## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: A Public Hearing on an amendment to the Code of Fair Competition for the Chinaware and Porcelain Manufacturing Industry, submitted by the Code Authority for that Industry, was conducted in Washington on February 14, 1934, in accordance with the provisions of the National Industrial Recovery Act.

The amendment is to cover the equalization of freight on Government contract bids. This provision is necessary in order to allow fair competitive bids on such contracts by manufacturers located in different parts of the country.

### FINDINGS

The Deputy Administrator in his final report to me on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter;

I find that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of the industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The American Vitrified China Manufacturers Association was and is an industrial association truly representative of the vitrified branch of the aforesaid industry and that said association imposed and imposes no inequitable restrictions on admission to membership therein and has applied for or consents to this amendment.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*

MARCH 16, 1934.
