PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-129. A concurrent resolution adopted by the General Assembly of the State of Ohio designating Central State University as Ohio's 1890 land grant university and requesting that the United States Congress pass legislation and the United States Department of Agriculture take steps to recognize that designation and provide the institution with all of the benefits of the designation; to the Committee on Agriculture, Nutrition, and Forestry.

SENATE CONCURRENT RESOLUTION NO. 30

Whereas, the United States Congress enacted and the President of the United States signed into law the Morrill Act of 1862 permitting each state to designate at least one institution as a "land grant" college or university where the leading object is the teaching of agriculture and the mechanic arts, initially endowing such institution with a grant of land or scrip for the receiving state to sell and invest on behalf of the institution; and

Whereas, the United States Congress enacted and the President of the United States signed into law the Second Morrill Act of 1890 to extend access to higher education by providing sustained federal support for all land grant institutions and to expand and enhance educational opportunities in agriculture and the mechanic arts for Black Americans; and

Whereas, the State of Ohio established The Ohio State University as the state's land grant university under the Morrill Act of 1862 in order to provide excellent educational opportunities to all Ohioans; and

Whereas, the State of Ohio, in 1887, created the Combined Normal and Industrial Department of Wilberforce University to provide teacher training and vocational education open to all qualified applicants of good and moral character; and

Whereas, Central State University is the successor of that institution and continues to provide baccalaureate and graduate educational opportunities in a wide variety of agriculture-related disciplines; and

Whereas, Central State University is Ohio's only public historically Black college or university; and

Whereas, Central State University and its predecessor institutions have made the same extraordinary contributions to the education of African Americans in the State of Ohio as other 1890 universities have made in their respective states; and

Whereas, the Ohio General Assembly desires to designate Central State University as an 1890 land grant university under the Second Morrill Act; therefore be it

Resolved, That we, the members of the 129th General Assembly of Ohio, in adopting this Resolution, designate Central State University as a land grant university under the Second Morrill Act of 1890 and request that the United States Congress pass legislation, and the United States Department of Agriculture take the necessary steps, to recognize that designation and to provide Central State University with all of the benefits of such designation; and be it further

Resolved, That the Clerk of the Senate transmit a duly authenticated copy of this Resolution to the Secretary of the United States Department of Agriculture, the Speaker, Majority Leader, and Minority Leader of the United States House of Representatives, and the President Pro Tempore, Majority Leader, and Minority Leader of the United States Senate.

POM-130. A resolution adopted by the House of Representatives of the State of Illinois urging the President and Congress to begin an expedited withdrawal of forces from Afghanistan; to the Committee on Armed Services.

HOUSE RESOLUTION NO. 824

Whereas, the United States of America was attacked in a well-coordinated operation by a group of terrorists on September 11, 2001; and

Whereas, almost 3,000 innocent men, women, and children were killed as a result of the airplanes that were hijacked by the terrorists and subsequently crashed into the World Trade Center, the Pentagon, and an open field in Shanksville, Pennsylvania; and

Whereas, the terrorists were proven to be members of the terrorist organization known as al-Qaeda, which was led by Osama bin Laden; and

Whereas, the al-Qaeda terrorist organization had operated for years from sanctuary locations based in Afghanistan; the group conducted numerous acts of terror over the years against U.S. targets both on the U.S. mainland and in other locations throughout the world, which had been planned in those sanctuary locations; and

Whereas, in order to disrupt and destroy the al-Qaeda terrorist organization and capture or eliminate its leaders, it was necessary to attack the organization's sanctuary bases; and

Whereas, in October of 2001, the United States military, acting under orders issued by Commander-in-Chief President George W. Bush, attacked al-Qaeda sanctuary bases in Afghanistan in conjunction with local Afghan forces opposed to the terrorist organization operating in their country; and

Whereas, the United States military, in the finest traditions of America's fighting forces, had great success in disrupting, dispersing, and destroying al-Qaeda operations and eliminating many of its senior leaders; and

