## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: An application has been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act for an Amendment to Article III, Section 5 of the Code of Fair Competition for the Men's Neckwear Industry approved on March 24th, 1934.

The Code Authority for the Men's Neckwear Industry, acting in accordance with Paragraph 3 of Article III, Section 5 of the Code, recommended on May 4th, 1934, a Schedule of Piece Rates to cover the manufacture of the open margined, lined large end, French, small and closed, short pieced tie, a style of tie for which Piece Rates were not established in the original Code as approved.

On May 29th a notice of opportunity to file objections to the Administrator's announced intention of approving said Piece Rates recommended by the Code Authority was issued by the Administrator and distributed by the Code Authority to every member of the Industry. The objections which were filed pursuant to this notice although carefully considered by the Deputy Administrator, were not deemed to be of sufficient importance to warrant the disapproval of the action taken by the Code Authority in recommending the approval of the piece-rates.

The Deputy Administrator in his final report to me on said amendments to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendments to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendments on behalf of the Industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, these amendments have been approved.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*

JUNE 15, 1934.
