PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-133. A joint resolution adopted by the General Assembly of the Commonwealth of Virginia expressing its support for the Jones Act; to the Committee on Commerce, Science, and Transportation.

SENATE JOINT RESOLUTION NO. 47

Whereas, Virginia's rich history of shipbuilding and maritime trade makes the Commonwealth a critical hub in the nation's transportation system and essential in the growth of offshore renewable energy development; and

Whereas, the COVID-19 pandemic has demonstrated the critical importance of maintaining resilient domestic industries and transportation services for Virginia's citizens and workforce; and

Whereas, the Merchant Marine Act of 1920, known as the Jones Act and codified in Title 46 of the United States Code, requires that vessels carrying cargo between locations in the United States be owned by American companies, crewed by American mariners, and built in American shipyards; and

Whereas, America's ability to project and deploy forces globally and to supply and maintain military installations domestically depends on the civilian fleet of Jones Act vessels and mariners; and

Whereas, mariners aboard Jones Act vessels strengthen America's homeland security as additional eyes and ears to monitor the nation's 95,000 miles of shoreline and 25,000 miles of navigable inland waterways; and

Whereas, Virginia is home to over 19,280 maritime jobs supported by the Jones Act that generate \$1.3 billion in labor income; and

Whereas, maritime industry jobs create ladders of opportunity through high-paying, family-wage careers that offer significant career advancement without generally necessitating advanced formal education and extensive student loans; and

Whereas, the Jones Act fleet, more than 40,000 vessels strong, supports nearly 650,000 family-wage jobs and over \$154 billion in economic output nationally, including more than \$4 billion in the Virginia economy; Now, therefore, be it

Resolved by the Senate, the House of Delegates concurring, That the General Assembly hereby express its support for the Jones Act. In affirming its resolute support for the Jones Act, the General Assembly also celebrates the centennial of the Jones Act as it continues to foster a strong domestic maritime industry that is critical to Virginia's and the nation's economic prosperity and national security; and, be it

Resolved, further, That the Clerk of the Senate transmit copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Virginia Congressional Delegation so that they may be apprised of the sense of the General Assembly of Virginia in this matter.

POM-134. A resolution adopted by the House of Representatives of the State of Missouri recommending to the President of the United States and the United States Congress to reaffirm our country's unwavering support for Ukraine's freedom, sovereignty, and territorial integrity within its internationally recognized borders, extending to its territorial waters; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 3658

Whereas, Ukraine is a sovereign and independent nation located in Eastern Europe

and an ally, under a bilateral investment treaty, of the United States; and

Whereas, Russia, a transcontinental country spanning Eastern Europe and Northern Asia, has launched an all-out invasion of Ukraine by land, air, and sea; and

Whereas, Russian forces have dramatically escalated their offenses by deploying a forty-mile long convoy of tanks and other military equipment advancing south to attack the people of Ukraine, including the City of Kyiv; and

Whereas, Russia's invasion of Ukraine is the largest invasion of a sovereign nation in Europe since World War II; and

Whereas, the combat is directly responsible for massive civilian casualties, including a Russian mortar attack on a children's hospital that inflicted devastating loss of life; and

Whereas, Russia's attack on Ukraine was unprovoked and unjustified; and

Whereas, as the attack intensifies, the humanitarian crises could reach unprecedented levels, with the United Nations estimating that between one million and five million people will be in need of urgent health care, safety, and security; and

Whereas, Ukraine's President, Volodymyr Zelenskyy, declared that Russia had "embarked on a path of evil, but [Ukraine] is defending itself and won't give up its freedom ...";

Resolved that we, the members of the House of Representatives of the One Hundred First General Assembly, Second Regular Session hereby:

(1) Proudly stand alongside Ukraine, its people, and its leaders during this horrific and unnecessary war and vow to support Ukraine and hold Russia fully accountable for its catastrophic decision to invade;

(2) Condemn, in the strongest possible terms, Vladimir Putin's violent attack on the people of Ukraine and strongly endorse the swift and severe economic sanctions and stringent export controls that President Biden's administration has imposed on Russia;

(3) Urge Russia to immediately cease its violent, illegal, and immoral assault upon Ukraine, end the needless bloodshed, and return to diplomacy and the rules-based international order that has ensured peace and prosperity for so many; and

(4) Recommend to the President of the United States and the United States Congress to reaffirm our country's unwavering support for Ukraine's freedom, sovereignty, and territorial integrity within its internationally recognized borders, extending to its territorial waters; and

Resolved that the United States should take prudent and responsible measures to ensure that the required force posture is present in Europe to deter and, if necessary, defeat Russian aggression against any NATO member; and

Resolved that the United States should immediately strengthen additional sanctions on Russia by restricting the Russian banking and financial sectors, cybersecurity, and other key industrial sectors; and

Resolved that the United States should immediately bolster energy connectivity in Eastern Europe; and

Resolved that the United States should expand the target list of Russian officials under the Magnitsky Act, which would implement a greater range of targeted sanctions aimed directly at Russian officials responsible for violating Ukrainian freedom and sovereignty, including the freezing of financial assets and the imposition of visa bans; and

Resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, and each member of the Missouri Congressional delegation.

POM-135. A resolution adopted by the Senate of the State of Ohio urging the United States government to secure its borders; to the Committee on Homeland Security and Governmental Affairs.

SENATE RESOLUTION NO. 243

Whereas, A strong, secure border benefits the United States; and

Whereas, The well-being and safety of the citizens of the United States is being jeopardized by threats from transnational criminal organizations; and

Whereas, It is integral to the security, well-being, and harmony of the people of the United States to sustain secure borders; and

Whereas, The dedicated individuals of the United States Customs and Border Protection work diligently and honorably to secure borders in the most efficient and humane manner; and

Whereas, The Governor of Ohio has allocated our state's resources to secure our borders through the assignment of over one hundred members of the Ohio National Guard to support United States Customs and Border Protection and the assignment of troopers from the Ohio State Highway Patrol to travel to Texas to support local law enforcement with border surveillance; and

Whereas, Ill-motivated individuals continuously seek to cause harm, danger, injury, hazard, and peril to those who protect the United States' borders; and

Whereas, Those individuals who cross the United States' borders without regard for the legal immigration process circumvent the individuals who show respect for the rule of law; and

Whereas, Those same individuals defy the right of the United States to control its own

sovereign territory and regulate the happenings within its rightful borders; and

Whereas, The smuggling of contraband, such as drugs and weapons, have plagued the United States' borders; and

Whereas, In fiscal year 2021, United States Customs and Border Protection seized more than 319,000 pounds of marijuana, 109,000 pounds of methamphetamine, 97,000 pounds of cocaine, 11,000 pounds of fentanyl, and 5,400 pounds of heroin; and

Whereas, These illegal drugs are sold, spread, and used throughout the American citizenry as drug overdoses and abuse rates reach the highest levels on record in the United States, including Ohio hitting a record death rate from opioid overdose during the second quarter of 2020; and

Whereas, In 2020, 81% of overdose deaths in Ohio involved illicit fentanyl or fentanyl analogs, while drug deaths related to fentanyl increased 32% from 2019; and

Whereas, Most fentanyl and fentanyl-related substances abused in the United States are trafficked into the country via international mail, express consignment, or across the southwestern border; and

Whereas, The act of human smuggling, which deliberately evades immigration laws, is a daily occurrence at the southwestern border according to U.S. Immigration and Customs Enforcement; and

Whereas, Individuals who are smuggled into the United States may be involved in transnational criminal organization operations or may be forced into human trafficking situations; and

Whereas, Human trafficking is a serious issue in Ohio, as state sources identified over 1,300 cases between 2014 and 2020, ranking the state among the ten worst in the nation for human trafficking; and

Whereas, The United States Department of State has urged state and local governments, as well as nonprofit organizations, to address cross-border trafficking issues and support strong collaboration at the borders to identify and prevent human trafficking; Now therefore be it further

Resolved, That we, the members of the Senate of the 134th General Assembly of the State of Ohio, support the investment of necessary resources by the United States government to ensure secure, strong, and sustainable borders; and be it further

Resolved, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President Pro Tempore and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the President and Vice President of the United States, the members of the Ohio Congressional delegation, and the news media of Ohio.

POM-136. A concurrent resolution adopted by the Legislature of the State of West Virginia applying to the United States

Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 31

Whereas, Executive orders by the President of the United States have become a vehicle through which the President may overstep the limits of his or her constitutional authority; and

Whereas, The concentration of power at the federal level has had the effect of making federal officials less responsive to the will of the people and more readily influenced by lobbyists, wealthy corporations and special interests in Washington, D.C.; and

Whereas, Much of federal law is now enacted by federal bureaucrats who were never chosen by the people and have no accountability to the people whatsoever; and

Whereas, Policy decisions made at the state level tend to be more responsive to the needs and desires of the people; and

Whereas, The federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, The federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, many of which are unfunded to a great extent; and

Whereas, The states have the ability to restore the responsiveness of government to the people and to restrain abuses of federal power by proposing amendments to the Constitution of the United States through a limited convention of the states under Article V; therefore, be it

Resolved by Legislature of West Virginia:

That the Legislature hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; and, be it

Further Resolved, That the Clerk of the House of Delegates forward a copy of this resolution, legislative call and application to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, and copies to the members of the said Senate and House of Delegates from this state; also to transmit copies hereof to the presiding

officers of each of the legislative houses in the several states, requesting their cooperation; and, be it

Further Resolved, That this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two thirds of the several states have made applications on the same subject; and, be it

Further Resolved, The West Virginia Legislature adopts this application expressly subject to the following reservations, understandings, and declarations:

(1) An application to the Congress of the United States to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to Congress other than the power to call such a convention. The power of Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

(2) Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two thirds of the legislatures of the several states;

(3) Congress does not have the power or authority to determine any rules for the governing of an amendment convention of the states called pursuant to Article V of the United States Constitution. Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

(4) By definition, an amendment convention of the states means that states shall vote on the basis of one state, one vote;

(5) A convention of the states convened pursuant to this application shall be limited to consideration of the topics specified herein and no other. This application is made with the express understanding that an amendment that in any way seeks to amend, modify, or repeal any provision of the Bill of Rights shall not be authorized for consideration at any stage. This application shall be void ab initio if ever used at any stage to consider any change to any provision of the Bill of Rights;

(6) Pursuant to Article V of the United States Constitution, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The West Virginia legislature recommends that Congress select ratification by the legislatures of the several states; and

(7) The West Virginia Legislature may provide further instructions to its delegates

and may recall its delegates at any time for a breach of a duty or a violation of the instructions provided; and, be it

Further Resolved, That the Clerk of the House forward a copy of this resolution to the representatives and senators elected by the citizens of West Virginia serving the citizens of West Virginia in the Congress of the United States in Washington, D.C.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mr. Swann, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO SECURING THE INFORMATION AND COMMUNICATIONS TECHNOLOGY AND SERVICES SUPPLY TO CHINA -- PM 31

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13873 of May 15, 2019, with respect to securing the information and communications technology and services supply chain, is to continue in effect beyond May 15, 2022.

The unrestricted acquisition or use in the United States of information and communications technology or services designed, developed, manufactured, or supplied by persons owned by, controlled by, or subject to the jurisdiction or direction of foreign adversaries augments the ability of these foreign adversaries to create and exploit vulnerabilities in information and communications technology or services, with potentially catastrophic effects. This threat continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United

States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13873 with respect to securing the information and communications technology and services supply chain.

JOSEPH R. BIDEN, JR.
THE WHITE HOUSE, May 12, 2022.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-138. A joint resolution adopted by the Legislature of the State of Wisconsin recognizing the importance of oil and natural gas pipelines for Wisconsin and its economy; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 90

Whereas, the State of Wisconsin relies on, and will continue to rely on for many years, natural gas, gasoline, diesel jet fuel, and other products, and in order to fuel our economy, the State of Wisconsin will need more natural gas and oil while also requiring additional alternative energy sources; and

Whereas, pipelines transport energy safely through energy highways, taking natural gas, oil, and petroleum products over vast distances from often remote locations to the populated places where we need the products; and

Whereas, 97 percent of the Canadian natural gas and oil used in the United States is delivered by pipelines, and in the U.S., pipelines deliver 66 percent of crude oil and refined products and almost all natural gas; and

Whereas, Wisconsin's agriculture industry is an economic driver, contributing \$104.8 billion annually to the state's economy in 2017 and supporting 435,700 jobs, 11.8 percent of the state's employment; over half of the direct energy used in crop and livestock production comes from distillate fuel; and in 2019, Wisconsin farmers consumed over 113 million gallons of distillate fuel; and

Whereas, Wisconsin's agriculture industry also depends on petroleum fuels to transport agricultural goods from farm to processor to market, with Wisconsin exporting more than \$3.37 billion of agricultural and food products in 2020 to 145 countries; now, therefore, be it

Resolved by the senate, the assembly concurring, That the members of the Wisconsin State Legislature support continued and increased development and delivery of oil derived from North American oil reserves to American refineries; and, be it further

Resolved, That it is the sense of the legislature that everything should be done to

support continued and increased development and delivery of oil from Canada to the United States and support the development, maintenance and operation of pipelines in the United States to ensure America's energy independence, improve our national security and enhance global stability, reduce consumer energy costs, create new jobs, and strengthen ties between the United States and Canada; and, be it further

Resolved, That the chief clerk of the senate is hereby directed to transmit duly authenticated copies of this resolution to the Speaker and Clerk of the U.S. House of Representatives, the President Pro Tempore and Secretary of the U.S. Senate, the members of the Wisconsin congressional delegation, and to the news media of Wisconsin.

POM-139. A joint resolution adopted by the General Assembly of the State of Tennessee urging the President of the United States and the United States Congress to utilize all available options to effect the full removal of Russian financial institutions from SWIFT as an appropriate and effective sanction against Russia's invasion of Ukraine; to the Committee on Foreign Relations.

