PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-280. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to require, if necessary, a resolution between the federal Centers for Medicare and Medicaid Services and TRICARE to immediately restore data sharing and to waive the one-year timely filing restriction for all claims caught in this stoppage; to the Committee on Veterans' Affairs.

SENATE JOINT RESOLUTION NO. 23

Whereas, The federal Centers for Medicare and Medicaid Services (CMS), a part of the United States Department of Health and Human Services (HHS), works with the states to fund and implement the Medicaid program, which provides health coverage to millions of Americans, including eligible low-income adults, children, pregnant women, elderly adults, and people with disabilities; and

Whereas, TRICARE, which is managed by the United States Department of Defense Military Health System, provides civilian health benefits for active duty and reserve military members of the United States Armed Forces, military retirees, and their dependents, and which relies on the Defense Enrollment Eligibility Reporting System (DEERS) computerized database that contains TRICARE eligibility data for these individuals; and

Whereas, Approximately 1.75 million military veterans, their families, and active duty family members (nearly 1 in 10) have TRICARE and Medicaid coverage, including family members of active duty members who qualify under Medicaid income limits, veterans and their families who qualify under Medicaid income limits, disabled veterans and their families, and active duty family members that qualify for Medicaid due to disability; and

Whereas, For individuals who have both TRICARE and Medicaid coverage, TRICARE must pay as primary coverage; and

Whereas, Historically, identifying individuals with both TRICARE and Medicaid coverage has been a challenging, yet necessary, process, as acknowledged and documented in an HHS Inspector General report, "Medicaid Third Party Liability (TPL) Savings Have Increased, But Challenges Remain"; and

Whereas, Prior to 2017, TRICARE had matched their DEERS eligibility files and provided information back to the states about the individuals who had both TRICARE and Medicaid coverage; and

Whereas, The agreement to cross-match between CMS and TRICARE has expired and the parties have been unable to reestablish terms to coordinate benefits between the two programs; and

Whereas, In early 2017, TRICARE ceased its support in the data-match process in which states provide Medicaid enrollee eligibility information to TRICARE in order to identify those Members who have both TRICARE and Medicaid; and

Whereas, The expiration of the agreement has the effect of preventing the recovery of millions of payments annually where Medicaid erroneously paid, because TRICARE should have paid as primary coverage, resulting in a shift of additional costs from the federal government to the states; and

Whereas, TRICARE's timely filing limitation precludes Medicaid from billing a claim that should be TRICARE's responsibility if the service was rendered more than one year prior, resulting in additional annual costs shifting to California and other states; and

Whereas, TRICARE refuses to share data with, and process eligibility information

from, Medicaid managed care organizations that provide care to more than 60 percent of all Medicaid members nationally. It is estimated that millions of dollars annually paid in claims should have been TRICARE's responsibility, not Medicaid managed care organizations resulting in even more cost shifting to the states and leading to improper Medicaid capitation payments; and

Whereas, Approximately 8.6 percent of TRICARE beneficiaries, or approximately 894,724 uniformed service members and their families, are located in California, and thus it is estimated that California could be paying millions of dollars it is not responsible for if this issue of data sharing between TRICARE and CMS is not resolved; Now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California urges the United States Department of Defense and the United States Department of Health and Human Services to implement, and the United States Congress to require, if necessary, a resolution between the federal Centers for Medicare and Medicaid Services and TRICARE to immediately restore data sharing and to waive the one-year timely filing restriction for all claims caught in this stoppage; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-281. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to act favorably in regard to legislation to have the Mare Island Naval Cemetery transferred to the Department of Veterans Affairs and that the National Cemetery Administration restore the cemetery to national cemetery standards and provide for perpetual care of the facility as dictated by those standards; to the Committee on Veterans' Affairs.

SENATE JOINT RESOLUTION NO. 26

Whereas, The Mare Island Naval Cemetery is the oldest military cemetery on the West Coast, and the final resting place for over 900 veterans; and

Whereas, The cemetery is a national sanctuary and should be maintained to the highest standards in honor of the military heroes who are buried there; and

Whereas, The Navy was forced to close the Mare Island facility under the United States government's Base Realignment and Closure

program in 1996 and deeded portions of Mare Island's physical property and facilities, including the Mare Island Naval Cemetery, to the City of Vallejo; and

Whereas, The Navy did not provide funds to maintain and provide for the perpetual care of the cemetery, and therefore the cemetery became the City of Vallejo's responsibility; and

Whereas, The City of Vallejo has experienced significant financial difficulties and has been unable to maintain the cemetery to the standards expected of a facility where veterans are laid to rest, which has resulted in a continual deterioration of the site since 1996; and

Whereas, The South Napa earthquake added to the physical deterioration of the cemetery by knocking down some headstones and breaking others; and

Whereas, The National Park Service, in May 1975, listed Mare Island Naval Shipyard as a National Historic Landmark, and a park with hiking paths has been established at the western end of the island where the cemetery is located; and

Whereas, A petition has been created by veterans and concerned visitors with over 54,000 signatures, encouraging United States Department of Veterans Affairs (VA) ownership and the restoration of the cemetery; and

Whereas, The City of Vallejo does not have the funds to restore the cemetery and has formally requested the federal government reassume ownership of the cemetery, without compensation to the city; and

Whereas, Representative Mike Thompson has introduced legislation (H.R. 5588) in the United States House of Representatives that will direct the United States Secretary of Veterans Affairs to seek an agreement with the City of Vallejo, under which the city would transfer control of the Mare Island Naval Cemetery to the VA; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature urges the Congress of the United States to act favorably in regard to legislation to have the Mare Island Naval Cemetery transferred to the United States Department of Veterans Affairs and that the National Cemetery Administration restore the cemetery to national cemetery standards and provide for perpetual care of the facility as dictated by those standards; and be it further

Resolved, That the National Cemetery Administration provide continuing care for those interned in the cemetery, including those who are not veterans or eligible family members; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of

the Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-282. A resolution adopted by the Lauderdale Lakes City Commission, Lauderdale Lakes, Florida urging the rapid reunification of families separated as a result of the Administration's immigration policy; to the Committee on the Judiciary.

POM-283. A resolution adopted by the Lauderdale Lakes City Commission, Lauderdale Lakes, Florida expressing its concern, condemnation and outrage at and rejection of the implementation of the Administration's current immigration policies, particularly those which encourage and sanction the separation of families, and urging the United States Congress to forthwith take such steps as shall be appropriate to publicly condemn such policies and enact appropriate action to reverse the continuing application thereof; to the Committee on the Judiciary.

POM-284. A resolution adopted by the City Council of the City of Solana Beach, California memorializing its opposition to the Administration's zero tolerance policy, and any federal policy that removes children from families of immigrants who are seeking to enter our country; to the Committee on the Judiciary.

POM-285. A petition from a citizen of the State of Texas relative to constructing a physical barrier between the United States and foreign nations; to the Committee on Homeland Security and Governmental Affairs.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-286. A concurrent resolution adopted by the Legislature of the State of Louisiana memorializing its support of the right of American citizens to keep and bear arms; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 87

Whereas, the Second Amendment of the United States Constitution and Article I, Section 11 of the Constitution of Louisiana guarantees the right of Louisiana citizens to keep and bear arms; and

Whereas, in recent years, Congress as well as certain states have passed laws which have eroded or attempted to erode the right of the citizens of this country to keep and bear arms; and

Whereas, Americans have the right to protect themselves at home with a firearm; and

Whereas, the United States Constitution recognizes that the right to keep and bear arms is necessary to the security of a free nation and for its citizens to protect themselves and their families; and

Whereas, there are some who would repeal or impair the right to keep and bear arms. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby express support of the right of American citizens to keep and bear arms and does not support any actions that would impair or erode that right, including but not limited to the right of citizens to protect themselves and their families in their home; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-287. A resolution adopted by the City Council of the City of Palm Springs, California memorializing its opposition to the separation of children from their families at the border, detaining immigrants and their

children indefinitely, and criminally prosecuting immigrants lawfully seeking asylum, and calling on the United States Congress to immediately enact fair and humane comprehensive immigration reform; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-288. A communication from the Legislative Assembly of the Commonwealth of Puerto Rico memorializing its intent to not adopt the recommendations made by the Financial Oversight Management Board (FOMB); to the Committee on Energy and Natural Resources.

