—H.R. 6147, Dept. of the Interior, environment, and related agencies and financial services and general Government appropriations, [6SE]

Bills and resolutions

American Heart Month: designate (see S. Res. 403), [12FE]

Animals: limit experimentation on cats (see S. 3780), [19DE]

—require review and approval for future research on nonhuman primates (see S. 3773), [18DE]

Arctic Research Commission: modify membership (see S. 3739), [11DE]

Armed Forces: require servicemembers receive additional training under the Transition Assistance Program (see S. 2748), [25AP]

Artificial intelligence: authorize an emerging technology policy lab, establish a Federal investment strategy, and identify Federal workforce skills and competencies (see S. 3502), [26SE]

CDC: provide for systematic data collection, analysis, and epidemiological research on neonatal abstinence syndrome (see S. 2658), [12AP]

—reauthorize and expand a program of surveillance and education regarding infections associated with injection drug use (see S. 2579), [20MR]

Centers for Medicare & Medicaid Services: accelerate progress toward prevention strategies, treatments, and a cure for Alzheimer's disease and related dementias and provide caregivers dementia care training (see S. 2387), [7FE]

Dept. of Agriculture: address deferred maintenance at schools of agriculture and Agricultural Research Service facilities (see S. 2479), [1MR]

—allow emerging carbon utilization technologies to access loan guarantees, research programs, and rural development loans and encourage advancement of such technologies (see S. 2997), [5JN]

—collect, integrate, and link data on impacts of covered conservation practices on enhancing crop yields, soil health, and otherwise reducing risk and improving farm and ranch profitability (see S. 2487), [1MR]

—further plant cultivar research, development, and commercialization (see S. 2964), [24MY]

—improve soil moisture and precipitation monitoring (see S. 2936), [23MY]

—reauthorize certain agricultural and other programs (see S. 3080), [18JN]

—reauthorize energy programs (see S. 2619), [22MR]

—reauthorize the organic agriculture research and extension initiative (see S. 2404), [8FE]

—reform and continue agricultural and other programs (see S. 3042), [11JN]

—repeal forfeiture rule for peanuts under the non-recourse marketing assistance loan program and prohibit funding for development of insect-based foods for human consumption (see S. 3716), [6DE]

—transfer certain Federal land to facilitate scientific research supporting Federal space and defense programs (see S. 2424), [13FE]

Dept. of Commerce: establish clean technology consortia to enhance economic, environmental, and energy security by promoting domestic development, manufacture, and deployment of clean technologies (see S. 2612), [22MR]

Dept. of Defense: establish Defense Quantum Information Consortium (see S. 2998), [5JN]

—establish National Defense Accelerator Network pilot program (see S. 3044), [11JN]

—include gambling disorder in health assessments of Armed Forces members and implement prevention and treatment policies and programs for Armed Forces members and their dependents (see S. 2841), [15MY]

—prohibit research and development, production, and deployment of Trident D5 low-yield nuclear warhead (see S. 3448), [17SE]

—study servicemembers' exposure to open burn pits and toxic airborne chemicals while on active duty to ensure appropriate treatment for health effects (see S. 3181), [28JN]

—submit a plan to improve research and development on therapies for traumatic brain injury and post-traumatic stress disorder and document information on blast exposures in service records of military personnel (see S. 2883), [17MY]

Dept. of Education: provide for career and technical education research and outreach (see S. 3141), [26JN]

Dept. of Energy: carry out quantum information science research (see S. 3673), [28NO]

—establish a small business voucher program to be used at national laboratories in any technology area (see S. 2858), [16MY]

—establish advanced nuclear energy goals and provide versatile, reactor-based fast neutron source and high-assay, low-enriched uranium for research, development, and demonstration of advanced reactor concepts (see S. 3422), [6SE]

—establish coal technology program to improve conversion, use, and storage of carbon dioxide produced from fossil fuels and continue research on rare earth element separation technologies (see S. 2803), [8MY]

—establish energy storage research program, loan program, and technical assistance and grant program (see S. 3376), [23AU]

—establish policy for science and energy research and development programs and reform National Laboratory management and technology transfer programs (see S. 2503), [6MR]

—provide for modernization, security, and resiliency of the electric grid and carry out programs for research, development, demonstration, and information-sharing for cybersecurity for the energy sector (see S. 2444), [15FE]

Dept. of HHS: conduct a demonstration program to test alternative pain management protocols to limit use of opioids in emergency departments (see S. 2516), [7MR]