SENATE JOINT RESOLUTION NO. 1147

Whereas, Russia's heinous, unprovoked invasion of Ukraine has brought death and despair to the Ukrainian people and threatened the peace and security of Europe; and

Whereas, many Western nations, including the United States, have imposed sanctions against Russian banks, but in the face of this blatant warmongering, the "nuclear option" of banking, the full removal of Russian banks from international finance infrastructure, should be invoked; and

Whereas, the Society for Worldwide Interbank Financial Telecommunication (SWIFT) was founded in 1973 to replace the telex and is now used by more than 11,000 financial institutions to send secure messages and payment orders; because there is no globally accepted alternative, SWIFT is essential infrastructure for global finance; and

Whereas, fully removing Russia from SWIFT would make it nearly impossible for financial institutions to transfer money in or out of the country, delivering a sudden shock to Russian companies and their foreign customers, especially buyers of oil and gas exports denominated in U.S. dollars; and

Whereas, according to experts, fully excluding Russia from SWIFT would terminate all international transactions, trigger currency volatility, cause massive capital outflows, and result in the Russian economy shrinking by an estimated five percent; and

Whereas, there is precedent for banning from SWIFT a nation that has thumbed its nose at the European Union; Iranian banks were disconnected from SWIFT in 2012 after they were sanctioned by the European Union over the country's nuclear program; and

Whereas, the efficacy of such sanctions was proven when Iran lost almost half of its oil export revenue and thirty percent of its foreign trade following the disconnection; and

Whereas, the Foreign Minister of Ukraine has urged that Russia be banned from SWIFT, and we agree that this is an appropriate response to the nation's cynical attack on Ukraine's sovereignty and the future peace and prosperity of Europe and all of Western democracy; Now, therefore, be it

Resolved by the Senate of the One Hundred Twelfth General Assembly of the State of Tennessee, the House of Representatives Concurring, That we urge and encourage President Biden and the United States Congress to utilize all available options to effect the full removal of Russian financial institutions from SWIFT as an appropriate and effective sanction against Russia's invasion of Ukraine. Be it further

Resolved, that we urge and encourage President Biden to immediately expel from the United States all Russian diplomatic personnel. Be it further

Resolved, that we urge and encourage President Biden and the United States Congress to immediately ban all imports from Russia. Be it further

Resolved, that a certified copy of this resolution be transmitted to the President of the United States; the Speaker and the Clerk of the U.S. House of Representatives; the President and the Secretary of the U.S. Senate; and each member of Tennessee's Congressional delegation.

POM-140. A communication from the House of Representatives of the Commonwealth of Puerto Rico submitting the first partial report on House Resolution No. 446 and requesting its approval; to the Committee on Energy and Natural Resources.

Mr. LEE, as in legislative session, asked unanimous consent that the Senate proceed immediately to consider the bill (S. 1787) to amend title 28 of the United States Code to prevent the transfer of actions arising under the antitrust laws in which a State is a complainant; that an amendment, intended to be proposed by him, be proposed and agreed to; that the bill, as amended, be considered read the third time, and passed; and that a motion to reconsider be considered made and laid on the table.

After debate,

Mr. DURBIN objected.

EXPRESSING THE SENSE OF THE SENATE RELATIVE TO A COMPREHENSIVE FREE TRADE AGREEMENT BETWEEN THE UNITED STATES AND THE UNITED KINGDOM

By unanimous consent, on the request of Mr. SCHUMER,

As in legislative session,

Ordered, That the Committee on Finance be discharged from the further consideration of the resolution (S. Res. 134) expressing the sense of the Senate that the President should work with the Government of the United Kingdom to conclude negotiations for a comprehensive free trade agreement between the United States and the United Kingdom.

The Senate proceeded, by unanimous consent, to consider the resolution.

The question being on agreeing to the resolution.

On motion by Mr. SCHUMER (for Mr. LEE) to strike all after the resolving clause and insert in lieu thereof other words (being amendment No. 5045, in the nature of a substitute).

The amendment (in the nature of a substitute) was agreed to.

The question being on agreeing to the resolution, as amended.

Resolved, That the Senate agree thereto.

The question being on agreeing to the preamble.

On motion by Mr. SCHUMER (for Mr. LEE) to strike the preamble and insert in lieu thereof other words (being amendment No. 5046).

The amendment to the preamble was agreed to.

The preamble, as amended, was agreed to.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

The title was amended, on the request of Mr. SCHUMER (for Mr. LEE), so as to read "A resolution expressing the sense of the Senate that the President should work with the Government of the United Kingdom to conclude negotiations for a comprehensive trade agreement between the United States and the United Kingdom that the President should work with the President of the European Commission to conclude negotiations for a comprehensive trade agreement between the United States and the European Union."

TRANSACTION OF MORNING BUSINESS

By unanimous consent, on the request of Mr. SCHUMER,

Ordered, That, effective immediately, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-141. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Congress, federal agencies, and state departments to address the ongoing fertilizer price increases and shortages that are impacting Michigan farmers; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE RESOLUTION NO. 205

Whereas, Michigan's agricultural industry is vitally important to the state economy. As our nation's second most diverse agricultural system, it contributes more than \$104.7 billion in economic activity annually to the state. More than 800,000 people work in Michigan's agricultural industry, and care for nearly 10 million acres of land; and

Whereas, Fertilizer is a critical agricultural input that is utilized by farmers to provide nutrients to their land and maximize the productivity of their farms. It is essential that Michigan's farmers have access to fertilizers so they can nourish their land and maintain production levels; and

Whereas, Fertilizer prices in the United States have dramatically increased over the past decade. While the increase in prices can be attributed to several factors, such as strong demand for fertilizer and rising costs of raw materials, the recent decision by the United States Department of Commerce to impose tariffs on imports of phosphate-based fertilizers from Morocco and other countries has significantly increased fertilizer prices. These tariffs were implemented in 2021 after the U.S. International Trade Commission (ITC) determined that the import of foreign phosphatic fertilizers injured U.S. manufacturers; and

Whereas, These tariffs place a substantial burden on farmers who are unable to compete with rising costs of production. Additionally, due to the highly consolidated structure of the U.S. fertilizer manufacturer industry, many farmers have little bargaining power with suppliers. For example, one company controls an estimated 90 percent of the U.S. phosphate fertilizer production while another controls nearly half of U.S. urea fertilizer production. This highly concentrated structure has resulted in local input dealers having very little bargaining power with the manufacturers. and cost increases are inevitably passed on to farmers; and

Whereas, Michigan farmers are facing the greatest increase in fertilizer prices in 13 years. Without access to fertilizer, Michigan's agricultural production will fall, and the state's economy will suffer. Not only will farmers be directly impacted, but the broader supply chain will also suffer: now, therefore, be it

Resolved by the House of Representatives, That we urge the U.S. Congress, federal agencies, and state departments to address the

ongoing fertilizer price increases and shortages that are impacting Michigan farmers; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, the U.S. Secretary of Commerce, the U.S. Secretary of Agriculture, the commissioners of the U.S. International Trade Commission, and the Director of the Michigan Department of Agriculture and Rural Development.

POM-142. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the President of the United States and the United States Congress to take any action necessary to halt federal actions resulting in the delay or cancellation of offshore oil and natural gas lease sales, and urging the United States Department of Interior to expedite actions necessary to comply with a court order to resolve lease sales, finalize a new five-year plan for oil and gas leasing on the Outer Continental Shelf, and focus efforts on lease sales in the Gulf of Mexico; to the Committee on Energy and Natural Resources.

SENATE CONCURRENT RESOLUTION NO. 12

Whereas, the Gulf of Mexico produces approximately seventeen percent of the United States crude oil and five percent of United States natural gas while contributing five to eight billion dollars to the federal treasury each year and sending hundreds of millions of dollars to coastal states for coastal restoration and hurricane protection projects; and

Whereas, the oil and gas industry directly supports two hundred forty-nine thousand eight hundred jobs in Louisiana; and

Whereas, the oil and gas industry activities represent twenty-six percent of Louisiana's gross domestic product, accounting for nearly four billion five hundred million dollars in state and local tax revenue in 2019 alone, representing fourteen and one-half percent of total state taxes, licenses, and fees collected; and

Whereas, according to the Bureau of Ocean Energy Management, which regulates offshore lease sales, the Gulf continues to be the nation's primary offshore source of oil and gas, generating about ninety-seven percent of all United States Outer Continental Shelf oil and gas production and since 2017, Gulf of Mexico lease sales have generated more than one trillion dollars from offshore leasing; and

Whereas, since 1953, the United States Secretary of the Interior has been required by law to prepare a five-year plan to set a schedule for oil and gas leases in United States offshore waters based on a lengthy, multi-year regulatory process with multiple

stages for public comment, input, and consultation; and

Whereas, the Obama administration issued a five-year-plan for oil and gas leasing that expires on July 1, 2022, which includes two remaining lease sales for the Gulf of Mexico, Lease Sale 259 and Lease Sale 261; and

Whereas, the United States Department of Interior missed the deadline to issue a notice of sale for Gulf of Mexico Lease Sale 259 in order to meet the expiration of the current five-year plan; and

Whereas, on January 27, 2021, President Biden signed Executive Order 14008, "Tackling the Climate Crisis" declaring a pause on leasing on federal lands and waters, including the Outer Continental Shelf of the Gulf of Mexico; and

Whereas, the United States District Court issued a preliminary injunction on the leasing pause and ordered federal oil and gas lease sales to proceed on June 15, 2021; and

Whereas, the Department of Interior held Lease Sale 257 on November 17, 2021; however, on January 27, 2022, a ruling by the United States District Court for the District of Columbia invalidated the sale and required the Department of Interior to reassess the environmental impacts of Lease Sale 257; and

Whereas, the Department of Interior is not appealing the court ruling and therefore there is no indication that leases will be awarded to the offshore companies from Lease Sale 257; and

Whereas, there is no indication that the federal government will hold another Gulf of Mexico offshore lease sale for the duration of the Biden administration's term and there is no indication that the Department of Interior is working on the next five-year plan; and

Whereas, according to the most recent federal data, although U.S. crude output fell slightly with a drop of nearly thirteen and one-half percent in offshore Gulf of Mexico production from December 2019 through December 2021, the demand for oil climbed nine and four-fifth percent from a year earlier; and

Whereas, oil and gas production in the Gulf of Mexico is the only reliable source of funding for Louisiana's coastal programs such as the Gulf of Mexico Energy Security Act that allows the Gulf states to share in offshore revenue generated from offshore oil activity including bonus bid revenue; and

Whereas, over the past five years Louisiana approximately has received between one hundred sixty million dollars and four hundred seven million dollars from bonus bids alone; and

Whereas, it is estimated that in 2021 the state of Louisiana lost approximately twenty to forty million dollars due to the cancelled lease sales and lost bonus bid revenue; and

Whereas, Louisiana depends on Gulf of Mexico Energy Security Act revenues to fund

a fifty billion dollar coastal restoration plan; and

Whereas, delaying or cancelling Gulf of Mexico leasing negatively impacts federal and state revenue, as well as Louisiana businesses and jobs; and

Whereas, drilling contractors will see impacts, dropping as many as twenty-five percent of the remaining Gulf of Mexico rigs over the next several years, in addition to the network of staff, supply boats, and other vendors that support and maintain drillships that equates to roughly one thousand jobs per rig; and

Whereas, the Gulf of Mexico is the safest and cleanest oil produced anywhere in the world; and

Whereas, halting domestic energy development in one of the lowest carbon intensive energy producing regions in the world to shift production and capital investment overseas undermines decades of environmental progress; and

Whereas, a 2016 Obama administration study conducted by Bureau of Ocean Energy Management concluded that America's greenhouse gas emissions will be little affected by leasing decisions on the bureau's offshore leasing program and could in fact result in an increase of greenhouse gas emissions in the absence of new Outer Continental Shelf leasing due to an increase in importing foreign oil; and

Whereas, the Biden administration is pursuing a policy which places the United States at the mercy of the Organization of Petroleum Exporting Countries and Russia to meet domestic needs and harming national and economic security. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby urge and request the President of the United States and Congress of the United States to take any action necessary to halt federal actions resulting in the delay or cancellation of offshore oil and natural gas lease sales. Be it further

Resolved, That the Legislature of Louisiana does hereby urge and request the United States Department of Interior to expedite any actions necessary to comply with United States District Court for the District of Columbia order to resolve Lease Sale 257, finalize a new five-year plan for oil and gas leasing on the outer continental shelf, and focus all efforts on mandated lease sales in the Gulf of Mexico. Be it further

Resolved, That a copy of this Resolution be transmitted to the President of the United States, the United States Secretary of the Interior, the United States Secretary of Energy, the Federal Energy Regulatory Commission, the White House National Climate Advisor, the clerk of the United States House of Representatives, the secretary of the United States Senate, and to each member of the Louisiana delegation of the United States Congress.

POM-143. A resolution from the House of Representatives of the Commonwealth of Puerto Rico requesting that the government of the United States to grant a partial exemption from the application of the Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States and Puerto Rico for the duration of the armed conflict between Ukraine and Russia and the collateral effects thereof; to the Committee on Commerce, Science, and Transportation.

HOUSE RESOLUTION NO. 718

The implementation of the so-called Coastwise Laws in Puerto Rico began with the approval of the Organic Act of 1900, known as the Foraker Act. The Jones Act was subsequently approved in 1917 which, among other things, maintained the effectiveness of the coastwise laws until the present day. The Jones Act was enacted at a historical juncture which posed certain challenges to the United States of America that are no longer a concern. As a result, maritime transportation from U.S. ports to the Island may only be provided by U.S.-built, -owned and -crewed vessels. Thus, the U.S. Congress enacted legislation providing that, in order to move goods between the United States of America and Puerto Rico, vessels should not only be built in the United States but must also be owned and operated by U.S. citizens. This federal legislation also applies to Guam and the states of Alaska and Hawaii. The territory of American Samoa, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands, however, are exempt from the Jones Act.

With regard to maritime transportation, on March 14, 2013, the U.S. Government Accountability Office, commonly known as GAO, issued a report stating that the Jones Act may result in higher freight rates, particularly for certain goods, than would be the case if service by foreign carriers were allowed. Likewise, the conclusions of the report state that the original goal of the Act remains important to military preparedness and to the shipbuilding and maritime industries, but understanding the full extent and distribution of the costs that underlie these benefits is elusive.

It is a well-known fact that Puerto Rico is facing difficult economic challenges that have worsened with the passage of hurricanes Irma and Maria, the earthquakes of January 2020, inflation, the ongoing COVID-19 emergency, and more recently, the cost of fuel, factors that are out of the government and the consumer's control. That is, the rising oil prices coupled with the effects of inflation and the emergencies have steadily increased the prices of food, transportation, and electricity, thus adversely affecting consumer and business spending.

In addition to global security concerns, the war between Russia and Ukraine has resulted in a shortage of consumer goods and pushed oil prices above \$125 per barrel, after having remained steady between \$80.00 and \$90.00 for a considerable time. Should this war continue and no agreement be reached, it might lead to a crude oil shortage in Europe, which would have repercussions on the global market, such as even higher prices. There is concern due to the fact that there is no indication as to whether the price of crude oil, goods, and transportation shall stabilize any time soon. On the contrary, projections show that rising costs and instability shall persist.

