Whereas, updated evidence estimates that between 30,000 and 100,000 transplants occur annually in China without identified organ sources; and

Whereas, updated evidence suggests that a significant number of Falun Gong practitioners may have been killed for their organs since 1999; and

Whereas, recipients for these transplants are Chinese citizens and individuals from abroad, including the United States; and

Whereas, in 2015, the United States Commission on International Religious Freedom's annual report again listed China as a "country of particular concern" due to severe human rights violations and illegal organ harvesting practices, stating that "imprisoned Falun Gong practitioners are particularly targeted"; and

Whereas, in 2015 and 2016, the Congressional-Executive Commission on China condemned ongoing, unethical forced organ harvesting practices in China; and

Whereas, in March 2015, the Council of Europe passed a Convention against Trafficking in Human Organs that stated "trafficking in human organs violates human dignity and the right to life and constitutes a serious threat to public health"; and

Whereas, in May 2016, the Minnesota Legislature passed Resolution S.F. No. 2090, "expressing concern over persistent and credible reports of systematic, state-sanctioned, forced organ harvesting from nonconsenting prisoners of conscience, primarily from Falun Gong practitioners imprisoned for their spiritual beliefs, and members of other religious and ethnic minority groups in the People's Republic of China"; and

Whereas, in June 2016, the United States House of Representatives passed House Resolution 343 expressing concern over China's organ procurement from nonconsenting prisoners of conscience, including "large numbers of Falun Gong practitioners and members of other religious and ethnic minority groups"; and

Whereas, in September 2016, the European Parliament passed Written Declaration 0048, which states that "the international community has strongly condemned organ harvesting in China and actions should be taken to end it"; and

Whereas, the charitable medical ethics advocacy association Doctors Against Forced Organ Harvesting, which has monitored and objectively reported on the transplant situation in China for the last decade, was nominated for the 2016 Nobel Peace Prize; and

Whereas, the killing of prisoners, including religious or political prisoners, to sell their organs for transplant is an egregious and intolerable violation of the fundamental right to life.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress immediately conduct a full and transparent investigation into organ transplant and procurement practices in the People's Republic of China.

2. That the United States Congress prohibit the entry into the United States of doctors involved in unethical organ procurement or transplant surgery using organs harvested from prisoners in China.

3. That the United States Congress enact legislation to prohibit United States citizens from receiving organ transplants abroad if the organ sourcing is neither transparent nor traceable according to international ethical guidelines.

4. That Arizona's medical community caution patients against traveling to China for organs and strive to raise awareness among health care providers, students, patients and the public of the unethical organ transplant practices in the People's Republic of China.

5. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives, the Executive Director of the Arizona Medical Board and the Dean of the University of Arizona College of Medicine.

POM-211. A joint memorial adopted by the Legislature of the State of Idaho urging the Department of State to support several positions in negotiations with Canada regarding any modification or future implementation of the Columbia River Treaty; to the Committee on Foreign Relations.

HOUSE JOINT MEMORIAL NO. 11

Whereas, since it was implemented in 1964, the Columbia River Treaty has provided for a coordinated management of the Columbia River to reduce flooding impacts and increase power generation throughout the Columbia River Basin; and

Whereas, the treaty provides that either the United States or Canada may terminate the treaty by providing written notice at least 10 years in advance of termination; and

Whereas, the U.S. and Canadian entities previously reviewed the treaty and determined that the treaty should be modified; and

Whereas, on December 7, 2017, the U.S. State Department issued a press release stating that the United States and Canada will begin negotiations to modernize the treaty in early 2018; and

Whereas, the U.S. Entity Regional Recommendation of 2013 concluded that the purposes of a "modernized" treaty should be expanded to include consideration of "ecosystem-based function" in addition to the original flood control and hydropower purposes of the treaty; and

Whereas, unless otherwise agreed to, the treaty provides that, in 2024, flood control operations will automatically shift from providing guaranteed flood control space in Canadian reservoirs to "called upon" flood control operations; and

Whereas, the U.S. and Canadian entities have provided differing interpretations of the "called upon" flood control provisions, with the U.S. Entity asserting that "called upon" operations apply only to dams in the Columbia River Basin specifically authorized for "system-wide flood control," and the Canadian Entity taking the position that all U.S. storage projects in the Columbia River Basin must be utilized for system-wide flood control before Canadian reservoirs are called upon to provide any flood control space; and

Whereas, altered flood control operations could have devastating impacts on reservoir storage and operation levels, irrigation, recreation, hydropower, local flood control and other authorized purposes in Idaho; and

Whereas, the Canadian Entitlement, whereby the U.S. and Canadian entities share the increased power production created by coordinated river operations, has proven to be imbalanced in favor of Canada; and

Whereas, including ecosystem-based function in a modernized treaty could have adverse impacts on existing beneficial uses of the river and create greater uncertainty in a river system that is already heavily regulated; and

Whereas, the Regional Recommendation fails to recognize the substantial investment in ecosystem-based function made by Northwest region hydropower producers and their customers, including billions of dollars invested in fish passage and habitat efforts and the development and implementation of robust environmental mitigation plans; and

Whereas, navigation should be protected, and adverse flows should not impact the transportation channel or lock system operations: Now, therefore, be it

Resolved by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the U.S. Department of State to support the

following positions in negotiations with Canada regarding any modification or future implementation of the Columbia River Treaty:

(1) Recognize and protect the authorized purposes and water rights for storage projects in Idaho, including irrigation, recreation, hydropower and local flood control;

(2) Advocate that only storage projects specifically authorized by Congress for system-wide flood control may be required to provide such benefits under the treaty, with no increased flood control burden placed on projects in Idaho;

(3) Recognize a need to review and rebalance the Canadian Entitlement;

(4) Recognize the ecosystem benefits that have already been provided by storage projects in the United States pursuant to the other federal laws and refrain from advocating for additional ecosystem contributions from U.S. projects;

(5) Recognize that ecosystem restoration, as that term has been used by some proponents of modernization, is intentionally vague and if incorporated into an international treaty could be used as a vehicle to override and infringe upon existing federal environmental laws and usurp state sovereignty over water and, therefore, require any treaty modification to preserve federal environmental protection laws and state water laws and reject any additional mitigation requirements;

(6) Require any treaty modification to recognize the primary authority and state sovereignty of Idaho and its sister states over their respective water resources;

(7) Reject any attempts through the treaty modification process to incorporate the reintroduction of anadromous species above Hells Canyon or Dworshak, as such efforts are outside the scope of the treaty purposes; and

(8) Protect navigation so that adverse flows do not impact the transportation channel or block system operations; and be it further

Resolved that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States, the U.S. Department of State, the Columbia River Treaty Negotiator, the U.S. Entity Coordinator, Bonneville Power Administration and the U.S. Army Corps of Engineers.

POM-212. A concurrent resolution adopted by General Assembly of the Commonwealth of Kentucky urging the United States Congress to amend the federal Controlled Substances Act to remove hemp from the

definition of marijuana; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 35

Whereas, for several years, hemp, a non-narcotic low-concentration THC variety of the cannabis plant, has been listed along with marijuana under the federal Controlled Substances Act; and

Whereas, in 2014, Congress enacted a provision of law, now codified as 7 U.S.C. sec. 5940, authorizing state departments of agriculture and institutions of higher education to grow or cultivate industrial hemp in jurisdictions where it is allowed by state law for purposes of research conducted under an agricultural pilot program or other agricultural or academic research; and

Whereas, since 2014, the Kentucky Department of Agriculture has conducted a hemp research pilot program that is widely regarded as a model for other states to emulate; and

Whereas, Kentucky's farmers planted 33 acres of hemp in 2014, a total of 922 acres in 2015, some 2,300 acres in 2016, and 3,200 acres in 2017; and

Whereas, from 2014 to 2017, the number of farmers in Kentucky growing hemp increased from 20 to 204, with even more interest in hemp production anticipated in 2018; and

Whereas, from 2014 to 2017, the number of hemp processors increased from nine to 49; and

Whereas, in 2017, the General Assembly amended Kentucky's Controlled Substances Act to exclude many hemp materials and products from the Commonwealth's definition of illegal marijuana; and

Whereas, processors in Kentucky and other states have proven that hemp is an economically viable agricultural commodity that can be used to make a wide variety of useful products, including products for human consumption; and

Whereas, removing hemp from the federal definition of marijuana would allow Kentucky's community of hemp farmers and processors to take full advantage of this promising agricultural crop; Now, Therefore,

Resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The General Assembly of the Commonwealth of Kentucky urges the United States Congress to take action by enacting legislation that:

(1) Encourages large-scale commercial cultivation of hemp by removing it from the list of controlled substances under the federal Controlled Substances Act;

(2) Prevents the federal Drug Enforcement Administration (DEA) from sending DEA agents onto farms and other sites where hemp is being grown, stored, and processed;

(3) Creates legal protections for depository institutions that provide financial services to legitimate hemp businesses; and

(4) Instructs the federal Food and Drug Administration to accelerate clinical trials and other research on the health effects of cannabidiol (CBD) and other cannabinoids found in hemp.

Section 2. The Clerk of the House of Representatives shall send a copy of this Resolution and notification of its adoption to the President and Vice President of the United States, the Speaker of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and each member of Kentucky's delegation to the United States Congress.

POM-213. A joint resolution adopted by the Legislature of the State of Wyoming urging the United States Congress to enact legislation permitting western states to enter into a voluntary compact to establish a graduated commercial driver licensing program that would allow commercial drivers between eighteen (18) and twenty-one (21) years of age to operate a commercial motor vehicle in a consenting, contiguous states; to the Committee on the Judiciary.

ENROLLED JOINT RESOLUTION NO. 1

Whereas, federal law requires drivers to be at least twenty-one (21) years of age to operate a commercial motor vehicle between states; and

Whereas, drivers who are between eighteen (18) and twenty-one (21) years of age may operate a commercial motor vehicle intrastate within the states of Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah and Wyoming; and

Whereas, the trucking industry delivers goods across state lines and faces a severe shortage of drivers because of increased shipping demand and a high number of retiring drivers; and

Whereas, it is difficult to recruit drivers who are twenty-one (21) years of age or older into the trucking industry because they have already entered another career path; and

Whereas, the unemployment rate for persons between eighteen (18) and twenty-one (21) years of age is higher than that of other age groups; and

Whereas, the safety performance statistics for noncommercial drivers who are between eighteen (18) and twenty-one (21) years of age do not necessarily reflect the safety performance of the same group who hold a commercial driver's license; and

Whereas, the safety benefits of graduated licensing for noncommercial vehicle drivers are well documented and similar safety

benefits may be possible with a graduated commercial licensing program that expands commercial driving privileges; and

Whereas, legislation allowing a voluntary compact between Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah and Wyoming could include a conditional lowering of the twenty-one (21) year old commercial driver age requirement and would allow these contiguous states to establish a graduated commercial driver licensing program to allow drivers between eighteen (18) and twenty-one (21) years of age to operate a commercial motor vehicle in a consenting, contiguous state. Now, therefore, be it

Resolved by the Members of the Legislature of the State of Wyoming:

Section 1. That Congress enact legislation permitting Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah and Wyoming to enter into a voluntary compact to establish a graduated commercial driver licensing program to allow drivers who are between eighteen (18) and twenty-one (21) years of age and who hold a commercial driver's license issued by a compact state to operate a commercial motor vehicle in a consenting, contiguous compact state.

Section 2. That the Secretary of State of Wyoming transmit copies of this resolution to the President and the Majority Leader of the Senate and the Speaker of the House of Representatives of the United States Congress, the Wyoming Congressional Delegation and to the congressional delegations and the legislative bodies of Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota and Utah.

POM-214. A concurrent memorial adopted by the Legislature of the State of Arizona petitioning the United States Congress to enact into law the proposed Blue Water Navy Vietnam Veterans Act; to the Committee on Veterans' Affairs.

HOUSE CONCURRENT MEMORIAL 2007

Whereas, United States service members who served in the territorial seas of Vietnam during the Vietnam War were exposed to more than 20 million gallons of the herbicide Agent Orange, a toxic chemical linked to a variety of detrimental health effects; and

Whereas, the Agent Orange Act of 1991 allowed the United States Secretary of Veterans Affairs to expeditiously deliver veterans' benefits to veterans who suffer from any of the diseases the federal government linked to Agent Orange, but this act was limited in 2002 to only those veterans who could provide proof of "boots on the ground" in Vietnam; and

Whereas, the Blue Water Navy Vietnam Veterans Act would restore the presumptive coverage for blue water veterans and lift from these individuals the burden of having to prove their exposure to Agent Orange; and

Whereas, the Blue Water Navy Vietnam Veterans Act would lessen the suffering of veterans who are currently enduring diseases they received as a result of their honorable service to this nation.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress enact into law the proposed Blue Water Navy Vietnam Veterans Act.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-215. A proclamation adopted by the Mayor and City Council of Hawaiian Gardens, California, memorializing its support of Falun Gong practitioners in China and condemning practices of forced and non-consenting organ harvesting; to the Committee on Foreign Relations.

POM-216. A resolution adopted by the City Commission of the City of Miami, Florida, urging the President of the United States and the United States Congress to reinstate Temporary Protected Status (TPS) to Haitians and affected Central American immigrants from El Salvador, Honduras, and Nicaragua residing in the United States, to extend TPS to Venezuelans fleeing the circumstances of their country, to either reinstate or extend the Deferred Action for Childhood Arrivals (DACA) Program, and to adopt legislation necessary to permanently protect Dreamers; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-217. A concurrent resolution adopted by the Legislature of the State of West Virginia urging the United States Congress to pass legislation permitting West Virginia to increase the weight of vehicles permitted to operate on Interstate Highways to that West Virginia may implement a pilot program to study various vehicle configurations and weights; to the Committee on Environment and Public Works.

SENATE CONCURRENT RESOLUTION 55

Whereas, Federal law currently imposes vehicle weight limitations on vehicles that operate on the National System of Interstate and Defense Highways, The Dwight D. Eisenhower System of Interstate and Defense

Highways, hereafter "Interstate Highways"; and

Whereas, The maximum gross weight typically allowed by any State for vehicles using the Interstate Highways is twenty thousand pounds carried on one axle, a tandem axle weight of thirty-four thousand pounds, and an overall maximum gross weight by formula; and

Whereas, Federal law also contains many exceptions to such weight limits; and

Whereas, The increased capacity and ability of modern vehicles to transport commodities and products, together with increased economic pressures to reduce industry transportation costs and increased environmental pressures to lower carbon dioxide emissions, create economic incentives to increase the loads vehicles may transport; and

Whereas, Increasing the types of vehicles, weight of vehicles, and types of loading and trucking configurations permitted on roads would increase economic efficiencies; and

Whereas, Excessive weights of vehicles can result in the deterioration of roads and bridges, creating significant costs in lost road and bridge use and life; and

Whereas, Certain vehicle types, vehicle configurations, load configurations, and other factors can alleviate or avoid damaging effect on infrastructure from increased vehicle and load weights; and

Whereas, The West Virginia Legislature is directing the West Virginia Department of Transportation and Division of Highways, the West Virginia Department of Commerce, private industry, including manufacturers of commodities or products, and the engineering community, including the College of Information Technology and Engineering at Marshall University and the Statler College of Engineering and Mineral Resources at West Virginia University, to cooperate and study the effect various trucking configurations and weights have on West Virginia's entire road system, including Interstate Highways; and

Whereas, Such study would include an analysis of which vehicle and load configurations and weights may be utilized with minimal consequence to West Virginia's infrastructure, including Interstate Highways, while permitting industry to transport commodities and products in the most economical ways; and

Whereas, In order to complete such a study and pilot program, West Virginia needs permission from the Congress of the United States to increase the weight of vehicles permitted to operate on Interstate Highways; Therefore, be it

Resolved by the Legislature of West Virginia: That the Legislature urges the Congress of the United States to pass legislation permitting West Virginia to increase the weight of vehicles permitted to

operate on Interstate Highways so that West Virginia may implement a pilot program to study various vehicle configurations and weights; and, be it further

Resolved, That the Legislature urges the President of the United States to sign such legislation; and, be it further

Resolved, That the Clerk of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the United States Senate, and to each Senator and Representative from West Virginia in the Congress of the United States.