—enhance efforts to address antibiotic resistance (see S. 2469), [28FE]

—enhance national strategy for combating and eliminating tuberculosis (see S. 2567), [19MR]

—improve health of children and help better understand and enhance awareness about unexpected sudden death in early life (see S. 3521), [27SE]

—promote healthy eating and physical activity among children (see S. 2726), [23AP]

—reauthorize certain programs related to traumatic brain injury and trauma research (see S. 3657), [26NO]

—reauthorize sickle cell disease prevention and treatment demonstration program and provide for sickle cell disease research, surveillance, prevention, and treatment (see S. 2465), [28FE]

—reduce maternal deaths and complications by providing funding to States and hospitals to develop and implement standardized maternal safety best practices and review pregnancy-related deaths and complications (see S. 3392), [28AU]

—require a study on women and lung cancer (see S. 2358), [30JA]

Dept. of Homeland Security: establish Arctic Executive Steering Committee (see S. 3739), [11DE]

—maintain situational awareness and operational control of high traffic areas along the borders through immigration enforcement and enhanced illicit drug importation technology (see S. 3478), [18SE]

Dept. of Veterans Affairs: conduct and support research on the efficacy and safety of medicinal marijuana (see S. 2796), [7MY]

Depts. of Energy and Veterans Affairs: conduct collaborative research to improve health care services for veterans (see S. 3656), [26NO]

Depts. of the Interior and Agriculture: improve wildfire management operations and safety of firefighters and communities through use of advanced technology (see S. 2290), [10JA]

Depts. of Transportation and HUD and related agencies: making appropriations (see S. 3023), [7JN]

Diseases and disorders: establish a national registry to track cases of coccidioidomycosis (valley fever) (see S. 3114), [21JN]

—facilitate effective research on, and treatment of, neglected tropical diseases through coordinated domestic and international efforts (see S. 3212), [12JY]

Drugs: decriminalize marijuana, use tax revenues to assist certain small businesses, research effects on driving and health, restrict advertising to protect children, and expunge certain marijuana-related convictions (see S. 3174), [28JN]

—encourage development and use of new antimicrobial drugs in order to treat antibiotic-resistant infections (see S. 3787), [19DE]

Endometriosis Awareness Month: designate (see S. Res. 451), [22MR]

EPA: support carbon utilization and direct air capture research and facilitate permitting and development of carbon capture, utilization, and sequestration projects and carbon dioxide pipelines (see S. 2602), [22MR]

FAA: enter into appropriate arrangements with National Academies of Sciences, Engineering, and Medicine to provide for a report on health impacts of air traffic noise and pollution (see S. 2422), [13FE]

Fab Foundation: provide a Federal charter for the National Fab Lab Network, a network of digital fabrication facilities providing community access to advanced manufacturing tools (see S. 2752), [25AP]

FDA: provide for accelerated approval of non-opioid or non-addictive pain medications and treatments for substance use disorders (see S. 2669), [16AP]

Federal agencies and departments: allow payments from Spectrum Relocation Fund for costs of spectrum research and development and planning activities (see S. 3010), [6JN]

—prohibit funding for development of beerbots or other robot bartenders (see S. 3716), [6DE]

Hazardous substances: establish a national mercury monitoring program to protect human health, safeguard fisheries, and track environmental effects of emissions reductions (see S. 3394), [28AU]

Hidden Figures Way, Washington, DC: designate (see S. 3370), [23AU]

Infrastructure: encourage research and use of innovative materials and associated techniques in construction and preservation of domestic transportation and water infrastructure system (see S. 3341), [1AU]

Inter-Agency Task Force on Harmful Algal Blooms and Hypoxia: develop plan for reducing, mitigating, and controlling harmful algal blooms and hypoxia in south Florida (see S. 3374), [23AU]

Minorities: improve health of minority individuals (see S. 3660), [27NO]

Multiple Sclerosis Awareness Week: support goals and ideals (see S. Res. 439), [19MR]

Museum and Library Services Act: reauthorize (see S. 3530), [28SE]

Myalgic Encephalomyelitis/Chronic Fatigue Syndrome International Awareness Day: support goals (see S. Res. 508), [15MY]

NASA: secure technological edge of the U.S. in civil and military aviation and aeronautics (see S. 2977), [24MY]

National Academy of Inventors, Inc.: congratulate on achieving 200 member institutions (see S. Res. 620), [28AU]