In spite of our efforts to transform electric power generation in Puerto Rico, our system still relies primarily on crude oil and petroleum products. Likewise, most individual, mass transit, and freight motor vehicles on the Island run on gasoline or diesel. Therefore, granting Puerto Rico a partial exemption from the Jones Act is necessary to prevent future electricity rate increases, mitigate the rising costs of gasoline, diesel, transportation, as well as the potential shortage of crude oil in Europe.

For all of the foregoing, the House of Representatives of the Commonwealth of Puerto Rico deems it necessary to take action in order to mitigate the multiplier effect that crude oil price fluctuations are having on the economy, by requesting the President of the United States of America and his government to approve a partial exemption from the application of the Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States of America and Puerto Rico for the duration of the armed conflict between Ukraine and Russia as well as the collateral effects thereof.

Be it resolved by the House of Representatives of Puerto Rico:

Section 1.—The President of the United States of America is hereby requested to grant a partial exemption from the application of Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States of America and Puerto Rico for the duration of the armed conflict between Ukraine and Russia and the collateral effects thereof. The foregoing for the purpose of addressing the demand for land transportation and energy generation on the Island, as well as to mitigate what would otherwise be higher crude oil prices given the volatility of the international market.

Section 2.—A copy of this Resolution, translated into the English language, shall be delivered to the President of the United States of America; the Department of Homeland Security; the leadership of the United States Congress; and the Resident Commissioner of Puerto Rico in Washington, D.C.

Section 3.—This Resolution shall take effect upon its approval.

POM-144. A resolution adopted by the Legislature of Rockland County, New York, urging the United States House of Representatives to pass the Sunshine Protection Act of 2021, which would make daylight saving time permanent; to the Committee on Commerce, Science, and Transportation.

MESSAGES FROM THE PRESIDENT

The following messages from the President of the United States were transmitted to the Senate by Ms. Roberts, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE WESTERN BALKANS - - PM 32

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the Western Balkans that was declared in Executive Order 13219 of June 26, 2001, under which additional steps were taken in Executive Order 13304 of May 28, 2003, and which was expanded in scope in Executive Order 14033 of June 8, 2021, is to continue in effect beyond June 26, 2022.

The acts of extremist violence and obstructionist activity, and the situation in the Western Balkans, which stymies progress toward effective and democratic governance and full integration into transatlantic institutions, outlined in these Executive Orders, continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13219 with respect to the Western Balkans.

JOSEPH R. BIDEN, JR.
THE WHITE HOUSE, June 13, 2022.

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO BELARUS -- PM 33

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating

that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Belarus that was declared in Executive Order 13405 of June 16, 2006, which was expanded in scope in Executive Order 14038 of August 9, 2021, is to continue in effect beyond June 16, 2022.

The actions and policies of certain members of the Government of Belarus and other persons, and the Belarusian regime's harmful activities and long-standing abuses, continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13405 with respect to Belarus.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 13, 2022.

REPORT OF THE CONTINUATION OF
THE NATIONAL EMERGENCY WITH
RESPECT TO NORTH KOREA -- PM 34

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to North Korea that was declared in Executive Order 13466 of June 26, 2008, expanded in scope in Executive Order 13551 of August 30, 2010, addressed further in Executive Order 13570 of April 18, 2011, further expanded in scope in Executive Order 13687 of January 2, 2015, and under which additional steps were taken in Executive Order 13722 of March 15, 2016, and Executive Order 13810 of September 20, 2017, is to continue in effect beyond June 26, 2022.

The existence and risk of the proliferation of weapons-usable fissile material on the Korean Peninsula; the actions and policies of the Government of North Korea that destabilize the Korean Peninsula and imperil United States Armed Forces, allies, and trading partners in the region, including its pursuit of nuclear and missile programs; and other provocative, destabilizing, and

repressive actions and policies of the Government of North Korea, continue to constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States.

For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13466 with respect to North Korea.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 13, 2022.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-145. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Congress to pass legislation that would allow farmers to petition the U.S. International Trade Commission to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco; to the Committee on Finance.

HOUSE RESOLUTION NO. 289

Whereas, Michigan's agricultural industry is vitally important to the state economy. As our nation's second most diverse agricultural system, it contributes more than \$104.7 billion in economic activity annually to the state. More than 800,000 people work in Michigan's agricultural industry, and care for nearly 10 million acres of land; and

Whereas, Fertilizer is a critical agricultural input that is utilized by farmers to provide nutrients to their land and maximize the productivity of their farms. Michigan farmers require access to fertilizers in order to nourish their land and maintain production levels; and

Whereas, The International Trade Commission (ITC) determined that the import of foreign fertilizers injured U.S. manufacturers. As a result, the ITC decided to impose a nineteen percent tariff on imports of fertilizer and fertilizer ingredients from Morocco. The tariffs, which were implemented in early 2021, significantly increased fertilizer prices; and

Whereas, Fertilizer prices in the United States are now at an all-time high. Fertilizer prices had already been increasing due to factors such as rising costs of raw materials

and increased demand for inputs. With these tariffs in effect, farmers who were already struggling to compete with rising costs are now faced with an increased financial burden and uncertain future; and

Whereas, Meanwhile, the U.S. continues to rely on imported fertilizer and fertilizer ingredients. For example, more than 95 percent of potash, one of the key components found in fertilizer, is currently imported from outside the U.S.; and

Whereas, Michigan contains the only commercial deposit of natural potash in the U.S. and the highest quality natural potash deposit in the world. The Michigan Legislature recently provided an investment of \$50 million to establish potash extraction infrastructure in Michigan. Once completed, this project will help increase domestic supply of this critical mineral, thereby strengthening and securing the supply of high-quality potash for Michigan farmers, in addition to providing hundreds of full-time jobs and boosting Michigan's economy. This will be crucial for the Michigan agricultural industry, as significant supply shortages and skyrocketing costs continue to burden Michigan farmers; and

Whereas, Legislation has been introduced in Congress that would allow a process for farmers to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients. With the price of fertilizer on the rise, this would help alleviate costs for farmers, as Morocco is one of the top five exporters of fertilizer to the United States; now, therefore, be it

Resolved by the House of Representatives, That we urge Congress to pass legislation that would allow farmers to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-146. A resolution adopted by the Senate of the State of Hawaii urging the State and each county to adopt the Global Pact for the environment to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 94

Whereas, the State is recognized as a global partner and local leader in promotion of human rights and protection of the earth through its consistent acceptance of global standards that better serve our islands and the world; and

Whereas, Hawai'i is guided by traditional Kanaka Maoli values and emerging international human rights principles to generate positive policy encouraging prevention and precaution regarding the planet; and

Whereas, in September 2015, the United Nations General Assembly adopted the historic "Transforming our world: the 2030 Agenda for Sustainable Development" (2030 Development Agenda), which is a comprehensive, compassionate, creative, and courageous plan of action to end poverty, protect the planet, and ensure that all people enjoy peace and prosperity; and

Whereas, the 2030 Development Agenda includes seventeen sustainable development goals, one hundred sixty-nine targets, and two hundred thirty indicators upon which general agreement has been reached to measure, monitor, and mobilize to achieve these goals and targets; and

Whereas, goals 13 through 17 of the United Nations sustainable development goals are vital to protecting the State's land and people and should be adopted as local policy and governing principles for local government entities and other organizations; and

Whereas, goals 13 through 17 of the United Nations sustainable development goals are the following, respectively:

- (1) Take urgent action to combat climate change and its impacts;
- (2) Conserve and sustainably use the oceans, seas, and marine resources for sustainable development;
- (3) Protect, restore, and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss;
- (4) Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable, and inclusive institutions at all levels; and
- (5) Strengthen the means of implementation and revitalize the global partnership for sustainable development; and

Whereas, in December 2015, parties to the United Nations Framework Convention on Climate Change, also known as Conference of the Parties, adopted the Paris Agreement that further limited the allowable temperature increase to 1.5 degrees Celsius to protect our Pacific neighbors; and

Whereas, Hawai'i continues to partner with other states, territories, and nation-states with the "We Are Still In" movement; and

Whereas, the Pacific islands in the Pacific Islands Forum for Oceania have undertaken creative campaigns to partner with the United Nations' specialized agency programs and funding, as well as participating in the United Nations' major forums, including the High-Level Political Forum on Sustainable

Development, which focuses on the United Nations sustainable development goals; and

Whereas, the Global Pact for the Environment (Global Pact) is an initiative led by the hosts of the United Nations Framework Convention on Climate Change in Paris to address the fragmented nature and inconsistent implementation of international environmental law by enumerating fundamental climate change principles in one legally binding framework for current and future generations for equity and equality; and

Whereas, the Global Pact will serve as a cornerstone in international human rights and environmental law and create a more coherent global environmental governance; and

Whereas, the Global Pact addresses the challenges posed by environmental degradation in the context of sustainable development and induces a greater degree of uniformity for environmental laws in all states; and

Whereas, the Global Pact consists of over two dozen articles that cover a variety of topics and ideas to consider for implementation, including:

- (1) The right to an ecologically sound environment;
- (2) The duty to take care of the environment;
- (3) Integration and sustainable development;
- (4) Intergenerational equity;
- (5) Prevention;
- (6) Precaution;
- (7) Environmental damages;
- (8) Polluter-pays;
- (9) Access to information;
- (10) Public participation;
- (11) Access to environmental justice;
- (12) Education and training;
- (13) Research and innovation;
- (14) The role of non-state actors and subnational entities;
- (15) The effectiveness of environmental norms;
- (16) Resilience;
- (17) Environmental non-regression;
- (18) Cooperation;
- (19) Armed conflicts;
- (20) The diversity of national situations;
- (21) Monitoring implementation of the Pact; and

(22) Other topics focusing on the Secretariat, signature, ratification, acceptance, approval, entry into force, denunciation, and depositary; and

Whereas, the Global Pact provides an agenda based upon the articles for grassroots and global action to generate the political will to protect the planet today and tomorrow; and

Whereas, the State desires to promote sustainable development where each generation can satisfy its needs without compromising the capability of future

generations to meet their needs to respect the balance and integrity of the Earth's and Hawai'i's fragile ecosystem; and

Whereas, Hawai'i emphasizes the vital role of women to achieve the United Nations sustainable development goals and the necessity to promote gender equality and empowerment of wahine for global general well-being; and

Whereas, Hawai'i is already involved in international initiatives to protect the planet and the Oceania region by actively participating in many United Nations annual sessions and meetings and by partnering with United Nations specialized agencies, programs, and funds, including partnering with the United Nations Office of the High Commissioner for Human Rights and participating in the United Nations Environment Programme; and

Whereas, in Hawai'i, college, community, and capitol dialogues on the Paris Agreement and the 2030 Development Agenda, among other climate change topics, continue to generate genuine insight that contributes to Voluntary Local Reviews, which are voluntary reports to the United Nations on local progress on implementing the United Nations sustainable development goals; and

Whereas, local opportunities for the State's youth to learn about and participate in climate change initiative include opportunities at colleges and universities that provide input on achieving the Global Pact, with a focus on research and innovation, and participation in a Hawai'i human rights and resilience process: Now, therefore, be it

Resolved, By the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that the State and each county are urged to adopt the Global Pact to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17; and be it further

Resolved, That the Global Pact should be embraced and that protection of nature should be the centerpiece of the State's policies and practices; and be it further

Resolved, That certified copies of this Resolution be transmitted to the United Nations Secretary General and High Commissioner for Human Rights, President and Vice President of the United States, President Pro Tempore of the United States Senate, Majority and Minority leaders of the United States Senate, Speaker and Minority Leader of the United States House of Representatives, each member of Hawai'i's congressional delegation, Governor, and mayors of each county of Hawai'i.

POM-147. A resolution adopted by the Senate of the State of Hawaii affirming Hawai'i's ongoing commitment to the goals of the Paris Climate Agreement, the United Nations Sustainable Development Goals, and

endorsement of the Fossil Fuel Non-Proliferation Treaty; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 95

Whereas, the scientific consensus is clear that human activities are primarily responsible for accelerating global climate change, and that the climate crisis now represents one of the preeminent threats to global civilization; and

Whereas, the Intergovernmental Panel on Climate Change (IPCC) reported in 2018 that we must achieve net zero in greenhouse gas emissions (GHGs) by the middle of this century in order to have a reasonable chance of limiting global warming to 1.5 degrees Celsius; and

Whereas, the IPCC released its Sixth Assessment Report from Working Group II, which was approved by one hundred ninety-five member states, in February 2022, and the summary for policy makers notes that there is high confidence that "the rise in weather and climate extremes has led to some irreversible impacts as natural and human systems are pushed beyond their ability to adapt"; and

Whereas, the United Nations (UN) secretary-General Antonio Guterres, responded, "The IPCC is an atlas of human suffering ... according to current commitment, global emissions are set to increase almost 14 percent.... It will destroy any chance of keeping 1.5 alive ... coal and other fossil fuels are choking humanity"; and

Whereas, the UN Human Rights Council in 2021 adopted landmark legislation, Resolution 48/13, recognizing a clean, healthy and sustainable environment is a human right; and

Whereas, changes in Hawaii's climate are already being felt, as evidenced by rising sea levels, coastal inundation, ocean warming as well as coral bleaching, heightened risk of wild fires, and increasing severe storms; and

Whereas, the entire community is impacted by the health and safety risks of fossil fuel expansion, particularly those who also face socioeconomic and health inequities, including low-income families, those experiencing homelessness, people of color and indigenous peoples, youth, seniors, those experiencing mental and physical disabilities, and people with health conditions; and

Whereas, youth and future generations have the most to lose from a lack of immediate action to stop fossil fuel expansion as they face major and lifelong health, ecological, social, and economic impacts from prolonged and cumulative effects of climate change, including food and water shortages, infectious diseases, and natural disasters; and

Whereas, the Paris Climate Agreement is silent on coal, oil, and gas, an omission with respect to the supply and production of fossil

fuels (the largest source of GHGs) that needs to be collectively addressed by other means; and

Whereas, the Glasgow Climate Pact improved incrementally only calling for a phase down not a phase out of coal; and

Whereas, global governments and the fossil fuel industry are currently planning to produce about one hundred twenty percent more emissions by 2030 than what is needed to limit warming to 1.5 degrees Celsius and avert catastrophic climate disruption, and such plans risk undoing the work of the State to reduce GHG emissions; and

Whereas, the fossil fuel industry is currently claiming over fifty percent of coronavirus disease 2019 pandemic recovery funding from senior levels of government in the G20, thereby siphoning away recovery funding badly needed by cities and other industries; and

Whereas, the construction of new fossil fuel infrastructure and expanded reliance on fossil fuels exposes communities to untenable risks to public health and safety at the local and global levels; and

Whereas, the economic opportunities presented by a clean energy transition far outweigh the opportunities presented by an economy supported by expanding fossil fuel use and extraction; and

Whereas, the community is committed, as part of the climate emergency response, to a just energy transition and to ambitious investments in the green infrastructure and industries that will create jobs and rapidly decarbonize the economy; and

Whereas, Hawaii recognizes that it is the urgent responsibility and moral obligation of wealthy fossil fuel producers to lead in putting an end to fossil fuel development and to manage the decline of existing production; and

Whereas, a new global initiative is underway calling for a Fossil Fuel Non-Proliferation Treaty that would end new fossil fuel exploration and expansion, phase out existing production in line with the global commitment to limit warming to 1.5 degrees Celsius, and accelerate equitable transition plans; now, therefore, and be it further

Resolved by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that this body affirms the State's ongoing commitment to the goals of the Paris Climate Agreement, the UN Sustainable Development Goals, and the GHG reduction targets as called for by the IPCC, and pledges to meet its proportionate greenhouse gas reductions under the Paris Climate Agreement; and be it further

Resolved, That the State and each county are requested to formally endorse the call for a Fossil Fuel NonProliferation Treaty; and be it further

Resolved, That the U.S. government is urged to support the initiative for a Fossil

Fuel Non-Proliferation Treaty; and be it further

Resolved, That certified copies of this Resolution be transmitted to the United Nations Secretary General and High Commissioner for Human Rights, President and Vice President of the United States, President Pro Tempore of the United States Senate, Majority and Minority Leaders of the United States Senate, Speaker and Minority Leader of the United States House of Representatives, members of the Hawaii congressional delegation, Governor, and Mayor of each county.