POM-289. A resolution adopted by the Senate of the State of Hawaii memorializing its support of the participation of Taiwan as an observer in the United Nations Framework Convention on Climate Change, International Civil Aviation Organization, World Health Organization, and International Criminal Police Organization; encouraging a U.S.-Taiwan bilateral trade agreement; and celebrating the State of Hawaii's twenty-fifth anniversary of sister-state relations with

Taiwan; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 37

Whereas, as a global citizen, Taiwan upholds the universal values of peace, freedom, democracy, and human rights; and

Whereas, Taiwan is a committed provider of humanitarian aid; from malaria prevention programs in Africa, to agricultural projects in Latin America and the Caribbean; from medical missions in the South Pacific, to disaster relief in Asia; these are a few examples of how Taiwan has consistently strived to make a real difference throughout the world; and

Whereas, for years, Taiwan has actively engaged in climate change research, supported anti-terrorism cooperation, and worked with its partners to tackle transnational crime; and

Whereas, through its participation in its annual World Health Assembly since April of 2009, Taiwan has shared its renowned expertise in disease control and prevention; and

Whereas, Taiwan's meaningful participation in international bodies such as the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, and International Civil Aviation Organization would make international mechanisms truly global; and

Whereas, Hawaii has a strong cultural, historical, and economic relationship with Taiwan since sister-state relations were established on December 19, 1993, and the bonds of true friendship and a steadfast trade partnership have strengthened over the past twenty-five years; and

Whereas, Taiwan is the tenth largest trading partner of the United States with more than \$65,000,000,000 in goods traded between the United States and Taiwan in 2016, and the United States is the leading country for foreign direct investment in Taiwan; and

Whereas, the deep economic relationship between the United States and Taiwan has created hundreds of thousands of jobs in the United States that rely on exports to Taiwan; now, therefore, be it

Resolved, By the Senate of the Twenty-ninth Legislature of the State of Hawaii, Regular Session of 2018, that this body joins the United States in endorsing the participation of Taiwan as an observer in the United Nations Framework Convention on Climate Change, International Civil Aviation Organization, World Health Organization, and International Criminal Police Organization; and

Resolved, That this body also joins the United States House of Representatives in encouraging the United States Trade

Representative to commence negotiations to enter into a bilateral trade agreement with Taiwan; and

Resolved, That this body supports the State of Hawaii's twenty-fifth anniversary of sister-state relations with Taiwan; and

Resolved, That certified copies of this Resolution be transmitted to the President of the United States; President Pro Tempore of the United States Senate; Speaker of the United States House of Representatives; United States Secretary of State; members of Hawaii's congressional delegation; Governor; and Director of Business, Economic Development, and Tourism.

POM-290. A resolution adopted by the Senate of the State of Hawaii urging the United States Congress to make permanent the authority of the Native Hawaiian Health Care Improvement Act, with all the funding resources necessary to effect this policy; to the Committee on Indian Affairs.

SENATE RESOLUTION NO. 44

Whereas, the Native Hawaiian Health Care Improvement Act, originally enacted as the Native Hawaiian Health Care Act of 1988, and codified under title 42 United States Code chapter 122, states in section 11701 in pertinent part:

“(17) The authority of the Congress under the United States Constitution to legislate in matters affecting the aboriginal or indigenous peoples of the United States includes the authority to legislate in matters affecting the native peoples of Alaska and Hawaii.

(18) In furtherance of the trust responsibility for the betterment of the conditions of Native Hawaiians, the United States has established a program for the provision of comprehensive health promotion and disease prevention services to maintain and improve the health status of the Hawaiian people.”; and

Whereas, title 42 United States Code section 11702 states, in pertinent part, as follows:

“The Congress hereby declares that it is the policy of the United States in fulfillment of its special responsibilities and legal obligations to the indigenous people of Hawaii resulting from the unique and historical relationship between the United States and the Government of the indigenous people of Hawaii—

(1) to raise the health status of Native Hawaiians to the highest possible health level; and

(2) to provide existing Native Hawaiian health care programs with all resources necessary to effectuate this policy.” (emphasis added); and

Whereas, title 42 United States Code section 11705(h) authorizes appropriations necessary for fiscal years 1993 through 2019; and

Whereas, stakeholders face continued uncertainty regarding long-term funding beyond fiscal year 2019; and

Whereas, according to the United States Census Bureau's report, “The Native Hawaiian and Other Pacific Islander Population: 2010”, the nation's Native Hawaiian population increased by 31.4 percent between 2000 and 2010 with approximately fifty-five percent of that population living in Hawaii, and the American Community Survey produced an estimate of approximately 568,000 Native Hawaiians nationwide in 2015; and

Whereas, Act 42, Session Laws of Hawaii 2003, codified as section 10-18, Hawaii Revised Statutes, established the Hui 'Imi Advisory Council within the Office of Hawaiian Affairs; and

Whereas, the Department of Health published a report in 2011, entitled “Chronic Disease Disparities Report 2011: Social Determinants”, which found that chronic diseases—such as heart disease, cancer, stroke, diabetes, and chronic lower respiratory diseases are the most prevalent, most disabling, and most costly of all diseases; and

Whereas, the Department of Native Hawaiian Health of the John A. Burns School of Medicine at the University of Hawaii at Manoa published a report in 2013, entitled “Assessment and Priorities for Health and Well-Being in Native Hawaiians and other Pacific Peoples”, which found that Hawaii's Native Hawaiian population had a lower life expectancy than other populations and had higher rates of death from heart disease, cancer, stroke, diabetes, and injuries compared to the State's overall population; and half of Native Hawaiian and Pacific Islanders report being obese; and

Whereas, social determinants of health and other factors contribute to the continued health disparities that affect the Native Hawaiian population; and

Whereas, while Hawaii and the country in general have made strides toward improving the health of Native Hawaiians, longterm federal funding for necessary health programs and services remains at risk; and

Whereas, the Indian Health Care Improvement Act is intended to provide descendants of the indigenous people of the continental United States assistance with health services; and

Whereas, section 16800 of the Indian Health Care Improvement Act (title 25 United States Code chapter 18) provides for permanent funding of the Act beginning in fiscal year 2010 and each fiscal year thereafter, to remain available until expended; and

Whereas, Native Hawaiians should have the same assurance given to other indigenous people in the United States regarding federal

funding for health programs and services: Now, therefore, be it

Resolved, by the Senate of the Twenty-ninth Legislature of the State of Hawaii, Regular Session of 2018, That the United States Congress is requested to make permanent the authority of the Native Hawaiian Health Care Improvement Act, with all the funding resources necessary to effect this policy; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President Pro Tempore of the United States Senate, Speaker of the House of Representatives of the United States Congress, Majority Leader of the United States Senate, Majority Leader of the United States House of Representatives, members of Hawaii's congressional delegation, United States Secretary of Health and Human Services, Governor of the State of Hawaii, Chairperson of the Board of Trustees of the Office of Hawaiian Affairs, President of the University of Hawaii System, Director of Health, Mayor of each county in the State of Hawaii, President of the Board of Directors of Papa Ola Lokahi, and Executive Director of Papa Ola Lokahi, who in turn is requested to transmit copies of this measure to the Chair of the Board of each Native Hawaiian health care system, as defined in the Native Hawaiian Health Care Improvement Act.

POM-291. A resolution adopted by the Senate of the State of Hawaii urging the United States Congress to pass legislation to clarify the status of migrants under the Compacts of Free Association for purposes of the Real ID Act of 2005 to promote fairness and equality under the law, and urging the United States Citizenship and Immigration Services to delineate Compact of Free Association status as a specific category in the Systematic Alien Verification for Entitlements System; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 92

Whereas, the Freely Associated States of the Republic of the Marshall Islands, Federated States of Micronesia, and Republic of Palau consist of a multitude of islands, languages, and cultures throughout the Micronesian regions of the Pacific Ocean; and

Whereas, the Freely Associated States were formerly the Trust Territory of the Pacific Islands, administered by the United States of America from 1947 to 1986, and, now as sovereign nations, continue to place their trust in the United States through the Compacts of Free Association; and

Whereas, the Compacts of Free Association between the Freely Associated States and the United States of America recognize the historic sacrifices and contributions made by the citizens of the Freely Associated States

for the interests and benefit of the United States of America, including the use of their island atolls for sixty-seven nuclear tests from 1946 to 1958, which subjected the Marshallese people to human radiation experiments without their knowledge or consent, as well as the United States military's occupation of the island atolls to ensure control of the Pacific; and

Whereas, under the Compacts of Free Association, the United States of America continues to exercise exclusive military jurisdiction over the lands and waters of the Freely Associated States and continues to use the atolls as part of the United States National Missile Defense Program's long-range intercontinental ballistic missile defense system; and

Whereas, decades of administration by the United States have failed to establish economic independence within the Freely Associated States, contributing to a lack of adequate agricultural, educational, and health infrastructure necessary for a self-sufficient society; and

Whereas, in addition to the aforementioned sacrifices, the sons and daughters of the Freely Associated States continue to lay down their lives in the interest of the United States, representing some of the highest levels of per-capita military personnel recruitment levels for the United States military, compared to any other jurisdiction; and

Whereas, the people of the Freely Associated States have also contributed greatly to Hawaii's understanding of the common cultural heritage and pride of all Pacific Islanders, such as traditional navigation techniques that were kept alive by the late "Papa" Mau Piailug; and

Whereas, since 1986, citizens of the Federated States of Micronesia and Republic of the Marshall Islands, and since 1994, citizens of the Republic of Palau have legally resided in Hawaii under the Compacts of Free Association with the United States of America; and

Whereas, about eighteen thousand migrants under the Compacts of Free Association live in Hawaii, where they work, attend school, raise families, create businesses, and make other significant contributions; however, they face social and institutional discrimination and are regularly ignored by federal law, which exacerbates their systemic exclusion from fair and equal treatment; and

Whereas, under the Compacts of Free Association, citizens from these nations may "establish residence as a nonimmigrant in the United States" and according to the United States Citizenship and Immigration Services, "they are granted an unlimited length of stay" for which they have no "end of stay" date listed in the legal documents that establish their legal residency; and

Whereas, migrants under the Compacts of Free Association typically enter the United States under 1-94 forms with the notation "D/S" to indicate that their "duration of stay" is unlimited, and they are, according to the United States Citizenship and Immigration Services, "authorized to remain in the U.S. as long as [they] maintain a valid status"; and

