s preferred stock. These transfers were intended to be tax-free under section 351 of the Code. Second, *S* organized a new corporation, *D*, and transferred to *D* the cash it had received from *P* in exchange for all the *D* common stock. Third, *D* was merged into *T* under state law. As a result of the merger, each share of *T* stock, except those shares held by *S*, were surrendered for cash equal to the stock's fair market value and each share of *D* stock was converted into *T* stock.

Rev. Rul. 80-284 concluded that if a purported section 351 exchange is an integral part of a larger transaction that fits a pattern common to acquisitive reorganizations, and if the continuity of shareholder interest requirement of section 1.368-1(b) of the Income Tax Regulations is not satisfied with respect to the larger transaction, then the transaction as a whole resembles a sale and the exchange cannot qualify under section 351 because that section is not intended to apply to sales. Rev. Rul. 80-285 reached a similar conclusion with re-

spect to an asset, rather than stock, acquisition in which a purported section 351 exchange was also part of a larger acquisitive transaction.

Upon reconsideration, the Service has concluded that the fact that "larger acquisitive transactions," such as those described in Rev. Rul, 80-284 and Rev. Rul. 80-285, fail to meet the requirements for tax-free treatment under the reorganization provisions of the Code does not preclude the applicability of section 351(a) to transfers that may be described as part of such larger transactions, but also, either alone or in conjunction with other transfers, me the requirements of section 351(a).

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 80-284 and Rev. Rul. 80-285 are revoked.

PROSPECTIVE APPLICATION

Pursuant to the authority contained in section 7805(b) of the Code, the conclusion of this revenue ruling will not be applied adversely to taxpayers who want to treat their transactions in accord with the position set forth in Rev. Rul. 80-284 or Rev. Rul. 80-285 and who either have consummated transactions before May 7, 1984, the date of publication of this revenue ruling in the Internal Revenue Bulletin, or consummate transactions after that date pursuant to terms of a binding written contract entered into before that date when such terms remain in effect on that date.

Subpart D.—Special Rules; Definitions

Section 367.—Foreign Corporations

26 CFR 1.367(a)-1: Ruling requests under section 367(a)(1) relating to certain transfers to a foreign corporation.
(Also Section 7477; 301.7477-1)

T.D. 7954

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953; PART 7—TEMPORARY INCOME TAX REGULATIONS UNDER THE TAX REFORM ACT OF 1976; PART 301—PROCEDURE AND ADMINISTRATION

Ruling Requests Relating To Certain Transfers By United States Persons To Foreign Corporations

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to the requirement that a ruling be obtained in order for a foreign corporation to be treated as a corporation for purposes of determining the amount of gain to be recognized on certain transfers by United States persons to foreign corporations. This Treasury decision conforms the present regulations under sections 367(a)(1) and 7477 to section 1042 of the Tax Reform Act of 1976 [1976-3 C.B. (Vol. 1) 1, 110]. The regulations provide the public with the guidance needed to obtain a ruling and affect United States persons transferring property to foreign corporations in exchanges, reorganizations, and certain liquidations and distributions. These final regulations supersede a portion of the temporary regulations published on December 30, 1977 (42 FR 65152) [T.D. 7530, 1978-1 C.B. 92].

DATES: This document is effective June 7, 1984 and applies to transfers of property made after June 7, 1984.

FOR FURTHER INFORMATION CONTACT: Mary Elizabeth Dean of the Legislation and Regulations Division of the Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T, 202-566-3289, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains amendments to the Income Tax Regulations (26 CFR Part 1) and the Temporary Income Tax Regulations under the Tax Reform Act of 1976 (26 CFR Part 7) under section 367(a)(1), and the Regulations on Procedure and Administration (26 CFR Part 301) under section 7477, both of the Internal Revenue Code of 1954. These amendments conform the regulations to section 1042 of the Tax Reform Act of 1976 (90 Stat. 1634) and are issued under the authority contained in sections 367(a)(1) (90 Stat. 1634; 26 U.S.C. 367(a)(1)) and 7805 (68A Stat. 917; 26 U.S.C. 7805) of the Internal Revenue Code of 1954.

A notice of proposed rulemaking on these matters was published in the FEDERAL REGISTER on December 27, 1982 (47 FR 57503) [LR-24-81, 1983-1 C.B. 977]. The comments received have been considered and taken into account as appropriate in the preparation of the final regulations contained in this document.

The portions of the temporary regulations published on December 30, 1977, relating to section 367(a)(1) are deleted on the date these final regulations become effective.

DISCUSSION

STATUTORY PROVISIONS

Section 367(a)(1), as added by section 1042 of the Tax Reform Act of 1976, relates to transfers of property by United States persons to foreign corporations in connection with an exchange described in section 332, 351, 354, 355, 356 or 361. The foreign corporation will not be considered to be a corporation for purposes of determining the amount of gain to be recognized on such a transfer unless it

is established to the satisfaction of the Secretary or his delegate that the exchange is not pursuant to a plan having the avoidance of Federal income taxes as one of its principal purposes. A determination is made pursuant to a ruling request filed not later than the close of the 183rd day after the beginning of the transfer. Transfers by a United States person of stock in a foreign corporation that is a party to the exchange or a party to the reorganization are subject to section 367(b) and the regulations issued pursuant to that section. To the extent exchanges and transfers are exempt from the section 367(a)(1) ruling requirement by regulations that may be issued under section 367(a)(2), the ruling requirement will not apply.

COMMENTS ON PROPOSED REGULATIONS

These final regulations reflect the significant comments received with respect to the proposed regulations.

Three comments concerned the definition of transfers described in section 367(a)(1). One comment requested clarification of the effect of paragraph (b)(2) of §1.367(a)-1, relating to certain triangular reorganizations involving indirect outbound transfers. The final regulations include language indicating the special rules in paragraph (b)(2) do not limit the application of the general rule in paragraph (b)(1). Thus, a direct transfer of property by a United States person to a foreign corporation in connection with a reorganization is a transfer described in section 367 (a)(1).

Paragraph (c)(3) of §1.367(a)-1 describes the minimum standards that must be satisfied in order for a ruling request to be filed. In response to the comment that some of the minimum standards appeared to be more stringent than current practice, the final regulations state that a general description of the types of property exchanged is sufficient and that the submission must satisfy the requirements in any revenue procedures applicable to the type of ruling requested.

A comment suggested that a request for a ruling under section 1492(2) should be treated as a request for a section 367(a)(1) ruling if the IRS subsequently determines that the transferee is an association taxable as a corportion. Paragraph (c)(3)(i) of the final regulations contains the rule that, if a taxpayer requests a ruling that a transfer to a foreign partnership is not pursuant to a plan having as one of its principal purposes the avoidance of Federal income taxes under section 1492 (2) and subsequently the IRS determines that the transferee is an association taxable as a corporation, then a later request for a section 367(a)(1) ruling may be filed and will be considered timely if filed before the close of the 60th day after the final administrative determination of the Internal Revenue Service that the entity is an association taxable as a corporation.

Two issues were raised concerning the time a transfer is considered to begin. Paragraph (c)(4)(ii) of the proposed regulations stated that a section 367(a)(1) transfer by an alien individual electing to be treated as a resident under section 6013(g) or (h) begins on the later of the date a timely section 6013(g) or (h) election is filed or the date the transfer is otherwise considered to begin. The final regulations clarify that this rule applies only for purposes of determining the timeliness of a request for a section 367(a)(1) ruling and does not affect the time the transfer is considered to occur under other income tax provisions. A comment pointed out that the rule in paragraph (c)(4)(v) for determining the date a conditional transfer begins would be clarified if the description of the relevant condition did not incorporate a special definition of a "favorable ruling" but instead referred to a ruling satisfactory to the parties to the transfer. The final regulations adopt this suggestion.

Paragraph (d)(3) of §1.367(a)-1 contains requirements regarding information to be attached to the transferor's income tax return. In response to a comment, the final regulations do not apply the penalty of voiding a favorable ruling for a failure to satisfy the requirements of paragraph (d)(3). However, the Internal Revenue Service intends to initiate a procedure whereby the district office having jurisdiction over the return of the taxpayer will be notified of any pending section 367 ruling request of the taxpayer and will be notified of the ultimate disposition of such request.

Paragraph (g)(1) of §1.367(a)-1 contains a definition of the term "United States person" for purposes of section 367(a)(1). The proposed regulations stated that a nonresident alien individual or a foreign corporation would not be considered a United States person merely because it carried on a U.S. trade or business. One comment questioned whether the use of the word "merely" implied that the IRS could consider a nonresident alien individual or foreign corporation to be a United States person for section 367(a)(1) purposes in some other circumstances. The word "merely" has been omitted in the final regulations to clarify that, other than in the case of an election under section 6013(g) or (h) or under section 1504(d), a nonresident alien individual or foreign corporation will never be considered a United States person under section 367(a)(1).

Certain comments received were considered but rejected. For example, one comment requested additional examples of specific variances that would be material. Paragraph (e)(3) contains a description of a material variance from the facts included in the ruling request. However, the facts and circumstances surrounding section 367(a)(1) transfers are so diverse that more specific examples could be misleading. Therefore, no examples were added.

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

The Secretary of the Treasury has certified that these regulations do not have a significant impact on a substantial number of small entities. Accordingly, these regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6). The Commissioner of Internal Revenue has determined that the regulations are not subject to Executive Order 12291.

DRAFTING INFORMATION

The principal author of these regulations is Mary Elizabeth Dean of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing these regulations both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

The following amendments to 26 CFR Part 1, 7, and 301 are hereby adopted as set forth below.

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Paragraph 1. A new §1.367(a)-1 is added, immediately after §1.362-2, to read as follows:

§1.367(a)-1 Ruling requests under section 367(a)(1) relating to certain transfers to a foreign corporation.

(a) *Introduction*—(1) *General rule.* For purposes of determining the amount of gain to be recognized on a transfer of property by a United States person to a foreign corporation in connection with an exchange described in section 332, 351, 354, 355, 356, or 361, the foreign corporation shall not be considered a corporation unless, pursuant to a request for a ruling filed not later than 183 days after the beginning of the transfer, it is established to the satisfaction of the Commissioner that the exchange is not pursuant to a plan having the avoidance of Federal income taxes as one of its principal purposes. Transfers subject to this section are described in paragraph (b) of this section. The time and manner for filing ruling requests is set forth in paragraph (c) of this section. Persons who are to request rulings are described in paragraph (d) of this section. The consequences of failure to comply with this section are described in paragraph (e) of this section. The procedure for the protest and appeal of a ruling is described in paragraph (f) of this section. Terms used in this section are defined in paragraph (g) of this section.

(2) *Section 367(a)(2) exception.* This section shall not apply to exchanges and transfers described in regulations that may be issued under section 367(a)(2) to the extent such regulations except the exchanges and transfers from the requirements of this section.

(b) *Transfers described in section 367(a)(1)*—(1) *General rule.* A transfer described in section 367(a)(1) is a transfer of property, other than stock or securities of a foreign corporation that is a party to the exchange or a party to the reorganization (as defined in section 368(b)), made directly, indirectly, or constructively by a United States person (as defined in paragraph (g)(1) of this section) to a foreign corporation in connection with an exchange described in section 332, 351, 354, 355, 356, or 361. Thus, a transfer of stock of a foreign corporation by a United States person to another foreign corporation pursuant to a reorganization described in section 368(a)(1)(B) is not a transfer described in section 367(a)(1) because the foreign corporation whose stock is transferred is a party to the reorganization, even though that foreign corporation may not be a party to other types of reorganizations or exchanges for which the transaction also qualifies. Such transfer is subject to the rules of §7.367(b)-4(b). The following special rules apply in determining whether certain transfers of property are transfers described in section 367(a)(1).

(2) *Reorganizations involving indirect transfers*—(i) *Mergers.* A transfer in connection with a reorganization described in section 368(a)(1)(A) to which either section 368(a)(2)(D) or (E) applies may be a transfer described in section 367(a)(1) if the reorganization involves the merger of two domestic corporations and if stock of a foreign corporation which controls one of such domestic corporations is exchanged in such reorganization. The transfers in connection with such a reorganization that are described in section 367(a)(1) are as follows—

(A) *Reorganizations described in section 368(a)(1)(A) to which section 368(a)(2)(D) applies.* A domestic corporation is considered to make a transfer of property described in section 367(a)(1) if it transfers substantially all its properties to another domestic corporation in connection with a reorganization described in section 368(a)(1)(A) to which section 368(a)(2)(D) applies and if the controlling corporation (within the meaning of section 368(a)(2)(D)) is a foreign corporation. The rule of this paragraph (b)(2)(i)(A) is illustrated by the following example.

Example. F, a foreign corporation, owns all the stock of S, a domestic corporation. In a reorganization described in section 368(a)(1)(A) to which section 368(a)(2)(D) applies, S acquires substantially all the properties of W, a domestic corporation, in a merger of W into S. The stock of F is used as consideration. The reorganization includes an indirect asset transfer described in section 367(a)(1) by W.

(B) *Reorganizations described in section 368(a)(1)(A) to which section 368(a)(2)(E) applies.* [Reserved].

(ii) *Reorganizations described in section 368(a)(1)(B).* . n exchanging shareholder who is a United States person is considered to make a transfer described in section 367(a)(1) if, in connection with a reorganization described in section 368(a)(1)(B), such shareholder exchanges his stock in a domestic corporation for voting stock of a foreign corporation that is in control (as defined in section 368(c)) of the domestic acquiring corporation. The rule of this paragraph (b)(2)(ii) is illustrated by the following example.

Example. F, a foreign corporation, owns all the stock of S, a domestic corporation. In a reorganization described in section 368(a)(1)(B), S acquires all the stock of domestic corporation Y, and the shareholders of Y receive voting stock of F. The reorganization includes an indirect stock transfer described in section 367(a)(1) by those shareholders of Y who are United States persons.

(iii) *Reorganizations described in section 368(a)(1)(C).* A domestic corporation is considered to make a transfer described in section 367(a)(1) if it transfers substantially all of its properties to another domestic corporation in connection with a reorganization described in section 368(a)(1)(C) and if it receives voting stock in a foreign corporation that is in control (as defined in section 368(c)) of the acquiring corporation. The rule of this paragraph (b)(2)(iii) is illustrated by the following example.

Example. F, a foreign corporation, owns all the stock of S, a domestic corporation. In a reorganization described in section 368(a)(1)(C), S acquires substantially all the properties of Z, a domestic corporation, and Z receives voting stock of F. The reorganization includes an indirect asset transfer described in section 367(a)(1) by Z, whether Z retains the stock of F or distributes the stocks to its shareholders and whether the shareholders of Z are United States persons or foreign persons.

(3) *Transfers by partnerships.* A transfer of property by a United States person indirectly to a foreign corporation results from a transfer of property by a partnership (whether foreign or domestic) to a foreign corporation in an exchange described in section 367(a)(1), to the extent that the partnership property transferred to the foreign corporation is attributable to partnership interests held by one or more United States persons. Attribution of partnership assets to interests held by United States persons shall be determined under the rules and principles of sections 701 through 761 of the Internal Revenue Code and the regulations thereunder. The rule of this paragraph (b)(3) is illustrated by the following example.

Example. P is a partnership having five equal general partners, two of whom are United States persons. P transfers property to F, a foreign corporation, in connection with an exchange described in section 351. The exchange includes an indirect transfer of property by the partners to F. The transfers of property attributable to those partners who are United States persons, that is, 40 percent of each asset transferred to F, are transfers described in section 367(a)(1). The gain (if any) recognized on the transfer of 40 percent of each asset to F is attributable to the two partners who are United States persons.

(4) *Transfers by trusts and estates.* Except as otherwise provided in paragraph (b)(5) of this section, a transfer of property by a trust or an estate to a foreign corporation in an exchange described in section 367(a)(1) is considered a direct, indirect, or constructive transfer by a United States person only if the trust or estate is a domestic trust or a domestic estate. Except as otherwise provided in paragraph (b)(5) of this section, a transfer by a foreign trust or foreign estate (as defined in section 7701(a)(31)) is not a transfer described in section 367(a)(1). These rules apply irrespective of whether the beneficiaries of the trust or estate are United States persons or foreign persons.

(5) *Transfers by grantor trusts.* A transfer of a portion or all of the assets of a foreign or domestic trust to a foreign corporation in an exchange described in section 367(a)(1) is considered a transfer by any United States person who is treated as the owner of any such portion or all of the assets of the trust under section 671 through 679.

(6) *Termination of election under section 1504(d).* The termination of an election under section 1504(d), relating to treatment of certain contiguous country corporations as domestic corporations, shall be considered to be a transfer of property by a domestic corporation to a foreign corporation. The characterization of the transfer for purposes of section 367(a)(1) depends on the facts and circumstances. The rule of this paragraph (b)(6) is illustrated by the following examples.

Example 1. Domestic corporation Y previously made a valid election under section 1504(d) to have its wholly owned Canadian subsidiary, C, treated as a domestic corporation. On July 1, 1983, C fails to continue to qualify for the election under section 1504(d). A constructive reorganization described in section 368(a)(1)(D) occurs, and the constructive transfer of assets by "domestic" corporation C to Canadian corporation C included in that reorganization is a transfer described in section 367(a)(1).

Example 2. Domestic corporation Z previously made a valid election under section 1504(d) to have its wholly owned Canadian subsidiary, S, treated as a domestic corporation. On August 1, 1983, Z sells all the stock of S to an unrelated United States person. Because S is no longer directly or indirectly wholly owned or controlled by Z, it is no longer subject to the section 1504(d) election. No direct, indirect, or constructive transfer described in section 367(a)(1) has occurred.

(7) *Changes in classification of an entity.* If a foreign entity is classified as an entity other than an association taxable as a corporation for United States tax purposes, and subsequently a change is made in the governing documents, articles, or agreements of the entity so that the entity is thereafter classified as an association taxable as a corporation, the change in classification is considered a transfer of property to a foreign corporation in connection with an exchange described in section 351. For purposes of section 367(a)(1), the transfer of property is considered as made by the persons determined under the rules set forth in paragraph (b)(3) of this section, with respect to partnerships, and paragraph (b)(4) or (5), with respect to trusts and estates, and the rules of such paragraphs apply in determining whether a transfer described in section 367(a)(1) has been made.

(8) *Contributions to capital.* For rules with respect to treating a contribution to the capital of a foreign corporation as a transfer described in section 367(a)(1), see section 367(c)(2) and the regulations thereunder.

(c) *Time and manner of filing a request for a section 367(a)(1) ruling—* (1) *In general.* A request for a ruling that a transfer of property in connection with an exchange described in section 367(a)(1) is not a transfer pursuant to a plan (as defined in paragraph (c)(5) of this section) having the avoidance of Federal income taxes as one of its principal purposes must be filed no later than the close of the 183d day after the beginning of the transfer (as defined in paragraph (c)(4) of this section). A favorable ruling (as defined in paragraph (g)(2) of this section) will not be issued with respect to a ruling request that does not meet the requirements of this paragraph (c).

(2) *Delivery and filing.* A request for a ruling under this section shall be delivered during regular business hours to the Commissioner of Internal Revenue. Attn: CC:IND:S, 1111 Constitution Avenue, N.W., Washington, D.C. 20224. If the ruling request is delivered by United States mail, the provisions of section 7502 and the regulations thereunder shall apply in determining the date of delivery. A request for a ruling under this section is considered to be filed on the date that the documents which satisfy the minimum standards described in paragraph (c)(3) of this section are delivered to the Commissioner.

(3) *Minimum standards*—(i) *Requirements.* A request for a ruling under section 367(a)(1) must—

(A) Set forth all the facts and circumstances relating to the plan in sufficient detail to apprise the Commissioner of the nature of the plan and the purpose for which the request is submitted.

(B) Set forth a general description of all types of property (other than U.S. currency if its transfer does not affect the type of exchange or reorganization that occurs) to be transferred,

(C) Be accompanied by a written copy (if any) of the plan of reorganization or exchange.

(D) Be submitted in accordance with the procedural rules set forth in 26 CFR 601.201(e) (Statement of Procedural Rules) and in substantial compliance with each revenue procedure relating to one or more of the requests in the ruling request submitted, and

(E) Be executed by the person filing the request or the corporation or partnership described in paragraph (d) of this section, under penalties of perjury. If, however, the classification of an entity which is a transferee is determined to be an association taxable as a corporation and the transferor first learns of this determination after filing an otherwise timely and proper request for a ruling under section 1492(2), then a later request for a ruling under section 367(a)(1), supplementing or amending the earlier request under section 1492(2), will be considered timely if filed no later than the close of the 60th day after the administrative determination of the Internal Revenue Service that the entity is an association taxable as a corporation has become final (without regard to the pendency or likely pendency of this determination before a court). The later request must satisfy the minimum standards of paragraph (c)(3)(i). The filing of a later request will not be considered an admission of association status.

(ii) *Failure to satisfy minimum standards.* A request for a ruling that (*A*) does meet substantially, but not fully, the minimum standards of paragraph (c)(3)(i)(A) and (B) of this section (without regard to whether the standards of paragraph (c)(3)(i)(C), (D) and (E) are met), or (*B*) fully meets the minimum standards of paragraph (c)(3)(i)(A) and (B) but does not meet the minimum standards of paragraph (c)(3)(i)(C), (D), or (E) of this section will be acknowledged and the person submitting the request will be notified in writing of the minimum standards that have not been satisfied. If the information or materials necessary to satisfy the minimum standards are then delivered to the Internal Revenue Service within 60 days of the date of the letter notifying the taxpayer of the failure, that information or materials will be treated as if received with the original submission of the request for a ruling. If the information or materials necessary to satisfy the minimum standards are not delivered within the 60-day period, the ruling request will not be treated as filed on the date the original ruling was delivered. Such additional information or materials delivered after the 60-day period will instead be treated (together with the original submission) as a new request for a ruling delivered and filed on the date the additional information or materials are received, but only if the minimum standards of paragraph (c)(3)(i) of this section are satisfied by all the information and materials submitted. The date on which the additional information or materials required by this paragraph (c)(3)(ii) are considered to be delivered shall be determined by the same rules as those set forth in paragraph (c)(2) of this section, which apply to the delivery and filing of ruling requests.

(iii) *Requests for additional information.* If the minimum standards described in paragraph (c)(3)(i) of this section are satisfied but additional information or materials are required to make a determination under this section, the Internal Revenue Service will request the additional information or materials. The person requesting the ruling shall deliver the information or materials to the Internal Revenue Service within 30 days of the date of the request for such information or materials, or shall deliver within such 30-day period a written statement explaining why the information or materials are unavailable. The request for additional information or materials will not alter the date the ruling request is considered as filed. However, unless the taxpayer establishes reasonable cause for not timely providing the information or materials, the Commissioner may decline to make a determination until the requested information or materials are provided or, as in any case, may issue an unfavorable ruling under the ruling guidelines. In determining whether reasonable cause exists for failure to provide the additional information or materials, the significance of such information or materials to the determination of the Commissioner as to whether a favorable ruling should be issued shall be taken into account. The date on which the additional information or materials or statement required by this paragraph (c)(3)(iii) are considered to be delivered shall be determined pursuant to the same rules as those set forth in paragraph (c)(2) of this section, which apply to the delivery and filing of ruling requests.

(4) *Beginning of a transfer*—(i) *In general.* A transfer described in section 367(a)(1) will be considered to begin on the earliest date on which title, possession of, or right to the use

of stock, securities, or other property passes pursuant to the plan for purposes of subtitle A of the Internal Revenue Code. A transfer will not be considered to begin with a decision of a board of directors or similar action unless the transaction otherwise takes effect for purposes of subtitle A of the Internal Revenue Code on that date.

(ii) *U.S. resident under section 6013 (g) or (h).* For purposes of determining the timeliness of a request for a ruling under this section, a transfer made by an alien individual who is considered to be a United States resident by reason of a timely election made under section 6013 (g) or (h) will be considered to begin—

(A) On the date such election under section 6013 (g) or (h) is made, if such date is later than the date the transfer otherwise would be considered to begin under this section, or

(B) On the date the transfer otherwise would be considered to begin under this section, if such date is later than the date the election under section 6013 (g) or (h) is made.

The rule of this paragraph (c)(4)(ii) is illustrated by the following example.

Example. D is a nonresident alien individual who is married to a United States citizen. On March 1, 1983, D transfers property to a foreign corporation in an exchange described in section 351. On April 15, 1984, D and the spouse timely file an election under section 6013(g) with their tax return for the taxable year ended December 31, 1983, for D to be treated as a United States resident. The election is effective on January 1, 1983. For purposes of determining the timeliness of a request for a ruling, the transfer described in section 367(a)(1) made by D in connection with the section 351 exchange is considered to begin on April 15, 1984, the date on which the timely election was made under section 6013(g).

(iii) *Termination of section 1504(d) election.* A transfer deemed to occur as a result of the termination of an election under section 1504(d) will be considered to begin on the date the contiguous country corporation first fails to continue to qualify for the election under section 1504(d). The rule of this paragraph (c)(4)(iii) is illustrated by the following example.

Example. Domestic corporation W previously made a valid election under section 1504(d) to have its Mexican subsidiary, S, treated as a domestic corporation. On August 1, 1984, W disposes of its right, title, and interest in 10 percent of the stock of S by selling such stock to an unrelated United States person who is not a director of S. S first fails to continue to qualify for the election under section 1504(d) on August 1, 1984, since on such date it ceases to be directly or indirectly wholly owned or controlled by W. The constructive transfer of assets from "domestic" corporation S to Mexican corporation S is considered to begin on that date.

(iv) *Change in classification.* A transfer deemed to occur as a result of a change in classification of an entity caused by a change in the governing documents, articles, or agreements of the entity (as described in paragraph (b)(7) of this section) will be considered to begin on the date such changes take effect for purposes of subtitle A of the Internal Revenue Code.

(v) *Conditional transfers.* A transfer will be considered to begin on the date otherwise determined under paragraph (c)(4)(f) through (iv) of this section even though it is made subject to a condition that if there is a failure to obtain a ruling from the Commissioner that is satisfactory to the parties to the transaction, the transaction will not be consummated and to the extent possible the assets transferred will be returned. The rule of this paragraph (c)(4)(v) relates only to determining the date on which a transfer is considered to begin for purposes of section 367(a)(1) and does not have any substantive effect on the tax consequences arising from the rescission of or failure to consummate a transaction.

(5) *Transfers pursuant to a plan.* For purposes of this section, transfers pursuant to a plan are direct, indirect, and constructive transfers of property in connection with an exchange described in section 332, 351, 354, 355, 356, or 361. A transfer may be pursuant to a plan even though it is not described in any document relating to the plan, and a transfer described in a document relating to a plan is not necessarily made pursuant to the plan. The rule of this paragraph (c)(5) is illustrated by the following example.

Example. X, a domestic corporation, exchanges stock of Y corporation for voting stock of F, a foreign corporation, in a reorganization described in section 368(a)(1)(B). The documents describing the exchange also describe a lease of Blackacre by X to F for a five-year term at a fair market rental value. The exchange of Y stock for F voting stock is pursuant to the plan of reorganization. The transfer of the leasehold interest in Blackacre to F is not pursuant to the plan of reorganization.

(d) *Persons who must request rulings*—(1) *In general.* Any United States person who makes a direct, indirect, or constructive transfer of property to which this section applies must request a ruling as provided in paragraph (c) of this section, receive a favorable ruling, and comply with paragraph (d)(3) of this section for the foreign corporation to be considered to be a corporation, within the meaning of sections 332, 351, 354, 355, 356, or 361, for purposes of determining the amount of gain to be recognized by the United States person.

(2) *Special rules for shareholders and partners*—(i) *Shareholders.* A corporation may request a ruling on behalf of its shareholders who are transferors of its stock with respect to a single plan and for whom the tax consequences of the transfers will be determined in the same manner. Each such shareholder who satisfies the requirements of paragraph (d)(3) of this section will be considered to be a person who requested the ruling, except that any shareholder who requested a separate ruling cannot be so considered. The rule of this subdivision (i) is illustrated by the following example.

Example. All the shareholders of domestic corporation X transfer their stock of X to foreign corporation F solely in exchange for voting stock of F in a reorganization described in section 368(a)(1)(B). X may request a ruling with respect to the plan on behalf of all of its shareholders who are United States persons, since the gain or loss realized by each such shareholder on the exchange of stock and the basis in the stock of F received is determined in the same manner, even though each such shareholder may have a different basis and holding period with respect to stock of X. Each such shareholder who satisfies the requirements of paragraph (d)(3) of this section will be treated as a person who requested the ruling. Each such shareholder also has the opportunity to request a separate ruling that will have effect only for that shareholder, but if a separate request is made, the shareholder cannot be treated as requesting the ruling obtained by the corporation on behalf of its shareholders. If neither a shareholder nor the corporation on behalf of the shareholder timely requests a rul-

ing and receives a favorable ruling, the shareholder will not be entitled to nonrecognition of gain under section 354.

(ii) *Partners.* A partnership may request a ruling on behalf of its partners who are considered transferors either of property of the partnership or of interests in the partnership pursuant to a single plan and for whom the tax consequences of the transfers will be determined in the same manner. Each such partner who satisfies the requirements of paragraph (d)(3) of this section will be considered to be a person who requested the ruling, except that any partner who requested a separate ruling cannot be so considered.

(3) *Attachments to tax return.* Any taxpayer to whom this section applies shall file with its income tax return for any period during which one or more transfers subject to section 367(a)(1) and this section begins either—

(i) A copy of any ruling relating to the transfer that is received by or on behalf of the taxpayer prior to filing the return,

(ii) If a ruling has been requested but has not been received prior to filing the return, a written summary of any ruling request relating to the transfer that has been filed by or on behalf of the taxpayer, indicating the date it was filed, or

(iii) If no ruling request relating to the transfer has been filed, a written statement disclosing—

(A) That the transfer is subject to section 367(a)(1),

(B) That no ruling relating to the transfer has been requested by or on behalf of the taxpayer,

(C) The date of the beginning of the transfer (as defined in paragraph (c)(4) of this section), and

(D) Whether the taxpayer intends to file a request for a ruling relating to the transfer within the time limit specified in paragraph (c)(1) of this section.

A copy of any ruling received after the return is filed or a statement that the ruling request has been withdrawn shall be forwarded by the person who requested the ruling to the district director or the service center where the return was filed within 60 days of the receipt or withdrawal, together with an identification of the return to which the ruling or statement relates. Any amended return that is required due to the ruling or the withdrawal of the ruling request must also be submitted with the ruling or statement.

(e) *Failure to comply with section 367(a)(1)*—(1) *Action or inaction constituting a failure to comply.* A taxpayer fails to comply with section 367(a)(1) and this section if, with respect to a transfer described in section 367(a)(1) to which this section applies, either—

(i) The taxpayer fails to obtain a favorable ruling (as defined in paragraph (g)(2) of this section) with respect to the transfer,

(ii) The taxpayer fails to comply with all of the terms and conditions imposed as part of a favorable ruling, or

(iii) The plan is carried out in a manner that constitutes a material variance (as defined in paragraph (e)(3) of this section) from the plan as described in the ruling request.

(2) *Consequences of failure to comply.* Except as provided in paragraph (e)(4) of this section, if a taxpayer fails to comply with section 367(a)(1) and this section with respect to a transfer described in section 367(a)(1) a foreign corporation shall not be considered to be a corporation for purposes of determining the amount of gain to be recognized on the transfer and of determining the basis of property transferred or received. For all other purposes, including the determination of whether a loss shall be recognized and whether corporate attributes shall be carried over pursuant to section 381, the foreign corporation shall be considered to be a corporation. Any loss realized but not recognized on a transfer described in section 367(a)(1) does not reduce the amount of gain realized or recognized on any other transfer described in section 367(a)(1), regardless of whether both transfers are made pursuant to the same plan.

(3) *Material variance*—(i) *In general.* Whether a variance is a material variance is a determination within the discretion of the Commissioner and will be made on a case-by-case basis. In general, a material variance is a variance to which the Commissioner would reasonably attach importance in determining whether the transfer was pursuant to a plan having the avoidance of Federal income taxes as one of its principal purposes. A variance is material if, had it been known by the Commissioner, it would have had an influence or bearing on his determination. The variance need not directly control the determination contained in the ruling to be material. Examples of a variance that is not material may include a relatively insignificant overstatement or understatement of the value of assets transferred if such overstatement or understatement does not affect the type of exchange or reorganization that occurs.

(ii) *Taxable transfers disclosed in a ruling request.* If a transfer is disclosed in a ruling request that is filed more than 183 days after the transfer began, such transfer (although taxable) will not constitute a variance from the plan as described in the ruling request. A favorable ruling may be issued with respect to other transfers pursuant to the same plan which begin no more than 183 days before the ruling request is filed.

(iii) *Transfers covered by separate or amended ruling request.* If a material variance would result from the execution of a particular transfer pursuant to a plan, which transfer is not described in a ruling request that is filed timely with respect to other transfers pursuant to the same plan, a favorable ruling may nevertheless be obtained with respect to all transfers pursuant to the plan—

(A) If a separate ruling request is timely filed with respect to the omitted transfer and if all other transfers described in the initial ruling request are also described in such separate ruling request, or

(B) If the initial ruling request is still pending, an amendment to the initial ruling request describing the

omitted transfer is filed timely with respect to such transfer.

The rules of this subdivision (iii) apply only if the omitted transfer is described in accordance with the minimum standards set forth in paragraph (c)(3) of this section.

(iv) *Cash transfers.* No ruling under section 367(a)(1) is required with respect to the transfer of solely U.S. currency to a foreign corporation. The undisclosed transfer of U.S. currency to a foreign corporation in connection with an exchange described in section 367(a)(1) generally will not constitute a material variance from the plan as described in the ruling request unless such transfer affects the type of exchange or reorganization that occurs.

(4) *Exception.* The failure to comply with section 367(a)(1) and this section may not be used by the taxpayer to its advantage. In those situations the Commissioner deems appropriate, a foreign corporation will be treated as a corporation even if the taxpayer fails to comply with section 367(a)(1).

(f) *Protests and appeals*—(1) *Administrative remedies.* A person requesting a ruling under this section (including the corporation or partnership that requests a ruling on behalf of its shareholders or partners under paragraph (d) of this section) may file an administrative protest of a ruling not later than the 45th day after the date of the ruling letter. The protest must include a copy of the ruling letter, the reason for the protest (including the grounds of the protest and arguments in support thereof), a statement as to whether a conference is requested, and the names of the persons expected to attend the conference if one is requested. A protest that meets the requirements of this paragraph (f)(1) is considered to be filed upon delivery to the Commissioner pursuant to the rules of paragraph (c)(2) of this section, which apply to the delivery and filing of ruling requests.

(2) *Judicial appeals.* Provisions for petitioning the United States Tax Court with respect to a transfer subject to section 367(a)(1) and this section are set forth in section 7477 and the regulations thereunder. Such a proceeding is the exclusive means for obtaining judicial review of the determination of the Commissioner.

(g) *Definitions.* The following definitions apply for purposes of this section.

(1) *United States person.* The term "United States person" includes those persons described in section 7701(a)(30). Such term includes a citizen or resident of the United States, a domestic partnership, a domestic corporation, and any estate or trust other than an estate or trust described in section 7701(a)(31) as a foreign estate or foreign trust. For purposes of this section, an individual with respect to whom an election has been made under section 6013 (g) or (h) is considered to be a resident of the United States while such election is in effect. A nonresident alien or a foreign corporation will not be considered a United States person because of its actual or deemed conduct of a trade or business within the United States during a taxable year. Nor will a nonresident alien individual be considered to be a United States person solely on the basis that such individual has been present in the United States for 183 days or more during the taxable year.

(2) *Favorable ruling.* A favorable ruling is a ruling that a transfer described in section 367(a)(1) is not in connection with an exchange pursuant to a plan having the avoidance of Federal income taxes as one of its principal purposes, including such a ruling that is subject to terms and conditions.

PART 7—TEMPORARY INCOME TAX REGULATIONS UNDER THE TAX REFORM ACT OF 1976

§§7.367(a)-1 and 7.367-2 [Removed]

Par. 2. Sections 7.367(a)-1 and 7.367-2 are removed.

PART 301—PROCEDURE AND ADMINISTRATION

Par. 3. Section 301.7477-1 is amended by revising paragraph (a)(3) and the last sentence of paragraph (b)(2) to read as follows:

§301.7477-1 Declaratory judgments relating to transfers of property from the United States.

(a) *Petition*—***

(3) *Beginning of exchange.* An exchange generally shall be considered to begin upon the beginning of the first transfer of property pursuant to the plan under which the exchange is to be made. For rules determining the beginning of a transfer see §1.367(a)-1(c)(4).

*****

(b) Judgment—***

(2) *Exhaustion of administrative remedies.* *** In no event shall the Internal Revenue Service be deemed to have had a reasonable time to act if a failure to act has occurred because the petitioner did not proceed with due diligence or because the petitioner has not provided all available information or materials reasonably requested by the Internal Revenue Service.

* * * * *

This Treasury decision is issued under the authority contained in sections 367(a)(1) (90 Stat. 1634, 26 U.S.C. 367(a)(1)) and 7805 (68A Stat. 917, 26 U.S.C. 7805) of the Internal Revenue Code of 1954. Approved by the Office of Management and Budget under control number 1545-0719.

ROSCOE L. EGGER, Jr.,
Commissioner of Internal Revenue.

Approved April 20, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury

(Filed by the Office of the Federal Register on May 7, 1984, 8:45 p.m., and published in the issue of the Federal Register for May 8, 1984, 49 F.R. 19460)

Section 368.—Definitions Relating to Corporate Reorganizations

26 CFR 1.368-1: Purpose and scope of exception of reorganization exchanges.

Reorganizations; continuity of

proprietary interest. The continuity of proprietary interest requirement of section 1.368-1(b) of the regulations is satisfied when the stock of the acquiring corporation, given in exchange for the acquired corporation, is distributed through the acquired corporation's 100 percent corporate shareholder, to its 100 percent corporate shareholder.

Rev. Rul. 84-30

ISSUE

Whether the continuity of proprietary interest requirement of section 1.368-1(b) of the Income Tax Regulations is satisfied in the following situation.

FACTS

Corporation *X* owns all the stock of corporations, *Y* and *Z*. *Z* in turn, owns all the stock of corporation *N*. This relationship has existed for many years, during which each corporation has been engaged in the active conduct of a separate trade or business.

Pursuant to an integrated plan of acquisition adopted for good business reasons, *Y* acquired substantially all of the assets of *N* solely in exchange for shares of *Y* voting stock and the assumption by *Y* of the liabilities of *N*. *N* was liquidated and the *Y* stock received by *N* was distributed to *Z* and then immediately by *Z* to *X*.

LAW AND ANALYSIS

Section 368(a)(1)(C) of the Internal Revenue Code defines the term "reorganization" to include an acquisition by one corporation, in exchange solely for all or part of its voting stock (or voting stock of its parent), of substantially all of the properties of another corporation.

Section 1.368-1(b) of the regulations provides that requisite to a reorganization under the Code is a continuity of interest in the business enterprise under modified corporate form on the part of those persons who, "directly or indirectly", were the owners of the enterprise prior to the reorganization. This section further explains that the purpose of this requirement is to insure that the exceptions to the general rule of taxability are limited to readjustments of corporate structures that are required by business exigencies and that effect only a readjustment of continuing interest in property under modified corporate forms.

The "directly or indirectly" phrase in section 1.368-1(b) of the regulations clearly encompasses the transferor corporation (*N* in this case) as the direct owner of the business enterprise prior to the reorganization and the shareholders of the transferor corporation (*Z* in this case), who through their ownership of the corporation are the indirect owners of the enterprise. See Rev. Rul. 66-23, 1966-1 C.B. 67. The question presented is if the transferor corporation is a wholly owned subsidiary of another corporation does such corporation's sole shareholder (*X* in this case) also qualify as an indirect owner of the business enterprise.

In Rev. Rul. 62-138, 1962-2 C.B. 95, a realty corporation (Realty) engaged in two active businesses transferred one of them, which represented less than "substantially all" of its assets, to a newly created corporation (Newco) in exchange for all of its stock and distributed that stock to its sole shareholder, a banking corporation (Banking), also in the active conduct of a business. Banking, in turn, distributed the stock of Newco to its shareholders. Rev. Rul. 62-138 holds that the successive distributions of stock qualify for nonrecognition pursuant to section 355. The ruling concludes that the overall transaction satisfies the continuity of interest requirement under section 1.355-2(c) of the regulations. Although Banking, the immediate shareholder of Realty, did not retain the Newco stock, the shareholders of Banking qualified as indirect owners of Realty within the meaning of section 1.355-2(c) inasmuch as Banking owned 100 percent of Realty. As Rev. Rul. 62-138 states:

> In the instant case, there is no change in the aggregate interests held by the banking corporation's shareholders, no new parties in interest were added as a result of the transaction and none were eliminated. The shareholders after the transaction held the same enterprises in modified corporate form as before the transaction and the corporate enterprises were continued as such.

As in Rev. Rul. 62-138, the distribution by *Z* of the *Y* stock to *X* does not result in a change in *X's* aggregate interests, because *X* was the 100 percent parent of *Z*, which, in turn, owned all of *N*. Accordingly, the distribution of *Y* stock by *Z* to *X* did not violate the continuity of proprietary interest requirement because *X* was an indirect owner of *N* within the meaning of such phrase in section 1.368-1(b) of the regulations.

HOLDING

The continuity of proprietary interest requirement of section 1.368-1(b) of the regulations is satisfied when the stock of the acquiring corporation given in exchange for the acquired corporation is distributed through its 100 percent parent corporation to such corporation's 100 percent parent.

26 CFR 1.401-3: Requirements as to coverage. (Also Section 411; 1.411(a)-4.)

Estimated primary insurance amount in offset plans. A defined benefit offset plan that uses estimated wages for an employee in de-

termining that employee's old-age insurance benefit provided under the Social Security Act fails to satisfy the nondiscriminatory requirements of sections 401(a)(4) and (5) of the Code and the minimum vesting requirements of section 411 unless certain conditions are satisfied. Rev. Rul. 71-446 clarified and modified.

Rev. Rul. 84-45

ISSUE

Whether a defined benefit offset plan that uses estimated wages for an employee in determining that employee's old-age insurance benefit provided under the Social Security Act fails to satisfy the nondiscrimination requirements of sections 401(a)(4) and (5) of the Internal Revenue Code and the minimum vesting requirements of section 411.

FACTS

A defined benefit plan is integrated with old-age, survivors, and disability insurance benefits by offsetting the retirement benefit otherwise payable to a participant by 83⅓ percent of the old-age insurance benefit payable to such participant under the Social Security Act. The plan's retirement benefit is an annuity payable at age 65 for the life of a participant. The plan does not provide benefits upon death, disability or early retirement. All optional forms of benefit (including a qualified joint and survivor annuity) are the actuarial equivalent of the life annuity.

In determining the actual benefits to be paid under the plan, a participant's old-age insurance benefits under the Social Security Act are calculated by estimating the participant's compensation (rather than using actual compensation) for years before the year of the participant's separation from service on or before retirement. Further, in the case of a participant who separates from service before age 65, the social security old-age insurance benefit is determined under the plan on the assumption that the participant continues to receive compensation until age 65 at the same rate as the participant was receiving compensation at the time of his or her separation from the service of the employer.

LAW AND ANALYSIS

Section 401(a)(4) of the Code provides that a plan will not satisfy the qualification requirements of section 401(a) if the contributions and benefits provided under the plan discriminate in favor of employees who are officers, shareholders, or highly compensated.

Section 401(a)(5) of the Code provides that a plan shall not be considered discriminatory within the meaning of section 401(a)(4) merely because the contributions or benefits based on that part of an employee's remuneration which is excluded from "wages" by section 3121(a)(1) (relating to the Federal Insurance Contributions Act) differ from the contributions or benefits based on an employee's remuneration not so excluded.

Section 1.401-3(e) of the Income Tax Regulations establishes the general basis for the integration of pension, annuity, profit-sharing and stock bonus plans with old-age, survivors, and disability insurance benefits provided under the Social Security Act (OASDI benefits).

Rev. Rul. 71-446, 1971-2 C.B. 187, provides additional rules for the integration of plans with old-age, survivors and disability insurance benefits provided under the Social Security Act. Section 2.07 of Rev. Rul. 71-446 defines, in part, an "offset plan" as a plan under which all the provisions including the benefit rates apply uniformly to all covered employees regardless of compensation, except that an employee's benefit otherwise computed under the plan formula is reduced or offset by a stated percentage of such employee's old-age insurance benefit under the Social Security Act. Section 7 of Rev. Rul. 71-446 provides, in general, that an offset plan is integrated if the rate at which the offset to any employee's benefit is computed does not exceed 83⅓ percent. Because the amount of such old-age insurance benefit under the Social Security Act is determined based on the actual wage history of the employee, the old-age insurance benefit under the Social Security Act used to offset an employee's benefit must also be computed based on the actual wage history of the employee. Section 11 of Rev. Rul. 71-466 requires that, in the event of retirement or severance of employment by an employee before age 65, the permissible offset must be calculated on the basis of the employee's actual wage history for the period before retirement or severance and an assumed compensation determined under one of the alternatives provided in that section for the period thereafter.

In this case, because the offset specified in the plan is based upon an estimated or assumed wage history for all years of employment, such offset may exceed the maximum offset permitted by Rev. Rul. 71-446. Thus, the plan fails to satisfy the integration requirements of Rev. Rul. 71-446.

Furthermore, aside from the specific integration requirements of Rev. Rul. 71-446, the plan may fail to satisfy the nondiscrimination requirements of section 401(a)(4) of the Code. The use of an assumed wage history may effectively result in an offset that varies from participant to participant as a percentage of the old-age benefit based upon the actual wage history of each participant. If employees who are officers, shareholders, or highly compensated receive, in effect, offsets that are lower than the offsets (as a percentage of actual old-age benefits) for other employees, the plan will not satisfy the requirements of section 401(a)(4).

Section 411(a) of the Code provides rules under which certain rights of employees to benefits accrued under a qualified plan must be nonforfeitable.

Section 1.411(a)-4(a) of the regulations states that "nonforfeitable rights are not considered to be forfeitable by reason of the fact that they may be reduced to take into account benefits which *are provided* under the Social Security Act or under any

other Federal or State law and which are taken into account in determining plan benefits." (emphasis added). That section does not consider a forfeiture to occur when the accrued benefit decreases, because the participant has not lost a benefit when social security is taken into account with other plan benefits in accordance with section 401(a)(5) of the Code. Consequently, in the case of an offset plan where social security offsets are calculated based on actual compensation history, a forfeiture will not occur merely because a participant, who has not separated from service, suffers a dollar reduction in the actual annual benefit provided under the plan because the offset portion of the benefit formula, over some interval, increases more rapidly than the positive portion of the benefit formula.

In the case of an offset plan where offsets are calculated based on estimated compensation, the mere offset of social security benefits based on estimated previous compensation will not constitute an impermissible forfeiture to the extent that the offset limits the accrued benefit without causing a reduction in the accrued benefit previously nonforfeitable. If a plan calculates offsets on the basis of estimated compensation, it is possible for a participant to suffer an impermissible forfeiture under section 411 of the Code. For example, it is possible, from one year to the next, for the estimated offset to increase more rapidly than the actual offset and more rapidly than the positive portion of the benefit formula. In such a case, a participant for whom the estimated offset is greater than the actual offset will suffer an impermissible forfeiture because the dollar reduction in the accrued benefit under the plan is not matched by actual benefits under social security or any other Federal or State law. Similarly, it also is possible for social security benefits to increase by a percentage (such as by a cost-of-living adjustment) that causes the estimated offset with respect to a participant to increase more rapidly than the actual offset. In this case, a participant for whom the estimated offset is greater than the actual offset will suffer an impermissible forfeiture because such participant's accrued benefit under the plan is decreased as a result of such increase in social security.

In *Alessi v. Raybestos Manhattan, Inc.*, 451 U.S. 504 (1981), 1981-1 C.B. 219, the Supreme Court held that certain pension plan provisions for offsets based on workers' compensation awards do not contravene the nonforfeiture provisions of the Employee Retirement Income Security Act of 1974 (ERISA), Pub. L. 93-406, 1974-3 C.B. 1. However, the Supreme Court acknowledged that the right of the parties to create a plan providing for offsets is not absolute. The Supreme Court, citing Rev. Rul. 78-178, 1978-1 C.B. 118, noted that the Internal Revenue Service does not permit qualified plans to offset pension benefits by reimbursement of medical expenses, fixed sums made for bodily impairment, or unemployment compensation because such payments do not match up with any benefits available under a pension plan qualified under the Internal Revenue Code or ERISA. The court pointed out that "Without speaking directly of its own rationale, Congress embraced such IRS rulings." *Id.* at 521. See H.R. Conf. Rept. No. 93-1280, 93d Cong., 2d Sess. 277 (1974). In the facts in *Alessi* the benefits that were offset were actual benefits provided not estimated benefits.

HOLDING

The defined benefit plan in this case fails to satisfy the requirements of section 411 of the Code and may fail to satisfy the requirements of sections 401(a)(4) and (5).

GENERAL RULES FOR USE OF ESTIMATED EARNINGS HISTORY

However, under this revenue ruling, a defined benefit plan will not fail to satisfy the requirements of sections 401 and 411 of the Code merely because the maximum offset under the plan is determined using an estimated wage history for some or all years before retirement or separation from employment (and therefore estimated old-age benefits) if and only if all of the following rules are satisfied:

(1) The pre-separation or pre-retirement salary history (or pre-hire salary history) is estimated by applying a salary scale, projected backwards, to the employee's compensation (as defined in section 3.03 of Rev. Rul. 71-446) at separation or retirement (or compensation at hire) and the salary scale is either

(A) the actual change in the average wages from year to year as determined by the Social Security Administration, or

(B) a level percentage per year that is not less than six percent per annum.

(2) A plan gives clear written notice to each employee of the employee's right to supply actual salary history and of the financial consequences of failing to supply such history. The notice must be given each time the summary plan description is provided to the employee and must also be given upon separation from service. The notice must also state that the employee can obtain the actual salary history from the Social Security Administration.

(3) The plan provides that the benefit for a participant will be adjusted to the offset based on an actual salary history for years previously estimated before separation from service (and an assumed post-separation or post-retirement compensation in accordance with section 11.01 of Rev. Rul. 71-446 when applicable) if the participant supplies documentation of that history. A plan may provide that such documentation must be provided no later than a reasonable period of time following the later of the date of separation from service (by retirement or otherwise) and the time when the participant is notified of the benefit to which he or she is entitled.

The estimated wages may be used either only for years before employment with the employer or for all years before retirement or separation

from employment.

The use of estimated wage histories subject to the above rules will not, in and of itself, cause the plan to fail to satisfy sections 401 and 411 of the Code.

This revenue ruling does not preclude an employer from basing the social security offset upon the actual wage history of the participants. Also, the offset may be determined by assuming that a participant earned no compensation for periods before the participant was employed by the employer and using actual compensation paid by the employer for periods of service with the employer. In determining an offset using this latter approach, such years of zero compensation are averaged together with the compensation for subsequent years to compute average indexed earnings.

For purposes of this revenue ruling, the term "employer" includes all entities that are treated as a single employer under sections 414(b), 414(c), or 414(m) of the Code, relating respectively to controlled corporations, controlled trades or business, and affiliated service groups.

PROSPECTIVE APPLICATION

Inasmuch as employers may have plans that provide for an offset based upon an estimated wage history but fail to satisfy the requirements set forth above, pursuant to the authority contained in section 7805(b) of the Code, this revenue ruling is effective only with respect to any employee who has any service during a plan year beginning after December 31, 1983.

Offset plans using estimated wages in determining old-age insurance benefits must be amended to comply with the requirements of this revenue ruling in order to satisfy the requirements of Rev. Rul. 71-446, as modified by this revenue ruling. The amendment must be adopted by the end of the first plan year beginning after December 31, 1983, and made effective as of the beginning of such plan year.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 71-446 is clarified and is modified to allow the use of an estimated wage history as specified in this revenue ruling.

---

26 CFR 1.401-4: Discrimination as to contributions or benefits.

Discrimination; elective contributions as basis for pension benefit computation. Inclusion or exclusion of elective contributions under a tax sheltered annuity described in section 403(b) of the Code, as compensation in a money purchase pension plan, does not cause the pension plan to be discriminatory within the meaning of section 401(a)(4); however, inclusion of nonelective contributions may cause the plan to be discriminatory. Rev. Rul. 69-296 modified.

Rev. Rul. 84-74

PURPOSE

The purpose of this revenue ruling is to give further consideration to Rev. Rul. 69-296, 1969-1 C.B. 127.

ISSUE

Whether the inclusion of elective contributions to a tax sheltered annuity described in section 403(b) of the Internal Revenue Code as compensation in the employer's money purchase pension plan may cause the pension plan to be discriminatory within the meaning of section 401(a)(4).

FACTS

In Rev. Rul. 69-296, an organization which is exempt from federal income tax under section 501(c)(3) of the Code established a money purchase pension plan for its employees. Under the provisions of the plan, the term "compensation" of an employee is defined to include all current compensation paid to the employee, plus any amounts paid by the employer toward the purchase of nonforfeitable annuities under an arrangement referred to in section 403(b). The money purchase pension plan otherwise meets the requirements of section 401(a).

LAW

Section 401(a)(4) of the Code provides that the contributions or benefits under a qualified plan must not discriminate in favor of employees who are officers, shareholders or highly compensated.

Section 401(a)(5) of the Code provides that a plan shall not be considered discriminatory merely because the contributions or benefits of or on behalf of employee-participants bear a uniform relationship to the total compensation or the basic or regular rate of compensation of the employees.

Rev. Rul. 83-89, 1983-1 C.B. 88, provides that the inclusion of elective contributions under a qualified cash or deferred arrangement as compensation in a defined benefit pension plan does not cause the pension plan to be discriminatory under section 401(a)(4). However, nonelective contributions under the cash or deferred arrangement may be used to compute employees' benefits under the pension plan only if they do not result in prohibited discrimination under section 401(a)(4). Rev. Rul. 59-13, 1959-1 C.B. 83.

Rev. Rul. 69-296, 1969-1 C.B. 127, holds that any amounts contributed by an employer toward the purchase of a nonforfeitable section 403(b) annuity are to be considered compensation under section 401(a)(5) of the Code. That revenue ruling does not specifically indicate whether the contributions to purchase the section 403(b) annuity are subject to the election of the employee under a salary reduction or similar agreement; nor does it in any way distinguish between elective and nonelective employer contributions.

ANALYSIS

Nonforfeitable contributions made by the employer under a tax sheltered annuity arrangement described in section 403(b) of the Code may be made at the election of the employee under

a salary reduction or similar arrangement or may be nonelective contributions. Despite their characterization as employer contributions, elective contributions differ fundamentally from nonelective contributions. If an individual employee does not make an election to have elective contributions deferred, they will be received as current compensation and will clearly be compensation for purposes of section 401(a)(5). Thus, in Rev. Rul. 69-296, any contributions to the annuity contract that were deferred as a result of the employee's individual election may be treated as compensation for purposes of section 401(a)(5) of the Code. Therefore, such deferred amounts may be used to determine whether the money purchase pension plan satisfies the requirements of section 401(a)(4). However, in accordance with Rev. Rul. 83-89, any nonelective contributions to the annuity contract may be used to compute the employer contributions under the money purchase pension plan only if they do not result in prohibited discrimination in the pension plan. See also Rev. Rul. 80-359, 1980-2 C.B. 136.

HOLDING

The inclusion of elective contributions under the tax sheltered annuity arrangement described in section 403(b) of the Code as compensation in the money purchase pension plan does not cause the pension plan to be discriminatory within the meaning of section 401(a)(4) of the Code. Further, the exclusion of elective employer contributions under the tax sheltered arrangement from compensation also would not cause the plan to be discriminatory. However, inclusion of nonelective employer contributions under a tax sheltered annuity arrangement as compensation used to determine contributions or benefits to a pension plan may cause the pension plan to be discriminatory within the meaning of section 401(a)(4).

Pursuant to the authority contained in section 7805(b) of the Code, this revenue ruling will not be applied to treat a plan as discriminatory under section 401(a)(4) merely because that plan used nonelective contributions under a tax sheltered annuity arrangement to determine plan benefit accruals or plan contributions for any plan year beginning on or before May 21, 1984, the date of publication of this revenue ruling in the Internal Revenue Bulletin.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 69-296 is modified to remove therefrom the implication that contributions under a section 403(b) arrangement may be treated as compensation for purposes of section 401(a)(4) of the Code, regardless of whether they are elective or nonelective contributions.

26 CFR 1.401-4: Discrimination as to contributions or benefits.

T.D. 7934 [1]

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Early termination of qualified plans

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to the limitation on benefits in the event of the early termination of certain tax qualified retirement plans providing defined benefits for employees. Changes in the applicable law were made by the Employee Retirement Income Security Act of 1974 [Pub. L. 93-406, 1974-3 C.B. 1]. The regulations would provide the public with additional guidance needed to comply with that Act and would affect employers maintaining such plans and employees covered by such plans subject to Title IV of that Act.

DATES: The regulations are effective for plan terminations occurring on or after March 12, 1984.

FOR FURTHER INFORMATION CONTACT: Marjorie Hoffman of the Employee Plans and Exempt Organizations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3430) (not a toll-free number).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On January 26, 1982, the FEDERAL REGISTER published a proposed amendment to the Income Tax Regulations (26 CFR Part 1) under section 401 of the Internal Revenue Code of 1954 (47 FR 3562) [EE-11-78, 1982-1 C.B. 515]. The amendment reflects certain provisions of Title IV of the Employee Retirement Income Security Act of 1974 (ERISA) (88 Stat. 1003) [Pub. L. 93-406, 1974-3 C.B. 1, 172] related to plan termination insurance. No public hearing was requested or held. After consideration of all comments regarding the proposed amendment, that amendment is adopted as revised by this Treasury decision.

STATUTORY PROVISIONS

Section 401(a)(4) of the Code prescribes certain discrimination standards which are qualification requirements for employee retirement plans (and related trusts) described in sections 401(a), 403(a), and 405 of the Code. Section 411(d)(2) and (d)(3) of the Code prescribe additional vesting-discrimination standards which are also qualification standards for these retirement plans.

SPECIFIC RULES CONCERNING PLAN PROVISIONS

In general, this amendment, which is applicable to certain retirement plans covered by section 4021(a) of

[1] This publication of the Treasury Decision contains the complete text of the amendments to the regulations. The instructions for modifying the notice of proposed rulemaking have been omitted.

ERISA, raises the limits on the amount of employer contributions to such plans which can be used for the benefit of each of the 25 highest paid employees without violating the provisions of section 401(a)(4) of the Code. As a result of the interaction of sections 401(a) and 411, these new limits for plans, allowing additional employee benefits attributable to employer contributions, must be used where applicable in order for the plan to remain qualified. The limits on the use of employer contributions for the benefit of the 25 highest paid employees are an exception to the requirements of section 411(a) which prohibit the forfeiture of vested benefits. Section 411(d)(2) provides that section 411(a) does not apply to benefits which may not be provided for designated employees in the event of early termination of the plan under provisions of the plan adopted pursuant to regulations prescribed by the Secretary to preclude the discrimination prohibited by section 401(a)(4). This amendment is such a regulation. By implication, any vested benefits that may be provided based on this amendment must be nonforfeitable in accordance with section 411(a).

The increased amount available to substantial owners from plans covered by section 4021(a) of ERISA is equal to the present value of the benefit guaranteed for substantial owners under section 4022 of ERISA upon termination of the plan or, if the plan has not terminated, the present value of the benefit that would be guaranteed if the plan terminated on the date the benefit commenced. The increased amount available to employees of such plans other than substantial owners is equal to the present value of the maximum benefit described in section 4022(b)(3)(B) of ERISA. These new limits are only to be used when they produce an amount higher than the old limit in §1.401-4(c)(2)(iii) of the regulations.

In response to the comments received, certain revisions have been made to the amendment proposed. First, the effective date has been clarified. These new limits are effective for plans terminating on or after March 12, 1984. Plan amendments would be required for these terminating plans. For plans not terminating, plan amendments incorporating these new limits must be adopted that are effective for plan years beginning after December 31, 1983. However, in the interim these new limits may be elected without a plan amendment on or after January 10, 1984. No formal election need be filed with the Service. An election will be deemed to have been made if the new limits are used in an applicable distribution.

Also, the regulation is clarified to specify that the present value of the maximum benefit described in section 4022(b)(3)(B) of ERISA [Pub. L. 93-406, 1974-3 C.B. 1, 185] is to be determined in accordance with the regulations of the Pension Benefit Guaranty Corporation (PBGC).

Some commentators inquired as to the effect of the regulation on Rev. Rul. 80-229, 1980-2 C.B. 133, regarding distribution upon termination of assets in a plan in which the value of plan assets as of the date of termination is not less than the present value of all accrued benefits (whether or not forfeitable). Those guidelines may still be applied as indicated in that revenue ruling, whether or not the termination would otherwise invoke the early termination restrictions of this amendment.

It should also be noted that nonforfeitable benefits for purposes of Title IV of ERISA are determined under the definition of that term in Title IV and implementing PBGC regulations.

DRAFTING INFORMATION

The principal author of these final regulations was Marjorie Hoffman of the Employee Plans and Exempt Organizations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for interpretative regulations. Accordingly, the Regulatory Flexibility Act (5 U.S.C. Chapter 6) does not apply and no Regulatory Flexibility Analysis is required for this rule.

* * * * *

Adoption of amendments to the regulations

Accordingly, the following amendment to 26 CFR Part 1 is hereby adopted:

Section 1.401-4 is amended by adding three new sentences at the end of paragraph (c)(1) and by adding a new paragraph (c)(7). These added provisions read as follows:

§1.401-4 Discrimination as to contributions or benefits.

* * * * *

(c)(1) *** Any pension plan containing a provision described in this paragraph shall not fail to satisfy section 411(a), (d)(2) and (d)(3) merely by reason of such a plan provision. Paragraph (c)(7) sets forth special early termination rules applicable to certain qualified defined benefit plans for plan years affected by the Employee Retirement Income Security Act of 1974 ("ERISA"). Paragraph (c)(7) does not contain all the rules required by the enactment of ERISA.

* * * * *

(7)(i) A qualified defined benefit plan subject to section 412 (without regard to section 412(h)(2)) shall not be required to contain the restriction described in paragraph (c)(2)(ii)(*c*) applicable to an employee in a plan whose full current costs for the first 10 years have not been funded.

(ii) A qualified defined benefit plan covered by section 4021(a) of ERISA ("qualified Title IV plan") shall satisfy the restrictions in paragraph (c)(2) of this section only if the plan satisfies this paragraph (c)(7). A plan satisfies this paragraph (c)(7) by providing that employer contributions which may be used for the benefit of an employee described in paragraph (c)(2) who is a substantial owner, as defined in section 4022(b)(5) of ERISA, shall not exceed the greater of the dollar amount described in paragraph (c)(2)(iii) or a dollar amount which equals the present value of the benefit guaranteed for such employee under section 4022 of ERISA, or if the plan has not terminated, the present value of the benefit that would be guaranteed if the plan terminated on the date the benefit commences, determined in accordance with regulations of the Pension Benefit Guaranty Corporation ("PBGC").

(iii) A plan satisfies this paragraph (c)(7) by providing that employer contributions which may be used for the benefit of all employees described in paragraph (c)(2) (other than an employee who is a substantial owner as defined in section 4022(b)(5) of ERISA) shall not exceed the greater of the dollar amount described in paragraph (c)(2)(iii) or a dollar amount which equals the present value of the maximum benefit described in section 4022(b)(3)(B) of ERISA (determined on the date the plan terminates or on the date benefits commence, whichever is earlier, and determined in accordance with regulations of PBGC) without regard to any other limitations in section 4022 of ERISA.

* * * * *

(iv) A plan provision satisfying this paragraph (c)(7) may be adopted by amendment or by incorporation at the time of establishment. Any allocation of assets attributable to employer contributions to an employee which exceeds the dollar limitation in this paragraph (c)(7) may be reallocated to prevent prohibited discrimination.

(v) The early termination rules in the preceding subparagraphs (1) through (6) apply to a qualified Title IV plan except where such rules are determined by the Commissioner to be inconsistent with the rules of this paragraph (c)(7), §1.411(d)-2, and section 4044(b)(4) of ERISA. The early termination rules of this paragraph (c)(7) contain some of the rules under section 401(a)(4) and (a)(7), as in effect on September 2, 1974, and section 411(d)(2) and (3). Section 1.411(d)-2 also contains certain discrimination and vesting rules which are applicable to plan terminations.

(vi) Paragraph (c)(7) of this section applies to plan terminations occurring on or after March 12, 1984. For distributions not on account of plan terminations, paragraph (c)(7) applies to distributions in plan years beginning after December 31, 1983. However, a plan may elect to apply that paragraph to distributions not on account of plan termination on or after January 10, 1984.

This Treasury decision is issued under the authority contained in sections 411(d)(2) and (3) and 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 88 Stat. 912; 26 U.S.C. 411(d)(2) and (3) and 7805).

PHILIP E. COATES,
Acting Commissioner of Internal Revenue.

Approved December 19, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on January 9, 1984, 8:45 p.m., and published in the issue of the Federal Register for January 10, 1984, 49 F.R. 1182)

Section 404.—Deduction for Contributions of an Employer to an Employee's Trust or Annuity Plan and Compensation Under a Deferred-Payment Plan

26 CFR 1.404(a)-14: Special rules in connection with the Employee Retirement Income Security Act of 1974.

Pension plan; contributions; deductible limit determination. Examples are provided on how the deductible limit under section 404 (a)(1)(A) of the Code for a defined benefit plan is determined within the meaning of section 1.404(a)-14 of the regulations. Rev. Ruls. 55-411, 57-89, and 70-30 obsoleted.

Rev. Rul. 84-62

ISSUE

How are the deductible limits under section 404(a)(1)(A)(iii) of the Internal Revenue Code determined for a defined benefit plan under the circumstances described below?

FACTS

An employer whose taxable year is the calendar year maintains a defined benefit plan with a calendar plan year. The plan was in existence on January 1, 1974, and became subject to section 404(a) of the Code on January 1, 1976. For the 1976 plan year, the funding method is the entry age normal cost method and the valuation rate is 5 percent.

The results of the valuations as of January 1 of 1976, and 1977 are summarized below.

	January 1, 1976 Valuation	
(1)	Accrued liability	$750,000
(2)	Actuarial value of total assets	170,000
(3)	Unfunded liability for the purpose of section 412 of the Code [(1)-(2)]	580,000
(4)	Expected unfunded liability	600,000
(5)	Experience gain [(4)-(3)]	20,000
(6)	Normal cost due 1/1/76	60,000
(7)	Deduction carry-over, 1/1/76	10,000
(8)	10 percent base if section 404 were not amended by ERISA (original balance)	800,000

For the 1976 plan year the employer contributed $110,000 on January 1, 1976, and $20,000 on June 1, 1977. The latter contribution was not made during the period described in section 404(a)(6) of the Code and therefore was not deductible in the 1976 tax year. However, both contri-

butions were credited in 1976 for purposes of section 412.

As of January 1, 1977, the actuarial assumptions were changed. Included in that change was an increase in valuation rate from 5% to 6%.

January 1, 1977 Valuation

(1)(a)	Accrued liability (old assumptions)	$850,000
(b)	Accrued liability (new assumptions)	950,000
(2)	Actuarial value of total assets	350,000
(3)	Unfunded liability for the purpose of section 412 of the Code [(1)-(2)]	
(a)	old assumptions	500,000
(b)	new assumptions	600,000
(4)	Expected unfunded liability (old assumptions)	$536,500
(5)	Experience gain [(4)-(3a)]	36,500
(6)	Increase in liability due to change in assumption [(3b)-(3a)]	100,000
(7)	Normal cost due 1/1/77 (new assumptions)	70,000

LAW, ANALYSIS, AND HOLDING

Section 1.404(a)-14 of the Income Tax Regulations provides rules for determining the deductible limits for any defined benefit plan under section 404(a)(1)(A) of the Code.

Section 1.404(a)-14(c) of the regulations states that if the employer's taxable year coincides with the plan year, the deductible limit for the taxable year is the deductible limit for the plan year coinciding with the taxable year.

Section 1.404(a)-14(f) of the regulations states that subject to the full funding limitation, the deductible limit under section 404(a)(1)(A)(iii) of the Code is the normal cost of the plan, decreased by the limit adjustments of the negative amortization bases (such as a base for an experience gain) and increased by the limit adjustments of the positive bases (such as a base for an initial unfunded liability).

A. 1976 Deductible Limit

For 1976, the normal cost as of the first day of the plan year is $60,000. However, this amount must be adjusted by the limit adjustments of any 10-year amortization base.

(1) *Determination of 10-Year Amortization Bases*

For a plan in existence prior to the effective date of section 404(a) of the Code, section 1.404(a)-14(j) of the regulations provides special rules for the determination of the amount of the initial 10-year amortization base.

Section 1.404(a)-14(j)(1) of the regulations states that the 10-year amortization base on the effective date of section 404(a) of the Code is the sum of all 10 percent bases existing immediately before section 404(a) became effective for the plan, determined under the rules of old section 404(a).

Section 1.404(a)-14(j)(3) of the regulations allows an employer to establish either a single initial base reflecting all prior 10 percent bases and the experience gain or loss for the immediately preceding period, or a separate base for the prior 10 percent bases and another for the experience gain and loss for the immediately preceding period. If a separate base for the experience gain or loss is established, the unamortized amount of the initial base is equal to the unfunded liability increased by the net experience gain or decreased by the net experience loss.

Section 1.404(a)-14(d)(2) of the regulations states that, in computing the unfunded liability of a plan for purposes of section 404 of the Code, contributions for a plan year that have not been previously deducted must be excluded from the plan assets.

In this case, assume the employer chose to establish two bases as of January 1, 1976: (1) a base with an original balance and an unamortized amount of $20,000 for the experience gain determined as of January 1, 1976, and (2) a separate base with an original balance of $800,000.

In the absence of the deduction carryover the unamortized amount of this latter base would have been equal to $600,000 (the $580,000 unfunded liability as of January 1, 1976, plus the $20,000 experience gain which has been taken into account in the separate base). However, because of the $10,000 carryover, the assets must be reduced by such carryover so that the unfunded liability, for purposes of section 404 of the Code, was $590,000. Therefore, the separate base for the prior 10 percent bases had an unamortized amount of $610,000 ($590,000 plus the $20,000 gain). The original amount of this base was $800,000 (the sum of the pre-ERISA 10 percent bases), and was unaffected by the carryover.

[Note the net of the unamortized amounts of the two bases is equal to the unfunded liability of the plan as adjusted for the carryover ($610,000 − $20,000 = $580,000 + $10,000).]

(2) *Determination of Limit Adjustments for Bases*

Section 1.404(a)-14(b)(3) of the regulations defines the limit adjustment with respect to any 10-year amortization base as the lesser of (i) the level annual amount necessary to amortize the base over 10 years using the valuation rate, or (ii) the unamortized balance of the base.

Section 1.404(a)-14(j)(2) of the regulations states that in the case of a plan in existence before the effective date of section 404(a) of the Code, the level annual amortization of the initial base is calculated using the original balance of the remaining bases (under old section 404(a) rules).

In accordance with the above regulations the limit adjustment for each base must be calculated as the amount necessary to amortize the base over 10 years at the valuation rate (unless such amount is more than the unamortized amount of the base). The level annual amortization amounts, assuming payments due at the end of each year, are $2,590 for the gain base and $103,604 for the initial base. The calculations yielding these figures may be expressed as ($20,000 ÷ a $\overline{10}|5\%$) and ($800,000 ÷ a $\overline{10}|5\%$), respectively, where a $\overline{10}|5\%$ is the present value of an annuity of $1 per year payable at the

end of each year for 10 years, assuming 5 percent interest. For the initial base, the $800,000 amount amortized equals the original balance of the remaining 10 percent bases under the rules of old section 404(a) of the Code.

(3) *Determination of 1976 Deductible Limit*

Section 1.404(a)-14(f)(3) of the regulations states that, regardless of the actual time when contributions are made, the normal cost and the limit adjustments used in calculating the deductible limit shall be computed as of the earlier of (i) the last day of the plan year used to compute the deductible limit for the taxable year, or (ii) the last day of that taxable year.

In this case the plan year and the tax year coincide with the calendar year. The deductible limit was calculated as of the end of the plan year as the normal cost with interest to the end of the plan year ($60,000 × 1.05 or $63,000), plus the level annual amortization of the initial base ($103,604), minus the level annual amortization of the experience gain base ($2,590), or $164,014. Therefore, the $110,000 contribution made on January 1, 1976, and the $10,000 carryover existing on January 1, 1976, were deductible in the 1976 tax year.

B. 1977 Deductible Limit

For 1977, the normal cost as of the first day of the plan year is $70,000. However, as was the case for the 1976 normal cost this amount must be adjusted by the limit adjustments of any 10-year amortization base to determine the deductible limit for the year.

(1) *Determination of 10-Year Amortization Bases*

As of January 1, 1977, the two bases in existence for 1976 continue to exist. Furthermore, two new bases must be established.

Section 1.404(a)-14(g)(1) of the regulations states that in the case of a plan valued by the use of an immediate gain type of funding method, a 10-year amortization base must be established in any plan year equal to the net experience gain and loss required under section 412 of the Code to be determined with respect to that plan year. Section 4 of Rev. Rul. 81-213, 1981-2 C.B. 101, requires that an experience gain base be established for purposes of section 412 of the Code in this situation. Therefore, for computing the deductible limit, a new experience gain base of $36,500 is established as of January 1, 1977.

Section 1.404(a)-14(g)(2) of the regulations states that if an amortization base is required to be established under section 412 of the Code for a change in unfunded liabilities due to a change in actuarial assumptions, then a 10-year amortization base must also be established for purposes of section 404. Assuming that such a base would be required under section 412 because of the change in assumptions as of January 1, 1977, an additional $100,000 10-year amortization base would be established.

(2) *Determination of the Unamortized Amounts of the Prior Bases*

Section 1.404(a)-14(h)(3) of the regulations defines the unamortized amount of a base as of any valuation date as the unamortized amount of the base as of the prior valuation date plus interest at the valuation rate from the prior valuation date to the current valuation date, minus the contribution allocated to the base. Section 1.404(a)-14(h)(4) defines the contribution allocated to a base as the total contribution for all bases multiplied by a ratio. The numerator of the ratio is the level annual amortization for that base and the denominator is the sum of such amounts for all bases. Section 1.404(a)-14(h)(6) defines the contribution for all bases as the total deduction (including a carryover deduction) for the prior year, plus interest on the actual contribution for the prior year (whether or not deductible) at the valuation rate for the period between the date as of which the contributions were credited under section 412 of the Code and the current valuation date, plus interest on the carryover (if available at the beginning of the year) at the valuation rate for the period between the current the prior valuation dates, minus the normal cost with interest at the valuation rate from the date as of which the normal cost is calculated to the current valuation date.

The calculation of the unamortized portion of the bases as of 1/1/77 is as follows:

A deduction carryover of $10,000 existed as of January 1, 1976. Two contributions were made for the 1976 plan year, $110,000 paid on January 1, 1976, (bearing interest from that date), and $20,000 paid on June 1, 1977, but deemed paid on December 31, 1976, for the purpose of section 412 of the Code. As stated in the facts, the latter contribution was not deductible in 1976. Therefore $120,000 was considered available for possible deduction in 1976 ($110,000 contribution + $10,000 carryover). That amount was less than the 1976 deductible limit of $164,014, and the deduction taken was $120,000.

The contributions for all bases were computed, in accordance with section 1.404(a)-14(h)(6) of the regulations, as follows:

(1) Total 1976 deduction	$120,000
(2) Interest on 1976 contributions: ($110,000 × .05)	5,500
(3) Interest on deduction carryover existing on 1/1/76: (10,000 × .05)	500
(4) 1976 normal cost	60,000
(5) Interest on normal cost (60,000 × .05)	3,000
(6) Contribution towards amortization bases: (1) + (2) + (3) − (4) − (5)	63,000

The unamortized amounts as of January 1, 1977, of the two bases existing on January 1, 1976, were calculated in accordance with section 1.404(a)-14(h)(3) and (4) of the regulations as follows:

	Initial Base	*Experience Gain Base*	*Total*
(1) Unamortized amount as of 1/1/76	$610,000	($20,000)	$590,000
(2) Level annual amortization	103,604	(2,590)	101,014
(3) Contribution with respect to each Base*	64,615	(1,615)	63,000
(4) Unamortized amount as of 1/1/77: (1) × 1.05 − (3)	575,885	(19,385)	556,500

*The $63,000 total contribution is allocated between the two bases in (1) in proportion to the level annual amortization in (2)

[Note that the total unamortized amount of the prior bases as of 1/1/77 ($556,500) equals the expected unfunded liability as of the same date after adjustment for the undeducted $20,000 contribution ($536,500 + $20,000 = $556,500). Also, the total unamortized amount of all the bases as of 1/1/77 ($556,500 − $36,500 + $100,000 = $620,000) equals the unfunded liability of the plan after adjustment for the undeducted $20,000 contribution ($600,000 + $20,000 = $620,000).]

(3) *Redetermination of Limit Adjustments for Prior Bases*

Section 1.404(a)-14(h)(8) states that when the interest rate is changed a new level annual amortization must be calculated for each base. The annual amortization must be the level amount necessary to amortize the unamortized amount of a base over the remaining amortization period using the new interest rate. The remaining amortization period of a base is the number of years at the end of which the unamortized amount would be zero if the contributions with respect to that base equaled the limit adjustment each year.

The level annual amortizations of the two bases existing on January 1, 1976, are redetermined, in accordance with the above-referenced section of the regulations, as follows:

	Initial Base	*Experience Gain Base*
(1) Unamortized amount as of 1/1/77	$575,885	($19,385)
(2) Level annual amortization @ 5%	$103,604	($2,590)
(3) Present value of each $1 of the level annual amortization (1) ÷ (2)	5.6	7.5
(4) Remaining amortization period (Equal to period certain of the amount in (3) obtained from standard annuity table reflecting end of year payments and 5% interest)	6.7 years	9.6 years
(5) Level annual amortization @ 6% assuming end of year payments of unamortized amounts in (1) over periods in (4)	$106,904	($2,713)

The 1977 limit adjustments for the prior bases are $106,904 for the initial base and (−$2,713) for the 1976 experience gain base, because these level amortizations are less than the unamortized amounts.

(4) *Determination of Limit Adjustments for New Bases*

The limit adjustments for the new bases established in 1977 are (−$4,959) for the $36,500 experience gain base and $13,587 for the $100,000 base established due to a change in assumptions. These limit adjustments are equal to a 10-year amortization at 6 percent interest, assuming payments at the end of the year.

(5) *Determination of 1977 Deductible Limit*

As was the case with 1976, the deductible limit for 1977 is calculated as of the end of the plan year. This limit is the normal cost with interest to the end of the plan year ($70,000 × 1.06 = $74,200), plus the limit adjustments for the positive bases ($106.904 + 13,587 = $120,491), minus the limit adjustments for the negative bases ($2,713 + 4,959 = $7,672), or $187,019.

(6) *Determination of Deductible Limit Using Single combined Amortization Base for 1977*

As an alternative to computing the 1977 deductible limit as described above, the four 10-year amortization bases could have been combined and offset into a single base and the normal cost adjusted by a single limit adjustment attributable to that base.

Section 1.404(a)-14(i) of the regulations describes an acceptable method for combining and offsetting the 10-year amortization bases for the purposes of section 404 of the Code. This method requires that:

(1) the unamortized amount of the single base is the net of the unamortized amounts of the combined bases;

(2) the remaining amortization period of the single base is the average of the remaining amortization periods of the bases weighted by the absolute value of the unamortized portion of the bases; and

(3) the level annual amortization is the amount obtained by dividing the amount in (1) by an annuity certain at the valuation rate for the period defined in (2).

The existing four bases would be combined and offset as of January 1, 1977, in accordance with these rules. The characteristics of the four bases are shown below:

Base	*Unamortized Amount*	*Remaining Amortization Period*	*Absolute value of the unamortized amount*
Initial Base	$575,885	6.7	$575,885
1976 Gain	(19,385)	9.6	19,385
1977 Gain	(36,500)	10.0	36,500
Assumption Change	100,000	10.0	100,000
	$620,000		$731,770

The single base has an unamortized amount of $620,000, equal to the sum of the unamortized amounts of the four bases. The remaining amortization period of the single base is 7.4 which equals (a) divided by (b) where

(a) = (575,885 × 6.7) + (19,385 × 9.6) + (36,500 × 10) + (100,000 × 10) = 5,409,526, and

(b) = 731,770, the sum of the absolute values of the unamortized amounts.

According to standard actuarial tables, the present value of an annuity certain with end-of-year payments for 7.4 years at 6% is 5.84. The level amortization amount with respect to the single base with end-of-year payments is obtained by dividing $620,000 by 5.84, which equals $106,164.

The deductible limit would then be calculated as the normal cost with interest to the end of the plan year ($70,000 × 1.06 = $74,200) plus the limit adjustment for the single base ($106,164), or 180,364.

EFFECT ON OTHER DOCUMENTS

This revenue ruling obsoletes Rev. Ruls. 55-411, 1955-1 C.B. 303; 57-89, 1957-1 C.B. 169; and 70-30, 1970-1 C.B. 109.

Subpart B.—Special Rules

Section 411.—Minimum Vesting Standards

26 CFR 1.411-4: Forfeitures, suspensions, etc.

Whether a defined benefit offset plan that uses estimated wages for an employee in determining that employee's old-age insurance benefit provided under the Social Security Act fails to satisfy the nondiscrimination requirements of section 401(a)(4) and (5) of the Code and the minimum vesting requirements of section 411. See Rev. Rul. 84-45, page 115.

26 CFR 1.411(a)-1: Minimum vesting standards; general rules.

Qualification; effect of plan language on the vested accrued benefit at normal retirement age. A plan that limits an employee's right to nonforfeitable benefits to amounts in which the employee already has a nonforfeitable interest pursuant to the plan's vesting schedule does not satisfy the requirements of section 411(a) of the Code.

Rev. Rul. 84-69

ISSUE

Does the retirement plan described below satisfy the minimum vesting provisions of section 411 of the Internal Revenue Code?

FACTS

An employer maintains a noncontributory retirement plan which includes a vesting schedule under which an employee who has at least 10 years of service has a nonforfeitable right to 100 percent of his accrued benefit. The vesting schedule satisfies the requirements of the section 411 (a)(2)(A) of the Code. In addition, the plan provides that an employee's right to the normal retirement benefit under the plan is nonforfeitable upon attainment of the normal retirement age (which the plan defines as age 65). Other plan language defines the term normal retirement benefit as the portion of the employee's accrued benefit determined under the plan's vesting schedule to be nonforfeitable. As a result, employees hired after age 55 who retire at normal retirement age are not entitled to any retirement benefit.

LAW AND ANALYSIS

Section 401(a)(7) of the Code provides that a plan shall not be a qualified plan under section 401(a) unless it satisfies the requirements of section 411.

Section 411(a)(2)(A), (B), and (C) of the Code provide vesting schedules, one of which must be satisfied in order to satisfy the requirements of section 411. In addition, the introductory language of section 411(a) requires that an employee's right to a normal retirement benefit be nonforfeitable upon attainment of normal retirement age.

Section 411(a)(9) of the Code defines the term normal retirement benefit as the greater of the early retirement benefit or the benefit under the plan commencing at normal retirement age.

Section 411(a)(7) of the Code defines accrued benefit in general as (1) in the case of a defined benefit plan, the benefit determined under the plan expressed as an annual benefit commencing at normal retirement age or (2) in the case of any other plan, the balance of the employee's account.

For purposes of section 411 of the Code, the term normal retirement benefit means the individual's accrued benefit, determined without regard to whether such benefit is vested. Thus, for a plan to satisfy the requirements of section 411, an employee participating in the plan at normal retirement age must have a nonforfeitable right to 100 percent of

the employee's accrued benefit irrespective of whether some portion of such accrued benefit would otherwise be forfeitable under the plan's vesting schedule. See *Caterpillar Tractor Co. v. Commissioner*, 72 T.C. 1088 (1979).

HOLDING

Because the plan in this case limits an employee's right to nonforfeitable benefits to amounts in which the employee already has a nonforfeitable interest pursuant to the plan's vesting schedule, the plan does not satisfy the requirements of section 411(a) of the Code.

Subchapter E.—Accounting Periods and Methods of Accounting
Part I.—Accounting Periods

Section 442.—Change of Annual Accounting Period

26 CFR 1.442-1: Change of annual accounting period.

Whether the Service will recognize as valid certain corporations' elections to be S corporations under section 1362 of the Code under the circumstances described. See Rev. Proc. 84-25, page 468.

---

26 CFR 1.442-1: Change of annual accounting period.

A procedure is provided whereby certain corporations may expeditiously obtain approval of a change of their annual accounting periods, even though all of the conditions of section 1.442-1(c)(2) of the regulations can not be satisfied. See Rev. Proc. 84-35, page 509.

Part II.—Methods of Accounting
Subpart A.—Methods of Accounting in General

Section 446.—General Rule for Methods of Accounting

26 CFR 1.446-1: General rule for methods of accounting.
(Also Sections 451, 481; 1.451-3, 1.481-5.)

Accounting methods; change; long-term contracts. A taxpayer who uses the completed contract method of accounting, and wishes to change from reporting income when each contract is substantially completed to reporting income when each contract is finally completed in order to comply with the regulations, must apply for the Commissioner's consent to a change in method of accounting.

Rev. Rul. 84-27

ISSUE

Is a change in reporting income under the completed contract method of accounting from reporting income when each long-term contract is substantially completed to reporting income when each contract is finally completed a change in method of accounting?

FACTS

The taxpayer, a domestic corporation, elected the completed contract method of accounting under section 1.451-3(d) of the Income Tax Regulations to report its gross income for federal income tax purposes. It had been the consistent practice of the taxpayer for several years to report gross income when each contract was substantially completed but not finally completed and accepted. In 1981, the taxpayer began reporting income from each contract when it was finally completed and accepted by the customer. This was done without applying for a change in method of accounting on Form 3115, Application for Change in Accounting Method, with the Internal Revenue Service. This change resulted in reporting income in a different taxable year than under the method used in the preceding taxable year.

LAW AND ANALYSIS

Section 1.446-1(e)(2)(i) of the regulations provides that, except as otherwise expressly provided in the Internal Revenue Code and regulations thereunder, a taxpayer must secure the Commissioner's consent before changing its method of accounting. Consent is required even if the taxpayer's current method is improper.

Section 1.446-1(e)(2)(ii)(*a*) of the regulations provides that a change in the method of accounting includes a change in the treatment of any material item in an overall plan of accounting. A material item is any item that involves the proper time for the inclusion of the item in income or the taking of a deduction. Section 1.446-1(e)(2)(ii)(*b*) provides that a change in accounting method does not include correction of mathematical or posting errors.

Section 1.446-1(e)(3)(i) of the regulations provides that the taxpayer, in order to secure the Commissioner's consent to change a method of accounting, must file an application on Form 3115, with the Commissioner of Internal Revenue, Attn: CC:C:C:1, Washington, D.C. 20224, within 180 days after the beginning of the taxable year in which it is desired to make the change.

Section 1.451-3(b)(2) of the regulations provides that a long-term contract will not be considered "completed" until final completion and acceptance have occurred.

Section 1.451-3(d)(1) of the regulations provides that under the completed contract method of accounting, gross income derived from long-term contracts must be reported by including the gross contract price of each contract in gross income for the taxable year in which the contract is completed.

Section 481(a) of the Code requires that those adjustments necessary to prevent amounts from being duplicated or omitted be taken into account when the taxpayer's taxable income is computed under a method of accounting different from the method used to compute taxable income for the preceding taxable year. Section 481(c) and section 1.481-5 of the regulations provide that the adjustments required by section 481(a) may be taken into account in determining taxable income in the manner and subject to the conditions agreed to by the Commissioner and the taxpayer.

In *H. F. Campbell Company v. Commissioner*, 53 T.C. 439 (1969), *as supplemented by*, 54 T.C. 1021 (1970), *aff'd*, 443 F.2d 965 (6th Cir. 1971), the taxpayer elected to use the completed contract method of accounting. The taxpayer reported income from each contract when the following criteria were met (1) physi-

cal completion, (2) customer acceptance, (3) recordation of all costs, and (4) computation of the final bill. Following an examination by the Service, the taxpayer changed to a method of reporting income under the completed contract method by using only the first two criteria. This change was made without the Commissioner's permission and was not dictated by the Service. The Tax Court held that this was a change in method of accounting since the taxable income shown in *Campbell's* income tax return for 1962 was computed under a method of accounting different from the method under which the taxpayer's taxable income for the preceding taxable year was computed.

Under the regulations a change in method of accounting includes adjustments to any item of income or deduction that involves the proper time for the inclusion of the item in income or the taking of a deduction. In this case, prior to 1981 the taxpayer reported income from each long-term contract in a year preceding the year in which each contract was finally completed and accepted. The change in 1981 to reporting of income from each long-term contract in the year each contract was finally completed and accepted under section 1.451-3(b)(2) of the regulations resulted in the shifting of income or loss from one taxable year to another. This change is similar to the change in *H. F. Campbell*, which was held to be a change in method of accounting.

HOLDING

A change in reporting income under the completed contract method of accounting from when each contract is substantially completed to the reporting of income when each contract is finally completed to comply with section 1.451-3(b)(2) of the regulations is a change in method of accounting and is subject to the provisions of sections 446 and 481 of the Code and regulations thereunder.

This ruling is identified as a designated ruling pursuant to section 5.12(2) of the Rev. Proc. 80-51, 1980-2 C.B. 818.

---

26 CFR 1.446-1: General rule for methods of accounting.

A mandatory procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to loans for which the interest computed using the Rule of 78's does not exceed the loan payments during any year of the term of the loan. See Rev. Proc. 84-27, page 469.

26 CFR 1.446-1: General rule for methods of accounting.

A procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to short-term consumer loans that are covered by the administrative exception of Rev. Proc. 83-40, 1983-1 C.B. 774. See Rev. Proc. 84-30, page 482.

Subpart B.—Taxable Year for Which Items of Gross Income Included

Section 451.—General Rule for Taxable Year Of Inclusion

26 CFR 1.451-1: General rule for taxable year of inclusion.

Taxable year of inclusion; "deficiency takings" under "take or pay" gas purchase contracts. The deficiency taking amount in a "take or pay" gas purchase contract determined at December 31, the last day of the contract year, must be included in the taxpayer's gross income for its tax year ended June 30, the tax year in which the amount of the deficiency taking became fixed and determinable.

Rev. Rul. 84-31

ISSUE

In what tax year must "deficiency taking" amounts be included in gross income under the circumstances described below?

FACTS

Corporation *X*, whose tax year is a fiscal year ending June 30 and who uses an accrual method of accounting, is a natural gas producer. *X* sells gas under a "take or pay" gas purchase contract (the "contact") entered into with Corporation *Y*, a pipline company. Under the terms of the contract, which became effective January 1, 1982, *Y* agrees to purchase a quantity of gas equal to 70 percent of *X's* delivery capacity during each calendar year accounting period (referred to in the contract as "aggregate daily contract quantities"). *Y* agrees to pay *X* by the end of each month for gas delivered to *Y* during the preceding month. However, if *Y* fails to take delivery of a quantity of gas equal to the aggregate daily contract quantities during the calendar year accounting period, *Y* is nevertheless required to pay *X*, within 30 days after the end of the calendar year accounting period, for the quantity of gas equal to the difference between the aggregate daily contract quantities and the quantities of gas actually purchased and taken (the "deficiency taking"). Under the terms of the contract, *Y* is entitled to receive the quantity of gas paid for but not taken in installments during the next succeeding four calendar year accounting periods (the "make-up" period), by applying the previously paid deficiency taking amounts as payment for gas taken in excess of the aggregate daily contract quantities during the make-

up period. The contract life is 20 years.

Although *X* is on a fiscal year ending June 30 for federal income tax purposes, deficiency takings are calculated on a calendar year basis; that is, "deficiency takes" (a calculation for any period less than the contract year) occurring in the first six months of the calendar year accounting period may be offset by "overtakes" occurring in the last six months of the calendar year accounting period. Under the terms of the contract, payments for overtakes on one gas well may offset the amount due for deficiency takes on another gas well. Moreover, *Y* may reduce deficiency takes occurring during the calendar year to the extent *Y* requests delivery of a quantity of gas and *X* fails to deliver such quantity of gas.

Although deficiency takes occurred during the period January 1, 1982 through June 30, 1982, the first six months of the calendar year accounting period ending December 31, 1982, *X* did not include the amount of the deficiency takes in gross income for its tax year ended June 30, 1982. Since the existence and amount of the deficiency taking was not fixed and determinable until December 31, 1982, the last day of the contract year, *X* did not include the amount of the deficiency taking in gross income until its tax year ended June 30, 1983.

LAW AND ANALYSIS

Section 451(a) of the Internal Revenue Code provides that the amount of any item of gross income shall be included in the gross income for the tax year in which received by the taxpayer, unless under the method of accounting used in computing taxable income, such amount is to be properly accounted for as of a different period.

Section 1.451-1(a) of the regulations provides that under an accrual method of accounting, income is includible in gross income when all the events have occurred that fix the right to receive such income and the amount thereof can be determined with reasonable accuracy.

The terms of the take or pay contract provide that *Y* is liable for payment to *X* for a minimum amount of gas even though *Y* does not take the required minimum amount in any given contract (calendar) year. All the events that fix the right to receive income under an accrual method of accounting occur when (1) the required performance occurs, (2) payment therefor is due, or (3) payment therefor is made, whichever happens first. See. Rev. Rul. 74-607, 1974-2 C.B. 149.

In the instant situation, the required performance occurs during the contract year that *X* makes available to *Y* a quantity of gas. Under the terms of the contract, payment for deficiency takings, if any, is not due until 30 days after the end of the contract (calendar) year. Moreover, under the terms of the contract the amount of the deficiency taking, if any, is not determinable until the end of the contract (calendar) year. That is, "deficiency takes" occurring from January 1 through June 30 of any given year (the first six months of the contract year) may be offset (1) by "overtakes" occurring during the last six months of the contract year and (2) to the extent *Y* requests delivery of a quantity of gas during the last six months of the contract year and *X* fails to deliver such quantity of gas. To the extent there is a deficiency taking at the end of the contract year, *X's* right to receive the deficiency taking amount becomes fixed as of the last day of the contract (calendar) year. "Keeping accounts and making returns on the accrual basis, as distinguished from the cash basis, import that it is the *right* to receive and not the actual receipt that determines the inclusion of the amount of gross income." *Spring City Foundry Co. v. Commissioner*, 292 U.S. 182, 184, XIII-1 C.B. 281 (1934). While there were in fact deficiency takings for the period January 1, 1982 through June 30, 1982, the amount thereof was not fixed and determinable at June 30, 1982. Therefore, *X* is not required under the all events test of section 451 of the Code and the regulations thereunder to include the deficiency taking amounts in gross income for its tax year ended June 30, 1982.

HOLDING

The deficiency taking amount determined at December 31, 1982, the last day of the contract year, must be included in *X's* gross income for its tax year ended June 30, 1983, the tax year in which the amount of the deficiency taking became fixed and determinable.

Any change in the taxpayer's present method of accounting for take or pay deficiency amounts to the method described in this revenue ruling is a change in method of accounting to which the provisions of sections 446 and 481 of the Code apply.

This ruling is identified as a designated ruling pursuant to section 5.12 2 of Rev. Proc. 80-51, 1980-2 C.B. 818.

26 CFR 1.451-3: Long-term contracts.

Accounting methods; long-term contracts; painting contractor. A painting contractor who paints industrial and commercial buildings, highways and railroad bridges, and industrial plants is not entitled to use the completed contract method of accounting.

Rev. Rul. 84-32

ISSUE

Is a taxpayer who, by contract, furnishes industrial and commercial painting services qualified to use the long-term contract method of accounting under section 1.451-3(b)(1) of the Income Tax Regulations?

FACTS

The taxpayer, a domestic corporation, is engaged in the business of providing industrial and commercial painting services. The business consists principally of sandblasting and painting commercial and industrial buildings, highway and railroad bridges, and industrial manufacturing facilities.

In 1982, the taxpayer entered into contracts for painting that would not be completed until the subsequent tax year. The taxpayer elected to report its income and deductions under the long-term contract method as provided under section 1.451-3 of the regulations.

LAW AND ANALYSIS

Section 1.451-3(a)(1) of the regulations provides that income from a long-term contract may be included in gross income in accordance with one of the two long-term contract methods, namely, the percentage of completion method or the completed contract method, or any other method if the method chosen clearly reflects income.

Section 1.451-3(b)(1)(i) of the regulations provides that the term "long-term contract" means a building, installation, construction or manufacturing contract that is not completed within the taxable year in which it is entered into.

The long-term contract method of accounting is only available to all taxpayers who have long-term contracts, as defined in section 1.451-3(b)(1) of the regulations. The Internal Revenue Service has published several revenue rulings holding that an architect, an engineer, and a taxpayer providing engineering and construction management services cannot use the completed contract method of accounting. See Rev. Rul. 70-67, 1970-1 C.B. 117, Rev. Rul. 80-18, 1980-1 C.B. 103, and Rev. Rul. 82-134, 1982-2 C.B. 88 respectively. In each of these rulings the taxpayers were not required to actually construct, build or install anything, even though their services are functionally related to activities that may be the subject of long-term contracts as defined in section 1.453(b)(1)(i) of the regulations.

In this case the taxpayer's business activity does not require the taxpayer to construct, build, or install anything. Rather the taxpayer only provides painting services. In the rulings cited above, the taxpayer provided architectual, engineering, and management services. Thus, the taxpayer in this case does not have a long-term contract as described in section 1.451-3(b)(1)(i) of the regulations. Its contracts are not building, installation, construction or manufacturing contracts.

HOLDING

The taxpayer is not entitled to use the completed contract method of accounting under section 1.451-3(b)(1) of the regulations because the contract does not qualify as a long-term contract as defined in section 1.451-3(b)(1)(i).

The discontinuance of the use of the long-term contract method of accounting as a result of the application of this ruling constitutes a change in method of accounting to which sections 446 and 481 of the Internal Revenue Code and the related regulations will apply.

The use of the long-term contract method under the facts in this case constitutes the use of a Category A method of accounting as defined in section 6.02 of Rev. Proc. 80-51, 1980-2 C.B. 818, 825.

Subpart D.—Inventories

Section 471.—General Rule for Inventories

26 CFR 1.471-3: Inventories at cost. (Also Section 1012; 1.1012-1.)

General rule for inventories; inventories at cost; manufacturer's rebate by automobile dealer. An automobile dealer must record the cost of new automobiles in inventory reduced by the amount of a manufacturer's rebate which represents a trade discount.

Rev. Rul. 84-41

ISSUE

Is it proper for an automobile dealer to record the cost of new automobiles in inventory (and cost of goods sold) without reduction of a manufacturer's rebate under the circumstances described below?

FACTS

X, an automobile dealer, uses an accrual method of accounting and files its federal income tax returns on a calendar year basis. *X* is entitled to a 2 percent rebate (the "rebate") from the automobile manufacturer, which is based on the cost to *X* of new automobiles purchased during the taxable year. The rebate is based solely on the total cost of dealer purchases, and does not relate to sales volume, length of time that the dealer holds the automobile in inventory, or other incentives that the manufacturer may offer. Pursuant to the agreement with the manufacturer, *X* is entitled to the rebate in the taxable year of purchase; however, the rebate is actually received by *X* in the taxable year subsequent to the year of purchase.

Under *X*'s method of accounting, at the time new vehicles are purchased from the manufacturer the purchases are recorded in inventory at *X*'s cost with no reduction for the 2 percent rebate. As vehicles are sold, the inventory is reduced by the cost of the vehicles (which becomes the cost of goods sold), without any recognition of the 2 percent rebate that will be received. With respect to automobiles on hand at the end of *X*'s taxable year, such automobiles are valued at cost with no reduction for the rebate. When *X* actually receives its 2 percent rebate on new vehicle purchases in the following year, the cost of goods sold for that year is reduced by an amount equal to the rebate received. That is, the 2 percent rebate is recorded on a cash basis in the year of receipt, even though it relates to and is derived from new vehicle purchases made in the prior taxable year.

LAW AND ANALYSIS

Section 1012 of the Internal Revenue Code provides, generally, that the basis of property shall be its cost. Section 1.1012-1(a) of the Income Tax Regulations provides that cost is the amount paid for such property in cash or other property.

Section 471 of the Code provides that whenever in the opinion of the Secretary the use of inventories is necessary in order clearly to determine the income of any taxpayer, inventories shall be taken by such taxpayer on such basis as the Secretary may prescribe as conforming as nearly as may be to the best accounting practice in the trade or business and as most clearly reflecting income.

Section 1.471-3(b) of the regulations provides that cost means, in the case of merchandise purchased since the beginning of the taxable year, the invoice price less trade or other discounts, except strictly cash discounts approximating a fair interest rate, which may be deducted or not at the option of the taxpayer, provided a consistent course is followed.

Generally, there are two types of discounts available: trade (or quantity) discounts and cash discounts. Trade discounts represent adjustments to the purchase price granted by a vendor. The discount may vary depending upon volume or quantity purchases, or other factors established by the vendor. If a discount is always allowed irrespective of time of payment, it is considered to be a trade discount. *See Thomas Shoe Co.*, 1 B.T.A. 124 (1924), *acq.*, IV-1 C.B. 3 (1925). The amount that a dealer will pay for an item is the net price after the trade discount. Cash discounts, on the other hand, represent a reduction in the invoice or purchase price attributable to payment within a prescribed time period. The discount is only available if the purchaser makes payment within such time period.

Rev. Rul. 76-96, 1976-1 C.B. 23, concerns the federal income tax treatment of rebates paid by an automobile manufacturer to qualifying retail customers who purchased its automobiles. Rev. Rul. 76-96 holds that the receipt of the rebate by a qualifying retail customer does not result in the receipt of gross income. However, Rev. Rul. 76-96 holds that the rebate represents a reduction in the purchase price of the automobile, requiring a downward adjustment to the basis of the automobiles in the hands of the purchasers under section 1012 of the Code.

Although the present case involves rebates to an automobile dealer rather than to retail purchasers, the rationale expressed in Rev. Rul. 76-96 is applicable to the instant case. It supports a conclusion that a cash rebate paid to an automobile dealer should be treated as a reduction in the cost of the automobile purchased, and not as an item of gross income. This result is consistent with section 1.471-3(b) of the regulations.

In the present situation, *X* has a fixed right to reimbursement in the taxable year of purchase with respect to the amount of the rebate. Income is distorted in cases in which the rebate is not subtracted in calculating cost of goods sold. That is, under *X*'s

present method of reporting rebates, cost of goods sold is overstated and income is understated where *X* sells an automobile in the same taxable year in which it is purchased. *X* cannot deduct the rebate in a later year (through an adjustment to cost of goods sold) when it has fixed right to reimbursement from the manufacturer in the year a car is purchased. See *Wolfers v. Commissioner*, 69 T.C. 975, 983-985 (1978). That is, *X*'s cost of new automobiles is the amount paid to the manufacturer, less the amount of the rebate for which it has a fixed right to reimbursement.

HOLDING

It is not proper for an automobile dealer to record the cost of new automobiles in inventory (and cost of goods sold) without reduction of a manufacturer's rebate. In this case, the manufacturer's rebate received by an automobile dealer represents a trade discount and, therefore, must be treated as a reduction in the cost of the automobile in the year of purchase.

Any change in a taxpayer's method of accounting, from recording the cost of new vehicles in inventory at cost with no reduction for the 2 percent manufacturer's rebate, to the method described in this revenue ruling is a change in method of accounting to which the provisions of sections 446 and 481 of the Code apply.

This ruling is identified as a designated ruling pursuant to section 5.12 of Rev. Proc. 80-51, 1980-2 C.B. 818.

Section 472.—Last-In, First-Out Inventories

26 CFR 1.472-1: Last-in, first-out inventories.

LIFO; price indexes; department stores. The January 1984 Bureau of Labor Statistics price indexes are accepted for use by department stores employing the retail inventory and last-in, first-out inventory methods of valuing inventories for tax years ended on, or with reference to, December 31, 1983, and January 31, 1984.

Rev. Rul. 84-77

Price indexes for February 1984 were issued by the Bureau of Labor Statistics on March 26, 1984, for use by department stores and are accepted by the Internal Revenue Service, under section 1.472-1(k) of the Income Tax Regulations and Rev. Proc. 72-21, 1972-1 C.B. 745, for appropriate application to inventories of department stores employing the retail inventory and last-in, first-out inventory methods for tax years ended on, or with reference to, December 31, 1983, and January 31, 1984.

Indexes are prepared on a national basis for the store total, for 20 major groups of departments, and for two special combinations—soft and durable goods. The store total index covers all departments, including some not listed separately, with the following exceptions: candy, foods, liquor, tobacco, paints, and wallpaper, as well as contract departments.

26 CFR 1.472-1: Last-in, first-out inventories.

LIFO; price indexes; department stores. The February 1984 Bureau of Labor Statistics price indexes are accepted for use by department stores employing the retail inventory and last-in, first-out inventory methods of valuing inventories for tax years ended on, or with reference to, February 29, 1984.

Rev. Rul. 84-90

In the past, the Internal Revenue Service accepted and republished the department store inventory price indexes that were published semiannually by the Bureau of Labor Statistics for January and July. The indexes were accepted as appropriate for use by department stores employing the retail inventory and last-in, first-out (LIFO) inventory method, but only for tax years ending on December 31 or January 31 with respect to the January index, or June 30 or July 31 with respect to the July index. However the Bureau of Labor Statistics now issues the department store inventory price indexes monthly. Therefore, the department store inventory indexes will be available to all department stores employing the retail inventory and LIFO inventory method regardless of when their tax years end.

Price indexes for February 1984 were issued by the Bureau of Labor Statistics on March 26, 1984, for use by department stores and are accepted by the Internal Revenue Service, under section 1.472-1(k) of the Income Tax Regulations and Rev. Proc. 72-21, 1972-1 C.B. 745, for appropriate application to inventories of department stores employing the retail inventory and LIFO inventory methods for tax years ended on, or with reference to, February 29, 1984.

Indexes are prepared on a national basis for the store total, for 20 major groups of departments, and for two special combinations - soft and durable goods. The store total index covers all departments, including some not listed separately, with the following exceptions: candy, food, liquor, tobacco, paints, and wallpaper, as well as contract departments.

A department store using the retail inventory and LIFO inventory methods may not change to the department store inventory price indexes prepared by the Bureau of Labor Statistics and accepted by the Service, without first securing the consent of the Commissioner. The change constitues a change in method of accounting to which section 446 of the Internal Revenue Code and the related regulations will apply.

[1] Absence of a minus sign before percentage change in this column signifies price increases.

Part III.—Adjustments

Section 481.—Adjustments Required By Changes In Method Of Accounting

26 CFR 1.481-1: Adjustments in general.

A mandatory procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to loans for which the interest computed using the Rule of 78's does not exceed the loan payments during any year of the term of the loan. See Rev. Proc. 84-27, page 469.

---

26 CFR 1.481-1: Adjustments in general.

A mandatory procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deduction in accordance with the Rule of 78's computation. This procedure applies to loans for which the interest computed under the Rule of 78's exceeds the loan payments made during any year of the term of the loan. See Rev. Proc. 84-28, page 475.

---

26 CFR 1.481-1: Adjustments in general.

A procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to short-term consumer loans that are covered by the administrative exception of Rev. Proc. 83-40, 1983-1 C.B. 774. See Rev. Proc. 84-30, page 480.

---

26 CFR 1.481-5: Adjustment taken into account with consent.

Whether a change from reporting income when each long-term contract is substantially completed to reporting income when each contract is finally completed to comply with section 1.451-3(b)(2) of the regulations is a change in method of accounting subject to the provisions of section 481 of the Code. See Rev. Rul. 84-27, page 126.

Subpart F.—Exempt Organizations
Part I.—General Rule

Section 501.—Exemption From Tax on Corporations, Certain Trusts, Etc.

26 CFR 1.501(a)-1: Exemption from taxation.

Procedures for employers to obtain determination letters on certain Service-issued Model Plans. See Rev. Proc. 84-7, page 373.

---

26 CFR 1.501(a)-1: Exemption from taxation.

Procedures of the Service with regard to applications for recognition of exemption from federal income tax under sections 501 and 521 of the Code and with respect to revocation or modification of exemption rulings and determination letters. See Rev. Proc. 84-46, page 541.

---

26 CFR 1.501(c)(3)-1: Organizations organized and operated for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or for the prevention of cruelty to children or animals.

Situations are described that involve the computation of the 15-month period for notification under section 1.508-1(a)(2)(i) of the regulations where an organization makes nonsubstantive amendments to its governing instrument. See Rev. Proc. 84-47, page 545.

---

26 CFR 1.501(c)(8)-1: Fraternal beneficiary societies.

Fraternal beneficiary society; legal defense fund for law enforcement officers. A fraternal beneficiary society, composed of law enforcement officers and operating under the lodge system, that provides legal expenses to defend members accused of criminal, civil, or administrative misconduct arising in the course of their employment, provides "other benefits" within the meaning of section 501(c)(8) of the Code.

Rev. Rul. 84-48

ISSUE

Under the circumstances described below, does the maintenance of a legal defense fund by a fraternal beneficiary society, otherwise qualified for exemption from federal in-

come tax under section 501(c)(8) of the Internal Revenue Code, constitute the provision of "other benefits" within the meaning of that section?

FACTS

Local Lodge *E* is a subordinate of national fraternal beneficiary society *P*. *E* is included in *P*'s group exemption letter under section 501(c)(8) of the Code. *E* is composed of law enforcement officers in a particular community.

E maintains a legal defense fund that pays legal counsel reasonable fees to defend members of *E* who have been accused of criminal, civil, or administrative misconduct arising out of the course of their employment. The fund is supported by members' dues.

LAW AND ANALYSIS

Section 501(c)(8) of the Code provides for the exemption from federal income tax of fraternal beneficiary societies, orders, or associations that operate under the lodge system or for the exclusive benefit of the members of a fraternity itself operating under the lodge system and that provide for the payment of life, sick, accident, or other benefits to the members of such societies or their dependents.

The term "other benefits" as used in section 501(c)(8) of the Code, is limited by the type of benefit specified in that section. It is applicable only to those benefits which are of a like kind and nature to those enumerated.

Historically, sick benefits have been understood to include benefits designed to compensate for loss of income during a period of illness, and accident benefits have been understood to encompass benefits payable due to a loss of earning power resulting from an injury. See section 1.501(c)(9)-3(c) of the Income Tax Regulations. For a benefit to be of a like kind and nature to sick or accident benefits and, therefore, to be included within the term "other benefits" under section 501(c)(8) of the Code, the benefit must be similar in nature to protection designed to compensate for expenses resulting from bodily injury or loss of earning power. See section 1.501(c)(9)-3(d) of the regulations.

E's payment of fees to legal counsel for defending members against criminal, civil, and administrative misconduct charges offers protection against the type of financial loss directly related to the loss of earning power.

In the case of *E*'s members, the imposition of penalties on those found guilty of misconduct arising out of acts performed during the course of their employment could include disciplinary action such as dismissal or suspension without pay. Penalties could, therefore, result in loss of earning power to members.

HOLDING

Under the circumstances described above, the maintenance of a legal defense fund by a fraternal beneficiary society, otherwise qualified for exemption from federal income tax under section 501(c)(8) of the Internal Revenue Code, constitutes the provision of "other benefits" within the meaning of that section.

---

26 CFR 1.501(c)(8)-1: Fraternal beneficiary societies.

Fraternal beneficiary society; orphanage for deceased members' dependent children. A fraternal beneficiary society that operates an orphanage for surviving children of deceased members provides "other benefits" within the meaning of section 501(c)(8) of the Code.

Rev. Rul. 84-49

ISSUE

Under the circumstances described below, does a fraternal beneficiary society provide "other benefits" within the meaning of section 501(c)(8) of the Internal Revenue Code if it provides an orphanage for the surviving dependent children of deceased members?

FACTS

National fraternal beneficiary society *M*, which otherwise qualifies for exemption from federal income tax under section 501(c)(8) of the Code, operates an orphanage open to the surviving dependent children of any deceased member. All expenses of the orphanage are paid from a separate fund maintained by *M*. The separate fund is supported by members' dues. Each of *M*'s subordinate lodges contributes a portion of its dues income to the fund.

LAW AND ANALYSIS

Section 501(c)(8) of the Code provides for the exemption from federal income tax of fraternal beneficiary societies, orders, or associations that operate under the lodge system or for the exclusive benefit of the members of a fraternity itself operating under the lodge system and that provide for the payment of life, sick, accident, or other benefits to the members of such societies or their dependents.

The term "other benefits," as used in section 501(c)(8) of the Code, is limited by the type of benefit specified in that section. It is applicable only to those benefits that are of a like kind and nature to those enumerated. Providing an orphanage for members' surviving dependent children is providing a benefit of a like kind and nature to life insurance benefits. Although it differs from life insurance benefits because it is a noncash benefit, *M*'s orphanage serves the same purpose that life insurance serves. Life insurance provides a measure of financial security to the insured's survivors if the insured dies. Similarly, *M*'s orphanage provides its members' children security against becoming wards of the state if their parents die. Both benefits provide *M*'s members a way to protect their families.

Also, *M* operates the orphanage in a manner similar to a life insurance program. The members' contributions, made through their subordinate lodges, to *M*'s separately maintained orphanage fund are similar to insurance premium payments to typical life insurance funds.

HOLDING

Under the circumstances described above, a fraternal beneficiary society provides "other benefits" within the meaning of section 501(c)(8) of the Code, if it provides an orphanage for the surviving dependent children of deceased members.

Part II.—Private Foundations

Section 508.—Special Rules With Respect to Section 501(c)(3) Organizations

26 CFR 1.508-1: Notices.

Situations are described that involve the computation of the 15-month period for notification under section 1.508-1(a)(2)(i) of the regulations where an organization makes nonsubstantive amendments to its governing instrument. See Rev. Proc. 84-47, page 545.

Section 509.—Private Foundation Defined

26 CFR 1.509(a)-1: Definition of private foundation.

Procedures of the Service with regard to applications for recognition of exemption from federal income tax under sections 501 and 521 of the Code and with respect to revocation or modification of exemption rulings and determination letters. See Rev. Proc. 84-46, page 541.

Part IV.—Farmers' Cooperatives

Section 521.—Exemption Of Farmers' Cooperatives From Tax

26 CFR 1.521-1: Farmers' cooperative marketing and purchasing associations; requirements for exemption under section 521.

Cooperative marketing forest products; definition of "farming". A federated cooperative marketing newsprint, and its member cooperatives growing pulpwood, are not engaged in the business of farming and do not qualify for the exemption from federal income tax as farmers' cooperatives within the meaning of section 521 of the Code.

Rev. Rul. 84-81

ISSUE

Do a federated cooperative marketing newsprint and its member cooperatives supplying pulpwood cut from timber grown by the cooperatives' patron members qualify for exemption from federal income tax as farmers' cooperatives within the meaning of section 521 of the Internal Revenue Code?

FACTS

Three taxpayers were organized as agricultural associations and qualify as cooperative organizations (COOPS) under subchapter T, sections 1381-1385 of the Code. Their purpose is to engage in the business of marketing the forest products of their member patrons. The COOPS' producer-members are engaged in the business of growing pine trees for timber and cutting it into pulpwood that is marketed by the COOPS. In connection with the marketing, the COOPS cut or contract to cut the members' pine timber. The COOPS also provide forest management services to improve yields.

In order to consolidate their marketing activities, the COOPS formed a federated cooperative in which the COOPS are members. The federated cooperative buys pulpwood from the COOPS. In order to provide a steady market for the pulpwood, the federated cooperative formed a partnership with other investors to construct and operate a newsprint papermill. The federated cooperative provided its shares of the necessary capital by assessing the COOPS and their members. The partnership buys pulpwood from the federated cooperative and processes it into newsprint and subsequently sells it to newsprint users. The profits of the partnership are derived from selling newsprint and are distributed equally to the partners.

LAW AND ANALYSIS

Section 521(a) of the Code provides that a farmers' cooperative organization shall be exempt from the federal income tax except as provided in subchapter T.

Section 521(b) of the Code defines farmers' cooperatives that are exempt from federal income tax under sections 521(a). Included are farmers', fruit growers' or like associations organized and operated on a cooperative basis for the purpose of marketing the products of members and turning back to them the proceeds of sales, less the necessary marketing expenses.

Section 1.521-1(a)(1) of the Income Tax Regulations includes in the definition of exempt farmers' cooperatives cooperative associations engaged in the marketing of farm products for farmers, fruit growers, livestock growers, and dairymen, and turning back to the producers the proceeds of the sales of their products, less the necessary operating expenses, on the basis of either the quantity or value of the products furnished by them.

Neither sections 521 of the Code nor 1.521-1 of the regulations defines the terms "farm", "business of farming", or "land used in farming." However, other sections of the Code and their related regulations do define these or similar terms.

Section 61 of the Code is an income defining section. Under section 1.61-4(d) of the regulations, a farm is defined in the ordinarily accepted sense and cited as examples are stock, dairy, poultry, fruit, and truck farms, as well as plantations and ranches. A reference is made to section 1.175-3 of the regulations for more detailed rules to apply in determining whether farming is being carried on.

Section 175 of the Code provides for the deduction of soil and water conservation expenditures by a taxpayer engaged in the business of farming. Section 1.175-3 of the regulations states that a taxpayer engaged in the growing of timber is not engaged in the business of farming.

Section 180 of the Code provides for the deduction of expenditures by farmers for fertilizer. The regulations underlying section 180 require that the principles of section 1.175-3 and 1.175-4 apply to determine if a taxpayer is engaged in the business of farming.

Section 182 of the Code applies to expenditures by farmers for clearing land. For purposes of defining the term "land suitable for farming",

section 1.182-2 of the regulations provides that a taxpayer is engaged in the business of farming if he operates or manages a farm for profit. Section 1.182-2 specifically provides that forestry or the growing of timber is not a farming activity.

Section 464(e)(1) of the Code provides that for purposes of section 464, the term "farming" means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. For purposes of the preceding sentence, trees (other than trees bearing fruit or nuts) shall not be treated as an agricultural or horticultural commodity.

Rev. Rul. 73-570, 1973-2 C.B. 194, holds that an incorporated organization marketing lumber for independent lumber producing companies controlling the organization does not qualify for exemption under section 521 of the Code. Rev. Rul. 73-570 relied on sections 1.61-4(d) and 1.175-3 of the regulations as supporting the exclusion of lumbering from the generally accepted definition of farming. Lumbering is the business of cutting timber and converting the cut timber by the forest industry into lumber.

In the present situation, the grown timber is cut and the cut timber converted by a forest industry into pulpwood, which is then pulped and made into newsprint. Lumbering and the production of pulpwood are similiar in that timber is cut and the products cut from the timber are sent to a forest industry mill for conversion into another product. The primary distinction between lumbering and the production of pulpwood is the kind of forest industry mill that is used in the conversion of the timber into an end product. This distinction does not affect the classification of the activity as forestry for purposes of the Code.

The terms "farmers" and "farming" as used in sections 61, 175, 180, and 182 of the Code and regulations do not apply to forestry. Consequently, the cutting of timber for its end use as either lumber or newsprint is excluded from the definition of farming or fruit growing within the meaning of section 521. See also section 1.175-3 of the regulations.

HOLDING

A federated cooperative marketing newsprint and its member cooperatives supplying pulpwood cut from timber grown by patron members do not qualify for exemption from federal income tax as farmers' cooperatives within the meaning of section 521 of the Code.

Subchapter H.—Banking Institutions
Part I.—Rules of General Application to Banking Institutions

Section 584.—Common Trust Funds

26 CFR 1.584-1: Common trust funds. (Also Section 6032; 1.6032-1.)

T.D. 7935

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Common trust funds

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to common trust funds. Changes to the applicable tax law were made by the Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1], by the Act of September 17, 1976 [Pub. L. 94-414, 1976-2 C.B. 535], by the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 2], by the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256], and by the Technical Corrections Act of 1982 [Pub. L. 97-448, 1983-1 C.B. 451]. These regulations provide the public with guidance necessary to comply with those Acts and with other rules affecting common trust funds. The regulations affect common trust funds and their participants.

EFFECTIVE DATES: The amendments conforming to sections of the Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1] are effective for taxable years as follows: section 1402(b)(1) for taxable years beginning in 1977; section 1402(b)(2) for taxable years beginning after December 31, 1977; section 1901(b)(1)(G) for taxable years beginning after December 31, 1976; and sections 2131(d) and 2138(a) for taxable years ending after April 7, 1976, and October 3, 1976, respectively. The amendments conforming to the Act of September 17, 1976 [Pub. L. 94-414, 1976-2 C.B. 535], are effective for taxable years beginning after December 31, 1975. The amendment conforming to the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 2] (as amended by section 302(b)(1) of the Economic Recovery Tax Act of 1981) [Pub. L. 96-223, 1980-3 C.B. 2] (as amended by section 302(b)(1) of the Economic Recovery Tax Act of 1981) [Pub. L. 97-34, 1981-2 C.B. 256, 309] is effective with respect to taxable years beginning after December 31, 1980, and before January 1, 1982. The clarifying amendment under §1.584-2(c)(3), relating to the pass-through of unrelated business income to participants in the common trust fund, is effective for taxable years of participants beginning on or after September 22, 1980.

FOR FURTHER INFORMATION CONTACT: Mitchell H. Rapaport of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention:

CC:LR:T (202-566-3459).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On September 22, 1980, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under sections 584 and 6032 of the Internal Revenue Code of 1954 (45 FR 62848). The amendments were proposed to make certain clarifying changes and to conform the regulations to the following statutory changes:

Section 1402(b)(1) and (2) of the Tax Reform Act of 1976 (90 Stat. 1732) amended section 584 to reflect the new holding period provisions for determining long-term and short-term capital gains and losses under section 1222.

Section 1901(b)(1)(G) of the Tax Reform Act of 1976 (90 Stat. 1790) amended section 584 to delete references to sections 35, 242, and 171.

Section 2131(d) of the Tax Reform Act of 1976 (90 Stat. 1924) amended section 584 to provide that the admission of a participant shall be treated as a purchase of, or exchange for, the participating interest.

Section 2138(a) of the Tax Reform Act of 1976 (90 Stat. 1932) amended section 584 to provide for the allowance of accounts established under the Uniform Gifts to Minors Act or similar state law.

Section 1 and 2 of the Act of September 17, 1976 (90 Stat. 1273) [Pub. L. 94-414, 1976-2 C.B. 535], amended Code section 584 to provide that when banks become members of the same affiliated group (within the meaning of Code section 1504) they are, for purposes of section 584, to be treated as one bank for the period of their affiliation.

A public hearing was held on February 19, 1981. All comments and testimony regarding the proposed amendments were considered. Those proposed amendments are adopted as revised by this Treasury decision. The following three technical changes to those regulations have been made.

EXEMPTION OF CERTAIN INTEREST INCOME

The Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 2] (as amended by section 302(b)(1) of the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256, 309]) amended section 116 of the Code to provide for the exemption of certain interest income from tax. Section 404(b)(3) of the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 2, 78] amended Code section 584(c)(2) to conform this exemption to interest income earned by a common trust fund. Section 128 of the Code provides that gross income does not include any amount received by an individual during the taxable year as interest on a depository institution tax-exempt savings certificate. Section 103(a)(2) of the Technical Corrections Act of 1982 [Pub. L. 97-448, 1983-1 C.B. 451, 456] amended Code section 584(c)(2) to conform this exemption to interest earned by a common trust fund. This final regulation makes corresponding changes to §1.584-2(b)(1).

TREATMENT OF AMOUNTS IN HANDS OF PARTICIPANTS

The proposed regulations, in §1.584-2(c)(3), provided that, for purposes of determining the character in the hands of a participant of any item of income or deduction, each participant is treated as if it made directly the investment by the common trust fund from which the item was derived. In response to comments that section 584 does not specifically provide for the flow-through of all items from a common trust fund, §1.584-2(c)(3) has been modified. The modified regulation provides that any amount of income or loss of the common trust fund that is included in the computation of a participant's taxable income is to be treated as income or loss from an unrelated trade or business to the extent that such amount would have been income or loss from an unrelated trade or business if the participant had made directly the investment in the common trust fund. Thus, any amounts of income or loss to be included in a participant's computation of taxable income will be computed as specifically provided in section 584, while the treatment in the hands of the participant as income or loss from an unrelated trade or business of amounts so computed will be determined as if the participant had made directly the investments of the common trust fund. A cross reference in the regulations under section 512 is added.

The proposed regulations did not specify an effective date for §1.584-2(c)(3), relating to the treatment of amounts of income or loss included in the computation of the participant's taxable income. As a result, the amendment would have had retroactive effect. In response to comments received on this subject, the final regulations provide a prospective effective date for this rule, commencing on the date of publication of the notice of proposed rulemaking. Therefore, the portion of the regulations relating to the rule in §1.584-2(c)(3) applies to computation of taxable income for taxable years beginning on or after September 22, 1980.

ADMISSION OR WITHDRAWAL OF PARTICIPANTS

Under §1.584-4 of the proposed regulations the transfer of a participating interest by two or more banks that are members of the same affiliated group as a result of the division of a single common trust fund will not be considered to be an admission or a withdrawal. However, this rule only applies where the dividing and resulting common trust funds have diversified portfolios and each participant's pro rata interest in each of the resulting common trust funds is substantially the same as was the participant's pro rata interest in the dividing fund. If a common trust fund in which several affiliated banks participate is divided because of the termination of the affiliation this rule

would require that each of the participants in the dividing common trust fund become a participant in each of the resulting common trust funds. One commentator has stated that in many situations this will not be possible. In order to allow disaffiliating banks to divide a common trust fund without causing the participants to recognize gain, the final regulations provide that each of the participants in the dividing common trust fund need not become a participant in each of the resulting common trust funds. However, this rule shall only apply where the written plans of operation of the resulting common trust funds are substantially identical to the plan of operation of the dividing common trust fund, each of the assets of the dividing common trust fund are distributed substantially pro rata to each of the resulting common trust funds, and each participant's aggregate interest in the assets of the resulting common trust funds of which he or she is a participant is substantially the same as was the participant's pro rata interest in the assets of the dividing common trust fund. The plan of operation of a resulting common trust fund will not be considered to be substantially identical to that of the dividing common trust fund where, for example, the plan of operation of the resulting common trust fund contains restrictions as to the types of participants that may invest in the common trust fund where such restrictions were not present in the plan of operation of the dividing common trust fund. The requirement that the distribution of the assets of the dividing common trust fund must be "substantially" pro rata is intended to allow distributions in order to eliminate fractional shares.

PROVISIONS APPLICABLE TO PARTICIPANTS

Under §1.584-2(d) of the existing and of the proposed regulations, participants accounted for their proportionate share of income from a common trust fund according to provisions under subchapter J, chapter 1 of the Code. This final regulation clarifies that certain participants may account for such income according to the provisions under subchapter D, F, or H, as the case may be.

EXPLANATION OF PROVISIONS UNCHANGED FROM THE NOTICE

The Act of September 17, 1976, amended Code section 584 to provide that when banks become members of the same affiliated group (within the meaning of Code section 1504) they are, for purposes of section 584, to be treated as one bank for the period of their affiliation. This Treasury decision makes it clear that banks that are members of the same affiliated group may contribute to common trust funds of other member banks without disqualifying the funds as common trust funds.

Rules and regulations promulgated by the Comptroller of the Currency permit the contribution of cash and, in limited circumstances, non-cash property to a fund. The Tax Reform Act of 1976 amended section 584 to make the contribution of non-cash property to a common trust fund a taxable event. In addition, the Act extended common trust fund treatment to custodial accounts established pursuant to a State law that is substantially similar to the Uniform Gifts to Minors Act. The Tax Reform Act also repealed an obsolete portion of section 584 dealing with partially tax-exempt interest and amended the section to reflect the new holding period provisions for determining long-term and short-term capital gains and losses under section 1222. This Treasury decision incorporates these changes as they relate to common trust funds and their participants.

The final regulations adopted by this Treasury decision impose no new reporting or recordkeeping requirements. The principal purpose of the final regulations is to conform existing regulations under sections 584 and 6032 of the Code to changes made by the Act of September 17, 1976 [Pub. L. 94-414, 1976-2 C.B. 535], the Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1], the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 2], the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256] and the Technical Corrections Act of 1982 [Pub. L. 97-448, 1983-1 C.B. 451]. Evaluation of the effectiveness of these regulations after issuance will be based on comments received from offices within Treasury, the Internal Revenue Service, other governmental agencies, and the public.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this proposed regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. §553(b) for interpretative regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule.

DRAFTING INFORMATION

The principal author of this regulation is Mitchell H. Rapaport of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and the Treasury Department participated in developing the regulation on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 1 is amended as follows:

Paragraph 1. Section 1.512(a)-1 is amended by adding a new sentence at the end of paragraph (a). The added sentence reads as follows:

§1.512(a)-1 Definition.

(a) *In general.* ***

For the treatment of amounts of income or loss of common trust funds, see §1.584-2(c)(3).

Par. 2. Section 1.584-1 is amended by deleting the third sentence of paragraph (a), by revising paragraph (b), and by adding new paragraph (c). These added and amended provisions read as follows:

§1.584-1 Common trust funds.

* * * * *

(b) *Conditions for qualification.* (1) For a fund to be qualified as a common trust fund it must be maintained by a bank (as defined in section 581) in conformity with the rules and regulations of the Comptroller of the Currency, exclusively for the collective investment and reinvestment of contributions to the fund by the bank. The bank may either act alone or with one or more other fiduciaries, but it must act solely in its capacity as one or a combination of the following: (i) as a trustee of a trust created by will, deed, agreement, declaration of trust, or order of court; (ii) as an executor of a will or as an administrator of an estate; (iii) as a guardian (by whatever name known under local law) of the estate of an infant, of an incompetent individual, or of an absent individual; or (iv) on or after October 3, 1976, as a custodian of a Uniform Gifts to Minors account. A Uniform Gifts to Minors account is an account established pursuant to a State law substantially similar to the Uniform Gifts to Minors Act. (*See* the Uniform Gifts to Minors Act of 1956 or the Uniform Gifts to Minors Act of 1966, as published by the National Conference of Commissioners on Uniform State Laws.) The Commissioner will publish a list of the States whose laws he determines to be substantially similar to such uniform acts. A bank that maintains a Uniform Gifts to Minors Act account must establish, to the satisfaction of the Commissioner or his delegate, that with respect to the account the bank has duties and responsibilities similar to the duties and responsibilities of a trustee or guardian.

(2) A common trust fund may be a participant in another common trust fund.

(c) *Affiliated groups.* For taxable years beginning after December 31, 1975, two or more banks that are members of the same affiliated group (within the meaning of section 1504) are treated, for purposes of section 584, as one bank for the period of their affiliation. A common trust fund may be maintained by one or by more than one member of an affiliated group. Any member of the group may, but need not, contribute to the fund. Further, for purposes of this paragraph, members of an affiliated group may be, but need not be, co-trustees of the common trust fund.

Par. 3. Section 1.584-2 is amended by revising paragraphs (a) and (b) and subparagraphs (1) and (2) of paragraph (c); by redesignating subparagraph (3) of paragraph (c) as subparagraph (4) and adding a new subparagraph (3); by revising the first sentence of paragraph (c)(4) as so redesignated; by redesignating existing subparagraph (4) of paragraph (c) as subdivision (v) of redesignated paragraph (c)(4); by adding a new subdivision (vi) to redesignated paragraph (c)(4); and by revising paragraph (d). These added and amended provisions read as follows:

§1.584-2 Income of participants in common trust fund.

(a) Each participant in a common trust fund is required to include in computing its taxable income for its taxable year within which or with which the taxable year of the fund ends, whether or not distributed and whether or not distributable:

(1) Its proportionate share of short-term capital gains and losses, computed as provided in §1.584-3;

(2) Its proportionate share of long-term capital gains and losses, computed as provided in §1.584-3; and

(3) Its proportionate share of the ordinary taxable income or the ordinary net loss of the common trust fund, computed as provided in §1.584-3.

(b)(1) Each participant's proportionate share of dividends and interest to which section 116 or 128 applies received by the common trust fund shall be deemed to have been received by such participant as such dividends and as such interest.

(2) Any tax withheld at the source from income of the fund (*e.g.*, under section 1441) is deemed to have been withheld proportionately from the participants to whom such income is allocated.

(c)(1) The proportionate share of each participant's short-term capital gains and losses, long-term capital gains and losses, ordinary taxable income or ordinary net loss, dividends and interest received, and tax withheld at the source shall be determined under the method of accounting adopted by the bank in accordance with the written plan by which the common trust fund is established and administered, provided such method clearly reflects the income of each participant.

(2) Items of income and deductions shall be allocated to the periods between valuation dates established by the plan within the taxable year in which they were realized. Ordinary taxable income or ordinary net loss, short-term capital gains and losses, long-term capital gains and losses, and tax withheld at the source shall be computed for each period. The participants' proportionate shares of income and losses for each period shall then be determined.

(3) For taxable years beginning on or after September 22, 1980, any amount of income or loss of the common trust fund which is included in the computation of a participant's taxable income for the taxable year shall be treated as income or loss from an unrelated trade or business to the extent that such amount would have been income or loss from an unrelated trade or business if such participant had made directly the investments of the common trust fund.

(4) The provisions of this paragraph may be illustrated by the following example: ***

(vi) Assume in the above example that participant Trust A qualified as a

trust forming part of a pension, profit sharing, or stock bonus plan under section 401(a). Assume further that 20 percent of the ordinary taxable income of the common trust fund would be unrelated business taxable income (as defined under section 512(a)(1)) if received directly by Trust A. Under paragraph (c)(3), participant Trust A, for purposes of computing its taxable income, must treat its proportionate share of the common trust fund's ordinary taxable income as income from an unrelated trade or business to the extent such amount would have been income from an unrelated trade or business if Trust A had directly made the investments of the common trust fund. Therefore, participant Trust A must take into account 20 percent of its proportionate share of the common trust fund's ordinary taxable income as income from an unrelated trade or business.

(d) The provisions of part I, subchapter J, chapter 1 of the Code, or, as the case may be, the provisions of subchapters D, F, or H of chapter 1 of the Code, are applicable in determining the extent to which each participant's proportionate share of any income or loss of the common trust fund is taxable to the participant, or to a person other than the participant.

Par. 4. Section 1.584-3 is amended by inserting the word "and" at the end of paragraph (b), by deleting the semi-colon and the word "and" and inserting a period in lieu thereof at the end of paragraph (c), and by deleting paragraph (d).

Par. 5. Section 1.584-4 is amended by adding a new sentence after the first sentence of paragraph (a), by adding three new sentences after the last sentence of paragraph (a), and by revising paragraph (c)(4). These added and amended provisions read as follows:

§1.584-4 Admission or withdrawal of participants in the common trust fund.

(a) *Gain or loss.* *** For taxable years of participants ending after April 7, 1976, and for transfers occuring after that date, the transfer of property by a participant to a common trust fund is treated as a sale or exchange of the property transferred. *** When a participating interest is transferred by a bank or by two or more banks that are members of the same affiliated group (within the meaning of section 1504), as a result of the combination of two or more common trust funds or the division of a single common trust fund, the transfer to the surviving or divided common trust fund is not considered to be an admission or a withdrawal if—

(1) The combining, dividing, and resulting common trust funds have diversified portfolios within the meaning of section 368(a)(2)(F)(ii) and the regulations thereunder, and

(2) In the case of a division, each participant's pro rata interest in each of the resulting common trust funds is substantially the same as was the participant's pro rata interest in the dividing fund. However, in the case of the division of a common trust fund maintained by two or more banks that are members of the same affiliated group resulting from the termination of such affiliation, the division will be treated as meeting the requirements of this subparagraph if the written plans of operation of the resulting common trust funds are substantially identical to the plan of operation of the dividing common trust fund, each of the assets of the dividing common trust fund are distributed substantially pro rata to each of the resulting common trust funds, and each participant's aggregate interest in the assets of the resulting common trust funds of which he or she is a participant is substantially the same as was the participant's pro rata interest in the assets of the dividing common trust fund. The plan of operation of a resulting common trust fund will not be considered to be substantially identical to that of the dividing common trust fund where, for example, the plan of operation of the resulting common trust fund contains restrictions as to the types of participants that may invest in the common trust fund where such restrictions were not present in the plan of operation of the dividing common trust fund.