POM-148. A resolution adopted by the Senate of the State of Hawaii denouncing Russia's actions causing a humanitarian crisis in Ukraine and urging the United States Congress to take concrete action to support Ukrainian refugees and to increase the refugee limits for the United States and increase funding related to those efforts; to the Committee on Foreign Relations.

SENATE RESOLUTION No. 178

Whereas, the Russian invasion of Ukraine has prompted two million Ukrainians to flee the country as of March 8, 2022, and the number is expected to grow even higher as Russia continues its siege tactics of indiscriminately bombing cities; and

Whereas, in only the first week of the conflict, more than one million people had fled Ukraine, in comparison it took over two years for that many people to leave Syria; and

Whereas, as of March 8, 2022, the 2022 invasion of Ukraine by Russia has caused at least 1,335 civilian casualties in Ukraine, according to the United Nations Office of the High Commissioner for Human Rights; and

Whereas, the United Nations Office of the High Commissioner for Human Rights' statistics are based off confirmable casualties, the number is likely several times higher as many of Ukraine's largest cities under control of the Ukrainian government are subject to relentless bombing campaigns from long-distance artillery as well as air strikes from the Russian military and it is difficult if not impossible to confirm some of the deaths; and

Whereas, Russia has begun to use siege style tactics where cities are surrounded from all sides and shelled repeatedly, such as in the port town of Mariupol, and while Russia has promised to open civilian corridors to allow for civilians to leave these cities, several times when they have done so they have broken the ceasefire and shelled the civilian corridors resulting in civilian casualties; and

Whereas, for many of the civilians living in these areas, staying in their homes is not an option as intense bombing campaigns by Russia have caused water, power, and energy disruptions, leaving these civilians stuck in

homes with no electricity, running water, or heat in freezing temperatures; and

Whereas, many of these, civilians have fled from areas of the country with most of the fighting such as the north, east, and south, and have headed to the western part of the country which has been relatively untouched by the fighting; and

Whereas, cities such as Lviv in the western part of Ukraine near its borders with the European Union are bursting at the seams with internally displaced people, and its mayor Andriy Sadovyi has requested international help as the city is currently housing two hundred fifty thousand internally displaced people from other parts of Ukraine, and at least fifty thousand people transit through its railway stations a day; and

Whereas, the vast majority of refugees are women, children, and the elderly as Ukraine has banned men ages eighteen to sixty from leaving the country due to a mass mobilization of soldiers; and

Whereas, according to the United Nations High Commissioner for Refugees, as of March 8, 2022, Poland has received 1,204,403 refugees, Hungary has received 191,348 refugees, Romania has received 143,000 refugees, Slovakia has received 140,745 refugees, the Czech Republic has received more than one hundred thousand refugees, and Moldova has received 82,762 refugees, with other countries receiving fewer refugees; and

Whereas, according to the UN Refugee Agency, as of March 31, 2022, Poland has received 2,384,814 refugees, Romania has received 623,627, Moldova received 390,187 refugees, Hungary has received 374,535 refugees, and Slovakia has received 292,039 refugees; and

Whereas, countries such as Moldova, which is one of the poorest countries in Europe, need more international support to deal with the large number of refugees crossing the border from Ukraine; and

Whereas, although United States President Biden has stated that the United States will accept one hundred thousand refugees, the United States needs to do more to help the refugee crises as countries like Poland, Romania, and Moldova are taking in a disproportionate amount of Ukrainian refugees compared to the rest of the world; and

Whereas, the United States needs to take more concrete steps to help Ukrainian refugees such as increasing humanitarian aid to western parts of Ukraine that are dealing with an influx of refugees from the other parts of the country and countries dealing with large numbers of Ukrainian refugees; and

Whereas, recognizing that the United States has taken some steps towards helping the refugee crisis, such as allowing Ukrainians who arrived in the United States on or prior

to March 1, 2022, to apply for temporary protected status; and

Whereas, the United States should further help by taking in refugees from Ukraine, similar to how refugees from Afghanistan were taken in, and the United States should also increase the limit of how many refugees it can take in to allow for the resettlement of Ukrainians; and

Whereas, more help should be given to the Ukrainian government and countries housing refugees as soon as possible, and plans should be made on how to deal with this crisis in the longer term as there does not seem to be an end in sight; now, therefore, be it

Resolved, by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, That this body strongly and forcefully denounces the Russian Federation and its President Vladimir Putin for the blatant targeting of civilians by the Russian military and the destruction of civilian infrastructure, which makes evacuating civilians from the warzone even more difficult; and be it further

Resolved, That this body urges the United States Congress to take concrete actions to help with the refugee crisis facing Ukraine and its European neighbors by increasing material support to refugees, both those internally displaced, such as those who have fled to the relatively safe western part of Ukraine, and those who have fled the country, by sending monetary support and supplies to Ukraine and its neighbors who have accepted large numbers of refugees; and be it further

Resolved, That the United States President and Congress are urged to take an active role in assisting the crisis by raising the U.S. Refugee Admissions and Refugee Resettlement Ceilings, making a stronger effort at resettling more Ukrainian refugees into the United States, and allocating more funding in order to support those efforts; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, Speaker of the United States House of Representatives, President Pro Tempore of the United States Senate, members of the Hawaii congressional delegation, Governor, and Mayors of each county.

POM-151. A joint resolution adopted by the General Assembly of the State of Tennessee strongly supporting the completion of the secure border wall across our nation's southern border and strongly urging the United States Congress to immediately act to fund the construction of such border wall without delay; to the Committee on Homeland Security and Governmental Affairs.

HOUSE JOINT RESOLUTION NO. 652

Whereas, the security of our nation's borders and the safety of our citizens are paramount to protecting the American way of life; and

Whereas, it is essential to the welfare of our nation that illegal immigration cease; and

Whereas, we should continue to safeguard our borders by completing the construction of the secure border wall on the southern border of the United States; and

Whereas, illegal immigrants who cross the southern border are not required to receive a vaccination against COVID-19; and

Whereas, it is known that at least eighteen percent of illegal immigrants who cross the southern border of the United States are infected with COVID-19 and are contributing to this country's national health crisis; and

Whereas, the members of this General Assembly have consistently taken steps to address illegal immigration within the borders of our great State and now wish to urge the United States Congress to address illegal immigration by completing the construction of the border wall: Now, therefore, be it

Resolved by the House of Representatives of the One Hundred Twelfth General Assembly of the State of Tennessee, the Senate Concurring, that we strongly support the completion of the secure border wall across our nation's southern border and strongly urge the United States Congress to immediately act to fund the construction of such border wall without delay; and be it further

Resolved, That certified copies of this resolution be transmitted to the President of the United States, the U.S. Secretary of Homeland Security, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-152. A memorial adopted by the Legislature of the State of Colorado urging the United States Congress to authorize forwarding funding to make a one-time appropriation to the Bureau of Indian Education Higher Education Grant Program; to the Committee on Indian Affairs.

SENATE MEMORIAL NO. 22-002

Whereas, The Bureau of Indian Education (BIE) operates the Higher Education Grant Program (grant program) as authorized by the federal "Act of November 2, 1921", commonly referred to as the "Snyder Act", 25 U.S.C. sec. 13; and

Whereas, Numerous Indian tribal governments provide college financial assistance and scholarships from the grant program directly to Indian college students through the federal "1975 Indian Self-determination and Education Assistance

Act", Pub. L. 93-638, or through the federal "Tribal Self-governance Act of 1994", Pub. L. 103-413; and

Whereas, The federal government routinely operates under continuing resolutions. As such, grant program funding is delayed; consequently, college scholarship and financial assistance payments and institutional disbursements are delayed, which is problematic for many Indian college students who depend on these funds to pay for tuition, books, room, and board; and

Whereas, There is precedent for forward funding of federal Indian education programs. BIE-funded schools, including schools receiving funding pursuant to 25 U.S.C. sec. 1810 and tribally controlled colleges and universities receiving funding pursuant to 25 U.S.C. sec. 1810, are forward funded; and

Whereas, Forward funding of the BIE will make grant program funds available for obligation on July 1 of any given fiscal year, and the funds will remain available until September 30 of the succeeding fiscal year; and

Whereas, Congress may authorize forwarding funding and make a one-time appropriation of such sums, as necessary, to forward fund the BIE grant program: Now, therefore, be it

Resolved by the Senate of the Seventy-third General Assembly of the State of Colorado:

That we, the members of the Colorado Senate strongly urge Congress to forward fund the Bureau of Indian Education Higher Education Grant Program as authorized by the federal "Act of November 2, 1921"; and be it further

Resolved, That copies of this Memorial be sent to the Clerk of the United States House of Representatives; the Secretary of the United States Senate; each member of Colorado's congressional delegation; Melvin Baker, Chairman of the Southern Ute Indian Tribe; Manuel Heart, Chairman of the Ute Mountain Ute Tribe; and Jonathan Nez, President of the Navajo Nation.

POM-153. A resolution adopted by the General Assembly of the State of New Jersey commemorating the appointment of Ketanji Brown Jackson as Associate Justice of the United States Supreme Court; to the Committee on the Judiciary.

ASSEMBLY RESOLUTION NO. 139

Whereas, On April 7, 2022, the United States Senate voted, on a bipartisan basis, to confirm Judge Ketanji Brown Jackson as the first black woman United States Supreme Court justice; and

Whereas, The confirmation of Judge Jackson's appointment is a historic occasion for the United States and for the institution of the Supreme Court which, for the first time in its 233 year history, and appointment of 116

justices, will have its first black woman Associate Justice; and

Whereas, Judge Jackson's nomination for the position of Associate Justice of the Supreme Court by President Joseph R. Biden was prompted by the announcement of Justice Stephen Breyer, for whom Judge Jackson clerked, that he would retire at the close of the current Supreme Court term; and

Whereas, Judge Jackson's distinguished judicial career began with her work as a jurist, which commenced with her nomination by President Barack Obama, and confirmation and appointment by a bipartisan Senate in 2013 to the United States District Court for the District of Columbia; and

Whereas, Judge Jackson observed, in a notable 2019 opinion granting a Department of Justice administrative stay request, that "Presidents are not kings;" and

Whereas, Judge Jackson went on to be confirmed with bipartisan support to the United States Court of Appeals for the D.C. Circuit in 2021; and

Whereas, Prior to, and continuing for a portion of her judicial career, Judge Jackson also served as a Vice Chair and Commissioner on the United States Sentencing Commission beginning in 2010 and continuing until 2014 where, as a Commissioner, Judge Jackson voted, among other noteworthy actions, to apply retroactively the provision of the 2010 Fair Sentencing Act, which addressed the sentencing disparity between crack and powder cocaine crimes; and

Whereas, Judge Jackson's numerous other accomplishments include her academic success at Harvard University, from which she was graduated *magna cum laude*, and at Harvard Law School, from which she was graduated *cum laude*, and her service as a public defender, making her the first federal public defender to serve on the Supreme Court; and

Whereas, Following her confirmation on April 7, 2022, Judge Jackson will be sworn in following the retirement of Justice Bryer at the end of the current Supreme Court term; now, therefore, be it

Resolved, By the General Assembly of the State of New Jersey:

1. This house commemorates the appointment of Justice Ketanji Brown Jackson as an Associate Justice of the United States Supreme Court.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the Governor, to each member of New Jersey's congressional delegation, to the Speaker and Clerk of the United States House of Representatives, and the President and Secretary of the United States Senate.

Whereas, Judge Jackson's nomination for the position of Associate Justice of the Supreme Court by President Joseph R. Biden was prompted by the announcement of Justice Stephen Breyer, for whom Judge Jackson clerked, that he would retire at the close of the current Supreme Court term; and

Whereas, Judge Jackson's distinguished judicial career began with her work as a jurist, which commenced with her nomination by President Barack Obama, and confirmation and appointment by a bipartisan Senate in 2013 to the United States District Court for the District of Columbia; and

Whereas, Judge Jackson observed, in a notable 2019 opinion granting a Department of Justice administrative stay request, that "Presidents are not kings;" and

Whereas, Judge Jackson went on to be confirmed with bipartisan support to the United States Court of Appeals for the D.C. Circuit in 2021; and

Whereas, Prior to, and continuing for a portion of her judicial career, Judge Jackson also served as a Vice Chair and Commissioner on the United States Sentencing Commission beginning in 2010 and continuing until 2014 where, as a Commissioner, Judge Jackson voted, among other noteworthy actions, to apply retroactively the provision of the 2010 Fair Sentencing Act, which addressed the sentencing disparity between crack and powder cocaine crimes; and

Whereas, Judge Jackson's numerous other accomplishments include her academic success at Harvard University, from which she was graduated magna cum laude, and at Harvard Law School, from which she was graduated cum laude, and her service as a public defender, making her the first federal public defender to serve on the Supreme Court; and

Whereas, Following her confirmation on April 7, 2022, Judge Jackson will be sworn in following the retirement of Justice Breyer at the end of the current Supreme Court term; now, therefore be it

Resolved by the General Assembly of the State of New Jersey:

1. This house commemorates the appointment of Justice Ketanji Brown Jackson as an Associate Justice of the United States Supreme Court.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the Governor, to each member of New Jersey's congressional delegation, to the Speaker and Clerk of the United States House of Representatives, and the President and Secretary of the United States Senate.

