CANVAS STITCHED BELT MANUFACTURING INDUSTRY

An application having been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act, approved June 16, 1933, for approval of two amendments to a Code of Fair Competition for the Canvas Stitched Belt Manufacturing Industry, and opportunity to be heard having been duly afforded all interested parties and the annexed report on said amendments, containing findings with respect thereto, having been made and directed to the President:

NATIONAL INDUSTRIAL RECOVERY BOARD,
By W. A. HARRIMAN, *Administrative Officer.*

Approval recommended:

PRENTISS L. COONLEY,
Division Administrator.

WASHINGTON, D. C.,
February 14, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on two amendments to the Code of Fair Competition for the Canvas Stitched Belt Manufacturing Industry. The amendments which are attached were presented by the Code Authority for the Canvas Stitched Belt Manufacturing Industry.

Notice of opportunity to be heard was given all interested parties, and no objections were received.

One amendment revises the definition of the term "Industry" to include the Balata Belt Manufacturing Industry and the other specifies that the weight per commercial yard of cotton duck must be stated in billing or quoting the price of any standard competitive grade of canvas stitched belting.

The Deputy Administrator in his final report on said amendments to said Code having found as herein set forth and on the basis of all proceedings in this matter;

The National Industrial Recovery Board finds that:

(a) The amendments to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendments on behalf of the Industry as a whole.

(d) The amendments and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendments.

For the above reasons these amendments have been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

FEBRUARY 14, 1935.