* * * * *

(c) *Addition to basis.* ***

(4) The excess of the gains over the losses recognized to the common trust fund upon sales or exchanges of capital assets held (i) for more than 18 months for taxable years beginning after December 31, 1937, and before January 1, 1942, (ii) for more than 6 months for taxable years beginning after December 31, 1941, and before January 1, 1977, (iii) for more than 9 months for taxable years beginning in 1977, and (iv) for more than 1 year for taxable years beginning after December 31, 1977, and ***

Par. 6. Section 1.6032-1 is amended by adding new sentences immediately following the first and sixth sentences. The added provisions read as follows:

§1.6032-1 Returns of banks with respect to common trust funds.

***Member banks of an affiliated group that serve as co-trustees with respect to a common trust fund must act jointly in making a return for the fund. *** If the common trust fund is maintained by two or more banks that are members of the same affiliated group, the return must also identify the member bank in the group that has contributed each participant's property or money to the fund. ***

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 22, 1983,

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on January 12, 1984, 8:45 a.m., and published in the issue of the Federal Register for January 13, 1984, 49 F.R. 1692)

Section 593.—Reserves for Losses on Loans

26 CFR 1.593-11: Qualifying real property loan and nonqualifying loan defined.

Whether an interest in a mortgage "pool" comes within the definition of the term "qualifying real property loans". See Rev. Rul. 84-10, page 155.

Subchapter I.—Natural Resources
Part I.—Deductions

Section 611.—Allowance of Deduction for Depletion

26 CFR 1.611-1: Allowance of deduction for depletion.

Depletion; economic interest. A mining company as operator has an economic interest under an agreement that requires the delivery of all extracted coal to the owner, who applies additional mining processes and shares the proceeds received on the sale of the processed coal at specified percentages. A stated minimum amount payable to the operator did not negate the economic interest under the specific facts of the case.

Rev. Rul. 84-88

ISSUE

Does taxpayer possess an economic interest in coal under section 1.611-1(b)(1) of the Income Tax Regulations under the circumstances described below?

FACTS

The owner of coal properties (X) and a mining company (taxpayer) entered into an agreement by which X granted the taxpayer the exclusive right to mine coal from the specified coal seams until all coal has been mined. The taxpayer is required to deliver all of the coal produced to X who applies only mining processes as defined in section 613(c)(4)(A) of the Internal Revenue Code and sells the processed coal to others.

The agreement provides that the taxpayer mine the coal in return for a 70-percent share of the net proceeds of the processed coal sold. The agreement further provides that the taxpayer will receive a minimum amount of $\$22x$ on each ton of the first $1000y$ tons of coal processed and sold. This minimum amount will be paid to the taxpayer by X on each ton of the first $1000y$ tons that are processed and sold if 70 percent of the net proceeds is less than such minimum amount. However, in no event, will X pay the taxpayer more than the net proceeds of any sale. Furthermore, at the time they entered into the agreement, the coal reserves were $5000y$ tons. The agreement also provides that X will be entitled to recoup, out of the taxpayer's 70 percent share of net proceeds in excess of $\$22x$, any amounts that X previously paid to the taxpayer that exceeded 70 percent of the net proceeds.

LAW AND ANALYSIS

Section 1.611-1(b)(1) of the regulations provides for annual depletion deductions to the owner of an economic interest in mineral deposits. An economic interest is possessed when the taxpayer has acquired by investment an interest in mineral in place and secures, by any form of legal relationship income derived from the extraction of the mineral to which he must look for a return of his capital.

For the taxpayer to have an economic interest in minerals in place, it is essential that the consideration received for the minerals, under the terms of an agreement, represents literally a share of the minerals extracted or proceeds from their sales, and that the taxpayer be dependent upon such consideration for a return of his capital. See *Palmer v. Bender*, 287 U.S. 551 (1933), XII-1 C.B. 235 (1933).

In Rev. Rul. 74-469, 1974-2 C.B. 177, a lessee under various mineral leases, with the right to extract and sell certain minerals, granted to Y the right to mine such minerals to exhaustion. Y had the burden of extracting the minerals from the ground and delivering them to a stockpile. Lessee had the burden of transporting and processing the minerals and of paying all production royalties. Upon severance from the ground all minerals became the property of lessee and Y individually in specified shares, and an independent agent sold the minerals on the open market for the accounts of lessee and Y. Rev. Rul. 74-469 holds that both lessee and Y obtained an economic interest in their respective shares of the minerals in place.

The situation in this ruling differs from that in Rev. Rul. 74-469 in that (1) the taxpayer does not have the right to sell its share of the coal produced because the coal is to be delivered to X who sells the coal after processing, and (2) the taxpayyer receives 70 percent of the net proceeds from the sale of the processed coal, but not less than $\$22x$ per ton (or the net proceeds, if less than $\$22x$) for a specified basic tonnage. Nevertheless, the taxpayer acquired from X separate contractual rights to mine coal to exhaustion and to look to the sale of the coal for the return of its investment. The income to the taxpayer is dependent solely on the eventual sale of the coal. Therefore, the taxpayer has acquired an economic interest in the coal in place under section 1.611-1(b)(1) of the regulations.

HOLDING

The taxpayer possesses an economic interest in coal in place under section 1.611-1(b)(1) of the regulations.

26 CFR 1.611-3: Rules applicable to timber.

Whether reforestation costs reimbursed by the Federal government under the forestry incentives program are to be capitalized as a cost of timber. See Rev. Rul. 84-67, page 28.

Section 613.—Percentage Depletion

26 CFR 1.613-2: Percentage depletion rates

Depletion; percentage depletion rate; nahcolite. Nahcolite falls under the category of "all other minerals" entitled to a percentage depletion rate of 14 percent under section 613(b)(7) of the Code.

Rev. Rul. 84-87

ISSUE

Whether "nahcolite" comes within the category of "all other minerals" entitled to the percentage depletion rate of 14 percent under section 613(b)(7) of the Internal Revenue Code.

FACTS

Nahcolite is a naturally occurring sodium carbonate mineral with a chemical formula of $NaHCO_3$. It is a soft, colorless, water-soluble substance with a vitreous luster. Nahcolite occurs in association with oil shale and is separated from the oil shale by solution mining methods. The extracted mineral will be marketed for such uses as food and baking, chemicals, pharmaceuticals, soaps and detergents, and others in competition with manufactured bicarbonate of soda or baking soda.

Sections 613(b)(1) through (7) of the Code list various minerals and the percentage depletion rate to which each is entitled. Section 613(b)(7) provides for a percentage depletion rate of 14 percent for "all other minerals, including but not limited to", certain listed ones, subject only to the exceptions specifically set forth.

In considering the classification into which minerals fall, the court pointed out in *United States v. Fannin Investment Co., Inc.*, 322 F.2d 449 (1963), citing S.Rep. No. 781, 82nd Cong., 1st Sess. 37 (1951), 1951-2 C.B. 458, 485, that the "names of all the various enumerated minerals are . . . intended to have their commonly understood commercial meaning."

The term "nahcolite" has a commonly understood commercial meaning as a separately identifiable mineral possessing properties and characteristics that distinguish it from other sodium carbonate bearing minerals as well as other minerals listed under section 613(b).

Nahcolite is not one of the minerals listed in subsection (1) through (6) of section 613(b) of the Code, nor is it one of the exclusions named in subsection (7) of that section. Therefore, nahcolite, a mineral recognized in commercial industry, is included as one of the "all other minerals" in subsection (7) subject to a percentage depletion rate of 14 percent.

HOLDING

Nahcolite falls under the category of "all other minerals" entitled to a percentage depletion rate of 14 percent under section 613(b)(7) of the Code.

---

26 CFR 1.613-4: Gross income from the property in the case of minerals other than oil and gas.

Depletion; pipeline transportation of slurry to mining processing plant. In transporting mineral slurry by pipeline from a beneficiation plant to a seaport where additional mining processes are applied before sale, only that portion of the transportation within 50 miles of the mine is considered "mining" under section 613(c)(2) of the Code. Rev. Rul. 73-474 revoked.

Rev. Rul. 84-26

ISSUE

Whether, under the facts and circumstances described below, pipeline transportation of the concentrates to the seaport is "mining" as defined in section 613(c)(2) of the Internal Revenue Code?

FACTS

A corporate taxpayer mines and sells a mineral in which it has an economic interest. The mineral deposit is located 150 miles from a seaport and is mined by conventional open-pit mining methods. The extracted ore is transported by truck, 4 miles from the mine to the taxpayer's beneficiation plant where it is reduced in size and beneficiated by a flotation process. The concentrate product which contains about 60 percent water is then sent to a thickener where a portion of the water added during the flotation process is removed leaving approximately 35 percent water. The resulting concentrate is suitable for transportation by slurry pipeline. The slurry is transported over land by pipeline to the seaport where it is sold. At the seaport, most of the water is removed by filtering and drying the concentrates to about 4 percent water content. The concentrates are then delivered to the purchasers for transportation by ship to their plants.

LAW AND ANALYSIS

Section 613(c)(2) of the Code provides that the term "mining" includes not merely the extraction of the ores or minerals from the ground but also the treatment processes considered as mining described in section 613(c)(4) as well as the treatment processes necessary or incidental thereto and so much of the transportation of ores or minerals from the point of extraction from the ground to the plants or mills in which such treatment processes are applied thereto as is not in excess of 50 miles, unless the Secretary or his delegate finds that the physical and other requirements are such that the ore or mineral must be transported a greater distance to such plants or mills.

Section 1.613-4(f)(1)(iii) of the regulations provides that mining includes transportation of ores or minerals from the place of extraction to plants or mills where mining processes are applied. Transportation for a distance greater than 50 miles is mining transportation only to the ex-

tent the Commissioner of the Internal Revenue finds that both the physical and other requirements are such that the ores or minerals must be transported more than 50 miles.

Section 1.613-4(f)(5)(iii) of the regulations provides that drying to remove free water, provided that such drying does not change the physical or chemical identity or composition of the mineral, is recognized as a mining process in addition to the specific processes recognized as mining under section 613(c)(4) of the Code.

Section 1.613-4(g)(2) provides that a process applied subsequent to a nonmining process (other than nonmining transportation) shall also be considered to be a nonmining process.

In the instant case, the taxpayer removed only a portion of the water that was added during the concentration of the valuable mineral product by flotation at its beneficiation plant. The taxpayer's election to retain a portion of the flotation water with the concentrates, after having served its purpose in the concentration processes, and not dry it any further was done solely as an aid to the transportation of the concentrates in the form of slurry.

Section 1.613-4(g)(3) of the regulations is only meant to disallow as mining the transportation that would otherwise be nonmining transportation because no mining process is applied at the end of such transportation, but during which a mining process incidentally results, e.g., transportation during the course of which some extraneous matter is removed from the mineral by the operation of forces of nature.

The filtering and drying of the mineral concentrates at the seaport qualify as mining processes under section 1.613-4(f)(5) of the regulations. Although the transportation in excess of 50 miles is nonmining transportation because the Commissioner did not authorize it as mining, drying cannot be disallowed solely because it follows nonmining transportation. The provisions of section 1.613-4(g)(2) contain an exception in the case of mining processes after nonmining transportation.

Therefore, the processes considered as "mining" under section 613(c) of the Code are the extraction of the ore from the mineral deposit, the four-mile transportation from the mine to the beneficiation plant, crushing, the reduction in size, beneficiation by concentration using a flotation process, dewatering the concentrates from 60 percent water content to 35 percent, an additional transportation of 46 miles to the seaport and the filtering and drying processes at the seaport. The transportation of the concentrates in excess of the first 50 miles (4 miles from the mine to the plant plus 46 miles to the seaport is considered to be nonmining under section 1.613-4(f)(1)(iii) of the regulations.

HOLDING

The first 46 miles of the pipeline transportation to the seaport, in this case, is considered "mining" as defined in section 613(c)(2) of the Code.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 73-474, 1973-2 C.B. 200, is revoked.

---

26 CFR 1.613-4; Gross income from the property in the case of minerals other than oil and gas.

Percentage depletion; proportionate profits method. The cost or value of carbon monoxide gas produced during a nonmining process is not considered a mining cost and a reduction of nonmining costs when that gas is used as fuel in a mining process for purposes of the proportionate profits computation.

Rev. Rul. 84-36

ISSUE

Should the cost or value of carbon monoxide gas produced during a nonmining process be considered a mining cost and a reduction of nonmining costs when that gas is used as fuel in a mining process by an integrated miner-manufacturer who computes gross income from mining under the proportionate profits method as described in section 1.613-4(d)(1) of the Income Tax Regulations.

FACTS

The taxpayer owns and operates a phosphate ore mine and a processing plant to produce elemental phosphorus. The phosphate ore is extracted, hauled to the plant, and stockpiled. The ore is then nodulized in a rotary kiln. The nodulization of phosphate rock is a mining process under section 1.613-4(f)(2)(i)(e)(4) of the regulations. The nodules are blended with silica and coke and fed into an electric furnace where the nodules are reduced to elemental phosphorus. Carbon monoxide gas is generated as a by-product in the electric furnace during the reduction process. The gas is used as a fuel to heat the kiln in the nodulizing process. The taxpayer incurs no additional costs in order to produce and use the carbon monoxide gas. The costs of the electric furnace process will be the same regardless of whether the taxpayer uses the carbon monoxide, vents it into the air, or sells it to a third party.

The taxpayer uses the proportionate profits method to compute gross income from mining for purposes of determining percentage depletion because a representative market or field price for the phosphate nodules cannot be ascertained.

LAW AND ANALYSIS

Section 611(a) of the Code provides that in the case of mines and other natural deposits, there shall be allowed as a deduction in computing taxable income a reasonable allowance for depletion. The amount of this depletion deduction is set by section 613(a), which provides that in the case of mines and other natural deposits, the allowance for depletion shall be the percentage specified in section 613(b) of the gross income from the property. Section 613(c)(1) defines the term "gross income from

the property," in the case of property other than an oil and gas well or geothermal deposit, as the "gross income from mining."

Section 1.613-4(d)(1)(i) of the Income Tax Regulations provides for the use of the proportionate profits method for computing gross income from mining in cases in which a representative market or field price cannot be determined. It also provides that a method of computing gross income from mining under the provisions of that paragraph shall not be deemed to be a method of accounting for purposes of section 1.446-1(e).

Section 1.613-4(d)(2) of the regulations provides that in determining gross income from mining by use of methods based on the taxpayer's costs, only costs actually paid or incurred shall be taken into consideration.

Section 1.613-4(d)(4) of the regulations states that the objective of the "proportionate profits method" is to ascertain gross income from mining by applying the principle that each dollar of the total costs paid or incurred to produce, sell and transport the first marketable product or group of products earns the same percentage of profit. The first marketable product or group of products means those products produced by application of nonmining processes in the form or condition in which such products are first marketed. The proportionate profits methods involves multiplying the gross sales (actual or constructive) of the first marketable product or group of products by a fraction whose numerator is the sum of mining costs and whose denominator is the total of all mining and nonmining costs.

Section 1.613-4(d)(4)(v)(a) of the regulations specifies that the term "gross sales (actual or constructive)" means the total of the taxpayer's actual competitive sales to others of the first marketable product or group of products, plus the taxpayer's constructive sales of the first marketable product or group of products used or retained for use in its own subsequent operations.

The carbon monixide is a by-product when the elemental phosphorus is produced from the phosphate ore nodules in the electric furnace reduction process. The use of the carbon monoxide gas as a fuel results in a cost savings to the taxpayer in operating the nodulizing kiln. However, this cost savings has no effect upon the allocation of the taxpayer's actually incurred mining and nonmining costs. Since the taxpayer incurs no additional costs in order to produce and use this carbon monoxide gas, neither the value of the gas nor any portion of the cost of the electric furnace process can be considered mining costs or as a reduction in nonmining costs for purposes of the proportionate profits method, regardless of the method of cost accounting used by the taxpayer. Section 1.613-4(d)(2) of the regulations provides that only costs paid or incurred will be taken into consideration.

HOLDING

The cost or value of carbon monoxide gas produced during a nonmining process, where no additional cost is incurred in producing the gas, is not considered a mining cost and is not a reduction of nonmining costs when that gas is used as fuel in a mining process by an integrated miner-manufacturer who computes gross income from mining under the proportionate profits method as described in section 1.613-4(d)(1) of the regulations.

---

26 CFR 1.613-4: Gross income from the property in the case of minerals other than oil and gas.

Depletion; percentage; nonmining costs. Costs associated with certain dust collection systems in cement plants are nonmining costs for purposes of computing gross income from mining by the proportionate profits method.

Rev. Rul. 84-70

ISSUE

Whether dust collection systems in the production of cement are mining or nonmining processes in computing gross income from the property by the proportionate profits method.

FACTS

The taxpayer, an integrated miner-manufacturer, owns and operates three cement rock mines, each of which supplies a different cement plant in which the taxpayer produces and sells cement. The taxpayer computes its allowance for depletion for each property in accordance with the proportionate profits method under section 1.613-4(d)(4) of the Income Tax Regulations. In each plant, the taxpayer employs dust collection systems to collect the dust particles that otherwise would escape into the atmosphere. The amount of retrieved dust particles constitutes a small part of the kiln feed mix. The two operations are described below.

Situation 1

The taxpayer employs the wet processing method in producing the kiln feed. In this process, the raw materials, cement rock and additives in correct proportions, are finely ground in a ball mill with water, thereby producing a slurry. The slurry is stored in tanks and continually agitated to maintain a uniform mixture. The slurry is transferred from the storage tanks and fed into a kiln and burned. The hot gases from the kiln's reverse air flow dry the feed and carry dust particles to the kiln dust collection system. The collected dust is transferred to the storage tanks for mixing with the slurry.

Situation 2

In this operation, the taxpayer employs the dry processing method in producing the kiln feed. In this process, the raw materials are finely ground in a grinding mill. The hot gases from the kiln and the kiln dust collection system are used in the grinding mill operation for drying the raw materials. The ground raw material is conveyed to storage silos prior to the burning in the kiln. The raw material is transferred from the

storage silos to a preheater that uses hot gases from the kiln. The raw material in the preheater is heated to temperatures that result in about 40 percent calcination before the feed enters the kiln. The hot gases from the kiln's reverse air flow carry dust particles to the preheater and then to the dust collection system. The collected dust is transferred to the raw material feed.

LAW AND ANALYSIS

Section 613(c)(4)(F) of the Internal Revenue Code and section 1.613-4(f)(2)(ii)(a) of the regulations provide that, in the case of calcium carbonates and other minerals when used in making cement, mining includes all processes (other than preheating the kiln feed) applied prior to the introduction of the kiln feed into the kiln, but not including any subsequent process.

In *Commissioner v. Portland Cement Company of Utah*, 450 U.S. 156 (1981), 1981-1 C.B. 378, involving an integrated cement miner-manufacturer, the Court upheld the regulations implementing the statute that classifies all processes applied after the introduction of the feed into the kiln as nonmining processes. The facts in *Portland Cement*, as in *Situation 1*, involve the wet processing method in which the taxpayer finely grinds the rock in water, producing a slurry. The slurry is stored in tanks and continually agitated to maintain a uniform mixture. The taxpayer feeds the slurry from the storage tanks into a fired kiln that heats it to prepare a hard, glass-like substance known as clinker. The Court stated that in applying sections 613(c)(2) and 613(c)(4)(F) of the Code, the taxpayer's mining phase ends when the slurry has been produced and is stored in tanks to await introduction into the kiln. In the instant case, dust collection in *Situation 1* is applied after the introduction of the kiln feed into the kiln and operates only to recover dust particles contained in the hot gases escaping from the kiln. Therefore, the dust collection system is to be considered a part of the nonmining processes under section 613(c)(4)(F).

In *Situation 2*, the preparation of the kiln feed is by the dry process method. Here, the dry kiln feed is stored in silos as a dry powder prior to being transferred to the kiln. Preheating of the kiln feed is expressly classified as a nonmining process in the Code and regulations, and since dust collection is applied after the introduction of the kiln feed into the kiln, the dust collection process is considered to be a nonmining process under section 613(c)(4)(F) of the Code. The mining cut-off point in *Situation 2* ends when the dry powder has been produced and is stored in silos to await introduction into the kiln.

HOLDINGS

In the case of the wet process method in *Situation 1*, the cost of the kiln dust collection system is considered a nonmining cost.

In the case of the dry process method in *Situation 2*, the cost of the dust collection system associated with the preheater and kiln operations is considered a nonmining cost.

---

26 CFR 1.613-4: Gross income from the property in the case of minerals other than oil and gas.

Percentage depletion; proportionate profits; selling expenses. The selling expenses of an integrated miner-manufacturer of cement are nonmining costs in the proportionate profits method of computing gross income from mining.

Rev. Rul. 84-82

ISSUE

Whether for purposes of computing the allowable deduction for percentage depletion by use of the proportionate profits method, the selling expenses of integrated cement producers are nonmining costs.

FACTS

The taxpayer, an integrated miner-manufacturer, owns a cement rock mine, operates a cement plant, produces and sells bagged and bulk cement, and maintains sales offices in its market areas. The taxpayer does not sell any kiln feed and since there is no field or market price in the area of the taxpayer's plant, computes gross income from mining under the proportionate profits method.

LAW AND ANALYSIS

Section 613(c)(4)(F) of the Internal Revenue Code provides that in the case of calcium carbonates and other minerals when used in making cement, all processes (other than preheating of the kiln feed) applied prior to the introduction of the kiln feed into the kiln, but not including any subsequent process, shall be considered as mining processes.

Section 1.613-4(d)(4)(ii) of the Income Tax Regulations provides that the proportionate profits method of computation is applied by multiplying the taxpayer's gross sales of his first marketable product or group of products by a fraction whose numerator is the sum of all the costs allocable to those mining processes that are applied to produce, sell, and transport the first marketable product or group of products, and whose denominator is the total of all the mining and nonmining costs paid or incurred to produce, sell, and transport the first marketable product or group of products.

Section 1.613-4(d)(4)(iv) of the regulations provides that the term "first marketable product or group of products" means the product (or group of essentially the same products) produced by the taxpayer as a result of the application of non-mining processes, in the form or condition in which such product or products are first marketed in significant quantities by the taxpayer or by others in the taxpayer's marketing area. For this purpose, bulk and packaged products are considered to be essentially the same product.

Section 1.613-4(d)(3)(iii) of the regulations provides that in determining gross income from mining by use of methods based on the taxpayer's costs, the costs of bags and bagging

and similar operations, costs of bulk loading, and the costs of storage and distribution shall be considered as nonmining costs.

Section 1.613-4(d)(3)(iv) of the regulations provides that in computing gross income from mining by the use of methods based on the taxpayer's costs, the principles set forth in section 1.613-5(c) will apply when determining whether selling expenses are to be treated, in whole or in part, as mining costs or as nonmining costs.

Section 1.613-5(c)(4)(ii) of the regulations provides that in computing taxable income from the property, a reasonable portion of the expenses of selling a manufactured product shall be subtracted from the gross income from the property. Such reasonable portion must be equivalent to the typical selling expenses that are incurred by unintegrated miners or producers in the same mineral industry so as to maintain equality in the tax treatment of unintegrated miners or producers in comparison with integrated miner-manufacturers or producer-manufacturers. If unintegrated miners or producers in the same mineral industry do not typically incur any selling expenses, then no portion of the expenses of selling manufactured product may be subtracted from gross income from the property when determining the taxpayer's taxable income from the property.

When read together, sections 1.613-4(d)(3)(iv) and 1.613-5(c)(4)(iv) provide that, for purposes of computing gross income from mining under section 1.613-4(d)(4), integrated miner-manufacturers must treat sales expenses as nonmining costs except to the extent that unintegrated miners, in the same mineral industry, typically incur such expenses in selling their mineral product.

The Supreme Court, in its decision in *Commissioner v. Portland Cement Company of Utah*, 450 U.S. 156 (1981), 1981-1 C.B. 378, dealing with similar facts, interpreted the definition of "mining" under section 613(c)(4)(F) of the Code by classifying all processes subsequent to the cutoff point of the kiln feed as nonmining processes. The Court recognized that sections 1.613-4(d)(3)(iv) and 1.613-5(c)(4)(ii) of the regulations provide that an integrated miner-manufacturer may allocate selling expenses between mining and nonmining with the objective of parity of tax treatment between integrated miner-manufacturers and unintegrated miners. The Court found no unintegrated miners in the cement industry and, therefore, no evidence to show that selling expenses were typically incurred by those unintegrated miners. Therefore, the Court concluded that all the selling expenses were to be treated as nonmining costs.

HOLDING

For purposes of computing the allowable deduction for percentage depletion by use of the proportionate profits method, the selling expenses of integrated cement producers are nonmining costs.

---

26 CFR 1.613-5: Taxable income from the property.

Depletion; percentage; taxable income from the property. A payment to a nonqualified compensation plan that is deductible under section 404(a)(5) of the Code for computing the taxpayer-employer's taxable income is also a deductible mining expense in the same tax year for computing the taxable income limitation on the percentage depletion deduction under section 613(a).

Rev. Rul. 84-46

ISSUE

Whether an employer's payment to a nonqualified, deferred compensation plan, covering past service liability of its employees with respect to mineral properties no longer being operated by the employer, is a deductible mining expense in the taxable year of payment for purposes of computing the taxable income limitation on the percentage depletion allowance deduction under section 613(a) of the Internal Revenue Code?

FACTS

The taxpayer is a nonintegrated miner of iron ore. For purposes of computing percentage depletion under section 613(a) of the Code, the taxpayer did not elect to aggregate mineral properties.

In 1976, the taxpayer established a nonqualified, deferred compensation plan to which it made a lump sum payment. The plan was established for the purpose of providing individuals additional compensation for services performed by them on certain mineral properties prior to 1965. None of the mineral properties operated by the taxpayer prior to 1965 was still in operation in 1976.

The entire amount paid to the plan is deductible in computing taxpayer's taxable income in 1976 pursuant to section 404(a)(5) of the Code.

LAW AND ANALYSIS

The percentage depletion allowance under section 613(a) of the Code is computed as a percentage of the gross income from the mineral property and is limited to 50 percent of the taxpayer's taxable income from the mineral property. In determining the 50 percent taxable income limitation on percentage depletion, all allowable deductions that are attributable to the mineral property are to be subtracted from gross income from the mineral property.

Section 1.613-5(a) of the Income Tax Regulations provides that the term "taxable income from the property" means gross income from the property less all allowable deductions which are attributable to mining processes. Where a taxpayer has more than one mineral property, deductions which are not directly attributable to a specific mineral property shall be fairly apportioned among the several properties on a reasonable basis. Section 1.613-5(a) concludes by stating that the amount of any particular item to be taken into account shall be determined in accordance with the principles set forth in paragraph (d)(2) and (3) of section 1.613-4 of the Regulations.

Section 1.613-4(d)(2) states that the amount of any particular item to be taken into account shall be the amount used in determining the taxpayer's taxable income for tax purposes.

In *Montreal Mining Co. v. Commissioner*, 41 B.T.A. 399 (1940), the Board of Tax Appeals considered the relationship of a deduction for payment of workmen's compensation claims to the 50 percent taxable income limitation in a substantially similar predecessor of what is now section 613(a). The claims related to prior years' service by the workers. The taxpayer argued that the deduction for payment of the claims should not enter the depletion allowance limitation computation for the current year of payment because such payment did not relate to the current year's production. The Board, relying on *Helvering v. Wilshire Oil Co.*, 308 U.S. 90 (1939), which involved a similar issue, rejected the taxpayer's position and required inclusion of the deduction for payment of the workmen's compensation claims in the computation of taxable income for the year of payment for purposes of the 50 percent taxable income limitation on the depletion allowance. *See Rialto Mining Corp. v. Commissioner*, 5 T.C.M. (CCH) 519 (1946), involving current year payment of back wages that was held to be deductible in the year of payment for purposes of the 50 percent taxable income limitation on the depletion allowance.

HOLDING

Since the payment to the nonqualified plan is deductible under section 404(a)(5) of the Code for purposes of computing the taxpayer employer's 1976 taxable income, such payment is a deductible mining expense in 1976 for purposes of computing the taxable income limitation on the percentage depletion allowance deduction under section 613(a) of the Code.

Section 613A.—Limitations on Percentage Depletion in Case of Oil and Gas Wells

Percentage depletion; Clifford trust; transfer of proven oil and gas properties. Neither the conveyance of an interest in oil and gas property to a Clifford trust, nor the conveyance of the corpus of the trust to the grantor at the termination of the trust, will be a transfer of proven oil and gas properties that will cause the grantor to become ineligible for percentage depletion.

Rev. Rul. 84-14

ISSUE

Whether the conveyance of interests in oil and gas properties to a Clifford trust, as described below, or the conveyance of the corpus of the trust to the grantor at the termination of the trust will constitute a transfer of proven oil and gas properties that will cause the grantor to become ineligible for percentage depletion.

FACTS

In 1981, *X* executed an agreement creating a Clifford trust (trust), for a period of 121 months. *X*'s spouse is trustee. *X* transferred to the trust certain interests in oil and gas properties in which *X* was eligible to claim allowances for depletion under sections 611 through 613A of the Code.

The trust provides that the trustee shall set aside annually, during the term of the trust, and pay to the grantor when the corpus of the trust reverts to the grantor, that portion of the income of the trust that is attributable to the reserve for depletion. The reserve for depletion is the amount of the depletion deduction allowable for the tax year under the provisions of sections 611 through 613A of the Code. The trustee may pay or apply so much of income of the trust to or for the benefit of the beneficiary, as the trustee in the trustee's sole discretion, may deem necessary or appropriate to provide for said beneficiary's health, maintenance, education and support. The income from the trust shall not be paid or applied to discharge the legal obligations of either the grantor or the trustee to provide support or maintenance for such beneficiary. Amounts not so distributed shall be accumulated in the trust and held, invested and reinvested.

The corpus of the trust will revert to the grantor 121 months after the date the trust was executed. The grantor will not be treated as owner of the trust under sections 673, 674, 675, 676, or 678 of the Code.

LAW AND ANALYSIS

Section 611(a) of the Code provides that there will be allowed as a deduction, in computing taxable income, a reasonable allowance for depletion in the case of oil and gas wells.

Section 611(b)(3) of the Code provides that, in the case of property held in trust, the deduction for depletion will be apportioned between the income beneficiaries and the trustee in accordance with the pertinent provisions of the instrument creating the trust, or, in the absence of such provisions, on the basis of the trust income allocable to each.

Section 1.611-1(c)(4) of the regulations provides that where the trust instrument or local law requires or permits the trustee to maintain a reserve for depletion in any amount, the deduction is first allocated to the trustee to the extent that income is set aside for a depletion reserve, and any part of the deduction in excess of the income set aside for the reserve will be apportioned between the income beneficiaries and the trustee on the basis of the trust income (in excess of the reserve) allocable to each.

Sections 612 and 613(a) of the Code and the regulations thereunder provide that the annual allowance for depletion is to be computed on the basis of the adjusted depletion basis of the property or on a percentage of the gross income from the property, whichever results in the greater allowance.

Section 613A(a) of the Code provides that, except as provided in sections 613A(b) and 613A(c), the allowance for depletion will be computed without reference to section 613.

Section 613A(c)(1) of the Code provides that, with respect to independent producers and royalty owners, the allowance for depletion will be computed in accordance with section 613 with respect to limited quantities of domestic crude oil and natural gas.

Section 613A(c)(9) of the Code provides that, in the case of a transfer after December 31, 1974 of an interest in any proven oil and gas property, section 613A(c)(1) will not apply to the transferee with respect to production attributable to the transferred interest.

For purposes of section 613A (c)(9)(A) of the Code, a person will not be treated as a transferee of an interest in a proven oil and gas property to the extent that such person was entitled to a percentage depletion allowance on mineral produced with respect to such property immediately before the transfer.

Section 677(a) of the Code provides that the grantor will be treated as the owner of any portion of a trust whose income without the approval or consent of any adverse party is, or, in the discretion of the grantor or a nonadverse party, or both, may be distributed to the grantor or held or accumulated for future distribution to the grantor.

Because the trust provides that the corpus of the trust will revert to the grantor upon termination of the trust, the grantor must include in gross income, in the year realized, the income that under the terms of the trust and applicable local law becomes a part of corpus in accordance with sections 671 and 677(a) of the Code. The amount to be included in the grantor's gross income includes the income attributable to the annual reserve for depletion in an amount equal to the depletion deductions allowable under sections 611 through 613A of the Code. Because the trustee is required by the trust to maintain a reserve for depletion, the grantor will be entitled to the deduction for depletion provided that the provisions of sections 611 through 613A are met.

The grantor will not be taxable, pursuant to section 677 of the Code, on any current income of the trust that is not allocated to corpus, provided that such income is not applied or distributed in satisfaction of the grantor's legal obligation to support or maintain the grantor's beneficiary. Because the trust, in accordance with the special provision of section 611 of the Code and regulations thereunder, must apportion the income from the oil and gas royalty interests and the attendant depletion deductions, and because the grantor was entitled to compute an allowance for percentage depletion in respect of such interests prior to their conveyance to the trust, the grantor will not be treated as a transferee of an interest in proven oil and gas property (within the meaning of section 613A(c)(9)(A)) during the term of the trust.

Because the grantor will be entitled to deduct an allowance for percentage depletion in respect of production attributable to the oil and gas interests during the term of the trust by reason of sections 611, 677(a), and 671 of the Code, the grantor will not be treated as a transferee of an interest in proven oil and gas property under section 613A(c)(9)(A) following termination of the trust.

Because the grantor, to the exclusion of all others, will be entitled to the allowance for percentage depletion in respect of the oil and gas interests prior to the conveyance of the interest to the trust, during the term of the trust, and after termination of the trust, section 613A(c)(9)(A) of the Code will not apply to the conveyance of the interests to the trust or the reversion of the interests to the grantor upon termination of the trust.

HOLDING

Under the facts described above, neither the conveyance of interests in oil and gas property to the trustee nor the conveyance of the corpus of the trust to the grantor at the termination of the trust is a transfer of proven oil and gas properties that will cause the grantor to become ineligible for the percentage depletion allowance.

---

26 CFR 1.613A-1: Post-1974 limitations on percentage depletion in case of gas and oil wells; general rule.

Ct. D. 2023

SUPREME COURT
OF THE
UNITED STATES
No. 82-599

Commissioner of Internal Revenue
v. Engle et ux.
[464 U.S.]

On Writ of Certiorari
to the United States
Court of Appeals
for the Seventh Circuit
[January 10, 1984]*

Syllabus

In response both to the public outcry concerning the United States' growing dependence on foreign energy and to the alleged excessive profits that major integrated oil companies were earning, the Tax Reduction Act of 1975 [Pub. L. 94-12, 1975-1 C.B. 545] repealed, as applied to the major integrated oil companies, the percentage depletion allowance authorized as a deduction from taxable income, but exempted independent producers and royalty owners from the repeal so as to encourage domestic production of oil and gas. The Act added §613A to the Internal Revenue Code (Code). That section provides that a percentage depletion allowance under §611 for such independent producers and royalty owners shall be computed in accordance with §613 "with respect to. . .so much of the taxpayer's average daily production of domestic crude oil as does not exceed the taxpayer's oil quantity" and "depletable natural gas quantity." During 1975, respondents (husband and wife) in No. 82-599 assigned their oil and gas leases to third parties, while retaining overriding royalties. As partial consideration for these assignments, respondents received $7,600 in advance royalties. This constituted the entire income received from the property in 1975 since there was no oil and gas production that year. On their joint federal income tax return for 1975, respondents claimed a percentage depletion deduction equal to 22% of the advance royalties. The Commissioner of Internal Revenue (Commissioner) disallowed the deduction because the advance royalties were not received "with respect to" any "average daily production" of oil or gas. The Tax Court upheld this determination, but the Court of Appeals reversed. In No. 82-774, petitioner joint owners leased their oil and gas interests in 1975 to various lessees. Under the leases petitioners were to receive both royalties from oil and gas produced and annual cash bonuses even if no oil or gas was produced. In 1976, oil and gas was discovered on the property and was produced in substantial amounts. Petitioners claimed depletion deductions on both the bonuses and the royalties received in that year. The Commissioner disal-

*Together with No. 82-774, *Farmar et al.* v. *United States*, on certiorari to the Court of Claims.

lowed the deduction on the bonuses, again because they were not received "with respect to" any "average daily production." After paying the resulting deficiencies, petitioners filed a suit for refund in the Court of Claims, which held for the Commissioner.

Held: Section 613A was not intended to deny the allowance for percentage depletion on advance royalty or lease bonus income altogether; rather, §§611-613A entitle taxpayers to such an allowance at some time during the productive life of the lease.

(a) Any reasonable interpretation of §613A must harmonize with the section's goal of subsidizing the combined efforts of small producers and royalty owners in the exploration and production of the Nation's oil and gas resources. The Commissioner's interpretation—under which taxpayers would receive percentage depletion on income derived from oil and gas interests only if the payment associated with that income could be attributed directly to specific units of production, and which anomolously suggests that a Congress intent on increasing domestic production by small producers included substantial economic disincentives in the same legislation—does not comport with this goal. By contrast, allowing percentage depletion on all qualified income makes available the maximum public subsidy that Congress was willing to provide.

(b) The legislative history of §613A discloses a clear congressional intent to retain the percentage depletion rules that existed in 1975, and under which taxpayers leasing their interests in mineral deposits were entitled to a percentage depletion on any bonus or advance royalty whether there was production of the underlying mineral or not.

(c) When §613A is considered together with related Code sections and in light of the legislative history, it is clear that Congress did not mean to withdraw the percentage depletion on lease bonuses or advance royalty income arising from oil and gas properties. Section 613A clearly provides that income attributable to production over a certain level will not be eligible for percentage depletion, but nothing in the statute bars such a depletion on income received prior to actual production. To the contrary, so long as the income can be attributed to production below the established ceilings, lease bonuses and royalty income come within the four corners of the percentage depletion provisions.

(d) Since the Commissioner's interpretation is unreasonable, this Court will not defer to it. The Commissioner has not shown any "insurmountable" practical problems that would render his position more tenable. While §613A's various production requirements and limitations make accurate percentage depletion allowances difficult in the absence of production figures, these problems can be resolved in a number or reasonable ways, as, for example, by requiring lessors to defer depletion deductions to years of actual production or to adjust deductions taken with amended returns. The Commissioner cannot resolve the practical problems by eliminating the allowances altogether.

No. 82-599, 677 F.2d 594, affirmed; No. 82-774, 231 Ct. Cl. ____, 689 F.2d 1017, reversed and remanded.

O'CONNOR, J., delivered the opinion of the Court, in which BURGER, C. J., and POWELL, REHNQUIST, and STEVENS, JJ., joined. BLACKMUN, J., filed a dissenting opinion, in which BRENNAN, WHITE, and MARSHALL, JJ., joined.

JUSTICE O'CONNOR delivered the opinion of the Court:

These consolidated cases present the question whether §§611-613A of the Internal Revenue Code (Code), 26 U.S.C. §§611-613A, entitle taxpayers to an allowance for percentage depletion on lease bonus or advance royalty income received from lessees of their oil and gas mineral interests.

I

A

Ever since enacting the earliest income tax laws, Congress has subsidized the development of our nation's natural resources. Toward this end, Congress has allowed holders of economic interests in mineral deposits, including oil and gas wells, to deduct from their taxable incomes the larger of two depletion allowances: cost or percentage.[1] Under cost depletion, taxpayers amortize the costs of their wells over their total productive lives.[2] Under percentage depletion, taxpayers deduct a statutorily specified percentage of the "gross income" generated from the property, irrespective of actual costs incurred.[3] Through these depletion provisions, Congress has permitted taxpayers to recover the investments they have made in mineral deposits and to generate additional capital for further exploration and production of the nation's mineral resources.

Taxpayers have historically preferred the allowance for percentage, as opposed to cost, depletion on wells that are good producers because the tax benefits are significantly greater. Prior to 1975, it was well-settled that taxpayers leasing their interests in mineral deposits to others were entitled to percentage depletion on any bonus [4] or advance royalty [5] received, whether there was production of the underlying mineral or not. The bonus was regarded as "payment in advance for oil and gas to be extracted," *Herring* v. *Commissioner*, 293 U.S. 322, 324 (1934), and the advance royalty was considered a "return *pro tanto* of [the lessor's] capital investment in the oil in anticipation of its extraction . . . ." *Palmer* v. *Bender*, 287 U.S. 551, 559 (1933). Though the Commissioner of the Internal Revenue had once argued that the allowance should not apply to such income,[6] this Court determined that both lease bonuses and advance royalties constituted "gross income from property" and accordingly were subject to percentage depletion. See *Herring* v. *Commissioner, supra*, at 327-328. The depletion was based on the in-

[1] Originally, Congress authorized only a cost depletion allowance. See 38 Stat. 172-173 (1913). However, in the Revenue Act of 1918, it amended the Code to allow taxpayers to calculate depletion based on the discovery value of their mineral deposits. See 40 Stat. 1067-1068 (1919). When discovery value depletion proved difficult to administer, Congress eliminated it in favor of the percentage depletion allowance. See 44 Stat. 16 (1926).

For a detailed study of the history of percentage depletion, see Baker, The Nature of Depletable Income, 7 Tax L. Rev. 267 (1952).

[2] See 26 U.S.C. §612. The annual cost depletion deduction generally is calculated by multiplying the cost of the mineral interest by the ratio of the units sold in a taxable year to the total estimated recoverable reserves. See 26 CFR § 1.611-2(a)(1983).

[3] See 26 U.S.C. §613. Section 613(a) provides that "the allowance for depletion . . .shall be the percentage. . .of gross income from the property excluding from such gross income an amount equal to any rents or royalties paid or incurred by the taxpayer in respect of the property. Such allowance shall not exceed 50 percent of the taxpayer's taxable income from the property (computed without the allowance for depletion)." 26 U.S.C §613(a).

[4] A lease bonus is "the cash consideration paid by the lessee for the execution of an oil and gas lease by a landowner. . .Bonus is usually figured on a per acre basis." 8 H. Williams and C. Meyers, Manual of Oil and Gas Terms 65 (1982).

[5] An advance royalty is simply a pre-payment of the landowner's share of production, in kind or in value, free of the expenses of production. *Id.*, at 656-657.

[6] The Commissioner interpreted the pertinent section of the 1926 Code, which provided an allowance for percentage depletion only "in the case of. . .oil and gas wells," see 44 Stat. 16, not to entitle taxpayers to percentage depletion in situations where no such well existed. Since a well does not technically exist prior to actual production, the Commissioner contended that the percentage depletion provision did not apply to lease bonus or advance royalty income, which by definition precedes production. The Commissioner would have allowed percentage depletion only if future production were practically assured, or in fact obtained, during the taxable year. See G. C. M., XII-1 Cum. Bull. 64 (1933), revoked by G.C.M. 14448, XIV-1 Cum. Bull. 98 (1935).

come received from the property, and not, at least in the short run, on the production of the substance itself. 293 U.S., at 327-328.

Even under pre-1975 law, however, depletion deductions eventually had to be attributed to actual production. Lessors receiving bonus or advance royalty income without oil or gas being produced during the life of the lease have been required to recapture their depletion deductions and restore the previously deducted amounts to income. See *Douglas* v. *Commissioner*, 322 U.S. 275, 285 (1944). Furthermore, since only one percentage depletion allowance is statutorily authorized for each dollar of oil and gas income, lessees have always been required to reduce their allowances by any bonuses or advance royalties paid to lessors. See *Helvering* vs. *Twin Bell Oil Syndicate*, 293 U.S. 312 (1934). Thus, prior to 1975, those who held economic interests in mineral deposits, large or small, were entitled to a single percentage depletion deduction for *all* income from the property, including lease bonus and advance royalty income, so long as oil or gas was eventually extracted from the land.

The 1970s, however, brought about an abrupt redirection in the nation's energy policy. Escalating energy prices and the Arab oil embargo awakened the public to the nation's growing reliance on foreign energy sources. Some thought the major integrated oil companies were reaping excessive oil and gas profits at the public's expense, while reinvesting little of their concomitant tax depletion subsidies in domestic energy production.[7] Congress responded to this public outcry by repealing the percentage depletion allowance as applied to the major integrated oil companies. See Tax Reduction Act of 1975, Pub. L. No. 94-12, 89 Stat. 26, 47-53 [Pub. L. 94-12, 1975-1 C.B. 545, 558]. At the same time, however, it exempted independent producers and royalty owners from the repeal to encourage domestic production. In new §613A, Congress provided that:

"[T]he allowance for depletion under section 611 shall be computed in accordance with section 613 with respect to—

(A) so much of the taxpayer's average daily production of domestic crude oil as does not exceed the taxpayer's depletable oil quantity; and

(B) so much of the taxpayer's average daily production of domestic natural gas as does not exceed the taxpayer's depletable natural gas quantity; and the applicable percentage (determined in accordance with the table contained in paragraph (5)) shall be deemed to be specified in subsection (b) of section 613 for purposes of subsection (a) of that section." 26 U.S.C. §613A(c)(1).[8]

Thus, beginning with tax year 1975, only taxpayers who met the terms of this new provision were eligible for the percentage depletion allowance.[9]

B

During 1975, Fred Engle and his wife assigned their two Wyoming oil and gas leases to third parties, retaining overriding royalties in each lease. As partial consideration for these assignments, the Engles received a total of $7600 in advance royalties. This $7600 constituted the entire income the Engles received from the property in 1975 since there was no oil and gas production that year. On their joint federal income tax return for 1975, the Engles claimed a percentage depletion deduction equal to 22% of the advance royalties received. The Commissioner disallowed the deduction because the advance royalties were not received "with respect to" any "average daily production" of oil or gas as, in his view, was required by the 1975 amendments to the Code.

The Tax Court, with one judge dissenting, upheld the Commissioner's determination. See 76 T.C. 915 (1981). It agreed that new §613A tied the oil and gas percentage depletion allowance to actual production and that the Engle's advance royalty receipts were not attributable to such production.[10] But the Court of Appeals for the Seventh Circuit reversed. See 677 F.2d 594 (CA7 1982). It found that Congress' motivation in retaining the percentage depletion allowance for "small producers"—namely, to subsidize domestic energy development—was equally applicable to advance royalties received by lessors. *Id.*, at 600. The Court of Appeals therefore held that, in light of this motivation and the Code's long-standing treatment of advance royalties, new §613A should be interpreted to authorize a percentage depletion allowance on advance royalties received, so long as there eventually was production from the property. *Id.*, at 601-602.

Also during 1975, the families of Philip D. Farmar and A. A. Sugg, joint owners of 46,515 acres of land in Irion County, Texas, leased their oil and gas interests to various lessees. Under the leases, the Farmars and Suggs were to receive as royalties 20% of all oil and gas produced and sold from the property or 20% of the value of all oil and gas produced from the leases. The leases also provided that the Farmars and Suggs were to receive annual cash bonuses, beginning with a small sum in 1975 and continuing with large sums through 1979, over the life of the lease. These bonuses were payable even if no oil or gas was produced from the property. In 1976, oil and gas was discovered on the Irion property and was produced in substantial amounts. The

[7] See, *e.g.*, 121 Cong. Rec. 7239-7244 (1975)(statement of Sen. Hollings); *id.*, at 7244-7248 (statement of Sen. Ribicoff); *id.*, at 7267 (statement of Sen. Cranston); see generally Landis, The Impact of the Income Tax on the Energy Crisis: Oil and Congress Don't Mix, 64 Calif. L. Rev. 1040, 1042-1048 (1976).

[8] Congress defined the taxpayer's "average daily production" of oil or gas to be the aggregate production from the property during the taxable year divided by the number of days in the taxable year. See 26 U.S.C. §613A(c)(2)(A).

[9] In other paragraphs of new §613A, Congress designated certain gradually decreasing rates and depletable quantities that independent producers and royalty owners are to use in calculating their allowances. See 26 U.S.C. §§613A(c)(3),(5).

[10] In a separate determination, the Tax Court held that lease bonuses, like advance royalties, were not subject to the allowance for percentage depletion. See *Glass* v. *Commissioner*, 76 T.C. 949 (1981).

Farmars and Suggs claimed percentage depletion deductions on both the bonuses and royalties received in that year. The Commissioner disallowed the percentage depletion deductions on the lease bonuses, again because income of this type was not received "with respect to" any "average daily production."

After paying the resulting deficiencies, the Farmars and Suggs filed a consolidated suit for refund in the Court of Claims. The Court of Claims held for the Commissioner. It concluded that "[t]his statutory language regularly linking depletion directly to production during a taxable year indicates to us that Congress wanted depletion allowable only 'with respect to' income derived from, or connected with, actual extraction during the taxable year." App. to Pet. for Cert. in No. 82-774, p. 8a. Since lease bonus income was not so attributable, the Court determined that the Farmars and Suggs were not entitled to a percentage depletion allowance on it. See *id.*, at 16a.

The Commissioner sought a writ of certiorari from the adverse decision of the Court of Appeals for the Seventh Circuit, and the Farmars and Suggs sought a writ of certiorari from the adverse decision of the Court of Claims. We granted both writs and consolidated the cases so that we could decide the effect the Tax Reduction Act of 1975 had on percentage depletion of oil and gas income.

II

The 1975 amendments to the Code did not repeal any of the provisions that previously entitled taxpayers to an allowance for percentage depletion on lease bonus or advance royalty income arising from oil and gas mineral interests. Rather, the 1975 amendments added new §613A, which, as its title indicates, is a "Limitation on Percentage Depletion in Case of Oil or Gas Wells." See 26 U.S.C. §613A. Our sole task in this case is to determine whether Congress, in enacting the §613A "limitation," intended to deny the allowance for percentage depletion on advance royalty or lease bonus income altogether.

A

Our starting point, of course, is the language of the statute itself. That language authorizes any independent producer or royalty owner not otherwise disqualified, see 26 U.S.C. §613A(d), to compute "the allowance for percentage depletion under section 611. . .in accordance with" §613's "gross income from property" concept. 26 U.S.C. §613A(c)(1). That language also stipulates that the allowance "be with respect to. . .so much of the taxpayer's average daily production. . .as does not exceed the taxpayer's depletable. . .quantity. . . ." *Ibid.* The Commissioner and the taxpayers take different positions as to what this language means.

The Commissioner contends that new §613A finally adopts the position he took a half century ago in the *Herring* case—namely, that taxpayers are not entitled to percentage depletion on any income not attributable to specific units of production during the taxable year.[11] He points to §613A(c)(1)'s requirement that "the allowance. . .be computed. . .with respect to. . .the taxpayer's average daily production" and to §613A(c)(2) through (10)'s repeated references to "aggregate production," "production during the taxable year," and "production during the calendar year." From these statutory reference points, the Commissioner contends that §613A redefines depletable "gross income from property" to be that income attributable to specific units of production during the taxable year.[12] Since lease bonuses and advance royalties are not attributable to *specific* production during any taxable year, the Commissioner concludes that Congress did not intend such receipts to be eligible for percentage, as opposed to cost, depletion. See Brief for Commissioner 18-24.

The taxpayers, by contrast, suggest that Congress did not intend, by enacting new §613A, to change the tax treatment of lease bonus or advance royalty income at all. Rather, they contend that the percentage depletion allowance is available regardless of whether physical extraction occurred during the year for which the deduction is claimed. Under their view, the reference to "average daily production" in §613A constitutes a limitation on the amount of, rather than a prerequisite to, the deduction a taxpayer may claim. Furthermore, the requirement that the allowance be "with respect to" production is simply the pre-1975 recapture requirement reenacted: depletion deductions must always "be with respect to" actual or prospective extraction. Since lease bonus and advance royalty receipts are income arising from the property, the taxpayers conclude that they are eligible for percentage depletion so long as they do not exceed the §613A limitation and production eventually occurs on the property. See Brief for Respondents in No. 82-599, pp. 5-9; Brief for Petitioners in No. 82-774, pp. 7-16.

The Commissioner's and taxpayers' interpretations do not exhaust the possible readings of this linguistic maze. For example, §613A could also be read to change the *timing*, though not the availability, of the percentage depletion allowance.[13] Under this view, all income arising from the property would potentially be subject

[11] The Commissioner's view is embodied in proposed regulations. See 42 Fed. Reg. 24279 *et. seq.* (1977).

[12] Interestingly enough, the Commissioner does not believe that the language should be literally interpreted in all circumstances. Although he interprets the statute to deny the allowance for percentage depletion on income received prior to production, see 42 Fed. Reg., at 24287 (proposed 26 CFR §1.613A-7(f)(1)), he interprets it to permit the allowance when the situation is reversed—when extraction occurs in a taxable year prior to the year in which income is received. *Id.*, at 24281 (proposed 26 CFR § 1.613A-3(a)(4)(7)).

[13] See Jones, Analysis of CA-7 *Engle* Decision Allowing Percentage Depletion Absent Abstraction, 57 J. Taxation 230, 233 (1982); Bravenec, Significance of Percentage Depletion on Oil and Gas, 23 Oil and Gas Tax Q. 193, 211-214 (1975); Note, Percentage Depletion on Oil and Gas Lease Bonuses and Advance Royalties; Engle v. Commissioner, Glass v. Commissioner, and Farmar v. United States Reviewed, 35 Baylor L. Rev. 97, 120-121 (1983).

to an eventual allowance for depletion, but the actual deduction would be deferred to a year in which it could be attributed, by some allocation method, to actual production. Since lease bonus and advance royalty income always precede production, they would be included in taxable income during the year of receipt. The depletion allowance attributable to such receipts, however, would be capitalized and amortized against income in years of actual extraction, subject to the rates and depletable quantities limitations applicable in those subsequent years.[14]

Each of these possible interpretations of new §613A can be reconciled with the language of the statute itself. Congress' repeated references to "production" during the "taxable year" could not have been completely inadvertent, but each of the possible interpretations gives meaning to those references. Our duty then is "to find that interpretation which can most fairly be said to be imbedded in the statute, in the sense of being most harmonious with its scheme and with the general purposes that Congress manifested." *NLRB* v. *Lion Oil Co.*, 352 U.S. 282, 297 (1957) (Frankfurter, J., concurring in part and dissenting in part). The circumstances of the enactment of particular legislation may be particularly relevant to this inquiry, *Watt* v. *Alaska*, 451 U.S. 259, 266 (1981), and it is to those circumstances that we now turn.

B

The 1975 amendments to the Code responded both to the public outcry concerning the country's growing dependence on foreign energy and to the alleged excessive profits that major integrated oil companies were earning. Congress wanted to encourage domestic production [15] and to improve the competitive position of "small producers"—the independents and the royalty owners—vis-á-vis the major integrated ones.[16] Section 613A's goal, more simply put, was to subsidize the combined efforts of small producers and royalty owners in the exploration and production of the nation's oil and gas resources. Any reasonable interpretation of the statute, therefore, must harmonize with this goal.

If the Commissioner's interpretation were adopted, taxpayers would receive percentage depletion on income derived from oil and gas interests only if the payment associated with that income could be attributed directly to specific units of production. On that view, lessors and lessees interested in favorable tax benefits will not use financing arrangements that provide for pre-payments on production, that spread income to non-production periods or, more importantly, that shift the risks of non-production to the parties better able to bear them.[17] Lessors naturally will begin demanding larger production royalties to offset the increased expense resulting from delayed receipt of payments, income bunching, and risk bearing. Lessees who are forced to pay the increased royalties will, in turn, have less money with which to purchase leases or to extract minerals therefrom. Thus, solely for tax reasons, lessors and lessees will choose less preferred forms of financing their exploration and production efforts and, in the long run, devote fewer dollars to development of the nation's energy reserves. In short, the Commissioner's interpretation anomolously suggests that a Congress intent on increasing domestic production by small producers included substantial economic disincentives in the same enabling legislation. Such an interpretation does not comport with Congress' effort to increase production by the independent producers and royalty owners. By contrast, allowing percentage depletion on all qualified income arising from the property makes available the maximum public subsidy that Congress was willing to provide.

Ironically, the Commissioner defends his interpretation by reference to the oil and gas crisis that existed in 1975. See Reply Brief for Commissioner 6. He argues that if lessors are allowed percentage depletion only on income directly attributable to production, they will have strong incentives to encourage lessees to produce oil and gas immediately from the property. No one disputes this premise. Requiring lessors to *defer* percentage depletion deductions to years of actual production of the property. But the Commissioner has not sug-

[14] See n. 13, *supra*.

[15] The House and Senate debates of the 1975 Congress are replete with references to the nation's domestic oil and gas shortage. See, *e.g.*, 121 Cong. REc. 4606 (1975)(remarks of Rep. Rhodes)("I think we should all recall that one of the reasons for this bill being brought here with some haste is the fact that we have a shortage of domestic petroleum"); *id.*, at 7807 (remarks of Sen. Curtis)("Our first objective should be the production of more gas and oil"); *ibid.* (remarks of Sen. Bartlett)("I think it is important that we face up to the American people and say that this body has done next to nothing to increase the production of natural sources of energy in this country. . . ."); *id.*, at 8128 (remarks of Sen. Dole)("The 2,000 barrel. . .exemption from the depletion allowance repeal is vitally important to maintaining a high level of energy exploration and production."); *id.*, at 8944 (remarks of Rep. Pickle)("In this time of national energy crisis, what we need—desperately—is more production.").

[16] Members of Congress repeatedly emphasized that their efforts were aimed at the major integrated oil companies, and not the small producers. See, *e.g.*, 121 Cong. Rec. 4610 (1975)(remarks of Rep. Cotter)("[I]t will serve notice on the major oil companies that this new Congress will not be subservient to their unreasonable demands. . . ."); *id.*, at 8879 (remarks of Sen. Long)("Although as much as 85 percent of the oil production is not ineligible for the depletion allowance. . .as many as 98 percent of the oil producers in this country will still retain [percentage] depletion.").

[17] Lease bonuses generally are not refundable to lessees even if no oil or gas is produced from the property. See *Shamrock Oil & Gas Corp.* v. *Commissioner*, 35 T.C. 979, 1057 (1961). Smaller risk averse lessors, therefore, are likely to prefer these sums certain to uncertain sums, like advance royalties or royalty streams, that either may not materialize or may have to be returned. Cf. 121 Cong. Rec. 4641 (1975)(remarks of Rep. de la Garza)("We are only hurting the little people" by repealing the percentage depletion deduction for royalty owners). Conversely, lessees prefer to condition their advance payments on eventual production. See H. Williams, Oil and Gas Law §666, 793-795 (1982). But since lessees can spread their risks over many leased properties, they predictably will be willing to pay nonrefundable lease bonuses in exchange for reduced prices on the overall lease arrangements. By pooling risks in this fashion, lessors and lessees, like insurers and their insureds, optimize the allocation of resources in the production of oil and gas from the property. See generally K. Arrow, Essays on the Theory of Risk Bearing 134-143 (1971).

gested that the percentage depletion deductions on advance royalties and lease bonuses be *deferred* to years of actual production; he argues that they be *eliminated* altogether. Eliminating the percentage depletion deductions, rather than deferring them, will reduce the total amount of "gross income" subject to the percentage depletion allowance and thereby shrink the public subsidy of domestic oil and gas production. Smaller public subsidies, in turn, mean reduced exploration and production incentives and smaller absolute quantities of domestic production. Thus, the Commissioner's initial premise—that Congress wanted to encourage domestic exploration and production—is against the general position he has taken with respect to lease bonus and advance royalty income.

C

The reasonableness of each possible interpretation of the statute can also be measured against the legislative process by which §613A was enacted. When the 1975 amendments were introduced, neither the bill, H.R. 2166, 94th Cong., 1st Sess. (1975), nor the accompanying Ways and Means Committee report, see H. Rep. No. 19, 94th Cong., 1st Sess. (1975) [1975-1 C.B. 569], provided for repeal of the percentage depletion allowance on oil and gas wells. Rather, the provision repealing the percentage depletion allowance was introduced only during debate on the House floor. See 121 Cong. Rec. 4651-4652 (1975). This floor amendment did not contain any of the exemptions ultimately enacted as part of §613A, including the exemption for independent producers and royalty owners. It was only when H.R. 2166 reached the Senate floor that the exemption for independent producers and royalty owners was added. See *id.*, at 7813 (1975). The Congress then enacted H.R. 2166, with slight alteration by the Conference Committee, as it was amended on the Senate Floor.

At no time during either the Senate's or the Conference Committee's consideration of H.R. 2166 was a repeal of the percentage depletion allowance on lease bonus or advance royalty income suggested. Rather, both the Senate and the conferees agreed to maintain the percentage depletion allowance, in its entirety, for those small producers and royalty owners whose income from the property did not exceed that associated with the yearly depletable quantities.[18] As explained by the Conference Report, the proposed legislation:

". . .*retains* percentage depletion at 22 percent for the small independent producer to the extent this his average daily production *does not exceed* 2,000 barrels a day, or his average daily production of gas *does not exceed* 12,000,000 cubic feet. Where the independent producer has both oil and natural gas production, the *exemption* must be allocated between two types of production.

* * * * *

The conference substitute follows the Senate amendment in providing a small producer *exemption* from the repeal of percentage depletion for oil and gas." H. Conf. Rep. No. 120, 94th Cong., 1st Sess., 67-68 (1975) [1975-1 C. B. 624, 629-630] (emphasis added).

Thus, in exempting independent producers and royalty owners from the repeal, the Senate and the Conference Committee expressed a clear intent to *retain* the percentage depletion rules as they then existed. Again, the congressional intent is more in harmony with interpretations of the statute that retain percentage depletion on all forms of income than with the Commissioner's interpretation.

The Commissioner attempts to find legislative support for his interpretation not in the history of the enacting Congress, but in the history of a previous Congress. In H.R. 17488, 93d Cong., 2d Sess. (1974), the House proposed to repeal the percentage depletion allowance for oil and gas production and, at the same time, to exempt certain independent producers from the repeal. The House Ways and Means Committee report on H.R. 17488 emphasized that "a lease bonus paid to the lessor of mineral lands in a lump sum or in installments is independent of any actual production from the lease and thus would not be within any of the exemptions." H.R. Rep. No. 1502, 93d Cong., 2d Sess., 46 (1974). The Commissioner suggests that " '[t]he idea of a special exemption for small entities, expressly involving production, was very much in the air of the 94th Congress, and it is not unlikely that the prior report was known to several, if not many, of the members who considered §613A,' and almost certainly to those who proposed that Section 613A be added to the tax reduction bill." Reply Brief for Commissioner 6 (quoting App. to Pet. for Cert. 70a).

In the 94th Congress, however, the House Ways and Means Committee reported out another bill, H.R. 2166, in lieu of H.R. 17488. This bill retained the percentage depletion allowance and differed from H.R. 17488 in many other respects. See 121 Cong. Rec. 4651-4652 (1975). Thus, it cannot be said that a subsequent Congress, or even the House Ways and Means Committee itself,[19] retained

[18] Thus, Senator Bentsen, who introduced one of the amendments to H.R. 2166, see 121 Cong. Rec. 7277 (1975), stated that the depletable figures were chosen "as a definition of a small producer. . .." Hearings on H.R. 2166 Before the Subcomm. on Energy of the Senate Comm. on Finance, 93rd Cong., 2d Sess., 2 (1975); see also 121 Cong. Rec. 7777 (1975). Similarly, Senator Dole stated that the 2000-barrel figure "identif[ied] the particular importance of independent producers." *Id.*, at 8128. Senator Dole believed that the "exemption from the depletion allowance [would] permit most of these small producers to remain in production, giving us the additional oil and gas that we so greatly need. . .It will also encourage most of the independents who do the vast bulk of exploration in this country to continue their drilling programs." *Ibid.*

[19] In the 93d Congress, 25 Representatives, including Chairman Wilbur Mills, served on the Ways and Means Committee. 95th Congress Legislative Record of the Committee on Ways and Means, 95th Cong., 2d Sess. 359 (1979) (listing committee membership). In the 94th Congress, the Committee grew to 37 members, was chaired by Representative Al Ullman, and had 18 new members. *Id.*, at 360. Thus, not only is it difficult to believe the Committees of the 93d and 94th Congress' had the same intent, it is hard to characterize them as being the same committee.

the same intent as reflected in H.R. 17488. Moreover, since it was the Senate, and not the House, that added the small producer exemption to H.R. 2166,[20] we must dismiss the Commissioner's reconstruction of the legislative intent as mere wishful thinking. The idea of an exemption for small producers was certainly in the "air" of the 94th Congress, but we find no evidence that a change in the definition of depletable "gross income" was aloft with it.[21]

D

We have noted that "the true meaning of a single section of a statute in a setting as complex as that of the revenue acts, however precise its language, cannot be ascertained if it be considered apart from related sections, or if the mind be isolated from the history of the income tax legislation of which it is an integral part." *Helvering* v. *Morgan's Inc.*, 293 U.S. 121, 126 (1934). When the Commissioner's, the taxpayers', and the commentators' interpretations of §613A are viewed in these terms, it becomes clear to us that Congress did not mean, as the Commissioner's interpretation suggests, to withdraw the percentage depletion allowance on lease bonus or advance royalty income arising from oil and gas properties.

The 1975 Congress was concerned with shrinking domestic production levels and with assisting smaller producers to compete with the larger ones. Since most depletion deductions are on royalty payments attributable to actual production, Congress,in its haste, not surprisingly defined the class of taxpayers exempted from the percentage depletion repeal in terms of certain production levels. Section 613A clearly provides that income attributable to production *over* a certain level will not be eligible for percentage depletion. But nothing in the statute bars percentage depletion on income received prior to actual production. To the contrary, we agree that so long as the income can, by some allocation method, be attributed to production below the ceilings Congress established, lease bonus and advance royalty income come within the four corners of the percentage depletion provisions. Lease bonuses and advance royalties are payments received in advance for oil and gas to be extracted, see *Herring* v. *Commissioner, supra*, and therefore should be subject to the §613(a) computation of, and §611 allowance for, oil and gas depletion.

III

Unable to find persuasive support for his position in the text, general purpose, or specific history of the Tax Reduction Act of 1975, the Commissioner reminds us both that the "choice among reasonable interpretations is for the Commissioner, not the courts," *National Muffler Dealers Ass'n, Inc.* v. *United States*, 440 U.S. 472, 488 (1979) [1979-1 C.B. 198], and that his choice, if found to "implement the congressional mandate in some reasonable manner," must be upheld. *United States* v. *Correll*, 389 U.S. 299, 307 (1967) [1968-1 C.B. 64]. "But that principle [only sets] the framework for judicial analysis; it does not displace it. We find that the [Commissioner's interpretation] is. . .unreasonable," and we therefore cannot defer to it. *United States* v. *Cartwright*, 411 U.S. 546, 550 (1973) (similarly refusing to defer to unreasonable position of Commissioner).

Holders of economic interests in oil and gas deposits have consistently been entitled to a percentage depletion allowance on *all* income arising from their property, including lease bonuses and advance royalties, for the past 50 years. See *Herring* v. *Commissioner, supra*, 293 U.S. 322. Our cases have taken a long-run view of the relation between income and production, and we have interpreted the Code to allow percentage depletion on all income so long as actual extraction eventually occurs. See *Douglas* v. *Commissioner, supra*, 322 U.S. 275. We usually presume that "Congress is. . .aware of [our long-standing] interpretation of a statute and. . .adopt[s] that interpretation when it re-enacts [the] statute without [explicit] change. . . ." *Lorillard* v. *Pons*, 434 U.S. 575, 581 (1978); see also *Albemarle Paper Co.* v. *Moody*, 422 U.S. 405, 414 n. 8 (1975). Had Congress meant to eliminate the percentage depletion allowance on lease bonus and advance royalty income, we believe it would have addressed our decisions to the contrary more explicitly. See *Mastro Plastics Corp.* v. *NLRB*, 350 U.S. 270, 289 (1956). Since Congress did not, we find the Commissioner's shortrun view of the relation between income and production to be at odds with the amended statutory scheme.

The percentage depletion provisions, as modified in 1975, plainly were intended to encourage independent producers and royalty owners to explore and develop the nation's domestic oil and gas deposits. See *supra*, at 10-11. Yet the Commissioner would discourage these small producers from using the financing arrangements that would optimize their combined efforts to produce oil and gas. See *supra*, at 11-13. Not only would the Commissioner deny lessors percentage depletion on lease bonus and advance royalty income, but he would continue to require lessees to reduce their depletion allowances by the amounts lessors *would* have been allowed, under pre-1975 law, to deplete. See Rev. Rul. 81-266, 1981-2 Cum. Bull. 139 (1981). The Commissioner would allow *no one* to take the single allowance that the statute clear-

[20] The Senate amendment differed from the exemption contained in H.R. 17488 in still other respects. For example, the Senate amendment allowed percentage depletion at a rate of 22% and with respect to 2000 barrels of average daily production. H.R. 17488, by contrast, provided for percentage depletion at the rate of 15% with respect to the first 3,000 barrels of production per day.

[21] The Commissioner also points to deliberations in subsequent sessions of Congress, that never culminated in legislation, to support his position. See Brief for Commissioner 30-32. We find this particular history to be ambiguous at best: Post-enactment interpretive material of this type is a "hazardous basis for inferring the meaning of a congressional enactment." *Consumer Product Safety Comm'n GTE Sylvania, Inc.*, 447 U.S. 102, 118, and n. 13 (1980); see also *Southeastern Community College v. Davis*, 442 U.S. 397, 411, and n. 11 (1979).

ly contemplates *some one* should take. See 26 U.S.C. §§611(b)(1), 613(a). Thus, the Commissioner not only skews the industry's preferred means of financing oil and gas exploration, but he unreasonably denies that industry a subsidy Congress expressly contemplated it should receive.[22] Such an interpretation is "unrealistic and unreasonable," and therefore is not entitled to deference. *United States* v. *Cartwright, supra*, 411 U.S., at 550.

Finally, the Commissioner has not persuaded us of any "insurmountable" practical problems that would render his position more tenable. We do not doubt that §613A's various production requirements and limitations make accurate calculation of the percentage depletion allowance difficult in the absence of actual production figures. See App. to Pet. for Cert. in No. 82-599, p. 30a. But we believe the Commissioner can resolve these problems in a number of reasonable ways, for example, by requiring lessors to defer depletion deductions to years of actual production or by requiring lessors to adjust deductions taken with amended returns filed in later tax years.[23] The Commissioner has broad authority to prescribe all "needful rules and regulations" for the enforcement of the tax laws, see 26 U.S.C. §7805(a), and it is up to him to choose the method that best implements the statutory mandate. See *United States* v. *Correll, supra*, 389 U.S., at 306-307. What the Commissioner cannot do—because it is an "unreasonable" interpretation of the statutory language in light of its history and purpose—is to resolve the practical problems by eliminating the allowance altogether. Eliminating the allowance might make the statute "simpler to administer," Reply Brief for Commissioner 9, and n. 8, but it does so by ignoring the language of the statute, the views of those who sought its enactment, and the purpose they articulated.

IV

In a case such as this, where the effective and expeditious enforcement of our nation tax's laws is at issue, what we do not decide is as important as what we do decide. This case does not concern whether taxpayers must include bonuses and advance royalties in their income in the year of receipt. No one questions that taxpayers must do that. See *North American Oil Consul.* v. *Burnet*, 286 U.S. 417 (1932). Nor does this case concern the appropriate tax period in which the percentage depletion deduction should be used to offset taxable income. That issue is a significant one, but none of the parties has directly raised it for our review. Cf. 26 CFR §1.461-1 (assets having useful life beyond close of year not necessarily deductible in year expenditure made). Rather, our decision holds only that §§611-613A of the Code entitle taxpayers to an allowance for percentage depletion on lease bonus or advance royalty income at some time during the productive life of the lease.

Accordingly, since the Commissioner has never contested the tax period in which the Engles claimed their percentage depletion deduction, the judgment of the Court of Appeals for the Seventh Circuit in No. 82-599 is affirmed.[24] The judgment of the Court of Claims in No. 82-744 denying the Farmars and Suggs any percentage depletion on their lease bonus income is reversed, and the case is remanded for further proceedings in conformity with this opinion.

It is so ordered.

[22] In *Helvering v. Twin Bell Oil Syndicate*, U.S. 312 (1934), this Court interpreted §613(a) to allow the Commissioner to require lessees, for purposes of computing percentage depletion, to reduce their gross incomes by the advance payments made to lessors. Congress later codified this rule in §611(b), 26 U.S.C. §611(b), which requires that the deduction for depletion be equitably apportioned between lessor and lessee. The Commissioner has implemented §611(b) by requiring lessees to capitalize the lease bonus or advance royalty payments made and to amortize those capitalized costs over the productive life of the well. See 26 CFR §1.1613-2(c)(5) (1983). The very fact that §§611(b) and 613(a) were left intact by the 1975 amendments is itself some indication that Congress did not intend to deny the depletion benefit on advance payments to lessors. See Note, 35 Baylor L. Rev., at 120-121.

[23] See Jones, 57 J. Taxation at 233 (1982); Note, 35 Baylor L. Rev., at 122. The Commissioner currently requires much the same treatment from lessees. See n. 22, *supra*.

[24] We express no opinion concerning whether the Commissioner is precluded from raising this issue in another proceeding.

Subchapter J.—Estates, Trusts, Beneficiaries, and Decedents
Part I.—Estates, Trusts, and Beneficiaries
Subpart A.—General Rules for Taxation of Estates and Trust

Section 642.—Special Rules for Credits and Deductions

26 CFR 1.642(c)-6: Valuation of a remainder interest in property transferred to a pooled income fund.

Revised actuarial tables and interest factors are provided for valuing contributions to pooled income funds in existence for less than three years. See T.D. 7955, page 40.

Subpart C.—Estates and Trusts Which May Accumulate Income or Which Distribute Corpus

Section 664.—Charitable Remainder Trusts

26 CFR 1.664-4: Calculation of the fair market value of the remainder interest in a charitable remainder unitrust.

Revised actuarial tables and interest factors are provided for valuing the remainder interest in a charitable remainder unitrust. See T.D. 7955, page 40.

Subpart E.—Grantors and Others Treated as Substantial Owners

Section 671.—Trust Income, Deductions, and Credits Attributable to Grantors and Others as Substantial Owners

26 CFR 1.671-1: Grantors and others treated as substantial owners.
(Also Sections 61, 162, 171, 212, 593, 856, 1232, 1232A, 7701; 1.61-1, 1.162-1, 1.171-1, 1.212-1, 1.593-11, 1.856-2, 1.1232-1, 301.7701-4, 301.7701-13A.)

Mortgage-backed certificates; residential mortgage "pool". Tax consequences associated with "straight pass-through" mortgage-backed certificates, representing undivided interests in a "pool" of residential mortgage loans created by the Federal National Mortgage Association and sold to investors are explained. Rev. Ruls. 70-544 and 70-545 clarified.

Rev. Rul. 84-10

ISSUE

What are the federal income tax consequences associated with the mortgage pool trusts described below?

FACTS

The Federal National Mortgage Association (*FNMA*) is a publicly held corporation established to provide assistance to the secondary market for home mortgage loans. *FNMA* has initiated a guaranteed mortgage pass-through securities program under Federal National Mortgage Association Charter Act §304(d), 12 U.S.C.A. §1719(d) (West 1980). Pursuant to a trust agreement, *FNMA* creates home mortgage pools and serves as trustee of each pool. Each pool consists of residential mortgages transferred to it by a single mortgage lender, *X*, in exchange for trust certificates. The trust certificates generally will be sold by *X* to investors. *FNMA* charges *X* a processing fee when it pools mortgages acquired from *X*.

In the capacity of pool trustee, *FNMA* collects principal and interest payments on each mortgage and makes monthly distributions to the certificate holders. *FNMA* receives a fee for its services as trustee consisting of a monthly service charge retained from the interest collected on the mortgages and other compensation including all late payment charges, assumption fees and prepayment penalties collected by *FNMA*. Pool proceeds are held in noninterest bearing accounts and cannot be reinvested. Neither the trustee nor *X* has the power to substitute a new mortgage for an original mortgage in the pool, except that within 120 days of the date the pool is established *FNMA* may require *X* to replace defective mortgages in the pool. Each of the pools will terminate when all mortgages are liquidated and all proceeds are distributed. *FNMA* may terminate a pool by purchasing all trust certificates with respect to the pool when the aggregate outstanding principal amount of mortgages in the pool is 10 percent or less of the initial pool principal balance.

FNMA guarantees that the certificate holders will receive timely payment of interest and collection of principal. If a mortgage is in default or if there is a foreclosure on mortgaged property, *FNMA* has the right to withdraw the mortgage from the pool and deem the mortgage prepaid.

The trust certificates, which are in registered form, state that they represent fractional undivided interests in the mortgage loans, pool proceeds, mortgaged property acquired by foreclosure that has not been withdrawn from the pool, and *FNMA*'s obligation to supplement the pool proceeds to the extent necessary to make distributions.

LAW

The Service has discussed the federal income tax consequences of similar pooling arrangements in Rev. Rul. 71-399, 1971-2 C.B. 433, amplified by Rev. Rul. 81-203, 1981-2 C.B. 137, Rev. Rul. 80-96, 1980-1 C.B. 317, Rev. Rul. 74-300, 1974-1 C.B. 169, Rev. Rul. 74-221, 1974-1 C.B. 365, and Rev. Rul. 72-376, 1972-2 C.B. 647 (concerning mortgage pools established by the Federal Home Loan Mortgage Corporation); Rev. Rul. 70-544, 1970-2 C.B. 6, and Rev. Rul. 70-545, 1970-2 C.B. 7, both modified by Rev. Rul. 74-169, 1974-1 C.B. 147 (concerning mortgage pools guaranteed by the Government National Mortgage Association); and Rev. Rul. 77-349, 1977-2 C.B. 20 (concerning a mortgage pool created by a commercial bank).

HOLDINGS

(1) Each pool will not be considered an association taxable as a corporation, but is classified as a trust of which the certificate holders are the owners under Subpart E of Subchapter J of the Internal Revenue Code.

(2) *FNMA* is the trustee of each trust and will be required to file Form 1041. See section 1.671-4 of the Income Tax Regulations.

(3) *FNMA* will recognize ordinary income in the amount of the processing fees charged *X* for pooling mortgages.

(4) Each certificate holder is treated as the owner of an undivided interest in the entire trust (corpus as well as ordinary income). See section 1.671-3(a)(1) of the regulations.

(5) The sale of a trust certificate transfers to the certificate holder a proportionate share of equitable ownership in each of the mortgages in the pool.

(6) *X* will recognize ordinary income or loss on the sale of its interest in each of the mortgages in the pool (evidenced by the trust certificates) measured by the difference between the proportionate amount of the proceeds realized with respect to the sale of each of the mortgages and its adjusted basis in each of such mortgages.

(7) Certificate holders shall take into account their proportionate share of the mortgage interest and other items of income, including prepayment penalties, assumption fees, and late payment charges, consistent with their methods of accounting.

(8) The certificate holders must also report their proportionate share of the discount income realized on the purchase of each of the mortgages as ordinary income, consistent with their methods of accounting. The special rules of section 1232 of the Code will be applicable to the certificate holders' proportionate shares of the discount on any mortgages in the pool that are obligations of corporations, or of governments or their political subdivisions, if and to the extent that the other conditions for the application of that section are met. Similarly, the rules of section 1232A(a)(1) will apply to the certificate holders' proportionate shares of obligations in the pool that are not obligations described in section 1232A(a)(2)(A) of the Code (relating to any obligation issued by a natural person).

(9) Certificate holders may amortize their proportionate shares of any premium paid to acquire mortgages to the extent allowed by section 171

of the Code. The provisions of section 171 will be applicable to the premium on mortgages in the pool that are issued by a corporation as described in section 171(d) of the Code.

(10) Certificate holders may deduct their proportionate share of *FNMA*'s fee for servicing the mortgages comprised of the monthly service charge, late payment charges, assumption fees, and prepayment penalties under section 162 or section 212 of the Code, consistent with their method of accounting.

(11) A certificate owned by a real estate investment trust is considered as representing "real estate assets" within the meaning of section 856(c)(5)(A) of the Code, and the interest income is considered "interest on obligations secured by mortgages on real property" within the meaning of section 856(c)(3)(B).

(12) A certificate owned by a domestic building and loan association is considered as representing "loans secured by an interest in real property" within the meaning of section 7701(a)(19)(C)(v) of the Code, provided the real property is (or from the proceeds of the loan will become) the type of real property described in that section of the Code.

(13) A certificate owned by a domestic building and loan association, within the meaning of section 7701(a)(19) of the Code, is considered as representing "qualifying real property loans" within the meaning of section 593(d) provided the real property underlying the mortgages is (or, from the proceeds of the loan, will become) the type of real property described in that section.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 70-544, 1970-2 C.B. 6, and Rev. Rul. 70-545, 1970-2 C.B. 7, are clarified with respect to the reporting of service fees, assumption fees, prepayment penalties and late charges by the certificate holders.

Subchapter K.—Partners and Partnerships
Part I. Determination of Tax Liability

Section 705.—Determination of Basis of Partner's Interest

26 CFR 1.705-1: Determination of basis of partner's interest.

Whether the basis of a contributing partner's interest is increased as a result of gain recognized upon his contribution of encumbered property. See Rev. Rul. 84-15, page 158.

Section 708.—Continuation of Partnership

26 CFR 1.708-1: Continuation of partnership.

Conversion of a general partnership interest into a limited partnership interest in the same partnership. See Rev. Rul. 84-52, below.

Part II.—Contributions, Distributions, and Transfers
Subpart A.—Contributions to a Partnership

Section 721.—Nonrecognition of Gain or Loss on Contribution

26 CFR 1.721-1: Nonrecognition of gain or loss on contribution
(Also Sections 708, 722, 731, 733, 741, 752, 1001, 1223; 1.708-1, 1.722-1, 1.731-1, 1.733-1, 1.741-1, 1.752-1, 1.1001-1, 1.1223-1.)

Partnerships; conversion of a general partnership interest into a limited partnership interest. The federal income tax consequences of the conversion of a general partnership interest into a limited partnership interest in the same partnership are discussed.

Rev. Rul. 84-52

ISSUE

What are the federal income tax consequences of the conversion of a general partnership interest into a limited partnership interest in the same partnership?

FACTS

In 1975, *X* was formed as a general partnership under the Uniform Partnership Act of state *M*. *X* is engaged in the business of farming. The partners of *X* are *A*, *B*, *C*, and *D*. The partners have equal interest in the partnership.

The partners propose to amend the partnership agreement to convert the general partnership into a limited partnership under the Uniform Limited Partnership Act of State *M*, a statute that corresponds in all material respects to the Uniform Limited Partnership Act. Under the certificate of limited partnership, *A* and *B* will be limited partners, and both *C* and *D* will be general partners and limited partners. Each partner's total percent interest in the partnership's profits, losses, and capital will remain the same when the general partnership is converted into a limited partnership. The business of the general partnership will continue to be carried on after the conversion.

LAW AND ANALYSIS

Section 741 of the Internal Revenue Code provides that in the case of a sale or exchange of an interest in a partnership, gain or loss shall be recognized by the transferor partner.

Under section 1001 of the Code, if there is a sale or other disposition of property, the entire amount of the gain or loss realized thereunder will be recognized, unless another section of subtitle A provides for nonrecognition.

Under section 721 of the Code, no gain or loss is recognized by a partnership or any of its partners upon the contribution of property to the partnership in exchange for an interest therein.

Section 708 of the Code provides that a partnership is considered to be continuing if it is not terminated. A partnership is terminated if (1) no part of any business, financial operation, or venture of the partnership continues to be carried on by any of its partners in a partnership, or (2) within a 12-month period there is a sale or exchange of 50 percent or more of the total interest in partnership capital and profits.

Section 1.708-1(b)(1)(ii) of the Income Tax Regulations provides that a contribution of property to a partnership does not constitute a sale or exchange for purposes of section 708 of the Code.

Section 722 of the Code generally provides that the basis of an interest in a partnership acquired by a contribution of property equals the trans-

feror partner's adjusted basis in the contributed property.

Section 1223(1) of the Code provides that the holding period of property received in exchange for other property includes the holding period of the property exchanged, if the property received has the same basis (in whole or in part) as the property exchanged.

Under section 731 of the Code, if a partnership distributes money to a partner, then that partner will generally recognize gain only to the extent that the amount of money distributed (or deemed distributed) exceeds the adjusted basis of the partner's interest in the partnership immediately before the distribution.

Under section 733 of the Code, if there is a distribution by a partnership to a partner and if there is no liquidation of that partner's interest, then the adjusted basis of that partner's interest in the partnership must be reduced (but not below zero) by the amount of money distributed to the partner.

Section 752(a) of the Code states, in part, that any increase in a partner's share of the partnership's liabilities is considered to be a contribution of money by the partner to the partnership.

Section 752(b) of the Code states in part, that any decrease in a partner's share of a partnership's liabilities is considered to be a distribution of money by the partnership to the partner.

Section 1.752-1(e) of the regulations provides rules for determining a partner's share of partnership liabilities with respect to both limited partnerships and general partnerships.

Under the facts of this revenue ruling, *A*, *B*, *C*, and *D*, will remain partners in *X* after *X* is converted to a limited partnership. Although the partners have exchanged their interests in the general partnership *X* for interests in the limited partnership *X*, under section 721 of the Code, gain or loss will not be recognized by any of the partners of *X* except as provided in section 731 of the Code.

HOLDINGS

(1) Except as provided below, pursuant to section 721 of the Code, no gain or loss will be recognized by *A*, *B*, *C*, or *D* under section 741 or section 1001 of the Code as a result of the conversion of a general partnership interest in *X* into a limited partnership in *X*.

(2) Because the business of *X* will continue after the conversion and because, under section 1.708-1(b)(1)(ii) of the regulations, a transaction governed by section 721 of the Code is not treated as a sale or exchange for purposes of section 708 of the Code, *X* will not be terminated under section 708 of the Code.

(3) If, as a result of the conversion, there is no change in the partners' shares of *X*'s liabilities under section 1.752-1(e) of the regulations, there will be no change to the adjusted basis of any partner's interest in *X*, and *C* and *D* will each have a single adjusted basis with respect to each partner's interest in *X* (both as limited partner and general partner) equal to the adjusted basis of each partner's respective general partner interest in *X* prior to the conversion. *See* Rev. Rul. 84-53, page 159, this Bulletin.

(4) If, as a result of the conversion, there is a change in the partners' shares of *X*'s liabilities under section 1.752-1(e) of the regulations, and such change causes a deemed contribution of money to *X* by a partner under section 752(a) of the Code, then the adjusted basis of that partner's interest shall, under section 722 of the Code, be increased by the amount of such deemed contribution. If the change in the partners' shares of *X*'s liabilities causes a deemed distribution of money by *X* to a partner under section 752(b) of the Code, then the basis of that partner's interest shall, under section 733 of the Code, be reduced (but not below zero) by the amount of such deemed distribution, and gain will be recognized by that partner under section 731 of the Code to the extent the deemed distribution exceeds the adjusted basis of that partner's interest in *X*.

(5) Pursuant to section 1223(1) of the Code, there will be no change to the holding period of any partner's total interest in *X*.

The holdings contained herein would apply with equal force if the conversion had been of a limited partnership to a general partnership.

---

26 CFR 1.721-1: Nonrecognition of gain or loss on contribution.

Whether gain is recognized by a partner upon the contribution of property with debt in excess of its adjusted basis. See Rev. Rul. 84-15, below.

Section 722.—Basis of Contributing Partner's Interest

26 CFR 1.722-1: Basis of contributing partner's interest
(Also Sections 705, 721, 723, 731, 752; 1.705-1, 1.721-1, 1.723-1, 1.752-1.)

Partnerships; basis of partner's interest; basis of partnership property; contribution of encumbered property. A partner who recognizes gain upon the contribution of encumbered property to a partnership, does not increase the basis of the partnership interest to reflect the gain and the partnership does not increase the adjusted basis of the contributed property to reflect such gain.

Rev. Rul. 84-15

ISSUE

Is the basis of the partnership interest of a partner increased under section 722 of the Internal Revenue Code and is the basis of partnership property increased under section 723 if the partner contributes encumbered property to the partnership and the partner recognizes gain as a result of sections 731(a) and 752(b) of the Code?

FACTS

A, an individual, acquired a 20 percent interest in *GP*, a general partnership, by contributing land to *GP*. At the time of *A*'s contribution, the property had a fair market value of 100*x* dollars, an adjusted basis to *A* of 40*x* dollars, and was subject to a mort-

gage of 60*x* dollars. Payment of the mortgage was assumed by *GP*, and there were no other outstanding partnership liabilities. *GP* is not a partnership that would be treated as an investment company (within the meaning of section 351 of the Internal Revenue Code) if *GP* were incorporated.

LAW AND ANALYSIS

Section 721(a) of the Code provides that no gain or loss shall be recognized to a partnership or to any of its partners in the case of a contribution of property to the partnership in exchange for an interest in the partnership.

Section 721(b) of the Code provides that subsection (a) shall not apply to gain realized on a transfer of property to a partnership which would be treated as an investment company (within the meaning of section 351) if the partnership were incorporated.

Section 722 of the Code states that the basis of an interest in a partnership acquired by a contribution of property, including money, to the partnership shall be the amount of such money and the adjusted basis of such property to the contributing partner at the time of the contribution increased by the amount (if any) of gain recognized to the contributing partner at such time.

Section 723 of the Code provides that the basis of property contributed to a partnership by a partner shall be the adjusted basis of such property to the contributing partner at the time of the contribution increased by the amount (if any) of gain recognized to the contributing partner at such time.

Section 752(b) of the Code provides that any decrease in a partner's individual liabilities by reason of the assumption by the partnership of such individual liabilities shall be considered as a distribution of money to the partner by the partnership.

Section 731(a) of the Code provides that in the case of a distribution, gain shall not be recognized to a partner except to the extent that any money distributed exceeds the adjusted basis of the partner's interest in the partnership immediately before the distribution.

Section 705(a)(2) of the Code states that the adjusted basis of a partner's interest shall be decreased (but not below zero) by distributions by the partnership.

Under section 721(a) of the Code, when a person contributes property to a partnership in exchange for an interest therein, gain or loss is generally not recognized on the transfer. However, if the property is encumbered and the encumberance becomes a liability of the partnership, under section 752(b), the contributing partner is deemed to receive a distribution of money from the partnership in an amount equal to the reduction in the share of such liability. As illustrated by example (2) of section 1.722-1 of the Income Tax Regulations, gain is recognized under section 731(a) by the contributing partner on the deemed distribution of money to the extent that such distribution exceeds the adjusted basis of such partner's interest.

Section 721(b) of the Code was added by section 2131(b) of the Tax Reform Act of 1976, 1976-3 (Vol. 1) C.B. 1, 400. It was intended to provide an exception to the general rule of nonrecognition of gain or loss on the contribution of property to a partnership where investors transfer appreciated stock or securities (or other property) to an exchange fund operated as a partnership. S. Rep. No 94-938 (Part 2), 94th Cong., 2d Sess. 43 (1976), 1976-3 (Vol. 3) C.B. 643, 685. Section 2131(c) of the Act made conforming amendments to sections 722 and 723 of the Code providing for the adjustment of the basis of the partner's interest and the basis of the contributed property to the partnership if gain is recognized under section 721(b).

The amendments to sections 722 and 723 of the Code do not apply to the recognition of gain that results under sections 731(a) and 752(b) from the contribution of encumbered property, since such gain arises immediately after the contribution, not ". . .at the time of the contribution." Basis is increased under sections 722 and 723 only by the amount of gain recognized at the time of contribution due to the inapplicability of section 721(a). See S. Rep. No. 94-938 (Part 2) at 43 n.2, 1976-3 (Vol. 3) C.B. at 685.

In this case, section 721(a) of the Code applies to *A*'s contribution of encumbered property to the partnership in exchange for the 20 percent partnership interest. Section 721(b) does not apply to the transaction. However, *A* must recognize a gain of 8*x* dollars under section 731(a), determined as follows:

Portion of mortgage assumed by other partners treated as a distribution under section 752(b) (80% of 60*x* dollars):	48*x* dollars
Less adjusted basis to *A* of property contributed:	40*x* dollars
Gain recognized:	8*x* dollars

The adjusted basis of *A*'s partnership interest is reduced to zero (section 705(a)(2)), and is not increased under section 722 by the 8*x* dollars of gain recognized by A. Similarly, the basis of partnership property is not increased under section 723 by the 8*x* dollars of gain recognized by A.

HOLDING

The adjusted basis of a partnership interest is not increased under section 722 of the Code and the adjusted basis of partnership property is not increased under section 723 if the partner contributes encumbered property to a partnership and the partner recognizes gain under section 731(a) of the Code.

---

26 CFR 1.722-1: Basis of contributing partner's interest.
(Also Sections 61, 752, 1001; 1.61-6, 1.752-1, 1.1001-2.)

Partnerships; general and limited partner's basis; sale of partnership interest. Four situations illustrate the basis of a partner's general and limited partnership interest when a portion of the partnership interest is sold or exchanged.

Rev. Rul. 84-53

ISSUE

What are the tax consequences of the sale of a partnership interest in the situations described below?

FACTS

Situation 1

In 1978, *Y* was formed as a limited partnership under the Uniform Limited Partnership Act of State *N* for the purpose of investing and trading in stocks and securities. *Y* has a calendar taxable year. *A* contributed $50x to *Y* in exchange for a general partner interest, entitling *A* to a 50 percent interest in all partnership distributions and in partnership income, gain, loss, and deduction. *B* contributed $50x to *Y* in exchange for a limited partner interest, entitling *B* to a 50 percent interest in all partnership distributions and in partnership income, gain, loss, and deduction.

On January 1, 1980, when the stock and securities of *Y* had decreased in value from $100x to $64x, *B* sold to *A* one-half of *B*'s limited partner interest for $16x, which interest *A* holds as a limited partner.

On January 1, 1982, when the stock and securities of *Y* has risen in value from $64x (its 1980 value) to $120x, *A* sold to *C* one-half of *A*'s general partner interest for $30x. Immediately prior to the sale, *A*'s entire partnership interest had a fair market value of $90x and the transferred portion of the interest had a fair market value of $30x. Since formation, the partnership has made cash distributions in an amount equal to its total income (including tax-exempt income). Assume that all partnership allocations (in all situations) are valid, and that *A*, *B*, and *C* are unrelated parties.

Situation 2

The facts are the same as in *Situation* 1 except that, in 1981, *Y* borrowed $80x recourse which was invested in securities that became worthless on December 31, 1981. Furthermore, immediately prior to *A*'s sale to *C*, *A*'s entire partnership interest had a fair market value of $30x and the transferred portion of *A*'s interest had a fair market value of $10x.

Situation 3

The facts are the same as in *Situation* 2 except that, on January 1, 1982, *A* sold *A*'s entire limited partner interest to *C* for its fair market value of $10x (rather than one-half of *A*'s general partner interest).

Situation 4

The facts are the same as in *Situation* 1 except that, in 1981, *Y* borrowed $96x recourse which is invested in securities that became worthless on December 31, 1981. Furthermore, immediately prior to *A*'s sale to *C*, *A*'s entire partnership interest had a fair market value of $18x and the transferred portion of *A*'s interest had a fair market value of $6x.

LAW and ANALYSIS

Section 705 of the Internal Revenue Code provides rules for determining the adjusted basis of a partner's interest in a partnership.

Section 722 of the Code provides that the basis of an interest in a partnership acquired by a contribution of property equals the transferor partner's adjusted basis in the contributed property.

Section 752(a) of the Code provides that any increase in a partner's share of the partnership's liabilities is considered to be a contribution of money by the partner to the partnership.

Section 752(b) of the Code provides that any decrease in a partner's share of a partnership's liabilities is considered to be a distribution of money by the partnership to the partner.

Section 1.752-1(e) of the Income Tax Regulations provides rules for determining a partner's share of partnership liabilities with respect to both limited partnerships and general partnerships.

Section 752(d) of the Code provides that in the case of a sale or exchange of an interest in a partnership, liabilities shall be treated in the same manner as liabilities in connection with the sale or exchange of property not associated with partnerships.

Section 1.1001-2 of the regulations provides that the amount realized from a sale or other disposition of property includes the amount of liabilities from which the transferor is discharged as a result of the sale or disposition.

Section 1.61-6(a) of the regulations provides that when a part of a larger property is sold, the basis of the entire property shall be equitably apportioned among the several parts for purposes of determining gain or loss on the part sold.

Consistent with the provisions of Subchapter K of the Code, a partner has a single basis in a partnership interest, even if such partner is both a general partner and a limited partner of the same partnership. *See* Rev. Rul. 84-52, page 157, this Bulletin. Thus, for example, in applying the limitations of section 704(d) of the Code, losses allocated with respect to a partner's limited partner interest will be allowed so long as they do not exceed the partner's basis in the entire partnership interest.

Under section 1.61-6(a) of the regulations, when a partner makes a taxable disposition of a portion of an interest in a partnership, the basis of the transferred portion of the interest generally equals an amount which bears the same relation to the partner's basis in the partner's entire interest as the fair market value of the transferred portion of the interest bears to the fair market value of the entire interest. However, if such partnership has liabilities, special adjustments must be made to take into account the effect of those liabilities on the basis of the partner's interest.

In cases where the partner's share of all partnership liabilities does not exceed the adjusted basis of such partner's entire interest (including basis attributable to liabilities), the transferor partner shall first exclude from the adjusted basis of such partner's entire interest an amount equal to such partner's share of all partnership liabilities, as determined under section 1.752-1(e) of the regulations. A part of the remaining adjusted basis (if any) shall be allocated to the transferred portion of the interest ac-

cording to the ratio of the fair market value of the transferred portion of the interest to the fair market value of the entire interest. The sum of the amount so allocated plus the amount of the partner's share of liabilities that is considered discharged on the disposition of the transferred portion of the interest (under section 752(d) of the Code and section 1.1001-2 of the regulations) equals the adjusted basis of the transferred portion of the interest.

On the other hand, if the partner's share of all partnership liabilities exceeds the adjusted basis of such partner's entire interest (including basis attributable to liabilities), the adjusted basis of the transferred portion of the interest equals an amount that bears the same relation to the partner's adjusted basis in the entire interest as the partner's share of liabilities that is considered discharged on the disposition of the transferred portion of the interest bears to the partner's share of all partnership liabilities, as determined under section 1.752-1(e).

HOLDINGS

Situation 1

Prior to the sale of one-half of *B*'s limited partner interest to *A*, the adjusted basis of *B*'s entire partnership interest was $50x. Because the fair market value of the transferred portion of *B*'s interest ($16x) is one-half of the fair market value of *B*'s entire partnership interest ($32x), $25x (½ of $50x) of adjusted basis must be allocated to the interest transferred by *B*. *B* sustained a $9 loss ($16x − $25x) on the sale to *A*. The adjusted basis of the remainder of *B*'s partnership interest is $25x.

Prior to the sale of one-half of *A*'s general partner interest to *C*, the adjusted basis of *A*'s entire partnership interest was $66x. Because the fair market value of the transferred portion of *A*'s interest ($30x) is one-third of the fair market value of *A*'s entire partnership interest ($90x), $22x (⅓ of $66x) of the adjusted basis must be allocated to the portion of the interest transferred by *A*. *A* realizes an $8x gain ($30x − $22x) on the sale to *C*. The basis of the remainder of *A*'s partnership interest is $44x. The results would be the same to *A* if *A*, instead, sold to *C* the limited partner interest acquired earlier from *B*.

Situation 2

The tax consequences of *B*'s sale of one-half of *B*'s limited partner interest to *A* are identical to those described in *Situation* 1.

In 1981, *A*'s basis in *A*'s entire partnership interest was increase from $66x to $146x as a result of the $80x recourse borrowing (which increases only the basis of *A*, the sole general partner, under section 1.752-1(e) of the regulations and sections 752(a) and 722 of the Code) and was decreased to $86x as a result of the $60x loss allocated to *A* that year when the securities became worthless. Thus, prior to the sale of one-half of *A*'s general partner interest to *C*, the adjusted basis of *A*'s entire partnership interest was $86x. To take into account the effect of the liability sharing rules of section 1.752-1(e) of the regulations on *A*'s adjusted basis, $80x (*A*'s share of all partnership liabilities) is subtracted from $86x, leaving $6x. Because the fair market value of the transferred portion of *A*'s interest ($10x) is one-third of the fair market value of the entire interest ($30x), $2x (⅓ of $6x) of the remaining adjusted basis must be allocated to the transferred portion of *A*'s general partner interest. The sum of that amount ($2x) plus the amount of partnership liabilities from which *A* is discharged on the disposition of the transferred portion of A's general partner interest ($40), or $42x, equals the adjusted basis of the transferred portion of the interest. *A* realizes an $8x gain ($10x + $40x − $42x) on the sale to *C*. The basis of the remainder of *A*'s partnership interest is $44x ($86x − $42x).

Situation 3

The tax consequences of *B*'s sale of one-half of *B*'s limited partner interest to *A* are identical to those described in *Situation* 1.

As in *Situation* 2, prior to the sale of *A*'s limited partner interest to *C*, the adjusted basis of *A*'s entire partnership interest was $86x. To take into account the effect of the liability sharing rules of section 1.752-1(e) of the regulations on *A*'s adjusted basis, $80x (*A*'s share of all partnership liabilities) is subtracted from $86x, leaving $6x. Because of the fair market value of the transferred portion of *A*'s limited partner interest ($10x) is one-third of the fair market value of *A*'s entire interest ($30x), $2x (⅓ of $6x) of the remaining adjusted basis must be allocated to the transferred limited partner interest. The sum of that amount ($2x) plus the amount of partnership liabilities from which *A* is discharged on the disposition of the transferred limited partner interest ($0x), or $2x, equals the adjusted basis of the transferred portion of the interest. *A* realizes an $8x gain ($10x − $2x) on the sale to *C*. The basis of the remainder of *A*'s partnership interest is $84x ($86x − $2x).

Situation 4

The tax consequences of *B*'s sale of one-half of *B*'s limited partner interest to *A* are identical to those described in *Situation* 1.

In 1981, *A*'s basis in *A*'s entire partnership interest was increased from $66x to $162x as a result of the $96x recourse borrowing and was decreased to $90x as a result of the $72x loss allocated to *A* that year when the securities became worthless. Thus, prior to the sale of one-half of *A*'s general partner interest to *C*, the adjusted basis of *A*'s entire partnership interest was $90x. In this situation, *A*'s share of all partnership liabilities ($96x) exceeds the adjusted basis of *A*'s entire interest ($90x). Thus, the adjusted basis of the transferred portion of *A*'s general partner interest equals $45x, the amount which bears the same relation to A's adjusted basis in the entire interest ($90x) as the amount of partnership liabilities from which *A* is discharged on the disposition of the transferred portion of the general partner interest ($48x) bears to *A*'s share of all partnership liabilities ($96x). *A* realizes a $9x gain ($48x + $6x − $45x) on the sale of *C*. The basis of the remainder of *A*'s

partnership interest is $45x ($90x − $45x).

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953, SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES; PART 55—EXCISE TAX ON CERTAIN REAL ESTATE INVESTMENT TRUSTS

Real estate investment trusts and regulated investment companies

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to deficiency dividends paid by certain regulated investment companies (RICs) and real estate investment trusts (REITs). Changes to the applicable tax law were made by the Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1] and the Revenue Act of 1978 [Pub. L. 95-600, 1978-3 C.B. (Vol. 1) 1]. A RIC or REIT whose income is adjusted by a determination will be affected by the regulations.

DATES: The regulations apply to certain court decisions or other determinations occurring after October 4,

1976, for REITs, and after November 6, 1978, for RICs.

FOR FURTHER INFORMATION CONTACT: Michel A. Daze of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Ave., N.W., Washington, DC 20224, Attention: CC:LR:T (202-566-3458, not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains final amendments to the Income Tax Regulations (26 CFR Part 1) under section 860 of the Internal Revenue Code, which relates to deficiency dividends of RICs and REITs. These regulations were published in proposed form in the FEDERAL REGISTER on March 31, 1980 (45 FR 20925).

Section 1601 of the Tax Reform Act of 1976 (Pub. L. 94-455, 90 Stat. 1742) [1976-3 C.B. (Vol. 1) 1, 218] added a new section 859 to the Code. This section established a procedure by which a REIT could be relieved from the payment of a deficiency in (or be allowed a credit or refund with respect to) certain income taxes that are determined by taking into account the deduction for dividends paid. This procedure allows an additional deduction for dividends paid by a REIT after a determination with respect to its income tax liability. Subject to certain limitations, the deficiency dividend is included in the deduction for dividends paid for the taxable year to which the determination applies. A REIT that pays a deficiency dividend is subject to interest and penalties determined with respect to the amount of the deduction allowed. Section 859 applied to determinations with respect to REITs after October 4, 1976.

Section 362 of the Revenue Act of 1978 (Pub. L. 95-600, 92 Stat. 2848) [1978-3 C.B. (Vol. 1) 1, 82] extended the privilege of paying deficiency dividends to RICs, effective with respect to determinations after November 6, 1978. The 1978 Act also consolidated the deficiency divident provisions for both RICs and REITs into new section 860 of the Code.

A number of provisions in the proposed regulations substantially duplicated proposed regulations published in the FEDERAL REGISTER on July 7, 1978 (43 FR 29317), which dealt with the taxation of REITs and included rules for applying the deficiency dividend procedure of former section 859 to REITs. Since final REIT regulations were published on February 6, 1981 (46 FR 11254) [T.D. 7767, 1981-1 C.B. 82], the substance of many of the amendments proposed on March 31, 1980, has already been incorporated into the Income Tax Regulations. Where the REIT regulations and the proposed regulations differed on matters of style not affecting substance, these final regulations occasionally follow the language of the proposed regulations. The final regulations conform the REIT regulations to section 362 of the 1978 Act and provide rules for applying the deficiency dividend procedure to both RICs and REITs.

Prior to the 1978 Act, section 860 dealt with accounting periods for REITs. The 1978 Act amended the section and redesignated it as section 859. The REIT regulations, which did not reflect the changes made by the 1978 Act, added §1.860-1 to the Income Tax Regulations (§1.860-1 merely followed the language of former section 860). Because this Treasury decision does not provide rules under the new section 859, §1.860-1 has simply been removed.

COMMENTS

Only one comment was received that recommended a change in the regulations as proposed. This comment related to a RIC that has interest income that is excluded from gross income under section 103(a)(1) of the Code. In general, under section 852(a)(1)(B) a RIC which has exempt interest income must distribute dividends which equal or exceed 90 percent of the excess of the exempt interest over certain nondeductible expenses related to that interest. However, in order for a RIC to pay a deficiency dividend, section 860(d)(1) requires that there must be (1) an increase in its investment company taxable income (determined without the dividends paid deduction), (2) an increase in its undistributed net capital gain, or (3) a decrease in its deduction for dividends paid. Section 1.860-2(a)(1) of the proposed regulations provided that since an increase in tax exempt interest does not come within any of these categories, such an increase does not afford the RIC the opportunity to pay a deficiency dividend. This result obtains notwithstanding that the increase may result in the RIC's disqualification.

The commentator argued that the legislative history of section 860 makes clear that Congress enacted that section to ensure that a RIC would not be disqualified as the result of an audit adjustment increasing its income. The commentator urges that Congress intended this result to apply whether the adjusted "income" is exempt interest or other income subject to tax.

After careful consideration, the commentator's suggestion was not adopted. In the case of a RIC, section 860(d)(1)(A) requires an increase in undistributed investment company taxable income (or certain other adjustments not pertinent here) as a condition to the payment of a deficiency dividend. However investment company taxable income does not include exempt interest income. It is clear that Congress recognized this because section 852(a)(1) requires the RIC to distribute the *sum* of (1) 90 percent of its investment company taxable income (computed without the dividends paid deduction) and (2) 90 percent of the excess of its exempt interest income over certain nondeductible expenses related to that income. Moreover, in the "technical corrections" section of the 1978 Act, Congress amended the requirements for RIC status (section 851) to specifically provide that exempt interest income is to be treated as gross income in determining if 90 percent of

the RIC's gross income is from interest (or other qualified sources), and if its gain from certain short-term sales is less than 30-percent of its gross income. The amendments were considered necessary because without them a RIC investing all or most of its assets in tax-exempt obligations could fail to meet the 90-percent and 30-percent tests if it recognized a relatively small amount of nonqualifying income. (Report of the Committee on Ways and Means accompanying H.R. 6715 (H. Rep. No. 95-745, 95th Cong. 2nd Sess. (1978).) Congress, however, did not include a similar provision treating exempt interest as investment company taxable income for purposes of the deficiency dividend procedure.

Accordingly, the final regulations follow the explicit language of section 860(d)(1)(A) and adopt the rule, as proposed, that holds that an increase in exempt interest income is not an adjustment which affords a RIC the opportunity to pay a deficiency dividend.

CHANGE TO THE PROPOSED REGULATIONS

One minor substantive change is made to the regulations as proposed (in addition to stylistic changes not affecting substance and changes reflecting the final REIT regulations). As adopted, the final regulations make clear that the RIC or REIT does not have to distribute the full amount of the adjustment to its income in order to pay a deficiency dividend. Thus the RIC and REIT may pay the maximum amount of deficiency dividends allowed by section 860 or it may choose to pay a lesser amount.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Because the notice of proposed rulemaking for this regulation was filed with the Federal Register on March 31, 1980, no regulatory flexibility analysis is required.

PAPERWORK REDUCTION ACT

The collection of information requirements contained in these regulations have been submitted to the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these regulations is Duane H. Pellervo of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, Part 1 and Part 55 of Title 26 of the Code of Federal Regulations are amended as follows:

Paragraph 1. Section 1.46-4(b)(2) is amended as follows:

1. The fourth sentence of paragraph (b)(2) is amended to read as set forth below.

2. The fifth sentence of paragraph (b)(2) is amended by striking out "See section 859(d)" and inserting in lieu thereof "See section 860(f)".

§1.46-4 Limitations with respect to certain persons.

* * * * *

(b) Regulated investment companies and real estate investment trusts.***

(2) *** The amount of the deduction for dividends paid includes the amount of deficiency dividends (other than capital gains deficiency dividends) taken into account in computing investment company taxable income or real estate investment trust taxable income for the taxable year.***

* * * * *

Par. 2. Section 1.50B-5(b)(2) is amended as follows:

1. The fourth sentence of paragraph (b)(2) is amended to read as set forth below.

2. The fifth sentence of paragraph (b)(2) is amended by striking out "See section 859(d)" and inserting in lieu thereof "See section 860(f)".

§1.50B-5 Limitations with respect to certain persons.

* * * * *

(b) Regulated investment companies and real estate investment trusts.***

(2) *** The amount of the deduction for dividends paid includes the amount of deficiency dividends (other than capital gains deficiency dividends) taken into account in computing investment company taxable income or real estate investment trust taxable income for the taxable year.***

* * * * *

Par. 3. Section 1.316-1 is amended as follows:

1. The first sentence of paragraph (d) is amended by striking out "under section 859 (relating to deficiency dividends), was a real estate investment trust (within the meaning of section 856)" and inserting in lieu thereof "under section 860 (relating to deficiency dividends), was a regulated investment company (within the meaning of section 851), or a real estate investment trust (within the meaning of section 856)".

2. The first sentence of paragraph (d) is further amended by striking out "in section 859(d)" and inserting in lieu thereof "in section 860(f)".

3. Example (7) under paragraph (e) is amended as follows:

a. The second sentence of example (7) is amended by striking out "of section 859" and inserting in lieu thereof "of section 860", and by striking out "under section 859(d)" and inserting in lieu thereof "under section 860".

b. Example (7) is amended by adding a new sentence at the end thereof, to read as follows:

§1.316-1 Dividends.

* * * * *

(e) ***

Example (7). *** See section 316(b)(3).

Par. 4. Section 1.381(c)(25)-1 is amended as follows:

1. The heading of section 1.381(c)(25)-1 is amended by striking out "real estate investment trust" and inserting in lieu thereof "a qualified investment entity".

2. Paragraph (a)(1) is amended by striking out "a real estate investment trust (within the meaning of section 856, as in effect for the applicable tax year)" and inserting in lieu thereof "a qualified investment entity (within the meaning of section 860(b)).

3. Paragraph (a)(2) is amended as follows:

a. The first sentence of paragraph (a)(2) is amended by striking out "section 859(c)" and inserting in lieu thereof "section 860(e)".

b. The first sentence of paragraph (a)(2) is amended by inserting "852 (b)," between "56(a)," and "857 (b)(1)".

c. The first sentence of paragraph (a)(2) is amended by striking out "section 859" and inserting in lieu thereof "section 860".

d. The second sentence of paragraph (a)(2) is amended by striking out "section 859" and inserting in lieu thereof "section 860".

4. Paragraph (b) is amended by striking out "section 859(d)" in the first sentence and inserting in lieu thereof "section 860(f)".

5. Paragraph (c) is amended as follows:

a. The first and fourth sentences of paragraph (c) are amended by striking out "form" and inserting in lieu thereof "Form".

b. The second sentence of paragraph (c) is amended by striking out "paragraph (b)(2) of §1.859-2" and inserting in lieu thereof "§1.860-2(b)(2)".

Par. 5. Section 1.441-1(b)(3) is amended by striking out "see section 860 and §1.860-1" in the last sentence and inserting in lieu thereof "see section 859".

Par. 6. Section 1.442-1 is amended as follows:

1. Paragraph (a)(1) is amended by striking out "see section 860 and §1.860-1" in the last sentence and inserting in lieu thereof "see section 859".

2. Paragraph (c)(1) is amended by striking out "§1.860-1" in the first sentence and inserting in lieu "under section 859".

Par. 7. Section 1.852-4 is amended as follows:

1. Paragraph (c)(1) is amended by striking out "not later than 45 days (30 days for a taxable year ending before February 26, 1964) after the close of its taxable year" in the first sentence and inserting in lieu thereof "within the period specified in paragraph (c)(4) of this section".

2. Paragraph (c)(2) is amended by adding a new sentence at the end thereof, to read as set forth below.

3. A new paragraph (c)(4) is added after paragraph (c)(3), to read as set forth below.

§1.852-4 Method of taxation of shareholders of regulated investment companies.

* * * * *

(c) *Definition of capital gain dividend.****

(2) *Shareholder of record custodian of certain unit investment trusts.* *** If a notice under paragraph (c)(1) of this section is mailed within the 120-day period following the date of a determination pursuant to paragraph (c)(4)(ii) of this section, the 120-day period and the 130-day period following the date of the determination shall be substituted for the 45-day period and the 55-day period following the close of the regulated investment company's taxable year prescribed by this subparagraph (2).

* * * * *

(4) *Mailing of written notice to shareholders.* (i) Except as provided in paragraph (c)(4)(ii) of this section, the written notice designating a dividend or part thereof as a capital gain dividend must be mailed to the shareholders not later than 45 days (30 days for a taxable year ending before February 26, 1964) after the close of the taxable year of the regulated investment company.

(ii) If a determination (as defined in section 860(e)) after November 6, 1978, increases the excess for the taxable year of the net capital gain over the deduction for capital gains dividends paid, then a regulated investment company may designate all or part of any dividend as a capital gain dividend in a written notice mailed to its shareholders at any time during the 120-day period immediately following the date of the determination. The aggregate amount designated during this period may not exceed this increase. A dividend may be designated if it is actually paid during the taxable year, is one paid after the close of the taxable year to which section 855 applies, or is a deficiency dividend (as defined in section 860(f)), including a deficiency dividend paid by an acquiring corporation to which section 381(c)(25) applies. The date of a determination is established under §1.860-2(b)(1).

* * * * *

Par. 8. Section 1.856-0 is amended by striking out "Act of 1978" and inserting in lieu thereof "Act of 1978, other than the changes made by section 362 of the Act, relating to deficiency dividends".

Par. 9. Section 1.856-7(d) is amended as follows:

1. The first sentence of paragraph (d) is amended by striking out "(as defined in section 859(c))".

2. The third sentence is amended by striking out "§1.859-2(b)(1) (other than the second sentence and the last sentence of §1.859-2(b)(1)(iv)) shall apply" and inserting in lieu thereof "section 860(e) and §1.860-2(b)(1) (other than the second, third, and last sentences of §1.860-2(b)(1)(ii)) shall apply".

Par. 10. Section 1.856-9 is amended as follows:

1. Paragraph (a) is amended by striking out "(as defined in section 859(c))" in the third sentence and by adding a new sentence to the end thereof, to read as set forth below.

2. Paragraph (c) is amended as follows:

a. The second sentence of para-

graph (c) is amended by striking out "section 859(c)(1) or (2) shall be determined in accordance with section 859(c) and subdivision (i), (ii), or (iii) of §1.859-2(b)(1)" and inserting in lieu thereof "section 860(e)(1) or (2) shall be determined in accordance with section 860(e) and §1.860-2(b)(1)(i)".

b. The third sentence of paragraph (c) is amended by striking out "section 859(c)(3)" and inserting in lieu thereof "section 860(e)(3)".

3. Paragraph (e) is amended by striking out "section 859(c)(3)" in the first sentence and inserting in lieu thereof "section 860(e)(3)".

§1.856-9 Election with respect to property held for sale in a taxable year beginning before October 5, 1976.

(a) *In general.* *** For purposes of section 1608(d)(2) of the Tax Reform Act of 1976 and this section, the definition of "determination" in section 860(e) shall apply.

* * * * *

Par. 11. Section 1.857-6(f)(2) is amended as follows:

1. The first sentence of paragraph (f)(2) is amended by striking out "section 859(c)" and inserting in lieu thereof "section 860(e)".

2. The third sentence of paragraph (f)(2) is amended by striking out "section 859(d)" and inserting in lieu thereof "section 860(f)".

3. The last sentence of paragraph (f)(2) is amended by striking out "§1.859-2(b)(1)" and inserting in lieu thereof "§1.860-2(b)(1)".

Par. 12. Section 1.860-1 is removed and section 1.859-1 is redesignated as section 1.860-1 and revised to read as follows:

§1.860-1 Deficiency dividends.

Section 860 allows a qualified investment entity to be relieved from the payment of a deficiency in (or to be allowed a credit or refund of) certain taxes. "Qualified investment entity" is defined in section 860(b). The taxes referred to are those imposed by sections 852(b)(1) and (3), 857(b)(1) or (3), the minimum tax on tax preferences imposed by section 56 and, if the entity fails the distribution requirements of section 852(a)(1)(A) or 857(a)(1) (as applicable), the corporate income tax imposed by section 11(a) or 1201(a). The method provided by section 860 is to allow an additional deduction for a dividend distribution (that meets the requirements of section 860 and §1.860-2) in computing the deduction for dividends paid for the taxable year for which the deficiency is determined. A deficiency dividend may be an ordinary dividend or, subject to the limitations of sections 852(b)(3)(C), 857(b)(3)(C), and 860(f)(2)(B), may be a capital gain dividend.

Par. 13. Section 1.859-2 is redesignated as section 1.860-2 and revised to read as follows:

§1.860-2 Requirements for deficiency dividends.

(a) *In general*—(1) *Determination, etc.* A qualified investment entity is allowed a deduction for a deficiency dividend only if there is a determination (as defined in section 860(e) and paragraph (b)(1) of this section) that results in an adjustment (as defined in section 860(d)(1) or (2)) for the taxable year for which the deficiency dividend is paid. An adjustment does not include an increase in the excess of (i) the taxpayer's interest income excludable from gross income under section 103(a) over (ii) its deductions disallowed under sections 265 and 171(a)(2).

(2) *Payment date and claim.* The deficiency dividend must be paid on, or within 90 days after, the date of the determination and before the filing of a claim under section 860(g) and paragraph (b)(2) of this section. This claim must be filed within 120 days after the date of the determination.

(3) *Nature and amount of distribution.* (i) The deficiency dividend must be a distribution of property (including money) that would have been properly taken into account in computing the dividends paid deduction under section 561 for the taxable year for which tax liability resulting from the determination exists if the property had been distributed during that year. Thus, if the distribution would have been a dividend under section 316(a) if it had been made during the taxable year for which the determination applies, the distribution may qualify under sections 316(b)(3), 562(a), and 860(f)(1), even though the distributing corporation, trust, or association has no current or accumulated earnings and profits for the taxable year in which the distribution is actually made. The amount of the distribution is determined under section 301 as of the date of the distribution.

The amount of the deduction is subject to the applicable limitations under sections 562 and 860(f)(2). Thus, if the entity distributes to an individual shareholder property (other than money) which on the date of the distribution has a fair market value in excess of its adjusted basis in the hands of the entity, the amount of the deficiency dividend in the individual's hands for purposes of section 316(b)(3) is determined by using the property's fair market value on that date. Nevertheless, the amount of the deficiency dividend the entity may deduct is limited, under §1.562-1(a), to the adjusted basis of the property and the amount taxable to the individual as a dividend is determined by reference to the current and accumulated earnings and profits for the year to which the determination applies.

(ii) The qualified investment entity does not have to distribute the full amount of the adjustment in order to pay a deficiency dividend. For example, assume that in 1983 a determination with respect to a calendar year regulated investment company results in an increase of $100 in investment company taxable income (computed without the dividends paid deduction) for 1981 and no other change. The regulated investment company may choose to pay a deficiency dividend of $100 or of any lesser amount and be allowed a dividends paid deduction for 1981 for the amount of that deficiency dividend.

(4) *Status of distributor.* The cor-

poration, trust or association that pays the deficiency dividend does not have to be a qualified investment entity at the time of payment.

(5) *Certain definitions to apply.* For purposes of sections 860(d) (defining adjustment) and (f)(2) (limitations) the definitions of the terms "investment company taxable income," "real estate investment trust taxable income," and "capital gains dividends" in sections 852(b)(2), 857(b)(2), 852(b)(3)(C), and 857 (b)(3)(C) apply, as appropriate to the particular entity.

(b) *Determination and claim for deduction*—(1) *Determination.* For purposes of applying section 860(e), the following rules apply:

(i) The date of determination by a decision of the United States Tax Court, the date upon which a judgment of a court becomes final, and the date of determination by a closing agreement shall be determined under the rules in §1.547-2(b)(1)(ii), (iii), and (iv).

(ii) A determination under section 860(e)(3) may be made by an agreement signed by the district director or another official to whom authority to sign the agreement is delegated, and by or on behalf of the taxpayer. The agreement shall set forth the amount, if any, of each adjustment described in subparagraphs (A), (B), and (C) of section 860(d)(1) or (2) (as appropriate) for the taxable year and the amount of the liability for any tax imposed by section 11(a), 56(a), 852 (b)(1), 852(b)(3)(A), 857(b)(1), 857 (b)(3)(A), or 1201(a) for the taxable year. The agreement shall also set forth the amount of the limitation (determined under section 860(f)(2)) on the amount of deficiency dividends that can qualify as capital gain dividends and ordinary dividends, respectively, for the taxable year. An agreement under this subdivision (ii) which is signed by the district director (or other delegate) shall be sent to the taxpayer at its last known address by either registered or certified mail. If registered mail is used, the date of registration is the date of determination. If certified mail is used, the date of the postmark on the sender's receipt is the date of determination. However, if a dividend is paid by the taxpayer before the registration or postmark date, but on or after the date the agreement is signed by the district director (or other delegate), the date of determination is the date of signing.

(2) *Claim for deduction.* A claim for deduction for a deficiency dividend shall be made, with the requisite declaration, on Form 976 and shall contain the following information and have the following attachments:

(i) The name, address, and taxpayer identification number of the corporation, trust, or association;

(ii) The amount of the deficiency and the taxable year or years involved;

(iii) The amount of the unpaid deficiency or, if the deficiency has been paid in whole or in part, the date of payment and the amount thereof;

(iv) A statement as to how the deficiency was established (*i.e.*, by an agreement under section 860(e)(3), by a closing agreement under section 7121, or by a decision of the Tax Court or court judgment);

(v) Any date or other information with respect to the determination that is required by Form 976;

(vi) The amount and date of payment of the dividend with respect to which the claim for the deduction for deficiency dividends is filed;

(vii) The amount claimed as a deduction for deficiency dividends;

(viii) If the amount claimed as a deduction for deficiency dividends includes any amount designated (or to be designated) as capital gain dividends, the amount of capital gain dividends for which a deficiency dividend deduction is claimed;

(ix) Any other information required by the claim form;

(x) A certified copy of the resolution of the trustees, directors, or other authority authorizing the payment of the dividend with respect to which the claim is filed; and

(xi) A copy of any court decision, judgment, agreement, or other document required by Form 976.

(3) *Filing claim.* The claim, together with the accompanying documents, shall be filed with the district director, or director of the internal revenue service center, with whom the income tax return for the taxable year for which the determination applies was filed. In the event that the determination is an agreement with the district director (or other delegate) described in section 860(e)(3) and paragraph (b)(1)(ii) of this section, the claim may be filed with the district director with whom (or pursuant to whose delegation) the agreement was made.

(The reporting requirements of this section have been assigned OMB Control Number 1545-0045.)

Par. 14. Section 1.859-3 is redesignated as section 1.860-3 and revised to read as follows:

§1.860-3 Interest and additions to tax.

(a) *In general.* If a qualified investment entity is allowed a deduction for deficiency dividends with respect to a taxable year, under section 860(c)(1) the tax imposed on the entity by chapter 1 of the Code (computed by taking into account the deduction) for that year is deemed to be increased by the amount of the deduction. This deemed increase in tax, however, applies solely for purposes of determining the liability of the entity for interest under subchapter A of chapter 67 of the Code and for additions to tax and additional amounts under chapter 68 of the Code. For purposes of applying subchapter A of chapter 67 and chapter 68, the last date prescribed for payment of the deemed increase in tax is considered to be the last date prescribed for the payment of tax (determined in the manner provided in section 6601(b)) for the taxable year for which the deduction for deficiency dividends is allowed. The deemed increase in tax is considered to be paid as of the date that the claim for the deficiency dividend deduction described in section 860(g) is filed.

(b) *Overpayments of tax.* If a qualified investment entity is entitled to a credit or refund of an overpay-

ment of the tax imposed by chapter 1 of the Code for the taxable year for which the deficiency dividend deduction is allowed, then, for purposes of computing interest, additions to tax, and additional amounts, the payment (or payments) that result in the overpayment and that precede the filing of the claim described in section 860(g) will be applied against and reduce the increase in tax that is deemed to occur under section 860(c)(1).

(c) *Examples.* This section is illustrated by the following examples.

Example (1). Corporation X is a real estate investment trust that files its income tax return on a calendar year basis. X receives an extension of time until June 15, 1978, to file its 1977 income tax return and files the return on May 15, 1978. X does not elect to pay any tax due on installments. For 1977, X reports real estate investment trust taxable income (computed without the dividends paid deduction) of $100, a dividends paid deduction of $100, and no tax liability. Following an examination of X's 1977 return, the district director and X enter into an agreement which is a determination under section 860(e)(3). The determination is dated November 1, 1979, and increases X's real estate investment trust taxable income (computed without the dividends paid deduction) by $20 to $120. Thus, taking into account the $100 of dividends paid in 1977, X has undistributed real estate investment trust taxable income of $20 as a result of the determination. X pays a dividend of $20 on November 10, 1979, files a claim for a deficiency dividend deduction of this $20 pursuant to section 860(g) on November 15, 1979, and is allowed a deficiency dividend deduction of $20 for 1977. After taking into account this deduction, X has no real estate investment trust taxable income and meets the distribution requirements of section 857(a)(1). However, for purposes of section 6601 (relating to interest on underpayment of tax), the tax imposed by chapter 1 of the Code on X for 1977 is deemed increased by this $20, and the last date prescribed for payment of the tax is March 15, 1978 (the due date of the 1977 return determined without any extension of time). The tax of $20 is deemed paid on November 15, 1979, the date the claim for the deficiency dividend deduction is filed. Thus, X is liable for interest on $20, at the rate established under section 6621, for the period from March 15, 1978, to November 15, 1979. Also, for purposes of determining whether X is liable for any addition to tax or additional amount imposed by chapter 68 of the Code (including the penalty prescribed by section 6697), the amount of tax imposed on X by chapter 1 of the Code is deemed to be increased by $20 (the amount of the deficiency dividend deduction allowed), the last date prescribed for payment of such tax is March 15, 1978, and the tax of $20 is deemed to be paid on November 15, 1979. X, however, is not subject to interest and penalties for the amount of any tax for which it would have been liable under section 11(a), 56(a), 1201(a), or 857(b) had it not been allowed the $20 deduction for deficiency dividends.

Example (2). Assume the facts are the same as in example (1) except that the district director, upon examining X's income tax return, asserts an income tax deficiency of $4, based on an asserted increase of $10 in real estate investment trust taxable income, and no agreement is entered into between the parties. X pays the $4 on June 1, 1979, and files suit for refund in the United States District Court. The District Court, in a decision which becomes final on November 1, 1980, holds that X did fail to report $10 of real estate investment trust taxable income and is not entitled to any refund. (No other item of income or deduction is in issue.) X pays a dividend of $10 on November 10, 1980, files a claim for a deficiency deduction of this $10 on November 15, 1980, and is allowed a deficiency dividend deduction of $10 for 1977. Assume further that $4 is refunded to X on December 31, 1980, as the result of the $10 deficiency dividend deduction being allowed. Also assume that any assessable penalties, additional amounts, and additions to tax (including the penalty imposed by section 6697) for which X is liable are paid within 10 days of notice and demand, so that no interest is imposed on such penalties, etc. X's liability for interest for the period March 15, 1978, to June 1, 1979, is determined with respect to $10 (the amount of the deficiency dividend deduction allowed). X's liability for interest for the period June 1, 1979, to November 15, 1980, is determined with respect to $6, *i.e.*, $10 minus the $4 payment. X is entitled to interest on the $4 overpayment for the period described in section 6611(b)(2), beginning on November 15, 1980.

Par. 15. Section 1.859-4 is redesignated as section 1.860-4 and revised to read as follows:

§1.860-4 Claim for credit or refund.

If the allowance of a deduction for a deficiency dividend results in an overpayment of tax, the taxpayer, in order to secure credit or refund of the overpayment, must file a claim on Form 1120X in addition to the claim for the deficiency dividend deduction required under section 860(g). The credit or refund will be allowed as if on the date of the determination (as defined in section 860(e)) two years remained before the expiration of the period of limitations on the filing of claim for refund for the taxable year to which the overpayment relates.

(The reporting requirements of this section have been assigned OMB Control Number 1545-0045.)

Par. 16. A new section 1.860-5 is added to read as follows:

§1.860-5 Effective date.

(a) *In general.* Section 860 and §§1.860-1 through 1.860-4 apply with respect to determination after November 6, 1978.

(b) *Prior determination of real estate investments trusts.* Section 859 (as in effect before the enactment of the Revenue Act of 1978) [Pub. L. 95-600, 1978-3 C.B. (Vol. 1)1] applies to determinations with respect to real estate investment trusts occurring after October 4, 1976, and before November 7, 1978. In the case of such a determination, the rules in §§1.860-1 through 1.860-4 apply, a reference in this chapter 1 to section 86C (or to a particular provision of section 860) shall be considered to be a reference to section 859 (or to the corresponding substantive provision of section 859), as in effect before enactment of the Revenue Act of 1978, and "qualified investment entity" in §§1.381(c)25-1(a) and 1.860-1 through 1.860-3 means a real estate investment trust.

Par. 17. Section 55.4981-1 is amended by striking out "section 859(d)" in the fourth sentence and inserting in lieu thereof "section 860(f)".

This Treasury decision is issued under the authority contained in the following sections of the Internal Revenue Code of 1954: section 860(e) (92 Stat. 2849, 26 U.S.C. 860(e)); section 860(g) (92 Stat. 2850, 26 U.S.C. 860(g)); and section 7805 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 28, 1983.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on January 17, 1984, 8:45 a.m., and published in the issue of the Federal Register for January 18, 1984, 49 F.R. 2104)

Subchapter N.—Tax Based on Income from Sources Within or Without the United States
Part I.—Determination of Sources of Income

Section 861.—Income from Sources within the United States

26 CFR 1.861-1: Income from sources within the United States.

T.D. 7928

TITLE 26.—INTERNAL REVENUE CHAPTER I, SUBCHAPTER A, PART 1.—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Source of Income from Certain Leased Aircraft, Vessels, and Spacecraft

AGENCY: Internal Revenue Service, Treasury

ACTION: Final regulations.

SUMMARY: This document amends the Income Tax Regulations under section 861(e) of the Internal Revenue Code of 1954, relating to the source of income with respect to certain aircraft, vessels, and spacecraft that are or have been leased to a United States person. This amendment conforms the regulations to the amendment of section 861(e) by the Miscellaneous Revenue Act of 1980 [Pub. L. 96-605, 1980-2 C.B. 702]. This amendment will affect owners of such craft that are used outside the United States.

DATE: This amendment is effective for income with respect to craft that are first leased after December 28, 1980.

FOR FURTHER INFORMATION CONTACT: Mary Frances Pearson of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T, 202-566-3289, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On May 5, 1983, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 861 of the Internal Revenue Code of 1954 (48 FR 20244) [LR-57-81, 1983-1 C.B. 986]. These amendments were proposed to conform the regulations to changes made to section 861(e) by section 104 of the Miscellaneous Revenue Act of 1980 (94 Stat. 3523) [1980-2 C.B. 702, 730]. There were no written comments or requests for a public hearing. Therefore, the regulations are being published as they appeared in the notice of proposed rulemaking except for minor clarifying changes.

Section 861(e), as amended, provides that income with respect to aircraft, vessels, and spacecraft that are section 38 property (as defined in section 48) and that are manufactured or constructed in the United States will be treated as income from sources within the United States after the craft is leased to a United States person. Income with respect to a craft includes payments for use of the craft and gain on the sale or exchange of the craft. Section 861(e) alters the general statutory rules that (1) payments under a lease of personal property are considered to be from sources within the United States only if the leased property is used within the United States and (2) gain or loss on the sale or exchange of personal property is treated as from sources within the country in which the transfer of title takes place. Thus, this provision modifies the rules for determining the source of income with respect to certain craft that are used or sold outside the United States.

Section 861(e) does not apply if the lessor and the lessee are members of the same controlled group of corporations. For purposes of this section, if either the lessor or the lessee is a partnership at least 80 percent of which is owned by members of a controlled group of corporations, that partnership is considered to be a member of the controlled group.

Prior law applies to the income with respect to aircraft and vessels first leased on or before December 28, 1980. Those rules allowed taxpayers to elect to treat the subject income as from sources within the United States. The Miscellaneous Revenue Act of 1980 changed this treatment from elective to mandatory and expanded the scope of the provisions to include spacecraft. The statutory source rule was made mandatory to insure that the lease payments from a United States person to the lesser were subject to income taxation by some country. In this regard, see H.R. Rep. No. 96-1278, 96th Cong., 2d Sess. 24 (1980) [1980-2 C.B. 709]; S. Rep. No. 96-1036, 96th Cong., 2d Sess. 16-17 (1980) [1980-2 C.B. 723].

The regulations describe the craft covered by section 861(e) in §1.861-9A(b). The craft must be section 38 property, that is, property for which an investment tax credit is available. The regulations treat a craft as manufactured or constructed within the United States if at least 50 percent of the basis of the craft on the date it is leased to a United States person is attributable to value added within the United States.

The regulations require that later income with respect to a craft be treated as U.S. source income even after the craft is no longer leased to a United States person or the property ceases to be section 38 property. Under §1.861-9A(e) this treatment as U.S. source income also continues when the craft is transferred or distributed if the basis of the craft in the hands of the recipient is determined by reference to the basis it had in the hands of the transferor or distributor.

DRAFTING INFORMATION

The principal author of these regulations is Mary Frances Pearson of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

These regulations are not subject to the Regulatory Flexibility Act because they are interpretative and thus the notice and public comment procedure requirements of 5 U.S.C. 553 do not apply. The Commissioner of Internal Revenue has determined that these regulations are not subject to Executive Order 12291.

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 1 is amended as follows:

PART 1—[AMENDED]

Paragraph 1. Section 1.861-1(a)(4) is revised to read as follows:

§1.861-1 Income from sources within the United States.

(a) *Categories of income.* ***

(4) *Exceptions.* An owner of certain aircraft or vessels first leased on or before December 28, 1980, may elect to treat income in respect of these aircraft or vessels as income from sources within the United States for purposes of sections 861(a) and 862(a). See §1.861-9. An owner of certain aircraft, vessels, or spacecraft first leased after December 28, 1980, must treat income in respect of these craft as income from sources within the United States for purposes of section 861(a) and 862(a). See §1.861-9A.

* * * * *

Par. 2 Section 1.861-9 is amended as follows:

1. The title of the section is revised to read "Income from certain aircraft or vessels first leased on or before December 28, 1980.".

2. The second sentence of paragraph (a) is amended by adding after the word "date", the phrase "of aircraft or vessels first leased by the taxpayer on or before December 28, 1980".

3. A new paragraph (g)(6) is added immediately after paragraph (g)(5), the new paragraph to read as follows:

* * * * *

(g) ***

(6) *Revocation or termination after December 28, 1980.* The rules in paragraph (g)(1) through (g)(5) continue to apply with respect to any election made pursuant to this section even though the revocation or termination may occur after December 28, 1980.