ENROLLED BILL PRESENTED
DURING ADJOURNMENT

The Secretary of the Senate reported that on Monday, April 30, 2018, she had presented to the President of the United States the following enrolled bill:

S. 447. A bill to require reporting on acts of certain foreign countries on Holocaust era assets and related issues.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Ridgway, one of his secretaries:

AGREEMENT BETWEEN THE
GOVERNMENT OF THE UNITED STATES
OF AMERICA AND THE GOVERNMENT
OF THE UNITED KINGDOM OF GREAT
BRITAIN AND NORTHERN IRELAND
FOR COOPERATION IN PEACEFUL USES
OF NUCLEAR ENERGY -- PM 33

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with accompanying reports and papers, which was referred to the Committee on Foreign Relations:

To the Congress of the United States:

I am pleased to transmit to the Congress, pursuant to subsections 123b. and 123d. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153(b), (d)) (the "Act"), the text of an Agreement between the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland for Cooperation in Peaceful Uses of Nuclear Energy (the "Agreement"). I am also pleased to transmit my written approval, authorization, and determination concerning the Agreement and an unclassified Nuclear Proliferation Assessment Statement (NPAS) concerning the Agreement. In accordance with section 123 of the Act, a classified annex to the NPAS, prepared by the Acting Secretary of State, in consultation with the Director of National Intelligence, summarizing relevant classified information, will be submitted to the Congress separately. A joint memorandum submitted to me by the Acting Secretary of State and the Secretary of Energy and a letter from the Chairman of the Nuclear Regulatory Commission stating the views of the Commission are also enclosed. An addendum to the NPAS containing a comprehensive analysis of the export control system of the United Kingdom with respect to nuclear-related matters, including interactions with other countries of proliferation concern and the actual or suspected nuclear, dual-use, or missile-related transfers to such countries, pursuant to section 102A(w) of the National Security Act of 1947 (50 U.S.C. 3024(w)), is being submitted separately by the Director of National Intelligence. Although not required by the Act, I am also transmitting an analysis and a determination and judgment from the Secretary of Energy concerning the advance, long-term approvals contained in the proposed Agreement.

The Agreement has been negotiated in accordance with the Act and other applicable law. In my judgment, it meets all applicable statutory requirements and will advance the nonproliferation and other foreign policy interests of the United States.

The Agreement contains all of the provisions required by subsection 123a. of the Act. It provides a comprehensive framework for peaceful nuclear cooperation

with the United Kingdom based on a mutual commitment to nuclear nonproliferation. It would permit the transfer of material, equipment (including reactors), components, sensitive nuclear facilities, major critical components, and information for nuclear research and nuclear power production. It also would allow for the transfer of sensitive nuclear technology if the parties later agree on conditions in writing.

The Agreement has a term of 30 years, although it can be terminated by either party on one year's advance written notice. In the event of termination or expiration of the Agreement, key nonproliferation conditions and controls will continue in effect as long as any material, equipment, component, sensitive nuclear facility, or major critical component subject to the Agreement remains in the territory or under the jurisdiction or control of either party, or until such time as the parties agree in writing that such nuclear material or non-nuclear material is no longer usable for any nuclear activity relevant from the point of view of international safeguards or have been practically irrecoverable, or that such equipment, components, sensitive nuclear facilities, or major critical components is no longer usable for nuclear purposes.

As one of the five nuclear weapon states under the Treaty on the Non-Proliferation of Nuclear Weapons, including one of the Treaty's three Depositary States, and one of the five permanent members of the United Nations Security Council, the United Kingdom holds an important leadership role in the global nonproliferation regime and the larger international security architecture. The United Kingdom is a member of the four major multilateral export control regimes: the Nuclear Suppliers Group, the Australia Group, the Missile Technology Control Regime, and the Wassenaar Arrangement. In addition, the United Kingdom has provided financial, technical, and leadership support to key nonproliferation mechanisms such as the Global Threat Reduction Program, the Global Initiative to Combat Nuclear Terrorism, the Elimination of Weapons-Grade Plutonium Production Program, the International Atomic Energy Agency (IAEA) Technical Cooperation Program, the IAEA Department of Safeguards, the G7 Global Partnership against the Spread of Weapons of Mass Destruction, and the Proliferation Security Initiative. A more detailed discussion of the United Kingdom's civil nuclear activities and its nonproliferation policies and practices is in the NPAS and its classified annex.

I have considered the views and recommendations of the interested departments and agencies in reviewing the Agreement and have determined that its performance will promote, and will not constitute an unreasonable risk to, the common defense and security. Accordingly, I

have approved the Agreement and authorized its execution and urge that the Congress give it favorable consideration.

This transmission shall constitute a submittal for purposes of both subsections 123b. and 123d. of the Act. My Administration is prepared to begin immediately consultations with the Senate Foreign Relations Committee and the House Foreign Affairs Committee, as provided in subsection 123b. Upon completion of the 30 days of continuous session review provided for in subsection 123b., the 60 days of continuous session review provided for in subsection 123d. shall commence.

DONALD J. TRUMP.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Ridgway, one of his secretaries:

AGREEMENT BETWEEN THE
GOVERNMENT OF THE UNITED STATES
OF AMERICA AND THE GOVERNMENT
OF THE UNITED MEXICAN STATES FOR
COOPERATION IN PEACEFUL USES OF
NUCLEAR ENERGY -- PM 34

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with accompanying reports and papers, which was referred to the Committee on Foreign Relations:

To the Congress of the United States:

I am pleased to transmit to the Congress, pursuant to subsections 123 b. and 123 d. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153(b), (d)) (the "Act"), the text of an Agreement between the Government of the United States of America and the Government of the United Mexican States for Cooperation in Peaceful Uses of Nuclear Energy (the "Agreement"). I am also pleased to transmit my written approval, authorization, and determination concerning the Agreement and an unclassified Nuclear Proliferation Assessment Statement (NPAS) concerning the Agreement. In accordance with section 123 of the Act, a classified annex to the NPAS, prepared by the Secretary of State, in consultation with the Director of National Intelligence, summarizing relevant classified information, will be submitted to the Congress separately. A joint memorandum submitted to me by the Secretaries of State and Energy and a letter from the Chairman of the Nuclear Regulatory Commission stating the views of the Commission are also enclosed. An addendum to the NPAS containing a comprehensive analysis of the export control system of Mexico with respect to nuclear-related matters, including interactions with other countries of proliferation concern and the actual or suspected nuclear, dual-use, or missile-related transfers to such countries, pursuant to section 102A(w) of the National Security Act of 1947 (50 U.S.C. 3024(w)), is being submitted separately by the Director of National Intelligence.

The Agreement has been negotiated in accordance with the Act and other applicable law. In my judgment, it meets all applicable statutory requirements and will advance the nonproliferation and other foreign policy interests of the United States.

The Agreement contains all of the provisions required by subsection 123 a. of the Act. It provides a comprehensive framework for peaceful nuclear cooperation with Mexico based on a mutual commitment to nuclear nonproliferation. It would permit the transfer of material, equipment (including reactors), components, and information for nuclear research and nuclear power production. It would not permit the transfer of Restricted Data or sensitive nuclear technology. Any special fissionable material transferred could only be in the form of low enriched uranium, with the exception of small quantities of material for use in samples, standards, detectors, or targets or for such other purposes as the parties may agree.

Through the Agreement, Mexico would affirm its intent to rely on existing international markets for nuclear fuel services involving sensitive nuclear technologies (i.e. enrichment and reprocessing), and the United States would affirm its intent to support these international markets and would agree to endeavor to take necessary and feasible actions to ensure a reliable supply of low enriched uranium fuel to Mexico.

The Agreement has a term of 30 years, although it can be terminated by either party on one year's advance written notice. In the event of termination or expiration of the Agreement, key nonproliferation conditions and controls will continue in effect as long as any material, equipment, or component subject to the Agreement remains in the territory of the party concerned or under its jurisdiction or control anywhere, or until such time as the parties agree that such material, equipment, or components are no longer usable for any nuclear activity relevant from the point of view of safeguards.

Mexico has a strong track record on nonproliferation and has consistently reiterated its commitment to nonproliferation. It is a party to the Treaty on the Non-Proliferation of Nuclear Weapons and has concluded a Comprehensive Safeguards Agreement and Additional Protocol with the International Atomic Energy Agency. Mexico has a strong system of nuclear export controls and has harmonized its controls with the Nuclear Suppliers Group guidelines. A more detailed discussion of Mexico's domestic civil nuclear activities and its nuclear nonproliferation policies and practices is provided in the NPAS and its classified annex.

I have considered the views and recommendations of the interested departments and agencies in reviewing the Agreement and have determined that its performance will promote, and will not constitute an unreasonable risk to, the common defense and security. Accordingly, I have approved the Agreement and authorized its execution and urge that the Congress give it favorable consideration.

This transmission shall constitute a submittal for purposes of both subsections 123b. and 123d. of the Act. My Administration is prepared to begin immediately consultations with the Senate Foreign Relations Committee and the House Foreign Affairs Committee, as provided in subsection 123b. Upon completion of the 30 days of continuous session review provided for in subsection 123b., the 60 days of continuous session review provided for in subsection 123d. shall commence.

DONALD J. TRUMP.
THE WHITE HOUSE, May 8, 2018.

REPORT OF 38 RESCISSIONS OF
BUDGET AUTHORITY -- PM 35

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with accompanying papers; which was referred jointly, pursuant to the order of January 30, 1975, as modified by the order of April 11, 1986; to the Committees on Appropriations, the Budget; Agriculture, Nutrition, and Forestry; Environment and Public Works; Energy and Natural Resources; Finance; Health, Education, Labor, and Pensions; Banking, Housing, and Urban Affairs; the Judiciary; Foreign Relations; and Commerce, Science, and Transportation:

To the Congress of the United States:

In accordance with section 1012 of the Congressional Budget and Impoundment Control Act of 1974 (2 U.S.C. 683), I herewith report 38 rescissions of budget authority, totaling \$15.4 billion.

The proposed rescissions affect programs of the Departments of Agriculture, Commerce, Energy, Health and Human Services, Housing and Urban Development, Justice, Labor, State, Transportation, and the Treasury, as well as of the Corporation for National and Community Service, Environmental Protection Agency, Railroad Retirement Board, the Millennium Challenge Corporation, and the United States Agency for International Development.

The details of these rescissions are set forth in the enclosed letter from the Director of the Office of Management and Budget.

DONALD J. TRUMP.
THE WHITE HOUSE, May 8, 2018.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Cuccia, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO SYRIA -- PM 36

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act, 50 U.S.C. 1622(d), provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the actions of the Government of Syria declared in Executive Order 13338 of May 11, 2004—as modified in scope and relied upon for additional steps taken in Executive Order 13399 of April 25, 2006, Executive Order 13460 of February 13, 2008, Executive Order 13572 of April 29, 2011, Executive Order 13573 of May 18, 2011, Executive Order 13582 of August 17, 2011, Executive Order 13606 of April 22, 2012, and Executive Order 13608 of May 1, 2012—is to continue in effect beyond May 11, 2018.

The regime's brutal war on the Syrian people, who have been calling for freedom and a representative government, not only endangers the Syrian people themselves, but also generates instability throughout the region. The Syrian regime's actions and policies, including pursuing and using chemical weapons, supporting terrorist organizations, and obstructing the Lebanese government's ability to function effectively, continue to foster the rise of extremism and sectarianism and pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For these reasons, I have determined that it is necessary to continue in effect the national emergency declared with respect to

this threat and to maintain in force the sanctions to address this national emergency.

In addition, the United States condemns the Assad regime's use of brutal violence and human rights abuses, and calls on the Assad regime to stop its violent war, uphold the Cessation of Hostilities, enable the delivery of humanitarian assistance, and negotiate a political transition in Syria that will forge a credible path to a future of greater freedom, democracy, opportunity, and justice.

The United States will consider changes in the composition, policies, and actions of the Government of Syria in determining whether to continue or terminate this national emergency in the future.

DONALD J. TRUMP.

THE WHITE HOUSE, *May 9, 2018.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-219. A concurrent resolution adopted by the Legislature of the State of Louisiana

urging the United States Congress to allow for variances on certain projects regulated by the Clean Water Act and the Rivers and Harbors Act; to the Committee on Environment and Public Works.

SENATE CONCURRENT RESOLUTION NO. 41

Whereas, the federal Clean Water Act establishes a program to regulate the discharge of dredged or fill material into waters of the United States, including wetlands; and

Whereas, the federal Rivers and Harbors Act requires authorization from the U.S. Army Corps of Engineers for the construction of any structure in or over any navigable waters of the United States, the excavation and dredging or deposition of material, or any obstruction or alteration to a navigable water; and

Whereas, protection of the coast and mitigation of wetland loss is vital to the future of this state and the many projects designed to protect and preserve the state's coast invariably require dredging, obstructing, or altering of waters of the United States; and

Whereas, the Clean Water Act and the Rivers and Harbors Act mandate that local, municipal, and state projects aimed at mitigating coastal wetland losses require permits from the U.S. Army Corps of Engineers; and

Whereas, like federal law, Louisiana law requires compensatory mitigation at a level sufficient to replace the ecological value of the wetlands lost as a result of permitted projects, but allows for variances to this requirement when the permittee has demonstrated that the required mitigation would render the proposed project impracticable if the project has a clearly overriding public interest; and

Whereas, the Clean Water Act and the Rivers and Harbors Act do not allow for such variances when a project to mitigate coastal wetland loss is being considered, even when that project has a clearly overriding public interest; and

Whereas, in an effort to help the state protect its valuable coast and wetlands, federal law should allow for a variance for a project that has a clearly overriding public interest. Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to allow for variances on certain projects regulated by the Clean Water Act and the Rivers and Harbors Act. Be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-220. A resolution adopted by the House of Representatives of the Commonwealth of Pennsylvania urging the Secretary of Health and Human Services to select former Naval Air Station Joint Reserve Base Willow Grove and the former Naval Air Warfare Center Warminster and Horsham, Warrington and Warminster Townships for an exposure assessment and study on human health implications of perfluoroalkyl and polyfluoroalkyl substances contamination; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 682

Whereas, The United States military used foam containing perfluorooctane sulfonate (PFOS) and perfluorooctanoic acid (PFOA), unregulated contaminants, in firefighting training at two former bases, Naval Air Station Joint Reserve Base Willow Grove in Horsham Township, Montgomery County, and Naval Air Warfare Center Warminster in Warminster Township, Bucks County, Pennsylvania; and

Whereas, The former Naval Air Station Joint Reserve Base Willow Grove is the location of Horsham Air Guard Station, an active base of the Pennsylvania Air National Guard; and

Whereas, The chemicals have appeared in elevated levels in public and private water wells; and

Whereas, PFOS and PFOA are "extremely persistent in the environment and resistant to typical environmental degradation processes," according to the Environmental Protection Agency (EPA), which has also stated: "The toxicity, mobility and bioaccumulation potential of PFOS and PFOA pose potential adverse effects for the environment and human health"; and

Whereas, A growing body of science has established associations between PFOS and PFOA and a range of health effects, including a variety of cancers; and

Whereas, The chemicals were first discovered in local public water supplies near the former military bases by an EPA testing program, resulting in several public water wells being taken offline; and

Whereas, On May 19, 2016, the EPA issued an update to its health advisory for PFOS and PFOA that significantly reduces the amount considered safe in drinking water: in the worst possible case, water containing the chemicals at an amount previously deemed safe would now be more than eight times over the recommended limits; and

Whereas, The new recommended levels have resulted in officials from the Horsham Water and Sewer Authority, Warminster Municipal Authority and Warrington Township Water and Sewer Department shutting down contaminated public drinking water wells, including 16 municipal wells in

Horsham, Warrington and Warminster Townships and nearly 150 private wells; and

Whereas, Section 316 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91, 131 Stat. 1283 requires the United States Secretary of Health and Human Services to conduct an exposure assessment of at least eight current or former domestic military installations known to have perfluoroalkyl and polyfluoroalkyl substances (PFASs) contamination, which includes PFOS and PFOA, in addition to commencing a study on the human health implications of PFASs contamination in sources of water and relevant exposure pathways; therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania urge the United States Secretary of Health and Human Services to select these two installations and Horsham, Warrington and Warminster Townships for the exposure assessment and the study on human health implications; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, to the presiding officers of each house of Congress, to each member of Congress from Pennsylvania, to the United States Secretary of Health and Human Services and to the United States Secretary of Defense

POM-221. A resolution adopted by the City Council of South Portland, Maine memorializing its opposition to any plan or legislation that would open the coast of Maine to offshore drilling for gas and oil; to the Committee on Energy and Natural Resources.

POM-222. A petition from a citizen of the State of Texas relative to an amendment to the United States Constitution; to the Committee on the Judiciary.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Cuccia, one of his secretaries:

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO THE CENTRAL AFRICAN
REPUBLIC -- PM 37

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register*

and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13667 of May 12, 2014, with respect to the Central African Republic, is to continue in effect beyond May 12, 2018.

The situation in and in relation to the Central African Republic, which has been marked by a breakdown of law and order, intersectorian tension, widespread violence and atrocities, and the pervasive, often forced recruitment and use of child soldiers, threatens the peace, security, or stability of the Central African Republic and the neighboring states, and continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to the Central African Republic declared in Executive Order 13667.