Whereas, President Barack Obama, succeeding President Bush as Commander-in-Chief, did continue and strengthen the efforts to completely destroy al-Qaeda; such efforts resulted in the killing of Osama bin Laden, the leader of al-Qaeda, bringing the world's leading terrorist to justice for the many acts of murder which he and his organization carried out; and

Whereas, the United States, having joined forces with nations from around the world, led an effort to stabilize Afghanistan by supporting infrastructure projects beneficial to all Afghans and by helping the Afghans understand the positive benefits of equal rights for all, judicial due process, and the rule of law; and

Whereas, after more than a decade of extended military operations to enhance security and with contributions of hundreds of billions of dollars of nation-building resources having been put into the country to foster development, much progress has been made toward the goals of a free and secure society within Afghanistan; and

Whereas, while this progress has come at a high financial cost, it has also cost the lives of more than 1,500 brave American service members and dozens of fighting forces of other nations, all of whom made the ultimate sacrifice in service to their country; and

Whereas, despite this progress, it appears from recent events involving all the International Security Assistance Forces (ISAF) that the presence of the United States military and that of other countries, as well as the civilian consultants that are working to help the Afghan people, has not been accepted by a broad spectrum of the Afghanistan population; and

Whereas, this lack of acceptance places all foreign military and civilian consultant personnel in grave danger, which results in an inability for those personnel to properly conduct the types of operations in which they are engaged; and

Whereas, there is already in place a plan to withdraw most forces from Afghanistan in the 2014 time frame; therefore, be it

Resolved, by the House of Representatives of the Ninety-Seventh General Assembly of the State of Illinois, That we urge the President and Congress to begin an expedited withdrawal of forces from Afghanistan, to the fullest extent possible consistent with strategic military objectives, thus accelerating the current withdrawal plan set in place; and be it further

Resolved, That suitable copies of this resolution be sent to the President, the Speaker of the United States House of

Representatives, and the President pro tempore of the United States Senate.

POM-131. A resolution adopted by the Pecos River Commission requesting that Congress fully fund the National Streamflow Information Program (NSIP) gages associated with the Pecos River Basin and the U.S. Geological Survey place a priority on funding these gages under NSIP; to the Committee on Environment and Public Works.

POM-132. A resolution adopted by the Pecos River Commission requesting that Congress reauthorize the Water Resources Development Act of 2007, Section 5056, and to appropriate sufficient funds to carry out work related to that legislation; to the Committee on Environment and Public Works.

The following messages from the President of the United States were transmitted to the Senate by Mr. Pate, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO PERSONS WHO COMMIT, THREATEN TO COMMIT, OR SUPPORT TERRORISM -- PM 61

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within the 90-day period prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice, stating that the national emergency with respect to persons who commit, threaten to commit, or support terrorism is to continue in effect beyond September 23, 2012.

The crisis constituted by the grave acts of terrorism and threats of terrorism committed by foreign terrorists, including the terrorist attacks on September 11, 2001, in New York and Pennsylvania and against the Pentagon, and the continuing and immediate threat of further attacks on United States nationals or the United States that led to the declaration of a national emergency on September 23, 2001, has not been resolved. These actions pose a continuing unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency declared with respect to persons who commit, threaten to commit, or support terrorism, and maintain in force the comprehensive sanctions to respond to this threat.

BARACK OBAMA.

THE WHITE HOUSE, *September 11, 2012.*

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE TERRORIST ATTACKS ON THE UNITED STATES OF SEPTEMBER 11, 2001—PM 62

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within the 90-day period prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. Consistent with this provision, I have sent to the *Federal Register* the enclosed notice, stating that the emergency declared with respect to the terrorist attacks on the United States of September 11, 2001, is to continue in effect for an additional year.

The terrorist threat that led to the declaration on September 14, 2001, of a national emergency continues. For this reason, I have determined that it is necessary to continue in effect after September 14,

2012, the national emergency with respect to the terrorist threat.