POM-155. A joint resolution adopted by the Legislature of the State of South Carolina applying to the United States Congress to call a convention for proposing amendments pursuant to Article V of the United States Constitution limited to proposing amendments that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 3205

Whereas, the founders of our constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people—particularly for the generations to come—by proposing amendments to the Constitution of the United States through a convention of the states under Article V for the purpose of restraining these and related abuses of power. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

Application for calling a convention of the states

SECTION 1. The General Assembly of South Carolina, by this joint resolution, hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and

limit the terms of office for its officials and for members of Congress.

Distribution of copies

SECTION 2. The Clerks of the South Carolina House of Representatives and the South Carolina Senate shall transmit copies of this resolution to the President and the Secretary of the United States Senate, the Speaker and the Clerk of the United States House of Representatives, the members of the South Carolina Congressional Delegation, and the presiding officers of each of the legislative houses in the several states, attesting to the enactment of this joint resolution by the South Carolina General Assembly and requesting cooperation.

Joint resolution constitutes a continuing application

SECTION 3. This joint resolution constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the several states have made applications on the same subject.

Time effective

SECTION 4. This joint resolution takes effect upon approval by the Governor.

POM-156. A resolution adopted by the Council of the County of Maui, affirming the county of Maui's ongoing commitment to the goals of the Paris Climate Agreement and endorsement of the Fossil Fuel Non-Proliferation Treaty; to the Committee on Foreign Relations.

POM-157. A petition from a citizen of the State of Texas relative to hiring in Congress; to the Committee on Homeland Security and Governmental Affairs.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mr. Swann, one of his secretaries:

REPORT RELATIVE TO THE NATIONAL EMERGENCY WITH RESPECT TO HOSTAGE-TAKING AND THE WRONGFUL DETENTION OF UNITED STATES NATIONALS -- PM 35

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*), I hereby report that I have issued an Executive Order declaring a national emergency with respect to hostage-taking and the wrongful detention of United States nationals.

Hostage-taking and the wrongful detention of United States nationals are heinous acts that undermine the rule of law. Terrorist organizations, criminal groups, and other malicious actors who take hostages for financial, political, or other gain—as well as foreign states that engage in the practice of wrongful detention, including for political leverage or to seek concessions from the United States—threaten the integrity of the international political system and the safety of United States nationals and other persons abroad. I have determined that hostage-taking and the wrongful detention of United States nationals abroad constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States.

I am enclosing a copy of the Executive Order I have issued.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *July 19, 2022.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-158. A resolution adopted by the House of Representatives of the State of Ohio urging the United States Commission on International Religious Freedom to take whatever action is necessary to address and rectify the situation described in this resolution, and consider adding Canada to the Special Watch List of countries where the government engages in violations of religious freedom; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 194

Whereas, The citizens of Ohio are citizens of the United States, which by its nature is a country of religious freedom free of government interference; and

Whereas, Civilized societies normative structures show churches to have jurisdictions separate from civil authorities, with the civil authorities having no authority

in church governance, courts, preaching, or sacraments; and

Whereas, The first line of the First Amendment of the Bill of Rights states that "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof," thus upholding freedom of religion as one of our most sacred of Rights; and

Whereas, The founders themselves elaborated upon and celebrated religious freedom in their writings; and

Whereas, Thomas Jefferson in his letter to the Danbury Baptist Convention, said "Believing with you that religion is a matter which lies solely between Man & his God, that he owes account to none other for his faith or his worship, that the legitimate powers of government reach actions only, & not opinions, I contemplate with sovereign reverence that act of the whole American people which declared that their legislature should "make no law respecting an establishment of religion, or prohibiting the free exercise thereof," thus building a wall of separation between Church & State. Adhering to this expression of the supreme will of the nation in behalf of the rights of conscience, I shall see with sincere satisfaction the progress of those sentiments which tend to restore to man all his natural rights, convinced he has no natural right in opposition to his social duties"; and

Whereas, Roger Williams, founder of Rhode Island, believed that any government involvement in the church would corrupt the church and coined the term "separation of church and state" to keep the church safe from government interference; and

Whereas, The State of Ohio itself was founded upon similar premises from its inception as a part of the Northwest Territory; and

Whereas, The Northwest Ordinance stated in its first article, "No person, demeaning himself in a peaceable and orderly manner, shall ever be molested on account of his mode of worship or religious sentiments in the said territory"; and

Whereas, The Northwest Ordinance stated in its third article, "Religion, morality and knowledge, being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged"; and

Whereas, The Ohio Constitution's Bill of Rights states in Article I Section 7, "All men have a natural and indefeasible right to worship Almighty God according to the dictates of their own conscience. No person shall be compelled to attend, erect, or support any place of worship, or maintain any form of worship, against his consent; and no preference shall be given, by law, to any religious society; nor shall any interference with the rights of conscience be permitted. No religious test shall be required, as a

qualification for office, nor shall any person be incompetent to be a witness on account of his religious belief; but nothing herein shall be construed to dispense with oaths and affirmations. Religion, morality, and knowledge, however, being essential to good government, it shall be the duty of the general assembly to pass suitable laws to protect every religious denomination in the peaceable enjoyment of its own mode of public worship, and to encourage schools and the means of instruction"; and

Whereas, The citizens of Ohio have a robust system of local religious charity systems; and

Whereas, The citizens of Ohio have stood against injustices throughout our history; and

Whereas, During the American Civil War, to help rid the nation of the injustice of slavery, the State of Ohio provided the United States government with more than two hundred sixty regiments, upwards of three hundred thousand men, including the prominent Generals McDowell, Buell, Sheridan, McClellan, Sherman, and future President Ulysses S. Grant; and

Whereas, Ohio abolitionists played a prominent role in the Underground Railroad, helping thousands escape the bondage of slavery to find freedom, such as our involvement in the abolition of slavery in the North; and

Whereas, We, the members of the House of Representatives of the 134th General Assembly of the State of Ohio, are the State representative body of such a freedom-loving people; and

Whereas, During the COVID-19 emergency, the government of Ohio stood up for religious liberty and exempted religious services from COVID-19 restrictions; and

Whereas, The State of Ohio has a vested interest in the affairs of Canada, being our neighbor to the North and Ohio's number one trading partner in the world in both imports and exports; and

Whereas, Ohio's exports to Canada benefit many segments of the economy, and thousands of individual companies, on both sides of the border; and

Whereas, Indeed Ohio is not alone in valuing freedom. The Canadian Charter of Rights and Freedoms states that "Everyone has the following fundamental freedoms," which include the "freedom of conscience and religion." The arrests and actions described below, taken to enforce overly burdensome and unjustified orders, however, do not seem to live up to this praiseworthy statement; and

Whereas, We, the members of the House of Representatives of the 134th General Assembly of the State of Ohio, have taken note of the abuses of religious liberty that have gone on throughout the Provinces of Canada during the COVID-19 pandemic; and

Whereas, Pastor James Coates of Edmonton, Alberta was jailed for thirty-five days and in solitary confinement for seven days straight for holding religious services at a capacity not in keeping with the Public Health Act; and

Whereas, Brothers Artur and David Pawlowski, pastors from Alberta, Canada were arrested and spent three days in jail for organizing a church service that ignored COVID-19 social distancing rules and mask mandates; and

Whereas, Pastor Coates, and perhaps other Canadian pastors, have held services in undisclosed locations, essentially going underground, in order to avoid persecution by government authorities, and to allay congregant's fears; and

Whereas, Pastor Tobias Tissen of Steinbach, Manitoba, was arrested for holding an outdoor service that violated a health order that prohibited gatherings of more than five people; and

Whereas, Under Province of Alberta health orders, in-person faith group meetings, and other religious gatherings, have been prohibited in private homes while the emergency is in effect, thus intruding into the most sacred liberties of its citizens, those of religious freedom and privacy; and

Whereas, All of the Canadian provinces have at times prohibited religious gatherings outright, or have limited the size of religious gatherings, and many provinces still have severe size limitations on religious gatherings either held indoors or outdoors, punishable by harassment, fines, and jail time of faith leaders, thus limiting the parishioners' or members' ability to attend the assembly of their choice, and generally limiting religious liberty; and

Whereas, On December 8, 2021, Canada's Senate Bill C-4 received royal assent and became law. This act is overly broad in scope and has potential negative implications for religious liberties and expression, including a prison sentence of up to five years for merely expressing a biblical view of marriage, thus restricting the ability of religious leaders from expressing sincerely held religious beliefs on marriage and sexuality; and

Whereas, In 1998, the Congress of the United States established the United States Commission on International Religious Freedom; and

Whereas, The Commission includes members appointed by the President of the United States, by the President Pro Tempore of the United States Senate, and by the Speaker of the United States House of Representatives; and

Whereas, The purpose of the Commission, as enumerated in federal law, in part, is to consider and recommend options for policies of the United States government with respect to each foreign country the government of

which has engaged in or tolerated violations of religious freedom; and

Whereas, The Commission maintains a Special Watch List of countries where the government engages in or tolerates "severe" violations of religious freedom; Now, therefore, be it

Resolved, That we, the members of the House of Representatives of the 134th General Assembly of the State of Ohio, urge the United States Commission on International Religious Freedom to take whatever action is necessary to address and rectify the situation, described in this resolution, and consider adding Canada to the Special Watch List; and be it further

Resolved, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to each commissioner of the United States Commission on International Religious Freedom, the President of the United States, the President Pro Tempore of the United States Senate, the Speaker of the United States House of Representatives, each member of the Ohio Congressional delegation, the Prime Minister of Canada, the Speaker of the House of Commons of Canada, the Speaker of the Senate of Canada, and the news media of Ohio.

POM-159. A concurrent resolution adopted by the Legislature of the State of Hawaii affirming Hawaii's ongoing commitment to the goals of the Paris Climate Agreement, the United Nations Sustainable Development Goals, and endorsement of the Fossil Fuel Non-Proliferation Treaty; to the Committee on Foreign Relations.

SENATE CONCURRENT RESOLUTION NO. 108

Whereas, the scientific consensus is clear that human activities are primarily responsible for accelerating global climate change, and that the climate crisis now represents one 4 of the preeminent threats to global civilization; and

Whereas, the Intergovernmental Panel on Climate Change (IPCC) reported in 2018 that we must achieve net zero in greenhouse gas (GHG) emissions by the middle of this century in order to have a reasonable chance of limiting global warming to 1.5 degrees Celsius; and

Whereas, the IPCC released its Sixth Assessment Report from Working Group II, which was approved by one hundred ninety-five member states, in February 2022, and the summary for policy makers notes that there is high confidence that "the rise in weather and climate extremes has led to some irreversible impacts as natural and human systems are pushed beyond their ability to adapt"; and

Whereas, the United Nations Secretary-General Antonio Guterres responded, "The IPCC is an atlas of human suffering ... according to current commitment, global

emissions are set to increase almost 14 percent. ... It will destroy any chance of keeping 1.5 alive ... coal and other fossil fuels are choking humanity”; and

Whereas, the United Nations Human Rights Council in 2021 adopted landmark legislation, Resolution 48/13, recognizing that a clean, healthy and sustainable environment is a human right; and

Whereas, changes in Hawaii’s climate are already being felt, as evidenced by rising sea levels, coastal inundation, ocean warming as well as coral bleaching, heightened risk of wild fires, and increasing severe storms; and

Whereas, the entire community is impacted by the health and safety risks of fossil fuel expansion, particularly those who also face socioeconomic and health inequities, including low-income families, those experiencing homelessness, people of color and indigenous peoples, youth, seniors, those experiencing mental and physical disabilities, and people with health conditions; and

Whereas, youth and future generations have the most to lose from a lack of immediate action to stop fossil fuel expansion as they face major and lifelong health, ecological, social, and economic impacts from prolonged and cumulative effects of climate change, including food and water shortages, infectious diseases, and natural disasters; and

Whereas, the Paris Climate Agreement is silent on coal, oil, and gas, an omission with respect to the supply and production of fossil fuels (the largest source of GHG) that needs to be collectively addressed by other means; and

Whereas, the Glasgow Climate Pact provided for incremental improvements, only calling for a phase down, not a phase out, of coal; and

Whereas, global governments and the fossil fuel industry are currently planning to produce about one hundred twenty percent more emissions by 2030 than what is needed to limit warming to 1.5 degrees Celsius and avert catastrophic climate disruption, and such plans risk undoing the work of the State to reduce GHG emissions; and

Whereas, the fossil fuel industry is currently claiming over fifty percent of coronavirus disease 2019 pandemic recovery funding from senior levels of government in the Group of Twenty, thereby siphoning away recovery funding badly needed by cities and other industries; and

Whereas, the construction of new fossil fuel infrastructure and expanded reliance on fossil fuels expose communities to untenable risks to public health and safety at the local and global levels; and

Whereas, the economic opportunities presented by a clean energy transition far outweigh the opportunities presented by an economy supported by expanding fossil fuel use and extraction; and

Whereas, the community is committed, as part of the climate emergency response, to a just energy transition and to ambitious investments in the green infrastructure and industries that will create jobs and rapidly decarbonize the economy; and

Whereas, Hawaii recognizes that it is the urgent responsibility and moral obligation of wealthy fossil fuel producers to lead efforts to end fossil fuel development and to manage the decline of existing production; and

Whereas, a new global initiative is underway calling for a Fossil Fuel Non-Proliferation Treaty that would end new fossil fuel exploration and expansion, phase out existing production in line with the global commitment to limit warming to 1.5 degrees Celsius, and accelerate equitable transition plans; now, therefore,

Be it *Resolved* by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, the House of Representatives concurring, that this body affirms the State’s ongoing commitment to the goals of the Paris Climate Agreement, the United Nations Sustainable Development Goals, and greenhouse gas reduction targets as called for by the Intergovernmental Panel on Climate Change and pledges to meet its proportionate greenhouse gas reductions under the Paris Climate Agreement; and

Be it further *Resolved* that the State and each county are requested to formally endorse the call for a Fossil Fuel NonProliferation Treaty; and

Be it further *Resolved* that the United States government is urged to support the initiative for a Fossil Fuel NonProliferation Treaty; and

Be it further *Resolved* that certified copies of this Concurrent Resolution be transmitted to the United Nations Secretary General and High Commissioner for Human Rights, President and Vice President of the United States, President Pro Tempore of the United States Senate, Majority and Minority Leaders of the United States Senate, Speaker and Minority Leader of the United States House of Representatives, members of the Hawaii congressional delegation, Governor, and Mayor of each county.