DONALD J. TRUMP.
THE WHITE HOUSE, May 10, 2018.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-223. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to enact H.R. 2603, or similar legislation, to amend the Endangered Species Act of 1973; to the Committee on Environment and Public Works.

SENATE CONCURRENT MEMORIAL 1008

Whereas, H.R. 2603, the Saving America's Endangered Species Act, or the SAVES Act, has been introduced in the United States House of Representatives; and

Whereas, this important legislation would amend the Endangered Species Act of 1973 to provide that nonnative species in the United States not be treated as endangered or threatened species for the purposes of that act.

Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the United States Congress enact H.R. 2603, or similar legislation, to amend the Endangered Species Act of 1973.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-224. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to act to

address the border sanitation problems that have resulted from the inadequate maintenance of the Naco, Sonora wastewater treatment facility; to the Committee on Environment and Public Works.

SENATE CONCURRENT MEMORIAL 1012

Whereas, Naco, Arizona and Naco, Sonora are sister cities on either side of the United States-Mexico border; and

Whereas, the Naco, Sonora wastewater treatment facility is located adjacent to the international border and was last upgraded two decades ago; and

Whereas, the Naco, Sonora wastewater treatment facility has not been adequately maintained and, as a result, regularly exceeds capacity during periods of equipment maintenance, rain or other events that interrupt normal operations; and

Whereas, exceedances of capacity have resulted in intermittent flows of untreated wastewater for years from the surface discharge point in Naco, Sonora across the international boundary onto public and private property in and adjacent to Naco, Arizona; and

Whereas, as stated in Minute No. 273 titled Recommendations for the Solution of the Border Sanitation Problem at Naco, Arizona-Naco, Sonora, which was executed by the United States and Mexico sections of the International Boundary and Water Commission, the "Commissioners observed that the border sanitation problem in the Naco, Arizona-Naco, Sonora area results from the Naco, Sonora wastewater collection, treatment and disposal system into the natural drainage courses that flow northward across the international boundary"; and

Whereas, also according to Minute No. 273, the "Commissioners further observed that because of the topography, the natural drainage traverses a wellfield area which provides the municipal water supply for the City of Bisbee, Arizona"; and

Whereas, Minute No. 273 also references Article 3 of the 1944 Treaty on the Utilization of the Water of the Colorado and Tijuana Rivers and of the Rio Grande, which stipulates that the two Governments "agree to give preferential attention to the solution of all border sanitation problems"; and

Whereas, the International Outfall Interceptor is the binational sewage pipe that conveys wastewater from Sonora and Arizona to the Nogales International Wastewater Treatment Plant; and

Whereas, the United States International Boundary and Water Commission and the City of Nogales are co-owners of the Nogales International Wastewater Treatment Plant, which provides treatment of sewage for both Nogales, Arizona and Nogales, Sonora; and

Whereas, legislation has been introduced in the United States Senate and United States

House of Representatives to direct the United States section of the International Boundary and Water Commission to charge Nogales, Arizona an equitable proportion of the costs for operating and maintaining the Nogales sanitation project based on the average daily volume of wastewater originating from Nogales; and

Whereas, the proposed legislation declares that Nogales is not obligated to contribute any capital costs of repairing or upgrading the project; and

Whereas, Arizonans who reside near the Arizona-Mexico border are concerned about the quality of drinking water because of previous international sewage disasters.

Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the United States Congress act to address the border sanitation problems that have resulted from the inadequate maintenance of the Naco, Sonora wastewater treatment facility.

2. That the United States Congress enact the Nogales Wastewater Fairness Act as a necessary first step in reaching a comprehensive solution to ongoing border sewage complications of the Arizona border.

3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-225. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to act expeditiously to increase and maintain staffing for qualified and properly vetted Customs Field Office personnel at the ports of entry in Nogales, Douglas and San Luis, Arizona in order to prudently speed the flow of goods and commerce; to the Committee on Finance.

HOUSE CONCURRENT MEMORIAL 2002

Whereas, the United States and Mexico are important trade partners, and commerce between the two countries is a critical source of jobs, income and exchange; and

Whereas, according to the United States Department of Commerce, more than \$500 billion in bilateral trade and over \$100 billion in cross-border investment occur annually; and

Whereas, in Arizona, \$28 billion in two-way trade is processed annually through Arizona's ports of entry, and

Whereas, according to the United States Census Bureau, Arizona exports to Mexico totaled \$7.1 billion in 2013; and

Whereas, the prime conduits for cross-border trade are through the ports of entry in Nogales, Douglas and San Luis, Arizona; and

Whereas, the Customs Field Office personnel within the United States Customs and Border Protection service of the United States Department of Homeland Security serve a vital function in promoting security and economic stability; and

Whereas, the lack of capacity and staffing for customs inspections at these primary entry points creates congestion for incoming and outgoing goods, hampers commercial activity and potentially compromises border security; and

Whereas, these impediments ultimately translate into perished agricultural produce and lost business opportunities and income; and

Whereas, the rapid delivery of goods and commerce enhances business activity and strengthens economic integration; and

Whereas, greater inspection capacity at the ports of entry in Nogales, Douglas and San Luis, Arizona will enhance the safety and swiftness of goods moving across the border, benefiting the economies of both nations; and

Whereas, increasing the number of Customs Field Office personnel at these United States border sites will facilitate commercial traffic and will result in increased economic growth and stability for Arizona; and

Whereas, a letter dated October 14, 2014 that was signed by every member of the Arizona Congressional delegation and sent to the United States Department of Homeland Security expressed the need for greater staffing and allocation of personnel to Arizona's ports of entry.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress act expeditiously to increase and maintain staffing for qualified and properly vetted Customs Field Office personnel at the ports of entry in Nogales, Douglas and San Luis, Arizona in order to prudently speed the flow of goods and commerce.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-226. A resolution adopted by the House of Representatives of the Commonwealth of Pennsylvania urging the Secretary of Health and Human Services to select former Naval Air Station Joint Reserve Base Willow Grove and the former Naval Air Warfare Center Warminster and Horsham, Warrington and Warminster Townships for an exposure assessment and study on human health implications of perfluoroalkyl and polyfluoroalkyl substances contamination; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 682

Whereas, The United States military used foam containing perfluorooctane sulfonate (PFOS) and perfluorooctanoic acid (PFOA), unregulated contaminants, in firefighting training at two former bases, Naval Air Station Joint Reserve Base Willow Grove in Horsham Township, Montgomery County, and Naval Air Warfare Center Warminster in Warminster Township, Bucks County, Pennsylvania; and

Whereas, The former Naval Air Station Joint Reserve Base Willow Grove is the location of Horsham Air Guard Station, an active base of the Pennsylvania Air National Guard; and

Whereas, The chemicals have appeared in elevated levels in public and private water wells; and

Whereas, PFOS and PFOA are “extremely persistent in the environment and resistant to typical environmental degradation processes,” according to the Environmental Protection Agency (EPA), which has also stated: “The toxicity, mobility and bioaccumulation potential of PFOS and PFOA pose potential adverse effects for the environment and human health”; and

Whereas, A growing body of science has established associations between PFOS and PFOA and a range of health effects, including a variety of cancers; and

Whereas, The chemicals were first discovered in local public water supplies near the former military bases by an EPA testing program, resulting in several public water wells being taken offline; and

Whereas, On May 19, 2016, the EPA issued an update to its health advisory for PFOS and PFOA that significantly reduces the amount considered safe in drinking water: in the worst possible case, water containing the chemicals at an amount previously deemed safe would now be more than eight times over the recommended limits; and

Whereas, The new recommended levels have resulted in officials from the Horsham Water and Sewer Authority, Warminster Municipal Authority and Warrington Township Water and Sewer Department shutting down contaminated public drinking water wells, including 16 municipal wells in Horsham, Warrington and Warminster Townships and nearly 150 private wells; and

Whereas, Section 316 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91, 131 Stat. 1283 requires the United States Secretary of Health and Human Services to conduct an exposure assessment of at least eight current or former domestic military installations known to have perfluoroalkyl and polyfluoroalkyl substances (PFASs) contamination, which includes PFOS and PFOA, in addition to commencing a study on the human health implications of PFASs contamination in

sources of water and relevant exposure pathways: Therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania urge the United States Secretary of Health and Human Services to select these two installations and Horsham, Warrington and Warminster Townships for the exposure assessment and the study on human health implications; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, to the presiding officers of each house of Congress, to each member of Congress from Pennsylvania, to the United States Secretary of Health and Human Services and to the United States Secretary of Defense.

POM-227. A concurrent resolution adopted by the Legislature of the State of Michigan urging the United States Congress to take action on immigration reform; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 15

Whereas, Shortly after our Founding Fathers crafted the Declaration of Independence in 1776 and we became an independent, self-governing nation, immigration and naturalization policies were enacted to govern the stream of foreign nationals who sought out this great nation. Over the course of our country’s history, the Congress and President of the United States have updated these policies in response to domestic and world events and economic evolution; and

Whereas, Michigan has continued to welcome more and more immigrant families to our state. In 1990, foreign-born residents in Michigan accounted for 38 percent of the population. By 2015, that figure had increased to 66 percent. According to 2014 data from the U.S. Census Bureau, the state of Michigan ranks 15th nationally in the number of foreign-born residents; and

Whereas, Immigrants are indispensable to a healthy state economy, and their contributions are substantial. Immigrants account for approximately 7.2 percent of Michigan’s workforce. One-third of Michigan’s Fortune 500 companies were formed by immigrants or their children. These firms generate \$186.4 billion annually and employ 400,000 individuals around the world. Immigrants are also indispensable to Michigan’s farming community, accounting for 58 percent of the economic impact of the state’s farming sector; and

Whereas, Everyday Americans have become increasingly frustrated with the current immigration and naturalization system. Organizations and leaders from across the ideological spectrum—spanning from business groups to faith leaders and from educators to human service organizations—agree that a comprehensive

approach is necessary to resolve the country’s long-standing immigration and naturalization problems; and

Whereas, A 21st-century nation requires 21st-century immigration and naturalization policies. For too long, comprehensive immigration reform has been an unaddressed priority of both political parties and in many states, including the state of Michigan. The absence of such reform leaves in place a patchwork of policies that creates confusion, uncertainty, and fear within immigrant communities and for employers, universities, and congregations of various faiths. Moreover, our nation’s imperfect immigration system dampens tourism and burdens our state and local governments with high enforcement and legal costs. Only a bipartisan solution to our nation’s immigration woes will ensure that our nation’s physical and economic well-being are secure, now, therefore, be it

Resolved by the House of Representatives (THE SENATE CONCURRING), That we memorialize the Congress of the United States to take action on immigration reform; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-228. A resolution adopted by the Lauderdale Lakes City Commission, Lauderdale Lakes, Florida memorializing its opposition to the addition of a question regarding citizenship being added to the 2020 United States Census questionnaire; to the Committee on Homeland Security and Governmental Affairs.

POM-229. A resolution adopted by the City Council of the City of Solana Beach, California urging federal and state representatives to enact responsible gun safety regulations; to the Committee on the Judiciary.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Cuccia, one of his secretaries:

SOCIAL SECURITY TOTALIZATION
AGREEMENT WITH ICELAND AND THE
ACCOMPANYING LEGALLY BINDING
ADMINISTRATIVE ARRANGEMENT --
PM38

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Finance:

To the Congress of the United States:

Pursuant to section 233(e)(1) of the Social Security Act, as amended by the Social Security Amendments of 1977 (Public Law 95-216, 42 U.S.C. 433(e)(1)), I transmit herewith a social security totalization agreement with Iceland, titled "Agreement on Social Security between the United States of America and Iceland" and the accompanying legally binding administrative arrangement, titled "Administrative Arrangement between the Competent Authorities of the United States of America and Iceland for the Implementation of the Agreement on Social Security between the United States of America and Iceland" (collectively the "Agreements"). The Agreements were signed at Reykjavik, Iceland, on September 27, 2016.

The Agreements are similar in objective and content to the social security totalization agreements already in force with other leading economic partners in Europe and elsewhere, including Australia, Canada, Chile, Japan, Norway, the Republic of Korea, and Switzerland. Such bilateral agreements provide for limited coordination between the United States and foreign social security

systems to eliminate dual social security coverage and taxation and to help prevent the loss of benefit protection that can occur when workers divide their careers between two countries.

The Agreements contain all provisions mandated by section 233 of the Social Security Act and, pursuant to section 233(c)-(4), other provisions which I deem appropriate to carry out the purposes of section 233.

I also transmit for the information of the Congress a report required by section 233(e)-(1) of the Social Security Act on the estimated number of individuals who will be affected by the Agreements and the Agreements' estimated cost effect. Also included are a summary of the main provisions of the Agreements and an annotated version of the Agreements with descriptions of each article. The Department of State and the Social Security Administration concluded that these Agreements are in the national interest of the United States.

I commend to the Congress the Agreement on Social Security between the United States of America and Iceland and the Administrative Arrangement between the Competent Authorities of the United States of America and Iceland for the Implementation of the Agreement on Social Security between the United States of America and Iceland.

DONALD J. TRUMP.

THE WHITE HOUSE, May 17, 2018.

SOCIAL SECURITY TOTALIZATION
AGREEMENT WITH SLOVENIA AND THE
ACCOMPANYING LEGALLY BINDING
ADMINISTRATIVE ARRANGEMENT --

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Finance:

To the Congress of the United States:

Pursuant to section 233(e)(1) of the Social Security Act, as amended by the Social Security Amendments of 1977 (Public Law 95-216, 42 U.S.C. 433(e)(1)), I transmit herewith a social security totalization agreement with Slovenia, titled "Agreement on Social Security between the United States of America and the Republic of Slovenia" and the accompanying legally binding administrative arrangement, titled "Administrative Arrangement between the United States of America and the Republic of Slovenia for the Implementation of the Agreement on Social Security between the United States of America and the Republic of Slovenia" (collectively the "Agreements"). The Agreements were signed in Ljubljana, Slovenia, on January 17, 2017.

The Agreements are similar in objective and content to the social security totalization agreements already in force with other

leading economic partners in Europe and elsewhere, including Australia, Canada, Chile, Japan, Norway, the Republic of Korea, and Switzerland. Such bilateral agreements provide for limited coordination between the United States and foreign social security systems to eliminate dual social security coverage and taxation and to help prevent the loss of benefit protection that can occur when workers divide their careers between two countries.

MESSAGE FROM THE PRESIDENT
RECEIVED DURING
ADJOURNMENT

Under the authority of the order of the Senate of January 3, 2017, the Secretary of the Senate, on May 18, 2018, during the adjournment of the Senate, received a message from the President of the United States:

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO THE STABILIZATION OF
IRAQ -- PM 40

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with

respect to the stabilization of Iraq that was declared in Executive Order 13303 of May 22, 2003, is to continue in effect beyond May 22, 2018.

Obstacles to the orderly reconstruction of Iraq, the restoration and maintenance of peace and security in the country, and the development of political, administrative, and economic institutions in Iraq continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to the stabilization of Iraq.

DONALD J. TRUMP.

THE WHITE HOUSE, May 18, 2018.

REPORT RELATIVE TO THE ISSUANCE
OF AN EXECUTIVE ORDER WITH
RESPECT TO VENEZUELA THAT TAKES
ADDITIONAL STEPS WITH RESPECT TO
THE NATIONAL EMERGENCY
DECLARED -- PM 41

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (IEEPA) (50 U.S.C. 1701 *et seq.*), I hereby report that I have issued an Executive Order with respect to Venezuela that takes additional steps with respect to the national emergency declared in Executive Order 13692 of March 8, 2015, and relied upon for additional steps taken in Executive Order 13808 of August 24, 2017, and Executive Order 13827 of March 19, 2018.

The Executive Order I have issued today prohibits transactions related to, provision of financing for, and other dealings in (i) the purchase of any debt owed to the Government of Venezuela, including accounts receivable; (ii) any debt owed to the Government of Venezuela that is pledged as collateral after the effective date of the Executive Order, including accounts receivable; and (iii) the sale, transfer, assignment, or pledging as collateral by the Government of Venezuela of any equity interest in any entity in which the Government of Venezuela has a 50 percent or greater ownership interest.

I have authorized the Secretary of the Treasury, in consultation with the Secretary of State, to take such actions, including promulgating rules and regulations, and to

employ all powers granted to the President by IEEPA as may be necessary to carry out the purposes of the Executive Order.

I am enclosing a copy of the Executive Order I have issued today.

