———replace President Obama's proposed Outer Continental Shelf oil and gas leasing program with a congressional plan that will conduct additional lease sales (see S. 176), [29JA]
———require Bureau of Safety and Environmental Enforcement to promote artificial reefs (see S. 1079), [23MY]
Dept. of Transportation: ensure that on-duty time for certain commercial motor vehicle drivers does not include waiting time at natural gas or oil well sites (see S. 1380), [29JY]
EPA: impose carbon pollution fee and use proceeds to provide rebate to consumers and reduce greenhouse gas emissions, and regulate hydraulic fracturing (see S. 332), [14FE]
Gulf of Mexico: authorize use of certain offshore oil and gas platforms for artificial reefs (see S. 96), [23JA]
Israel: improve U.S.-Israel energy cooperation (see S. 1491), [10SE]
Motor vehicles: provide regulatory parity for alternative fuel vehicles (see S. 1355), [24JY]

Pipelines: establish State revolving loan funds to repair or replace natural gas distribution pipelines (see S. 1768), [21NO]
———require gas pipeline facilities to accelerate the repair, rehabilitation, and replacement of high-risk pipelines used in commerce (see S. 1767), [21NO]
Power resources: achieve domestic energy independence by empowering States to control development and production of all forms of energy on all available Federal land (see S. 1233), [26JN]
———clarify that a State has the sole authority to regulate hydraulic fracturing on Federal land within the boundaries of the State (see S. 1234), [26JN]
———eliminate certain subsidies for fossil-fuel production (see S. 1762), [21NO]
———eliminate certain subsidies for fossil-fuel production and extend certain renewable energy tax incentives (see S. 329), [14FE]
———establish and implement oil and gas leasing programs for the Outer Continental Shelf and the Coastal Plain of Alaska, and streamline regulation of other energy projects (see S. 17), [27FE]
———establish partnership between States that produce energy onshore and offshore and the Federal Government (see S. 630), [20MR] (see S. 1273), [10JY]
———facilitate domestic energy production to reduce energy costs and spur economic growth and job creation (see S. 1401), [31JY]
———recognize primacy of States relative to regulation of hydraulic fracturing on Federal land within the boundaries of the State (see S. 1482), [1AU]
Renewable energy: establish a Federal renewable electricity standard and a Federal energy efficiency resource standard for electricity and natural gas suppliers (see S. 1627), [31OC]
States: recognize authority to regulate oil and gas operations and promote American energy security, development, and job creation (see S. 1743), [20NO]
Taxation: eliminate taxable income limit on percentage depletion for oil and natural gas produced from marginal properties (see S. 1833), [17DE]
———oppose Federal efforts to establish a carbon tax on fuels for electricity and transportation (see S. Con. Res. 4), [28JA]
———provide for equalization of the excise tax on liquefied natural gas and per energy equivalent of diesel (see S. 1103), [6JN]
Water pollution: require disclosure of chemicals used in hydraulic fracturing and repeal the oil and gas industry exemption from the Safe Drinking Water Act (see S. 1135), [11JN]
Cloture motions
Dept. of Education: extend reduced interest rate for Federal Direct Stafford Loans through Tax Code modifications relative to pension plans, expatriated entities, and the oil and gas industry (S. 953), motion to proceed, [4JN], [6JN]

———require a report on economic impact of certain energy-related rules and prohibit finalization of such rules that will cause significant adverse effects to the economy (see S. 1363), [25JY]
———require congressional approval of any greenhouse gas rules unless the cost of such rules are offset through reductions in spending (see S. 1536), [23SE]
———require that a reduction to the volume of cellulosic biofuel required under the renewable fuel standard also results in a pro rata reduction of the volume of renewable fuel and advanced biofuels (see S. 977), [16MY]
Federal agencies and departments: repeal prohibition on the procurement and acquisition of alternative fuels (see S. 1100), [6JN]
Federal Helium Reserve: complete privatization in a competitive market fashion that ensures stability in the helium markets while protecting taxpayer interests (see S. 1513), [17SE]
———improve stewardship by ensuring market stability for end-users and a fair return on helium assets (see S. 783), [23AP]
FERC: remove authority to collect land use fees for land that has been sold, exchanged, or otherwise transferred from Federal ownership but that is subject to a power site reservation (see S. 564), [14MR]
Geothermal resources: authorize noncompetitive leasing of certain areas adjoining other lands for which a qualified company or individual holds a preexisting right to develop geothermal resources (see S. 363), [14FE]
Government regulations: establish and implement oil and gas leasing programs for the Outer Continental Shelf and the Coastal Plain of Alaska, and streamline regulation of other energy projects (see S. 17), [27FE]
GSA: improve energy and water efficiency of Federal buildings (see S. 52), [22JA]
Gulf of Mexico: authorize use of certain offshore oil and gas platforms for artificial reefs (see S. 96), [23JA]
Hydroelectric power: improve (see S. 545), [13MR]
———promote marine and hydrokinetic renewable energy technologies research, development, and demonstration (see S. 1419), [1AU]
Idaho: reinstate and extend the deadline for commencement of construction of a hydroelectric project involving the American Falls Reservoir (see S. 276), [11FE]
———reinstate and extend the deadline for commencement of construction of a hydroelectric project involving the Little Wood River Ranch (see S. 275), [11FE]
Infrastructure: create jobs and strengthen the economy by rebuilding infrastructure (see S. 4), [22JA]
Iran: eliminate oil exports from Iran by expanding domestic production (see S. 965), [15MY]
Israel: improve U.S.-Israel energy cooperation (see S. 1491), [10SE]
Mining and mineral resources: clarify that uncertified States and Indian tribes have authority to use certain payments for certain noncoal reclamation projects and acid mine remediation programs (see S. 222), [4FE]
———promote domestic production of critical minerals and materials (see S. 1600), [29OC]
Motor vehicles: exempt certain class A driver's license holders in the agriculture industry from requirement to obtain a hazardous material endorsement when operating certain service vehicles (see S. 485), [7MR]
———expand biofuels market by requiring a certain percentage of new auto sales be flex fuel vehicles, increase number of blender pumps, and authorize renewable fuel pipeline loan guarantees (see S. 1563), [30SE]
———provide regulatory parity for alternative fuel vehicles (see S. 1355), [24JY]
National Lineman Appreciation Day: designate (see S. Res. 95), [10AP]
National objectives: facilitate domestic energy production to reduce energy costs and spur economic growth and job creation (see S. 1401), [31JY]
———reduce energy waste, strengthen system resiliency, increase industrial competitiveness, and allow certain entities to implement systems that recover and use waste heat and renewable energy (see S. 1205), [20JN]
National Oilheat Research Alliance Act: reauthorize and improve (see S. 913), [9MY]
Native Americans: settle claims of the Spokane Tribe of Indians of the Spokane Reservation concerning contributions to production of hydropower by the Grand Coulee Dam (see S. 1448), [1AU]
NRC: ensure orderly conduct of actions (see S. 1519), [18SE]
Nuclear Waste Administration: establish (see S. 1240), [27JN]
OMB: oversee reforms to improve efficiency, management, and interagency coordination of the Federal permitting process for major capital projects (see S. 1397), [30JY]
Petroleum: ban exportation of crude oil produced on Federal land (see S. 435), [4MR]
———establish Federal Oil Spill Research Committee and improve oil spill response plans (see S. 1483), [1AU]