National Cerebral Palsy Awareness Day: designate (see S. Res. 446), [22MR]

National Commission on Fibrotic Diseases: establish (see S. 3267), [25JY]

National Eating Disorders Awareness Week: designate (see S. Res. 419), [1MR]

- National Forensic Science Week: support goals and ideals (see S. Res. 656), [27SE]
- National GIS Day: designate (see S. Res. 701), [15NO]
- National Leiomyosarcoma Awareness Day: designate (see S. Res. 561), [28JN]
- National Ovarian Cancer Awareness Month: designate (see S. Res. 659), [27SE]
- National Phenylketonuria Awareness Day: designate (see S. Res. 705), [26NO]
- National Polycystic Kidney Disease Awareness Day: designate (see S. Res. 576), [18JY]
- National Prostate Cancer Awareness Month: designate (see S. Res. 645), [24SE]
- National Sarcoma Awareness Month: designate (see S. Res. 561), [28JN]
- National Spinal Cord Injury Awareness Month: designate (see S. Res. 627), [12SE]
- National Wear Red Day: designate (see S. Res. 403), [12FE]
- National Weather Service: improve the Cooperative Observer Program (see S. 2941), [23MY]
- NIH: advance cutting-edge research initiatives (see S. 2406), [8FE]
- conduct or support further comprehensive research for creation of a universal influenza vaccine (see S. 2438), [15FE]
- study health and developmental effects of technology and media on infants, children, and adolescents (see S. 3286), [26JY]
- NIST: establish a premise plumbing research laboratory to update data on plumbing standards in order to improve safety, reliability, and efficiency (see S. 3037), [7JN]
- facilitate adoption of composite technology in infrastructure (see S. 3765), [18DE]
- NOAA: establish a regulatory system for marine aquaculture in U.S. waters (see S. 3138), [26JN]
- establish Climate Change Education Program (see S. 2740), [24AP]
- promote international action to reduce marine debris (see S. 3508), [26SE]
- NSF: promote veteran involvement in science, technology, engineering, and math (STEM) education, computer science, and scientific research (see S. 3395), [28AU]
- provide grants for research about science, technology, engineering, and math (STEM) education approaches and the STEM-related workforce (see S. 3583), [11OC]
- One Health Program: establish an interagency program to collaborate on the concept that human, animal, and ecosystem health intertwine to make “one health” (see S. 2615), [22MR]
- Orphan Drug Act: affirm importance, commend life-saving accomplishments, and recognize need and continued support for research in development of therapies, treatments, and cures for rare diseases (see S. Res. 690), [15NO]
- Parkinson’s Awareness Month: designate (see S. Res. 484), [25AP]
- Prematurity Research Expansion and Education for Mothers Who Deliver Infants Early (PREEMIE) Act: revise and extend (see S. 3029), [7JN]
- Public Health Service: report on health effects of using new psychoactive substances, including synthetic drugs (see S. 3356), [21AU]
- Pulmonary Fibrosis Awareness Month: designate (see S. Res. 648), [25SE]
- Rare Disease Day: designate (see S. Res. 423), [1MR]
- SBA: improve the Small Business Innovation Research Program and the Small Business Technology Transfer Program (see S. 2419), [13FE]
- Science: intensify stem cell research showing evidence of substantial clinical benefit to patients (see S. 2956), [24MY]
- promote botanical research and sciences capacity (see S. 3240), [18JY]
- provide for a coordinated Federal program to accelerate quantum research and development for economic and national security (see S. 3143), [26JN]
- provide for Federal coordination of activities supporting sustainable chemistry to improve efficiency of chemical production while reducing health and environmental risks (see S. 3296), [30JY]
- SEC: carry out a study to evaluate issues affecting provision of and reliance upon investment research into small issuers (see S. 3578), [11OC]
- require certain additional disclosure by pharmaceutical companies relative to the Tax Cuts and Jobs Act (see S. 2885), [17MY]
- Sickle Cell Disease Awareness Month: designate (see S. Res. 661), [28SE]
- Stomach Cancer Awareness Month: support goals and ideals (see S. Res. 703), [15NO]
- Tobacco products: include e-cigarettes in smoking bans in schools, clarify that educational assistance can be used for e-cigarette prevention by schools, and authorize studies in e-cigarette use prevention (see S. 3701), [4DE]
- U.S. Coral Reef Task Force: anniversary (see S. Res. 544), [12JN]
- University of California: anniversary (see S. Res. 438), [19MR]
- Wildlife: authorize a special resource study on spread of vectors of chronic wasting disease among deer, elk, and moose (see S. 3644), [15NO]
- Women’s Health Research Day: designate (see S. Res. 383), [25JA]
- World Tuberculosis Day: support goals (see S. Res. 437), [19MR]
- Cloture motions*
- Dept. of Agriculture: reform and continue agricultural and other programs (H.R. 2), [27JN]