Whereas, unlike other recipients of the 1-94 form, migrants under the Compacts of Free Association are not required to provide additional documentation to justify their legal presence because they have the right to an unlimited length of stay; and

Whereas, migrants under the Compacts of Free Association abide by all standard requirements to obtain a driver's license or state identification card in Hawaii, including providing documentation for proof of identity and proof of residency; and

Whereas, the REAL ID Act of 2005, Pub. L. 109-13, 119 Stat. 302 (REAL ID Act), fails to consider individuals' status under the Compacts of Free Association and incorrectly refers to the long-defunct term "Trust Territory of the Pacific Islands", and migrant status under the Compacts of Free Association does not readily fit into any of the listed categories of the REAL ID Act; and

Whereas, because of this technical oversight in the REAL ID Act, migrants under the Compacts of Free Association are often wrongly subjected to an annual driver's license or state identification card renewal requirement that is typically reserved for state residents who are unable to prove their lawful presence; and

Whereas, the annual driver's license or state identification card renewal requirement is overly burdensome for thousands of valued and productive migrants under the Compacts of Free Association who legally reside in Hawaii and who rely on these forms of identification to obtain and maintain employment, education, housing, health care, and other essential resources; and

Whereas, the annual driver's license or state identification card renewal requirement for thousands of Hawaii residents wastes already burdened state and county resources during a time when motor vehicle licensing and permitting agencies report triple the number of driver's license renewals every month and renewal appointments that can take as long as one hour to complete; and

Whereas, the United States Citizenship and Immigration Services has the authority and capability to clarify status under the Compacts of Free Association through the Systematic Alien Verification for Entitlements system, which is the mechanism used to determine legal presence for purposes of the REAL ID Act; and

Whereas, the United States Citizenship and Immigration Services has clarified other federal procedures to include status under the Compacts of Free Association when such

status has been overlooked, including the recently updated guidelines for 1-94 forms published by the agency that defines migrants under the Compacts of Free Association as “alien[s] authorized to work” and authorizes a “D/S” indicator in lieu of an end-of-stay date; now, therefore, be it

Resolved, By the Senate of the Twenty-ninth Legislature of the State of Hawaii, Regular Session of 2018, that the United States Congress is urged to pass legislation to clarify the status of migrants under the Compacts of Free Association for purposes of the REAL ID Act of 2005, Pub. L. 109-13, 119 Stat. 302, to promote fairness and equality under the law; and be it further

Resolved, That the United States Citizenship and Immigration Services is urged to delineate Compact of Free Association status as a specific category in the Systematic Alien Verification for Entitlements system and to clarify that the “unlimited length of stay” of persons with that status is sufficient for the same renewal period as legal permanent residents and United States citizens for purposes of driver’s license and identification renewals, and other entitlements and benefits that may otherwise require an “end date of stay” entry; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, President Pro Tempore of the United States Senate, Majority and Minority Leaders of the United States Senate, Speaker of the United States House of Representatives, Majority and Minority Leaders of the United States House of Representatives, each member of Hawaii’s congressional delegation, United States Secretary of the Interior, United States Assistant Secretary for Insular Areas, Director of the United States Citizenship and Immigration Services, Hawaii Field Office Director of the United States Citizenship and Immigration Services, Governor of the State of Hawaii, Attorney General of the State of Hawaii, Director of Transportation, Deputy Director of Highways of the Department of Transportation, mayor of each county, and director of each county department of motor vehicles.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-292. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to require, if necessary, a resolution between the federal Centers for Medicare and Medicaid Services and TRICARE to immediately restore data sharing and to waive the one-year timely filing restriction for all claims caught in this stoppage; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 23

Whereas, The federal Centers for Medicare and Medicaid Services (CMS), a part of the United States Department of Health and Human Services (HHS), works with the states to fund and implement the MediCaid program, which provides health coverage to millions of Americans, including eligible low-income adults, children, pregnant women, elderly adults, and people with disabilities; and

Whereas, TRICARE, which is managed by the United States Department of Defense Military Health System, provides civilian health benefits for active duty and reserve military members of the United States Armed Forces, military retirees, and their dependents, and which relies on the Defense Enrollment Eligibility Reporting System (DEERS) computerized database that contains TRICARE eligibility data for these individuals; and

Whereas, Approximately 1.75 million military veterans, their families, and active duty family members (nearly 1 in 10) have TRICARE and Medicaid coverage, including family members of active duty members who qualify under Medicaid income limits, veterans and their families who qualify under Medicaid income limits, disabled veterans and their families, and active duty family members that qualify for Medicaid due to disability; and

Whereas, For individuals who have both TRICARE and Medicaid coverage, TRICARE must pay as primary coverage; and

Whereas, Historically, identifying individuals with both TRICARE and Medicaid coverage has been a challenging, yet necessary, process, as acknowledged and documented in an HHS Inspector General report, "Medicaid Third Party Liability (TPL) Savings Have Increased, But Challenges Remain"; and

Whereas, Prior to 2017, TRICARE had matched their DEERS eligibility files and provided information back to the states about the individuals who had both TRICARE and Medicaid coverage; and

Whereas, The agreement to cross-match between CMS and TRICARE has expired and the parties have been unable to reestablish terms to coordinate benefits between the two programs; and

Whereas, In early 2017, TRICARE ceased its support in the data-match process in which states provide Medicaid enrollee eligibility information to TRICARE in order to identify those members who have both TRICARE and Medicaid; and

Whereas, The expiration of the agreement has the effect of preventing the recovery of millions of payments annually where Medicaid erroneously paid, because TRICARE should have paid as primary coverage, resulting in a shift of additional costs from the federal government to the states; and

Whereas, TRICARE's timely filing limitation precludes Medicaid from billing a claim that should be TRICARE's responsibility if the service was rendered more than one year prior, resulting in additional annual costs shifting to California and other states; and

Whereas, TRICARE refuses to share data with, and process eligibility information from, Medicaid managed care organizations that provide care to more than 60 percent of all Medicaid members nationally. It is estimated that millions of dollars annually paid in claims should have been TRICARE's responsibility, not Medicaid managed care organizations, resulting in even more cost shifting to the states and leading to improper Medicaid capitation payments; and

Whereas, Approximately 8.6 percent of TRICARE beneficiaries, or approximately 804,724 uniformed service members and their families, are located in California, and thus it is estimated that California could be paying millions of dollars it is not responsible for if this issue of data sharing between TRICARE and CMS is not resolved; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California urges the United States Department of Defense and

the United States Department of Health and Human Services to implement and the United States Congress to require, if necessary, a resolution between the federal Centers for Medicare and Medicaid Services and TRICARE to immediately restore data sharing and to waive the one-year timely filing restriction for all claims caught in this stoppage; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-293. A joint resolution adopted by the Legislature of the State of California urging the United States Congress and the President of the United States to enact H.R. 2902 pending before Congress that would fully fund the federal Individuals with Disabilities Education Act (IDEA); to the Committee on Health, Education, Labor, and Pensions.

SENATE JOINT RESOLUTION NO. 19

Whereas, The federal Education for All Handicapped Children Act of 1975 (1975 Act) was enacted by Congress and signed into law by the President of the United States as Public Law 94-142 to address the failure of states to meet the educational needs of children with disabilities. This act, known as the federal Individuals with Disabilities Education Act (IDEA) since 1990 with the enactment of Public Law 101-476, remains the cornerstone of federal statutory mandates governing special education; and

Whereas, The purpose of the 1975 Act, as declared by Congress, was to ensure that all children with disabilities have available to them, within specified time periods, "a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of children with disabilities and their parents or guardians are protected, to assist States and localities to provide for the education of all children with disabilities, and to assess and assure the effectiveness of efforts to educate children with disabilities"; and

Whereas, The 1975 Act authorized a maximum state funding entitlement of 40 percent, for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, of the average per pupil expenditure in public elementary and secondary schools in the United States; and

Whereas, Since 1975, including in the most recent amendments to the IDEA, Public Law

108-446, the federal Individuals with Disabilities Education Improvement Act of 2004, Congress has maintained the funding authorization at “40 percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States”; and

Whereas, The federal government has never paid its promised 40 percent share of the IDEA mandate. For many years, Congress paid less than 8 percent of the excess cost of educating children with disabilities, forcing the states and local educational agencies to cover the remaining costs. The California student population requiring special education and related services continues to grow each year; and

Whereas, School, disability, and parent groups have been trying for years to bring IDEA appropriations up to the authorized 40 percent of average per-pupil expenditures, the maximum any state can receive per student with disability. This effort has come to be known as “full funding,” but the effort has never succeeded; and

Whereas, The California Legislature, since the early 1990s, has approved a number of joint resolutions memorializing the President of the United States and the U.S. Congress to provide the full federal share of funding for special education programs to the states so that this state and other states will not be required to take funding from other vital state and local programs to fund this underfunded federal mandate; and

Whereas, In 2016, federal funding only represented 16.3 percent of its share, well short of the promised 40 percent level; and

Whereas, Because the promised federal funding level is not being met, the burden has fallen on states and local school districts, which leads to cuts in programs, or tax increases, or both; and

Whereas, A bill stands on the floor of the United States House of Representatives, H.R. 2902, known as the IDEA Full Funding Act, that aims to reach the 40 percent “full funding” level by the fiscal year 2027 through incremental increases in the federal share of funding each fiscal year: now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature respectfully memorializes the Congress and the President of the United States to enact H.R. 2902 pending before Congress that would fully fund IDEA; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Committee on the Budget, to the Chair of the House Committee on the Budget, to the Senate Committee on Appropriations, to the

Chair of the House Committee on Appropriations, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Education.