Par. 3. Section 1.861-9A is added immediately after §1.861-9, to read as follows:

§1.861-9A. Income from certain craft first leased after December 28, 1980.

(a) *General rule.* If a taxpayer—

(1) Owns a qualified craft (as defined in paragraph (b) of this section),

(2) Leases such qualified craft after December 28, 1980, to a United States person that is not a member of the same controlled group of corporations as the taxpayer, and

(3) The lease is the taxpayer's first lease of the craft and the taxpayer is not considered to have made an election with respect to the craft under §1.861-9(e)(2),

then the taxpayer shall treat all amounts includible in gross income with respect to the qualified craft as income from sources within the United States for each taxable year ending after commencement of the lease. If this section applies to income with respect to a craft, it applies to all such amounts that are includible in the taxpayer's gross income, whether or not includible during or after the period of a lease to a United States person. Amounts derived by the taxpayer with respect to the qualified craft include any gain from the sale, exchange, or other disposition of the qualified craft. If this section applies to income with respect to a craft and there is a loss with respect to that craft (either due to the allowance of expenses and other deductions or due to a sale, exchange, or other disposition of the qualified craft), such loss is treated as allocable or apportionable to sources within the United States. The fact that a craft ceases to be section 38 property, ceases to be leased by the taxpayer to a United States person, or is leased or subleased for any period of time to a person who is not a United States person will not terminate the application of this section.

(b) *Qualified craft*—(1) *In general.* A qualified craft is a vessel, aircraft, or spacecraft that—

(i) Is section 38 property (or would be section 38 property but for section 48(a)(5), relating to use by governmental units), and

(ii) Is manufactured or constructed in the United States.

(2) *Vessel.* The term "vessel" includes every type of water craft capable of being used as a means of transportation on water, and any items of property that are affixed in a permanent fashion or are integral to the vessel. A vessel that is used predominantly outside the United States must be described in section 48(a)(2)(B)(iii) and §1.48-1(g)(2)(iii), relating to vessels documented for use in the foreign or domestic commerce of the United States, to be a qualified craft.

(3) *Aircraft.* An aircraft used predominantly outside the United States must be described in section 48(a)(2)(B)(i) and §1.48-1(g)(2)(i), relating to aircraft registered by the Administrator of the Federal Aviation Agency, and operated to and from the United States or operated under contract with the United States, to be a qualified craft.

(4) *Spacecraft.* A spacecraft must be described in section 48(a)(2)(B)(viii) and §1.48-1(g)(2)(viii), relating to communications satellites, or any interest therein, of a United States person, to be a qualified craft.

(5) *United States manufacture or construction.* A craft will be considered to be manufactured or constructed in the United States if 50 percent or more of the basis of the craft on the date of the lease to a United States person is attributable to value added within the United States.

(c) *United States person.* For purposes of this section, the term "United States person" includes those persons described in section 7701(a)(30) and individuals with respect to whom an election under section 6013(g) or (h) (relating to nonresident alien individuals married to United States citizens or residents) is in effect.

(d) *Controlled group.* For purposes of paragraph (a)(2) of this section, whether a taxpayer and a United States person are members of the same controlled group of corporations is determined under section 1563. Solely for purposes of this section, if at least 80% of the capital interest, or the profits interest, in a

partnership is owned, directly or indirectly, by a member or members of a controlled group of corporations, then the partnership shall be considered a member of that controlled group of corporations. In addition, if at least 80% of the capital interest, or the profits interest, in a partnership is owned, directly or indirectly, by a corporation, then the partnership and that corporation shall be considered members of a controlled group of corporations.

(e) *Certain transfers and distributions*—(1) *Transfers and distributions involving carryover of basis.* If—

(i) The income with respect to a craft is subject to this section.

(ii) The taxpayer transfers or distributes such craft, and

(iii) The basis of such craft in the hands of the transferee or distributee is determined by reference to its basis in the hands of the transferor or distributor,

then this section will apply to the income with respect to the craft includible in the gross income of the transferee or distributee. This paragraph (e)(1) applies even though the transferor or distributor recognizes an amount of gain that increases basis in the hands of the transferee or distributee and even though the transferee or distributee is a nonresident alien or foreign corporation. For example, if a corporation distributes a craft the income of which is subject to this section to its parent corporation in a complete liquidation described in section 332(b), the parent corporation will be treated as if it satisfied the requirements of paragraph (a) of this section with respect to such craft if the basis of property in the hands of the parent corporation is determined under section 334(b) (relating to the general rule on carryover of basis in liquidations). In further illustration, if a corporation distributes a craft the income of which is subject to this section, in a distribution to which section 301(a) applies, the distributee will be treated as if it satisfied the requirements of paragraph (a) of this section with respect to such craft if its basis is determined under section 301(d)(2) (relating to basis of corporate distributees) even though the basis may be the fair market value of the craft under section 301(d)(2)(A).

(2) *Partnerships.* If a partnership satisfies the requirements of paragraph (a)(1), (2), and (3) of this section, each partner shall treat all amounts includible in gross income with respect to the craft as income from sources within the United States for any taxable year of the partnership ending after commencement of the lease. In addition, if a partnership distributes a craft the income of which is subject to this section, to a partner, the partner will be treated as if he or she satisfied the requirements of paragraph (a) of this section with respect to such craft.

(3) *Affiliated groups.* If a member of a group of corporations that files a consolidated return transfers a craft, the income of which is subject to this section, to another member of that same group, the transferee will be treated as if it satisfied the requirements of paragraph (a) of this section with respect to the craft.

Par. 4. Section 1.862-1(c) is revised to read as follows:

§1.862-1 Income specifically from sources without the United States.

* * * * *

(c) *Income from certain property.* For provisions permitting a taxpayer to elect to treat amounts of gross income attributable to certain aircraft or vessels first leased on or before December 28, 1980, as income from sources within the United States which would otherwise be treated as income from sources without the United States under paragraph (a) of this section, see §1.861-9. For provisions requiring amounts of gross income attributable to certain aircraft, vessels, or spacecraft first leased by the taxpayers after December 28, 1980, to be treated as income from sources within the United States which would otherwise be treated as income from sources without the United States under paragraph (a) of this section, see §1.861-9A.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 2, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

26 CFR 1.861-8: Computation of taxable income from sources within the United States and from other sources and activities.
(Also Section 882; 1.882-5.)

T.D. 7939

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A,—PART I—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Allocation and Apportionment of Deductions

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains amendments to the Income Tax Regulations relating to the allocation and apportionment of deductions for purposes of computing taxable income from sources within the United States and taxable income from other sources. Prior to these amendments, the rules for allocation and apportionment of deductions contained in §1.861-8 and §1.882-5 applied only for taxable years beginning after December 31, 1976. These amendments provide taxpayers the option to apply the rules in §1.861-8 or §1.882-5 to taxable years beginning before January 1, 1977.

DATE: The changes made by this Treasury decision are effective for taxable years beginning after December 31, 1953.

FOR FURTHER INFORMATION CONTACT: Charles Saverude of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T (LR-215-78), or call 202-566-3289 (not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On August 30, 1982, the FEDERAL REGISTER published a proposed amendment to the Income Tax Regulations (26 CFR Part 1) under section 861(b) of the Internal Revenue Code of 1954 (47 FR 38149) [LR-215-78, 1982-2 C.B. 875]. The amendment proposed was a revision of the effective date provision of §1.861-8 to permit a taxpayer to apply the rules of §1.861-8(e) to taxable years beginning before January 1, 1977. Written comments were received on the proposed amendment, but a public hearing was not requested. The proposed amendment is adopted in this Treasury decision but modified to apply to all of the rules of §1.861-8 instead of only the rules of paragraph (e) of that section. In addition, the effective date of §1.882-5, relating to apportionment of interest expenses of foreign corporations for purposes of determining the taxable income of such corporations connected with a U.S. trade or business, is modified to permit a taxpayer to apply the rules of §1.882-5 to taxable years beginning before January 1, 1977.

EXPLANATION OF PROVISIONS

Section 1.861-8 provides rules for the allocation and apportionment of deductions. This allocation and apportionment may be necessary to compute taxable income from specific sources or activities in order to apply a separate operative section of the Internal Revenue Code of 1954.

Prior to amendment by this Treasury decision, §1.861-8 was effective for taxable years beginning after December 31, 1976. For taxable years beginning before January 1, 1977, the process of allocation and apportionment of deductions was governed by those rules formerly under §1.861-8 which were in effect on October 23, 1957 (T.D. 6258) [1957-2 C.B. 368], as amended on August 22, 1966 (T.D. 6892) [1966-2 C.B. 291] and on September 29, 1975 (T.D. 7378) [1975-2 C.B. 272]. Therefore, the taxpayer was required to allocate and apportion deductions for those taxable years on a basis which was supportable under §1.861-8 as in effect for those years. For this purpose, the past, supportable practices of the taxpayer for allocation and apportionment of deductions were taken into account.

Pursuant to this Treasury decision, paragraph (a)(5) of present §1.861-8 is revised to give taxpayers the option to apply the rules of present §1.861-8 to open taxable years beginning before January 1, 1977. The amendment proposed on August 30, 1982, would have applied only to the rules of paragraph (e) of §1.861-8. This Treasury decision has modified the amendment to make it apply to all of the rules of §1.861-8. The rules of §1.861-8 may be applied on a deduction-by-deduction basis if the rules are applied consistently to all taxable years beginning before January 1, 1977, with respect to which action by the Internal Revenue Service is not barred.

Section 1.882-5 sets forth the methods to be used by a foreign corporation in computing the amount of interest expense it may deduct from its gross income effectively connected with a U.S. trade or business. Prior to amendment by this Treasury decision, §1.882-5 was effective for periods after February 6, 1981 or, at the option of the taxpayer, to taxable years beginning after the last taxable year ending before February 6, 1981, or at the further option of the taxpayer, to open taxable years beginning after 1976. For taxable years beginning before January 1, 1977, the process of allocation and apportionment of interest expense was governed by §1.861-8. A comment was received which recommended that foreign corporate taxpayers also be permitted to apply the rules of §1.882-5 to taxable years beginning before January 1, 1977. That suggestion has been adopted in this Treasury decision.

REGULATORY FLEXIBILITY ACT

The Internal Revenue Service has concluded that these regulations are interpretative and thus the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, these regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. Chapter 6).

REGULATORY IMPACT ANALYSIS

Pursuant to Executive Order 12291, a final regulatory impact analysis has been prepared with respect to these regulations and is available for public inspection and copying at the Internal Revenue Service, Room 4429, 1111 Constitution Avenue, N.W., Washington, D.C. 20224.

DRAFTING INFORMATION

The principal author of these final regulations is Herman B. Bouma of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * * *

Adoption of amendments to the regulations

The following amendments to 26 CFR Part 1 are hereby adopted:

Paragraph 1. Paragraph (a)(5) of §1.861-8 is revised to read as follows:

§1.861-8 Computation of taxable income from sources within the United States and from other sources and activities.

(a) *In general.* ***

(5) *Effective date*—(i) *Taxable*

years beginning after December 31, 1976. The provisions of this section apply to taxable years beginning after December 31, 1976.

(ii) *Taxable years beginning before January 1, 1977.* For taxable years beginning before January 1, 1977, §1.861-8 applies as in effect on October 23, 1957 (T.D. 6258) [1957-2 C.B. 368], as amended on August 22, 1966 (T.D. 6892) [1966-2 C.B. 291] and on September 29, 1975 (T.D. 7378) [1975-2 C.B. 272]. The specific rules for allocation and apportionment of deductions set forth in this section may, at the option of the taxpayer, apply to those taxable years on a deduction-by-deduction basis if the rules are applied consistently to all taxable years with respect to which action by the Internal Revenue Service is not barred by any statute of limitations. Thus, for example, a calendar year taxpayer may choose to have the rules of paragraph (e)(2) of this section apply for the allocation and apportionment of all interest expenses for the two taxable years ending December 31, 1975 and 1976, which are open years under examination, and may justify the allocation and apportionment of all research and development expenses for those years on a basis supportable under §1.861-8 as in effect for 1975 and 1976 without regard to the rules of paragraph (e)(3) of this section.

* * * * * *

Par. 2. Paragraph (d) of §1.882-5 is revised to read as follows:

§1.882-5 Determination of interest.

* * * * * *

(d) *Effective date.* This section applies to periods after February 6, 1981, or, at the option of the taxayer, to:

(1) Taxable years beginning after the last taxable year ending before February 6, 1981, or

(2) All open taxable years beginning after 1976, or

(3) All open taxable years.

This Treasury decision is issued under the authority contained in sections 882(c) and 7805 of the Internal Revenue Code of 1954 (80 Stat. 1556; 26 U.S.C. 882(c) and 68A Stat. 917; 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved January 16, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on February 2, 1984, 8;45 a.m., and published in the issue of the Federal Register for February 3, 1984, 49 F.R. 4206)

Section 862.—Income From Sources Without the United States

26 CFR 1.862-1: Income specifically from sources without the United States.

Income source; payment received from foreign corporation for broadcasting right. The payment received by a domestic corporation from a foreign corporation in exchange for the exclusive or non-exclusive right to broadcast a live boxing match, to take place in the U.S. via closed circuit television, to an audience in the foreign country in which the foreign corporation is incorporated, is foreign source income under section 862(a)(4) of the Code.

Rev. Rul. 84-78

ISSUE

Whether the amount that a domestic corporation receives from a foreign corporation for the right to broadcast a live boxing match taking place in the United States via closed circuit television only in the country in which the foreign corporation is incorporated is foreign source income under the circumstances described below.

FACTS

Situation 1. A domestic corporation, *Y*, obtained from the contestants in a prize fight, which will take place in the United States, the exclusive rights to broadcast the fight live and to record the broadcast for subsequent viewing. *Y* entered into a contract with *FX*, a foreign corporation incorporated in foreign country *FC*. The contract provides that for a stipulated lump-sum payment to be paid by *FX* to *Y*, *FX* will have the right to broadcast the prize fight via closed circuit television only to an audience in *FC*. The payment that *Y* receives from *FX* under the contract is to be refunded to *FX* if the fight is cancelled for any reason. The broadcast and the simultaneous recording of the broadcast will be protected under the copyright laws of Title 17 of the United States Code (1976 and Supp. 1979). The broadcast right that *Y* transfers to *FX* is nonexclusive, and the duration of such right is only for the live showing of the fight. *FX*'s right to broadcast the prize fight does not include recording rights for subsequent viewing. The contract is negotiated, executed and the consideration is paid in the United States.

Situation 2. The facts are the same as in Situation 1, except that *Y* transfers to a foreign corporation, *FXB*, incorporated in foreign country *FCB*, a broadcasting right in the specified prize fight that is exclusive and exercisable only in *FCB*.

LAW AND ANALYSIS

Section 861(a)(3) of the Internal Revenue Code provides that, subject to certain exceptions not relevant here, compensation for labor or personal services performed in the United States will be treated as income from sources within the United States.

Section 861(a)(6) of the Code provides that gains, profits, and income derived from the purchase of personal property without the United States and its sale or exchange within the United States is income from sources within the United States.

Section 1.861-7 of the Income Tax Regulations provides that gains, profits, and income derived from the purchase and sale of personal property shall be treated as derived entirely from the country in which the property is sold.

Section 862(a)(4) of the Code provides that rentals or royalties for the use of or for the privilege of using

without the United States copyrights and other like properties shall be treated as income from sources without the United States.

In Rev. Rul. 74-555, 1974-2 C.B. 202, a nonresident alien taxpayer executed a contract with a domestic corporation which gave the corporation the exclusive right to publish in the United States all books, and long and short stories written by the taxpayer. The revenue ruling holds that the payments received by the taxpayer under the contract are royalties for the use of, or for the privilege of using, copyrights in the United States and are not compensation for labor or personal services because the contract did not give the corporation any control over what the taxpayer was to write or when it was to be written, but merely the right to publish any books or stories that were written.

Rev. Rul. 54-409, 1954-2 C.B. 174, holds that a copyright is divisible into separate properties, and that if the owner of a copyright granted to another the exclusive right to exploit the copyrighted work in a particular medium throughout the life of the copyright, then the consideration received for the use of the copyright would be treated as proceeds from the sale of property as long as this consideration was not received in certain periodic forms which were regarded as characteristic of royalty payments. Rev. Rul. 60-226 modified this position by providing that the sale result reached in Rev. Rul. 54-409 would hold regardless of the form of the consideration paid for the right to use the copyright. Although the holding of Rev. Rul. 60-226 has been overridden in part by statute in the case of certain forms of consideration (see section 871(e) of the Code), the ruling remains applicable in the present case.

The source of the payment received by *Y* in exchange for the grant of the right to broadcast the prize fight as United States or foreign income is dependent upon whether the characterization of the income is compensation for labor or personal services, income derived from the sale of personal property, or royalties for the use of or for the privilege of using a copyright or other like property, or some other type of income.

Situation 1. The contract entered into between *Y* and *FX* does not give *FX* any control over when or where the prize fight will take place or how the arrangements for the fight will be made, nor does it confer any legal rights over the contestants in the fight; it merely gives *FX* the right to broadcast the fight if it occurs. Further, the activities of *Y* are not exclusively performed for the benefit of *FX*, such that *FX* would own the product of *Y*'s labor. *See Ingram v. Bowers*, 57 F.2d 65 (2d Cir. 1932) *aff'q*. 47 F.2d 925 (S.D.N.Y. 1931). Accordingly, the payment received by *Y* is not compensation for labor or personal services.

The broadcasting right that *Y* transfers to *FX* is not exclusive, and the duration of such right is not for the remaining life of *Y*'s copyright, but is only for the live broadcast of the specified prize fight. *FX* cannot exploit the broadcast for the life of the copyright since it has no recording rights. The payment that *Y* receives from *FX* for such right, therefore, is not income derived from the sale of personal property. Rev. Ruls. 54-509 and 60-226. The payment that *Y* receives from *FX* for such right is for the use of, or for the privilege of using, a copyright without the United States.

Situation 2. Although the broadcasting right that *Y* transfers to *FXB* is exclusive, the duration of such right is not for the remaining life of *Y*'s copyright, but is limited only to the live broadcast of the specified prize fight. Because the broadcasting right that *Y* transfers is for less than the remaining life of *Y*'s copyright, the payment that *Y* receives from *FXB* for such right is not income derived from the sale of personal property, even though the right is for the exclusive use of *FXB*. *See* Rev. Ruls. 54-409 and 60-226, and *Pickren v. United States*, 249 F. Supp. 560 (M.D. Fla. 1965), *aff'd*, 378 F.2d 595 (5th Cir. 1967), in which the court held that the grant of exclusive rights in secret formulas and trade names for less than the remaining lives of such properties did not constitute a sale. The payment that *Y* receives from *FXB* for the broadcasting right is for the use of, or for the privilege of using, a copyright without the United States. *See also Oak Manufacturing Co. v. United States*, 301 F.2d 259 (7th Cir. 1962).

HOLDINGS

Situation 1. The payment that *Y* receives from *FX* is foreign source income under section 862(a)(4).

Situation 2. The payment that Y receives from *FXB* is foreign source income under section 862(a)(4).

Section 864.—Definitions

26 CFR 1.864-4: U.S. source income effectively connected with U.S. business

T.D. 7958

TITLE 26.—INTERNAL REVENUE.—CHAPTER 1, SUBCHAPTER A, PART I.—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Effectively Connected Income of Foreign Corporations—Stock or Securities Attributable to U.S. Office

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulation.

SUMMARY: This document provides a final regulation under section 864(c)(2) of the Internal Revenue Code of 1954, relating to the definition of U.S. source periodical income effectively connected with the conduct of a banking, financing, or similar business within the United States by a foreign corporation or nonresident alien individual. The regulation provides guidance to foreign banks with U.S. branch offices and to officers and employees of the Internal Revenue Service with respect to taxation of U.S. source interest and dividend income of foreign banks.

EFFECTIVE DATE: This regulation is effective for income includible in taxable years beginning on or after June 18, 1984, except that income received or accrued under a loan made by the taxpayer on or before or pursuant to a written binding commitment entered into on or before May 18, 1984, shall be governed by prior regulations.

FOR FURTHER INFORMATION CONTACT: Mary Frances Pearson of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC: LR:T, 202-566-3289, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On November 4, 1982, the FEDERAL REGISTER published a proposed amendment to the Income Tax Regulations (26 CFR Part 1) under section 864(c)(2) of the Internal Revenue Code of 1954 (47 FR 49981). The amendment was proposed to conform the regulations to the legislative history of section 864(c)(2) and to prevent foreign banks from avoiding all U.S. tax on interest income generated by their U.S. branches. After consideration of all comments regarding the proposed amendment, that amendment is adopted as revised by this Treasury decision.

DISCUSSION

Nonresident alien individuals and foreign corporations are subject to U.S. tax under section 1 or section 11 on net income effectively connected with the conduct of a trade or business in the United States. Section 864(c) provides two tests for determining whether U.S. source fixed or determinable income and capital gains are effectively connected with the conduct of a U.S. trade or business. One test is whether the income is derived from assets used or held for use in the U.S. trade or business. The second test is whether the activities of the U.S. trade or business are a material factor in the realization of the income.

Section 1.864-4(c)(5) of existing regulations provides special rules for determining whether U.S. source fixed or determinable income and capital gains are effectively connected with a U.S. banking, financing, or similar business. Under §1.864-4(c)(5)(ii), if the stock or security giving rise to the U.S. source income, gain, or loss is attributable to the U.S. office and the stock or security meets the criteria set forth in §1.864-4(c)(5)(ii)(*a*) or (*b*), the income, gain, or loss is effectively connected with the U.S. banking, financing, or similar business. Currently, a stock or security (including a note and other evidences of indebtedness) is attributable to a U.S. office only if (1) the U.S. office actively participates in the activities required to arrange the acquisition of the stock or security, and (2) the stock or security is held by or for the U.S. office and is recorded on its books and records.

The requirement that the stock or security be "booked" in the U.S. office in order for the income, gain, or loss arising from it to be effectively connected with the U.S. trade or business could be considered to be contrary to the legislative history of section 864(c)(2). H.R. Rep. No. 1450, [1966-2 C.B. 967] 89th Cong., 2d Sess. 15 (1966); S. Rep. No. 1707, [1966-2 C.B. 1059] 89th Cong., 2d Sess. 19 (1966). This "booking" rule also provides a method for avoiding all U.S. tax on income generated solely by the efforts of the U.S. office in some circumstances.

The proposed amendment to §1.864-4(c)(5)(iii) published on November 4, 1982, [1982-2 C.B. 877] would continue to require the U.S. office to be an active participant in soliciting, negotiating, or performing other activities necessary to acquire the stock or security in order for the resulting income, gain, or loss to be effectively connected with the U.S. banking business. However, whether the stock or security is "booked" in the U.S. office would no longer be a determinative factor, but would be one factor to be considered in determining if the U.S. office was an active participant.

The amendment to the regulations has been modified in response to comments. One comment asked what importance would be placed on "booking" as a factor in determining whether a stock or security was attributable to a U.S. office. To clarify that the office in which a stock or security is "booked" is not controlling, that factor has been added to those of limited importance listed in §1.864-4(c)(5)(iii)(*b*).

Other comments suggested that the standard for attribution of stock or securities to a U.S. office had been changed by the deletion of the word "only" before the active participation test. No such change was intended and the active participation of the U.S. office continues to be required in order for the stock or security to be attributed to the U.S. office. To avoid confusion, the word "only" has been reinserted in the final regulation.

Several comments also requested guidance on the level of activities of the U.S. office that would constitute "active participation". To clarify that incidental activities would not result in attribution of the stock or security to the U.S. office, the final regulations require active and material participation in the activities necessary to acquire the stock or security.

In response to comments requesting guidance through an example and asking if the conclusion of Revenue Ruling 75-253, 1975-1 C.B. 203, would be applied to similar facts involving U.S. source income, an example has been added to §1.864-4(c)(5)(vii) based generally on the fact situation in Rev. Rul. 75-253.

Two comments were critical of the proposed effective date to the extent the amendment would be applied to income arising from loans made by the taxpayer prior to publication of the notice of proposed rulemaking, as the terms of such loans were negotiated on the basis of the regulation then in effect. The effective date of

the final regulation has been modified so that the amendment will not apply to income from loans made by the taxpayer on or before May 18, 1984, or pursuant to a written binding commitment entered into on or before May 18, 1984. The amendment is effective for other income includible by the taxpayer in taxable years beginning on or after June 18, 1984.

Two comments requested that the regulation adopt a rule that if stock or securities are booked in the U.S. office, they will be attributed to the U.S. office. This suggestion was not adopted, as the rationale for the active and material participation test is that a sufficient nexus must exist between the income and the activities of the U.S. office in order for the income to be effectively connected with a U.S. trade or business and to be taxed on a net basis.

One comment requested assurance that the amendment would not affect the tax treatment of U.S. source income of foreign banks that have U.S. representative offices but do not have a banking, financing, or similar business in the United States. As §1.864-4(c)(5) only applies to U.S. source income of a nonresident alien individual or foreign corporation engaged in a banking, financing, or similar business in the United States, no modification of the amendment is necessary.

Comments relating to other regulation provisions were also received. These suggested changes were outside the scope of the notice of proposed rulemaking and, therefore, were not adopted in this Treasury decision.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

The amendment to the regulations proposed by the notice of proposed rulemaking published on November 4, 1982, [1982-2 C.B. 877] and adopted by this Treasury decision is interpretative. Therefore, the Regulatory Flexibility Act (5 U.S.C. chapter 6) did not apply to the notice of proposed rulemaking. The Commissioner of Internal Revenue has determined that this final regulation is not subject to Executive Order 12291.

DRAFTING INFORMATION

The principal author of this regulation is Mary Frances Pearson of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing this regulation, both on matters of substance and style.

LIST OF SUBJECTS IN 26 CFR §§1.861-1 through 1.997-1

Income taxes, Aliens, Exports, DISC, Foreign investment in U.S., Foreign tax credit, Sources of income, United States investments abroad.

Adoption of amendments to the regulations.

Accordingly, 26 CFR Part 1 is amended as follows:

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Section 1.864-4 is amended by revising paragraph (c)(5)(iii) and by adding Example (5) immediately after Example (4) of paragraph (c)(5)(vii), the revised and added provisions to read as follows:

§1.864-4 U.S. source income effectively connected with U.S. business.

* * * * *

(c) *Fixed or determinable income and capital gains*—***

(5) *Special rules relating to banking, financing, or similar business activity*—***

(iii) *Stocks or securities attributable to U.S. office*—(*a*) *In general.* For purposes of paragraph (c)(5)(ii) of this section, a stock or security shall be deemed to be attributable to a U.S. office only if such office actively and materially participated in soliciting, negotiating, or performing other activities required to arrange the acquisition of the stock or security. The U.S. office need not have been the only active participant in arranging the acquisition of the stock or security.

(*b*) *Exceptions.* A stock or security shall not be deemed to be attributable to a U.S. office merely because such office conducts one or more of the following activities:

(*1*) Collects or accounts for the dividends, interest, gain, or loss from such stock or security,

(*2*) Exercises general supervision over the activities of the persons directly responsible for carrying on the activities described in paragraph (c)(5)(iii)(*a*) of this section,

(*3*) Performs merely clerical functions incident to the acquisition of such stock or security,

(*4*) Exercises final approval over the execution of the acquisition of such stock or security, or

(*5*) Holds such stock or security in the United States or records such stock or security on its books or records as having been acquired by such office or for its account.

(*c*) Effective date. This paragraph (c)(5)(iii) shall be effective for income includible in taxable years beginning on or after June 18, 1984, except that 26 CFR §1.864-4(c)(5)(iii) as it appeared in the Code of Federal Regulations revised as of April 1, 1983, shall apply to income received or accrued under a loan made by the taxpayer on or before May 18, 1984 or pursuant to a written binding commitment entered into or before May 18, 1984.

* * * * *

(vii) Illustrations. ***

Example (5). Foreign corporation *Y*, which is created under the laws of foreign country X and is engaged in the active conduct of a banking business in country X and other foreign countries, has a branch, *C*, in the United States that is engaged in the active conduct of a banking business in the United States, within the meaning of paragraph (c)(5)(i) of this section, during the taxable year. *C* handles the negotiation and acquisition of securities involved in loans made by *Y* to U.S. persons. *C* also presents interest coupons with respect to such securities for payment, presents all

such securities for payment at maturity, and maintains complete photocopy files with respect to such securities. The activities of the office of *Y* in country X with respect to these securities consist of giving pro forma approval of the loans, storing the original securities, and recording the securities on the books of the country X office. Pursuant to paragraphs (c)(5)(ii) and (c)(5)(iii) of this section, the U.S. source interest income received by *Y* during the taxable year on these securities is effectively connected for such year with the active conduct by *Y* of a banking business in the United States.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. §7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved: August 18, 1983.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on May 17, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 18, 1984, 49 F.R. 21051)

---

26 CFR 1.864-4: U.S. source income effectively connected with U.S. business.

Whether a taxpayer can elect the provisions of the Internal Revenue Code with respect to a loss that is effectively connected with the conduct of a trade or business in the United States and generated by one business activity while in the same taxable year elect the provisions of a tax convention with respect to the taxability of effectively connected gain generated by an independent business activity, so that the loss can be used to offset the gain. See Rev. Rul. 84-17, page 308.

Subpart B.—Foreign Corporations

Section 882.—Tax on Income of Foreign Corporations Connected with United States Business

26 CFR 1.882-5: Determination of interest deduction.

Effective date of rules relating to the apportionment of interest expenses is modified. See T.D. 7939, page 171.

Subpart C.—Miscellaneous Provisions

Section 892.—Income of Foreign Governments and of International Organizations

26 CFR 1.892-1: Income of foreign governments.

Foreign government agency; pension trust; income received from U.S. investments. Dividend and interest income received on certain U.S. investments by a pension trust established by an agency of a foreign government is not exempt from federal income tax under section 892 of the Code because the pension trust is not established exclusively for employees of the foreign government.

Rev. Rul. 84-28

ISSUE

Whether the income received by a pension trust on certain United States investments is exempt from federal income taxation under section 892 of the Internal Revenue Code if nongovernmental employees are participants in the plan.

FACTS

A is an agency of foreign country, *FC*. *A* is an integral part of a foreign sovereign within the meaning of section 1.892-1(b)(2) of the Income Tax Regulations.

A has established a pension trust (Fund) for the benefit of its employees. The Fund, a defined benefit plan, provides definitely determinable benefits to its members. The Fund is administered by *A*'s fiscal director. The income of the Fund is used solely to satisfy the obligation of *A* to participants in the Fund. The Fund's investments in the United States include only stocks and securities of certain United States corporations with regard to which the Fund receives dividend and interest income.

X, a not-for-profit corporation incorporated under the laws of *FC*, was established to provide certain social services to the residents of *FC*. In 1981 *A* admitted employees of *X* as participants in the Fund. Thus, *X* began making contributions to the Fund on behalf of its employees. *X* is neither an integral part of a foreign sovereign within the meaning of section 1.892-1(b)(2) of the regulations nor a controlled entity within the meaning of section 1.892-1(b)(3).

LAW AND ANALYSIS

Section 892 of the Code excludes from gross income and exempts from income taxation the income of foreign governments received from investments in the United States in stocks, bonds, and other domestic securities, from interest on United States bank deposits, and certain income from any other source within the United States.

Section 1.892-1(b)(1) of the regulations states, for the purposes of this section, that a foreign government consists only of integral parts or controlled entities of a foreign sovereign to the extent not engaged in commercial activities in the United States.

Section 1.892-1(b)(4) of the regulations provides that a pension trust established exclusively for employees, or former employees, of a foreign government is a controlled entity if certain requirements are met. These requirements are that the funds that comprise the trust are managed by trustees who are employees of, or persons appointed by, the foreign government and that the trust forming a part of the pension plan provides definitely determinable benefits (defined benefit plan) so that it may be concluded that the income of the trust satisfies the obligations of the foreign government to participants under the plan, rather than inuring to the benefit of a private person.

Since nongovernmental employees were admitted as participants in the Fund in 1981, the Fund can no longer be viewed as established exclusively for the benefit of employees, or former employees, of a foreign government. Therefore, the Fund is not a controlled entity and the dividend and interest income it receives from United States corporations is not exempt from taxation under section 892 of the Code.

HOLDING

The dividend and interest income received by the Fund in 1981 on certain United States investments is not exempt from taxation under section 892 of the Code because the Fund is not established exclusively for employees of *A* when nongovernmental employees become participants.

Section 894.—Income Affected By Treaty

26 CFR 1.894-1: Income affected by treaty.

Whether a taxpayer can elect the provisions of a tax convention with respect to the taxability of business gain that is in part attributable to a permanent establishment and in part not attributable thereto, while in the same taxable year elect the provisions of the Internal Revenue Code with respect to a nonattributable loss generated by an independent business activity, so that the loss can be used to offset the gain. See Rev. Rul. 84-17, page 308.

Part III.—Income From Sources Without the United States
Subpart A.—Foreign Tax Credit

Section 902.—Credit for Corporate Stockholder in Foreign Corporation

26 CFR 1.902-1: Credit for domestic corporate shareholder of a foreign corporation.

Domestic corporate shareholder; stock ownership requirement. The ten percent voting stock ownership requirement of section 902 is determined on the basis of owning voting stock in a foreign corporation possessing at least ten percent of the total combined voting power of all shares of that corporation's voting stock.

Rev. Rul. 84-6

ISSUE

Whether the 10 percent voting stock ownership requirement of section 902 of the Internal Revenue Code is satisfied in the situations described below?

FACTS

Situation 1: FX, a foreign corporation, has outstanding 100 shares of voting stock divided into two classes: 95 shares of Class A stock and 5 shares of Class B stock. The two classes of voting stock are identical in all respects except that the Class A stock, voting as a class, has the right to elect nine of the ten members on *FX*'s board of directors and the Class B stock, voting as a class, has the right to elect one of *FX*'s ten directors. *X*, a domestic corporation, owns all the Class A stock. *Y*, a domestic corporation unrelated to *X*, owns all the Class B stock.

Situation 2: FZ, a foreign corporation, has outstanding 200 shares of voting stock divided into two classes: 100 shares of Class C stock and 100 shares of Class D stock. The two classes of stock are identical in all respects except that each share of Class C stock has one vote for the election of directors and each share of Class D stock has two votes for the election of directors. *Z*, a domestic corporation, owns 20 shares of the Class C stock. The remainder of the Class C and Class D stock is owned by unrelated United States persons none of which owns more than 10 shares of either class of stock.

LAW AND ANALYSIS

Section 902(a) of the Code provides, in general, that a domestic corporation that *owns at least ten percent of the voting stock* of a foreign corporation from which it receives a dividend paid out of the accumulated profits of the foreign corporation shall be deemed to have paid a certain portion of any foreign income tax paid or deemed to have been paid by such foreign corporation on or with respect to such accumulated profits.

Section 902(b)(1) of the Code provides that if the foreign corporation described in section 902(a) *owns ten percent or more of the voting stock* of a second foreign corporation from which it receives a dividend paid out of the accumulated profits of the second foreign corporation, it shall be deemed to have paid a certain portion of any foreign income tax paid or deemed to have been paid by the second foreign corporation on or with respect to such accumulated profits.

Section 902(b)(2) of the Code provides that if the foreign corporation described in section 902(a) *owns ten percent or more of the voting stock* of a second foreign corporation which, in turn, *owns ten percent or more of the voting stock* of a third foreign corporation from which the second foreign corporation receives a dividend paid out of the accumulated profits of the third foreign corporation, the second foreign corporation shall be deemed to have paid a certain portion of any income taxes paid by the third foreign corporation on or with respect to such accumulated profits.

Neither section 902 of the Code nor the Income Tax Regulations thereunder indicate whether the ten percent voting stock ownership requirement, set forth in the underlined phrases above, is satisfied by ownership of at least ten percent of the (a) number, (b) value, or (c) voting power of all shares of stock of the foreign corporation entitled to vote. The more recent legislative history of section 902, however, defines that section's voting stock ownership requirement in terms of voting power. Specifically, when Congress enacted Pub. L. No. 91-684, 1971-1 C.B. 550, it amended section 902 in two ways: first, the voting stock ownership requirement in section 902(b)(1) was reduced from 50 percent to 10 percent; second, the predecessor to the current section 902(b)(2) was added to the Code, and it too imposed a 10 percent voting stock ownership requirement. In making these amendments Congress continued its use of the term "voting stock" in defining the stock ownership requirement imposed. Congress, in its explanation of these amendments, expressly stated that the "voting stock" ownership requirement is to be determined by "voting power". H.R. Rep. No. 91-1739, 91st Cong., 2d Sess. 3 (1970); and S. Rep. No. 91-1527, 91st Cong., 2d Sess. 3 (1970), 1971-1 C.B. 615, 616.

Since Congress intended that the

"voting stock" ownership requirement of section 902(b) be determined by voting power, it is reasonable to conclude that Congress had the same intent in using the identical term, that is "voting stock", in section 902(a).

The voting power held by a shareholder of any class of stock is the shareholder's proportionate share of the percentage of the total number of directors that that class of stock is entitled to elect as a class. *See* section 1.951-1(g)(2) of the regulations.

Thus, in *Situation 1, X* will be considered to own 90 percent of the voting stock of *FX* because *X* owns all the Class A stock and this class of voting stock is entitled to elect, as a class, 90 percent of *FX*'s directors. *Y* will be considered to own 10 percent of the voting stock of *FX* because *Y* owns all the Class B stock and this class of voting stock is entitled to elect, as a class, 10 percent of *FX*'s directors. Therefore, both *X* and *Y* will satisfy the voting stock ownership requirement of section 902(a) of the Code.

In Situation 2, *Z* will be considered to own only 6.67% of the voting stock of *FZ* since the Class C stock, as a class, constitutes one third of the voting power of all the *FZ* voting stock and *Z* owns only 20 percent of the Class C shares.

HOLDINGS

In Situation 1, both *X* and *Y* satisfy the 10 percent ownership requirement of section 902 of the Code.

In Situation 2, *Z* does not satisfy the 10 percent ownership requirement of section 902 of the Code.

Subpart B.—Earned Income of Citizens or Residents of United States

Section 912.—Exemption For Certain Allowances

26 CFR 1.912-1: Exclusion of certain cost of living allowances.

Cost of living allowances; differentials; government employees; Republic of Panama. The overseas tropical differential (OTD) paid to civilian employees of a United States government agency living and working in the Republic of Panama is not excludable from the gross income of such employees under section 912 of the Code.

Rev. Rul. 84-19

ISSUE

Whether the overseas (tropical) differential, paid pursuant to 35 C.F.R. section 253.135 (1979) by an agency of the United States Government to its civilian employees living and working in the Republic of Panama, is excludable from the gross income of such employees under section 912 of the Internal Revenue Code.

FACTS

Taxpayers are United States citizens who are civilian employees of a United States government agency. During the tax year 1979, taxpayers were paid an overseas (tropical) differential (OTD) pursuant to 35 C.F.R. section 253.135 (superseded by 35 C.F.R. sections 251.31 and 251.32 (1982)) while working at their permanent duty station in the Republic of Panama in an area formerly known as the Panama Canal Zone. The OTD is limited to 25 percent of the basic pay of employees entitled to receive it and is not based on any comparison between the cost of living in the District of Columbia and the Republic of Panama.

LAW AND ANALYSIS

Section 61(a) of the Code and section 1.61-1(a) of the Income Tax Regulations provide, in part, that, except as otherwise provided by law, gross income means all income from whatever source derived.

Section 912(1)(C) of the Code provides that amounts received by civilian officers and employees of the United States government as allowances or otherwise (but not amounts received as post-differentials) under Title II of the Overseas Differentials and Allowances Act (ODA), P.L. 86-707, 74 Stat. 793 (1960), shall not be included in gross income and shall be exempt from taxation.

Section 912(2) of the Code provides, in part, that amounts (other than amounts received under Title II of the ODA) received as cost-of-living allowances by civilian officers or employees of the Government of the United States stationed outside the continental United States shall not be included in gross income and shall be exempt from taxation.

Section 1217(a) of the Panama Canal Act of 1979 (PCA), P.L. 96-70, 93 Stat. 452 (1979) provides, in part, that additional compensation may be paid as an overseas recruitment or retention differential to any individual who (1) before October 1, 1979 was employed by an agency in the area then known as the Canal Zone, or (2) is an employee who was recruited on or after October 1, 1979, for placement in the Republic of Panama; provided that, in the judgment of the head of the agency concerned, the recruitment or retention of the individual is essential.

Section 1217(d) of the PCA expressly provides that Subchapter III of Chapter 59 of Title V of the ODA shall not apply with respect to any employee whose permanent duty station is in the Republic of Panama and who is employed by a United States Government agency. Subchapter III of Chapter 59 of Title V of the ODA includes all of Title II of the ODA. Therefore, Title II of the ODA does not apply to civilian employees of the United States Government whose permanent duty station is in the Republic of Panama. Further, Title II of the ODA has never applied to civilian employees of the United States Government working in the former Panama Canal Zone because such Zone was not a foreign area with respect to which Title II of the ODA applied.

Since OTD payments in the present case are not now, nor have they ever been, Title II ODA differentials or allowances, section 912(1)(C) is not applicable to exclude such OTD payments from gross income.

Section 4.02 of Rev. Rul. 59-407, 1959-2 C.B. 19, provides, in general, that a cost-of-living allowance within

the meaning of section 912(1) of the Code (now section 912(2)) is an allowance based on living costs substantially higher than the cost-of-living in the District of Columbia and granted to enable employees to render more complete and efficient service in carrying out their official assignments. Section 4.05 of Rev. Rul. 59-407 provides, in part, that allowances granted by reason of conditions of environment that differ substantially from conditions of environment in the United States and that warrant additional compensation as a recruitment incentive are clearly distinguishable from cost-of-living allowances. Section 4.05 concludes that allowances or differentials granted because of conditions of environment are compensatory in nature and are includable in gross income.

In the present case, the OTD paid to Government civilian employees is limited to 25 percent of their basic pay and is not dependent on any cost of living comparison. In addition, the OTD was intended to provide a compensatory recruitment and retention incentive so that United States Government agencies would not have difficulty recruiting and retaining United States civilian employees with skills that are critical to continue effective operation of the Panama Canal and essential support activities. H.R. Rep. No. 98 (Part I), 96th Cong., 1st Sess. 54-55 (1979). Therefore, the OTD is not a cost-of-living allowance within the meaning of section 912(2) of the Code.

HOLDING

The overseas (tropical) differential (OTD) paid to civilian employes of a United States Government agency living and working in the Republic of Panama is not excludable from the gross income of such employees under section 912 of the Code.

Subpart F.—Controlled Foreign Corporations

Section 957.—Controlled Foreign Corporations; United States Person

26 CFR 1.957-3: Corporations organized in United States possessions. (Also Section 103; 1.103-1.)

Puerto Rican government bonds; interest excluded from gross income; corporation organized in Puerto Rico. The term "gross income" as used in section 957(c) of the Code does not include interest received by a corporation organized under the laws of the Commonwealth of Puerto Rico from investments in bonds issued by the Commonwealth, that is excluded from gross income under section 103(a)(1) of the Code.

Rev. Rul. 84-20

ISSUE

Whether interest received by a corporation organized under the laws of the Commonwealth of Puerto Rico from investments in bonds issued by the Commonwealth of Puerto Rico, which is excluded from gross income under section 103(a)(1) of the Internal Revenue Code, is also excluded from gross income for purposes of computing the gross income tests described in sections 957(c)(1) and 957(c)(2).

FACTS

FX is a corporation organized under the laws of the Commonwealth of Puerto Rico. All of the outstanding stock of *FX* is held by *A*, a United States citizen. *FX* is engaged in the manufacture of goods in the Commonwealth of Puerto Rico. In addition, *FX* receives interest from investments in bonds issued by the Commonwealth of Puerto Rico which satisfy the conditions of section 103 of the Code and the interest on which is excluded from gross income under section 103(a)(1).

LAW AND ANALYSIS

Section 957(a) of the Code provides that for purposes of subpart F, Part III, Subchapter N, chapter 1 of the Code, the term "controlled foreign corporation" means any foreign corporation of which more than 50 percent of the total combined voting power of all classes of stock entitled to vote is owned (within the meaning of section 958(a)), or is considered as owned by applying the rules of ownership of section 958(b), by United States shareholders on any day during the taxable year of such foreign corporation.

Section 957(c) of the Code provides that for purposes of this subpart F of the Code, the term "controlled foreign corporation" does not include any corporation created or organized in the Commonwealth of Puerto Rico or a possession of the United States or under the laws of the Commonwealth of Puerto Rico or a possession of the United States if—

(1) 80 percent or more of the gross income of such corporation for the 3-year period immediately preceding the close of the taxable year (or for such part of such period immediately preceding the close of such taxable year as may be applicable) was derived from sources within the Commonwealth of Puerto Rico or a possession of the United States; and

(2) 50 percent or more of the gross income of such corporation for such period, or for such part thereof, was derived from the active conduct within the Commonwealth of Puerto Rico or a possession of the United States of any trades or businesses constituting the manufacture or processing of goods, wares, merchandise, or other tangible personal property; the processing of agricultural or horticultural products or commodities (including but not limited to livestock, poultry, or fur-bearing animals); the catching or taking of any kind of fish or the mining or extraction of natural resources, or any manufacturing or processing of any products or commodities obtained from such activities; or the ownership or operation of hotels.

Section 103(a)(1) of the Code provides that gross income does not include interest on the obligations of a possession of the United States.

Section 7701(c) of the Code provides that, when not otherwise distinctly expressed or manifestly incompatible with the intent thereof, references in the Code to possessions of

the United States shall be treated as also referring to the Commonwealth of Puerto Rico.

Since section 103(a)(1) of the Code excludes from gross income interest received on obligations of possessions of the United States and the Commonwealth of Puerto Rico is considered a possession for purposes of this exclusion, the term "gross income" as used in section 957(c) does not include interest received on obligations of the Commonwealth of Puerto Rico. See Rev. Rul. 57-435, 1957-2 C.B. 462, which provides that for purposes of the gross income percentage tests in former section 921, dealing with whether a corporation qualifies as a Western Hemisphere Trade Corporation, gross income does not include section 103(a)(1) interest on the obligations of a possession.

HOLDING

The interest received by *FX* from the bonds issued by the Commonwealth of Puerto Rico, which is excluded from gross income under section 103(a)(1) of the Code, is also excluded from gross income for purposes of computing the gross income tests described in sections 957(c)(1) and 957(c)(2).

Section 958.—Rules for Determining Stock Ownership

26 CFR 1.958-1: Direct and indirect ownership of stock.

Whether the earnings and profits of *FS2*, a foreign subsidiary of *FS1*, a foreign corporation, that were accumulated from 1964 to the date of *FS1*'s sale by P, the domestic parent of *FS1*, are deemed to be included with all the earnings and profits of *FS1* for purposes of applying section 1248(a) and (c)(2) of the Code to P's gain on the sale of *FS1*. See Rev. Rul. 84-72, page 182.

Subpart I.—Admissibility of Documentation Maintained in Foreign Countries
Part IV.—Domestic International Sales Corporations
Subpart A.—Treatment of Qualifying Corporations

Section 994.—Inter-Company Pricing Rules

26 CFR 1.994-1: Inter-company pricing rules for DISC's.

Whether certain adjustments of accounts and reclassification of actual distributions will be made in cases in which intercompany prices paid by a DISC to its related supplier or commissions paid by a related supplier to a DISC are redetermined by the Service in a manner which results in an increase of the intercompany prices or reduction of the commissions. See Rev. Proc. 84-3, page 361.

Subchapter O.—Gain or Loss on Disposition of Property
Part I.—Determination of Amount of and Recognition of Gain or Loss

Section 1001.—Determination of Amount of and Recognition of Gain or Loss

26 CFR 1.1001-1: Computation of gain or loss.

Conversion of a general partnership interest into a limited partnership interest in the same partnership. See Rev. Rul. 84-52, page 157.

---

26 CFR 1.1001-2: Discharge of indebtedness.

A partner has a single basis in a partnership interest, even if the partner is both a general partner and a limited partner in the same partnership. See Rev. Rul. 84-53, page 159.

Part II.—Basis Rules of General Application

Section 1012.—Basis Of Property—Cost

26 CFR 1.1012-1: Basis of property.

A cash rebate paid to an automobile dealer must be treated by the dealer as a reduction in the cost of the automobile in the year of purchase. See Rev. Rul. 84-41, page 130.

Part III.—Common Nontaxable Exchanges

Section 1033.—Involuntary Conversions

26 CFR 1.1033(a)-1: Involuntary conversions, nonrecognition of gain.
(Also Sections 351, 1071; 1.351-1, 1.1071-1.)

Involuntary conversions; sale to effectuate policies of F.C.C.; assets purchased transfered to new subsidiary. The transfer, under section 351 of the Code, of assets previously purchased in accordance with sections 1033 and 1071, to a taxpayer's newly organized subsidiary will not disqualify the assets as eligible replacement property.

Rev. Rul. 84-29

ISSUE

Does the transfer of assets under section 351 of the Internal Revenue Code, previously purchased by the taxpayer in accordance with the involuntary conversion provisions of sections 1033 and 1071, to its newly organized subsidiary disqualify the assets as eligible replacement property?

FACTS

The taxpayer, a domestic corporation, is principally engaged in the broadcasting business. In 1978, the taxpayer sold the assets of television station *TV1*. The sale was certified by the Federal Communications Commission (FCC) to be necessary or appropriate to effectuate compliance with FCC rules. The taxpayer elected to treat the sale as an involuntary conversion under sections 1071 and 1033 of the Code, and within the applicable replacement period purchased the assets of television station *TV2*. The assets of *TV2* qualified as eligible replacement property under section 1033. The purchase price of TV2 exceeded the proceeds from the sale of *TV1*.

The taxpayer transferred all the assets of *TV2* to a new domestic subsidiary in a transaction which qualifies under section 351 of the Code. In exchange for the assets, the taxpayer received all of the stock of the subsidiary. The subsidiary assumed the liabilities of *TV2*. The transfer was done to facilitate the orderly management of the taxpayer's business. The taxpayer has no intention of disposing of any of the stock of the subsidiary, and the subsidiary has no intention of disposing of any of the assets of *TV2* other than in the ordinary course of business.

LAW AND ANALYSIS

Section 1071(a) of the Code provides that if a sale or exchange of property (including stock in a corporation) is certified by the FCC to be necessary or appropriate to effectuate a change in a policy of, or the adop-

tion of a new policy by, the FCC with respect to the ownership and control of radio broadcasting stations, such sale or exchange shall, if the taxpayer so elects, be treated as an involuntary conversion of such property within the meaning of section 1033 of the Code.

Section 1.1071-1(d) of the Income Tax Regulations provides that, for purposes of section 1071, the term "radio broadcasting" includes telecasting.

Section 1033 of the Code governs the federal income tax treatment of involuntary conversions. The general rule permits nonrecognition of any gain realized if property is compulsorily or involuntarily converted into property similar or related in service or use to the converted property. If property is converted into money or dissimilar property, then gain is recognized only to the extent the amount realized upon the conversion exceeds the cost of property similar in service or use which is purchased as a replacement.

In Rev. Rul. 77-422, 1977-2 C.B. 307, the Service clarified its position with respect to *John Richard Corp. v. Commissioner*, 46 T.C. 41 (1966), *nonacq.*, 1974-2 C.B. 5, withdrawing *acq.*, 1967-2 C.B. 3, which held that a taxpayer was entitled to nonrecognition or gain on involuntarily converted property that was replaced by purchasing control of a newly formed corporation that subsequently purchased property similar in service or use to the converted property. This revenue ruling holds that the Service will not follow the decision in *John Richard Corp.* In order for the nonrecognition provisions of section 1033 of the Code to apply to a situation similar to that in *John Richard Corp.*, the acquired corporation must own the replacement property when control of the corporation is acquired.

In the instant situation the taxpayer transferred all of the assets of *TV2* to its new domestic subsidiary in exchange for all of its stock. The assets were transferred to its new domestic subsidiary merely to facilitate the orderly management of the taxpayer's business. Unlike the situation described in Rev. Rul. 77-422, the taxpayer in the present case maintained control of the *TV2* assets both before and after the transfer of the assets of the new subsidiary. Neither the purpose of the original transaction nor the tax result under sections 1033 and 1071 of the Code have been affected in any way.

HOLDING

The transfer of the assets to the taxpayer's newly-organized subsidiary, as described above, will not disqualify the assets of *TV2* as eligible replacement property under sections 1033 and 1071 of the Code.

Part V.—Changes to Effectuate F.C.C. Policy

Section 1071.—Gain From Sale Or Exchange To Effectuate Policies of F.C.C.

26 CFR 1.1071-1: Gain from sale or exchange to effectuate policies of Federal Communication Commission.

Whether the transfer of assets under section 351 of the Code, previously purchased by the taxpayer in accordance with the involuntary conversion provisions of sections 1033 and 1071, to its newly organized subsidiary disqualify the assets as eligible replacement property. See Rev. Rul. 84-29, page 181.

Subchapter P.—Capital Gains and Losses
Part III.—General Rules for Determining Capital Gains and Losses

Section 1223.—Holding Period of Property

26 CFR 1.1223-1: Determination of period for which capital assets are held.

Conversion of a general partnership interest into a limited partnership interest in the same partnership. See Rev. Rul. 84-52, page 157.

Part IV.—Special Rules for Determining Capital Gains and Losses

Section 1232.—Bonds and Other Evidences of Indebtedness

26 CFR 1.1232-1: Bonds and other evidences of indebtedness; scope of section.

Whether income from an interest in a mortgage pool attributable to original issue discount shall be included in the gross income of the holder. See Rev. Rul. 84-10, page 155.

Section 1232A.—Original Issue Discount

Whether income from an interest in a mortgage pool attributable to original issue discount shall be included in the gross income of the holder. See Rev. Rul. 84-10, page 155.

Section 1248.—Gain from Certain Sales or Exchanges of Stock in Certain Foreign Corporations

26 CFR 1.1248-1: Treatment of gain from certain sales or exchanges of stock in certain foreign corporations.
(Also Section 958; 1.958-1.)

Gain from sale of stock in foreign corporation. The earnings and profits of *FS2*, a foreign subsidiary of *FS1*, a foreign corporation, that were accumulated from 1964 to the date of *FS1*'s sale by P, the domestic parent of *FS1*, are deemed to be included with all the earnings and profits of *FS1* for purposes of applying section 1248(a) and (c)(2) of the Code to P's gain on the sale of *FS1*.

Rev. Rul. 84-72

ISSUE

Under the facts described below, whether upon the sale by *P*, a domestic corporate parent, of *FS1*, a first tier foreign subsidiary, all or only part of the earnings of *FS2*, a second tier foreign subsidiary owned by *FS1*, should be included in computing the earnings and profits of *FS1* for purposes of applying the ordinary income provisions of section 1248(a) of the Internal Revenue Code to *P*'s gain on the sale of *FS1*.

FACTS

P, a domestic corporation, has owned directly all the stock of *FS1* since its incorporation in 1964 under the laws of a foreign country. Until 1980, *P* had owned all the stock of *FS2* since its incorporation in 1964 under the laws of a foreign country. In 1980, *P* transferred the stock of *FS2* to *FS1* for *FS1* nonvoting stock

in an exchange for which favorable rulings were obtained from the Commissioner pursuant to sections 367(a) and 351 of the Code. This transaction was not a reorganization as defined in section 368(a)(1)(B) of the Code. *FS1* and *FS2* have had earnings and profits in every year of their existence. Both *FS1* and *FS2* are controlled foreign corporations within the meaning of section 957(a) of the Code. In 1982, in an unrelated transaction, *P* sold all the *FS1* stock at a gain for an amount that exceeded the earnings and profits of *FS1* and *FS2* accumulated from 1964 through the date of the sale of *FS1*.

LAW AND ANALYSIS

Section 1248(a) of the Code provides that if a United States person who meets certain ownership requirements sells or exchanges stock in a foreign corporation, the gain recognized on the sale or exchange will be included in the gross income of that person as a dividend to the extent of the earnings and profits of the foreign corporation attributable to the stock that were accumulated in taxable years of the foreign corporation beginning after December 31, 1962, and during the period or periods the stock sold or exchanged was held by the person while the foreign corporation was a controlled foreign corporation as defined in section 957.

Section 1248(c) of the Code, which provides rules for the determination of earnings and profits of the foreign corporation, states:

(1) IN GENERAL—Except as provided in section 312(k)(4), for purposes of this section, the earnings and profits of any foreign corporation for any taxable year shall be determined according to rules substantially similar to those applicable to domestic corporations, under regulations prescribed by the Secretary.

(2) EARNINGS AND PROFITS OF SUBSIDIARIES OF FOREIGN CORPORATIONS. —If—

(A) subsection (a) or (f) applies to a sale, exchange, or distribution by a United States person of stock of a foreign corporation and, by reason of the ownership of the stock sold or exchanged, such person owned within the meaning of section 958(a)(2) stock of any other foreign corporation; and

(B) such person owned, within the meaning of section 958(a), or was considered as owning by applying the rules of ownership of section 958(b), 10 percent or more of the total combined voting power of all classes of stock entitled to vote of such other foreign corporation at any time during the 5-year period ending on the date of the sale or exchange when such other foreign corporation was a controlled foreign corporation (as defined in section 957),

then, for purposes of this section, the earnings and profits of the foreign corporation the stock of which is sold or exchanged which are attributable to the stock sold or exchanged shall be deemed to include the earnings and profits of such other foreign corporation which—

(C) are attributable (under regulations prescribed by the Secretary) to the stock of such other foreign corporation which such person owned within the meaning of section 958(a)(2) (by reason of its ownership within the meaning of section 958(a)(1)(A) of the stock sold or exchanged) on the date of such sale or exchange (or on the date of any sale or exchange of the stock of such other foreign corporation occurring during the 5-year period ending on the date of the sale or exchange of the stock of such foreign corporation, to the extent not otherwise taken into account under this section but not in excess of the fair market value of the stock of such other foreign corporation sold or exchanged over the basis of such stock (for determining gain) in the hands of the transferor); and

(D) were accumulated in taxable years of such other corporation beginning after December 31, 1962, and during the period or periods—

(i) such other corporation was a controlled foreign corporation, and

(ii) such person owned within the meaning of section 958(a)(2) the stock of such other foreign corporation.

Section 958(a)(1) of the Code provides that, for purposes of Subpart F, stock owned means (A) stock owned directly, and (B) stock owned with the application of section 958(a)(2).

Section 958(a)(2) of the Code provides that, for purposes of section 958(a)(1)(B), stock owned, directly or indirectly, by or for a foreign corporation, foreign partnership, or foreign trust or foreign estate shall be considered as being owned proportionately by its shareholders, partners, or beneficiaries.

Section 1248 of the Code was enacted to prevent the repatriation by a shareholder, at a capital gains tax rate instead of an ordinary income tax rate, of earnings accumulated by a foreign corporation. This objective is to be accomplished, in the case of taxable liquidations and sales or exchanges of stock of a controlled foreign corporation by a U.S. person, by taking such accumulated earnings as dividends (to the extent of any gain) at the time of the liquidation, sale, or exchange by a U.S. person. S. Rep. No. 1881, 87th Cong., 2d Sess. (1962), 1962-3 C.B. 707, 813. In 1976, Congress amended section 1248 of the Code in order to ensure that repatriated earnings and profits of a controlled foreign corporation are taxed to a U.S. person on a liquidation, sale, or exchange even if certain gains otherwise would qualify for non-recognition treatment. S. Rep. No. 94-938, 94th Cong., 2d Sess. 264 (1976), 1976-3 (Vol. 3) C.B. 57, 302.

The language of section 1248(c)(2)(D)(ii), when read literally, provides that only the earnings and profits of *FS2* that were accumulated while *FS2* was a subsidiary of *FS1* should be aggregated with those of *FS1* for purposes of section 1248(a). However, section 1248(c)(2)

does not really address a situation in which there is a sequential mixture of direct and indirect ownership of *FS2* by *P*. Certainly section 1248(c)(2)(D)(ii) expressly covers the period of *P*'s indirect ownership of *FS2*, when *FS2* was a subsidiary of *FS1*. But the omission of any prior periods of *P*'s direct ownership of *FS2* from the express language of the section 1248(c)(2)(D)(ii) coverage is not dispositive of the present issue.

To fail to aggregate all the earnings and profits of *FS2* (from 1964 through 1982) with those of *FS1* in this case is clearly unwarranted. There is nothing about the pre-1980 earnings and profits of *FS2* that suggests they should be differentiated (for section 1248(a) purposes) from the post-1979 earnings and profits of *FS2* except for the nature of *P*'s ownership interest, and that distinction between direct and indirect ownership has no relevance to the purpose of Congress in enacting section 1248. If the pre-1980 earnings and profits of *FS2* has been accumulated while it was a wholly-owned subsidiary of *FS3*, which in turn was wholly-owned by *P*, and *FS2* had then been transferred to *FS1* in 1980, as in this case, there would be no question that all of *FS2*'s earnings and profits would be aggregated with those of *FS1* upon the sale of *FS1* for purposes of section 1248. That result is clear because all of *FS2*'s earnings and profits would have been accumulated while *P* had an indirect ownership interest in *FS2* (either through *FS3* or *FS1*) within the scope of section 1248(c)(2)(D)(ii). To reach a contrary conclusion here simply because there was no intermediary corporation between *P* and *FS2* during the pre-1980 taxable years when *P* owned *FS2* directly is unwarranted and inconsistent with the Congressional purpose in enacting section 1248.

Likewise, if *FS2* had been sold by *P* prior to 1980 (that is, before *FS2* was transferred to *FS1*), all of *FS2*'s accumulated earnings and profits would have been included for purposes of section 1248(a). Because the sale of *FS1* necessarily involves the sale of its subsidiary, *FS2*, the earnings and profits considered under section 1248(a) for purposes of the *FS1* sale must now include those of *FS2* that were derived during *P*'s direct and indirect ownership of *FS2*. That is, to give proper effect to section 1248(a) and (c)(2), all the earnings and profits of *FS2* from 1964 through the date of the sale of *FS1* must be taken into account on *P*'s sale of *FS1* without regard to the intervening transfer of *FS2* to *FS1* in 1980.

HOLDING

The earnings and profits of *FS2* that were accumulated from 1964 to the date of *P*'s sale of *FS1* are deemed to be included with all the earnings and profits of *FS1* for purposes of the application of section 1248(a) and (c)(2) of the Code to *P*'s gain on the sale of *FS1*.

26 CFR 1.1381-1: Organizations to which part applies.

A mandatory procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to loans for which the interest computed under the Rule of 78's exceeds the loan payments made during any year of the term of the loan. See Rev. Proc. 84-28, page 475.

---

26 CFR 1.1381-1: Organizations to which part applies.

A procedure is provided for taxpayers to change their method of accounting for interest on indebtedness when they have been reporting interest income or deductions in accordance with the Rule of 78's computation. This procedure applies to short-term consumer loans that are covered by the administrative exception of Rev. Proc. 83-40, 1983-1 C.B. 774. See Rev. Proc. 84-30, page 482.

Chapter 2.—Tax on Self-Employment Income

Section 1401.—Rate of Tax

Reduction of self-employment tax computation by amount of wages paid to a federal employee. See Rev. Rul. 84-56, below.

Section 1402.—Definitions

(Also Sections 1401, 3101, 3111, 3121, 6413; 26 CFR 31.6413(c)-1.)

Federal employees; self-employed or employed during off-duty hours. If a federal employee who has been continuously employed since December 31, 1983, is also self-employed

during off-duty hours, the individual's maximum income that is subject to the hospital insurance self-employment tax is reduced by the amount of wages subject to the hospital insurance tax. If the federal employee was employed instead of self-employed during off-duty hours, both the federal and outside wages are subject to the hospital insurance tax, but a credit may be taken on the individual's federal income tax return for any excess taxes deducted because of the dual employment.

Rev. Rul. 84-56

ISSUES

1. For a federal employee, hired in 1983, who is also self-employed, is the maximum income that is subject to the hospital insurance self-employment tax reduced by the amount of wages earned by the federal employee for federal employment?

2. Are the wages of a federal employee hired in 1983 subject to the hospital insurance tax, even though the employee also has outside employment that is subject to social security taxes?

FACTS

Issue 1. A federal employee, hired in 1983, whose service is covered by a United States retirement system, is also self-employed during off-duty hours as the operator of a bookbinding business.

Issue 2. A federal employee, hired in 1983, whose service is covered by a United States retirement system, is also employed during off-duty hours as a sales clerk.

LAW

Sections 3101(a) and 3111(a) of the Internal Revenue Code impose old age, survivors and disability insurance taxes on employees and employers, respectively, based on wages paid for "employment." Sections 3101(b) and 3111(b) impose hospital insurance taxes on employees and employers, respectively, based on wages paid for "employment."

Section 3121(b)(5) of the Code excepts from the term "employment" service performed in the employ of the United States by most career employees if the service is covered by a retirement system established by a law of the United States and if the service is performed by an individual who has been continuously in the employ of the United States since December 31, 1983 (including those with a break in service of 365 or fewer consecutive days whether the period of separation began before, on, or after December 31, 1983). For those employees, effective with respect to remuneration paid after December 31, 1982, section 3121(u)(1) provides that the section 3121(b)(5) exception shall not apply for purposes of the hospital insurance taxes imposed by sections 3101(b) and 3111(b). (Section 3121(b)(5), as amended by section 101(b)(1) of the Social Security Amendments of 1983, 1983-2 C.B. 309, 310; and section 3121(u)(1), as added by section 278(a)(1) of the Tax Equity and Fiscal Responsibility Act of 1982, 1982-2 C.B. 462, 539, and amended by section 101(b)(2) of the 1983 amendments at page 21.)

LAW AND ANALYSIS—
ISSUE 1

Section 1401(a) of the Code imposes an old age, survivors, and disability insurance tax on the self-employment income of every individual. In addition to that tax, section 1401(b) imposes a hospital insurance tax on that income.

Section 1402(b) of the Code provides that self-employment income does not include amounts above a certain maximum and also provides that the maximum is to be reduced by the amount of the wages subject to social security taxes paid to the individual for the taxable year. Effective with respect to remuneration paid after December 31, 1982, those wages include, but only with respect to the hospital insurance tax imposed by section 1401(b), remuneration paid to federal employees continuously in the employ of the United States since December 31, 1983, that is subject to the taxes imposed by sections 3101(b) and 3111(b) because of the provisions of section 3121(u)(1), as amended.

Therefore, federal employees continuously in the employ of the United States since December 31, 1983, who are subject to the hospital insurance tax by reason of section 3121(u)(1) of the Code and who are also self-employed must use the wages that are subject to the hospital insurance tax to reduce their maximum liability for the hospital insurance portion of the self-employment tax.

LAW AND ANALYSIS—
ISSUE 2

Rev. Rul. 55-584, 1955-2 C.B. 394 (as modified by Rev. Rul. 57-32, 1957-1 C.B. 301), holds that, in determining whether an employee has been paid the maximum wages subject to social security taxes in a calendar year, an employer may not take into consideration wages paid to the employee by another employer (except a predecessor).

However, under section 6413(c) of the Code, the employee may secure a special refund of or credit for any excess employee social security tax deducted by the two employers.

HOLDINGS

Issue 1. The bookbinder's maximum income that is subject to the hospital insurance self-employment tax imposed by section 1401(b) of the Code is reduced by the amount of federal wages subject to the hospital insurance tax because of section 3121(u)(1) of the Code. However, the bookbinder may not take federal wages into account in computing self-employment income for purposes of liability for the old-age, survivors, and disability insurance tax imposed by section 1401(a).

Issue 2. The sales clerk's federal wages are subject to withholding for the hospital insurance tax, but a credit may be taken on his or her federal income tax return for any excess employee hospital insurance tax deducted in a calendar year by the two employers. To determine the amont of the credit the individual should use Form 4469, Computation of Excess

Hospital Insurance Benefits Tax Credit.

Federal employees hired on or after January 1, 1984, including those with previous periods of government service if the period of separation from government service exceeds 365 days, are subject to all social security taxes, including both the old-age, survivors, and disability insurance tax under section 3101(a) of the Code and the hospital insurance tax under section 3101(b). Therefore, they are treated the same as all workers subject to those taxes.

Chapter 6.—Consolidated Returns
Subchapter A.—Returns and Payment of Tax

Section 1502.—Regulations

26 CFR 1.1502-1: Definitions.
(See also 1.1502-21.)

Consolidated return change of ownership; "old members" of affiliated group. Two newly formed subsidiaries of parent affiliated group, to which all of the assets of two former divisions of parent were contributed as a part of a plan of bankruptcy reorganization, are treated as "old members" of the parent affiliated group for the year there was a consolidated return change of ownership as defined in section 1.1502-1(g) of the regulations.

Rev. Rul. 84-33

ISSUE

Are *X* and *Y* treated as "old members" of the *P* affiliated group for purposes of sections 1.1502-1(g)(3) and 1.1502-21(d) of the Income Tax Regulations under the circumstances described below?

FACTS

P is the common parent corporation of an affiliated group of corporations and files a consolidated federal income tax return on a calendar-year basis. Prior to January 19, 1982, *P*'s businesses were divided into three divisions: Division *A*, Division *B* and Division *C*. On January 19, 1982, *P* filed a petition for reorganization under chapter 11 of the Bankruptcy Code. Pursuant to a plan of bankruptcy reorganization, *P* organized two wholly owned subsidiaries, *X* and *Y*, by contributing all the assets of Division *A* and Division *B* to *X* and *Y*, respectively, subject to all the liabilities incurred by Division *A* and Division *B*. In December 1982 there was a consolidated return change of ownership (CRCO) as defined in section 1.1502-1(g) of the regulations; that is, in December 1982 there was a more than 50 percentage point change in ownership in *P*.

On the consolidated federal income tax return *P* filed for calendar year 1982, a net operating loss carryover attributable to *P* for years preceding 1982 was utilized against the profits of *X* and *Y*.

LAW AND ANALYSIS

Section 1.1502-1(g)(1) of the regulations provides that a CRCO occurs during any taxable year (referred to as the "year of change") of the corporation that is the common parent for the taxable year to which the tax attribute is to be carried, if, at the end of the year of change (i) any one or more of the ten persons who own the greatest percentage of the fair market value of the stock of the parent corporation increase such ownership by more than 50 percentage points from what they owned at the beginning of such year or the beginning of the preceding year, and (ii) such increase in ownership is attributable to a purchase of stock from an unrelated person or as the result of the liquidation or redemption of the stock of the parent.

Section 1.1502-21(d) of the regulations contains limitations on the use of loss *carryovers* (but not carrybacks) from taxable years ending *before* a CRCO. Section 1.1502-21(d)(2) provides that, if a CRCO occurs, the net operating loss carryovers of the "old members," which were sustained in consolidated or separate return filing years before the year of change, can be carried to the year of change or later years *only* to the extent of the consolidated taxable income of the old members in such year.

Section 1.1502-1(g)(3) of the regulations provides that the term "old members" of a group means those corporations that were members of such group immediately preceding the first day of the taxable year in which the CRCO occurs.

In *Wolter Construction Co., Inc. v. Commissioner*, 634 F.2d 1029 (6th Cir., 1980), *aff'g* 68 T.C. 39 (1977), the United States Court of Appeals for the Sixth Circuit explained the application of the CRCO regulations as follows:

> The carryforward of net operating losses attributable to the common parent is also subject to a similar limitation designed to prevent loss trafficking in the event of a "consolidated return change of ownership" (CRCO). Reg. 1.1502-21(d). A "consolidated return change of ownership" is defined generally in section 1.1502-1(g) of the Treasury Regulations as a more than 50 percentage point change in ownership in the common parent corporation that occurs during a two-year period. (Citation omitted.) If a consolidated return change of ownership occurs, then under section 1.1502-21(d) of the Regulations, the net operating losses attributable to the common parent before the change (together with the net operating losses attributable to other corporations, if any, that were members of the group before the change) may be carried over to the consolidated return years ending after the change only to the extent that the common parent (and the other corporations that were members of the group before the change) contribute to the consolidated taxable income of the group. This limitation hampers the tax avoidance motive of a party which infuses new capital into the common parent with the intention of having it acquire profitable subsidiaries.

In the present situation, *X* and *Y* do not represent new businesses added to the *P* affiliated group with funds obtained from a post-acquisition equity infusion. Instead, both *X* and *Y* represent a continuation of businesses previously carried on by *P*. With respect to the CRCO that took place in December 1982, *P* is an "old member" as defined in section 1.1502-1(g)(3) of the regulations, and but for the separate incorporation of its Division *A* and Division *B* in January 1982 *P* would be able to attribute the income of these two businesses to an old member for purposes of computing the limitation on the use of carryovers of the old members.

X and *Y* do not literally satisfy the definition of an "old member" with

respect to the CRCO that took place in December 1982 because they were not in existence as of the end of 1981; that is, they were not members of the *P* affiliated group immediately preceding the first day of the taxable year in which the CRCO occurred. See section 1.1502-1(g)(3). Nevertheless, their contribution to consolidated taxable income for 1982 should be treated as attributable to old members because their assets and businesses were derived solely from *P*, an old member.

HOLDING

X and *Y* are treated as "old members" of the *P* affiliated group for *P*'s taxable year 1982 in which a CRCO with respect to *P* occurred. Consequently, net operating losses of *P* occurring prior to 1982 may be carried forward and applied against the consolidated taxable income of the old members of the group, including *X* and *Y*.

TITLE 26—INTERNAL REVENUE.—CHAPTER 1, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Consolidated return accumulated earnings and profits regulations

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to the tax imposed with respect to certain accumulated earnings of an affiliated group of corporations that makes a consolidated income tax return.

DATE: The regulations are effective for taxable years for which the due date (without extensions) for filing returns is after January 26, 1984.

FOR FURTHER INFORMATION CONTACT: Charles M. Whedbee of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention CC:LR:T (202-566-3487 not a toll-free call).

BACKGROUND

On May 14, 1979, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 1502 of the Internal Revenue Code of 1954 (44 FR 28001). The amendments were proposed to provide rules for the application of the accumulated earnings tax on a consolidated basis. A public hearing was held on October 3, 1979. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury decision.

GENERAL DESCRIPTION

The purpose of the amendments is to provide rules for the application of the accumulated earnings tax imposed by section 531 of the Code on a consolidated basis.

Under the regulations, the consolidated accumulated earnings tax applies to any affiliated group of corporations making a consolidated income tax return that is formed or availed of to avoid or prevent the imposition of the individual income tax on the shareholders of any member of the group, or any other corporation, by failing to distribute earnings and profits.

If it is determined that the group is formed or availed of to avoid the individual income tax on shareholders, the tax imposed by section 531 is applied against the group's consolidated accumulated taxable income. This income is defined as the excess of consolidated taxable income for the taxable year (adjusted in the manner required by section 535(b) of the Code) over the consolidated dividends paid deduction and the consolidated accumulated earnings credit.

Reconsideration of Certain Rules

Under the notice of proposed rulemaking published on May 14, 1979, special rules would apply if the personal holding company tax is computed on a member-by-member basis under section 542(b)(2) or (3) of the Code. Certain of these rules have been reconsidered. These are the rules relating to the treatment of intercompany dividends and distributions when a personal holding company is a member, the accumulated earnings credit, and the presumption of the proscribed purpose when earnings and profits are allowed to accumulate beyond the reasonable business needs. The Internal Revenue Service expects to publish a new notice of proposed rulemaking on these subjects. Accordingly, portions of the regulations adopted by this document are reserved for rules on these subjects.

Discussion of comments received

Several comments related to the proper treatment of intercompany dividends and distributions when a personal holding company is a member. These comments will be considered in connection with the new notice of proposed rulemaking.

The only other comment related to taxable years before 1976. On July 9, 1968, there was published in the FEDERAL REGISTER (33 FR 9830) a notice of proposed rulemaking containing proposed amendments to the income tax regulations under section 1502 of the Code, relating in part to the determination of the accumulated earnings tax on a consolidated basis.

The relevant portion of the 1968 proposed regulations was withdrawn on August 25, 1971 (36 FR 1661).

The regulations adopted by this document area substantially similar in many respects to the 1968 proposed regulations that related to the consolidated accumulated earnings tax and are effective for taxable years for which the due date (without extensions) for filing returns is after January 26, 1984. However, the regulations adopted by this document, when proposed in May, 1979, did not contain certain provisions in the 1968 proposed regulations that would have applied only to the determination of the consolidated accumulated earnings tax for taxable years beginning after July 9, 1968, and before January 1, 1976. These provisions provided in effect that liability for the accumulated earnings tax for these pre-1976 years should be computed on the basis of the separate accumulated taxable income of each member if the group did not elect under §1.1502-33(c)(4)(iii) to adjust earnings and profits currently. Thus, under the 1968 proposed regulations, in the absence of such an election, the dividends paid deduction of each member would be computed under sections 561 and 562 without regard to consolidation.

The commentator argued that, in the absence of final regulations on the application of the accumulated earnings tax when consolidated returns were filed, the 1968 proposed regulations may have been taken into account in tax planning. Accordingly, the Internal Revenue Service should allow taxpayers to follow these provisions in the 1968 proposed regulations for transactions which occurred prior to January 1, 1976 (or, alternatively, during the period July 9, 1968, to August 25, 1971, while the 1968 proposed regulations were outstanding).

The commentator's suggestion was not adopted. Section 1503(a) provides that, if a consolidated return is made, the tax is determined, computed, etc., in accordance with the regulations prescribed before the last day prescribed by law for filing the return. In accordance with section 1503(a), it is the general practice not to prescribe consolidated return regulations that apply rules to taxable years for which the return is due before the Treasury decision is prescribed. In this case, section 1503(a) requires that new consolidated return regulations not be prescribed for prior years.

EXECUTIVE ORDER 12291 AND REGULATORY FLEXIBILITY ACT

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Because the notice of proposed rulemaking for this regulation was filed with the Federal Register on May 11, 1979, no regulatory flexibility analysis is required.

Drafting information

The principal author of these regulations is Charles M. Whedbee of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

ADOPTION OF AMENDMENTS TO THE REGULATIONS

Accordingly, 26 CFR Part 1 is amended as follows:

Paragraph 1. The second sentence of §1.531-1 is amended by deleting "§1.1502-2(d)" and inserting in lieu thereof "§1.1502-43".

Par. 2. Paragraph (d) of §1.1502-2 is revised to read as follows:

§1.1502-2 Computation of tax liability

* * * * *

(d) If paragraph (b) of this section does not apply, the tax imposed by section 531 on the consolidated accumulated taxable income (see §1.1502-43);

* * * * *

Par. 3. Immediately after §1.1502-42, add the following new section:

§1.1502-43 Consolidated accumulated earnings tax

(a) *Group subject to tax*—(1) *General rule.* For a group filing a consolidated return for the taxable year, the accumulated earnings tax under section 531 is imposed on consolidated accumulated taxable income (as defined in paragraph (b) of this section). This tax applies to any group that is formed or availed of to avoid or prevent the imposition of the individual income tax on the shareholders of either any of its members or any other corporation by permitting earnings and profits to accumulate instead of dividing or distributing them. Section 531 and this section do not apply to a group that is treated as a "personal holding company" under section 542(a)(1) as a result of the application of section 542(b)(1). Special rules are provided in this section for other groups which include one or more personal holding companies.

(2) *Evidence of purpose to avoid income tax.* (i) Under section 533(a), the fact that the group's earnings and profits are permitted to accumulate beyond the reasonable needs of its business is determinative of the purpose to avoid the income tax with respect to shareholders, unless the group by the preponderance of the evidence proves to the contrary.

(ii) The fact that a group is a mere holding or investment group is prima facie evidence of the group's purpose to avoid the income tax with respect to the shareholders. The activities of a member which is a personal holding company are not taken into account in determining if the group is a mere holding or investment group.

(3) *Earnings and profits.* For purposes of this paragraph (a) and paragraph (d) of this section, the following rules apply:

(i) If no member of the group is a personal holding company, the group's earnings and profits are the

aggregate of the earnings and profits (or deficit) of each corporation that is a member at the close of the taxable year, determined in accordance with §1.1502-33.

(ii) Earnings and profits resulting from the application of §1.1502-33(c)(4)(ii) are not taken into account.

(iii) Earnings and profits resulting from the disposition of a member's stock are determined under §1.1502-33(c)(4)(i)(*b*) whether or not it otherwise applies.

(4) *Reasonable needs of the business.* The reasonable needs of the group's business include the reasonable needs of the business of any corporation (other than a personal holding company) that is a member at the close of the taxable year. Thus, the earnings and profits of one member may be accumulated with respect to the reasonable business needs of another member. If under §1.537-3(b) the business of a nonmember corporation is considered the business of a member, then the earnings and profits of any member may be accumulated with respect to such nonmember's reasonable business needs.

(5) *Burden of proof.* The notification described in section 534(b) and the statement described in section 534(c) are made to or by the common parent corporation in accordance with §1.1502-77.

(b) *Consolidated accumulated taxable income*—(1) *In general.* "Consolidated accumulated taxable income" is the group's consolidated taxable income determined under §1.1502-11 adjusted in the manner provided in paragraph (b)(2) of this section, minus the sum of—

(i) The consolidated dividends paid deduction determined under paragraph (c) of this section and

(ii) The consolidated accumulated earnings credit determined under paragraph (d) of this section.

(2) *Adjustments to consolidated taxable income.* For purposes of paragraph (b)(1) of this section, consolidated taxable income is adjusted as follows:

(i) Under section 535(b)(1), the deduction for taxes is the excess of—

(A) The consolidated liability for tax determined without §1.1502-2(b) through (d) and without the foreign tax credit provided by section 33, over

(B) The consolidated foreign tax credit determined pursuant to §1.1502-4. Foreign taxes deductible under §1.535-2(a)(2) are also allowed as a deduction under section 535(b)(1).

(ii) The consolidated charitable contributions deduction under §1.1502-24 does not apply. Under section 535(b)(2), there shall be allowed the aggregate charitable contributions of the members allowable under section 170, determined without section 170(b)(2) and (d)(2).

(iii) Under section 535(b)(3), the deductions provided in §§1.1502-26 and 1.1502-27 are not allowed.

(iv) Under section 535(b)(4), the consolidated net operating loss deduction described in §1.1502-21(a) is not allowed.

(v) Under section 535(b)(5), there is allowed as a deduction the consolidated net capital loss, determined under §1.1502-22(a).

(vi) Under section 535(b)(6), there is allowed as a deduction an amount equal to (A) the excess of the consolidated net long-term capital gain (determined under §1.1502-41(a)) over the consolidated net short-term capital loss (determined under §1.1502-41(b)), minus (B) the taxes attributable to this excess. This consolidated net short-term capital loss is determined without the consolidated net capital loss carryovers or carrybacks to the taxable year.

(vii) Under section 535(b)(7), the consolidated net capital loss carryovers and carrybacks are not allowed. See §1.1502-22(b).

(viii) Section 1.1502-15 (built-in deductions) does not apply.

(3) *Personal holding company a member.* If a member is a personal holding company for the taxable year—

(i) [Reserved]

(ii) In applying paragraph (b)(2)(i) of this section, consolidated liability for tax (as determined under that paragraph (b)(2)(i)) is reduced by the portion thereof allocable to that member under section 1552(a)(1), (2), (3), or (4) (or §1.1502-33(d)), whichever is applicable. The consolidated foreign tax credit is computed by excluding the taxable income and any foreign taxes paid or accrued by that member, and foreign taxes deductible under §1.535-2(a)(2) do not include foreign taxes attributable to that member.

(c) *Consolidated dividends paid deduction*—(1) *General rule.* For purposes of this section, the consolidated dividends paid deduction is the aggregate of the members' deductions under section 561(a)(1) and (2). This deduction is determined by excluding deductions for dividends paid to other members.

(2) *Exception for certain personal holding companies.* [Reserved]

(3) *Dividends paid defined.* For purposes of this paragraph (c), "dividends paid" and "dividend (or portion thereof) paid" include amounts treated as dividends paid during the taxable year under sections 562(b)(1), 563, and 565 (relating respectively to liquidating distributions, dividends paid after year end, and consent dividends).

(4) *Examples.* This paragraph (c) can be illustrated by the following examples:

Example (1). Corporations P and S constitute an affiliated group which files a consolidated return on a calendar year basis for 1984 and 1985. P owns all of S's stock and two individuals own all of P's stock. Neither member of the group is a personal holding company for 1984. Assume that on December 15, 1984, S pays a dividend (as defined in section 316(a)) of $2,000 to P, and P pays a dividend (as so defined) of $3,000 on January 15, 1985, to its individual shareholders. All dividends are paid in cash and are pro rata with no preference as to any shares or class of stock. For purposes of this paragraph (c), the consolidated dividends paid deduction for 1984 is $3,000, *i.e.*, the dividend paid on January 15, 1985, by P to its nonmember shareholders. See section 563(a). The $2,000 dividend paid by S to P is not taken into account in computing the consolidated dividends paid deduction.

Example (2). [Reserved]

(d) *Consolidated accumulated earnings credit*—[Reserved]

(This Treasury decision is issued under the authority contained in sec-

tions 1502 and 7805 of the Internal Revenue Code of 1954 (68A Stat. 637, 917; 26 U.S.C. 1502, 7805).)

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue

Approved January 9, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on January 26, 1984, 8:45 a.m., and published in the issue of the Federal Register for January 27, 1984, 49 F.R. 3461)

Section 1504.—Definitions

26 CFR 1.1504-1: Definitions.

Consolidated returns; affiliation; direct ownership of stock; revocable trust. A parent corporation that is the grantor and sole beneficiary of a revocable voting trust "directly" own's stock that it transfers to that voting trust under section 1504(a) of the Code.

Rev. Rul. 84-79

ISSUE

Does a corporation that is the grantor and sole beneficiary of a revocable voting trust "directly" own stock that it transfers to that voting trust for purposes of section 1504(a) of the Internal Revenue Code under the circumstances described below?

FACTS

P, a domestic corporation, owns all the outstanding stock of *S* corporation. *S* owns certain aircraft. Under Federal Aviation Administration (FAA) regulations, 75 percent of the voting interest of a corporation wishing to register its aircraft with the FAA must be owned or controlled by United States citizens. *See* 14 C.F. R. section 47 (1982). For purposes of the FAA regulations (14 C.F.R. section 47.2 (1982)), *P* does not qualify as a United States citizen. As a result, *P* transferred all of its *S* stock to a revocable voting trust to enable *S* to register its aircraft with the FAA in accordance with FAA regulations. *See* 14 C.F.R. section 47.8 (1982).

Under the terms of the trust agreement, the trustee has all voting powers associated with the *S* stock while the trust agreement is in force. However, the trustee may not vote the *S* stock in favor of either a sale of substantially all of *S*'s assets or a dissolution of *S* without *P*'s authorization.

The trust agreement provides that all dividends (except stock dividends) will be paid directly to *P*. The trustee may not alienate or dispose of any of the *S* stock without *P*'s authorization. *P* may remove the trustee at any time without cause and appoint a qualified successor trustee. The trust agreement may be amended or terminated at any time by *P* and, unless so terminated, will continue for 10 years.

P and *S* filed a consolidated federal income tax return that included income, gain and loss of both *P* and *S* for the entire tax year that included the transfer by *P* of its *S* stock to the voting trust.

LAW AND ANALYSIS

Section 1501 of the Code provides that an affiliated group of corporations shall have the privilege of filing a consolidated return.

Section 1504(a) of the Code provides that the term "affiliated group" means one or more chains of includible corporations connected through stock ownership with a common parent corporation that is an includible corporation if (1) stock possessing at least 80 percent of the voting power of all classes of stock and at least 80 percent of each class of the nonvoting stock of each of the includible corporations (except the common parent corporation) is owned directly by one or more of the other includible corporations, and (2) the common parent corporation owns directly stock possessing at least 80 percent of the voting power of all classes of stock and at least 80 percent of each class of the nonvoting stock of at least one of the other includible corporations.

The direct ownership requirement of section 1504(a) of the Code is interpreted to mean beneficial ownership. *Miami National Bank v. Commissioner*, 67 T.C. 793 (1977). This recognizes that substance rather than form should control in determining ownership. "The direct ownership required by the statute is not merely possession of the naked legal title, but beneficial ownership, which carries with it dominion over the property." *Macon, Dublin & Savannah Railroad Co. v. Commissioner*, 40 B.T.A. 1266, 1273 (1939), *acq.*, 1940-1 C.B. 3. The court in *Macon* premised its decision on the Supreme Court's statement that "taxation is not so much concerned with the refinement of title as it is with actual command over the property taxed. . . ." *Corliss v. Bowers*, 281 U.S. 376, 378 (1930), IX-1 C.B. 254. Therefore, legal title alone does not constitute direct ownership for purposes of section 1504(a). *Miami National Bank*. As a corollary, possession of everything but legal title is equivalent to direct ownership. *See* Rev. Rul. 70-469, 1970-2 C.B. 179.

In Rev. Rul. 70-469, a corporation, *P*, owns 80 percent of the stock of corporation *S*. P causes the name of *A*, as nominee, to appear as the record owner of a share of *S*'s stock. Rev. Rul. 70-469 concludes that *P* directly owns that share of stock for purposes of section 1504(a) of the Code, because the only thing lacking in *P*'s complete and absolute ownership of that share is the legal title, which *P* may at any time obtain by a demand upon *A*.

In the instant situation, *P*'s ownership of the *S* stock is equivalent to the ownership *P* has in the share *A* holds in Rev. Rul. 70-469. In this case, as in Rev. Rul. 70-469, *P* lacks legal title to the *S* stock. In Rev. Rul. 70-469, *P* can request legal title of the *S* stock from its nominee at any time. Likewise, in this case, *P* has the ability to regain legal title to the *S* stock at any time by revoking the trust. Further, *P*'s control of *S* is demonstrated by *P*'s power to replace the trustee without cause at any time.

The voting trust agreement in the instant situation indicates that *P*'s dominion over the *S* stock is "as complete as the dominion exercisable by

one having both beneficial and legal ownership." Rev. Rul. 70-469. *P*, therefore, owns the *S* stock "directly" within the meaning of section 1504(a) of the Code.

HOLDING

P "directly" owns all of the stock of *S* within the meaning of section 1504(a) of the Code, nonwithstanding the transfer of all of the *S* stock to a revocable voting trust under the circumstances described below.

Subtitle B.—Estate and Gift Taxes
Chapter 11.—Estate Tax
Subchapter A.—Estate of Citizens or Residents
Part I.—Tax Imposed

Section 2001.—Imposition And Rate of Tax

(Also Sections 2053, 2511, 2512; 20.2053-4, 25.2511-1, 25.2512-4.)

Promissory note unsatisfied at death. The gratuitous transfer of a legally binding promissory note is a completed gift under section 2511 of the Code. If the note has not been satisfied at the promisor's death, no deduction is allowable under section 2053(a)(3) for the promisee's claim with respect to the note. The complete gift is not treated as an adjusted taxable gift in computing the tentative estate tax under section 2001(b)(1). Rev. Rul. 67-396 clarified.

Rev. Rul. 84-25

ISSUE

What are the gift and estate tax consequences if a donor/decedent gratuitously transfers a legally binding promissory note that has not been satisfied at the decedent's death?

FACTS

On August 1, 1977, *D* gratuitously transferred to *A* a promissory note in which *D* promised to pay *A* a sum of money on December 31, 1982. The note was legally enforceable under state law.

On May 30, 1982, *D* died. The note had not been satisfied at *D*'s death.

LAW AND ANALYSIS

In the case of a legally enforceable promise for less than an adequate and full consideration in money or money's worth, the promisor makes a completed gift under section 2511 of the Internal Revenue Code on the date when the promise is binding and determinable in value rather than when the promised payment is actually made. *Commissioner v. Copley's Estate*, 194 F.2d 364 (7th Cir. 1952), *aff'g* 15 T.C. 17 (1950), *acq.*, 1965-2 C.B. 4; *Harris v. Commissioner*, 178 F.2d 861 (2d Cir. 1949), *reversed on other grounds*, 340 U.S. 106 (1950), 1950-2 C.B. 77; Rev. Rul. 81-110, 1981-1 C.B. 479, Rev. Rul. 79-384, 1979-2 C.B. 344; Rev. Rul. 69-347, 1969-1 C.B. 227. In such a case, the amount of the gift is the fair market value of the contractual promise on the date it is binding. Section 25.2512-4 of the Gift Tax Regulations. See also Rev. Rul. 81-286, 1981-2 C.B. 177.

Section 2053(a)(3) of the Code provides for an estate tax deduction for the amount of claims against the estate as are allowable by the laws of the state under which the estate is being administered. These deductions, when founded on a promise or agreement, are limited by section 2053(c)(1) to the extent that the obligations are contracted bona fide and for an adequate and full consideration in money or money's worth. See *Estate of Feinburg v. Commissioner*, T.C.M. 1976-396; *Estate of Davis v. Commissioner*, 57 T.C. 833 (1972).

Under section 2001(b) of the Code, the estate tax is computed by determining a tentative tax on the sum of the taxable estate and the adjusted taxable gifts (section 2001(b)(1)) and subtracting from that amount the tax payable, calculated as provided in section 2001(b)(2), with respect to gifts made after 1976. The adjusted taxable gifts include only the value of the taxable gifts made by the decedent after 1976 that are not includible in the decedent's gross estate.

In this case, *D* made a completed gift under section 2511 of the Code on August 1, 1977, the date on which *D*'s promise was legally binding and determinable in value. See *Copley's Estate* and *Harris*, cited above. Compare, Rev. Rul. 67-396, 1967-2 C.B. 351, which provides that the transfer of a promissory note that is unenforceable under state law is not a completed gift.

No deduction is allowable under section 2053 of the Code for *A*'s claim as promisee on *D*'s note, because the note was not contracted for an adequate and full consideration in money or money's worth. Section 2053(c)(1).

Since the note has not been paid, the assets that are to be used to satisfy *D*'s promissory note are a part of *D*'s gross estate. Therefore, *D*'s 1977 gift to *A* is deemed to be includible in *D*'s gross estate for purposes of section 2001 of the Code. Thus, *D*'s 1977 gift is not an adjusted taxable gift as defined in section 2001(b) of the Code. Consequently, the value of *D*'s 1977 gift is not added under section 2001(b)(1)(B) to *D*'s adjusted taxable gifts in computing the tentative estate tax under section 2001(b)(1).

Of course, a different situation would be presented had the note been partially satisfied prior to *D*'s death. To the extent that the note had been paid, the assets used to satisfy the note would not be included in *D*'s estate and hence there would be no reason not to treat the satisfied portion of the note as an adjusted taxable gift. Therefore, the holding of this ruling applies only to the extent the promissory note remains unsatisfied at *D*'s death.

HOLDING

The gratuitous transfer of a legally binding promissory note is a completed gift under section 2511 of the Code. If the note has not been satisfied at the promisor's death, no deduction is allowable under section 2053(a)(3) for the promisee's claim with respect to the note. The completed gift is not treated as an adjusted taxable gift in computing the tentative estate tax under section 2001(b)(1).

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 67-396 is clarified to the extent that is implies that the transfer of a legally enforceable promissory note is an incomplete gift. The promissory notes in the court cases cited in Rev. Rul. 67-396 were unenforceable. Rev. Rul. 67-396 is clarified to hold that the transfer of a legally unenforceable promissory note is an incomplete gift.

TITLE 26.—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 20—ESTATE TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1978

Employee Retirement Benefits Excluded from Gross Estate

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to the estate tax exclusion for lump-sum distributions payable under qualified employee pension, profit-sharing and stock bonus plans. The final regulations have been prepared to remove administrative difficulties encountered by taxpayers and the Service and would affect both the estates of decedents with respect to whom such distributions are payable under such plans and the individuals receiving such distributions.

DATES: The regulations are generally effective July 13, 1984.

FOR FURTHER INFORMATION CONTACT: Patricia K. Keesler of the Employee Plans and Exempt Organizations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3430) (not a toll-free number).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On September 27, 1983, the Federal Register published proposed amendments to the Estate Tax Regulations (26 CFR Part 20) under section 2039 (f) of the Internal Revenue Code of 1954 (48 FR 44087) [1983-2 C.B. 625]. Only one public comment was received and there were no requests for a public hearing. After consideration of the written comment received, the regulations are adopted as revised by this Treasury decision.

PUBLIC COMMENT

These final regulations require the recipient's signature to appear on the election statement so that the executor may not file the election statement on behalf of the recipient, without the recipient's knowledge.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for interpretative regulations. Accordingly, the Regulatory Flexibility Act (5 U.S.C. Chapter 6) does not apply and no Regulatory Flexibility Analysis is required for this rule.

NONAPPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this final regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

PAPERWORK REDUCTION ACT

The recordkeeping requirements contained in section 20.2039-4(d) of this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these regulations is Patricia K. Keesler of the Employee Plans and Exempt Organizations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, the proposed amendments to 26 CFR Part 20 are hereby adopted, subject to the change set forth below:

Paragraph 1. Section 20.2039-4(d)(2) is revised by inserting the phrase "be signed by the recipient and" in the third sentence after "The statement must".

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805). (Approved by the Office of Management and Budget under control number).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved April 23, 1984.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on May 11, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 14, 1984, 49 F.R. 20283)

Part IV.—Taxable Estate

Section 2053.—Expenses, Indebtedness, and Taxes

26 CFR 20.2053.1: Deductions for expenses, indebtedness, and taxes; in general.

Administration expenses; estimated future interest payments. A deduction is not allowable for the estimated amount of interest that will accrue upon funds borrowed by an executor on behalf of an estate to pay the federal estate tax if repayment of the loan can be accelerated.

Rev. Rul. 84-75

ISSUE

For purposes of section 2053 of the Internal Revenue Code, is a current deduction allowable for the estimated amount of interest that will accrue upon funds borrowed by an executor on behalf of an estate to pay the federal estate tax?

FACTS

The decedent *D*, died in 1982. *D*'s estate consisted almost entirely of stock of a closely held corporation. No election to extend the time for payment of the estate tax was made pursuant to Code section 6166. There was an insufficient amount of funds available to pay the federal estate tax, and a forced sale would have been required to convert estate assets into sufficient cash. Therefore, the executor borrowed funds, on behalf of the estate, to pay the tax obligation.

The principal amount of the loan is to be repaid over a period of six years, with ten percent interest payable annually. The loan could be fully repaid at any time at the executor's option, without penalty. If the executor fails to timely make any payment, the remaining payments can be accelerated at the lender's option.

On the federal estate tax return filed for the estate, the executor deducted 25*x* dollars as the estimated total amount of future interest to be paid during the loan term. The 25*x* dollars will be allowed as an administrative expense under applicable local law.

LAW AND ANALYSIS

Section 2053(a)(2) of the Code provides that the value of the taxable estate shall be determined by deducting from the value of the gross estate such amounts for administration expenses as are allowable by the laws of the jurisdiction under which the estate is being administered.

Section 20.2053-1(b)(3) of the Estate Tax Regulations provides that an item may be entered on the return for deduction, though its exact amount is not then known, provided it is ascertainable with reasonable certainty, and will be paid. No deduction may be taken upon the basis of a vague or uncertain estimate.

Section 20.2053-3 of the regulations provides that the amounts deductible as "administration expenses" are limited to such expenses as are actually and necessarily incurred in the administration of the decedent's estate; that is, in the collection of assets, payment of debts, and distribution of property.

Interest on a loan, obtained by an executor for an estate, is a deductible administration expense, provided the loan was reasonably and necessarily incurred in the administration of the estate. *Estate of Todd v. Commissioner*, 57 T.C. 288 (1971), *acq.* 1973-2 C.B. 4; *Hibernia Bank v. United States*, 581 F.2d 741 (9th Cir. 1978); *see Estate of Bahr v. Commissioner*, 68 T.C. 74 (1977), *acq.*, 1978-1 C.B. 1.

In this case, because the loan was obtained to avoid a forced sale of assets, the loan was reasonably and necessarily incurred in administering *D*'s estate. Therefore, interest incurred on the loan is deductible as an expense of administration under section 2053(a)(2).

In situations where the estate's obligation to make installment payments may be accelerated, the amount of future interest that will be paid is indefinite because a premature repayment will stop the accrual of interest. *See* Rev. Rul. 80-250, 1980-2 C.B. 278. Consequently, for section 2053(a)(2) deduction purposes, the possibility of prepayment renders any estimate of future interest vague and uncertain within the meaning of section 20.2053-1(b)(3). In this case, because accelerated payment could be made at the executor's option or could be required upon failure to make a timely scheduled payment, the 25*x* dollars estimated future interest expense is not allowable as a deductible administrative expense. Rather, the future interest expense will become deductible only as it accrues. See, for example, Rev. Proc. 81-27, 1981-2 C.B. 548, explaining the procedure for claiming interest deductions in situations where the estate tax liability has not been fully paid when the interest accrues. In those situations where a deduction is sought for interest that has accrued after the federal estate tax liability has been paid, a refund of tax may be requested by filing a claim for refund of tax on Form 843 within the applicable period of limitation set forth in section 6511 of the Code.

HOLDING

For purposes of section 2053 of the Code, a deduction is not allowable

for the estimated amount of interest that will accrue upon funds borrowed by an executor on behalf of an estate to pay the federal estate tax if repayment of the loan could be accelerated. The interest is deductible as an administrative expense only to the extent it has accrued.

26 CFR 20.2053-7: Deduction for unpaid mortgages.
(Also Section 2036: 20.2036-1.)

Transfers; retained life estate; transferee's loan secured by mortgage on transferred property. Property in which a decedent retained a life estate is includible in the decedent's gross estate without an offset or deduction for a mortgage that was contracted for by the remainderman, even though the decedent was surety for the mortgage.

Rev. Rul. 84-42

ISSUE

What amount is includible in *D*'s gross estate under section 2036 of the Internal Revenue Code, and what amount is deductible by *D*'s estate under section 2053, if *D* is guarantor of a loan to *A* secured by a mortgage on property *D* previously transferred to *A* subject to a retained life estate?

FACTS

In 1976, *D*, a resident of State *X*, gratuitously conveyed a remainder interest in real estate to *A*, retaining a life estate.

In 1976, a bank in State *X* loaned *A* 100*x* dollars and as security received a mortgage on the property signed by both *A* and *D*. Under the law of State *X*, *D*, was a guarantor and, as such, had a right of reimbursement against *A*, the primary obligor, in the event *D* was required to pay the loan directly or if *D*'s life estate was sold in foreclosure. *A* was solvent at the time of the loan transaction, and *D* had a reasonable expectation of reimbursement from *A* in the event *D* was required to pay the loan for *A*. At and after *D*'s death, *A* remained solvent and was expected to continue paying the loan.

D died in 1981. Because *D* retained a life estate in the transferred property, the value of property was subject to inclusion in *D*'s gross estate under section 2036 of the Code. The executor of *D*'s estate sought to deduct the mortgage balance alternatively under section 2053(a)(3) or (a)(4) of the Code.

LAW AND ANALYSIS

Section 2036(a)(1) of the Code provides that the gross estate includes the value of all property to the extent of any interest therein of which the decedent has made a transfer under which the decedent retained for life the possession of, enjoyment of, or right to the income from, the property. The statute also provides an exception for bona fide sales for full and adequate consideration in money or money's worth, in which case section 2036 would not be applicable. Section 20.2036-1(a) of the Estate Tax Regulations states that if the decedent retained or reserved an interest or right with respect to all of the transferred property, the entire value of the transferred property is included in the decedent's gross estate.

Section 2053(a)(3) of the Code provides a deduction from the value of the gross estate for claims against the estate. Section 2053(a)(4) provides a deduction for unpaid mortgages on property where the value of the decedent's interest in the property is included in the gross estate.

In Rev. Rul. 76-235, 1976-1 C.B. 277, the decedent gratuitiously transferred property in contemplation of death. Subsequent to the transfer and one month prior to the decedent's death, the transferee obtained a loan mortgaging the property to secure the loan. The decedent received no proceeds from the loan, and neither the decedent nor the decedent's estate was liable for the loan.

The ruling holds that the full value of the transferred property is includible in the decedent's gross estate under section 2035 of the Code as in effect prior to amendment by the Tax Reform Act of 1976, and the amount of the mortgage is not deductible from the decedent's gross estate under section 2053 of the Code.

In the present case, the decedent made a transfer described in section 2036 of the full value of the unencumbered remainder interest. The property was encumbered after the transfer, and *D* received no proceeds from the loan. Furthermore, the encumbrance of the property had no immediate effect on *D*'s continued retention of the lifetime enjoyment of the property. Other than as a guarantor, neither *D* nor his estate was liable for the loan. Therefore, in accordance with Rev. Rul. 76-235, the entire value of the property is includible in *D*'s gross estate under section 2036 of the Code, and no deduction is allowed for the mortgage under section 2053(a)(4).

Unlike the situation in Rev. Rul. 76-235, in the present case *D* participated in the loan transaction as guarantor. However, where the decedent is a guarantor, and there is a right of reimbursement, the amount deductible under section 2053(a)(3) cannot exceed the amount the estate actually pays on the debt and is further limited by any expectation of reimbursement. *See Commissioner v. Wragg*, 141 F.2d 638, 640 (1st Cir. 1944); and *Estate of DuVal v. Commissioner*, 4 T.C. 722, 726 (1945), *aff'd*, 152 F.2d 103 (9th Cir. 1945), *cert. denied* 328 U.S. 838 (1945).

If the executor of *D*'s estate is not called upon to pay the indebtedness, the amount of the indebtedness is not deductible as a claim against the estate for purposes of section 2053(a)(3) of the Code. *See* Rev. Rul. 60-247, 1960-2 C.B. 272. If the executor is called upon and pays the indebtedness, the amount of the indebtedness is not deductible for purposes of section 2053 because *A* was solvent at that time and *D*'s estate has a right of

reimbursement. *If*, in the situation described above, *A* became insolvent subsequent to the loan transaction and was delinquent in making the loan payments, *D*'s estate could deduct, under section 2053, the amount paid on the indebtedness reduced by the reasonable value of the right of reimbursement. *See* Rev. Rul. 60-247 and *Commissioner v. Wragg*, cited above, at page 640.

HOLDING

If *D* is guarantor of a loan to *A*, with a right of reimbursement, and the loan is secured by a mortgage on property *D* had previously transferred to *A* subject to a retained life estate, the entire value of the property, unreduced by the mortgage, is includible in *D*'s gross estate under secton 2036 of the Code. If *D*'s estate is not called upon to pay the indebtedness, no amount of the indebtedness is deductible under section 2053.

Section 2055.—Transfers for Public, Charitable and Religious Uses

26 CFR 20.2055-1: Deduction for transfers for public, charitable, and religious uses; in general.

Certain revenue rulings suspended as to their respective applications to Indian tribes, or subdivisions thereof. See Rev. Rul. 84-93, page 279.

26 CFR 20.2055-2: Transfers not exclusively for charitable purposes.
(Also Section 2522; 25.2522(c)-3.)

T.D. 7957

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER B, PART 20—ESTATE TAX; ESTATES OF DECEDENTS DYING AFTER AUGUST 16, 1954; PART 25—GIFT TAX; GIFTS MADE AFTER DECEMBER 31, 1954

Estate and Gift Tax Treatment of Certain Contributions of Works of Art

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to the estate and gift tax treatment of contributions of copyrighted works of art. Changes to the applicable tax law were made by the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256]. These regulations will provide guidance to taxpayers who make charitable contributions of copyrighted tangible personal property.

DATES: The regulations are effective for estates of decedents dying after December 31, 1981, and for charitable transfers after such date.

FOR FURTHER INFORMATION CONTACT: Robert B. Coplan of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) 202-566-3287, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On October 21, 1983, the FEDERAL REGISTER (48 FR 48837) [LR-210-81, 1983-2 C.B. 726] published proposed amendments to the Estate and Gift Tax Regulations (26 CFR Parts 20 and 25) under sections 2055 and 2522 of the Internal Revenue Code of 1954 (Code). The amendments were proposed to conform the regulations to section 423 of the Economic Recovery Tax Act of 1981 (Pub. L. 97-34, 95 Stat. 316) [1981-2 C.B. 256, 332]. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury decision.

This Treasury decision is issued under the authority contained in section 7805 of the Code (68A Stat. 917; 26 U.S.C. 7805).

CHANGES IN REGULATIONS IN RESPONSE TO COMMENTS

In response to a comment, examples have been added to §20.2055-2(e)(1)(ii). One example clarifies the estate tax treatment of an artist whose will transfers a work of art to charity in a transfer that is not a qualified contribution under §20.2055-2(e)(1)(ii)(*c*). The example indicates that the allowance of a deduction under section 2055 for such a charitable bequest depends on whether under local law the transfer of the work of art is treated as transferring both the work of art and the related copyright interest. The second example clarifies that if the will of an art collector transfers to a charity a work of art in which the collector never owned the copyright interest, then the estate will be allowed a deduction under section 2055 regardless of whether the transfer was a qualified contribution.

SPECIAL ANALYSIS

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirement of 5 U.S.C. 533 did not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

DRAFTING INFORMATION

The principal author of these proposed regulations is Robert B. Coplan of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, 26 CFR Parts 20 and

25 are amended as follows:

Paragraph 1. (a) Paragraph (e)(1) of §20.2055-2 is amended by redesignating paragraph (e)(1) as paragraph (e)(1)(i) and adding a heading thereto, by removing the words "In general," from the first sentence of newly designated paragraph (e)(1)(i), by substituting the words "this paragraph (e)(1)(i)" for the words "this subparagraph" in the second and fourth sentences and Examples (1), (2), (3), and (6) of new paragraph (e)(1)(i), and by adding a new paragraph (e)(1)(ii) to read as follows:

§20.2055-2 Transfers not exclusively for charitable purposes.

(*e*) *Limitation applicable to decedents dying after December 31, 1969*—(1) *Disallowance of deduction*—(i) *In general.* In the case of decedents dying after December 31, 1969,***

(iii) *Works of art and copyrights treated as separate properties*—(a) *In general.* For purposes of paragraphs (e)(1)(i) and (e)(2) of this section, in the case of decedents dying after December 31, 1981, if a decedent makes a qualified contribution of a work of art, the work of art and the copyright on such work of art shall be treated as separate properties. Thus, a deduction is allowable under section 2055 for a qualified contribution of a work of art, whether or not the related copyright is simultaneously transferred to a charitable organization.

(*b*) *Work of art defined.* For purposes of paragraph (e)(1)(ii)(*a*) of this section, the term "work of art" means any tangible personal property with respect to which a copyright exists under Federal law.

(*c*) *Qualified contribution defined.* For purposes of paragraph (e)(1)(ii)(*a*) of this section, the term "qualified contribution" means any transfer of property to a qualified organization (as defined in paragraph (e)(1)(ii)(*d*) of this section) if the use of the property by the organization is related to the purpose or function constituting the basis for its exemption under section 501. The rules contained in §1.170A-4(b)(3) shall apply in determining if the use of property by an organization is related to such purpose or function.

(*d*) *Qualified organization defined.* For purposes of paragraph (e)(1)(ii)(*c*) of this section, the term "qualified organization" means any organization described in section 501(c)(3) other than a private foundation (as defined in section 509). A private operating foundation (as defined in section 4942(j)(3) shall be considered a qualified organization under this paragraph.

(*e*) *Examples.* The application of paragraphs (e)(1)(i) and (e)(1)(ii)(*a*) through (*d*) of this section may be illustrated by the following examples:

Example (1). A, an artist, died in 1983. A work of art created by A and the copyright interest in that work of art were included in A's estate. Under the terms of A's will, the work of art is transferred to X charity, the only charitable beneficiary under A's will. X has no suitable use for the work of art and sells it. It is determined under the rules of §1.170A-4(b)(3) that the property is put to an unrelated use by X charity Therefore, the rule of paragraph (e)(1)(ii)(*a*), which treats works of art and their copyrights as separate properties, does not apply because the transfer of the work of art to X is not a qualified contribution. To determine whether paragraph (e)(1)(i) of this section applies to disallow a deduction under section 2055, it must be determined which interests are treated as passing to X under local law.

(i) If under local law A's will is treated as fully transferring both the work of art and the copyright interest to X, then paragraph (e)(1)(i) of this section does not apply to disallow a deduction under section 2055 for the value of the work of art and the copyright interest.

(ii) If under local law A's will is treated as transferring only the work of art to X, and the copyright interest is treated as part of the residue of the estate, no deduction is allowable under section 2055 to A's estate for the value of the work of art because the transfer of the work of art is not a qualified contribution and paragraph (e)(1)(i) of this section applies to disallow the deduction.

Example (2). B, a collector of art, purchased a work of art from an artist who retained the copyright interest. B died in 1983. Under the terms of B's will the work of art is given to Y charity. Since B did not own the copyright interest, paragraph (e)(1)(i) of this section does not apply to disallow a deduction under section 2055 for the value of the work of art, regardless of whether or not the contribution is a qualified contribution under paragraph (e)(1)(ii)(*c*) of this section.

§20.2055-2 [Amended]

(b) Paragraph (e)(2)(i) of §20.2055-2 is amended by removing the seventh sentence thereof.

PART 25—[AMENDED]

Par. 2. (a) Paragraph (c)(1) of §25.2522(c)-3 is amended by redesignating paragraph (c)(1) as paragraph (c)(1)(i) and adding a heading thereto, by substituting the words "this paragraph (c)(1)(i)" for the words "this subparagraph" in the second and fourth sentences and Examples (1), (2), and (3) of newly designated paragraph (c)(1)(i), and by adding a new paragraph (c)(1)(ii) to read as follows:

§25.2522(c)-3 Transfers not exclusively for charitable, etc., purposes in the case of gifts made after July 31, 1969.

* * * * *

(c) *Transfers of partial interest in property*—(1) *Disallowance of deduction*—(i) *In general.****

(ii) *Works of art and copyright treated as separate properties.* For purposes of paragraphs (c)(1)(i) and (c)(2) of this section, rules similar to the rules in §20.2055-2(e)(1)(ii) shall apply in the case of transfers made after December 31, 1981.

(b) Paragraph (c)(2)(i) of §25.2522(c)-3 is amended by removing the seventh sentence thereof.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved May 7, 1984,
JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on May 16, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 17, 1984, 49 F.R. 20811)

Ct. D. 2025

SUPREME COURT
OF THE
UNITED STATES
No. 82-1041

Esther C. Dickman, et al.,
Petitioners,
v.
Commissioner of Internal Revenue
[465 U.S.]

On Writ of Certiorari to
the United States Court of Appeals
for the Eleventh Circuit
[February 22, 1984]

Section 2501(a)(1) of the Internal Revenue Code of 1954 (Code) imposes a tax upon "the transfer of property by gift." Section 2511(a) provides that such tax shall apply whether "the transfer is in trust or otherwise, whether the gift is direct or indirect, and whether the property is real or personal, tangible or intangible." Petitioner wife and her husband, now deceased, made substantial interest-free demand loans to their son and a closely held family corporation. The Commissioner of Internal Revenue determined that the loans resulted in taxable gifts to the extent of the value of the use of loaned funds, and assessed gift tax deficiencies. Petitioner wife and petitioner personal representative of her husband sought redetermination of the deficiencies in the Tax Court, which held that the loans were not subject to the gift tax. The Court of Appeals reversed.

Held: The loans in question resulted in taxable gifts of the reasonable value of the use of the money lent.

(a) The language of §§2501(a)(1) and 2511(a) is clear and admits of only one reasonable interpretation: transfers of property by gift, by whatever means effected, are subject to the federal gift tax. The gift tax was designed to encompass all transfers of property and property *rights* having significant value.

(b) The interest-free loan of funds is a "transfer of property by gift" within the contemplation of the Code. The transfer of cash, interest-free and repayable on demand, is a grant of the use of valuable property. And the right to use the money without charge is a valuable interest in the money lent, although the value of such interest may be reduced by virtue of its demand status.

(c) Failure to impose the gift tax on interest-free loans would seriously undermine Congress' goal in enacting the gift tax as a protection against income tax avoidance by the transferor and as a supplement to the estate tax.

(d) Subjecting interest-free loans to the gift tax does not impose upon the transferor a duty to invest profitably, but rather merely recognizes that certain tax consequences flow from a decision to make "a transfer of property by gift."

(e) There is no merit to petitioners' contention that imposing a gift tax on interest-free loans could result in imposing the tax on routine neighborly or familial gifts, thus intruding into cherished zones of privacy. Any such administrative problems are rendered illusory by the generous exclusions, exceptions, and credits provided by the Code for gifts to both family members and others.

(f) Assuming, *arguendo*, that the Commissioner's present position represents a departure from prior administrative practice, he may, nevertheless, change an earlier interpretation of the law, even if such a change is made retroactive in effect, and even though a taxpayer may have relied to his detriment upon the Commissioner's prior position Pp. 12-13.

690 F.2d 812, affirmed.

BURGER, C.J., delivered the opinion of the Court, in which BRENNAN, WHITE, MARSHALL, BLACKMUN, STEVENS, and O'CONNER, JJ., joined. POWELL, J., filed a dissenting opinion, in which REHNQUIST J., joined.

CHIEF JUSTICE BURGER delivered the opinion of the Court.

We granted certiorari to resolve a conflict among the Circuits as to whether intrafamily, interest-free demand loans result in taxable gifts of the value of the use of the money lent.

I

A

Paul and Esther Dickman were husband and wife; Lyle Dickman was their son. Paul, Esther, Lyle, and Lyle's wife and children were the owners of Artesian Farm, Inc. (Artesian), a closely-held Florida corporation. Between 1971 and 1976, Paul and Esther loaned substantial sums to Lyle and Artesian. Over this five-year interval, the outstanding balances for the loans from Paul to Lyle varied from $144,715 to $342,915; with regard to Paul's loans to Artesian, the outstanding balances ranged from $207,875 to $669,733. During the same period, Esther loaned $226,130 to Lyle and $68,651 to Artesian. With two exceptions, all the loans were evidenced by demand notes bearing no interest.[1]

Paul Dickman died in 1976, leaving a gross estate for federal estate tax purposes of $3,464,011. The Commissioner of Internal Revenue audited Paul Dickman's estate and determined that the loans to Lyle and Artesian resulted in taxable gifts to the extent of the value of the use of the loaned funds.[2] The Commissioner then issued statutory notices of gift tax deficiency both to Paul Dickman's estate and to Esther Dickman.[3]

Esther Dickman and the estate, petitioners here, sought redetermination of the deficiencies in the Tax Court. Reaffirming its earlier decision in *Crown* v. *Commissioner*, 67 T.C. 1060 (1977), aff'd, 585 F.2d 234 (CA7 1978), the Tax Court concluded that intrafamily, interest-free demand loans do not result in taxable gifts. 41 TCM 620, 623 (1980). Because the Tax Court determined that all the loans to Lyle and Artesian were made payable on demand, it held that the loans were not subject to the federal gift tax. *Id.*, at 624.

B

The United States Court of Appeals for the Eleventh Circuit reversed, holding that gratuitous inter-

[1] One exception was a loan made to Lyle on "open account" and payable on demand; the parties have agreed that the gift tax consequences of this "open account" loan are identical to those of the loans evidenced by the demand notes. 41 TCM 620, 623 n. 4 (1980). The other exception was a loan made to Artesian and memorialized by a no-interest note having a term of 10 years, the characterization of which has been a matter of dispute. Although the Tax Court held that this loan to Artesian was in substance a demand loan, *id.*, at 624, the Court of Appeals declined to reach the issue, suggesting that the Tax Court consider the valuation consequences of the loan's characterization on remand. 690 F.2d 812, 814 n. 3 (CA11 1982). For present purposes, we shall refer to all the loans from Paul and Esther Dickman to Lyle and Artesian as demand loans.

[2] In valuing the gifts, the Commissioner multiplied the loan balances outstanding at the end of each taxable quarter by interest rates ranging from six percent to nine percent per annum. These interest rates were taken from §6621 of the Internal Revenue Code of 1954, 26 U.S.C. §6621, made applicable by Code §6601 to underpayments of tax.

[3] The Commissioner asserted a $42,212.91 deficiency against Paul Dickman's estate and a $41,109.78 deficiency against Esther Dickman.

est-free demand loans give rise to gift tax liability. 690 F.2d 812, 819 (1982). Reviewing the language and history of the gift tax provisions of the Internal Revenue Code of 1954 (Code), 26 U.S.C. §2501 *et seq.*, the Court of Appeals concluded that Congress intended the gift tax to have the broadest and most comprehensive coverage possible. The court reasoned that the making of an interest-free demand loan constitutes a "transfer of property by gift" within the meaning of 26 U.S.C. §2501(a)(1), and accordingly is subject to the gift tax provisions of the Code. In so holding, the Court of Appeals squarely rejected the contrary position adopted by the United States Court of Appeals for the Seventh Circuit in *Crown* v. *Commissioner*, 585 F.2d 234 (1978). We granted certiorari to resolve this conflict, 465 U.S. ____ (1983); we affirm.

II

A

The statutory language of the federal gift tax provisions purports to reach any gratuitous transfer of any interest in property. Section 2501 (a)(1) of the Code imposes a tax upon "the transfer of property by gift." 26 U.S.C. §2501(a)(1). Section 2511(a) highlights the broad sweep of the tax imposed by §2501, providing in pertinent part:

"Subject to the limitations contained in this chapter, the tax imposed by section 2501 shall apply whether the transfer is in trust or otherwise, whether the gift is direct or indirect, and whether the property is real or personal, tangible or intangible. . . ." *Id.*, at §2511(a).

The language of these statutes is clear and admits of but one reasonable interpretation: transfers of property by gift, by whatever means effected, are subject to the federal gift tax.

The committee reports accompanying the Revenue Act of 1932, 47 Stat. 169, which established the present scheme of federal gift taxation, make plain that Congress intended the gift tax statute to reach all gratuitous transfers of any valuable interest in property. Among other things, these reports state:

"The terms 'property,' 'transfer,' 'gift,' and 'indirectly' are used in the broadest and most comprehensive sense; the term 'property' reaching every species of right or interest protected by law and having an exchangeable value.

The words 'transfer. . .by gift' and 'whether. . .direct or indirect' are designed to cover and comprehend all transactions. . .whereby, and to the extent. . .that, property or a property right is donatively passed to or conferred upon another, regardless of the means or the device employed in its accomplishment." H.R. Rep. No. 708, 72d Cong., 1st Sess., 27-28 (1932); S. Rep. No. 665, 72d Cong., 1st Sess., 39 (1932).

The plain language of the statute reflects this legislative history; the gift tax was designed to encompass all transfers of property and property *rights* having significant value.[4]

On several prior occasions, this Court has acknowledged the expansive sweep of the gift tax provisions. In *Commissioner* v. *Wemyss*, 324 U.S. 303, 306 (1945) [1945 C.B. 416] the Court explained that:

"Congress intended to use the term 'gifts' in its broadest and most comprehensive sense. . . .[in order] to hit all the protean arrangements which the wit of man can devise that are not business transactions within the meaning of ordinary speech."

The Court has also noted that the language of the gift tax statute "is broad enough to include property, however conceptual or contingent," *Smith* v. *Shaughnessy*, 318 U.S. 176, 180 (1943) [1943 C.B. 1144] so as "to reach every kind and type of transfer by gift," *Robinette* v. *Helvering*, 318 U.S. 184, 187 (1943) [1943 C.B. 1141]. Thus, the decisions of this Court reinforce the view that the gift tax should be applied broadly to effectuate the clear intent of Congress.

B

In asserting that interest-free demand loans give rise to taxable gifts, the Commissioner does not seek to impose the gift tax upon the principal amount of the loan, but only upon the reasonable value of the use of the money lent. The taxable gift that assertedly results from an interest-free demand loan is the value of receiving and using the money without incurring a corresponding obligation to pay interest along with the loan's repayment.[5] Is such a gratuitous transfer of the right to use money a "transfer of property" within the intendment of §2501(a)(1)?

We have little difficulty accepting the theory that the use of valuable property—in this case money—is itself a legally protectible property interest. Of the aggregate rights associated with any property interest, the right of use of property is perhaps of the highest order. One court put it succinctly:

" 'Property' is more than just the physical thing—the land, the bricks, the mortar—it is also the sum of all the rights and powers incident to ownership of the physical thing. Property is composed of constituent elements and of these elements the right to *use* the physical thing to the exclusion of others is the most essential and beneficial. Without this right all other elements would be of little value. . . ." *Passailaigue* v. *United States*, 224 F. Supp. 682, 686 (MD Ga. 1963) (emphasis in original).[6]

What was transferred here was the use of a substantial amount of cash for an indefinite period of time. An analogous interest in real property, the use under a tenancy at will, has long been recognized as a property right. *E.g.*, Restatement (Second) of Property §1.6 (1977); G. Thompson, Commentaries on the Modern Law of Real Property §1020 (J. Grimes ed. 1980). For example, a parent who

[4] The comprehensive scope of the gift tax, reflected by its statutory language and legislative history, is analogous to that of §61 of the Code, 26 U.S.C. §61, which defines gross income as "all income from whatever source derived." Section 61 has long been interpreted to include all forms of income except those specifically excluded from its reach. See, *e.g.*, *Commissioner* v. *Glenshaw Glass Co.*, 348 U.S. 426 (1955) [1955-1 C.B. 207]. Similarly, the gift tax applies to any "transfer of property by gift," Code §2501(a)(1), "[s]ubject to the limitations contained in this chapter," Code §2511(a). Accordingly, absent an express exclusion from its provisions, any transfer meeting the statutory requirements must be held subject to the gift tax.

[5] The Commissioner's tax treatment of interest-free demand loans may perhaps be best understood as a two-step approach to such transactions. Under this theory, such a loan has two basic economic components: an arm's-length loan from the lender to the borrower, on which the borrower pays the lender a fair rate of interest, followed by a gift from the lendor to the borrower in the amount of that interest. See *Crown* v. *Commissioner*, 585 F.2d 234, 240 (CA7 1978).

[6] See also *Barker* v. *Publishers' Paper Co.*, 103 A. 757 758 (N.H. 1918) ("In its final analysis, the property in anything consists in the use."); G. Thompson, Commentaries on the Modern Law of Real Property §5, at 31 (J. Grimes ed. 1980) ("The use of a given object is the most essential and beneficial quality or attribute of property.").

grants to a child the rent-free, indefinite use of commercial property having a reasonable rental value of $8000 a month has clearly transferred a valuable property right. The transfer of $100,000 in cash, interest-free and repayable on demand, is similarly a grant of the use of valuable property. Its uncertain tenure may reduce its value, but it does not undermine its status as property. In either instance, when the property owner transfers to another the right to use the object, an identifiable property interest has clearly changed hands.

The right to the use of $100,000 without charge is a valuable interest in the money lent, as much so as the rent-free use of property consisting of land and buildings. In either case, there is a measurable economic value associated with the use of the property transferred.The value of the use of money is found in what it can produce; the measure of that value is interest—"rent" for the use of the funds. We can assume that an interest-free loan for a fixed period, especially for a prolonged period, may have greater value than such a loan made payable on demand, but it would defy common human experience to say that an intrafamily loan payable on demand is not subject to accommodation; its value may be reduced by virtue of its demand status, but that value is surely not eliminated.

This Court has noted in another context that the making of an interest-free loan results in the transfer of a valuable economic right:

"It is virtually self-evident that extending interest-free credit for a period of time is equivalent to giving a discount equal to the value of the use of the purchase price for that period of time." *Catalano, Inc. v. Target Sales, Inc.*, 446 U.S. 643, 648 (1980) *(per curiam)*.

Against this background, the gift tax statutes clearly encompass within their broad sweep the gratuitous transfer of the use of money. Just as a tenancy at will in real property is an estate or interest in land, so also is the right to use money a cognizable interest in personal property. The right to use money is plainly a valuable right, readily measurable by reference to current interest rates; the vast banking industry is positive evidence of this reality. Accordingly, we conclude that the interest-free loan of funds is a "transfer of property by gift" within the contemplation of the federal gift tax statutes.[7]

C

Our holding that an interest-free demand loan results in a taxable gift of the use of the transferred funds is fully consistent with one of the major purposes of the federal gift tax statute: protection of the estate tax and the income tax. The legislative history of the gift tax provisions reflects that Congress enacted a tax on gifts to supplement existing estate and income tax laws. H.R. Rep. No. 708, *supra*, at 28; S. Rep. No. 665, *supra*, at 40; see also 65 Cong. Rec. 3119-3120, 8095-8096 (1924); Harriss, Legislative History of Federal Gift Taxation, 18 Taxes 531, 536 (1940). Failure to impose the gift tax on interest-free loans would seriously undermine this estate and income tax protection goal.

A substantial no-interest loan from parent to child creates significant tax benefits for the lender quite apart from the economic advantages to the borrower. This is especially so when an individual in a high income tax bracket transfers income-producing property to an individual in a lower income tax bracket, thereby reducing the taxable income of the high-bracket taxpayer at the expense, ultimately, of all other taxpayers and the government. Subjecting interest-free loans to gift taxation minimizes the potential loss to the federal fisc generated by the use of such loans as an income tax avoidance mechanism for the transferor. Gift taxation of interest-free loans also effectuates Congress' desire to supplement the estate tax provisions. A gratuitous transfer of income-producing property may enable the transferor to avoid the future estate tax liability that would result if the earnings generated by the property—rent, interest, or dividends—became a part of the transferor's estate. Imposing the gift tax upon interest-free loans bolsters the estate tax by preventing the diminution of the transferor's estate in this fashion.

III

Petitioners contend that administrative and equitable considerations require a holding that no gift tax consequences result from the making of interest-free demand loans. In support of this position, petitioners advance several policy arguments; none withstands studied analysis.

A

Petitioners first advance an argument accepted by the Tax Court in *Crown v. Commissioner, supra*:

"[O]ur income tax system does not recognize unrealized earnings or accumulations of wealth and no taxpayer is under any obligation to continuously invest his money for a profit. The opportunity cost of either letting one's money remain idle or suffering a loss from an unwise investment is not taxable merely because a profit *could have been made* from a wise investment." 67 T.C., at 1063-1964.

Thus, petitioners argue, an interest-free loan should not be made subject to the gift tax simply because of the possibility that the money lent *might* have enhanced the transferor's tax-

[7] Petitioners argue that no gift tax consequences should attach to interest-free demand loans because no "transfer" of property occurs at the time the loan is made. Petitioners urge that the term "transfer" connotes a discrete, affirmative act whereby a person conveys something to another person, not a continuous series of minute failures to require return of something loaned." Brief for Petitioners 22. We decline to adopt that construction of the statute.

In order to make a taxable gift, a transferor must relinquish dominion and control over the transferred property. Treas. Reg. §25.2511-2(b), 26 CFR §25.2511-2(b) (1983). At the moment an interest-free demand loan is made, the transferor has not given up all dominion and control; he could terminate the transferee's use of the funds by calling the loan. As time passes without a demand for repayment, however, the transferor allows the use of the principal to pass to the transferee, and the gift becomes complete. See *ibid.*; Rev. Rul. 69-347, 1969-1 Cum. Bull. 227; Rev. Rul. 69-346, 1969-1 Cum. Bull. 227. As the Court of Appeals realized, 690 F.2d, at 819, the fact that the transferor's dominion and control over the use of the principal is relinquished over time will become especially relevent in connection with the valuation of the gifts that result from such loans; it does not, however, alter the fact that the lender has made a gratuitous transfer of property subject to the federal gift tax.

able income or gross estate had the loan never been made.

This contention misses the mark. It is certainly true that no law requires an individual to invest his property in an income-producing fashion, just as no law demands that a transferor charge interest or rent for the use of money or other property. An individual may, without incurring the gift tax, squander money, conceal it under a mattress, or otherwise waste its use value by failing to invest it. Such acts of consumption have nothing to do with lending money at no interest. The gift tax is an excise tax on *transfers* of property; allowing dollars to lie idle involves no transfer. If the taxpayer chooses not to waste the use value of money, however, but instead transfers the use to someone else, a taxable event has occurred. That the transferor himself could have consumed or wasted the use value of the money without incurring the gift tax does not change this result. Contrary to petitioners' assertion, a holding in favor of the taxability of interest-free loans does not impose upon the transferor a duty profitably to invest; rather, it merely recognizes that certain tax consequences inevitably flow from a decision to make a "transfer of property by gift." 26 U.S.C. §2501(a)(1).

B

Petitioners next attack the breadth of the Commissioner's view that interest-free demand loans give rise to taxable gifts. Carried to its logical extreme, petitioners argue, the Commissioner's rationale would elevate to the status of taxable gifts such commonplace transactions as a loan of the proverbial cup of sugar to a neighbor or a loan of lunch money to a colleague. Petitioners urge that such a result is an untenable intrusion by the government into cherished zones of privacy, particulary where intra-family transactions are involved.

Our laws require parents to provide their minor offspring with the necessities and conveniences of life; questions under the tax law often arise, however, when parents provide more than the necessities, and in quantities significant enough to attract the attention of the taxing authorities. Generally, the legal obligation of support terminates when the offspring reach majority. Nonetheless, it is not uncommon for parents to provide their adult children with such things as the use of cars or vacation cottages, simply on the basis of the family relationship. We assume that the focus of the Internal Revenue Service is not on such traditional familial matters. When the government levies a gift tax on routine neighborly or familial gifts, there will be time enough to deal with such a case.

Moreover, the tax law provides liberally for gifts to both family members and others; within the limits of the prescribed statutory exemptions, even substantial gifts may be entirely tax free. First, under §2503(e) of the Code, 26 U.S.C. §2503(e), amounts paid on behalf of an individual for tuition at a qualified educational institution or for medical care are not considered "transfer[s] of property by gift" for purposes of the gift tax statutes. More significantly, section 2503(b) of the Code provides an annual exclusion from the computation of taxable gifts of $10,000 per year, per donee; this provision allows a taxpayer to give up to $10,000 annually to each of any number of persons, without incurring any gift tax liability.[8] The "split gift" provision of Code §2513(a), which effectively enables a husband and wife to give each object of their bounty $20,000 per year without liability for gift tax, further enhances the ability to transfer significant amounts of money and property free of gift tax consequences.[9] Finally, should a taxpayer make gifts during one year that exceed the §2503(b) annual gift tax exclusion, no gift tax liability will result until the unified credit of Code §2505 has been exhausted.[10] These generous exclusions, exceptions, and credits clearly absorb the sorts of *de minimis* gifts petitioners envision and render illusory the administrative problems that petitioners perceive in their "parade of horribles".

C

Finally, petitioners urge that the Commissioner should not be allowed to assert the gift taxability of interest-free demand loans because such a position represents a departure from prior Internal Revenue Service practice. This contention rests on the fact that, prior to 1966, the Commissioner had not construed the gift tax statutes and regulations to authorize the levying of a gift tax on the value of the use of money or property. See *Crown* v. *Commissioner*, 585 F.2d, at 241; *Johnson* v. *United States*, 254 F. Supp. 73 (ND Tex. 1966). From this they argue that it is manifestly unfair to permit the Commissioner to impose the gift tax on the transactions challenged here.

Even accepting the notion that the Commissioner's present position represents a departure from prior administrative practice, which is by no means certain,[11] it is well established

[8] During the taxable periods involved in this case, Code §2503(b) provided an annual exclusion of $3000 per year, per donee. Section 441(a) of the Economic Recovery Tax Act of 1981, Pub. L. No. 97-34, 95 Stat. 319, amended §2503(b) by raising the annual exclusion to $10,000 for transfers made after December 31, 1981.

[9] Under Code §2513(a), U.S.C. §2513(a), a husband and wife may elect to treat a gift in fact made by one spouse as having been made one-half by each spouse. Simply put, the net effect of this gift-splitting provision is to double the gift tax exclusions and exemptions applicable to each gift by the donor. In some states, of course, community property laws achieve the same "gift-splitting" result. See generally C. Lowndes, R. Kramer, and J. McCord, Federal Estate & Gift Taxes §35.1 (1974).

[10] Under the gift tax system in effect during the taxable periods involved in this case, former Code §2521 provided a lifetime gift tax exemption of $30,000 for each taxpayer. Section 2001(b)(3) of the Tax Reform Act of 1976, Pub. L. No. 94-455, 90 Stat. 1849, replaced the lifetime exemption with a unified credit. As modified by the Economic Recovery Tax Act of 1981, *supra*, the unified credit provided by Code §2505 is scheduled to increase each year until 1987; at that time, the credit will total $192,800, the equivalent of a lifetime exemption of $600,000 per taxpayer. See Code §2505(b), 26 U.S.C. §2505(b).