DONALD J. TRUMP.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-234. A resolution adopted by the Senate of the State of Louisiana recognizing Tuesday, April 24, 2018, as the fourth annual Oil and Natural Gas Industry Day at the state capitol and commending the industry for more than a century of partnership with Louisiana, providing jobs and economic benefits for the state while providing the energy that fuels a nation; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 143

Whereas, more than two hundred sixty thousand Louisianians are employed by the oil and natural gas industry, from rigs to office jobs; and

Whereas, the oil and natural gas industry continues to be the foundation of the state's economy with a \$72.8 billion economic impact, generating over \$19 billion in household earnings for Louisianians, with energy jobs and earnings found in all but one of the state's sixty-four parishes; and

Whereas, the oil and natural gas industry brings jobs to cities and parishes in Louisiana, injects money into the local economy, and enables communities to not only survive, but to thrive; and

Whereas, the oil and natural gas industry is one of the biggest contributors to Louisiana's economy paying nearly \$2 billion in direct and indirect taxes to the state treasury which helps pay for schools, healthcare, roads, and other state-funded initiatives; and

Whereas, the oil and natural gas industry in Louisiana is the biggest private investor in the state's coast, funding research, working with top scientists, and investing in dozens of private and public projects that all work to protect and improve our coastline; and

Whereas, Louisiana is the nation's number two producer of crude oil and the number four producer of natural gas among the fifty states, ranks number two among the states in petroleum refining capacity with its eighteen refineries, and has over ninety-two thousand miles of pipelines transporting crude petroleum and natural gas within the state and its offshore area of the Gulf of Mexico: Therefore, be it

Resolved, That the Senate of the Legislature of Louisiana does hereby recognize Tuesday, April 24, 2018, as the fourth annual Oil and Natural Gas Industry Day at the state capitol and does hereby commend the industry for more than a century of partnership with Louisiana, providing jobs and economic benefits for the state while providing the energy that fuels a nation; and be it further

Resolved, That a copy of this Resolution be transmitted to the secretary of the United States Senate, the clerk of the United States House of Representatives, and to each member of the Louisiana delegation to the United States Congress.

POM-235. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to allow for variances on certain projects regulated by the Clean Water Act and the Rivers and Harbors Act; to the Committee on Environment and Public Works.

SENATE CONCURRENT RESOLUTION NO. 41

Whereas, the federal Clean Water Act establishes a program to regulate the discharge of dredged or fill material into waters of the United States, including wetlands; and

Whereas, the federal Rivers and Harbors Act requires authorization from the U.S. Army Corps of Engineers for the construction of any structure in or over any navigable waters of the United States, the excavation and dredging or deposition of material, or any obstruction or alteration to a navigable water; and

Whereas, protection of the coast and mitigation of wetland loss is vital to the future of this state and the many projects designed to protect and preserve the state's coast invariably require dredging, obstructing, or altering of waters of the United States; and

Whereas, the Clean Water Act and the Rivers and Harbors Act mandate that local, municipal, and state projects aimed at mitigating coastal wetland losses require permits from the U.S. Army Corps of Engineers; and

Whereas, like federal law, Louisiana law requires compensatory mitigation at a level sufficient to replace the ecological value of the wetlands lost as a result of permitted projects, but allows for variances to this requirement when the permittee has demonstrated that the required mitigation would render the proposed project impracticable if the project is a clearly overriding public interest; and

Whereas, the Clean Waters Act and the Rivers and Harbors Act do not allow for such variances when a project to mitigate coastal wetland loss is being considered, even when

that project has a clearly overriding public interest; and

Whereas, in an effort to help the state protect its valuable coast and wetlands, federal law should allow for a variance for a project that has a clearly overriding public interest. Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to allow for variances on certain projects regulated by the Clean Water Act and the Rivers and Harbors Act. Be it Further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-236. A concurrent memorial adopted by the Legislature of the State of Arizona urging the President of the United States and the United States Congress to swiftly renegotiate and ratify the North American Free Trade Agreement to maintain the global competitiveness of Arizona's businesses and citizens; to the Committee on Finance.

SENATE CONCURRENT MEMORIAL 1016

Whereas, the North American Free Trade Agreement (NAFTA) created the largest single free trade area in the world and has produced significant economic benefits to the State of Arizona; and

Whereas, one in five Arizona jobs are linked to trade in goods and countless others are linked to trade in services and international tourism; and

Whereas, in 2014, over 236,000 Arizona jobs relied on trade and investment with our two largest trading partners, Canada and Mexico; and

Whereas, NAFTA has facilitated the growth of significant new cross-border manufacturing and supply chains in industries such as aerospace, agriculture, electronics and automotive; and

Whereas, NAFTA has facilitated the expansion of Arizona businesses into the Mexican market; and

Whereas, the NAFTA-member countries of Canada and Mexico are Arizona's largest foreign direct-investment and trading partners; and

Whereas, in 2016, Arizona had \$15.7 billion in combined trade, nearly 38% of the state's total trade, with Mexico and maintained a trade surplus of \$830 million; and

Whereas, in 2016, Arizona had \$3.5 billion in combined trade with Canada and maintained a trade surplus of \$810 million; and

Whereas, tourism with our NAFTA partners is a significant driving force of Arizona's economic success; and

Whereas, 3.8 million annual Mexican visitors are responsible for \$7.3 million per day, or 66% of all Arizona visitor expenditures, and the annual economic impact to Arizona from Mexican and Canadian visitors is \$5 billion; and

Whereas, NAFTA may usefully be updated to include new opportunities for Arizona companies; and

Whereas, withdrawing the United States from NAFTA would negatively impact Arizona's exporting and importing companies, the vast majority of which are small businesses, as well as the entire Arizona tourism industry; and

Whereas, withdrawing the United States would further discourage foreign investment in this state and the resulting job creation, would further suit in significant job losses across all sectors, with aerospace, tech, and agribusiness likely the hardest hit, and would be potentially devastating to the economic vitality of this state.

Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the President of the United States constructively and swiftly negotiate modifications to NAFTA to strengthen and modernize the agreement, maintain the trilateral nature of the agreement as it currently exists between Canada, Mexico and the United States and conclude the negotiations by the date agreed.

2. That the Congress of the United States swiftly ratify and certify the new terms of NAFTA to reduce business uncertainty and maintain the global competitiveness of Arizona's businesses and citizens.

3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the United States Trade Representative, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-237. A resolution adopted by the House of Representatives of the State of Hawaii urging the President of the United States and the United States Congress to mitigate the high, disproportionately adverse impacts of the Tax Cuts and Jobs Act of 2017 on Hawaii citizens by increasing federal funding of Hawaii housing initiatives; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION NO. 187

Whereas, Hawaii's cost of living is the highest in the nation; and

Whereas, utility costs in Hawaii are 106.5 percent higher than national average; and

Whereas, housing costs in Hawaii are 103.3 percent higher than the national average; and

Whereas, the national median price of a single-family home is currently \$241,700, while the median price in Hawaii is currently \$772,000; and

Whereas, experts estimate that Hawaii faces a shortage of five thousand housing units, illustrating the depth of the State's housing crisis; and

Whereas, the median age of a single-family home in Hawaii is between thirty to thirty-nine years old, which is disproportionately older than the median age in other states; and

Whereas, the older age of Hawaii homes means homeowners often invest considerable amounts for repairs and upgrades; and

Whereas, the Tax Cuts and Jobs Act of 2017 reduces the debt amount eligible for the mortgage interest deduction from \$1,000,000 to only \$750,000, and eliminates the tax deduction interest on home equity loans if the loan proceeds are used for purposes unrelated to the taxpayer's home; and

Whereas, many tax credits that benefit persons with lower incomes will sunset in 2027, creating a more regressive tax system with higher tax liabilities for those who can afford it least; and

Whereas, the changes created by the Tax Cuts and Jobs Act of 2017 will affect a disproportionately high percentage of Hawaii residents compared to other states because of Hawaii's unique physical and economic environment; and

Whereas, Hawaii currently ranks as one of the states that is least dependent on federal aid, with federal assistance comprising only 22.8 percent of general revenues: Now, be it

Resolved, By the House of Representatives of the Twenty ninth Legislature of the State of Hawaii, Regular Session of 2018, that the President of the United States and the United States Congress are urged to mitigate the high, disproportionately adverse impacts of the Tax Cuts and Jobs Act of 2017 on Hawaii citizens by increasing federal funding of Hawaii housing initiatives; and be it further

Resolved, That the President of the United States and the United States Congress are urged to request the United States Department of Housing and Urban Development to increase funding levels to Hawaii programs, regardless of potential budget cuts to that department in pending federal appropriations bills; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, Vice President of the United States, Majority Leader of the United States Senate, Speaker of the United States House of Representatives, members of Hawaii's congressional delegation, United States Secretary of Housing and Urban Development, Governor, Director of Human Services, and Executive Director of the Hawaii Public Housing Authority.

MESSAGE FROM THE PRESIDENT RECEIVED DURING ADJOURNMENT

Under the authority of the order of the Senate of January 3, 2017, the Secretary of the Senate, on March 20, 2015, during the adjournment of the Senate, received a message from the President of the United States:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO BELARUS -- PM 43

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the actions and policies of certain members of the Government of Belarus and other persons to undermine democratic processes or institutions of Belarus that was declared in Executive Order 13405 of June 16, 2006, is to continue in effect beyond June 16, 2018.

The actions and policies of certain members of the Government of Belarus and other persons to undermine Belarus's democratic processes or institutions, to commit human rights abuses related to political repression, and to engage in public corruption continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13405 with respect to Belarus.

DONALD J. TRUMP

THE WHITE HOUSE, June 8, 2018

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-238. A resolution adopted by the Senate of the State of Louisiana urging the United States Congress and the Louisiana delegation to the United States Congress to take such actions as necessary to encourage that the design and construction of the Vito development in the Gulf of Mexico occur in

Louisiana; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 219

Whereas, the Vito is a deepwater oil exploration development covering four blocks in the Mississippi Canyon area of the Gulf of Mexico located one hundred fifty miles southeast of New Orleans; and

Whereas, Shell Offshore, Inc. announced that it will develop this site, the construction of which will include the fabrication and construction of eight subsea wells with deep in-well gas lift; and

Whereas, the Vito development is expected to reach a peak production of approximately one hundred thousand barrels of oil equivalent per day and has an estimated recoverable three hundred million barrels of oil equivalent, which represents a significant contribution to oil production in the Gulf of Mexico and to the nation's energy needs; and

Whereas, Louisiana is the second largest oil producer in the country and plays an essential role in supplying the nation with energy; and

Whereas, the historical and important role that the state has played in the oil industry has provided Louisiana with the expertise and critical infrastructure necessary to support the design, construction, and maintenance necessary for a project as large and technologically advanced as the Vito development; and

Whereas, because of its size and location, the Vito development will play a large role in the economy of the state and will rely on the waterways, ports, pipelines, and design and construction companies located in Louisiana; and

Whereas, Shell Offshore, Inc. should give priority to businesses and resources located in Louisiana for the Vito development so that it may contribute to Louisiana's economic development and to the nation's energy infrastructure: Therefore, be it

Resolved, That the Senate of the Legislature of Louisiana does hereby memorialize Congress and the Louisiana delegation to the United States Congress to take such actions as necessary to encourage that the design and construction of the Vito development in the Gulf of Mexico occur in Louisiana. Be it further

Resolved, That a copy of this Resolution be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-239. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to pass the Disability Integration Act of 2017; to the Committee on Health, Education, Labor, and Pensions.

SENATE CONCURRENT RESOLUTION NO. 13

Whereas, the Disability Integration Act of 2017 has been introduced as S. 910 and H.R. 2472 in the One Hundred Fifteenth United States Congress; and

Whereas, in enacting the Americans with Disabilities Act of 1990 (herein referred to as the "ADA"), Congress recognized that "historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem" and intended that the ADA assure "full participation" and "independent living" for individuals with disabilities by addressing "discrimination against individuals with disabilities [that] persists in critical areas", including institutionalization; and

Whereas, while Congress expected that the ADA's integration mandate would be interpreted in a manner that ensures that individuals who are eligible for institutional placement are able to exercise a right to community-based long-term services and supports, that expectation has not been fulfilled; and

Whereas, the holdings of the Supreme Court in *Olmstead v. L.C.*, 527 U.S. 581 (1999), and companion cases, have clearly articulated that individuals with disabilities have a civil right under the ADA to participate in society as equal citizens; however, many states still do not provide sufficient community-based long-term services and supports to individuals with disabilities to end segregation in institutions; and

Whereas, the right to live in the community is necessary for the exercise of the civil rights that the ADA was intended to secure for all individuals with disabilities and the lack of adequate community-based services and supports has imperiled the civil rights of all individuals with disabilities, and has undermined the very promise of the ADA; therefore, it is necessary to recognize in statute a robust and fully articulated right to community living; and

Whereas, states, with a few exceptions, continue to approach decisions regarding long-term services and supports from social welfare and budgetary perspectives, but for the promise of the ADA to be fully realized, states must approach these decisions from a civil rights perspective; and

Whereas, states have not consistently planned to ensure sufficient services and supports for individuals with disabilities, including those with the most significant disabilities, to enable individuals with disabilities to live in the most integrated setting and, as a result, many individuals with disabilities who reside in institutions are prevented from residing in the community and individuals with disabilities who are not

in institutions find themselves at risk of institutional placement; and

Whereas, the continuing existence of unfair and unnecessary institutionalization denies individuals with disabilities the opportunity to live and participate on an equal basis in the community and costs the United States billions of dollars in unnecessary spending related to perpetuating dependency and unnecessary confinement. Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to take such actions as are necessary to pass the Disability Integration Act of 2017. Be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-240. A joint resolution adopted by the Legislature of the State of Oklahoma urging the Congress of the United States, pursuant to Article V of the United States Constitution, to call a convention of the states for the purpose of proposing amendments to the United States Constitution related to balancing the federal budget, imposing fiscal restraints on the federal government, limiting the power and jurisdiction of the federal government, and limiting the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 1043

Whereas, Article V of the Constitution of the United States provides that upon receipt of applications from two-thirds of the legislatures of the several states, Congress shall call a convention of the states for proposing amendments; and

Whereas, the Oklahoma Legislature adopted SJR 4 in the 2nd Session of the 55th Oklahoma Legislature that applied to the Congress of the United States "for the calling of a convention of the states limited to proposing an amendment to the Constitution of the United States requiring that in the absence of a national emergency the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year, together with any related and appropriate fiscal restraints"; and

Whereas, it appears that two-thirds of the states, including Oklahoma, soon will have applied for a convention to propose such an amendment adding to the United States Constitution a requirement federal government balance its budget; and

Whereas, it has also been proposed by several states, including Oklahoma, that a convention be called for proposing amendments to "impose fiscal restraints on the federal government, limit the power and

jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress"; and

Whereas, in its call Congress will be required to specify an initial time and place for the meeting of the Article V Convention for proposing amendments; and

Whereas, it is appropriate for the state legislatures to prepare for the Article V Convention and recommend to Congress an initial time and place to hold the convention; and

Whereas, a gathering of the states called by a state legislature and consisting of members authorized by other state legislatures would be an effective way of considering and recommending solutions to common issues related to an Article V Convention, including planning for and recommending rules and procedures for an Article V Convention, and recommending to Congress the initial date and of an Article V Convention; and

Whereas, a planning convention of the several states in September in Phoenix, Arizona, was attended by a delegation from Oklahoma as authorized by House Concurrent Resolution No. 1007 of the 1st Session of the 56th Oklahoma Legislature. Now, therefore, be it

Resolved by the House of Representatives and the Senate of the 2nd Session of the 56th Oklahoma Legislature:

That a delegation of commissioners selected as provided in this resolution shall be authorized to attend and participate in a gathering of states proposed by any state legislature for the purposes of developing rules and procedures for an Article V Convention for proposing amendments to the United States Constitution to require a balanced federal budget, or to impose fiscal restraints on the federal government, to limit the power and jurisdiction of the federal government and to limit the terms of office for federal officials and members of Congress and for proposing an initial date and location for the meeting of the several states in an Article V Convention.

That the delegation of commissioners shall be composed of seven members, three of whom shall be appointed by the Speaker of the Oklahoma House of Representatives, three of whom shall be appointed by the President Pro Tempore of the Oklahoma State Senate, and one of whom shall be appointed by agreement of both the Speaker of the Oklahoma House of Representatives and the President Pro Tempore of the Oklahoma State Senate.

That two of the commissioners appointed by the Speaker of the Oklahoma House of Representatives shall be current members of the Oklahoma House of Representatives at the time of appointment, and two of the commissioners appointed by the President Pro Tempore of the Oklahoma State Senate shall be current members of the Oklahoma

State Senate at the time of appointment. The third commissioner appointed by the Speaker of the Oklahoma House of Representatives shall be a current or former member of the Oklahoma House of Representatives and the third commissioner appointed by the President Pro Tempore of the Oklahoma State Senate shall be a current or former member of the Oklahoma State Senate.

That the commissioners shall be bound by the rules adopted by the gathering of the states or provided for in the proposal for the Article V Convention.