POM-160. A resolution adopted by the House of Representatives of the State of New Hampshire condemning the Communist Party of China and the People’s Republic of China; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 15

Whereas, the communist party of China has ruled over the People’s Republic of China with an iron fist for 73 years since its founding in 1949; and

Whereas, the People’s Republic of China has illegally occupied Tibet since 1951; and

Whereas, the People’s Republic of China has illegally occupied Xinjiang since 1949; and

Whereas, the communist party of China and the People’s Republic of China are committing genocide against Uyghurs and other ethnic and religious groups; and

Whereas, the communist party of China and the People’s Republic of China have harvested organs of falun gong practitioners and political prisoners; and

Whereas, the communist party of China and the People’s Republic of China have violated the “one country, two systems” policy which gave Hong Kong special autonomy; and

Whereas, the communist party of China and the People’s Republic of China have violently and undemocratically clamped down on dissent in Hong Kong; and

Whereas, the People’s Republic of China has illegally constructed artificial islands in the South China Sea and have laid claim to other countries’ sovereign territorial waters; and

Whereas, the People’s Republic of China is increasingly becoming a threat to global democracy; and

Whereas, the communist party of China and the People’s Republic of China have made it their goal to destabilize America and its allies; and

Whereas, the Republic of China (Taiwan) is one of the world’s strongest democracies; now, therefore, be it

Resolved by the House of Representatives:

That the New Hampshire house of representatives stands with the people of Hong Kong and commends the Republic of China (Taiwan) for its strong democratic system; and

That the New Hampshire house of representatives condemns the communist party of the People’s Republic of China in the strongest possible terms and calls on the federal government to do more to curb the communist party of China’s global influence, impose more sanctions on the communist party of China, and to either eliminate the “one China” policy or to recognize the Republic of China (Taiwan) as the official China; and

That the house clerk forward copies of this resolution to the President of the United States, the President of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the New Hampshire congressional delegation, the Ambassador of the People’s Republic of China to the United States, and the Taipei Economic and Cultural Representative.

POM-161. A resolution adopted by the House of Representatives of the State of New Hampshire calling for the federal government to construct a nuclear waste repository to permanently store our nation’s nuclear waste; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 16

Whereas, the United States has no permanent nuclear waste storage facility; and

Whereas, spent nuclear fuel and other radioactive byproducts of nuclear power generation have nowhere to go and must remain on the sites of nuclear power facilities; and

Whereas, keeping nuclear waste on-site of nuclear power facilities potentially increases the risk to safety; and

Whereas, the state of New Hampshire has such a facility in Seabrook which stores nuclear waste on-site; now, therefore, be it

Resolved by the House of Representatives:

That the New Hampshire house of representatives requests the federal government construct a nuclear waste repository to permanently store our nation's nuclear waste; and

That copies of this resolution, signed by the speaker of the house of representatives be forwarded by him to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and to each member of the New Hampshire congressional delegation.

POM-162. A resolution adopted by the House of Representatives of the State of New Hampshire supporting the principles of federalism; to the Committee on the Judiciary.

HOUSE RESOLUTION NO. 9

Whereas, our nation was organized by the Constitution with a clear division of civil authority between the federal government and the individual states; and

Whereas, the Constitution contains several provisions intended to establish and preserve that proper balance of civil authority between the federal government and the individual states; and

Whereas, those provisions in the original Constitution include, in Article I, a Senate with equal suffrage for all states, equal suffrage for the House of Representatives when selecting a President, and a specific limitation of federal authority with the enumerated powers of Congress. In Article III there is a specific list of original jurisdictional authorities for the Supreme Court and Congressional control of appellate jurisdictional authority for the Supreme Court. In Article V equal suffrage is required for all states when proposing and ratifying constitutional amendments; and

Whereas, in the Bill of Rights certain rights of the people are enumerated in the first 8 amendments and the Ninth Amendment reserves all unenumerated rights for the people; and

Whereas, the Tenth Amendment clearly states: "The powers not delegated to the United States by the Constitution, nor

prohibited by it to the States, are reserved to the States respectively, or to the people;" and

Whereas, James Madison said in Federalist #45 "The powers delegated [that is, enumerated] by the proposed Constitution to the federal government are few and defined. Those which are to remain in the state governments are numerous and indefinite. The former [federal powers] will be exercised principally on external objects, as war, peace, negotiation, and foreign commerce; with which last the power of taxation will, for the most part, be connected. The powers reserved to the several states will extend to all the objects which in the ordinary course of affairs concern the lives, liberties, and properties of the people, and the internal order, improvement, and prosperity of the state;" and

Whereas, James Madison warned in 1792: "If Congress can apply money indefinitely to the 'general welfare,' and are the sole and supreme judges of the 'general welfare,' they may take the care of religion into their own hands; they may establish teachers in every state, county, and parish, and pay them out of the public treasury; they may take into their own hands, the education of children, establishing in like manner schools throughout the Union; they may undertake the regulation of all roads other than post roads. In short, everything, from the highest object of state legislation down to the most minute object of police would be thrown under the power of Congress ..."; and

Whereas, in 1791 Thomas Jefferson wrote: "I consider the foundation of the Constitution as laid on this ground that 'all powers not delegated to the United States, by the Constitution, nor prohibited by it to the states, are reserved to the states or to the people.' To take a single step beyond the boundaries thus specially drawn around the powers of Congress is to take possession of a boundless field of power, no longer susceptible of any definition;" and

Whereas, in 1800 Thomas Jefferson wrote: "What an augmentation [growth] of the field for jobbing, speculating, plundering, office-building, and office-hunting would be produced by an assumption of all the state powers into the hands of the [federal] government. The true theory of our Constitution is surely the wisest and best: that the States are independent as to everything within themselves, and united as to everything respecting foreign nations;" and

Whereas, Richard Henry Lee, in 1788 wrote: "In forming a federal constitution, which ex vi termini, supposes state governments existing, and which is only to manage a few great national concerns, we often find it easier to enumerate particularly the powers to be delegated to the federal head than to enumerate particularly the individual rights to be reserved;" and

Whereas, Supreme Court Justice Joseph Story wrote in 1833: "Let us never forget that our constitutions of government are solemn instruments, addressed to the common sense of the people and designed to fix and perpetuate their rights and their liberties. They are not to be frittered away to please the demagogues of the day. They are not to be violated to gratify the ambition of political leaders. They are to speak in the same voice now and forever. They are of no man's private interpretation. They are ordained by the will of the people and can be changed only by the sovereign command of the people"; now, therefore, be it

Resolved by the House of Representatives:

That the state of New Hampshire, on behalf of all the citizens of this individual state, renews its commitment to all of the unalienable rights of its citizens and all of the constitutional civil authority reserved for the individual state of New Hampshire; and

That the clerk of the New Hampshire house of representatives transmit a copy of this resolution to the President of the United States, the President of the United States Senate, and the Speaker and the Clerk of the United States House of Representatives.

POM-163. A resolution adopted by the House of Representatives of the State of New Hampshire requesting an investigation on whether opioids, benzodiazepines, and exposure to chemical agents contribute to suicides by veterans; to the Committee on Veterans' Affairs.

HOUSE RESOLUTION NO. 8

Whereas, in fiscal 2012, the Veterans Administration issued benzodiazepines to 28 percent of the 640,000 veterans seen for post traumatic stress disorder (PTSD), and the amount of prescriptions at the Veterans Administration for these drugs amounted to 2.4 million in fiscal 2014; and

Whereas, 27 percent of veterans who received opioid analgesics from 2004-2009 also received benzodiazepines; and

Whereas, benzodiazepines can be addictive and can possibly enhance fear following trauma and suicidal thoughts, they also have some valid uses, such as stopping panic attacks from escalating, easing sleep disorders, and helping agitated patients at high risk of harm to themselves or others; and

Whereas, the 2015 suicide rate for female veterans receiving care through the Veterans Health Administration was 17.8 per 100,000, compared to 45.6 male veterans under care; and

Whereas, the Department of Veterans Affairs now reports that the New Hampshire veterans suicide rate of 33 per year was, "significantly higher than the national suicide rate;" and

Whereas, 20.6 armed service veterans are taking their own lives each day, substantially

higher than the national average, with the suicide rate for veterans aged 18-34 increased substantially to 45 deaths per 100,000; and

Whereas, while the Veterans Administration's clinical practice guidelines recommend against their use in patients with PTSD due to "lack of efficacy data and growing evidence for the potential risk of harm," physicians often prescribe them to patients who come to them already taking those medications because abruptly stopping them can incur serious risks; and

Whereas, the suicide rate among veterans ages 18 to 27 receiving care at VA medical facilities is 79 per 100,000, and suicide rates among armed service veterans receiving care has been substantially higher than among those not under care; now, therefore, be it

Resolved by the House of Representatives:

That the New Hampshire house of representatives respectfully urges the Congress of the United States, the Department of Defense, and the Department of Veteran Affairs to continue to investigate whether opioids, benzodiazepines, exposure to agent orange, insecticides, pyridostigmine bromide, and nerve agents including, but not limited to, sarin and cyclosarin, as well as vaccines administered to military personnel such as Mefloquine, and constant, long term stress from service in the theater of operations are contributing to the high number of suicides by veteran members of the armed forces and whether veteran members of the armed forces who seek treatment for conditions that cause pain should receive alternative treatments such as chiropractic, physical therapy, occupational therapy, acupuncture, massage therapy, and/or osteopathic manipulation before receiving prescriptions for opioids; and

That the house clerk forward official copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the Secretary of Defense, the Secretary of Veterans Affairs, and to all the members of the New Hampshire congressional delegation with the request that this resolution be officially entered in the Congressional Record as a high priority for the Congress of the United States of America.

MORNING BUSINESS

The following morning business occurred on today.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mr. Swann, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO SIGNIFICANT TRANSNATIONAL CRIMINAL ORGANIZATIONS -- PM 36

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant transnational criminal organizations that was declared in Executive Order 13581 of July 24, 2011, under which additional steps were taken in Executive Order 13863 of March 15, 2019, is to continue in effect beyond July 24, 2022.

The activities of significant transnational criminal organizations have reached such scope and gravity that they threaten the stability of international political and economic systems. Such organizations are becoming increasingly sophisticated and dangerous to the United States; they are increasingly entrenched in the operations of foreign governments and the international financial system, thereby weakening democratic institutions, degrading the rule of law, and undermining economic markets. These organizations facilitate and aggravate violent civil conflicts and increasingly facilitate the activities of other dangerous persons.

Significant transnational criminal organizations continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to significant transnational criminal organizations declared in Executive Order 13581.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, July 21, 2022.

ORDER FOR CONSIDERATION OF MOTION TO BRING TO A CLOSE DEBATE ON HOUSE AMENDMENT TO SENATE AMENDMENT TO BILL H.R. 4346

By unanimous consent, on the request of Mr. SCHUMER,

Ordered, That, at 11 a.m. on today, the Senate vote on the question of agreeing to the motion to bring to a close debate on the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

HOUSE AMENDMENT TO BILL S. 3373

The Senate resumed consideration of the House message on bill S. 3373.

The question being on agreeing to amendment No. 5152 to amendment No. 5151 to the instructions (designated amendment No. 5150) contained in the motion to refer the pending House message on bill S. 3373 to the Committee on Veterans' Affairs.

ORDER FOR CONSIDERATION OF BILL H.R. 1842

By unanimous consent, on the request of Ms. ROSEN,

Ordered, That, if the Senate receives a message from the House that the bill (H.R. 1842) to require the Secretary of the Treasury to mint commemorative coins in recognition of the Bicentennial of Harriet Tubman's birth, the bill be considered read the first and second times, considered, and read the third time; that the Senate vote on the question of passage of bill H.R. 1842, with no intervening action or debate; and that a motion to reconsider be considered made and laid on the table.

HOUSE AMENDMENT TO BILL S. 3373

The Senate resumed consideration of the House message on bill S. 3373.

The question being on agreeing to amendment No. 5152 to amendment No. 5151 to the instructions (designated amendment No. 5150) contained in the motion to refer the pending House message on bill S. 3373 to the Committee on Veterans' Affairs.

Pending debate,

MOTION TO BRING TO A CLOSE DEBATE ON HOUSE AMENDMENT TO SENATE AMENDMENT TO BILL H.R. 4346

Pending debate,

RECESS

Pursuant to the order of yesterday, as modified,

At 12:54 p.m.,

The PRESIDING OFFICER declared the Senate recessed until 2:15 p.m.

AT 2:15 P.M.

The PRESIDING OFFICER (Ms. SINEMA in the chair) called the Senate to order.

HOUSE AMENDMENT TO SENATE AMENDMENT TO BILL H.R. 4346

The Senate resumed consideration of the House message on bill H.R. 4346.

The question being on agreeing to amendment No. 5136 to amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

Pending debate,

Mr. PAUL asked unanimous consent that the pending amendment be laid aside; that it be in order for him to propose an amendment (Numbered 5159); that there be 30 minutes, equally divided and controlled in the usual form, for debate thereon; and that, upon conclusion of debate, the Senate vote on the question of agreeing to the amendment, with no intervening action or debate.

After debate,

Ms. CANTWELL objected.

The question being on agreeing to amendment No. 5136 to amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

Pending debate,

Mr. PORTMAN asked unanimous consent that the pending amendment be laid aside; that it be in order for him to propose an amendment (Numbered 5158); that there be 30 minutes, equally divided and controlled in the usual form, for debate thereon; and that, upon conclusion of debate, the Senate vote on the question of agreeing to the amendment, with no intervening action or debate.

After debate,

Ms. CANTWELL objected.

The question being on agreeing to amendment No. 5136 to amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

ORDER FOR CONSIDERATION OF HOUSE MESSAGES ON BILLS H.R. 4346 AND S. 3373

By unanimous consent, on the request of Ms. CANTWELL,

Ordered, That, at 4:55 p.m. on today, if Mr. RICK SCOTT makes a budget point of order, and a motion to waive is made, the Senate vote on the question of agreeing to said motion to waive; that, if Mr. SANDERS makes a budget point of order, and a motion to waive is made, then, at 11:30 a.m. on tomorrow, time for debate, pursuant to the provisions of rule XXII of the Standing Rules of the Senate, on the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346 be concluded; that amendment No. 5136 be withdrawn; that the Senate vote on the questions of agreeing to the motion to waive the budget point of order made by Mr. SANDERS and the question of agreeing to the motion to concur, with amendment.

Ordered further, That, upon conclusion of the vote on said motion to concur, with amendment, the Senate resume consideration of the House message on bill S. 3373; that, at 4:30 p.m. on tomorrow, notwithstanding the provisions of rule XXII of the Standing Rules of the Senate, the Senate vote on the question of agreeing to the motion to bring to a close debate on the motion to concur in the amendment (in the nature of a substitute) of the House to bill S. 3373.