[11] The Treasury Regulations implementing the gift tax provisions have always reflected the broad scope of the statutory language. See Treas. Regs. 79, Art. 2 (1983); Treas. Regs. 79, Art. 2 (1936); Treas. Regs. 108, §86.2(a) (1943). The regulation presently in force is virtually identical to those in effect during the pre-

that the Commissioner may change an earlier interpretation of the law, even if such a change is made retroactive in effect. *E.g., Dixon* v. *United States*, 381 U.S. 68, 72-75 (1965) [1965-2 CB 479]; *Automobile Club of Michigan* v. *Commissioner*, 353 U.S. 180, 183-184 (1957) [1957-1 CB 513]. This rule applies even though a taxpayer may have relied to his detriment upon the Commissioner's prior position. *Dixon* v. *United States, supra*, at 73. The Commissioner is under no duty to assert a particular position as soon as the statute authorizes such an interpretation.[12] See also *Bob Jones University* v. *United States*, 461 U.S.____(1983). Accordingly, petitioners' "taxpayer reliance" argument is unavailing.[13]

IV

As we have noted, *supra* at____, Congress has provided generous exclusions and credits designed to reduce the gift tax liability of the great majority of taxpayers. Congress clearly has the power to provide a similar exclusion for the gifts that result from interest-free demand loans. Any change in the gift tax consequences of such loans, however, is a legislative responsibility, not a judicial one. Until such a change occurs, we are bound to effectuate Congress' intent to protect the estate and income tax systems with a broad and comprehensive tax upon all "transfer[s] of property by gift." Cf. *Diedrich* v. *Commissioner*, 457 U.S. 191, 199 (1982) [1982-2 CB 186].

We hold, therefore, that the interest-free demand loans shown by this record resulted in taxable gifts of the reasonable value of the use of the money lent.[14] Accordingly, the judgment of the United States Court of Appeals for the Eleventh Circuit is

Affirmed.

---

ceding five decades; it provides:

"The gift tax also applies to gifts indirectly made. Thus, all transactions whereby property or property rights or interests are gratuitously passed or conferred upon another, regardless of the means or device employed, constitute gifts subject to tax." Treas. Reg. §25.2511-1(c), 26 CFR §25.2511-1(c) (1983).

The longstanding interpretation of the statute embodied in these regulations indicates that the Commissioner's allegedly novel assertion in 1966 regarding the gift taxability of interest-free demand loans was not without a reasonable and well-established foundation.

[12] Indeed, the explanation for the dearth of pre-1966 cases presenting this precise issue is probably economic; the low interest rates that prevailed until recent years diminished the attractiveness of the interest-free demand loan as a tax-planning device and reduced the likelihood that the value of such loans would exceed the annual gift tax exclusion.

[13] Petitioners' detrimental reliance argument must fail for an additional reason. The interest-free demand loans challenged by the Commissioner in this case were made between 1971 and 1976. The Commissioner first litigated the question of the gift taxability of such loans in *Johnson* v. *United States*, 254 F. Supp. 73 (ND Tex. 1966). Six years later, in Rev. Rul. 73-61, 1973-1 Cum. Bull. 408, the Commissioner formally announced the position that interest-free demand loans give rise to taxable gifts. Because approximately half the loans in this case were made after the Commissioner had issued Rev. Rul. 73-61, petitioners are hardly in a position to argue that they relied to their detriment on a different interpretation of the gift tax statute.

[14] In determining the value of the gifts made by Paul and Esther Dickman to Lyle Dickman and Artesian, the Commissioner applied to the loan balances outstanding during each taxable quarter certain interest rates derived from §6621 of the Code, 26 U.S.C. §6621. See n. 2, *supra*. The Court of Appeals declined to address the question, but remanded to the Tax Court for consideration of the method by which the gifts associated with interest-free demand loans should be valued. 690 F.2d, at 820 and n. 11. The valuation issue is therefore not presented on the record before us. We note, however, that to support a gift tax on the transfer of the use of $100,000 for one year, the Commissioner need not establish that the funds lent did in fact produce a particular amount of revenue; it is sufficient for the Commissioner to establish that a certain yield could readily be secured and that the reasonable value of the use of the funds can be reliably ascertained.

Section 2505.—Unified Credit Against Gift Tax

(Also Sections 2501, 2504; 26 CFR 25.2501-1, 25.2504-2.)

Unified credit; adjustment to value. A donor's use of the unified credit does not result in the payment or assessment of the gift tax which would preclude the subsequent adjustment to the value of the gift.

Rev. Rul. 84-11

ISSUE

Does a donor's use of the unified credit under section 2505 of the Internal Revenue Code result in a payment or assessment of gift tax that would preclude an adjustment to the value of the gift under section 2504(c)?

FACTS

In December 1977, *D*, the donor, made a gift of stock to *A*. *D* made no other gifts during that calendar quarter. On April 15, 1978, *D* filed a gift tax return reporting the fair market value of the gift to be $123,000.

The annual exclusion was allowable under section 2503 of the Code. Therefore, the return indicated a tentative gift tax liability of $29,800 which was fully offset by the unified credit.

In 1982, *D* made a gift to *B* of $230,000. Upon audit of the gift tax return filed for 1982, an adjustment was made to increase the value of the 1977 gift to reflect the correct fair market value of the stock at the time of the gift. Although no gift tax could be assessed for the gift to *A* because the period of limitations on assessment had expired, the adjustment increased the aggregate sum of *D*'s taxable gifts. Therefore, the rate of tax applicable to the 1982 gift was increased. *D* contended that the adjustment was barred by section 2504(c) of the Code because, since the unified credit was used, a tax was assessed or paid for the 1977 gift.

LAW AND ANALYSIS

Section 2501 of the Code as amended by the Economic Recovery Tax Act of 1981 (the Act), imposes a tax

for each calendar year on the transfer of property by gift during the calendar year.

Section 2502 of the Code, as amended by the Act, provides, in general, that the tax imposed by section 2501 shall be an amount equal to the excess of—

(1) a tentative tax on the aggregate sum of the taxable gifts for the calendar year and for each of the preceding calendar periods, over

(2) a tentative tax on the aggregate sum of the taxable gifts for each of the preceding calendar periods.

Section 2505(a) of the Code, as amended by the Act, allows a credit of $192,800 against the gift tax imposed by section 2501. The credit is reduced by the sum of the amounts allowable as a credit to the individual for all preceding calendar periods. Section 2505(b) provides that the amount of the unified credit is phased in over several years. The maximum amount of the unified credit available for gifts made after December 31, 1981, and before January 1, 1983, is $62,800. In the case of gifts made after June 30, 1977, and before January 1, 1978, the maximum amount of unified credit available is $30,000. Further, because the unified credit is mandatory any unified credit that is allowable must be applied to the extent of gift taxes that are imposed under section 2501. Rev. Rul. 79-398, 1979-2 C.B. 338.

Section 2504(c) of the Code, as amended by the Act, provides that, if the time has expired within which a tax may be assessed on the transfer of property by gift made during a preceding calendar period, and if a tax has been assessed or paid for such preceding calendar period, the value of the gift shall, for purposes of computing the tax for any calendar year, be the value of the gift which was used in computing the tax for the last preceding calendar period for which a tax was assessed or paid.

Explaining section 2504(c), H.R. Rep. No. 1337, 83rd Cong., 2d Sess. 93, A 322 (1954) states:

> Subsection (c) of this section will prevent the value of a gift from being adjusted under such circumstances in cases *where a tax was paid for the prior year in question.* This subsection, however, will not prevent such an adjustment *if no tax was paid for the prior year. . .* (Emphasis added)

See also Sen. Rep. No. 1622, 83rd Cong., 2d Sess. 127 (1954), which states:

> [O]nce the value of a gift has been accepted for purposes of the tax by both the Government and the taxpayer, this value should be acceptable to both in measuring the tax to be applied to subsequent gifts. For that reason the bill provides that the value of the gift as reported on a taxable gift tax return for a prior year is to be conclusive as to the value of the gift (after the statute of limitations has run) in determining the tax rate to be applied to subsequent gifts. This substantially increases certainty in the gift tax area.

The unified credit is a substitute for the specific exemption formerly provided under section 2521, and a gift tax liability is incurred only after the credit has been exhausted. See H.R. Rep. No. 94-1380, 94th Cong., 2d Sess. 15 (1976), 1976-3 (Vol. 3) C.B. 735, 749; see also, Rev. Rul. 79-398, 1979-2 C.B. 338.

Section 6501 provides in general, that the amount of any tax imposed shall be assessed within three years after the return was filed.

Sections 6201, 6202 and 6203, and the regulations thereunder, provide for the time and method of assessment of taxes. Generally, only taxes, net of credits, are the subject of assessment. There are exceptions, such as the assessment of erroneous credits and the deficiency assessment procedures, but none of them are applicable here. Taxes that are entirely offset by a correctly claimed credit are not assessed or paid within the meaning of section 2504(c) of the Code.

This conforms to the Congressional intent underlying section 2504(c), which was to prevent the valuation of a past transfer to be placed in doubt after the Service had previously been satisfied as to the correctness of the taxpayer's valuation. On the other hand, an undervaluation of a gift that fell within the limits of the unified credit might have little or no current tax consequence, and it should not acquire any finality from the fact that it went unchallenged at the time the return was filed.

Accordingly, in this situation, there was no payment or assessment of the gift tax on *D*'s 1977 gift and, therefore, the value of the stock can be adjusted for purposes of computing the aggregate sum of taxable gifts made by *D*.

Further, as noted above, section 6501 of the Code bars an assessment after the expiration of the period of limitations. However, in this situation, where use of the additional unified credit for the 1977 gift offsets the tax imposed by section 2501, no assessment of tax results on the return filed for the gift. The only assessment made, within the meaning of section 6201, would be to the return filed for the gift made in 1982. Therefore, there is no bar to adjusting *D*'s available unified credit to reflect the credit that would have been used had *D* correctly valued the 1977 gift. Consequently, the unified credit available to *D* for the 1982 gift must be adjusted to reflect the credit that would have been used had *D* correctly valued the 1977 gift, even though no tax can be assessed for the 1977 gift.

HOLDING

A donor's use of the unified credit, under section 2505 of the Code, does not result in a payment or assessment of gift tax that would preclude an adjustment to the value of the gift under section 2504(c) of the Code.

Chapter 22.—Railroad Retirement Tax Act
Subchapter D.—General Provisions

Section 3231.—Definitions

26 CFR 31.3231(a)-1: Who are employers.

Railroad retirement; employer; casual service. Insubstantial railroad-related services performed by a company that is wholly owned by a railroad fall within the "casual service" exception contained in section 3231(a), even though they are regularly carried on.

Rev. Rul. 84-91

ISSUE

Under the circumstances described below, is a company an "employer" within the meaning of section 3231(a) of the Internal Revenue Code, relating to the Railroad Retirement Tax Act?

FACTS

X is a wholly owned subsidiary of a railroad company that is a "carrier" as defined in section 3231(g) of the Code. Although the majority of *X*'s business activities is nonrailroad related, *X* regularly provides nontrucking services in connection with the transportation of property by railroad. These services constitute less than 4 percent of *X*'s overall activities and generate less than 4 percent of *X*'s gross receipts.

LAW AND ANALYSIS

For purposes of the Railroad Retirement Tax Act, the term "employer" means any carrier as defined in section 3231(g) of the Code and any company that is directly or indirectly owned or controlled by a carrier and that performs any service, except trucking or casual service, in connection with the transportation of passengers or property by railroad. Section 3231(a). The Railroad Retirement Act contains a similar definition. 45 U.S.C. sections 231(a)(1)(i) and (ii) (Supp. 1983).

Because *X* is owned by a carrier and performs nontrucking services in connection with the transportation of property by railroad, *X* is an employer within the meaning of section 3231(a) of the Code, unless the services *X* performs are "casual services."

Section 202.6 of the regulations under the Railroad Retirement Act, 20 C.F.R. (1982), provides, in part, that the service rendered by a controlled company or person in connection with the transportation of passengers or property by railroad is "casual" whenever the service is so irregular or infrequent as to afford no substantial basis for an inference that the service will be repeated, or whenever the service is insubstantial.

In *Adams v. Railroad Retirement Board*, 214 F.2d 534 (9th Cir. 1954), the court stated that the definition of "casual" in 20 C.F.R. section 202.6 is a fair statement of the usual or common meaning of that term. *See* Rev. Rul. 77-386, 1977-2 C.B. 356; Rev. Rul. 77-455, 1977-2 C.B. 357.

Here, the services *X* renders in connection with railroad transportation constitute less than 4 percent of *X*'s overall activities and generate less than 4 percent of *X*'s gross receipts. *X*'s railroad related activities are thus insubstantial and so fall within the "casual service" exemption contained in section 3231(a) of the Code. Compare Rev. Rul. 69-42, 1969-1 C.B. 266, and Rev. Rul. 69-306, 1969-1 C.B. 267, in which the services performed were not considered to be "casual."

HOLDING

X is not an "employer" within the meaning of section 3231(a) of the Code.

---

26 CFR 31.3231(e)-1: Compensation.

Rev. Rul. 84-92

FACTS

Rev. Rul. 72-341, 1972-2 C.B. 32, holds that payments by a corporation to its employees resulting from a suit for violation of Title VII of the Civil Rights Act of 1964 are includible in the employees' gross income as compensation and are wages for purposes of the Federal Insurance Contributions Act, the Federal Unemployment Tax Act, and federal income tax withholding.

HOLDING

Payments made to employees by an employer, as defined in section 3231(a) of the Internal Revenue Code, that are includible in their gross incomes pursuant to Rev. Rul. 72-341 are "compensation" for purposes of the Railroad Retirement Tax Act.

EFFECTS ON OTHER DOCUMENTS

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER C, PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE REGULATIONS

Removal of regulations on mandatory withholding from interest and dividends

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides a Treasury decision that removes the final regulations contained in T.D. 7880 [1983-1 C.B. 242] relating to 10 percent withholding on interest and dividends. Repeal of the applicable tax law was made by the Interest and Dividend Tax Compliance Act of 1983 [Pub. L. 98-67, 1983-2 C.B. 352]. This Treasury decision affects persons who would have been required to withhold under the repealed provisions.

DATES: The Treasury decision is effective on March 22, 1983, except for §31.3452(f)-1 which is effective February 1, 1983. The regulations apply to payments of interest, dividends, and patronage dividends paid or credited after June 30, 1983, except that the regulations relating to exemption certificates (§31.3452(f)-1) are effective on February 1, 1983.

FOR FURTHER INFORMATION CONTACT: Diane Kroupa of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Ave., N.W., Washington, D.C. 20224.

SUPPLEMENTARY INFORMATION:

BACKGROUND

Final regulations under section 3451 *et seq.* relating to 10 percent withholding on interest and dividends were published in the FEDERAL REGISTER for March 28, 1983 (48 FR 12940) [T.D. 7880, 1983-1 C.B. 242], after a public hearing was held on February 1, 1983. Those amendments were issued to conform the regulations to statutory changes enacted by sections 301 through 308 of the Tax Equity and Fiscal Responsibility Act of 1982 (Pub. L. 97-248, 96 Stat. 324, 576). [1982-2 C.B. 462, 548-556]. Section 102 of the Interest and Dividend Tax Compliance of 1983 (97 Stat. 369) [Pub. L. 98-67, 1983-2 C.B. 352] repealed the statu-

tory provisions. This document, therefore, removes the regulatory provisions issued under section 3451 *et seq.*

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Commissioner of Internal Revenue has determined that this Treasury decision is not a major rule subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

The Secretary of the Treasury has certified that this rule, if issued, will not have a significant economic impact on a substantial number of small entities since it merely removes regulations that implemented statutory provisions that have been repealed. A Regulatory Flexibility Analysis is, therefore, not required under the Regulatory Flexibility Act (5 U.S.C. 605(b)).

DRAFTING INFORMATION

The principal author of this Treasury decision is Diane Kroupa of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. Personnel from other offices of the Internal Revenue Service and Treasury Department participated, however, in developing this Treasury decision, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 31 is amended as follows:

The following sections are removed:

1. §31.3451(a)-1
2. §31.3451(b)(1)-1
3. §31.3451(b)(2)-1
4. §31.3451(b)(3)-1
5. §31.3451(b)(4)-1
6. §31.3451(c)-1
7. §31.3452(a)-1
8. §31.3452(b)-1
9. §31.3452(c)-1
10. §31.3452(d)-1
11. §31.3452(e)-1
12. §31.3452(f)-1
13. §31.3453(a)-1
14. §31.3453(b)-1
15. §31.3453(c)-1
16. §31.3453(d)-1
17. §31.3453(e)-1
18. §31.3454(a)-1
19. §31.3454(b)-1
20. §31.3454(c)-1
21. §31.3455(b)-1
22. §31.3456(b)-1
23. §31.3456(c)-1
24. §31.3456(d)-1
25. §31.6011(a)-10
26. §31.6071(a)-2
27. §31.6302(c)-5
28. §31.7512-1

This Treasury decision removes the regulations issued to conform to statutory provisions that have been repealed. For this reason, it is found impracticable and unnecessary to issue this Treasury decision with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, Jr.,
Commissioner of Internal Revenue.

Approved March 30, 1984.

JOHN E. CHAPOTON,
Assistant Secretary for Tax Policy.

(Filed by the Office of the Federal Register on March 30, 1984, 3:59 p.m., and published in the issue of the Federal Register for April 3, 1984, 49 F.R. 13143)

Local humane society; state and local government exemptions. A local human society which, under state law, is authorized to appoint agents with law enforcement powers and is under contract with the county to provide animal shelter and quarantine kennels, qualifies for state and local government exemptions. Rev. Rul. 57-170 modified and superseded.

Rev. Rul. 84-7

ISSUE

Does the local humane society described below qualify for the exemptions from federal excise taxes provided for state and local governments?

FACTS

X is a nonprofit corporation organized under a state law that allows citizens in each county to establish humane societies for the prevention of cruelty to animals. This law authorizes *X* to appoint agents who have law enforcement powers, including the power to investigate and arrest

persons suspected of violating the state's anti-cruelty statutes. The appointment of these agents, however, must be approved by the county government, which also pays part of the agents' salaries. The state's anti-cruelty laws can also be enforced by any police or sheriff's officer.

X is also under contract with the county to provide an animal shelter for sick and abandoned animals and to provide quarantine kennels for animals suspected of having rabies. *X*'s animal ambulances patrol the county and pick up strays and rescue animals in distress. When necessary animals are painlessly put to death.

X also sponsors a humane education program and lobbies for additional animal protection legislation. These functions are merely incidental to *X*'s other responsibilities and form only a minor part of *X*'s total activities.

LAW AND ANALYSIS

Section 4041(g)(2) of the Internal Revenue Code exempts from the taxes on diesel and special fuels imposed by section 4041 sales for the exclusive use of any state, political subdivision of a state, or the District of Columbia. Comparable exemptions from the manufacturers excise taxes, the tax on communications, and the highway use tax are provided by sections 4221(a)(4), 4253(i) and 4483(a), respectively.

In determining whether a sale to, or use by, an organization is for the exclusive use of a state or local government, it must be established that the organization is either (a) controlled, directly or indirectly, by an agency of a state or local government, or (b) is performing a traditional governmental function on a nonprofit basis.

Ordinarily an organization will not be considered to be performing a traditional governmental function for purposes of the exemption unless it is performing an essential governmental function that state or local governments generally have performed directly and that would have to be carried on by the state or local government if the organization did not exist. The term traditional governmental function does not include activities of an organization merely because they are of the type that could appropriately be carried on by a state or local government if it chose to do so, or merely because they supplement existing government activities. The separate exemptions provided for hospitals (section 4253(h)) and schools (section 4041(g)(4), 4221(a)(5), and 4253(j)) make clear that the state and local government exemptions were not intended to apply to every organization that performs an important social or charitable function that is also sometimes performed by the government. Rev. Rul. 82-30, 1982-1 C.B. 165; Rev. Rul. 82-31, 1982-1 C.B. 166. Where the organization performs functions which are not traditional governmental functions, but that are merely incidental to its traditional governmental functions and form only an insubstantial part of its total activities (which otherwise are traditional governmental functions), the organization will be classified overall as one performing traditional governmental functions.

The humane society in the instant case is authorized by state law to appoint agents who have law enforcement powers, including the power to investigate and arrest persons suspected of violating the state's anti-cruelty laws. The society also provides quarantine kennels for animals suspected of having rabies. This facet of the society's program shields the public from the ravages of rabid animals and thus protects the public health. Both these activities come well within the definition of traditional governmental functions.

Moreover, it has long been recognized that the state has preeminent authority over unclaimed animals. The removal of stray domestic animals from the public streets and their ultimate disposal is a necessary governmental function, traditionally performed or arranged for by municipalities in the interest of humane treatment of the animals and of public health and safety.

Thus, the humane society described above is performing a traditional governmental function as that term is defined in Rev. Rul. 82-30.

Rev. Rul. 57-170, 1957-1 C.B. 411, held that certain humane societies organized under state laws like those described above, were exempt from certain excise taxes because they were instrumentalities of a political subdivision of a state. The societies clearly were not municipal corporations and could be considered to be instrumentalities of political subdivisions only if they were formed to achieve a recognized public purpose and had been delegated the right to exercise part of the sovereign power of a state. The society in question is clearly not a municipal corporation and it has not been delegated, in whole or in part, the right to exercise the sovereign power of a state. Sovereign power is recognized as encompassing the powers of eminent domain, taxation and the police power. The society has not been delegated the power to tax or the power of eminent domain. In addition, the society has not been delegated police power. Only the agents of the humane society who are appointed under state statute can prosecute persons committing acts of cruelty to animals. Although these agents are appointed by the humane society, the appointments must be approved by the city or county where the agents reside and such agents are paid by these governmental units. Thus, the agents receive their police power from the city or county rather than from the society. Thus, Rev. Rul. 57-170 was incorrect in concluding that such a society was an instrumentality of a political subdivision of a state.

HOLDING

The local humane society described above qualifies for the exemptions from federal excise taxes provided for state and local governments because it performs a traditional governmental function, and sales to it are thus for the exclusive use of the local government.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 57-170, 1957-1 C.B. 411, holds that a substantially similar organization is entitled to the excise tax exemptions under former sections 4055, 4224, and 4292 of the Code. Under this revenue ruling the organization described in Rev. Rul. 57-170 would also be entitled to the tax exemptions presently provided in sections 4041(g)(2), 4221(a)(4), 4253(i) and 4483(a).

Rev. Rul. 57-170 is modified and superseded.

---

26 CFR 48.4041-11: Sales to States or political subdivisions thereof.

Certain revenue rulings suspended as to their respective applications to Indian tribes, or subdivisions thereof. See Rev. Rul. 84-93, page 279.

Section 4042.—Tax on Fuel Used in Commercial Transportation on Inland Waterways

26 CFR 48.4042-1: Tax on fuel used in commercial waterway transportation.

Commercial waterway transportation; specified waterway; Gulf Intracoastal Waterway (G.I.W.W.). The Houston Ship Channel is not considered part of the G.I.W.W. for purposes of section 4042 of the Code.

Rev. Rul. 84-8

ISSUE

For purposes of the tax imposed by section 4042 of the Internal Revenue Code on fuel used in commercial transportation on inland waterways, is the Houston Ship Channel a part of the Gulf Intracoastal Waterway (G.I.W.W.) as that term is used in section 48.4042-1(g)(11) of the Manufacturers and Retailers Excise Tax Regulations?

FACTS

The Houston Ship Channel is a 40 foot deep waterway, 40 miles long, that connects the City of Houston, Texas, with the Gulf of Mexico. A few miles from the channel's termination into the Gulf of Mexico, it intersects the G.I.W.W., which runs parallel to the Gulf coast. The channel is utilized by both deep draft and commercial shallow draft vessels.

LAW AND ANALYSIS

Section 4042(a) of the Code imposes a tax on any liquid used during any calendar quarter by any person as a fuel in a vessel in commercial waterway transportation.

Section 4042(d)(1) of the Code defines "commercial waterway transportation" as any use of a vessel on any inland or intracoastal waterway of the United States (A) in the business of transporting property for compensation or hire, or (B) in transporting property in the business of the owner, lessee, or operator of the vessel (other than fish or other aquatic life caught on the voyage.)

Section 4042(d)(2) of the Code defines "inland or intracoastal waterway of the United States" as any inland or intracoastal waterway of the United States which is described in section 206 of the Inland Waterways Revenue Act of 1978, Pub. L. 95-502, 1978-2 C.B. 393, 394.

The waterways described in that section of the Act are enumerated in section 48.4042-1(g) of the regulations, which states that only fuel used on those waterways specified in that section is taxable. Section 48.4042-1(g)(11) lists the G.I.W.W. as a specified waterway and provides that such waterway includes its entire length from the mouth of St. Mark's River, Florida, to Brownsville, Texas, a distance of 1134.5 miles. For vessels traveling along the G.I.W.W., no matter how short the distance, the G.I.W.W. includes the main channel, all alternate channels, and all adjoining bays and sounds, regardless of depth. However, vessels merely crossing the G.I.W.W. on route either to a coastal port or to a nonspecified waterway will not be treated as traveling on the G.I.W.W.

Section 206 of the Inland Waterways Revenue Act of 1978 describes only the main G.I.W.W. as a "specified waterway" with no references to adjoining bodies of water. Section 48.4042-1(g)(11) of the regulations expands the definition of the G.I.W.W. to include bodies of water which can be used as alternate means of navigation by a vessel traveling along the G.I.W.W. This was done to tax the fuel consumed in such vessel during transportation along the G.I.W.W. itself and also where the vessel leaves the main G.I.W.W. to use an alternate body of water to get to the same destination. A channel which merely crosses the G.I.W.W., and which could not be used as an alternate waterway by those vessels traveling along the G.I.W.W., was not intended to fall within the regulatory definition of the G.I.W.W.

HOLDING

For purposes of section 4042 of the Code, the Houston Ship Channel is not considered part of the Gulf Intracoastal Waterway.

TITLE 26—INTERNAL REVENUE—CHAPTER 1, SUBCHAPTER D, PART 145—TEMPORARY EXCISE TAX REGLATIONS UNDER THE HIGHWAY REVENUE ACT OF 1982 (TITLE V OF THE SURFACE TRANSPORTATION ASSISTANCE ACT OF 1982).

Floor Stocks Tax and Floor Stocks Refunds on Unused Tires, Inner Tubes, and Tread Rubber Held for Sale on January 1, 1984.

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document provides temporary regulations with respect to the floor stocks tax and floor stocks refunds on unused tires, inner tubes and tread rubber, held for sale on the first moment of January 1, 1984. Changes to the applicable tax law were made by the Highway Revenue Act of 1982 [Pub. L. 97-424, 1983-1 C.B. 405]. These regulations will affect dealers who hold unused tires, inner tubes, and tread rubber for sale on January 1, 1984, and will provide them with the guidance needed to comply with the law.

DATE: These temporary regulations apply to tires, inner tubes, and tread rubber which are unused and held for sale on the first moment of January 1, 1984.

FOR FURTHER INFORMATION CONTACT: Neil W. Zyskind of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, N.W. Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3287),(not a toll free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains temporary regulations relating to the floor stocks tax and refunds on unused tires, inner tubes, and tread rubber held for sale on the first moment of January 1, 1984, which are imposed by sections 521(b), 522 and 523 of the Highway Revenue Act of 1982 (Pub. L. 97-424, 96 Stat. 2184, 2185, and 2186) [1983-1 C.B. 405, 413, 414]. The temporary regulations provided by this document will remain in effect unless superseded by final regulations on this subject.

FLOOR STOCKS REFUNDS

The temporary regulations revise T.D. 7882 (48 FR 14361) [1983-1 C.B. 274] with respect to its implementation of sections 522 and 523 of the Highway Revenue Act of 1982, relating to floor stocks refunds or credits in the case of tax-repealed tires, inner tubes, and tread rubber which are unused and held for sale by a dealer on January 1, 1984. New paragraphs (b)(3) and (b)(4) are added to §145.1-7 to clarify the term "dealer" for purposes of the floor stocks refunds or credits. In addition, a new §145.1-7(c) has been added to allow taxpayers entitled to floor stocks refunds as of January 1, 1984, for tires, inner tubes, or tread rubber, an automatic extension of time for filing the fourth quarter 1983 Form 720. This will enable taxpayers entitled to floor stocks refunds additional time to claim a credit on their fourth quarter 1983 Form 720. There are no floor stocks credits or refunds for those highway tires on which the tax was reduced, but not repealed, effective January 1, 1984

FLOOR STOCKS TAX

The regulations explain the application of the floor stocks tax imposed by section 521(b) of the Highway Revenue Act of 1982 to highway tires which are unused and held for sale on the first moment of January 1, 1984. Dealers are required to take an inventory of the unused highway tires they hold for sale on the first moment of January 1, 1984, and to keep records of the inventory. Under the regulations, the floor stocks tax must be paid by February 16, 1984. A return of the tax must be filed on Form 720. In the case of dealers not otherwise required to file Form 720, the due date for the return is February 16, 1984. Dealers not otherwise required to file Form 720 should mark "FINAL" on their Form 720. In the case of all other dealers, the due date for filing is the date prescribed by the instructions on the Form 720 for the quarter ending March 31, 1984. Section 145.4-2(c) defines the term "dealer."

NEED FOR TEMPORARY REGULATIONS

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

SPECIAL ANALYSIS

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule. The Commissioner of Internal Revenue has determined that these temporary regulations are not subject to Executive Order 12291.

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these regulations is Neil W. Zyskind of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 145 is amended as follows:

Paragraph 1. Section 145.1-7 is amended as follows:

(a) Paragraphs (a) and (b)(2) are revised by inserting "or (b)" after the phrase "section 4071(a)" each time it appears.

(b) New paragraphs (b)(3) and (b)(4) are added immediately following paragraph (b)(2) to read as set forth below.

(c) Paragraph (c) is redesignated as paragraph (d) and a new paragraph (c) is inserted immediately following paragraph (b)(4) to read as set forth below.

§145.1-7 Credit or refund in respect of floor stocks of tires, inner tubes, and tread rubber.

* * * * *

(b) *Definitions*— ***

(3) *Dealer.* For purposes of this section, the term "dealer" includes—

(i) A wholesaler, jobber, distributor, or retailer of tires, inner tubes, or tread rubber, including a manufacturer's retail outlet under §48.4071-3;

(ii) A manufacturer, producer, or importer (manufacturer) who holds tires, inner tubes, or tread rubber for sale on, or in connection with, other articles manufactured, produced, or imported by the manufacturer; or

(iii) A wholesaler, jobber, distributor, or retailer (retailer) of vehicles who holds tires, inner tubes, or tread rubber for sale on, or in connection with, other articles sold by the retailer.

(4) *Examples.* The application of paragraphs (b)(3)(i) through (iii) of this section may be illustrated by the following examples:

Example (1). X, a manufacturer of vehicles, has in inventory on January 1, 1984, tax-paid highway tires to be placed on vehicles to be held for sale, as well as tax-paid highway tires which have already been placed on vehicles held for sale. Under paragraph (b)(3) of this section, X is considered a dealer with respect to both groups of tires.

Example (2). Y, a retailer of vehicles, has in inventory on January 1, 1984, tax-paid highway tires held for sale, as well as tax-paid highway tires which have already been placed on vehicles (including demonstrator vehicles) held for sale. Under these circumstances, both groups of tires will be considered as held by a dealer.

Example (3). Z, a manufacturer of tires, has in inventory on January 1, 1984, retreaded tires, for which tax was paid on the tread rubber, and tax-paid tread rubber. Under these circumstances, Z will be eligible for a floor stocks refund for the tread rubber but not for the tread rubber on the retreaded tires since the tread rubber lost its identity when placed on the retreaded tires. See §48.4072-1(b).

(c) *Automatic extensions of time for filing returns and paying tax in certain cases.* Notwithstanding the provisions of any other regulation, each person required to make a return for the calendar quarter ending December 31, 1983, of a tax imposed by section 4071(a) or (b) (relating to tires, inner tubes, or tread rubber), who is also entitled to floor stocks refunds as of January 1, 1984, for tires, inner tubes, or tread rubber, is granted an extension of time to March 31, 1984, for filing the excise tax return on Form 720 for all taxes reportable on such Form for such quarter.

* * * * *

Par. 2. There is inserted in the appropriate place the following new sections:

§145.4-1 Scope of floor stocks tax on tires.

A floor stocks tax under section 521(b) of the Highway Revenue Act of 1982 (Pub. L. 97-424, 96 Stat. 2184) is imposed on certain tax-paid highway tires which are unused, held by a dealer, and intended for sale by such dealer on the first moment of January 1, 1984. A tire will be regarded as held by a dealer if title to the tire is held by the dealer on the first moment of January 1, 1984 (whether or not delivery has been made), and if, for purposes of consumption by any person other than a dealer, possession or right to possession thereof has not at any time been transferred prior to the first moment of January 1, 1984. The determination as to who holds title or the time possession or right to possession is obtained for purposes of consumption shall be made under applicable local law. A tire will be regarded as held by a manufacturer's retail outlet upon delivery to such outlet within the meaning of §48.4071-3(c). The floor stocks tax on tires does not apply to tires held by any person for the person's own use rather than for sale.

§145.4-2 Application of the floor stocks tax on tires.

(a) *Highway tires.* The floor stocks tax applies to tires weighing more than 81 pounds 7 ounces which are of the type used on vehicles that are highway vehicles (within the meaning of §48.4061(a)-1(d)), including trucks, trailers, semitrailers, or highway tractors.

(b) *Rate of tax.* The floor stocks tax on tires is computed as follows:

(1) For tires weighing more than 81 pounds 7 ounces and less than 82 pounds, the floor stocks tax is .375 cents plus 1.27 cents for each ounce in excess of 81 pounds 8 ounces;

(2) For tires weighing 82 pounds or more and less than 90 pounds 1 ounce, the floor stocks tax is 10.5 cents plus 20.25 cents per pound in excess of 82 pounds; and

(3) For tires weighing more than 90 pounds, the floor stocks tax is $1.725 plus 40.25 cents per pound in excess of 90 pounds.

The floor stocks tax on tires is computed by applying to the total weight (including a fractional part of a pound) of the tire the rates specified in this paragraph (b). See §48.4071-2 for rules on determining the weight of a tire.

(c) *Definition of dealer.* For purposes of §§145.4-1 through 145.4-4, the term "dealer" includes—

(1) A wholesaler, jobber, distributor, or retailer of highway tires, including a manufacturer's retail outlet under §48.4071-3;

(2) A manufacturer, producer, or importer (manufacturer) who holds highway tires for sale on, or in connection with, other articles manufactured, produced, or imported by the manufacturer; or

(3) A wholesaler, jobber, distributor, or retailer (retailer) of vehicles who holds highway tires for sale on, or in connection with, other articles sold by the retailer.

See examples (1) and (2) of §145.1-7(b)(4).

§145.4-3 Inventory.

Every dealer liable for the floor stocks tax on tires shall prepare an inventory of unused highway tires held for sale on the first moment of January 1, 1984. A dealer holding tires subject to the tax at more than one location shall prepare a separate inventory statement, in duplicate, for each location. One copy of the separate inventory shall be retained at each location and one copy shall be kept at the principal place of business of the dealer. Each inventory shall show—

(a) The name and taxpayer identification number of the dealer;

(b) The location of the particular

premises for which the inventory is made;

(c) The address shown on the dealer's Form 720;

(d) The total number of tires of each type, size, grade, classification, and trade name held at the particular location that are subject to the floor stocks tax on tires; and

(e) The weight of the tires described in §145.4-3(d). See §48.4071-2 for rules relating to determining the weight of tires.

The inventory statements shall not be filed with the return required in §145.4-4 but shall be retained by the taxpayer.

§145.4-4 Requirements with respect to the return and payment of the tax.

(a) *Form.* Every dealer liable for the floor stocks tax on tires shall make a return of the tax on Form 720.

(b) *Time and place for filing return.* The return shall be filed with the Service Center indicated by the instructions for the Form 720. In the case of dealers not otherwise required to file Form 720, the return must be filed on or before February 16, 1984, and must be marked "FINAL." In the case of all other dealers, the return must be filed on or before the date prescribed by the instructions for the Form 720 for the quarter ending March 31, 1984. For provisions relating to timely mailing treated as timely filing and paying, see section 7502. For provisions relating to additions to the tax in case of failure to file a return within the prescribed time, see section 6651 and §301.6651-1.

(c) *Time and place for paying tax.* The tax is due and payable without assessment or notice on or before February 16, 1984. If a dealer is not required to make a deposit of any tax under chapter 31 or chapter 32 of the Code using a Federal Tax Deposit Coupon for the quarter ending March 31, 1984, the dealer shall pay the tax by check or money order. The dealer must write the dealer's taxpayer identification number and "Form 720, Floor Stocks Tax on Tires, IRS No. 57" on the check or money order. The check or money order must be sent, together with the Form 720, to the Service Center described in paragraph (b) of this section. All other dealers shall pay the tax by making a deposit of the tax, together with a Federal Tax Deposit Coupon on or before February 16, 1984, at an authorized depositary or the Federal Reserve Bank serving the dealer's area. See the applicable sections of Part 301 of this chapter (Regulations on Procedure and Administration) for provisions relating to interest on underpayments, additions to tax, and penalties.

§145.4-5 Credit or refund.

Any person who has paid a floor stocks tax on tires may be entitled, subject to the provisions of section 6416 and §301.6402-2, to a credit or refund of the tax for any of the reasons specified in section 6416. Claims for refund under section 6416 are to be filed on Form 843. Any person entitled to claim a refund of tax under this section may, in lieu of claiming a refund, claim a credit for the tax on any return of tax under chapter 31 or 32 of the Code that the person subsequently files.

§145.4-6 Records.

(a) *Inventories.* Every person liable for the floor stocks tax on highway tires shall maintain records of the separate inventories required by §145.4-3.

(b) *Copies of returns and other relevant papers and material.* Every person liable for the floor stocks tax on highway tires shall keep a duplicate copy of the return, together with other relevant papers and material.

(c) *Records of claimants.* Any person claiming a refund or credit of the floor stocks tax on highway tires shall keep a complete and detailed record with respect to the claim.

(d) *Place and period for keeping records.* All records required by this section shall be kept, by the person required to keep them, at a convenient and safe location within the United States that is accessible to internal revenue officers. The records shall at all times be available for inspection by such officers. If the person has a principal place of business in the United States, the records shall be kept at that place of business. Records required by paragraphs (a) and (b) of this section shall be maintained for a period of at least 3 years after the date the tax becomes due or the date the tax is paid, whichever is later. Records required by paragraph (c) of this section (including any record required by paragraph (a) or (b) that relates to a claim) shall be maintained for a period of at least 3 years after the claim is filed.

This Treasury decision is issued under the authority contained in sections 521, 522, and 523 of the Highway Revenue Act of 1982 (96 Stat. 2184, 2185, and 2186) and section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

Approved by the Office of Management and Budget under control number 1545-0804.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 20, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on December 21, 1983; 3:55 p.m., and published in the issue of the Federal Register for December 23, 1983, 48 F.R. 56749)

Subchapter D.—Recreational Equipment
Part I.—Sporting Goods

Section 4161.—Imposition of Tax

26 CFR 48.4161(a)-2: Artificial lures, baits, and flies.
(Also Section 7805; 301.7805-1.)

Lures; jig. A jig, consisting of a cadmium plated hook with an integral lead weight, designed to be used with artificial worms and grubs, is an artificial lure the sales of which are subject to the manufacturers excise tax imposed by section 4161(a) of the Code. Rev. Rul. 76-169 revoked.

Rev. Rul. 84-57

FACTS

The Internal Revenue Service has reconsidered Rev. Rul 76-169, 1976-1 C.B. 342, which holds that a jig, described as a cadmium plated hook with an integral lead weight, is not an artificial lure within the meaning of section 4161(a) of the Internal Revenue Code.

LAW AND ANALYSIS

Section 4161(a) of the Code imposes a tax on the sale by the manufacturer, producer, or importer of fishing rods, creels, reels, and artificial lures, baits and flies (including parts or accessories of such articles sold on or in connection therewith, or with the sale thereof).

Secition 48.4161(a)-2(d) of the Manufacturers and Retailers Excise Tax Regulations defines the term "artificial lures, baits, and flies" to include all artifacts, of whatever materials made, that simulate an article considered edible to fish, and that are designed to be attached to a line or hook to attract fish so that they may be captured. Thus, the term includes such artifacts as imitation flies, blades, spoons, spinners, etc., and edible materials that have been processed so as to resemble a different edible article considered more attractive to fish, such as bread crumbs treated so as to simulate salmon eggs, and pork rind cut and dyed to resemble frogs, eels or tadpoles.

Rev. Rul. 76-169 holds that a jig, described as a cadmium plated hook with an integral lead weight, is not an artificial lure because it does not attract fish; the artificial worms and grubs used with the jig attract the fish.

In *Herring Magic v. United States*, 258 F 2d 197 (9th Cir. 1958), the court held that a fishing device called Herring Magic was an artificial lure. The device consisted of a piece of odorless, colorless plastic with hooks attached. It was designed to be used with the head and body of a dead minnow or herring, which had to be fastened inside the device. It was not functional without the attached bait. When the device was trolled through the water with the attached dead fish, it produced a swimming action claimed to be identical to that of a live fish.

In *Hine v. United States*, 113 F. Supp. 340 (Ct. Cl. 1953) the court held that kits containing materials from which a fishing rod might be assembled were "fishing rods", the sales of which were subject to the manufacturers excise tax, even though the purchaser was required to provide and install certain items not contained in the kit. The court held that "having reached the stage of manufacture or development where they became recognizable as one of the sporting goods described in. .(the Code) the rods upon being sold were subject to tax even though there remained one or more finishing operations to be performed." 133 F. Supp. at 343. The court used the words "fishing rods" in the ordinary and usual sense, and found that the items sold by the taxpayer would be known as "fishing rods" by the majority of people. Furthermore, the items had no practical use other than as fishing rods.

The article described in Rev. Rul. 76-169 is a lead head jig and simply requires the addition of an artificial worm or grub or feathers or hair to use it to catch a fish. Like the kit in *Hine*, or the *Herring Magic* device, the bare jig has reached the stage of manufacture where it is recognizable as an artificial lure even though one or more finishing operations (addition of artificial worms or grubs) remains to be performed. The bare jig has no practical use other than as an artificial lure. Although the bare jig may look like a hook, it is not sold as a hook, nor is it intended to be used as a hook. It is designed and marketed as an artificial lure.

HOLDING

The jig described in Rev. Rul. 76-169 is an artificial lure, the sales of which are subject to the manufacturers excise tax imposed by section 4161(a) of the Code.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 76-169 is revoked.

PROSPECTIVE APPLICATION

Under the authority granted by section 7805(b) of the Code, this revenue ruling is effective with respect to sales made by the manufacturer on or after July 1, 1984.

Subchapter C.—Transportation by Air
Part I.—Persons

Section 4261.—Imposition of Tax

26 CFR 49.4261-2: Application of tax.

Taxability of airline bonus tickets. Free bonus tickets issued to airline company customers who have satisfied all requirements to qualify for the bonus tickets are not subject to the tax imposed by section 4261(a) of the Code. Tax will apply to

amounts paid by customers for advance bonus tickets where such customers have traveled insufficient mileage to fully qualify for the free advance bonus tickets.

Rev. Rul. 84-12

ISSUE

Does the tax imposed by section 4261(a) of the Internal Revenue Code on amounts paid for the taxable transportation of persons by air apply in the case of free bonus tickets issued by an airline company to its customers?

FACTS

X is an airline company engaged in the business of providing air transportation for persons within the United States. *X* has instituted a travel program for frequent travelers through which those travelers who amass sufficient mileage on the company's route system over a specified period of time become entitled to a free round-trip ticket on *X*'s system. A traveler who enrolls prior to a certain date in *X*'s program is entitled, without prior accrual of any mileage, to a "free" bonus round-trip ticket on *X*'s route system. The traveler must then accumulate a requisite amount of mileage on *X*'s system by a specified date. If the enrollee does not accrue the requisite mileage he or she is then billed by *X* for the bonus ticket. The amount billed will vary depending on the amount of mileage accrued.

LAW AND ANALYSIS

Section 4261(a) of the Code imposes upon the amount paid for taxable air transportation of any person a tax equal to 8 percent of the amount so paid.

Section 4262(a) of the Code defines "taxable transportation" as (1) transportation by air which begins in the United States or in the 225-mile zone (that portion of Canada and Mexico which is not more than 225 miles from the nearest point in the continental United States) and ends in the United States or in the 225-mile zone, and (2) in the case of transportation other than transportation described in (1), that portion of such transportation which is directly or indirectly from one port or station in the United States to another port or station in the United States, but only if such portion is not a part of uninterrupted international transportation.

Section 49.4261-2(a) of the Facilities and Services Excise Tax Regulations provides that the tax is measured by the total amount paid.

Revenue Ruling 54-332, 1954-2 C.B. 417, holds that where a telephone company furnishes telephone service to certain employees free of charge, no communications excise tax attaches. Where telephone service is furnished to employees at a reduced rate, the tax applies to the amount actually paid for such service.

Rev. Rul. 72-245, 1972-1 C.B. 347, holds that where an airline furnishes an employee the use of its international air travel facilities entirely free of charge, the $3 tax imposed by section 4261(c) of the Code does not apply, since there is no "amount paid" for transportation, within the meaning of 4261(c).

For purposes of section 4261(a) of the Code, the amount subject to tax is the actual amount paid for taxable air transportation. Where no amount is paid, the tax does not apply. Where payment is made at a reduced rate, to that extent it is an amount paid for air transportation that is subject to the section 4261(a) tax.

HOLDING

The tax imposed by section 4261(a) of the Code does not apply in the case of free bonus tickets issued by an airline company to customers who have already satisfied all requirements to qualify for the bonus. In the case of an advance bonus ticket issued to a customer this tax also will not apply at the time such bonus ticket is used. However, this tax will apply to any amount that a customer subsequently pays in respect of an advance bonus ticket because of traveling insufficient mileage to fully qualify for the free advance bonus ticket.

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER D, PART 53—FOUNDATION AND SIMILAR EXCISE TAXES

Set-aside made by private foundations

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to set-asides made by private foundations. Changes to the applicable tax law were made by Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1]. This document also provides final regulations relating to certain leasing arrangements that are excepted from the self-dealing rules

generally applicable to transactions between private foundations and disqualified persons. Changes to the applicable tax law were made by section 5 of the Act of December 28, 1980 (Pub. L. 96-608, 94 Stat. 3553) [1980-2 C.B. 728, 729]. The regulations provide necessary guidance to foundation managers and disqualified persons for compliance with these Acts, and affect private foundations that make set-asides and certain disqualified persons leasing office space to private foundations.

DATES: The regulations relating to set-asides are generally effective for taxable years beginning after December 31, 1974. The regulations relating to certain leasing arrangements excepted from the self-dealing rules are effective for taxable years beginning after December 31, 1979.

FOR FURTHER INFORMATION CONTACT: George Baker of the Employee Plans and Exempt Organizations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:EE-156-78 (202-566-3422).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On August 26, 1980, the Federal Register published proposed amendments to the Regulations on Foundation and Similar Excise Taxes (26 CFR Part 53) under section 4942(g)(2) of the Internal Revenue Code of 1954 (45 FR 56840). The amendments were proposed to conform the regulations to section 1302(a) of the Tax Reform Act of 1976 (90 Stat. 1713) [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1, 189]. No public hearing was requested or held. After consideration of the comments received in response to the notice of proposed rulemaking, the amendments are adopted, as revised, by this Treasury decision.

EXPLANATION OF PROVISIONS

SET-ASIDES; IN GENERAL

Section 4942(a) imposes an excise tax on private foundations for failure to distribute income for charitable purposes. To avoid liability, a private foundation must make "qualifying distributions" each year equal to the foundation's "distributable amount." An amount "set aside" in one year for a specific project, but actually paid out in future years, may be treated as a qualifying distribution if the requirements of section 4942(g)(2) are satisfied.

OLD LAW

Under section 4942(g)(2) as it existed prior to the Tax Reform Act of 1976 and §53.4942(a)-3(b) of the regulations, a set-aside was treated as a qualifying distribution if it was approved in advance by the Commissioner of Internal Revenue. To obtain such approval, section 4942(g)(2) required a private foundation to (1) establish that the amount set aside would be paid for the specific project within five years, and (2) establish the "suitability" of the set-aside to achieve the goals of the specific project.

NEW LAW

As amended by section 1302 of the Tax Reform Act of 1976, section 4942(g)(2) now provides an alternative means of treating a set-aside as a qualifying distribution under which a private foundation must distribute minimum amounts of cash or its equivalent during specific "test" years.

FINAL REGULATIONS

APPROVAL REQUIREMENTS

The regulations, as proposed, provided that a set-aside made by a private foundation must be approved in advance by the Commissioner, regardless of whether the set-aside is made under the "suitability test" or the "cash distribution test." Three comments objected to the requirement that a set-aside made under the cash distribution test be approved in advance by the Commissioner. The commentators urged that the cash distribution test was intended by Congress to permit a private foundation to make set-asides without obtaining prior Service approval. See S. Rep. No. 94-938, 94th Cong., 2d Sess. 594 (1976) [1976-3 C.B. (Vol. 3) 49, 632]; H.R. Rep. No. 94-1515, 94th Cong., 2d Sess. 522 (1976).

In response to these comments, the final regulations do not require a private foundation to obtain prior Service approval for a set-aside made under the cash distribution test. Rather, the regulations require a foundation to supply certain information regarding a set-aside made under the cash distribution test with the foundation's annual information return for the taxable year in which the set-aside is made and for certain subsequent taxable years. The regulations provide that the submission of this information will satisfy the requirement of section 4942(g)(2)(B) that a foundation establish to the satisfaction of the Commissioner that the amount set aside will be paid within 5 years. This information requirement is made effective for taxable years ending after April 2, 1984.

DEFINITION OF START-UP PERIOD

Under the cash distribution test, a private foundation must distribute certain minimum amounts of cash during an initial "start-up period." The proposed regulations generally defined a foundation's start-up period as the four taxable years following the taxable year in which the foundation was "created." One commentator noted that many foundations are technically "created" long before they receive funds and become subject to the distribution requirements of section 4942. For example, it is not an uncommon practice to establish (or create) a foundation during an individual's lifetime and fund it under that individual's will. To ensure that such foundations are not precluded from using the cash distribution test to qualify set-asides, the

final regulations provide that, for purposes of determining a foundation's start-up period, a foundation will b econsidered "created" in the taxable year in which the foundation's distributable amount first exceeds $500.

FAILURES TO DISTRIBUTE REQUIRED AMOUNTS

The proposed regulations provided that a private foundation would incur substantial penalties if it failed to make a distribution required in connection with a set-aside made under the cash distribution test. These penalties provided that (1) any set-asides previously made by the foundation that were not approved under the suitability test would not be treated as qualifying distributions and (2) any set-asides made by the foundation subsequent to the failure to distribute would be treated as qualifying distributions only if the set-asides were approved under the suitability test. Two commentators objected to the first penalty as being unclear and unduly punitive. Accordingly, the final regulations clarify this provision and limit its application.

The proposed regulations also provided an exception from the penalty provisions if a foundation's failure to distribute the full-payment period minimum amount during a taxable year of the full-payment period was not willful and was due to reasonable cause. In this regard, the regulations provided that a "willful failure to distribute" does not occur if a foundation cannot determine the full-payment period minimum amount for a taxable year in the full-payment period until after the end of that year and the foundation makes the required distribution within a reasonable time after the end of the year. One commentator advocated expanding this exception to include failures to distribute the start-up period minimum amount during the start-up period. Another commentator requested that the final regulations define the "reasonable time" in which a foundation may make the required distribution.

It is clear that under section 4942(g)(2)(C), the exception provided for certain failures to distribute applies only to a failure to distribute the full-payment period minimum amount. However, a valid question is raised whether a similar but more limited exception should apply to a failure to distribute the start-up period minimum amount. In the typical case, a new foundation will not be able to definitely determine its start-up period minimum amount until after the expiration of the fourth taxable year of the start-up period.

In response to these concerns, the final regulations provide a limited exception for certain failures to distribute the start-up period minimum amount during the start-up period. In addition, the final regulations provide that when the full-payment period minimum amount cannot be determined before the end of a taxable year in the full-payment period, no "willful failure to distribute" will occur if the foundation makes the required distribution within 5½ months after the end of the year.

CERTAIN LEASING ARRANGEMENTS

In general, the leasing of property between a disqualified person and a private foundation constitutes an act of self-dealing under section 4941(d)(1)(A). As added by section 5 of Pub. L. 96-608 [1980-2 C.B. 728, 729], section 4941(d)(2)(H) provides, subject to certain conditions, a limited exception to this rule for leases of office space by a disqualified person to a private foundation. The regulations amend §53.4941(d)-2 and §53.4941(d)-3 to reflect this new exception. Because the exception is of limited applicability, the amendments are adopted, without notice, as final regulations.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for interpretative regulations. Accordingly, the Regulatory Flexibility Act (5 U.S.C. Chapter 6) does not apply and no Regulatory Flexibility Analysis is required for this rule.

DRAFTING INFORMATION

The principal author of these regulations is Charles K. Kerby, III of the Employee Plans and Exempt Organizations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

* * * * *

Adoption of amendments of the regulations

Accordingly, 26 CFR Part 53 is amended as follows:

Paragraph 1. Section 53.4941(d)-2(b) is amended by striking out "subparagraph (2)" from the first sentence of subparagraph (1), inserting in lieu thereof "subparagraphs (2) and (3)", and by adding a new subparagraph (3) to read as follows:

§53.4941(d)-2 Specific acts of self-dealing.

* * * * *

(b) *Leases.* ***

(3) *Certain leases of office space.* For taxable years beginning after December 31, 1979, the leasing of office space by a disqualified person to a private foundation shall not be an act of self-dealing if—

(i) The leased space is in a building in which there are other tenants who are not disqualified persons,

(ii) The lease is pursuant to a binding lease which was in effect on October 9, 1969, or pursuant to renewals of such a lease,

(iii) The execution of the lease was not a prohibited transaction (within the meaning of section 503(b) or the corresponding provisions of prior

law) at the time of such execution, and

(iv) The terms of the lease (or any renewal) reflect an arm's length transaction. A lease or renewal of such lease is described in this subparagraph (3) only if it satisfies the requirements of §53.4941(d)-4(c)(1) and (2), applied without regard to the December 31, 1979 deadline described therein.

* * * * *

Par. 2. Section 53.4941(d)-3(a) is amended by revising the first two sentences thereof to read as follows:

§53.4941(d)-3 Exceptions to self-dealing.

(a) *General rule.* In general, a transaction described in section 4941(d)(2)(B), (C), (D), (E), (F), (G), or (H) is not an act of self-dealing. Section 4941(d)(2)(B), (C), and (H) provide limited exceptions to certain specific transactions, as described in paragraphs (b)(2), (b)(3), (c)(2), and (d)(3) of §53.4941(d)-2. ***

Par. 3. Section 53.4942(a)-3(b) is amended to read as follows:

§53.4942(a)-3 Qualifying distributions defined

* * * * *

(b) *Certain set-asides*—(1) *In general.* An amount set aside for a specific project that is for one or more of the purposes described in section 170(c)(1) or (2)(B) may be treated as a qualifying distribution in the year in which set aside (but not in the year in which actually paid), if the requirements of section 4942(g)(2) and this paragraph (b) are satisfied. The requirements of this paragraph (b) are satisfied if the private foundation establishes to the satisfaction of the Commissioner that the amount set aside will be paid for the specific project within 60 months after it is set aside, and

(i) The set-aside satisfies the suitability test described in subparagraph (2) of this paragraph, or

(ii) With respect to a set-aside made in a taxable year beginning after December 31, 1974, the private foundation satisfies the cash distribution test described in subparagraph (3) of this paragraph. If suitability test or cash distribution test is otherwise satisfied, the 60 month period for paying the amount set aside may, for good cause shown, be extended by the Commissioner.

(2) *Suitability test.* The suitability test is satisfied if the private foundation establishes to the satisfaction of the Commissioner that the specific project for which the amount is set aside is one that can be better accomplished by the set-aside than by the immediate payment of funds. Specific projects that can be better accomplished by the use of a set-aside include, but are not limited to, projects in which relatively long-term grants or expenditures must be made in order to assure the continuity of particular charitable projects or program-related investments (as defined in section 4944(c)) or where grants are made as part of a matching-grant program. Such projects include, for example, a plan to erect a building to house the direct charitable, educational, or other similar exempt activity of the private foundation (such as a museum building in which paintings are to be hung), even though the exact location and architectural plans have not been finalized; a plan to purchase an additional group of paintings offered for sale only as a unit that requires an expenditure of more than one year's income; or a plan to fund a specific research program that is of such magnitude as to require an accumulation of funds before beginning the research, even though not all of the details of the program have been finalized.

(3) *Cash distribution test; in general.* The cash distribution test is satisfied if—

(i) The specific project for which the amount is set aside will not be completed before the end of the taxable year in which the set-aside is made,

(ii) The private foundation actually distributes, in cash or its equivalent and for one or more of the purposes described in section 170(c)(1) or (2)(B), the "start-up period minimum amount" described in subparagraph (4) of this paragraph during the private foundation's start-up period, and

(iii) The private foundation actually distributes, in cash or its equivalent and for one or more of the purposes described in section 170(c)(1) or (2)(B), the "full-payment period minimum amount" described in subparagraph (5) of this paragraph in each taxable year of the private foundation's full-payment period. For purposes of the cash distribution test, an amount set aside will be treated as distributed in the year in which actually paid and not in the year in which set aside.

(4) *Minimum distribution required during start-up period*—(i) *Start-up period.* For private foundations created before January 1, 1972, the start-up period is the four taxable years immediately preceding the taxable year beginning in calendar year 1976. For private foundations created after December 31, 1971 (or for organizations that first become private foundations after that date), the start-up period is the four taxable years following the taxable year in which the private foundation was created (or otherwise became a private foundation). For purposes of this subparagraph (4), a private foundation will be considered "created" in the taxable year in which the private foundation's distributable amount (as determined under section 4942(d)) first exceeds $500.

(ii) *Start-up period minimum amount.* The amount that a private foundation must actually distribute in cash or its equivalent during the private foundation's start-up period is not less than the sum of—

(*a*) Twenty percent of the private foundation's distributable amount (as determined under section 4942(d)) for the first taxable year of the start-up period,

(*b*) Forty percent of the private foundation's distributable amount for the second taxable year of the start-up period,

(*c*) Sixty percent of the private foundation's distributable amount

for the third taxable year of the start-up period, and

(*d*) Eighty percent of the private foundation's distributable amount for the fourth taxable year of the start-up period.

(iii) *Timing of distribution.* The requirement that a private foundation distribute the start-up period minimum amount during the start-up period is a requirement that such amount be distributed before the end of the start-up period, and is not a requirement that any portion of such amount be distributed in any one taxable year of the start-up period.

(iv) *Distribution actually made during start-up period.* In general, only a distribution actually made during the start-up period is taken into account in determining whether a private foundation has distributed the start-up period minimum amount. However, in the case of a private foundation created after December 31, 1971 (or an organization that first became a private foundation after that date), a distribution actually made during the taxable year in which the foundation was created (the year immediately preceding the first taxable year of the private foundation's start-up period) may be treated as a distribution actually made during the start-up period. In addition, a distribution actually made by a private foundation within 5½ months after the end of the start-up period will be treated as a distribution actually made during the start-up period if—

(*a*) The private foundation was unable to determine the distributable amount for the fourth taxable year of the start-up period until after the end of such period, and

(*b*) The private foundation actually made distributions prior to the end of the start-up period based upon a reasonable estimate of the private foundation's distributable amount for the fourth taxable year of the start-up period.

(v) *Examples.* The provisions of this subparagraph (4) may be illustrated by the following examples:

Example (1). F, a private foundation created on January 1, 1975, uses the calendar year as its taxable year. The start-up period for F is January 1, 1976 through December 31, 1979. F has distributable amounts under section 4942(d) for taxable years 1976 through 1979 in the following amounts: 1976, $100,000; 1977, $120,000; 1978 $150,000; 1979, $200,000. F's start-up period minimum amount is the sum of the following amounts: 20% of $100,000 ($20,000); 40% of $120,000 ($48,000); 60% of $150,000 ($90,000); and 80% of $200,000 ($160,000); which equals $318,000. Thus F is required to actually distribute at least $318,000 in cash or its equivalent during the start-up period.

Example (2). F, a private foundation created in 1969, uses the calendar year as its taxable year, F's start-up period is the calendar years 1972 through 1975. F makes two cash distributions in 1972. The first distribution is made on account of a set-aside made in 1969. Under section 4942(g), that distribution is treated as a qualifying distribution made in 1969. The second distribution is treated under section 4942(h) as made out of F's undistributed income for 1971. In addition, F makes a cash distribution in 1976 that is treated under section 4942(h) as made out of F's undistributed income for 1975. In determining whether F has distributed its start-up period minimum amount within the start-up period, the 1972 distributions are both taken into account because they were actually made during F's start-up period. The 1976 distribution is not taken into account, however, because that distribution was not actually made during F's start-up period.

(5) *Minimum distribution required during full-payment period*—(i) *Full-payment period.* A private foundation's full-payment period includes each taxable year that begins after the end of the private foundation's start-up period.

(ii) *Full-payment period minimum amount.* The amount that a private foundation must actually distribute in cash or its equivalent in a taxable year of the private foundation's full-payment period is not less than 100 percent of the private foundation's distributable amount determined under section 4942(d) (without regard to section 4942(i)) with respect to the taxable year.

(iii) *Carryover of distributions in excess of full-payment period minimum amount.* If, in a taxable year beginning after December 31, 1975, a private foundation distributes an amount in excess of the full-payment period minimum amount for the taxable year, the excess shall be used to reduce the full-payment period minimum amount in the taxable years in the adjustment period. The amount of the excess distribution used to reduce the full-payment period minimum amount in each successive taxable year of the adjustment period shall be equal to the amount of such excess less the sum of the full-payment period minimum amounts for all prior taxable years in the adjustment period to which the excess was previously applied. The taxable years in the adjustment period are the five taxable years immediately following the taxable year in which the excess distribution is made. Any distribution in excess of the full-payment period minimum amount made during a taxable year of the adjustment period shall not be taken into account under this subparagraph (iii) until any earlier excess has been completely applied against full-payment period minimum amounts during its adjustment period.

(iv) *Distributions actually made during a taxable year.* Except as described in subdivision (ii) of subparagraph (6), only a distribution actually made during a taxable year of the full-payment period is taken into account in determining whether a private foundation has distributed the full-payment period minimum amount for such year.

(v) *Examples.* The provisions of this subparagraph (5) may be illustrated by the following examples:

Example (1). F, a private foundation created on January 1, 1973, uses the calendar year as its taxable year. F has a start-up period of January 1, 1974, through December 31, 1977, and a full-payment period that includes every taxable year beginning after December 31, 1977. F's distributable amount (as determined under section 4942(d)) for 1978 is $500,000. Thus, F's full-payment period minimum amount for 1978 is $500,000. During 1978 F distributes $100,000 in cash to Charity X and $400,000 in cash to Charity Y on account of a set-aside made in 1973. F has distributed its full-payment period minimum amount for 1978 because it has made actual cash distributions during that year which total $500,000. However, F has made qualifying distributions (as determined under section 4942(g)) with respect to 1978 of only $100,000. In order to avoid liability for the tax on undistributed income under section 4942(a), F must distribute or set aside an additional $400,000 before January 1, 1980.

Example (2). Assume the facts as stated in Example (1) except that in 1978 F makes cash distributions totaling $600,000. Since the total cash distributions made in 1978 ($600,000) exceed the full-payment period minimum amount for 1978 ($500,000), there exists a $100,000 excess which must be used by F to reduce its full-

payment period minimum amounts for the years 1979-1983 (the taxable years in the adjustment period with respect to the 1978 excess). Therefore, if F's distributable amount (as determined under section 4942(d)) for 1979 is $500,000, F's full-payment period minimum amount for 1979 is $400,000 ($500,000-$100,000).

(6) *Failure to distribute minimum amounts*—(i) *In general.* If a private foundation fails to actually distribute the start-up period minimum amount during the start-up period or, except as described in subdivision (ii) of this subparagraph (6), if a private foundation fails to actually distribute the full-payment period minimum amount during a taxable year of the full-payment period, then any set-aside made by the private foundation during the start-up period (if the failure relates to the start-up period) or during the taxable year (if the failure relates to the full-payment period) that was not approved by the Commissioner under the suitability test described in subparagraph (2) of this paragraph will not be treated as a qualifying distribution. Further, any set-aside made after the year of such a failure to so distribute a minimum amount will be treated as a qualifying distribution only if the Commissioner approves the set-aside under the suitability test. In any case in which a set-aside ceases to be treated as a qualifying distribution as a result of a failure to distribute the full-payment period minimum amount, a private foundation may be assessed a deficiency under section 4942(a) within the period described in section 6501(n)(3).

(ii) *Correction of certain failures to distribute.* If a private foundation's failure to distribute the full-payment period minimum amount during a taxable year of the full-payment period was not willful and was due to reasonable cause, the private foundation may correct the failure to so distribute. Correction will be achieved if the private foundation distributes within the correction period cash or its equivalent in an amount not less than the difference between the full-payment period minimum amount for the taxable year and the amount actually distributed during the taxable year. The correction period is the correction period as defined in section 4962(e), determined with respect to the earliest occurring taxable event (as defined in section 4962(e)(2)(A)) that would result if the failure to distribute a full-payment period minimum amount were not corrected. The additional distribution will be treated for purposes of subparagraph (5) of this paragraph as made during the taxable year with respect to which the failure occurred. If a private foundation fails to distribute the full-payment period minimum amount during a taxable year of the full-payment period because such amount can be determined only after the end of the taxable year, no "willful failure to distribute" the full-payment period minimum amount will occur if the private foundation makes an additional distribution within 5½ months after the end of the taxable year.

(7) *Approval and information requirements*—(i) *Suitability test.* If an amount is set aside under the suitability test of section 4942(g)(2)(B)(i) and subparagraph (2) of this paragraph, the private foundation must apply for the Commissioner's approval of the set-aside before the end of the taxable year in which the amount is set aside. The Commissioner will either approve or disapprove the set-aside in writing. An otherwise proper set-aside will not be treated as a qualifying distribution under this paragraph (b) with respect to a taxable year if the Commissioner's approval is not sought before the end of the taxable year in which the amount is actually set aside. To obtain approval by the Commissioner for a set-aside under the suitability test, the private foundation must write to Commissioner of Internal Revenue, Attention: OP:E:EO:T, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, and include—

(*a*) A statement describing the nature and purposes of the specific project and the amount of the set-aside for which approval is requested;

(*b*) A statement describing the amounts and approximate dates of any planned additions to the set-aside after its initial establishment;

(*c*) A statement of the reasons why the project can be better accomplished by a set-aside than by the immediate payment of funds;

(*d*) A detailed description of the project, including estimated costs, sources of any future funds expected to be used for completion of the project, and the location or locations (general or specific) of any physical facilities to be acquired or constructed as part of the project; and

(*e*) A statement by an appropriate foundation manager (as defined in section 4946(b)) that the amounts to be set aside will actually be paid for the specific project within a specified period of time that ends not more than 60 months after the date of the first set-aside, or a statement showing good cause why the period for paying the amount set aside should be extended (including a showing that the proposed project could not be divided into two or more projects covering periods of no more than 60 months each) and setting forth the extension of time required.

(ii) *Cash distribution test.* If an amount is set aside under the cash distribution test of section 4942(g)(2)(B)(ii) and subparagraphs (3), (4), and (5) of this paragraph, then for taxable years ending after April 2, 1984, the private foundation must submit an attachment with the return required by section 6033 for the taxable year in which the amount is set aside and for certain subsequent taxable years. For the taxable year in which the amount is set aside the attachment must include—

(*a*) A statement describing the nature and purposes of the specific project for which amounts are to be set aside;

(*b*) A statement that the amounts set aside for the specific project will actually be paid for the specific project within a specified period of time that ends not more than 60 months after the date of the set-aside;

(*c*) A statement that the project will not be completed before the end of the taxable year of the private

foundation in which the set-aside is made;

(*d*) A statement showing the distributable amounts determined under section 4942(d) for any past taxable years in the private foundation's start-up and full-payment periods; and

(*e*) A statement showing the aggregate amount of actual payments made in cash or its equivalent, for purposes described in section 170(c)(1) or (2)(B), during each taxable year in the private foundation's start-up and full-payment periods. This statement should include a detailed description of any payments that are to be treated, pursuant to the rules of subparagraphs (4)(iv) and (6)(ii) of this paragraph (b), as distributed during a taxable year prior to the taxable year in which such payments were actually made and, in addition, should explain the circumstances that justify the application of those rules.

For the five taxable years following the taxable year in which the amount is set aside (or, if longer, for each taxable year in the extended period for paying the amount set aside), the attachment must include the statements required by (*d*) and (*e*) of this subdivision (ii). The submission of the statement required by (*b*) of this subdivision (ii) will satisfy the requirement of section 4942(g)(2)(B) and subparagraph (1) of this paragraph (b) that the private foundation establish to the satisfaction of the Commissioner that the amount set aside will be paid for the specific project within 60 months after it is set aside.

(8) *Evidence of set-aside.* A set-aside that is approved by the Commissioner or which satisfies the cash distribution test shall be evidenced by the entry of a dollar amount on the books and records of a private foundation as a pledge or obligation to be paid at a future date or dates. Any amount which is set aside shall be taken into account for purposes of determining the private foundation's minimum investment return under §53.4942(a)-2(c)(1), and any income attributable to such set-aside shall be taken into account in computing adjusted net income under §53.4942(a)-2(d).

(9) *Contingent set-aside.* In the event a private foundation is involved in litigation and may not distribute assets or income because of a court order, the private foundation may (except as provided in §53.4942(a)-2(e)(1)(i) or (ii)) seek and obtain a set-aside for a purpose described in §53.4942(a)-3(a)(2). The amount to be set aside shall be equal to that portion of the private foundation's distributable amount which is attributable to the assets or income that are held pursuant to court order and which, but for the court order precluding the distribution of such assets or income, would have been distributed. In the event that the litigation encompasses more than one taxable year, the private foundation may seek additional contingent set-asides. Such amounts must actually be distributed by the last day of the taxable year following the taxable year in which the litigation is terminated. Amounts not distributed by the close of the appropriate taxable year shall be treated as described in §53.4942(a)-2(d)(2)(iii)(*c*) for the succeeding taxable year.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805). (Approved by the Office of Management and Budget under control number 1545-0792.)

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved January 20, 1984.

JOHN W. CHAPOTON,
Assistant Secretary of the Treasury.

Section 4943.—Taxes on Excess Business Holdings

26 CFR 53.4943-4: Present holdings.

T.D. 7944

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER D, PART 53—FOUNDATION EXCISE TAXES

Excess business holdings of private foundations.

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations dealing with matters reserved in the regulations relating to taxes on the excess business holdings of private foundations. Changes in the applicable tax law were made by the Tax Reform Act of 1969 [Pub. L. 91-172, 1969-3C.B. 10]. These regulations provide necessary guidance to the public for compliance with the law and affect private foundations.

DATES: The amendments are generally effective for taxable years beginning after December 31, 1969.

FOR FURTHER INFORMATION CONTACT: Richard J. Wickersham of the Employee Plans and Exempt Organizations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20024 (Attention: CC:LR:T) (202-566-3430) (not a toll-free number).

SUPPLEMENTARY INFORMATION:

BACKGROUND

Proposed regulations under section 4943 were first published in the FEDERAL REGISTER on January 3, 1973 (38 FR 32). Those regulations, except for certain reserved portions, were adopted in T.D. 7496, published on July 6, 1977 (42 FR 34499) [1977-2

C.B. 390]. A second notice of proposed rulemaking, setting forth new proposed regulations under the portions reserved in T.D. 7496, was published on May 22, 1979 (44 FR 29680). A third notice, modifying the transitional rules proposed in the second notice, was published on August 16, 1979 (44 FR 47958).

The portions reserved in T.D. 7496 related to reorganizations, redemptions and distributions; the definition of a purchase for purposes of the five-year period provided in section 4943(c)(6) to dispose of excess business holdings acquired other than by purchase; the application of the constructive ownership rules in section 4943(d)(1) to corporations engaged in the active conduct of a trade or business and to partnerships; and the conversion of a passive holding into an active business.

A public hearing concerning the reserved portions was held on September 6, 1979. Comments at that hearing were addressed to all three notices of proposed rulemaking. After consideration of all comments regarding the three notices, the reserved portions of regulations under section 4943 are adopted as revised by this Treasury decision.

EXCESS BUSINESS HOLDINGS GENERALLY

Section 4943 generally imposes an excise tax on a private foundation if the foundation and all disqualified persons with respect to the foundation in combination hold more than 20 percent of the voting stock of a business enterprise. If it can be demonstrated that one or more persons unrelated to the foundation have effective control over the business, the 20-percent limit is raised to 35 percent. A foundation must hold directly or indirectly more than two percent of the voting stock or value of a business enterprise before the limitations of section 4943 come into play, however. These limitations on ownership are applicable both to corporations and to non-corporate businesses such as partnerships, estates, and trusts.

Section 4943(c)(4) provides special grandfather rules that allow the 20- or 35-percent ownership limits to be increased, subject to certain conditions, for combined holdings that exceeded the 20- or 35-percent limits on May 26, 1969. Under these grandfather rules, the combined foundation-disqualified person holdings must be reduced, during an initial transition period, to no more than 50 percent, with certain additional reductions required thereafter.

CONSTRUCTIVE OWNERSHIP

In computing the percentage of stock held by the foundation and disqualified persons, stock held by or for a corporation, partnership, estate or trust is generally deemed to be held by or for the shareholders, partners, or beneficiaries of that entity. The regulations proposed in 1973 exempted from this constructive ownership rule holdings of corporations engated in an active trade or business. This exception from the general constructive ownership rule ("the myopia rule") did not apply in four situations: (1) if assets used in active trades or businesses are insubstantial when compared with passive assets; (2) if a small active corporation acquires stock in a much larger active corporation; (3) if an active corporation's trade or business assets before an acquisition of assets are insubstantial when compared to its trade or business assets after the acquisition; or (4) if a transaction constitutes a device to acquire or retain excess business holdings.

The myopia rule is adopted in the final regulations with one significant change. This change treats the passive parent of an affiliated group of active businesses as an active business. Under §53.4943-8(c)(4) and §53.4943-10(c)(3), consolidated gross income will be used to determine whether the parent of an affiliated group is a business enterprise and the assets of the entire group will be used in determining whether the parent is an active corporation for purposes of the myopia rule. These changes were made because several commentators pointed out that the myopia rule as originally proposed in 1973 would result in different tax treatment of foundations with interests in controlled groups depending solely on how the controlled groups were structured. If the parent corporation were passive, acquisition of stock in unrelated corporations could result in excess business holdings. An identical group structured so that the parent was an active corporation could acquire interests in other corporations without creating any excess business holdings problems. Because the structure of a controlled group is generally dictated by considerations other than the excess business holdings liability of foundation shareholders, the rule has been changed to create identical results irrespective of how the controlled group is structured.

In addition, the cases in which the myopia rule does not apply have been clarified.

CORPORATE READJUSTMENTS AND DISTRIBUTIONS

Section 4943(c)(4)(A)(iv) provides that the grandfather rules are to be applied to mergers, recapitalizations, or other reorganizations in a manner determined by regulations. Section 53.4943-7 of the final regulations provides these rules. The term "readjustment" has been substituted for "reorganization" to avoid the implication that only transactions meeting the requirements of section 368(a) will qualify for application of the grandfather rules. A readjustment is defined broadly in §53.4943-7(d)(1) to include mergers, consolidations, recapitalizations, stock or asset acquisitions, asset transfers, other changes in identity, form, or place of organization, redemptions, and distributions of assets or stock, including distributions to which section 301, 302, 331, or 355 applies and distributions of stock of the distributing corporation.

Generally stock received in a corporate readjustment or distribution is treated as the stock surrendered in (or held prior to) the readjustment for purposes of the grandfather rules. However, under §53.4943-7(b), stock

received in a readjustment will not be treated as the stock surrendered to the extent the stock received represents a greater percentage ownership than the highest percentage ownership in any entity held prior to the readjustment. In general, the excess stock will be treated as an interest acquired other than by purchase (see below). The percentage limits are applied separately to voting percentages and value percentages and are also applied separately to foundation holdings and combined holdings of the foundation and disqualified persons.

INTEREST ACQUIRED OTHER THAN BY PURCHASE

Under section 4943(c)(6), an interest acquired by a foundation in a business enterprise that would otherwise cause the private foundation to have excess business holdings is treated as held by a disqualified person rather than by the foundation for a five-year period if the interest is acquired "other than by purchase by the private foundation or by a disqualified person." The final regulations do not define the term purchase as did the regulations proposed in 1979, but instead follow the 1973 proposed regulations in detailing some acquisitions that are not purchases for purposes of section 4943. Acquisitions by gift, devise, bequest, legacy or intestate succession are not purchases, as under the 1973 proposed regulations. The final regulations clarify the rules under the 1979 proposed regulations as to when certain acquisitions by estates will be treated as purchases. Because the proposed regulations were unclear, the final regulations are prospective.

Under the 1973 proposed regulations, any increase in holdings resulting from a corporate readjustment would be treated as acquired other than by purchase. However, the 1973 proposed regulations also stated in the constructive ownership rules that exceptions similar to the exceptions to the myopia rule would apply with respect to interests acquired in a readjustment. The final regulations adopt the rule that an increase in holdings resulting from a corporate readjustment will be treated as acquired other than by purchase, subject to exceptions similar to the exceptions to the myopia rule.

Neither the 1973 nor the 1979 proposed regulations contained rules governing reorganizations involving section 4943(c)(2) or (3) holdings (stock subject to the normal 20% or 35% limits) or (c)(6) holdings (interests acquired other than by purchase). Under the final regulations, §53.4943-6(d), any increase in holdings as a result of a readjustment will be treated as acquired other than by purchase except to the extent that the increase is attributable to holdings that were excess business holdings before the readjustment, and subject to exceptions similar to the exceptions to the myopia rule. However, any increase in holdings attributable to holdings that would have been excess business holdings except for the fact that such holdings were treated as held by a disqualified person prior to the readjustment will not be treated as held by a disqualified person after the date on which the original holdings would have ceased to be treated as held by a disqualified person.

ACQUISITIONS, REDEMPTIONS AND HOLDINGS BY ENTITIES THAT ARE DISQUALIFIED PERSONS

The final regulations contain two rules covering situations in which a private foundation owns stock in a corporation or other entity that is itself a disqualified person. If the entity is a business enterprise, redemption of stock by the business enterprise will not be treated as a purchase by a disqualified person merely because the redeeming entity is a disqualified person. Although technically a disqualified person (*i.e.*, the business enterprise) is purchasing stock and, as a result, the foundation's holdings are increased, several commentators suggested that the results should be the same in the situation in which a foundation owns stock in a corporation which is a disqualified person and a situation in which a foundation owns stock in a corporation which is not a disqualified person. In addition, in situations where an entity which is a disqualified person holds stock in a business enterprise, the holdings of the disqualified person entity will be treated as held proportionately by its shareholders, partners, or beneficiaries, rather than by the disqualified person entity, to the extent the constructive ownership rules under §53.4943-8 apply. Thus, for example, if a private foundation has as a substantial contributor a passive holding company, which under section 4946(a)(1)(A) is a disqualified person with respect to the foundation, and the foundation owns 40 percent of the stock of the passive holding company, an acquisition of a 50 percent interest in a business enterprise by the holding company would not create excess business holdings for the foundation because the foundation would be treated as owning 20 percent of the business enterprise under the normal constructive ownership rules and, assuming that no disqualified persons hold stock in the passive holding company, no disqualified persons will be treated as holding stock in the business enterprise. However, where the disqualified person entity is an entity to which the constructive ownership rules do not apply under the myopia rule (*e.g.*, an active business enterprise), or in the case of another private foundation that is a disqualified person by reason of section 4946(a)(1)(H), the holdings of the disqualified person entity will all be treated as held by a disqualified person.

CHANGES FROM PASSIVE HOLDINGS TO BUSINESS ENTERPRISE

The 1973 proposed regulations treated a change from passive holdings to an active business enterprise as an interest in a business enterprise acquired other than by purchase. The 1979 proposed regulations treated such a change as an acquisition other than by purchase only if the private foundation established that the busi-

ness enterprise was not effectively controlled by the private foundation, its disqualified persons, or both, at the time of the change. The final regulations under §53.4943-10(d)(2) adopt an intermediate rule under which a change from passive holdings to an active business enterprise is treated as an acquisition by purchase by the private foundation unless the private foundation establishes that it did not effective control the events which caused the change to occur. This control test is different from the test under section 4943(c)(2) in that it allows the foundation to establish control in third parties and disqualified persons. The rule with respect to changes that are treated as occurring by purchase will apply only to change occurring after the publication of the final regulations.

CORPORATIONS WITH MORE THAN ONE CLASS OF STOCK

Under section 4943(c)(4)(A), the combined holdings of the foundation and disqualified persons and foundation holdings separately may not exceed the lowest percentages held on or after May 26, 1969. This provision was intended to permit a foundation that had holdings on May 26, 1969, to retain its holdings (subject to certain limits), but to prevent an increase in the holdings. Because the percentage limitations of section 4943(c)(4) are applied to the percentage of value held as well as the percentage of voting stock held, a change in the relative values of stock of different classes can result in excess business holdings even though the percentages of stock held in each class remains unchanged. This result was not intended. Therefore, a new §53.4943-4(d)(10) has been added to the final regulations to provide that increases resulting solely from a change in relative values of stock of different classes will not result in excess business holdings.

DRAFTING INFORMATION

The principal author of these regulations is Richard J. Wickersham of the Employee Plans and Exempt Organizations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for interpretative regulations. Accordingly, the Regulatory Flexibility Act (5 U.S.C. Chapter 6) does not apply and no Regulatory Flexibility Analysis is required for this rule.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this regulation is not subject to review under Executive Order 12291 or the Treasury and Office of Management and Budget implementation of the Order dated April 29, 1983.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 53 is amended as follows:

Paragraph 1. Section 53.4943-4(d) is amended by adding a new subparagraph (10) to read as follows:

§53.4943-4 Present holdings.

* * * * *

(d) *Permitted holdings under section 4943(c)(4).****

(10) *Special rule for changes in the relative values of stock of different classes.*

(i) In the case of a corporation that has more than one class of stock outstanding, if the percentage of value held by the private foundation, its disqualified persons, or both, increases over a period of time solely as a result of changes in the relative values of the stock of different classes, then the foundation value level, the disqualified person value level, and the substituted combined value level, as defined in paragraph (d)(2) of this section, shall be adjusted to reflect such increase. An increase in the percentage of value held shall not be considered to have occurred solely as a result of changes in the relative values of the stock of different classes if:

(A) There has been any increase during the period in the percentage of any class of stock held by the private foundation, its disqualified persons, or both, or

(B) There has been any issuance, redemption, or purchase by the issuing corporation of any stock during the period.

See §53.4943-6(d) for rules relating to increases caused by readjustments.

(ii) *Example.* The provisions of this subparagraph (10) may be illustrated by the following example:

Example. (i) At all times since May 26, 1969, F, a private foundation, has held 25% (500,000 shares) of the outstanding class of voting stock of X corporation. No disqualified person with respect to F holds any voting stock of X. In addition X has had outstanding since May 26, 1969, a class of non-voting preferred stock, none of which is held by F or a disqualified person. X is an active business corporation and third parties do not have effective control of X. On May 26, 1969, the voting stock (2 million shares outstanding) was trading for $5 a share on the New York Stock Exchange. The non-voting preferred stock, not publicly traded, was valued at $1 million. The total value of all outstanding stock was $11 million ($10 million voting stock plus $1 million non-voting preferred). On May 26, 1969, F held 22.73% of the value of X's outstanding stock ($2.5 million/$11 million).

(ii) On October 31, 1982, X's voting stock is trading for $20 a share and the nonvoting stock is valued at $3 million. At all times during the period May 26, 1969, through October 31, 1982, F has held 25 percent of the voting stock and none of the nonvoting stock of X. No stock of X is owned by disqualified persons. No stock of X has been issued, redeemed or purchased by X during this period. On October 13, 1982, the total value of X's outstanding stock (is $43 million ($40 million voting stock and $3 million nonvoting stock) and F holds 23.26 percent of the value of X's outstanding stock ($10 million/$43 million). F's foundation value level and the substituted combined value level are increased from 22.73 percent to 23.26 percent to reflect this change.

(iii) On November 1, 1982, X corporation distributes the stock of Y corporation, a wholly-owned subsidiary, to X's shareholders. Y is a business enterprise. Under this paragraph (d)(10), all of F's stock in X is permitted holdings under section 4943(c)(4) even though the percentage of value held by F has increased from 22.73 percent on May 26, 1969, to 23.26 percent on November 1, 1982. F's permitted holdings in Y will be determined by reference to F's permitted holdings in X under §53.4943-7. Therefore, assuming no prohibited transaction occurs, F's permitted holdings in Y stock

equal 25 percent of Y's voting stock and, separately, 23.26 percent of the value of all of Y's outstanding stock.

Par. 2. Section 4943-6 is amended by adding new paragraph (a)(2), by amending paragraph (b)(1), by amending paragraph (c)(3), and by adding new paragraphs (c)(4) and (d). The new and revised portions read as follows:

§53.4943-6 Five-year period to dispose of gifts, bequests, etc.

(a) *In general.* ***

(2) *Acquisitions that are not purchases.* Section 4943(c)(6) does not apply if a change in holdings in a business enterprise is the result of a purchase by the private foundation or a disqualified person. For purposes of subparagraph (a) of this paragraph, the term "purchase" shall not include any acquisition by gift, devise, bequest, legacy, or intestate succession. Paragraph (d) of this section provides rules for the treatment of increases in holdings received in a readjustment (as defined in §53.4943-7(d)(1)).

* * * * *

(b) *Special rules for acquisitions by will or trust*—(1) *In general.* In the case of an acquisition of holdings in a business enterprise by a private foundation pursuant to the terms of a will or trust, the five-year period described in section 4943(c)(6) and in this section shall not commence until the date on which the distribution of such holdings from the estate or trust to the foundation occurs. See §53.4943-5(b)(1) for rules relating to the determination of the date of distribution under the terms of a will or trust. For purposes of this subparagraph, holdings in a business enterprise will not be treated as acquired by a private foundation pursuant to the terms of a will where the holdings in the business enterprise were not held by the decedent. Thus, in the case of after-acquired property, this subparagraph shall not apply, the five-year period described in section 4943(c)(6) and this section shall commence on the date of acquisition of such holdings by the estate, and such five-year period may expire prior to the date of distribution of such holdings from the estate. To the extent that an interest to which section 4943(c)(6) and this paragraph (b)(1) apply is constructively held by a private foundation under section 4943(d)(1) and §53.4943-8 prior to the date of distribution, it shall be treated as held by a disqualified person prior to such date by reason of section 4943(c)(6). See §53.4943-8 for rules relating to constructive holdings held in an estate or trust for the benefit of the foundation.

* * * * *

(c) *Exceptions.* ***

(3) The purchase of holdings by an entity whose holdings are treated as constructively owned by a foundation, its disqualified persons, or both, under section 4943(d)(1) shall be treated as a purchase by a disqualified person if the foundation, its disqualified persons or both have effective control of the entity or otherwise can control the purchase. For example, if a foundation is the beneficiary of a specific bequest of $20,000 and its consent is required for the estate to make a purchase using such cash, then a purchase by the estate using such cash would be treated as a purchase by a disqualified person. Similarly, if an executor of an estate is a disqualified person with respect to a private foundation, any purchase by the estate would be treated as a purchase by a disqualified person.

(4) If a private foundation, its disqualified persons, or both, hold an interest in specific property under the terms of a will or trust, and if the private foundation, its disqualified persons, or both, consent or otherwise agree to the substitution of holdings in a business enterprise for such specific property, such holdings shall be treated as acquired by purchase by a disqualified person. For example, if a private foundation is the beneficiary of a specific bequest of $20,000 and the private foundation agrees to accept certain of the estate's holdings in a business enterprise in satisfaction of such specific bequest, such holdings will be treated as acquired by purchase by a disqualified person even if such holdings were held by the decedent.

(d) *Readjustments and distributions*—(1) *General rule.* Except as otherwise provided in subparagraph (2) of this paragraph, any increase in holdings in a business enterprise that is the result of a readjustment (as defined in §53.4943-7(d)(1)) shall be treated as acquired other than by purchase. However, holdings that are attributable to holdings owned by the private foundation that would have been excess business holdings except for the fact that such holdings were treated as held by a disqualified person prior to the readjustment shall in no event be treated as held by a disqualified person after the date on which the holdings to which the change is attributable would have ceased to be treated as held by a disqualified person.

(2) *Exceptions.* Any increase in holdings in a business enterprise that is the result of a readjustment (as defined in §53.4943-7(d)(1)), including any change resulting from application of the rule in §53.4943-8(c)(3), shall be treated as occurring by purchase by a disqualified person:

(i) To the extent the increase is attributable to holdings that were excess business holdings prior to the readjustment, and separately

(ii) To the full extent of the increase if the readjustment includes a prohibited transaction, unless the foundation establishes to the satisfaction of the Commissioner that effective control of all parties to the transaction was, at the time of the transaction, in one or more persons (other than the foundation) who are not disqualified persons with respect to the foundation. See §53.4943-7(d)(2) for the definition of prohibited transaction.

(3) *Section 4943(c)(6) holdings.* If, immediately prior to a readjustment (as defined in §53.4943-7(d)(1)), a private foundation has holdings in a business enterprise that are treated under section 4943(c)(6) as held by a disqualified person, then any holdings in a business enterprise that are received in the readjustment in ex-

change for such section 4943(c)(6) holdings shall be treated as the holdings surrendered in the exchange to the same extent as provided in §53.4943-7 with respect to exchanges involving holdings to which section 4943(c)(4) or (5) applies. Rules similar to those in §53.4943-7(a)(2) shall be applied to determine when holdings are treated as surrendered or received in a readjustment for purposes of this paragraph.

(4) *Redemption by a corporation that is a disqualified person.* If a foundation holds an interest in a corporation that is a disqualified person, an increase in the holdings of the private foundation, its disqualified persons, or both, as a result of a redemption or a purchase of stock of the disqualified person corporation by such corporation shall not be treated as acquired by purchase by a disqualified person based solely on the status of the corporation as a disqualified person.

(5) *One percent rule for redemptions.* If the holdings of a foundation, its disqualified persons, or both, in a business enterprise are increased as a result of one or more redemptions during any taxable year then, unless the aggregate of such increases equals or exceeds one percent of the outstanding voting stock or one percent of the value of all outstanding shares of all classes of stock, the determination of whether such increases cause the foundation to have excess business holdings shall be made only at the close of the private foundation's taxable year. The five-year period described in section 4943(c)(6) or the 90-day period described in §53.4943-2(a)(1)(ii), whichever is applicable, shall begin on the last day of such taxable year. If, however, the aggregate of such increases equals or exceeds one percent of the outstanding voting stock or one percent of the value of all outstanding shares of all classes of stock, the determination of whether such increases cause the foundation to have excess business holdings shall be made, and the applicable five-year or 90-day period shall begin, as of the date the increases, in the aggregate, equal or exceed one percent.

(6) *Examples.* The provisions of this paragraph are illustrated in §53.4943-7(f) and by the following examples:

Example (1). (i) F, a private foundation, holds 20% of the voting stock of X corporation, an active business enterprise. No disqualified person with respect to F holds any X stock. In 1980, X redeems 10% of its outstanding shares, increasing F's holdings to 22% of the X stock. Assume the redemption by X is not a prohibited transaction.

(ii) All of F's holdings before the redemption are permitted holdings under section 4943(c)(2). There is no effective control of X by third parties so the 35% permitted holdings rule is inapplicable. F's holdings after the redemption exceed the permitted holdings under section 4943(c)(2) (20%). Because the increase is attributable to stock that was permitted holdings prior to the readjustment, and the readjustment does not involve a prohibited transaction, the 2% increase in F's holdings of X stock is treated as acquired other than by purchase. Therefore, under section 4943(c)(6) and this section, F will have 5 years from the date of the redemption to dispose of the 2% excess.

Example (2). Assume the same facts as in *Example* (1) except that the 20% of X stock held by F was donated by X corporation, was worth more than $5,000 and represented 20% of the contributions received by the foundation through the end of the taxable year in which the gift of stock was made.

(ii) X corporation is a disqualified person with respect to F under section 4946(a)(1)(A). Under subparagraph (4), the redemption of X stock is not treated as a purchase by a disqualified person merely because X is a disqualified person with respect to F. Therefore the rules of this paragraph apply as if the redemption were made by a corporation which is not a disqualified person. The analysis and result are the same as in *Example (1).*

Example (3). (i) On May 1, 1990, F, a private foundation, received a donation of 40% of the stock of X corporation, a business enterprise. Neither F nor any disqualified person with respect to F holds any other interest in X. On June 1, 1992, the X corporation redeemed F's 40% interest in exchange for 100% of the stock of Y corporation, a wholly-owned subsidiary of X. Assume the redemption by X is not a prohibited transaction.

(ii) Under section 4943(c)(6), the X stock acquired by gift is treated as held by disqualified persons through April 30, 1995. Under subparagraph (3) of this paragraph (d), 40% of the 100% interest in Y received in exchange for F's 40% interest in X is treated as F's 40% interest in X and is therefore treated as held by disqualified persons through April 30, 1995. In addition, under subparagraph (1) of this paragraph (d), the 60% interest in Y that represents an increase in holdings above the 40% held before the readjustment will be treated as acquired other than by purchase. However, F's 20% interest in X in excess of the 20% permitted holdings under 4943(c)(2) would have been excess business holdings if such interest had not been treated as held by as disqualified person on June 1, 1992. Therefore, to the extent of a 30% interest in Y (*i.e.*, the portion of the increased holdings in *Y* attributable to F's 20% holdings in X) the increased holdings will be treated as held by disqualified person only through April 30, 1995, since this is the latest date on which F's original 40% interest in X would have been treated as held by disqualified persons. The remaining 30% interest in Y will be treated as held by disqualified persons for five years from the date of the exchange (through May 31, 1997).

(e) *Constructive holdings.* Any change in holdings in a business enterprise that occurs because a corporation ceases to be actively engaged in a trade or business, thus causing its holdings to be constructively owned by its shareholders, shall be treated as acquired other than by purchase.

(f) *Certain transactions treated as purchases; cross references.* For the application of section 4943(c)(6) to holdings that were not an interest in a business enterprise when acquired but that subsequently become holdings in a business enterprise, see §53.4943-10(d)(2).

Paragraph 3. A new section 53.4943-7 is added to read as follows:

§53.4943-7 Special rules for readjustments involving grandfathered holdings.

(a) *General rules*—(1) *Readjustments.* Except to the extent provided in paragraph (b) of this section, if a private foundation, its disqualified persons, or both together have holdings in a corporation to which section 4943(c)(4) or (5) applies, stock of a corporation received by the foundation, its disqualified persons, or both together in a readjustment (as defined in paragraph (d)(1) of this section) in exchange for such holdings to which section 4943(c)(4) or (5) applies shall be treated, for purposes of section 4943(c)(4) or (5), as the stock surrendered in the exchange.

(2) *No exchange necessary.* Paragraph (a)(1) of this section shall apply to all readjustments even if no exchange occurs. For purposes of this section, all stock held (directly or indirectly) before a readjustment in any corporation involved in the readjustment shall be treated as stock surrendered in the readjustment and all stock held (directly or indirectly) after the readjustment in any corporation

involved in the readjustment shall be treated as stock received in the readjustment in exchange for the stock treated as surrendered.

(b) *Exceptions and limitations*— (1) *Limitation on increases in percentage of voting stock.* (i) If the percentage of voting stock in a business enterprise owned (directly or indirectly) by a private foundation by reason of its ownership of stock received in an exchange described in paragraph (a) of this section exceeds the greatest percentage of voting stock in any business enterprise owned (directly or indirectly) by the private foundation prior to such exchange by reason of its ownership of the stock surrendered by it in the exchange, then—

(A) That portion of the stock received by the private foundation in the exchange which represents such excess is to be treated as an increase in the holdings of the private foundation in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange shall be treated as the stock surrendered by the private foundation in the exchange.

(ii) If the sum of the percentage of voting stock in a business enterprise owned (directly or indirectly) by disqualified persons by reason of their ownership of stock received in an exchange described in paragraph (a) of this section plus the percentage of voting stock in the business enterprise owned (directly or indirectly) by the private foundation by reason of its ownership of stock received in the exchange and treated as the stock surrendered under paragraph (b)(1)(i) of this section exceeds the greatest percentage of voting stock in any business enterprise owned (directly or indirectly) by the private foundation and its disqualified person in combination by reason of their ownership of the stock surrendered by them in the exchange, then—

(A) That portion of the stock received by the disqualified persons in the exchange which represents such excess is to be treated as an increase in the holdings of the disqualified persons in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by the disqualified persons in the exchange is to be treated as the stock surrendered by the disqualified persons in the exchange.

(2) *Limitation on increase in percentage of value.* (i) If the percentage of value of all outstanding shares of all classes of stock in a business enterprise owned (directly or indirectly) by a private foundation by reason of its ownership of stock received in an exchange described in paragraph (a) of this section exceeds the greatest percentage of such value in any business enterprise owned (directly or indirectly) by the private foundation prior to such exchange by reason of its ownership of the stock surrendered by it in the exchange, then—

(A) That portion of the stock received by the private foundation in the exchange which represents such excess is to be treated as an increase in the holdings of the private foundation in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange shall be treated as the stock surrendered by the private foundation in the exchange.

(ii) If the sum of the percentage of value of all outstanding shares of all classes of stock in a business enterprise owned (directly or indirectly) by disqualified persons by reason of their ownership of stock received in an exchange described in paragraph (a) of this section plus the percentage of such value in the business enterprise owned (directly or indirectly) by the private foundation by reason of its ownership of stock received in the exchange and treated as the stock surrendered under paragraph (b)(2)(i) of this section exceeds the greatest percentage of such value in any business enterprise owned (directly or indirectly) by the private foundation and its disqualified persons in combination prior to the exchange by reason of their ownership of the stock surrendered by them in the exchange, then—

(A) That portion of the stock received by the disqualified persons in the exchange which represents such excess is to be treated as an increase in the holdings of the disqualified persons in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by the disqualified persons in the exchange is to be treated as the stock surrendered by the disqualified persons in the exchange.

(3) *Increases in percentage of both voting stock and value.* (i) If, as the result of an exchange described in paragraph (a) of this section, a private foundation has excesses determined under both paragraphs (b)(1)(i) and (b)(2)(i) of this section, then—

(A) That portion of the stock received by the private foundation in the exchange that represents the larger excess is to be treated as an increase in the holdings of the private foundation in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by the private foundation in the exchange is to be treated as the stock surrendered by the private foundation in the exchange.

(ii) If as the result of an exchange described in paragraph (a) of this section, disqualified persons have excesses determined under both paragraphs (b)(1)(ii) and (b)(2)(ii) of this section, then—

(A) That portion of the stock received by the disqualified persons in the exchange that represents the larger excess is to be treated as an increase in the holdings of the disqualified persons in accordance with §53.4943-6(d), and

(B) Only the remaining portion of the stock received by disqualified persons in the exchange is to be treated as the stock surrendered by disqualified persons in the exchange.

(4) *Exception for prohibited transactions.* If a readjustment includes a

prohibited transaction, as defined in paragraph (d)(2) of this section, then this paragraph shall be applied substituting, for purposes of paragraph (b)(1) and (b)(2), the lowest percentage of voting power or value owned prior to the exchange in any business enterprise involved in the readjustment to which the exchange relates for the greatest percentage of voting power or value in any business enterprise owned by reason of ownership of the stock surrendered in the exchange.

(5) *Voting and value levels.* After an exchange described in paragraph (a) of this section, the private foundation voting and value levels, and the substituted combined voting and value levels (as defined in §53.4943-4(d)(2)) shall be the lesser of each respective level immediately prior to the exchange with respect to the stock surrendered in the exchange and each such respective level determined immediately after the exchange by taking into account only the stock received in the exchange that is treated under this paragraph as the stock surrendered in the exchange. If the stock of more than one corporation is surrendered in exchange for stock of one corporation, the highest of each voting or value level determined immediately prior to the exchange with respect to the stock of the corporations surrendered in the exchange shall be treated as such level immediately prior to the exchange.

(6) *Determination of phases*—(i) *In general.* Stock received in an exchange described in paragraph (a) of this section that is treated as stock surrendered in the exchange under this paragraph shall be treated as subject to the same first, second, and third phases that were applicable to the stock surrendered for it. For purposes of determining the applicable phases, stock received in an exchange shall be treated as received in exchange for particular holdings of stock surrendered based on the terms of the exchange. Where only a portion of the stock received is treated as the stock surrendered, such portion of the stock received shall be treated as exchanged for particular holdings of stock surrendered in the same proportions as the total stock received was exchanged for particular holdings of stock surrendered. For example, if 20 shares of X stock owned by a private foundation, subject to a first phase beginning on January 1, 1978 and ending on December 31, 1987, are exchanged for 20 shares of Y stock, and 40 shares of X stock owned by the private foundation, subject to a first phase beginning on June 1, 1980 and ending on May 31, 1990, are exchanged for 40 shares of Y stock, then 1/3 of the Y stock received by the private foundation is treated as received in exchanged for X stock having the January 1, 1978 - December 31, 1987 first phase and 2/3 of the Y stock received by the private foundation is treated as received in exchange for the X stock having the June 1, 1980 - May 31, 1990 first phase. If only 30 shares of the Y stock received by the private foundation are treated as the stock surrendered, then 1/3 (10 Y shares) will be subject to the January 1, 1978 - December 31, 1987 first phase and 2/3 (20 Y shares) will be subject to the June 1, 1980 - May 31, 1990 first phase.

(ii) *Transitional rule.* In any case in which holdings subject to section 4943(c)(4) or 4943(c)(5) have been consolidated prior to May 22, 1984, then the longest first phase applicable to any of the holdings surrendered in the consolidation shall be applied to the holdings received by the foundation in the consolidation that are treated as the holdings surrendered in the consolidation. For purposes of this clause, a consolidation is any readjustment that results in a reduction in the number of entities in which the foundation has direct holdings.

(c) *Plan to dispose of excess business holdings.* (1) Notwithstanding §53.4943-4(d)(i)(4)(D)) (relating to restrictions on increases in levels) and paragraphs (a) and (b) of this section, if a readjustment occurs under an approved plan to dispose of stock to which section 4943(c)(4) or (5) applies, in order to meet the requirements of section 4943(c)(4) (*i.e.*, to meet the reduced limits that will be applicable after the first phase holding period described in §53.4943-4(c)) or to meet the requirements of section 4943(c)(2)), all of the stock received in the readjustment shall be treated as held by disqualified persons through the end of the longest first phase holding period applicable to stock surrendered in the readjustment. The foundation and substituted combined voting and value levels shall not be increased on account of the readjustment.

(2) For purposes of this paragraph, a plan is an approved plan only if it is approved by the Commissioner and may be subject to such conditions as the Commissioner determines. A plan must be approved prior to any exchange or distribution pursuant to the plan except for a showing of good cause such as a business emergency.

(d) *Definitions*—(1) *Readjustments.* For purposes of this section, the term "readjustment" includes, but is not limited to—

(i) A merger or consolidation;

(ii) A recapitalization;

(iii) An acquisition of stock or assets;

(iv) A transfer of assets;

(v) A change in identity, form, or place of organization, however effected;

(vi) A redemption;

(vii) A distribution of assets or of stock, including a distribution to which section 301, 302, 331, or 355 applies or a distribution of stock of the distributing corporation.

(2) *Prohibited transaction.* A prohibited transaction is any transaction involving a private foundation that has holdings in a business enterprise which—

(i) Acquires stock (or similar interest in the case of an unincorporated entity) or assets of a business enterprise or redeems its own stock (or similar interest in the case of an unincorporated entity) using cash or other property transferred to the acquiring business enterprise (*e.g.*, as a contribution to capital) by the private foun-

dation, its disqualified persons, or both;

(ii) Acquires stock (or similar interest in the case of an unincorporated entity) or assets of a business enterprise or redeems its own stock (or similar interest in the case of an unincorporated entity) using the proceeds of a loan made to, or guaranteed by, the private foundation, its disqualified persons, or both;

(iii) Acquires 40 percent or more of the voting stock (or similar interest in the case of an unincorporated entity), 40 percent or more of the value of all outstanding shares of all classes of stock (or similar interest in the case of an unincorporated entity), or 40 percent or more of the assets of a business enterprise if the acquiring business enterprise's net assets used in its trade or business prior to such acquisition are insubstantial when compared to the net assets acquired or when compared to the net assets of the business enterprise, the stock (or similar interest in the case of an unincorporated entity) of which was acquired. For this purpose, an insubstantial ratio means a ratio that is 15% or less; or

(iv) Is used as a device to acquire or expand excess business holdings. The determination of whether a business enterprise is used as a device to acquire or expand excess business holdings shall be determined based on all the facts and circumstances. A business enterprise shall be presumed to have been used as a device to acquire or expand excess business holdings if it acquires 40 percent or more of the voting stock (or similar interest in the case of an unincorporated entity), 40 percent or more of the value of all outstanding shares of all classes of stock (or similar interest in the case of an unincorporated entity), or 40 percent or more of the assets of a business enterprise if the consideration for the acquisition consists primarily of nonvoting stock (or similar interest in the case of an unincorporated entity) of the acquiring business enterprise.

(3) *Corporation involved in a readjustment.* A corporation shall be treated as involved in a readjustment if, as part of the readjustment, any stock of the corporation is issued or redeemed, or any stock or assets of the corporation are distributed, exchanged, purchased, sold, acquired, or otherwise transferred.

(e) *Application to unincorporated business enterprise.* The rules of this section shall apply equally to partnerships and other unincorporated business enterprises, applying the rules and substitutions provided in §53.4943-3(c)(2), (3), and (4).

(f) *Examples.* The provisions of this section and §53.4943-6(d) are illustrated by the following examples, which assume no prohibited transactions are involved unless otherwise stated:

Example (1). (i) F, a private foundation, has owned 80% of the one outstanding class of stock of X corporation since 1965. The X stock is subject to section 4943(c)(4) with a first phase ending on May 25, 1984. On January 1, 1982, X merges with Y corporation to form Z corporation. X, Y, and Z are active business corporations. F owns no Y stock. No disqualified person with respect to F owns any stock in X, Y, or Z. After the merger, F owns 25% of the one outstanding class of Z stock. Third parties do not control Z so that the 35% permitted holdings rule under section 4943(c)(2) is inapplicable.

(ii) F's percentage of voting power and value in Z after the merger (25%) are less than F's percentages of voting power and value in X before the merger (80%). Therefore, under paragraph (a)(1) of this section, all of F's holdings in Z are treated as the X stock surrendered. Therefore, the Z stock is treated as subject to section 4943(c)(4) with a first phase ending on May 25, 1984. Under the downward ratchet of paragraph (a)(5) of this section, the foundation voting and value levels and the substituted combined voting and value levels are reduced to 25%.

Example (2). (i) F, a private foundation, owns 100% of the one outstanding class of stock in X corporation and 30% of the one outstanding class of stock in Y corporation. F has held this stock continuously since 1960, and no disqualified person has even owned any stock in X or Y. Under section 4943(c)(4), F's holdings in X are treated as held by disqualified persons through the end of the first phase on May 25, 1989, and F's holdings in Y are permitted holdings during the second phase, which began on May 26, 1979. On January 1, 1985, X and Y consolidate, forming a new corporation Z. In the consolidation, F acquires 50% of the one class of outstanding stock of Z, 40% in exchange for F's 100% interest in X and 10% in exchange for F's 30% interest in Y. Unrelated parties hold the remaining 50% of Z.

(ii) F's percentages of voting power and value in Z after the merger (50%) are less than F's percentages of voting power and value in X before the merger (100%). Thus, under paragraph (a)(1) of this section, the 50% interest in Z held by F is treated as the stock surrendered in the exchange for purposes of section 4943(c)(4). Under paragraph (b)(6) of this section, the 10% interest in Z received for the Y stock is subject to the same second phase period as the surrendered Y stock. The 40% interest in Z received for the X stock is subject to the same first phase period as the surrendered X stock.

Example (3). (i) F, a private foundation, owns 50% of the one class of outstanding stock in X corporation which F has held continuously since 1935. No disqualified person with respect to F owns any stock in X. Neither F nor any disqualified person with respect to F owns any stock in Y corporation. On July 1, 1982, X and Y enter into an agreement to consolidate their businesses in a reorganization to which section 368(a)(1)(A) will apply. As a result of the contemplated consolidation, F will own 60% of the voting stock in Z, the resulting corporation. In addition, parties unrelated to F will own the remaining 40% of the Z voting stock and 100% of a new issue of nonvoting preferred stock in Z. Assume for purposes of this example, that the 60% of the voting stock to be held by F in Z will represent 50% of the fair market value of the outstanding Z stock.

(ii) Under the provisions of paragraph (b)(1) of this section, that portion of the Z stock held by F which represents a percentage of voting power equivalent to that held by F in X immediately prior to the consolidation (i.e., 50%) will be treated as the X stock held by F on May 26, 1969, for purposes of section 4943(c)(4). Therefore, 50% of the Y stock will be treated as subject to a second phase ending on May 25, 1994. The remaining portion of the Z voting stock held by F (10%) is subject to the provisions of §53.4943-6(d)(1). F will have five years from the date of the merger in which to dispose of 10% of the Z stock without incurring the tax on excess business holdings.

Example (4). (i) F, a private foundation, owns 80% of the one class of outstanding stock in X corporation, an active business corporation. F has held this stock continuously since 1960 and no disqualified person with respect to F owns any stock in X. X has two operating divisions, one which manufactures shoes and the other which manufactures refrigerators. On January 1, 1978, in a section 351(a) exchange, X transferred all of the assets of its shoe manufacturing division to Y, a corporation which X has formed for this purpose, and receives 100% of the stock of Y so that Y is a wholly-owned subsidiary of X. X then transfers all of the Y stock to F in exchange for all of F's holdings of X stock in a distribution to which section 355 applies.

(ii) Under paragraph (b)(1) of this section, 80% of the Y stock is treated as the X stock surrendered in the exchange for purposes of section 4943(c)(4). The 80% is treated under §53.4943-4(c) as held by disqualified persons through May 25, 1984, which constitutes the 15-year first phase holding period applicable to the 80% holding in X. The 80% of the Y stock must be reduced to the permitted holdings allowed during the second and third phase as provided by section 4943(c)(4)(D) in the same manner as F's holdings of X stock would have had to have been reduced.

(iii) Under §53.4943-6(d)(1), the remaining 20% of Y stock is treated as held by a disqualified person for five years from the date of the exchange. F will have five years from the date of the exchange in which to dispose of 20% of

the Y stock without incurring the tax on excess business holdings.

Example (5). (i) X corporation, an active business corporation, has outstanding 1,000 shares of one class of stock, of which 600 shares have been held by F1, a private foundation; 100 shares have been held by F2, another private foundation; and 100 shares have been held by D, a disqualified person with respect to both F1 and F2. Unrelated parties hold the remaining 200 shares. F1 and F2 are disqualified persons with respect to each other under section 4946(a)(1)(H). Thus, F1 holds 60% of the X stock (600/1000); F2 and D each hold 10% (100/1000); and the foundation group (F1, F2 and D) holds 80% of X (800/1000). The holdings of F1 and F2 were acquired on January 1, 1980 pursuant to a pre-1969 will and are subject to section 4943(c)(5). There have been no changes in holdings since January 1, 1980.

(ii) On January 1, 1985, pursuant to a plan to dispose of excess business holdings approved by the Commissioner under paragraph (c) of this section, X redeems for cash the 600 shares held by F1. After the redemption, D and F2 each hold 25% of X (100/400). F1 no longer holds any X stock. The foundation group's holdings (F1, F2 and D) have decreased from 80% to 50% while holdings of unrelated parties have increased from 20% to 50%. At the same time F2's and D's holdings each have increased from 10% to 25%.

(iii) Notwithstanding the increase in F2's and D's holdings, under paragraph (c) of this section, all of the X stock held by F2 will be treated as held by a disqualified person through the end of the first phase (December 31, 1994). However, the foundation voting and value levels do not increase. Therefore, after the end of the first phase, F2's holdings in X may not exceed 10 percent (if the combined holdings of F1, F2 and D exceed the permitted holdings under section 4943(c)(2)).

Example (6). (i) X corporation, an active business corporation, has outstanding 1,000 shares of its one class of stock. Since 1960, 100 shares (10%) have been held by F, a private foundation and 350 shares (35%) have been held by D, a disqualified person with respect to F. All of the stock held by F is permitted holdings under section 4943(c)(4) and the substituted combined voting and value levels are 45% (10% + 35%). Because of disagreements concerning management of X between D and A, an unrelated party who holds 300 shares (30%) of the X stock, X redeems all of A's shares on December 1, 1981.

(ii) After the redemption, F holds 14.3% (100/700) of the X stock and D holds 50% (350/700), for combined holdings of 64.3%. Because the combined holdings exceed the substituted combined voting level (45%) by more than F's entire holdings, all of the F stock is excess business holdings. However, all of F's stock will be treated as acquired other than by purchase under §53.4943-6(d)(1) and therefore will be treated under section 4943(c)(6) and this section, as held by a disqualified person for five years from the date of the redemption (through November 30, 1986). If the combined holdings of F and its disqualified person are reduced to 45 percent by the end of the five year period, F may retain a portion of its holdings in X (limited to no more than the foundation voting and value level of 10 percent).

Example (7). Assume the same facts as in *Example (6)*, except that D loaned the money to X that was used to redeem A's shares. Under these facts, the increased holdings result from a prohibited transaction described in paragraph (d)(2) of this section. Therefore, all of F's stock will be treated as acquired by purchase by a disqualified person under §53.4943-6(d)(2). F will have 90 days after the redemption in which to dispose of its holdings or to reduce its holdings and the combined holdings to the levels held prior to the redemption as discussed in *Example (6)*.

Example (8). (i) F, a private foundation, has held 100% of the outstanding stock of X corporation since 1960. F also holds 15% of the voting stock of Y corporation. Both X and Y are active business corporations. X has $1 million in net assets used in its trade or business and Y has $6.7 million used in its trade or business. On June 1, 1985, Y is merged into X. After the merger F holds 25% of the voting stock of X. No person other than F controls X after the merger.

(ii) Because more than 40% of Y was acquired and the net assets of X, the acquiring corporation, used in its trade or business prior to the merger represent less than 15% of the net assets of Y used in its trade or business, the merger is a prohibited transaction described in paragraph (d)(2)(iii). Therefore, only 15% of the stock of X is treated, pursuant to paragraph (b), as the stock held by F prior to the redemption. F's holding of 5% (the excess of F's 25% holdings over the 20% permitted holdings in X (determined under section 4943(c)(2)) are treated as purchased by a disqualified person pursuant to §53.4943-6(d)(2). F will have 90 days after June 1, 1985, in which to dispose of the 5% excess holdings.

Par. 4. Section 53.4943-8 is amended by adding new paragraph (a)(3), (4) and (5),(c),(d) and (e) to read as follows:

§53.4943-8 Business holdings; constructive ownership.

(a) *Constructive ownership.* ***

(3) *Determination of extent of constructive ownership.* If an interest in a business enterprise owned by a corporation is constructively owned by a shareholder, each shareholder's proportion of ownership is generally computed on the basis of the voting stock each shareholder has in the corporation. In determining holdings permitted under section 4943(c)(4) and (5), each shareholder's proportion of ownership in the business enterprise shall also be computed on the basis of value, taking into account both voting and nonvoting stock held by the shareholder.

(4) *Nonvoting stock.* If a private foundation, its disqualified persons, or both, own (directly or constructively) nonvoting stock of a parent corporation, the holdings of which are treated as constructively owned by its shareholders by reason of section 4943(d)(1) and this section, such nonvoting stock shall be treated as nonvoting stock of any corporation in which the parent corporation holds an interest for purposes of the limitation on the holding of nonvoting stock under section 4943(c)(2)(A) and §53.4943-3(b)(2).

(5) *Interests held by certain disqualified persons.* In the case of an entity that is a disqualified person (other than an entity described in section 4946(a)(1)(H)), the holdings of which are treated as constructively owned by its shareholders, partners, or beneficiaries, for purposes of determining the total holdings of disqualified persons the holdings of the entity shall be considered held by a disqualified person only to the extent such holdings are treated as constructively owned by disqualified persons who are shareholders, partners, or beneficiaries of the entity. In the case of an entity described in section 4946(a)(1)(H) or an entity, the holdings of which are not treated as constructively owned by its shareholders, partners, or beneficiaries, all holdings of such entity shall be treated as held by a disqualified person only if and only if the entity itself is a disqualified person.

* * * * *

(c) *Corporation actively engaged in a trade or business*—(1) *In general.* Except as provided in paragraphs (c)(2) and (3) of this section, any interest (whether or not in a separate entity) owned by a corporation which is actively engaged in a trade or business shall not be deemed to be constructively owned by such corporation's shareholders.

(2) *Actively engaged in a trade or business.* For purposes of paragraph (c)(1) of this section—

(i) A corporation shall not be considered to be actively engaged in a trade or business if the corporation is not a business enterprise by reason of section 4943(d)(3)(A) or (B) and §53.4943-10(b) or (c);

(ii) In the case of a corporation which owns passive holdings and is

actively engaged in a trade or business, such corporation shall not be considered to be actively engaged in a trade or business if the net assets used in such trade or business are insubstantial when compared to passive holdings.

(3) *Exceptions.* If a corporation has been involved in a prohibited transaction, any interest in a business enterprise owned by such corporation shall be treated as constructively owned by its shareholders, whether or not such corporation is actively engaged in a trade or business. For a definition of prohibited transaction, see §53.4943-7(d)(2).

(4) *Affiliated group.* In applying this paragraph to the common parent in an affiliated group (as defined in §53.4943-10(c)(3)(ii)), the assets and activities of the affiliated group shall be treated as the assets and activities of the common parent.

(d) *Partnerships.* Any interest in a business enterprise which is owned by a partnership shall be deemed to be constructively owned by the partners in such partnerships.

(e) *Examples.* The provisions of this section are illustrated by the following examples.

Example (1). F, a private foundation, directly owns voting stock of X, a holding company described in section 4943(d)(3)(B). That stock represents 40% of the voting power in X and 20% of the value of all outstanding shares of all classes of stock in X. F also owns nonvoting stock in X that represents 10% of the value of all outstanding shares of all classes of stock in X. D, a disqualified person, owns voting stock of X that represents 40% of the voting power in X and 20% of the value. D does not own any nonvoting stock in X. X corporation's only holding is stock of Y corporation. The Y voting stock held by X represents 50% of the voting power in Y and 25% of the value of all outstanding shares of all classes of stock in Y. X also owns nonvoting stock in Y that represents 25% of the value of all outstanding shares of all classes of stock in Y. Under paragraph (a)(3) of this section, F and D each constructively owns 20% of the voting power in Y through their voting interest in X (40% of X's 50% of Y). F also constructively owns 15% of the value of all outstanding shares of all classes of stock in Y through F's interest in X (F's 30% of the value of X multiplied by X's 50% of the value of Y), while D constructively owns 10% of the value of Y (D's 20% of the value of X multiplied by X's 50% of the value of Y).

Example (2). (i) F, a private foundation, owns 50% of the one class of nonvoting stock of X corporation, a corporation described in section 4943(d)(3)(B) and paragraph (c)(2)(i) above. D, a disqualified person with respect to F as described in section 4946(a)(1)(A), owns 40% of the one class of voting stock of X. X corporation is a disqualified person with respect to F because D owns more than 35% of the voting of X. (See section 4946(a)(1)(E)). On January 1, 1980, X purchases for cash 40% of the only class of stock of Y corporation, a retail clothing store, from unrelated third parties.

(ii) Under paragraph (a)(4) of this section, F is treated as owning nonvoting stock of Y. Although X is a disqualified person, its holdings are not treated as held by disqualified persons except as constructive holdings. Therefore, the "deemed" nonvoting stock in Y is a permitted holding because D, a disqualified person with respect to F, constructively owns only 16% of the voting stock of Y (less than 20% permitted under section 4943(c)(2)).

Example (3). (i) The facts are the same as in *Example (2)*, except that X purchases 100% of the stock of Y corporation. Under paragraph (a)(4) of this section, F is treated as owning nonvoting stock of Y. The "deemed" nonvoting stock in Y is not a permitted holdings because D, a disqualified person with respect to F, constructively owns 40% of the voting stock of Y.

Example (4). (i) D, a disqualified person with respect to F, owns 40% of the one class of stock in X corporation, an active business. X is a disqualified person with respect to F. X acquires 40% of the voting stock in Y corporation. Under paragraph (a)(5) of this section, the holdings of X in Y are treated as held by a disqualified person. F cannot hold any Y stock, voting or nonvoting.

Par. 5. Section 53.4943-10 is amended by adding new paragraphs (c)(3) and (d)(2) to read as follows:

§53.4943-10 Business enterprise; definition.

* * * * *

(c) *Income derived from passive sources.*

***

(3) *Affiliated group.* (i) For a common parent corporation in an affiliated group, substitute "consolidated gross income" in subparagraph (1) of this paragraph.

(ii) For purposes of this section, the term "affiliated group" shall have the same meaning as in section 1504(a), without regard to section 1504(b) through (e).

(iii) Section 53.4943-11(d) provides a transitional rule for certain parent corporations.

(d) *Application of section 4943(c)(6).* ***

(2) *Passive holdings, etc.* (i) Except as provided in subdivision (ii), if a private foundation holds an interest that is not an interest in a business enterprise, and the interest later becomes an interest in a business enterprise (other than by reason of a readjustment as defined in §53.4943-7(d)(1)), the interest will be treated as having been acquired by purchase by a disqualified person at the time the interest become an interest in a business enterprise. The treatment of an interest that becomes an interest in a business enterprise by reason of a readjustment shall be determined under §53.4943-6 and §53.4943-7.

(ii) If a private foundation establishes that the events which caused an interest not originally a business enterprise to become a business enterprise were not effectively controlled by the private foundation, then such interest shall be treated as acquired other than by purchase from the time of the change for purposes of section 4943(c)(6).

(iii) See §53.4943-3(b)(3)(ii) for the definition of effective control.

Par. 6. Section 53.4943-11 is amended by adding new paragraphs (c), (d) and (e) to read as follows:

§53.4943-11 Effective date.

* * * * *

(c) *Special transitional rule for acquisition by will, etc.* (i) The rule in §53.4943-6(b)(1) whereby holdings not held by a decedent are not treated as acquired under a will shall not apply to acquisitions of after-acquired property of a decedent's estate occurring on or before May 22, 1984.

(ii) The rule in §53.4943-6(b)(1) treating a purchase by an estate as a purchase by a disqualified person where the executor is a disqualified person shall not apply to purchases occurring on or before May 22, 1984.

(d) *Special transitional rule for affiliated groups.* If on or before May 22, 1984 a foundation holds an interest in a common parent corporation in an affiliated group, as defined in §53.4943-10(c)(3)(ii), the foundation may elect to have both §53.4943-8(c)(4) and §53.4943-10(c)(3) not apply to such common parent corporation. No election may be made to have only one section not apply. Such election shall be made by the governing body of the private foundation at any time prior to February 22, 1985.

(e) *Special transitional rule for changes to a business enterprise.* Any interest that is not an interest in a business enterprise which becomes an interest in a business enterprise under §53.4943-10(d)(2) prior to May 22, 1984 will be treated as having been acquired other than by purchase for purposes of section 4943(c)(6).

This Treasury decision is issued under the authority contained in sections 4943(c)(4)(A) and 7805 of the Internal Revenue Code of 1954 (83 Stat. 507, 68A Stat. 917; 26 U.S.C. 4943(c)(4)(A)(iv) and 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved February 6, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on February 21, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 22, 1984, 49 F.R. 6476)

Chapter 45.—Windfall Profit Tax on Domestic Crude Oil
Subchapter A.—Imposition and Amount of Tax

Section 4986.—Imposition of Tax

26 CFR 51.4986-1: Imposition of tax. (Also Sections 4988, 4996; 51.4988-1, 150.4996-1.)

Windfall profit tax; production payments. A question and answer format is used to explain which party is liable for the payment of the windfall profit tax on oil removed from the property that is applied to the satisfaction of a production payment in the case of (1) the owner of a production payment carved out for exploration or development of an oil and gas property, and (2) the owner of a production payment retained on the sale of a mineral property.

Rev. Rul. 84-16

The following questions and answers relate to which party is liable for the payment of the Crude Oil Windfall Profit Tax on oil removed from the property that is applied to the satisfaction of a production payment in the case of (1) the owner of a production payment carved out for exploration or development of an oil and gas property, and (2) the owner of a production payment retained on the sale of a mineral property.

Q.1 Is the owner of a production payment pledged for exploration or development, within the meaning of section 1.636-1(b)(1) of the Income Tax Regulations, liable for the windfall profit tax on the crude oil removed from the property applied to the satisfaction of the production payment?

A.1 Yes. The owner of a production payment pledged for exploration or development is liable for the windfall profit tax on the crude oil removed from the property applied to the satisfaction of the production payment. Section 51.4996-1(b)(1) of the Excise Tax Regulations provides that the owner of a production payment shall be treated as a producer only to the extent that the production payment is treated as an economic interest by section 636 of the Internal Revenue Code, taking into account the effective date of that section.

The owner of a production payment pledged for exploration or development is treated, under section 636, as the owner of an economic interest in the oil in place. The owner of an economic interest is a "producer" under section 4996(a) of the Code and section 51.4996-1(b)(1) of the regulations and is thus subject to tax. Section 4988(b)(5) of the Code provides that for purposes of determining the net income limitation on the windfall profit tax under section 4988(b)(2), both parties to a production payment must include in their gross income from the property the gross income attributable to any portion of the crude oil removed from the property that is applied in discharge of the production payment.

Q.2 Is the owner of a retained production payment created after August 6, 1969, on the sale of a property liable for the windfall profit tax on any oil removed from the property?

A.2 No. The owner of a production payment, created after August 6, 1969 and retained on the sale of a mineral property, is not liable for the windfall profit tax on any oil removed from the property. Section 51.4996-1(b)(1) of the regulations provides that the owner of a production payment shall be treated as a producer only to the extent that the production payment is treated as an economic interest by section 636, taking into account the effective date of that section. Under section 636 of the Code, a retained production payment, created after August 6, 1969, is treated as a purchase money mortgage loan (rather than as an economic interest in the mineral property). Because the payor of the production payment owns the economic interest in the property, the payor is liable for the payment of the windfall profit tax on crude oil removed from the property.

Section 4988—Windfall Profit; Removal Price

26 CFR 51.4988-1: Windfall profit; removal price.

Whether the windfall profit tax is imposed on the owner of a production payment pledged for development and whether the windfall profit tax is imposed on the owner of a produc-duction payment retained on the sale of the property. See Rev. Rul. 84-16, this page.

---

26 CFR 51.4988-2: Windfall profit, removal price.

Windfall profit tax; costs incurred in drilling injection wells. Costs incurred in drilling injection wells must be capitalized into the taxpayer's "as if" cost depletion basis for the purposes of determining the taxpayer's net income from the property under section 4988(b) of the Code. These costs cannot be excluded as costs of drilling a nonproductive well.

Rev. Rul. 84-65

ISSUE

Under the circumstances described below, how are costs incurred in drill-

ing and completing injection wells taken into account in determining the taxpayer's net income from the property under section 4988(b) of the Internal Revenue Code?

FACTS

The taxpayer owned an economic interest in all of the oil and gas contained in a certain "oil field." For several years the taxpayer, an operator, produced oil by natural flow from the central part of the field. The perimeter area of the field, however, could not be developed for production in commercial quantities in the absence of a water flooding program because the natural reservoir energy in this area was inadequate. The taxpayer developed the perimeter area of the field by setting up several "five-spot" well patterns. The taxpayer drilled water injection wells at four points with one oil producing well in the center. The injection of water supplemented the natural reservoir energy (pressure) causing oil to flow to the oil wells in the center of the "five spot" patterns. Production from these oil wells was maintained by water flooding through the injection wells from a central plant.

LAW AND ANALYSIS

Section 4988(b) of the Code provides for a net income limitation on the windfall profit attributable to a barrel of crude oil. Section 4988(b)(2) defines net income in terms of the taxable income from the property. Section 4988(b)(3) states that taxable income from the property for purposes of section 4988(b)(2) is determined under section 613(a) with certain exceptions. Two of these exceptions are that no deduction is allowed, in computing this taxable income from the property, (1) for section 263(c) costs, and (2) for depletion other than cost depletion computed in accordance with section 4988(b)(3)(C). Under section 4988(b)(3)(C), this cost depletion deduction is that amount that would have been allowed if all section 263(c) costs incurred by the taxpayer had been capitalized and taken into account in computing cost depletion and cost depletion had been used by the taxpayer for all taxable years. Section 4988(b)(3)(D) defines the term "section 263(c) costs" for these purposes as intangible drilling and development costs incurred by the taxpayer that, by reason of an election under section 263(c), may be deducted as expenses, but that such term does not include costs incurred in drilling a nonproductive well.

Section 51.4988-2(b)(3)(iii) of the regulations provides that for purposes of calculating the net income limitation a nonproductive well is any well that has been abandoned or is reasonably expected never to produce oil or gas in commercial quantities. Implicit in this definition is that the well was drilled for the purpose of producing oil or gas through it.

Injection wells are not drilled for the purpose of producing oil and gas through them. Therefore, wells drilled and completed as injection wells cannot be treated as nonproductive wells under section 4988(b)(3)(D) of the Code and section 51.4988-2(b)(3)(iii) of the regulations.

The manner in which the costs of drilling injection wells are taken into account for purposes of section 4988(b) depends on how these costs are treated in computing the income from the property for federal income tax purposes.

If the drilling costs are properly expensed under section 263(c), for federal income tax purposes, then for windfall profit purposes they are capitalized into the hypothetical basis of the property used to calculate the cost depletion that would have been allowable if certain costs had been capitalized and the taxpayer had used cost depletion for prior tax years. Section 4988(b)(3)(C)(i)(I) of the Code and section 51.4988-2(b)(3) of the regulations.

If the drilling costs are capitalized, however, the taxpayer may allocate the costs as provided in section 1.612-4(b) of the regulations. Most of the expenses are allocated to the hypothetical cost depletion basis. Costs representing physical property such as the amounts paid for wages, fuel, repairs, hauling, supplies, etc., used in installation of casing and equipment or in the construction on the property of derricks and other physical structures, must be allocated to depreciable property and are taken into account over the depreciable life of that property.

HOLDING

Under the circumstances described, the costs of wells drilled and completed as injection wells, whether capitalized or expensed under section 263(c) of the Code, are not costs of drilling nonproductive wells. In determining the taxpayer's net income from the property under section 4988(b) and the cost depletion that would have been allowable for the taxable year under section 4988(b)(3)(C), such costs must be capitalized.

T.D. 7905—Correction

TITLE 26.—INTERNAL REVENUE.—CHAPTER 1, SUBCHAPTER D, PART 51—EXCISE TAX REGULATIONS UNDER THE CRUDE OIL WINDFALL PROFIT TAX ACT OF 1980

Base Prices of Tier 2 and 3 Oil

AGENCY: Internal Revenue Service, Treasury.

ACTION: Correction to final rule.

SUMMARY: This document contains corrections to the FEDERAL REGISTER publication beginning at 48 FR 35092 of the final regulations that were the subject of Treasury Decision 7905 [1983-2 C.B. 205]. T.D. 7905 relates to determination of base prices of tier 2 and 3 oil for purposes of the windfall profit tax on domestically produced crude oil imposed by title I of the Crude Oil Windfall Profit Tax Act of 1980 [Pub. L. 96-223, 1980-3 C.B. 1,2].

EFFECTIVE DATE: Except as otherwise stated in the amendments that constitute T.D. 7905, the regulations that are the subject of this correction are effective with respect to tax liability for windfall profit tax on crude oil removed from the premises after September 30, 1980.

FOR FURTHER INFORMATION CONTACT: Donald W. Stevenson of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, Washington, D.C. 20224 (Attn: CC:LR:T), telephone 202-566-3297 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On August 3, 1983, the FEDERAL REGISTER published final regulations (48 FR 35092) [T.D. 7905, 1983-2 C.B. 205] relating to the determination of base prices of tier 2 and 3 oil for purposes of the windfall profit tax on domestically produced crude oil imposed by title I of the Crude Oil Windfall Profit Tax Act of 1980. The regulations were issued under the authority of sections 4989(d), 4997(b) and 7805 of the Internal Revenue Code of 1954 (94 Stat. 233, 26 U.S.C. 4989(d); 94 Stat. 249, 26 U.S.C. 4997(b); 68A Stat. 917, 26 U.S.C. 7805).

NEED FOR A CORRECTION

As published, the amendatory language of T.D. 7905, beginning at the bottom of page 35093, right column [1983-2 C.B. 206], has raised some questions with regards to the 1984 revision of Title 26 CFR. This correction notice restates the amendatory language of T.D. 7905 in a format that resolves those uncertainties.

CORRECTION OF PUBLICATION

Accordingly, the publication of Treasury Decision 7905, which was the subject of FR Doc. 83-21096, is corrected by revising the amendatory language that begins at the bottom of the right column on page 35093 to read as follows:

PART 51—[AMENDED]

§51.4989-1 [AMENDED]

Paragraph 1. The proposed regulations under section 4989(d)(1) of the Internal Revenue Code of 1954, the text of which is set out as temporary regulations §150.4989-1(c)(1)-(7), are adopted as final regulations under §51.4989-1(c)(1)-(7).

Paragraph 2. Paragraph (c)(2) of §51.4989-1 is amended by removing "March 1, 1980." and adding in its place "April 1, 1980.", and by removing "§150.6050C-1" and adding in its place "§51.6050C-1".

Paragraph 3. Paragraph (c)(3) of §51.4989-1 is amended by removing "March 1, 1980." and adding in its place "April 1, 1980.".

Paragraph 4. Paragraph (c)(7) of §51.4989-1 is amended by removing "§150.4995-1" everywhere it appears and adding in those places "§51.4995-1", and by removing "§150.4995-3" everywhere it appears and adding in those places "§51.4995-3".

PART 150—[AMENDED]

§150.4989-1 [AMENDED]

Paragraph 5. Paragraphs (c)(1)-(7) of §150.4989-1 are removed.

GEORGE H. JELLY,
Director, Legislation and
Regulations Division.

(Filed by the Office of the Federal Register on April 17, 1984, 8:45 a.m., and published in the issue of the Federal Register for April 18, 1984, 49 F.R. 15187)

Subchapter C.—Miscellaneous Provisions

Section 4995.—Withholding; Depositary Requirements

26 CFR 51.4995-1: Requirement of withholding.
(Also Section 4997; 51.4997-2.)

Windfall profit tax; withholding adjustments for suspense accounts. First purchasers must make withholding adjustments for crude oil sales proceeds held in suspense accounts until Form 6248, Annual Information Return of Windfall Profit Tax, is provided to the producer.

Rev. Rul. 84-47

ISSUE

Is a first purchaser of crude oil required to make windfall profit tax withholding adjustments for crude oil sales proceeds held in a suspense account under the circumstances described below?

FACTS

In October, 1982, *X*, a first purchaser of crude oil, bought taxable crude oil produced from property *B*. Because the title to the royalty interest in *B* was being litigated, *X* was unable to identify the owner of that interest. Therefore, *X* withheld windfall profit tax from the proceeds attributable to that interest and placed the balance of the proceeds in a suspense account.

On April 30, 1983, *X* filed with the Internal Revenue Service Form 6248, Annual Information Return of Windfall Profit Tax, for the suspense account. On May 15, 1983, *X* discovered that too little windfall profit tax had been withheld and that the amount reported on the filed Form 6248 with respect to the October purchase was, thus, incorrect. As of May 15, 1983, the proceeds held in the suspense account had not been distributed.

LAW AND ANALYSIS

Section 4986 of the Internal Revenue Code imposes a tax on the windfall profit from taxable crude oil removed from the premises during each taxable period. The tax is to be paid by the producer of the crude oil.

Under section 4955(a)(1)(A) of the Code, except to the extent provided in regulations prescribed by the Secretary, the first purchaser of any domestic crude oil is required to withhold a tax equal to the amount of tax imposed by section 4986 with respect to such oil from amounts payable by such purchaser to the producer of such oil. Under section 4995(a)(2)(B),

the net income limitation is not to be applied for this purpose.

Under section 4955(a)(3) of the Code, to the extent provided in regulations prescribed by the Secretary, withholding errors made by a purchaser with respect to the crude oil of a producer shall be corrected by that purchaser by making proper adjustments in the amounts withheld from subsequent payments to such producer for crude oil.