POM-294. A joint resolution adopted by the Legislature of the State of California calling upon the President of the United States and the United States Congress to enact legislation that provides more funding for research to be done on potential treatment and cures for rare diseases; to the Committee on Health, Education, Labor, and Pensions.

SENATE JOINT RESOLUTION NO. 25

Whereas, Batten Disease is a family of rare genetic disorders of the nervous system that typically begins in childhood; and

Whereas, There are many forms of Batten Disease, and the mutations of at least 14 different genes are known to cause the disease; and

Whereas, Symptoms of the fatal disease include vision loss leading to blindness, personality and behavioral changes, seizures, intellectual decline, disruption and loss of speech, dementia, and other debilitating ailments; and

Whereas, Depending on the age of onset, Batten Disease usually leads to premature death when the patient is in his or her late teens or early twenties; and

Whereas, Batten Disease occurs in an estimated two to four of every 100,000 births in the United States; and

Whereas, Due to the many different forms of the disease, there is significant variability in the age of onset and symptom progression for each case; and

Whereas, On average, the process to reach the correct diagnosis for a patient with a rare disease could take up to 7.6 years, visits with numerous physicians, and multiple misdiagnoses; and

Whereas, There is no known cure for Batten Disease, and the lack of essential funding has hindered scientists’ ability to find a potential treatment or cure; and

Whereas, The federal government failed to pass House Resolution 971 introduced by Representative Gus Bilirakis in the 114th Congress, which represented an effort to increase the number of treatments for rare diseases, reduce the use of drugs that are not approved by the federal Food and Drug Administration (FDA), and bring down the average cost of rare disease medications; and

Whereas, The federal government has not done enough to provide funding for rare diseases, and 95 percent of the 7,000 rare diseases still have no FDA-approved treatment: Now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature does hereby proclaim the weekend of June 2, 2018, through June 3,

2018, as Batten Disease Awareness Weekend; and be it further

Resolved, That the Legislature calls upon the President and Congress of the United States to enact legislation that provides more funding for research to be done on potential treatment and cures for rare diseases; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-295. A joint resolution adopted by the Legislature of the State of California memorializing its opposition to the decision to end the Temporary Protected Status designation for the people of El Salvador, Honduras, Haiti, Nicaragua, and Sudan, and urging the United States Congress to enact a bipartisan, permanent solution for Salvadorans, Haitians, Nicaraguans, Hondurans, and Sudanese with Temporary Protected Status; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 16

Whereas, Temporary Protected Status (TPS) was established by the United States Congress through the Immigration Act of 1990, and is a temporary, renewable program that provides relief from deportation and access to a work permit for foreign nationals from certain countries who are unable to safely return to their home countries due to natural disasters, armed conflicts, or other extraordinary conditions; and

Whereas, The TPS program provides compassion, generosity, and human rights to law abiding immigrants; and

Whereas, The TPS designation for El Salvador was terminated by the Trump administration, effective September 9, 2019; and

Whereas, The TPS designation for Nicaragua was terminated by the Trump administration, effective January 5, 2019; and

Whereas, The TPS designation for Haiti was terminated by the Trump administration, effective July 22, 2019; and

Whereas, The TPS designation for Sudan was terminated by the Trump administration, effective November 2, 2018; and

Whereas, The current TPS designation for Honduras expires on July 5, 2018; and

Whereas, These humanitarian programs have enabled 413,390 immigrants to live, work, and raise families in the United States, in some cases for over two decades; and

Whereas, Data collected from a nationwide survey of immigrants holding TPS found that TPS has contributed positively to the socioeconomic integration of these

immigrants, benefiting them, their families, and United States society in general; and

Whereas, TPS holders have significantly high levels of labor force participation: 94 percent of men and 82.1 percent of women are working, with 83.3 percent of men and 54.9 percent of women working more than 40 hours per week, and 7.6 percent of men and 10.0 percent of women working more than one job. About one-tenth of survey respondents were self-employed (men 13.4 percent, women 7.8 percent); and

Whereas, Among survey respondents, 33.6 percent of men and 29.9 percent of women live in owner-occupied homes; and

Whereas, The percentage of the survey respondents who in that nationwide survey volunteered in civic organizations, committees, or community groups in the 12 months prior to the survey is 29.7 percent, showing high levels of social integration. Also, 20.2 percent of survey respondents engaged in activities to benefit their community, including donating blood, cleaning streets, and other similar activities; and

Whereas, The percentage of survey respondents who pay income taxes is 80.3 percent, including 79.3 percent of those who are self-employed. They have contributed to social security for an average of 15.4 years and 90 percent file taxes every year; and

Whereas, United States citizen children whose American families are a part of the TPS program should not be torn apart by the end of this program and by the potential deportation of their parents; and

Whereas, Immigrants with disqualifying criminal backgrounds are not eligible for TPS relief and the United States Department of Homeland Security should work to ensure that no one with such a background is granted TPS if the programs are renewed; and

Whereas, TPS holders have already fulfilled many of the requirements for lawful permanent residence and the overwhelming majority hold at least one job, pay taxes and pay for their own insurance, have clean criminal records as these checks are required with every renewal, and have demonstrated that they have the will to belong and to become full members of society through home ownership and raising children in the United States. Many TPS holders also have continued to advance educationally; and

Whereas, Only the Congress of the United States can legislate a permanent solution to address the lawful immigration status for those protected by TPS; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature condemns the decision to end the Temporary Protected Status designation for the people of El Salvador, Honduras, Haiti, Nicaragua, and Sudan; and be it further

Resolved, That the Legislature urges the Congress of the United States to extend the

federal Temporary Protected Status for the people of El Salvador, Honduras, Haiti, Nicaragua, and Sudan; and be it further

Resolved, That the Legislature urges the Congress of the United States to take the remainder of the time before the effective date of termination of each federal Temporary Protected Status program to enact a bipartisan, permanent solution for establishing the permanent legal status for Salvadorans, Haitians, Nicaraguans, Hondurans, and Sudanese with Temporary Protected Status who were granted Temporary Protected Status and have lived and worked in the United States for many years; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate; to each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-296. A resolution adopted by the City Council of Seaside, California urging its state and federal representatives to adopt stricter controls governing the sale, transfer, possession, manufacturing, and distribution of all firearms, dangerous weapons, and ammunition; to the Committee on the Judiciary.

POM-297. A petition from a citizen of the State of Texas relative to the appropriation of funds for financial aid to foreign nations; to the Committee on Appropriations.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Ridgway, one of his secretaries:

REPORT RELATIVE TO A NATIONAL EMERGENCY WITH RESPECT TO THE THREAT OF FOREIGN INTERFERENCE IN THE UNITED STATES ELECTIONS -- PM 47

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*), the National Emergencies Act (50 U.S.C. 1601 *et seq.*), section 212(f) of the Immigration and Nationality Act of 1952 (8 U.S.C. 1182(f)), and section 301 of title 3, United States Code, I hereby report that I have issued an Executive Order declaring a national emergency to deal with the threat of foreign interference in United States elections and authorizing the United States Government to impose a range of appropriate and meaningful sanctions against foreign individuals and entities determined to have engaged in election interference.

Foreign powers have historically sought to exploit America's free and open political system. In recent years, the proliferation of digital devices and internet-based communications has created significant vulnerabilities and magnified the scope and intensity of the threat of foreign interference. To deal with this threat, I have directed the Director of National Intelligence to conduct regular assessments of any information indicating that foreign election interference has taken place. I have also directed the Attorney General and Secretary of Homeland Security to conduct evaluations of the effects of any such interference that targeted election infrastructure or campaign-related infrastructure, and to provide updates and

recommendations on appropriate measures to take in response.

In the event foreign election interference is determined to have occurred, the Executive Order provides for the imposition of sanctions on foreign persons determined by the Secretary of the Treasury, in consultation with the Secretary of State, to have engaged in, sponsored, concealed, or otherwise been complicit in the interference, as well as other related persons.

The Executive Order further directs the Secretary of State and the Secretary of the Treasury to develop additional recommended sanctions measures, appropriately calibrated to account for the severity of the interference and any collateral effects on United States and allied financial stability and economic and security interests, targeting companies in significant economic sectors in a country whose government is determined to have engaged in or sponsored election interference.

I am enclosing a copy of the Executive Order I have issued.

DONALD J. TRUMP.