Health Information Technology Advisory Committee, [16JA]

National Security Commission on Artificial Intelligence, [14NO]

Bills and resolutions

Armed Forces: provide for establishment and operation of Reserve component cyber civil support teams (see S. 2887), [21MY]

Army: anniversary of first delivery of Sikorsky UH-60 Black Hawk helicopter (see S. Res. 663), [1OC]

Artificial intelligence: authorize an emerging technology policy lab, establish a Federal investment strategy, and identify Federal workforce skills and competencies (see S. 3502), [26SE]

China: safeguard certain U.S. technology and intellectual property from export to or influence by China and protect U.S. industry from unfair competition by China (see S. 2826), [10MY] (see S. 3361), [21AU]

Coast Guard: restrict implementation of rule requiring use of biometric readers for biometric transportation security cards until after submission of assessment of effectiveness of transportation security card program (see S. 3094), [20JN]

Collector Car Appreciation Day: designate (see S. Res. 574), [12JY]

Council on Rural Community Innovation and Economic Development: establish (see S. 3393), [28AU]

Crime: prohibit certain fraudulent audiovisual records (see S. 3805), [21DE]

Cyber League of Indo-Pacific States: establish (see S. Res. 736), [19DE]

Dept. of Agriculture: allow emerging carbon utilization technologies to access loan guarantees, research programs, and rural development loans and encourage advancement of such technologies (see S. 2997), [5JN]

—establish Community Connect Grant Program to improve broadband in tribal, low-income, and remote rural areas (see S. 2654), [12AP]

—expand and improve opportunities for beginning farmers and ranchers (see S. 2762), [26AP]

—grant priority for broadband deployment assistance to areas that are unserved (see S. 2970), [24MY]

—reauthorize appropriate technology transfer for rural areas program (see S. 2573), [20MR]

—update Biotechnology and Agricultural Trade Program (see S. 3103), [21JN]

Dept. of Commerce: establish clean technology consortium to enhance economic, environmental, and energy security by promoting domestic development, manufacture, and deployment of clean technologies (see S. 2612), [22MR]

—establish Office of Internet Connectivity and Growth (see S. 3346), [1AU]

Dept. of Defense: carry out certain activities to ensure readiness relative to joint electromagnetic spectrum operations (see S. 2949), [24MY]

—conduct a study on cyberexploitation of Armed Forces members and their families (see S. 3786), [19DE]

—establish Defense Quantum Information Consortium (see S. 2998), [5JN]

—establish National Defense Accelerator Network pilot program (see S. 3044), [11JN]

—establish position of Assistant Sec. of Defense for Space (see S. 3774), [18DE]

—prohibit funding for aerial refueling of aircraft of Saudi Arabia (see S. 3623), [14NO]

—require U.S. Cyber Command to conduct tier 1 exercise of support to civil authorities for a cyber incident (see S. 2999), [6JN]

Dept. of Education: allow use of Student Support and Academic Enrichment Program grants to reinforce school safety infrastructure, technology, and personnel (see S. 3506), [26SE]

—establish a pilot grant program to support career and technical education exploration programs in middle and high schools (see S. 3152), [27JN]

—improve career and technical education (see S. 3129), [25JN]

—improve career and technical education opportunities for adult learners (see S. 3083), [18JN]

—modernize, renovate, or repair career and technical education facilities, enable rural or Native American schools to remodel or build high-tech facilities, and support high-speed Internet (see S. 3589), [11OC]

—provide for career and technical education research and outreach (see S. 3141), [26JN]

—provide for preparation of career and technical education teachers (see S. 2737), [24AP]

—support coding education (see S. 3122), [25JN]

Dept. of Energy: carry out quantum information science research (see S. 3673), [28NO]

—establish a small business voucher program to be used at national laboratories in any technology area (see S. 2858), [16MY]

—establish advanced nuclear energy goals and provide versatile, reactor-based fast neutron source and high-assay, low-enriched uranium for research, development, and demonstration of advanced reactor concepts (see S. 3422), [6SE]