Section 51.4995-1(c)(1)(ii) of the Excise Tax Regulations (relating to withholding adjustments) provides the full adjustment must be made, if possible, in the next payment. If it is not possible to complete the adjustment in the next payment, the purchaser shall adjust to the fullest extent possible in each subsequent payment until the adjustment is completed. However, no adjustment is to be made in the amount withheld from payments made after the statement required by section 51.4997-2(c) (relating to annual statement of windfall profit tax liability) is furnished.

Under Section 51.4997-2(c) of the regulations, for each calendar year purchasers must furnish a statement to each producer, operator, partnership, or disburser to whom the purchaser made payments and file with the Service a separate information return on Form 6248. Generally, the yearly statement is to be furnished by March 31 of the year immediately following the calendar year to which the statement applies, and the information return is to be filed with the Service by April 30 of that year.

Under section 51.4997-2(e) of the regulations, if, due to the fact that the identity of the producer is not known or is in dispute, the sales proceeds from crude oil have been placed in escrow or otherwise held in suspense and have not been distributed to the producer at the time the information return is required to be filed under section 51.4997-2(c), a return (on Form 6248), clearly identified as relating to suspended funds, shall be filed for each account. Not later than 60 days after the sales proceeds have been released to the producer, a return shall be filed identifying the producer and the statements required by section 51.4997-2(c) (and section 51.4997-2(d) if requested by the producer) for past periods shall be furnished to the producer.

Generally, a first purchaser of crude oil making payments to producers is not permitted to adjust errors in windfall profit tax withholding after providing the producer an annual statement on Form 6248 for the calendar year to which the error relates. Under ordinary circumstances the annual statement must be provided not later than March 31 of the year following the year to which it relates. When the sales proceeds of crude oil are not paid to the producer because the identity of the producer is not known or is in dispute and the proceeds are placed by the purchaser in a suspense account and have not been distributed to the producer at the time the annual information return required by section 51.4997-2(c) of the regulations is required to be filed, the time for furnishing the annual statement to the producer is extended not to exceed 60 days from the date the suspended proceeds are distributed. By that date another information return identifying the producer must also be furnished to the Service.

In the situation described above, the statement has not been furnished to the producer as of the date the withholding error is discovered because there is a dispute over the identity of the producer, the holder of the royalty interest, and the sales proceeds held in the suspense account were for that reason not distributed as of that date. Therefore, a withholding adjustment must be made with respect to the suspended funds.

HOLDING

The first purchaser must adjust the underwithholding error by withholding additional tax from the amounts payable for the October production held in the suspense account and deposit the additional tax on or before the next regular deposit date.

TITLE 26.—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, SUBCHAPTER C, PART 1.—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953; PART 31.—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE

Postponement of effective date —Information from recipients of gambling winnings

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document postpones the effective date of regulations relating to information from recipients of gambling winnings (T.D. 7919) published in the FEDERAL REGISTER on Wednesday, October 12, 1983 (48 FR 46296) [1983-2 C.B. 213].

DATE: Those regulations are effective for payments of gambling winnings made after December 31, 1983, instead of for payments of winnings made after November 14, 1983.

FOR FURTHER INFORMATION CONTACT: Barry L. Wold of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3808).

SUPPLEMENTARY INFORMATION:

IN GENERAL

On Wednesday, October 12, 1983, the FEDERAL REGISTER published amendments to the Income Tax Regulations (26 CFR Part 1) and the Employment Taxes and Collection of Income Tax at Source Regulations (26 CFR Part 31) under sections 3402(q) and 6011 of the Internal Revenue Code of 1954 (48 FR 46296). Those regulations provided that, effective for payment of gambling winnings made after November 14, 1983, gambling winnings from certain identical bets must be aggregated to determine whether those winnings are subject to 20 percent withholding. These regulations postpone the effective date of those regulations to payments of gambling winnings made after December 31, 1983. The Service had previously announced its intention to extend the effective date in a news release dated November 23, 1983 (IR-83-147) [Announcement 83-188, 1983-50 I.R.B. 23].

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this final regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

Pursuant to 5 U.S.C. 605(b), the Secretary of the Treasury has certified that the requirements of the Regulatory Flexibility Act do not apply to this final regulation as it will not have a significant impact on a substantial number of small entities.

DRAFTING INFORMATION

The principal author of this regulation is Barry L. Wold of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation on matters of both substance and style.

LIST OF SUBJECTS IN 26 CFR §§1.6001-1 - 1.6109-2

Income taxes, Administration and procedure, Filing requirements.

26 CFR Part 31

Employment taxes, Income taxes, Lotteries, Railroad retirement, Social security, Unemployment tax, Withholding.

Adoption of amendments to the regulations

Accordingly, 26 CFR Parts 1 and 31 are amended by adding December 31, 1983, as the effective date in the date section of T.D. 7919 (48 FR 46296) in place of November 14, 1983; by removing the phrase "November 14, 1983" from the first sentence of §31.3402(q)-1(c)(1)(ii) and inserting in lieu thereof the phrase "December 31, 1983"; by removing the phrase "December 1, 1983" from the first sentence of §31.3402(q)-1(d) Example (3) and inserting in lieu thereof the phrase "January 1, 1984"; and by removing the phrase "November 14, 1983" from the first sentence of §31.3402(q)-1(f)(1)(vi) and inserting in lieu thereof the phrase "December 31, 1983".

This Treasury decision is issued under the authority contained in sections 6011 and 7805 of the Internal Revenue Code of 1954 (68A Stat. 732, 917; 26 U.S.C. 6011, 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved January 23, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on October 11, 1983, 8:45 a.m., and published in the issue of the Federal Register for October 12, 1983, 48 F.R. 46296)

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 6a—INCOME TAX; TEMPORARY INCOME TAX REGULATIONS UNDER TITLE XI OF THE OMNIBUS RECONCILIATION ACT OF 1980

Foreign Investment in United States Real Property

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains amendments to the temporary regulations under section 6039C of the Internal Revenue Code of 1954, relating to foreign investment in U.S. real property, published in the FEDERAL REGISTER on September 21, 1982, (47 FR 41532) [T.D. 7832, 1982-2 C.B. 122] as revised by T.D. 7890 published in the FEDERAL REGISTER on April 28, 1983 (48 FR 19163) [1983-1 C.B. 305]. These temporary regulations are necessary to provide the public with immediate guidance with respect to the requirements of section 6039C.

EFFECTIVE DATE: The amendments are effective as of January 31, 1984.

FOR FURTHER INFORMATION CONTACT: Robert E. Culbertson, Jr. of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Ave., N.W. Washington, D.C. 20224, Attention: CC:LR:T (202-566-3289), not a toll-free call.

SUPPLEMENTARY INFORMATION

BACKGROUND

This document contains amendments to the Temporary Income Tax Regulations under Title XI of the Omnibus Reconciliation Act of 1980 (26 CFR Part 6a) [Pub. L. 96-499, 1980-2 C.B. 509, 512] under section 6039C of the Internal Revenue Code of 1954, as added by section 1123 of the Foreign Investment in Real Property Tax Act of 1980 (94 Stat. 2682) [1980-2 C.B. 524, 526], and as amended by section 831 of the Economic Recovery Tax Act of 1981 (Pub. L. No. 97-34; 95 Stat. 172) [1981-2 C.B. 256, 350]. The amendments are issued under the authority contained in sections 6039C (94 Stat. 2687; 26 U.S.C. §6039C) and 7805 (68A Stat. 917; 26 U.S.C. §7805), both of the Internal Revenue Code of 1954.

DISCUSSION

Temporary and proposed regulations pertaining to the reporting provisions of section 6039C were published in the Federal Register on September 21, 1982. A public hearing on those regulations was held on February 3, 1983. On April 28, 1983, the reporting requirements for 1980, 1981, and 1982 were postponed by amendments to the temporary regulations. These amendments to the temporary regulations similarly postpone all reporting-related deadlines under section 6039C with respect to calendar year 1983, including the deadline for applying for a security agreement in lieu of reporting. The final regulations will establish dates that allow taxpayers sufficient time to determine whether to file information returns or apply for security agreements, and to assemble the necessary information. The postponement of these deadlines by the amendments to the temporary regulations does not affect the obligation to file an income tax return if one is required and to pay any liability arising under the operation of section 897 and the regulations thereunder.

NEED FOR TEMPORARY REGULATIONS

Because of the possibility that amendments to the regulations will affect taxpayers' reporting obligations under section 6039C, it is necessary that the relevant deadlines be postponed until the amendments are issued. Because of the immediate need for these changes, the Internal Revenue Service has found it to be impractical to issue these regulations with notice and public comment procedures as outlined under subsection (b) of section 553 of Title 5 of the

United States Code or subject to the effective date limitation of subsection (d) of that section.

DRAFTING INFORMATION

The principal author of these amendments to the temporary regulations is Robert E. Culbertson, Jr. of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing these regulations both on matters of substance and style.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

No notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule. The Commissioner of Internal Revenue has determined that these temporary regulations are not subject to Executive Order 12291.

* * * * *

Adoption of amendments to the temporary regulations.

Accordingly, 26 C.F.R. Part 6a is amended as follows:

Paragraph 1. Section 6a.6039C-1 is amended by revising the first sentence of paragraph (c) to read as follows: "The information returns required by section 6039C must be filed no later than May 15 of the calendar year following the calendar year covered by the return, except that information returns for calendar years 1980, 1981, 1982, and 1983 must be filed no later than the date established by final regulations."

Par. 2. Section 6a.6039C-2 is amended by revising the third sentence of paragraph (d) to read as follows: "The notification by the corporation required by this paragraph (d) must be made by January 31 of the year following the year for which the return must be filed, except that the notification must be made by the date established by final regulations for calendar years 1980, 1981, 1982, and 1983."

Par. 3. Section 6a.6039C-3 is amended by revising the third sentence of paragraph (h) to read as follows: "The statement must be furnished no later than January 31 of the calendar year following the calendar year for which a statement is required, except that it must be furnished by the date established by final regulations for calendar years 1980, 1981, 1982, and 1983."

Par. 4. Section 6a.6039C-5 is amended by revising the last sentence of paragraph (e)(1) and the first sentence of paragraph (h) to read as set forth below.

§6a.6039C-5 Furnishing of security instead of filing information return.

* * * * *

(e) *Appraised fair market value of U.S. real property interests.*—(1) *In general.* *** With respect to security in lieu of filing 1980, 1981, 1982, and 1983 returns, the appraised fair market value of U.S. real property interests shall be determined no later than the date established by final regulations.

* * * * *

(h) *Application for security agreement.* Applications to the Director for a security agreement or for a renewal thereof must be made within 30 days of the close of the calendar year for which a security agreement is desired, or by the date established by final regulations for calendar years 1980, 1981, 1982, and 1983.***

This Treasury decision is issued under the authority contained in sections 6039C and 7805 of the Internal Revenue Code of 1954 (94 Stat. 2687, 26 U.S. §6039C; 68A Stat. 917, 26 U.S.C. §7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved January 26, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Section 6043.—Returns Regarding Liquidation, Dissolution, Termination, or Contraction

26 CFR 1.6043-1: Return regarding corporate dissolution or liquidation.

T.D. 7926

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Income Tax—Return Regarding Corporate Liquidation Within One Calendar Month

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations eliminating a requirement that additional information be included in the information return of a corporation liquidating within one calendar month.

DATES: These regulations are effective as of December 16, 1983.

FOR FURTHER INFORMATION CONTACT: Charles W. Culmer of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attn: CC:LR:T) (202-566-4336; not a toll-free number).

SUPPLEMENTARY INFORMATION:

EXPLANATION OF PROVISIONS

This document contains final amendments to the Income Tax Regulations (26 CFR Part 1) under section 6043(a)(1) of the Internal Revenue Code of 1954. The amendments eliminate paragraph (b)(2) from §1.6043-1. Paragraph (b)(2) specifies additional information required to be included in the section 6043(a)(1) information return of a corporation liquidating pursuant to section 333 (Form 966). The amendments will permit the deletion of Item 11 from the existing Form 966.

The Internal Revenue Service has determined that paragraph (b)(2) imposes a burden on taxpayers which is not justified by the use which the Service makes of the additional information.

OMISSION OF NOTICE

Issuance of these regulations was not preceded by publication in the Federal Register of a notice of proposed rulemaking and request for comments. These steps were dispensed with as unnecessary because it is believed that these regulations, which liberalize existing requirements, are beneficial to all interested parties.

EXECUTIVE ORDER 12291 AND REGULATORY FLEXIBILITY ACT

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. The Internal Revenue Service has concluded that the regulations contained herein are interpretative and that the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, these final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. Chapter 6).

DRAFTING INFORMATION

The principal author of this Treasury decision is Charles W. Culmer of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in drafting this Treasury decision, both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Part 1 is amended as follows:

Section 1.6043-1 is amended by striking out paragraph (b)(2) and renumbering paragraph (b)(3) as paragraph (b)(2).

This Treasury decision liberalizes existing rules with respect to information required to be included in the section 6043(a)(1) information return of a corporation liquidating pursuant to section 333. This change does not affect the tax liability of any taxpayer and is considered to be beneficial to all interested parties. For these reasons, it is found unnecessary to issue this Treasury decision with notice and public procedure under 5 U.S.C. 553.

This Treasury decision is issued under the authority contained in Code sections 6043(a)(1) (68A Stat. 746, 26 U.S.C. 6043(a)(1)) and 7805 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 2, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on December 15, 1983, 8:45 a.m., and published in the issue of the Federal Register for December 16, 1983, 48 F.R. 55847)

Section 6045.—Returns of Brokers

26 CFR 1.6045-1: Returns of information of brokers.

T.D. 7932

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART 1—INCOME TAX: TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Information returns of barter exchanges.

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to information returns of barter exchanges. The amendments provide that barter exchanges may make information returns with respect to their corporate members or clients on an aggregate basis (transactional reporting is still required for non-corporate members or clients). The purpose of these amendments is to reduce the reporting burden on barter exchanges. These regulations generally affect barter exchanges.

DATES: The regulations are effective after December 31, 1983.

FOR FURTHER INFORMATION CONTACT: Bruce H. Jurist of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 [Attention: CC:LR:T] (202-566-3238).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains final Income Tax Regulations (26 CFR Part 1) under section 6045 of the Internal Revenue Code of 1954, relating to information returns of brokers. These amendments clarify the information reporting requirements for barter exchanges. The amendments are issued under the authority of sections 6045 and 7805 of the Internal Revenue Code of 1954 (96 Stat. 600, 26 U.S.C. 6045; 68A Stat. 917, 26 U.S.C. 7805).

EXPLANATION OF PROVISIONS

The current regulations under section 6045 require transactional reporting by barter exchanges with respect to their corporate and non-corporate members or clients. These final regulations allow barter exchanges to report the transactions of their corporate members or clients on an aggregate basis. The regulations also define the term "corporate member or client." These regulations remove a substantial portion of the information reporting requirements of barter exchanges (due to go into effect on January 1, 1984). As these regulations merely remove a portion of a regulatory burden which had previously been promulgated, it is unnecessary to issue the regulations with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that these final regulations are not subject to review under Executive Order 12991 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

Pursuant to 5 U.S.C. 605(b), the Secretary of the Treasury has certified that the requirements of the Regulatory Flexibility Act do not apply to these final regulations as they will not have a significant economic impact on a substantial number of small entities.

DRAFTING INFORMATION

The principal author of these regulations is Bruce H. Jurist of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing these regulations on matters of both substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, 26 CFR Part 1 is amended as follows:

Paragraph. Section 1.6045-1 is amended by revising paragraph (f)(2). The revised provision reads as follows:

§1.6045-1 Returns of information of brokers and barter exchanges.

(f) *Information required.****

(2) *Transactional reporting*—(i) *In general.* As to each exchange with respect to which a barter exchange is required to make a return of information under this section, the barter exchange, except as provided in paragraph (p)(2), shall show on Form 1099 the name, address, and taxpayer identification number of each member or client providing property or services in the exchange, the property or services provided, the amount received by the member of client for such property or services, the date on which the exchange occurred, and such other information as may be required by Form 1099, in the form, manner, and number of copies required by Form 1099.

(ii) *Exception for corporate member or client.* As to each corporate member or client providing property or services in an exchange for which a return of information is required under this section, the barter exchange may report the name, address, and taxpayer identification number of the corporate member or client, the aggregate amount received by the corporate member or client during the reporting period for property or services provided by such corporate member or client in exchange for which a return of information is required, and such other information as may be required by Form 1099, in the form, manner, and number of copies required by Form 1099.

(iii) *Definition.* For purposes of paragraph (f)(2)(ii) of this section, the term "corporate member or client" means a member or client of a barter exchange which is a corporation as defined in section 7701(a)(3) (including an insurance company). The term corporation includes a pool, syndicate, partnership, or unincorporated association composed exclusively of corporations. A barter exchange may treat a member or client as a corporation (and therefore as a corporate member or client) if such member or client provides an exemption certificate as described in A-29 of §35a.9999-1 of the Temporary Employment Tax Regulations or provided that—

(A) The name of the member or client contains the term "insurance company," "indemnity company," "reinsurance company," or "assurance company";

(B) The name of the member or client contains one of the following unambiguous expressions of corporate status: Incorporated, Inc., Corporation, Corp., or P.C., but not Company or Co.; or

(C) The member or client is known to the barter exchange to be a corporation through a corporate resolution or similar document on file with the barter exchange clearly indicating corporate status.

* * * * *

These regulations merely remove a portion of a regulatory burden that had previously been promulgated. Therefore, it is unnecessary to issue the regulations with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in sections 6045 and 7805 of the Internal Revenue Code of 1954 (96 Stat. 600, 26 U.S.C. 6045; 68A Stat. 917, 26 U.S.C. 7805). Approved by the Office of Management and Budget under control number 1545-0715.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 27, 1983.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on December 28, 1983, 12:44 p.m., and published in the issue of the Federal Register for December 30, 1983, 48 F.R. 57485)

Section 6046.—Returns as to Organization or Reorganization of Foreign Corporations and as to Acquisitions of Their Stock

26 CFR 1.6046-1: Returns as to organization or reorganization of foreign corporations and as to acquisitions of their stock, on or after January 1, 1963.

Time for filing information returns of owners, officers and directors of foreign corporations. See T.D. 7925, page 261.

Section 6047.—Information Relating to Certain Trusts and Annuity and Bond Purchase Plans

26 CFR 1.6047.1: Information to be furnished with regard to employee retirement plan covering an owner-emplyee.

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRS Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Section 6049.—Returns Regarding Payments of Interest

26 CFR 1.6049-1: Returns of information as to interest paid in calendar years before 1983 and original issue discount includible in gross income for calendar years before 1983.

Proper identifying number to be used by banks in reporting interest payments credited to savings accounts after the death of the account owner. See Rev. Rul. 84-73, page 240.

Subpart C.—Information Regarding Wages Paid Employees

Section 6051.—Receipts for Employees

26 CFR 31.6051-1: Statements for employees.

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

26 CFR 1.6051-2: Information returns on Form W-3 and Internal Revenue Service copies of Forms W-2.

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Subpart E.—Registration of and Information Concerning Pension, etc., Plans

Section 6057.—Annual Registration, etc.

26 CFR 301.6057-1: Employee retirement benefit plans; identification of participant with deferred vested retirement benefit.

Whether Schedule SSA (Form 5500) is considered an applicable accompanying schedule to the forms prescribed by section 6058(a) of the Code. See Rev. Rul. 84-54, page 260.

Section 6058.—Information Required in Connection with Certain Plans of Deferred Compensation

26 CFR 301.6058-1: Information required in connection with certain plans of deferred compensation.

Whether Schedule B (Form 5500) and Schedule SSA (Form 5500) are considered applicable accompanying schedules to the forms prescribed by section 6058(a) of the Code. See Rev. Rul. 84-54, page 260.

Section 6059.—Periodic Report of Actuary

26 CFR 301.6059-1: Periodic report of actuary.

Whether the actuarial report is considered an applicable accompanying schedule to the forms prescribed by section 6058(a) of the Code. See Rev. Rul. 84-54, page 260.

Part V.—Time for Filing Returns and Other Documents

Section 6071.—Time for Filing Returns and Other Documents

26 CFR 31.6071(a)-1: Time for filing returns and other documents.

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Part VI.—Extension of Time for Filing Returns

Section 6081.—Extension of Time for Filing Returns

26 CFR 31.6081(a)-1: Extension of time for filing returns.

Printing of substitutes for Form W-2, Wage ang Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Part VII.—Place for Filing Returns or Other Documents

Section 6091.—Place for Filing Returns of Other Documents

Printing of substitutes for Form W-2, Wage and Tax Statement, Form W-2P, Statement for Recipients of Annuities, Pensions, Retired Pay or IRA Payments, and Form W-3, Transmittal of Income and Tax Statements. See Rev. Proc. 84-44, page 523.

Subchapter B.—Miscellaneous Provisions

Section 6103.—Confidentiality and Disclosure of Returns and Return Information

Procedures for Federal and State agencies wishing to request data from the Service under the provisions of sections 7 and 8 of the Debt Collection Act of 1982. See Rev. Proc. 84-20, page 434.

Section 6107.—Income Tax Return Preparer Must Furnish Copy of Return to Taxpayer and Must Retain a Copy or List

26 CFR 1.6107-1: Income tax return preparer must furnish copy of return to taxpayer and must retain a copy or record.
(Also Section 7216; 301.7216-2.)

T.D. 7948

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART I—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953; SUBCHAPTER F, PART 301—PROCEDURE AND ADMINISTRATION

TAX RETURN PREPARERS

AGENCY: Internal Revenue Service, Treasury

ACTION: Final regulations.

SUMMARY: This document contains amendments to the Income Tax Regulations under sections 6107(b) and the Regulations on Procedure and Administration under section 7216(b) of the Internal Revenue Code of 1954. The amendment under section 6107(b) relates to the retention of records of income tax returns prepared by a corporation or a partnership as an income tax return preparer. The amendment under section 7216(b) relates to disclosure to grand juries of income tax return information by the preparers of the returns. These amendments to the regulations clarify existing regulations under sections 6107(b) and 7216(b).

EFFECTIVE DATES: The changes made by this Treasury decision are effective on April 9, 1984.

FOR FURTHER INFORMATION CONTACT: Mary Frances Pearson of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T (LR-290-82) or call 202-566-3289 (not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On November 16, 1983, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 6107(b) and the Regulations on Procedure and Administration under section 7216(b) (26 CFR Part 301) (48 FR 52087) [LR-290-82, page 771, this Bulletin]. The proposed amendment to section 6107(b) designated the person required to retain records of income tax returns when the income tax return preparer is a corporation or partnership which has been dissolved. The proposed amendment to regulations under section 7216(b) clarified that disclosure of tax return information by an income tax return preparer to a grand jury does not trigger the penalty provision of section 7216(a). There were no written comments or requests for a public hearing. Therefore, the regulations are being published as they appeared in the notice of proposed rulemaking.

DISCUSSION

Section 6107(b) provides that an income return preparer must retain a copy of each income tax return prepared, or a list of the taxpayers for whom such returns were prepared, available for inspection upon request for a specified 3-year period. When the preparer is a corporation or a partnership which is dissolved before expiration of the 3-year period, the question has arisen as to who must retain the above described records for inspection until the 3-year period has expired. This amendment to the regulation would place that duty upon all persons under state law who are responsible for winding up the affairs of the corporation or partnership. If no persons are designated under state law, then the regulations provide that, collectively, the directors of the corporation or the general partners of the partnership shall be required to retain the records for the requisite 3-year period.

Section 7216(b) provides that the penalty provision of section 7216(a) will not apply to the disclosure or use of information by preparers of returns if the disclosure is made pursuant to provisions of the Code or pursuant to an order of a court. Section 7216(b)(3) gives the Secretary regulatory authority to prescribe other exceptions to section 7216(a). This amendment to the regulation would clarify that disclosure of tax return information by an income tax return preparer to a grand jury does not trigger the penalty provisions of section 7216(a).

DRAFTING INFORMATION

The principal author of these regulations is Mary Frances Pearson of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing these regulations, both on matters of substance and style.

REGULATORY FLEXIBILITY ACT OF 1980 AND EXECUTIVE ORDER 12291

Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirement of 5 U.S.C. 553 did not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6). The Commissioner of Internal Revenue has determined that this regulation is not subject to Executive Order 12291.

* * * * *

Adoption of amendments to the regulations

Accordingly, 26 CFR Parts 1 and 301 are amended as follows:

INCOME TAX REGULATIONS

Paragraph 1. Section 1.6107-1(b) is amended by adding three sentences at the end thereof to read as set forth below:

§1.6107-1 Income tax return preparer must furnish copy of return to taxpayer and must retain a copy or record

* * * * *

(b) *Copy or record to be retained.* *** If the person subject to the record retention requirements of this paragraph (b) is a corporation or a partnership which is dissolved before completion of the 3-year period, then all persons who under state law are responsible for the winding up of the affairs of the corporation or partnership shall be subject, on behalf of the corporation or partnership, to these record retention requirements until completion of the 3-year period. If state law does not specify any person or persons as responsible for winding up, then, collectively, the directors or general partners shall be subject, on behalf of the corporation or partner-

ship, to the record retention requirements of this paragraph (b). For purposes of the penalty imposed by section 6695(d), such designated persons shall be deemed to be the income tax return preparer and will be jointly and severally liable for each failure.

* * * * *

REGULATIONS ON PROCEDURE AND ADMINISTRATION

Par. 2. Section 301.7216-2 is amended as follows:

(1) Paragraph (c)(2) is redesignated as (c)(3) and a new paragraph (c)(2) is added as set forth below:

(2) Paragraph (d) is amended by removing the period at the end thereof and adding ", or before any grand jury which may be convened by the court."

§301.7216-2 Disclosure or use without formal consent of taxpayer.

* * * * *

(c) *Disclosure pursuant to an order of a court or a Federal or State agency.****

(2) A subpoena issued by a grand jury, Federal or State, or

* * * * *

This Treasury decision is issued under the authority contained in sections 7216(b)(3) and 7805 of the Internal Revenue Code of 1954 (85 Stat. 529; 26 U.S.C. 7216 and 68A Stat. 917; 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved February 15, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on March 7, 1984, 8:45 a.m., and published in the issue of the Federal Register for March 8, 1984, 49 F.R. 8601)

Section 6109.—Identifying Numbers

26 CFR 301.6109.-1: Identifying numbers. (Also Sections 6049, 6676; 1.6049-1, 301.6676-1.)

Taxpayer identification number; savings account interest; decedents. Payors of interest must use the identifying number of the person to whom the account is payable in reporting interest on a Form 1099. Interest is reported under the decedent's social security number only until the date of death. From the date of death, interest is either reported under the estate's identifying number or the social security number of the surviving owner.

Rev. Rul. 84-73

ISSUE

What taxpayer identification numbers should be used by a financial institution for reporting interest payments credited to single-owner and joint accounts after the death of the account owner?

FACTS

A died on October 1, 1983. On the date of death *A* had 2 savings accounts, both of which carried *A*'s taxpayer identification number. One account was in *A*'s name only. It earned interest of $500 from January 1, 1983, to *A*'s death, and an additional $60 from *A*'s death to November 1, 1983, when *A*'s spouse, the executor of *A*'s estate, closed the account.

The other account was in the name of *A* and *A*'s spouse, as joint owners with rights of survivorship. At *A*'s death, *A*'s spouse became sole owner. This account earned $3,000 interest from January 1, 1983, to *A*'s death, and an additional $1,200 from *A*'s death until December 31, 1983. As executor, *A*'s spouse notified the bank in which the accounts were held of *A*'s death on November 1, 1983, and provided it with the estate's identifying number, as well as the spouse's own social security number, by filing Forms W-9, Payer's Request for Taxpayer Identification Number.

LAW AND ANALYSIS

Under section 6049 of the Internal Revenue Code, every person who makes interest payments, or who receives interest payments as a nominee, totalling $10 or more during any calendar year must make a return, according to the forms or regulations prescribed by the Secretary, setting forth the total amount of such payments, or the total amount includible in gross income, and the name and address of the person to whom paid.

Section 1.6049-1 of the Income Tax Regulations sets forth the requirements for the reporting of interest and designates Forms 1099, Statement for Recipient, and 1096, Annual Summary and Transmittal of U.S. Information Returns, as the proper forms to use for the information return.

Under section 6109(a) of the Code, every person required to make a return must include the identifying number prescribed for securing proper identification of the person. Any person required to make a return for another person must request the proper identifying number from that person, and that person must furnish the proper number to the person making the return.

Under section 31.6109-1(a) of the regulations, returns required to be filed must reflect such identifying numbers as are required by each return and its related instructions.

Section 6676(a) of the Code imposes a penalty of $5 for each failure of a person to include his or her taxpayer identification number in any return, and a $50 penalty for each failure to furnish a taxpayer identification number to another person and for the failure to include the identification number of another person in any return for the other person unless the failure was due to reasonable cause and not wilful neglect. The total amount imposed on a person for all failures during any calendar year may not exceed $50,000. For payments made after December 31, 1983, section 105 of the Interest and Dividend Tax Compliance Act of 1983, 1983-2 C.B. 352,

358, amended section 6676 by adding a new section 6676(b), which provides a $50 penalty for any payor of interest, dividends or patronage dividends that fails to include a number, or includes an incorrect number, unless the payor can show that it exercised due diligence in attempting to satisfy the requirements.

Rev. Rul. 64-99, 1964-1 (Part I) C.B. 482, holds that if a return or other document is required to be filed for an estate or trust, including returns of information under sections 6042 and 6049 of the Code, the fiduciary must obtain and furnish an identifying number to be included in that return or document even though the estate or trust will be closed during the year. The identifying number to be used by an estate or trust is an employer identification number. It must be furnished to any payor of interest or other person required to make a return with respect to the estate.

Payors of interest must use the identifying number of the person to whom the account is payable in reporting interest on Form 1099. If the interest is payable to an estate, under Rev. Rul. 64-99 the administrator or executor must furnish the estate's employer identification number, not the decedent's social security number, to the payor. If the interest is paid to a surviving joint owner, the survivor must furnish his or her identifying number to the payor.

HOLDING

A's social security number must be used for both accounts to report interest earned prior to *A*'s death.

After *A*'s death, the estate's employer identification number must be used to report the $60 paid to *A*'s estate in 1983.

The social security number of *A*'s spouse must be used to report $1,200 payable to the spouse after *A*'s death.

Under the above facts, failure by a bank to use the proper identification number may result in imposition of the penalty imposed under section 6676 of the Code.

26 CFR 1.6302-1: Use of Government depositaries in connection with corporation income and estimated income taxs.

T.D. 7953

TITLE 26—INTERNAL REVENUE.—CHAPTER 1, SUBCHAPTER A, INCOME TAX, PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953; SUBCHAPTER C, EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE, PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE, PART 36—REGULATIONS RELATING TO CONTRACT COVERAGE OF EMPLOYEES OF FOREIGN SUBSIDIARIES; SUBCHAPTER D, MISCELLANEOUS EXCISE TAXES, PART 46—REGULATIONS RELATING TO MISCELLANEOUS EXCISE TAXES PAYABLE BY RETURN, PART 48—MANUFACTURERS AND RETAILERS EXCISE TAXES, PART 49—FACILITIES AND SERVICES EXCISE TAXES, PART 51—EXCISE TAX REGULATIONS UNDER THE CRUDE OIL WINDFALL PROFIT TAX OF 1980, PART 52—ENVIRONMENTAL TAXES ON PETROLEUM AND CERTAIN CHEMICALS AND HAZARDOUS WASTE, PART 154—TEMPORARY REGULATIONS IN CONNECTION WITH THE AIRPORT AND AIRWAY REVENUE ACT OF 1970; SUBCHAPTER H, INTERNAL REVENUE PRACTICE, PART 601—STATEMENT OF PROCEDURAL RULES

Federal Tax Deposit System

AGENCY: Internal Revenue Service, Treasury.

ACTION: Treasury decision.

SUMMARY: This document con-

tains amendments to the regulations relating to the Federal Tax Deposit (FTD) system. The amendments would provide guidance to persons who use the FTD system.

DATES: These regulations are effective for Federal tax deposits remitted on or after January 1, 1984.

FOR FURTHER INFORMATION CONTACT: Mitchell H. Rapaport of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3829).

SUPPLEMENTARY INFORMATION:

BACKGROUND

Effective January 1, 1984, taxpayers who use the Federal Tax Deposit (FTD) system will no longer be required to use a specific FTD card for each type of tax remitted (*e.g.*, Form 501 for deposits of Withheld Income and FICA Taxes, Form 503 for Corporation Income Taxes). All current FTD forms will be replaced by a universal Federal Tax Deposit form, Form 8109, which will be scannable using optical character recognition equipment. This Treasury decision would conform the regulations to this change by deleting references to specific FTD forms and inserting references to the universal Federal Tax Deposit form in lieu thereof.

This Treasury decision would also remove references to provisions of law which are no longer applicable.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that this regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

Because this regulation relates merely to a rule of agency procedure or practice the Internal Revenue Service has determined that the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule.

The collection of information requirements contained in this regulation have been approved by the Office of Management and Budget (OMB) under section 3507 of the Paperwork Reduction Act. (Control No. 1545-0257).

DRAFTING INFORMATION

The principal author of this regulation is Mitchell H. Rapaport of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and the Treasury Department participated in developing the regulation on matters of substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly 26 CFR Parts 1, 31, 36, 46, 48, 49, 51, 52, 154, and 601 are amended as follows:

INCOME TAX REGULATIONS (26 CFR Part 1)

Paragraph 1. Paragraph (c) of §1.1461-3 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 2. Paragraph (d)(1) of §1.6151-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions". Paragraph (d)(2) of §1.6151-1 is amended by removing the words "such banks" and inserting, in their place, the words "such financial institutions".

Par. 3. Paragraph (a)(3) of §1.6152-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 4. Section 1.6154-4 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 5. Paragraph (a) of §1.6302-1 is amended by removing the last two sentences. Paragraph (c) of §1.6302-1 is amended by removing "Form 503, the Federal Tax Deposit, Corporation Income Taxes, form" and by adding "the Federal Tax Deposit form" in lieu thereof. Paragraph (b) of §1.6302-1 is amended to read as follows:

§1.6302-1 Use of Government depositaries in connection with corporation income and estimated income taxes.

* * * * *

(b) *Depositary forms.* A deposit required to be made by this section shall be made separately from a deposit required by any other section. A corporation may make one, or more than one, remittance of the amount required by this section to be deposited. Each remittance shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The remittance, together with the Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the corporation, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit will be determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution, or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each corporation making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return. Amounts deposited under this section shall be considered as payment of the tax.

* * * * *

Par. 6. Subparagraph (1) of paragraph (a) of §1.6302-2 is amended by removing the words "commercial bank" whenever they appear and inserting, in their place, the words "financial institution". Subparagraph (2) of paragraph (a) of §1.6302-2 is removed. Subparagraph (3) of paragraph (a) of §1.6302-2 is redesignated as subparagraph (2). Subparagraph (2) of paragraph (b) of §1.6302-2 is removed. Subparagraphs (3), (4), (5), and (6) of §1.6302-2(b) are redesignated as subparagraphs (2), (3), (4), and (5), respectively. Subparagraph (2), as redesignated, is amended by removing the last sentence. Subparagraph (1) of paragraph (b) and paragraph (c) of §1.6302-2 are amended to read as follows:

§1.6302-2 Use of Government depositaries for payment of tax withheld on nonresident aliens and foreign corporations.

* * * * *

(b) Depository forms—(1) *Remittances.* Each remittance of amounts required to be deposited by paragraph (a) of this section shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The remittance, together with the Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the withholding agent, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit will be determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each withholding agent making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return.

* * * * *

(c) *Procurement of Federal Tax Deposit form.* Copies of the Federal Tax Deposit form will so far as possible be furnished withholding agents. A withholding agent will not be excused from making a deposit, however, by the fact that no form has been furnished to it. A withholding agent not supplied with the form should make application therefore in ample time to make the required deposits within the time prescribed. The withholding agent may secure the form or additional forms by applying therefor and supplying its name, identification number, address, and the taxable period to which the deposit will relate. Copies of the Federal Tax Deposit form may be secured by application therefor to the district director or director of a service center.

* * * * *

EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE REGULATIONS (26 CFR Part 31)

Par. 7. Paragraphs (a)(1) and (c) of §31.6071(a)-1 are amended by removing the words "commercial bank" wherever they appear and inserting, in their place, the words "financial institution".

Par. 8. Paragraph (b) of §31.6151-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 9. Paragraph (a)(1)(i)(A) of §31.6302(c)-1 is amended by removing the words "paragraph (a)(1)(i)" wherever they appear and inserting, in their place, the words "subdivision (i)"; paragraph (a)(1)(i)(a) is further amended by inserting "(as defined in paragraph (a)(1)(iii) of this section)" after the words "undeposited taxes" and before the words "is $500". Paragraph (a)(1)(ii) of §31.6302(c)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution". Subparagraph (2) of §31.6302(c)-1(a) is removed. Subparagraphs (3) and (4) of §31.6302(c)-1(a) are redesignated as subparagraphs (2) and (3), respectively, and are revised to read as set forth below.

§31.6302(c)-1 Use of Government depositaries in connection with taxes under Federal Insurance Contributions Act and income tax withheld.

(a) *Requirement.* ***

(2) *Depository forms*—(i) *In general.* A deposit required to be made by this section shall be made separately from a deposit required by any other section. An employer may make one, or more than one, remittance of the amount required to be deposited. However, a deposit for a period in one calendar quarter shall be made separately from any deposit for a period in another calendar quarter. An amount of tax which is not required to be deposited may nevertheless be deposited if the employer so desires.

(ii) *Deposits.* Each remittance of amounts required to be deposited under paragraph (a)(1) of this section shall be accompanied by a Federal Tax Deposit form. Such form shall be prepared in accordance with the instructions applicable thereto. The remittance, together with the Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the employer, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve Bank, see 31 CFR Part 214.7. The timeliness of the deposit will be determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each employer making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to

the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

(iii) *Time deemed paid.* In general, amounts deposited under subdivision (ii) of this subparagraph shall be considered as paid on the last day prescribed for filing the return in respect of such tax (determined without regard to any extension of time for filing such return), or at the time deposited, whichever is later. For purposes of section 6511 and the regulations thereunder, relating to period of limitation on credit or refund, if an amount is so deposited prior to April 15th of a calendar year immediately succeeding the calendar year which contains the period for which such amount was so deposited, such amount shall be considered as paid on such April 15th.

(3) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished employers. An employer will not be excused from making a deposit, however, by the fact that no form has been furnished to it. An employer not supplied with the Federal Tax Deposit form should make application therefor in ample time to make the required deposits within the time prescribed. The employer may secure the form or additional forms by application therefor to the district director or director of a service center; such application shall supply the employer's name, identification number, address, and the taxable period to which the deposits will relate.

* * * * *

Par. 10. Paragraph (a) of §31.6302(c)-2 is amended by removing the words "commercial bank" wherever they appear and inserting, in their place, the words "financial institution". Subparagraph (2) of paragraph (b) of §31.6302(c)-2 is removed. Subparagraphs (3) and (4) of §31.6302(c)-2(b) are redesignated as (2) and (3), respectively. Subparagraph (3), as redesignated, is amended by removing "subparagraph (3)" and adding "subparagraph (2)" in lieu thereof. Subparagraph (2), as redesignated, of paragraph (b) and paragraph (c) of §31.6302(c)-2 are revised to read as follows:

§31.6302(c)-2 Use of Government depositaries in connection with employee and employer taxes under Railroad Retirement Tax Act.

* * * * *

(b) *Depositary Forms.* ***

(2) *Deposits.* Each remittance of amounts required to be deposited shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. Except as provided in paragraph (a)(1), the remittance, together with the form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the employer, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit will be determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each employer making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

* * * * *

(c) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished employers. An employer will not be excused from making a deposit, however, by the fact that no form has been furnished to it. An employer not supplied with the form should make application therefor in ample time to make the required deposits within the time prescribed. The employer may secure the form or additional forms by applying therefor and supplying its name, identification number, address, and the taxable period to which the deposits will relate. Copies of the Federal Tax Deposit form may be secured by application therefor to the district director or director of a service center.

Par. 11. Paragraph (a) of §31.6302(c)-3 is amended by removing the words "commercial bank" wherever they appear and inserting, in their place, the words "financial institution". Subparagraph (4) of paragraph (b) of §31.6302(c)-3 is amended by removing "*forms*" from the caption and adding "*form*" in lieu thereof. Subparagraph (4) is further amended by removing "applicable deposit form" and adding "Federal Tax Deposit form" in lieu thereof and by removing "Form 508" and adding "the Federal Tax Deposit form" in lieu thereof. Subparagraph (2) of paragraph (b) is amended to read as follows:

§31.6302(c)-3 Use of Government depositaries in connection with tax under the Federal Unemployment Tax Act.

* * * * *

(b) *Depositary forms.* ***

(2) *Use of Federal Tax Deposit form.* Each remittance of amounts required to be deposited under this section shall be accompanied by a prepunched and preinscribed Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The employer shall forward such remittance, together with the Federal Tax Deposit form, to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the employer, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of deposits is determined by the date stamped on the Federal Tax Deposit form by the Federal Re-

serve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e).

* * * * *

Par. 12. Section 31.6302(c)-5 is removed.

REGULATIONS RELATING TO CONTRACT COVERAGE OF EMPLOYEES OF FOREIGN SUBSIDIARIES (26 CFR Part 36)

Par. 13. Section 36.3121(l)(10)-4 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution".

REGULATIONS RELATING TO MISCELLANEOUS EXCISE TAXES PAYABLE BY RETURN (26 CFR Part 46)

Par. 14. Paragraph (a) of §46.6071(a)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution".

Par. 15. Section 46.6151-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 16. Paragraph (a)(2) of §46.6302(c)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution". Subparagraph (2) of paragraph (c) of §46.6302(c)-1 is removed. Subparagraphs (3) and (4) of paragraph (c) of §46.6302(c)-1 are redesignated as (2) and (3), respectively. Subparagraph (2), as redesignated, of paragraph (c), and paragraph (d) of §46.6302(c)-1 are amended to read as follows:

§46.6302(c)-1 Use of Government depositaries.

* * * * *

(c) *Depositary forms.* ***

(2) *Deposits.* Each remittance of amounts required to be deposited shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The remittance, together with a Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the person making the remittance, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit is determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each person making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

* * * * *

(d) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished persons required to deposit. Such a person will not be excused from making a deposit, however, by the fact that no form has been furnished to it. A person not supplied with the proper form should make application therefor in ample time to make the required deposits within the time prescribed. The person may secure the Federal Tax Deposit form or additional forms by applying therefor and supplying its name, identification number, address, and the taxable period to which the deposits will relate. Copies of the Federal Tax Deposit form may be secured by application therefor to the district director or director of a service center.

REGULATIONS ON MANUFACTURERS AND RETAILERS EXCISE TAXES (26 CFR Part 48)

Par. 17. Paragraph (a) of §48.6071(a)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution".

Par. 18. Section 48.6151-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 19. Subdivision (ii)(c)(1) of subparagraph (1) of §48.6302(c)-1(a) is amended by removing "(the preceding calendar month for periods ending before Feb. 1, 1971)". Subdivision (ii)(c)(2) of subparagraph (1) of §48.6302(c)-1(a) is amended by removing "(the last day of the first following month, in the case of a semimonthly period ending before Feb. 1, 1971)". Subparagraph (2) of paragraph (a) of §48.6302(c)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution". Subparagraph (2) of §48.6302(c)-1(b) is amended by removing "(i)" and the words "for semimonthly periods beginning after January 31, 1971,". Subparagraph (2) of §48.6302(c)-1(b) is further amended by removing subdivision (ii). Subparagraph (2) of §48.6302(c)-1(c) is removed and subparagraphs (3) and (4) are redesignated as subparagraphs (2) and (3), respectively. Subparagraph (3), as redesignated, is amended by removing "subparagraph (3)" and adding "subparagraph (2)" in lieu thereof. Subparagraph (2) of paragraph (c) and paragraph (d) of §48.6302(c)-1 are amended to read as follows:

§48.6302(c)-1 Use of Government depositaries.

(c) *Depositary forms.* ***

(2) *Deposits.* Each remittance of amounts required to be deposited shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The remittance, together with a Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the person making the

remittance, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit is determined by the date stamped on the Fedeal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each person making deposits under this section shall report on the return, for the period with respect to with such deposits are made, information regarding such deposits according to the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

* * * * *

(d) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished persons required to deposit. Such a person will not be excused from making a deposit, however, by the fact that no form has been furnished to it. A person not supplied with the form should make application therefor in ample time to make the required deposits within the time prescribed. The person may secure the form or additional forms by applying therefor and supplying its name, identification number, address and the taxable period to which the deposits will relate. Copies of the Federal Tax Deposit form may be secured by application therefor to the district director or director of a service center.

* * * * *

REGULATIONS ON FACILITIES AND SERVICES EXCISE TAXES (26 CFR Part 49)

Par. 20. Paragraph (a) of §49.6151-1 is amended by removing the words "commercial banks" and inserting, in their place, the words "financial institutions".

Par. 21. Subdivision (i) of paragraph (a)(1) of §49.6302(c)-1 is amended by removing "Except as provided in subdivision (ii) of this subparagraph, if" and adding "If" in lieu thereof. Subdivision (i) is further amended by adding a period after "the month following such month" and by removing the balance of the subdivision. Subdivision (ii) of subparagraph (1) of §49.6302(c)-1(a) is amended by removing "during February and March 1967, or during a calendar quarter thereafter" and by removing the last sentence thereof. Paragraph (a)(2) of §49.6302(c)-1 is amended by removing the words "commercial bank" and inserting, in their place, the words "financial institution". Subparagraph (2) of paragraph (c) of §49.6302(c)-1 is removed. Subparagraphs (3), (4), and (5) of paragraph (c) of §49.6302(c)-1 are redesignated as subparagraphs (2), (3), and (4), respectively. Subparagraph (3), as redesignated, is amended by removing "subparagraph (3)" and adding "subparagraph (2)" in lieu thereof. Paragraph (d) is removed. Paragraph (e) is redesignated as paragraph (d). Paragraph (c)(2) and (4), as redesignated, of §49.6302(c)-1 is amended to read as follows:

§49.6302(c)-1 Use of Government depositaries.

* * * * *

(c) *Depositary forms.* ***

(2) *Deposits.* Each remittance of amounts required to be deposited shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the instructions applicable thereto. The remittance, together with a Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the person making the remittance, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit is determined by the date stamped on the Federal Tax Deposit form by the Federal Reserve bank or the authorized financial institution or, if section 7502(e) applies, by the date the deposit is treated as received under section 7502(e). Each person making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

* * * * *

(4) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished persons required to deposit. Such a person will not be excused from making a deposit, however, by the fact that no form has been furnished to it. A person not supplied with the form should make application therefor in ample time to make the required deposits within the time prescribed. The person may secure the form or additional forms by applying therefor and supplying its name, identification number, address, and the taxable period to which the deposits will relate. Copies of the Federal Tax Deposit form may be secured by application therefor to the district director or director of a service center.

* * * * *

EXCISE TAX REGULATIONS UNDER THE CRUDE OIL WINDFALL PROFIT TAX ACT OF 1980 (26 CFR Part 51)

Par. 22. Subparagraph (2) of paragraph (i) of §51.4995-3 is amended by removing "an FTD (Federal Tax Deposit, Excise Taxes) Form (Form 504)" and adding "a Federal Tax Deposit form" in lieu thereof. Subparagraph (2) is further amended by removing "FTD Form 504" and adding "the Federal Tax Deposit form" in lieu thereof. Subparagraph (3) of paragraph (i) is amended to read as follows:

§51.4995-3 Depositary requirements.

* * * * *

(i) *Depositary forms.* ***

(3) *Procurement of prescribed form.* Copies of the Federal Tax Deposit form will so far as possible be furnished to purchasers and producers. Such a person will not be excused from making a deposit, however, by the fact that no form has been furnished to it. A person not supplied with the form should make application therefor in ample time to make the required deposits within the time prescribed. A person may secure the form or additional forms by applying therefor and supplying its name, identification number, address, and the taxable period to which the deposits will relate. Copies of the Federal Tax Deposit form may be secured by application to a director of an Internal Revenue Service Center.

ENVIRONMENTAL TAXES ON PETROLEUM AND CERTAIN CHEMICALS AND HAZARDOUS WASTE (26 CFR Part 52)

Par. 23. Subparagraph (4) of paragraph (d) of §52.6302(c)-1 is amended by removing "Form 504" and adding "the Federal Tax Deposit form", in lieu thereof. Subparagraph (4) is further amended by removing "proper". Subparagraph (2) of paragraph (d) of §52.6302(c)-1 is amended to read as follows:

§52.6302-1 Use of Government depositaries.

(d) *Depositary forms.* ***

(2) *Remittance.* Each remittance of an amount required to be deposited shall be accompanied by a Federal Tax Deposit form which shall be prepared in accordance with the applicable instructions. The remittance, together with a Federal Tax Deposit form, shall be forwarded to a financial institution authorized as a depositary for Federal taxes in accordance with 31 CFR Part 214 or, at the election of the person making the remittance, to a Federal Reserve bank. For procedures governing the deposit of Federal taxes at a Federal Reserve bank, see 31 CFR Part 214.7. The timeliness of the deposit will be determined by the date stamped on the Federal Tax Deposit form by a Federal Reserve bank or by the authorized financial institution, whichever is earlier. Section 7502(e), relating to timely mailing treated as timely filing and paying, shall apply to the same extent it applies to the collection of taxes under Chapter 32, relating to Manufacturers' Excise Taxes. Each person making deposits under this section shall report on the return, for the period with respect to which such deposits are made, information regarding such deposits according to the instructions that apply to such return and pay at that time (or deposit by the due date of such return) the balance, if any, of the taxes due for such period.

* * * * *

TEMPORARY REGULATIONS IN CONNECTION WITH THE AIRPORT AND AIRWAY REVENUE ACT OF 1970 (26 CFR Part 154)

Par. 24. Paragraph (f)(3) of §154.2-1, relating to tax on transportation of property by air, is amended by removing the words "authorized commercial bank" and inserting, in their place, the words "authorized financial institution".

STATEMENT OF PROCEDURAL RULES (26 CFR Part 601)

Par. 25. Paragraph (a)(5) of §601.401, relating to employment taxes, is amended by removing the words "*commercial banks and trust companies*" from the caption and inserting, in their place, the words "*financial institutions*" and by removing the words "commercial bank or trust company" wherever they appear and inserting, in their place, the words "financial institution". Subdivision (i) of subparagraph (5) of paragraph (a) of §601.401 is removed. Subdivisions (ii), (iii), (iv), (v), (vi), and (vii) of subparagraph (5) of §601.401(a) are redesignated as (i), (ii), (iii), (iv), (v), and (vi), respectively. Subdivision (ii), as redesignated, of subparagraph (5) is amended by removing the phrase "or (ii)" and by removing the phrase "($100 prior to February 1, 1971)". Subdivision (iii), as redesignated, of subparagraph (5) of §601.401(a) is amended by removing the phrase "(i), (ii), and (iii)" and by adding "(i) and (ii)" in lieu thereof, and by removing the phrase "($100 if return period ends prior to January 1, 1971)" in both places that it appears. Subdivision (iv), as redesignated, is amended by removing the phrase "(i), (ii), (iii), and (iv)" and by adding "(i), (ii), and (iii)" in lieu thereof, and by removing", Withheld Income and FICA Taxes form (Form 501, or Form 511 in the case of Agricultural Employers and by adding "form" in lieu thereof. Subdivision (v), as redesignated, of subparagraph (5) of §601.401(a) is amended by removing "Form 507, Federal Tax Deposit, Railroad Retirement Taxes" and adding "a Federal Tax Deposit form" in lieu thereof. Subdivision (vi), as redesignated, of subparagraph (5) is amended by removing the last sentence thereof.

Par. 26. Subparagraph (1) of paragraph (c) of §601.402, relating to sales taxes collected by return, is amended by removing "Form 504, Federal Tax Deposit, Excise Taxes" and by adding "the Federal Tax Deposit form" in lieu thereof.

Par. 27. Subparagraph (3) of paragraph (c) of §601.403, relating to miscellaneous excise taxes collected by return, is amended by removing "Form 504, Federal Tax Deposit, Excise Taxes," and by adding "Federal Tax Deposit form," in lieu thereof.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code (68A Stat. 917; 26 U.S.C. 7805).

(Approved by the Office of Management and Budget under control number 1545-0257.)

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved April 20, 1984.

JOHN E. CHAPOTON
Assistant Secretary of the Treasury.

26 CFR 31.6302(c)-1: Use of Government depositaries in connection with taxes under Federal Insurance Contributions Act and income tax withheld.

T.D. 7931

TITLE 26—INTERNAL REVENUE. CHAPTER I, SUBCHAPTER C, PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE

Deposits of Railroad Retirement Tax

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains regulatory amendments which revise the procedure for remittance of railroad retirement tax by employers to the Railroad Retirement Account. Changes to the applicable tax law were made by the Railroad Retirement Solvency Act of 1983 [Pub. L. 98-76, 1983-2 C.B. 375], which requires, among other things, (a) that certain railroad employers remit railroad retirement tax more rapidly and frequently than before and (b) that payments to the Railroad Retirement Account be allocated more rapidly than before. The amendments will implement the Act's requirements regarding remittance of such tax.

DATES: These amendments are effective with respect to railroad retirement tax withheld or imposed upon compensation actually or constructively paid after December 31, 1983. However, these amendments do not apply with respect to railroad retirement tax withheld or imposed upon compensation deemed to be paid in 1983 under §31.3231(e)-1(d)(3).

FOR FURTHER INFORMATION CONTACT: John A. Tolleris of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Ave., N.W., Washington, D.C., 20224 (Attention: CC:LR:T) (202-566-3294).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On November 2, 1983, the FEDERAL REGISTER published proposed amendments to the Employment Taxes and Collection of Income Tax at Source Regulations (26 CFR Part 31) under section 6302(c) of the Internal Revenue Code of 1954 (48 FR 50567) [LR-219-83, 1983-2 C.B. 785]. These amendments conform the regulations to section 226 of the Railroad Retirement Solvency Act of 1983 (Pub. L. 98-76; 97 Stat. 426) [1983-2 C.B. 375]. One written and several oral comments concerning this notice were received, and a public hearing was held on December 14, 1983. After consideration of all comments regarding the proposed amendments, those amendments are adopted by this Treasury decision with several revisions in response to those comments which are discussed below.

PUBLIC COMMENTS

Several technical issues were raised in comments received by the Service concerning the above-mentioned notice of proposed rulemaking. One commentator noted that the proposed amendments appear to require that railroad retirement tax reported on Form CT-1, the annual railroad retirement tax return, in excess of taxes previously deposited must be paid by January 31st even though that return is not required to be filed until the end of February, and urged that some appropriate adjustment be made. After consideration of this comment, it was determined that the proposed amendments be revised to allow the year-end "catch-up" deposit of railroad retirement tax to be made by the end-of-February due date for Form CT-1.

This commentator also wrote that applying the new eighth-monthly deposit requirement would be especially difficult with respect to the section 3221(c) supplemental annuity tax which is computed on the basis of total man-hours compiled from monthly wage form reports required by the Interstate Commerce Commission. He argued that since total man-hours are compiled after the end of the month, railroads would have difficulties making eighth-monthly deposits of supplemental annuity tax which is not computed until the end of each month. After consideration of his comments, the Service determined that requiring eighth-monthly deposits of estimated supplemental annuity tax would create too much paperwork and recordkeeping burdens in comparison with the relatively minor benefit of more frequent deposits to the railroad retirement supplemental annuity fund. Therefore, this Treasury decision adopts his suggestion that railroads be required to deposit their supplemental annuity tax once a month with the first eighth-monthly deposit of railroad retirement tax required to be made after the 15th of the month following the month with respect to which the supplemental annuity tax arises.

Another commentator urged that a $10,000 deposit minimum be established as a threshold for the requirement that a railroad retirement tax deposit be made by a wire transfer instead of through the Federal Tax Deposit system; he proposed this rule to replace the proposed requirement that a railroad make all payments during the year, no matter how small, by wire transfer if it had at least $1 million of railroad retirement tax for the year 2 years earlier. After considering this and other comments on this issue, the Service determined that certainty regarding which payment method must be used for an entire year is preferable to determining on a deposit-by-deposit basis whether a wire transfer of railroad retirement tax must be made. It is noted in this regard that a small railroad subsidiary which files returns of tax under its own employer identification number (E.I.N.) will determine whether it must make wire transfers of its railroad retirement tax payments on the basis of its own total railroad retire-

ment tax liability 2 years earlier under its own E.I.N. rather than the total tax liability under its parent company's E.I.N.

One caller inquired whether the 95 percent "safe-haven" of §31.6302(c)-1(a)(1)(i)(*b*) applicable to employers making eighth-monthly deposits of social security and withheld income tax also applies to employers who make eighth-monthly deposits of railroad retirement tax. Since this Treasury decision generally incorporates the rules of §31.6302(c)-1(a)(1)(i), this 95 percent "safe-haven" does apply to employers who make eighth-monthly deposits of railroad retirement tax.

NON-APPLICABILITY OF EXECUTIVE ORDER 12291

It has been determined that this Treasury decision is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

Although this document promulgates legislative regulations under section 6302(c) of the Internal Revenue Code of 1954, the Internal Revenue Service has concluded that these amendments do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. Chapter 6) since these these revisions were mandated by section 226 of the Railroad Retirement Solvency Act of 1983.

PAPERWORK REDUCTION ACT

The collection of information requirements contained in these regulations have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of these amendments is John A. Tolleris of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing regulations, on matters of both substance and style.

* * * * *

Adoption of amendments to the regulations

Accordingly, the proposed amendments to 26 CFR Part 31 are adopted, revised as follows:

Paragraph 1. Section 31.6302(c)-1 is amended by adding a new subdivision (v) to paragraph (a)(1) thereof. The added provisions read as follows:

§31.6302(c)-1 Use of Government depositaries in connection with taxes under Federal Insurance Contributions Act and income tax withheld.

(a) *Requirement*—(1) *In general.* ***

(v) If the aggregate amount of taxes reportable on Form CT-1, the return relating to an employer's railroad retirement tax payments, for a return period exceeds the total amount deposited by the employer pursuant to paragraph (a)(1)(i) of this section for such return period by $100 or more, the employer shall, on or before the last day of the second calendar month following the return period, deposit with a Federal Reserve bank or authorized financial institution an amount equal to the amount by which the taxes reportable on Form CT-1 exceed the total deposits (if any) of such taxes made pursuant to subdivision (i) of this subparagraph for such period.

* * * * *

Par. 2 Section 31.6302(c)-2 is amended as follows:

1. Paragraphs (a)(2) is redesignated as paragraph (a)(3), and the phrase "beginning after March 31, 1964," in paragraph (a)(3) as so redesignated is removed and the phrase "before January 1, 1984," is inserted in lieu thereof.

2. Paragraph (a)(1) is redesignated as paragraph (a)(2), "*In general; before 1984*" is inserted as the heading of paragraph (a)(2) as so redesignated in lieu of "*In general*", and the phrase "before January 1984" is inserted immediately following the term "any calendar month" therein.

3. A new paragraph (a)(1) is added. The added provisions read as follows:

§31.6302(c)-2 Use of Government depositaries in connection with employee and employer taxes under Railroad Retirement Tax Act.

(a) *Requirement*—(1) *In general; after 1983.* In the case of a calendar month which begins after December 31, 1983, if, at a time prescribed under §31.6302(c)-1(a)(1)(i) or (v) for the deposit of undeposited taxes, the aggregate amount of undeposited employee tax withheld after December 31, 1983, under section 3202 and employer tax imposed after December 31, 1983, under section 3221(a) and (b) equals an amount required to be deposited under §31.6302(c)-1(a)(1)(i) or (v), the employer shall deposit the undeposited railroad retirement taxes described in sections 3202 and 3221 at such time in the manner prescribed in §31.6302(c)-1(a)(1)(i) or (v) (except that undeposited railroad retirement taxes described in section 3221(c) shall in no case be required to be deposited earlier than the first day on which a deposit is otherwise required by §31.6302(c)-1(a)(1)(i) to be made after the 15th day of the month following the month in which the section 3221(c) tax arises).

Notwithstanding the preceding sentence, and notwithstanding subdivision (v) of §31.6302(c)-1(a)(1), if, for the calendar year prior to the calendar year preceding the current calendar year, the aggregate amount of taxes imposed under sections 3202 and 3221 with respect to an employer equalled or exceeded $1 million, such employer shall deposit his undeposited railroad retirement taxes required to be deposited for the current calendar year in accordance with Revenue Procedure 83-90, 1983-2 C.B. 615, (relating to transfers by wire to the Treasury).

* * * * *

This Treasury decision is issued under the authority contained in sections 6302(c) and 7805 of the Internal

Revenue Code of 1954 (68A Stat. 775, 26 U.S.C. 6302(c); 68A Stat. 917; 26 U.S.C. 7805). Approved by the Office of Management and Budget under control number 1545-0001.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 21, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on December 23, 1983; 12:10 p.m., and published in the issue of the Federal Register for December 29, 1983, 48 F.R. 57273)

Subchapter B.—Receipt of Payment

Section 6312.—Payment by United States Notes and Certificates of Indebtedness

26 CFR 301.6312-1: Treasury certificates of indebtedness, Treasury notes, and Treasury bills acceptable in payment of internal revenue taxes or stamps.
(Also Sections 6151, 6402, 6611, 6621; 20.6151-1, 301.6402-1, 301.6611-1, 301.6621-1.)

Overpayments; treasury bonds. When there is an overpayment of estate tax originally paid by the redemption of flower bonds, the Government may reinstate the flower bonds rather than make a cash refund. In such a case, the Government will pay interest on the overpayments at the rate established by section 6621 of the Code and will calculate the interest on the fair market value of the bonds as of the date they were redeemed.

Rev. Rul. 84-38

ISSUES

1. When there is an overpayment of federal estate tax, may the Government reinstate "flower bonds" previously tendered at par in payment of the tax?

2. If so, what rate of interest should be paid on the overpayment?

3. On what amount should the interest be calculated?

FACTS

D died on May 15, 1980. On February 15, 1981, *EX*, executor of *D*'s estate, filed a federal estate tax return reporting 800x dollars in tax. To pay the tax, the estate redeemed "flower bonds" bearing interest at 3½ percent, due February 15, 1990, with a par (face) value of 800*x* dollars and a fair market of 600*x* dollars. On February 15, 1982 the estate filed a claim for refund for 200*x* dollars. The Internal Revenue Service determined that the claim should be allowed in full.

LAW AND ANALYSIS

Section 6312 of the Internal Revenue Code authorizes the Secretary to receive certain U.S. government indebtedness issued on or before March 3, 1971, at par for payment of internal revenue taxes to the extent and under the conditions provided in the regulations. Section 6312 was repealed by section 4(a)(2) of Pub. L. No. 92-5, 1971-1 C.B. 553, effective with respect to obligations issued after March 3, 1971.

Under section 20.6151-1(c) of the Estate Tax Regulations, "flower bonds" may be used to pay estate tax. Flower bonds are debt instruments of the United States that, although not otherwise redeemable at par before maturity, may be redeemed at par, plus accrued interest, to pay federal estate tax due from the deceased owner's estate. The right of redemption applies only to those bonds which, by their offering circulars, provide for such redemption. See 31 CFR 306.28. Thus, the right of redemption is contractual in nature.

Section 6402(a) of the Code provides that the Secretary may credit the amount of any overpayment against any internal revenue tax liability of the person who made the overpayment and will refund any balance to that person.

Section 6611(a) of the Code provides that interest will be allowed and paid upon any overpayment of any internal revenue tax at an annual rate established under section 6621.

Section 6611(b)(2) of the Code provides that, in the case of a refund, interest will be paid from the date of the overpayment to a date preceding the date of the refund check by not more than 30 days.

Section 6621 of the Code, as amended by the Tax Equity and Fiscal Responsibility Act of 1982, section 345(a), 1982-2 C.B. 462, 579, requires the Secretary to adjust interest rates semiannually according to the adjusted prime rate charged by banks.

In *Fryer v. United States*, 440 F. Supp. 769 (S.D. Iowa, 1977), the question of the authority of the Government to reinstate bonds in lieu of a cash overpayment was not raised. The court held that when the Government reinstates bonds, interest is payable at the contractual rate, not the statutory rate on overpayments established by section 6621 of the Code.

In *Girard Trust Bank v. United States*, 602 F.2d 938 (Ct. Cl. 1979), (*Girard I*) the court held that the Government was not limited, in refunding an overpayment, to making a cash refund or crediting the overpayment against another deficiency. When the Government redeemed flower bonds to satisfy a liability that was found later not to be due, a premature redemption took place, contrary to the offering terms of the bonds. Thus, the Government could refund the overpayment by reinstating a portion of the flower bonds previously surrendered.

Girard I also considered the question of the interest on the overpayment. The Government argued that interest should be paid at the contractual rate of 3½ percent. The court held, however, that because the estate had relinquished use of the funds as of the date the bonds were tendered for payment, an overpayment arose that should be governed by the statutory principles in sections 6611 and 6621 of the Code, rather than by the contractual language in the offering circular. Thus, interest was payable under section 6611 at the rate established by section 6621.

In *Girard Trust Bank V. United States*, 643, F.2d 725 (Ct. Cl., 1981) (*Girard II*), the court further considered the question of the amount of

the overpayment on which the interest would be computed. The court applied the rationale in *Girard I* that interest is payable as compensation for the use of money. The court reasoned that the amount of funds the estate lost the use of for the period after the tendering of the bonds was the fair market value of the bonds, not their par value. Moreover, to allow interest on the par value would create a windfall for the estate beyond that intended by Congress. Thus, the court held that interest should be paid on the fair market value of the bonds.

The Service will follow the decisions in both *Girard I* and *Girard II* and will not follow the decision in *Fryer*. Accordingly, the Government may reinstate bonds with a face value of 200*x* dollars and pay interest at the applicable rate under section 6621 of the Code from February 15, 1981 to the date of reinstatement on 150*x* dollars

$$(600x \times 200x).$$
$$800x$$

HOLDINGS

1. The Government may reinstate flower bonds previously redeemed in settlement of an overpayment of federal estate tax.

2. Interest on such overpayments will be paid at the applicable rate established under section 6621 of the Code. The interest paid will be in lieu of the contractual rate.

3. Interest will be calculated on the fair market value of the bonds at the time they are redeemed from the date of the overpayment to the date reinstatement is made.

Subchapter C.—Lien for Taxes

Section 6324A.—Special Lien for Estate Tax Deferred under Section 6166

26 CFR 20.6324A-1: Special lien for estate tax deferred under section 6166 or 6166A.
(Also Sections 2204; 20.2204-1, 20.2204-3, 301.6324A-1.)

T.D. 7941

TITLE 26.—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER B, SUBCHAPTER F, PART 20.—ESTATE TAX; ESTATES OF DECEDENTS DYING AFTER AUGUST 16, 1954; PART 301.—PROCEDURE AND ADMINISTRATION

Special Lien for Estate Taxes Deferred Under Section 6166 or 6166A

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to a special lien under section 6324A for estate taxes deferred under section 6166 or 6166A. Changes to the applicable law were made by the Tax Reform Act of 1976 [Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1], the Revenue Act of 1978 [Pub. L. 95-600, 1978-3 C.B. (Vol. 1) 1], and the Economic Recovery Tax Act [Pub. L. 97-34, 1981-2 C.B. 256]. The regulations would provide the public with the guidance needed to comply with the law and would affect those estates electing a special lien in favor of the United States on property as security for deferred payments of estate tax.

DATES: These regulations are generally effective for estates of decedents dying after December 31, 1976. The regulations necessitated by the Economic Recovery Tax Act of 1981 are effective for estates of decedents dying after December 31, 1981.

FOR FURTHER INFORMATION CONTACT: Neil W. Zyskind of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W. Washington, D.C. 20224, Attention: CC:LR:T, (202) 566-3287, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On May 11, 1983, the Federal Register published proposed amendments to the Estate Tax Regulations (26 CFR Part 20) and to the Procedure and Administration Regulations (26 CFR Part 301) under section 6324A of the Internal Revenue Code of 1954 (48 FR 21167). No comments were received and no public hearing was requested. Furthermore, no substantive changes have been made to the rules contained in the proposed regulations.

This Treasury decision is issued under the authority contained in sections 6324A(a) and 7805 of the Internal Revenue Code of 1954 (90 Stat. 1808, 68A Stat. 917; 26 U.S.C. 6324A(a), 7805).

SUMMARY

Section 6324A permits the executor of a decedent's estate to elect a lien on section 6166 property in favor of the United States in lieu of a bond or personal liability if an election under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981) was made. The election under section 6324A will not be effective unless all parties having an interest in the property subject to the lien sign an agreement in which they consent to the creation of the lien. Regulations concerning the election of and agreement to the lien may be found in §301.6324A-1.

These regulations define the term "section 6166 lien property" and determine the maximum value of the property which the district director may require as section 6166 lien property. Section 20.6324A-1(b)(3) indicates when the district director may require additional property to be subject to the lien under section 6324A. Section 20.6324A-1(c) discusses the period and priorities of a section 6324A lien.

SPECIAL ANALYSIS

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analysis is therefore not required. Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the

regulations are interpretative and that the notice and public procedure requirement of 5 U.S.C. 533 did not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB and have been assigned No. 1545-0754.

DRAFTING INFORMATION

The principal author of these regulations is Neil W. Zyskind of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

LIST OF SUBJECTS IN 26 CFR 20

Estate taxes.

LIST OF SUBJECTS IN 26 CFR 301

Administrative practice and procedure, Bankruptcy, Courts, Crime, Employment taxes, Estate taxes, Excise taxes, Gift taxes, Income taxes, Investigations, Law enforcement, Penalties, Pensions, Statistics, Taxes, Disclosure of information, Filing requirements.

Adoption of amendments to the regulations

Accordingly, 26 CFR Parts 20 and 301 are amended as follows:

§20.2204-1 [Amended]

Paragraph 1. Section 20.2204-1 is amended as follows:

(a) Paragraph (a) is amended by removing the phrases "(1 year with respect to the estate of a decedent dying before January 1, 1974)" and "(1 year if applicable)" wherever they appear.

(b) Paragraph (b) is amended by removing the phrases "(1 year with respect to the estate of a decedent dying before January 1, 1974)" and "(or 1 year period if applicable)" wherever they appear.

Par. 2. A new §20.2204-3 is added immediately following §20.2204-2 to read as set forth below.

§20.2204-3 Special rules for estates of decedents dying after December 31, 1976; special lien under section 6324A.

For purposes of §§20.2204-1(b) and 20.2204-2(b), in the case of a decedent dying after December 31, 1976, if the executor elects a special lien in favor of the United States under section 6324A, relating to special lien for estate taxes deferred under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981), such lien shall be treated as the furnishing of a bond with respect to the amount for which the time for payment has been extended under section 6166. If an election has been made under section 6324A, the executor may not thereafter substitute a bond pursuant to section 2204 in lieu of that lien. If a bond has been supplied under section 2204, however, the executor may, by filing a proper notice of election and agreement, substitute a lien under section 6324A for any part or all of such bond. See §§20.6324A-1 and 301.6324A-1 for rules relating to a special lien under section 6324A.

Par. 3. Section 20.6324A-1 is revised to read as set forth below.

§20.6324A-1 Special lien for estate tax deferred under section 6166 or 6166A.

(a) *In general.* If the executor of an estate of a decedent dying after December 31, 1976, makes an election under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981) to defer the payment of estate tax, the executor may make an election under section 6324A. An election under section 6324A will cause a lien in favor of the United States to attach to the estate's section 6166 lien property, as defined in paragraph (b)(1) of this section. This lien is in lieu of the bonds required by sections 2204 and 6165 and in lieu of any lien under section 6324 on the same property with respect to the same estate. The value of the property which the district director may require under section 6324A as section 6166 lien property may not exceed the sum of the deferred amount (as defined in paragraph (e)(1) of this section) and the required interest amount (as defined in paragraph (e)(2) of this section). The unpaid portion of the deferred amount (plus any unpaid interest, additional amount, addition to tax, assessable penalty, and cost attributable to the deferred amount) shall be a lien in favor of the United States on the section 6166 lien property. See §301.6324A-1 of this chapter (Regulations on Procedure and Administration) for provisions relating to the election of and agreement to the special lien for estate tax deferred under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981).

(b) *Section 6166 lien property.*— (1) *In general.* Section 6166 lien property consists of those interests in real and personal property designated in the agreement referred to in section 6324A(c) (see paragraph (b) of §301.6324A-1 of this chapter). An interest in property may be designated as section 6166 lien property only to the extent such interest can be expected to survive the deferral period (as defined in paragraph (e)(3) of this section). Property designated, however, need not be property included in the decedent's estate.

(2) *Maximum value of required property.* The fair market value of the property required by the district director to be designated as section 6166 lien property with respect to any estate shall not be greater than the sum of the deferred amount and the required interest amount, as these terms are defined in paragraphs (e)(1) and (2) of this section. However, the parties to the agreement referred to in section 6324A(c) may voluntarily designate property having a fair mar-

ket value in excess of that sum. The fair market value of the section 6166 lien property shall be determined as of the date prescribed in section 6151(a) (without regard to any extension) for payment of the estate tax. Such value must take into account any encumberance on the property (such as a mortgage or a lien under section 6324B).

(3) *Additional lien property may be required.* If, at any time, the unpaid portion of the deferred amount and the required interest amount exceeds the fair market value of the section 6166 lien property, the district director may require the addition of property to the agreement in an amount up to such excess. When additional property is required, the district director shall make notice and demand upon the agent designated in the agreement setting forth the amount of additional property required. Property having the required value (or other security equal to the required value) must be added to the agreement within 90 days after notice and demand from the district director. Failure to comply with the demand within the 90-day period shall be treated as an act accelerating payment of installments under section 6166(g) or 6166A(h) (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981).

(4) *Partial substitution of bond.* See paragraph (c) of §301.6324A-1 of this chapter for rules relating to the partial substitution of a bond for the lien where the value of property designated as section 6166 lien property is less than the amount of unpaid estate tax plus interest.

(c) *Special rules.*—(1) *Period of lien.* The lien under section 6324A arises at the earlier of the date—

(i) The executor is discharged from liability under section 2204; or

(ii) Notice of lien is filed in accordance with §301.6323(f)-1 of this chapter.

The section 6324A lien continues until the liability for the deferred amount is satisfied or becomes unenforceable by reason of lapse of time. The provisions of §301.6325-1(c), relating to release of lien or discharge of property, shall apply to this paragraph (c)(1).

(2) *Requirement that lien be filed.* The lien imposed by section 6324A is not valid against a purchaser (as defined in paragraph (f) of §301.6323(h)-1), holder of a security interest (as defined in paragraph (a) of §301.6323(h)-1), mechanic's lienor (as defined in paragraph (b) of §301.6323(h)-1), or judgment lien creditor (as a defined in paragraph (g) of §301.6323(h)-1) until notice of the lien is filed. Once filed, the notice of lien remains effective without being refiled.

(3) *Priorities.* Although a notice of lien under section 6324A has been properly filed, that lien is not valid—

(i) To the extent provided in section 6323(b)(6), relating to real property tax and special assessment liens, regardless of whether such liens came into existence before or after the filing of the notice of Federal tax lien;

(ii) In the case of any real property subject to a lien for repair or improvement, as against a mechanic's lienor, whether or not such lien came into existence before or after the notice of tax lien was filed; and

(iii) As against any security interest set forth in section 6323(c)(3), relating to real property construction or improvement financing agreements, regardless whether such security interest came into existence before or after the filing of the notice of tax lien.

However, paragraphs (c)(3)(ii) and (iii) of this section shall not apply to any security interest that came into existence after the date of filing of notice (in a manner similar to a notice filed under section 6323(f)) that payment of the deferred amount has been accelerated under section 6166(g) or 6166A(h) (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981).

(d) *Release or discharge of lien.* For rules relating to release of the lien imposed by section 6324A or discharge of the section 6166 lien property, see section 6325 and §301.6325-1 of this chapter.

(e) *Definitions.* For purposes of section 6324A of this section—

(1) *Deferred amount.* The deferred amount is the aggregate amount of estate tax deferred under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981) determined as of the date prescribed by section 6151(a) for payment of the estate tax.

(2) *Required interest amount.* The required interest amount is the aggregate amount of interest payable over the first four years of the deferral period. For purposes of computing the required interest amount, the interest rate prescribed by section 6621 in effect on the date prescribed by section 6151(a) for payment of the estate tax shall be used for computing the interest for the first four years of the deferral period. The 4-percent interest rate prescribed by section 6601(j) shall apply to the extent provided in that section. For purposes of computing interest during deferral periods beginning after December 31, 1982, interest shall be compounded daily.

(3) *Deferral period.* The deferral period is the period for which the payment of tax is deferred pursuant to the election under section 6166 or 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981).

(4) *Application of definitions.* In the case of a deficiency, a separate deferred amount, required interest amount, and deferral period shall be determined as of the due date of the first installment after the deficiency is prorated to installments under section 6166 and 6166A (as in effect prior to its repeal by the Economic Recovery Tax Act of 1981).

PART 301—(AMENDED)

§301.6324A-1 (Amended)

Par. 4. Paragraphs (a), (b)(1)(iv), (b)(4), and (f) of §301.6324A-1 are amended by adding the phrase "(as in effect prior to its repeal by Economic Recovery Tax Act of 1981)" after each time the phrase "6166A" appears.

This Treasury decision is issued under the authority contained in sections 6324A(a) and 7805 of the Internal Revenue code of 1954 (90 Stat. 1808, 68A Stat. 917; 26 U.S.C. 6324A(a), 7805). Approved by the Office of Management and Budget under control number 1545-0754.

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue

Approved January 20, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury

(Filed by the Office of the Federal Register on February 6, 1984, 8:54 a.m. and published in the issue of the Federal Register for February 7, 1984, 49 F.R. 4467)

26 CFR 301.6402-3: Special rules applicable to income tax.
(Also Sections 6153, 6154, 6654, 6655; 1.6153-1, 1.6154-2, 1.6654-1, 1.6655-1.)

Penalties; underpayment of estimated tax; credit offset from preceding year. When an underpayment of estimated tax is satisfied by an overpayment applied from a previous year, the period of underpayment runs from the due date of the installment of estimated tax to the date the overpayment arose. Rev. Rul. 83-111 revoked. Rev. Rul. 77-475 reinstated as modified.

Rev. Rul. 84-58 [1]

FACTS

The Internal Revenue Service has reconsidered Rev. Rul. 83-111, 1983-2 C.B. 245, and Rev. Rul. 77-475, 1977-2 C.B. 476, concerning application of overpayments of income tax against installment payments of estimated tax for the succeeding year.

Rev. Rul. 83-111 holds that such an overpayment will be applied against installment payments due on or after the date the election to apply the overpayment is made. In *Situation 2* of Rev. Rul. 83-111, a taxpayer with an extension of time to file a return for calendar year 1979 filed the return on June 15, 1980. The overpayment shown on the return that arose from estimated tax payments made during 1979 was applied against the June 15 estimated tax installment for 1980 and not against the April 15 installment, as had previousy been the case.

HOLDING

For returns filed after December 31, 1983, the Service will apply overpayments arising on or before the due date of a return against the first installment payment of the next year's estimated tax, unless the taxpayer notifies the Service that the overpayment should be applied against another installment. In *Situation 2* of Rev. Rul. 83-111, the 1979 overpayment would be applied against the April 15, 1980, installment unless the taxpayer notified the Service to the contrary. In order to properly notify the Service that the overpayment should be applied against another installment, taxpayers must attach a statement to the income tax return showing the overpayment, indicating which installment of estimated tax the overpayment should be applied against.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 83-111 is revoked. Rev. Rul. 77-475 is reinstated as modified herein.

Chapter 66.—Limitations
Subchapter A.—Limitation on Assessment and Collection

Section 6501.—Limitations On Assessment and Collection

(Also Section 6653; 301.6653-1.)

Ct. D. 2024

SUPREME COURT
OF THE
UNITED STATES
Nos. 82-1453 and 82-1509

Ernest Badaracco, Sr., et al., Petitioners,
v.
Commissioner of Internal Revenue

Deleet Merchandising Corp., Petitioner,
v.
United States
[464 U.S.]

On Writ on Certiorari to the United States Court of Appeals for the Third Circuit
[January 17, 1984]

Syllabus

Section 6501(a) of the Internal Revenue Code of 1954 establishes a general 3-year period of limitations "after the return was filed" for the assessment of federal income taxes. However, §6501(c)(1) provides that when there is "a false or fraudulent return with the intent

*Together with No. 82-1509, *Deleet Merchandising Corp.* v. *United States*, also on certiorari to the same court.

to evade tax," the tax then may be assessed "at any time." In No. 82-1453, petitioners conceded, for purposes of this litigation, that they had filed fraudulent partnership and individual income tax returns for the years 1965-1969. However, in 1971 they filed nonfraudulent amended returns and paid the additional basic taxes shown thereon. In 1977, the Commissioner of Internal Revenue issued notices of deficiency, asserting liability under §6653(b) of the Code for the addition to tax on account of fraud of 50% of the underpayment in the basic tax. Petitioners sought redetermination in the United States Tax Court of the asserted deficiencies, contending that §6501(c)(1) did not apply because of the filing of the nonfraudulent amended returns, and that the Commissioner's action was barred by §6501(a) because the deficiency notices were issued more than three years from the date of filing of the amended returns. The Tax Court agreed with petitioners. In No. 82-1509, petitioner filed timely corporation income tax returns for the years 1967 and 1968, but in 1973 it filed amended returns disclosing certain receipts that had not been reported on the original returns. In 1979, the Commissioner issued a notice asserting deficiencies in tax and addition under §6653(b) for 1967 and 1968. Petitioner paid the alleged deficiencies and brought suit for refund in Federal District Court, which granted summary judgment for petitioner on the ground that the Commissioner's action was barred by §6501(a), regardless of whether the original returns were fraudulent. The Court of Appeals, consolidating the appeals, reversed in both cases.

Held: Where a taxpayer files a false or fraudulent return but later files a nonfraudulent amended return, §6501(c)(1) applies and a tax may be assessed "at any time," regardless of whether or not more than three years have expired since the filing of the amended return.

(a) The plain and unambiguous language of §6501(c)(1) permits the Commission to assess "at any time" the tax for a year in which the taxpayer has filed "a false or fraudulent return," despite any subsequent disclosure the taxpayer might make. Nothing is present in the statute that can be construed to suspend its operation as a consequence of a fraudulent filer's subsequent repentant conduct. Neither is there anything in the wording of §6501(a) that itself enables a taxpayer to reinstate the section's general 3-year limitations period by filing an amended return. Moreover, the substantive operation of the fraud provisions of the Code itself confirms the conclusion that §6501(c)(1) permits assessment at any time in fraud cases regardless of a taxpayer's later repentance.

(b) Nothing in the statutory language, the structure of the Code, or the decided cases supports petitioners' contention that a fraudulent return is a "nullity" for statute of limitations purposes and that therefore the amended return is necessarily "the return" referred to in §6501(a).

(c) There is no need to twist §6501(c)(1) beyond the contours of its plain and unambiguous language in order to comport with good policy, for its literal language is supported by substantial policy considerations—the increased difficulty in investigating fraud cases as opposed to cases marked for routine audits; the fact that the filing of a document styled "amended return" does not fundamentally change the nature of a tax fraud investigation; and the compounding of the difficulties that attend a civil fraud investigation where the Commissioner's initial findings lead him to conclude that the case should be referred to the Department of Justice for criminal prosecution.

(d) Petitioner's argument that a literal reading of §6501(c) would elevate one form of tax fraud over another because it produces a disparity in treatment between a taxpayer who in the first instance files a fraudulent return and one who fraudulently fails to file any return at all, cannot prevail. Section 6501(c)(3)—which provides that in a case of failure to file a return, the tax may be assessed "at any time"—has been construed as ceasing to apply once a return has been filed for a particular year, regardless of whether that return is filed late and even though the failure to file a timely return in the first instance was due to fraud. However, the language employed in the respective subsections of §6501(c)(1). P. 14.

693 F.2d 298, affirmed.

BLACKMUN, J., delivered the opinion of the Court, in which BURGER, C. J., and BRENNAN, WHITE, MARSHALL, POWELL, REHNQUIST, and O'CONNOR, JJ., joined. STEVENS, J., filed a dissenting opinion.

JUSTICE BLACKMUN delivered the opinion of the Court. These cases focus upon §6501 of the Internal Revenue Code of 1954, 26 U.S.C. §6501. Subsection (a) of that statute establishes a general three-year period of limitations "after the return was filed" for the assessment of income and certain other federal taxes. [1] Subsection (c)(1) of §6501, however, provides an exception to the three-year period when there is "a false or fraudulent return with the intent to evade tax." The tax then may be assessed "at any time." [2]

The issue before us is the proper application of §§6501(a) and (c)(1) to the situation where a taxpayer files a false or fraudulent return but later files a nonfraudulent amended return. May a tax then be assessed more than three years after the filing of the amended return?

I

No. 82-1453. Petitioners Ernest Badaracco, Sr., and Ernest Badaracco, Jr., were partners in an electrical contracting business. They filed federal partnership and individual income tax returns for the calendar years 1965-1969, inclusive. "[F]or purposes of this case," these petitioners concede the "fraudulent nature of the original returns." App. 37a.

In 1970 and 1971, federal grand juries in New Jersey subpoenaed books and records of the partnership. On August 17, 1971, petitioners filed nonfraudulent amended returns for the tax years in question and paid the additional basic taxes shown thereon. Three months later petitioners were indicted for filing false and fraudulent returns, in violation of §7206(1) of the code, 26 U.S.C. §7206(1). Each pleaded guilty to the charge with respect to the 1967 returns, and judgments of conviction were entered. *United States v. Badaracco,* Crim. No. 766-71 (DNJ). The remaining counts of the indictment were dismissed.

On November 21, 1977, the Commissioner of Internal Revenue mailed to petitioners notices of deficiency for each of the tax years in question. He asserted, however, only the liability under §6653(b) of the Code, 26 U.S.C. §6653(b), for the addition to tax on account of fraud (the so-called fraud "penalty") of 50% of the underpayment in the basic tax. See App. 5a.

Petitioners sought redetermination in the United States Tax Court of the asserted deficiencies, contending that the Commissioner's action was barred by §6501(a). They claimed that §6501(c)(1) did not apply because the 1971 filing of nonfraudulent amended returns caused the general three-year period of limitations specified in §6501(a) to operate; the deficiency notices, having issued in November 1977, obviously were forthcoming only long after the expiration of three years from the date of filing

[1] Section 6501(a) reads in full:

"Excepts as otherwise provided in this section, the amount of any tax imposed by this title shall be assessed within 3 years after the return was filed (whether or not such return was filed on or after the date prescribed) or, if the tax is payable by stamp, at any time after such tax became due and before the expiration of 3 years after the date on which any part of such tax was paid, and no proceeding in court without assessment for the collection of such tax shall be begun after the expiration of such period."

[2] Section 6501(c)(1) reads:

"In the case of a false or fraudulent return with the intent to evade tax, the tax may be assessed, or a proceeding in court for collection of such tax may be begun without assessment, at any time."

of the nonfraudulent amended returns.

The Tax Court, in line with its then-recent decision in *Klemp* v. *Commissioner*, 77 T.C. 201 (1981), appeal pending, (CA9 No. 81-7744), agreed with petitioners.[3] 42 TCM 573, ¶81,404 P-H Memo TC (1981).

No. 82-1509. Petitioner Deleet Merchandising Corp. filed timely corporation income tax returns for the calendar years 1967 and 1968. The returns as so filed, however, did not report certain receipts derived by the taxpayer from its printing supply business. On August 9, 1973, Deleet filed amended returns for 1967 and 1968 disclosing the receipts that had not been reported.[4] Although the taxpayer corporation itself was not charged with criminal tax violations, and although no formal criminal investigation was initiated as to it, there were criminal and civil investigations that centered on certain former officers of the taxpayer. After the completion of those investigations, the Commissioner, on December 14, 1979, issued a notice of deficiency to Deleet. App. 71a. The notice asserted deficiencies in tax and additions under §6653(b) for 1967 and 1968.

Deleet paid the alleged deficiencies and brought suit for their refund in the United States District Court for the District of New Jersey. On its motion for summary judgement, Deleet contended that the Commissioner's action was barred by §6501(a). It claimed that no deficiencies or additions could be assessed more than three years after the amended returns were filed, regardless of whether the original returns were fraudulent.

The District Court agreed and granted summary judgment for Deleet. 535 F. Supp. 402 (1981). It relied on the Tax Court's decision in *Klemp* v. *Commissioner, supra,* and on *Dowell* v. *Commissioner,* 614 F.2d 1263 (CA10 1980), cert. pending, No. 82-1873.

The Appeals. The Government appealed each case to the United States Court of Appeals for the Third Circuit. The cases were heard and decided together. That court, by a 2 to 1 vote, reversed the decision of the Tax Court in *Badaracco* and the judgment of the District Court in *Deleet. Badaracco* v. *Commissioner,* 693 F.2d 298 (1982). The Third Circuit's ruling is consistent with the Fifth Circuit's holding in *Nesmith* v. *Commissioner,* 699 F.2d 712 (1983), cert. pending, No. 82-2008. The Second Circuit has ruled otherwise. See *Britton* v. *United States,* 532 F. Supp. 275 (Vt. 1981), aff'd mem., 697 F.2d 288 (CA2 1982). See also *Espinoza* v. *Commissioner,* 78 T.C. 412 (1982).[5] Because of the conflict, we granted certiorari, ____ U.S. ____ (1983).

II

Our task here is to determine the proper construction of the statute of limitations Congress has written for tax assessment. This Court long ago pronounced the standard: "Statutes of limitation sought to be applied to bar rights of the Government, must receive a strict construction in favor of the Government." *E. I. Dupont de Nemours & Co.* v. *Davis,* 264 U.S. 456, 462 (1924). See also *Lucas* v. *Pilliod Lumber Co.,* 281 U.S. 245, 249 (1930). More recently, Judge Roney, in speaking for the former Fifth Circuit, has observed that "limitations statutes barring the collection of taxes otherwise due and unpaid are strictly construed in favor of the Government." *Lucia* v. *United States,* 474 F.2d, 565, 570 (1973).

We naturally turn first to the language of the statute. Section 6501(a) sets forth the general rule: a three-year period of limitations on the assessment of tax. Section 6501(e)(1)(A) (first introduced as §275(c) of the Revenue Act of 1934, 48 Stat. 745) provides an extended limitations period for the situation where the taxpayer's return nonfraudulently omits more than 25% of his gross income; in a situation of that kind, assessment now is permitted "at any time within 6 years after the return was filed."

Both the three-year rule and the six-year rule, however, explicitly are made inapplicable in circumstances covered by §6501(c). This subsection identifies three situations in which the Commissioner is allowed an unlimited period within which to assess tax. Subsection (c)(1) relates to "a false or fraudulent return with the intent to evade tax" and provides that the tax then may be assessed "at any time." Subsection (c)(3) covers the case of a failure to file a return at all (whether or not due to fraud) and provides that an assessment then also may be made "at any time." Subsection (c)(2) sets forth a similar rule for the case of a "willful attempt in any manner to defeat or evade tax" other than income, estate, and gift taxes.[6]

All these provisions appear to be unambiguous on their face, and it therefore would seem to follow that

[3] In *Klemp*, the Tax Court, in a reviewed decision with five judges dissenting on the issue, departed from its earlier holding in *Dowell* v. *Commissioner,* 68 T.C. 646 (1977), rev'd, 614 F.2d 1263 (CA10 1980), cert. pending, No. 82-1873.

[4] Deleet asserts that the filing of its amended returns was voluntary. The taxpayer's correct tax liability has not yet been determined. Although Deleet has not conceded that its original returns were fraudulent, both the District Court, App. to Pet. for Cert. in No. 82-1509, p. 4d, and the Court of Appeals, see *Badaracco* v. *Commissioner,* 693 F.2d 298, 299, n. 3 (CA3 1982), assumed, for purposes of Deleet's summary judgment motion hereinafter referred to, that they were. We must make the same assumption here.

[5] The Tax Court, in cases concerning several of Deleet's officers, has followed its ruling in *Klemp, supra.* See *Kramer* v. *Commissioner,* 44 TCM 42, ¶82,308 P-H Memo TC (1982); *Elliott Liroff* v. *Commissioner,* 44 TCM 47, ¶82.309 P-H Memo TC (1982); *Derfel* v. *Commissioner,* 44 TCM 45, ¶82,311 P-H Memo TC (1982); *Richard B. Liroff* v. *Commissioner,* 44 TCM 47, ¶82,312 P-H Memo TC (1982). See also *Galvin* v. *Commissioner,* 45 TCM 221, ¶82,689 P-H Memo TC (1982).

[6] Subsection (c)(1) and (c)(3) appeared separately only upon the enactment of the 1954 Code. From 1921 until the 1954 Code, they were combined. See, *e.g.,* Revenue Act of 1921, §250(d), 42 Stat. 265; Internal Revenue Code of 1939, §276(a).

[7] Under every general income tax statute since 1918, the filing of a false or fraudulent return has indefinitely extended the period of limitations for assessment of tax. See Revenue Act of 1918, §250(d), 40 Stat. 1083; Revenue Act of 1921, §250(d), 42 Stat. 265; Revenue Act of 1924, §278(a), 43 Stat. 299; Revenue Act of 1926, §278(a), 44 Stat., pt. 2, p. 59; Revenue Act of 1928, §276(a), 45 Stat. 857; Revenue Act of 1932, §276(a), 47 Stat. 238; Revenue Act of 1934, §276(a), 48 Stat. 745; Revenue Act of 1936, §276(a), 49 Stat. 1726; Revenue Act of 1983, §276(a), 52 Stat. 540; Internal Revenue Code of 1939, §276(a).

the present cases are squarely controlled by the clear language of §6501(c)(1). Petitioners Badaracco concede that they filed initial returns that were "false or fraudulent with the intent to evade tax." Petitioner Deleet, for present purposes, upon this review of its motion for summary judgment, is deemed to have filed false or fraudulent returns with the intent to evade tax. Section 6501(c)(1), with its unqualified language, then allows the tax to be assessed "at any time." Nothing is present in the statute that can be construed to suspend its operation in the light of a fraudulent filer's subsequent repentant conduct.[7] Neither is there anything in the wording of §6501(a) that itself enables a taxpayer to reinstate the section's general three-year limitations period by filing an amended return. Indeed, as this Court recently has noted, *Hillsboro National Bank* v. *Commissioner,* ___ U.S. ___, ___, n. 10 (1983) [1983-1 C.B. 50] (slip op. 8), the Internal Revenue Code does not explicitly provide either for a taxpayer's filing, or for the Commissioner's acceptance, of an amended return; instead, an amended return is a creature of administrative origin and grace. Thus, when Congress provided for assessment at any time in the case of a false or fraudulent "return," it plainly included by this language a false or fraudulent *original* return. In this connection, we note that until the decision of the Tenth Circuit in *Dowell* v. *Commissioner,* 614 F.2d 1263 (1980), cert. pending, No. 82-1873, courts consistently had held that the operation of §6501 and its predecessors turned on the nature of the taxpayer's original, and not his amended, return.[8]

The substantive operation of the fraud provisions of the Code itself confirms the conclusion that §6501(c)(1) permits assessment at any time in fraud cases regardless of a taxpayer's later repentance. It is established that a taxpayer who submits a fraudulent return does not purge the fraud by subsequent voluntary disclosure; the fraud was committed, and the offense completed, when the original return was prepared and filed. See, *e.g., United States* v. *Habig,* 390 U.S. 222 (1968) [1968-2 C.B. 589] *Plunkett* v. *Commissioner,* 465 F.2d 299, 302-303 (CA7 1972). "Any other result would make sport of the so-called fraud penalty. A taxpayer who had filed a fraudulent return would merely take his chances that the fraud would not be investigated or discovered, and then, if an investigation were made, would simply pay the tax which he owed anyhow and thereby nullify the fraud penalty." *George M. Still, Inc.* v. *Commissioner,* 19 T.C. 1072, 1077 (1953), aff'd 218 F.2d 639 (CA2 1955). In short, once a fraudulent return has been filed, the case remains one "of a false or fraudulent return," regardless of the taxpayer's later revised conduct, for purposes of criminal prosecution and civil fraud liability under §6653(b). It likewise should remain such a case for purposes of the unlimited assessment period specified by §6501(c)(1).

We are not persuaded by Deleet's suggestion, Brief for Petitioner in No. 82-1509, p. 15, that §6501(c)(1) should be read merely to suspend the commencement of the limitations period while the fraud remains uncorrected. The Tenth Circuit, in *Dowell* v. *Commissioner, supra,* made an observation to that effect, stating that the three-year limitations period was "put in limbo" pending on further taxpayer action. 614 F.2d, at 1266. The language of the statute, however, is contrary to this suggestion. Section 6501(c)(1) does not "suspend" the operation of §6501(a) until a fraudulent filer makes a voluntary disclosure. Section 6501(c)(1) makes no reference at all to §6501(a); it simply provides that the tax may be assessed "at any time." And §6501(a) itself contains no mechanism for its operation when a fraudulent filer repents. By its very terms, it does not apply to a case, such as one of "a false or fraudulent return," that is "otherwise provided" for in §6501. When Congress intends only a temporary suspension of the running of a limitations period, it knows how unambiguously to accomplish that result. See, *e.g.,* §§6503(a)(1), (a)(2), (b), (c), and (d).

The weakness of petitioners' proposed statutory construction is demonstrated further by its impact on §6501(e)(1)(A), which provides an extended limitations period whenever a taxpayer's return nonfraudulently omits more than 25% of his gross income.

Under petitioners' reasoning, a taxpayer who *fraudulently* omits 25% of his gross income gains the benefit of the three-year limitations period by filing an amended return. Yet a taxpayer who *nonfraudulently* omits 25% of his gross income cannot gain that benefit by filing an amended return; instead he must live with the six-year period specified in §6501(e)(1)(A).[9] We agree with the conclusion of the Court of Appeals in the instant cases that Congress could not have intended to "create a situation in which persons who committed willful, deliberate fraud would be in a better position" than those who un-

[7] The significance of the original, and not the amended, return has been stressed in other, but related, contexts. It thus has been held consistently that the filing of an amended return in a nonfraudulent situation does not serve to extend the period within which the Commissioner may assess a deficiency. See, *e.g., Zellerbach Paper Co.* v. *Helvering,* 293 U.S. 172 (1934); [1934-2 C.B. 347] *National Paper Products Co.* v. *Helvering,* 293 U.S. 183 (1934); [1934-2 C.B. 347] *National Refining Co.* v. *Commissioner,* 1 B.T.A. 236 (1924). It also has been held that the filing of an amended return does not serve to reduce the period within which the Commissioner may assess taxes where the original return omitted enough income to trigger the operation of the extended limitations period provided by §6501(e) or its predecessors. See, *e.g., Houston* v. *Commissioner,* 38 T.C. 486 (1962); *Goldring* v. *Commissioner,* 20 T.C. 79 (1953). And the period of limitations for filing a refund claim under the predecessor of §6511(a) begins to run on the filing of the original, not the amended, return. *Kaltreider Construction, Inc.* v. *United States,* 303 F.2d 366, 368 (CA3), cert. denied, 371 U.S. 877 (1962).

[9] In both *Dowell* and *Klemp,* the Commissioner had issued his deficiency notices more than three years after the amended returns were filed but within the extended six-year period after the original returns were filed. The courts in those cases nonetheless ruled the notices untimely. That result folow necessarily from petitioners' proposed statutory construction. It seems to us, however, to be unacceptably anomalous.

derstated their income inadvertently and without fraud. 693 F.2d, at 302.

We therefore conclude that the plain and unambiguous language of §6501(c)(1) would permit the Commissioner to assess "at any time" the tax for a year in which the taxpayer has filed "a false or fraudulent return," despite any subsequent disclosure the taxpayer might make. Petitioners attempt to evade the consequences of this language by arguing that their original returns were "nullities." Alternatively, they urge a nonliteral construction of the statute based on considerations of policy and practicality. We now turn successively to those proposals.

III

Petitioners argue that their original returns, to the extent they were fraudulent, were "nullities" for statute of limitations purposes. See Brief for Petitioners in No. 82-1453, pp. 22-27; Brief for Petitioner in No. 82-1509, pp. 32-34. Inasmuch as the original return is a nullity, it is said, the amended return is necessarily "the return" referred to in §6501(a). And if that return is nonfraudulent, §6501(c)(1) is inoperative and the normal three-year limitations period applies. This nullity notion does not persuade us, for it is plain that "the return" referred to in §6501(a) is the original, not the amended, return.

Petitioners do not contend that their fraudulent original returns were nullities for purposes of the Code generally. There are numerous provisions in the Code that relate to civil and criminal penalties for submitting or assisting in the preparation of false or fraudulent returns; their presence makes clear that a document which on its face plausibly purports to be in compliance, and which is signed by the taxpayer, is a return despite its inaccuracies. See, *e.g.*, §§7207, 6531(3), 6653(b). Neither do petitioners contend that their original returns were nullities for all purposes of §6501. They contend, instead, that a fraudulent return is a nullity only for the limited purpose of applying §6501(a). See Brief for Petitioners in No. 82-1453, p. 24; Brief for Petitioner in No. 82-1509, pp. 33-34. The word "return," however, appears no less than 64 times in §6501. Surely, Congress cannot rationally be thought to have given that word one meaning in §6501(a), and a totally different meaning in §§6501(b) through (q).

Zellerbach Paper Co. v. *Helvering*, 293 U.S. 172 (1934) [1934-2 C.B. 347] which petitioners cite, affords no support for their argument. The Court in *Zellerbach* held that an original return, despite its inaccuracy, was a "return" for limitations purposes, so that the filing of an amended return did not start a new period of limitations running. In the instant cases, the original returns similarly purported to be returns, were sworn to as such, and appeared on their faces to constitute endeavors to satisfy the law. Although those returns, in fact, were not honest, the holding in *Zellerbach* does not render them nullities. To be sure, current Regulations, in several places, *e.g.*, Treas. Reg. §§301.6211-1(a), 301.6402-3(a), 1.451-1(a) and 1.461-1(a)(3)(i) (1983), do refer to an amended return, as does §6213(g)(1) of the Code itself, 26 U.S.C. §6213(g)(1) (1976 ed., Supp. V). None of these provisions, however, requires the filing of such a return. It does not follow from all this that an amended return becomes "the return" for purposes of §6501(a).

We conclude, therefore, that nothing in the statutory language, the structure of the Code, or the decided cases supports the contention that a fraudulent return is a nullity for statute of limitations purposes.

IV

Petitioners contend that a nonliteral reading should be accorded the statute on grounds of equity to the repentant taxpayer and tax policy. "Once a taxpayer has proviced the information upon which the Government may make a knowledgeable assessment, the justification for suspending the limitations period is no longer viable and must yield to the favored policy of limiting the Government's time to proceed against the taxpayer." Brief for Petitioner in No. 82-1509, p. 12. See, also, Brief for Petitioners in No. 82-1453, p. 17.

The cases before us, however, concern the construction of existing statutes. The relevant question is not whether, as an abstract matter, the rule advocated by petitioners accords with good policy. The question we must consider is whether the policy petitioners favor is that which Congress effectuated by its enactment of §6501. Courts are not authorized to rewrite a statute because they might deem its effects susceptible of improvement. See *TVA* v. *Hill*, 437 U.S. 153, 194-195 (1978). This is especially so when courts construe a statute of limitations, which "must receive a strict construction in favor of the Government." *E. I. Dupont de Nemours & Co.* v. *Davis*, 264 U.S., at 462.

We conclude that, even were we free to do so, there is no need to twist §6501(c)(1) beyond the contours of its plain and unambiguous language in order to comport with good policy, for substantial policy considerations support its literal language. First, fraud cases ordinarily are more difficult to investigate than cases marked for routine tax audits. Where fraud has been practiced, there is a distinct possibility that the taxpayer's underlying records will have been falsified or even destroyed. The filing of an amended return, then, may not diminish the amount of effort required to verify the correct tax liability. Even though the amended return proves to be an honest one, its filing does not necessarily "remov[e] the Commissioner from the disadvantageous position in which he was originally placed." Brief for Petitioners in No. 82-1453, p. 12.

Second, the filing of a document styled "amended return" does not fundamentally change the nature of a tax fraud investigation. An amended return, however accurate it ultimately may prove to be, comes with no greater guarantee of trustworthiness than any other submission. It comes carrying no special or significant imprimatur; instead, it comes from a

taxpayer who already has made false statements under penalty of perjury. A responsible examiner cannot accept the information furnished on an amended return as a substitute for a thorough investigation into the existence of fraud. We see no "tax policy" justification for holding that an amended return has the singular effect of shortening the unlimited assessment period specified in §§6501(c)(1) to the usual three years. Fraud cases differ from other civil tax cases in that it is the Commissioner who has the burden of proof on the issue of fraud. See §7454(a) of the Code, 26 U.S.C. §7454(a). An amended return, of course, may constitute an admission of substantial underpayment, but it will not ordinarily constitute an admission of fraud. And the three years may not be enough time for the Commissioner to prove fraudulent intent.

Third, the difficulties that attend a civil fraud investigation are compounded where, as in No. 82-1453, the Commissioner's initial findings lead him to conclude that the case should be referred to the Department of Justice for criminal prosecution. The period of limitations for prosecuting criminal tax fraud is generally six years. See §6531. Once a criminal referral has been made, the Commissioner is under well-known restraints on the civil side and often will find it difficult to complete his civil investigation within the normal three-year period; the taxpayer's filing of an amended return will not make any difference in this respect. See *United States* v. *LaSalle National Bank,* 437 U.S. 298, 311-313 (1978) [1978-2 C.B. 336]; see also Tax Equity and Fiscal Responsibility Act of 1982, Pub. L. 97-248, §333(a), 96 Stat. 622 [1982-2 C.B. 462, 572]. As a practical matter, therefore, the Commissioner frequently is forced to place a civil audit in abeyance when a criminal presecution is recommended. [10]

We do not find petitioners' complaint of "unfair treatment" persuasive. Petitioners claim that it is unfair "to forever suspend a Sword of Damocles over a taxpayer who at one time may have filed a fraudulent return, but who has subsequently recanted and filed an amended return providing the Government with all the information necessary to properly assess the tax." Brief for Petitioner in No. 82-1509, p. 26. See Brief for Petitioners in No. 82-1453, p. 16. But it seems to us that a taxpayer who has filed a fraudulent return with intent to evade tax hardly is in a position to complain of the fairness of a rule that facilitates the Commissioner's collection of the tax due. A taxpayer who has been the subject of a tax fraud investigation is not likely to be surprised when a notice of deficiency arrives, even if it does not arrive promptly after he files an amended return.

Neither are we persuaded by Deleet's argument that a literal reading of the statute "punishes" the taxpayer who repentantly files an amended return. See Brief for Petitioner in No. 82-1509, p. 44. The amended return does not change the status of the taxpayer; he is left in precisely the same position he was in before. It might be argued that Congress should provide incentives to taxpayers to disclose their fraud voluntarily. Congress, however, has not done so in §6501. That legislative judgment is controlling here.

V

Petitioners contend, finally, that a literal reading of §6501(c) produces a disparity in treatment between a taxpayer who in the first instance files a fraudulent return and one who fraudulently fails to file any return at all. This, it is said, would elevate one form of tax fraud over another.

The argument centers in §6501(c)(3), which provides that in a case of failure to file a return, the tax may be assessed "at any time." It is settled that this section ceases to apply one a return is filed late and even though the failure to file a timely return in the first instance was due to fraud. See *Bennett* v. *Commissioner,* 30 T.C. 114 (1958), acq., 1958-2 Cum. Bull. 3. See also Rev. Rul 79-178, 1979-1 Cum. Bull. 435. This, however, does not mean that §6501 should be read to produce the same result in each of the two situations. From the language employed in the respective subsections of §6501, we conclude that Congress in tended different limitations results. Section 6501(c)(3) applies to a "failure to file a return." It makes no reference to a failure to file a timely return (cf. §§6651(a)(1) and 7203), nor does it speak of a fraudulent failure to file. The section literally becomes inapplicable once a return has been filed. Section 6501(c)(1), in contrast, applies in the case of "a false or fraudulent return." The fact that a fraudulent filer subsequently submits an amended return does not make the case any less one of a false or fraudulent return. Thus, although there may be some initial superficial plausibility to this argument on the part of petitioners, we conclude that the argument cannot prevail. If the result contended for by petitioners is to be the rule, Congress must make it so in clear and unmistakable language. [11]

The judgment of the Court of Appeals in each of these cases is affirmed.

It is so ordered.

---

[10] Petitioners contend that these policy considerations favorable to the Commissioner do not apply on the facts of petitioners' cases. Brief for Petitioners in No. 82-1453, pp. 33-34; Brief for Petitioner in No. 82-1509, pp. 35-36. This assertion is irrelevant, for the cases involve construction of a statute of limitations, not a question of laches, a defense to which the Government usually is not subject. See *United States* v. *Summerlin,* 310 U.S. 414, 416 (1940). [1940-2 C.B. 435]

[11] See generally Brennan, The Uncertain Status of Amended Tax Returns, 7 Rev. of Taxation of Individuals 235, 252-264 (1983).

Chapter 67.—Interest
Subchapter B.—Interest on Overpayments

Section 6611.—Interest on Overpayments

26 CFR 301.6611-1: Interest on overpayments.

How is interest on an overpayment computed when the Government reinstates flower bonds previously tendered at par in payment of estate tax? See Rev. Rul. 84-38, page 250.

Subchapter C.—Determination of Interest Rate; Compounding of Interest

Section 6621.—Determination of Rate of Interest

26 CFR 301.6621-1: Interest rate.

Rev. Rul. 84-66 [1]

Section 6621(b) of the Internal Revenue Code provides for semiannual adjustment of the interest rate and requires that any change in the rate be established by October 15 and April 15 and be based on the average prime interest rate for the six-month period ending September 30 and March 31, respectively. The Federal Reserve System has determined that the average prime rate for the period ending March 31, 1984, was 11.03 percent. When rounded to 11 percent, there is no change in the average prime rate from the last determination made. See Rev. Rul. 83-171, 1983-2 C.B. 252. Accordingly, the interest rate established under section 6621 will continue to be 11 percent through December 31, 1984.

Daily rates for compound interest for 11 percent for leap years were published in Table 41 of Rev. Proc. 83-7, 1983-1 C.B. 583, 625.

---

26 CFR 301.6621-1: Interest rate.

What rate of interest will be paid on overpayments when the Government reinstates flower bonds previously tendered in payment of estate tax. See Rev. Rul. 84-38, page 250.

Chapter 68.—Additions to the Tax, Additional Amounts, and Assessable Penalties
Subchapter A.—Additions to the Tax and Additional Amounts

Section 6652.—Failure to File Certain Information Returns, Registration Statements, etc.

26 CFR 301.6652-3: Failure to file information with respect to employee retirement benefit plan.
(Also Sections 6057, 6058, 6059, 6692; 301.6057-1, 301.6058-1, 301.6059-1, 301.6692-1.)

Penalties; failure to file Schedules B and SSA (Form 5500). The penalties for failure to file Schedule B (Form 5500), Actuarial Information, and Schedule SSA (Form 5500), Registration Statement Identifying Separated Participants with Deferred Vested Benefits, are imposed by sections 6692 and 6652 (e)(1) of the Code respectively. Penalties imposed by section 6652(f) do not apply to the failure to file these schedules.

Rev. Rul. 84-54

ISSUES

(1) Does section 6652(f) of the Internal Revenue Code impose a penalty for failure to file Schedule B (Form 5500), Actuarial Information?

(2) Does section 6652(f) of the Code impose a penalty for failure to file Schedule SSA (Form 5500), Registration Statement Identifying Separated Participants with Deferred Vested Benefits?

FACTS

A plan administrator for a defined benefit plan timely filed an Annual Return/Report of Employee Benefit Plan (Form 5500 series) for the plan year ending December 31, 1980. However, the administrator did not file a Schedule SSA or a Schedule B, both of which were required to be filed for that year.

LAW AND ANALYSIS

Section 6058(a) of the Code requires that every employer who maintains any pension, annuity, stock bonus, profit-sharing, or other funded plan of deferred compensation, or plan administrator, file a return. An Annual Return/Report of Employee Benefit Plan (Form 5500 series) is used for this purpose.

Section 6652(f) of the Code imposes a penalty on the employer or plan administrator for failure to file a return required under section 6058 unless such failure is due to reasonable cause.

Section 301.6058-1(a)(3) of the Regulations on Procedure and Administration provides that the information required to be furnished on forms prescribed by section 6058(a) of the Code shall include information required by *applicable accompanying schedules*. (Emphasis added.)

Section 6059(a) of the Code requires the plan administrator of each defined benefit plan to which section 412 applies to file an actuarial report described in section 6059(b). Section 301.6059-1(a) of the regulations identifies such actuarial report as Schedule B of Form 5500.

Section 6692 of the Code imposes a penalty on the plan administrator for failure to timely file the actuarial report required by section 6059 unless such failure is due to reasonable cause.

Section 6057(a)(1) of the Code provides that the plan administrator of certain plans must file with the Internal Revenue Service a registration statement concerning certain participants who separated from service covered by the plan. Section 301.6057-1(a)(4) of the regulations identifies such registration statement as Schedule SSA of Form 5500.

Section 6652(e)(1) of the Code imposes a penalty on the person failing to timely file the registration statement required under section 6057(a) unless it is shown that such failure is due to reasonable cause.

Schedule B is required to be filed by the specific provisions of section 6059(a) of the Code and Schedule SSA is required to be filed by the specific provisions of section 6057. In addition, separate penalties for failure to file these forms are imposed under sections 6692 and 6652(e)(1), respectively. Thus, because there are separate statuatory requirements and penalty provisions relating specifically to the filing of Schedule B and SSA of the Form 5500 series, neither schedule is considered an applicable accompanying schedule to Form 5500 within the meaning of section 301.6058-1(a)(3) of the regulations, and failure to file either schedule will not result in imposition of the penalty under section 6652(f).

HOLDINGS

(1) Penalties for failure to file

[1] Also released as News Release IR-84-53, dated April 12, 1984.

Schedule B are imposed only by section 6692 of the Code, not by section 6652(f).

(2) Penalties for failure to file Schedule SSA are imposed only by section 6652(e)(1) of the Code, not by section 6652(f).

Section 6653.—Failure to Pay Tax

26 CFR 301.6653-1: Failure to pay tax.

Whether a 50 percent fraud penalty may be assessed "at any time", even though more than three years have expired since the filing of a nonfraudulent amended return. See Ct. D. 2024, page 254.

---

26 CFR 301.6653-1: Failure to pay tax.

Whether a taxpayer claiming a deduction for a contribution to an individual retirement account (IRA) may be subject to penalty where the IRA contribution was not made by the due date of the return. See Rev. Rul. 84-18, page 88.

Section 6654.—Failure by Individuals to Pay Estimated Income Tax

26 CFR 1.6654-1: Addition to the tax in the case of an individual.

The proper application of an overpayment of income tax to estimated tax for the succeeding tax year. See Rev. Rul. 84-58, page 254.

Section 6655.—Failure by Corporation to Pay Estimated Income Tax

26 CFR 1.6655-1: Addition to the tax in the case of a corporation.

The proper application of an overpayment of income tax to estimated tax for the succeeding tax year. See Rev. Rul. 84-58, page 254.

Section 6656.—Failure to Make Deposit of Taxes or Overstatement of Deposits

26 CFR 301.6656-1: Penalty for underpayment of deposits.
(Also Section 6046; 1.6046-1.)

T.D. 7925

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER F, PART 1—INCOME TAX; PART 301—PROCEDURE AND ADMINISTRATION

Penalties for Underpayment of Deposits and Overstated Deposit Claims, and Time for Filing Information Returns of Owners, Officers and Directors of Foreign Corporations

AGENCY: Internal Revenue Service, Treasury

ACTION: Final regulations

SUMMARY: This document provides final regulations relating to the penalty for underpayment of deposits and the penalty for overstated deposit claims, and to the time for filing information returns of owners, officers and directors of foreign corporations. The penalty for overstated deposit claims was added by the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256]. A change in the time for filing information returns relating to foreign corporations was permitted by the Tax Equity and Fiscal Responsibility Act of 1982 [Pub. L. 97-248, 1982-2 C.B. 462]. The regulations provide guidance to officers and employees of the Internal Revenue Service with respect to the application of these civil penalties and filing deadlines. The regulations also provide guidance to the public (1) in obtaining relief from the penalty for overstated deposit claims if the overstatement was due to reasonable cause, and (2) for timely filing information returns required of owners, officers, and directors of foreign corporations. The regulations remove outdated regulation provisions relating to the penalty for underpayment of deposits. The regulations affect taxpayers required to make deposits of any internal revenue tax with government depositaries, and taxpayers required to file an information return as an owner, officer, or director of a foreign corporation.

EFFECTIVE DATE: These Regulations on Procedure and Administration relating to penalties are effective with respect to returns filed after August 13, 1981. These Income Tax Regulations relating to information returns are effective with respect to returns filed after September 3, 1982.

FOR FURTHER INFORMATION CONTACT: Charles C. Saverude of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T, 202-566-3323, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On May 26, 1982, the FEDERAL REGISTER published proposed amendments to the Regulations on Procedure and Administration (26 CFR Part 301) under section 6656 of the Internal Revenue Code of 1954 (47 FR 22970) [LR-311-81, 1982-1 C.B. 570]. The amendments were proposed to conform the regulations to section 724 of the Economic Recovery Tax Act of 1981 (95 Stat. 344) [Pub. L. 97-34, 1981-2 C.B. 256, 346]. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury decision. The amendments to the Income Tax Regulations (26 CFR Part 1) under section 6046 of the Internal Revenue Code of 1954 will conform the regulations to section 341(a) of the Tax Equity and Fiscal Responsibility Act of 1982 (96 Stat. 324) [Pub. L. 97-248, 1982-2 C.B. 462, 579].

DISCUSSION

Section 6656(a) of the Code imposes a penalty of 5 percent of the amount of any underpayment of a mandatory deposit. This penalty is imposed if a taxpayer fails to make a required deposit or makes a deposit of an amount less than the amount required to be deposited. Current regulations relating to this penalty contain rules for deposits required to be made before January 1, 1970, based on the law in effect for those deposits. This Treasury decision deletes these outdated provisions.

Section 6656(b) was amended by

section 724 of the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256, 346]. The amendment provides a new penalty for overstated deposit claims made in returns filed after August 13, 1981. Overstated deposit claims are amounts claimed in a return to have been deposited in a government depositary that have not actually been deposited. The penalty of 25 percent of the overstated deposit claim is imposed unless the taxpayer shows that the overstated claim was due to reasonable cause and was not due to willful neglect. The penalty applies in addition to any other penalties, such as the penalty provided by section 6656(a), relating to underpayments of deposits.

These regulations define an overstated deposit claim as the excess of the amount of deposits claimed on a return over the amounts actually deposited in a government depositary on or before the date the return is filed. An overstated deposit claim includes a claim of deposits when no deposits have been made as well as a claim of an amount of deposits in excess of the amount actually deposited. The penalty applies to overstated deposit claims contained in amended returns as well as such claims in original returns. The subsequent filing of a correct amended return for the period will not result in relief from the penalty, although it may in some cases be evidence that the original overstated deposit claim was due to reasonable cause. These regulations also set forth the procedure (which is the same procedure as is available with respect to the penalty imposed by section 6656(a)) by which a taxpayer can assert that the overstated deposit claim was due to reasonable cause and was not due to willful neglect.

A comment was received recommending that the regulation specifically state that section 7502(e) applies in determining the date a deposit is made. This recommendation is adopted in §301.6656-1(a) and §301.6656-2(b).

Section 6046(a) of the Code requires information returns to be filed by a U.S. owner of 5 percent or more in value of stock of a foreign corporation, and by officers and directors of foreign corporations so owned. Information returns are also required when a United States person (1) acquires an additional 5 percent in value of the outstanding stock, (2) owns 5 percent or more in value of the outstanding stock when the corporation is reorganized, or (3) reduces his holdings below the 5 percent level. Section 6046(d) requires that these information returns be filed on or before the 90th day after the date on which the liability to file arises.

Section 6046(d) was amended by section 341(a) of the Tax Equity and Fiscal Responsibility Act of 1982 [Pub. L. 97-248, 1982-2 C.B. 462, 579]. The amendment, which applies to returns filed after September 3, 1982, allows the Secretary to provide by forms or regulation a later date for filing the information returns required by section 6046(a). The regulations provide that any change in the time for filing these information returns may be provided by forms.

DRAFTING INFORMATION

The principal author of these regulations is Martha E. Kadue of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing these regulations, both on matters of substance and style.

REGULATORY FLEXIBILITY ACT AND EXECUTIVE ORDER 12291

The amendment to the regulations proposed by the notice of proposed rulemaking published on May 26, 1982, and adopted by this Treasury decision is interpretative. Therefore, the Regulatory Flexibility Act (5 U.S.C. chapter 6) did not apply to the notice of proposed rulemaking. The Commissioner of Internal Revenue has determined that this final regulation is not subject to Executive Order 12291.

* * * * *

Adoption of amendments to the regulations.

Accordingly, 26 CFR Parts 1 and 301 are amended as follows:

INCOME TAX REGULATIONS

Paragraph 1. Paragraph (j)(1) of §1.6046-1 is revised to read as follows:

§1.6046-1 Returns as to organization or reorganization of foreign corporations and as to acquisitions of their stock, on or after January 1, 1963.

* * * * *

(j) *Time and place for filing return*—(1) *Time for filing.* Any return required by section 6046 and this section shall be filed on or before the 90th day after the date on which a United States citizen, resident, or person becomes liable to file such return under any provision of section 6046(a) and of paragraph (a), (b), or (c) of this section. With respect to returns filed after September 3, 1982, such return shall be filed on or before such later date (if any) as may be authorized by the return form. The Director of the Internal Revenue Service Center where the return is required to be filed is authorized to grant reasonable extensions of time for filing returns under section 6046 and this section in accordance with the applicable provisions of section 6081(a) and §1.6081-1.

* * * * *

REGULATIONS ON PROCEDURE AND ADMINISTRATION

Par. 2. Section 301.6656-1 is revised to read as follows:

§301.6656-1 Penalty for underpayment of deposits.

(a) *General rule.* If any person is required by the Code or regulations prescribed thereunder to deposit any tax in a government depositary that is authorized under section 6302(c) to receive the deposit, and fails to de-

posit the tax within the time prescribed therefor, a penalty shall be imposed on such person unless the failure is shown to be due to reasonable cause and not due to willful neglect. The penalty shall be 5 percent of the amount of the underpayment without regard to the period during which the underpayment continues. For purposes of this section, the term "underpayment" means the amount of tax required to be deposited less the amount, if any, that was deposited on or before the date prescribed therefor. Section 7502(e) applies in determining the date a deposit is made.

(b) *Assertion of reasonable cause.* To show that the underpayment was due to reasonable cause and not due to willful neglect, a taxpayer must make an affirmative showing of all facts alleged as a reasonable cause in a written statement containing a declaration that it is made under the penalties of perjury. The statement must be filed with the district director for the district or the director of the service center where the return with respect to the tax is required to be filed. If the district director or the director of the service center determines that the underpayment was due to reasonable cause and was not due to willful neglect, the penalty will not be imposed.

Par. 3. A new §301.6656-2 is added immediately after §301.6656-1, to read as follows:

§301.6656-2 Penalty for overstated deposit claims.

(a) *General rule.* Any person who makes an overstated deposit claim on a return is subject to a penalty equal to 25 percent of such claim, unless it is shown that the overstated deposit claim is due to reasonable cause and not due to willful neglect. This penalty is in addition to any other penalty provided by law, such as the penalty provided by section 6656(a), relating to underpayment of deposits.

(b) *Overstated deposits claim.* An overstated deposit claim is the excess of—

(1) The amount of any internal revenue tax for any period that a person claims, in a return (including an amended return) filed after August 13, 1981, to have deposited in a government depositary authorized under section 6302(c) to receive the deposit, over

(2) The aggregate amount for that period that the person has deposited, on or before the date such return for that period is filed, in a government depositary authorized under section 6302(c) to receive the deposit.

An overstated deposit claim includes a claim that deposits have been made when no deposits have been made in an authorized government depositary. The existence or amount of an overstated deposit claim is not limited even though the amount described in subparagraph (1) of this paragraph (b) or the amount described in subparagraph (2) of this paragraph (b) exceeds the actual tax liability. For purposes of this paragraph (b), the date a return is considered to be filed is the later of the date the return is due to be filed (not including extensions) or the date the return is actually filed. Section 7502(e) applies in determining the date a deposit is made. The application of this paragraph is illustrated by the following examples.

Example 1. On the date a return is due for the taxable period ended December 31, 1982, Z files the return claiming deposits of tax in the amount of $150 for that period. Z actually made deposits of $75 for that period on or before the date the return was due and filed. Z's tax liability for that period is $150. Z has made an overstated deposit claim in the amount of $75, the excess of the amount of tax claimed on the return to have been deposited ($150), over the amount actually deposited ($75) for that period on or before the date the return was due and filed.

Example 2. On the date a return is due for the quarter ended December 31, 1982, X files the return claiming deposits of tax in the amount of $200 for that period. X actually made deposits of $100 for that period on or before the date the return was due and filed. X's tax liability for that period is $100. X has made an overstated deposit claim of $100, the excess of the amount of tax claimed on the return to have been deposited ($200), over the amount actually deposited ($100) for that period on or before the date the return was due and filed.

Example 3. The facts are the same as in example 2. For the quarter ended March 31, 1983, X files a return on the date it is due, claiming $100 (the excess of the quarter's return, $200, over X's liability for the prior quarter, $100) as a deposit for the quarter ended March 31, 1983. X did not actually deposit any amount for the quarter ended March 31, 1983, on or before the date the return was due and filed. X made an overstated deposit claim of $100 for the quarter ended December 31, 1982, as described in example 2. For the quarter ended March 31, 1983, X made an overstated deposit claim of $100, the excess of the amount of tax claimed to have been deposited ($100), over the amount actually deposited (Ø) for that period on or before the date the return was due and filed.

(c) *Assertion of reasonable cause.* To show that an overstated deposit claim was due to reasonable cause and not due to willful neglect, a taxpayer must make an affirmative showing of all facts alleged as a reasonable cause in a written statement containing a declaration that it is made under the penalties of perjury. The statement must be filed with the district director for the district or the director of the service center where the return with respect to the tax is required to be filed. If the district director or the director of the service center determines that the overstated deposit claim was due to reasonable cause and was not due to willful neglect, the penalty will not be imposed. The fact that a correct amended return has been filed may in some cases be evidence that an overstated deposit claim on the original return was due to reasonable cause and not due to willful neglect, but is not determinative of that issue.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. §7805). (Approved by the Office of Management and Budget under control number 1545-0794.)

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved May 25, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on December 12, 1983, 8:45 a.m., and published in the issue of the Federal Register for December 13, 1983, 48 F.R. 55453)

Section 6659.—Addition to Tax in the Case of Valuation Overstatements for Purposes of the Income Tax

Whether a taxpayer who acquires a nonexclusive right to use a master tape sound recording is entitled to claim an investment tax credit with respect to the master tape sound recording. See Rev. Rul. 84-4, page 19.

Section 6661.—Substantial Understatement of Liability

For returns required to be filed and that are actually filed in 1984, circumstances are identified under which the disclosure on a taxpayer's return of an item or position taken, with no specific reference to section 6661 of the Code, is adequate for reducing the understatement of income tax liability on which the penalty is imposed under section 6661. See Rev. Proc. 84-19, page 433.

Subchapter B.—Assessable Penalties

Section 6671.—Rules for Application of Assessable Penalties

26 CFR 301.6671-1: Rules for application of assessable penalties.

Whether a volunteer member of a board of trustees of organizations referred to in section 501(a) of the Code may be considered a responsible person and liable for the penalty under section 6672. See Rev. Rul. 84-83, below.

Section 6672.—Failure to Collect and Pay Over Tax, or Attempt to Evade or Defeat Tax

26 CFR 301.6672-1: Failure to collect and pay over tax, or attempt to evade or defeat tax. (Also Section 6671; 301.6671-1.)

Failure to pay over tax; responsible persons. A volunteer member of a board of trustees of a charitable organization may be liable for unpaid employment and withholding taxes in certain circumstances under section 6672 of the Code.

Rev. Rul. 84-83

ISSUE

Can a volunteer member of a board of trustees of organizations referred to in section 501(a) of the Code can be considered a responsible person and liable for the penalty under section 6672?

LAW AND ANALYSIS

Under section 6672(a) of the Code any person required to collect, truthfully account for, and pay over any internal revenue tax who willfully fails to collect such tax, or truthfully account for and pay over such tax, or willfully attempts in any manner to evade or defeat such tax or the payment thereof, shall, in addition to other penalties, be liable to a penalty equal to the total amount of the tax evaded, or not collected, or not accounted for and paid over. No penalty will be imposed under section 6653 for any offense to which this section is applicable.

Section 6671(b) of the Code defines the term person to include an officer or employee of a corporation, or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

The determination of who is the person under a duty to collect, account for, and pay over the employment and withholding taxes for wages paid to employees is especially dependent upon the facts of the case. See *United States v. Graham*, 309 F. 2d 210 (9th Cir. 1962); *Bauer v. United States*, 543 F. 2d 142 (Ct. Cl. 1976); *Feist v. United States*, 607 F. 2d 954 (Ct. Cl. 1979).

The term "person" includes an officer or employee, but does not exclude others. Its scope is illustrated rather than limited by the examples in section 6671(b) of the Code. Section 6672(a) is addressed to those persons who have responsibility for payment of the withheld taxes, who have knowledge of the tax delinquency and who have authority over the decision to pay or not to pay the taxes, not necessarily persons who have the duty of filling out the forms. Trustees can have this responsibility, knowledge and authority.

HOLDING

The trustee can be liable for unpaid employment and withholding taxes. The fact that a trustee is a volunteer member of the board of trustees does not in and of itself mean the trustee will or will not be deemed liable. The trustee's liability depends on whether he or she is found to meet the tests of responsibility and willfulness under section 6672 of the Code.

Section 6676.—Failure to Supply Identifying Numbers

Requirements for payers of interest, dividends, or patronage dividends that wish to submit magnetic tape files to the Service to verify the names and taxpayer identification numbers of payees. See Rev. Proc. 84-10, page 406.

---

26 CFR 301.6676-1: Penalty for failure to supply identifying number.

Proper identifying number to be used by banks in reporting interest payments credited to savings accounts after the death of the account owner. See Rev. Rul. 84-73, page 240.

Section 6692.—Failure in File Actuarial Report

26 CFR 301.6692-1: Failure to file actuarial report.

Whether failure to file an actuarial report results in penalty assessment under both sections 6692 and 6652(f) of the Code. See Rev. Rul. 84-54, page 260.

Section 6695.—Other Assessable Penalties With Respect to the Preparation of Income Tax Returns for Other Persons

26 CFR 1.6695-1: Other assessable penalties with respect to the preparation of income tax returns for other persons.

Return preparers; penalty; signature requirement. Tax consultants who fill out income tax returns, send back statements of necessary information to taxpayers, or review drafts prepared by taxpayers are income tax return preparers for purposes of the penalty for failure to sign returns under section 6695(b) of the Code.

Rev. Rul. 84-3

ISSUE

Does the penalty under section

6695(b) of the Internal Revenue Code for failure to sign an income tax return apply to tax consultants under the following situations?

FACTS

Situation 1. Taxpayer *A* submits books and records to consultant *B*, who fills out an income tax return and presents it to *A*. *A* files the return without making any changes.

Situation 2. *A* submits books and records to *B*, who sends back a statement of all necessary information, making it merely a mechanical process for *A* to fill out the return.

Situation 3. *A* submits a draft of a return to *B* to review in its entirety for both substantive correctness and mechanical accuracy. *B* recommends substantial changes. *A* adopts all the recommendations and fills out a return based on those recommendations.

Situation 4. *A* submits a signed return to *B* who thoroughly reviews it in its entirety for both substantive correctness and mechanical accuracy. Although *B* questioned certain entries, *B* is satisfied that the return was correct as submitted to *B* and makes no changes. *B* mails it to the Internal Revenue Service, pursuant to *A*'s instructions to do so if no changes were recommended.

In all situations, *B* does not sign *A*'s return as the preparer.

LAW AND ANALYSIS

Section 6695(b) of the Internal Revenue Code imposes a $25 penalty on any income tax return preparer required by regulations to sign a return or claim for refund who fails to do so, unless the failure is due to reasonable cause.

Under section 7701(a)(36) of the Code and section 301.7701-15 of the regulations, an "income tax return preparer" is defined as any person who prepares for compensation, or who employs one or more persons to prepare for compensation, all or a substantial portion of any return of tax or claim for refund under subtitle *A*. Those sections provide further that the preparation of a substantial portion of a return or claim for refund shall be treated as if it were the preparation of such return or claim for refund.

Section 1.6695-1(b)(1) of the Income Tax Regulations provides that an individual who is an income tax return preparer with respect to a return or claim for refund under subtitle A of the Code must manually sign the return in the appropriate place on the return after it is completed and before it is presented to the taxpayer for signature.

Section 1.6695-1(b)(5) of the regulations provides that the penalty under section 6695(b) of the Code will not be imposed on an individual solely because the individual is a preparer either under section 301.7701-15(a)(2) and (b) of the regulations on account of having given advice on specific issues of law or section 301.7701-15(b)(3) on account of having prepared another return that affects amounts reported on the return in question.

Under section 301.7701-15(a)(1) of the regulations, a person who furnishes to a taxpayer or other preparer sufficient information and advice so that completion of the return or claim for refund is largely a mechanical or clerical matter is considered a preparer, even though that person does not actually place or review placement of information on the return or claim for refund.

Section 301.7701-15(a)(2) of the regulations provides that a person who only gives advice on specific issues of law is not considered a preparer unless the advice is given with respect to events that have occurred at the time the advice is rendered and not given with respect to the consequences of contemplated actions, and the advice is directly relevant to the determination of the existence, characterization, or amount of an entry on a return or claim for refund.

Section 301.7701-15(b) of the regulations provides that only those persons who prepare all or a substantial portion of a return or claim for refund will be considered preparers of that return or claim for refund. Persons who render advice that is directly relevant to the determination of the existence, characterization, or amount of an entry on a return or claim for refund are regarded as having prepared that entry. Additionally, a preparer of one return may be considered the preparer of another return, if the entries on the prepared return are directly reflected on the other return.

A preparer cannot avoid the requirement to sign a return by, for example, sending "statements" or "drafts" of the return to a taxpayer. However, a preparer who makes a bona fide effort to sign a return will not be penalized for not doing so if the taxpayer disregards the preparer's attempts to present a signed return to the taxpayer.

HOLDINGS

Situation 1. *B* is an income tax return preparer with respect to *A*'s return under the specific language of section 7701(a)(36) of the Code. *B* is subject to the penalty because of the failure to sign the return after it was completed and before it was presented to *A* for signing.

Situation 2. *B* is an income tax return preparer with respect to *A*'s return under section 301.7701-15(a)(1) of the regulations. *B* does not alter his status as a return preparer by sending a "statement" or "draft" to *A*. Accordingly, *B* is required to ask *A* to submit the final form for *B*'s signature and will be subject to the penalty unless it is shown that *A* would not honor *B*'s request to be allowed to sign the return. *B* could discharge this obligation, however, by actually preparing a return, signing it, and then submitting it to *A*.

Situation 3. This is similar to situation 2 in that *B* is an income tax return preparer under section 301.7701-15(a)(1) of the regulations. Accordingly, *B* is required to ask *A* to submit the final form for *B*'s signature and will be subject to the penalty unless it is shown that such a request was made by *B* but not honored by *A*. As in *situation 2*, *B* can discharge this obligation by pre-

paring a return, signing it, and then submitting it to *A*.

Situation 4. *B* is an income tax return preparer with respect to *A*'s return under section 301.7701-15(a)(1) of the regulations. Because of *A*'s instructions to *B* to mail the return if no changes were made, *B* is deemed to have presented the return to *A* before mailing because *B* is obligated to return it to *A* if changes were made. *B* cannot avoid the duty to sign merely because of *A* having signed first. *B* is subject to the penalty for not signing the return.

Section 6698.—Failure to File Partnership Returns

Guidelines are provided under which partnerships with 10 or fewer partners will not be subject to the penalty under section 6698 of the Code for not filing a partnership return. Rev. Proc. 81-11 is superseded. See Rev. Proc. 84-35, page 509.

