NATIONAL INDUSTRIAL RECOVERY BOARD,
By W. A. HARRIMAN, *Administrative Officer.*

Approval recommended:

ROBT. N. CAMPBELL,
Acting Division Administrator.

WASHINGTON, D. C.,
May 7, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Construction Industry as approved by you on January 31st, 1934. The amendment has been duly submitted by the National Code Authority on behalf of the Industry. All those interested have had ample opportunity to file objections, and no such objections have been received.

The effect of the amendment to Article IV, B Section 2 (c) is to permit the Construction Code Authority to consider and examine any amendments to the supplemental Codes. The purpose of this amendment is to bring about proper coordination within the Industry and between its various divisions and subdivisions.

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth and on the basis of the proceedings in this matter:

The Board finds that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provision of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The Code as amended is not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, the National Industrial Recovery Board has approved this amendment.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

MAY 7, 1935.

AMENDMENT TO CODE OF FAIR COMPETITION FOR THE CONSTRUCTION INDUSTRY

Amend Article IV, B, Section 2 (c) by deleting the present section and, in lieu thereof, insert the following:

(c) It shall study the provisions incorporated in this Code applicable to its own division, and the operation thereof, and may make such recommendations to the National Industrial Recovery Board as it deems desirable for amendment thereto, provided that the Construction Code Authority shall be given ample opportunity to consider and examine any such recommendations for amendment thereto, prior to their approval by the National Industrial Recovery Board to the end that there may be proper coordination within the industry and between its various divisions and subdivisions. Such recommendations, upon approval of the National Industrial Recovery Board after such notice and hearing as it may prescribe shall become a part of this Code and have full force and effect as provisions hereof.

Approved Code No. 244—Amendment No. 7.