—establish coal technology program to improve conversion, use, and storage of carbon dioxide produced from fossil fuels and continue research on rare earth element separation technologies (see S. 2803), [8MY]

—establish energy storage research program, loan program, and technical assistance and grant program (see S. 3376), [23AU]

—establish Federal Smart Building Program (see S. 2447), [15FE]

—establish policy for science and energy research and development programs and reform National Laboratory management and technology transfer programs (see S. 2503), [6MR]

—facilitate modernization of the electric grid (see S. 2445), [15FE]

Dept. of HHS: award grants to train health care professionals to treat opioid addiction and other substance use disorders using technology-enabled models (see S. 2606), [22MR]

—provide guidance to States regarding Federal reimbursement for services and treatment for substance use disorders under Medicaid using telehealth services (see S. 2904), [22MY]

Dept. of Homeland Security: assist in preventing emerging threats from unmanned aircraft and vehicles (see S. 2836), [14MY]

—authorize cyber incident response teams (see S. 3309), [31JY]

—conduct a threat and operational analysis of ports of entry (see S. 3706), [5DE]

—designate cybersecurity technologies that qualify for protection under systems of risk and litigation management (see S. 2392), [7FE]

—establish a narcotic drug screening technology pilot program to combat illicit opioid importation (see S. 3047), [11JN]

—establish an election security grant program (see S. 3116), [21JN]

—establish joint task force to integrate border security operations to detect, interdict, disrupt, and prevent narcotics such as fentanyl and other synthetic opioids from entering U.S. (see S. 2864), [16MY]

—establish pilot programs for, and develop policies on, use of body-worn cameras by officers and agents of U.S. Customs and Border Protection and U.S. Immigration and Customs Enforcement (see S. 3538), [20C]

—increase number of U.S. Customs and Border Protection officers and staff and require reports that identify staffing, infrastructure, and equipment needed to enhance security at ports of entry (see S. 2314), [17JA]

—maintain situational awareness and operational control of high traffic areas along the borders through immigration enforcement and enhanced illicit drug importation technology (see S. 3478), [18SE]

—place restrictions on searches and seizures of electronic devices at the border by U.S. Customs and Border Protection (see S. 2462), [27FE]

—provide for responsibility of National Cybersecurity and Communications Integration Center to maintain capabilities to identify threats to industrial control systems (see S. 3182), [28JN]

Dept. of HUD: improve safety and security of families living in public and federally assisted housing in high-crime areas (see S. 2856), [16MY]

Dept. of Justice: provide additional resources to State and local prosecutors to address DNA sample analysis backlogs (see S. 2345), [25JA]

—provide grants to State and local law enforcement agencies to purchase chemical screening devices to detect dangerous drugs and train personnel on use of such devices (see S. 2763), [26AP]

—provide needed legal authorities to combat cybercrime, including state-sponsored cybercrime (see S. 3288), [26JY]

Dept. of Labor: address needs of workers in industries likely to be impacted by rapidly evolving technologies (see S. 3784), [19DE]

—make trade adjustment assistance available to workers whose jobs are eliminated through automation (see S. 2982), [24MY]

Dept. of the Treasury: mint coins in recognition of innovation and pioneering efforts of individuals or groups from each of the States, the District of Columbia, and U.S. territories (see S. 2399), [7FE]

Dept. of Transportation: develop bus operations safety risk reduction programs to improve safety and training for drivers and modify bus specifications and technology to reduce accidents (see S. 3215), [16JY]

—require schoolbuses to have seatbelts, automatic emergency braking systems, event data recorders, and electronic stability control systems and assist school districts with making such modifications (see S. 3432), [12SE]

—require that broadband conduits be installed as a part of certain highway construction projects (see S. 2381), [6FE]

Depts. of the Interior and Agriculture: improve wildfire management operations and safety of firefighters and communities through use of advanced technology (see S. 2290), [10JA]

Elections: protect administration of Federal elections against cybersecurity threats (see S. 2593), [22MR]

—require States to take steps to ensure domestic ownership and control of election service providers (see S. 3573), [11OC]

Energy Efficiency Day: designate (see S. Res. 668), [4OC]

EPA: ensure phasedown of hydrofluorocarbons manufacturing to support next-generation technologies (see S. 2448), [15FE]

—establish innovative water technology grant program and encourage use of innovative water technology (see S. 3012), [6JN]