HOUSE AMENDMENT TO SENATE AMENDMENT TO BILL H.R. 4346

The Senate resumed consideration of the House message on bill H.R. 4346.

The question being on agreeing to amendment No. 5136 to amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

Mr. RICK SCOTT raised a point of order, viz, that the pending amendment, Numbered 5135, violates section 404(a) of S. Con. Res. 13 (111th Congress), as amended by S. Con. Res. 11 (114th Congress), and therefore is not in order.

On motion by Ms. CANTWELL, under section 404(b) of S. Con. Res. 13 (111th Congress), as amended by S. Con. Res. 11 (114th Congress), to waive provisions of the Budget Act for consideration of amendment No. 5135.

On motion by Ms. CANTWELL,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of agreeing to the motion to waive.

The hour of 4:55 p.m. having passed,

Pursuant to the order of today, as modified,

The question being taken.

It was determined in the affirmative---

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-165. A resolution adopted by the Senate of Louisiana urging and requesting the Federal Reserve Board, the office of the comptroller of the currency, the Federal Deposit Insurance Corporation, the Consumer Financial Protection Bureau, the National Credit Union Administration, and the office of financial institutions to refrain from enacting or adopting laws, rules, regulations, or guidance that restricts the ability of banks, savings and loan associations, savings banks, credit unions, trust companies, or payment processors from offering products or services to the fossil fuel industry; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 203

Whereas, the fossil fuel industry contributes to the economy of the state and to the prosperity of its citizens; and

Whereas, the fossil fuel industry produces consumer-ready resources, continues to create thousands of jobs for our workforce, and remains committed to the safety of our communities and the preservation of the environment; and

Whereas, in recent years the fossil fuel industry has been unfairly denied financing by large lenders; and

Whereas, four of the six largest United States banks, Citigroup Inc., Goldman Sachs Group Inc., Morgan Stanley, and Wells Fargo and Company, have pledged over the past year to end funding for new drilling and exploration projects; and

Whereas, in order to be successful in the fossil fuel industry, businesses rely on banks, credit unions, and other financial institutions for funding. Therefore, be it.

Resolved that the Senate of the Legislature of Louisiana memorializes the Congress of the United States and urges and requests the Federal Reserve Board, the office of the comptroller of the currency, the Federal Deposit Insurance Corporation, the Consumer Financial Protection Bureau, the National Credit Union Administration, and the office of financial institutions to refrain from enacting rules or regulations that restrict the ability of banks, savings and loan associations, savings banks, credit unions, trust companies, or payment processors from

offering products or services to the fossil fuel industry; and be it further.

Resolved that a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives, each member of the Louisiana delegation to the United States Congress, the chairman of the Federal Reserve Board, the acting comptroller of the currency of the office of the comptroller of the currency, the chairman of the board of directors of the Federal Deposit Insurance Corporation, the director of the Consumer Financial Protection Bureau, the National Credit Union Administration Board, and the commissioner of the office of financial institutions.

POM-166. A resolution adopted by the Senate of Louisiana urging and requesting the Federal Reserve Board, the office of the comptroller of the currency, the Federal Deposit Insurance Corporation, the Consumer Financial Protection Bureau, the National Credit Union Administration, and the office of financial institutions to refrain from enacting or adopting laws, rules, regulations, or guidance that restricts the ability of banks, savings and loan associations, savings banks, credit unions, trust companies, or payment processors from offering products or services to the fossil fuel industry; to the Committee on Banking, Housing, and Urban Affairs.

SENATE RESOLUTION NO. 223

Whereas, the fossil fuel industry contributes to the economy of the state and to the prosperity of its citizens; and

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives, each member of the Louisiana delegation to the United States Congress, the chairman of the Federal Reserve Board, the acting comptroller of the currency, the chairman of the board of directors of the Federal Deposit Insurance Corporation, the director of the Consumer Financial Protection Bureau, the National Credit Union Administration Board, and the commissioner of the office of financial institutions.

POM-167. A resolution from the House of Representatives of the Commonwealth of Puerto Rico supporting the congressional bill H. R. 7409, known as the "Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022" (Trust for Puerto Rico Act of 2022), introduced by Congressman Ritchie Torres, that would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board after certification of a balanced budget for two consecutive fiscal years; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION NO. 764

Over the past decades, Puerto Rico's economic growth has experienced a deceleration that has resulted in the loss of competition in the private sector and a severe financial crisis in the governmental sector.

The Island's economic recession began in 2006. However, it should be noted that the financial crisis precedes it, because previous government administrations issued debt amounting to billions of dollars to finance budget deficits, thus presenting to the Island the illusion of a balanced budget, as provided by our Constitution. It is worth noting that a \$45 billion debt was issued between 2000 and 2012. Approximately half of the money was used to finance budget deficits and to defray the government's payroll expense and spending.

We must remember that the financial crisis broke that started during the first decade of the 21st century led to the subsequent enactment of the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) and the creation of the Financial Oversight Board, hereinafter the "Board," for the purpose of managing Puerto Rico's finances.

Ever since PROMESA and the Board became effective in 2016, the government of Puerto Rico has maneuvered to meet the

financial requirements imposed within this new reality. Under PROMESA, the territorial government must approve a balanced budget for four (4) consecutive fiscal years in order to require the termination of the Board. Given this scenario, it must be noted that, since the Board began operations, the first balanced budget was approved by the current Legislative Assembly for fiscal year 2021-2022.

In view of this context, and given the imposition of an antidemocratic body such as the Financial Oversight Board, Congressman RITCHIE TORRES started this initiative to amend PROMESA in order to reduce the required number of balanced budgets to four (4) to just two (2). Furthermore, this measure establishes that the Board shall be terminated 90 days after the certification of the second balanced budget. Thus, any ambiguity within the statute in effect regarding the Board's termination is eliminated.

This House of Representatives believes that the bill introduced by Congressman RITCHIE TORRES (H.R. 7409, better known as "Trust for Puerto Rico Act of 2022") provides a mechanism to restore power to the people of Puerto Rico, and consequently, to its democratically elected officials. Liberty and democracy are two pillars of our government and our goal must be to strengthen them; therefore, we are duty-bound to promote and support policies aimed at its attainment. It is time to raise our voices and join in any effort that seeks to restore the people of Puerto Rico's control and power over its finances as soon as possible.

For all of the foregoing, this House of Representatives expresses its firm support to congressional bill H.R. 7409, known as the "Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022" (Trust for Puerto Rico Act of 2022), introduced by Congressman RITCHIE TORRES. This bill would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board after the certification of a balanced budget for two consecutive fiscal years.

Be it resolved by the House of Representatives of Puerto Rico:

Section 1.—The House of Representatives of the Commonwealth of Puerto Rico hereby expresses its firm support to congressional bill H.R. 7409, known as the "Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022" (Trust for Puerto Rico Act of 2022), introduced by Congressman RITCHIE TORRES, that would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board

after the certification of a balanced budget for two consecutive fiscal years.

Section 2.—A copy of this Resolution shall be translated into the English language and delivered to the President of the United States of America, Joseph R. Biden and the leadership of the United States Congress.

Section 3.—This Resolution shall take effect upon its approval.

POM-168. A resolution adopted by the Senate of the State of Hawaii urging the United States Congress and Hawaii's congressional delegation to support legislation establishing medicare for all; to the Committee on Finance.

SENATE RESOLUTION NO. 201

Whereas, Hawaii's residents deserve high quality health care; and

Whereas, the economic vitality of Hawaii is closely linked to the physical well-being of its residents; and

Whereas, the novel coronavirus disease 2019 (COVID-19) pandemic led to record levels of unemployment and the loss of employer-sponsored health insurance for hundreds of thousands of Hawaii's workers; and

Whereas, according to a University of Michigan study published in 2010, Native Hawaiians are far more likely to suffer an early death in comparison to Caucasians; and

Whereas, people often delay needed medical treatments due to an inability to pay for health care costs, which further jeopardizes the health of those individuals; and

Whereas, these individuals are significantly more likely to develop serious illness if they contract COVID-19; and

Whereas, managed care and other market-based reforms have failed to contain health care costs, resulting in medical problems and cost burdens for working families; and

Whereas, under a single-payer health care system, nonmedical expenses nationwide could be reduced to approximately six to eight percent of total health care costs, saving more than one trillion dollars; and

Whereas, Medicare for All would provide national health insurance without copayments and deductibles for every person in the United States for all necessary medical care, including prescription drugs, hospital visits, surgical and outpatient services, primary and preventive care, emergency services, reproductive care, dental and vision services, and long-term care; now, therefore, Be it

Resolved by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that the United States Congress and Hawaii's congressional delegation are urged to support legislation establishing Medicare for All; and be it further

Resolved, That certified copies of this Resolution be transmitted to the Speaker of the United States House of Representatives, President of the United States Senate, and members of the Hawaii congressional delegation.

POM-169. A resolution adopted by the Senate of the State of Hawaii affirming Hawaii's ongoing commitment to the goals of the Paris Climate Agreement, the United Nations Sustainable Development Goals, and endorsement of the Fossil Fuel Non-Proliferation Treaty; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 95

Whereas, the scientific consensus is clear that human activities are primarily responsible for accelerating global climate change, and that the climate crisis now represents one of the preeminent threats to global civilization; and

Whereas, the Intergovernmental Panel on Climate Change (IPCC) reported in 2018 that we must achieve net zero in greenhouse gas emissions (GHGs) by the middle of this century in order to have a reasonable chance of limiting global warming to 1.5 degrees Celsius; and

Whereas, the IPCC released its Sixth Assessment Report from Working Group II, which was approved by one hundred ninety-five member states, in February 2022, and the summary for policy makers notes that there is high confidence that "the rise in weather and climate extremes has led to some irreversible impacts as natural and human systems are pushed beyond their ability to adapt"; and

Whereas, the United Nations (UN) Secretary-General Antonio Guterres, responded, "The IPCC is an atlas of human suffering ... according to current commitment, global emissions are set to increase almost 14 percent It will destroy any chance of keeping 1.5 alive ... coal and other fossil fuels are choking humanity"; and

Whereas, the UN Human Rights Council in 2021 adopted landmark legislation, Resolution 48/13, recognizing a clean, healthy and sustainable environment is a human right; and

Whereas, changes in Hawaii's climate are already being felt, as evidenced by rising sea levels, coastal inundation, ocean warming as well as coral bleaching, heightened risk of wild fires, and increasing severe storms; and

Whereas, the entire community is impacted by the health and safety risks of fossil fuel expansion, particularly those who also face socioeconomic and health inequities, including low-income families, those experiencing homelessness, people of color and indigenous peoples, youth, seniors, those experiencing mental and physical disabilities, and people with health conditions; and

Whereas, youth and future generations have the most to lose from a lack of immediate action to stop fossil fuel expansion as they face major and lifelong health, ecological, social, and economic impacts from prolonged and cumulative effects of climate change, including food and water shortages, infectious diseases, and natural disasters; and

Whereas, the Paris Climate Agreement is silent on coal, oil, and gas, an omission with respect to the supply and production of fossil fuels (the largest source of GHGs) that needs to be collectively addressed by other means; and

Whereas, the Glasgow Climate Pact improved incrementally only calling for a phase down not a phase out of coal; and

Whereas, global governments and the fossil fuel industry are currently planning to produce about one hundred twenty percent more emissions by 2030 than what is needed to limit warming to 1.5 degrees Celsius and avert catastrophic climate disruption, and such plans risk undoing the work of the State to reduce GHG emissions; and

Whereas, the fossil fuel industry is currently claiming over fifty percent of coronavirus disease 2019 pandemic recovery funding from senior levels of government in the G20, thereby siphoning away recovery funding badly needed by cities and other industries; and

Whereas, the construction of new fossil fuel infrastructure and expanded reliance on fossil fuels exposes communities to untenable risks to public health and safety at the local and global levels; and

Whereas, the economic opportunities presented by a clean energy transition far outweigh the opportunities presented by an economy supported by expanding fossil fuel use and extraction; and

Whereas, the community is committed, as part of the climate emergency response, to a just energy transition and to ambitious investments in the green infrastructure and industries that will create jobs and rapidly decarbonize the economy; and

Whereas, Hawaii recognizes that it is the urgent responsibility and moral obligation of wealthy fossil fuel producers to lead in putting an end to fossil fuel development and to manage the decline of existing production; and

Whereas, a new global initiative is underway calling for a Fossil Fuel Non-Proliferation Treaty that would end new fossil fuel exploration and expansion, phase out existing production in line with the global commitment to limit warming to 1.5 degrees Celsius, and accelerate equitable transition plans: Now, therefore, be it

Resolved by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that this body affirms the State's ongoing commitment to the goals of

the Paris Climate Agreement, the UN Sustainable Development Goals, and the GHG reduction targets as called for by the IPCC, and pledges to meet its proportionate greenhouse gas reductions under the Paris Climate Agreement; and be it further

Resolved, That the State and each county are requested to formally endorse the call for a Fossil Fuel Non-Proliferation Treaty; and be it further

Resolved, That the U.S. government is urged to support the initiative for a Fossil Fuel Non-Proliferation Treaty; and be it further

Resolved, That certified copies of this Resolution be transmitted to the United Nations Secretary General and High Commissioner for Human Rights, President and Vice President of the United States, President Pro Tempore of the United States Senate, Majority and Minority Leaders of the United States Senate, Speaker and Minority Leader of the United States House of Representatives, members of the Hawaii congressional delegation, Governor, and Mayor of each county.

POM-170. A resolution adopted by the Senate of the State of Hawaii urging the President of the United States to issue a presidential directive ordering federal agencies to report disaggregated Native Hawaiian and Pacific Islander data in compliance with the Office of Management and Budget Statistical Directive No. 15; to the Committee on Homeland Security and Governmental Affairs.