THE WHITE HOUSE, *September 12, 2018.*

SENATE JOINT RESOLUTION
CONSTITUTIONAL AMENDMENT NO. 4

Whereas, The Ninety-second Congress of the United States of America, at its Second Session, in both houses, by a constitutional majority of two-thirds, adopted the following proposition to amend the Constitution of the United States of America:

"JOINT RESOLUTION

Resolved by the House of Representatives and Senate of the United States of America in Congress assembled (two-thirds of each house concurring therein). That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as a part of the Constitution when ratified by the legislatures of three-fourths of the several States within seven years from the date of its submission by the Congress:

"ARTICLE

Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.""; and

Whereas, A Joint Resolution is a resolution adopted by both houses of the General Assembly and does not require the signature of the Governor; a Joint Resolution is sufficient for Illinois' ratification of an amendment to the United States Constitution; and

Whereas, The United States Congress has recently adopted the 27th Amendment to the Constitution of the United States, the so-called Madison Amendment, relating to Compensation of Members of Congress; this amendment was proposed 203 years earlier by our First Congress and only recently ratified by three-fourths of the States; the United States Archivist certified the 27th Amendment on May 18, 1992; and

Whereas, The founders of our nation, James Madison included, did not favor further restrictions to Article V of the Constitution of the United States, the amending procedure; the United States Constitution is harder to amend than any other constitution in history; and

Whereas, The restricting time limit for the Equal Rights Amendment ratification is in the resolving clause and is not a part of the amendment proposed by Congress and already ratified by 35 states; and

Whereas, Having passed a time extension for the Equal Rights Amendment on October 20, 1978, Congress has demonstrated that a time limit in a resolving clause can be

disregarded if it is not a part of the proposed amendment; and

Whereas, The United States Supreme Court in *Coleman v. Miller*, 307 U.S. 433, at 456 (1939), recognized that Congress is in a unique position to judge the tenor of the nation, to be aware of the political, social, and economic factors affecting the nation, and to be aware of the importance to the nation of the proposed amendment; and

Whereas, If an amendment to the Constitution of the United States has been proposed by two-thirds of both houses of Congress and ratified by three-fourths of the state legislatures, it is for Congress under the principles of *Coleman v. Miller* to determine the validity of the state ratifications occurring after a time limit in the resolving clause, but not in the amendment itself; and

Whereas, Constitutional equality for women and men continues to be timely in the United States and worldwide, and a number of other nations have achieved constitutional equality for their women and men; therefore, be it

Resolved, by the Senate of the One Hundredth General Assembly of the State of Illinois, the House of Representatives concurring herein, that the proposed amendment to the Constitution of the United States of America set forth in this resolution is ratified; and be it further

Resolved, That a certified copy of this resolution be forwarded to the Archivist of the United States, the President pro tempore of the Senate and the Speaker of the House of Representatives of the Congress of the United States, and each member of the Illinois congressional delegation.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-303. A joint resolution adopted by the Legislature of the State of California urging the President of the United States and the United States Congress to work together to implement grid hardening measures and to

help ensure our nation’s critical electrical infrastructure is protected from threats from electromagnetic pulses and physical attacks on the infrastructure; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 20

Whereas, Geomagnetic storms are natural phenomena involving disturbances in the earth’s geomagnetic field caused by solar activity; and

Whereas, Disruptions of electrical power caused by geomagnetic storms, such as the collapse of the Hydro-Quebec grid during the geomagnetic storm of 1989, have occurred many times in the past; and

Whereas, The congressionally mandated Commission to Assess the Threat to the United States from Electromagnetic Pulse Attack found, in its report delivered in July of 2004, that an enemy using a low-yield nuclear weapon detonated at a high altitude above the United States could carry out an electromagnetic pulse (EMP) attack against the United States, and that an EMP attack has the potential to place our society at risk and to defeat the Armed Forces of the United States; and

Whereas, Congress has commissioned numerous other hearings and reports on this issue, including the House of Representatives National Security Committee hearing on the EMP threat in 1997, the House of Representatives Military Research and Development Subcommittee hearing on the threat to the United States of potential EMP attacks in 1999, the creation of the Commission to Assess the Threat to the United States from Electromagnetic Pulse Attack in 2001, the congressional commission report, “Critical National Infrastructures,” issued in 2008, the United States Navy Naval Sea Systems Command EMP program in 2010, the North American Electric Reliability Corporation/federal Department of Energy report, “High-Impact, Low-Frequency Event Risk to the North American Bulk Power System,” issued in 2010, and the federal Department of Homeland Security testimony to the House of Representatives Committee on Homeland Security, “The Electromagnetic Pulse (EMP) Threat: Examining the Consequences,” in 2012; and

Whereas, In April 2013, an electrical substation in San Jose, California, was attacked with gunfire, leaving transformers disabled for nearly four weeks in an apparent attempt to disrupt power to Silicon Valley, raising questions about the vulnerability of power grids across the United States; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature urges the President and the Congress of the United States to work

together to implement grid hardening measures and to help ensure our nation’s critical electrical infrastructure is protected from threats from electromagnetic pulses and physical attacks on the infrastructure; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-304. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress and the President of the United States to take certain actions to ensure that a woman can freely make reproductive health decisions and access reproductive health care, including abortion; to the Committee on Health, Education, Labor, and Pensions.

ASSEMBLY RESOLUTION NO. 181

Whereas, Reproductive health is a critical component of a woman's overall health, and a woman's freedom to make reproductive decisions is vital to her safety, well-being, economic opportunity, and ability to participate equally in society; and

Whereas, Abortion is a part of women's health care; and

Whereas, In 1973, the Supreme Court of the United States determined, in the landmark case of *Roe v. Wade*, 410 U.S. 113 (1973), that a woman's decision to have an abortion is protected by the U.S. Constitution; and

Whereas, In 1992, and again in 2016, the U.S. Supreme Court upheld the right of women to access an abortion without undue burden; and

Whereas, More than 70 percent of Americans, including a majority of individuals from all major political parties, support access to abortion; and

Whereas, When it comes to the most important personal decisions in life, such as whether and when to become a parent, it is vital that a woman be able to make that decision for herself, based on what is best for her and her family, and it is further essential

that the woman be provided with equal access to abortion and other reproductive health care, regardless of where she lives, how much money she makes, or her insurance or immigration status; and

Whereas, Judge Brett Kavanaugh, who has recently been nominated for a post on the U.S. Supreme Court, has a history of ruling to impose and uphold limits on a woman's ability to access safe and legal abortion, and his potential appointment to the Supreme Court therefore poses a serious threat to women's reproductive rights; and

Whereas, The protections affirmed by the Supreme Court in the landmark *Roe v. Wade* case, and in subsequent cases, are now at risk, and the future of access to safe and legal reproductive health care, including abortion, is on the line; and

Whereas, As a state, New Jersey has made great strides in supporting women's health care by restoring funding for family planning services, and ensuring Medicaid coverage for reproductive health care, including abortion; and

Whereas, New Jersey supports women's rights and women's health by facilitating full access to all reproductive health care, including abortion, and the State is opposed to federal measures or initiatives that will reduce women's rights or endanger women's health, in this regard, including the imposition of restrictions on insurance coverage for abortion, and the appointment of judges who are likely to impose limits on women's rights and their access to reproductive health care; now, therefore,

Be it resolved by the General Assembly of the State of New Jersey:

1. This House respectfully opposes efforts by the federal government to restrict or limit a woman's right and ability to access the full range of reproductive services, including abortion.

2. This House respectfully opposes any nominee to the United States Supreme Court who is not committed to upholding a woman's right to reproductive health care, including equitable access to abortion.

3. This House respectfully calls upon the Congress and President of the United States to reject or revoke the nomination of Judge Brett Kavanaugh and any other Supreme Court nominee who would move to limit the rights of women to access the full panoply of reproductive services, including abortion.

4. This House further urges the Congress and President of the United States to remove any existing restrictions on access to abortion, including restrictions on insurance coverage for women who are enrolled in public insurance programs.

5. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President and Vice President of the United States, the Majority and Minority Leaders of

the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and every member of Congress elected from this State.

POM-305. A resolution adopted by the Mayor and City Council of Citronelle, Alabama memorializing their support for continued and increased exploration and production of the Gulf of Mexico, and urging the United States Congress to keep its commitment under the Gulf of Mexico Energy Security Act to share Outer Continental Shelf (OCS) revenues with Gulf producing states and their coastal political subdivisions; to the Committee on Energy and Natural Resources.

The Secretary of the Senate reported that on today, Tuesday, November 27, 2018, she had presented to the President of the United States the following enrolled bill:

S. 3554. A bill to extend the effective date for the sunset for collateral requirements for Small Business Administration disaster loans.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Ridgway, one of his secretaries:

REPORT RELATIVE TO THE ISSUANCE OF AN EXECUTIVE ORDER DECLARING A NATIONAL EMERGENCY RELATED TO THE SITUATION IN NICARAGUA -- PM 48

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*), section 212(f) of the Immigration and Nationality Act of 1952 (8 U.S.C. 1182(f)), and section 301 of title 3, United States Code, I hereby report that I have issued an Executive Order declaring a national emergency to deal with the threat posed by the situation in Nicaragua, including the violent response by the Government of Nicaragua to the protests that began on April 18, 2018, and the Ortega regime’s systematic dismantling and undermining of democratic institutions and the rule of law, its use of indiscriminate violence and repressive tactics against civilians, as well as its corruption leading to the destabilization of Nicaragua’s economy.