BARACK OBAMA.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-133. A resolution adopted by the House of Representatives of the State of Michigan memorializing the Congress of the United States to provide funding to the United States Army Corps of Engineers for dredging harbors of refuge and repairing and maintaining seawalls of harbors of refuge in Michigan; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 325

Whereas, Regular dredging and maintenance and repair of breakwater seawalls is needed to keep recreational harbors open to boaters in Michigan and the other Great Lakes states. Natural shoaling exacerbated by continued low lake levels has left many recreational harbors too shallow for boaters to enter safely, which is jeopardizing charter fishing operations, local communities, and other businesses that depend on boating. Portage Lake Harbor, Leland Harbor, and Arcadia Harbor are just a few of the fifteen Great Lakes harbors of concern that are dangerously shallow for boaters; and

Whereas, Not only is dredging and maintenance and repair of breakwater seawalls needed to accommodate recreational boaters, but also to provide safe harbor to all types of boaters, including commercial shippers. Maintaining harbors of refuge is a requirement to ensure that our obligation of providing safe shipping lanes for trade is met. With Portage Lake Harbor being one of the four Michigan harbors of refuge along the western side of the state and one of the thirteen statewide, it is a necessity that it be maintained and dredged to a proper depth; and

Whereas, The federal budget did not include funding for dredging harbors of refuge and maintenance and repair of breakwater seawalls of harbors of refuge maintained in the past by the United States Army Corp of Engineers. This lack of funding will cripple the Great Lakes recreational boating and charter fishing industry, impacting millions of boaters, businesses, and communities that they support. Because no funding has been provided, local Great Lakes communities have had to acquire private funding to be able to keep tourism alive during the boating season; and

Whereas, The U.S. Army Corps of Engineers never completed a replacement seawall at Portage Lake Harbor begun in 2003. The seawall is now undermined, further narrowing the shipping channel. The Army Corps has designated the seawall as facing “imminent failure”; and

Whereas, It is necessary, for the safety of commercial shippers and all other Great Lakes traffic, to maintain harbors of refuge and, therefore, it should be deemed worthy to appropriate funds from the federal Harbor Maintenance Trust Fund, which holds surplus funds in excess of $8 billion, to Great Lakes harbors. The relatively small federal investment needed to maintain these harbors is insignificant compared to the billions of dollars and thousands of jobs generated; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to provide funding to the United States Army Corps of Engineers for dredging harbors of refuge and repairing and maintaining seawalls of harbors of refuge in Michigan, particularly Portage Lake Harbor located in Onekama, MI; and be it further

Resolved, That we call on Congress to include funding for the United States Army Corps of Engineers to rebuild and complete the Portage Lake Harbor seawall; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-134. A resolution adopted by the Senate of the State of Rhode Island urging Congress to pass and send to the states a constitutional amendment permitting state and federal regulation and restriction of independent political expenditures; to the Committee on the Judiciary.

JOINT RESOLUTION S. 2656

Whereas, The growing influence of large independent political expenditures by corporations and wealthy individuals is a great and growing concern to the people of the United States and the State of Rhode Island; and

Whereas, In a democracy the assurance of a fair and uncorrupted election process is of the utmost importance, and the Rhode Island General Assembly believes that it is a legitimate and vital role of government to regulate independent political expenditures by corporations, unions, and wealthy individuals; and

Whereas, In fulfillment of this important role the government of the United States and a majority of states have regulated and restricted independent political expenditures by corporations; and

Whereas, In 2010, the Supreme Court of the United States decided by a bare majority in Citizens United v. Federal Elections Commission that the First Amendment of the Constitution of the United States prohibits restrictions on the use of corporate and union treasury funds for electioneering; and

Whereas, Citizens United was a dramatic reversal of established Supreme Court precedent, and overturned decades of statutes enacted by Congress and numerous state legislatures; and

Whereas, Citizens United has served as precedent for further legal decisions harming our democratic system of government,

including SpecchNow.org v. FEC, which allows wealthy individuals to anonymously channel unlimited political expenditures through Super PACs; and

