Government regulations: free the private sector to harness domestic energy resources to create jobs and generate economic growth by removing statutory and administrative barriers (see S. 2170), [27MR]

—streamline oil and gas permitting process and recognize fee ownership for certain oil and gas drilling or spacing units (see S. 2894), [18SE]

Green Bank: establish to assist in financing of qualified clean energy and energy efficiency projects (see S. 2271), [30AP]

India: express importance of the U.S.-India strategic partnership and the continued deepening of bilateral ties with India (see S. Res. 523), [24JY]

Indian Tribal Energy Development and Self-Determination Act: amend (see S. 2132), [13MR]

Motor vehicles: create incentives for the development of alternative fuel vehicles (see S. 2065), [27FE]

National Science and Technology Council: establish an interagency coordination committee or subcommittee focused on the nexus between energy and water production, use, and efficiency (see S. 1971), [29JA]

Natural gas: authorize approval of pipelines and establish deadlines and expedite permits for certain gathering lines on Federal land and Indian land (see S. 2112), [12MR]

NOAA: establish an integrated and comprehensive ocean, coastal, Great Lakes, and atmospheric research, prediction, and environmental information program to support renewable energy (see S. 2705), [30JY]

NRC: ensure State and local communities participate in development of nuclear plant decommissioning plans and require public approval or rejection of such proposed plans (see S. 2326), [13MY]

—prohibit certain waivers and exemptions from emergency preparedness and response and security regulations for spent fuel stored at closed nuclear reactors (see S. 2324), [13MY]

—require nuclear reactor operators to expand emergency planning zones and develop plans for dry cask storage of spent nuclear fuel (see S. 2325), [13MY]

Propane: improve supply and pricing information, coordinate response to shortages, and study need for regional propane reserves (see S. 2762), [31JY]

Public utilities: provide electric consumers the right to access certain electric energy information and allow for the adoption of innovative products and services to help consumers manage energy usage (see S. 2165), [27MR]

Renewable energy: provide support to develop career and technical education programs of study and facilities (see S. 1952), [16JA]

Russia: prevent further aggression toward Ukraine and other European and Eurasian states by strengthening NATO, imposing sanctions, and hardening non-NATO allies (see S. 2277), [1MY]

Solar energy: increase quantity of solar photovoltaic electricity by providing rebates for the purchase and installation of additional photovoltaic systems (see S. 2901), [18SE]

Taxation: allow a credit for the purchase of heating and cooling equipment which meets the Energy Star program requirements and is used in certain high-cost energy communities (see S. 2059), [27FE]

—expand existing tax credits to encourage the capture, utilization, and sequestration of carbon dioxide (see S. 2288), [5MY]

—extend certain expiring provisions of the Internal Revenue Code (see S. 2260), [28AP]

—extend energy credit for solar projects under construction (see S. 2003), [6FE]

—improve and extend deduction for new and existing energy-efficient commercial buildings (see S. 2189), [1AP]

—increase, expand, and extend the credit for hydrogen-related alternative fuel vehicle refueling property and increase investment credit for more efficient fuel cells (see S. 2573), [9JY]

—make qualified biogas property eligible for the energy credit and permit new clean renewable energy bonds to finance qualified biogas property (see S. 2739), [31JY]

—make technical corrections to recently enacted tax legislation and remove provisions of the Internal Revenue Code that are no longer applicable (see S. 2261), [28AP]

—modify credit for production of electricity from renewable resources for certain open-loop biomass and trash facilities placed in service before date of enactment (see S. 2856), [18SE]

—modify depreciation recovery period for energy-efficient cool roof systems (see S. 2388), [22MY]

—modify incentives for production of biodiesel (see S. 2021), [12FE]

—provide a consumer renewable credit for a utility that sells renewable power (see S. 1899), [9JA]

—terminate certain energy tax subsidies and lower the corporate income tax rate (see S. 2279), [1MY]

Ukraine: provide assistance to reduce dependence on natural gas imports from Russia (see S. 2433), [5JN]