The Executive Order blocks all property and interests in property within United States jurisdiction of any person determined by the Secretary of the Treasury, in consultation with the Secretary of State:

(i) to be responsible for or complicit in, or to have directly or indirectly engaged or attempted to engage in, any of the following:

(A) serious human rights abuse in Nicaragua;

(B) actions or policies that undermine democratic processes or institutions in Nicaragua;

(C) actions or policies that threaten the peace, security, or stability of Nicaragua;

(D) any transaction or series of transactions involving deceptive practices or corruption by, on behalf of, or otherwise related to the Government of Nicaragua or a current or former official of the Government of Nicaragua, such as the misappropriation of public assets or expropriation of private assets for personal gain or political purposes, corruption related to government contracts, or bribery;

(ii) to be a leader or official of an entity that has, or whose members have, engaged in any activity described in section (i) or of an entity whose property and interests in property are blocked pursuant to the Executive Order;

(iii) to be an official of the Government of Nicaragua or to have served as an official of the Government of Nicaragua at any time on or after January 10, 2007;

(iv) to have materially assisted, sponsored, or provided financial, material, or technological support for, or goods or services in support of:

(A) any activities described in section (i); or

(B) any person whose property and interests in property are blocked pursuant to the Executive Order; or

(v) to be owned or controlled by, or to have acted or purported to act for or on behalf of, directly or indirectly, any person whose property and interests in property are blocked pursuant to the Executive Order.

I have delegated to the Secretary of the Treasury, in consultation with the Secretary of State, the authority to take such actions, including the promulgation of rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to carry out the purposes of the Executive Order. All agencies of the United States Government are directed to take all appropriate measures within their authority to carry out the provisions of the Executive Order.

I am enclosing a copy of the Executive Order I have issued.

DONALD J. TRUMP.

THE WHITE HOUSE, *November 27, 2018.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-306. A resolution adopted by the Senate of the Commonwealth of Pennsylvania urging the United States

Congress to pass the language from the Hemp Farming Act of 2018, as contained in the Farm Bill of 2018, removing industrial hemp from the Schedule I Controlled Substance List and legalizing commercial industrial hemp production in the United States; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 421

Whereas, A bipartisan effort has taken place at both the Federal and State levels to pass legislation which would allow American farmers to compete with foreign nations in industrial hemp production; and

Whereas, The United States relied upon hemp production from the time period of the Mayflower voyage to the War of 1812 and through every world war; and

Whereas, Hemp production in Pennsylvania has a 260-year history due to the favorable climate and soil; and

Whereas, Industrial hemp plants are cultivated for products derived from the whole plant, including stalk, seeds, flower and roots for products including fiber, food, oil and extracts; and

Whereas, Industrial hemp has thousands of applications and can be refined into a variety of commercial products including paper, textiles, biodegradable plastics, cannabinoids, paint, insulation, biofuel, food and animal feed; and

Whereas, Each year, American companies are forced to import millions of dollars' worth of industrial hemp seed and fiber products annually from China, Canada, Europe and other countries; and

Whereas, Industrial hemp has often been confused with marijuana, as it is a member of the cannabis family; however, it has no psychoactive effect due to a very low level of tetrahydrocannabinol; and

Whereas, Chapter 7 of Title 3 of the Pennsylvania Consolidated Statutes defines industrial hemp as the plant *Cannabis sativa* L. and any part of the plant with less than three-tenths of one percent tetrahydrocannabinol, also known as THC; and

Whereas, Uncertainty about Federal laws inhibits investment in the United States and Pennsylvania hemp industry by agricultural producers, manufacturers, processors and other businesses; and

Whereas, Section 7606 of the Agricultural Act of 2014, the Farm Bill of 2014 and the Omnibus Appropriations Act of 2016, authorized State industrial hemp agricultural pilot research programs and the activities associated with such programs; and

Whereas, The Department of Agriculture of the Commonwealth, farmers, researchers and industry leaders recognized the potential for opportunities in industrial hemp production and products and in investment in Pennsylvania's industrial hemp industry

where this Commonwealth could become a national leader to take advantage of the potential \$1 billion national market for growing, producing, processing and selling industrial hemp and industrial hemp products; and

Whereas, To this end, in 2016, the General Assembly and Governor of the Commonwealth enacted Act 92 of 2016, which established Chapter 7 of Title 3 of the Pennsylvania Consolidated Statutes and authorized an industrial hemp research pilot program to commence the initial research into such potential opportunities; and

Whereas, In the fall of 2018, the Congress of the United States is poised to pass the language from the Hemp Farming Act of 2018, as contained in the 2018 Farm Bill, which removes industrial hemp from the Schedule I Controlled Substance List and legalizes commercial industrial hemp production in the United States; and

Whereas, The Department of Agriculture of the Commonwealth is encouraged to immediately commence a study of this Commonwealth's industrial hemp pilot program and other industrial hemp pilot programs in other states and their regulations to recommend and draft statutory or draft regulatory language to the General Assembly to expedite the entry of this Commonwealth into the commercial industrial hemp market upon passage of the language from the Hemp Farming Act by the Congress of the United States; therefore be it

Resolved, That the Senate of the Commonwealth of Pennsylvania urge the Congress of the United States to pass the language from the Hemp Farming Act of 2018, as contained in the Farm Bill of 2018, removing industrial hemp from the Schedule I Controlled Substance List and legalizing commercial industrial hemp production in the United States; and be it further

Resolved, That the Senate of the Commonwealth of Pennsylvania urge the Department of Agriculture of the Commonwealth to begin a study of the industrial hemp research pilot programs established under Act 92 of 2016 and similar research pilot programs in other states and their regulations to prepare any recommended draft legislation for submission to the General Assembly and a framework for any draft regulatory provisions that incorporate the following:

(1) The growth and cultivation of industrial hemp produced in compliance with Federal law is an agricultural crop.

(2) The producers of industrial hemp with this Commonwealth have access to United States-supplied seed, germplasm, rooted cuttings and other genetics.

(3) All industrial hemp projects, including genetics, that are produced in the Commonwealth shall be able to be freely

shipped across State lines into and out of this Commonwealth.

(4) The Department of Agriculture of the Commonwealth prepares a process for institutions of higher education in this Commonwealth to obtain approval to conduct industrial hemp research that complies with existing law and is eligible for Federal grant funding.

(5) The Department of Agriculture of the Commonwealth prepares educational programs and materials for the education of youth and the public on the growth, cultivation and market potential for industrial hemp; and be it further

Resolved, That copies of this resolution be transmitted to the Governor, the Secretary of Agriculture of the Commonwealth, the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

POM-307. A resolution adopted by the Mayor and City Council of the City of Jackson, Alabama memorializing their support for continued and increased exploration and production of the Gulf of Mexico, and urging the United States Congress to keep its commitment under the Gulf of Mexico Energy Security Act to share Outer Continental Shelf (OCS) revenues with Gulf producing states and their coastal political subdivisions; to the Committee on Energy and Natural Resources.

POM-308. A petition from a citizen of the State of Texas relative to the acceptance of government-produced currency; to the Committee on Banking, Housing, and Urban Affairs.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States, by Ms. Ridgway, one of his secretaries:

Mr. President: I am directed to deliver to the Senate, a message, in writing:

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES OFFICIALLY NOTIFYING THE CONGRESS OF THE UNITED STATES OF THE DEATH OF FORMER PRESIDENT GEORGE HERBERT WALKER BUSH – PM 49

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States which was ordered to lie on the table:

To the Congress of the United States:

By this Message, I officially inform you of the death of George Herbert Walker Bush, the forty-first President of the United States.

President George H.W. Bush led a life that exemplified what is truly great about America. As with so many of his generation, the Greatest Generation, President Bush worked selflessly throughout his long life to bring about a world of justice and lasting peace. With his passing, we mark one of the last pages of a defining chapter in American history.

Much of George H.W. Bush's life was shaped by global conflict. He began his adult life by volunteering for combat in the Pacific Theater of World War Two. Through his heroic efforts as an aviator in the United States Navy, the youngest in United States history at the time, President Bush flew 58 combat missions, helping to win a hard-fought but fragile peace. Shortly after the war, the Nation found itself confronted with new challenges, including a protracted Cold War and the threat of nuclear annihilation by the Soviet Union. Propelled by his sense of duty to his Nation, George H.W. Bush re-entered public service, first as a Member of Congress, and then as Ambassador to the United Nations, Chief of the United States Liaison Office in China, Director of Central Intelligence, Vice President, and President of the United States.

Resolute through war, President Bush was magnanimous in peace. As the Communist threat subsided, he stood down America's nuclear bombers from the alert posture they had maintained for so long and gently encouraged the development of democracy and free markets in the crumbling Soviet Union. Through these and other gestures of goodwill, President Bush helped to bring the Cold War to a victorious end and to transition the country into a period of sustained peace and prosperity.

During one of his many combat missions as a young man, then-Lieutenant Bush was forced to parachute from his airplane into the ocean below. Many years later, in celebration of a life of accomplishments in both war and peace, President Bush jumped from another

aircraft—this time a helicopter—and parachuted safely onto the grounds of his home in Maine. Fearless, courageous, adventurous, and unyielding, through the highs and lows of the twentieth century and into the next millennium, President Bush served his Nation, creating an example that will inspire generations for decades to come.

DONALD J. TRUMP.