Chapter 75.—Crimes, Other Offenses, and Forfeitures
Subchapter A.—Crimes
Part I.—General Provisions

Section 7216.—Disclosure or Use of Information by Preparers of Returns

26 CFR 301.7216-2: Disclosure or use without formal consent of taxpayer.

Disclosure of information to grand juries by return preparers. See T.D. 7948, page 238.

Chapter 76.—Judicial Proceedings
Subchapter B.—Proceedings of Taxpayers and Third Parties

Section 7428.—Declaratory Judgments Relating to Status and Classification of Organizations Under Section 501(c)(3), etc.

Procedures of the Service with regard to applications for recognition of exemption from federal income tax under sections 501 and 521 of the Code and with respect to revocation or modification of exemption rulings and determination letters. See Rev. Proc. 84-46, page 541.

Section 7430.—Awarding of Court Costs and Certain Fees

26 CFR 301.7430-1: Exhaustion of administrative remedies.

T.D. 7950

TITLE 26—INTERNAL REVENUE.—CHAPTER 1, SUBTITLE A—PART 301—PROCEDURE AND ADMINISTRATION

Exhaustion of Administrative Remedies

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to the circumstances in which a party normally will be considered to have exhausted the administrative remedies available within the Internal Revenue Service for purposes of the recovery of court costs and certain fees in a civil tax proceeding brought in a court of the United States (including the Tax Court). Changes to the applicable tax law were made by the Tax Equity and Fiscal Responsibility Act of 1982 [Pub. L. 97-248, 1982-2 C.B. 462]. The regulations apply to parties to civil tax proceedings and provide them with guidance concerning circumstances in which the Internal Revenue Service normally will consider a party's administrative remedies exhausted.

DATES: The regulations are effective on the date this document is published in the FEDERAL REGISTER and apply to civil tax proceedings commenced after February 28, 1983, and before January 1, 1986.

FOR FURTHER INFORMATION CONTACT: C. Scott McLeod of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention, CC:LR:T, 202-566-3288 (not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On March 25, 1983, the Federal Register published proposed amendments to the Regulations on Procedure and Administration (26 CFR Part 301) under section 7430 of the Internal Revenue Code of 1954 (48 FR 12560) [LR-11-83, 1983-1 C.B. 1066]. The amendments were proposed to reflect the changes made by section 292(a) of the Tax Equity and Fiscal Responsibility Act of 1982 (96 Stat. 572) [Pub. L. 97-248, 1982-2 C.B. 462, 546]. After consideration of all comments, the proposed amendments are adopted as revised by this Treasury decision.

In general, the rules in this Treasury decision are the same as those in the notice of proposed rulemaking. Those rules are explained in the preamble of the notice of proposed rulemaking under the heading, "Supplementary Information." Changes to those rules and public comments on the proposed rules are summarized below.

CHANGES AND PUBLIC COMMENTS

Several comments objected to the rule providing that a party's administrative remedies are not exhausted unless the party agrees under section 6501(c)(4) to extend the time for an assessment of tax if necessary to provide the Appeals office with a reasonable time period to consider the tax matter. The comments suggested that taxpayers should not be required to choose between the right to recover costs under section 7430 and the right to be free from assessments after a 3-year period.

The final regulations adopt the rule as proposed. The provisions requiring exhaustion of administrative remedies and permitting extension of the period for assessment of tax are complementary and should be applied in conjunction. The former is "intended to preserve the role that the administrative appeals process plays in the resolution of tax disputes" and to "prevent taxpayers from recovering litigation costs when the litigation might have been avoided or reduced in scope through use of administrative remedies." Technical Explanation of Committee Amendment, 127 Cong. Rec. §15594 (daily ed. Dec. 16, 1981). The latter

makes the administrative resolution of disputes possible when the 3-year limitation period does not provide sufficient time. The Service believes that, in these circumstances, the extension of the period for assessment is an essential part of the administrative appeals process. It is the Service's experience that many disputes are resolved during the extended period of limitations. Accordingly, a taxpayer who refuses to consent to an extension should not be considered to have exhausted administrative remedies.

Some comments expressed concern that the rule might lead to unreasonable delays in the resolution of tax disputes. The prompt resolution of tax disputes is also a concern of the Service and it is the Service's policy to request an extension only in cases involving unusual circumstances and to keep the number of extensions to an absolute minimum. Rev. Proc. 57-6, 1957-1 C.B. 729.

Some comments objected to the definition of participation in an Appeals office conference, which requires disclosure of all relevant information regarding the party's tax matter. The final regulations generally retain this definition, but now require the disclosure only of all information the party knew or should have known was relevant at the time of the Appeals office conference. The Service believes this definition is consistent with the legislative history, which states, "A taxpayer who actively participates in and discloses all relevant information during the administrative stages of the case will be considered to have exhausted the available administrative remedies. Failure to so participate and disclose information may be sufficient grounds for determining that the taxpayer has not exhausted administrative remedies." Technical Explanation of Committee Amendment, 127 Cong. Rec. §15594 (daily ed. Dec. 16, 1981).

Some comments questioned the result provided in example 10 of the regulations in which the issuance of a revenue ruling, private letter ruling or technical advice covering the same fact situation but taking a contrary position did not constitute notification by the Internal Revenue Service that the pursuit of administrative remedies is unnecessary. The final regulations have not changed example 10 as proposed because it is the experience of the Service that some disputes are resolved in Appeals office conferences despite such contrary pronouncements.

Two comments asked for clarification of the treatment given to late requests for an Appeals office conference. In the absence of extenuating circumstances, the Service denies requests for conferences received after the issuance of a statutory notice of deficiency or disallowance. Accordingly, the final regulations provide that an Appeals office conference must be requested prior to the issuance of a statutory notice of deficiency in the case of a petition in the Tax Court or a statutory notice of disallowance in the case of a civil action for refund. In the rare circumstance that an Appeals office conference is granted after the issuance of the statutory notice, however, the party will be considered to have exhausted the administrative remedies available within the Service if the party participates in the conference prior to filing a civil action for refund in a court of the United States or a petition in the Tax Court.

The proposed regulations provided that a party's administrative remedies are considered exhausted if the party did not receive a preliminary notice of proposed deficiency or disallowance before receipt of the statutory notice of deficiency or disallowance. The final regulations adopt this position with three modifications. First, the final regulations change the term "receipt" to "issuance" because a notice of deficiency mailed in accordance with section 6212(b) is sufficient even if it is not received by the taxpayer. Second, the final regulations make it clear that this rule does not apply if the failure of a party to receive a preliminary notice of deficiency (or disallowance) is due to the actions of the party. The final regulations provide that a failure to receive such a preliminary notice is due to the actions of a party if the party fails to supply requested information or a current mailing address to the district director or service center having jurisdiction over the tax matter. Third, the final regulations provide that in the case of a petition in the Tax Court where the party did not receive a preliminary notice of deficiency prior to the issuance of a statutory notice of deficiency, a party's administrative remedies will be considered exhausted only if the party does not refuse to participate in an Appeals office conference while the case is in docketed status.

Finally, a comment requested guidance on matters outside the scope of these regulations, such as the meaning of the terms, "prevailing party," "multiple actions," and "reasonable litigation costs." The final regulations do not address these matters.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that this rule is not a major rule as defined in Executive Order 12291. Accordingly, a Regulatory Impact Analysis is not required. Although a notice of proposed rulemaking soliciting public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirements of 5 U.S.C. 553 do not apply. Accordingly, these regulations are not subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

DRAFTING INFORMATION

The principal author of these regulations was Paul H. Weisman of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations on matters of both substance and style.

* * * * *

Amendments to the regulations

The amendments to 26 CFR 301

are as follows:

Paragraph. 26 CFR Part 301 is amended by adding a new §301.7430-1 at the appropriate place. The new §301.7430-1 reads as set forth below:

§301.7430-1 Exhaustion of administrative remedies.

(a) *In general.* Section 7430(b)(2) provides that a court shall not award reasonable litigation costs in any civil tax proceeding under section 7430(a) unless the court determines that the prevailing party has exhausted the administrative remedies available to the party within the Internal Revenue Service. This section sets forth the circumstances in which the Internal Revenue Service normally will consider such administrative remedies exhausted.

(b) *Tax, penalty and addition to tax*—(1) *In general.* A party has not exhausted its administrative remedies available within the Internal Revenue Service with respect to any tax matter for which an Appeals office conference is available under §§601.105 and and 601.106 of the Statement of Procedural Rules (26 CFR Part 601) (other than a tax matter described in paragraph (c)) unless—

(i) The party, prior to filing a petition in the Tax Court or a civil action for refund in a court of the United States—

(A) Participates, either in person or through a qualified representative described in §601.502 of the Statement of Procedural Rules, in an Appeals office conference; and

(B) Agrees under section 6501 (c)(4) to extend the time for an assessment of tax if necessary to provide the Appeals office with a reasonable time period to consider the tax matter; or

(ii) If no Appeals office conference is granted, the party, prior to the issuance of a statutory notice of deficiency in the case of a petition in the Tax Court or the issuance of a statutory notice of disallowance in the case of a civil action for refund in a court of the United States—

(A) Requests an Appeals office conference in accordance with §§601.105 and 601.106 of the Statement of Procedural Rules;

(B) Files a written protest if a written protest is required to obtain an Appeals office conference; and

(C) Agrees under section 6501 (c)(4) to extend the time for an assessment of tax if necessary to provide the Appeals office with a reasonable time period to consider the tax matter.

(2) *Participates.* For purposes of this paragraph a party or qualified representative of the party described in §601.502 of the Statement of Procedural Rules participates in an Appeals office conference if the party or qualified representative discloses to the Appeals office all relevant information regarding the party's tax matter to the extent such information and its relevance were known or should have been known to the party or qualified representative at the time of such conference.

(c) *Revocation of a determination that an organization is described in section 501(c)(3).* A party has not exhausted its administrative remedies available within the Internal Revenue Service with respect to a revocation of a determination that it is an organization described in section 501(c)(3) unless, prior to filing a declaratory judgment action under section 7428, the party has exhausted its administrative remedies in accordance with section 7428, and any regulations, rules, and revenue procedures thereunder.

(d) *Actions involving summonses, levies, liens, jeopardy and termination assessments, etc.* (1) A party has not exhausted its administrative remedies available within the Internal Revenue Service with respect to a matter other than one to which paragraph (b) or (c) applies (including summonses, levies, liens and jeopardy and termination assessments) unless, prior to filing an action in a court of the United States—

(i) The party submits to the district director of the district having jurisdiction over the dispute a written claim for relief reciting facts and circumstances sufficient to show the nature of the relief requested and that the party is entitled to such relief; and

(ii) The district director has denied the claim for relief in writing or failed to act on the claim within a reasonable period after such claim is received by the district director.

(2) For purposes of this paragraph, a reasonable period is—

(i) The 5-day period preceding the filing of a petition to quash an administrative summons issued under section 7609;

(ii) The 5-day period preceding the filing of a wrongful levy action in which a demand for the return of property is made;

(iii) The period expressly provided for administrative review of the party's claim by an applicable provision of the Internal Revenue Code that expressly provides for the pursuit of administrative remedies (such as the 16-day period provided under section 7429(b)(1)(B) relating to review of jeopardy assessment procedures); or

(iv) The 60-day period following receipt of the claim for relief in all other cases.

(e) *Tax matter.* For purposes of this section "tax matter" means a matter in connection with the determination, collection or refund of any tax, interest or penalty under the Internal Revenue Code.

(f) *Exception to requirement that party pursue administrative remedies.* A party's administrative remedies within the Internal Revenue Service are considered exhausted for purposes of section 7430 if—

(1) The Internal Revenue Service notifies the party in writing that the pursuit of administrative remedies in accordance with paragraphs (b), (c) and (d) is unnecessary.

(2) In the case of a petition in the Tax Court—

(i) The party did not receive a preliminary notice of proposed deficiency (30-day letter) prior to the issuance of the statutory notice of deficiency and the failure to receive such notice was not due to actions of the party (such as a refusal to sign an extension of time for assessment or failure to supply requested information or a

current mailing address to the district director or service center having jurisdiction over the tax matter); and

(ii) The party does not refuse to participate in an Appeals office conference while the case is in docketed status.

(3) In the case of a civil action for refund involving a tax matter other than a tax matter described in paragraph (4), the party—

(i) Exhausted the administrative remedies available within the Internal Revenue Service with respect to the tax matter prior to issuance of a statutory notice of deficiency with respect to such tax matter.

(ii) Did not receive a preliminary notice of proposed disallowance prior to issuance of a statutory notice of disallowance and the failure to receive such notice was not due to actions of the party (such as the failure to supply requested information or a current mailing address to the district director or service center having jurisdiction over the tax matter); or

(iii) Did not receive either written or oral notification that an Appeals office conference had been granted within six months from the date of the filing of the claim for refund and the failure to receive such notice was not due to actions of the party (such as the failure to supply requested information or a current mailing address to the district director or service center having jurisdiction over the tax matter).

(4) In the case of a civil action for refund involving a tax matter under sections 6703 and 6694—

(i) The party did not receive a preliminary notice of proposed disallowance prior to issuance of a statutory notice of disallowance and the failure to receive such notice was not due to actions of the party (such as the failure to supply requested information or a current mailing address to the district director or service center having jurisdiction over the tax matter); or

(ii) During the six-month period following the day on which the party's claim for refund is filed, the party's claim for refund is not denied and there is no Appeals office conference with respect to the claim in which the party could participate (within the meaning of paragraph (b)).

(g) *Examples.* The provisions of this section may be illustrated by the following examples:

Example (1). Taxpayer A exchanges property held for investment for similar property and claims that the gain on the exchange is not recognized under section 1031. The Internal Revenue Service conducts a field examination and determines that there has not been a like-kind exchange. No agreement is reached on the matter and a preliminary notice of proposed deficiency (30-day letter) is sent to A. A does not file a request for an Appeals office conference. A pays the amount of the proposed deficiency and files a claim for refund. A preliminary notice of proposed disallowance is issued by the Internal Revenue Service. A does not request an Appeals office conference and, instead, files a civil action for refund in a United States District Court. A has not exhausted the administrative remedies available within the Internal Revenue Service.

Example (2). Assume the same facts as in example (1) except that, after receiving the preliminary notice of proposed deficiency (30-day letter) A files a request for an Appeals office conference. No agreement is reached at the conference. A pays the amount of the proposed deficiency and files a claim for refund. A preliminary notice of proposed disallowance is issued by the Internal Revenue Service. A does not request an Appeals office conference and files a civil action for refund in a United States District Court. A has exhausted the administrative remedies available within the Internal Revenue Service.

Example (3). Assume the same facts as in example (1) except A first requests an Appeals office conference after A's receipt of the preliminary notice of proposed disallowance. A is granted an Appeals office conference and A participates in such conference. A has exhausted the administrative remedies within the Internal Revenue Service.

Example (4). Taxpayer B receives a preliminary notice of proposed deficiency (30-day letter) after completion of a field examination. B requests and is granted an Appeals office conference. The Appeals office, to obtain a reasonable period of time to consider the tax matter, requests that B sign Form 872 to extend the time for an assessment of tax. B's administrative remedies are exhausted only if B signs Form 872.

Example (5). Taxpayer M receives a preliminary notice of proposed deficiency (30-day letter). M submits a written protest and files a request for an Appeals office conference. The Appeals office sends M a written statement that M will not be granted an Appeals office conference. M is considered to have exhausted the administrative remedies available within the Internal Revenue Service.

Example (6). Taxpayer J receives a preliminary notice of proposed deficiency (30-day letter) and a written statement that J need not file a written protest or request an Appeals office conference since a conference will not be granted. J files a petition in the Tax Court after receiving the statutory notice of deficiency. J's administrative remedies available within the Internal Revenue Service are considered exhausted.

Example (7). On January 2, the Internal Revenue Service serves a summons issued under section 7609 on third-party recordkeeper B to produce records of taxpayer R. On January 5 notice of the summons is given to R. The last day on which R may file a petition in a court of the United States to quash the summons is January 25. Thereafter, R files a written claim for relief with the district director having jurisdiction over the matter together with a copy of the summons. The claim and copy are received by the district director on January 20. On January 25, R files a petition to quash the summons. R's administrative remedies available within the Internal Revenue Service are considered exhausted.

Example (8). A notice of Federal tax lien is filed in County M on March 3, in the name of R. On April 2, R pays the entire liability thereby satisfying the lien. On May 2, R files a written claim with the district director having jurisdiction over the tax matter demanding a certificate of release of lien. Thereafter, R provides the district director with a copy of the notice of Federal tax lien and a copy of the cancelled check in satisfaction of the lien, which are received by the district director on May 15. R's claim is deemed to have been filed on May 15. Accordingly, R is considered to have exhausted R's administrative remedies with respect to an action commenced after July 14 (60 days following the filing of the claim for relief on May 15).

Example (9). A revenue officer seizes an automobile to effect collection of P's liability on January 10. On January 22 R submits a written claim to the district director having jurisdiction over the tax matter claiming that R purchased the automobile from P for an adequate consideration before the tax lien against P arose, and demands immediate return of the automobile. A copy of the title certificate and R's cancelled check are submitted with the claim. The claim is received by the district director on January 25. On January 30, R brings a wrongful levy action. R is considered to have exhausted the administrative remedies available within the Internal Revenue Service.

Example (10). The Internal Revenue Service issues a revenue ruling which holds that ear piercing does not affect a function or structure of the body within the meaning of section 213 and therefore is not deductible. Taxpayer E deducts the costs of ear piercing and following an examination, receives a preliminary notice of proposed deficiency (30-day letter) disallowing the treatment of such costs. Because of the revenue ruling, E believes a conference would not aid in the resolution of the tax dispute. Accordingly, E does not request an Appeals office conference. After receiving a statutory notice of deficiency, E files a petition in the Tax Court. E has not exhausted the administrative remedies available within the Internal Revenue Service. The issuance of a revenue ruling covering the same fact situation but taking a contrary position does not constitute notification by the Internal Revenue Service to E that the pursuit of administrative remedies is unnecessary. Similarly, the issuance to E of a private letter ruling or technical advice does not constitute notification by the Internal Revenue Service that the pursuit of administrative remedies is unnecessary.

Example (11). Taxpayer G is assessed a pen-

alty under section 6701 for siding in the understatement of the tax liability of another person. G pays 15% of the penalty in accordance with section 6703 and files a claim for refund on June 15. G is not issued a preliminary notice of proposed disallowance and thus cannot participate in an Appeals office conference within six months of the filing of the claim for refund. G brings an action on December 23, G has exhausted G's administrative remedies.

Example (12). Taxpayer H receives a preliminary notice of proposed deficiency (30-day letter) and neither requests nor participates in an Appeals office conference. The Service then issues a statutory notice of deficiency (90-day letter). Upon receiving the statutory notice, H requests an Appeals office conference. The Appeals office informs H that an Appeals office conference will not be granted. H files a petition in the Tax Court after receiving notice of the denial of a conference. H has not exhausted the administrative remedies available within the Internal Revenue Service because the request for an Appeals office conference was made after the issuance of the statutory notice.

(h) *Effective date.* Section 7430 and the regulations thereunder apply to civil proceedings described in section 7430 filed in a court of the United States (including the Tax Court) after February 28, 1983, and before January 1, 1986.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved March 13, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on April 16, 1984, 8:45 a.m., and published in the issue of the Federal Register for April 17, 1984, 49 F.R. 15074)

Ct. D. 2026

SUPREME COURT
OF THE
UNITED STATES
No. 82-687

United States, Petitioner,
v.
Arthur Young & Company et al.
[465 U.S.]

On Writs of Certiorari to the
United States Court of Appeals
for the Second Circuit
[March 21, 1984]

Respondent certified public accountant firm, as the independent auditor for respondent corporation, was responsible for reviewing the corporation's financial statements as required by the federal securities laws. In the course of reviewing these statements, the accounting firm verified the corporation's statement of its contingent tax liabilities, and, in so doing, prepared tax accrual workpapers relating to the evaluation of the corporation's reserves for such liabilities. When a routine audit by the Internal Revenue Service (IRS) to determine the corporation's income tax liability for certain years revealed that the corporation had made questionable payments from a "special disbursement account," the IRS instituted a criminal investigation of the corporation's tax returns. In that process, the IRS, pursuant to §7602 of the Internal Revenue Code of 1954—which authorizes the Secretary of the Treasury to summon and "examine any books, papers, records, or other data which may be relevant or material" to a particular tax inquiry—issued a summons to the accounting firm requiring it to make available to the IRS all of its files relating to the corporation, including its tax accrual workpapers. When the corporation instructed the accounting firm not to comply with the summons, the IRS commenced an enforcement action in Federal District Court, which, upon finding that the tax accrual workpapers were relevant to the IRS investigation within the meaning of §7602 and refusing to recognize an accountant-client privilege that would protect the workpapers, ordered the summons enforced. The Court of Appeals affirmed in part and reversed in part. While agreeing that the workpapers were relevant to the IRS investigation, the court held that the public interest in promoting full disclosure to public accountants, and in turn ensuring the integrity of the securities markets, required protection under a work-product immunity doctrine for the work that independent auditors perform for publicly owned corporations. Accordingly, because it found that the IRS had not made a sufficient showing of need to overcome the immunity and was not seeking to prove fraud on the corporation's part, the court refused to enforce the summons insofar as it sought the tax accrual workpapers.

Held:

1. The tax accrual workpapers are relevant within the meaning of §7602. As §7602's language indicates, an IRS summons is not to be judged by the relevance standards used in deciding whether to admit evidence in court. The language "may be" reflects Congress' intention to allow the IRS to obtain items of even *potential* relevance to the ongoing investigation, without reference to its admissibility. As a discovery tool, a §7602 summons is critical to the IRS's investigative and enforcement functions. That the tax accrual workpapers are not actually used in the preparation of tax returns by the taxpayer or its accountants does not bar a finding of relevance within the meaning of §7602.

2. The tax accrual workpapers are not protected from disclosure under §7602.

(a) While §7602 is subject to traditional privileges and limitations, any other restrictions upon the IRS summons power should be avoided "absent unambiguous directions from Congress." *United States* v. *Bisceglia*, 420 U.S. 141, 150 [1975-1 C.B. 379]. There are no such unambiguous directions that would justify a judicially created work-product immunity doctrine for tax accrual workpapers summoned under §7602. Indeed, §7602 reflects a congressional policy *favoring disclosure* of all information relevant to a legitimate IRS inquiry.

(b) In light of *Couch* v. *United States*, 409 U.S. 322 [1973-1 C.B. 609], which held that no confidential accountant-client privilege exists, the Court of Appeals' creation of a work-product privilege was misplaced and conflicts with Congress' clear intent.

(c) Nor is a work-product immunity for accountants' tax accrual workpapers a fitting analogue to the attorney work-product doctrine. An independent certified public accountant performs a different role from an attorney whose duty, as his client's confidential adviser and advocate, is to present the client's case in the most favorable possible light. In certifying the public reports that depict a corporation's financial status, the accountant performs a *public* responsibility transcending any employment relationship with the client, and owes allegiance to the corporation's creditors and stockholders, as well as to the investing public.

(d) The integrity of the securities markets will not suffer absent some protection for accountants' tax accrual workpapers. The inde-

pendent auditor's obligation to serve the public interest assures that that integrity will be preserved, without the need for a work-product immunity for such workpapers.

(e) Nor does enforcement of an IRS summons for accountants' tax accrual workpapers give the IRS an unfair advantage in negotiating and litigating tax controversies. Since the Securities and Exchange Commission or a private plaintiff in securities litigation would be entitled to obtain the tax accrual workpapers at issue, there is no good reason, in light of §7602's broad congressional command, for conferring lesser authority upon the IRS.

677 F. 2d 211, affirmed in part, reversed in part, and remanded.

BURGER, C. J., delivered the opinion for a unanimous Court.

CHIEF JUSTICE BURGER delivered the opinion of the Court.

We granted certiorari to consider whether tax accrual workpapers prepared by a corporation's independent certified public accountant in the course of regular financial audits are protected from disclosure in response to an Internal Revenue Service summons issued under §7602 of the Internal Revenue Code of 1954 (Code), 26 U.S.C. §7602.

I

A

Respondent Arthur Young & Co. is a firm of certified public accountants. As the independent auditor for respondent Amerada Hess Corp., Young is responsible for reviewing the financial statements prepared by Amerada as required by the federal securities laws.[1] In the course of its review of these financial statements, Young verified Amerada's statement of its contingent tax liabilities, and, in so doing, prepared the tax accrual workpapers at issue in this case. Tax accrual workpapers are documents and memoranda relating to Young's evaluation of Amerada's reserves for contingent tax liabilities. Such workpapers sometimes contain information pertaining to Amerada's financial transactions, identify questionable positions Amerada may have taken on its tax returns, and reflect Young's opinions regarding the validity of such positions. See *infra*, at ——.

In 1975 the Internal Revenue Service began a routine audit to determine Amerada's corporate income tax liability for the tax years 1972 through 1974. When the audit revealed that Amerada had made questionable payments of $7830 from a "special disbursement account," the IRS instituted a criminal investigation of Amerada's tax returns as well. In that process, pursuant to Code §7602, 26 U.S.C. §7602,[2] the IRS issued an administrative summons to Young, which required Young to make available to the IRS all its Amerada files, including its tax accrual workpapers. Amerada instructed Young not to comply with the summons.

The IRS then commenced this enforcement action against Young in the United States District Court for the Southern District of New York. See 26 U.S.C. §7604.[3] Amerada intervened, as permitted by 26 U.S.C. §7609(b)(1).[4] The District Court found that Young's tax accrual workpapers were relevant to the IRS investigation within the meaning of §7602 and refused to recognize an accountant-client privilege that would protect the workpapers. 496 F. Supp. 1152, 1156-1157 (SDNY 1980). Accordingly, the District Court ordered the summons enforced.

B

A divided United States Court of Appeals for the Second Circuit affirmed in part and reversed in part. 677 F. 2d 211 (1982). The Court of Appeals majority agreed with the District Court that the tax accrual workpapers were relevant to the IRS investigation of Amerada, but held that the public interest in promoting full disclosure to public accountants, and in turn ensuring the integrity of the securities markets, required protection for the work that such independent auditors perform for publicly owned companies. Drawing upon *Hickman* v. *Taylor*, 329 U.S. 495 (1947), and Fed. Rule Civ. Proc. 26(b)(3), the Court of Appeals fashioned a work-product immunity doctrine for tax accrual workpapers prepared by independent auditors in the course of compliance with the federal securities laws. Because the IRS had not demonstrated a sufficient showing of need to overcome the immunity and was not seeking to prove fraud on Amerada's part, the Court of Appeals refused to enforce the summons insofar as it sought Young's tax accrual workpapers.

One judge dissented from that portion of the majority opinion creating a work-product immunity for accountants' tax accrual workpapers. The dissent viewed the statutory sum-

[1] See, *e.g.*, Securities Exchange Act of 1934, §12(b)(1)(J)-(L), 48 Stat. 892, 15 U.S.C. §78*l*(b)(1)(J)-(L); Regulation S-X, 17 CFR §210 *et seq.* (1983). See also n. 5, *infra*.

[2] Section 7602 of the Code, 26 U.S.C. §7692, provides as follows:

"For the purpose of ascertaining the correctness of any return, making a return where none has been made, determining the liability of any person for any internal revenue tax or the liability at law or in equity of any transferee or fiduciary of any person in respect of any internal revenue tax, or collecting any such liability, the Secretary is authorized—

(1) To examine any books, papers, records, or other data which may be relevant on material to such inquiry;

(2) To summon the person liable for tax or required to perform the act, or any officer or employee of such person, or any person having possession, custody, or care of books of account containing entries relating to the business of the person liable for tax or required to perform the act, or any other person the Secretary may deem proper, to appear before the Secretary at a time and place named in the summons and to produce such books, papers, records, or other data, and to give such testimony, under oath, as may be relevant or material to such inquiry; and

(3) To take such testimony of the person concerned, under oath, as may be relevant or material to such inquiry."

[3] Section 7604 of the Code, 26 U.S.C. §7604, provides that:

"If any person is summoned under the internal revenue laws to appear, to testify, or to produce books, papers, records, or other data, the United States district court for the district in which such person resides or is found shall have jurisdiction by appropriate process to compel such attendance, testimony, or production of books, papers, records or other data."

[4] The IRS summons served upon Young sought the production of records concerning the business transactions and affairs of Young's client, Amerada. Accordingly, under Code §7609(a)(1), 26 U.S.C. §7609(a)(1), Amerada was entitled to notice of the IRS summons. Section 7609(b)(1) provides that "any person who is entitled to notice of a summons under subsection (a) shall have the right to intervene in any proceeding with respect to the enforcement of such summons under section 7604."

mons authority, 26 U.S.C. §7602, as reflecting a congressional decision in favor of the disclosure of such workpapers. The dissent also rejected the policy justifications asserted by the majority for an accountant work-product immunity, reasoning that such protection was not necessary to ensure the integrity of the independent auditor's certification of a corporation's financial statements.

We granted certiorari, 465 U.S. ____ (1983). We affirm in part and reverse in part.

II

Corporate financial statements are one of the primary sources of information available to guide the decisions of the investing public. In an effort to control the accuracy of the financial data available to investors in the securities markets, various provisions of the federal securities laws require publicly held corporations to file their financial statements with the Securities and Exchange Commission.[5] Commission regulations stipulate that these financial reports must be audited by an independent certified public accountant in accordance with generally accepted auditing standards.[6] By examining the corporation's books and records, the independent auditor determines whether the financial reports of the corporation have been prepared in accordance with generally accepted accounting principles.[7] The auditor then issues an opinion as to whether the financial statements, taken as a whole, fairly present the financial position and operations of the corporation for the relevant period.[8] See n. 13, *infra*.

An important aspect of the auditor's function is to evaluate the adequacy and reasonableness of the corporation's reserve account for contingent tax liabilities. This reserve account, known as the tax accrual account, the noncurrent tax account, or the tax pool, represents the amount set aside by the corporation to cover adjustments and additions to the corporation's actual tax liability. Additional corporate tax liability may arise from a wide variety of transactions.[9] The presence of a reserve account for such contingent tax liabilities reflects the corporation's awareness of, and preparedness for, the possibility of an assessment of additional taxes.

The independent auditor draws upon many sources in evaluating the sufficiency of the corporation's tax accrual account. Initially, the corporation's books, records, and tax returns must be analyzed in light of the relevant Code provisions, Treasury Regulations, Revenue Rulings, and case law. The auditor will also obtain and assess the opinions, speculations, and projections of management with regard to unclear, aggressive, or questionable tax positions that may have been taken on prior tax returns. In exploring the tax consequences of certain transactions, the auditor often engages in a "worst-case" analysis in order to ensure that the tax accrual account accurately reflects the full extent of the corporation's exposure to additional tax liability. From this conglomeration of data, the auditor is able to estimate the potential cost of each particular contingency, as well as the probability that the additional liability may arise.

The auditor's tax accrual workpapers record this process of examination and analysis. Such workpapers may document the auditor's interviews with corporate personnel, judgments on questions of potential tax liability, and suggestions for alternative treatments of certain transactions for tax purposes. Tax accrual workpapers also contain an overall evaluation of the sufficiency of the corporation's reserve for contingent tax liabilities, including an item-by-item analysis of the corporation's potential exposure to additional liability. In short, tax accrual workpapers pinpoint the "soft spots" on a corporation's tax return by highlighting those areas in which the corporate taxpayer has taken a position that may, at some later date, require the payment of additional taxes.

III

In seeking access to Young's tax accrual workpapers, the IRS exercised the summons power conferred by Code §7602, 26 U.S.C. §7602, which authorizes the Secretary of the Treasury to summon and "examine any books, papers, records, or other data which may be relevant or material" to a particular tax inquiry.[10] The Dis-

[5] See Securities Act of 1933, Schedule A (25)-(27), 48 Stat. 88, 15 U.S.C. §77aa (filing of audited financial statement prior to registration of new stock issue); Securities Exchange Act of 1934, §§12(b)(1)(J)-(L), 12(g)(1), 48 Stat. 892, 15 U.S.C. §§78*l*(b)(1)(J)-(L), 78*l*(g)(1) (filing of audited financial statement prior to listing securities on an exchange); Securities Act of 1934, §§13(a)(2), 13(b), 48 Stat. 894, 15 U.S.C. §§78m(a)(2); 17 CFR §§249.310, 249.460 (1983) (filing of annual reports); Securities Exchange Act of 1934, §14, 48 Stat. 895, 15 U.S.C. §78n; Schedule 14A, Item 15, 17 CFR §240.14a-101 (1983) (filing of audited financial statement in connection with proxy and information statements).

[6] Regulation S-X, 17 CFR §210 *et seq.* (1983), prescribes the qualifications of accountants and the contents of the accountants' reports that must be submitted with corporate financial statements. In particular, 17 CFR §210.1-02(d) (1983) requires that the financial statements of a public corporation must be audited by an accountant "in accordance with generally accepted auditing standards." "Generally accepted auditing standards" are promulgated by a committee of the public accounting profession's national organization, the American Institute of Certified Public Accountants (AICPA). See 1 AICPA Professional Standards (CCH) §150.02 (1972).

[7] See 1 AICPA, Statement on Auditing Standards §110.01 (1972). Promulgated by the accounting profession's Financial Accounting Standards Board, "generally accepted accounting principles" are the conventions, rules, and procedures that define accepted accounting practices. See W. Meigs, E. Larsen, & R. Meigs, Principles of Auditing 25-26 (5th ed. 1973); H. Stettler, Auditing Principles 12-16 (5th ed. 1982).

[8] See 1 AICPA Professional Standards (CCH) §509 (1974).

[9] For example, the characterization of the proceeds of a sale as capital gain instead of ordinary income, the claiming of an investment tax credit, and the attribution of a transaction to a future tax year are decisions requiring judgment calls in gray areas of the Code, any one of which might result in a recomputation of the corporation's outstanding tax liability.

[10] In *United States* v. *Powell*, 379 U.S. 48 (1964) [1965-1 C.B. 547], the Court refused to impose a probable cause requirement in connection with the enforcement of an IRS summons under §7602. Instead, the Court held that the IRS need show only "that the investigation will be conducted pursuant to a legitimate purpose, *that the inquiry may be relevant to the purpose*, that the information sought is not already within the Commissioner's possession, and that the administrative steps required by the Code have been followed. . . ." *Id.*, at 57-58 (emphasis added).

trict Court and the Court of Appeals determined that the tax accrual workpapers at issue in this case satisfied the relevance requirement of §7602, because they "might have thrown light upon" the correctness of Amerada's tax return.[11] Because the relevance of tax accrual workpapers is a logical predicate to the question whether such workpapers should be protected by some form of work-product immunity, we turn first to an evaluation of the relevance issue.[12] We agree that such workpapers are relevant within the meaning of §7602.

As the language of §7602 clearly indicates, an IRS summons is not to be judged by the relevance standards used in deciding whether to admit evidence in federal court. Cf. Fed. Rule Evid. 401. The language "may be" reflects Congress' express intention to allow the IRS to obtain items of even *potential* relevance to an ongoing investigation, without reference to its admissibility. The purpose of Congress is obvious; the Service can hardly be expected to know whether such data will in fact be relevant until it is procured and scrutinized. As a tool of discovery, the §7602 summons is critical to the investigative and enforcement functions of the IRS, see *United States* v. *Powell*, 379 U.S. 48, 57 (1964) [1965-1 C.B. 547]; the Service therefore should not be required to establish that the documents it seeks are actually relevant in any technical, evidentiary sense.

That tax accrual workpapers are not actually used in the preparation of tax returns by the taxpayer or its own accountants does not bar a finding of relevance within the meaning of §7602. The filing of a corporate tax return entails much more than filling in the blanks on an IRS form in accordance with undisputed tax principles; more likely than not, the return is a composite interpretation of corporate transactions made by corporate officers in the light most favorable to the taxpayer. It is the responsibility of the IRS to determine whether the corporate taxpayer in completing its return has stretched a particular tax concept beyond what is allowed. Records that illuminate any aspect of the return—such as the tax accrual workpapers at issue in this case—are therefore highly relevant to legitimate IRS inquiry. The Court of Appeals acknowledged this: "It is difficult to say that the assessment by the independent auditor of the correctness of positions taken by the taxpayer in his return would not throw 'light upon' the correctness of the return." 677 F.2d, at 219. We accordingly affirm the Court of Appeals' holding that Young's tax accrual workpapers are relevant to the IRS investigation of Amerada's tax liability.

IV

A

We now turn to consider whether tax accrual workpapers prepared by an independent auditor in the course of a routine review of corporate financial statements should be protected by some form of work-product immunity from disclosure under §7602. Based upon its evaluation of the competing policies of the federal tax and securities laws, the Court of Appeals found it necessary to create a so-called privilege for the independent auditor's workpapers.

Our complex and comprehensive system of federal taxation, relying as it does upon self-assessment and reporting, demands that all taxpayers be forthright in the disclosure of relevant information to the taxing authorities. Without such disclosure, and the concomitant power of the Government to compel disclosure, our national tax burden would not be fairly and equitably distributed. In order to encourage effective tax investigations, Congress has endowed the IRS with expansive information-gathering authority; §7602 is the centerpiece of that congressional design. As we noted in *United States* v. *Bisceglia*, 420 U.S. 141, 146 (1975) [1975-1 C.B. 379]:

"The purpose of [§7602] is not to accuse, but to inquire. Although such investigations unquestionably involve some invasion of privacy, they are essential to our self-reporting system, and the alternatives could well involve far less agreeable invasions of house, business, and records."

Similarly, we noted in *United States* v. *Euge*, 444 U.S. 707, 711 (1980) [1980-1 C.B. 310]:

"[T]his Court has consistently construed congressional intent to require that if the summons authority claimed is necessary for the effective performance of congressionally imposed responsibilities to enforce the tax Code, that authority should be upheld absent express statutory prohibition or substantial countervailing policies."

While §7602 is "subject to the traditional privileges and limitations," *id.*, at 714, any other restrictions upon the IRS summons power should be avoided "absent unambiguous directions from Congress." *United States* v. *Bisceglia, supra*, at 150. We are unable to discern the sort of "unambiguous directions from Congress" that would justify a judicially created work-product immunity for tax accrual workpapers summoned under §7602. Indeed, the very language of §7602 reflects precisely the opposite; a congressional policy

[11] The relevance standard employed by the Second Circuit—whether the documents at issue "might have thrown light upon the correctness of the return"—appears to be widely accepted among the Courts of Appeals. See, *e.g.*, *United States* v. *Wyatt*, 637 F. 2d 293, 300 (CA5 1981); *United States* v. *Turner*, 480 F. 2d 272, 279 (CA7, 1973); *United States* v. *Ryan*, 455 F. 2d 728, 733 (CA9 1972); *United States* v. *Egenberg*, 443 F. 2d 512, 515-516 (CA3 1971); *Foster* v. *United States*, 265 F. 2d 183, 187 (CA2), *cert. denied*, 360 U.S. 912 (1959). In *United States* v. *Harrington*, 388 F. 2d 520, 524 (1968), the Second Circuit amplified this test by stating that "the 'might' in the articulated standard, 'might throw light upon the correctness of the return,' is . . . an indication of a realistic expectation rather than an idle hope that something may be discovered." But in *United States* v. *Coopers & Lybrand*, 550 F. 2d 615 (1977), the Court of Appeals for the Tenth Circuit held that tax accrual workpapers not prepared in connection with the filing of a corporate tax return were not relevant within the meaning of §7602.

[12] The petition for certiorari did not question the relevancy of the tax accrual workpapers, and respondents have not filed a cross-petition raising the issue. Respondents have, however, argued before this Court that the Court of Appeals erred in holding that Young's tax accrual workpapers were relevant to the IRS investigation of Amerada within the meaning of §7602. Respondents were clearly entitled to do so, for our precedents establish that a prevailing party may urge any ground in support of the judgment, whether or not that ground was relied upon or even considered by the court below. See, *e.g.*, *United States* v. *New York Telephone Co.*, 434 U.S. 159, 166, n. 8 (1977); *Dandridge* v. *Williams*, 397 U.S. 471, 475-476, n. 6 (1970).

choice *in favor of disclosure* of all information relevant to a legitimate IRS inquiry. In light of this explicit statement by the Legislative Branch, courts should be chary in recognizing exceptions to the broad summons authority of the IRS or in fashioning new privileges that would curtail disclosure under §7602. Cf. *Milwaukee* v. *Illinois*, 451 U.S. 304, 315 (1981). If the broad latitude granted to the IRS by §7602 is to be circumscribed, that is a choice for Congress, and not this Court, to make. See *United States* v. *Euge, supra*, at 712.

B

The Court of Appeals nevertheless concluded that "substantial countervailing policies," *id.*, at 711, required the fashioning of a work-product immunity for an independent auditor's tax accrual workpapers. To the extent that the Court of Appeals, in its concern for the "chilling effect" of the disclosure of tax accrual workpapers, sought to facilitate communication between independent auditors and their clients, its remedy more closely resembles a testimonial accountant-client privilege than a work-product immunity for accountants' workpapers. But as this Court stated in *Couch* v. *United States*, 409 U.S. 322, 335 (1973) [1973-1 C.B. 609], "no confidential accountant-client privilege exists under federal law, and no state-created privilege has been recognized in federal cases." In light of *Couch*, the Court of Appeals' effort to foster candid communication between accountant and client by creating a self-styled work-product privilege was misplaced, and conflicts with what we see as the clear intent of Congress.

Nor do we find persuasive the argument that a work-product immunity for accountants' tax accrual workpapers is a fitting analogue to the attorney work-product doctrine established in *Hickman* v. *Taylor, supra*. The *Hickman* work-product doctrine was founded upon the private attorney's role as the client's confidential advisor and advocate, a loyal representative whose duty it is to present the client's case in the most favorable possible light. An independent certified public accountant performs a different role. By certifying the public reports that collectively depict a corporation's financial status, the independent auditor assumes a *public* responsibility transcending any employment relationship with the client. The independent public accountant performing this special function owes ultimate allegiance to the corporation's creditors and stockholders, as well as to investing public. This "public watchdog" function demands that the accountant maintain total independence from the client at all times and requires complete fidelity to the public trust. To insulate from disclosure a certified public accountant's interpretations of the client's financial statements would be to ignore the significance of the accountant's role as a disinterested analyst charged with public obligations.

We cannot accept the view that the integrity of the securities markets will suffer absent some protection for accountants' tax accrual workpapers. The Court of Appeals apparently feared that, were the IRS to have access to tax accrual workpapers, a corporation might be tempted to withhold from its auditor certain information relevant and material to a proper evaluation of its financial statements. But the independent certified public accountant cannot be content with the corporation's representations that its tax accrual reserves are adequate; the auditor is ethically and professionally obligated to ascertain for himself as far as possible whether the corporation's contingent tax liabilities have been accurately stated. If the auditor were convinced that the scope of the examination had been limited by management's reluctance to disclose matters relating to the tax accrual reserves, the auditor would be unable to issue an unqualified opinion as to the accuracy of the corporation's financial statements. Instead, the auditor would be required to issue a qualified opinion, an adverse opinion, or a disclaimer of opinion, thereby notifying the investing public of possible potential problems inherent in the corporation's financial reports.[13] Responsible corporate management would not risk a qualified evaluation of a corporate taxpayer's financial posture to afford cover for questionable positions reflected in a prior tax return.[14] Thus, the independent auditor's obligation to serve the public interest assures that the integrity of the securities markets will be preserved, without the need for a work-product immunity for accountants' tax accrual workpapers.[15]

[13] An *unqualified opinion*, the most favorable report an auditor may give, represents the auditor's finding that the company's financial statements fairly present the financial position of the company, the results of its operations, and the changes in its financial position for the period under audit, in conformity with consistently applied generally accepted accounting principles. See 1 AICPA, Statement on Auditing Standards §§510, 511.01 (1973). Alternatively, the auditor may give a *qualified opinion*, which states that the financial statements are fairly presented except for, or subject to, a departure from generally accepted accounting principles, a change in accounting principles, or a material uncertainty. *Id.*, at §512. An *adverse opinion* is a reflection of the auditor's determination that the corporation's financial statements do not fairly present the financial position, results of operations, or changes in financial position of the company in conformity with generally accepted accounting principles; an adverse opinion is issued when the auditor determines that the corporation has materially misstated certain items on its financial statements. *Id.*, at §513. Finally, a *disclaimer of opinion* expresses the auditor's inability to draw a conclusion as to the accuracy of the corporate financial records. A disclaimer of opinion is generally issued when the auditor lacks sufficient information about the financial records to issue an overall opinion. *Id.*, at §514. See generally A. Arens & J. Loebbecke, Auditing: An Integrated Approach 643-660 (1976).

[14] The inclusion in an audited financial statement of anything less than an unqualified opinion could send signals to stockholders, creditors, potential investors, and others that the independent auditor has been unable to give the corporation an unqualified bill of financial health. Such a public auditor's opinion could well have serious consequences for the corporation and its shareholders.

[15] Indeed, rather than protecting the investing public by ensuring the accuracy of corporate financial records, insulation of tax accrual workpapers from disclosure might well undermine the public's confidence in the independent auditing process. The SEC requires the filing of audited financial statements in order to obviate the fear of loss from reliance on inaccurate information, thereby encouraging public investment in the nation's industries. It is therefore not enough that financial statements *be* accurate; the public must also *perceive* them as being accurate. Public faith in the

We also reject respondents' position that fundamental fairness precludes IRS access to accountants' tax accrual workpapers. Respondents urge that the enforcement of an IRS summons for accountants' tax accrual workpapers permits the Government to probe the thought processes of its taxpayer citizens, thereby giving the IRS an unfair advantage in negotiating and litigating tax controversies. But if the SEC itself, or a private plaintiff in securities litigation, sought to obtain the tax accrual workpapers at issue in this case, they would surely be entitled to do so.[16] In light of the broad congressional command of §7602, no sound reason exists for conferring lesser authority upon the IRS than upon a private litigant suing with regard to transactions concerning which the public has no interest.

Congress has granted to the IRS "broad latitude to adopt enforcement techniques helpful in the performance of [its] tax collection and assessment responsibilities." *United States* v. *Euge, supra*, at 716, n. 9. Recognizing the intrusiveness of demands for the production of tax accrual workpapers, the IRS has demonstrated administrative sensitivity to the concerns expressed by the accounting profession by tightening its internal requirements for the issuance of such summonses. See Int. Rev. Manual—Audit (CCH) §4024.4 (May 14, 1981).[17] Although these IRS guidelines were not applicable during the years at issue in this case, their promulgation further refutes respondents' fairness argument and reflects an administrative flexibility that reinforces our decision not to reduce irrevocably the §7602 summons power.

V

Beyond question it is desirable and in the public interest to encourage full disclosures by corporate clients to their independent accountants; if it is necessary to balance competing interests, however, the need of the Government for full disclosure of all information relevant to tax liability must also weigh in that balance. This kind of policy choice is best left to the Legislative Branch. Accordingly, the judgment of the Court of Appeals is affirmed in part and reversed in part, and the case is remanded for proceedings consistent with this opinion.

It is so ordered.

Section 7604.—Enforcement of Summons

Limited Partnerships. A list is provided of state laws that are substantially similar to the Revised Uniform Limited Partnership Act for purposes of section 301.7701-2 of the Procedure and Administration Regulations.

Rev. Rul. 84-80

ISSUE

Whether states that have revised their limited partnership statutes following promulgation of the Revised Uniform Limited Partnership Act ("RULPA") have enacted legislation that corresponds to the Uniform Limited Partnership Act ("ULPA") for purposes of section 301.7701-2 of the Procedure and Administration Regulations.

FACTS

RULPA was adopted by the National Conference of Commissioners on Uniform State Laws in 1976.

On April 26, 1983, final regulations were published which amend section 301.7701-2 of the regulations. T.D. 7889, 1983-1 C.B. 362. As amended, section 301.7701-2(a)(5) provides that references in section 301.7701-2 to the ULPA shall be deemed to refer to the ULPA as originally enacted and as revised in 1976 (RULPA).

LAW AND ANALYSIS

Section 301.7701-2 of the regulations provides that the classification of an entity depends upon the presence or absence of corporate characteristics. That section also includes certain special rules for determining whether an entity organized under a statute corresponding to the ULPA possesses or lacks the corporate characteristics of continuity of life, centralization of management, limited liability, and free transferability of interests.

HOLDING

The Internal Revenue Service has determined that the following states have enacted legislation that, as of the effective date, corresponds to the ULPA for purposes of section 301.7701-2 of the regulations:

CALIFORNIA: Cal. Corp. Code sections 15611 through 15723 (West

---

reliability of a corporation's financial statements depends upon the public perception of the outside auditor as an independent professional. Endowing the workpapers of an independent auditor with a work-product immunity would destroy the appearance of auditor's independence by creating the impression that the auditor is an advocate for the client. If investors were to view the auditor as an advocate for the corporate client, the value of the audit function itself might well be lost. See generally A. Arens & J. Loebbecke, n. 13, *supra*. 55-58.

[16] See, *e.g.*, Securities Act of 1933, §19.48 Stat. 85, 15 U.S.C. §77s(b) (for purposes of all "necessary and proper" investigations, SEC is empowered to "require the production of any books, papers, or other documents which the Commission deems relevant or material to the inquiry"); Securities Act of 1934, §21, 48 Stat. 899, 15 U.S.C. §78u(b) (same); Fed. Rule Civ. Proc. 26(b)(1) (parties may obtain discovery of "any matter, not privileged, which is relevant to the subject matter involved in the pending action").

[17] The new IRS guidelines provide that access may be had to accountants' tax accrual workpapers only in "unusual circumstances" and only as a "collateral source for factual data." The guidelines require the prior written approval of the Chief of the Examination Division of the IRS before an examining agent may request tax accrual workpapers; in addition, they state that the examiner should first take all reasonable means to secure the information from the corporation itself before issuing a summons to the independent auditor.

T.D. 7952

TITLE 26—INTERNAL REVENUE.—CHAPTER 1, SUBCHAPTER F, PART 305—TEMPORARY PROCEDURAL AND ADMINISTRATIVE TAX REGULATIONS UNDER THE INDIAN TRIBAL GOVERNMENT TAX STATUS ACT OF 1982

Indian Tribal Governments Treated As States For Certain Purposes

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document provides temporary regulations relating to the treatment of Indian tribal governments as States for certain purposes. Changes to the applicable tax law were made by the Indian Tribal Governmental Tax Status Act of 1982. The regulations provide guidance to Indian tribal governments that are treated as States for certain purposes. In addition, the text of the temporary regulations set forth in this document serves as the text of the proposed rulemaking *** [on page 776, of this Bulletin].

DATES: The regulations are generally effective for taxable years beginning after December 31, 1982, and before January 1, 1985.

FOR FURTHER INFORMATION CONTACT: Linda M. Kroening of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3288) (not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains temporary regulations relating to the treatment of Indian tribal governments as States for certain purposes under sections 7701 and 7871 of the Internal Revenue Code of 1954, as added to the Code by sections 202 and 203 of the Indian Tribal Governmental Tax Status Act of 1982 (Pub. L. 97-473, 96 Stat. 2608, 2611). Further, a new Part 305, Temporary Procedural and Administrative Tax Regulations Under the Indian Tribal Governmental Tax Status Act of 1982, is added by this document to Title 26 of the Code of Federal Regulations. The temporary regulations will remain in effect until superseded by final regulations on this subject.

EXPLANATION OF PROVISIONS

Generally, for taxable years 1983 and 1984, the regulations provide that an Indian tribal government may be treated as a State for certain Federal tax purposes. For purposes of the regulations, the governing body of a tribe, band, pueblo, community, village or group of Indians, or Alaska Natives, will qualify as an Indian tribal government upon a determination by the Internal Revenue Service that such governing body exercises governmental functions. Designation of a governing body as an Indian tribal government will be by revenue procedure. If a governing body is not currently designated by the applicable revenue procedure as an Indian tribal government, and such governing body believes that it qualifies for such designation, the governing body may apply for a ruling from the Internal Revenue Service. Such governing body will qualify as an Indian tribal government, for purposes of these regulations, only upon obtaining a favorable ruling from the Internal Revenue Service. The regulations provide instructions for applying for a ruling.

Similarly, a subdivision of a designated Indian tribal government may be treated as a political subdivision of a State for certain Federal tax purposes if the Internal Revenue Service determines that the subdivision has been delegated the right to exercise one or more of the substantial governmental functions of the Indian tribal government. Designation of a subdivision of an Indian tribal government as a political subdivision of a State will be by revenue procedure. If a subdivision of an Indian tribal government is not currently designated by the applicable revenue procedure as a political subdivision of a State, the subdivision may apply for a ruling from the Internal Revenue Service. Such subdivision of an Indian tribal government will qualify as a political subdivision of a State, for purposes of these regulations, only upon obtaining a favorable ruling from the Internal Revenue Service.

The regulations set forth the sections of the Internal Revenue Code of 1954 under which designated Indian tribal governments and subdivisions of Indian tribal governments shall be treated as States or political subdivisions of States. In addition, special rules for excise tax exemptions and

tax-exempt bonds are provided, including the requirement that an essential governmental function be exercised.

SPECIAL ANALYSES

The Treasury Department has determined that this temporary regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983. The notice of proposed rulemaking relating to the treatment of Indian tribal governments as States for certain purposes *** on page 776, this Bulletin] describes the applicability of the Executive Order to both the proposed and final regulations.

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and a Regulatory Flexibility Analysis is not required for this rule.

The collection of information requirements contained in this regulation have been approved by the Office of Management and Budget (OMB) under section 3507 of the Paperwork Reduction Act. (Control No. 1545-0823)

DRAFTING INFORMATION

The principal author of these temporary regulations is Linda M. Kroening of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, on matters of both substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, a new Part 305, Temporary Procedural and Administrative Tax Regulations under the Indian Tribal Government Tax Status Act of 1982, is added to Title 26 of the Code of Federal Regulations, and the following temporary regulations are adopted:

Paragraph. Subchapter F of 26 CFR is amended by adding a new Part 305 to read as follows:

Part 305—TEMPORARY PROCEDURAL AND ADMINISTRATIVE TAX REGULATIONS UNDER THE INDIAN TRIBAL GOVERNMENTAL TAX STATUS ACT OF 1982

Sec.

305.7701-1 Definition of Indian tribal government.

305.7871-1 Indian tribal governments treated as States for certain purposes.

Authority: Section 7805 (68A Stat. 917, 26 U.S.C. 7805) Internal Revenue Code of 1954.

§305.7701-1 Definition of Indian tribal government.

(a) *Definition.* A governing body of a tribe, band, pueblo, community, village, or group of native American Indians, or Alaska Natives, qualifies as an Indian tribal government upon determination by the Internal Revenue Service that the governing body exercises governmental functions. Designation of a governing body as an Indian tribal government will be by revenue procedure. If a governing body is not currently designated by the applicable revenue procedure as an Indian tribal government, and such governing body believes that it qualifies for such designation, the governing body may apply for a ruling from the Internal Revenue Service. In order to qualify as an Indian tribal government, for purposes of section 7701(a)(40) and this section, such governing body must receive a favorable ruling from the Internal Revenue Service. The request for a ruling shall be made in accordance with all applicable procedural rules set forth in the Statement of Procedural Rules (26 CFR Part 601) and any applicable revenue procedures relating to the submission of ruling requests. The request shall be submitted to the Internal Revenue Service, Associate Chief Counsel (Technical), Attention: CC:IND:S, Room 6545, 1111 Constitution Avenue, N.W., Washington, D.C. 20224.

(b) *Effective date.* The provisions of this section are effective after December 31, 1982.

§305.7871-1 Indian tribal governments treated as States for certain purposes.

(a) *In general.* An Indian tribal government, as defined in section 7701(a)(40) and the regulations thereunder, shall be treated as a State, and a subdivision of an Indian tribal government, as determined under section 7871(d) and paragraph (e) of this section, shall be treated as a political subdivision of a State, under the following sections and regulations thereunder—

(1) Section 170 (relating to income tax deductions for charitable, etc., contributions and gifts), sections 2055 and 2106(a)(2) (relating to estate tax deductions for transfers of public, charitable, and religious uses), and section 2522 (relating to gift tax deductions for charitable and similar gifts), for purposes of determining whether and in what amount any contribution or transfer to or for the use of an Indian tribal government (or subdivision thereof) is deductible;

(2) Section 164 (relating to deductions for taxes);

(3) Section 511(a)(2)(B) (relating to the taxation of colleges and universities which are agencies or instrumentalities of governments or their political subdivisions);

(4) Section 37(e)(9)(A) (relating to certain public retirement systems);

(5) Section 41(c)(4) (defining "State" for purposes of credit for contributions to candidates for public offices);

(6) Section 117(b)(2)(A) (relating to scholarships and fellowship grants);

(7) Section 403(b)(1)(A)(ii) (relating to the taxation of contributions of certain employers for employee annuities);

(8) Chapter 41 of the Code (relating to tax on excess expenditures to influence legislation); and

(9) Subchapter A of chapter 42 of the Code (relating to private foundations).

(b) *Special rule for excise tax provisions.* An Indian tribal government shall be treated as a State, and a subdivision of an Indian tribal government shall be treated as a political subdivision of a State, for purposes of any exemption from, credit or refund of, or payment with respect to, an excise tax imposed on a transaction under—

(1) Chapter 31 of the Code (relating to tax on special fuels);

(2) Chapter 32 of the Code (relating to manufacturers excise taxes);

(3) Subchapter B of chapter 33 of the Code (relating to communications excise tax); and

(4) Subchapter D of chapter 36 of the Code (relating to tax on use of certain highway vehicles), if, in addition to satisfying all requirements applicable to a similar transaction involving a State (or political subdivision thereof) under the Code, the transaction involves the exercise of an essential governmental function of the Indian tribal government, as defined in paragraph (d) of this section.

(c) *Special rule for tax-exempt bonds.* An Indian tribal government shall be treated as a State and a subdivision of an Indian tribal government shall be treated as a political subdivision of a State for purposes of any obligation issued by such government or subdivision under section 103 (relating to interest on certain governmental obligations) if such obligation is part of an issue substantially all of the proceeds of which are to be used in the exercise of an essential governmental function, as defined in paragraph (d) of this section. For purposes of section 7871 and this section, the "substantially all" test is the same as that provided in §1.103-8(a)(1)(i). An Indian tribal government shall not be treated as a State and a subdivision of an Indian tribal government shall not be treated as a political subdivision of a State, however, for issues of the following private activity bonds—

(1) An industrial development bond (as defined in section 103(b)(2));

(2) An obligation described in section 103(l)(1)(A) (relating to scholarship bonds); or

(3) A mortgage subsidy bond (as defined in section 103A(b)(1), without regard to section 103A(b)(2)).

(d) *Essential governmental function.* For purposes of section 7871 and this section, an essential governmental function of an Indian tribal government (or portion thereof) is a function of a type which is—

(1) Eligible for funding under 25 U.S.C. 13 and the regulations thereunder;

(2) Eligible for grants or contracts under 25 U.S.C. 450(f), (g), and (h) and the regulations thereunder; or

(3) An essential governmental function under section 115 and the regulations thereunder when conducted by a State or political subdivision thereof.

(e) *Treatment of subdivisions of Indian tribal governments as political subdivisions.* A subdivision of an Indian tribal government shall be treated as a political subdivision of a State for purposes of section 7871 and this section if the Internal Revenue Service determines that the subdivision has been delegated the right to exercise one or more of the substantial governmental functions of the Indian tribal government. Designation of a subdivision of an Indian tribal government as a political subdivision of a State will be by revenue procedure. If a subdivision of an Indian tribal government is not currently designated by the applicable revenue procedure as a political subdivision of a State, and such subdivision believes that it qualifies for such designation, the subdivision may apply for a ruling from the Internal Revenue Service. In order to qualify as a political subdivision of a State, for purposes of section 7871 and this section, such subdivision must receive a favorable ruling from the Internal Revenue Service. The request for a ruling shall be made in accordance with all applicable procedural rules set forth in the Statement of Procedural Rules (26 CFR Part 601) and any applicable revenue procedures relating to submission of ruling requests. The request shall be submitted to the Internal Revenue Service, Associate Chief Counsel (Technical), Attention: CC:IND:S, Room 6545, 1111 Constitution Ave., N.W., Washington, D.C. 20224.

(f) *Effective dates*—(1) *In general.* Except as provided in paragraph (f)(2) of this section, the provisions of this section are effective after December 31, 1982.

(2) *Specific effective dates.* Specific provisions of this section are effective as follows:

(i) Provisions relating to Chapter 1 of the Internal Revenue Code of 1954 (other than section 103 and section 37(e)(9)(A)) shall apply to taxable years beginning after December 31, 1982, and before January 1, 1985;

(ii) Provisions relating to section 37(e)(9)(A) shall apply to taxable years beginning after December 31, 1982, and before January 1, 1984;

(iii) Provisions relating to section 103 shall apply to obligations issued after December 31, 1982, and before January 1, 1985;

(iv) Provisions relating to chapter 11 of the Code shall apply to estates of decedents dying after December 31, 1982, and before January 1, 1985;

(v) Provisions relating to chapter 12 of the Code shall apply to gifts made after December 31, 1982, and before January 1, 1985; and

(vi) Provisions relating to taxes imposed by subtitle D of the Code shall take effect on January 1, 1983 and shall cease to apply at the close of December 31, 1984.

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (b) of that section.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917, 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved April 16, 1984.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on May 4, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 7, 1984, 49 F.R. 19302)

Chapter 80.—General Rules
Subchapter A.—Applications of Internal Revenue Laws

Section 7805.—Rules and Regulations

26 CFR 301.7805-1: Rules and regulations.

Obsolete ruling. G.C.M. 27026, relating to the treatment of the proceeds derived from public entertainments conducted for the benefit of charitable organizations, is obsolete.

Rev. Rul. 84-39

Periodically, the Internal Revenue Service has obsoleted rulings which, athough not specifically revoked or superseded, are not considered determinative with respect to future transactions because (1) the applicable statutory provisions have been changed or repealed; (2) the ruling position is specifically covered by statute, regulations or a subsequent published position; or (3) the facts set forth no longer exist or are not sufficient to permit application of the current statute.

The following ruling is hereby declared to be obsolete: G.C.M. 27026, 1951-2 C.B. 7.

The applicable principles of the ruling are included in section 1.61-2(c) of the Income Tax Regulations and are illustrated in Rev. Rul. 68-563, 1968-2 C.B. 44, and Rev. Rul. 71-33, 1971-1 C.B. 30.

---

26 CFR 301.7805-1: Rules and regulations.

Obsolete revenue rulings. A list is given of pre-ERISA revenue rulings in the employee plans area which are not considered determinative with respect to future transactions and are declared obsolete.

Rev. Rul. 84-50

In light of the enactment of the Employee Retirement Income Security Act of 1974 (ERISA) [Pub. L. 93-406, 1974-3 C.B. 1], the Internal Revenue Service has undertaken a review of certain pre-ERISA Revenue Rulings that are published in the Internal Revenue Bulletin.

The purpose of this Revenue Ruling is to publish a list of pre-ERISA Revenue Rulings having primary application in the employee plans area which, although not specifically revoked or superseded, are not considered determinative with respect to future transactions because (1) the applicable statutory provisions or regulations have been changed or repealed; (2) the ruling position is specifically covered by statute, regulations, or a subsequent published position; or (3) the facts set forth no longer exist or are not sufficient to permit application of the current statute. Accordingly, the rulings listed below are hereby declared obsolete.

Section 7871.—Indian Tribal Governments Treated as States for Certain Purposes

List of subdivisions of Indian tribal governments that are to be treated as political subdivisions of states for specified purposes. See Rev. Proc. 84-36, page 510.

Manner in which a governmental unit of an Indian tribe or a political subdivision of an Indian tribal government can request a determination qualifying it for treatment as a state or a political subdivision of a state. See Rev. Proc. 84-37, page 513.

---

26 CFR 305.7871-1: Indian tribal governments treated as States for certain purposes.
(Also Sections 61, 103, 170, 2055, 4041, 4221, 4253, 4483; 1.61-7, 1.103-1, 1.170A-1, 20.2055-1, 48.4041-11, 48.4221-5, 49.4253-12, 41.4483-1.)

Indian tribal governments; treatment as states or political subdivisions. Rev. Rul. 58-610, Rev. Rul. 68-231 and Rev. Rul. 74-179 are suspended as to their respective applications to Indian tribes, or

subdivisions thereof, during the specified two years under section 7871 of the Code.

Rev. Rul. 84-93

The Service has held that for certain federal tax purposes an Indian tribe is neither a state, a territory or a political subdivision. See Rev. Rul. 58-610, 1958-2 C.B. 815, Rev. Rul. 68-231, 1968-1 C.B. 48 and Rev. Rul. 74-179, 1974-1 C.B. 279.

The Indian Tribal Governmental Tax Status Act of 1982, (Title II of Pub. L. No. 97-473, 96 Stat. 2605, 2607-11, as amended by Pub. L. No. 98-21, 97 Stat. 65, 87 [1983-1 C.B. 510, 511] added certain provisions to the Code that pertain to the status of Indian tribal governments. For two years beginning in 1983, Indian tribal governments (or subdivisions thereof) will be treated as states (or political subdivisions thereof) for specified federal tax purposes. For example, under new section 7871 of the Code interest on public activity bonds issued during the years 1983 and 1984 by a tribal government may be tax exempt, and a tribal government will be entitled to exemption from certain excise taxes. Also, charitable contributions made in 1983 and 1984 to or for the use of a tribal government may be deductible under the federal gift and estate tax laws. Charitable contributions made during a taxpayer's tax years beginning in 1983 and 1984 may be deductible under the federal income tax laws.

The term "Indian tribal government" is defined under section 7701(a)(40) of the Code, as amended, to mean the governing body of any tribe, band, community, village or group of Indians, or (if applicable) Alaska Natives, that is determined by the Secretary of the Treasury, after consultation with the Secretary of the Interior, to exercise governmental functions. Section 7871(d) of the Code provides that for purposes of section 7871, a subdivision of an Indian tribal government shall be treated as a political subdivision of a state if (and only if) the Secretary of the Treasury determines (after consultation with the Secretary of the Interior) that such subdivision has been delegated the right to exercise one or more of the substantial governmental functions of the Indian tribal government.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 58-610, Rev. Rul. 68-231 and Rev. Rul. 74-179 are suspended as to their respective applications to Indian tribes, or subdivisions thereof, that qualify during the specified two years under section 7871 of the Code.

26 CFR 1.9200-1: Deduction for motor carrier operating authority.
(Also Section 1502; 1.1502-32.)

T.D. 7947

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER A, PART I—INCOME TAX: TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Deduction for motor carrier operating authorities

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to a deduction which is to be taken ratably over a 60-month period for the adjusted basis of motor carrier operating authorities held by taxpayers on July 1, 1980. Changes to the applicable tax law were made by the Economic Recovery Tax Act of 1981 [Pub. L. 97-34, 1981-2 C.B. 256], the Highway Revenue Act of 1982 [Pub. L. 97-424, 1983-1 C.B. 405], and the Technical Corrections Act of 1982 [Pub. L. 97-448, 1983-1 C.B. 451]. These regulations provide guidance to taxpayers who, on July 1, 1980, held one or more motor carrier operating authorities, or later acquired such an authority pursuant to a binding contract in effect on July 1, 1980.

DATES: The regulations are effective for taxable years ending after June 30, 1980.

FOR FURTHER INFORMATION CONTACT: Robert B. Coplan of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention CC:LR:T) 202-566-3287, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On June 6, 1983, the FEDERAL REGISTER (48 FR 25224) [LR-203-81, 1983-2 C.B. 707] published proposed amendments to the Income Tax Regulations (26 CFR Part 1) in order to conform the regulations to section 266 of the Economic Recovery Tax Act of 1981 (95 Stat. 265) [Pub. L. 97-34, 1981-2 C.B. 256, 306], section 517 of the Highway Revenue Act of 1982 (Title V of the Surface Transportation Assistance Act of 1982 (96 Stat. 2097)) [Pub. L. 97-424, 1983-1 C.B. 405, 413], and section 102(n) of the Technical Corrections Act of 1982 (96 Stat. 2365) [Pub. L. 97-448, 1983-1 C.B. 451, 456]. After consideration of all comments regarding the proposed amendments, those amend-

ments are adopted as revised by this Treasury decision.

This Treasury decision is issued under the authority contained in section 266 of the Economic Recovery Tax Act of 1981, section 517 of the Highway Revenue Act of 1982, and section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

CHANGES IN REGULATIONS IN RESPONSE TO COMMENTS

Several clarifying changes have been made to the proposed regulations in response to comments received.

The preamble to the notice of proposed rulemaking provided that in accordance with the Technical Corrections Act of 1982, the deduction for motor carrier operating authorities may carry over in corporate acquisitions to which section 381 applies. The last sentence of §1.9200-1(b) has been revised to specifically allow the deduction to be claimed by the acquiring corporation in such transactions. One commentator recommended that this rule be extended to provide that if an operating authority is acquired after July 1, 1980 in a transaction to which section 351 or 355 applies, the acquirer would be allowed to claim the deduction. However, in light of the specific reference in the Technical Corrections Act to section 381 transactions, sufficient statutory authority for extending this rule does not exist.

The final regulations have been clarified in §1.9200-1(d) to provide that freight forwarders are not included in the definition of the terms "motor common carrier" and "motor contract carrier." Thus, the deduction allowed under §1.9200-1 may not be claimed with respect to operating authroities issued to freight forwarders.

A minor clarification has been added to the last sentence of §1.9200-1(e)(2)(iv) of the proposed regulations, relating to the portion of stock basis which may be allocated to the basis of an operating authority when a qualified acquiring party acquires the stock of a corporation indirectly holding the authority. The final regulations indicate that one way that the authority could have been transferred to the acquired corporation so that the qualified acquiring party would have received direct ownership of the authority upon the liquidation of the acquired corporation, would have been by liquidating the subsidiary that directly holds the authority.

The formula in §1.9200-1(e)(2)(vi) has been revised to indicate that the decrease in the qualified acquiring party's stock basis should be based only on the additional amount of basis which is allocated to an authority under §1.9200-1(e)(2)(i), and not the total amount of basis in the authority after the allocation.

Section 1.9200-1(e)(2)(v) of the proposed regulations provided that intangible assets of the acquired corporation, such as goodwill and going concern value, must be taken into account when allocating the qualified acquiring party's stock basis to the operating authority under paragraphs (e)(2)(iii) or (iv) of §1.9200-1. The examples contained in §1.9200-1(g) have been revised in order to take into account the value of goodwill when allocating basis among the assets of the acquired corporation.

An example has been added to §1.9200-1(g) to illustrate how basis is to be allocated under a section 334(b)(2) liquidation if the amount a qualified acquiring party paid for the stock of an acquired corporation was less than the fair market value (net of liabilities) of the assets acquired in order to reflect a potential tax liability that would have been triggered in an actual liquidation under section 334(b)(2) (*e.g.* recapture under section 1245). The example indicates that the deemed basis which is to be allocated among the assets of the acquired corporation includes the potential tax liability. In order to take into account the potential tax liability such amount must be based on the same fair market values that are used to determine the amount of the stock basis allocable to the operating authority.

Finally, the proposed regulations under §1.9200-2(a) have been revised to provide more guidance concerning the information which must be included on the statement to be filed in support of the deduction, and the time such statement must be filed. The final regulations require any taxpayer who has claimed a deduction under §1.9200-1 to file the statement by June 4, 1984, unless it has already done so. In addition, paragraph (b) of §1.9200-2 has been revised to indicate that a taxpayer eligible to claim a deduction under §1.9200-1 who has filed returns without claiming the deduction, may file amended returns or claims for refund for the taxable year in which the taxpayer elects to begin the 60-month period, and for subsequent taxable years.

SPECIAL ANALYSES

The Commissioner of Internal Revenue has determined that this final rule is not a major rule as defined in Executive Order 12291 and that a Regulatory Impact Analyis is therefore not required. Although a notice of proposed rulemaking which solicited public comments was issued, the Internal Revenue Service concluded when the notice was issued that the regulations are interpretative and that the notice and public procedure requirement of 5 U.S.C. 533 did not apply. Accordingly, the final regulations do not constitute regulations subject to the Regulatory Flexibility Act (5 U.S.C. chapter 6).

PAPERWORK REDUCTION ACT

The collection of information requirements contained in this regulation have been submitted to the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act of 1980. These requirements have been approved by OMB.

DRAFTING INFORMATION

The principal author of this regulation is Robert B. Coplan of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel

from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations both on matters of substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, 26 CFR Part 1 is amended as follows:

Paragraph 1. The following new §§1.9200-1 and 1.9200-2 are added to read as follows:

§1.9200-1 Deduction for motor carrier operating authority.

(a) *In general.* Section 266 of the Economic Recovery Tax Act of 1981 (Pub. L. 97-34, 95 Stat. 265) provides that, for purposes of chapter 1 of the Internal Revenue Code of 1954, an ordinary deduction shall be allowed in computing the taxable income of all taxpayers who either held one or more motor carrier operating authorities on July 1, 1980, or later acquired a motor carrier operating authority pursuant to a binding contract in effect on July 1, 1980. The deduction for each motor carrier operating authority is to be allowed ratably over a 60-month period and is equal to the adjusted basis of the motor carrier operating authority on July 1, 1980. Except as provided in this section, no deduction is allowable for any diminution in value of any motor carrier operating authority caused by administrative or legislative actions to decrease restrictions on entry into the interstate motor carrier business.

(b) *Person entitled to claim deduction.* In general, the deduction provided by this section for a particular motor carrier operating authority may be claimed only by the taxpayer which held the authority on July 1, 1980. However, if another person acquired the motor carrier operating authority after July 1, 1980, pursuant to a binding contract in effect on that date, the deduction for such authority may be claimed only by the acquirer and may not be claimed by the taxpayer which held the authority on July 1, 1980. A taxpayer, otherwise entitled to claim a deduction under this section, who sells a motor carrier operating authority after July 1, 1980 may not claim an amortization deduction for such authority for any month which begins after the date of such sale. In addition, acquisition of a motor carrier operating authority after July 1, 1980, if not pursuant to a binding contract in effect on July 1, 1980, will not entitle the acquirer to a deduction under this section, unless the operating authority is acquired pursuant to a transaction to which section 381 applies.

(c) *Allowance of deduction*—(1) *Determination of period for deduction.*—(i) *General rule.* Except as provided in paragraph (c)(1)(ii) of this section, the 60-month period for taking the deduction provided by this section for a particular motor carrier operating authority begins with the month of July 1980, or, if later, the month in which the motor carrier operating authority was acquired pursuant to a binding contract in effect on July 1, 1980.

(ii) *Election.* In lieu of beginning the 60-month period as provided in paragraph (c)(1)(i) of this section, the taxpayer may elect to begin the 60-month period with the first month of the taxpayer's first taxable year beginning after July 1, 1980. This election, if made, shall apply to the deduction for all motor carrier operating authorities either held by the taxpayer on July 1, 1980, or later acquired by the taxpayer by the end of the first month of the first taxable year beginning after July 1, 1980, pursuant to a binding contract in effect on July 1, 1980. Any such election will not apply to the determination of the period for amortizing the bases of authorities acquired by the taxpayer after the end of the first month of the first taxable year beginning after July 1, 1980.

(2) *Amount of monthly deduction.* In the case of each motor carrier operating authority for which the taxpayer is entitled (under paragraph (b) of this section) to claim a deduction, the deduction for each month during the 60-month period relating to the motor carrier operating authority is equal to the adjusted basis (determined under paragraph (e) of this section) of the motor carrier operating authority divided by 60.

(d) *Definition of motor carrier-operating authority.* For purposes of §1.9200-2 and this section, the term "motor carrier operating authority" means a certificate or permit held by a motor common carrier or motor contract carrier of property and issued pursuant to the Revised Interstate Commerce Act, 49 U.S.C §10921-10933 (Sup. III 1979). The terms "motor common carrier" and "motor contract carrier" shall be defined as in 49 U.S.C. 10102 (Supp. III 1979) and do not include persons meeting the definition of freight forwarder contained in 49 U.S.C. 10102 (Supp. III 1979).

(e) *Adjusted basis of motor carrier operating authority.*—(1) *In general.* Except as provided in paragraph (e)(2) of this section, the adjusted basis of a motor carrier operating authority for which a deduction is allowed under this section is the adjusted basis of the motor carrier operating authority as determined under sections 1012 and 1016 in the hands of the taxpayer who is entitled to claim the deduction under paragraph (b) of this section.

(2) *Special rule in case of certain stock acquisitions*—(i) *Election by holder.* A corporation entitled to claim a deduction under paragraph (b) of this section for a motor carrier operating authority may elect to allocate a portion of the cost basis of a qualified acquiring party in the stock of an acquired corporation, to the basis of the authority. A qualified acquiring party is a corporation (or a noncorporate person or group of noncorporate persons described in paragraph (e)(2)(ii) of this section) that after June 21, 1952, and on or before July 1, 1980 (or after July 1, 1980 under a binding contract in effect on such date) acquired by purchase, within the meaning of section 334(b)(3) and during a period of not more than 12 months, 80 percent or more of the stock (as described in sec-

tion 334(b)(2)(B)) of a corporation (the acquired corporation) which held the authority directly or indirectly on the date which is the end of the period of 12 months or less within which such 80 percent of the acquired corporation's stock was purchased. The election to allocate basis in an acquired corporation's stock to the basis in an authority may be made only if 80 percent of all classes of the acquired corporation's stock (other than nonvoting stock which is limited and preferred as to dividends) was acquired by purchase (within the meaning of section 334(b)(3)) during a period of not more than 12 months, as described in section 334(b)(2)(B). If the qualified acquiring party is a corporation, the taxpayer holding the authority on July 1, 1980, may elect the basis allocation of this paragraph only if it is a member of the affiliated group (as defined in section 1504(a)) of which the qualified acquiring party is a member. If there is more than one acquisition of stock that might permit an election to allocate basis under this paragraph (e)(2)(i), the taxpayer may elect to allocate to the authority only the basis in the acquired corporation's stock held by the qualified acquiring party which became a qualified acquiring party as a result of the last of such acquisitions.

(ii) *Certain noncorporate persons treated as qualified parties.* For purposes of paragraphs (e)(2)(i)-(vi) of this section, the term "qualified acquiring party" shall include a noncorporate person or group of noncorporate persons which, after June 21, 1952 and on or before July 1, 1980, acquired in one purchase, stock in a corporation (the acquired corporation) which at the time of acquisition held, directly or indirectly, a motor carrier operating authority. In order to be treated as a qualified acquiring party under this paragraph, a noncorporate person or group of noncorporate persons must have held stock constituting control (within the meaning of section 368(c)) of the acquired corporation on July 1, 1980. A group of noncorporate persons consists of two or more noncorporate persons who, acting together on the same date, made the required purchase of stock in the acquired corporation.

(iii) *Portion of stock basis allocable to basis of authority when stock of direct holder of authority is acquired.* If the qualified acquiring party acquired the stock of a corporation directly holding the authority, the portion of the stock basis allocable to the basis of the authority is the amount that would have been properly allocable under section 334(b)(2) if the qualified acquiring party were a corporation that had received the authority in a distribution of all the acquired corporation's assets in a complete liquidation of the acquired corporation immediately after the acquisition of the acquired corporation's stock. If the acquired corporation's stock was acquired on more than one date, the date on which the liquidation is deemed to have occurred shall be the date which is the date of the last acquisition by purchase of stock of the acquired corporation within the 12-month period described in section 334(b)(2)(B).

(iv) *Portion of stock basis allocable to basis of authority when stock of indirect holder of authority is acquired.* If the qualified acquiring party acquired the stock of a corporation indirectly holding the authority (such as by owning all of the stock of a subsidiary that directly holds the authority), a portion of the qualified acquiring party's cost basis in the stock of the acquired corporation may be allocated to the basis in the operating authority. The portion allocable is the amount that would have been properly allocable under section 334(b)(2) if, immediately before the liquidation of the acquired corporation on the date of the last acquisition by purchase of stock of the acquired corporation within the 12-month period described in section 334(b)(2)(B), the authority had been transferred in such a way (such as by liquidating the subsidiary that directly holds the authority) that the qualified acquiring party would have received direct ownership of the authority upon the liquidation of the acquired corporation immediately after the acquisition.

(v) *Other assets to be accounted for.* For purposes of paragraphs (e)(2)(iii) or (iv) of this section, in determining the portion of stock basis properly allocable to the operating authority under section 334(b)(2), the portion of the qualified acquiring party's basis in the acquired corporation's stock that would have been allocable following the liquidation to other assets of the acquired corporation, including intangible assets such as goodwill and going concern value, must be taken into account.

(vi) *Adjustments to basis in acquired corporation's stock and other assets.* If a taxpayer makes the election provided by paragraph (e)(2)(i) of this section, the qualified acquiring party's basis in the stock of the acquired corporation shall be decreased, effective as of July 1, 1980, by the amount determined by the following formula:

$$\frac{\text{basis in acquired corporation's stock}}{\text{basis in acquired corporation's stock plus unsecured liabilities of acquired corporation}} \times \text{amount allocated to basis in authority under section 334(b)(2) minus acquired corporation's basis in authority}$$

In addition, if the aggregate basis of the assets of the acquired corporation other than the authority as of July 1, 1980 (reduced by the liabilities secured by such assets) exceeds the qualified acquiring party's basis in the stock of the acquired corporation remaining after application of the preceding sentence, then the bases of such assets shall be reduced proportionately so that their aggregate basis as of such date (minus secured liabilities) is equal to such remaining stock basis. If the acquired corporation held the authority indirectly, appropriate basis reductions shall be made to reflect the transfers deemed to have occurred under paragraph (e)(iv) of this section.

(vii) *Pre-TEFRA law applies.* References made in this section to section

334 of the Code relate to such section as it existed before amendment by the Tax Equity and Fiscal Responsibility Act of 1982.

(f) *Adjustment to basis of motor carrier operating authority.* A taxpayer's basis in a motor carrier operating authority must be reduced by the amount of any amortization deductions allowable to the taxpayer under this section.

(g) *Examples.* The principles of this section may be illustrated by the following examples:

Example (1). (i) Corporation X acquired all the stock of corporation Y for $130,000 in 1970. Y's assets at the time of acquisition consisted of a motor carrier operating authority valued at $180,000 in which it has a basis of $60,000, trucks with a fair market value of $70,000 and an aggregate basis of $30,000, and goodwill valued at $30,000. Y has $50,000 of liabilities secured by the trucks and $100,000 of unsecured liabilities. Both X and Y use a June 30 fiscal year for tax purposes.

(ii) Y is the only taxpayer eligible to claim a deduction under §1.9200-1(b). If X sold its Y stock to Z in October 1980 (other than pursuant to a binding contract in effect on July 1, 1980), Y would continue to be the only taxpayer eligible to claim the deduction. However, if Y sold the operating authority to W in February 1981, neither Y nor W would be eligible to claim the monthly deduction for the remainder of the 60-month period. Also, Y would realize gain or loss on the sale after reducing its basis in the authority by any amortization claimed for the period prior to the sale.

(iii) Y must begin the 60-month period in July 1980 unless it elects under paragraph (c)(1)(ii) of this section to begin the 60-month period with the first month of the first taxable year beginning after July 1, 1980, which in Y's case would be July 1981.

(iv) Y's allowable monthly deduction is equal to its adjusted basis in the operating authority of $60,000, divided by 60, or $1,000. However, Y may elect under §1.9200-1(e)(2) to allocate to its basis in the authority a portion of X's basis in Y stock, since X is a qualified acquiring party under paragraph (e)(2)(i) of this section and Y is a member of an affiliated group of which X is a member. Assuming Y makes the election, Y may allocate to the basis of the authority the amount of X's basis in Y stock that would have been allocable under section 334(b)(2) if X had received the authority in a distribution of all of Y's assets in a complete liquidation of Y immediately after X acquired Y's stock. Therefore, for purposes of the allocation, X's $130,000 cost basis in Y stock is deemed to be increased by Y's $100,000 of unsecured liabilities to $230,000. Of the $230,000 deemed basis, $180,000 is allocated to the authority, $30,000 to goodwill and $20,000 to the trucks. Y's allowable monthly amortization deduction would be $180,000 divided by 60, or $3,000. X's $130,000 cost basis in its Y stock must be decreased to $62,174 as provided in paragraph (e)(2)(vi) of this section. Y's $30,000 aggregate basis in its trucks remains unchanged.

Example (2). Assume the same facts as in Example (1), except that Y's aggregate basis in the trucks is $120,000. If Y makes the election under §1.9200-1(e)(2), the same allocation as in Example (1) would occur. However, in addition to the decrease in X's basis in its Y stock to $62,174, the $120,000 aggregate basis in the trucks must be reduced to $112,174 (so that the $112,174 basis minus secured liabilities of $50,000 is equal to X's $62,174 remaining stock basis).

Example (3). Assume the same facts as in Example (1), except that X pays a negotiated purchase price of $120,000 for the Y stock, in order to take into account an anticipated tax liability of $10,000, relating to potential section 1245 recapture. If Y makes the election under §1.9200-1(e)(2), then for purposes of allocating X's basis in Y stock, X's cost basis is deemed to be increased by Y's $100,000 of unsecured liabilities as well as the $10,000 of potential tax liability resulting from section 1245 recapture, to $230,000. The $10,000 of potential recapture tax is treated as a general liability and the deemed basis is allocated among Y's assets as in Example (1). In order to take into account the potential recapture tax liability, such amount must be based on the same fair market values that are used to determine the amount of the stock basis allocable to the operating authority.

§1.9200-2 Manner of taking deduction.

(a) *In general.* The deduction provided by §1.9200-1 shall be taken by multiplying the amount of the monthly deduction determined under §1.9200-1(c)(2) for each motor carrier operating authority by the number of months in the taxable year for which the deduction is allowable, and entering the resulting amount at the appropriate place on the taxpayer's return for each year in which the deduction is properly claimed. Additionally, any taxpayer who has claimed the deduction provided by §1.9200-1 must (unless it has already filed a statement containing the required information) attach a statement to the next income tax return of the taxpayer which has a filing due date on or after June 4, 1984. The statement shall provide, in addition to the taxpayer's name, address, and taxpayer identification number, the following information for each motor carrier operating authority for which a deduction was claimed:

(1) the taxable year of the taxpayer for which the deduction was first claimed;

(2) whether the taxpayer's deduction was determined using the adjusted basis of the authority under section 1012 or an allocated stock basis under §1.9200-1(e)(2); and

(3) if an allocation of stock basis has been made under §1.9200-1(e)(2), the calculations made in determining the amount of basis to be allocated to the authority.

(b) *Filing and amendment of returns.* A taxpayer who has filed its return for the taxable year that includes July 1, 1980 claiming the deduction allowed under §1.9200-1, may amend its return for such year in order to elect under §1.9200-1(c)(1)(ii) to begin the 60-month period in the subsequent taxable year. A taxpayer eligible to take the deduction under §1.9200-1 who has filed its returns for both the taxable year that includes July 1, 1980 and the following taxable year without claiming the deduction, may claim the deduction by filing amended returns or claims for refund for the taxable year in which the taxpayer elects to begin the 60-month period, and for subsequent taxable years. If a taxpayer first claims the deduction on an amended return under the preceding sentence, the statement required by paragraph (a) of this section must be attached to such amended return.

(c) *Deduction taken for operating authority other than under §1.9200-1.* If a deduction other than the deduction allowed under §1.9200-1 was taken in any taxable year for the reduction in value of a motor carrier operating authority caused by administrative or legislative actions to decrease restrictions on entry into the interstate motor carrier business, the taxpayer should file an amended return for such taxable year which computes taxable income without regard to such deduction.

Approved by the Office of Management and Budget under control number 1545-0767.

Par. 2. Section 1.1502-32 is amended by removing the word "and" at the end of paragraph (d)(1)(i)(*b*), by adding ", and" in lieu of the period at the end of paragraph (d)(1)(i)(*c*), and by adding a new paragraph (d)(1)(i)(*d*) to read as follows:

§1.1502-32 Investment adjustment.

(d) ***

(1) ***

(i) ***

(*b*) ***

(*c*) ***, and

(*d*) In computing the earnings and profits of a member holding one or more motor carrier operating authorities who makes the election under §1.9200-1(e)(2), the annual amortization deduction allowed under §1.9200-1 shall not be taken into account.

This Treasury decision is issued under the authority contained in section 266 of the Economic Recovery Tax Act of 1981 (Pub. L. 97-34; 95 Stat. 265), section 517 of the Highway Revenue Act of 1982 (Pub. L. 97-424; 96 Stat. 2097), and section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved February 16, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

26 CFR 35a.9999-1: Questions and answers concerning the due diligence requirement and the certification requirements in connection with backup withholding and other related issues.

T.D. 7929 [1]

TITLE 26.—INTERNAL REVENUE—CHAPTER I, SUBCHAPTER C, PART 35a—TEMPORARY EMPLOYMENT TAX REGULATIONS UNDER THE INTEREST AND DIVIDEND TAX COMPLIANCE ACT OF 1983.

Backup Withholding

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document provides temporary regulations relating to backup withholding. Changes to the applicable tax law were made by the Interest and Dividend Tax Compliance Act of 1983 (Pub. L. 98-67, 97 Stat. 369 [1983-2 C.B. 352]. These regulations affect payors and payees of, and brokers with respect to, reportable payments and provide them with the guidance necessary to comply with the law. This document also clarifies A-21 of §35a.9999-2 of the Temporary Employment Tax Regulations.

DATES: The temporary regulations are effective for payments made after December 31, 1983.

FOR FURTHER INFORMATION CONTACT: Yerachmiel Weinstein (at 202-566-3289 with respect to the foreign provisions), Bruce Jurist (at 202-566-3238 with respect to broker transactions), and Diane Kroupa (at 202-566-3590 with respect to all other provisions) of the Legislation and Regulations Division of the Office of Chief Counsel, Intrnal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On October 4, 1983, the FEDERAL REGISTER published Temporary Employment Tax Regulations under the Interest and Dividend Tax Compliance Act of 1983 (26 CFR Part 35a) under sections 3406 and 6676 of the Internal Revenue Code of 1954 (48 FR 45362) [T.D. 7916, 1983-2 C.B. 272]. Those amendments were published to conform the regulations to the statutory changes enacted by the Interest and Dividend Tax Compliance Act of 1983 (97 Stat. 369). Section 3406 was added to the Internal Revenue Code of 1954 by section 104 of the Interest and Dividend Tax Compliance Act of 1983 (Pub. L. 98-67, 97 Stat. 371) [1983-2 C.B. 352, 353], and section 6676 of the Code was amended by section 105 of the Act (Pub. L. 98-67, 97 Stat. 380) [1983-2 C.B. 352, 358].

Additional temporary regulations relating to the requirement to impose backup withholding on reportable paymetns and the exercise of due diligence by payors of reportable interest, dividends, and patronage dividends and brokers were published in the FEDERAL REGISTER (48 FR 53104) on November 25, 1983 [T.D. 7922, 1983-2 C.B. 282].

This document, containing additional temporary regulations relating to the requirement to impose backup withholding, adds new §35a.9999-3 to Part 35a, Temporary Employment Tax Regulations under the Interest and Dividend Tax Compliance Act of 1983, to Title 26 of the Code of Federal Regulations. Because these provisions are generally effective for payments made after December 31, 1983, there is a need for immediate guidance so that payors and payees can prepare to comply with these provisions.

The Internal Revenue Service intends to publish a notice of proposed rulemaking in the FEDERAL REGISTER in the near future that will provide comprehensive rules regarding backup withholding. All pertinent provisions of the temporary regulations with respect to backup withholding will be incorporated in the notice of proposed rulemaking. The notice of proposed rulemaking will provide the public an opportunity to comment on the regulations. A public hearing will be held. Notice of the time and place of the public hearing will be published in the FEDERAL REGISTER. The temporary regulations contained in this document and §§35a.9999-1 and 35a.9999-2 will remain in effect until superseded by final regulations on this subject.

These temporary regulations, presented in question and answer format, are intended to provide guidelines upon which payors and payees of reportable payments (including reportable interest, dividend, and patronage dividend payments) may rely in order to resolve questions specifically set forth herein. However, no

[1] Also released as News Release IR-83-156, dated December 16, 1983.

inference should be drawn regarding issues not raised herein or reasons certain questions, and not others, are included in these regulations.

EXPLANATION OF PROVISIONS

The regulations provide additional guidance concerning the application of backup withholding to payments subject to reporting under section 6041 (relating to rents, royalties, commissions, etc.) section 6041A(a) (relating to nonemployee compensation), section 6042 (relating to dividends), section 6044 (relating to patronage dividends), section 6045 (relating to brokers and barter exchanges), section 6049 (relating to interest and original issue discount), and section 6050A (relating to certain fishing boat operators). A payment must be subject to information reporting under one of those provisions before backup withholding can apply. Thus, if a payment is not subject to information reporting, backup withholding cannot apply to the payment. With respect to payments subject to reporting under section 6041A(a), these regulations provide that the exceptions currently applicable under section 6041 shall apply until regulations are issued under section 6041A (LR-214-82). For example, payments made to certain corporations engaged in providing medical and health care services are not excepted from information reporting under sections 6041 or 6041A and also are not excepted from backup withholding if a condition for imposing withholding exists with respect to the payee.

In addition, these regulations provide that certain amounts that are subject to information reporting are not subject to backup withholding. For example, a premature withdrawal penalty with respect to a time savings account, a certificate of deposit, or similar deposit, does not reduce the amount of interest that is subject to information reporting, but, in the payor's discretion, only the net payment is subject to backup withholding. In addition, the regulations describe certain categories of dividends that are not subject to backup withholding.

Payments of interest to a mortgage escrow account at a financial institution and interest earned on certain premiums paid with respect to an insurance policy are reportable payments and thus may be subject to backup withholding. While such payments were exempt from 10 percent withholding on interest and dividends, the underlying purpose of backup withholding is to ensure that payees' taypayer identification numbers are provided on information returns in order to match the information with the payee's income tax return. Thus, such payments will be subject to backup withholding.

These regulations define "an obviously incorrect number", delineate how often withholding applies, and describe the penalties associated with backup withholding.

Special rules are provided with respect to readily tradable instruments. When a readily tradable instrument is acquired in a transaction between parties unrelated to the payor and without the assistance of a broker, no certification is required.

These regulations also provide special rules when an account is established directly with, or an instrument is acquired directly from, the payor. If acquisition is effected by means of electronic transfer, the payee, at the payor's option, is given 30 days after such acquisition to provide the required certifications before the payor is obligated to impose backup withholding on any reportable interest and dividends, provided that the payee furnishes a taxpayer identification number to the payor at the time of the acquisition. The payor must, however, withhold 20 percent of the reportable amount if the payee withdraws any funds before the certifications are recieved. If the acquisition is by means of mail communication, the special rule applies with respect to acquisitions before January 1, 1985.

The amount subject to backup withholding is generally the amount subject to information reporting. The amount subject to backup withholding with respect to patronage dividends and payments of certain fishing boat operators is limited generally to the amount paid in cash (or paid by qualified check in the case of patronage dividends). Special rules are provided to show the amount subject to backup withholding with respect to short sales, futures contracts, margin accounts, and foreign currency contracts.

In addition, the regulations explain that while withholding from an alternative source generally is not available to payors as under the now repealed provisions of 10 percent withholding on interest and dividends, payors of payments in property may withhold from an alternative source if the payee is subject to backup withholding.

The regulations prescribe rules governing the confidentiality of the information the payor receives in connection with backup withholding. In addition, the penalty associated with wrongful disclosure is described.

The regulations explain when withholding under section 3406(a)(1)(A) and (D) is required to stop. In general, if a payor is withholding because he has not received a taxpayer identification number or a required certification, the payor must stop withholding on the date that the payor receives a taxpayer identification number from the payee in the manner required or the date that the payor receives the required certification, as applicable. Under A-17 of §35a.9999-2 a payor has 30 days in which to treat a taxpayer identification number or required certification as having been received.

The regulations also explain the circumstances in which erroneously withheld amounts may be refunded to the payee. In general, a payor may refund taxes to the payee if, due to the payor's error, the payor improperly withholds. A payor may not refund taxes withheld due to a payee's error or failure to provide a taxpayer identification number or a required certification. For example, if a payor withholds because no taxpayer

identification number has been received by the payment date, the payor may not refund the tax to the payee even though the payee subsequently furnishes the taxpayer identification number in the manner required to the payor before an information return is required to be made. In this situation, the payor properly withheld. A payor may only refund the tax if the payor has made an error in withholding.

The regulations provide that if a payor is required to withhold, the payor is required to make an information return and is required to furnish a statement to the recipient showing the amount paid and the amount of tax withheld. Thus, the payor is required to make an information return whenever the payor imposes backup withholding even though the amount of the payment is less than the minimum amount that generally must be paid before an information return is required to be made.

The regulations also provide rules for determining whether a payor has exercised due diligence with respect to an account opened or an instrument acquired after December 31, 1983.

Several persons questioned whether various types of interest payments which are not subject to information reporting under section 6049 are, nevertheless, subject to backup withholding. If a payment is not subject to information reporting, it is not subject to backup withholding. These regulations generally do not change any information reporting responsibilities under section 6049. For example, interest which is exempt from taxation under section 103 (relating to certain governmental obligations) is not a reportable payment. If the holder of a tax exempt obligation provides written certification to the payor that the interest payment is exempt from taxation, the payor is not required to make an information return under §1.6049-5(b)(1)(ii). Because such a payment is not subject to information reporting, the payor is not required to impose backup withholding. Similarly, interest paid by an individual on its own obligation (*i.e.*, a mortgage) is not a reportable payment under §1.6049-5(b)(1)(i) and, accordingly, the individual has no backup withholding responsibilities. The result is the same irrespective of whether such interest is collected on behalf of the holder of the obligation by a middleman. Amounts paid with respect to repurchase agreements, however, are reportable under section 6049 and accordingly backup withholding applies to such reportable interest amounts. Thus, as with any account that is not a pre-1984 account, the payee is required to make the certifications described in A-32 of §35a.9999-1 with respect to repurchase agreements.

Clarification has also been requested with respect to the application of backup withholding to original issue discount. Answer 15 of §35a.9999-2 restates that the amount of original issue discount includible in the holder's gross income is treated as a payment of interest under section 6049(d)(6) and §1.6049-5(c). Original issue discount is, therefore, subject to backup withholding. Answer 15 of §35a.9999-2 also provides that the rules of 10 percent withholding on interest and dividends shall apply for purposes of determining the amount of original issue discount subject to backup withholding. Thus, backup withholding only applies to original issue discount when a cash payment is made to the payee, such as a payment of stated interest, or at redemption of the obligation at maturity. When interest payments are made on a long-term registered obligation with original issue discount, backup withholding applies to the stated interest plus the amount of original issue discount includible in the gross income of the holder during the calendar year (although the amount to be withheld cannot exceed the cash paid). In the case of a short-term obligation or a long-term obligation in bearer form, backup withholding with respect to original issue discount applies only at maturity of the obligation. At maturity of a long-term original issue discount obligation in bearer form, backup withholding applies only with respect to the amount of original issue discount includible in gross income of the holder for the calendar year in which the obligation matures.

If a person purchases an original issue discount obligation from another holder, the purchaser generally does not have to impose backup withholding. If, however, a broker was involved with respect to the sale of the obligation and was required to make an information return under section 6045, the broker would be required to impose backup withholding on the gross proceeds of the sale of the obligation. Similarly, if a person purchases a bond between interest payment dates, backup withholding generally only applies when the interest is paid. If, however, a broker was involved with respect to the sale of the obligation and was required to make an information return under section 6045, the broker would be required to impose backup withholding on the gross proceeds of the sale of the obligation.

Clarification has also been requested with respect to readily tradable instruments. A payor may assume that the taxpayer identification number received from a broker with respect to a readily tradable instrument is furnished in the manner required unless and until the broker notifies the payor otherwise as required in A-41 of §35a.9999-1. If the broker notifies the payor that the payee is subject to backup withholding, the payor generally is required to impose backup withholding and is required to notify the payee as provided in A-39 of §35a.9999-1 and A-18 of §35a.9999-2 that backup withholding has commenced, or will commence. For purposes of backup withholding, the term readily tradable instrument includes shares in a mutual fund. For purposes of A-41 of §35a.9999-1, the term "transfer instructions" includes account registration instructions transmitted by a broker with respect to acquisitions of shares in a mutual fund.

With respect to the manner of delivery of Forms 1099 of reportable interest or dividend payments made in

1984 and in subsequent years, a payor of such payments is required either to deliver personally an official Form 1099 or to mail the form in a separate first-class mailing to the payee. If a payor of reportable interest or dividends made in 1984 does not personally deliver or mail the Form 1099 in a separate first-class mailing to the payee, the payor shall be considered to have failed to furnish the required statement to the payee, and the payor will be subject to a $50 penalty for each failure under section 6678. The only material that may be included in the separate mailing of Form 1099 is information relating to solicitation of the payee's correct taxpayer identification number. Payors may not include Form 1099 in the same envelope used to mail a payment, such as where a United States savings bond is redeemed by mail. Payors are not required to send a separate Form 1099 for each interest or dividend payment but may aggregate payments made to a payee during a calendar year on one Form 1099. Payors will be allowed to use a substitute Form 1099 provided the specifications of the applicable Revenue Procedure are followed.

NONAPPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that these temporary regulations are not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule.

DRAFTING INFORMATION

The principal authors of these regulations are Diane Kroupa, Bruce Jurist, Pam Olson, and Yerachmiel Weinstein of the Legislation and Regulations Division of the Office of the Chief Counsel, Internal Revenue Service. Personnel from other offices of the Internal Revenue Service and the Treasury Department participated, however, in developing the regulations on matters of both substance and style.

Adoption of amendments to the regulations.

Accordingly, Part 35a is amended as follows:

Paragraph 1. Section 35a.9999-3 is added immediately after §35a.9999-2 to read as follows:

§35a.9999-3 Questions and answers concerning backup withholding.

The following questions and answers principally concern the backup withholding requirement with respect to reportable payments. These requirements are issued under the Interest and Dividend Tax Compliance Act of 1983 (Pub. L. 98-67, 97 Stat. 369):

In general

Q-1. Who has the legal obligation to withhold on reportable payments made to a payee who is subject to backup withholding?

A-1. The person required to withhold (the payor) is the person who is required by the applicable provision to make an information return with respect to a payment under section 6041, 6041A(a), 6042, 6044, 6045, 6049, or 6050A. For example, in the case of a person who has a paying agent making a reportable payment to a payee, the paying agent is not the payor but is merely an agent for the principal (payor). In the case of a payment which is collected on behalf of, or for the account of, a payee, the payor ("middleman") is the person collecting or receiving the payment, irrespective of whether he is acting as the agent of the payee, or as agent for the issuer of the instrument. For example, a payee may establish a custodial account with a financial institution or brokerage firm where instruments are held for the benefit of the payee. The interest or dividends may be paid to a nominee of the financial institution or brokerage firm. The financial institution or brokerage firm will, in turn, credit the payee's custodial account. The financial institution or brokerage firm is the payor since it receives and credits payment to the payee's account and is required to make an information return showing such payment to the payee. See A-20 of §35a.9999-2 for special rules related to grantor trusts.

Q-2. What consequences result if a payor fails to withhold on payments made to a payee who is subject to backup withholding?

A-2. A payor is subject to the same requirements and penalties for failing to impose backup withholding as an employer making a payment of wages. Consequently, under section 3403 and §31.3403-1 of the Employment Taxes and Collection of Income Tax at Source Regulations, a payor is liable for the tax whether or not the payor withholds the tax from a payee who is subject to backup withholding. A payor may be relieved of liability for the tax which was required to be withheld if the payor can show that the tax has been paid by the payee, as provided in section 3402(d) and §31.3402(d)-1 of the Employment Taxes and Collection of Income Tax at Source Regulations. In addition to liability for the tax, a payor who fails to withhold when required may be subject to civil penalties under section 6651 (addition to the tax for failure to pay any tax required to be shown on the payor's return), section 6656 (penalty for failure to make deposit of taxes), and section 6672 (penalty for failure to collect and pay over tax) and to criminal penalties under section 7201 (penalty for willfully attempting to evade or defeat any tax or the payment of any tax), section 7202 (penalty for willful failure to collect or pay over any tax), and section 7203 (penalty for willful failure to pay tax). The fact that a payor shows that the tax has been paid by the payee will not relieve the payor of liability for any civil or criminal penalty. The payor is not liable to any person for any withheld amount. The payor will only be liable to the United States for the tax which

was required to be withheld as provided in §31.3403-1 of the Employment Taxes and Collection of Income Tax at Source Regulations.

Requirement to withhold

Q-3. Is a payor required to withhold if the taxpayer identification number furnished by a payee is an "obviously incorrect number"?

A-3. Yes. As provided in A-28 of §35a.9999-1, a payee shall be treated as having failed to furnish a taxpayer identification number to the payor if the number furnished is obviously incorrect. An obviously incorrect number is any taxpayer identification number that does not contain nine digits or a number that includes one or more alpha characters.

Q-4. When are payments considered to be paid and thus subject to backup withholding?

A-4. With respect to reportable interest or dividends, backup withholding applies when the payor pays interest, dividends, or patronage dividends to a payee who is subject to backup withholding. Amounts are paid when they are credited to the account of or set apart for the payee. Amounts are not considered paid solely because they may be withdrawn by the payee, so long as they are not credited to the payee's account, until either actual withdrawal or a specified crediting date.

Amounts are considered paid, however, upon withdrawal or crediting. If a bank credits interest on savings accounts only on the last day of each month or when the account is closed, then backup withholding applies at the time interest is paid on the last day of each month and when the account is closed.

When bonds are sold between interest payment dates, the portion of the sales price representing interest accrued to the date of sale is not considered to be a payment of interest for purposes of section 6049, but will be considered a reportable payment under section 6045. Therefore, if the gross proceeds of the sale are subject to backup withholding under A-12 of §35a.9999-2, 20 percent of the sales price, including the portion representing accrued interest, will be subject to backup withholding.

In the case of stock for which the record date is earlier than the payment date, the dividend is considered paid on the payment date. For example, if a corporation declares a dividend on September 1 to the record holders as of September 12, and the dividends are payable on October 12, backup withholding applies on October 12 (the payment date). In the case of a corporate reorganization, if a payee is required to exchange stock held in the former corporation for stock in the new corporation before the dividends which have been paid with respect to the stock in the new corporation will be provided to the payee, the dividend is considered paid on the payment date without regard to when the payee actually exchanges the stock and receives the dividend.

If a payor (such as a money market fund) computes interest or dividends daily but credits the interest or dividends on the last day of each month, then backup withholding applies on the last day of each month. If a payor computes *and* credits interest or dividends daily, backup withholding applies daily.

With respect to any reportable payment other than reportable interest or dividends, backup withholding applies at the time the payment is made or in the case of a transaction reportable under section 6045 when the amount subject to backup withholding is determined. Except in the case of forward contracts, regulated futures contracts, and security short sales, the amount subject to backup withholding in the case of a transaction reportable under section 6045 is determined on the date of the sale or exchange. See §1.6045-1(d)(4) and (f)(3) of the Income Tax Regulations for the applicable sale or exchange date and A-23 through A-25 and A-27 for special rules applicable to forward contracts, regulated futures contracts, security short sales, and issuer payment of debt securities. The date by which the payor is required to make an information return is irrelevant for purposes of determining when the payment is made and thus subject to backup withholding.

In the case of a middleman required to withhold tax, rules similar to §31.3453(b)-1(b) of the Employment Taxes and Collection of Income Tax at Source Regulations shall apply. In the case of a United States savings bond, see §1.6049-4(d)(9) of the Income Tax Regulations.

Payments and amounts subject to backup withholding

Q-5. Is interest paid on a mortgage escrow account with a financial institution or interest earned on certain premiums paid with respect to an insurance policy, subject to backup withholding?

A-5. Yes. Both a payment of interest to a mortgage escrow account with a financial institution and a payment that represents an increment in value of "advance premiums," "prepaid premiums," or "premium deposit funds" which is applied to the payment of premiums due on an insurance policy, or is made available for withdrawal by the policyholder, are subject to reporting under section 6049 and thus are subject to backup withholding.

Q-6. If a payor imposes a penalty for premature withdrawal of funds deposited in a time savings account, certificate of deposit, or similar class of deposit, is the payor required to calculate the tax to be withheld on the amount of the reportable interest payment (not reduced by any penalty)?

A-6. No. A payor may, at its option, take into account any penalty it actually imposes on a payee when it calculates the amount to be withheld. If the payor chooses to take the penalty into account, the amount subject to backup withholding would be the amount of interest the payee actually receives. The gross amount of the payment, however, is subject to information reporting.

Q-7. If a payor is able to estimate the portion of a distribution which is not a dividend, is the payor nevertheless required to impose backup with-

holding on the gross amount of the distribution?

A-7. If the payor is unable to determine the portion of a distribution which is a dividend, backup withholding applies to the entire amount of the distribution. If a payor is able reasonably to estimate the portion of the distribution which is not a dividend, however, backup withholding does not apply to such portion. A payor making a payment all or a portion of which may not be a dividend may use previous experience to estimate the portion of such payment which is not a dividend. An estimate of the portion of a distribution which is not a dividend shall be considered reasonable if the estimate does not exceed the proportion of the distributions made by the payor during the most recent calendar year for which Forms 1099 and 1087 were required to be filed which was not reported by the payor as a dividend.

Q-8. Are dividends which are reinvested in stock of the company subject to backup withholding?

A-8. Dividends which are reinvested pursuant to a qualified plan in stock of a public utility are not subject to backup withholding. For this purpose, the amount of the reinvested dividend paid to any person, the identity of the recipient, and whether the recipient makes the election required by section 305(e)(2)(B) are irrelevant. All other reinvested dividends are subject to backup withholding.

Backup withholding shall apply to the amount of any dividend available to the shareholder, or credited to the shareholder's account. At the discretion of the payor, backup withholding need not be applied (1) to any excess of the fair market value of the shares of stock received by the shareholder or credited to the shareholder's account over the purchase price of such shares (including additional shares acquired by the shareholder at a discount in connection with the dividend distribution) or (2) to any fee which is paid by the payor in the nature of a broker's fee for purchase of the stock or service charge for maintenance of the shareholder's account. The payor must, however, treat such excess amounts and fees on a consistent basis for each calendar year. Thus, the payor is not required to impose backup withholding on any amount in excess of the actual cash value of the dividend declared which the payee would have received had the payee not been a participant in the dividend reinvestment plan.

Q-9. Are there any payments of dividends that are not subject to backup withholding?

A-9. Yes. Backup withholding does not apply to—

(i) Any amount treated as a taxable dividend by reason of section 302 (relating to redemptions of stock).

(ii) Any amount treated as a taxable dividend by reason of section 306 (relating to disposition of certain stock).

(iii) Any amount treated as a taxable dividend by reason of section 356 (relating to receipt of additional consideration in connection with certain reorganizations).

(iv) Any amount treated as a taxable dividend by reason of section 1081(e)(2) (relating to certain distributions pursuant to an order of the Securities and Exchange Commission).

(v) Any amount which is an exempt-interest dividend, as defined in section 852(b)(5)(A), of a regulated investment company.

(vi) Any amount paid or treated as paid during a year by a regulated investment company, provided that the payor reasonably estimates, as provided in A-7, that 95 percent or more of all dividends paid or treated as paid during the year are exempt-interest dividends.

(vii) Any dividend that is reinvested pursuant to a qualified plan in stock of a public utility as provided in A-8.

The foregoing exceptions do not apply to backup withholding on gross proceeds reportable under section 6045.

Q-10. What amount of a payment reportable under section 6044 is subject to backup withholding?

A-10. If a payee fails to provide his taxpayer identification number or, for relationships with or memberships in a cooperative that are established after December 31, 1983, fails to provide a taxpayer identification number under penalties of perjury, the amount subject to backup withholding is any amount subject to reporting under section 6044, but only to the extent that the payment is made in money or by qualified check (as defined in section 1388(c)(4)). Thus, the payor shall withhold 20 percent of the amount paid in money or by qualified check to a payee who has failed to provide a taxpayer identification number in the manner required. For example, if a cooperative pays a patronage dividend of $2,000, consisting of $200 in cash, $300 by a qualified check and $1,500 in a qualified written notice of allocation, the amount subject to backup withholding is $500 (the amount paid in money and by qualified check). Thus, if the payee failed to provide a taxpayer identification number in the manner required, the cooperative would be required to withhold 20 percent of the $500.

If a payee (whose relationship with or membership in a cooperative was established after December 31, 1983) fails to certify that the payee is not subject to backup withholding due to notified payee underreporting, the amount subject to backup withholding is the amount of any payment reportable under section 6044 that is paid in money or by qualified check, but only if 50 percent or more of the reportable amount is paid in money or by qualified check. Therefore, in the case where there has been a payee certification failure, if a payment is made 50 percent or more in cash and by qualified check, the payor is required to withhold 20 percent of the amount of the cash and qualified check. If less than 50 percent of the payment is paid in cash or by qualified check, no amount is subject to backup withholding. For example, if a cooperative pays a patronage divi-

dend consisting of $350 in cash, $250 by a qualified check, and $400 in a qualified written notice of allocation, 20 percent of $600 (the amount paid in money and by qualified check) is required to be withheld if there is a payee certification failure. If $100 were paid in cash, $250 by a qualified check, and $650 in a qualified written notice of allocation, however, the payment would not be subject to backup withholding even though there is a payee certification failure because less than 50 percent of the patronage dividend is paid in cash or by qualified check.

Q-11. If a payor makes a reportable payment in property (other than money), is the payor required to impose backup withholding?

A-11. Yes. In the case of a payment that is made in property, backup withholding applies to the fair market value of the property determined on the date of payment except in the case of certain payments subject to reporting under section 6050A.

Q-12. If the payor is required to withhold on a payment made in property, in what manner may the payor withhold?

A-12. The payor may withhold on the principal amount being deposited with the payor, or the payor may withhold from another account or source maintained by the payor for the payee. The account or source from which such tax is withheld must be payable to at least one of the persons listed on the account subject to backup withholding. If the account or source is not payable solely to the same person or persons listed on the account subject to backup withholding, then the payor must obtain a written statement from all other persons to whom the account or source is payable authorizing the payor to withhold the tax from such account or source. The payor electing to withhold from an alternative source may determine the account or source from which the tax is to be withheld. The payor is liable for any tax that is required to be withheld if the recipient of the payment is subject to backup withholding. A payor may not withhold from an alternative source except with respect to payments in property.

Amounts subject to reporting under section 6041 or 6041A(a)

Q-13. Under what circumstances will a payment of a type subject to information reporting under section 6041 be exempt from backup withholding?

A-13. An information return is not required to be made with respect to payments described in §1.6041-3 of the Income Tax Regulations and, therefore, such payments are not subject to backup withholding. In addition, payments otherwise reportable under section 6041 that are made to the following persons will not be subject to backup withholding:

(i) An organization exempt from taxation under section 501(a), or an individual retirement plan,

(ii) The United States,

(iii) A State, the District of Columbia, a possession of the United States, or any political subdivision of any of the foregoing,

(iv) A foreign government or political subdivision of a foreign government,

(v) An international organization,

(vi) Any wholly owned agency or instrumentality of any person described in (ii), (iii), (iv), or (v), or

(vii) A foreign central bank of issue.

The provisions of §31.3452(c)-1 of the Employment Taxes and Collection of Income Tax at Source Regulations shall apply for the purpose of determining whether a payee to whom a payment is made is subject to information reporting and backup withholding. For example, during 1984, payor K, in the course of its trade or business makes a payment of rent of $700 to R Inc. for the use of premises owned by R Inc. Under §1.6041-3(c) of the Income Tax Regulations payments to a corporation are not subject to information reporting (except in the case of certain payments not relevant here). Under §31.3452(c)-1(b)(2) of the Employment Taxes and Collection of Income Tax at Source Regulations, K may treat R Inc. as a corporation because its name contains the unambiguous expression of corporate status, "Inc." Because the payment of rent to R Inc. is not subject to information reporting, it is not subject to backup withholding. If, however, K made the payment of rent to S Company, K would not be authorized to treat S Company as a corporation because "company" is not an unambiguous expression of corporate status. *See* §31.3452(c)-1(b)(2) of the Employment Taxes and Collection of Income Tax at Source Regulations. Accordingly, K would be required to make an information return with respect to the payment under secton 6041 and withhold 20 percent of the payment to S Company, if S Company did not furnish a taxpayer identification number to K.

Q-14. Do the exceptions under section 6041 and the regulations thereunder apply to payments subject to reporting under section 6041A(a)?

A-14. For purposes of both information reporting and backup withholding, the exceptions under section 6041 shall apply to payments of a type reportable under section 6041A until regulations are issued under section 6041A; the rules of A-13 shall apply to such payments. Thus, in general, payments of the type reportable under section 6041A(a) that are made to corporations or general agents are not subject to information reporting or backup withholding. (See A-15 relating to payments to certain medical corporations.)

Q-15. Does backup withholding apply to a payment reportable under section 6041 or section 6041A(a) that is paid to a corporation engaged in providing medical and health care services or engaged in the billing and collection of payments in respect of medical and health care services (other than certain tax-exempt or governmental facilities described in §1.6041-3(c)(1) and (2) of the Income Tax Regulations)?

A-15. Yes. Such amounts are subject to information reporting under

section 6041 and 6041A(a) and thus are subject to backup withholding. The exception from backup withholding for payments to exempt recipients (described in A-21 of §35a.9999-2) does not apply in the case of payments that are subject to reporting under sections 6041, 6041A(a) or 6050A.

Q-16. Does backup withholding apply to oil royalty payments that are subject to reporting under section 6041?

A-16. Backup withholding does not apply to an oil royalty payment if windfall profit tax is actually withheld under section 4986. If windfall profit tax is not actually withheld from the oil royalty payment (because, for example, payment is made with respect to "exempt royalty oil" (as defined in section 4993(f)), the oil royalty payment is subject to backup withholding. The amount subject to backup withholding is the amount the payee receives (*i.e.*, the gross proceeds less production related taxes such as State severance tax). The payor shall not be liable to any person other than the United States for the amount of tax withheld.

Q-17. Does backup withholding apply to net commissions paid to an unincorporated special agent with respect to insurance policies that are subject to reporting under section 6041?

A-17. Backup withholding does not apply to commissions reportable with respect to such an unincorporated special agent, provided that no cash is actually paid by the payor to the special agent.

Q-18. Does backup withholding apply to "designated distributions" (as defined in section 3405(d)(1)) if the distribution is not subject to reporting under section 6041?

A-18. No. As specified in A-30 of §35a.9999-1, backup withholding applies only to distributions from pensions, annuities, or other plans of deferred compensation that are subject to reporting under section 6041. Thus, the following distributions are among those exempt from backup withholding because they are not subject to reporting under section 6041: (1) distributions from an individual retirement account subject to reporting under sections 408(i) and 6047(d)); (2) distributions from an owner-employee plan (subject to reporting under section 6047(b)); (3) certain surrenders of life insurance contracts (subject to reporting under section 6047(e)); and (4) distributions from a qualified bond purchase plan (subject to reporting under section 6047(c)).

Q-19. Does backup withholding apply to payments of gambling winnings that are subject to reporting under section 6041?

A-19. Backup withholding does not apply to any portion of reportable gambling winnings with respect to which tax is actually withheld under section 3402(q). In any case in which the reportable gambling winnings are not withheld upon under section 3402(q), backup withholding applies. Thus, gambling winnings reportable under section 6041 are subject to backup withholding if the payee does not furnish a taxpayer identification number and the payment is not withheld upon under section 3402(q). Answer 11 of §35a.9999-2 does not apply to gambling winnings. Thus, the payor is not required to determine whether any of the three conditions specified therein applies with respect to the payee.

For purposes of information reporting and backup withholding, (1) the reportable gambling wnnings is the amount paid with respect to the amount of the wager reduced, at the option of the payor, by the amount of the wager, and (2) amounts paid with respect to identical wagers are treated as paid with respect to a single wager for purposes of calculating the amount of proceeds from a wager. The determination of whether amounts paid with respect to a single wager are identical shall be made under the rules of §31.3402(g)-1(c)(1)(ii) of the Employment Taxes and Collection of Income Tax at Source Regulations. In addition, until further regulations are issued, gambling winnings in excess of $600 are reportable only if the payout is based on betting odds of 300 to 1, or higher. The applicability of the odds requirement to information reporting and backup withholding is being studied by the Service and is subject to change in further regulations. Notwithstanding the odds requirement, winnings from bingo, keno, or slot machines are subject to backup withholding if reportable under §7.6041-1 of the temporary Income Tax Regulations.

Definition of a pre-1984 account

Q-20. Under what circumstances is an account or instrument treated as a pre-1984 account?

A-20. Answer 34 of §35a.9999-1 describes generally the accounts and instruments that are treated as a pre-1984 account. In addition, the purchase of additional shares in a credit union, where a prime account existed before 1984, shall be considered a pre-1984 account. If funds taken from one account, in existence prior to January 1, 1984, are used to create a new account on or after such date, however, the new account generally does not constitute a pre-1984 account. For example, with respect to a disposition of shares in a mutual fund and the purchase of shares of another fund within a group of mutual funds which occurs after December 31, 1983, the shares acquired in the second fund are not reated as a pre-1984 account unless the payee owned shares in the second fund prior to January 1, 1984.

If a shareholder is enrolled before January 1, 1984, in a dividend reinvestment program to purchase additional shares of the corporation sponsoring the program, the shares acquired through the program are considered a pre-1984 account, in the discretion of the payor. In the case of a qualified employee trust that distributes instruments in kind, any instrument distributed from the trust will be considered a pre-1984 account with respect to employees who were participants in the plan before January 1, 1984. Similarly, when a payor

offers participants in a plan the opportunity to purchase stock of the payor after a specified time using the money that the payee invested during that period of time, the stock so purchased after December 31, 1983, shall be considered a pre-1984 account with respect to participants in the plan who either owned shares or invested money in the plan before January 1, 1984.

An instrument with respect to which a broker is the payor is a pre-1984 account if the brokerage account in which the instrument is held is not a "post-1983 account." Answer 41 of §35a.9999-1 describes generally the manner of determining whether a brokerage relationship is a post-1983 account. In addition, a brokerage relationship will not be treated as a post-1983 account if (1) a broker redeems or repurchases securities which were acquired by the seller prior to January 1, 1984, and (ii) either (A) the issuer of the securities is the broker obligated to make an information return under section 6045 or (B) the broker was obligated during 1983 to redeem the securities.

Brokerage accounts and transactions

Q-21. Does backup withholding apply to bonds the interest from which is exempt from taxation under section 103?

A-21. Interest on a tax-exempt obligation is not reportable under section 6049 if the payee provides a written certification to the payor (other than the issuer) that interest on the obligation is exempt from tax. See §1.6049-5(b)(1)(ii) of the Income Tax Regulations. If the interest is not reportable under section 6049, it is not subject to backup withholding. A broker, however, is required to report the gross proceeds of a sale of a tax-exempt bond (including redemption of the bond at maturity) under section 6045. Thus, the gross proceeds from the sale of such a bond are subject to backup withholding. Any accrued and unpaid tax-exempt interest included in the sales proceeds is not reportable under §1.6045-1(d)(3) of the Income Tax Regulations. Accordingly, backup withholding is not required with respect to the portion of the proceeds of the sale that represents accrued tax-exempt interest.

Q-22. Does backup withholding apply to a redemption of a share in a mutual fund?

A-22. Generally, yes. A redemption of shares of a mutual fund (other than a redemption at an issue price described in §1.6045-1(c)(3)(iv) of the Income Tax Regulations) is a reportable payment under section 6045, and thus the gross proceeds are subject to backup withholding if the fund is considered a broker or a broker is otherwise involved.

Q-23. What amounts are subject to backup withholding upon the disposition of forward contracts or regulated futures contracts?

A-23. If a customer is subject to backup withholding with respect to an account containing forward contracts or regulated futures contracts, the broker must withhold 20 percent of the following amounts:

(i) All cash or property withdrawn from the account by the customer during the year. A withdrawal includes the use of money or property in the account to purchase any property other than property acquired in connection with the closing of a contract. For this purpose, the acceptance of a warehouse receipt or other taking delivery to close a contract is in connection with the closing of a contract only if the property acquired is disposed of by the close of the seventh trading day following the trading day that the customer takes delivery under the contract. In addition, the making delivery to close a contract is in connection with the closing of a contract only if the broker is able to determine that the property used to close the contract was acquired no earlier than the seventh trading day prior to the trading day on which delivery is made. Cash withdrawals do not include repayments of debt incurred in connection with a making or taking delivery that meets the requirements of the preceding three sentences. A withdrawal also does not include payments of variation margin, commissions, fees, a transfer of cash from the account to another futures account that is subject to the rules of this A-23, or cash withdrawals traceable to dispositions of property other than futures (not including profit on the contract separately reportable under §1.6045-1(c)(5)(i)(*b*) of the Income Tax Regulations).

(ii) The amount of cash in the account available for withdrawal by the customer at the relevant year-end (as described in §1.6045-1(c)(5) of the Income Tax Regulations).

The payor must include the amount withheld and the amounts subject to withholding, in addition to the amounts otherwise reportable under section 6045, on the Form 1099-B filed with respect to a customer who is subject to backup withholding. The determination of whether the customer is subject to backup withholding should be made at the time of (1) the cash or property withdrawals or (2) the relevant year end, whichever is applicable.

Q-24. What amount is subject to backup withholding with respect to security sales made through a margin account?

A-24. The amount subject to backup withholding in the case of a security sale made through a margin account (as defined in 12 CFR section 220 (Regulation T)) is the gross proceeds (as defined in §1.6045-1(d)(5) of the Income Tax Regulations) on such sale. The amount required to be withheld with respect to such a sale, however, is limited to the amount of cash available for withdrawal by the customer immediately after the settlement of the sale. For this purpose, the amount available for withdrawal by the customer does not include amounts required to satisfy margin maintenance under: Regulation T, rules and regulations of the National Association of Securities Dealers and national securities exchanges, and generally applicable self-imposed rules of the margin account carrier. Thus, for example, if the broker forces a customer sale to meet the requirements of Regulation T (a

maintenance call), none of the proceeds of such a sale are subject to backup withholding (except to the extent of the fractional amount of the last share sold which exceeds the amount needed to meet the Regulation T margin requirement).

Q-25. What amount is subject to backup withholding with respect to security short sales?

A-25. The amount subject to backup withholding with respect to a short sale of securities is ordinarily the gross proceeds (as defined in §1.6045-1(d)(5) of the Income Tax Regulations) on such short sale. At the option of the broker, however, the amount subject to backup withholding may be in the gain upon the closing of the short sale (if any) and the obligation to withhold can be deferred until the closing. A broker may use this alternative method of determining the amount subject to backup withholding with respect to a short sale only if at the time the short sale is initiated the broker expects that the amount of gain realized upon the closing of the short sale will be determinable from the broker's records. If, due to events unforeseen at the time the short sale was initiated, the broker is unable to determine the basis of the property used to close the short sale, the property shall be assumed to have a basis of zero. The determination of whether a short sale is subject to backup withholding shall be made on the date (1) of the initiation or closing, as the case may be, or (2) that the initiating or closing, as the case may be, is entered on the broker's books and records.

Q-26. How does backup withholding apply to foreign currency contracts (as defined in section 1256(g))?

A-26. In general, brokers shall report with respect to foreign currency contracts in accordance with the rules for reporting with respect to regulated futures contracts (see §1.6045-1(c)(5)). For purposes of §1.6045-1(c)(5)(i)(*b*) of the Income Tax Regulations realized profit (or loss) from a foreign currency contract is determined—

(1) In the case of making or taking delivery, by comparing the contract price to the spot price for the contract currency at the time and place specified in the contract, and

(2) In the case of a closing by entry into an offsetting contract, by comparing the contract price to the price of the offsetting contract.

For purposes of §1.6045-1(c)(5)(i)(*c*) and (*d*), unrealized profit in a foreign currency contract is determined by comparing the contract price to the broker's price for similar contracts at the close of business of the relevant year. Appropriate additions will be made to §1.6045-1(c) of the Income Tax Regulations in the near future. For rules determining the amount subject to backup withholding under §1.6045-1(c)(5), see A-23.

Q-27. When does backup withholding apply to payments arising as a result of the retirement or redemption of a debt security subject to reporting under section 6045?

A-27. In general, backup withholding applies on the sale date under §1.6045-1(d)(4) of the Income Tax Regulations. Additionally, a broker that is also the obligor on a debt security may elect to apply backup withholding on the payment date. Such a broker must determine whether backup withholding applies on the same date (either sale date or payment date) with respect to all similarly situated payees.

Special rules with respect to readily tradable instruments

Q-28. Do special rules apply if an account or instrument is acquired directly from the payor of reportable interest or dividends after December 31, 1983?

A-28. Yes. Special rules apply depending on the manner in which the instrument is acquired. In the case of a readily tradable instrument acquired directly from the payor by means of electronic transmission (*e.g.*, telephone or wire transfer), the payee, at the payor's option, shall be given 30 days after such acquisition to provide the certifications required in A-32 of §35a.9999-1, before the payor is required to impose backup withholding on the reportable interest or dividends, *provided* that the payee furnishes a taxpayer identification number to the payor at the time of the acquisition. If the payee withdraws any of the interest or dividends before the certifications are received, however, the payor must withhold 20 percent of the reportable amounts. For purposes of the preceding sentence, all cash withdrawals in an amount up to the reportable amounts are assumed to be interest or dividends. In addition, the payor must commence withholding on all reportable interest or dividends in connection with the instrument or account 30 days after the acquisition, if the payee has not provided the required certifications to the payor by such date.

The special rule described in the preceding paragraph shall also apply to acquisitions that are effected before January 1, 1985, by mail communication. With respect to accounts or instruments acquired by mail on or after January 1, 1985, the payor is required to impose backup withholding on the reportable interest or dividend payments if the payee has not provided the required certifications at the time that the first reportable payment is made.

Q-28A. Do special rules apply if a broker sells securities for a customer pursuant to a telephone instruction, in circumstances in which the customer failed to provide a certified taxpayer identification number as required by A-12 of §35a.9999-2?

A-28A. Yes. The customer, at the payor's option, shall be given 30 days after the date of the sale to furnish a certification as required by A-12 of §35a.9999-2, provided that (1) the payee furnishes his taxpayer identification number before the sale and (2) the customer does not withdraw the proceeds of the sale prior to the time the required certification is provided (or backup withholding is applied). For purposes of the preceding sentence, an investment of the cash proceeds of the sale in other property shall be considered a withdrawal by the customer; however, investment in other property shall be permitted if,

at all times, at least 20 percent of all gross proceeds reportable under section 6045 are held in cash by the broker. If the customer does not provide the required certification within 30 days after the date of the sale, the broker must withhold 20 percent of all reportable gross proceeds on the 31st day after the date of the sale.

Q-29. If a readily tradable instrument is transferred in a transaction between parties unrelated to the payor of the instrument without the assistance of a broker, is the transferee required to certify either the correctness of the taxpayer identification number or that the transferee is not subject to backup withholding due to notified payee underreporting?

A-29. No. Certification is not required in the case of a transfer of a readily tradable instrument between parties unrelated to the payor if the parties act without the assistance of a broker.

Q-30. If a bond in bearer form is redeemed by the obligor after December 31, 1983, is the payee required to certify under penalties of perjury the correctness of the payee's taxpayer identification number?

A-30. Yes. The redemption of such an obligation is subject to reporting under section 6045 if a broker is otherwise involved. However, the redemption of an interest coupon is considered a window transaction as provided in A-42 of §35a.9999-1, so the payee is not required to certify the correctness of the taxpayer identification number.

Foreign transactions

Q-31. What representations must a person make, on a certificate signed under penalties of perjury, to establish that he is an exempt foreign person under §1.6045-1(g)(1) of the Income Tax Regulations and, consequently, that the gross proceeds of his broker transactions are not section 6045 reportable payments which may be subject to backup withholding?

A-31. In order to be treated as an exempt foreign person under §1.6045-1(g)(1) of the Income Tax Regulations with respect to transactions effected by a broker during a calendar year, a customer will only be required to certify to the broker the following: (1) that the foreign person is neither a citizen nor a resident of the United States, (2) that the foreign person has not been, and at the time the statement is furnished reasonably expects not to be, present in the United States for a period aggregating 183 or more days during the calendar year, and (3) that the foreign person is not, and at the time the statement is furnished reasonably expects not to be, engaged in a United States trade for business with respect to which any gain derived from transactions effected by the broker during that calendar year is effectively connected. In lieu of making the certifications in (2) or (3) of the preceding sentence, the person may instead certify that he is a beneficiary of an income tax treaty to which the United States is a party and pursuant to which gains from his broker transactions are exempt from Federal income taxation. A person may make this latter certification only if all conditions to the exemption provided by the treaty are actually satisfied.

In accordance with the foregoing, the Service will amend §1.6045-1(g) of the Income Tax Regulations to indicate that a foreign person need make no express representations to a broker concerning the application of section 877 or section 6013(g) or (h) (although a person with respect to whom a section 6013(g) or (h) election is in effect may not make the representation in (1) above that he is not a resident of the United States). These amendments will apply with respect to substitute forms prepared by the broker, as well as to the Form W-8 (which is being developed by the Service for use under the requirements both of §1.6049-5(b)(2)(iv) and §1.6045-1(g)(1) of the Income Tax Regulations). Subject to A-32, all other provisions of §1.6045-1(g) of the Income Tax Regulations will remain in effect.

Q-32. Must a foreign office of a United States broker obtain the statement described in §1.6045-1(g)(1) of the Income Tax Regulations and A-31 from a foreign person having an account at that office in order to treat such person as an exempt foreign person under §1.6045-1(g)(1) of the Income Tax Regulations?

A-32. As currently provided in §1.6045-1(g)(1) of the Income Tax Regulations, a foreign office of a United States broker may treat a customer as an exempt foreign person if it receives a certificate, signed under penalties of perjury, in accordance with §1.6045-1(g)(1) of the Income Tax Regulations. However, the Service will also permit a person to be treated as an exempt foreign person with respect to transactions effected on his behalf by a foreign office of the broker if either of the following conditions is satisfied: (1) during the calendar year in which such transactions are effected, the broker withholds tax on any amount, including interest and dividends, paid to such person under subchapter A of chapter 3 of the Code in accordance with the provisions of chapter 3; or (2) the broker, in accordance with §1.1441-6(b) or (c) of the Income Tax Regulations, has received from such person a Form 1001 (Ownership, Exemption or Reduced Rate Certificate) or special variation thereof that is in effect with respect to any amounts (including interest) that are or may be paid to such person during the calendar year in which the transactions are effected. These alternatives to obtaining the certificate described in §1.6045-1(g)(1) of the Income Tax Regulations only apply, however, if payments the broker makes with respect to transactions effected on behalf of such person are made only outside the United States and if such person has no account with a branch of the broker in the United States. Section 1.6045-1(g) of the Income Tax Regulations will be amended to reflect this modification.

Q-33. With respect to payments of United States source original issue discount on obligations having maturities of six months or less from the date of original issue, must a payor obtain the statement described in

§1.6049-5(b)(2)(iv) of the Income Tax Regulations from a payee who is neither a citizen nor a resident of the United States in order to avoid section 6049 information reporting and the possible application of backup withholding?

A-33. Generally, when making payments of United States source interest or original issue discount to a payee who is a foreign person, the payor need not obtain the certificate described in §1.6049-5(b)(2)(iv) of the Income Tax Regulations since the payor usually either withholds tax on the amounts paid in accordance with subchapter A of chapter 3 of the Code or obtains a Form 1001 from the payee with respect to such payments. See §1.6049-5(b)(2)(i) and (ii) of the Income Tax Regulations. However, as original issue discount on obligations having maturities of six months or less from the date of original issue is not subject to United States tax when paid to a foreign person, there is neither withholding under subchapter A of chapter 3 of the Code nor the receipt of a Form 1001 with respect to such amount. In order to treat original issue discount on obligations having maturities of six months or less from the date of original issue the same under §1.6049-5(b)(2) of the Income Tax Regulations as interest and original issue discount on other obligations, the Service will allow a payee who is a foreign person to substitute a Form 1001 for the statement described in §1.6049-5(b)(2)(iv) of the Income Tax Regulations with respect to original issue discount on obligations having maturities of six months or less from the date of original issue. Despite the substitution of the Form 1001 for the Form W-8 or substitute form prepared by the payor, all other procedures of §1.6049-5(b)(2)(iv) of the Income Tax Regulations will apply.

Section 1.6049-5(b)(2) of the Income Tax Regulations will be amended to reflect the modifications made by this A-33.