That unless otherwise provided by the Oklahoma Legislature, the commissioners provided for in this resolution shall also serve as commissioners to the Article V Convention for proposing amendments to the United States Constitution when called and shall be bound by the rules adopted by the members of the Article V Convention.

That if a commissioner is unable to participate in either the state gathering or an Article V Convention to propose amendments to the United States Constitution either permanently or temporarily, the appointing authority or authorities shall select an alternate, who shall be a current or former member of the appointing authority's legislative body, to serve for the time the commissioner is unable to serve. The alternate shall be bound by the same rules and procedures as the original commissioner.

That no commissioner or alternate from this state to an Article V Convention shall have the authority to vote to allow consideration of or vote to approve an unauthorized amendment for ratification to the United States Constitution.

That any commissioner or alternate casting a vote to allow consideration or approval of an unauthorized amendment shall be immediately recalled by the appointing authority or authorities and be replaced by an alternate.

That all voting in either a gathering of states or an Article V Convention shall be by state with each state having one vote.

That commissioners and alternates shall take the following oath of office before accepting their appointment:

"I do solemnly swear or affirm that to the best of my abilities I will, as a commissioner (alternate commissioner) to a convention for proposing any amendment to the United States Constitution, uphold the Constitution and laws of the United States and the State of Oklahoma.

I will abide by my specific instructions from the Legislature of the State of Oklahoma. I will not vote to allow consideration of or to approve any amendment proposed for ratification to the United States Constitution that is unrelated to the subject of the approved call of the convention by Congress.

I will vote only for convention rules that provide that each state have one equal vote and that a state or commissioner shall not be allowed to propose an amendment that is unrelated to the approved call of the convention. I acknowledge that any violation of this oath may result in being recalled by the Legislature of the State of Oklahoma or its authorized committee.”

That an Article V Convention Committee shall be composed of three members, one appointed by the Speaker of the Oklahoma House of Representatives, one appointed by the President Pro Tempore of the Oklahoma State Senate and one appointed jointly by the Speaker and President Pro Tempore. A member of the Article V Convention Committee may not be a member of the delegation. The duties of the Article V Convention Committee and their appointing authority or authorities include:

1. Monitoring the delegation to determine if it is following legislative instructions and obeying convention rules;

2. Advising the delegation on the Legislature's position on issues before the convention;

3. Disciplining any commissioner who violates the oath of office or instructions or is otherwise guilty of malfeasance or nonfeasance. Discipline may include recall from the convention, removal as a commissioner or demotion to the office of alternate commissioner;

4. Notifying the convention that a commissioner has been recalled, removed as a commissioner or demoted to the office of alternate commissioner; and

5. Replacing any recalled commissioner.

That commissioners shall vote only for Article V Convention rules consistent with the following principles:

1. The convention is convened under the authority reserved to the state legislatures of the several states by Article V of the Constitution of the United States;

2. The only participants at this convention are the several states represented by their respective delegations duly selected in the manner that their respective legislatures have determined;

3. The scope of the convention's authority is defined by applications adopted by at least two-thirds of the legislatures of the several states, which authority is limited to the subject of the approved call of the convention. The convention has no authority to propose or discuss an amendment on any other subject outside the approved call of the convention by Congress;

4. The convention shall provide for disciplining a commissioner or delegation for exceeding the scope of the convention's authority by raising subjects for discussion or debate that lie outside the convention's authority;

5. The convention shall not infringe on the respective state legislatures' authority to instruct, discipline, recall and replace commissioners; and

6. All voting at the convention or in a committee shall be by state with each state having one vote without apportionment or division. Each state legislature shall determine the internal voting and quorum rules for casting the vote of its delegation.

That the provisions of this resolution shall expire on December 31, 2023.

That the Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof with the Secretary of State and one copy with the Attorney General and transmit copies to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, to the members of the Oklahoma Congressional Delegation, and to the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

POM-241. A resolution adopted by the Common Council of the City of Syracuse, New York memorializing its support of the Main Street Employee Ownership Act of 2018; to the Committee on Small Business and Entrepreneurship.

POM-242. A petition from a citizen of the State of Texas relative to immigration; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-243. A joint resolution adopted by the Legislature of the State of Alabama applying to the United States Congress, pursuant to Article V of the Constitution of the United States, to call a convention of the states limited to proposing an amendment that limits the number of terms of office a person may serve as a Member of the United States House of Representatives and as a Member of the United States Senate; to the Committee on the Judiciary.

Whereas, Article V of the Constitution of the United States provides that Congress shall call a convention for the purpose of proposing an amendment to the Constitution upon application by at least two-thirds of the states urging such action; now therefore, be it

Resolved by the legislature of Alabama, both houses thereof concurring, That we hereby make application to Congress,

pursuant to Article V of the Constitution of the United States of America, urging Congress to call a convention limited to proposing an amendment to the Constitution of the United States of America to limit the number of terms a person may serve as a Member of the United States House of Representatives and as a Member of the United States Senate. Be it further

Resolved, That the Alabama Secretary of State is directed to transmit copies of this resolution making application to Congress to call a convention to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, each member of the Alabama Delegation to the United States Congress, and to the presiding officers of each of the legislative houses in each state. Be it further

Resolved, That this application shall be considered as covering the same subject matter as the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the United States House of Representatives and the United States Senate; and this application shall be combined with the applications of other states for the purpose of attaining the two-thirds of the states necessary to require Congress to call a limited convention for the purpose of setting term limits on the Members of Congress, but shall not be combined with applications on any other subject. Be it further

Resolved, That this resolution constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the states have made applications on the same subject.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-247. A concurrent resolution adopted by the Legislature of the State of Michigan urging the United States Congress to award

the posthumous Medal of Honor to Lieutenant Colonel Albert M. Edwards for his actions during the Civil War; to the Committee on Armed Services.

HOUSE CONCURRENT RESOLUTION NO. 19

Whereas, A resident of Detroit at the time of the Civil War, Albert M. Edwards left college in his second year to enlist as a sergeant in the 24th Michigan Infantry Regiment During his service, he was promoted to captain of Company F where he was instrumental in raising the new regiment, organizing his company in only two days, and

Whereas, Captain Edwards took command of the regiment in the Battle of Gettysburg on July 1, 1863 As other leaders were wounded or killed, Captain Edwards behaved gallantly to rally the men while under fire. The regiment suffered horrible casualties, more than any of the 400 Union regiments that fought in the three-day battle. The 24th Michigan Infantry was instrumental in providing the Army of the Potomac time to establish a solid defensive position that the Confederate Army would not be able to break, and

Whereas, Captain Edwards commanded the regiment multiple times during his service and participated in every battle and march of the regiment. Although never wounded in action, he was captured in battle but returned to his regiment in a prisoner exchange. He was promoted to major and lieutenant-colonel during the war. When the regiment returned to Detroit in June of 1865, Colonel Edwards was in command, and

Whereas, While fighting in the Battle of the Wilderness in May 1864, Major Edwards captured a Confederate flag. The capture was recorded by the regiment historian and confirmed by an assistant adjutant general, and the flag found its way to the archives of the War Department in Washington Capturing a Confederate battle flag was a common criterion for awarding the medal of honor to a soldier, and

Whereas, Colonel Edwards was given the honorary promotion of "Brevet Colonel," often used in recognition of gallant conduct or other meritorious service Colonel Edwards also received wide acknowledgement at Civil War reunions, as reported in newspapers, and

Whereas, Colonel Albert M. Edwards has never received official recognition for his acts of patriotism and honor, now therefore, be it

Resolved by the House of Representatives (The Senate Concurring), That we memorialize the Congress of the United States to award the posthumous Medal of Honor to Lieutenant-Colonel Albert M. Edwards for his actions during the Civil War, and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-248. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress to enact S. 1112, the "Maternal Health Accountability Act of 2017" in order to enable states and the federal government to share responsibility in identifying opportunities for improving care, reducing disparities, and implementing system changes relating to maternal health care, and to educate health care providers, pregnant women, their families, and the public about preventing pregnancy-related and pregnancy-associated complications and deaths; to the Committee on Health, Education, Labor, and Pensions.

ASSEMBLY RESOLUTION NO. 113

Whereas, The United States is ranked 50th in the world for its maternal mortality rate, and is one of eight countries in which the maternal mortality rate has been on the rise; and

Whereas, Recent studies have found that the estimated maternal mortality rate in the United States increased by approximately 27 percent between 2000 and 2014, with the rate increasing in nearly every state in the country; and

Whereas, Maternal deaths in the United States result from pregnancy-related causes such as hemorrhage, hypertensive disease, preeclampsia, embolic disease, and sepsis, addiction-related causes such as substance use disorder and overdose, and violent causes, including motor vehicle accidents, homicide, and suicide; and

Whereas, The most severe complications of pregnancy, generally referred to as severe maternal morbidity, affect more than 65,000 women in the United States each year; and

Whereas, Data from the United States Centers for Disease Control and Prevention (CDC) shows African-American women are three times more likely to die from pregnancy-related complications or childbirth than White women and women of other races; and

Whereas, These statistics are a source of great concern for the CDC, health care providers, and patient advocacy organizations such as the American Congress of Obstetricians and Gynecologists, the Association of Women's Health, Obstetric and Neonatal Nurses, and the Preeclampsia Foundation; and

Whereas, Systemic reviews of maternal pregnancy-related and pregnancy-associated deaths are essential in determining strategies for developing prevention efforts, identifying at-risk populations, and understanding how to

support expectant mothers and make pregnancy and the postpartum period safer; and

Whereas, The CDC recommends that maternal deaths be investigated through State maternal mortality review committees; and

Whereas, The committees include obstetricians and neonatologists from private and public health care settings and representatives of relevant academic, health, social service, policy, and community-based organizations, and make recommendations for preventing pregnancy-related and pregnancy-associated complications and deaths and identifying ways to improve quality of care for women and children; and

Whereas, Currently, fewer than 25 states conduct systemic reviews of maternal deaths or have standing maternal mortality review committees; and

Whereas, A bill pending before the United States Congress, S. 1112, the federal "Maternal Health Accountability Act of 2017," would require the CDC to support states and federally recognized Indian tribes and tribal organizations in saving and sustaining the health of mothers during pregnancy, childbirth, and in the postpartum period, eliminating disparities in maternal health outcomes, assessing the various factors that may contribute to maternal mortality, including quality of care and systemic problems in the delivery of health care, identifying solutions to address these factors, and developing appropriate interventions to reduce and prevent maternal deaths; and

Whereas, Under the provisions of S. 1112, the CDC is required to establish a grant program through which states and federally recognized Indian tribes and tribal organizations would receive funds to establish maternal mortality review committees; and

Whereas, The purpose of these committees would be to collect data on pregnancy-related and pregnancy-associated deaths and make recommendations on improving maternal health before, during, and after pregnancy; and

Whereas, The enactment of S. 1112 will enable states and the federal government to share responsibility in identifying opportunities for improving care, reducing disparities, and implementing system changes relating to maternal health care, and to educate health care providers, pregnant women, their families, and the public about preventing pregnancy-related and pregnancy-associated complications and deaths; now, therefore, be it

Resolved by the General Assembly of the State of New Jersey:

1. The United States Congress is respectfully urged to enact S. 1112, the "Maternal Health Accountability Act of 2017" in order to enable states and the federal government to share responsibility in

identifying opportunities for improving care, reducing disparities, and implementing system changes relating to maternal health care, and to educate health care providers, pregnant women, their families, and the public about preventing pregnancy-related and pregnancy-associated complications and deaths.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly, to the President and Vice President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and to every member of New Jersey's congressional delegation.

A joint resolution adopted by the General Assembly of the State of Tennessee memorializing its support for the President of the United States' proposal to construct a secure border wall, and urging the United States Congress to immediately take action to fund the construction; to the Committee on Homeland Security and Governmental Affairs.

HOUSE JOINT RESOLUTION NO. 741

Whereas, through the 2016 election of President Donald J. Trump, the American people delivered a clear mandate to ensure American prosperity; and

Whereas, the security of our nation's borders and the safety of our citizens are

paramount to protecting the American way of life, and

Whereas, it is essential to the welfare of our nation that illegal immigration cease; and

Whereas, President Trump has pledged to secure our borders through the construction of a secure border wall; and

Whereas, the members of this General Assembly have consistently taken steps to address illegal immigration within the borders of our great State and now wish to urge the United States Congress to address illegal immigration by supporting President Trump's border wall proposal; now, therefore, be it

Resolved by the House of Representatives of the One Hundred Tenth General Assembly of the State of Tennessee, The Senate Concurring, That we strongly support President Donald J. Trump's proposal to construct a secure border wall across our nation's southern border, and we strongly urge the United States Congress to immediately take action to fund the construction of said border wall without delay and be it further

Resolved, That certified copies of this resolution be transmitted to the President of the United States, the U.S. Secretary of Homeland Security, the Governor of the State of Tennessee, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-250. A petition from a citizen of the State of Texas relative to an amendment to the Constitution; to the Committee on the Judiciary.

MESSAGE FROM THE PRESIDENT
RECEIVED DURING
ADJOURNMENT

Under the authority of the order of the Senate of January 3, 2018, the Secretary of the Senate, on June 22, 2018, during the adjournment of the Senate, received a message from the President of the United States:

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO NORTH KOREA -- PM 44

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to North Korea declared in Executive Order 13466 of June 26, 2008, expanded in scope in Executive Order 13551 of August 30, 2010, addressed further in Executive Order 13570 of April 18, 2011, further expanded in scope in Executive Order 13687 of January 2, 2015, and under which additional steps were taken in Executive Order 13722 of March 15, 2016, and Executive Order 13810 of September 20, 2017, is to continue in effect beyond June 26, 2018.

The existence and risk of proliferation of weapons-usable fissile material on the Korean Peninsula; the actions and policies of the Government of North Korea that destabilize the Korean Peninsula and imperil United States Armed Forces, allies, and trading partners in the region, including its pursuit of nuclear and missile programs; and other provocative, destabilizing, and repressive actions and policies of the Government of North Korea continue to constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13466 with respect to North Korea.

DONALD J. TRUMP.
THE WHITE HOUSE, June 22, 2018.

REPORT ON THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO THE WESTERN BALKANS -
- PM 45

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the Western Balkans that was declared in Executive Order 13219 of June 26, 2001, is to continue in effect beyond June 26, 2018.

The threat constituted by the actions of persons engaged in, or assisting, sponsoring, or supporting (i) extremist violence in the Republic of Macedonia and elsewhere in the Western Balkans region, or (ii) acts obstructing implementation of the Dayton Accords in Bosnia or United Nations Security Council Resolution 1244 of June 10, 1999, in Kosovo, has not been resolved. In addition, Executive Order 13219 was amended by Executive Order 13304 of May 28, 2003, to take additional steps with respect to acts obstructing implementation of the Ohrid Framework Agreement of 2001 relating to Macedonia.

The acts of extremist violence and obstructionist activity outlined in these Executive Orders are hostile to United States interests and continue to pose an unusual and

extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency with respect to the Western Balkans.

DONALD J. TRUMP.
THE WHITE HOUSE, June 22, 2018.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-252. A joint resolution adopted by the General Assembly of the State of Tennessee memorializing its support for the President of the United States' proposal to construct a secure border wall, and urging the United States Congress to immediately take action to fund the construction; to the Committee on Homeland Security and Governmental Affairs.