Whereas, In the wake of Citizens United there has been an exponential increase in large independent political expenditures by corporations and wealthy individuals which threatens the integrity of the election process, corrupts our candidates, dilutes the power of individual voters and distort the public discourse; and

Whereas, Article V of the United States Constitution empowers and obligates the people of the United States of America to use the constitutional amendment process to amend their constitution; now, therefore be it

Resolved, That this General Assembly of the State of Rhode Island and Providence Plantations respectfully urges the Congress of the United States to pass and send to the states for ratification an amendment to the constitution to effectively overturn the holding of Citizens United and it's progeny and to permit the governments of the United States and the several states to regulate and restrict independent political expenditures by corporations and wealthy individuals; and be it further

Resolved, That the Secretary of State be and he hereby is authorized and directed to transmit duly certified copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and to each Senator and Representative from Rhode Island in the Congress of the United States.

POM-135. A resolution adopted by the House of Representatives of the State of Rhode Island urging Congress to pass and send to the states a constitutional amendment permitting state and federal regulation and restriction of independent political expenditures; to the Committee on the Judiciary.

JOINT RESOLUTION H. 7899

Whereas, The growing influence of large independent political expenditures by corporations and wealthy individuals is a great and growing concern to the people of the United States and the State of Rhode Island; and

POM-136. A concurrent resolution adopted by the House of Representatives of the Legislature of the State of Kansas urging the Congress of the United States to extend equal benefits and compensation for the treatment of Agent Orange exposure to Vietnam era veterans who served outside of Vietnam; to the Committee on Veterans' Affairs.

HOUSE CONCURRENT RESOLUTION NO. 5016

Whereas, Thousands of veterans of the Vietnam War suffer from the effects of exposure to Agent Orange, a powerful and toxic defoliant used to clear areas of dense vegetation used as enemy hideouts; and

Whereas, Agent Orange exposure causes a variety of devastating health effects, such as increased rates of cancer, immune system disorders and genetic maladies which lead to birth defects in the children of those exposed; and

Whereas, Although the use of Agent Orange is most commonly associated with the country of Vietnam, it was also used extensively in surrounding areas such as Thailand; and

Whereas, Many veterans affected by exposure to Agent Orange proudly and bravely served their country without ever actually setting foot in Vietnam itself; and

Whereas, These veterans are struggling to obtain the same medical benefits and compensation to deal with their exposure as those who served on the ground in Vietnam: Now, therefore, be it

Resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That the Congress of the United States is urged to work with the Department of Veterans Affairs to ensure that Vietnam era veterans who served in support of the Vietnam War are able to receive the same medical benefits and compensation for the treatment of Agent Orange exposure as those who served within the country's borders.

NOTIFICATION OF THE PRESIDENT'S INTENT TO TERMINATE THE DESIGNATION OF THE FEDERATION OF SAINT KITTS AND NEVIS AS A BENEFICIARY DEVELOPING COUNTRY UNDER THE GENERALIZED SYSTEM OF PREFERENCES (GSP) PROGRAM -- PM 64

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Finance:

To the Congress of the United States:

In accordance with section 502(f)(2) of the Trade Act of 1974, as amended (the "1974 Act") (19 U.S.C. 2462(f)(2)), I am providing notification of my intent to terminate the designation of the Federation of Saint Kitts and Nevis (St. Kitts and Nevis) as a beneficiary developing country under the Generalized System of Preferences (GSP) program. Section 502(e) of the 1974 Act (19 U.S.C. 2462(e)) provides that if the President determines that a beneficiary developing country has become a "high-income" country, as defined by the official statistics of the International Bank for Reconstruction and Development (i.e., the World Bank), then the President shall terminate the designation of such country as a beneficiary developing country for purposes of the GSP, effective on January 1 of the second year following the year in which such determination is made.

Pursuant to section 502(e) of the 1974 Act, I have determined that it is appropriate to terminate the designation of St. Kitts and Nevis as a beneficiary developing country under the GSP program because it has become a high-income country as defined by the World Bank. Accordingly, St. Kitts and Nevis' eligibility for trade benefits under the GSP program will end on January 1, 2014.