Pipelines: express that construction of the Keystone XL pipeline promotes sound investment in infrastructure, energy security, and job creation (see S. Con. Res. 21), [31JY]
Public buildings: encourage increased use of performance contracting in Federal facilities (see S. 1308), [16JY]
———improve energy performance in Federal buildings (see S. 1020), [22MY] (see S. 1199), [20JN]
Public lands: achieve domestic energy independence by empowering States to control development and production of all forms of energy on all available Federal land (see S. 1233), [26JN]
Renewable energy: establish a Federal renewable electricity standard (see S. 1595), [29OC]
———establish a Federal renewable electricity standard and a Federal energy efficiency resource standard for electricity and natural gas suppliers (see S. 1627), [31OC]
———promote development of renewable energy on public lands (see S. 279), [11FE]
———promote domestic development and deployment of clean energy technologies (see S. 656), [22MR]
States: clarify that a State has the sole authority to regulate hydraulic fracturing on Federal land within the boundaries of the State (see S. 1234), [26JN]
———establish partnership between States that produce energy onshore and offshore and the Federal Government (see S. 630), [20MR] (see S. 1273), [10JY]
———recognize authority to regulate oil and gas operations and promote American energy security, development, and job creation (see S. 1743), [20NO]
———recognize primacy relative to regulation of hydraulic fracturing on Federal land within the boundaries of the State (see S. 1482), [1AU]
Strategic Petroleum Reserve: suspend sales of petroleum products until certain conditions are met (see S. 167), [29JA]
Taxation: allow refunds of Federal motor fuel excise taxes on fuels used in mobile mammography vehicles (see S. 490), [7MR]
———eliminate taxable income limit on percentage depletion for oil and natural gas produced from marginal properties (see S. 1833), [17DE]
———end deferral of foreign source income of U.S. companies, close certain foreign tax credit loopholes, prevent U.S. tax avoidance, and eliminate tax loopholes for big oil companies (see S. 250), [7FE]
———expand technologies through which a vehicle qualifies for the credit for new qualified plug-in electric drive motor vehicles (see S. 906), [8MY]
———extend certain expiring provisions of the Internal Revenue Code (see S. 1859), [19DE]
———extend publicly traded partnership ownership structure to energy power generation projects and transportation fuels (see S. 795), [24AP]
———make biomass fuel property and heating appliances eligible for the residential and commercial renewable energy investment tax credits (see S. 1007), [22MY]
———oppose Federal efforts to establish a carbon tax on fuels for electricity and transportation (see S. Con. Res. 4), [28JA]
———provide a tax incentive for installation and maintenance of mechanical insulation property (see S. 775), [22AP]
———provide an energy investment credit for energy storage property connected to the grid (see S. 1030), [23MY]
———provide for an investment credit relative to the production of electricity from offshore wind (see S. 401), [28FE]
———provide for equalization of the excise tax on liquefied natural gas and per energy equivalent of diesel (see S. 1103), [6JN]
———provide that solar energy property need not be located on the property to which it is generating electricity to qualify for residential energy efficient property credit (see S. 1225), [26JN]
———repeal fossil fuel subsidies for large oil companies (see S. 307), [13FE]
Transportation: empower States with authority for most taxing and spending for highway and mass transit programs (see S. 1702), [14NO]
Water pollution: require disclosure of chemicals used in hydraulic fracturing and repeal the oil and gas industry exemption from the Safe Drinking Water Act (see S. 1135), [11JN]
Weather: improve resilience to extreme weather events and prevent worsening of extreme weather conditions (see S. 7), [22JA]
Cloture motions
Agriculture: reauthorize certain programs (S. 954), [4JN], [6JN]