HOUSE JOINT RESOLUTION No. 741

Whereas, through the 2016 election of President Donald J. Trump, the American

people delivered a clear mandate to ensure American prosperity; and

Whereas, the security of our nation's borders and the safety of our citizens are paramount to protecting the American way of life; and

Whereas, it is essential to the welfare of our nation that illegal immigration cease; and

Whereas, President Trump has pledged to secure our borders through the construction of a secure border wall; and

Whereas, the members of this General Assembly have consistently taken steps to address illegal immigration within the borders of our great State and now wish to urge the United States Congress to address illegal immigration by supporting President Trump's border wall proposal; Now, therefore, be it

Resolved by the House of Representatives of the One Hundred Tenth General Assembly of the State of Tennessee, the Senate Concurring, That we strongly support President Donald J. Trump's proposal to construct a secure border wall across our nation's southern border, and we strongly urge the United States Congress to immediately take action to fund the construction of said border wall without delay; and be it further

Resolved, That certified copies of this resolution be transmitted to the President of the United States, the U.S. Secretary of Homeland Security, the Governor of the State of Tennessee, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-253. A resolution adopted by the Senate of the Commonwealth of Pennsylvania designating May 2018 as "Amyotrophic Lateral Sclerosis Awareness Month" in Pennsylvania; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 371

Whereas, Amyotrophic lateral sclerosis (ALS) is better known as Lou Gehrig's disease; and

Whereas, ALS is a fatal neurodegenerative disease characterized by degeneration of cell bodies of the upper and lower motor neurons in the gray matter of the anterior horn of the spinal cord; and

Whereas, The initial symptom of ALS is weakness of the skeletal muscles, especially those of the extremities; and

Whereas, As ALS progresses, the patient experiences difficulty in swallowing, talking and breathing; and

Whereas, ALS causes muscles to atrophy and the patient becomes a functional quadriplegic; and

Whereas, Patients with ALS typically remain alert and are aware of their loss of

motor functions and the inevitable outcome of continued deterioration and death; and

Whereas, ALS affects military veterans at twice the rate of the general population; and

Whereas, ALS occurs in adulthood, most commonly between 40 and 70 years of age, peaking at approximately 55 years of age, and affects both men and women without bias; and

Whereas, Annually, more than 5,000 new ALS patients are diagnoses throughout the nation; and

Whereas, In Pennsylvania, there are currently more than 1,000 individuals who have been formally diagnosed with ALS; and

Whereas, The \$500,000 in State funding appropriated by the General Assembly for ALS support services for 2017-2018 provided services to nearly 1,000 constituents and a substantial savings to the State budget and taxpayers; and

Whereas, The ALS Association reports that on average, patients diagnosed with ALS only survive two to five years from the time of diagnosis; and

Whereas, ALS has no known cause, prevention or cure; and

Whereas, "Amyotrophic Lateral Sclerosis Awareness Month" increases the public's awareness of ALS patients' circumstances and acknowledges the negative impact this disease has on ALS patients and their families and recognizes the research being done to eradicate ALS; therefore be it

Resolved, That the Senate designate the Month of May 2018 as "Amyotrophic Lateral Sclerosis Awareness Month" in Pennsylvania; and be it further

Resolved, That a copy of this resolution be transmitted to the President of the United States, the presiding officers of each house of Congress and to each member of Congress from Pennsylvania.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-254. A concurrent resolution adopted by the Legislature of the State of Louisiana

memorializing the United States Congress to take such actions as are necessary to ensure that Tricare adequately covers behavioral therapies for military dependents; to the Committee on Armed Services.

HOUSE CONCURRENT RESOLUTION NO. 96

Whereas, Tricare is the health program of the United States Department of Defense that finances health services delivered by civilian healthcare providers to nearly nine million five hundred thousand United States military personnel, military retirees, and dependents of military families; and

Whereas, pursuant to a congressional mandate enacted in 2016, the military consolidated its three Tricare regions into two on January 1 of this year, marking the most extensive reform to Tricare since the program transitioned from a fee-for-service model to a managed care model in the mid-1990s; and

Whereas, though Tricare has largely resolved problems with computer networks, communications systems, and customer service that emerged during its recent consolidation, military families continue to report facing significant obstacles in access to behavioral therapies for children; and

Whereas, according to behavioral therapy providers, these obstacles result from inconsistent reimbursement, undue delays in claims processing, problems with provider credentialing, misclassification of services and levels of coverage, and ongoing challenges in correcting errors by the managed care companies which now serve Tricare beneficiaries; and

Whereas, behavioral therapies can be immensely beneficial to children with autism and other behavioral or developmental conditions; and

Whereas, parents of special-needs children who have benefitted from behavioral therapies strongly contend that these specialized health services are not just beneficial, but in fact life-changing, in that they give their children a far better quality of life than would be possible without the services: Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to ensure that Tricare adequately covers behavioral therapies for military dependents; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-255. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress to enact H.R. 1411, the "Transparent Summer

Flounder Quotas Act"; to the Committee on Commerce, Science, and Transportation.

ASSEMBLY RESOLUTION NO. 45

Whereas, New Jersey fisheries are ranked among the best in the nation and it is estimated that there are as many as one million recreational saltwater anglers fishing in New Jersey; and

Whereas, The fishing industry contributes 20,000 jobs and over \$1 billion to the State economy each year; and

Whereas, Of the many varieties of fish found off of New Jersey's shores, summer flounder is among the most sought after saltwater fish along the Atlantic Coast; and

Whereas, Summer flounder fisheries are managed cooperatively by the states through the Atlantic States Marine Fisheries Commission (ASMFC) and the Mid-Atlantic Fishery Management Council (MAFMC); and

Whereas, Together, these managing entities are responsible for developing summer flounder fishery regulations as part of the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan; and

Whereas, The management plan is implemented through regulations adopted by the National Marine Fisheries Service (NMFS), a division of the National Oceanic and Atmospheric Administration (NOAA) within the United States Department of Commerce; and

Whereas, The management plan is designed to ensure the protection and maintenance of the summer flounder stock, primarily through the establishment of harvest limits, which are based on the most current stock assessment report published by NOAA; and

Whereas, Based on the 2016 Stock Assessment Update, the ASMFC and MAFMC have recommended a 40 percent cut in catch limits for the 2017 and 2018 summer flounder fishing seasons; and

Whereas, Highlighting NOAA's heavy reliance on random sampling to gather data for the 2016 stock assessment report, members of the New Jersey delegation to the United States Congress have expressed concern about the accuracy of the estimates contained in the report and have questioned the need to implement such a drastic reduction in catch limits for the upcoming season; and

Whereas, The New Jersey Department of Environmental Protection has expressed similar concerns, warning that the drastic reduction in catch limits will devastate recreational and commercial fishing in New Jersey and have a detrimental effect on the economy of the New Jersey shore, particularly as the State continues to recover from Superstorm Sandy; and

Whereas, Despite significant opposition to the recommended reduction in summer flounder catch limits, and the potential for severe economic damage to the State, at the end of December 2016 the NMFS adopted a rule implementing the recommended reduction in summer flounder catch limits for the 2017 and 2018 fishing seasons; and

Whereas, In order to mitigate the economic devastation that may result from the reduced summer flounder quotas adopted by the NMFS, United States Congressman FRANK PALLONE, Jr. has introduced legislation, co-sponsored by Congressman FRANK LOBIONDO, which would prohibit enforcement of the reduced summer flounder quotas until a new summer flounder stock assessment is completed and a new rule establishing summer flounder quotas is adopted based on the findings of the new stock assessment; now, therefore, be it

Resolved by the General Assembly of the State of New Jersey:

1. The President and Congress of the United States are respectfully urged to enact House Bill No. 1411, known as the "Transparent Summer Flounder Quotas Act."

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Under Secretary of Commerce for Oceans and Atmosphere, the Assistant Administrator for Fisheries, the Chair of the Atlantic States Marine Fisheries Commission, the Chairman of the Mid-Atlantic Fishery Management Council, the Commissioner of the New Jersey Department of Environmental Protection, and every member of Congress elected from the State of New Jersey.

POM-256. A concurrent resolution adopted by the Legislature of the State of Louisiana memorializing the United States Congress and the Louisiana Congressional Delegation to take such actions as are necessary to treat oil and gas production in the Gulf Coast states in a manner that is at least equal to onshore oil, gas, and coal production in interior states for revenue purposes; to rectify the revenue sharing inequities between coastal and interior energy producing states; and to ensure the dependability of such revenue sharing; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT RESOLUTION NO. 48

Whereas, since 1920, interior states with mineral production in the United States have been privy to a revenue sharing agreement with the federal government that allowed those states to keep fifty percent of the revenues generated in their states from mineral production on federal lands within

their borders, including royalties, severance taxes, and bonuses; and

Whereas, coastal states with onshore and offshore oil and gas production were not included in that revenue sharing agreement and therefore face inequities under the federal energy policies because those coastal states have not been party to this same level of revenue sharing partnership with the federal government; and

Whereas, coastal energy producing states have a limited partnership with the federal government that allows them to retain very little revenue generated from their offshore energy production and transportation, and activities associated with energy that are produced and transported for use throughout the nation; and

Whereas, in 2006 the United States Congress passed the Gulf of Mexico Energy Security Act (GOMESA) from which the state of Louisiana will begin receiving revenue sharing payments from mineral production in the Gulf of Mexico in 2017; an Act that calls for a sharing of thirty-seven and five tenths percent of coastal production revenues with four gulf states with a cap of five hundred million dollars per year; and

Whereas, according to the most recent data from the United States Energy Information Administration, Louisiana, including its state waters, is the ninth largest producer of oil in the United States while if offshore oil production from federal waters is included, it is the second largest oil producer in the country; and from wells located within the state boundaries including the state waters, Louisiana is the fourth largest producer of gas in the United States while if gas production from federal offshore waters in the Gulf of Mexico is included, it is the second largest gas producer in the United States; and

Whereas, with eighteen operating refineries in the state, Louisiana is second only to Texas in both total number of refineries and total refinery operating capacity, accounting for nearly one-fifth of the nation's total refining capacity; and

Whereas, Louisiana contributes to the United States Strategic Petroleum Reserve with two facilities located in the state consisting of twenty-nine caverns capable of holding nearly three hundred million barrels of crude oil; and

Whereas, with three onshore liquified natural gas (LNG) facilities and others already permitted, more LNG facilities than any other state in the country, and the Louisiana Offshore Oil Port, the nation's only deepwater oil port, Louisiana plays an essential role in the movement of natural gas from the United States Gulf Coast region to markets throughout the country; and

Whereas, it is apparent that Louisiana plays an essential role in supplying the nation with energy and it is vital to the security of our

nation's energy supply, roles that should be recognized and compensated at an appropriate revenue sharing level; and

Whereas, the majority of the oil and gas production from the Gulf of Mexico enters the United States through coastal Louisiana with all of the infrastructure necessary to receive and transport such production, infrastructure that has for many decades damaged the coastal areas of Louisiana, an impact that should be compensated through appropriate revenue sharing with the federal government; and

Whereas, because Louisiana is losing more coastal wetlands than any other state in the country, in 2006 the people of Louisiana overwhelmingly approved a constitutional amendment dedicating revenues received from Outer Continental Shelf oil and gas activity through GOMESA to the Coastal Protection and Restoration Fund for the purposes of coastal protection, including conservation, coastal restoration, hurricane protection, and infrastructure directly impacted by coastal wetland losses; and

Whereas, the state of Louisiana has developed, through a science-based and stakeholder-involved process, a "2017 Comprehensive Master Plan for a Sustainable Coast" which identifies and prioritizes the most efficient and effective projects in order to meet the state's critical coastal protection and restoration needs and has received many accolades from the country's scientific community; and

Whereas, the Coastal Protection and Restoration Authority is making great progress implementing the projects in the "Comprehensive Master Plan for a Sustainable Coast" with all available funding, projects that are essential to the protection of the infrastructure that is critical to the energy needs of the United States; and

Whereas, in order to properly compensate the coastal states for the infrastructure demands that result from production of energy and fuels that heat and cool the nation's homes, offices, and businesses and fuel the nation's transportation needs, revenue sharing for coastal states needs to at least be at the same rate as interior states that produce oil, gas, and coal: Therefore, be it *Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress and the Louisiana Congressional Delegation to take such actions as are necessary to treat oil and gas production in the Gulf Coast states in a manner that is at least equal to onshore oil, gas, and coal production in interior states for revenue purposes; and to rectify the revenue sharing inequities between coastal and interior energy producing states in order to address the nationally significant crisis of wetland loss in the state of Louisiana; and be it further

Resolved, That the Legislature of Louisiana does hereby memorialize the United States

Congress and the Louisiana Congressional Delegation, along with the delegations from the other Gulf of Mexico states, to ensure that the agreement codified through the Gulf of Mexico Energy Security Act remains in place and that the Gulf Coast states receive their anticipated revenue sharing payments during Fiscal Year 2018-2019 and thereafter as provided for in the Act; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana Congressional Delegation.

POM-257. A concurrent resolution adopted by the Legislature of the State of Louisiana memorializing the United States Congress to take such actions as are necessary to adopt and enact legislation to be proposed that would establish the Caddo Lake National Heritage Area; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT RESOLUTION NO. 110

Whereas, the Heritage Area Program is found in the Historic Sites Act, the National Historic Preservation Act of 1966, and related statutes, and is under the jurisdiction of the United States Department of the Interior and the National Park Service; and

Whereas, the National Historic Preservation Act establishes a national policy for federal agencies to use measures such as financial and technical assistance to foster conditions under which our modern society and our prehistoric and historic resources can exist in productive harmony and fulfill the social, economic, and other requirements of present and future generations; and

Whereas, each national heritage area has been authorized by a specific federal statute in an effort to effectively carry out the national policy with these same statutes assigning a prominent role for the National Park Service to play in nurturing the areas and supporting their success; and

Whereas, the Caddo Lake National Heritage Area program will expand on traditional approaches to resource stewardship by supporting large-scale, community centered initiatives that connect local citizens through preservation, conservation, and planning processes facilitated by a local coordinating entity, the Caddo Lake National Heritage Area Commission, to provide assistance to residents to improve their quality of life by protecting their shared cultural and natural resources; and

Whereas, the Caddo Lake National Heritage Area Commission will promote the conservation of natural, historic, scenic, and cultural resources, while improving the area's economic vitality, all guided by a management plan developed by the

commission and approved by the Secretary of the Interior; and

Whereas, legislation will be filed in the 115th Congress, Second Session, that will delineate a procedure to be followed to establish the Caddo Lake National Heritage Area, including a time line; and

Whereas, nothing in the act establishing the Caddo Lake National Heritage Area allows for abridging the rights of any property owner including the right to refrain from participating in any plan, project, program, or activity conducted within the national heritage area; requiring any property owner to permit public access to such property or to modify any provisions of law with regard to public access or use of private lands; altering any duly adopted land use regulation or any approved land use plan; authorizing or implying the reservation or appropriation of water or water rights; diminishing the authority of the state to manage fish and wildlife including the regulation of fishing and hunting within a national heritage area; or creating any liability, or having any effect on any liability under any other law, of any private property owner with respect to any person injured on such private property; and

Whereas, the residents and agencies of the Caddo Lake area were so eager to have Caddo Lake designated a National Heritage Area that they embarked on the suitability and feasibility study prior to ever contacting the National Park Service to request their assistance or funding; and

Whereas, the feasibility study examined whether Caddo Lake is nationally distinctive and evaluated alternatives for management, preservation, and interpretation of nationally important cultural and historic landscapes, sites, and structures in and around the Caddo Lake area, including its tributaries of Cypress Bayou and James Bayou in Texas and Louisiana and Black Bayou and Red Bayou along with Soda, Shifftail, and Clear Lakes in Louisiana; and

Whereas, establishment of the Caddo Lake National Heritage Area would be of economic and cultural benefit to the Shreveport and Caddo Parish area of our great state:

Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to adopt and enact the legislation to be proposed that would establish the Caddo Lake National Heritage Area; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-258. A resolution adopted by the House of Representatives of the State of

Louisiana memorializing the United States Congress to take such actions as are necessary to adopt and enact legislation to be proposed that would establish the Caddo Lake National Heritage Area; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION NO. 219

Whereas, the Heritage Area Program is found in the Historic Sites Act, the National Historic Preservation Act of 1966, and related statutes, and is under the jurisdiction of the United States Department of the Interior and the National Park Service; and

Whereas, the National Historic Preservation Act establishes a national policy for federal agencies to use measures such as financial and technical assistance to foster conditions under which our modern society and our prehistoric and historic resources can exist in productive harmony and fulfill the social, economic, and other requirements of present and future generations; and

POM-261. A resolution adopted by the House of Representatives of the State of Louisiana urging the United States Congress to pass legislation that supports efforts to build, modernize, and maintain the United States' infrastructure with consideration of certain principles; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 110

Whereas, a country's infrastructure is the bedrock of its economy; and

Whereas, the traditional system of roads, bridges, railroads, waterways, and pipelines, commonly referred to as infrastructure, affects a country's ability to produce goods, deliver services and products, and connect a workforce to jobs; and

Whereas, the strength and efficiency of a nation's infrastructure have a direct impact on that nation as a global economic competitor and leader; and

Whereas, on a local level, infrastructure also affects a state's ability to participate and thrive in the nation's economy; and

Whereas, with an inadequate infrastructure, a state struggles to move its people and goods throughout the state and across state lines; and

Whereas, Louisiana currently has a more than thirteen billion dollar backlog for sorely needed road and bridge work throughout the state; and

Whereas, identifying funding and generating revenue to address the state's backlog have been looming problems for many years; and

Whereas, the Louisiana section of the American Society of Civil Engineers (ASCE) evaluated and studied eleven major components of Louisiana's infrastructure; and

Whereas, after its evaluations, the Louisiana section of the ASCE, in its 2017 Louisiana Infrastructure Report Card, determined that, "Our infrastructure is poorly maintained, inadequately funded, and not designed to meet tomorrow's demands. Consequently, the state is at a disadvantage and will continue to lose its economic competitiveness."; and

Whereas, the ASCE has given the state of Louisiana a statewide average grade of "D+" for its infrastructure; and

Whereas, the United States' infrastructure also suffers from years of deterioration and neglect; and

Whereas, for decades, the United States has failed to develop means to finance infrastructure projects to keep pace with the needs of the country; and

Whereas, choosing to defer repairs, maintenance, and upgrades to the country's infrastructure has delivered a crippling blow to the nation's economy and growth; and

Whereas, the United States also received a cumulative grade of "D+" from the ASCE, showing a drop in grades for three categories: parks, solid waste, and transit; and

Whereas, the ongoing and consistent decline of the country's infrastructure jeopardizes the United States' ability to remain competitive in the global market; and

Whereas, the United States now faces serious challenges as it seeks to address pitfalls including having to prioritize badly needed projects with insufficient funding; and

Whereas, through a combination of federal and nonfederal funding, President Donald Trump has set a one trillion dollar infrastructure investment as his target; and

Whereas, the president has outlined the following four key principles as the basis for his proposal:

(1) Make targeted federal investments.