THE WHITE HOUSE, *December 3, 2018.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-309. A resolution adopted by the Senate of the State of New Jersey urging the United States Congress and the President of the United States to take certain actions to ensure that a woman can freely make reproductive health decisions and access reproductive health care, including abortion; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 96

Whereas, Reproductive health is a critical component of a woman's overall health, and a woman's freedom to make reproductive decisions is vital to her safety, well-being, economic opportunity, and ability to participate equally in society; and

Whereas, Abortion is a part of women's health care; and

Whereas, In 1973, the Supreme Court of the United States determined, in the landmark case of *Roe v. Wade*, 410 U.S. 113 (1973), that a woman's decision to have an abortion is protected by the U.S. Constitution; and

Whereas, In 1992, and again in 2016, the U.S. Supreme Court upheld the right of women to access an abortion without undue burden; and

Whereas, More than 70 percent of Americans, including a majority of individuals from all major political parties, support access to abortion; and

Whereas, When it comes to the most important personal decisions in life, such as whether and when to become a parent, it is vital that a woman be able to make that decision for herself, based on what is best for her and her family, and it is further essential that the woman be provided with equal access to abortion and other reproductive health care, regardless of where she lives, how much money she makes, or her insurance or immigration status; and

Whereas, Judge Brett Kavanaugh, who has recently been nominated for a post on the U.S. Supreme Court, has a history of ruling to impose and uphold limits on a woman's ability to access safe and legal abortion, and his potential appointment to the Supreme Court therefore poses a serious threat to women's reproductive rights; and

Whereas, The protections affirmed by the Supreme Court in the landmark *Roe v. Wade* case, and in subsequent cases, are now at risk, and the future of access to safe and legal reproductive health care, including abortion, is on the line; and

Whereas, As a state, New Jersey has made great strides in supporting women’s health care by restoring funding for family planning services, and ensuring Medicaid coverage for reproductive health care, including abortion; and

Whereas, New Jersey supports women’s rights and women’s health by facilitating full access to all reproductive health care, including abortion, and the State is opposed to federal measures or initiatives that will reduce women’s rights or endanger women’s health, in this regard, including the imposition of restrictions on insurance coverage for abortion, and the appointment of judges who are likely to impose limits on women’s rights and their access to reproductive health care: Now, therefore, be it

Resolved by the Senate of the State of New Jersey:

1. This House respectfully opposes efforts by the federal government to restrict or limit a woman’s right and ability to access the full range of reproductive services, including abortion.

2. This House respectfully opposes any nominee to the United States Supreme Court who is not committed to upholding a woman’s right to reproductive health care, including equitable access to abortion.

3. This House respectfully calls upon the Congress and President of the United States to reject or revoke the nomination of Judge Brett Kavanaugh and any other Supreme Court nominee who would move to limit the rights of women to access the full panoply of reproductive services, including abortion.

4. This House further urges the Congress and President of the United States to remove any existing restrictions on access to abortion, including restrictions on insurance coverage for women who are enrolled in public insurance programs.

5. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Secretary of the Senate to the President and Vice President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and every member of Congress elected from this State.

SENATE AMENDMENTS TO SENATE
RESOLUTION NO. 96

Replace preamble to read:

Whereas, Reproductive health is a critical component of a woman’s overall health, and a woman’s freedom to make reproductive decisions is vital to her safety, well-being, economic opportunity, and ability to participate equally in society; and

Whereas, Abortion is a part of women’s health care; and

Whereas, In 1973, the Supreme Court of the United States determined, in the landmark

case of *Roe v. Wade*, 410 U.S. 113 (1973), that a woman’s decision to have an abortion is protected by the U.S. Constitution; and

Whereas, In 1992, and again in 2016, the U.S. Supreme Court upheld the right of women to access an abortion without undue burden; and

Whereas, More than 70 percent of Americans, including a majority of individuals from all major political parties, support access to abortion; and

Whereas, When it comes to the most important personal decisions in life, such as whether and when to become a parent, it is vital that a woman be able to make that decision for herself, based on what is best for her and her family, and it is further essential that the woman be provided with equal access to abortion and other reproductive health care, regardless of where she lives, how much money she makes, or her insurance or immigration status; and

Whereas, Judge Brett Kavanaugh, who has recently been [nominated for a post on] appointed to the U.S. Supreme Court, has a history of ruling to impose and uphold limits on a woman’s ability to access safe and legal abortion, and his [potential] appointment to the Supreme Court therefore poses a serious threat to women’s reproductive rights; and

Whereas, The protections affirmed by the Supreme Court in the landmark *Roe v. Wade* case, and in subsequent cases, are now at risk, and the future of access to safe and legal reproductive health care, including abortion, is on the line; and

Whereas, Twenty states are poised to ban abortion if Roe v Wade is overturned, which would result in over 25 million women of reproductive age—more than a third of women of reproductive age in America—losing access to safe, legal abortion in their home states; and

Whereas, As a state, New Jersey has made great strides in supporting women’s health care by restoring funding for family planning services, and ensuring Medicaid coverage for reproductive health care [, including abortion]; and

Whereas, New Jersey supports women’s rights and women’s health by facilitating full access to all reproductive health care, [including abortion,] and the State is opposed to federal measures or initiatives that will reduce women’s rights or endanger women’s health, in this regard, including the imposition of restrictions on insurance coverage for abortion, and the appointment of judges who are likely to impose limits on women’s rights and their access to reproductive health care; and

Whereas, *New Jersey is already a leader on access to reproductive health care, and will work to continue to be such a leader, in support of both New Jersey women and women in the 20 states across the country*

who are poised to lose access to abortion care;, now, therefore,

Replace Section 1 to read:

1. This House respectfully opposes efforts by the federal government to restrict [or limit] a woman’s right and ability to access the full range of reproductive services, including abortion.

Insert new Section 2 to read:

2. *This House affirms our commitment to the protection of reproductive health care services, including abortion, in New Jersey, and will commit to ensure that access to this care does not depend on a person’s income, zip code, or immigration status.*

Replace section 2 to read:

[2.] 3. This House respectfully opposes any future nominee to the United States Supreme Court or any other court who is not committed to upholding a woman’s right to reproductive health care, including equitable access to abortion, and it respectfully calls upon the United States Congress to reject any future judicial nominees who would move to limit the rights of women.

Omit Section 3 in its entirety

Replace Section 4 to read:

This House further urges the Congress and President of the United States to remove [any existing restrictions on access to abortion, including] restrictions on insurance coverage for women who are enrolled in public insurance programs.

POM-310. A petition from a citizen of the State of Texas relative to the length of a regular term for United States Senators; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-312. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Congress to reauthorize the Secure Rural Schools and Community Self-Determination Act of 2000; to the Committee on Energy and Natural Resources.

HOUSE JOINT RESOLUTION No. 29

Whereas, in 1908, the United States Congress enacted 16 U.S.C. 500 (National Forest Receipts Program), which required 25 percent of annual income earned from activities on national forest land to be shared with states for distribution to cities and boroughs in which the land is located for the benefit of education and roads; and

Whereas, in 1986, changes in the approach to managing our national forests seriously curtailed the ability of forest communities to harvest forest products and resulted in steep declines in forest revenue paid to affected communities; and

Whereas, in the early 1990s, the United States Congress recognized that the decision to secure and retain land in federal ownership would deprive the communities in which the land is located of revenue otherwise received if the land were in private ownership; and

Whereas the enactment of P.L. 106-393, 16 U.S.C. 500 note (Secure Rural Schools and Community Self-Determination Act of 2000), temporarily stabilized national forest revenue payments to forest communities and replaced much needed financial support for education and roads; and

Whereas the National Forest Service controls approximately 22,000,000 acres of land in the state; and

Whereas many of the state's rural communities are nestled in the Tongass National Forest and the Chugach National Forest; and

Whereas there continues to be little privately owned land in those forest communities on which to pursue economic development activities, and the communities therefore remain largely dependent on revenue generated from national forests; and

Whereas the Secure Rural Schools and Community Self-Determination Act of 2000

expired on September 3, 2015, and has not been permanently reauthorized; and

Whereas the United States Congress temporarily extended the Secure Rural Schools and Community Self-Determination Act of 2000 for federal fiscal years 2017 and 2018; and

Whereas education is one of the critical services supported by the Secure Rural Schools and Community Self-Determination Act of 2000; and

Whereas failure to permanently reauthorize the Secure Rural Schools and Community Self-Determination Act of 2000 will have a devastating effect on many forest communities across America, especially communities in this state, and will severely affect the public education of students living in those forest communities; be it

Resolved, That the Alaska State Legislature respectfully requests that the United States Congress pass and the President sign into law a long-term reauthorization of the Secure Rural Schools and Community Self-Determination Act of 2000; and be it further

Resolved, That the Alaska State Legislature encourages the United States Congress to pass H.R. 2340 or S. 1027 to extend, or legislation to permanently reauthorize, the Secure Rural Schools and Community Self-Determination Act of 2000.

Copies of this resolution shall be sent to the Honorable Donald J. Trump, President of the United States; the Honorable Sonny Perdue, United States Secretary of Agriculture; the Honorable Betsy DeVos, United States Secretary of Education; the Honorable Lisa Murkowski, Chair of the Energy and Natural Resources Committee of the U.S. Senate; the Honorable Dan Sullivan, U.S. Senator, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress; and all other members of the 115th United States Congress.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. THUNE, from the Committee on Commerce, Science, and Transportation, without amendment:

S. 2369. A bill to authorize aboriginal subsistence whaling pursuant to the regulations of the International Whaling Commission, and for other purposes (Rept. No. 115-425).

By Ms. MURKOWSKI, from the Committee on Energy and Natural Resources:

Report to accompany S. 90, A bill to survey the gradient boundary along the Red River in the States of Oklahoma and Texas, and for other purposes (Rept. No. 115-426).

Report to accompany S. 441, A bill to designate the Organ Mountains and other

public land as components of the National Wilderness Preservation System in the State of New Mexico, and for other purposes (Rept. No. 115-427).