—support carbon utilization and direct air capture research and facilitate permitting and development of carbon capture, utilization, and sequestration projects and carbon dioxide pipelines (see S. 2602), [22MR]

Europe: prioritize efforts of, and enhance coordination among, U.S. agencies to encourage countries in Central and Eastern Europe to diversify energy sources and supply routes to increase Europe's energy security (see S. 3585), [11OC]

FAA: allow use of passenger facility charge revenue to enhance security at airports and make projects for installation of security cameras eligible for Airport Improvement Program (see S. 2859), [16MY]

—broaden unmanned aircraft systems safety awareness (see S. 3511), [26SE]

—encourage use of zero-emission vehicles and technology at public-use airports (see S. 3514), [26SE]

—establish a process to allow applicants to petition to prohibit or restrict operation of an unmanned aircraft in close proximity to certain critical infrastructure (see S. 3513), [26SE]

—prohibit use of unauthorized unmanned aircrafts over wildfires (see S. 3132), [26JN]

Fab Foundation: provide a Federal charter for the National Fab Lab Network, a network of digital fabrica-

TECHNOLOGY

- tion facilities providing community access to advanced manufacturing tools (see S. 2752), [25AP]
- FCC: clarify prohibitions on making robocalls (see S. 3078), [18JN]
 - establish national standard to determine comparability of mobile and broadband services provided in rural versus urban areas (see S. 2418), [13FE]
 - establish Task Force for Meeting the Connectivity and Technology Needs of Precision Agriculture in the U.S. (see S. 2343), [25JA]
 - expand and clarify prohibition on inaccurate caller identification information and require telephone service providers to offer technology to subscribers to reduce unwanted telephone calls (see S. 2705), [18AP]
 - improve enforcement and enhance penalties for violations involving illegal robocalls (see S. 3149), [27JN] (see S. 3655), [15NO]
 - improve oversight of wireless and broadcast emergency alert systems (see S. 3238), [18JY]
 - lengthen statute of limitations for enforcing robocall violations (see S. 2694), [18AP]
 - make Wi-Fi access on schoolbuses eligible for support from FCC Schools and Libraries Universal Service Support (E-rate) program (see S. 2958), [24MY]
 - reexamine and revise broadband deployments that are subject to review under the National Historic Preservation Act or the National Environmental Policy Act (see S. 2576), [20MR]
 - require continued application of certain local broadcasting requirements to licensees even if such licensees change from a very high frequency station to an ultra high frequency station (see S. 3632), [15NO]
- Federal agencies and departments: allow payments from Spectrum Relocation Fund for costs of spectrum research and development and planning activities (see S. 3010), [6JN]
 - improve and modernize digital services and websites and promote use of digital processes over paper-based and in-person encounters (see S. 3050), [12JN]
 - modernize Federal grant reporting (see S. 3484), [24SE]
 - prohibit from using or contracting with an entity that uses certain telecommunications services or equipment (see S. 2391), [7FE]
 - prohibit funding for development of beerbots or other robot bartenders (see S. 3716), [6DE]
 - provide with discretion in securing information technology and information systems (see S. 3208), [12JY]
 - require studies on cyberexploitation of employees and their families (see S. 3788), [19DE]
- Federal employees: establish civilian personnel rotation program for cybersecurity professionals at non-military and non-intelligence agencies that confront cybersecurity challenges (see S. 2620), [22MR]
- FEMA: establish best practices for State, tribal, and local participants in Integrated Public Alert and Warning System and restrict authority to alert the public of a missile threat to the Federal Government (see S. 2385), [6FE]
- Firearms: ensure that all firearms are traceable by prohibiting the manufacture or possession of 3-D printed guns made of plastic (see S. 3300), [31JY]
 - prohibit online publication of blueprints for 3-D printed plastic guns (see S. 3304), [31JY]
- FTC: eliminate common carrier exemption for telecommunications companies in order to allow investigation of companies that enable illegal robocalling (see S. 3668), [28NO]
 - establish privacy protections for customers of online edge providers (see S. 2639), [10AP]
 - protect privacy of users of social media and other online platforms (see S. 2728), [23AP]
 - require operators that provide online and similar services to educational agencies or institutions to protect the privacy and security of personally identifiable information (see S. 2640), [10AP]