(2) Encourage self-help.

(3) Align infrastructure investment with entities best suited to provide sustained and efficient investment.

(4) Leverage the private sector; and

Whereas, while the United States Congress will be faced with the decision to enact the president's plan or propose its own, choosing to do nothing is not a viable option; and

Whereas, since the United States Congress must act, it should do so with an eye toward responsibility, innovation, and sustainability; and

Whereas, it is vitally important that congress consider new and creative plans to design and implement an infrastructure network that reaches every state, serves every demographic, increases employment, and moves the United States of America into the twenty-first century to rightfully regain its position as a global economic leader; and

Whereas, such plans must include a comprehensive approach to the nontraditional and ever-changing needs of the nation's people, businesses, and technology: Now, therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to pass legislation that supports efforts to build, modernize, and

maintain the nation's infrastructure with consideration for the following principles:

(1) Redefining infrastructure. A twenty-first century economy demands a broader, more inclusive definition to ensure that the country is fully considering all of its infrastructure needs. A newer definition should be expanded to include the following:

(a) Energy-efficient housing.

(b) Broadband.

(c) Education facilities, including access to traditional universities and community colleges, as well as Historically Black Colleges and Universities.

(d) Forest roads, sidewalks, and bike trails.

(e) Parks.

(f) Waste removal and treatment.

(g) Programs connecting seniors to the rest of the economy.

(2) Committing to fund job training and workforce development. Provisions must focus on enabling young workers and urban residents to benefit from any infrastructure plan through training, pre-apprenticeships, and related approaches, including Registered Apprenticeships within the telecommunications and technology sectors. It must promote meaningful skills development, technical training, internships, and job placement opportunities for African Americans and urban community members. This must be fully integrated into any proposal. Without this, the benefits will not be broadly and fairly shared.

(3) Empowering minority contractors. Minority contractors should have the opportunity to rebuild their communities and employ hardworking Americans along the way. Infrastructure investments should be disseminated through a transparent procurement process with aggressive contracting goals for disadvantaged business entities and effective enforcement to root out fraudulent firms. Contractors and subcontractors should have the ability to employ local hiring preferences and subcontractors should receive prompt payment when services are rendered.

(4) Promoting inclusiveness. Infrastructure development and planning should be inclusive of underserved segments of the population, such as poor, rural, and elderly communities. A twenty-first century economy should not exclude any individuals from participation on the basis of demographics, geography, or financial means. By ensuring participation from all individuals, this country can provide equal opportunity for each and every American to contribute in meaningful ways to the economy and the communities in which they live.

(5) Building for resilience. Climate change and the volatility that are associated with extreme weather events are only expected to worsen over time. More intense storms, sea level rise, storm surges, and other unusual

weather conditions are placing an immense strain on the nation's infrastructure and the limited resources that it has to build and maintain it. As the country plans for the future and conceptualizes how it will build up its infrastructure, it needs to consider the long-term viability of these projects and their resilience to extreme weather.

(6) Multi-modal transportation planning. A robust transportation network must consider the changing demographics of its users and the subsequent changes in demand. Conventional transportation planning relies heavily on motor vehicle traffic. However, many communities—particularly in urban areas—must now consider pedestrians, cyclists, public transit riders, ridesharing, and other users when evaluating the effectiveness of the transportation ecosystem.

(7) Future-proofing. The development and adoption of autonomous vehicles, positive train control, NextGen, Smart City planning, and other technologies and transportation models are vastly altering the way the country conceptualizes, plans, and executes transportation policy. The unique challenges that the nation faces will only grow increasingly more complex as the population grows and the nature of its infrastructure becomes more interconnected. An infrastructure package must not only address the immediate needs of the country's crumbling system, but also anticipate the needs of a generation to come; and be it further

POM-262. A joint resolution adopted by the Legislature of the State of Oklahoma urging the United States Congress, pursuant to Article V of the United States Constitution, to call a convention of the states for the purpose of proposing amendments to the United States Constitution related to balancing the federal budget, imposing fiscal restraints on the federal government, limiting the power and jurisdiction of the federal government, and limiting the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

ENROLLED HOUSE JOINT RESOLUTION NO.

43

Whereas, Article V of the Constitution of the United States provides that upon receipt of applications from two-thirds of the legislatures of the several states, Congress shall call a convention of the states for proposing amendments; and

Whereas, the Oklahoma Legislature adopted SJR 4 in the 2nd Session of the 55th Oklahoma Legislature that applied to the Congress of the United States “for the calling

of a convention of the states limited to proposing an amendment to the Constitution of the United States requiring that in the absence of a national emergency the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year, together with any related and appropriate fiscal restraints”; and

Whereas, it appears that two-thirds of the states, including Oklahoma, soon will have applied for a convention to propose such an amendment adding to the United States Constitution a requirement that the federal government balance its budget; and

Whereas, it has also been proposed by several states, including Oklahoma, that a convention be called for proposing amendments to “impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress”; and

Whereas, in its call Congress will be required to specify an initial time and place for the meeting of the Article V Convention for proposing amendments; and

Whereas, it is appropriate for the state legislatures to prepare for the Article V Convention and recommend to Congress an initial time and place to hold the convention; and

Whereas, a gathering of the states called by a state legislature and consisting of members authorized by other state legislatures would be an effective way of considering and recommending solutions to common issues related to an Article V Convention, including planning for and recommending rules and procedures for an Article V Convention, and recommending to Congress the initial date and location of an Article V Convention; and

Whereas, a planning convention of the several states in September in Phoenix, Arizona, was attended by a delegation from Oklahoma as authorized by House Concurrent Resolution No. 1007 of the 1st Session of the 56th Oklahoma Legislature. Now, therefore, be it

Resolved by the House of Representatives and the Senate of the 2nd Session of the 56th Oklahoma Legislature:

That a delegation of commissioners selected as provided in this resolution shall be authorized to attend and participate in a gathering of states proposed by any state legislature for the purposes of developing rules and procedures for an Article V Convention for proposing amendments to the United States Constitution to require a balanced federal budget, or to impose fiscal restraints on the federal government, to limit the power and jurisdiction of the federal government and to limit the terms of office for federal officials and members of Congress and for proposing an initial date and location

for the meeting of the several states in an Article V Convention.

That the delegation of commissioners shall be composed of seven members, three of whom shall be appointed by the Speaker of the Oklahoma House of Representatives, three of whom shall be appointed by the President Pro Tempore of the Oklahoma State Senate, and one of whom shall be appointed by agreement of both the Speaker of the Oklahoma House of Representatives and the President Pro Tempore of the Oklahoma State Senate.

That two of the commissioners appointed by the Speaker of the Oklahoma House of Representatives shall be current members of the Oklahoma House of Representatives at the time of appointment, and two of the commissioners appointed by the President Pro Tempore of the Oklahoma State Senate shall be current members of the Oklahoma State Senate at the time of appointment. The third commissioner appointed by the Speaker of the Oklahoma House of Representatives shall be a current or former member of the Oklahoma House of Representatives and the third commissioner appointed by the President Pro Tempore of the Oklahoma State Senate shall be a current or former member of the Oklahoma State Senate.

That the commissioners shall be bound by the rules adopted by the gathering of the states or provided for in the proposal for the Article V Convention.

That unless otherwise provided by the Oklahoma Legislature, the commissioners provided for in this resolution shall also serve as commissioners to the Article V Convention for proposing amendments to the United States Constitution when called and shall be bound by the rules adopted by the members of the Article V Convention.

That if a commissioner is unable to participate in either the state gathering or an Article V Convention to propose amendments to the United States Constitution either permanently or temporarily, the appointing authority or authorities shall select an alternate, who shall be a current or former member of the appointing authority's legislative body, to serve for the time the commissioner is unable to serve. The alternate shall be bound by the same rules and procedures as the original commissioner.

That no commissioner or alternate from this state to an Article V Convention shall have the authority to vote to allow consideration of or vote to approve an unauthorized amendment for ratification to the United States Constitution.

That any commissioner or alternate casting a vote to allow consideration or approval of an unauthorized amendment shall be immediately recalled by the appointing authority or authorities and be replaced by an alternate.

That all voting in either a gathering of states or an Article V Convention shall be by state with each state having one vote.

That commissioners and alternates shall take the following oath of office before accepting their appointment:

"I do solemnly swear or affirm that to the best of my abilities I will, as a commissioner (alternate commissioner) to a convention for proposing any amendment to the United States Constitution, uphold the Constitution and laws of the United States and the State of Oklahoma.

I will abide by my specific instructions from the Legislature of the State of Oklahoma. I will not vote to allow consideration of or to approve any amendment proposed for ratification to the United States Constitution that is unrelated to the subject of the approved call of the convention by Congress.

I will vote only for convention rules that provide that each state have one equal vote and that a state or commissioner shall not be allowed to propose an amendment that is unrelated to the approved call of the convention. I acknowledge that any violation of this oath may result in being recalled by the Legislature of the State of Oklahoma or its authorized committee."

That an Article V Convention Committee shall be composed of three members, one appointed by the Speaker of the Oklahoma House of Representatives, one appointed by the President Pro Tempore of the Oklahoma State Senate and one appointed jointly by the Speaker and President Pro Tempore. A member of the Article V Convention Committee may not be a member of the delegation. The duties of the Article V Convention Committee and their appointing authority or authorities include:

1. Monitoring the delegation to determine if it is following legislative instructions and obeying convention rules;

2. Advising the delegation on the Legislature's position on issues before the convention;

3. Disciplining any commissioner who violates the oath of office or instructions or is otherwise guilty of malfeasance or nonfeasance. Discipline may include recall from the convention, removal as a commissioner or demotion to the office of alternate commissioner;

4. Notifying the convention that a commissioner has been recalled, removed as a commissioner or demoted to the office of alternate commissioner; and

5. Replacing any recalled commissioner.

That commissioners shall vote only for Article V Convention rules consistent with the following principles:

1. The convention is convened under the authority reserved to the state legislatures of the several states by Article V of the Constitution of the United States;

2. The only participants at this convention are the several states represented by their respective delegations duly selected in the manner that their respective legislatures have determined;

3. The scope of the convention's authority is defined by applications adopted by at least two-thirds of the legislatures of the several states, which authority is limited to the subject of the approved call of the convention. The convention has no authority to propose or discuss an amendment on any other subject outside the approved call of the convention by Congress;

4. The convention shall provide for disciplining a commissioner or delegation for exceeding the scope of the convention's authority by raising subjects for discussion or debate that lie outside the convention's authority;

5. The convention shall not infringe on the respective state legislatures' authority to instruct, discipline, recall and replace commissioners; and

6. All voting at the convention or in a committee shall be by state with each state having one vote without apportionment or division. Each state legislature shall determine the internal voting and quorum rules for casting the vote of its delegation.

That the provisions of this resolution shall expire on December 31, 2023.

That the Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof with the Secretary of State and one copy with the Attorney General and transmit copies to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, to the members of the Oklahoma Congressional Delegation, and to the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

HOUSE CONCURRENT RESOLUTION NO. 87

Whereas, the Second Amendment of the United States Constitution and Article I, Section 11 of the Constitution of Louisiana guarantees the right of Louisiana citizens to keep and bear arms; and

Whereas, in recent years, Congress as well as certain states have passed laws which have eroded or attempted to erode the right of the citizens of this country to keep and bear arms; and

Whereas, Americans have the right to protect themselves at home with a firearm; and

Whereas, the United States Constitution recognizes that the right to keep and bear arms is necessary to the security of a free nation and for its citizens to protect themselves and their families; and

Whereas, there are some who would repeal or impair the right to keep and bear arms. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby express support of the right of American citizens to keep and bear arms and does not support any actions that would

impair or erode that right, including but not limited to the right of citizens to protect themselves and their families in their home. Be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-268. A resolution adopted by the Senate of the State of New Jersey memorializing its opposition to and disapproval of the Department of Housing and Urban Development's proposed plan to increase the amount of rent paid by persons who receive federal rental assistance; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 90

Whereas, The United States Department of Housing and Urban Development ("HUD") has proposed a plan that would increase the amount of rent paid by persons who receive federal rental assistance through HUD; and

Whereas, According to estimates by the Center on Budget and Policy Priorities, approximately 150,000 low-income households in New Jersey rely on federal rental assistance through HUD and about 99 percent of these households would see their rents increased under HUD's rent increase plan; and

Whereas, According to the same estimates, New Jersey households receiving federal rental assistance pay an average of \$4,620 annually in rent, which would increase by \$830 a year, or 18 percent, under HUD's rent increase plan; and

Whereas, New Jersey is experiencing an affordable housing crisis involving high and ever rising prices and a dwindling supply of affordable units, which is particularly severe in the State's urban areas, and which only would be exacerbated by HUD's rent increase plan; and

Whereas, It is altogether fitting, proper, and in the public interest, for this House to express opposition to HUD's rent increase plan, which would be detrimental to the many thousands of low-income New Jerseyans who rely on federal rental assistance and would see their rents sharply increase under the plan; now, therefore,

Be it resolved by the Senate of the State of New Jersey:

1. This House expresses its opposition to and disapproval of the United States

Department of Housing and Urban Development's proposed plan to increase the amount of rent paid by persons who receive federal rental assistance.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Secretary of the Senate to the President and Vice President of the United States, the United States Secretary of Housing and Urban Development, and each member of Congress elected thereto from this State.

POM-269. A resolution adopted by the Senate of the State of Michigan urging the United States Congress to continue the Meals on Wheels program; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 30

Whereas, Meals on Wheels provide vital daily nutritional support to homebound low income seniors. Over 3 million seniors nationwide and 300,000 in Michigan were served by Meals on Wheels last year; and

Whereas, The federal budget proposal by President Trump would cut funding for the Meals on Wheels program. It would eliminate the Community Development Block Grant program which provides a portion of funding for local and state programs. While the elimination of the Community Development Block Grant could hurt many state Meals on Wheels programs, the most dramatic impact to the Meals on Wheels program may occur as a result of proposed cuts to the federal Department of Health and Human Services budget. Within that department, nutrition programs of the Older Americans Act provide support to Meals on Wheels chapters nationwide by covering approximately 30 percent of its costs; and

Whereas, The benefit of this food delivery program extends beyond providing low income seniors with essential daily nutrition. Studies have shown that homebound seniors who receive Meals on Wheels feel less loneliness and isolation. The daily deliveries by a Meals on Wheels volunteer also enable seniors to receive a well-being check and assistance in the event of an emergency; and

Whereas, Meals on Wheels is a cost-effective program that contributes to enabling seniors to stay in their homes, resulting in fewer nursing home admissions. Continuing this program benefits the lives of millions of senior and provides peace of mind to their families; now, therefore, be it

Resolved by the Senate, That we urge the Congress of the United States to continue the Meals on Wheels program; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional

delegation Adopted by the Senate, June 12, 2018.

POM-270. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress and the President of the United States to fund the Federal Aviation Administration's Drone Test Site Program; to the Committee on Commerce, Science, and Transportation.