Report to accompany S. 569, A bill to amend title 54, United States Code, to provide consistent and reliable authority for, and for the funding of, the Land and Water Conservation Fund to maximize the effectiveness of the Fund for future generations, and for other purposes (Rept. No. 115-428).

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-313. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Congress to adopt spill prevention measures into international agreements; to the Committee on Foreign Relations.

HOUSE JOINT RESOLUTION NO. 19

Whereas the Arctic Waterways Safety Committee has been formed by marine mammal hunting groups, Arctic municipalities, and Arctic marine ship operators to identify and promote safe and environmentally responsible shipping operations in the Arctic; and

Whereas, because of the lack of spill response capacity in the Arctic, the United States Coast Guard has authorized vessels to adopt spill prevention measures in lieu of meeting the response standard; and

Whereas, even under the best circumstances, only 20 percent of spilled oil is recovered, indicating the importance of spill prevention measures; and

Whereas prevention measures include active vessel tracking and monitoring, prescribed routing measures, immediate

notification of a loss of vessel power or steering, identification of vessels nearby with an opportunity to respond, identification of ports of refuge, repositioning towing packages and ship arrestors, and dynamic protection of local marine mammal resources; and

Whereas prevention measures apply only to vessels calling on a port in the United States; and

Whereas vessels not calling on a port in the United States are considered in innocent passage and not subject to prevention measures; and

Whereas the United States has not ratified the Law of the Sea treaty and accordingly may not use Article 234, which authorizes coastal states with "ice-covered areas" to require special protection measures; and

Whereas universal adherence to marine protection measures in the Arctic may also occur through international bilateral agreements or by the adoption of measures in the Polar Code of the International Maritime Organization; be it

Resolved, That the Alaska State Legislature commends the formation of the Arctic Waterways Safety Committee and appreciates its leadership in establishing safe shipping practices in state water; and be it

Resolved, That the Alaska State Legislature supports the adoption of prevention measures into international agreements to ensure clear, universal, and enforceable marine safety measures in the Arctic; and be it

Resolved, That the Alaska State Legislature urges the governor and the state's Congressional delegation to promote the adoption of spill prevention measures into international agreements with member organizations, including the Northern Forum; and be it

Resolved, That the Alaska State Legislature urges the President of the United States and the United States Department of State to initiate negotiations with Alaska's coastal neighbors to enter into international agreements to ensure safe and environmentally responsible marine operations in the Arctic.

Copies of this resolution shall be sent to the Honorable Donald J. Trump, President of the United States; the Honorable Michael R. Pence, Vice President of the United States and President of the U.S. Senate; the Honorable Paul D. Ryan, Speaker of the U.S. House of Representatives; the Honorable Nancy Pelosi, Minority Leader of the U.S. House of Representatives; the Honorable Mitch McConnell, Majority Leader of the U.S. Senate; the Honorable Charles E. Schumer, Minority Leader of the U.S. Senate; the Honorable Lisa Murkowski, Chair of the U.S. Senate Committee on Energy and Natural Resources; the Honorable Dan Sullivan, U.S. Senator, and the Honorable Don Young, U.S.

Representative, members of the Alaska delegation in Congress; and all other members of the 115th United States Congress.

POM-314. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Congress to adopt spill prevention measures into international agreements; to the Committee on Foreign Relations.

HOUSE JOINT RESOLUTION NO. 19

Whereas the Arctic Waterways Safety Committee has been formed by marine mammal hunting groups, Arctic municipalities, and Arctic marine ship operators to identify and promote safe and environmentally responsible shipping operations in the Arctic; and

Schumer, Minority Leader of the U.S. Senate; the Honorable Lisa Murkowski, Chair of the U.S. Senate Committee on Energy and Natural Resources; the Honorable Dan Sullivan, U.S. Senator, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress; and all other members of the 115th United States Congress.

POM-315. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Congress to enact legislation that requires prominently labeling genetically engineered salmon and salmon products with the words "Genetically Modified" on the product's packaging; to the Committee on Health, Education, Labor, and Pensions.

HOUSE JOINT RESOLUTION NO. 12

Whereas, on November 19, 2015, the United States Food and Drug Administration approved AquaBounty AquAdvantage genetically engineered salmon as safe for human consumption; and

Whereas the approval is the first time in history that the United States Food and Drug Administration has approved a genetically engineered animal for human consumption; and

Whereas a large majority of state residents oppose the approval of genetically engineered salmon by the United States Food and Drug Administration; and

Whereas more than 2,000,000 Americans opposed the United States Food and Drug Administration's approval of genetically engineered salmon in the largest number of comments the United States Food and Drug

Administration has ever received on an action; and

Whereas more than 65 retailers, including Costco, Safeway, and Target, have announced that they have no plans to sell genetically modified salmon; and

Whereas more than 40 members of the United States Congress have expressed opposition to the approval of AquaBounty AquAdvantage genetically engineered salmon; and

Whereas the state has bountiful fisheries that provide wild, natural, and sustainable seafood; and

Whereas the accidental release of transgenic fish into the wild could devastate native fish populations and ecosystems; and

Whereas a May 2013 McGill University research report detailed findings demonstrating interbreeding between genetically modified salmon and brown trout could occur, suggesting that the potential for similar hybridization between other closely related species could pose risks for wild populations, including wild salmon; and

Whereas the research demonstrated that transgenic hybrid salmon can outcompete with both wild salmon and genetically modified salmon, making hybridization relevant to risk assessments; and

Whereas, each year, thousands of salmon escape from open water net pens into the Pacific and Atlantic Oceans, demonstrating that escapement is a serious threat to wild fish populations; and

Whereas the AquaBounty facility on Prince Edward Island is producing genetically engineered fish eggs and sits adjacent to a water body that is directly connected to the Saint Lawrence Seaway and the Atlantic Ocean; and

Whereas the proximity of the AquaBounty facility to the Saint Lawrence Seaway and the Atlantic Ocean puts wild Atlantic salmon, which are listed under the Endangered Species Act, at risk; and

Whereas the long-term human health effects of consuming genetically engineered salmon are unknown; Now, therefore, be it

Resolved, That the Alaska State Legislature opposes the United States Food and Drug Administration's approval of AquaBounty AquAdvantage genetically engineered salmon; and be it further

Resolved, That the Alaska State Legislature urges the United States Congress to enact legislation that requires prominently labeling genetically engineered salmon or salmon products, including AquaBounty AquAdvantage genetically engineered salmon, with the words "Genetically Modified" on the product's packaging, as required by state law.

Copies of this resolution shall be sent to the Honorable Donald J. Trump, President of the United States; the Honorable Michael R. Pence, Vice President of the United States

and President of the U.S. Senate; the Honorable Sonny Perdue, United States Secretary of Agriculture; the Honorable Scott Gottlieb, M.D., United States Commissioner of Food and Drugs; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress.

POM-316. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Congress to pass legislation providing for the exemption of legally acquired walrus, mammoth, and mastodon ivory from laws that ban the sale, use, and possession of ivory; to the Committee on Commerce, Science, and Transportation.

SENATE JOINT RESOLUTION NO. 4

Whereas the Marine Mammal Protection Act (16 U.S.C. 1361-1423h) explicitly protects the right of coastal Alaska Natives to harvest walrus and use the walrus byproducts in handicrafts for sale in the United States; and

Whereas the use by Alaska Natives of legally acquired walrus, mammoth, and mastodon ivory to create tools, handicrafts, jewelry, and artwork is a longstanding tradition that is a vital component of current Alaska Native culture; and

Whereas non-Native individuals in the state use legally acquired fossilized ivory to make handicrafts, jewelry, and artwork; and

Whereas the sale of walrus, mammoth, and mastodon ivory tools, handicrafts, jewelry, and artwork by Alaska artists is an important source of income in the cash-limited economy of rural Alaska; and

Whereas, in the effort to stop the poaching of African elephants, certain states in the United States have passed laws banning the sale, use, and possession of all ivory, and other states are considering enacting those laws; and

Whereas the laws banning the sale, use, and possession of ivory in certain states of the United States do not distinguish between African elephant ivory and the legally acquired walrus, mammoth, and mastodon ivory used by Alaska artists; and

Whereas the laws banning the sale, use, and possession of ivory may subject residents of certain states to criminal charges for buying, owning, or bringing home legally acquired walrus, mammoth, and mastodon ivory items from Alaska; and

Whereas the laws banning the sale, use, and possession of ivory in certain states adversely affect those Alaska artists who depend on the sale of ivory handicrafts to obtain the cash necessary to live in cash-limited local economies; Be it

Resolved, That the Alaska State Legislature opposes the inclusion of legally acquired walrus, mammoth, and mastodon ivory in

current and future laws that ban the sale, use, and possession of ivory; and be it further

Resolved, That the Alaska State Legislature requests that the United States Congress pass legislation providing for the exemption of legally acquired walrus, mammoth, and mastodon ivory from current and future laws that ban the sale, use, and possession of ivory.

Copies of this resolution shall be sent to the Honorable Donald J. Trump, President of the United States; the Honorable Michael R. Pence, Vice President of the United States and President of the U.S. Senate; the Honorable Paul D. Ryan, Speaker of the U.S. House of Representatives; the Honorable Nancy Pelosi, Minority Leader of the U.S. House of Representatives; the Honorable Mitch McConnell, Majority Leader of the U.S. Senate; the Honorable Charles E. Schumer, Minority Leader of the U.S. Senate; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress.