- GAO: conduct study on how virtual currencies and online marketplaces are used to facilitate sex and drug trafficking (see S. 3179), [28JN]
 - report on certain personnel matters in connection with Air Force remotely piloted aircraft (see S. 2914), [22MY]
- Hidden Figures Way, Washington, DC: designate (see S. 3370), [23AU]
- Hopper, Grace: tribute (see S. Res. 593), [25JY]
- Immigration: authorize additional visas for well-educated aliens to live and work in the U.S. and provide funding for science, technology, engineering, and math (STEM) education (see S. 2344), [25JA]
 - improve border security and extend Deferred Action for Childhood Arrivals program (see S. 2464), [27FE]
- Infrastructure: encourage research and use of innovative materials and associated techniques in construction and preservation of domestic transportation and water infrastructure system (see S. 3341), [1AU]
- Israel: support security and law enforcement training and cooperation with the U.S. (see S. 3625), [14NO]
- Law enforcement: assist State and local jurisdictions with processing unidentified remains and resolving missing persons cases and expand rescue and apprehension capabilities along U.S.-Mexico border (see S. 3719), [6DE]
 - improve access to data stored across borders by encouraging governments to develop a framework for technology companies to comply with investigative demands (see S. 2383), [6FE]
- Lockheed Martin Corp.: anniversary of Advanced Development Programs (Skunk Works) (see S. Con. Res. 39), [11JN]
- Medicaid: delay reduction in Federal medical assistance percentage for personal care services furnished without an electronic visit verification system (see S. 2897), [22MY]
- Medicare: cover screening computed tomography colonography as a colorectal screening test (see S. 3465), [18SE]
 - expand use of telehealth services for remote imaging for chronic eye disease (see S. 3751), [13DE]
 - expand use of telehealth services for treatment of opioid use disorder and other substance use disorders (see S. 2901), [22MY]
- Museum and Library Services Act: reauthorize (see S. 3530), [28SE]
- NASA: authorize programs (see S. 3799), [19DE]
 - award Congressional Gold Medals to Katherine Johnson and Christine Darden and posthumously to Dorothy Vaughan and Mary Jackson for contributions during the “Space Race” (see S. 3321), [1AU]
 - provide for continuing cooperation with Israel Space Agency (see S. 2504), [6MR]
 - secure technological edge of the U.S. in civil and military aviation and aeronautics (see S. 2977), [24MY]
- National Academy of Inventors, Inc.: congratulate on achieving 200 member institutions (see S. Res. 620), [28AU]
- National Ada Lovelace Day: designate (see S. Res. 592), [25JY]
- National Donate Life Month: designate (see S. Res. 479), [23AP]
- National GIS Day: designate (see S. Res. 701), [15NO]
- National Hydrogen and Fuel Cell Day: designate (see S. Res. 664), [10C]
- National Security Commission on Artificial Intelligence: establish (see S. 2806), [9MY]
- NATO: reaffirm U.S. commitment, accept recommendations of allies to combat Russian cyber warfare, and support efforts to counter Russian aggression (see S. Res. 535), [6JN]
 - reaffirm U.S. commitment, support efforts to counter Russian aggression, commit to enlargement, and urge members to cooperate at summit to strengthen the alliance (see S. Res. 557), [27JN]
- NIH: advance cutting-edge research initiatives (see S. 2406), [8FE]
 - study health and developmental effects of technology and media on infants, children, and adolescents (see S. 3286), [26JY]
- NIST: establish a premise plumbing research laboratory to update data on plumbing standards in order to improve safety, reliability, and efficiency (see S. 3037), [7JN]
 - facilitate adoption of composite technology in infrastructure (see S. 3765), [18DE]
- NOAA: coordinate development of unmanned maritime systems with universities, the private sector, and the Navy and use data collected to benefit commercial, academic, and national security interests (see S. 2511), [7MR]
- NSF: develop an Innovation Corps (I-Corps) course to support commercialization-ready innovation companies (see S. 9), [27NO]
 - promote veteran involvement in science, technology, engineering, and math (STEM) education, computer science, and scientific research (see S. 3395), [28AU]
 - provide grants for research about science, technology, engineering, and math (STEM) education approaches and the STEM-related workforce (see S. 3583), [110C]
 - support science, technology, engineering, and math (STEM) education research focused on early childhood (see S. 3471), [18SE]
- Patent and Trademark Office: extend period to set or adjust certain fees (see S. 2601), [22MR] (see S. 3416), [6SE]
- Pensions: provide for the electronic delivery of pension plan information (see S. 3795), [19DE]