ASSEMBLY RESOLUTION NO. 29

Whereas, The economic future of any society depends on its ability to develop new technologies and pioneer emerging economic sectors; and

Whereas, The civil and commercial use of unmanned aircraft systems, commonly referred to as drones, is one such emerging sector that is likely to shape future economies; and

Whereas, Although the Federal Aviation Administration (FAA) published Part 107 of the Federal Aviation Regulations (14 C.F.R. s.107 et seq. (2016)) in August 2016, which established the first rules and regulations for commercial drone use in the United States, the technology's commercial viability is still limited by the inability to fully integrate drones into the national airspace system; and

Whereas, Integration into the national airspace system, which would allow drones to reliably and safely share airspace with conventional manned aircraft, requires the FAA to develop a variety of industry-specific airworthiness credentials, air traffic control communication procedures, and operational regulations, especially for drones that fly beyond the line-of-sight of the operator; and

Whereas, Industry reports estimate that there will be roughly \$82 billion in economic impact, including over 100,000 advanced manufacturing jobs and \$482 million in tax revenue, created nationally within 11 years of the integration of drones into the national airspace system; and

Whereas, To support this emerging sector, Congress passed the "FAA Modernization and Reform Act of 2012" (49 U.S.C. s.40101) which established several research and development programs to support civil and commercial drone technological advancement and lay the groundwork for airspace integration; and

Whereas, Most importantly, the act established a Drone Test Site Program in which six geographically diverse test sites were created to provide the research findings and operational experiences needed to ensure the safe and efficient integration of drones into national airspace; and

Whereas, Through the "Mid-Atlantic Aviation Partnership," New Jersey, Virginia, and Maryland were selected to host a joint test site, with the Cape May Airport in Rio Grande, New Jersey serving as a primary research facility; and

Whereas, At this test site, leading researchers from Rutgers University, Virginia Tech University, and the University of Maryland focus on developing airworthiness certification standards, beyond visual line-of-sight flight operations, and long-distance drone communication technology, all of which are necessary for the safe and efficient operation of drones; and

Whereas, In addition to helping the United States become a global leader of civil and commercial drone technology, the Drone Test Site Program transforms New Jersey into a regional hub for this emerging economic sector; and

Whereas, Limited federal support for the program, however, now jeopardizes this bright economic future; and

Whereas, Because test sites do not receive direct federal funding, most are forced to rent their facilities for industry drone flights in order to finance research operations; and

Whereas, As a result, budgetary constraints make it difficult for test sites to conduct the extensive research that is needed to safely and efficiently integrate drones into the national airspace system; and

Whereas, Funding limitations, in turn, undercut the ability of test sites to accomplish their original objective of supporting airspace integration and delay the development of civil and commercial drone technology in the United States; and

Whereas, Congressional funding for the FAA Drone Test Site Program could rectify this problem and ensure that the United States becomes a pioneer of civil and commercial drone technology. Now, therefore, be it

Resolved by the General Assembly of the State of New Jersey:

1. This House respectfully urges Congress and the President of the United States to fund the Federal Aviation Administration's Drone Test Site Program so that test sites are able to more effectively support drone integration into the national airspace system and ensure that the United States becomes a world leader in civil and commercial drone technology.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and each member of Congress elected from this State.

POM-271. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress to maintain the Northeast Gasoline Supply Reserve to ensure gasoline supply and distribution stability in the northeast region of the United States in the event of an emergency; to the Committee on Energy and Natural Resources.

ASSEMBLY RESOLUTION NO. 76

Whereas, In 2012, Superstorm Sandy made landfall in the northeastern United States and caused heavy damage to two oil refineries and left more than 40 petroleum terminals in New York Harbor closed due to water damage and power loss; and

Whereas, As a result of this storm damage and its impact on the gasoline supply and distribution chain, some gasoline stations were left without fuel for as long as 30 days; and

Whereas, In response to Superstorm Sandy's disruption of the northeast's gasoline supply and distribution chain, the United States Department of Energy created the first federal regional refined petroleum product reserve containing gasoline called the Northeast Gasoline Supply Reserve (NGSR); and

Whereas, The NGSR holds one million barrels of gasoline in strategic locations in the New York Harbor area, the Boston, Massachusetts area, and in South Portland, Maine; and

Whereas, The NGSR creates a gasoline supply buffer large enough to allow the region to compensate for the initial impact of an event that disrupts the gasoline supply and distribution infrastructure until that infrastructure can return to full operation; and

Whereas, The federal budget proposed by the President of the United States recommends selling off the entire NGSR in the coming federal fiscal year; and

Whereas, The sale of the NGSR would leave the northeast region of the United States at risk of another gasoline shortage in the event of an emergency that causes a disruption to gasoline supply and distribution infrastructure, affecting the mobility of people, businesses, and emergency responders in the wake of a disaster; and

Whereas, It is altogether fitting and proper, and in the public interest, for this House to urge the President of the United States and Congress to maintain the NGSR for the safety and welfare of the residents and businesses located in the northeastern region of this country in the event of an emergency that disrupts the supply and distribution of gasoline; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

1. This House respectfully urges the President of the United States and Congress to maintain the Northeast Gasoline Supply Reserve to ensure gasoline supply and distribution stability in the northeast region of the United States in the event of an emergency.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President and the Vice President of the United States, the Majority and Minority Leaders of the United States Senate, the

Speaker and Majority and Minority Leaders of the United States House of Representatives, and every member of the United States Congress elected from this State.

POM-272. A resolution adopted by the Senate of the Commonwealth of Pennsylvania urging the United States Congress to adopt the National Park Service's recommendation to extend the Lewis and Clark National Historic Trail to include the additional sites along the Lewis and Clark Expedition's Eastern Legacy; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 326

Whereas, The Lewis and Clark Expedition (Expedition) and the Corps of Discovery are nationally significant for their exploration of the Louisiana Territory and search for an all water route to the Pacific Ocean; and

Whereas, Under orders by President Thomas Jefferson, the expedition was responsible for mapping the territory explored, as well as documenting new species of plants and animals and engaging with the Native American tribes they encountered; and

Whereas, Although part of the route was unmapped territory, the Lewis and Clark Expedition was able to use maps provided to them by Native Americans, European explorers and fur traders; and

Whereas, Ultimately, the expedition was able to link routes and maps together to find passage from St. Louis to the Pacific Ocean, a feat that had never before been accomplished; and

Whereas, In order to recognize the historic significance of the Lewis and Clark Expedition, the National Park Service previously designated a trail that runs from Wood River, Illinois, to the West Coast in Oregon and Washington; and

Whereas, Public Law 110-229, passed by the Congress of the United States in 2008, authorized the Secretary of the Interior to study additional sites associated with the preparation and return phases of the expedition, located in Pennsylvania, Virginia, the District of Columbia, Maryland, Delaware, West Virginia, Ohio, Kentucky, Tennessee, Indiana, Missouri and Illinois; and

Whereas, Those sites were to be considered for inclusion in the "Eastern Legacy" of the expedition; and

Whereas, The National Park Service evaluated 25 distinct route segments used by the Corps of Discovery for the expedition to determine if they met the criteria for national significance established by the National Trails System Act; and

Whereas, In August 2016, the National Park Service published its Draft Lewis and

Clark National Historic Trail Extension Study, finding that three sections met the criteria established for inclusion in the Lewis and Clark National Historic Trail; and

Whereas, Those segments include the Ohio River, from Pittsburgh, Pennsylvania, to Louisville, Kentucky; from Louisville, Kentucky, to the confluence with the Mississippi River; and from the Mississippi River's confluence with the Ohio River at Cairo, Illinois, to Wood River, Illinois; and

Whereas, A portion of the proposed extension of the Lewis and Clark National Historic Trail includes sites along the Ohio River in this Commonwealth; and

Whereas, The inclusion of this segment along the Lewis and Clark National Historic Trail is not only historically significant and appropriate, but may have a positive economic impact on those sites; therefore be it

Resolved, That the Senate of the Commonwealth of Pennsylvania urge the Congress of the United States to adopt the National Park Service's recommendation to extend the Lewis and Clark National Historic Trail to include the additional sites along the Lewis and Clark Expedition's Eastern Legacy; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each chamber of Congress and to each member of Congress from Pennsylvania.

POM-273. A resolution adopted by the General Assembly of the State of New Jersey condemning the federal government's policy of separating immigrant children from their families at the United States' border; to the Committee on the Judiciary.

ASSEMBLY RESOLUTION NO. 175

Whereas, On April 6, 2018, the U.S. Department of Justice enacted a "zero tolerance" policy under which all unauthorized crossings at the Southwestern border of the United States will be treated as criminal offenses, instead of civil offenses; and

Whereas, These policies separate families crossing the border without authorization, since the parents are placed in criminal detention centers while the children are taken into the care of the U.S. Department of Health and Human Services; and

Whereas, These separations may last months, or even years, since the U.S. Department of Justice and the U.S. Department of Health and Human Services have few procedures in place to ensure the reunification of separated families; and

Whereas, It has been reported that the motivation for these policies is not to maintain the safety of the children, but merely to deter persons from committing immigration violations; and

Whereas, The American Academy of Pediatrics, the American College of Physicians, and the American Psychiatric Association, together representing more than 250,000 doctors in the United States, are requesting an immediate reversal of the "zero tolerance" policy citing irreversible health complications to the children; and

Whereas, Experts find this policy is detrimental to the health of young children causing short-term developmental delays and long-term health concerns such as heart disease, cancer, and morbid obesity; and

Whereas, Parent-child separation also increases symptoms of anxiety and depression in adolescents, and young children whose parents were detained exhibit multiple behavioral changes, including anxiety, withdrawal, numbing, anger, crying, changes in eating, sleeping, toileting, and changes in development and learning; and

Whereas, This "zero tolerance" policy is medically unsound and should be considered nothing less than government-sanctioned child abuse; and

Whereas, Separating children from their parents violates one of our society's fundamental principles which is that, to the extent possible, children should not be punished for the sins of their parents; and

Whereas, These policies also run counter to the interests of the State of New Jersey, which depends upon immigrants for its cultural and economic growth; now, therefore,

Be it resolved by the General Assembly of the State of New Jersey:

1. This House condemns the federal government's policy of separating immigrant children from their families and contends that the federal government's actions are sanctioned child abuse.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President and Vice President of the United States; the Majority and Minority Leaders of the United States Senate; the Speaker and Minority Leader of the United States House of Representatives; and every member of Congress elected from this State.

POM-274. A resolution adopted by the Mayor and City Commission of the City of Miami Beach, Florida, condemning the denial of access to government officials to immigration detention facilities and shelters for children for humanitarian inspections and purposes; to the Committee on Homeland Security and Governmental Affairs.

POM-275. A resolution adopted by the Mayor and City Commission of the City of Miami Beach, Florida, urging the President of the United States and the United States Congress to take immediate steps to reunite children separated from their parents due to immigration detentions, and to prohibit any future parent and child separations by United

States immigration authorities; to the Committee on the Judiciary.

POM-276. A resolution adopted by the Mayor and City Commission of the City of Miami Beach, Florida, urging the Department of Health and Human Resources to provide and maintain adequate medical care, nutrition, housing, and educational standards in, and to permit access by elected federal representatives to, federal immigration detention centers and shelters for children; to the Committee on the Judiciary.

**MESSAGE FROM THE PRESIDENT
RECEIVED DURING
ADJOURNMENT**

Under the authority of the order of the Senate of January 3, 2017, the Secretary of the Senate, on July 20, 2018, during the adjournment of the Senate, received a

message from the President of the United States:

**REPORT RELATIVE TO THE
CONTINUATION OF THE NATIONAL
EMERGENCY WITH RESPECT TO
SIGNIFICANT TRANSNATIONAL
CRIMINAL ORGANIZATIONS -- PM 46**

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report, which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant transnational criminal organizations declared in Executive Order 13581 of July 24, 2011, is to continue in effect beyond July 24, 2018.

The activities of significant transnational criminal organizations have reached such scope and gravity that they threaten the stability of international political and economic systems. Such organizations are increasingly sophisticated and dangerous to the United States; they are increasingly entrenched in the operations of foreign governments and the international financial system, thereby weakening democratic institutions, degrading the rule of law, and undermining economic markets. These organizations facilitate and aggravate violent civil conflicts and increasingly facilitate the activities of other dangerous persons.

The activities of significant transnational criminal organizations continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13581 with respect to transnational criminal organizations.

DONALD J. TRUMP.

THE WHITE HOUSE, July 20, 2018.

**EXECUTIVE AND OTHER
COMMUNICATIONS**

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-6010. A communication from the Secretary of Commerce, transmitting, pursuant to law, a report relative to the export

to the People's Republic of China of items not detrimental to the U.S. space launch industry; to the Committee on Banking, Housing, and Urban Affairs.

EC-6011. A communication from the Assistant Secretary, Legislative Affairs, Department of State, transmitting, pursuant to section 36(d) of the Arms Export Control Act, the certification of a proposed license for the export of defense articles, including technical data, and defense services for the manufacture of significant military equipment abroad to Australia, New Zealand, Switzerland, and the United Kingdom to support the manufacture of the Communication, Navigation, and Identification (CNI) Audio Control Electronic (ACE) module for the F-35 Joint Strike Fighter Aircraft (Transmittal No. DDTC 17-074); to the Committee on Foreign Relations.

EC-6012. A communication from the Deputy Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, transmitting, pursuant to law, the report of a rule entitled "Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits" (29 CFR Part 4022), received in the Office of the President of the Senate on July 19, 2018; to the Committee on Health, Education, Labor, and Pensions.

EC-6013. A communication from the Assistant Secretary, Legislative Affairs, Department of State, transmitting, pursuant to law, the report of a rule entitled "Visas: Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended" (RIN1400-AD17), received in the Office of the President of the Senate on July 19, 2018; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-277. A resolution adopted by the Senate of the Commonwealth of Pennsylvania urging the United States Congress to adopt the National Park Service's recommendation to extend the Lewis and Clark National Historic Trail to include the additional sites along the Lewis and Clark Expedition's Eastern Legacy; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 326

Whereas, The Lewis and Clark Expedition (Expedition) and the Corps of Discovery are nationally significant for their exploration of the Louisiana Territory and search for an all water route to the Pacific Ocean; and

Whereas, Under orders by President Thomas Jefferson, the expedition was responsible for mapping the territory

explored, as well as documenting new species of plants and animals and engaging with the Native American tribes they encountered; and

Whereas, Although part of the route was unmapped territory, the Lewis and Clark Expedition was able to use maps provided to them by Native Americans, European explorers and fur traders; and

Whereas, Ultimately, the expedition was able to link routes and maps together to find passage from St. Louis to the Pacific Ocean, a feat that had never before been accomplished; and

Whereas, In order to recognize the historic significance of the Lewis and Clark Expedition, the National Park Service previously designated a trail that runs from Wood River, Illinois, to the West Coast in Oregon and Washington; and

Whereas, Public Law 110-229, passed by the Congress of the United States in 2008, authorized the Secretary of the Interior to study additional sites associated with the preparation and return phases of the expedition, located in Pennsylvania, Virginia, the District of Columbia, Maryland, Delaware, West Virginia, Ohio, Kentucky, Tennessee, Indiana, Missouri and Illinois; and

Whereas, Those sites were to be considered for inclusion in the "Eastern Legacy" of the expedition; and

Whereas, The National Park Service evaluated 25 distinct route segments used by the Corps of Discovery, for the expedition to determine if they met the criteria for national significance established by the National Trails System Act; and

Whereas, In August 2016, the National Park Service published its Draft Lewis and Clark National Historic Trail Extension Study, finding that three sections met the criteria established for inclusion in the Lewis and Clark National Historic Trail, and

Whereas, Those segments include the Ohio River, from Pittsburgh, Pennsylvania, to Louisville, Kentucky; from Louisville, Kentucky, to the confluence with the Mississippi River; and from the Mississippi River's confluence with the Ohio River at Cairo, Illinois, to Wood River, Illinois; and

Whereas, A portion of the proposed extension of the Lewis and Clark National Historic Trail includes sites along the Ohio River in this Commonwealth; and

Whereas, The inclusion of this segment along the Lewis and Clark National Historic Trail is not only historically significant and appropriate, but may have a positive economic impact on those ties; therefore be it

Resolved, That the Senate of the Commonwealth of Pennsylvania urge the Congress of the United States to adopt the National Park Service's recommendation to extend the Lewis and Clark National Historic Trail to include the additional sites along the

Lewis and Clark Expedition's Eastern Legacy; and be it further

Resolved, That copies of this resolution be transmitted to the presiding officers of each chamber of Congress and to each member of Congress from Pennsylvania.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-278. A concurrent resolution adopted by the Legislature of the State of Missouri applying to the United States Congress, under the provisions of Article V of the United States Constitution, to call a convention of the states limited to proposing an amendment to the United States Constitution to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; to the Committee on the Judiciary.

SENATE CONCURRENT RESOLUTION NO. 40

Whereas, Article V of the Constitution of the United States requires a Convention to be called by the Congress of the United States for the purpose of proposing an amendment to the Constitution upon application of two-thirds of the Legislatures of the several states; and

Whereas, the Legislature of the State of Missouri favors a proposal and ratification of an amendment to said Constitution, which shall set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and as a member of the United States Senate: Now, therefore, be it

Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby make an application to Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; and be it further

Resolved, That this application shall be considered as covering the same subject matter as the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the House of Representatives of the Congress of the United States and the Senate of the United States; and this application shall be aggregated with same for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited

convention on this subject, but shall not be aggregated with any other applications on any other subject; and be it further

Resolved, That this application shall expire five (5) years after the passage of this resolution; and be it further

Resolved, That the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the Senate of the United States and to the Speaker, Clerk, and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.
