WASHINGTON, D. C.,

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on three amendments to the Supplementary Code of Fair Competition for the Prison Equipment Manufacturing Industry, defining the terms "Prison Equipment Manufacturing Industry", "industry products" and "member of the industry."

These amendments were proposed in accordance with Article X, Section 2 of the Supplementary Code, approved July 5, 1934.

Notice of Opportunity to be Heard was given from October 11, 1934, to October 24, 1934. No objection has been filed against these amendments of the Supplementary Code.

FINDINGS

The Assistant Deputy Administrator in his final report to us on said amendment of said Supplementary Code having found as herein set forth and on the basis of all the proceedings in this matter. We find that:

(a) The amendments of said Supplementary Code and the Supplementary Code as amended are well constituted to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of Industry for the purposes of cooperative action among the Trade Groups, by inducing and maintaining united action of labor and management under adequate Government sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, and improving standards of labor, and by otherwise rehabilitating industry.

(b) The Supplementary Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Supplementary Code empowers the Supplementary Code Authority to present the aforesaid amendments on behalf of the Industry as a whole.

(d) The amendments and the Supplementary Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendments and the Supplementary Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendments.

For this reason, these amendments have been approved by us.
For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.