Q-34. Are payments of foreign source interest made on deposits outside the United States by a foreign branch of a United States bank reportable payments that may be subject to backup withholding?

A-34. As provided in §1.6049-5(b)(1)(ix) of the Income Tax Regulations, such payments are not required to be reported under section 6049. However, except to the extent such payments are less than $600 in a taxable year or are made to persons who are neither citizens nor residents of the United States, they are subject to information reporting under section 6041(a).

For purposes of section 6041(a), a foreign branch of a United States bank may treat a person as being neither a citizen nor a resident of the United States if the bank has evidence in its records to such effect (provided it does not have actual knowledge that the evidence is false). Such evidence may include a written indication from the payee (*e.g.*, appearing on an account application form) that the payee is neither a citizen nor a resident of the United States or an affidavit from an employee of the United States bank stating that the employee knows that, or that the payee has represented orally that, he is neither a citizen nor a resident of the United States. The mere fact, however, that the payee has provided an address outside the United States is insufficient evidence to establish for this purpose that the payee is neither a citizen nor a resident of the United States.

Foreign source interest payments made on deposits outside the United States by foreign branches of United States banks to United States persons, although reportable payments under section 6041(a), will not be subject to backup withholding beginning January 1, 1984. However, the issue of whether backup withholding should be applied with respect to such payments is presently under further consideration. If backup withholding is subsequently determined to be appropriate, such will be provided in future regulations. Backup withholding, in that case, would apply no earlier than July 1, 1984, and would apply on a prospective basis only. Payments of interest on deposits of United States persons with foreign branches of foreign banks similarly will not be subject to backup withholding beginning January 1, 1984.

Q-35. In the case of a payment to joint payees, must a payor obtain the statement described in §1.6049-5(b)(2)(iv) of the Income Tax Regulations (or other verification of foreign status described in §1.6049-5(b)(2)(ii) or (iii) of the Income Tax Regulations) with respect to each payee in order for such payment to be exempt from information reporting under §1.6049-5(b)(1)(vi) of the Income Tax Regulations and from the possible application of backup withholding?

A-35. Yes. In order for a payment to be exempt from information reporting under §1.6049-5(b)(1)(vi) of the Income Tax Regulations (and in order not to constitute a reportable payment to which backup withholding may apply), the payor must ascertain in accordance with the provisions of §1.6049-5(b)(2) of the Income Tax Regulations that each payee is a foreign person. A broker similarly must verify the independent status of each person on a joint account as an exempt foreign person in accordance with the provisions of §1.6045-1(g)(1) of the Income Tax Regulations, and of A-31 and A-32, in order to exempt transactions effected on behalf of such account from section 6045 information reporting and from the possible application of backup withholding.

If the first payee named on the account, but not every joint payee, provides the verification of foreign status referred to in this A-35, backup withholding shall commence unless any one of the joint payees has provided a taxpayer identification number to the payor in the manner otherwise required in §§35a.9999-1 and 35a.9999-2. This is contrary to the general rule of section 3406(h)(3), which would require backup withholding to commence unless a taxpayer identification number is obtained from the first payee listed in the payment.

Q-36. In order to avoid information reporting under section 6042 and

the possible application of backup withholding, must a payor of United States source dividends to a person having an address outside the United States obtain from such a person a statement, signed under penalties of perjury, that the person is neither a citizen nor a resident of the United States?

A-36. No. The regulations under section 6042 exempt from information reporting any United States source dividends that are subject to withholding under section 1441 or section 1442 or that would be subject to such withholding either but for the provisions of a treaty or but for the fact of the application of §1.1441-4(a) or (f) of the Income Tax Regulations (relating to income effectively connected with a United States trade or business). See §1.6042-3(b)(2) of the Income Tax Regulations. The regulations under section 1441 indicate that, absent definite knowledge of the status of a payee, a payor of United States source dividends may determine whether withholding is required under section 1441 (absent the receipt of a Form 4224 evidencing effectively connected income) or whether a payee is entitled to exemption from such withholding under the applicable provisions of a treaty by reference to the address of the payee. See §1.1441-3(b)(3) of the Income Tax Regulations. Therefore, provided a payor does not have definite knowledge that a payee is a United States person, the payor may treat payments of United States source dividends to a payee with a foreign address as exempt from information reporting under section 6042 and from the possible application of backup withholding. (Note, however, that the use of the address method of purposes of section 1441 is under reconsideration in accordance with the provisions of section 342 of the Tax Equity and Fiscal Responsibility Act of 1982. Future elimination of such a method could impact prospectively on the requirement of backup withholding with respect to dividends).

Payments of dividends to United States persons by a foreign corporation which are not exempt from information reporting under §1.6042-3(b)(1) (relating to payments by a foreign corporation that is not engaged in business in the United States and that does not have an office or place of business or a fiscal or paying agent in the United States) will nevertheless not be subject to backup withholding beginning January 1, 1984. However, the issue of whether backup withholding should be applied with respect to such payments is presently under further consideration. If backup withholding is determined to be appropriate, such will be provided in future regulations. Backup withholding, in that case, would apply no earlier than July 1, 1984, and would apply on a prospective basis only.

Q-37. With respect to a payment of interest that would be subject to information reporting under section 6049 but for the fact that it is made outside the United States, how is the place of payment to be determined?

A-37. For purposes of the reporting requirements of section 6049 and backup withholding, the place of payment of interest is considered to be the place where the payor or middleman completes the acts necessary to effect payment. The fact that payment is made from an account with a United States office of a United States or foreign bank by means of a draft drawn on the bank or by a wire or other electronic transfer from an account with the United States office of the bank is not alone determinative of the place of payment. Similarly, the fact that payment is made by means of a transfer into an account of the payee with a United States office of a United States or foreign bank, whether by means of a wire or other electronic transfer, is not determinative of the place of payment, unless such office is expressly authorized by the payee to act as agent for collection of the interest or unless the records of such office otherwise reasonably evidence the nature of the funds transferred as interest and the amount of such interest.

Subject to the foregoing provisions concerning the receipt of wire and other electronic transfers, a bank or similar financial institution is generally considered to complete the acts necessary to effect payment of interest on its deposits at the branch or office at which it credits the interest to the account of the payee or at which payment is made in cash. However, in no event shall interest be considered to be paid for purposes of section 6049 at a branch or office of the financial institution unless all the following conditions are met: (1) the branch or office is a permanent place of business which is regularly maintained, occupied, and used to carry on a banking or similar financial business, (2) the business is conducted by at least one employee of the branch or office who is regularly in attendance at such place of business during normal business hours, and (3) the branch or office receives deposits of funds from the public and in addition also engages in one or more of the other activities listed in §1.864-4(c)(5)(i) of the Income Tax Regulations.

In the case of a coupon bond (including a certificate of deposit with detachable interest coupons), the acts necessary to effect payment of interest are considered to be completed within the United States either if: (1) a coupon is presented to a payor or middleman within the United States (regardless of whether the funds paid are credited to an account of the payee maintained outside the United States); or (2) the coupon is presented at an office of a payor or middleman outside the United States but the interest on the coupon is credited to an account of the payee maintained with another office of the payor or middleman within the United States. The application of the provisions of this A-37 will be illustrated by examples to be published in future regulations.

Refund of erroneously withheld amounts

Q-38. What action should a payor take if the payor erroneously imposes backup withholding?

A-38. If a payor, through its own error, withholds tax or withholds more than the proper amount of the tax, the payor may refund the amount erroneously withheld as provided in section 6413 and A-39. A payor shall be considered to have withheld erroneously only if the amount is withheld because of an error by the payor (*e.g.*, an error in "flagging" or identifying an account that is subject to backup withholding). If the payor requires a payee described in §31.3452(c)-1(b) through (p) of the Employment Taxes and Collection of Income Tax at Source Regulations (*e.g.*, a corporation) to certify as to its status as exempt from backup withholding, the payee fails to make the required certification, and the payor subsequently withholds the tax from a payment to such payee, the payor may, in its discretion, treat the amount withheld as an amount erroneously withheld and refund it to the payee. The result is the same if the payor does not require such a payee to certify as to its status and the payor withholds.

If a payor withholds from a payee after the payee provides a taxpayer identification number or required certification to the payor but before the payor has processed the number or required certification (*i.e.*, prior to the time that the payor is treated as having received the number or certification under A-17 of §35a.9999-2), the payor may, at its discretion, treat the amount withheld as an amount erroneously withheld and refund it to the payee. If a payor withholds, however, because the payor has not received a taxpayer identification number or required certification and the payee subsequently provides a taxpayer identification number or the required certification to the payor, the payor may not refund the tax to the payee because the payor properly imposed backup withholding. The amount withheld is a credit against tax that the payee may take into account in computing estimated tax payments and may claim on the payee's income tax return.

Q-39. In what manner should a payor treat erroneously withheld tax?

A-39. If a payor withholds from a payee in error or withholds more than the correct amount of tax, the payor may refund the amount improperly withheld to the payee so long as the refund is made prior to the end of the calendar year and prior to the time the payor furnishes a Form 1099 to the payee with respect to the payment for which the improper withholding occurred. If the amount of the improper withholding is refunded to the payee, the payor shall keep as part of its records a receipt showing the date and amount of refund. For this purpose, a cancelled check or an entry in a statement, a copy of which is provided to the payee by the payor, will suffice for a receipt showing the refund of tax improperly withheld provided that the check or statement contains a specific notation that it is a refund of tax improperly withheld.

If the payor has not deposited the amount of the tax prior to the time that the refund is made to the payee, the payor shall not deposit the amount of the tax improperly withheld. If the amount of the improperly withheld tax has been deposited prior to the time that the refund is made to the payee, the payor may adjust any subsequent deposit of tax collected under chaper 24 of the Code which the payor is required to make in the amount of the tax which has been refunded to the payee. A payor shall not report on a Form 1099 as tax withheld any amount of tax which the payor has refunded to a payee.

Q-40. If a "middleman" payor of reportable interest or dividends (*e.g.*, a broker holding stock in "street name") receives a payment a portion of which was improperly withheld upon prior to payment to the "middleman" payor, what action may the "middleman" take?

A-40. A middleman who receives a payment (referred to as a "receiving payor") from which tax has been improperly withheld may seek a refund of the tax withheld by the payor from whom the receiving payor received the payment (referred to as the "upstream payor") or, alternatively may obtain a refund of the tax by claiming a credit for the amount of tax withheld by the upstream payor against the deposit of any tax collected under chapter 24 of the Code which the receiving payor is required to withhold and deposit. The receiving payor shall make or credit the gross amount of the payment (including the tax withheld) to its payee as though it had received the gross amount of the payment from the upstream payor and shall withhold the tax if any of the conditions for imposing backup withholding exist with respect to its payee.

When backup withholding stops

Q-41. When may a payor stop withholding?

A-41. If a payee is subject to backup withholding because the payee failed to furnish a taxpayer identification number in the manner required, the payor is required to withhold until a taxpayer identification number is received from the payee in the manner required. Once the payor receives the payee's taxpayer identification number in the manner required, the payor must stop withholding. See A-17 of §35a.9999-2 for determining when a payor is treated as having received a taxpayer identification number. The same rule applies with respect to a payee certification failure under section 3406(a)(1)(D). If more than one condition applies for imposing backup withholding, a payor is required to withhold until all of the conditions for imposing backup withholding cease to apply.

Confidentiality

Q-42. What use may a payor make of information obtained under the backup withholding rules?

A-42. A payor may use information obtained under the backup withholding rules (including any information with respect to any payee certification failure other than failure to certify the payee's taxpayer identification number) only for the purposes of complying with the backup withholding and information reporting requirements, or to the extent otherwise

permitted by the Code. Any other use of this information may subject the payor to civil damages under section 7431 of at least $1,000 plus the cost of the action.

Q-43. May a payor impose a surcharge to cover the cost of backup withholdng on an account?

A-43. No. If the payor imposes a surcharge on such an account, the payor is liable to the payee under section 7431 for an unauthorized use of information obtained by the payor under section 3406.

Q-44. If a payor imposes backup withholding on a payee, may the payor use this information in determining whether to extend credit to the payee?

A-44. No. If the payor uses this information in making its decision, the payor is liable to the payee under section 7431 for an unauthorized use of information obtained pursuant to section 3406.

Q-45. If a payor is notified to begin withholding on payments made with respect to a payee and the payor provides notice to the payee of the withholding, has the payor made an unauthorized disclosure under section 7431?

A-45. No. If, for example, a payor receives a notice from a broker of the requirement to withhold with respect to a payee and the payor, pursuant to A-39 of §35a.9999-1 and A-18 of §35a.9999-2, provides notice to the payee of such withholding, the payor has no liability to the payee under section 7431.

Miscellaneous

Q-46. If a payor withholds on any payment and the payment is less than the minimum amount for which an information return is required, is the payor required to make an information return and furnish a statement to the recipient?

A-46. Yes. Whenever the payor imposes backup withholding, the payor is required to make an information return regardless of the amount of the payment. The information return shall show the payee's name, address, and taxpayer identification number, the amount of the payment (or aggregate payments to the payee during the calendar year), and the amount of tax withheld. The information return must be provided to the Service no later than February 28 of the year following the calendar year of payment. In addition, the payor is required to furnish a statement to the payee showing the same information, including the amount of tax withheld no later than January 31 of the year following the calendar year of payment.

Q-47. Does backup withholding apply to partnerships?

A-47. Backup withholding generally will apply to a payment to a partnership if the partnership does not provide its correct employer identification number to the payor in the manner required. In addition, the partnership will be required to withhold on all reportable payments that a partnership makes to a payee who is subject to backup withholding. Distributions by a partnership to its partners of their distributive share of partnership income, however, are not reportable payments, so that backup withholding does not apply to such distributions, except to the extent such distributions are reportable under section 6045.

Q-48. May payors require that a separate Form W-9 be filed for each account or instrument held by a payee?

A-48. Yes. See A-29 of §35a.9999.1. However, a payor at its option, may require a payee to file only one Form W-9 for all accounts or instruments of the payee. For example, a bank may permit a payee to file one Form W-9 for all savings, interest-bearing checking, or other accounts the payee has with the bank. In addition, a payee of a mutual fund that has a common investment advisor or common principal underwriter with other mutual funds will be permitted, in the discretion of the mutual fund, to provide one Form W-9 with respect to shares acquired or owned in any of the funds.

Q-49. Do the general rules for deposit, payment, penalties, and reporting of taxes withheld from wages apply to backup withholding?

A-49. Yes. Section 3406(h)(1) provides generally that payments subject to backup withholding shall be treated as wages. Thus, the general procedures for withholding, deposit, payment, and reporting of Federal tax withheld shall apply to payments subject to backup withholding. For example, section 6205 provides that an employer (payor) who makes an undercollection of income tax required to be withheld shall correct such error for the return period in which the undercollection is ascertained. Accordingly, section 6205 requires the employer (payor) to withhold amounts from subsequent payments to the employee (payee) that should have been withheld from prior payments, whether or not such subsequent payments are subject to withholding. Thus, a payor who does not impose backup withholding when required must withhold from subsequent payments to the payee even though the conditions for imposing backup withholding may not exist at the time the subsequent payment is made to the payee.

Q-50. If a payor uses a single employer identification number to report the tax withheld by all its subsidiaries, must all tax withheld with respect to reportable payments by its subsidiaries be aggregated for purposes of determining when tax withheld by them with respect to reportable payments must be deposited under section 6302?

A-50. Yes. All tax withheld under a single emplyer identification number with respect to reportable payments must be aggregated for purposes of determining when such tax must be deposited.

Q-51. In order for a payor of a reportable interest or dividend payment to be considered to have exercised due diligence in furnishing the correct taxpayer identification number of a payee with respect to an account opened or an instrument acquired after December 31, 1983, what actions must the payor take?

A-51. In general, the payor of an

account or instrument that is not a pre-1984 account (as defined in A-34 of §35a.9999-1 and A-19) must use a taxpayer identification number provided by the payee under penalties of perjury to satisfy the due diligence requirement. Therefore, if, after 1983, a payor permits a payee to open an account without providing proper certification that the taxpayer identification number furnished is correct, and a Form 1099 is filed by the payor with a missing or incorrect number, the payor will be liable for the $50 penalty.

A payor also will be considered to have exercised due diligence with respect to a readily tradable instrument that is not a pre-1984 account if the payor (1) uses a taxpayer identification number furnished by a broker or (2) records on its books a transfer to which the payor was not a party. In addition, a payor with respect to an account or instrument that is not a pre-1984 account wll be considered to have exercised due diligence if the payee has compiled with the requirements of A-18 of §35a.9999-2 (exception for a payee who is waiting for receipt of a taxpayer identification number), provided that the payor imposes backup withholding if the payee fails to provide a taxpayer identification number in the manner and within the period required by A-18 of §35a.9999-2.

When a broker notifies the payor that a payee failed to certify or furnish a taxpayer identification number, the payor will be considered to have exercised due diligence if the payor: (1) imposes backup withholding if the payee did not certify his taxpayer identification number to the payor, (2) provides notice to the payee as provided in A-39 of §35a.9999-1 and A-18 of §35a.9999-2, and (3) encloses a postage paid reply envelope.

In addition, to have exercised due diligence, a payor must use the same care in processing a certified taxpayer identification number provided by a payee that a reasonably prudent payor would use in the course of the payor's business in handling account information, such as account numbers and account balances. With respect to window transactions (as defined in A-42 of §35a.9999-1 and A-9 of §35a.9999-2), a payor shall be considered to have exercised due diligence only if it uses the taxpayer identification number provided by the payee. If no number is provided, the payor will not be considered to have exercised due diligence.

Q-52. Does the rule of A-5 of §35a.9999-2 which allows a payor to deliver the mailings described in A-5 and A-6 of §35a.9999-1 in person or by intra-office mail, apply with respect to mailings requesting a penalties of perjury statement from foreign payees described in A-52 and A-55 of §35a.9999-1?

A-52. Yes. A payor or broker may deliver the mailings requesting the penalties of perjury statement from foreign payees described in A-52 and A-55 of §35a.9999-1 provided the mailings are delivered by the same method used by the payor or broker in sending account activity and balance information and other correspondence to the payee.

Par. 2. The second sentence of A-21 of §35a.9999-2 is amended to provide as follows: Backup withholding also is not required with respect to any other reportable payment made to an exempt recipient described in §31.3452(c)-1(b) through (p) of the Employment Taxes and Collection of Income Tax at Source Regulations, except in the case of (1) payments with respect to barter exchange transactions reportable under section 6045, and (2) payments reportable under sections 6041, 6041A, and 6050A.

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 3406(a), (b), (c), (e), (g), (h), and (i), section 6041, section 6041A(a), section 6042(a), section 6044(a), section 6045, section 6049(a), (b), and (d), section 6103(q), section 6109, section 6302(c), section 6676, and section 7805 of the Internal Revenue Code of 1954 (97 Stat. 371, 372, 373, 376, 377, 378, 379, 26 U.S.C. 3406(a), (b), (c), (e), (g), (h), and (i); 68A Stat. 745, 26 U.S.C. 6041; 96 Stat. 601, 26 U.S.C. 6041A(a); 96 Stat. 587, 26 U.S.C. 6042(a); 96 Stat. 587, 26 U.S.C. 6044(a); 96 Stat. 600, 26 U.S.C. 6045; 96 Stat. 592, 594, 26 U.S.C. 6049(a), (b), and (d); 90 Stat. 1685, 26 U.S.C. 6103(q); 75 Stat. 828, 26 U.S.C. 6109; 68A Stat. 775, 26 U.S.C. 6302(c); 68A Stat. 917, 26 U.S.C. 7805) and in sections 104, 105, and 108 of the Interest and Dividend Tax Compliance Act of 1983 (97 Stat. 369, 371, 380, and 383).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 16, 1983.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury

(Filed by the Office of the Federal Register on December 16, 1983; 4:53 p.m., and published in the issue of the Federal Register for December 20, 1983, 48 F.R. 56330)

26 CFR 35a.9999-3: Questions and answers concerning the due diligence requirement and the certification requirements in connection with backup withholding and other related issues.

T.D. 7933

TITLE 26.—INTERNAL REVENUE—CHAPTER I, SUBCHAPTER C, PART 35a—TEMPORARY EMPLOYMENT TAX REGULATIONS UNDER THE INTEREST AND DIVIDEND TAX COMPLIANCE ACT OF 1983

Backup Withholding.

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document supple-

ments the temporary regulations relating to backup withholding. Changes to the applicable tax law were made by the Interest and Dividend Tax Compliance Act of 1983 (Pub. L. 98-67, 97 Stat. 369) [1983-2 C.B. 352]. These regulations affect brokers with respect to reportable gross proceeds and provide them with the guidance necessary to comply with the law.

DATE: The temporary regulations are effective for payments made after December 31, 1983.

FOR FURTHER INFORMATION CONTACT: Diane Kroupa of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, 202-566-3590, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On October 4, 1983, the FEDERAL REGISTER published Temporary Employment Tax Regulations under the Interest and Dividend Tax Compliance Act of 1983 (26 CFR Part 35a) and under sections 3406 and 6676 of the Internal Revenue Code of 1954 (26 CFR Part 35a.9999-1; 48 FR 45362) [T.D. 7916, 1983-2 C.B. 272]. Additional temporary regulations were published in the FEDERAL REGISTER on November 25, 1983 (26 CFR Part 35a.9999-2; 48 FR 53104) [T.D. 7922, 1983-2 C.B. 282] and on December 20, 1983 (26 CFR Part 35a.9999-3; 48 FR 56330) [T.D. 7929, page 285, this Bulletin]. Those regulations were published to conform the regulations to the statutory changes enacted by the Interest and Dividend Tax Compliance Act of 1983 (97 Stat. 369). These regulations supplement 26 CFR Part 35a.9999-3 (December 20, 1983), by adding Question (Q) and A-28B.

These temporary regulations, presented in question and answer format, are intended to provide guidelines upon which brokers may rely in order to resolve questions specifically set forth herein. However, no inference should be drawn regarding issues not raised herein or reasons certain questions, and not others, are included in these regulations.

EXPLANATION OF PROVISIONS

These regulations provide transition rules applicable to backup withholding on gross proceeds reportable by brokers under section 6045. In summary, the regulations provide that, for purposes of backup withholding on gross proceeds, the written certification requirement for post-1983 accounts may be delayed, at the broker's option, until March 31, 1984. Thus, a customer who opens an account after December 31, 1983, and who consummates a sale prior to April 1, 1984, will not be subject to backup withholding, provided that he furnishes a taxpayer identification number to the broker prior to the sale.

In addition, until March 31, 1984, a broker may give customers with pre-1984 accounts, who have not furnished taxpayer identification numbers, 30 days after a sale to provide their numbers, without being subject to backup withholding. Until such a customer provides a number, however, the customer is not permitted to withdraw the cash proceeds from the account. If no number is furnished within 30 days after the sale, the broker must withhold 20 percent of the reportable gross proceeds on the 31st day.

NONAPPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that these temporary regulations are not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 29, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for temporary regulations. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule.

DRAFTING INFORMATION

The principal author of these regulations is Diane Kroupa of the Legislation and Regulations Division of the Office of the Chief Counsel, Internal Revenue Service. Personnel from other offices of the Internal Revenue Service and the Treasury Department participated, however, in developing the regulations on matters of both substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, 26 CFR Part 35a is amended as follows:

Section 35a.9999-3 is amended by adding new Question (Q) and A-28B immediately after A-28A of that section. These added provisions read as follows:

§35a.9999-3 Questions and answers concerning backup withholding.

* * * * *

Q-28B. Will transition rules apply to backup withholding on gross proceeds reportable by brokers under section 6045?

A-28B. Yes. The following transition rules will apply until April 1, 1984. First, for purposes of backup withholding on gross proceeds reportable by brokers, the penalties of perjury certification required by A-12 of §35a.9999-2 (for post-1983 accounts) may be waived, at the broker's option, until April 1, 1984. A customer who opens an account after December 31, 1983, and who consummates a sale prior to April 1, 1984, will not be subject to backup withholding, provided that the customer furnishes a taxpayer identification number to the broker prior to the sale. The gross proceeds from sales made through post-1983 accounts after March 31, 1984, however, will be subject to backup withholding if the customer does not provide a taxpayer identification number certified under penalties of perjury. See A-28A for special rules applicable when a sale is made

pursuant to a telephone instruction. Second, until April 1, 1984, the gross proceeds from a sale made through a pre-1984 account, by a customer who has not provided a taxpayer identification number, will not be subject to backup withholding, at the broker's option, provided that (1) the customer furnishes his number to the broker within 30 days after the date of the sale, and (2) the customer does not withdraw the proceeds of the sale prior to the time his taxpayer identification number is furnished to the broker (or backup withholding is applied). For purposes of the preceding sentence, an investment of the cash proceeds shall be considered a withdrawal by the customer; however, investment of the proceeds in other property shall be permitted if, at all times during the 30-day period, at least 20 percent of all gross proceeds reportable under section 6045 are held in cash within the customer's account by the broker. If the customer does not furnish his taxpayer identification number within 30 days after the date of sale, the broker must withhold 20 percent of all reportable gross proceeds on the 31st day after the date of the sale.

If, with respect to forward contracts, regulated futures contracts, security short sales, or issuer payment of debt securities, the broker applies backup withholding on a date other than the sale date (see A-23 through A-25 and A-27), the rules of this A-28B shall apply as if any date on which the broker determines whether backup withholding applies were a sale date.

* * * * *

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 3406(a), (b), (c), (e), (g), (h), and (i) and section 6045 of the Internal Revenue Code of 1954 (97 Stat. 371, 372, 373, 376, 377, 378, 379, 26 U.S.C. 3406(a), (b), (c), (e), (g), (h), and (i); 96 Stat. 600, 26 U.S.C. 6045) and in section 104 of the Interest and Dividend Tax Compliance Act of 1983 (97 Stat. 369, 371).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved December 29, 1983.

RONALD A. PEARLMAN,
Acting Assistant Secretary of the Treasury.

26 CFR 35a.9999-3A: Question and answer relating to exemption from backup withholding for certain principal payments made outside the United States by brokers on certain obligations.

T.D. 7946

TITLE 26—INTERNAL REVENUE.—CHAPTER I, SUBCHAPTER C—PART 35a—TEMPORARY EMPLOYMENT TAX REGULATIONS UNDER THE INTEREST AND DIVIDEND TAX COMPLIANCE ACT OF 1983

Backup withholding of principal payments made outside the United States by brokers on obligations the interest payments on which are foreign source income

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document provides temporary regulations relating to the exemption from backup withholding for principal payments made outside the United States by brokers on obligations the interest payments on which are foreign source income. These temporary regulations are intended to modify, amend, and clarify temporary regulations on backup withholding published in the FEDERAL REGISTER for December 20, 1983 (§35a.9999-3; 48 FR 56330). [T.D. 7929, page 285, this Bulletin]. These regulations affect brokers making principal payments on obligations outside the United States and provide the public with the guidance necessary to comply with the law.

DATES: The Temporary regulations are effective for payments made after December 31, 1983.

FOR FURTHER INFORMATION CONTACT: Yerachmiel Weinstein of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (202-566-3289, not a toll-free call).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 20, 1983, the FEDERAL REGISTER published Temporary Employment Tax Regulations under the Interest and Dividend Tax Compliance Act of 1983 (26 CRF Part 35a) [Pub. L. 98-67, 1983-2 C.B. 352] under section 3406 of the Internal Revenue Code of 1954 (48 FR 56330) [T.D. 7929, page 285, this Bulletin] (December 20 regulations). Among the provisions contained in the December 20 regulations were provisions dealing with the treatment of payments of interest and of the proceeds of broker transactions made to foreign persons.

The regulations under section 6049 exempt foreign source interest payment made outside the United States from information reporting. The regulations prescribe this result for such payments without regard to whether they are made to foreign persons. The regulations under section 6045, however, presently contain no such exemption for payments made outside the United States of the proceeds of broker transactions.

This disparity in treatment can lead to anomalous results, particularly since transactions subject to information reporting are potentially subject to backup withholding. This anomaly becomes most apparent in the case of obligations the interest on which constitutes foreign source income and the

principal on which is paid outside the United States. In such a situation, the regulations under section 6049 assure that the interest payments made outside the United States will be exempt from information reporting and backup withholding, while the regulations under section 6045 do not similarly exempt the principal payments on the same obligation.

The Treasury Department has determined that this inconsistency of treatment of payments on a single obligation should be subjected to further study and should be eliminated for the present. The Treasury Department is providing for the time being in this temporary regulation that payments of principal made outside the United States on an obligation will be exempt from information reporting under section 6045 and from backup withholding if the interest on that obligation is from foreign sources. In making the determination of whether interest on an obligation is from foreign sources, rules similar to those contained in §1.6049-5(b)(3)(i) will apply. This exemption applies whether the payments are made to a foreign person or to a United States person. Any future change to this rule will apply no earlier than July 1, 1984, and will apply on a prospective basis only.

NONAPPLICABILITY OF EXECUTIVE ORDER 12291

The Treasury Department has determined that these temporary regulations are not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 20, 1983.

REGULATORY FLEXIBILITY ACT

No general notice of proposed rulemaking is required by 5 U.S.C. 553(b) for this regulation. Accordingly, the Regulatory Flexibility Act does not apply and no Regulatory Flexibility Analysis is required for this rule.

DRAFTING INFORMATION

The principal author of this regulation is Yerachmiel E. Weinstein of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. Personnel from other offices of the Internal Revenue Service and the Treasury Department participated, however, in developing the regulations on matters of both substance and style.

* * * * *

Adoption of amendments to the regulations.

Accordingly, Part 35a is amended by the addition of a new section 35a.9999-3A immediately after §35a.9999-3 to read as follows:

Part 35a—Temporary Employment Tax Regulations under the Interest and Dividend Tax Compliance Act of 1983

§35a.9999-3A Question and answer relating to exemption from backup withholding for certain principal payments made outside the United States by brokers on certain obligations.

The following question and answer concerns the exemption from information reporting and backup withholding for certain principal payments on obligations made outside the United States. The question and answer is issued under the Interest and Dividend Tax Compliance Act of 1983 (Pub. L. 98-67, 97 Stat. 369):

Q. Are payments of principal on obligations subject to information reporting under section 6045 or to backup withholding if made outside the United States?

A. Such payments are not subject to section 6045 information reporting or backup withholding if made with respect to obligations the interest on which would be from sources outside the United States. The determination of whether a payment of principal is made outside the United States for this purpose shall be determined under rules similar to those contained in A-37 of §35a.9999-3 of the regulations.

The issue of whether information reporting and backup withholding should apply with respect to these payments remains under consideration by the Treasury Department. If information reporting and backup withholding are subsequently determined to be appropriate, such will be provided in future regulations. Information reporting and backup withholding will apply in that case no earlier than July 1, 1984, and will apply on a prospective basis only.

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. Taxpayers have communicated to the Department of the Treasury an urgent need for a rule providing certainty in the treatment of payments they will be obligated to make in the immediate future in the ordinary course of their trade or business. For this reason, it is found impracticable to issue this Treasury decision with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 3406(b), (g), (h), and (i), section 6045, and section 7805 of the Internal Revenue Code of 1954 (97 Stat. 372, 377, 378, 379, 26 U.S.C. 3406(b), (g), (h), and (i); 96 Stat. 600, 26 U.S.C. 6045; 68A Stat. 917, 26 U.S.C. 7805) and in section 104 of the Interest and Dividend Tax Compliance Act of 1983 (97 Stat. 369).

ROSCOE L. EGGER, JR.,
Commissioner of Internal Revenue.

Approved February 22, 1984.

JOHN E. CHAPOTON,
Assistant Secretary of the Treasury.

(Filed by the Office of the Federal Register on February 27, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 28, 1984, 49 F.R. 7226)

Subpart A.—Tax Conventions

United States-Austria Income Tax Convention

1957-2 C.B. 985

U.S.-Austria Income Tax Convention; exemption for interest paid to Austrian bank. Payments of interest by U.S. citizens on mortgage loans secured by personal property are exempt from United States income taxation under Article VII of the United States-Austria Income Tax Convention.

Rev. Rul. 84-84

ISSUE

Whether payments of interest to *BK* by United States citizens on mortgage loans secured by personal property are exempt from United States income taxation under Article VII of the United States-Austria Income Tax Convention (the Convention), 1957-2 C.B. 985?

FACTS

BK is an Austrian corporation engaged in the business of commercial banking in Austria. During 1982 and in the ordinary course of its business, *BK* made interest-bearing mortgage loans to United States citizens. These loans were secured by the borrowers' personal property located in the United States.

BK has neither a branch office nor any other fixed place of business within the United States. *BK* is not engaged in a trade or business in the United States through an agent or employee who has full power to negotiate and conclude contracts in the United States. Under the Convention, *BK* is not considered to have a permanent establishment in the United States.

LAW AND ANALYSIS

Section 894(a) of the Code states that income of any kind, to the extent required by any treaty obligation of the United States, shall not be included in gross income and shall be exempt from U.S. taxation.

Article VII of the Convention states that interest received from sources within one of the contracting States, on bonds, notes, debentures, securities or any other form of indebtedness (exclusive of interest on debts secured by mortgages) by a resident or corporation or other entity of the other contracting State shall be exempt from tax by the former State if such resident, corporation, or other entity has no permanent establishment in such former State.

Article IX(1) of the Convention states that income from real property (including gains derived from the sale or exchange of such property and interest on mortgages secured by such property) and royalties in respect of the operation of mines, oil wells, or other natural resources shall be taxable in the contracting State in which such property, mines, oil wells, or other natural resources are situated.

Under the taxing structure of the Convention, Article VII is the general provision covering interest. Article VII, however, excludes from its application interest on debts secured by mortgages. Under Article IX(1), which encompasses income derived from real property, "interest on mortgages secured by such [real] property" is taxable where the property is located. Articles VII and IX complement each other and provide, among other things, for the tax treatment of all interest paid to Austrian entities that do not have permanent establishments in the United States. Therefore, the scope of the Article VII exemption for interest applies to all interest except for interest on mortgages secured by real property that, pursuant to Article IX, is specifically subject to tax in the contracting state in which the mortgaged real property is situated. That is, the parenthetical mortgages exception appearing in Article VII includes only interest on loans secured by *real* property mortgages. Under the facts of this revenue ruling, the loans are secured by *personal* property and, thus, the parenthetical mortgages exception in Article VII is inapplicable.

HOLDING

Payments of interest to *BK* by United States citizens on mortgage loans secured by personal property are exempt from United States income taxation under Article VII of the Convention.

United States-France Income Tax Convention 1968-2 C.B. 691.

Rate of tax for a dividend paid by a United States corporation to its French corporate shareholder. A dividend received from a U.S. corporation by a French corporate shareholder that owns, directly, at least ten percent of the outstanding shares of the voting stock of the U.S. corporation during the part of the paying corporation's taxable year that precedes the date of payment of the dividend and during the whole of its prior taxable year (if any) is subject to a tax not exceeding 5 percent of the amount actually distributed in accordance with Article 9(2)(b) of the U.S.-France Income Tax Convention.

Rev. Rul. 84-21

ISSUE

Whether a dividend paid by a United States corporation to its French corporate shareholders is subject to the reduced rate of tax of five percent of the amount actually distributed as provided by Article 9(2)(b) of the Income Tax Convention between the United States and France (the French Convention), 1968-2 C.B. 691.

FACTS

FX, *FY* and *FZ* are French corporations that own all of the outstanding stock of *X*, a domestic corporation. *FX* and *FY* each own 3 percent and *FZ* owns 94 percent of the voting stock of *X*. *FZ* also owns 99 percent of the outstanding stock of both *FX* and *FY*. The stock ownership of *FX*, *FY*, *FZ* and *X* has remained the same for 3 years prior to July 1, 1983.

On July 1, 1983, *X* paid a cash dividend to *FX*, *FY* and *FZ*. *X* uses the

calendar year as its taxable year. *X*'s gross income for the 1982 taxable year did not include any dividend or interest income. *FX*, *FY* and *FZ* do not have a permanent establishment in the United States.

LAW AND ANALYSIS

Article 9(2)(a) of the French Convention provides that dividends derived from sources within a Contracting State by a resident of the other Contracting State may be taxed by the former Contracting State, but the tax imposed on such dividends shall not exceed 15 percent of the amount actually distributed. Article 9(2)(b) of the French Convention provides, in part, that when the recipient of the dividend is a corporation, the rate of tax imposed by the former Contracting State shall not exceed 5 percent of the amount actually distributed if— During the part of the paying corporation's taxable year which precedes the date of payment of the dividend and during the whole of its prior taxable year (if any), at least ten percent of the outstanding shares of the voting stock of the paying corporation was owned by the recipient corporation.

The term "owned" as used in Article 9(2)(b) of the French Convention is not defined in the Convention. There is nothing in the language of Article 9 or in the history of the French Convention to indicate that the term "owned" should be interpreted to include any type of ownership other than direct ownership.

Article 2(2) of the Convention provides, in part, that any term not otherwise defined shall, unless the context otherwise requires, have the meaning that it has under the laws of the Contracting State relating to the taxes that are the subject of the Convention. Generally, when the federal income tax laws require ownership of a certain percentage of voting stock, they mean "own" in the ordinary, common sense understanding of the term; namely, actual or outright ownership. *See*, for example, *Trotz v. Commissioner*, 361 F.2d 927 (10th Cir. 1966). Rev. Rul. 81-132, 1981-1 C.B. 603, holds that in a comparable provision of the U.S. - Netherlands Tax Convention the terms "owning" and "owned" mean direct ownership. Therefore, indirect ownership such as parent-subsidiary stock attribution, will not be considered in determining whether the stock ownership requirements of Article 9(2)(b) of the French Convention have been met.

In the present case, *FX* and *FY* each owned directly only 3 percent of the voting stock of *X* during the part of *X*'s taxable year preceding payment of the dividend and during the whole of its prior taxable year. *FZ* owned directly 94 percent of the voting stock of *X* during the same period.

HOLDING

The dividends paid to *FX* and *FY* are subject to a rate of tax not exceeding 15 percent of the amount actually distributed in accordance with Article 9(2)(a) of the French Convention. The dividend paid to *FZ* is subject to a rate of tax not exceeding 5 percent of the amount actually distributed in accordance with Article 9(2)(b) of the French Convention.

1977-1 C.B. 416
(Also Part I, Sections 864, 894; 1.864-4, 1.894-1.)

Poland; election; gain and loss; business activities of permanent and nonpermanent establishment. A taxpayer cannot elect the provisions of the United States-Polish People's Republic Income Tax Convention with respect to the taxability of business gain that is in part attributable to a permanent establishment and in part not attributable thereto, while in the same taxable year elect the provisions of the Code with respect to a nonattributable business loss. Rev. Rul. 81-78 amplified.

Rev. Rul. 84-17

ISSUE

Whether a taxpayer can elect the provisions of the United States-Polish People's Republic Income Tax Convention (the Convention), 1977-1 C.B. 416, with respect to the taxability of business gain that is in part attributable to a permanent establishment and in part not attributable thereto, while in the same taxable year elect the provisions of the Internal Revenue Code with respect to a nonattributable business loss under the circumstances described below.

FACTS

In Rev. Rul. 81-78, 1981-1 C.B. 604, a Polish corporation (the taxpayer) markets two entirely different products in the United States through separate and unrelated business activities. One business activity, the manufacturing and marketing of product *a* both in the United States and abroad, constitutes a permanent establishment in the United States within the meaning of Article 6 of the Convention. The profits attributable to the activity of the permanent establishment are taxable by the United States under Article 8(1) of the Convention. The profits attributable to the second business activity, the manufacturing of the product *b* in Poland and the sale of the product through an independent contractor in the United States and abroad, are not taxable under the Convention by the United States since the activity does not constitute a permanent establishment in the United States.

Assume that the facts of Rev. Rul. 81-78 apply in the subsequent taxable year. In addition to the manufacture and sale of products *a* and *b*, the taxpayer manufactures product *c* in its home office in Poland and sells the product through another independent contractor in the United States. The manufacture and sale of product *c* are wholly independent of the taxpayer's operations through the permanent establishment in the United States and from the sale of product *b* in the United States through an independent contractor. In the taxable year in question, the taxpayer has gain from the manufacture and sale of product *a* through the permanent establishment, gain on the sale of product *b*, and a loss from the sale of product *c* in the United States. The gain or loss from the sale of products *b* and *c* in the United States is not attributable to a permanent establishment in the United States, but, like the income

from the sale of product *a*, is effectively connected with the conduct of a trade or business in the United States within the meaning of sections 882(a) and 864(c)(3) of the Internal Revenue Code.

The taxpayer claimed the provisions of the Convention with respect to the gain-producing activities, involving products *a* and *b*, so that the gain from the permanent establishment was subject to United States income taxation and the gain from the sale of product *b* was exempt from United States income taxation. The taxpayer claimed the provisions of the Code with respect to the loss producing activity so that the loss from the sale of product *c* was used to offset the product *a* gain from the permanent establishment in determining the taxpayer's United States income tax liability.

LAW AND ANALYSIS

Section 882(a) of the Code provides that a foreign corporation engaged in a trade or business within the United States during the taxable year shall be taxable as provided in section 11 or 1201(a) on its taxable income that is effectively connected with the conduct of a trade or business within the United States.

Section 864(c)(3) of the Code provides that all income, gain, or loss from sources within the United States (other than income, gain, or loss to which section 864(c)(2) applies) shall be treated as effectively connected with the conduct of a trade or business within the United States.

Section 894(a) of the Code provides that income, to the extent required by any treaty obligation of the United States, shall be exempt from taxation under subtitle A.

Article 5(2)(a) of the Convention prevents the United States from construing the Convention to restrict in any manner any deduction allowed by the laws of the United States in the determination of the tax that the United States imposes.

The Technical Explanation of the Convention, 1977-1 C.B. 427, states that the rule of Article 5(2)(a) reflects the principle that a convention should not increase the tax burden on residents of the Contracting States.

Article 8(1) of the Convention provides that the profits of an enterprise of a Contracting State, in this case Poland, will be taxable only by Poland unless the enterprise carries on business in the other Contracting State, in this case the United States, through a permanent establishment situated therein; if the enterprise carries on business as aforesaid, only the profits of the enterprise that are attributable to the permanent establishment may be taxed by the United States.

The provisions of the Convention dealing with business profits indicate an intent to subject Polish businesses to United States income taxation only on profits attributable to a permanent establishment in the United States. All nonattributable profits are to be taxed only by Poland. This intent is further evidenced by a statement in the report of the Senate Foreign Relations Committee describing the general objectives of the Convention. The Committee stated that ordinarily business income is not taxable in the source country, in this case the United States, unless the taxpayer has a fixed place of business there; if there is only a temporary or minimal presence in the source country, the conventions typically provide for taxation exclusively by the residence country, in this case Poland. S. Ex. Rep. No. 94-15, 94th Cong., 1st Sess. 1 at 7-8 (1975), 1977-1 C.B. 425.

The intent under the Convention—that the United States will only tax business profits of a Polish enterprise that are attributable to a trade or business conducted by such enterprise in the United States—would be thwarted if losses not attributable to a permanent establishment in the United States are offset against gain attributable to a permanent establishment in the United States. Further, such an offset would require the inconsistent treatment (during a taxable year) of nonattributable gain and loss—such gain being exempt under the Convention and such loss being deductible under the Code. Accordingly, the product *c* nonattributable loss cannot be used to offset the product *a* gain attributable to the United States permanent establishment because the provisions of the Convention have been claimed with respect to the product *a* and product *b* gain.

However, Article 5(2)(a) allows the taxpayer the option to use the provisions of the Code to determine the tax liability with respect to the sales activities for products *a*, *b*, and *c* if this results in a lower tax liability than that obtained using the provisions of the Convention with respect to all of those sales activities. If the Code provisions are used, the effectively connected product *c* loss can be used to offset the effectively connected gain from products *a* and *b* in determining the taxpayer's United States income tax liability.

HOLDING

The taxpayer must use the provisions of the Convention with respect to the taxability of the product *c* nonattributable loss for the taxable year in question because those provisions are used with respect to the taxability of the gain from products *a* and *b*.

If, for the taxable year, the taxpayer desires to use the provisions of the Code with respect to the taxability of the product *c* loss, the provisions of the Code must also be used with respect to the taxability of the gain from products *a* and *b*.

EFFECT ON OTHER REVENUE RULINGS

Rev. Rul. 81-78 is amplified.

Subpart B.—Legislation and Related Committee Reports

Public Law 98-129
98th Congress, H.R. 2840 [1]
October 14, 1983

An Act to provide for the orderly termination of Federal management of the Pribilof Islands, Alaska.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Fur Seal Act Amendments of 1983".

[1] This publication of the law is restricted to excerpts involving tax matters. House Report No. 98-213 and Senate Report 98-212 are not published.

SEC. 2. The Act of November 2, 1966 (Public Law 89-702; 16 U.S.C. 1151-1187), known as the Fur Seal Act of 1966, is amended to read as follows:

"TITLE I—FUR SEAL MANAGEMENT

* * * * *

(1) 'Secretary' means the Secretary of Commerce.

* * * * *

TITLE II—ADMINISTRATION OF THE PRIBILOF ISLANDS

* * * * *

SEC. 205. (a) Any provision of law relating to the transfer and disposal of Federal property to the contrary notwithstanding, the Secretary, after consultation with the Secretary of the department in which the Coast Guard is operating, is authorized to bargain, grant, sell, or otherwise convey, on such terms as he deems to be in the best interests of the United States and in furtherance of the purposes of this Act, any and all right, title, and interest of the United States in and to the property, both real and personal, held by the Secretary on the Pribilof Islands: *Provided*, That such property is specified in a document entitled 'Transfer of Property on the Pribilof Islands: Descriptions, Terms and Conditions,' which is submitted to the Congress on or before October 31, 1983.

* * * * *

(g) The Secretary shall submit to Congress a report, no later than October 1, 1983, providing information on the status of the negotiations for concluding the documents described in subsections (a) and (d) of this section.

"SEC. 206. (a)(1) In order to promote the development of a stable, self-sufficient enduring and diversified economy not dependent on sealing, the Secretary shall cause to be established a Trust for the benefit of the Natives of the Pribilof Islands, to be known as the 'Pribilof Islands Trust' (hereinafter referred to as the 'Trust').

* * * * *

(e) The grant, sale, transfer or conveyance of any real or personal property pursuant to this section shall not be subject to any form of Federal, State or local taxation. The basis for computing gain or loss on subsequent sale or disposition of such real or personal property for purposes of any Federal, State or local tax imposed on, or measured by revenue shall be the fair market value of such real or personal property at the time of receipt.

Approved October 14, 1983.

Public Law 98-134
98th Congress, H.R. 982 [1]
October 18, 1983

An Act to settle certain claims of the Mashantucket Pequot Indians.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Mashantucket Pequot Indian Claims Settlement Act".

CONGRESSIONAL FINDINGS

SEC. 2. The Congress finds that—

(a) there is pending before the United States District Court for the District of Connecticut a civil action entitled "Western Pequot Tribe of Indians against Holdridge Enterprises Incorporated, et al., Civil Action Numbered H76-193 (D. Conn.)," which involves Indian claims to certain public and private lands within the town of Ledyard, Connecticut;

* * * * *

DEFINITIONS

SEC. 3. For the purposes of this Act—

(1) The term "Tribe" means the Mashantucket Pequot Tribe (also known as the Western Pequot Tribe) as identified by chapter 832 of the Connecticut General Statutes and all its predecessors and successors in interest. The Mashantucket Pequot Tribe is represented, as of the date of the enactment of this Act, by the Mashantucket Pequot Tribal Council.

* * * * *

(3) The term "private settlement lands" means—

(A) the eight hundred acres, more or less, of privately held land which are identified by a red outline on a map filed with the secretary of the State of Connecticut in accordance with the agreement referred to in section 2(d) of this Act, and

(B) the lands known as the Cedar Swamp which are adjacent to the Mashantucket Pequot Reservation as it exists on the date of the enactment of this Act. Within thirty days of the enactment of this Act, the secretary of the State of Connecticut shall transmit to the Secretary a certified copy of said map.

(4) The term "settlement lands" means—

(A) the lands described in sections 2(a) and 3 of the Act To Implement the Settlement of the Mashantucket Pequot Indian Land Claims as enacted by the State of Connecticut and approved on June 9, 1982, and

(B) the private settlement lands.

(5) The term "Secretary" means the Secretary of the Interior.

* * * * *

(2) Not less than $600,000 of the Fund shall be available until January 1, 1985, for the acquisition by the Secretary of private settlement lands. Subsequent to January 1, 1985, the Secretary shall determine whether and to what extent an amount less than $600,000 has been expended to acquire private settlement lands and shall make that amount available to the Tribe to be used in accordance with the economic development plan approved pursuant to paragraph (3).

* * * * *

(9) Notwithstanding the provisions of the first section of the Act of August 1, 1888 (25 Stat. 357, chapter 728), as amended, and the first section of the Act of February 26, 1931 (46 Stat. 1421, chapter 307), the Secretary may acquire land or natural resources under this section from the ostensible owner of the land or natural resources only if the Secretary and the ostensible owner of the land or natural resources have agreed upon the identity of the land or natural resources to be sold and upon the pur-

[1] This publication of the law is restricted to excerpts involving tax matters. Senate Report No. 98-222 is not published.

chase price and other terms of sale. Subject to the agreement required by the preceding sentence, the Secretary may institute condemnation proceedings in order to perfect title, satisfactory to the Attorney General, in the United States and condemn interests adverse to the ostensible owner.

(c) For the purpose of subtitle A of the Internal Revenue Code of 1954, any transfer of private settlement lands to which subsection (b) applies shall be deemed to be an involuntary conversion within the meaning of section 1033 of such Code.

* * * * *

Approved October 18, 1983.

Public Law 98-135
98th Congress, H.R. 3929 [1]
October 24, 1983

An Act to extend the Federal Supplemental Compensation Act of 1982 [Pub. L. 97-248, 1982-2 C.B. 462], and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Federal Supplemental Compensation Amendments of 1983".

TITLE I—EXTENSION OF FEDERAL SUPPLEMENTAL COMPENSATION PROGRAM

SEC. 101. EXTENSION OF FEDERAL SUPPLEMENTAL COMPENSATION PROGRAM.

(a) GENERAL RULE.—Paragraph (2) of section 602(f) of the Federal Supplemental Compensation Act of 1982 is amended to read as follows:

"(2) No Federal supplemental compensation shall be payable to any individual under an agreement entered into under this subtitle for any week beginning after March 31, 1985."

(b) TECHNICAL AMENDMENT.—Paragraph (2) of section 605 of such Act is amended by striking out "October 19, 1983 (except as otherwise provided in section 602(f)(2))" and inserting in lieu thereof "April 1, 1985".

SEC. 102. NUMBER OF WEEKS FOR WHICH BENEFITS ARE PAYABLE.

(a) GENERAL RULE.—Subsection (e) of section 602 of the Federal Supplemental Compensation Act of 1982 is amended by striking out paragraphs (2) and (3) and inserting in lieu thereof the following:

"(2)(A)(i) Except as provided in subparagraph (B), the amount established in such account shall be equal to the lesser of—

"(I) 55 per centum of the total amount of regular compensation (including dependents' allowances) payable to the individual with respect to the benefit year (as determined under the State law) on the basis of which he most recently received regular compensation, or

"(II) the applicable limit times his average weekly benefit amount for his benefit year.

"(ii) For purposes of clause (i)—

"(I) in the case of an account from which Federal supplemental compensation was payable to an individual for a week beginning before October 19, 1983, the applicable limit shall be the applicable limit in effect in the State under this paragraph (as in effect on the day before the date of the enactment of the Federal Supplemental Compensation Amendments of 1983) for the last week beginning before October 19, 1983, or

"(II) in the case of an account from which Federal supplemental compensation is first payable for a week beginning after October 18, 1983, the applicable limit shall be the applicable limit determined under the following table with respect to the first week for which Federal supplemental compensation is payable from such account:

"In the case of weeks during a:	The applicable limit is:
6-percent period	14
5-percent period	12
4-percent period	10
Low-unemployment period	8.

"(B) In the case of any account from which Federal supplemental compensation was first payable for a week which begins after March 31, 1983, and before October 19, 1983, the amount established in such account under subparagraph (A) shall be increased by the individual's additional entitlement. In no event shall such increase result in the individual's receiving more Federal supplemental compensation for weeks beginning after October 18, 1983, than the subparagraph (A) entitlement.

"(C) For purposes of subparagraph (B) and this subparagraph—

"(i) The term 'additional entitlement' means the lesser of—

"(I) ¾ of the subparagraph (A) entitlement, or

"(II) the individual's average weekly benefit amount for the benefit year multiplied by the applicable limit determined under clause (ii).

"(ii) The applicable limit determined under this clause is—

"(I) 5 if all of the amount in the individual's Federal supplemental compensation account (determined without regard to subparagraph (B)) is payable to the individual for weeks beginning before October 18, 1983, and

"(II) in the case of an individual not described in subclause (I), 4 (2 if the State is in a 4-percent period or a low-unemployment period for the first week beginning after October 18, 1983).

"(iii) The term 'subparagraph (A) entitlement' means the amount which would have been established in the account if Federal supplemental compensation were first payable from such account for the first week beginning after October 18, 1983.

"(3)(A) For purposes of this subsection, the terms '6-percent period', '5-percent period', '4-percent period', and 'low-unemployment period', mean, with respect to any State, the period which—

"(i) begins with the third week after the first week for which the applicable trigger is on, and

"(ii) ends with the second week after the first week for which the applicable trigger is off.

"(B)(i) In the case of a 6-percent period, 5-percent period, 4-percent period, or low-unemployment period, as the case may be, the applicable trigger is on for any week if—

[1] This publication of the law is restricted to excerpts involving tax matters. House Reports Nos. 98-377 and 98-428 and Senate Report No. 98-240 are not published herein.

"(I) the rate of insured unemployment in the State for the period consisting of such week and the immediately preceding 12 weeks falls within the applicable range, or

"(II) the rate of insured unemployment in the State for the period consisting of the last week beginning in the second calendar quarter ending before the week for which the trigger determination is being made and all weeks preceding such last week which began on or after January 1, 1982, equals or exceeds 5.5 percent in the case of a 6-percent period (or, in the case of a 5-percent period, equals or exceeds 4.5 percent but is less than 5.5 percent).

Subclause (II) shall not apply in the case of a 4-percent period or low-unemployment period.

"(ii) In the case of a 6-percent period, 5-percent period, 4-percent period, or low-unemployment period, as the case may be, the applicable trigger is off for any week if subclause (I) of clause (i) is not satisfied (or in the case of a 6-percent period or a 5-percent period, both subclauses (I) and (II) of clause (i) are not satisfied).

"(iii) In the case of any 5-percent period, 4-percent period, or low-unemployment period, as the case may be, notwithstanding clauses (i) and (ii), the applicable trigger shall be off for any week if the applicable trigger for a period with a higher applicable limit in on for such week.

"(C) For purposes of this paragraph, the applicable range is as follows:

"In the case of a:	The applicable range is:
6-percent period...	A rate equal to or exceeding 6 percent.
5-percent period...	A rate equal to or exceeding 5 percent but less than 6 percent.
4-percent period...	A rate equal to or exceeding 4 percent but less than 5 percent.
Low-unemployment period	A rate less than 4 percent.

"(D)(i) No 6-percent period, 5-percent period, 4-percent period, or low-unemployment period, as the case may be, which is in effect for the first week beginning after October 18, 1983, or any week thereafter, shall last for a period of less than 13 weeks beginning after October 18, 1983.

"(ii) The applicable limit in any State shall not be reduced or increased by more than 2 during any 13-week period beginning with the week for which such a reduction (or increase) would otherwise take effect. The preceding sentence shall not apply to any increase (or decrease) which takes effect for the first week beginning after October 18, 1983.

"(E) For purposes of this subsection—

"(i) The rate of insured unemployment for any period shall be determined in the same manner as determined for purposes of section 203 of the Federal-State Extended Unemployment Compensation Act of 1970; except that, for purposes of determining the rate of insured unemployment for the period described in subparagraph (B)(i)(II), the rate of insured unemployment shall be determined by reference to the average monthly covered employment under the State law for so much of such period as does not fall in the last 6 months thereof.

"(ii) The amount of an individual's average weekly benefit amount shall be determined in the same manner as determined for purposes of section 202(b)(1)(C) of such Act."

(b) TECHNICAL AMENDMENT.—Paragraph (3) of section 602(d) of such Act is amended by striking out "or (D)(ii)".

SEC. 103. EFFECTIVE DATES.

(a) GENERAL RULE.—The amendments made by this title shall apply to weeks beginning after October 18, 1983.

(b) TRANSITIONAL RULE.—In the case of any eligible individual who exhausted his rights to Federal supplemental compensation (by reason of the payment of all of the amount in his Federal supplemental compensation account) before the first week beginning after October 18, 1983, such individual's eligibility for additional weeks of compensation by reason of the amendments made by this title shall not be limited or terminated by reason of any event, or failure to meet any requirement of law relating to eligibility for unemployment compensation, occurring after the date of such exhaustion of rights and before the beginning of the first week beginning after October 18, 1983 (and the period after such exhaustion and before the beginning of such first week shall not be counted for purposes of determining the expiration of the two years following the end of his benefit year for purposes of section 602(b) of the Federal Supplemental Compensation Act of 1982).

(c) MODIFICATION OF AGREEMENTS.—The Secretary of Labor shall, at the earliest practicable date, after the date of the enactment of this Act, propose to each State, with which he has in effect an agreement under section 602 of the Federal Supplemental Compensation Act of 1982 a modification of such agreement designed to provide for the payment of Federal supplemental compensation under such Act in accordance with the amendments made by this title. Notwithstanding any other provision of law, if any State fails or refuses within the three-week period beginning on the date the Secretary of Labor proposes such modification to such State, to enter into such modification of such agreement, the Secretary of Labor shall terminate such agreement effective with the end of the last week which ends on or before the close of such three-week period.

(d) NEW PERIODS BEGIN WITH FIRST WEEK AFTER OCTOBER 18, 1983.—For purposes of determining whether any 6-percent period, 5-percent period, 4-percent period, or low-unemployment period is in effect during weeks beginning after October 18, 1983, the amendments made by this title shall be treated as in effect during all periods before the first week beginning after October 18, 1983.

TITLE II—OTHER PROVISIONS

PAYMENT TO SURVIVORS OF DECEASED EMPLOYEES

SEC. 201. (a) Subsection (b) of section 3306 of the Internal Revenue Code of 1954 (defining wages) is amended by striking out "or" at the end of paragraph (13), by striking out the period at the end of paragraph (14) and inserting in lieu thereof "; or", and by inserting after paragraph (14) the following new paragraph:

"(15) any payment made by an employer to a survivor or the estate of a former employee after the calendar year in which such employee died."

(b) The amendments made by subsection (a) shall apply to remuneration paid after the date of the enactment of this Act.

TREATMENT OF CERTAIN AGRICULTURAL LABOR

SEC. 202. Subparagraph (B) of section 3306(c)(1) of the Internal Revenue Code of 1954 (relating to agricultural labor) is amended by striking out "January 1, 1984" and inserting in lieu thereof "January 1, 1986".

* * * * *

DIRECT REPAYMENT OF GENERAL REVENUE ADVANCES

SEC. 205. (a) Section 1203 of the Social Security Act is amended by inserting after the first sentence the following: "Amounts appropriated as repayable advances shall be repaid, without interest, by transfers from the Federal unemployment account to the general fund of the Treasury, at such times as the amount in the Federal unemployment account is determined by the Secretary of the Treasury, in consultation with the Secretary of Labor, to be adequate for such purpose. Any amount transferred as a repayment under this section shall be credited against, and shall operate to reduce, any balance of advances repayable under this section.".

(b) Any amounts transferred from the Federal unemployment account to the employment security administration account as of September 30, 1983, shall be transferred back to the Federal unemployment account.

Approved October 24, 1983.

Public Law 98-259
9th Congress, H.R. 4206 [1]
April 10, 1984

An Act to amend the Internal Revenue Code of 1954 to exempt from Federal income taxes certain military and civilian employees of the United States dying as a result of injuries sustained overseas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. INCOME TAXES OF CERTAIN MILITARY AND CIVILIAN EMPLOYEES OF THE UNITED STATES DYING AS A RESULT OF INJURIES SUSTAINED OVERSEAS.

(a) GENERAL RULE.—Section 692 of the Internal Revenue Code of 1954 (relating to income taxes of members of the Armed Forces on death) is amended by adding at the end thereof the following new subsection:

"(c) CERTAIN MILITARY OR CIVILIAN EMPLOYEES OF THE UNITED STATES DYING AS A RESULT OF INJURIES SUSTAINED OVERSEAS.—

"(1) IN GENERAL.—In the case of any individual who dies while a military or civilian employee of the United States, if such death occurs as a result of wounds or injury incurred outside the United States in a terroristic or military action, any tax imposed by this subtitle shall not apply—

"(A) with respect to the taxable year in which falls the date of his death, and

"(B) with respect to any prior taxable year in the period beginning with the last taxable year ending before the taxable year in which the wounds or injury were incurred.

"(2) TERRORISTIC OR MILITARY ACTION.—For purposes of paragraph (1), the term 'terroristic or military action' means—

"(A) any terroristic activity directed against the United States or any of its allies, and

"(B) any military action involving the Armed Forces of the United States and resulting from violence or aggression against the United States or any of its allies (or threat thereof). For purposes of the preceding sentence, the term 'military action' does not include training exercises.

"(3) TREATMENT OF MULTINATIONAL FORCES.—For purposes of paragraph (2), any multinational force in which the United States is participating shall be treated as an ally of the United States.".

(b) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendment made by subsection (a) shall apply with respect to all taxable years (whether beginning before, on, or after the date of enactment of this Act) of individuals dying after December 31, 1979, as a result of wounds or injuries incurred after such date.

(2) STATUTE OF LIMITATIONS WAIVED.—Notwithstanding section 6511 of the Internal Revenue Code of 1954, the time for filing a claim for credit or refund of any overpayment of tax resulting from the amendment made by subsection (a) shall not expire before the date 1 year after the date of the enactment of this Act.

Approved April 10, 1984.

Senate Report No. 98-364
2d Session

[Bracketed numerals indicate official report page number]

Federal Income Tax Forgiveness for Certain U.S. Military and Civilian Employees Killed Overseas

March 12, 1984

Mr. Dole, from the Committee on Finance, submitted the following report to accompany H.R. 4206.[2]

* * * * *

The Committee on Finance, to which was referred the bill (H.R. 4206) to provide special Federal income tax rules for certain individuals who die while in active service as a member of the Armed Forces or as a civilian employee of the U.S. Government as a result of wounds or injuries incurred overseas, having considered the same, reports favorably thereon, without amendment, and recommends that the bill do pass.

I. SUMMARY

The bill provides special Federal income tax rules for certain individuals who die while in active service as a

[1] Senate Rept. No. 98-364, this page.

[2] Public Law 98-259, this page.

member of the Armed Forces of the United States or as a civilian employee of the United States as a result of wounds or injuries incurred overseas.

Generally, if such individual's death occurs as a result of wounds or injuries incurred (after 1979) outside the United States in a terroristic or military action, then no U.S. income tax will apply with respect to the income of such individual for the year of death or for any earlier year in the period beginning with the last year ending before the year in which the wound or injuries were incurred.

II. EXPLANATION OF THE BILL

Present law

The Federal income tax does not apply to the income of U.S. military personnel in active service who die while serving in a combat zone, or as a result of wounds, disease, or injury incurred while serving in a combat zone, for the year of death and for any prior year ending on or after the first day such individual served in a combat zone after June 24, 1950 (Code sec. 692(a)). The Congress has delegated the designation of combat zones to the President (sec. 112(c)(2)).[1]

In addition, if a serviceperson is reported in a missing status for a number of years, and it is subsequently determined that he or she actually died at an earlier time, there is no Federal income tax on income for years after the year of actual death. This exclusion for individuals who were in a missing status applies to the year of death and to years after death that precede and include the year of determination of death, but only for years beginning (1) on or before December 31, 1982, in the case of the combat zone designated for purposes of the Vietnam conflict,[2] or (2) within 2 years after termination of any other combat zone designation (sec. 692(b)).

Prior Legislation

In 1970, the Congress enacted legislation treating individuals who had been removed from a U.S. vessel and who died while being illegally detained by the Democratic People's Republic of Korea during 1968 as serving in a combat zone (Public Law 91-235). Thus, service personnel who were members of the crew of the U.S.S. *Pueblo*, illegally detained in 1968 by North Korea, and who died during the detention were eligible for the income tax exclusion (and other special tax rules) available for service personnel who die in combat zones.

Under legislation enacted in 1980, if any American hostage held captive in Iran between November 4, 1979, and December 31, 1981, died as a result of injury or disease or physical or mental disability incurred or aggravated while in captive status, no Federal income tax would have applied with respect to the year in which the individual died or any prior year ending on or after the first day the individual was in captive status (sec. 202 of Public Law 96-449). This treatment would have applied to military and civilian personnel of the United States and to certain other individuals, as well as to certain other U.S. taxpayers taken captive outside Iran on or before December 31, 1981. Moreover, if there had been any unpaid income tax liability of such an individual from years prior to captivity, the liability would have been forgiven. This total income tax exemption for American hostages who died as a result of captive status would have been available only if death had occurred within 2 years after the individual ceased to be in captive status.

Reasons for Change

Recent events in Lebanon and Grenada have focused the attention of the Nation on the sacrifice that members of the U.S. Armed Forces and other U.S. Government employees must be prepared to make for our country when they leave our borders. The committee believes that Federal income taxes should not be imposed on the income of U.S. military or civilian employees who in the course of duty lose their lives at the hands of foreign enemies of the United States. The committee believes that the families of these employees of the United States have withstood sufficient burdens, and they should not have the additional burden of Federal income tax imposed on the employee's income.

The committee concluded that a forgiveness of income tax only for the period from the year of the death-causing injuries or wounds to the year of death would have inequitable results. Under such a limitation, a soldier killed in a terroristic attack on a U.S. base in a foreign country on January 31 of a year would be exempt from income tax only on 1 month's income, which a soldier killed in an attack on December 31 of the prior year would be exempt from income tax on an entire year's income. Accordingly, the committee concluded that it is more equitable to extend the tax forgiveness under the provision to income for the year preceding the year of injury. For example, if on January 21, 1985, a soldier is killed in a terroristic attack overseas, the forgiveness applies under the bill with respect to income of the soldier for both 1984 and 1985.

Explanation of Provision

The bill provides special Federal income tax rules for certain individuals who die while in active service as a member of the Armed Forces of the United States or while in the civilian employment of the Government of the United States.

If death occurs as a result of wounds or injuries incurred outside the United States in a terroristic or military action, then no Federal income tax applies with respect to income of the individual for the year or death or for any earlier year in the period beginning with the last year ending before the year in which the wounds or injuries were incurred. The term "terroristic or military ac-

[1] Presidential designation of a combat zone entails other Federal tax consequences, including (1) exclusion from gross income of certain amounts of military pay of personnel serving there (sec. 112), (2) reduced estate taxes for personnel dying as a result of service there (sec. 2201), and (3) postponement of deadlines for filing returns, paying tax, and performing other acts for personnel serving there (sec. 7508).

[2] Vietnam was designated a combat zone as of Jan. 1, 1964.

tion'' means any terroristic activity directed against the United States or any of its allies, or any military action (not including training exercises) involving U.S. Armed Forces and resulting from violence or aggression against the United States or any of its allies (or the threat of such violence or aggression). The term ''military action'' includes a military accident, such as a military helicopter crash. The term ''allies of the United States'' includes any multinational force in which the United States is participating.

The committee is aware of several circumstances in which the bill is intended to apply. The bill is to apply with respect to U.S. military or civilian employees who die (or who have died) as a result of the bombing of the U.S. Embassy in Beirut, Lebanon, or as a result of the bombing of U.S. Marine headquarters there. Similarly, the bill is to apply with respect to other U.S. personnel who were participating in a United Nations peacekeeping force when killed in Lebanon by land mines or snipers in 1982 or 1983 (or thereafter). The bill also applies with respect to the U.S. service personnel who died as a result of the Government's attempt to rescue the American hostages in Iran, inasmuch as that rescue attempt constituted a military action involving U.S. Armed Forces within the meaning of the bill. The bill also is to apply to U.S. service personnel who died (or who have died) in a military action in Grenada.

For the bill to apply, the injury or wound which causes death must be incurred in a terroristic or military action. Thus, for example, the bill does not apply with respect to a U.S. serviceperson stationed in Lebanon who dies as a result of an accidental fall; that is, if not caused by hostile forces, since such an injury is not incurred in a terroristic or military action. Also, the bill does not apply if the wound or injury causing death occurs within the United States. Where otherwise applicable, the bill does apply even if the individual dies within the United States (for example, in a military hospital) from a wound or injury incurred in a terroristic or military action outside the United States.

The rules of the bill do not apply to the extent that the combat zone rules of current law apply to the individual.

Effective Date

The bill applies with respect to all taxable years (whether beginning before or after the date of the enactment of the bill) of individuals dying as a result of wounds or injury incurred after December 31, 1979. The bill extends (to the extent necessary) the statute of limitations for filing claims for credit or refund of any overpayment of tax that results from the bill until 1 year after the date of enactment.

Part III. Administrative, Procedural, and Miscellaneous

Delegation Order 11 (Rev. 14)

(Effective April 13, 1984)

[Authority To Accept or Reject Offers in Compromise]

The authority vested in the Commissioner of Internal Revenue by Treasury Department Order Nos. 150-25 and 150-36 [1954-2 C.B. 733], 26 CFR 301.7122-1 and 26 CFR 301.7701-9, and Treasury Department Order No. 150-60 is hereby delegated as follows:

1. Regional Commissioners of Internal Revenue and Regional Counsel are delegated authority, under Section 7122 of the Internal Revenue Code to accept offers in compromise in cases in which, the unpaid liability (including any interest, penalty, additional amount or addition to tax) is $250,000 or more. This authority does not pertain to offers in compromise of liabilities arising under laws relating to alcohol, tobacco and firearms taxes. This authority may not be redelegated.

2. District Directors, Assistant District Directors, Regional Counsel, Regional Directors of Appeals, Chiefs and Associate Chiefs, Appeals Offices, are delegated authority, under Section 7122 of the Internal Revenue Code to accept offers in compromise in cases in which the liability sought to be compromised (including any interest, penalty, additional amount or addition to tax) is less than 250,000, to accept offers involving specific penalties, and to reject offers in compromise regardless of the amount of the liability sought to be compromised. This authority does not pertain to offers in compromise of liabilities arising under laws relating to alcohol, tobacco, and firearms taxes. The authority delegation to District Directors and Assistant District Directors may not be redelegated, except that the authority to reject offers in compromise may be redelegated, but not lower than to Division Chief. The District Director in a streamlined district may not redelegate this authority. The authority delegated to Regional Counsel may not be redelegated, except that the authority to reject offers in compromise may be redelegated, but not lower than to District Counsel. Regional Director of Appeals, Chiefs and Associate Chiefs, Appeals Offices, may not redelegate this authority.

3. Service Center Directors and Assistant Service Center Directors are delegated authority, under Section 7122 of the Internal Revenue Code, to accept offers in compromise, limited to penalties based solely on doubt as to liability, in cases in which the unpaid liability, is less than $250,000, and to reject offers in compromise, limited to penalties, regardless of the amount of the liability sought to be compromised. This authority does not pertain to offers in compromise of liabilities arising under laws relating to alcohol, tobacco, and firearms taxes. This authority may be redelegated, but not lower than to Division Chief.

4. Delegation Order No. 11 (Rev. 13), effective March 21, 1982 [1982-1 C.B. 333], is superseded.

Approved:

JAMES I. OWENS,
Deputy Commissioner.

(Filed by the Office of the Federal Register on April 23, 1984, 8:45 a.m., and published in the issue of the Federal Register for April 24, 1984, 49 F.R. 17666)

Delegation Order No. 156 (Rev. 5) Chief Counsel Order No. 1031.3D

(Effective March 15, 1984)

Authority to Permit Disclosure of Tax Information and to Permit Testimony or the Production of Documents

Pursuant to the authority vested in the Commissioner of Internal Revenue by Treasury Department Order No. 150-37 and in the Chief Counsel by General Counsel Order No. 4 and by Treasury Department Order No. 190 (as revised), authority to act in matters officially before their respective functions is hereby delegated.

The authority to disclose returns and or return information under certain provisions of the IR Code, such as IRC 6103(h)(1) and (k)(6) is not delegated herein as the language of these provisions themselves permits officers and employees of the Internal Revenue Service and the Office of the Chief Counsel to disclose such information. The authority to disclose returns and return information under IRC 6103(k)(4) is also not delegated herein as Delegation Order 114 (as revised, governs these disclosures.

(1) The Deputy Commissioner; Associate Commissioners; Assistant Commissioners; Deputy Assistant Commissioners; Division Directors (or equivalent level position); Assistant Director, Disclosure and Security Division; Deputy Chief Counsel; Associates Chief Counsel; Deputy Associates Chief Counsel; Chief Counsel Division Directors; Regional Commissioners; Regional Inspectors; Regional Counsels; Deputy Regional Counsels; District Counsels; District and Service Center Directors; Director, National Computer Center; and Director, Data Center are authorized.

(a) To disclose or, in specific instances, authorize the disclosure of returns or return information to such persons as the taxpayer may designate in a written request, subject to the conditions prescribed in IRC 6103(c) and the Treasury Regulations thereunder. The authority to withhold return information upon a determination that such disclosure would seriously impair Federal tax administration is also delegated. The authority delegated in this paragraph to disclose returns or return information may be redelegated to Internal Revenue of Service employees and employees of the Office of Chief Counsel to the extent necessary within the exercise of their official duties. The authority delegated in this paragraph to withhold return information may be redelegated not lower than Chiefs, Special Procedures function; Group Managers (or their equivalent); Chiefs, Appeals Offices; Chiefs, Criminal Investigation Branch; and Disclosure Officers.

(b) To disclose or, in specific instances, authorize the disclosure of returns, upon the written request of an individual taxpayer, partner, corporate officer, shareholder, administrator, executor, trustee, or other person having a material interest subject to the conditions prescribed in IRC 6103(e). The authority to disclose or, in specific instances, authorize the disclosure of return information to such persons, upon a determination that disclosure would not seriously impair Federal tax administration, as prescribed in IRC 6103(e)(7), is also delegated. The authority to withhold return information upon a determination that disclosure would seriously impair Federal tax administration is also delegated. The authority delegated in this paragraph to disclose or authorize the disclosure of returns or return information may be redelegated to Internal Revenue Service employees and employees of the Office of Chief Counsel to the extent necessary within the exercise of their official duties. In the event a disclosure of return information would seriously impair Federal tax administration, the decision to withhold such return information will be referred to officials not lower than Chiefs, Special Procedures function; Group Managers (or their equivalent); Chiefs, Appeals Offices; Chiefs, Criminal Investigation Branch; and Disclosure Officers.

(c) To disclose or, in specific instances, authorize the disclosure of returns or return information to officers and employees of the Department of Justice including United States attorneys, in a matter involving tax administration, subject to the conditions prescribed in IRC 6103(h)(2), the Treasury Regulations thereunder, and (h)(3)(A). The authority delegated in this paragraph may be redelegated not lower than Chiefs, Special Procedures function; and Group Managers (or their equivalent including Disclosure Officers). The authority delegated in this paragraph to Chief Counsel employees may be redelegated not lower than Chiefs, Appeals Officers; and to attorneys of the Office of Chief Counsel directly involved in such matters. (See paragraph (17) below.)

(d) To disclose or, in specific instances, authorize the disclosure of returns or return information to officers and employees of the Department of Treasury, as specified in IRC 6103(l)(4)(B) or, upon written request, to employees and other persons specified in IRC 6103(l)(4)(A) for use in personnel or claimant representative matters, and to make relevancy and materiality determinations as provided in section 6103(1)(4)(A), subject to the conditions prescribed in IRC 6103(1)(4). The authority delegated in this paragraph may be redelegated only to Assistant Division Directors (or equivalent level position); Assistant Regional Commissioners; Regional Director of Appeals; Assistant Regional Inspectors; Regional Chief, Personnel Branch; Assistant District and Service Center Directors; Division Chiefs; National Office Branch Chiefs, Internal Security Division; Staff Assistants to Regional Counsels; and to attorneys of the Office of Chief Counsel and Inspectors directly involved in such matters. (See paragraph 13(e).)

(e) To disclose or, in specific instances, authorize the disclosure of returns or return information to the extent necessary in connection with contractual procurement by the Service or Office of the Chief Counsel of equipment or other property or services, subject to the conditions prescribed in IRC-6103(n) and the Treasury Regulations thereunder. The authority delegated in this paragraph may be redelegated only to Assistant Division Directors (or equivalent level position); Assistant Regional Commissioners; Regional Director of Appeals; Assistant Regional Inspectors; Assistant District and Service Center Directors; Division Chief; Chief Counsel Assistant Division Directors; Associated Regional Counsel; and Disclosure Officers.

(f) To disclose, or in specific instances, authorize the disclosure of return information (other than taxpayer return information) which may constitute evidence of a violation of any Federal criminal law (not involving tax administration) or to disclose return information under circumstances involving a threat or other imminent danger of death or other physical injury, which is directed against the President or other government official, to the U.S. Secret Service, subject to the conditions prescribed in IRC 6103(i)(3). The authority delegated in this paragraph is also delegated to Assistant District and Service Center Directors. This does not limit the authority granted in paragraph 6(d) of this order.

(g) To determine whether a disclosure of standards used or to be used for selection of returns for examination, or data used or to be used for determining such standards will seriously impair assessment, collection or enforcement under the internal revenue laws pursuant to IRC 6103(b)(2). The authority delegated in this paragraph may be redelegated to Disclosure Officers.

(2) The Deputy Commissioner; Associate Commissioners; Assistant Commissioners; Deputy Assistant Commissioners; Division Directors (or equivalent level position); Assistant Director, Disclosure and Security Division; Regional Commissioners; Regional Inspectors; District and Service Center Directors; Director, National Computer Center; and Director, Data Center are authorized to determine whether a disclosure of returns or return information in a Federal or State judicial or administrative proceeding pertaining to tax administration would identify a confidential informant or seriously impair a civil or criminal tax investigation, subject to the conditions prescribed in IRC 6103(h)(4). The authority delegated in this paragraph may not be redelegated.

(3) The Deputy Commissioner; Associate Commissioner (Policy and Management); Assistant Commissioner (Support and Services); Deputy Assistant Commissioner (Support and Services); Regional Commissioners; Director, Disclosure and Security Division; Assistant Director, Disclosure and Security Division; and District and Service Center Directors are authorized:

(a) To furnish an affirmative or negative response to a written inquiry from an attorney of the Department

of Justice (including a United States Attorney) involved in a judicial proceeding pertaining to tax administration, or any person (or his/her legal representative) who is a party to such proceeding, as to whether a prospective juror has or has not been the subject of any audit or other tax investigation by the Internal Revenue Service, subject to the conditions prescribed in IRC 6103(h)(5). The authority delegated in this paragraph may be redelegated only to Assistant District and Service Center Directors; Division Chiefs, and Disclosure Officers.

(b) To disclose or, in specific instances, authorize the disclosure of:

(i) Accepted offers-in-compromise to members of the general public, subject to the conditions prescribed in IRC 6103(k)(1).

(ii) The amount of an outstanding obligation secured by a lien, notice of which has been filed pursuant to section 6323(f), to any person who furnishes satisfactory written evidence establishing a right in or intent to obtain a right in property subject to such lien, subject to the conditions prescribed in IRC 6103(d)(2). The authority to disclose or, in specific instances, authorize the disclosure of the amount of such outstanding obligation is also delegated to the Associate Commissioner (Operations); Assistant Commissioner (Collection); and Deputy Assistant Commissioner (Collection).

(iii) Taxpayer identity information with respect to any income tax return preparer and information as to whether any penalty has been assessed against such preparer to officers and employees of any agency charged under State or local law with the regulation of such preparers, upon written request and subject to the conditions prescribed in IRC 6103(k)(5);

(iv) Returns or return information with respect to taxes imposed by IRC chapters 2, 21, and 24 to the Social Security Administration, upon written request and subject to the conditions prescribed in IRC 6103(l)(1)(A);

(v) Returns or return information with respect to taxes imposed by IRC chapter 22 to the Railroad Retirement Board, upon written request and subject to the conditions prescribed in IRC 6103(l)(1)(C).

(vi) Returns or return information with respect to taxes imposed by IRC subtitle E (relating to taxes on alcohol, tobacco and firearms) to officers and employees of the Bureau of Alcohol, Tobacco and Firearms, upon written request and pursuant to IRC 6103(o)(1).

The authority delegated in subparagraphs (iv) and (v) is also delegated to the Associate Commissioner (Operations); the Associate Chief Counsel (Technical); and the Assistant Commissioner (Examination). The authority delegated in this paragraph may be redelegated only to Assistant District and Service Center Directors; Division Chiefs; and Disclosure Officers. In addition, the authority delegated in subparagraph (i) may also be redelegated only to Chiefs, Special Procedures function; Special Procedures function Advisor Reviewers; and Group Managers (or their equivalent). The authority delegated in subparagraph (ii) may also be redelegated only to Chiefs, Special Procedures function; Special Procedures function Advisor Reviewers; Group Managers (or their equivalent); and Revenue Officers. The authority delegated in subparagraph (iv) may be redelegated not lower than Branch Chief.

(4) The Deputy Commissioner; Regional Commissioner; District and Service Center Directors are authorized to disclose or, in specific instances, authorize the disclosure of returns or return information to designated State tax officials, upon written request by the head of a State tax agency, for the purpose of and to the extent necessary in the administration of State tax laws, pursuant to the provisions of IRC 6103(d) and subject to the conditions prescribed in IRC 6103(h)(4) and (p)(8). The authority to withhold return information pursuant to IRC 6103(d) and (h)(4) upon a determination that such disclosure would identify a confidential informant or seriously impair any civil or criminal tax investigation is also delegated. The authority delegated in this paragraph does not extend to the entry into Federal/State Agreements on the Coordination of Tax Administration. The authority delegated in this paragraph may be redelegated to any supervisory level deemed appropriate, but such redelegation shall not extend to the authority to withhold return information.

(5) The Deputy Commissioner; Regional Commissioners; District and Service Center Directors; and Director, National Computer Center are authorized to disclose or, in specific instances, authorize the disclosure of returns or return information pursuant to Federal/State Agreements on the Coordination of Tax Administration entered into between the head of any State tax agency and the Commissioners of Internal Revenue, pursuant to the provisions of IRC 6103(d) and subject to the conditions prescribed in IRC 6103(h)(4) and (p)(8). The authority to withhold return information pursuant to IRC 6103(d) and (h)(4) upon a determination that such disclosure would identify a confidential informant or seriously impair any civil or criminal tax investigation is also delegated. The authority delegated in this paragraph may be redelegated to any supervisory level deemed appropriate, but such redelegation shall not extend to the authority to withhold return information.

(6) The Deputy Commissioner; Associate Commissioner (Policy and Management); Assistant Commissioner (Support and Services); Deputy Assistant Commissioner (Support and Services); Director, Disclosure and Security Division; and Assistant Director, Disclosure and Security Division are authorized:

(a) To disclose or, in specific instances, authorize the disclosure of returns and return information to Congressional committees and other persons, upon written request and subject to the conditions prescribed in IRC 6103(f). The authority delegated in this paragraph is also delegated to the Assistant to the Commissioner (Legislative Liaison). The authority delegated in this paragraph may not be redelegated.

(b) To disclose or, in specific in-

stances, authorize the disclosure of returns or return information to officers and employees of a Federal agency pursuant to an *ex parte* order by a Federal District Court judge or magistrate when needed for use in the enforcement of a Federal criminal statute (not involving tax administration), or to locate a fugitive from justice subject to the conditions prescribed in IRC 6103(i)(1) or (i)(5) and the Treasury Regulations thereunder. The authority to withhold any return or return information, pursuant to IRC 6103(i)(6), upon a determination that such disclosure would identify a confidential informant or seriously impair any civil or criminal tax investigation is also delegated. The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. This authority may not be redelegated.

(c) To disclose or, in specific instances, authorize the disclosure of return information (other than taxpayer return information) to officers and employees of a Federal agency upon written request by the head of such agency or the Inspector General thereof, or in the case of the Department of Justice, the Attorney General, the Deputy Attorney General, the Associate Attorney General, any Assistant Attorney General, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, any United States attorney, any special prosecutor appointed under section 593 of title 28, United States Code, or any attorney in charge of a criminal division organized crime strike force established pursuant to section 510 of title 28, United States Code, when needed for use in the enforcement of a Federal criminal statute (not involving tax administration), subject to the conditions prescribed in IRC 6103(i)(2). The authority to withhold return information (other than taxpayer return information), pursuant to IRC 6103(i)(6), upon a determination that such disclosure would identify a confidential informant or seriously impair any civil or criminal tax investigation is also delegated. The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. This authority may not be redelegated.

(d) To disclose or, in specific instances, authorize the disclosure of:

(i) return information (other than taxpayer return information) which may constitute evidence of a violation of Federal criminal law (not involving tax administration) to the extent necessary to apprise the head of the appropriate Federal agency pursuant to IRC 6103(i)(3)(A);

(ii) return information to the extent necessary to apprise appropriate officers or employees of a Federal or State law enforcement agency of circumstances involving an imminent danger of death or physical injury to any individual pursuant to IRC 6103(i)(3)(B)(i);

(iii) return information to the extent necessary to apprise appropriate officers or employees of a Federal law enforcement agency of circumstances involving the imminent flight of an individual from Federal prosecution pursuant to IRC 6103(i)(3)(B)(ii);

With respect to subparagraph (i), the authority to withhold any return information pursuant to IRC 6103(i)(6) upon a determination that such disclosure would identify a confidential informant or seriously impair a civil or criminal tax investigation is also delegated.

The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. The authority delegated in this paragraph may be redelegated only to the Assistant Director, Disclosure and Security Division; and Branch Chiefs and Section Chiefs, Disclosure and Security Division, but such redelegation shall not extend to the authority to withhold return information (other than taxpayer return information). This authority is in addition to the authority previously delegated in paragraph (1)(f).

(e) To notify the Attorney General or his delegate or the head of a Federal agency that certain returns or return information obtained pursuant to IRC 6103(i)(1), (2) or (3)(A) shall not be admitted into evidence under IRC 6103(i)(4)(A)(i) or (B), upon a determination, in accordance with IRC 6103(i)(4)(C), that such admission would identify a confidential informant or seriously impair a civil or criminal tax investigation. The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. This authority may not be redelegated.

(f) To disclose or, in specific instances, authorize the disclosure of returns or return information to officers and employees of the General Accounting Office, upon written request by the Comptroller General of the United States and subject to the conditions prescribed in IRC 6103(i)(7). The authority to withhold any return or return information, pursuant to IRC 6103(i)(6), upon a determination that such disclosure would impair any civil or criminal tax investigation or reveal the identity of a confidential informant is also delegated. The authority delegated in this paragraph may not be redelegated.

(g) To disclose or, in specific instances, authorize the disclosure of:

(i) the mailing address of taxpayer to officers and employees of an agency when needed in connection with a Federal claim against such taxpayer, upon written request and subject to the conditions prescribed in IRC 6103(m)(2). The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. Upon approval of a contractual agreement for such disclosures, the authority delegated in this paragraph is also delegated to the Assistant Commissioner (Returns and Information Processing); Deputy Assistant Commissioner (Returns and Information Processing); Director, Returns Processing and Accounting

Division; and Director National Computer Center. The authority delegated in this paragraph may be redelegated only as set forth below. The authority delegated in this paragraph to the Director, Disclosure and Security Division and the Assistant Director, Disclosure and Security Division may be redelegated only to the Branch Chiefs and Section Chiefs, Disclosure and Security Division. The authority delegated to the Regional Commissioners; Director, National Computer Center; District and Service Center Directors; and Assistant District and Service Center Directors may be redelegated only to the Disclosure Officer, National Computer Center and Regional, District and Service Center Disclosure Officers. The authority delegated in this order does not include authority to enter into a contractual agreement, which is contained in Delegation Order No. 100, as revised.

(ii) whether or not an applicant for a loan under an included Federal loan program has a tax delinquent account to the head of the Federal agency administering such program, upon written request and subject to the conditions prescribed in IRC 6103(1)(3). The authority delegated in this paragraph is also delegated to Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors. Upon approval of a contractual agreement for such disclosures, the authority delegated in this paragraph is also delegated to the Assistant Commissioner (Returns and Information Processing); Deputy Assistant Commissioner (Returns and Information Processing); Director, Returns Processing and Accounting Division; and Director, National Computer Center. The authority delegated in this paragraph may be redelegated only as set forth below. The authority delegated in this paragraph to the Director, Disclosure and Security Division and the Assistant Director, Disclosure and Security Division may be redelegated only to the Branch Chiefs and Section Chiefs, Disclosure and Security Division. The authority delegated to the Regional Commissioners; Director, National Computer Center; District and Service Center Directors; and Assistant District and Service Center Directors may be redelegated only to the Disclosure Officer, National Computer Center and Regional, District and Service Center Disclosure Officers. The authority delegated in this order does not include authority to enter into a contractual agreement, which is contained in Delegation Order No. 100, as revised.

(h) To disclose or, in specific instances, authorize the disclosure of the mailing address of taxpayers to officers and employees of the National Institute for Occupational Safety and Health, upon written request and subject to the conditions prescribed in IRC 6103(m)(3). Upon approval by the Director, Disclosure and Security Division or his/her delegate of a contractual agreement for such disclosures, the authority delegated in this paragraph is also delegated to the Assistant Commissioner (Computer Services); Deputy Assistant Commissioner (Computer Services); Director, Software Division; Director, National Computer Center; and Service Center Directors. The authority delegated in this paragraph to the Director, Disclosure and Security Division and the Assistant Director, Disclosure and Security Division, may be redelegated only to Branch Chiefs and Section Chiefs, Disclosure and Security Division. The authority delegated to the Assistant Commissioner (Computer Services); Deputy Assistant Commissioner (Computer Services); Director, Software Division; Director, National Computer Center; and Service Center Directors may not be redelegated. The authority delegated in this paragraph does not include authority to enter into a contractual agreement, which is contained in Delegated Order No. 100, as revised

(i) To disclose, or in specific instances, authorize the disclosure of the mailing address of any taxpayer who has defaulted on a loan made from the student loan fund established under part B or E of title IV of the Higher Education Act of 1965 or a loan made to a student at an institute of higher education pursuant to section 3(a)(1) of the Migration and Refugee Assistance Act of 1962, to the Secretary of Education upon written request and subject to the conditions prescribed in IRC 6103(m)(4). Upon approval by the Director, Disclosure and Security Division or his/her delegate of a contractual agreement for such disclosures, the authority delegated in this paragraph is also delegated to the following officials: Assistant Commissioner (Computer Services); Deputy Assistant Commissioner (Computer Services); Director, Software Division; Director, National Computer Center; and Service Center Directors. The authority delegated in this paragraph to the Director, Disclosure and Security Division and the Assistant Director, Disclosure and Security Division, may be redelegated only to Branch Chiefs and Section Chiefs, Disclosure and Security Division. The authority delegated to the Assistant Commissioner (Computer Services); Deputy Assistant Commissioner (Computer Services); Director, Software Division; Director, National Computer Center, and Service Center Directors may not be redelegated. The authority delegated in this paragraph does not include authority to enter into a contractual agreement, which is contained in Delegation Order No. 100, as revised.

(7) The Deputy Commissioner; Associate Commissioner (Data Processing); and Assistant Commissioner (Returns and Information Processing) are authorized:

(a) To disclose or, in specific instances, authorize the disclosure of returns or return information for statistical use to officers and employees of the Department of Commerce, Bureau of Census, upon the written request of the Secretary of Commerce or to officers and employees of the Department of the Treasury, subject to the conditions prescribed in IRC 6103(j)(1)(A) and the Treasury Regulations thereunder and (j)(3). The authority delegated in this paragraph may be redelegated only to the Director, Statistics of Income Division.

(b) To disclose or, in specific instances, authorize the disclosure of return information for statistical use to officers and employees of the De-

partment of Commerce, Bureau of Economic Analysis, upon the written request of the Secretary of Commerce, or to officers and employees of the Federal Trade Commission, upon written request of the Chairman, subject to the conditions prescribed in IRC 6103(j)(1)(B) and (l)(2) and the Treasury Regulations thereunder. The authority delegated in this paragraph may be redelegated only to the Director, Statistics of Income Division.

(8) The Deputy Commissioner; Assistant to the Commissioner (Public Affairs); Director and Assistant Director, Public Affairs Division; Regional Commissioners; and District Directors are authorized to disclose or, in specific instances, authorize the disclosure of taxpayers' names and the city, state and zip code of their mailing addresses to the press and other media for purposes of notifying persons entitled to undelivered tax refunds, subject to the conditions prescribed in IRC 6103(m)(1). The authority delegated in this paragraph may be redelegated to Assistant District Directors and Public Affairs Officers.

(9) The Deputy Commissioner; Associate Commissioner (Policy and Management); and Assistant Commissioner (Support and Services) are authorized:

(a) Upon written request of the President, to disclose, or in specific instances, authorize the disclosure of return information (other than return information that is adverse to the taxpayer) of an individual who is under consideration for appointment to a position in the executive or judicial branch of the Federal Government to the authorized representative of the Executive Office of the President or to the Federal Bureau of Investigation on behalf of the President, subject to the conditions prescribed in IRC 6103(g)(2) and (g)(4). Authority is also delegated to disclose or, in specific instances, authorize the disclosure of return information with respect to the categories of individuals discussed above to the heads of Federal agencies upon written request, or the Federal Bureau of Investigation on behalf of and upon the written request of such agency heads, subject to the conditions described in IRC 6103(g)(2) and (g)(4). Upon receipt of any request for return information under IRC 6103(g)(2), authority to notify the individuals with respect to whom the request has been made is also delegated. The authority delegated in this paragraph may be redelegated but not lower than:

(i) Deputy Assistant Commissioner (Support and Services), in the case of requests by or on behalf of the President where the return information to be disclosed is not adverse to the taxpayer,

(ii) Assistant Director, Disclosure and Security Division, in the case of requests by or on behalf of the heads of Federal agencies where the return information to be disclosed is adverse to the taxpayer,

(iii) Branch Chiefs, Disclosure and Security Division, in the case of requests by or on behalf of the heads of Federal agencies where the return information to be disclosed is not adverse to the taxpayer, and

(iv) Section Chiefs, Disclosure and Security Division, concerning the notification of individuals with respect to whom a request has been made.

(b) To make the determination that an agency, body or commission or the General Accounting Office has failed to or does not meet the requirements of IRC 6103(p)(4). Subject to the administrative review applicable to State tax agencies described in IRC 6103(p)(7), authority to withhold returns and return information from any agency, body or commission or the General Accounting Office until a determination is made that the requirements of IRC 6103(p)(4) have been or will be met is also delegated. The authority delegated in this paragraph may not be redelegated.

(10) The Deputy Commissioner; Associate Commissioner (Operations); Assistant Commissioner (Employee Plans and Exempt Organizations); Deputy Assistant Commissioner (Employee Plans and Exempt Organizations); Director, Disclosure and Security Division; Assistant Director, Disclosure and Security Division; Regional Commissioners; District Directors of Key Districts for Employee Plans and Exempt Organizations matters; Service Center Directors; Director, National Computer Center; and Director, Data Center are authorized to disclose, or in specific instances, authorize the disclosure of:

(a) Statements, notifications, reports, or other return information described in IRC 6057(d) to officers and employees of the Social Security Administration for the administration of section 1131 of the Social Security Act, upon written request and subject to the conditions prescribed in IRC 6103(1)(1)(B). The authority delegated in this paragraph to the Assistant Commissioner and Deputy Assistant Commissioner (Employee Plans and Exempt Organizations) may be redelegated, but not lower than Branch Chiefs, Employee Plans Technical and Actuarial Division. The authority delegated in this paragraph to the Director and Assistant Director, Disclosure and Security Division may not be redelegated. The authority delegated in this paragraph to Regional Commissioners may be redelegated not lower than Assistant Regional Commissioner. The authority delegated in this paragraph to the District Directors of Key Districts may be redelegated, but not below Chiefs, Technical Review Staffs, Employee Plans and Exempt Organizations Division. The authority delegated in this paragraph to Service Center Directors may be redelegated, but not lower than Section Chiefs (or their equivalent). The authority delegated in this paragraph to the Director, National Computer Center and Director Data Center may be redelegated, but not lower than Branch Chiefs (or their equivalent).

(b) Returns or return information, including compensation information, to officers and employees of the Department of Labor and Pension Benefit Guaranty Corporation for the administration of Titles I and IV of the Employee Retirement Income Security Act of 1974, upon written request and subject to the conditions prescribed in IRC 6103(1)(2) and the Treasury Regulations thereunder. The returns or return information which may be disclosed under this

paragraph include:

(i) Upon specific written request, the information specified in 26 CFR 301.6103(1)(2)-1(a), 2(a), 3(b)(1), and 3(b)(2);

(ii) Upon receipt by the Commissioner of Internal Revenue of an annual written request, the information specified in 26 CFR 301.6103(1)(2)-3(a),

(iii) Upon receipt by the Commissioner of Internal Revenue of a general written request, information specified in 26 CFR 301.6103(1)(2)-3(d).

The authority delegated in this paragraph to the Assistant Commissioner and Deputy Assistant Commissioner (Employee Plans, and Exempt Organizations) may be redelegated, but not lower than Branch Chiefs, Employee Plans Technical and Actuarial Division. The authority delegated in this paragraph to the Director and Assistant Director, Disclosure and Security Division may not be redelegated. The authority delegated in this paragraph to Regional Commissioners may be redelegated not lower than Assistant Regional Commissioner. The authority delegated in this paragraph to District Directors of the Key Districts may be redelegated, but not lower than Chiefs, Technical Review Staff, Employee Plans and Exempt Organizations Division; Group Managers, Employee Plans and Exempt Organizations Division, and Employee Plans Specialist. The authority delegated in this paragraph to Service Center Directors may be redelegated, but not lower than Section Chiefs (or their equivalent). The authority delegated in this paragraph to the Director, National Computer Center and Director, Data Center may be redelegated but not lower than Branch Chiefs (or their equivalent). The authority delegated in this paragraph is also delegated to the Director, Appeals Division, Regional Director of Appeals; Chief Appeals Office; and Associate Chief, Appeals Office and may not be redelegated.

(11) The Deputy Commissioner; Associate Commissioner (Operations); Assistant Commissioner (Employee Plans and Exempt Organizations); and Deputy Assistant Commissioner (Employee Plans and Exempt Organizations) are authorized to disclose or, in specific instances, authorize the disclosure of drafts of proposed exemptions or of proposed denials of exemption requests, denial letters, and copies of information submitted by taxpayers requesting exemptions to the proper officers of the Department of Labor for consultation and coordination as required by IRC 4975(c)(2). The authority delegated in this paragraph may be redelegated not lower than Branch Chiefs, Employee Plans Technical and Actuarial Division.

(12) Disclosure of information to appropriate Federal, State or local law enforcement officials may be made by Internal Revenue Service employees, and employees of the Office of Chief Counsel, concerning non-tax crimes which do not involve return information or the income or other financial information of an individual or entity, in accordance with the provisions of Chapter (35)00 of the Disclosure of Official Information Handbook, IRM 1272. In situations where there is a question as to whether the information to be disclosed is or is not return information, such as those described in IRM 1272, the Assistant Commissioner (Support and Services); Deputy Assistant Commissioner (Support and Services); Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors are authorized to approve or deny such requests for disclosure. The Assistant Commissioner (Support and Services) and the Deputy Assistant Commissioner (Support and Services) should act in all such matters only after coordination with the Disclosure Litigation Division, Office of Chief Counsel, Regional Commissioners; District and Service Center Directors; and Assistant District and Service Center Directors should act in all such matters only after coordination with the Office of Regional or District Counsel, as appropriate. The authority delegated in this paragraph may not be redelegated.

(13) The authority vested in the Commissioner of Internal Revenue by 26 CFR 301.9000-1 is delegated by this Order to the Deputy Commissioner. It is also delegated to the following officials to the extent described below. [No authorization is needed in cases referred to the Department of Justice which are discussed in paragraph (1)(c) where the testimony or disclosure is made on behalf of the government.]

(a) Regional Commissioners are authorized to determine whether officers and employees of the Internal Revenue Service assigned to their regions, including employees of the Office of the Regional Counsel, but not including employees of the Regional Inspector, will be permitted to testify or produce Service records because of a request or demand for the disclosure of such records or information. The Regional Commissioners should act in all such matters only after coordination with the Office of Regional Counsel. However, the personal testimony of a Regional Commissioner shall require authorization in accordance with (b) below. The authority delegated in this paragraph may not be redeledated. (See (d) and (e) below.) The authority delegated in this paragraph shall not extend to the disclosure of Internal Revenue Service records and information in response to a subpoena or request or other order of the Tax Court. (See General Counsel Order No. 4, 44 Federal Register 58017 (1979), which provides the authority for disclosure of Internal Revenue Service records and information in tax court proceedings.)

(b) The Assistant Commissioner (Support and Services) and the Deputy Assistant Commissioner (Support and Services) are authorized to determine whether Regional Commissioners, officers and employees of the Internal Revenue Service assigned to the National Office, including employees of the Office of Chief Counsel, and employees assigned to Regional Inspectors will be permitted to testify or produce Service records because of a request or demand for the disclosure of such records or information. The Assistant Commissioner (Support and Services) or the Deputy Assistant Commissioner (Support and Services) should act in all such matters only after coordina-

tion with the Disclosure Litigation Division, Office of Chief Counsel. The authority delegated in this paragraph may not be redelegated. (See (d) and (e) below.) The authority delegated in this paragraph shall not extend to the disclosure of Internal Revenue Service records and information in response to a subpoena or request or other order of the Tax Court. (See General Counsel Order No. 4, 44 Federal Register 58017 (1979).)

(c) The District Directors and Service Center Directors are authorized to determine whether officers and employees of the Internal Revenue Service assigned to their district or service center (including regional appellate employees located in the district) will be permitted to testify or produce Service records because of a request or demand for disclosure of such records or information. For purposes of this paragraph, employees of the Office of the District Counsel come under the authority of the District Director. Employees of the Regional Inspector are covered under paragraph (b), above. The District and Service Center Directors should act in all such matters only after coordination with the Office of the District Counsel. However, the personal testimony of a District Director or Service Center Director shall require authorization in accordance with (a) above. The authority in this paragraph may not be redelegated. (See (d) and (e) below.) The authority delegated in this paragraph shall not extend to the disclosure of Internal Revenue Service records and information in response to a subpoena or request or other order of the Tax Court. (See General Counsel Order No. 4, 44 Federal Register 58017 (1979).)

(d) The authority delegated in paragraphs (a), (b) and (c) shall not extend to testimony on the production of Service records because of a request or demand for the disclosure of such records or information:

(i) By a Congressional Committee;

(ii) Involving a disclosure to the President or certain other persons pursuant to IRC 6103(g);

(iii) Involving a disclosure to the Comptroller General pursuant to IRC 6103(i)(7); or

(iv) Involving a disclosure to correct a misstatement of fact pursuant to IRC 6103(k)(3).

(e) The Director, General Legal Services Division and Assistant Regional Counsel (GLS), with the concurrence of the Director, General Legal Services Division are authorized to determine whether officers and employees of the Internal Revenue Service, including employees of the Office of Chief Counsel, will be permitted to testify or produce internal revenue records or information because of a request or demand for the Disclosure of such records or information, if the request or demand is made in connection with personnel or claimant representative matters under the jurisdiction of the General Legal Services Division for which they have been delegated authority to disclose returns or return information as described in paragraph 1(d). The authority delegated above in this paragraph to the Director, General Legal Services Division may be redelegated only to the Assistant Director, General Legal Services Division and to Branch Chiefs and attorneys of the Office of Chief Counsel directly involved in such matters. This paragraph does not limit the authority granted in (a), (b), or (c) above.

(f) The authority delegated to Regional Commissioners and District and Service Center Directors in paragraphs (a) and (c) shall not extend to testimony or the production of Service records because of a request or demand for the disclosure of such records or information which may require a disclosure to a competent authority under a tax convention, whether or not such records or information were previously disclosed pursuant to such convention. The Associate Commissioner (Policy and Management), Assistant Commissioner (Support and Services) and the Deputy Assistant Commissioner (Support and Services) should act in all such matters only after authorization by the appropriate United States competent authority. (See Delegation Order 114, as revised).

(g) In addition to paragraphs (a), (b), (c) and (e) above, authority is further delegated to Regional Commissioners; Assistant Regional Commissioners (Resources Management); Regional Inspectors; Regional and District Counsel; District and Service Center Directors; and Director, Data Center, to release or, in specific instances, authorize the release of information from the leave and payroll records of employees under their jurisdiction, and to the Fiscal Management Officer to release or, in specific instances, authorize the release of information from the leave and payroll records of all employees of the National Office, when such information is requested or subpoenaed in connection with private litigation, upon determination that release of the information would not be detrimental to the Internal Revenue Service. This delegation does not include authority to release or authorize the release of information contained in official personnel folders, which is covered by IRM 0293. When any uncertainty exists as to the availability of furnishing leave and pay information in a particular case, the matter should be referred to the National Office, Attention: PM:PFR:F, with a complete report of the circumstances. The authority delegated in this paragraph may not be redelegated.

The provisions of this paragraph (13(a)-(g)) are limited to the authorization of testimony or the production of documents pursuant to a request or demand as referred to in paragraphs (d)(1)(i) and (ii) of 26 CFR 301.9000-1 and does not extend to or affect other disclosure authority previously delegated in paragraphs (6) and (9) of this order. Furthermore, in instances where it is anticipated that the testimony or production of Service records by a Chief Counsel attorney will involve matters which may fall within the attorney-client privilege, the determination of whether to waive the privilege, as well as the authority to authorize the testimony or production shall lie with the Assistant Commissioner (Support and Services) and Deputy Assistant Commissioner (Support and Services) who will act in these matters only after coordination

with the Disclosure Litigation Division. In instances involving Regional or District Counsel attorneys and the attorney-client privilege, authority shall lie with the Regional Commissioner who will act in these matters only after coordination with the Regional Counsel.

(14) The Deputy-Commissioner; Associate Commissioner (Data Processing); Assistant Commissioner (Computer Services); Deputy Assistant Commissioner (Computer Services); Regional Commissioners; Director, Software Division; Director, National Computer Center; and Service Center Directors are authorized to disclose or, in specific instances, authorize the disclosure of individual master file information to the head of a Federal, State or local child support enforcement agency or an authorized supervisory official under a contractual agreement entered into pursuant to Delegation Order 100, as revised, Revenue Procedure 78-10, and subject to the conditions prescribed in IRC 6103(1)(6)(A)(i). Such contractual agreement should be entered into only after coordination with the Director or Assistant Director, Disclosure and Security Division. The authority delegated in this paragraph may be redelegated to any supervisory level deemed appropriate.

(15) The Deputy Commissioner; Associate Commissioner (Policy and Management); Assistant Commissioner (Support and Services); Deputy Assistant Commissioner (Support and Services); Regional Commissioners, and Service Center Directors are authorized to disclose or, in specific instances, authorize the disclosure of return information to the head of a Federal, State or local child support enforcement agency or an authorized supervisory official under a contractual agreement entered into pursuant to Delegation Order 100, as revised, Revenue Procedure 78-10, and subject to the conditions prescribed in IRC 6103(1)(6)(A)(ii). Such contractual agreement should be entered into only after coordination with the Director, Disclosure and Security Division. The authority delegated in this paragraph may be redelegated to any supervisory level deemed appropriate.

(16) The Deputy Commissioner; Associate Commissioner (Policy and Management); Assistant Commissioner (Support and Services); Deputy Assistant Commissioner (Support and Services); Regional Commissioners; Service Center Directors; Director, National Computer Center; and Director, Data Center are authorized to disclose or, in specific instances, authorize the disclosure of information returns filed pursuant to part III of subchapter A of IRC chapter 61 to designated personnel of the Social Security Administration for the purpose of carrying out an effective return processing program in accordance with section 232 of the Social Security Act and pursuant to IRC 6103(1)(5). The authority delegated in this paragraph may not be redelegated.

(17) The Deputy Commissioner, Deputy Chief Counsel and Associate Chief Counsel (Litigation) are authorized to disclose or, in specific instances, authorize the disclosure of returns and return information to the designated officers and employees of the Department of Justice pursuant to a written request from the Attorney General, the Deputy Attorney General, or an Assistant Attorney General in a matter involving tax administration, subject to the conditions prescribed in IRC 6103(h)(3)(B). The authority delegated in this paragraph may not be redelegated.

(18) The Deputy Commissioner; Associate Commissioner (Data Processing); Assistant Commissioner (Computer Services); Assistant Commissioner (Returns and Information Processing); Director, Disclosure and Security Division; Assistant Director, Disclosure and Security Division; Service Center Directors and Director, National Computer Center are authorized upon written request to disclose, or in specific instances, authorize the disclosure of return information pursuant to IRC 6103 (h)(6) with respect to the address and status of an individual as a nonresident alien, citizen or resident of the United States to the Social Security Administration or the Railroad Retirement Board for purposes of carrying out responsibilities for withholding tax from social security benefits under IRC 1441.

(19) At the request of the Commissioner of Internal Revenue and with the approval of the Joint Committee on Taxation, the following officials may disclose information with respect to a specific taxpayer pursuant to IRC 6103(k)(3): Deputy Commissioner; Regional Commissioners; District and Service Center Directors; Associate Commissioner (Operations); Associate Commissioner (Policy and Management); Assistant Commissioner (Support and Services); Assistant Commissioner (Examination); Assistant Commissioner (Collection); Assistant Commissioner (Criminal Investigation); Assistant Commissioner (Employee Plans and Exempt Organizations); Director, Disclosure and Security Division; any individual who is specifically designated by the Commissioner of Internal Revenue. The authority delegated in this paragraph may not be redelegated.

(20) To the extent that authority previously exercised consistent with this Order may require ratification, it is hereby affirmed and ratified.

(21) Delegation Order No. 156 (Rev. 4) and Chief Counsel Order 1031.3c, effective November 27, 1983, are superseded.

Approved JOEL S. GERBER,
Acting Chief Counsel.

Approved JAMES OWENS,
Deputy Commissioner.

Delegation Order No. 159 (Rev. 1) (Effective November 27, 1983)

Authority to Waive Minimum Funding Standards and to Perform Corresponding Duties under ERISA

1. Pursuant to authority vested in the Commissioner of Internal Revenue by Treasury Department Order 150-37, there is hereby delegated to the Assistant Commissioner (Employee Plans/Exempt Organizations) and the Director, Employee Plans Technical and Actuarial Division, the authority to:

a. Waive the minimum funding standards under IRC 412 in accordance with subsection (d), thereof, and

b. Perform the corresponding duties of the Secretary of the Treasury under section 303 of the Employee Retirement Income Security Act of 1974 (ERISA) with respect to the minimum funding standards under ERISA section 302.

2. For purposes of this Order, a substantial waiver is a waiver with respect to a plan's minimum funding requirements for a plan year which, based on information reported to the Internal Revenue Service, exceeds one million dollars.

3. Authority delegated in this Order may not be redelegated except that the Director, Employee Plans Technical and Actuarial Division may redelegate the authority contained in paragraph 1 to Branch Chiefs, Employee Plans Technical and Actuarial Division, for such waivers which are not determined substantial as defined in paragraph 2.

4. Delegation Order No. 159, effective October 8, 1976, is superseded.

Dated: November 22, 1983.

JAMES I. OWENS,
Deputy Commissioner.

(Filed by the Office of the Federal Register on December 12, 1983; 8:45 a.m., and published in the issue of the Federal Register for December 13, 1983, 48 F.R. 55531)

Delegation Order No. 172 (Rev. 1) (Effective November 27, 1983)

Authority to Waive the 100% Excise Tax Imposed Under Section 4971(b) of the Code

1. Pursuant to the authority vested in the Commissioner of Internal Revenue by Treasury Department Order 150-37, there is hereby delegated to the Assistant Commissioner (Employee Plans and Exempt Organizations) and the Director, Employee Plans Technical and Actuarial Division, the authority to waive all or part of the additional tax imposed under IRC 4971(b) in accordance with subsection (b) of section 3002 of the Employee Retirement Income Security Act of 1974 (ERISA).

2. For purposes of this Order, a substantial waiver is a waiver of the additional tax liability resulting from a computation based on an accumulated funding deficiency in excess of one million dollars.

3. This authority may not be redelegated except that the Director, Employee Plans Technical and Actuarial Division may redelegate the authority contained in paragraph 1 to Branch Chiefs, Employee Plans Technical and Actuarial Division, for a waiver not deemed substantial, as defined in paragraph 2.

4. Delegation Order No. 172, effective October 25, 1978, is superseded.

Dated: November 22, 1983.

JAMES I. OWENS,
Deputy Commissioner.

(Filed by the Office of the Federal Register on December 12, 1983; 8:45 a.m., and published in the issue of the Federal Register for December 13, 1983, 48 F.R. 55532)

Delegation Order No. 182 (Rev. 3)

(Effective December 14, 1983)

Authority to Execute Returns

The authority granted to the Commission of Internal Revenue, by 26 CFR 301-6020-1(b) and 26 CFR 301.7701-9 to execute returns required by any internal revenue law or regulation made thereunder when the person required to file such return fails to do so, is delegated to:

1. Revenue Agents;
2. Tax Auditors;
3. Revenue Officers, GS-9 and above;
4. Collection Office function managers, GS-9 and above;
5. Automated Collection Branch managers, GS-9 and above; and
6. Service Center Collection Branch managers, GS-9 and above.

The authority delegated herein may not be redelegated.

Delegation Order No. 182 (Rev 2) [1983-2 C.B. 409], effective March 7, 1983, is superseded.

Dated: November 29, 1983.

Approved:

JAMES I. OWENS,
Deputy Commissioner.

(Filed by the Office of the Federal Register on December 29, 1983, 8:45 a.m., and published in the issue of the Federal Register for December 29, 1983, 48 F.R. 57400)

Delegation Order 204

(Effective December 5, 1983)

Authority To Approve Rewards for Information Relating to Violations of Internal Revenue Laws

The authority vested in the Commissioner of Internal Revenue and District Directors by 26 CFR 301.7701-9 and 301.7623-1 to approve rewards for information relating to violations of internal revenue laws is hereby delegated to Service Center Directors.

This authority may be redelegated not lower than Chief, Examination Branch.

Dated: October 30, 1983.

Approved:

JAMES I. OWENS,
Deputy Commissioner.

(Filed by the Office of the Federal Register on December 12, 1983, 8:45 a.m., and published in the issue of the Federal Register for December 13, 1983, 48 F.R. 55532)

Boycott Provisions (Section 999) of the Internal Revenue Code; Additional Boycott Guidelines

Notice 84-1

AGENCY: Office of the Secretary, Treasury.

ACTION: Notice of additional guidelines.

SUMMARY: This document contains proposed additional guidelines relating to those provisions of the Tax Reform Act of 1976 [1976-3 C.B. (Vol. 1) 1] found in section 999 of the Internal Revenue Code, which deny certain tax benefits for participation in or cooperation with international boycotts. These proposed guidelines consist of corrections or clarifications of earlier guidelines and new guidelines which will elaborate on the Department of the Treasury's enforcement of section 999, primarily in the areas of compliance with local laws and the use of vessel eligible clauses.

DATE: Comments must be received on or before Jan 23, 1984.

ADDRESS: Send comments to: Office of the General Counsel, Department of the Treasury, 15th & Pennsylvania Avenue, NW., Washington, DC 20220. Attention: David D. Joy.

FOR FURTHER INFORMATION CONTACT: David D. Joy, Office of the General Counsel, Department of the Treasury, 15th & Pennsylvania Avenue, NW., Washington, DC 20220, (202)-566-5569—not a toll-free call).

SUPPLEMENTARY INFORMATION:

This document contains proposed additional guidelines relating to the Department of the Treasury's enforcement of section 999 of the Internal Revenue Code. Section 999 incorporates provisions of the Tax Reform Act of 1976 (90 Stat. 1649-54), specifically sections 1061-1064 (known as the "Ribicoff Amendment") [1976-3 C.B. (Vol. 1) 1, 126-129] which deny certain tax benefits for participation or cooperation with international boycotts. Published guidelines which are still in effect today are found at 44 FR 66272 (November 19, 1979) [1979-2 C.B. 495] and 43 FR 3454 (January 25, 1978) [1978-1 C.B. 521]

EXECUTIVE ORDER 12291

The Department of the Treasury has determined that these guidelines are not a major rule as defined in Executive Order 12291, and that a Regulatory Impact Analysis is therefore not required.

COMMENTS

Before these proposed guidelines are adopted, consideration will be given to any written comments that are timely submitted to the Office of the General Counsel. All written comments will be available for public inspection and copying at the Department of the Treasury Library, 5th Floor, Department of the Treasury, 15th and Pennsylvania Avenue NW., Washington, D.C.

DRAFTING INFORMATION

The principal author of these proposed guidelines is Leonard Santos, formerly of the Office of the General Counsel, Department of the Treasury. David Joy from the Office of the General Counsel also participated in developing the proposed guidelines.

It Is Proposed To Amend the Guidelines as Follows:

* * * * *

A-9 (correction). Q: Section 999(b)(4) permits a person to agree to comply with certain laws without being treated as having agreed to participate in or cooperate with an international boycott. In the course of its operations in or related to a boycotting country, a person agrees to comply with a prohibition on importation and exportation that is described in section 999(b)(4)(B) and section 999(b)(4)(C). Is that person required to report the operations on Form 5713?

A: Yes. Although agreements described in section 999(b)(4)(B) and (C) do not constitute participation in or cooperation with an international boycott, the operations in or related to a boycotting country must be reported on Form 5713. However, requests to enter into agreements described in section 999(b)(4)(B) and (C) are not reportable on Form 5713.

* * * * *

J-3 (correction). Q: Company C competes for an industrial plant construction contract for which Company P of Country W is inviting international tenders. The contract is to be financed by Country X which maintains a blacklist of companies. Country X requires contracts for projects which it finances to state that the contractor is required to refrain from making any purchase for project from any blacklisted company. Country W does not boycott those companies. Company C wins the tender and signs the contract with Company P with the blacklist provision. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(A)(ii)?

A: Generally, yes (see Guideline H-1A). Although the boycott is not implemented by Country W, but by Country X, and the project is being carried out in Country W, Company C has agreed not to do business with blacklisted U.S. companies as a condition of doing business indirectly with Country X. Similarly, if the contract financed by Country X in Country W precluded the use of Country Y goods in connection with the project in Country W, the exception reflected in section 999(b)(4)(B) would apply to Company C's agreement and that agreement would not constitute participation in or cooperation with an international boycott.

* * * * *

M-5 (correction). Q: Company C enters into a contract to export goods to or from Country X. The contract requires Company C not to ship the goods on a Country Y flag vessel or on a vessel owned, controlled, operated or chartered by Country Y or by companies or nationals of Country Y, or on a ship which during the voyage calls at Country Y enroute to or from Country X. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)?

A: No. The requirement in the contract is not a restrictive boycott practice. Rather, the contract provision is presumed to arise from the need to protect goods from damage or loss. However, this answer would not cover a restriction on the choice or route of a vessel when it carries no goods destined for or originating in Country X. The presumption described in this answer arises in every case where such clauses are used in connection with countries which are hostile to each other.

* * * * *

M-7 (correction). Q: Company C signs a contract to export goods to Country X. The contract provides that the goods may not be shipped on a vessel that has been blacklisted by Country X because it has called at Country Y in the past. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(b)?

A: Yes.

* * * * *

It is proposed to add the following Guidelines

* * * * *

C-2. Q: Company C is engaged in

the sale of machinery to Country W. Company C has no knowledge or reason to know that Country W requires participation in or cooperation with an international boycott as a condition of doing business within Country W or with its government, companies or nationals, except that Company C is asked to sign a contract with Country W of the type described in Guideline M-5. Does Company C have knowledge that Country W is a boycotting country such that its operations with Country W are reportable?

A: No. Where the only Country W requirements of which Company C knows or has reason to know involve requests which, if agreed to, are not defined to constitute participation in or cooperation with an international boycott, Company C has no reason to treat Country W as a boycotting country.

* * * * *

H-37. Q: Company C signs a contract which provides that in connection with its performance Company C acknowledges that the import and customs laws and regulations of Country X shall apply to the furnishing and shipment of any products or components thereof to Country X, and that Company C acknowledges that such import and customs laws and regulations prohibit, among other things, the importation into Country X of products or components: (1) originating in Country Y; (2) manufactured, produced or furnished by companies organized under the laws of Country Y; and (3) manufactured, produced or furnished by nationals or residents of Country Y. Does Company C's contract constitute an agreement under section 999(b)(3)?

A: No. (see Guideline H-3). Company C has merely acknowledged that such import and customs laws shall apply to the furnishing of goods under the contract. However, an agreement by Company C to comply with Country X's restriction on the importation of goods furnished either by companies organized under Country Y's laws or by nationals of Country Y would constitute an agreement under section 999(b)(3).

H-38. Q: Company C signs a contract in which it agrees to comply with the laws, rules and regulations of Country X, except to the extent such compliance is penalized under laws of the United States. Does Company C's contract constitute an agreement under section 999(b)(3)?

A: No. An agreement to comply with the laws, rules and regulations of Country X does not constitute an agreement under section 999(b)(3) when such a commitment is qualified by excepting out compliance penalized by U.S. law, including section 999. Any phrase which effectively excludes the agreements described in section 999 from the requirements of a contract with Country X would support the same result. For example, a compliance clause qualified by "except to the extent inconsistent with U.S. law" would also suffice to take the contract out of the coverage of section 999. However, a compliance clause qualified by the phrase "except to the extent *prohibited* by U.S. law" would not defeat the presumption that the contractual provision requires agreements penalized under section 999, since section 999 does not prohibit anything, but merely penalizes certain agreements.

H-39. Q: Company C signs a contract to construct an industrial plant in Country X. The contract states that the laws, regulations, requirements or administrative practices of Country X shall govern Company C's performance of the contract in Country X. The laws, regulations, requirements or administrative practices of Country X prohibit the importation into Country X of goods manufactured by any company engaged in trade in Country Y or with the government, companies or nationals of Country Y. Does Company C's action constitute an agreement under section 999(b)(3)?

A: No. (see Guideline H-3). The answer would be the same if the contract had instead stated that Company C would be "subject to" the laws, regulations, requirements or administrative practices of Country X.

H-40. Q: Company A signs a contract to export goods to Country X. The contract provides that payment will be made by means of a letter of credit confirmed by Bank C. The letter of credit requires Company A to provide Bank C a certificate stating that the ship on which the goods are to be shipped is eligible to enter the ports of Country X in conformity with its laws and regulations, and that the insurer of the goods has a duly qualified and appointed agent or representative in Country X. Country X's laws and regulations prohibit, *inter alia*, black listed vessels from calling at its ports and blacklisted insurance companies from qualifying or appointing an agent in Country X. Bank C confirms the letter of credit requiring the shipping and insurance certificates. Does Bank C's action constitute an agreement under section 999(b)(3)?

A: Yes. Unless Country X has offered the kind of explanation described in Guidelines M-12 and M-13, Bank C's confirmation of the letter of credit constitutes an agreement to refrain from doing business with a U.S. person under section 999(b)(3)(A)(ii). The answer would be the same under section 999(b)(3)(A)(i), if the beneficiary of the letter of credit were organized under the laws of Country Y, and under section 999(b)(3)(A)(iii), if Bank C had reason to know that it would not be able to obtain the required certificate because of the nationality, race, or religion of the beneficiary's ownership, management, or directors. See Guideline H-29 A.

* * * * *

L-6. Q: Company C signs a construction contract that provides that Company C is not to employ individuals or nationals of any country not diplomatically recognized by Country X. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(A)(iv)?

A: To the extent that Country Y is only one of several countries not recognized by Country X, the exclusion of nationals from unrecognized countries under the contract is not, on its face, boycott related. In those circumstances, agreement to the clause in question would not constitute an agreement to participate in or cooperate with an international boycott un-

der section 999(b)(3). However, where Country Y is the only country not recognized by Country X, agreement to such a clause will constitute an agreement to participate in or cooperate with an international boycott under section 999(b)(3).

* * * * *

M-15. Q: Company C signs a contract to export goods to Country X. The contract provides that payment will be made by means of a letter of credit confirmed by Bank C. The letter of credit requires Company C to provide to Bank C a certificate stating that the goods are being shipped on a U.S. or Country X flag carrier *or*, alternatively, that the ship on which the goods are being shipped is eligible to enter the ports of Country X. Company C provides a certificate stating that the goods have been shipped on a U.S. or Country X flag carrier. Does Company C's acceptance of the letter of credit constitute an agreement under section 999(b)(3)?

A: No. Where the letter of credit requires alternative certifications, one of which is acceptable within the terms of section 999(b)(3), and Company C performs in accordance with that acceptable alternative (i.e., shipping on a U.S. or Country X flag carrier), it is presumed that Company C's agreement included only the acceptable alternative. If Company C were to utilize a ship "eligible to enter the ports of Country X," Guideline M-10 would apply.

Dated: November 16, 1983.

JOHN E. CHAPOTON,
Assistant Secretary
(Tax Policy).

(Filed by the Office of the Federal Register on November 22, 1983, 8:45 a.m., and published in the issue of the Federal Register for November 23, 1983, 48 F.R. 53003)

Exempt Organizations Filing Requirements

Notice 84-2

Section 6033(a)(1) of the Internal Revenue Code generally requires all tax-exempt organization to file an annual information return on Form 990.

Section 6033(a)(2)(A) provides for certain mandatory exceptions from filing such a return, specifically including churches, their integrated auxiliaries, and conventions or associations of churches.

Section 6033(a)(2)(B) provides that organizations may be relieved from filing annual information returns (Form 990s) where the filing is not necessary to the efficient administration of the internal revenue laws. Pursuant to section 6033(a)(2)(B), the following classes of organizations have been relieved from filing effective for tax years ending on or after December 31, 1976:

1. Section 501(c)(3) organizations which are operated, supervised, or controlled by one or more churches, integrated auxiliaries, or conventions or associations of churches, and

(a) which are exclusively engaged in financing, funding the activities of, or managing the funds of

(1) a church, integrated auxiliary, or convention or association of churches, or

(2) a group of organizations substantially all of which are described in (a)(1), if substantially all of its assets are provided by, or held for the benefit of, organizations described in (a)(1); or

(b) which maintain retirement insurance programs primarily for organizations described in (a)(1), so long as

(1) more than 50 percent of the individuals covered by the programs are directly employed by those organizations, or

(2) more than 50 percent of the assets are contributed by, or held for the benefit of, employees of those organizations.

2. Section 501(c)(3) organizations which are operated, supervised, or controlled by one or more religious orders and which are engaged in financing, funding, or managing assets used for exclusively religious activities.

These changes were made because these organizations are vehicles that churches, integrated auxiliaries, conventions or associations of churches, and religious orders use to finance their activities or manage their funds. In addition, some of these organizations engage in the more limited activity of providing retirement benefits primarily to church employees. Requiring these organizations to file annual information returns would be equivalent to requiring churches, integrated auxiliaries, conventions or associations of churches and religious orders to file annual information returns when they are not otherwise required to do so.

Inflation Adjustment for Computation of Windfall Profit Tax

Notice 84-3

Section 4989(b) of the Internal Revenue Code requires the determination of an inflation adjustment factor for use in computing the windfall profit tax.

The Service has determined that, for oil removed during the April-June quarter of 1984, the inflation adjustments are as follows:

Tier 1 or Tier 2 oil	0.3511
Tier 3 oil	0.4780

Worksheets for computation of the windfall profit tax are included in the Instructions for Form 6047, Windfall Profit Tax, and an explanation of the inflation adjustment may be found in the Specific Instructions for Line 4 of the worksheets.

Regulations Governing the Practice of Attorneys, Certified Public Accountants, Enrolled Agents, and Enrolled Actuaries Before the Internal Revenue Service

Notice 84-4

AGENCY: Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document contains final regulations governing practice before the Internal Revenue Service (IRS) to set standards for providing opinions used in the promotion of tax shelter offerings. The final regulations reflect the Treasury Department's concern about the prolif-

eration of abusive tax shelters in recent years and the role of the IRS practitioner's opinion in the promotion of such shelters. The regulations address the problem by imposing duties upon IRS practitioners who furnish opinions for use in connection with tax shelter offerings.

DATES: These final regulations are effective with respect to tax shelter opinions provided after May 23, 1984.

FOR FURTHER INFORMATION CONTACT: Mr. Leslie S. Shapiro, Director of Practice, Department of the Treasury, Washington, D.C. 20220, (202) 634-5135 (non toll free).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On September 4, 1980, the *Federal Register* (45 FR 58594) published for public comment a proposed rule that would amend the regulations governing practice before the IRS contained in 31 CFR, Part 10 (Treasury Department Circular No. 230). Among other things, the proposed rule would have required an IRS practitioner to comply with certain standards when providing a tax shelter opinion.

In addition, on November 17, 1980, the *Federal Register* (45 FR 75835) published a notice inviting comments from the public on the desirability of establishing an advisory committee to advise the Treasury Department on issues arising out of the standards proposed in the regulations for tax shelter opinions.

On January 29, 1982, the American Bar Association (ABA) issued a revised Formal Opinion 346 relating to the obligations of an attorney in issuing a tax shelter opinion. Unless otherwise noted, references herein to "ABA Opinion 346" refer to the Opinion in its revised form.

On December 15, 1982, a modified proposed rule was published in the *Federal Register* (47 FR 56144) (hereinafter referred to as the "proposed rule") which substantially modified the 1980 proposal in order to follow standards more nearly consistent with those set forth in ABA Opinion 346. The proposed rule required a practitioner who renders a tax shelter opinion to exercise responsibility with respect to the accuracy of the relevant facts; apply the law to the particular facts of the tax shelter offering; ascertain that all material Federal tax issues have been considered; where possible, provide an opinion as to the likely outcome on the merits of each material tax issue; provide an evaluation of the extent to which the material tax benefits in the aggregate will be realized; and assure that the nature and extent of the tax shelter opinion is described correctly in the offering materials.

Approximately fifteen written comments on the proposed rule were received from bar associations, accounting groups, individual attorneys, and accountants. After consideration of all comments regarding the proposed rule, it is hereby adopted as modified for clarification.

EXPLANATION OF CHANGES

The final rule adopted herein continues to follow the general guidelines of ABA Opinion 346, as did the proposed rule, and the "Supplementary Information" contained in the December 15, 1982, Notice of Proposed Rulemaking. However, various changes of a clarifying and stylistic nature have been made in the final rule. The more important changes, and the reasons for not making certain other suggested changes, are discussed below.

GENERAL COMMENTS

A number of comments were received which generally supported the proposed rule, while others suggested that the proposed rule should be withdrawn. Some of the reasons given to withdraw the proposal included the contention that the proposed rule exceeded Treasury's statutory authority; that the rule is unnecessary in light of the publication of ABA Opinion 346 and recent statutory provisions directed at tax shelters added to the tax law; and that it would have little effect on persons who wish to participate in abusive tax shelters.

Treasury determined that the proposed rule should be finalized for several reasons. First, the legal profession has, by publication of ABA Opinion 346, recognized that attorneys have unique ethical responsibilities when they render tax shelter opinions to persons who are not their clients. This action by the ABA reinforces Treasury's belief that tax practitioners must meet minimum standards of conduct with respect to tax shelter opinions, and that those who do not may be subject to suspension or disbarment from practice before Treasury.

Treasury has independent statutory authority to discipline incompetent and unethical conduct by practitioners,[1] while the ABA lacks such authority. State regulatory bodies may choose not to exercise their authority to regulate tax shelter opinions, or they may fail to follow uniform regulatory standards. In addition, certified public accountants, enrolled agents and enrolled actuaries also my practice before the IRS. For these reasons, action by Treasury is needed.

Finally, rules relating to tax shelter opinions complement the new penalties and other tax law changes made by Congress relating to tax shelters. For example, the new penalty for substantial understatements of tax liability under Internal Revenue Code section 6661 has increased the significance of determining whether there is sufficient legal authority for a position taken on a tax return. Thus, it is even more important than before that a prospective investor receive accurate and complete tax advice in the opinion as to the merits of the tax shelter offering. The final rule should help to improve the quality of this advice.

---

[1] 31 U.S.C. 330(b), relating to suspension or disbarment from practice before Treasury, provides:

(b) After notice and opportunity for a proceeding, the Secretary [of the Treasury] may suspend or disbar from practice before the Department [of the Treasury] a representative who—

(1) Is incompetent;

(2) Is disreputable;

(3) Violates regulations prescribed under this section; or

(4) With intent to defraud, willfully and knowingly misleads or threatens the person being represented or a prospective person to be represented.

However, the regulations in this final rule are not intended to preclude local law and regulation from governing the preparation, issuance and dissemination of tax shelter opinions. However, regardless of the existence of local authority on the subject, the tax practitioner must observe and comply with the Treasury Department's regulations in order to avoid Treasury sanctions for misconduct thereunder.

Several commenters requested clarification of Treasury's position regarding "negative opinions" as set forth in the Supplementary Information accompanying the proposed rule. The final rule does not prohibit negative opinions, provided that all of the other requirements of the tax shelter opinion rules are met. However, it should be noted that a negative opinion may subject a practitioner to discipline under the final rule if it is not correctly, fairly and clearly described in the offering materials.

SPECIFIC COMMENTS

1. Due Diligence as to Factual Matters

The proposed rule required a practitioner to exercise a degree of diligence with respect to the accuracy of factual matters relevant to a tax shelter opinion. Several comments stated that the proposed rule on this subject was unclear as to the scope of the practitioner's responsibility to verify the facts.

The Supplementary Information for the proposed rule stated that the applicable standards in this area generally were the same as those set forth in ABA Formal Opinion 346 and ABA Formal Opinion 335 (dealing with assumed fact opinions in connection with sale of unregistered securities). The final rule has been modified to incorporate a statement of the appropriate standards directly into the rule. Section 10.33(a)(1) now provides that a practitioner generally need not conduct an independent verification of the facts unless he knows, or should know, that the facts provided to him by the promoter or another person are untrue. Furthermore, a practitioner may accept without further inquiry an asserted valuation of property, an appraisal, or a projection, as support for the matters claimed therein only if they make sense on their face, and, in the case of an appraisal or projection, the practitioner reasonably believes that the person providing the appraisal or projection is competent to do so. Finally, if a valuation of purchased property is based on its stated purchase price, the practitioner must examine the circumstances surrounding the purchase to determine whether the stated purchase price reasonably may be considered to be the fair market value of the property.

2. Opinion on Each Material Tax Issue

Under the proposed rule, practitioners were required to render an opinion on each material tax issue in the offering. The final rule clarifies that an opinion is necessary only with respect to material issued that involve a reasonable possibility of a challenge by the IRS.

Under the rule, opinions are required only "where possible." Treasury will give cases in which practitioners conclude that opinions are not possible special scrutiny to prevent recurrence of the practice of rendering tax shelter "opinions" that do not truly express any opinion at all. Such "opinions" may be issued to mislead investors, who may believe that the practitioner's participation in the shelter offering is an endorsement of the shelter.

3. Overall Evaluation

The proposed rule required a practitioner to make an overall evaluation of the extent to which the tax benefits of the tax shelter in the aggregate were likely to be realized. The final rule has been clarified to provide that such an overall opinion need be rendered only where it is possible to do so. As with opinions on material tax issues, Treasury expects that it will be possible to render an overall evaluation in the great majority of cases (a view shared by ABA Opinion 346).

The final rule specifically requires that the existence of an unfavorable overall evaluation, or an opinion that concludes that an overall evaluation is not possible, must clearly be disclosed in the offering materials.

One comment suggested that reference to "aggregate" tax benefits is ambiguous since no guidelines were provided for making the evaluation. The final rule clarifies the purported ambiguity by defining a favorable overall evaluation as one concluding that substantially more than half of the material tax benefits of the tax shelter, in terms of their financial impact on a typical investor, more likely than not will be realized. Any other conclusion should be viewed as a less than favorable overall evaluation and should be set forth prominently in the opinion as such. Further, several examples of how the overall evaluation requirement is to be applied in typical tax shelter situations are provided.

4. Partial Opinions

The proposed rule permitted a practitioner to render an opinion on less than all the material tax issues if certain conditions were met. In particular, a partial opinion could be given only if the practitioner had no reason to believe that the overall evaluation of the tax shelter provided by another practitioner was incorrect.

Several comments expressed concern that the duty to examine the correctness of the overall evaluation is unduly burdensome to a practitioner hired to render only a partial opinion. The proposed rule was not intended to impose unreasonable burdens on practitioners who give partial opinions. The final rule now provides that the practitioner giving the partial opinion must have no reason to believe that the overall evaluation is incorrect on its face. It is anticipated that practitioners will meet this requirement by reviewing the overall evaluation to determine if it makes sense on its face, based on the practitioner's knowledge and experience, and if it is internally consistent with the opinions rendered on each material tax issue of the shelter.

In addition, comments by certified public accountants have requested clarification of the applicability of the final rule to practitioners who are associated with financial forecasts or projections included in tax shelter offering materials. The final rule states

that practitioners who provide such forecasts or projections must comply with the general rules applicable to partial tax shelter opinions.

Financial forecasts or projections often include assumptions as to the tax return reporting positions to be taken with respect to material tax issues. Tax shelter forecasts or projections therefore could mislead investors by implicitly suggesting that the tax return positions they reflect are proper. For this reason, the final rule treats forecasts or projections involving any tax assumptions as "tax shelter" opinions. If the forecasts or projections themselves do not address all of the material tax issues in the required manner, all material tax issues that form the basis for such forecasts or projections must be fully addressed by the practitioner or some other practitioner in a tax opinion (or elsewhere in the offering materials) that meets the criteria set forth in the rules. Furthermore, the practitioner associated with the forecasts or projections will be responsible for rendering an opinion on any material tax issue not addressed in the tax opinion by the other practitioner. Finally, the nature and extent of the forecasts or projections must be described correctly in the offering materials.

5. Definitions

The definition of a tax shelter generated the greatest number of comments. Some comments suggested that the definition used (patterned after that in ABA Opinion 346) was overbroad, and that it should be made consistent with the definition of a tax shelter in Internal Revenue Code section 6661 (penalty for substantial understatements of tax liability). The final rule does not incorporate this suggestion because section 6661 is intended to identify a relatively narrow category of transactions that should be subject to more stringent penalty requirements because their principal purpose is tax avoidance. In contrast, the tax shelter opinion rules serve a different purpose. Merely because an investment has a business or profit objective and is not principally tax motivated does not mean that it does not also have substantial tax shelter features in the eyes of potential investors, or that a full and complete tax opinion is not necessary.

The tax shelter definition in the final rule provides that the tax shelter effect of a transaction must be both substantial and intended. The reason for this modification is to avoid "retroactive" reclassification of an investment as a tax shelter if unintended losses exceed income in a year (for example, when an unsuccessful investment is disposed of or terminated). The offering materials will be given significant weight to determine whether tax shelter benefits are an intended result of the transaction.

The tax shelter definition also was modified to negate an erroneous interpretation by some that real estate investments are not considered tax shelters unless they produce tax losses in every year. If net losses are foreseeable in any year, a real estate investment is a tax shelter. The exclusion from the tax shelter definition for "family trusts" also was amended so that it applied only to family trusts provided in direct practitioner-client relationships, and not to trust schemes that are publicly marketed by promoters.

The definition of "tax shelter opinion" was changed to clarify the fact that an opinion letter or a tax description in a tax shelter offering circular is a tax shelter opinion even if the practitioner's name is not used.

6. Disciplinary Standards, Firm Opinions

In response to several comments, the standards of culpability required to discipline a practitioner for failing to comply with the tax shelter opinion rules or the prohibition against false opinions have been conformed. A violation of the tax shelter opinion rules or the rule relating to false opinions will be subject to discipline if the practitioner violates the rules willfully (or knowingly), recklessly, through gross incompetence, or if the violation is part of a pattern of repeated violations.

The proposed rule provided that in certain circumstances an entire firm could be disciplined for firm opinions that violated the tax shelter opinion standards. In light of comments pointing to the difficulty of imposing sanctions on firms rather than on individual practitioners, this provision has been deleted from the final rule.

7. Advisory Committee

The provision authorizing formation of an Advisory Committee for the Director of Practice has been modified to provide that action by the Committee is to be taken at the request of the Director of Practice.

One comment questioned the ability of the Director of Practice to enforce the tax shelter opinion rules in an impartial manner. Although the Director of Practice is now an official of the Internal Revenue Service, assessment of individual cases is made on an independent basis. Further, the administrative and judicial appeals described in the Supplementary Information accompanying the proposed rule continue to be applicable to disciplinary actions. Treasury believes that these safeguards are sufficient to assure that the tax shelter opinion rules will be administered in a fair and equitable manner.

8. Return Preparation

In order to clarify §10.7 of the regulations, the heading is being changed to address its full scope.

EXECUTIVE ORDER 12291

It has been determined that this rule is not a major rule as defined in Executive Order 12291. This rule relates solely to practice before the IRS and is not expected to have any significant economic consequences.

REGULATORY FLEXIBILITY ACT

This rule is not subject to the provisions of the Regulatory Flexibility Act since the initial Notice of Proposed Rulemaking was published before January 1, 1981, the effective date of the Act.

DRAFTING INFORMATION

The principal author of these regulations is Mr. Leslie S. Shapiro, Director of Practice, Department of the Treasury. Other present and former personnel in the Treasury Department participated in the development of the regulations, both as to substance and style.

LIST OF SUBJECTS IN 31 CFR PART 10

Administrative rules and procedures, Lawyers, Accountants, Enrolled agents, and Enrolled actuaries.

Authority: These final rules are issued under authority of Sec. 3. 23 Stat. 258, secs. 2-12, 60 Stat. 237 et seq.; 5 U.S.C. 301; 31 U.S.C. 330; 31 U.S.C. 321 (Reorg. Plan No. 26 of 1950, 15 FR 4935, 64 Stat. 1280, 3 CFR, 1949-53 Comp., p. 1017).

ADOPTION OF AMENDMENTS TO REGULATIONS

Accordingly, 31 CFR Part 10 is amended as follows:

§10.2 [Amended]

1. In §10.2, paragraph (a) is amended by removing the third sentence.

2. Section 10.7 is amended by revising the heading and by adding paragraph (c), to read as follows:

§10.7 Limited practice; special appearances; return preparation and furnishing information.

* * * * *

(c) *Preparation of tax returns and furnishing information.* Any person may prepare a tax return, may appear as a witness for the taxpayer before the Internal Revenue Service, or furnish information at the request of the Internal Revenue Service or any of its officers or employees.

3. Section 10.33 is added to read as follows:

§10.33 Tax shelter opinions.

(a) *Tax shelter opinions and offering materials.* A practitioner who provides a tax shelter opinion analyzing the Federal tax effects of a tax-shelter investment shall comply with each of the following requirements:

(1) *Factual matters.* (i) The practitioner must make inquiry as to all relevant facts, be satisfied that the material facts are accurately and completely described in the offering materials, and assure that any representations as to future activities are clearly identified, reasonable and complete.

(ii) A practitioner may not accept as true asserted facts pertaining to the tax shelter which he/she should not, based on his/her background and knowledge, reasonably believe to be true. However, a practitioner need not conduct an audit or independent verification of the asserted facts, or assume that a client's statement of the facts cannot be relied upon, unless he/she has reason to believe that any relevant facts asserted to him/her are untrue.

(iii) If the fair market value of property or the expected financial performance of an investment is relevant to the tax shelter, a practitioner may not accept an appraisal or financial projection as support for the matters claimed therein unless:

(A) The appraisal or financial projection makes sense on its face;

(B) The practitioner reasonably believes that the person making the appraisal or financial projection is competent to do so and is not of dubious reputation; and

(C) The appraisal is based on the definition of fair market value prescribed under the relevant Federal tax provisions.

(iv) If the fair market value of purchased property is to be established by reference to its stated purchase price, the practitioner must examine the terms and conditions upon which the property was (or is to be) purchased to determine whether the stated purchase price reasonably may be considered to be its fair market value.

(2) *Relate law to facts.* The practitioner must relate the law to the actual facts and, when addressing issues based on future activities, clearly identify what facts are assumed.

(3) *Identification of material issues.* The practitioner must ascertain that all material Federal tax issues have been considered, and that all of those issues which involve the reasonable possibility of a challenge by the Internal Revenue Service have been fully and fairly addressed in the offering materials.

(4) *Opinion on each material issue.* Where possible, the practitioner must provide an opinion whether it is more likely than not that an investor will prevail on the merits of each material tax issue presented by the offering which involves a reasonable possibility of a challenge by the Internal Revenue Service. Where such an opinion cannot be given with respect to any material tax issue, the opinion should fully describe the reasons for the practitioner's inability to opine as to the likely outcome.

(4) *Overall evaluation.* (i) Where possible, the practitioner must provide an overall evaluation whether the material tax benefits in the aggregate more likely than not will be realized. Where such an overall evaluation cannot be given, the opinion should fully describe the reasons for the practitioner's inability to make an overall evaluation. Opinions concluding that an overall evaluation cannot be provided will be given special scrutiny to determine if the stated reasons are adequate.

(ii) A favorable overall evaluation may not be rendered unless it is based on a conclusion that substantially more than half of the material tax benefits, in terms of their financial impact on a typical investor, more likely than not will be realized if challenged by the Internal Revenue Service.

(iii) If it is not possible to give an overall evaluation, or if the overall evaluation is that the material tax benefits in the aggregate will not be realized, the fact that the practitioner's opinion does not constitute a favorable overall evaluation, or that it is an unfavorable overall evaluation, must be clearly and prominently disclosed in the offering materials.

(iv) The following examples illustrate the principles of this paragraph:

Example (1). A limited partnership acquires real property in a sale-leaseback transaction. The principal tax benefits offered to investing partners consist of depreciation and interest deductions. Lesser tax benefits are offered to investors by reason of several deductions under Internal Revenue Code section 162 (ordinary and necessary business expenses). If a practitioner concludes that it is more likely than not that the partnership will not be treated as the owner of the property for tax purposes (which is required to allow the interest and depreciation deductions), then he/she may not opine to the effect that it is more likely than not that the material tax benefits in the aggregate will be realized, regardless of whether favorable opinions may be given with respect to the deductions claimed under Code section 162.

Example (2). A corporation electing under subchapter S of the Internal Revenue Code is formed to engage in research and development activities. The offering materials forecast that deductions for research and experimental expenditures equal to 75% of the total investment

in the corporation will be available during the first two years of the corporation's operations, other expenses will account for another 15% of the total investment, and that little or no gross income will be received by the corporation during this period. The practitioner concludes that it is more likely than not that deductions for research and experimental expenditures will be allowable. The practitioner may render an opinion to the effect that based on this conclusion, it is more likely than not that the material tax benefits in the aggregate will be realized, regardless of whether he/she can opine that it is more likely than not that any of the other tax benefits will be achieved.

Example (3). An investment program is established to acquire offsetting positions in commodities contracts. The objective of the program is to close the loss positions in year one and to close the profit positions in year two. The principal tax benefit offered by the program is a loss in the first year, coupled with the deferral of offseting gain until the following year. The practitioner concludes that the losses will not be deductible in year one. Accordingly, he/she may not render an opinion to the effect that it is more likely than not that the material tax benefits in the aggregate will be realized, regardless of the fact that he/she is of the opinion that losses not allowable in year one will be allowable in year two, because the principal tax benefit offered is a one-year deferral of income.

Example (4). A limited partnership is formed to acquire, own and operate residential rental real estate. The offering material forecasts gross income of $2,000,000 and total deductions of $10,000,000, resulting in net losses of $8,000,000 over the first six taxable years. Of the total deductions, depreciation and interest are projected to be $7,000,000, and other deductions $3,000,000. The practitioner concludes that it is more likely than not that all of the depreciation and interest deductions will be allowable, and that it is more likely than not that the other deductions will not be allowed. The practitioner may render an opinion to the effect that it is more likely than not that the material tax benefits in the aggregate will be realized.

(6) *Description of opinion.* The practitioner must assure that the offering materials correctly and fairly represent the nature and extent of the tax shelter opinion.

(b) *Reliance on other opinions* —(1) *In general.* A practitioner may provide an opinion on less than all of the material tax issues only if:

(i) At least one other competent practitioner provides an opinion on the likely outcome with respect to all of the other material tax issues which involve a reasonable possibility of challenge by the Internal Revenue Service, and an overall evaluation whether the material tax benefits in the aggregate more likely than not will be realized, which is disseminated in the same manner as the practitioner's opinion; and

(ii) The practitioner, upon reviewing such other opinions and any offering material, has no reason to believe that the standards of paragraph (a) of this section have not been complied with. Notwithstanding the foregoing, a practitioner who has not been retained to provide an overall evaluation whether the material tax benefits in the aggregate more likely than not will be realized may issue an opinion on less than all the material tax issues only if he/she has no reason to believe, based on his/her knowledge and experience, that the overall evaluation given by the practitioner who furnishes the overall evaluation is incorrect on its face.

(2) *Forecasts and projections.* A practitioner who is associated with forecasts or projections relating to or based upon the tax consequences of the tax shelter offering that are included in the offering materials, or are disseminated to potential investors other than the practitioner's clients, may rely on the opinion of another practitioner as to any or all material tax issues, provided that the practitioner who desires to rely on the other opinion has no reason to believe that the standards of paragraph (a) of this section have not been complied with by the practitioner rendering such other opinion, and the requirements of paragraph (b)(1) of this section are satisfied. The practitioner's report shall disclose any material tax issue not covered by, or incorrectly opined upon, by the other opinion, and shall set forth his/her opinion with respect to each such issue in a manner that satisfies the requirements of paragraph (a) of this section.

(c) *Definitions.* For purposes of this section:

(1) "Practitioner" is any person authorized under §10.3 of this part to practice before the Internal Revenue Service.

(2) A "tax shelter," as the term is used in this section, is an investment which has as a significant and intended feature for Federal income or excise tax purposes either of the following attributes: (i) Deductions in excess of income from the investment being available in any year to reduce income from other sources in that year, or

(ii) Credits in excess of the tax attributable to the income from the investment being available in any year to offset taxes on income from other sources in that year. Excluded from the term are municipal bonds; annuities; family trusts (but not including schemes or arrangements that are marketed to the public other than in a direct practitioner-client relationship); qualified retirement plans; individual retirement accounts; stock option plans; securities issued in a corporate reorganization; mineral development ventures, if the only tax benefit would be percentage depletion; and real estate where it is anticipated that in no year is it likely that deductions will exceed gross income from the investment in that year, or that tax credits will exceed the tax attributable to gross income from the investment in that year. Whether an investment is intended to have tax shelter features depends on the objective facts and circumstances of each case. Significant weight will be given to the features described in the offering materials to determine whether the investment is a tax shelter.

(3) A "tax shelter opinion," as the term is used in this section, is advice by a practitioner concerning the Federal tax aspects of a tax shelter either appearing or referred to in the offering materials, or used or referred to in connection with sales promotion efforts, and directed to persons other than the client who engaged the practitioner to give the advice. The term includes the tax aspects or tax risks portion of the offering materials prepared by or at the direction of a practitioner, whether or not a separate opinion letter is issued or whether or not the practitioner's name is referred to in the offering materials or in connection with the sales promotion efforts. In addition, a financial forecast or projection prepared by a practitioner is a tax shelter opinion if it is predicated on assumptions regarding Federal tax aspects of the investment and it meets the other requirements of the first sentence of this subparagraph. The term does not, however, include rendering advice solely to the offeror or reviewing parts of the offering materials, so long as neither the

name of the practitioner, nor the fact that a practitioner has rendered advice concerning the tax aspects is referred to in the offering materials or in connection with the sales promotion efforts.

(4) A "material" tax issue as the term is used in this section is (i) any Federal income or excise tax issue relating to a tax shelter that would make a significant contribution toward sheltering from Federal taxes income from other sources by providing deductions in excess of the income from the tax shelter investment in any year, or tax credits available to offset tax liabilities in excess of the tax attributable to the tax shelter investment in any year; (ii) any other Federal income or excise tax issue relating to a tax shelter that could have a significant impact (either beneficial or adverse) on a tax shelter investor under any reasonably foreseeable circumstances (e.g., depreciation or investment tax credit recapture, availability of long-term capital gain treatment, or realization of taxable income in excess of cash flow, upon sale or other disposition of the tax shelter investment); and (iii) the potential applicability of penalties, additions to tax, or interest charges that reasonably could be asserted against a tax shelter investor by the Internal Revenue Service with respect to the tax shelter. The determination of what is material is to be made in good faith by the practitioner, based on information available at the time the offering materials are circulated.

(4) Section 10.51 is amended by adding new paragraph (j) to read as follows:

§10.51 Disreputable conduct.

* * * * *

(j) Giving a false opinion, knowingly, recklessly, or through gross incompetence, including an opinion which is intentionally or recklessly misleading, or a pattern of providing incompetent opinions on questions arising under the Federal tax laws. False opinions described in this paragraph include those which reflect or result from a knowing misstatement of fact or law; from an assertion of a position known to be unwarranted under existing law; from counseling or assisting in conduct known to be illegal or fraudulent; from concealment of matters required by law to be revealed; or from conscious disregard of information indicating that material facts expressed in the tax opinion or offering material are false or misleading. For the purpose of this paragraph, reckless conduct is highly unreasonable omission or misrepresentation, involving not merely simple or inexcusable negligence, but an extreme departure from the standards of ordinary care that is either known or is so obvious that the competent practitioner must or should have been aware of it. Gross incompetence includes conduct that reflects gross indifference, preparation which is grossly inadequate under the circumstances, and a consistent failure to perform obligations to the client.

(5) In §10.52, (a) introductory text is added, the rest of the existing paragraph is designated as paragraph (a), and new pragraph (b) is added to read as follows:

§10.52 Violation of regulations.

(a) *In General.****

(b) *Tax shelter opinions.* An attorney, certified public accountant, enrolled agent or enrolled actuary may be disbarred or suspended from practice before the Internal Revenue Service for violating any part of §10.33 of this part, if such violation is willfull, reckless or through gross incompetence (within the meaning of §10.51(j) of this part); or if the violation is part of a pattern of providing tax shelter opinions that fail to comply with §10.33 of this part.

(6) Section 10.76 is added to read as follows:

§10.76 Advisory committee.

For purposes of advising the Director of Practice whether an individual may have violated §10.33 of this part, the Director of Practice is authorized to establish an Advisory Committee, composed of at least five individuals authorized to practice before the Internal Revenue Service. Under precedures established by the Director of Practice, such Advisory Committee shall, at the request of the Director of Practice, review and make recommendations with regard to alleged violations of §10.33 of this part.

(Filed by the Office of the Federal Register on February 22, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 23, 1984, 49 F.R. 6719; and a correction filed by the Office of the Federal Register on February 24, 1984, 8:45 a.m., and published in the issue of the Federal Register for February 27, 1984, 49 F.R. 7116)

Nonconventional Source Fuel Credit; Publication of Inflation Adjustment Factor and Reference Price for Calendar Year 1983

Notice 84-5

AGENCY: Internal Revenue Service, Treasury.

ACTION: Publication of inflation adjustment factor and reference price for calendar year 1983 as required by section 44D(d)(2)(A) of the Internal Revenue Code (26 U.S.C. 44D(d)(2)(A)).

SUMMARY: The inflation adjustment factor and reference price are used in determining the availability of the tax credit for production of fuel from nonconventional sources under section 44D of the Internal Revenue Code.

DATE: The 1983 inflation adjustment factor and reference price apply to qualified fuels produced and sold during calendar year 1983.

INFLATION FACTOR: The inflation adjustment factor for calendar year 1983 is 1.3197.

PRICE: The reference price for all qualified fuels is $26.19 per equivalent barrel for the 1983 calendar year.

The special reference price for gas produced from Devonian shale expired on December 31, 1982. For calendar year 1983 the credit for gas produced from Devonian shale is to be figured from the reference price shown above which is based on the price of crude oil is defined in section 44D(d)(2)(C) of the Internal Revenue Code.

Because the above reference price does not exceed $23.50 multiplied by the inflation adjustment factor, the phaseout of credit provided for in

section 44D(d)(1) of the Internal Revenue Code does not occur for any qualified fuel based on the above reference price.

FOR FURTHER INFORMATION CONTACT:

For the inflation factor—Robert O'Keefe, PM:PFR:R, Room 3144, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C., 20224, Telephone Number (202) 566-7541 (not a toll-fee number)

For the reference price—Noel J. Sheehan, CC:C:E:E:2, Room 5232, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C., 20224, Telephone Number (202) 566-4463 (not a toll-free number).

WILLIAM H. CONNETT,
Associate Chief Counsel (Technical)

(Filed by the Office of the Federal Register on March 15, 1984, 8:45 a.m., and published in the issue of the Federal Register for March 16, 1984, 49 F.R. 9992)

Regulations Governing the Practice of Attorneys, Certified Public Accountants, Enrolled Agents, and Enrolled Actuaries Before the Internal Revenue Service; Clarification of Effective Date

Notice 84-6

AGENCY: Department of the Treasury.

ACTION: Clarification of effective date.

SUMMARY: This notice clarifies the effective date of the final regulations governing practice before the Internal Revenue Service in 31 CFR Part 10 to set standards for providing opinions used in the promotion of tax shelters. Such regulations were published in the Federal Register on February 23, 1984 (49 FR 6719) [page 331, this Bulletin].

FOR FURTHER INFORMATION CONTACT:

Mr. Leslie S. Shapiro, Director of Practice, Department of the Treasury, Washington, D.C. 20220, (202) 535-6787 (non toll free).

SUPPLEMENTARY INFORMATION:

Clarification

A number of inquiries have been received concerning the effective date of the final tax shelter opinion regulations. The final rule states the following:

These final regulations are effective with respect to tax shelter opinions provided after May 23, 1984. This is interpreted to mean that the regulations will apply only to tax shelter opinions provided by practitioners to clients after May 23, 1984. Opinions furnished clients before that time will not be subject to the provisions of the regulations. However, any tax shelter offering material or sales promotion effort used before May 24, 1984 and modified on or after that date will require compliance with the regulations by a practitioner if the modification relates to a matter which is required to be included in any tax shelter opinion issued after May 23, 1984.

Date: April 13, 1984.

PETER J. WALLISON,
General Counsel, Department of the Treasury.

(Filed by the Office of the Federal Register on April 17, 1984, 8:45 a.m., and published in the issue of the Federal Register for April 18, 1984, 49 F.R. 15188)

Boycott Provisions (Section 999) of the Internal Revenue Code; Additional Boycott Guidelines

Notice 84-7[1]

AGENCY: Office of the Secretary, Treasury.

ACTION: Notice of additional guidelines.

SUMMARY: The Treasury Department today issued additional guidelines relating to those provisions of the Tax Reform Act of 1976, found in section 999 of the Internal Revenue Code, which deny certain tax benefits for participation in or cooperation with international boycotts. These guidelines consist of clarifications of earlier guidelines and new guidelines which will elaborate on the Department of the Treasury's enforcement of section 999, primarily in the areas of compliance with local laws and the use of vessel eligible clauses. These guidelines were published in proposed form on November 23, 1983 at 48 FR 53003 [page 328, this Bulletin].

FOR FURTHER INFORMATION CONTACT: David D. Joy, Office of the General Counsel, Department of the Treasury, 15th & Pennsylvania Avenue, NW, Washington, DC 20220, (202-566-5569—not a toll-free call).

SUPPLEMENTARY INFORMATION: This document contains additional guidelines relating to the Department of the Treasury's enforcement of section 999 of the Internal Revenue Code. Section 999 incorporates provisions of the Tax Reform Act of 1976 (90 Stat. 1649-54), specifically sections 1061-1064 (known as the "Ribicoff Amendment") [1976-3 C.B. (Vol. 1) 1, 126-129], which deny certain tax benefits for participation in or cooperation with international boycotts. Published guidelines which are still in effect today are found at 44 FR 66272 (November 19, 1979) [1979-2 C.B. 495] and 43 FR 3454 (January 25, 1978) [1978-1 C.B. 521].

Executive Order 12291

The Department of the Treasury has determined that these guidelines are not a major rule as defined in Executive Order 12291, and that a Regulatory Impact Analysis is therefore not required.

Analysis of Comments

These guidelines were published in proposed form for comment on November 23, 1983, at 48 FR 53003. The Department of the Treasury received three letters offering comments on these guidelines. Two of the letters focused on Guideline H-38, arguing that the Department of Treasury should permit the use of the clause "except to the extent prohibited by

[1]Filed by the Office of the Federal Register on April 25, 1984, 8:45 a.m. and published in the issue of the Federal Register for April 26, 1984, 49 F.R. 18061.

U.S. law" to take a compliance clause out of the coverage of section 999. The third letter stated that the presumption that "vessel eligible" and "shall comply with local law" clauses are boycott-related should be reversed to give such causes a presumption that they are not boycott-related.

After considering these comments, the Department of Treasury has decided not to implement these recommendations. The Department, however, has changed the word "Similarly" in Guideline J-3 to "On the other hand", substituted the word "clarification" for "correction" after Guidelines A-9, J-3, M-5, and M-7, and changed the number of "proposed" Guideline M-15 to Guideline M-14.

Drafting Information

The principal author of these guidelines is Leonard Santos, formerly of the Office of the General Counsel, Department of the Treasury. David Joy from the Office of the General Counsel also participated in developing the guidelines.

The Guidelines are amended as follows:

* * * * *

A-9 (clarification). Q: Section 999(b)(4) permits a person to agree to comply with certain laws without being treated as having agreed to participate in or cooperate with an international boycott. In the course of its operations in or related to a boycotting country, a person agrees to comply with a prohibition on importation and exportation that is described in section 999(b)(4)(B) and section 999(b)(4)(C). Is that person required to report the operations on Form 5713?

A: Yes. Although agreements described in section 999(b)(4)(B) and (C) do not constitute participation in or cooperation with an international boycott, the operations in or related to a boycotting country must be reported on Form 5713. However, requests to enter into agreements described in section 99(b)(4)(B) and (C) are not reportable on Form 5713.

* * * * *

J-3 (clarification). Q: Company C competes for an industrial plant construction contract for which Company P of Country W is inviting international tenders. The contract is to be financed by Country X which maintains a blacklist of companies. Country X requires contracts for projects which it finances to state that the contractor is required to refrain from making any purchase for the project from any blacklisted company. Country W does not boycott those companies. Company C wins the tender and signs the contract with Company P with the blacklist provision. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(A)(ii)?

A: Generally, yes (see Guideline H-1A). Although the boycott is not implemented by Country W, but by Country X, and the project is being carried out in Country W, Company C has agreed not to do business with blacklisted U.S. companies as a condition of doing business indirectly with Country X. On the other hand, if the contract financed by Country X in Country W precluded the use of Country Y goods in connection with the project in Country W, the exception reflected in section 999(b)(4)(B) would apply to Company C's agreement and that agreement would not constitute participation in or cooperation with an international boycott.

* * * * *

M-5 (clarification). Q: Company C enters into a contract to export goods to or from Country X. The contract requires Company C not to ship the goods on a Country Y flag vessel or on a vessel owned, controlled, operated or chartered by Country Y or by companies or nationals of Country Y, or on a ship which during the voyage calls at Country Y enroute to or from Country X. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)?

A: No. The requirement in the contract is not a restrictive boycott practice. Rather, the contract provision is presumed to arise from the need to protect goods from damage or loss. However, this answer would not cover a restriction on the choice or route of a vessel when it carries no goods destined for or originating in Country X. The presumption described in this answer arises in every case where such clauses are used in connection with countries which are hostile to each other.

* * * * *

M-7 (clarification). Q: Company C signs a contract to export goods to Country X. The contract provides that the goods may not be shipped on a vessel that has been blacklisted by Country X because it has called at Country Y in the past. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(B)?

A: Yes.

* * * * *

The following guidelines are added:

* * * * *

C-2. Q: Company C is engaged in the sale of machinery to Country W. Company C has no knowledge or reason to know that Country W requires participation in or cooperation with an international boycott as a condition of doing business within Country W or with its government, companies or nationals, except that Company C is asked to sign a contract with Country W of the type described in Guideline M-5. Does Company C have knowledge that Country W is a boycotting country such that its operations with Country W are reportable?

A: No. Where the only Country W requirements of which Company C knows or has reason to know involve requests which, if agreed to, are not defined to constitute participation in or cooperation with an international boycott, Company C has no reason to treat Country W as a boycotting country.

* * * * *

H-37. Q: Company C signs a contract which provides that in connection with its performance Company C acknowledges that the import and customs laws and regulations of Country X shall apply to the furnishing and shipment of any products or components thereof to Country X,

and that Company C acknowledges that such import and customs laws and regulations prohibit, among other things, the importation into Country X of products or components: (1) originating in Country Y; (2) manufactured, produced or furnished by companies organized under the laws of Country Y; and (3) manufactured, produced or furnished by nationals or residents of Country Y. Does Company C's contract constitute an agreement under section 999(b)(3)?

A: No. (see Guideline H-3). Company C has merely acknowledged that such import and customs laws shall apply to the furnishing of goods under the contract. However, an agreement by Company C to comply with Country X's restriction on the importation of goods furnished either by companies organized under Country Y's laws or by nationals of Country Y would constitute an agreement under section 999(b)(3).

H-38. Q: Company C signs a contract in which it agrees to comply with the laws, rules and regulations of Country X, except to the extent such compliance is penalized under laws of the United States. Does Company C's contract constitute an agreement under section 999(b)(3)?

A: No. An agreement to comply with the laws, rules and regulations of Country X does not constitute an agreement under section 999(b)(3) when such a commitment is qualified by excepting out compliance penalized by U.S. law, including section 999. Any phrase which effectively excludes the agreements described in section 999 from the requirements of a contract with Country X would support the same result. For example, a compliance clause qualified by "except to the extent inconsistent with U.S. law" would also suffice to take the contract out of the coverage of section 999. However, a compliance clause qualified by the phrase "except to the extent *prohibited* by U.S. law" would not defeat the presumption that the contractual provision requires agreements penalized under section 999, since section 999 does not prohibit anything, but merely penalizes certain agreements.

H-39. Q: Company C signs a contract to construct an industrial plant in Country X. The contract states that the laws, regulations, requirements or administrative practices of Country X shall govern Company C's performance of the contract in Country X. The laws, regulations, requirements or administrative practices of Country X prohibit the importation into Country X of goods manufactured by any company engaged in trade in Country Y or with the government, companies or nationals of Country Y. Does Company C's action constitute an agreement under section 999(b)(3)?

A: No. (see Guideline H-3). The answer would be the same if the contract has instead stated that Company C would be "subject to" the laws, regulations, requirements or administrative practices of Country X.

H-40. Q: Company A signs a contract to export goods to Country X. The contract provides that payment will be made by means of a letter of credit confirmed by Bank C. The letter of credit requires Company A to provide to Bank C a certificate stating that the ship on which the goods are to be shipped is eligible to enter the ports of Country X in conformity with its laws and regulations, and that the insurer of the goods has a duly qualified and appointed agent or representative in Country X. Country X's laws and regulations prohibit, *inter alia*, blacklisted vessels from calling at its ports and blacklisted insurance companies from qualifying or appointing an agent in Country X. Bank C confirms the letter of credit requiring the shipping and insurance certificates. Does Bank C's action constitute an agreement under section 999(b)(3)?

A: Yes. Unless Country X has offered the kind of explanation described in Guidelines M-12 and M-13, Bank C's confirmation of the letter of credit constitutes an agreement to refrain from doing business with a U.S. person under section 999(b)(3)(A)(ii). The answer would be the same under section 999(b)(3)(A)(i), if the beneficiary of the letter of credit were organized under the laws of Country Y, and under section 999(b)(3)(A)(iii), if Bank C had reason to know that it would not be able to obtain the required certificate because of the nationality, race, or religion of the beneficiary's ownership, management, or directors. See Guideline H-29A.

* * * * *

L-6. Q: Company C signs a construction contract that provides that Company C is not to employ individuals or nationals of any country not diplomatically recognized by Country X. Does Company C's action constitute participation in or cooperation with an international boycott under section 999(b)(3)(A)(iv)?

A: To the extent that Country Y is only one of several countries not recognized by Country X, the exclusion of nationals from unrecognized countries under the contract is not, on its face, boycott related. In those circumstances, agreement to the clause in question would not constitute an agreement to participate in or cooperate with an international boycott under section 999(b)(3). However, where Country Y is the only country not recognized by Country X, agreement to such a clause will constitute an agreement to participate in or cooperate with an international boycott under section 999(b)(3).

* * * * *

M-14. Q: Company C signs a contract to export goods to Country X. The contract provides that payment will be made by means of a letter of credit confirmed by Bank C. The letter of credit requires Company C to provide to Bank C a certificate stating that the goods are being shipped on a U.S. or Country X flag carrier *or*, alternatively, that the ship on which the goods are being shipped is eligible to enter the ports of Country X. Company C provides a certificate stating that the goods have been shipped on a U.S. or Country X flag carrier. Does Company C's acceptance of the letter of credit constitute an agreement under section 999(b)(3)?

A: No. Where the letter of credit requires alternative certifications, one of which is acceptable within the terms of section 999(b)(3), and Company C performs in accordance with that acceptable alternative (i.e., ship-

ping on a U.S. or Country X flag carrier), it is presumed that Company C's agreement included only the acceptable alternative. If Company C were to utilize a ship "eligible to enter the ports of Country X," Guideline M-10 would apply.

Dated: April 9, 1984.

JOHN E. CHAPOTON,
Assistant Secretary,
(Tax Policy).

Percentage To Be Used by Foreign Life Insurance Companies in Computing Income Tax for the Taxable Year 1983 and Estimated Tax for the Taxable Year 1984

Notice 84-8

(Also Part I, Section 819; 1.819-2.)

AGENCY: Department of the Treasury.

ACTION: Final rule; proclamation.

SUMMARY: This proclamation announces the percentage to be used to compute the income tax liability of foreign corporations carrying on life insurance business in the United States.

EFFECTIVE DATE: March 15, 1984.

FOR FURTHER INFORMATION CONTACT: Mr. Hudson Milner, Office of Tax Analysis, U.S. Treasury Department, Washington, D.C. 20220, (202-566-2705), not a toll free call.

SUPPLEMENTARY INFORMATION:

This proclamation, issued each year by the Secretary of the Treasury, announces the percentage to be used to compute the income tax liability of foreign corporations carrying on life insurance business in the United States.

PROCLAMATION

For purposes of computing the 1983 income tax of foreign corporations carrying on a life insurance business, a percentage of 17.9 shall be used in determining the "minimum figure" under section 819. The same percentage shall be used for purposes of computing the estimated tax and the installment payments of estimated tax for the taxable year 1984. No additions to tax shall be made because of any underpayment of estimated tax for the taxable year 1984 which results solely from the use of this percentage.

This proclamation is issued without notice and public procedure because the public cannot effectively participate in the determination of the percentage. It is computed from information contained in income tax returns that are not open to the public. The proclamation was not published prior to its effective date because the percentage is computed on the basis of data which was not then available.

RONALD A. PEARLMAN,
Deputy Assistant Secretary
(Tax Policy).

March 23, 1984.

(Filed by the Office of the Federal Register on April 10, 1984, 11:39 a.m. and published in the issue of the Federal Register for April 13, 1984, 49 F.R. 14729)

Inflation Adjustment for Computation of Windfall Profit Tax

Notice 84-9

Section 4989(b) of the Internal Revenue Code requires the determination of an inflation adjustment factor for use in computing the windfall profit tax.

The Service has determined that, for oil removed during the July-September quarter of 1984, the inflation adjustments are as follows:

Tier 1 or Tier 2 oil	0.3625
Tier 3 oil	0.4979

Worksheets for computation of the windfall profit tax are included in the Instructions for Form 6047, Windfall Profit Tax, and an explanation of the inflation adjustment may be found in the Specific Instructions for Line 4 of the worksheets.

Merchant Marine and Fisheries Capital Construction Fund—Applicable Rate of Interest on Nonqualified Withdrawals

Notice 84-10

Under the authority in section 607 (h)(4)(B) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1177(h)(4)(B)), we hereby determine and announce that the applicable rate of interest on the amount of additional tax attributable to any nonqualified withdrawals from a capital construction fund established under section 607 of the Act shall be 11.69 percent, with respect to nonqualified withdrawals made in the taxable year beginning in 1984.

The determination of the applicable rate of interest with respect to nonqualified withdrawals was computed, according to the joint regulations issued under the Act (46 CFR 391.7(e)(2)(ii)), by multiplying 8 percent by the ratio which (a) the average yield on 5-year Treasury securities for the calendar year immediately preceding the beginning of such taxable year bears to (b) the average yield on 5-year Treasury securities for the calendar year 1970. The applicable rate so determined was computed to the nearest one-hundredth of 1 percent.

Dated: May 4, 1984.

H. E. SHEAR,
Maritime Administrator.

ANTHONY J. CALIO,
Acting Administrator,
National Oceanic And
Atmospheric Administration.

JOHN E. CHAPOTON,
Assistant Secretary
for Tax Policy.

So ordered by: Maritime Administrator, Maritime Administration, Administrator, National Oceanic and Atmospheric Administration, Assistant Secretary for Tax Policy Department of Treasury.

GEORGE P. STANNIS,
Secretary,
Maritime Administration.

(Filed by the Office of the Federal Register on May 14, 1984, 8:45 a.m., and published in the issue of the Federal Register for May 15, 1984, 49 F.R. 20591)

---

26 CFR 601.201: Rulings and determination letters.

Rev. Proc. 84-1

SECTION 1. PURPOSE

The purpose of this revenue procedure is to update Rev. Proc. 83-1, 1983-1 C.B. 545, which provides procedures for issuing rulings, determination letters and information letters, and for entering into closing agreements on specific issues involving the interpretation or application of the federal tax laws. It also tells taxpayers and their representatives where to send requests for rulings, determination letters and information letters. It gives the steps to follow so that requests may be handled more efficiently. Changes to this revenue procedure will be incorporated annually in a new revenue procedure published as the first revenue procedure of the year.

SEC. 2. SCOPE

This revenue procedure applies only to ruling requests, information letters, and closing agreements under the jurisdiction of the Associate Chief Counsel (Technical), and to requests for determination letters under the jurisdiction of field offices that relate to Code sections under the jurisdiction of the Associate Chief Counsel (Technical). The Chief Counsel through the Associate Chief Counsel (Technical) provides basic principles and rules for the uniform interpretation and application of the federal tax laws under the jurisdiction of the Associate Chief Counsel (Technical). The procedures for obtaining rulings, etc., that apply specifically to federal firearms taxes under subtitle E of the Internal Revenue Code are under the jurisdiction of the Bureau of Alcohol, Tobacco and Firearms. The procedures for obtaining rulings, determination letters, etc., on employee plans and exempt organizations are under the jurisdiction of the Assistant Commissioner (Employee Plans and Exempt Organizations). See Rev. Proc. 83-36, 1983-1 C.B. 763. However, the jurisdiction of the Associate Chief Counsel (Technical) includes section 521 of the Code, on exemption of farmer's cooperatives from tax; section 526, on shipowners' protection and indemnity associations; section 527(a),(b),(c),(d),(e), and (g), on political organizations, and section 528, on certain homeowners' associations.

SEC. 3. CHANGES

.01 Section 1 has been amended to state that changes to this revenue procedure will be incorporated annually in a new revenue procedure published as the revenue procedure of the year. This will enable taxpayers, practitioners, and Service personnel to find future updates of this revenue procedure easily.

.02 Section 9.05, which contains a list of revenue procedures that provide specific guidelines for requesting rulings, has been revised by updating the list.

.03 Section 9.06, which set forth certain statements that must be made in a request by the taxpayer, has been amended to require a statement whether the identical issue has previously been submitted to the Service, but withdrawn by the taxpayer before a ruling was issued.

.04 Sections 9.19 and 9.20, which relate to the protest or delay of the disclosure of a ruling, have been amended by providing that the address to which a protest or a request for delay should be sent is the address in the notice of intention to disclose that is furnished with the ruling or determination letter. The address will differ depending on whether the written determination is a ruling letter or a determination letter.

SEC. 4. GENERAL PRACTICE AND DEFINITIONS

.01 The Service answers inquiries of individuals and organizations, when appropriate in the interest of sound tax administration, about their status for tax purposes and the tax effects of their acts or transactions. The National Office issues rulings in such matters.

.02 District Directors of Internal Revenue apply the statutes and tax treaties, regulations, revenue rulings, and other precedents published in the Internal Revenue Bulletin in determining tax liability, collecting taxes, and issuing information letters and determination letters in answer to taxpayers' inquiries or requests. For purposes of this revenue procedure, any reference to District Director or district office includes their respective offices or, when appropriate, the director of an Internal Revenue Service Center.

.03 The word "taxpayer" includes all persons subject to any provision of the Internal Revenue Code and, when first appropriate, their representatives. Any reference to National Office means only the Office of the Associate Chief Counsel (Technical).

.04 A "ruling" is a written statement issued to a taxpayer by the National Office that interprets and applies the tax laws to that taxpayer's specific set of facts. Rulings are issued only by the National Office, under the general supervision of the Associate Chief Counsel (Technical). Issuing rulings has been largely delegated to the Directors of the Corporation Tax Division and the Individual Tax Division.

.05 A "determination letter" is a written statement issued by a District Director in response to a written inquiry by a taxpayer that applies the principles and precedents previously announced by the National Office to a specific set of facts. A determination letter is issued only when a determination can be made on the basis of clearly established rules in the statute or regulations, or by a position in a ruling, opinion, or court decision published in the Internal Revenue Bulletin that specifically answers the question presented. A determination letter will not be issued if a determination cannot be made, for example, when the question presents a novel issue, or if the matter is excluded from the jurisdiction of a District Director under section 7 of this revenue procedure.

.06 An "information letter" is a statement issued either by the National Office or by a District Director that calls attention to a well-established interpretation or principle of tax law, without applying it to a specific set of facts. It may be issued if the request indicates that the taxpayer is seeking general information. If the request does not meet the require-

ments of section 9 of this revenue procedure, but the Service thinks that the general information may help the individual or organization, it may issue an information letter.

.07 A "revenue ruling" is an interpretation by the Service that has been published in the Internal Revenue Bulletin. It is the conclusion of the Service on how the law is applied to an entire set of facts. Revenue rulings are issued only by the National Office and are published for the information and guidance of taxpayers, Internal Revenue Service officials, and other interested parties.

.08 A "closing agreement" is an agreement between the Commissioner of Internal Revenue or the Commissioner's delegate and a taxpayer on a specific issue or issues or liability that is entered into under the authority in section 7121 of the Code. A closing agreement prepared in an office under the responsibility of the Associate Chief Counsel (Technical) is based on a ruling that has been signed by the Commissioner, or the Commissioner's delegate, that says that a closing agreement will be entered into on the basis of the holding of the ruling letter. Closing agreements are final, unless fraud, malfeasance, or misrepresentation of a material fact can be shown. Closing agreements may be entered into when it is advantageous to have the matter permanently and conclusively closed, or when a taxpayer can show good and sufficient reasons for an agreement and the government will sustain no disadvantage by its consummation. In appropriate cases, taxpayers may be asked to enter into a closing agreement as a condition to the issuing of a ruling. If, in a single case, closing agreements are requested for each of a number of taxpayers, such agreements are entered into only if the number of taxpayers is 25 or less. However, if the issue and holding are identical for all the taxpayers and they number more than 25, a "mass closing agreement" will be entered into with the taxpayer who is authorized by the others to represent the entire group.

SEC. 5. RULINGS ISSUED BY THE NATIONAL OFFICE

.01 *In income and gift tax matters*, the National Office issues rulings on prospective transactions and on completed transactions before the return is filed for them. However, the National Office will issue rulings after the return is filed if a ruling is required by section 367 of the Code and the ruling request is filed on time under that section. Further, see Rev. Proc. 79-63, 1979-2 C.B. 578, which concerns applications for extension of the time for making an election or application for relief under section 1.9100-1 of the regulations. If a request for an extension of time under section 1.9100-1 is submitted after the return is filed but before the return is examined, the procedures under Rev. Proc. 84-1 are applicable. If an examination of the return has begun, or is being considered by an Appeals Office, the procedures of Rev. Proc. 84-2, page 354, this Bulletin, are applicable. The National Office issues rulings on the exempt status of organizations under section 521. See Rev. Proc. 80-25, 1980-1 C.B. 667. The National Office ordinarily does not issue rulings if, at the time the ruling is requested, the identical issue is involved in the taxpayer's return for an earlier period, and (1) that issue is being examined by a District Director or is being considered by an Appeals Office, or (2) that issue had been examined by a District Director or considered by an Appeals Office and the statutory period of limitation on either assessment or, for filing a claim for refund, or credit of tax has not expired, or (3) a closing agreement covering the issue or liability has not been entered into by a District Director or by an Appeals Office. If a return dealing with an issue for a particular year is filed while a request for ruling on that issue is pending, the National Office will issue the ruling unless it is notified by the taxpayer that an examination of that issue or the identical issue on an earlier year's return has been started by a District Director. See section 9.06. However, even if an examination has begun, the National Office ordinarily will issue the ruling if the District Director agrees, by memorandum, to permit the ruling to be issued. The National Office does not issue rulings on the replacement of involuntarily converted property, whether or not replacement has been made, if the taxpayer has already filed a return for the tax year in which the property was converted. See section 7.05 on the District Director's authority to issue determination letters in this connection. In addition, the National Office does not issue rulings on the classification of an organization if a return has been filed for the organization for an earlier period. The National Office also does not issue rulings on only part of an integrated transaction.

.02 *In estate tax matters*, the National Office issues rulings with respect to transactions affecting the estate tax of a decedent before the estate tax return is filed. If the estate tax return is due to be filed before the ruling is issued, the taxpayer should secure an extension of time for filing the return for the maximum period of six months, and notify the National Office Branch considering the request for ruling that an extension has been secured. If the return is filed before the ruling is issued, the taxpayer must disclose on the return that a ruling has been requested, attach a copy of the pending ruling request to the return, and notify the National Office that the return has been filed. The National Office will make every effort to issue the ruling within three months of the day on which the return was filed. If the ruling cannot be issued within that three month period, the National Office will notify the District Director having jurisdiction of the return who may, by memorandum to the National Office, grant an additional period for the issuance of the ruling. The National Office will not rule on matters relating to the application of the estate tax to property or the estate of a living person.

1 *In generation-skipping transfer tax matters*, the National Office issues rulings on transactions that affect the generation-skipping transfer tax before the return is filed. Rulings are not issued until after the generation-skipping trust, or trust equivalent, has been established. Rulings are not issued on a generation-skipping transfer tax matter before the distri-

bution or termination takes place. Notwithstanding the foregoing, the National Office will issue rulings regarding the application of the generation skipping transfer tax effective date rules (section 2006(c) of the Tax Reform Act of 1976, Pub. L. 94-455, 1976-3 C.B. (Vol. 1) 1, 365, as amended by section 702(n)(1) of the Revenue Act of 1978, Pub. L. 95-600 1978-3 C.B. (Vol. 1) 1, 169) to wills, trusts, and trust equivalents in existence on June 11, 1976.

2 *In matters involving additional tax under section 2032A(c)*, the National Office issues rulings on prospective transactions and on completed transactions before the return is filed for those transactions.

.03 *In employment and excise tax matters*, the National Office issues rulings on prospective transactions and on completed transactions either before or after the return is filed for those transactions. In employment tax matters, generally the taxpayer is the employer. However, if the worker asks for the ruling, both the worker and the employer are considered to be the taxpayer and both are entitled to the ruling. The National Office usually will not issue rulings if, at the time the ruling is requested, the identical issue is involved in the taxpayer's return for an earlier period and (1) that issue is under examination by a District Director or under consideration by an Appeals Office, or (2) that issue has been examined by a District Director or considered by an Appeals Office and the statutory period of limitation either on assessment or filing a claim for refund or credit of tax has not expired, or (3) a closing agreement covering the issue or liability has not been entered into by a District Director or by an Appeals Office. However, if a District Director began an examination of the issue involved in the ruling request, the National Office usually will issue the ruling if the District Director agrees, by memorandum, to permit the ruling to be issued.

.04 *In administrative provisions matters*, the National Office issues rulings on issues arising under the Internal Revenue Code, and related statutes, and the regulations thereunder, that relate primarily to the time, place, manner, and procedures, for reporting and paying taxes; assessing and collecting taxes (including interest and penalties); abating, crediting, or refunding overassessments or overpayments of tax; and filing information returns. Rulings ordinarily are not issued, if, at the time the ruling is requested, the identical issue is involved in the taxpayer's return for an earlier period and (1) that issue is being considered by a District Director or (2) that the issue has been considered and the statutory period of limitation on either assessment or for filing a claim for refund, or credit of tax has not expired, or (3) a closing agreement covering the issue or liability has not been entered into. If a return involving an issue for a particular year is filed while a request for a ruling on that issue is pending, the National Office will issue the ruling unless an examination of that issue or an examination of the identical issue on a earlier year's return has been started by a District Director. But, even if consideration has begun, the National Office ordinarily will issue the ruling if the District Director agrees, by memorandum, to permit the ruling to be issued. Rulings ordinarily are not issued if at the time the ruling is requested, the identical issue is involved in the taxpayer's return for an earlier period and (1) that issue is being considered by an Appeal Office, or (2) that issue has been considered by an Appeals Office and the statutory period of limitation on either assessment or for filing a claim for refund or credit of tax has not expired, or (3) a closing agreement covering the issue or liability has not been entered into.

.05 The National Office does not issue rulings to business, trade, or industrial associations or to similar groups concerning the application of the tax laws to members of the group. It may, however, issue rulings to these groups or associations on their own tax status or liability if the request meets the requirements of this section.

.06 Pending the adoption of regulations (either temporary or final) that interpret the provisions of any act, the issuing of rulings will be considered under the following conditions.

1 If the ruling request presents an issue on which the answer seems clear by applying the statute to the facts, a ruling will be issued under the usual procedures.

2 If the ruling request presents an issue on which the answer seems reasonably certain but not entirely free from doubt, a ruling will be issued only if it is established that a business emergency requires a ruling or that unusual hardship will result from failure to obtain a ruling. If the taxpayer believes that a business emergency exists or that an unusual hardship will result from failure to obtain a ruling, the taxpayer should submit with the request a separate letter stating the facts necessary for the Service to reach a conclusion. In this connection, the Service will not consider a "business emergency" to result from circumstances under the taxpayer's control, such as scheduling within an inordinately short time the closing date for a transaction or a meeting of the board of directors or the shareholders of a corporation. However, if the ruling request presents an issue that cannot be readily resolved before regulations are issued, a ruling will not be issued.

SEC. 6. DETERMINATIONS UNDER SECTION 999(d) OF THE CODE

Under Rev. Proc. 77-9, 1977-1 C.B. 542, the National Office issues determinations under section 999(d) of the Code that may deny certain benefits of the foreign tax credit, deferral of earnings of foreign subsidiaries and domestic international sales corporations (DISC) to a person, if that person, or a member of a controlled group (within the meaning of section 993(a)(3)) that includes that person, or a foreign corporation of which a member of the controlled group is a United States shareholder, agrees to participate in, or cooperate with, an international boycott.

SEC. 7. DETERMINATION LETTERS ISSUED BY DISTRICT DIRECTOR

.01 *In income and gift tax matters*, District Directors issue determination

letters in response to taxpayers' written requests on completed transactions that affect returns over which they have examination jurisdiction. This applies only if the question presented is specifically answered by statute or regulation, or by the position stated in a ruling, opinion or court decision published in the Internal Revenue Bulletin. A determination letter usually is not issued for a question concerning a return to be filed by the taxpayer if the same question is involved in a return already filed. District Directors do not issue determination letters on the tax consequences of prospective or proposed transactions, except as provided in section 7.05.

.02 *In estate tax matters*, District Directors issue determination letters in response to written requests affecting the estate tax returns over which they have examination jurisdiction, but only if the question presented is specifically answered by statute or regulation, or by the position stated in a ruling, opinion, or court decision published in the Internal Revenue Bulletin. District Directors do not issue determination letters on matters concerning the application of the estate tax to property or the estate of a living person.

1 *In generation-skipping transfer tax matters*, District Directors issue determination letters in response to written requests affecting the generation skipping transfer tax returns over which they have examination jurisdiction, but only if the questions presented are specifically answered by statute or regulation, or by a position stated in a ruling, opinion, or court decision published in the Internal Revenue Bulletin. District Directors do not issue determination letters or matters concerning the application of the generation-skipping transfer tax before the distribution or termination takes place.

.03 *In employment and excise tax matters*, District Directors issue determination letters on completed transactions in response to written requests from taxpayers over which they have examination jurisdiction, but only if the question presented is specifically answered by statute or regulation, or by the position stated in a ruling, opinion, or court decision published in the Internal Revenue Bulletin.

.04 Notwithstanding the provisions of section 7.01, 7.02, and 7.03, a District Director will not issue a determination letter in response to a request that presents a question specifically answered by statute or regulation, or by the position stated in rulings, etc., published in the Internal Revenue Bulletin, if (1) it appears that the taxpayer has directed a similar inquiry to the National Office, (2) the same issue involving the same taxpayer is pending in a case before an Appeals Office, (3) the determination letter is requested by an industry, trade association, or similar group, or (4) the request involves an industry-wide problem. Under no circumstances will a District Director issue a determination letter unless it is clearly shown that the request concerns a return that has been filed or is required to be filed over which the District Director has or will have examination jurisdiction. Notwithstanding the provisions of section 7.03, a District Director will not issue a determination letter on an employment tax question if the specific question for the same taxpayer has been or is being considered by the Central Office of the Social Security Administration or the Railroad Retirement Board. Nor will District Directors issue determination letters for determination of a constructive sales price under section 4216(b) or 4218(e) of the Code. The National Office, however, will issue rulings in this area. See section 8.03.

.05 District Directors issue determination letters on the replacement of involuntarily converted property under section 1033 even though the replacement has not been made, if the taxpayer has filed an income tax return for the year in which the property was involuntarily converted.

.06 A request received by a District Director on a question concerning an income, estate, or gift tax return already filed will be, in general, considered in connection with the examination of the return. If a response is made to such a request before the return is examined, it will be considered a tentative finding in any later examination of that return.

SEC. 8. DISCRETIONARY AUTHORITY TO ISSUE RULINGS AND DETERMINATION LETTERS

.01 The Service ordinarily will not issue rulings or determination letters in certain areas because of the factual nature of the problem involved, or for other reasons. Rev. Proc. 83-22, 1983-1 C.B. 680, provides a list of these areas. This list is not all inclusive, since the Service may decline to issue a ruling or a determination letter on other grounds, whenever warranted by the facts or circumstances of a particular case. The National Office and District Directors may, when it is considered appropriate and in the best interest of the Service, issue information letters calling attention to well-established principles of tax law.

.02 A ruling or a determination letter is not issued on alternative plans of proposed transactions or on hypothetical situations.

.03 The National Office will issue rulings in all cases on prospective or future transactions if the law or regulations require a determination of the effect of a proposed transaction for tax purposes, as in a transfer under sections 1491 and 1492 of the Code. The National Office will issue rulings on all transfers described in section 367(a)(1) if the request is filed within 183 days after the beginning of the transfer. The request must meet the minimum filing standards required under section 7.367(a)-1(e) of the Temporary Income Tax Regulations. The National Office also will issue rulings in all cases on the determination of a constructive sales price under section 4216(b) or 4218(e).

SEC. 9. INSTRUCTIONS TO TAXPAYER

.01 The taxpayer should submit a request for a ruling or a determination letter in duplicate if (1) more than one issue is presented in the request, or if (2) a closing agreement is requested on the issue presented. It is not necessary to submit requests in duplicate under other circumstances except as set forth in section 9.09.

.02 A request for a ruling or determination letter and any factual information submitted at a later time must be accompanied by a declaration in the following form: "Under penalties of perjury, I declare that I have examined this request, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of the requested ruling or determination letter are true, correct, and complete." The declaration may not be made by the taxpayer's representative. It must be signed by the person or persons on whose behalf the request is made. The person who must sign for a corporate taxpayer must be an officer of the corporate taxpayer who has personal knowledge of the facts. The officer must be one whose duties are not limited to obtaining a ruling or determination letter from the Service. The person signing for a trust or partnership must be a trustee or partner who has personal knowledge of the facts.

.03 If more than one issue is presented in a request for a ruling, the Service generally will issue a single ruling letter. However, the taxpayer may request a separate ruling letter on any of the issues. Unless the Service determines that it is not feasible or not in the best interest of the Service to comply with such a request, it will issue separate ruling letters.

.04 When multiple issues are involved in a single factual situation and separate letters requesting rulings are submitted, a statement to this effect must be included in each ruling letter request. The Service in issuing each ruling will state that separate rulings have been issued or requests for rulings are pending.

.05 Each request for a ruling or a determination letter must contain a complete statement of all of the facts relating to the transaction. Such facts include: names, addresses, and taxpayer identification numbers of all interested parties; the location of the District Office that has or will have examination jurisdiction over the return, not the Service Center where the return is filed; a full and precise statement of the business reasons for the transaction; and a carefully detailed description of the transaction. (The term "all interested parties" does not mean that a list is required of all shareholders of a widely-held corporation requesting a ruling relating to a reorganization, or a list of employees where a large number may be involved.) In addition, true copies of all contracts, wills, deeds, agreements, instruments, and other documents in the transaction must be submitted with the request. Original documents, such as contracts, wills, etc., should not be submitted because they become part of the Service's file and will not be returned. All material facts in documents must be included in the taxpayer's letter requesting a ruling or in supplemental letters, and not merely incorporated by reference, and must be accompanied by an analysis of their bearing on the issue or issues, specifying the provisions that apply. Material facts furnished to the Service by telephone or orally at a conference must be promptly confirmed by letter to the Service with a declaration in the form described in section 9.02. This confirmation must be furnished within 21 calendar days to be considered part of the request. An extension of the 21-day period will be granted only if justified in writing by the taxpayer and approved by the Chief or Assistant Chief of the Branch to which the case is assigned. A request for extension should be submitted before the end of the 21-day period. If unusual circumstances close to the end of the 21-day period make a written request impractical, within the 21-day period the National Office should be told of the problem and that the written request for extension will be coming soon. Such a request must be sent promptly. The taxpayer or taxpayer's representative will be told promptly and later in writing of the approval or denial of the requested extension. There is no right of appeal to a denial of an extension request. Because the purpose of these procedures is to speed up the ruling process, the taxpayer is encouraged to submit the required relevant material promptly. Therefore, requests for extension should be justified by compelling facts and circumstances. If the Service is not made aware, as provided above, of problems in meeting the 21-day period, or if the request is not sent promptly after the National Office is notified of problems in meeting the 21-day period, the Service will process the case on the assumption that no further submission will be received.

Specific guidelines for requesting rulings under certain Code sections follow: Rev. Proc. 79-4, 1979-1 C.B. 483, as amplified by Rev. Proc. 79-12, 1797-1 C.B. 492, and Rev. Proc. 80-1, 1980-1 C.B. 579 (guidelines for submitting requests for rulings under sections 103 and 7478); Rev. Proc. 80-36, 1980-2 C.B. 769, as amended by Rev. Proc. 83-73, 1983-2 C.B. 593 (certification of manufacturers under section 44C); Rev. Proc. 68-11, 1968-1 C.B. 761 (guidelines for a ruling request under section 117); Rev. Proc. 81-62, 1981-2 C.B. 684 (guidelines concerning a request for a ruling under section 302 or 311); Rev. Proc. 81-68, 1981-2 C.B. 723 (guidelines concerning a request for a ruling under section 332, 334(b)(1) or 334(b)(2)); Rev. Proc. 81-52, 1981-2 C.B. 625 (guidelines concerning a request for a ruling under sections 331 and 337); Rev. Proc. 81-42, 1981-2 C.B. 611 (guidelines concerning a request for a ruling under section 346); Rev. Proc. 83-59, 1983-2 C.B. 575 (guidelines concerning a request for a ruling under section 351); Rev. Proc. 81-41, 1981-2 C.B. 605 (guidelines concerning a request for a ruling under section 355); Rev. Proc. 68-23, 1968-1 C.B. 821, as modified by Rev. Proc. 77-17, 1977-1 C.B. 577, and as amplified by Rev. Proc. 76-20, 1976-1 C.B. 560 and Rev. Proc. 80-14, 1980-1 C.B. 617, Rev. Proc. 69-19, 1969-2 C.B. 301, as amplified by Rev. Proc. 74-36, 1974-2 C.B. 491, Rev. Proc. 77-5, 1977-1 C.B. 536, Rev. Proc. 78-27, 1978-2 C.B. 526, and Rev. Proc. 78-28, 1978-2 C.B. 526 (guidelines concerning a request for a ruling under section 367). However, see section 7.367 of the Temporary Income Tax Regulations under the Tax Reform Act of 1976, which superseded the previously mentioned revenue procedures relating to section 367, to the extent of overlapping rules; Rev. Proc. 81-70, 1981-2 C.B. 729 (guide-

lines for estimating the basis of stock acquired in a section 368(a)(1)(B) reorganization); Rev. Proc. 81-60, 1981-2 C.B. 680 (guidelines concerning a request for a ruling under section 368(a)(1)(E)). See, however, Rev. Proc. 83-22, 1983-1 C.B. 680, which provides that a ruling whether a transaction constitutes a corporate recapitalization within the meaning of section 368(a)(1)(E) will not be issued except when the recapitalization is an integral part of a larger transaction and it is impossible to determine the tax consequences of the larger transaction without making a determination with regard to the recapitalization; Rev. Proc. 77-30, 1977-2 C.B. 539, as clarified by Rev. Proc. 78-18, 1978-2 C.B. 491 and Rev. Proc. 78-23, 1978-2 C.B. 503, and Rev. Proc. 77-37, 1977-2 C.B. 568, as amplified by Rev. Proc. 77-41, 1977-2 C.B. 574, Rev. Proc. 82-23, 1982-1 C.B. 474 and Rev. Proc. 83-62, 1983-2 C.B. 581 (certain other guidelines concerning requests for rulings handled by the Reorganization Branch of the Corporation Tax Division); Rev. Proc. 72-13, 1972-1 C.B. 735, Rev. Proc. 74-17, 1974-1 C.B. 438, and Rev. Proc. 75-16, 1975-1 C.B. 676 (guidelines on classification of limited partnerships); Rev. Proc. 82-58, 1982-2 C.B. 847 (guidelines on classification of organizations as liquidating trusts); Rev. Proc. 82-36, 1982-1 C.B. 490 (guidelines concerning requests for consent to elect not to defer gain or loss on deferred intercompany transactions); Rev. Proc. 79-63, 1979-2 C.B. 578 (factors considered and information needed for granting extensions under section 1.9100-1 of the Income Tax Regulations).

If the request concerns a corporate distribution, reorganization, or similar transaction, the corporate balance sheet and profit and loss statement closest to the date of the transaction should be submitted. (If the request relates to a prospective transaction, the most recent balance sheet and profit and loss statement should be submitted).

.06 The request must contain a statement of whether, to the best of the knowledge of the taxpayer and the taxpayer's representative(s), if any, the identical issue is in a return of the taxpayer (or of a related taxpayer within the meaning of section 267 of the Code, or a member of an affiliated group of which the taxpayer is also a member within the meaning of section 1504) and, if so, whether the issue (1) is being examined by a District Director, (2) has been examined and the statutory period of limitations on either assessment or for filing a claim for refund or credit of tax has not expired or a closing agreement covering the issue or liability has not been entered into by a District Director, (3) is being considered by an Appeals Office in connection with the taxpayer's return for an earlier period, or has been considered by an Appeals Office and the statutory period of limitation on either assessment or for filing a claim for refund or credit of tax has not expired or a closing agreement covering the issue or liability has not been entered into by an Appeals Office, or (4) is pending in litigation in a case involving the taxpayer or a related taxpayer. The request must also contain a statement whether, to the best of the knowledge of the taxpayer and the taxpayer's representative(s), the identical or similar issue has been (i) submitted to the Service, but withdrawn before a ruling was issued, or (ii) ruled on by the Service to the taxpayer or to the taxpayer's predecessor and, if so, when and with what results. If, after the request is filed but before a ruling is issued, the taxpayer knows that an examination of the issue by a District Director has been started, the taxpayer must notify the National Office of such action. If a return is filed before a ruling is received from the National Office concerning the issue, a copy of the request must be attached to the return. This alerts the District Office and avoids premature District action on the issue.

If the request deals with only one step of a larger integrated transaction, the facts, circumstances, etc. relating to the entire transaction must be submitted.

.07 As an alternative procedure (known as the "two-part" ruling request procedure) for the issuance of rulings on prospective transactions, the taxpayer may submit a summary of the facts considered to be controlling the issue, in addition to the complete statement required for ruling requests by section 9.05. If the National Office agrees with the summary, the National Office will use it as the basis for the ruling. To use this procedure, the taxpayer should submit the following with the request for a ruling:

1 A complete statement of facts about the transaction, together with related documents, as required by section 9.05; and

2 A summary statement of the facts believed to be controlling in reaching the requested conclusion. When the taxpayer's statement of controlling facts is accepted, the Service will base its ruling on these facts and only this statement will ordinarily be incorporated in the ruling letter. It is emphasized, however, that:

(a) The taxpayer may elect this procedure for a "two-part" ruling request. It is not to be considered a required substitute for the regular procedures provided by this revenue procedure;

(b) The taxpayer's rights and responsibilities are the same under the "two-part" ruling request procedure as those provided in this revenue procedure;

(c) The Service reserves the right to rule on the basis of a more complete statement of facts it considers controlling and to seek more information in developing facts and restating them; and

(d) The "two-part" ruling request procedure will not apply if it is inconsistent with other procedures, such as those dealing with requests for permission to change accounting methods or periods; applications for recognition of exempt status under section 521 of the Code; or rulings on employment tax status.

.08 If the taxpayer advocates a particular conclusion, an explanation of the grounds for the assertion must be furnished, together with a statement of relevant authorities in support of the taxpayer's views. Even though the taxpayer is urging no particular tax treatment of a proposed or prospective transaction, the tax-

payer's views on the tax results of the proposed action and a statement of relevant authorities to support those views must be furnished. In addition, the taxpayer is encouraged to inform the Service, and discuss the implications of any legislation, tax treaties, court decisions, regulations, revenue rulings or revenue procedures that the taxpayer determines to be contrary to the position advanced. If the taxpayer determines that there are no contrary authorities, a statement to this effect would be helpful in the ruling request. Identification and discussion of contrary authorities will generally enable Service personnel to arrive more quickly at a full understanding of the issue and the relevant authorities. There is a further advantage to the taxpayer. When Service personnel receive the request, they will have before them the taxpayer's thinking on the effect and applicability of contrary authorities. Such information should, therefore, make research easier and lead to earlier action by the Service. Conversely, failure to disclose and distinguish significant contrary authorities may result in requests for additional memoranda which will delay action on the ruling request.

.09 To assist the Service in making the deletions required by section 6110(c) of the Code from the text of rulings and determination letters, to be made open to public inspection under section 6110(a), a deletions statement must accompany requests. The statement must either state that no information other than names, addresses, and identifying numbers need be deleted or, if more information is proposed to be deleted, the statement must indicate the deletions proposed by the person requesting the ruling or determination letter. If the latter alternative is chosen, the statement must be made in a separate document, and it must be accompanied by a copy of the request for a ruling or determination letter and supporting documents, on which must be shown by the use of brackets, the material that the person making the request believes should be deleted pursuant to section 6110(c). The statement of proposed deletions must indicate the statutory basis, under service 6110(c), for each proposed deletion. The statement of proposed deletions must not appear or be referred to anywhere in the request for a ruling or determination letter. If the person making the request decides to ask for additional deletions before the ruling or determination letter is issued, additional statements may be submitted. The procedures in this paragraph also apply to additional information that is submitted after the initial request.

.10 A request by or for a taxpayer must be signed by the taxpayer or the taxpayer's authorized representative. If the request is signed by a representative, or if the representative is to appear before the Service in connection with the request, the representative must be:

1 an attorney who is a member in good standing of the bar of the highest court of any state, possession, territory, commonwealth, or the District of Columbia, and who files with the Service a written declaration that he or she is currently qualified as an attorney and is authorized to represent the taxpayer;

2 a certified public accountant who is qualified to practice in any state, possession, territory, commonwealth, or the District of Columbia, and who files with the Service a written declaration that he or she is currently qualified as a certified public accountant and is authorized to represent the taxpayer; or

3 a person, other than an attorney or certified public accountant who is currently enrolled to practice before the Service, and who files with the Service a written declaration that he or she is currently enrolled (including in the declaration either the enrollment number or the expiration date of the enrollment card) and is authorized to represent the taxpayer. (See Treasury Department Circular No. 230 (31 CFR Part 10), revised 1966-2 C.B. 1171, amended 1967-1 C.B. 433, and 1970-2 C.B. 644, for the rules on who may practice before the Service.) These requirements do not apply to an individual representing his or her full-time employer, or to a bona fide officer, administrator, administratrix, trustee, etc., representing a corporation, trust, estate, association, or organized group. An unenrolled preparer of a return (other than an attorney or certified public accountant referred to in (1) and (2) above) who is not a full-time employee or a bona fide officer, administrator, administratrix, trustee, etc., may not represent a taxpayer in connection with a ruling or a determination letter. Any authorized representative, whether or not enrolled to practice, must also comply with the conference and practice requirements of the Statement of Procedural Rules (26 CFR 601). Form 2848, Power of Attorney, and Form 2848-D, Authorization and Declaration, may be used with regard to rulings, closing agreements, and determination letters requested under this revenue procedure.

.11 If a taxpayer has more than one representative, it is sufficient to send a copy of the ruling to any one of them. Copies of rulings will be sent to no more than two representatives, provided that they are located at different mailing addresses. If a taxpayer does not designate which representative is to receive a copy of the ruling, a copy of the ruling will be sent to the first representative named on the latest power of attorney. If the original of the ruling is to be sent to a representative, the power of attorney should contain a statement to that effect and designate the mailing address of the representative.

.12 A request for a ruling letter by the National Office should be sent to the Internal Revenue Service, Associate Chief Counsel (Technical), Attention CC:IND:S, Room 6545, 1111 Constitution Avenue, N.W., Washington, DC 20224. A request for a determination letter should be sent to the District Director of Internal Revenue whose office has or will have examination jurisdiction over the taxpayer's return.

.13 If a request for a ruling or determination letter does not comply with all the provisions of this revenue procedure, the request will be acknowledged, and the requirements that have not been met will be pointed out. If a request for a ruling lacks essential information, the taxpayer will

be told that if the information is not received within 30 calendar days, the request will be closed. If the information is received after the request is closed, it will be reopened and treated as a new request as of the date the essential information is received. A request for a ruling letter sent to the District Director that does not comply with the provisions of this revenue procedure will be returned by the District Director for corrections before it is sent directly to the National Office.

.14 A taxpayer who wants to have a conference on the issue or issues involved should indicate this in writing when, or soon after, filing the request.

.15 The Service processes requests for ruling and determination letters in regular order and as expeditiously as possible. Consideration of a request for processing ahead of its regular order, or by a specified time, delays the processing of other matters. Requests for processing ahead of the regular order must be made in writing, preferably in a separate letter sent with, or soon after, the request. If the request is not made in a separate letter, then the letter in which the request is made should say, at the top of the first page: "Expeditious Handling Is Requested. See page of this letter." The request should give a compelling need for such treatment. The Service cannot give assurance that any letter will be processed by the time requested. For example, the scheduling of a closing date for a transaction or a meeting of the board of directors or shareholders of a corporation, without regard for the time it may take to obtain a ruling or determination letter, will not be considered sufficient reason for handling a request ahead of its regular order. Nor will the possible effect of fluctuation in the market price of stocks on a transaction be considered sufficient reason for handling a request out of order. Requests by telegram will be treated in the same manner as requests by letter. Ruling and determination letters ordinarily are not issued by telegram. A request for expeditious handling will not cause the Communications and Records Group to route the case to the Ruling Branch ahead of normal processing; and a request for expeditious handling will not be considered until the underlying ruling request has been found to satisfy the section 6110 requirements.

.16 The Director, Individual Tax Division, has primary responsibility for providing basic principles for uniform interpretation and application of the federal tax laws in those areas involving: income taxes of noncorporate taxpayers (including individuals, partnerships, estates, and trusts); political organizations under section 527 (except subsection (f)); employment taxes and taxes on self-employment income; estate, gift, generation-skipping transfer, and certain excise taxes; and procedure and administration provisions of the Internal Revenue Code, except those that apply specifically to employee plans, exempt organizations, and actuarial determinations.

.17 The Director, Corporation Tax Division, has primary responsibility for providing basic principles of and rules for uniform interpretation and application of the federal tax laws in those areas involving: income taxes and earnings and profits of corporate taxpayers; changes in methods and periods of accounting, depreciation, depletion, valuation and other engineering issues; the taxable status of exchanges and distributions in connection with corporate organizations, reorganizations, and liquidations; and the exemption of farmers' cooperatives (under section 521), shipowners' protection and indemnity associations (under section 526), and certain homeowners associations (under section 528).

.18 A taxpayer may obtain information regarding the status of a request by calling the person whose name and telephone number is shown on the acknowledgement of receipt of the request.

.19 If, after receiving the notice under section 6110(f)(1) of the Code of intention to disclose the ruling or determination letter (including a copy of the version proposed to be open to public inspection and notation of third-party communications under section 6110(d)), the person requesting the ruling or determination letter wants to protest the disclosure of certain information in the ruling or determination letter, that person must within 20 calendar days send a written statement to the Internal Revenue Service office indicated on the notice of intention to disclose, identifying those deletions that the Service has not made and that the person requesting the ruling or determination letter believes should have been made. That person must also submit a copy of the version of the ruling or determination letter proposed to be open to public inspection on which the person indicates, by use of brackets, the deletions proposed by the taxpayer that have not been made by the Service. Generally, the Service will not consider the deletion under this subparagraph of any material that the taxpayer did not propose to be deleted before the ruling or determination letter was issued. Within 20 days after it receives the response to the notice under section 6110(f)(1), the Service will mail to that person its final administrative conclusion regarding the deletions to be made. The taxpayer does not have the right to a conference to resolve any disagreements concerning material to be deleted from the text of the ruling. However, these matters may be taken up at any conference that is otherwise scheduled regarding the request.

.20 After receiving the notice under section 6110(f)(1) of the Code of intention to disclose (but no later than 60 calendar days after the notice is mailed), the person requesting a ruling or determination letter may send a request for delay of public inspection under either section 6110 (g)(3) or section 6110(g)(3) and (4). The request for delay must be sent to the Internal Revenue Service office indicated on the notice of intention to disclose. A request for delay must contain the date on which it is expected that the underlying transaction will be completed. The request for delay under section 6110(g)(4) must contain a statement from which the Commissioner may determine that there are good reasons for the delay.

.21 A taxpayer who receives a ruling or determination letter before filing a return about any transaction

that has been consummated and that is relevant to the return being filed should attach a copy of the ruling or determination letter to the return when it is filed.

.22 Protests to adverse rulings under section 367 will be processed as follows:

Under Rev. Proc. 77-5, 1977-1 C.B. 536, a taxpayer may protest an adverse, or terms and conditions, ruling letter issued on or after January 31, 1977 under section 367(a)(1) of the Code. The protest may not be made later than the close of the 45th calendar day after the date of the ruling letter. A protest is considered made on the date of the postmark of a letter of protest sent to the Associate Chief Counsel (Technical), or the date that the letter is hand delivered to the Service. The letter must include: (1) a copy of the ruling letter; (2) the reasons for the protest including, if applicable, (a) the grounds for asserting that none of the principal purposes for the exchange is the avoidance of federal income tax, (b) the grounds for asserting that the terms and conditions in the ruling letter pursuant to which an exchange to which section 367 applies will be considered not to be in pursuance of tax avoidance are not reasonable, and (c) the arguments supporting a protest of the validity of a ruling position published by the Service, such as a position in the guidelines announced in Rev. Proc. 68-23, 1968-1 C.B. 821 (factual material not previously submitted and considered by the Service should not be included in the protest); (3) a statement of whether a conference is desired; and (4) names of persons (including authorized representatives) expected to attend the conference, if a conference is granted. The Associate Chief Counsel (Technical) will establish an ad hoc advisory board to consider each protest, whether or not a conference is requested. The taxpayer will be granted one conference upon request. Whether or not such a request is made, the board may ask for one or more conferences or for written submissions. The taxpayer will be notified of the time, date, and place of the conference, and of the names of the members of the board. The board will consider all materials submitted in writing by the taxpayer and oral arguments presented at the conference. The board will make its recommendation to the Associate Chief Counsel (Technical) who will make a decision in the matter. Any oral arguments made at a conference by the taxpayer, which have not previously been submitted to the Service in writing, may, if desired, be submitted to the Service in writing if postmarked no later than the end of the 7th calendar day after the day of the conference. The taxpayer will be informed of the decision of the Associate Chief Counsel (Technical) by certified or registered mail.

.23 For appeal procedures with regard to adverse determination letters under section 521 of the Code and revocation or modification of exemption rulings and determination letters under section 521, see Rev. Proc. 80-25, 1980-1 C.B. 667, as amplified by Rev. Proc. 80-28, 1980-1 C.B. 680.

SEC. 10. HANDLING OF RULING REQUESTS

.01 Within 21 calendar days after a ruling request is received in the branch, Service personnel will contact the taxpayer to discuss informally the procedural and substantive issues in the ruling request.

.02 The following subject matters are included in the 21 calendar day procedure:

1 Individual Income Tax Branch

(a) Patnerships and trusts

(b) Real estate investment trusts

(c) Stock options

(d) Employment and self-employment taxes (except ruling requests from individuals for employment status submitted on Forms SS-8)

(e) Credit for employment of certain new employees

(f) Rental value of parsonages

2 All matters within the jurisdiction of the Corporation Tax Branch, except cases

(a) involving a request for change in accounting methods or periods,

(b) relating to the last-in, first-out method of computing inventory,

(c) concerning insurance issues on contracts with reserves based on segregated asset acounts,

(d) concerning insurance issues requiring actuarial computations.

3 All matters within the jurisdiction of the Specialty Tax Branch.

4 All matters within the jurisdiction of the Engineering and Valuation Branch (except cases involving a request for a change in accounting methods), and the Reorganization Branch.

.03 Procedures to be followed regarding ruling requests are:

1 Within 21 calendar days after a ruling request has been received in the branch having jurisdiction, a representative of the branch will contact the taxpayer to discuss the procedural issues in the ruling requests covered by this procedure. Considering the complexity of some cases or the number of issues involved, it may not be possible for the branch representative to discuss the substantive issues in the ruling request during this initial contact. However, when possible, as to each issue coming within the jurisdiction of the branch, the branch representative will tell the taxpayer:

(a) whether the branch representative will recommend the Service rule as the taxpayer requested, rule adversely on the matter, or not rule;

(b) whether the taxpayer should submit additional information or representations to enable the Service to rule on the matter; or

(c) whether because of the nature of the transaction, or the issue presented, a tentative conclusion on the issue cannot be reached.

2 When the rulings requested involve matters within the jurisdiction of more than one branch or more than one office in the same branch, a representative of the branch that received the original ruling request will tell the taxpayer within the initial 21 calendar day contact period: (1) that the rulings requested involving matters within the jurisdiction of another branch or another office in the same branch have been referred to the other branch or office for consideration; and (2) that a representative of the other branch or office will contact the taxpayer within 21 calendar days after receiving the referral to informally discuss the procedural and, to the extent possible, the substantive is-

sues if covered by this procedure.

3 If something less than a fully favorable ruling is indicated, the branch representative will tell the taxpayer if minor modifications of the transaction or adherence to certain published positions will warrant the issuing of a favorable ruling. In addition, the branch representative may tell the taxpayer what representations must be furnished in a document to comply with the requirements of the Service. However, the branch representative will not suggest precise changes that would materially alter the form of the proposed transaction. If, at the conclusion of the discussion, the branch representative determines that a meeting in the National Office would better serve the purpose of developing or exchanging information, a meeting will be offered and an early meeting date arranged. This meeting will not be the taxpayer's conference of right, as described in this revenue procedure.

4 The Service will not be bound by the informal opinion expressed by the branch representative or any other authorized Service representative under this procedure, and such an opinion cannot be relied upon as a basis for granting retroactive relief under the provisions of section 7805(b) of the Code.

5 The ruling request will then be processed under present procedures.

SEC. 11. CONFERENCES IN THE NATIONAL OFFICE

.01 A taxpayer may request a conference only in connection with a ruling request. Normally, a conference is scheduled only when the National Office considers it to be helpful in deciding the case or when an adverse decision is indicated. If conferences are being arranged for more than one request for a ruling involving the same taxpayer, they will be scheduled so as to cause the least inconvenience to the taxpayer. If a conference has been requested, the taxpayer will be notified by telephone, if possible, of the time and place of the conference. The conference must be held within 21 calendar days after such contact has been made. Procedures for requesting an extension of the 21-day period and notifying the taxpayer or the taxpayer's representative of the Service's decision are the same as those stated in section 9.05.

.02 A taxpayer is entitled, as a matter of right, to only one conference in the National Office unless one of the circumstances discussed in section 11.06 develops. This conference normally will be held at the branch level of the appropriate division in the office of the Associate Chief Counsel (Technical) and will be attended by a person who, at the time of the conference, has authority to sign the ruling letter for the branch chief in the case being discussed. When more than one branch has taken an adverse position on an issue within its jurisdiction presentted in a ruling request, or when the position ultimately adopted by one branch will affect another branch's determination, a representative from each branch with the authority to sign for the branch chief will attend the conference. If more than one subject is to be discussed at the conference, the discussion will constitute a conference on each subject. In order to promote a free and open discussion of the issues, the conference usually will be held after the branch has had an opportunity to study the case. However, at the request of the taxpayer or representative, the conference of right may be held at an earlier stage in the consideration of the case than the Service ordinarily would designate. No taxpayer has a "right" to appeal the action of a branch to a division director or to any other official of the Service.

.03 In employment tax matters, only the party entitled to the ruling is entitled to a conference.

.04 Since conference procedures are informal, no tape, stenographic, or other verbatim recording of a conference will be made.

.05 The senior Service representative present at the conference insures that the taxpayer has full opportunity to present views on all of the issues that are in question. The Service representative explains the Service's tentative decision on the substantive issues and the reasons for that decision. If the taxpayer advances prospective application under section 7805(b) of the Code, the Service representative will discuss the tentative recommendation concerning the request for relief and the reasons for the tentative recommendation. No commitment will be made as to the conclusion that the Service will finally adopt.

.06 An invitation to an additional conference will be extended if, after the conference of right, an adverse holding is proposed but on a new issue or on the same issue but on different grounds from those discussed at the first conference. There is no right to another conference when a proposed holding is reversed at a higher level with a result less favorable to the taxpayer if the ground or arguments on which the reversal is based were discussed at the conference of right. The provisions of this revenue procedure limiting the number of conferences a taxpayer is entitled to will not prevent a taxpayer from attending further conferences when, in the opinion of National Office personnel, such conferences are necessary. All additional conferences of the type discussed in this paragraph are held only at the invitation of the Service.

.07 It is the responsibility of the taxpayer to furnish in writing to the National Office any additional data, lines of reasoning, precedents, etc., that are proposed by the taxpayer and discussed at the conference but that were not previously or adequately presented in writing. The taxpayer must furnish the additional information within 21 calendar days. If the additional information is not received within that time, a ruling will be issued on the basis of the information on hand or, if appropriate, no ruling will be issued. Procedures for requesting an extension of the 21-day period and notifying the taxpayer or the taxpayer's representative of the Service's decision are the same as those stated in section 9.05.

SEC. 12. REFERRAL OF MATTERS TO THE NATIONAL OFFICE

.01 Request for determination letters received by District Directors that, under the provisions of this revenue procedure, may not be acted upon by a District Office, will be for-

warded to the National Office for reply. The District Office will let the taxpayer know that this action has been taken. District Directors also refer to the National Office any request for a determination letter that in their judgment should have the attention of the National Office.

.02 If the request involves an issue on which the Service will not issue a ruling or determination letter, the request will not be forwarded to the National Office. The District Office will let the taxpayer know that the Service will not issue a ruling or a determination letter on the issue. See section 8.01 of this revenue procedure.

SEC. 13. REFERRAL OF MATTERS TO DISTRICT OFFICES

Requests for rulings received by the National Office that, under section 5 of this revenue procedure, may not be acted upon by the National Office will be forwarded to the District Office that has examination jurisdiction over the taxpayer's return. The taxpayer will be notified of this action. If the request is on an issue or in an area of the type discussed in section 8.01 and it is decided not to issue a ruling or an information letter, the National Office will let the taxpayer know and the request will then be forwarded to the appropriate District Office for association with the related return.

SEC. 14. REVIEW OF DETERMINATION LETTERS

Determination letters issued under section 7.01, 7.02, and 7.03 are not reviewed by the National Office before they are issued. If a taxpayer believes that a determination letter of this type is in error, the taxpayer may ask the District Director to reconsider the matter. The taxpayer may also ask the District Director to request technical advice from the National Office. In such an event the procedures in Rev. Proc. 84-2 must be followed.

SEC. 15. WITHDRAWAL OF REQUESTS

A request for a ruling or determination letter may be withdrawn at any time before the signing of the letter of reply. If a request for a ruling is withdrawn, the National Office may give its views on the subject matter of the request to the District Director whose office will have examination jurisdiction over the taxpayer's return for consideration in connection with any later examination of the taxpayer's return. Even though a request is withdrawn, all correspondence and exhibits will be kept by the Service and will not be returned to the taxpayer. In appropriate cases, the Service may publish its findings in a revenue ruling or revenue procedure.

SEC. 16. ORAL ADVICE TO TAXPAYERS

.01 The Service does not issue rulings or determination letters on oral requests. National Office officials and employees ordinarily do not discuss a substantive tax issue with a taxpayer before written request for ruling is received, since oral opinions or advice are not binding on the Service. This does not prevent a taxpayer from asking whether the Service will rule on a particular issue. In such cases, however, the name of the taxpayer and identifying number must be disclosed. The Service also will discuss questions relating to procedural matters about submitting a request for a ruling, including the application of the provisions of section 9 to a particular case.

.02 A taxpayer may seek oral technical assistance from a Taxpayer Service Representative in a District Office or Service Center when preparing a return or report, under other established procedures. Oral advice is advisory only and the Service is not bound to recognize it in the examination of the taxpayer's return.

SEC. 17. EFFECT OF RULINGS

.01 A taxpayer may not rely on a ruling issued to another taxpayer. A ruling, except to the extent incorporated in closing agreement, may be revoked or modified at any time under appropriate circumstances. See section 4.08 for the effect of a closing agreement. If a ruling is revoked or modified, the revocation or modification applies to all years open under the statutes, unless the Commissioner or the Commissioner's delegate exercises the discretionary authority under section 7805(b) of the Code to limit the retroactive effect of the revocation or modification. The manner in which this authority generally is exercised is given later in this section. For information on rulings relating to the sale or lease of articles subject to the manufacturer's excise tax and the retailer's excise tax, see section 17.08.

.02 When determining a taxpayer's liability, the District Director must ascertain whether (1) any ruling previously issued to the taxpayer has been properly applied, (2) the representations upon which the ruling was based reflected an accurate statement of the material facts, and (3) the transaction actually was carried out substantially as proposed. If, in the course of determining the tax liability, the District Director finds that a ruling should be modified or revoked, the findings and recommendations of the District Director will be forwarded to the National Office for consideration before further action. Such a referral to the National Office will be treated as a request for technical advice and the procedures of Rev. Proc. 84-2 will be followed. Otherwise the ruling is to be applied by the District Office in its determination of the taxpayer's liability.

.03 Appropriate coordination with the National Office will be undertaken if any field official having jurisdiction over a return or other matter proposes to reach a conclusion contrary to a ruling previously issued to the taxpayer.

.04 A ruling found to be in error or not in accord with the current views of the Service may be modified or revoked. Modification or revocation of a ruling may be made by (1) a notice to the taxpayer to whom the ruling was issued, (2) an enactment of legislation or ratification of a tax treaty, (3) a decision of the United States Supreme Court, (4) the issuing of temporary or final regulations, or (5) the issuing of a revenue ruling, a revenue procedure, or other statement published in the Internal Revenue Bulletin. Consistent with these provisions, if a ruling relates to a continuing action or a series of actions, the ruling will ordinarily be applied until

any one of the actions described above has taken place, or until specifically withdrawn.

.05 Except in rare or unusual circumstances, the revocation or modification of a ruling will not be applied retroactively to the taxpayer for whom the ruling was issued or to a taxpayer whose tax liability was directly involved in the ruling if (1) there has been no misstatement or omission of material facts, (2) the facts developed later are not materially different from the facts on which the ruling was based, (3) there has been no change in the applicable law, (4) the ruling was originally issued with respect to a prospective or proposed transaction, and (5) the taxpayer directly involved in the ruling acted in good faith in reliance upon the ruling and the retroactive revocation would be to the taxpayer's detriment. For example, the tax liability of each shareholder is directly involved in a ruling on the reorganization of a corporation. However, the tax liability of members of an industry is not directly involved in a ruling issued to one of the members, and the holding in a revocation or modification of a ruling to one member of an industry may be retroactively applied to other members of the industry. By the same reasoning, a tax practitioner may not obtain the nonretroactive application to one client of a modification or revocation of a ruling previously issued to another client. If a ruling is revoked by letter with retroactive effect, the letter will, except in fraud cases, state the grounds upon which the revocation is being made and the reasons why the revocation is being applied retroactively.

.06 A ruling issued on a particular transaction represents a holding of the Service on that transaction only. However, the application of that ruling to the transaction will not be affected by the later issuing of regulations (either temporary or final), if the conditions specified in section 17.05 are met. If the ruling is later found to be in error or no longer in accord with the position of the Service, it will not give the taxpayer protection for a like transaction in the same or later year.

.07 However, if a ruling is issued covering a continuing action or a series of actions and it is determined that the ruling was in error, or no longer in accord with the position of the Service, the Associate Chief Counsel (Technical) ordinarily will limit the retroactivity of the revocation or modification to a date that is not earlier than that on which the ruling is modified or revoked. To illustrate, if a taxpayer receives a ruling that certain payments are excludable from gross income for federal income tax purposes and it is later determined that the ruling is in error or no longer in accord with the position of the Service, the Associate Chief Counsel (Technical) ordinarily will restrict the retroactive application of the revocation or modification of the ruling. If a taxpayer rendered service or provided a facility that is subject to the excise tax on services or facilities, and in reliance on a ruling issued to the same taxpayer did not pass the tax on to the user of the service or the facility, the Associate Chief Counsel (Technical) ordinarily will restrict the retroactive application of the revocation or modification of the ruling. If an employer incurred liability under the Federal Insurance Contributions Act, but in reliance on a ruling made to the same employer, neither collected the employee tax nor paid the employee and employer taxes under the Act, the Associate Chief Counsel (Technical) ordinarily will restrict the retroactive application of the revocation or modification of the ruling for both the employer tax and the employee tax. In the last situation, however, the restriction of retroactive application ordinarily will be conditioned on the furnishing by the employer of wage data, as may be required by section 31.6011(a)-1 of the Employment Tax Regulations. Publication of a notice of proposed rulemaking will not affect the application of any ruling issued under the procedures stated in this revenue procedure.

.08 A ruling holding that the sale or lease of a particular article is subject to the manufacturer's excise tax or the retailer's excise tax may not retroactively revoke or modify an earlier ruling holding that the sale or lease of such an article was not taxable, if the taxpayer to whom the ruling was issued, in reliance upon the earlier ruling, parted with possession or ownership of the article without passing the tax on to the customer. Section 1108(b) Revenue Act of 1926.

.09 For rulings involving completed transactions, other than those described in sections 17.07 and 17.08, taxpayers will not be given the protection against retroactive revocation provided in section 17.05, since they will not have entered into the transactions in reliance on the ruling.

SEC. 18. EFFECT OF DETERMINATION LETTERS

A determination letter issued by a District Director has the same effect as a ruling issued to a taxpayer under section 17 of this revenue procedure. However, if the District Director is of the opinion that a conclusion contrary to that expressed in the determination letter is indicated, the matter need not be referred to the National Office. A District Director may not limit the modification or revocation of a determination letter but may refer the matter to the National Office for the possible exercise by the Commissioner or the Commissioner's delegate of the authority to limit the modification or revocation.

SEC. 19. EFFECT OF INFORMATION LETTERS

An information letter issued by the National Office or by a District Director is advisory only and the provisions of section 17 do not apply.

SEC. 20. PROCEDURE FOR REQUESTING APPLICATION OF SECTION 7805(b) IN THE CASE OF RULINGS AND DETERMINATION LETTERS

.01 Pursuant to section 7805(b) of the Code, it is within the discretion of the Commissioner or the Commissioner's delegate to prescribe the extent, if any, to which any ruling (including determination letters) will be applied without retroactive effect.

A taxpayer to whom a ruling or determination letter has been issued may request that the Associate Chief Counsel (Technical), the Commis-

sioner's delegate, exercise the discretionary authority under section 7805(b) of the Code to limit the retroactive effect of any subsequent revocation or modification of the ruling or determination letter.

.02 In the case of a ruling, a request to limit the retroactive effect of the revocation or modification of a ruling must be in the form of, and meet the requirements for, a ruling request generally. These requirements are set forth in section 9 of this revenue procedure. Specifically, the request must state that it is being made pursuant to section 7805(b), contain a statement of the relief sought and an explanation of the reasons and arguments in support of the relief requested, and also be accompanied by any documents bearing on the request. The explanation in support of the application of section 7805(b) should include a discussion of the five items enumerated in section 17.05 of this revenue procedure as they relate to the taxpayer's particular situation.

A request for the application of section 7805(b) of the Code may take the form of a separate request for ruling when, for example, a revenue ruling has the effect of modifying or revoking a ruling previously issued to the taxpayer or when the Service notifies the taxpayer of a change in position that will have the effect of revoking or modifying such a ruling. However, when such notice is given by the District Director during the course of an examination of the taxpayer's return, or during consideration by the Chief, Appeals Office, a request to limit the retroactive effect of the modification or revocation of a ruling must be made in the form of a request for technical advice. See section 12.03 of Rev. Proc. 84-2. When germane to a pending ruling request, a request for the application of section 7805(b) may be made as part of the request, either initially or at any time before the ruling is issued. When a ruling that concerns a continuing transaction is modified or revoked by, for example, a subsequent revenue ruling, a request to limit the retroactive effect of the modification or revocation of the ruling must be made before a return is examined that contains the transaction that is the subject of the request for ruling.

.03 When a request for the application of section 7805(b) of the Code is made in a separate ruling request, the taxpayer has the right to a conference in the National Office in accordance with the provisions of section 11 of this revenue procedure. If the request is made initially as part of a pending ruling request or is made before the conference of right is held on the substantive issues, the section 7805(b) issue will be discussed at the taxpayer's one conference of right. (See section 11.05 of this revenue procedure). If the request for the application of 7805(b) is made as part of a pending ruling request after a conference has been held on the substantive issue, and the Service determines that there is justification for having delayed the request, then the taxpayer will have the right to one conference of right concerning the application of section 7805(b) with the conference limited to discussion of this issue.

.04 In the case of a determination letter that the District Director proposes to modify or revoke, a request to limit the modification or revocation of the determination letter must be made by requesting the District Director who issued the determination letter to seek technical advice from the National Office, since a District Director has not been delegated authority under section 7805(b) of the Code to limit the modification or revocation of a determination letter. See section 12.03 of Rev. Proc. 84-2. The taxpayer's request must state that it is being made pursuant to section 7805(b), contain a statement of the relief sought and an explanation of the reasons and arguments in support of the relief requested, and also be accompanied by any documents bearing on the request. The explanation in support of the application of section 7805(b) should include a discussion of the five items enumerated in section 17.05 of this revenue procedure as they relate to the taxpayer's particular situation.

.05 When technical advice is requested with respect to the application of section 7805(b) of the Code under the circumstances set forth in .04 above, the taxpayer has a right to a conference in the National Office to the same extent as does any taxpayer who is the subject of a technical advice request. See section 8 of Rev. Proc. 84-2.

SEC. 21. EFFECT OF OTHER DOCUMENTS

Rev. Proc. 83-1 is superseded.

---

26 CFR 601.105: Examination of returns and claims for refund, credit or abatement; determination of correct tax liability.

Rev. Proc. 84-2

SECTION 1. PURPOSE

The purpose of this revenue procedure is to update Rev. Proc. 83-2, 1983-1 C.B. 558, which provides revised procedures for furnishing technical advice to District Directors and Chiefs, Appeals Offices, by the Associate Chief Counsel (Technical). It also tells taxpayers about their rights when a District Director or a Chief, Appeals Office, requests such advice. Changes to this revenue procedure will be incorporated annually in a new revenue procedure published as the second revenue procedure of the year.

SEC. 2. SCOPE

.01 The Chief Counsel through the Associate Chief Counsel (Technical) provides principles and rules for uniformly interpreting and applying the federal tax laws under the jurisdiction of the Associate Chief Counsel (Technical). The procedures for obtaining technical advice specifically applicable to federal firearms taxes under subtitle E of the Internal Revenue Code are under the jurisdiction of the Bureau of Alcohol, Tobacco and Firearms. The procedures for obtaining technical advice specifically on employee plans and exempt organizations are under the jurisdiction of the Assistant Commissioner (Employee Plans and Exempt Organizations). See Rev. Proc. 80-26, 1980-1 C.B. 671. The procedures that apply to technical advice for employee plans and exempt organizations are followed in obtaining technical advice

on exemption of farmers' cooperatives from tax under section 521 of the Code, even though the Associate Chief Counsel (Technical) has jurisdiction for issuing technical advice under this section. The Associate Chief Counsel (Technical) also has jurisdiction for issuing technical advice under section 526, on shipowners' protection and indemnity associations; section 527(a), (b), (c), (d), (e), and (g), on political organizations; and section 528, on certain homeowners' associations, under this revenue procedure.

.02 In the Office of the Associate Chief Counsel (Technical), the authority to issue technical advice has been largely redelegated to the Branch Chiefs in the Individual Tax Division and the Corporation Tax Division.

SEC. 3. CHANGES

.01 Section 1 has been amended to state that changes to this revenue procedure will be incorporated annually in a new revenue procedure published as the second revenue procedure of the year. This will enable taxpayers, practitioners, and Service personnel to find future updates of this revenue procedure easily.

.02 Section 5.01 has been amended to require that each request for technical advice submitted by the Chief, Appeals Office, should be submitted to the Associate Chief Counsel (Technical) through the Director, Appeals Division. Sec. 7.02 and 9.07 have also been amended to require that responses to the Chief, Appeals Office, should be routed through the Director, Appeals Division. These changes have been made only for control purposes so that the Appeals Division of the National Office knows what requests are being submitted to the Associate Chief Counsel (Technical) and what technical advice memorandums are being issued to the Chief, Appeals Offices.

.03 Section 5.01 has also been amended to specifically state that section 1.9100 requests can be the subject of a technical advice request. This provides a more complete cross reference from section 5.01 of Rev. Proc. 84-1 and to section 5.11 of Rev. Proc. 84-2.

.04 Section 5.11, which concerns section 1.9100 of the Income Tax Regulations, has been amplified to indicate that all requests for section 1.9100 relief received by a District Director or Chief, Appeals Office, must be referred to the National Office for consideration. This conforms to Delegation Order No. 183 (Rev. 1), 1982-2 C.B. 747.

SEC. 4. DEFINITION AND NATURE OF TECHNICAL ADVICE

.01 For purposes of this revenue procedure, the word "taxpayer" includes all persons subject to any provision of the Internal Revenue Code and their representatives and issuers of section 103 obligations.

.02 Any reference to the National Office means only the Office of the Associate Chief Counsel (Technical).

.03 Any reference to District Director or District Office includes the office of the Director of the Foreign Operations District, where appropriate. Any reference to Chief, Appeals Office, includes Associate Chief, Appeals Office.

.04 "Technical advice" means advice or guidance furnished by the National Office upon requests of a District or an Appeals Office in response to any technical or procedural question that develops during any stage of any proceeding on the interpretation and proper application of tax law, tax treaties, regulations, revenue rulings, or other precedents published by the National Office to a specific set of facts. Such proceedings include (1) the examination of a taxpayer's return, (2) consideration of a taxpayer's claim for refund or credit, or (3) any other matter involving a specific taxpayer under the jurisdiction of the Chief, Examination Division, such as the consideration of a taxpayer's application to enter into an agreement about the useful life method, and rate of depreciation of business property provided by section 167(d) of the Code. These proceedings include an examination to determine whether obligations issued are described in section 103(a). They also include processing and considering nondocketed cases in an Appeals Office. Technical advice is furnished as a way of helping Service personnel close cases and establish and maintain consistent holdings throughout the Internal Revenue Service. A District Director or an Appeals Office may raise an issue in any tax period, even though technical advice may have been asked for and furnished for the same or a similar issue for another tax period. Technical advice does not include memoranda on matters of general technical application furnished to District or Appeals Offices when the issues are not raised in connection with a proceeding involving a specific taxpayer.

.05 If a District Director, Chief, Appeals Office, or a taxpayer requests technical advice on a determination letter under section 521 of the Code, the procedures under section 601.201(n) of the Statement of Procedural Rules must be followed.

.06 Only the National Office can revoke a ruling letter. Therefore, if a District Director or a Chief, Appeals Office, thinks that a ruling letter previously issued to a taxpayer should be modified or revoked, the procedures in section 5 of this revenue procedure must be followed.

.07 The provisions of this revenue procedure apply only to a case under a jurisdiction of a District Director or Chief, Appeals Office. Technical advice may be requested on issues considered in a prior Appeals disposition, not based on mutual concessions for the same tax period of the same taxpayer, if the Appeals Office that had the case concurs in the request. A District Director may not request technical advice on an issue if an Appeals Office is currently considering an identical issue of the same taxpayer (or of a related taxpayer within the meaning of section 267 of the Code or a member of an affiliated group of which the taxpayer is also a member within the meaning of section 1504). A case remains under the jurisdiction of the District Director even though an Appeals Office has the identical issue under consideration in the case of another taxpayer (not related within the meaning of sections 267 and 1504, respectively) in a entirely different transaction. With

respect to the same taxpayer or the same transaction, when the issue is under the jurisdiction of an Appeals Office, and the applicability of more than one kind of tax is dependent upon the resolution of that issue, a District Director may not request technical advice on the applicability of any of the taxes involved.

SEC. 5. REQUESTING TECHNICAL ADVICE

.01 The District or Appeals Office is responsible for determining whether to request technical advice on any issue being considered. Each request must be submitted through channels and signed by a person who is authorized to sign for the District Director or Chief, Appeals Office, and should include, in writing, the arguments submitted by the District or Appeals Office in support of its position on the issue or issues. All requests for technical advice from Appeals Offices should be submitted to Associate Chief Counsel (Technical) through the Director, Appeals Division, CC:AP:PT. However, while the case is under the jurisdiction of the District Director or the Chief, Appeals Office, a taxpayer may request that an issue be referred to the National Office for technical advice. All request for technical advice should be made at the earliest possible stage of the proceedings. The grounds for a request are that a lack of uniformity exists on the disposition of the issue or that the issue is unusual or complex enough to warrant consideration by the National Office. Taxpayers may also request technical advice when seeking an extension of time fixed by regulations for making an election or application for relief pursuant to section 1.9100-1 of the Income Tax Regulations. See section 5.11 of this revenue procedure for additional information. Although taxpayers are encouraged to make written requests setting forth the facts, law, and argument on the issue, and reasons for requesting National Office technical advice, they may make the request orally. If, after considering the taxpayer's request, the examining officer or Appeals Officer thinks that the circumstances do not warrant referral of the case to the National Office, the examining officer or Appeals Officer will tell the taxpayer. (See section 6 for taxpayer's appeal rights when an examining officer or an Appeals Officer declines to request technical advice).

.02 When technical advice is going to be requested, whether or not on the request of the taxpayer, the taxpayer will be told about it and given a copy of the arguments submitted by the District Director or Chief, Appeals Office, in support of its position on the issue or issues, except as noted in section 5.10. If the examining officer or the Appeals Officer initiates the action, the Service will give the taxpayer a copy of the statement of the pertinent facts and the questions proposed for submission to the National Office. The request for advice should be worded to avoid possible misunderstanding in the National Office of the facts or the specific points at issue.

.03 If the Service initiates the request for technical advice, the taxpayer has 10 calendar days after receiving the statement of facts and specific questions to indicate in writing any disagreement about them. The taxpayer must justify in writing an extension of time beyond the 10 calendar days. The justification must be approved by the Chief, Examination Division, or the Chief, Appeals Office. Every effort should be made to reach agreement on the facts and the specific points at issue. If agreement cannot be reached, the taxpayer may send, within 10 calendar days after receipt of notice, a statement of the taxpayer's understanding of the specific points at issue. This statement will be forwarded to the National Office with the request for technical advice. The taxpayer must justify in writing an extension of time beyond the 10 calendar days. The justification must be approved by the Chief, Examination Division, or the Chief, Appeals Office.

.04 If the taxpayer initiates the action to request technical advice and the taxpayer's statement of the facts and points at issue is not wholly acceptable to the District or Appeals Office, the Service will tell the taxpayer in writing what the areas of disagreement are. The taxpayer has 10 calendar days after receiving the written notice to reply to it. The taxpayer must justify in writing an extension of time beyond the 10 calendar days. The justification must be approved by the Chief, Examination Division or the Chief, Appeals Office. If agreement cannot be reached, both the statements of the taxpayer and the District or Appeals Office will be forwarded to the National Office with the request for technical advice.

.05 If it has not already been done, the taxpayer may submit a statement explaining the taxpayer's position on the issues and citing precedents that the taxpayer believes will bear on the case. This statement will be forwarded to the National Office with the request for technical advice. If the taxpayer's statement is received after the request for technical advice has been forwarded to the National Office, it will be forwarded there to be associated with the request for technical advice. The taxpayer is encouraged to comment on any legislation, tax treaties, regulations, revenue rulings, revenue procedures, or court decisions contrary to the taxpayer's position.

.06 At the time the taxpayer is told that the matter is being referred to the National Office, the taxpayer will also be told about the right to a conference in the National Office if an adverse decision is indicated and will be asked to say whether such a conference is desired.

.07 In connection with requests for technical advice, the taxpayer also has the same 10 days as in sections 5.03 and 5.04 to submit the statement described in section 5.09 of proposed deletions under section 6110(c) of the Code. If the taxpayer does not submit it, the District Director or the Chief, Appeals Office, will tell the taxpayer that such a statement is required. If the District Director or the Chief, Appeals Office, does not receive that statement within 10 days after such notification, the District Director or the Chief, Appeals Office, may decline to submit the request for technical advice. If the District Director or the Chief, Appeals Office, decides to request technical advice in a case in

which the taxpayer has not submitted the statement of proposed deletions, the National Office will make those deletions that the Commissioner determines are required by section 6110(c).

.08 The requirements for submitting statements and other material for proposed deletions in technical advice memoranda before public inspection is allowed do not apply to requests for any documents to which section 6104 of the Code applies.

.09 To help the National Office make the deletions required by section 6110(c) of the Code in technical advice memoranda to be made open to public inspection under section 6110(a), a deletions statement must accompany requests. The statement must either state that no information other than names, addresses, and identifying numbers need be deleted, or if more information is proposed to be deleted, the statement must indicate the deletions proposed by the taxpayer. If the latter alternative is chosen, the statement must be made in a separate document, and it must be accompanied by a copy of all statements of facts and supporting documents that are submitted to the National Office under sections 5.03 and 5.04. The material that the taxpayer wants deleted must be shown in brackets. The statement of proposed deletions must show the statutory basis, under section 6110(c), for each proposed deletion. The statement of proposed deletions must not appear or be referred to anywhere in the request for technical advice. If the taxpayer decides to request additional deletions under section 6110(c) before the National Office replies to the request for technical advice, the taxpayer may submit additional statements. The procedures in this paragraph also apply to additional information submitted during consideration of the technical advice request.

.10 The provisions of this section (about referring issues upon the taxpayer's request, telling the taxpayer about the referral of issues, giving the taxpayer a copy of the arguments submitted by the District Director or Chief, Appeals Office, in support of its position on the issue or issues, submitting proposed deletions, and granting conferences in the National Office) do not apply to technical advice memoranda, described in section 6110(g)(5)(A) of the Code, on cases involving criminal or civil fraud investigations and jeopardy or termination assessments. However, in these cases the taxpayer may provide the statement of proposed deletions to the National Office after all proceedings in the investigations or assessments are complete but before the Commissioner mails the notice, under section 6110(f)(1), of intention to disclose the technical advice memorandum.

.11 See Rev. Proc. 79-63, 1979-2 C.B. 578, which concerns applications for extension of the time for making an election or application for relief pursuant to section 1.9100-1 of the Income Tax Regulations. If a taxpayer requests an extension of time under section 1.9100-1 during an examination or when being considered by an Appeals Office, the procedures of Rev. Proc. 84-2 are applicable, except for Sec. 6. The examining officer or Appeals Officer is not authorized to deny consideration of a request for technical advice that involves section 1.9100-1 relief. All such requests must be referred to the National Office. See section 4.03 of Rev. Proc. 79-63.

.12 Form 4463, Request for Technical Advice, should be used for transmitting requests for technical advice to the National Office.

SEC. 6. APPEAL BY TAXPAYERS OF DISTRICT OR APPEALS OFFICE DETERMINATION NOT TO SEEK TECHNICAL ADVICE

.01 If the examining officer, or Appeals Officer thinks that a taxpayer's request for referral of an issue to the National Office for technical advice does not warrant referral, the examining officer or Appeals Officer will tell the taxpayer.

.02 The taxpayer may appeal the decision of the examining officer or the Appeals Officer not to request technical advice by submitting to that official, within 10 calendar days after being told of the decision, a statement of the facts, law, and arguments on the issue, and the reasons why the taxpayer believes the matter should be referred to the National Office for technical advice. The taxpayer must justify in writing a request for an extension of time beyond the 10 calendar days. The justification must be approved by the Chief, Examination Division, or the Chief, Appeals Office.

.03 The examining officer or the Appeals Officer submits the taxpayer's statement through channels to the Chief, Examination Division, or the Chief, Appeals Office along with the examining officer's or the Appeals Officer's statement of why the issue should not be referred to the National Office. The Chief determines, on the basis of the statement, whether technical advice will be requested. If the Chief determines that technical advice is not warranted and proposes to deny the request, the taxpayer is told in writing about the determination. In the letter to the taxpayer, the Chief states the reasons for the proposed denial (except in unusual situations when doing so would be prejudicial to the best interest of the Government). The taxpayer has 10 calendar days after receiving the letter to notify the Chief of agreement or disagreement with the proposed denial. The taxpayer may not appeal the decision of the Chief, Examination Division, or the Chief, Appeals Office, not to request technical advice from the National Office. However, if the taxpayer does not agree with the proposed denial, all data on the issue for which technical advice has been sought, including the taxpayer's written request and statements, will be submitted to the Assistant Commissioner (Examination) or the Director, Appeals Division, for review. If the Assistant Commissioner (Examination) or the Director, Appeals Division, thinks the circumstances warrant it, he or she may consult the Associate Chief Counsel (Technical) or his or her representatives. After this review, the district office or the Appeals Office is notified whether the proposed denial is approved or disapproved.

.04 While the matter is being reviewed, the district office or the Ap-

peals Office suspends action on the issue (except when the delay would prejudice the Government's interests) until it is notified that the proposed denial is approved or disapproved. This notification is made within 30 calendar days after receipt of the data. The review is solely on the basis of the written record and no conference is held on the matter.

SEC. 7. WITHDRAWAL OF REQUESTS

.01 The District Director or Chief, Appeals Office, may withdraw a request for technical advice at any time before the responding transmittal memorandum is signed. The District Director or Chief, Appeals Office, must notify the taxpayer in writing of intent to withdraw the request for technical advice except (1) when the period of limitation on assessment is about to expire and the taxpayer has declined to sign a consent to extend the period, or (2) when such notification would be prejudicial to the best interests of the government. If the taxpayer does not agree that the request for technical advice should be withdrawn, the procedure in section 6 of this revenue procedure must be followed.

.02 When a request for technical advice is withdrawn, the National Office may send its views to the District Director or the Chief, Appeals Office, when acknowledging the withdrawal request. In an Appeals case, acknowledgement of the withdrawal request should be sent to the appropriate Appeals Office, through the Director, Appeals Division, CC:AP:PT. In appropriate cases, the subject matter may be published as a revenue ruling or as a revenue procedure.

SEC. 8. CONFERENCES IN THE NATIONAL OFFICE

.01 If after an analysis of the technical advice request it appears that advice adverse to the taxpayer will be given, and if a conference has been requested, the taxpayer will be told, by telephone if possible, the time and place of the conference. The conference must be held within 21 calendar days after such contact has been made. If conferences are being arranged for more than one request for technical advice for the same taxpayer,they will be scheduled to cause the least inconvenience to the taxpayer. An extension of the 21-day period will be granted only if the taxpayer justifies it in writing and the Chief or Assistant Chief of the technical branch to which the case is assigned approves it. Because the purpose of these procedures is to facilitate the technical advice process by encouraging prompt submission of the required relevant material, requests for extensions should be justified by compelling facts and circumstances. The request for extension should be submitted before the end of the 21-day period. If unusual circumstances near the end of the 21-day period make a written request impractical, within the 21-day period the National Office should be told orally about the problem and of the forthcoming written request for extension. These requests must be promptly submitted. The taxpayer or taxpayer's representative will be told promptly and later in writing of the approval or denial of the requested extension. There is no right to the denial of an extension request. If it is not advised of problems with meeting the 21-day period, or if the request is not sent promptly after the National Office is notified of problems with meeting the 21-day period, the Service will process the case on the assumption that no further submission will be received.

.02 A taxpayer is entitled by right to only one conference in the National Office unless one of the circumstances discussed in this section exists. This conference is normally held at the branch level in the appropriate division (Individual Tax Division or Corporation Tax Division) of the office of the Associate Chief Counsel (Technical). It is attended by a person who has authority to sign the transmittal memorandum discussed in section 9.07 on behalf of the Branch Chief. When more than one branch has taken an adverse position on an issue within its jurisdiction presented in a request for technical advice, or when the position ultimately adopted by one branch will affect another branch's determination, a representative from each branch with authority to sign for the Branch Chief will attend the conference. In appropriate cases, the examining officer or the Appeals Officer may also attend the conference to clarify the facts in the case. If more than one subject is discussed at the conference, the discussion constitutes a conference for each subject. To promote a free and open discussion of the issues, the conference usually is held after the branch has an opportunity to study the case. However, the taxpayer may request that the conference of right be held at a stage earlier in the consideration of the case than the Service would ordinarily designate. The taxpayer has no right to appeal the action of a branch to a Division Director or to any other official of the Service.

.03 Because conference procedures are informal, no tape, stenographic, or other verbatim recording of a conference is made.

.04 The senior Service representative at the conference ensures that the taxpayer has full opportunity to present views on all the issues in question. The Service representatives explain the Service's tentative decision on the substantive issues and the reasons for it. If prospective application under section 7805(b) of the Code is advanced by the taxpayer, the Service representative will discuss the tentative recommendation concerning the request for relief and the reason for the tentative recommendation. No commitment will be made as to the conclusion that the Service will finally adopt.

.05 An invitation to an individual conference is made if, after the conference of right, an adverse holding is proposed either (1) on a new issue or (2) on the same issue but on grounds different from those discussed at the first conference. When a proposed holding is reversed at a higher level with a result less favorable to the taxpayer, the taxpayer has no right to another conference if the grounds or arguments on which the reversal is based were discussed at the conference of right. The limitation on the number of conferences to which a

taxpayer is entitled does not prevent inviting a taxpayer to attend further conferences when National Office personnel think they are necessary. These additional conferences are held only at the invitation of the National Office.

.06 The taxpayer is responsible for furnishing in writing to the National Office within 21 calendar days after the conference any additional data, line of reasoning, precedents, etc., that the taxpayer proposed and that were discussed at the conference but not previously or adequately presented in writing. An extension of the 21-day period may be granted only if the taxpayer justifies it in writing and the Chief or the Assistant Chief of the Technical branch to which the case is assigned approves it. Procedures for requesting an extension of the 21-day period and notifying the taxpayer or the taxpayer's representative of the Service's decision are the same as those in section 8.01. Any additional material should be submitted in duplicate to the National Office. If the additional information would have a significant impact on the facts in the request for technical advice, the National Office sends a copy to the District Director or the Chief, Appeals Office, for comment on the facts contained in the additional information submitted. The District Director or the Chief, Appeals Office, gives the matter prompt attention.

.07 A taxpayer must get information on the status of the request for technical advice by contacting the District or Appeals Office that requested the technical advice.

.08 A District Director or a Chief, Appeals Office, may get current information on the status of the request for technical advice by calling the person whose name and telephone number are shown on the acknowledgement of receipt of the request for technical advice.

SEC. 9. PREPARATION OF TECHNICAL ADVICE MEMORANDUM BY THE NATIONAL OFFICE

.01 As soon as the request for technical advice is assigned, the technical employee analyzes the file to see whether it meets all requirements of section 5. If it does not comply with the requirements of section 5.09 relating to the statement of proposed deletions, the National Office makes the deletions from the technical advice memorandum that the Commissioner determines are required by section 6110(c) of the Code.

.02 Usually, within 21 calendar days after the Branch Office receives the request for technical advice, a representative of the Branch telephones the District or Appeals Office to discuss the procedural and substantive issues in the request that come wihtin the Branch's jurisdiction. The Branch representative informs the District or Appeals Office:

(a) that the case is being returned because substantial additional information is required to resolve an issue, because significant unresolved factual variances exist between the statements of facts submitted by the District or Appeals Office and the taxpayer, or because major procedural problems cannot be resolved by phone; or

(b) that the case is not being returned but more information is needed or minor procedural deficiencies exist; or

(c) what the Branch representative's tentative conclusion is and the estimated date that the technical advice memorandum will be mailed; or

(d) that a tentative conclusion has not been reached because of the complexity of the issue and the estimated date the tentative conclusion will be made.

.03 Within 21 calendar days after the Branch receives the additional information requested in section 9.02(b), the Branch representatives telephones the District or Appeals Office to discuss the procedural and substantive issues in the request that come within the jurisdiction of the Branch. The representative indicates either (1) the tentative conclusion and the estimated date the technical advice memorandum will be mailed, or (2) the fact that a tentative conclusion has not been reached because of the complexity of the issue and the estimated date the tentative conclusion will be made.

.04 Because the Branch representative's tentative conclusion may change during the preparation and review of the technical advice memorandum, it is not, under any circumstances, considered final. The District or Appeals Office may not tell the taxpayer what the tentative conclusion is.

.05 When the technical advice request concerns matters within the jurisdiction of more than one Branch or more than one office in the same Branch, a representative of the Branch that received the original technical advice request informs the District or Appeals Office within the initial 21 calendar day period: (1) that the matters within the jurisdiction of another Branch or another office in the same Branch have been referred to the other Branch or office for consideration, and (2) that a representative of the other Branch or office will contact the District or Appeals Office about the referral of the technical advice request within 21 calendar days after receiving it in accordance with section 9.02.

.06 Generally, before replying to the request for technical advice, the National Office informs the taxpayer orally or in writing of the material likely to appear in the technical advice memorandum which the taxpayer proposed be deleted but which the Service determined should not be deleted. If so informed, the taxpayer may submit within 10 calendar days any further information, arguments, or other material that should be deleted. The Service attempts, if possible, to resolve all disagreements about proposed deletions before the National Office replies to the request for technical advice. However, the taxpayer does not have the right to a conference to resolve any disagreements about material to be deleted from the text of the technical advice memorandum. These matters, however, may be considered at any conference otherwise scheduled for the request.

.07 Replies to requests for technical advice are addressed to the District Director or the Chief, Appeals Office. When a request for technical advice is from Appeals, the response to the appropriate Appeals Office

will be routed through the Director, Appeals Division, CC:AP:PT. The replies to technical advice requests are in two parts. Each part identifies the taxpayer by name, address, identification number, and year or years involved. The first part of the reply is a transmittal memorandum. In unusual cases it is a way of giving the District or Appeals Office administrative information or other information that under the nondisclosure statutes or for other reasons, may not be discussed with the taxpayer. The second part (the "technical advice memorandum") contains: (1) a statement of the issues; (2) a statement of the pertinent facts in the issues; (3) a statement of the pertinent law, tax treaties, regulations, revenue rulings and other precedents published in the Bulletin, and court decisions; (4) a discussion of the rationale developed by the National Office; and (5) the conclusions of the National Office. The conclusions give direct answers, whenever possible, to the specific questions of the District or Appeals Office. The discussion of the issues is in enough detail so the District or Appeals officials know the reasoning underlying the conclusion. Accompanying the technical advice memorandum is a notice, under section 6110(f)(1) of the Code, of intention to disclose a technical advice memorandum (including a copy of the version proposed to be open to public inspection and notations of third party communications under section 6110(d)). The District Director or the Chief, Appeals Office, forwards this notice to the taxpayer when the District Director or the Chief, Appeals Office gives a copy of the technical advice memorandum to the taxpayer according to section 9.08.

.08 The general practice of the Service is to give a copy of the technical advice memorandum to the taxpayer after it has been adopted by the District Director or the Chief, Appeals Office. However, in the case of technical advice memoranda described in section 6110(g)(5)(A) of the Code, relating to cases involving criminal or civil fraud investigations and jeopardy or termination assessments, a copy of the technical advice memorandum is not given to the taxpayer until all proceedings in the investigations or assessments are completed.

.09 If after receiving the notice under section 6110(f)(1) of the Code of intention to disclose the technical advice memorandum the taxpayer wants to protest the disclosure of certain information in it, the taxpayer must submit a written statement within 20 calendar days identifying those deletions not made by the Service that the taxpayer believes should have been made. The taxpayer must also submit a copy of the version of the technical advice memorandum proposed to be open to public inspection with brackets around deletions that are proposed by the taxpayer but that have not been made by the National Office. Generally, the National Office does not consider the deletion of any material that the taxpayer has not proposed be deleted before the National Office sent its reply to the request for technical advice to the District Director or the Chief, Appeals Office. Within 20 days after it receives the taxpayer's response to the notice under section 6110(f)(1), the National Office must mail the taxpayer its final administrative conclusion about the deletions to be made.

SEC. 10. ACTION ON TECHNICAL ADVICE IN DISTRICT AND APPEALS OFFICES

.01 The District Director or the Chief, Appeals Office, processes the taxpayer's case on the basis of the conclusions in the technical advice memorandum unless (1) the District Director or the Chief, Appeals Office, thinks that the conclusions reached by the National Office in a technical advice memorandum should be reconsidered, or (2) the Chief, Appeals Office, in the case of technical advice unfavorable to the taxpayer, decides to settle the issue in the usual manner under existing authority.

.02 The District Director or the Chief, Appeals Office, gives the taxpayer (1) a copy of the technical advice memorandum described in section 9.07, and (2) the notice under section 6110(f)(1) of the Code of intention to disclose the technical advice memorandum (including a copy of the version proposed to be open to public inspection and notations of third party communications under section 6110(d)). This requirement does not apply to technical advice memoranda involving civil fraud or criminal investigations; jeopardy or termination assessments, as described in section 5.10; or documents to which section 6104 applies.

.03 In those cases in which the National Office tells the District Director or the Chief, Appeals Office, that a copy of the technical advice memorandum should not be given to the taxpayer, the District Director or the Chief, Appeals Office, tells this to the taxpayer if the taxpayer requests a copy.

SEC. 11. EFFECT OF TECHNICAL ADVICE

.01 Except in rare or unusual circumstances, a holding in a technical advice memorandum that is favorable to the taxpayer is applied retroactively. Moreover, since technical advice, as described in section 4.04 of this revenue procedure, is issued only on closed transactions, a holding that is adverse to the taxpayer is also applied retroactively unless the Associate Chief Counsel (Technical) exercises the discretionary authority under section 7805(b) of the Code to limit the retroactive effect of the holding.

.02 A holding that modifies or revokes a holding in a prior technical advice memorandum is applied retroactively, with one exception. If the new holding is less favorable to the taxpayer than the earlier one, it generally is not applied to the period in which the taxpayer relied on the prior holding in situations involving continuing transactions.

.03 If a technical advise memorandum relates to a continuing action or a series of actions, it is ordinarily applied until specifically withdrawn or until the conclusion is modified or revoked by enactment of legislation, ratification of a tax treaty, or issuance of a United States Supreme Court decision, regulations (tempo-

rary or final), a revenue ruling, or other statement published in the Internal Revenue Bulletin. Publication of a notice of the proposed rulemaking does not affect the application of a technical advice memorandum.

.04 Generally, a technical advice memorandum that revokes or modifies a letter ruling or another technical advice memorandum is not applied retroactively for either the taxpayer to whom or for whom the ruling or memorandum was originally issued or for a taxpayer whose tax liability was directly involved in such ruling or memorandum if: (1) there has been no misstatement or omission of material facts; (2) the facts later developed are not materially different from the facts on which the ruling or memorandum was based; (3) there has been no change in the applicable law; (4) the ruling was originally issued for a prospective or proposed transaction; and (5) the taxpayer directly involved in the ruling or memorandum acted in good faith in relying on the ruling or memorandum and the retroactive revocation would be to the taxpayer's detriment. The tax liabilities of members of an industry are not directly affected by a ruling or a memorandum issued to or for one of the members. The holding in a revocation or modification of a ruling or a memorandum to or for one member of an industry may be retroactively applied to other members of that industry. A tax practitioner may not obtain the nonretroactive application for one client of a modification or revocation of a ruling or a memorandum that was previously issued to or for another client. When a ruling to a taxpayer or a memorandum involving a taxpayer is revoked with retroactive effect, the notice to the taxpayer, except in fraud cases, sets forth the grounds on which the revocation is being made and the reasons why the revocation is being applied retroactively.

SEC. 12. PROCEDURES FOR REQUESTING APPLICATION OF SECTION 7805(b) IN THE CASE OF TECHNICAL ADVICE

.01 Pursuant to section 7805(b) of the Code, it is within the discretion of the Commissioner or the Commissioner's delegate to prescribe the extent, if any, to which any ruling (including technical advice) will be applied without retroactive effect.

A taxpayer to whom a technical advice memorandum has been addressed or with respect to whom a technical advice request is pending may request that the Associate Chief Counsel (Technical), the Commissioner's delegate, exercise the discretionary authority under section 7805(b) of the Code to limit the retroactive effect of any holding stated in the technical advice memorandum or to limit the retroactive effect of any subsequent modification or revocation of the technical advice memorandum.

.02 When a technical advice memorandum that concerns a continuing transaction is modified or revoked by, for example, a subsequent revenue ruling or final regulations, a request to limit the retroactive effect of the modification or revocation of the technical advice memorandum must be made in the form of a request for a ruling when the request is submitted before a return is examined that contains the transaction that is the subject of the request for ruling. See section 20.02 of Rev. Proc. 84-1, page 342 of this Bulletin.

.03 When a taxpayer is informed of the modification or revocation of a technical advice memorandum, ruling letter, or determination letter during the course of an examination of the taxpayer's return by the District Director or during consideration by the Chief, Appeals Office, a request to limit the retroactive application of the modification or revocation of the technical advice memorandum, ruling letter, or determination letter must itself be made in the form of a request for technical advice. See section 5 of this revenue procedure. However, the taxpayer must also submit a statement, which will be forwarded to the National Office with the request for technical advice, that the request for technical advice is being made pursuant to section 7805(b) of the Code. This statement must also set forth the relief sought and an explanation of the reasons and arguments in support of the relief requested, and it must be accompanied by any documents bearing on the request. The explanation in support of the application of section 7805(b) should include a discussion of the five items enumerated in section 11.04 of this revenue procedure as they relate to the taxpayer's particular situation.

.04 A request to limit the retroactive effect of a holding in a technical advice memorandum that does not modify or revoke a technical advice memorandum may be made as part of that technical advice request, either initially, or at any time before the technical advice memorandum is issued by the National Office. In such a case, the taxpayer must also submit a statement in support of the application of section 7805(b) of the Code, as described in .03 above.

.05 When a request for technical advice concerns only the application of section 7805(b) of the Code, the taxpayer has the right to a conference in the National Office in accordance with the provisions of section 8 of this revenue procedure. If the request for application of section 7805(b) is included in the request for technical advice on the substantive issues or is made before the conference of right on the substantive issues, the section 7805(b) issue will be discussed at the taxpayer's one conference of right. If the request for the application of section 7805(b) is made as part of a pending technical advice request after a conference has been held on the substantive issue, and the Service determines that there is justification for having delayed the request, then the taxpayer will have the right to one conference of right concerning the application of section 7805(b) with the conference limited to discussion of this issue.

SEC. 13. EFFECT ON OTHER DOCUMENTS

Rev. Proc. 83-2 is superseded.

26 CFR 601.105: Examination of returns and claims for refund, credit or abatement; determination of correct tax liability.
(Also Part I, Section 994; 1.994-1.)

Rev. Proc. 84-3

SECTION 1. SCOPE

This revenue procedure, in accordance with section 1.994-1(e)(5)(v) of the Income Tax Regulations, prescribes the conditions and the procedures to be followed in cases in which intercompany prices paid by a DISC to its related supplier or commissions paid by a related supplier to a DISC, as originally determined by the parties under section 994 of the Internal Revenue Code, are redetermined by the Internal Revenue Service in a manner that results in an increase of the intercompany prices or reduction of the commissions. Procedures are prescribed below by which the DISC's related supplier and/or shareholder may request an adjustment of accounts and a reclassification of actual distributions previously made with respect to all or a part of the amount of the pricing or commission redetermination.

SEC. 2. BACKGROUND AND PURPOSE

Section 995(b) of the Code treats a portion of a DISC's taxable income for each taxable year as a deemed distribution to its shareholder, which is taxable to the shareholder as a dividend. Under section 996(a)(3) of the Code, actual distributions by a DISC out of previously taxed income (PTI), which consists of amounts taxed to a DISC's shareholder under section 995(b) are excluded from the shareholder's gross income. Actual distributions by a DISC out of its accumulated DISC income (ADI) or other earnings and profits (not constituting either PTI or ADI) are taxable to the DISC's shareholder as ordinary dividends.

Redeterminations by the Service of intercompany prices or commissions determined under the section 994(a) pricing rules generally have the effect of reducing a DISC's PTI and ADI for the taxable year of the redetermination. As a result of such a reduction in PTI, a portion of any nontaxable distribution previously made by a DISC out of PTI as originally computed by the parties is reclassified as a taxable distribution out of ADI or other earnings and profits.

SEC. 3. CASES IN WHICH ADJUSTMENT OF ACCOUNTS WILL BE PERMITTED

.01 The treatment provided in this revenue procedure will be available with respect to all transactions for any taxable year of a DISC to which intercompany prices paid by the DISC to its related supplier, or commissions paid by the related supplier to the DISC, as originally determined by the parties under section 994 of the Code, are subsequently redetermined by the Service in a manner that results in an increase of the intercompany prices or reduction of the commissions provided it is determined by the Service that the arrangements or transactions, or the terms thereof, giving rise to the redetermined intercompany prices or commissions did not have as one of their principal purposes the avoidance of Federal income tax. The determination as to whether one of the principal purposes was avoidance of Federal income tax will be based upon all the facts and circumstances of the case.

.02 The treatment provided in this revenue procedure will not be available if any part of any underpayment of tax by the related supplier and/or shareholder for any taxable year affected by the Service's redetermination is due to fraud.

SEC. 4. ADJUSTMENTS TO BE MADE OR ALLOWED

.01 In a case qualifying under section 3 above in which the DISC's shareholder complies with the requirements of section 5 below, the shareholder shall be permitted to exclude from its gross income all or part of any actual distribution received from the DISC that was originally a nontaxable distribution out of the DISC's PTI, but would (but for the application of this section 4.01) be converted into a taxable distribution out of the DISC's ADI or other earnings and profits by reason of a redetermination of DISC taxable income made by the Service for the taxable year of the DISC in which such distribution occurred. To the extent that a distribution is excluded from gross income pursuant to this paragraph, it shall not qualify as a distribution out of any of the DISC's earnings and profits accounts, or as a dividend under section 316 of the Code or for any other Federal income tax purpose; for example, no foreign tax shall be deemed to have been paid with respect thereto for purposes of the foreign tax credit under section 901(d) of the Code.

.02 In a case to which section 4.01 above applies, the account receivable established under section 1.994-1(e)(5) of the regulations by the DISC's related supplier in respect of the transactions which gave rise to the redetermination of the intercompany prices or commissions shall be deemed to have been paid by the DISC to the related supplier within 90 days after the date on which such account receivable was established to the extent of any amount excluded from the gross income of the DISC's shareholder pursuant to section 4.01 above. Thus, any distribution excluded from gross income under section 4.01 shall be reclassified and treated as a timely payment of an equivalent portion of the amount owed by the DISC to the related supplier by reason of the redetermination. The time, manner, and payment of any excess of an account receivable over an amount reclassified under the preceding sentence and also the interest attributable to an account receivable shall be governed by the rules set forth in section 1.994-1(e)(5) of the regulations.

.03 If the shareholder referred to in section 4.01 above and the related supplier referred to in section 4.02 above are different parties, the related supplier shall establish an account receivable from the shareholder for any amount which is excluded from the gross income of the shareholder under section 4.01 and deemed paid to the related supplier under section 4.02. The time and manner of payment of such account receivable and interest attributable thereto shall be governed by the rules applicable to accounts receivable established under section 1.994-1(e)(5) of the regulations.

.04 The election of a DISC's shareholder to invoke this revenue proce-

dure in no way affects the redetermination by the Service of the intercompany prices payable by the DISC or the commissions payable to the DISC. Such election shall, however, affect the taxable income of the shareholder, the DISC, and the DISC's related supplier to the extent indicated by sections 4.01, 4.02, and 4.03 above.

SEC. 5. PROCEDURES TO BE FOLLOWED

.01 *Cases pending with the Internal Revenue Service*

1 If a DISC's shareholder desires to invoke this revenue procedure, it must file a request in writing with the District Director of Internal Revenue or the Appeals Office having jurisdiction of the case before closing action is taken on the redetermination of DISC taxable income. The request shall be signed by a person having the authority to sign the shareholder's Federal income tax returns, and shall contain the following:

(a) a request that the shareholder be granted the treatment provided by section 4 of this revenue procedure for the years indicated; and

(b) an offer to enter into a closing agreement under section 7121 of the Code as provided in section 5.013 below.

2 The Service will determine whether the affected parties qualify under section 3 above for the requested treatment and inform the shareholder of its decision. If the request is rejected, the shareholder may pursue the matter through established channels of administrative appeal.

3 If the Service concludes that section 4 above properly applies and if the amount of the redetermination of DISC taxable income has been agreed upon, the shareholder will be requested to enter into a closing agreement, binding itself, the DISC, and any affected related supplier, establishing for each year involved:

(a) the amount of the redetermination of DISC taxable income;

(b) the amount of any actual distributions received by the shareholder which it elects to exclude from income under section 4.01 above;

(c) the amount of the account receivable from the DISC established by the DISC's related supplier under section 1.994-1(e)(5) of the regulations, net of the deemed payment under section 4.02 above;

(d) the amount of the account receivable from the DISC's shareholder established by the related supplier under section 4.03 above; and

(e) the parties' rights to receive payment of the accounts receivable referred to in (c) and (d) above free of further Federal income tax consequences, provided such payments are made within the time and in the manner prescribed by §1.994-1(e)(5) of the regulations.

.02 *Cases pending before the United States Tax Court.*—If a case has reached trial status in the Tax Court and it is determined that the taxpayer is entitled to the benefits of the provisions of section 4 above, the parties may stipulate or otherwise arrange with the Court so that any adjustment in tax for the years before the Court will reflect the application of section 4 above, procided the DISC's shareholder executes the required closing agreement.

.03 *Closed cases.*—In any closed case involving a redetermination of DISC income, the DISC's shareholder may file a request for the treatment provided by section 4 above, if such treatment will not change any taxpayer's liability for a year which is barred by the statute of limitations, or a year for which the tax liability has been finally determined by offer in compromise, closing agreement, or court action. Such request must be filed within 180 days after January 9, 1984, with the District Director for the District in which the shareholder filed its tax return for the year to which such redetermination relates, and shall contain the information required by section 5.011 above. The request will then be processed in the same manner as in a pending case described in sections 5.012 and 5.013 above.

.04 *Cases with the jurisdiction of the Department of Justice.*—If a taxpayer files a request for treatment under section 4 above with the appropriate District Director, with respect to a case within the jurisdiction of the Department of Justice, the Service, through its Chief Counsel, will recommend to the Department of Justice the action to be taken with respect to the taxpayer's request.

SEC. 6. EFFECTIVE DATE

This revenue procedure will not be effective until section 1.994-1(e)(5)(v) of the proposed Income Tax Regulations published in the Federal Register on January 9, 1984, is adopted in final form.