SENATE RESOLUTION NO. 82

Whereas, racial and ethnic data play a critical role in identifying disparities, monitoring programs for civil rights compliance, informing public policy development, and guiding funding priorities; and

Whereas, the Association of Hawaiian Civic Clubs has adopted over thirty resolutions since 2005 that either cited disaggregated data in support of Native Hawaiian issues, honored Native Hawaiian-serving institutions and community members that contributed or safeguarded Native Hawaiian data, or urged government agencies at the federal, state, and local levels to provide data disaggregating Native Hawaiians and other Pacific Islanders, including Resolutions 2020-42, 2019-46, 2013-16, 2012-12, 2010-20, and 2008-35; and

Whereas, the federal Office of Management and Budget revised Statistical Policy Directive No. 15 in 1997, separating the “Asian and Pacific Islander” category into the “Asian” and “Native Hawaiian and Other Pacific Islander” categories; and

Whereas, numerous data reports at the local, state, and federal level continue to fail

to report disaggregated Native Hawaiian data as detailed in “Data Justice: About Us, By Us, For Us,” issued by the Hawai‘i Budget and Policy Center and Papa Ola Lokahi on March 5, 2021; and

Whereas, the importance of urging government agencies to improve data collection and reporting practices and access to disaggregated Native Hawaiian data has been recognized by the Legislature through the resolution titled, “Recognizing the importance of 21st Century Data Governance and Fact-Based Policymaking”, and by the City and County of Honolulu through the resolution titled, “Urging the State of Hawaii and the City and County of Honolulu to Disaggregate Racial Data Collection and Reporting Beyond Federal Minimum Standards”; and

Whereas, California Government Codes 8310.5 and 8310.7, explicitly require California state agencies to collect data for each major Native Hawaiian and Pacific Islander group, including “Hawaiians”, separate from “Samoans”, “Tongans”, “Fijians”, and “Chamorros”; and

Whereas, Hawaii and California have released disaggregated Native Hawaiian COVID-19 case and death data that identified disparities between Native Hawaiians and other Pacific Islander groups, which has contributed to the justification of more culturally tailored and effective services; and

Whereas, numerous federal agencies fail to utilize a “Native Hawaiian & Pacific Islander” category when reporting data from critical surveys, such as the United States Department of Education’s Early Childhood Longitudinal Survey and the United States Department of Health and Human Services’ National Health Interview Survey, among others; and

Whereas, article II, section 1, clause 1, of the United States Constitution vests in the President the discretion to issue federal directives for the purpose of managing executive branch resources; and

Whereas, the Office of Management and Budget is an office within the Executive Office of the President of the United States; now, therefore, be it,

Resolved, by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that the President of the United States is urged to issue a presidential directive ordering federal agencies to report disaggregated Native Hawaiian and Pacific Islander data in compliance with the Office of Management and Budget Statistical Policy Directive No. 15; and be it further

Resolved, That the President of the United States is urged to issue a presidential directive ordering federal agencies to take all appropriate steps to fully comply with Office of Management and Budget Statistical Policy Directive No. 15; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President and Vice President of the United States; Director of Management and Budget; Deputy Assistant to the President and Asian American, Native Hawaiian, and Pacific Islander Senior Liaison; Secretary of Health and Human Services; Executive Director of the White House Initiative on Asian Americans, Native Hawaiians and Pacific Islanders; Governor; Chairperson of the Board of Trustees of the Office of Hawaiian Affairs; and Office of the Mayor for each county.

POM-171. A resolution adopted by the Senate of the State of Hawaii urging the State and each county to adopt the Global Pact for the environment to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 94

Whereas, the State is recognized as a global partner and local leader in promotion of human rights and protection of the earth through its consistent acceptance of global standards that better serve our islands and the world; and

Whereas, Hawai‘i is guided by traditional Kanaka Maoli values and emerging international human rights principles to generate positive policy encouraging prevention and precaution regarding the planet; and

Whereas, in September 2015, the United Nations General Assembly adopted the historic “Transforming our world: the 2030 Agenda for Sustainable Development” (2030 Development Agenda), which is a comprehensive, compassionate, creative, and courageous plan of action to end poverty, protect the planet, and ensure that all people enjoy peace and prosperity; and

Whereas, the 2030 Development Agenda includes seventeen sustainable development goals, one hundred sixty-nine targets, and two hundred thirty indicators upon which general agreement has been reached to measure, monitor, and mobilize to achieve these goals and targets; and

Whereas, goals 13 through 17 of the United Nations sustainable development goals are vital to protecting the State’s land and people and should be adopted as local policy and governing principles for local government entities and other organizations; and

Whereas, goals 13 through 17 of the United Nations sustainable development goals are the following, respectively:

(1) Take urgent action to combat climate change and its impacts;

(2) Conserve and sustainably use the oceans, seas, and marine resources for sustainable development;

(3) Protect, restore, and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss;

(4) Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable, and inclusive institutions at all levels; and

(5) Strengthen the means of implementation and revitalize the global partnership for sustainable development; and

Whereas, in December 2015, parties to the United Nations Framework Convention on Climate Change, also known as Conference of the Parties, adopted the Paris Agreement that further limited the allowable temperature increase to 1.5 degrees Celsius to protect our Pacific neighbors; and

Whereas, Hawai'i continues to partner with other states, territories, and nation-states with the "We Are Still In" movement; and

Whereas, the Pacific islands in the Pacific Islands Forum for Oceania have undertaken creative campaigns to partner with the United Nations' specialized agency programs and funding, as well as participating in the United Nations' major forums, including the High-Level Political Forum on Sustainable Development, which focuses on the United Nations sustainable development goals; and

Whereas, the Global Pact for the Environment (Global Pact) is an initiative led by the hosts of the United Nations Framework Convention on Climate Change in Paris to address the fragmented nature and inconsistent implementation of international environmental law by enumerating fundamental climate change principles in one legally binding framework for current and future generations for equity and equality; and

Whereas, the Global Pact will serve as a cornerstone in international human rights and environmental law and create a more coherent global environmental governance; and

Whereas, the Global Pact addresses the challenges posed by environmental degradation in the context of sustainable development and induces a greater degree of uniformity for environmental laws in all states; and

Whereas, the Global Pact consists of over two dozen articles that cover a variety of topics and ideas to consider for implementation, including:

(1) The right to an ecologically sound environment;

(2) The duty to take care of the environment;

(3) Integration and sustainable development;

(4) Intergenerational equity;

(5) Prevention;

(6) Precaution;

(7) Environmental damages;

(8) Polluter-pays;

(9) Access to information;

(10) Public participation;

(11) Access to environmental justice;

(12) Education and training;

(13) Research and innovation;

(14) The role of non-state actors and subnational entities;

(15) The effectiveness of environmental norms;

(16) Resilience;

(17) Environmental non-regression;

(18) Cooperation;

(19) Armed conflicts;

(20) The diversity of national situations;

(21) Monitoring implementation of the Pact; and

(22) Other topics focusing on the Secretariat, signature, ratification, acceptance, approval, entry into force, denunciation, and depositary; and

Whereas, the Global Pact provides an agenda based upon the articles for grassroots and global action to generate the political will to protect the planet today and tomorrow; and

Whereas, the State desires to promote sustainable development where each generation can satisfy its needs without compromising the capability of future generations to meet their needs to respect the balance and integrity of the Earth's and Hawai'i's fragile ecosystem; and

Whereas, Hawai'i emphasizes the vital role of women to achieve the United Nations sustainable development goals and the necessity to promote gender equality and empowerment of wahine for global general well-being; and

Whereas, Hawai'i is already involved in international initiatives to protect the planet and the Oceania region by actively participating in many United Nations annual sessions and meetings and by partnering with United Nations specialized agencies, programs, and funds, including partnering with the United Nations Office of the High Commissioner for Human Rights and participating in the United Nations Environment Programme; and

Whereas, in Hawai'i, college, community, and capital dialogues on the Paris Agreement and the 2030 Development Agenda, among other climate change topics, continue to generate genuine insight that contributes to Voluntary Local Reviews, which are voluntary reports to the United Nations on local progress on implementing the United Nations sustainable development goals; and

Whereas, local opportunities for the State's youth to learn about and participate in climate change initiatives include opportunities at colleges and universities that provide input on achieving the Global Pact,

with a focus on research and innovation, and participation in a Hawai'i human rights and resilience process; now, therefore, *Resolved*, By the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, that the State and each county are urged to adopt the Global Pact to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17; and be it further

Resolved, That the Global Pact should be embraced and that protection of nature should be the centerpiece of the State's policies and practices; and be it further

Resolved, That certified copies of this Resolution be transmitted to the United Nations Secretary General and High Commissioner for Human Rights, President and Vice President of the United States, President Pro Tempore of the United States Senate, Majority and Minority Leaders of the United States Senate, Speaker and Minority Leader of the United States House of Representatives, each member of Hawai'i's congressional delegation, Governor, and mayors of each county of Hawai'i.

APPOINTMENT OF ACTING
PRESIDENT PRO TEMPORE

The Senior Assistant Legislative Clerk read the following communication from the PRESIDENT pro tempore:

U.S. SENATE

PRESIDENT PRO TEMPORE,

Washington, DC, July 27, 2022.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable SHERROD BROWN, a Senator from the State of Ohio, to perform the duties of the Chair.

PATRICK J. LEAHY,

PRESIDENT pro tempore.

Mr. BROWN took the chair.

THE JOURNAL

Pursuant to the order of yesterday,
The Journal of the proceedings of the Senate was deemed approved to date.

CERTAIN PROCEDURES DISPENSED
WITH

Pursuant to the order of yesterday,
The morning hour being deemed expired, the times for the recognition of the two leaders being reserved, and morning business being closed.

HOUSE AMENDMENT TO SENATE
AMENDMENT TO BILL H.R. 4346

Pursuant to the order of yesterday,

The ACTING PRESIDENT pro tempore laid before the Senate its unfinished business, viz, the amendment (in the nature of a substitute) received from the House of Representatives for concurrence to the amendment (in the nature of a substitute) of the Senate to the bill (H.R. 4346) making appropriations for Legislative Branch for the fiscal year ending September 30, 2022, and for other purposes; and

The Senate resumed consideration of the House message.

The question being on agreeing to amendment No. 5136, proposed by Mr. SCHUMER, to amendment No. 5135, proposed by Mr. SCHUMER, contained in the motion, by Mr. SCHUMER, to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

Pending debate,

Mr. SANDERS asked unanimous consent that it be in order for him to propose his amendment, Numbered 5145; that the amendment be considered and agreed to; and that a motion to reconsider be considered made and laid on the table, with no intervening action or debate.

Ms. CANTWELL objected.

The question being on agreeing to amendment No. 5136 to amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of a substitute) of the Senate to bill H.R. 4346.

Pursuant to the order of yesterday,

Mr. SANDERS raised a point of order, viz, that pending amendment No. 5135, contained in the motion to concur, with amendment, violates section 4106 of H. Con. Res. 71 (115th Congress), and therefore is not in order.

On motion by Ms. CANTWELL, under section 904 of the Congressional Budget Act, to waive provisions of the Act and law, and Budget resolutions, for consideration of pending amendment No. 5135, contained in the motion to concur, with amendment.

On motion by Ms. CANTWELL,

The yeas and nays, being desired by one-fifth of the Senators present, were ordered on the question of agreeing to the pending motion.

After debate,

The question being on agreeing to the pending motion to waive.

The hour of 11:30 a.m. having passed,

Pursuant to the order of yesterday, as modified,

Time for debate, pursuant to the provisions of rule XXII of the Standing Rules of the Senate, on amendment No. 5135 contained in the motion to concur, with amendment, in the amendment (in the nature of a substitute) of the House to the amendment (in the nature of

a substitute) of the Senate to bill H.R. 4346, was considered concluded.

The question being on agreeing to the pending motion to waive.

Pursuant to the order of yesterday, Amendment No. 5136 was withdrawn.

The question being on agreeing to the pending motion to waive.

Pursuant to the order of yesterday,

The question being taken.

It was determined in the affirmative---

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mr. Swann, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO LEBANON -- PM 37

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Lebanon declared in Executive Order 13441 of August 1, 2007, is to continue in effect beyond August 1, 2022.

Certain ongoing activities, such as Iran's continuing arms transfers to Hizballah—which include increasingly sophisticated weapons systems—serve to undermine Lebanese sovereignty, contribute to political and economic instability in the region, and continue to constitute an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13441 with respect to Lebanon.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, July 28, 2022.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-173. A resolution adopted by the House of Representatives of the State of Louisiana urging the United States Congress to enact federal legislation requiring food service establishments to notify patrons if they are serving imported shrimp; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE RESOLUTION No. 253

Whereas, according to the National Oceanic and Atmospheric Administration, in 2019 the United States imported six billion

pounds of edible seafood products, including one and one half billion pounds of shrimp, an increase of nearly six and one half million pounds more than the shrimp imported in 2018; and

Whereas, the 2019 shrimp imports alone, valued at six billion dollars, accounted for twenty-seven percent of the total value of imported seafood that year, which reached twenty-two billion dollars; and

Whereas, it is estimated that over half of the imported seafood consumed in the United States is from aquaculture, or seafood farming, rather than wild-caught; and

Whereas, the United States Food and Drug Administration (FDA) is responsible for the safety of all fish and fishery products entering the United States and sold in Louisiana; and

Whereas, the FDA's seafood safety program is governed by its Hazard Analysis Critical Control Point regulations, which address food safety management through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution, and consumption of the finished product; and

Whereas, FDA regulations are supposed to measure compliance for imported seafood with inspections of foreign processing facilities, sampling of seafood offered for import into the United States, domestic surveillance sampling of imported products, inspections of seafood importers, foreign country program assessments, and the use of information from foreign partners and FDA overseas offices; and

Whereas, in 2011 the FDA was only inspecting two percent of the seafood imported into the United States; and

Whereas, unfortunately 2011 is the last year for which data regarding the percentage of imports inspected is available due to a lack of transparency and inadequate assessment measures; and

Whereas, in 2011 the Government Accountability Office (GAO) noted that the FDA's assessments of foreign aquaculture operations was limited by the FDA's lack of procedures, criteria, and standards; and ten years later, a 2021 GAO report found that the agency was failing to monitor the effectiveness of its own enforcement policies and procedures; and

Whereas, in contrast, the European Union regularly conducts physical checks of approximately twenty percent of all imported fish products that are fresh, frozen, dry, salted, or hermetically sealed, and for certain fishery products, physical checks are conducted on approximately fifty percent of imports; and

Whereas, the Louisiana State University School of Renewable Natural Resources published a 2020 paper titled "Determination of Sulfite and Antimicrobial Residue in

Imported Shrimp to the USA", which presented findings from a study of shrimp imported from India, Thailand, Indonesia, Vietnam, China, Bangladesh, and Ecuador and purchased from retail stores in Baton Rouge, Louisiana; and

Whereas, a screening of these shrimp for sulfites and residues from antimicrobial drugs found the following: (1) five percent of the shrimp contained malachite green, (2) seven percent contained oxytetracycline, (3) seventeen percent contained fluoroquinolone, and (4) seventy percent contained nitrofurantoin, all of which have been banned by the FDA in domestic aquaculture operations; and

Whereas, although the FDA requires that food products exposed to sulfites must include a label with a statement about the presence of sulfites, of the forty-three percent of these locally purchased shrimp found to contain sulfites, not one package complied with this labeling requirement; and

Whereas the drug and sulfite residues included in this screening, can be harmful to human health during both handling and consumption and have been known to cause all of the following: liver damage and tumors, reproductive abnormalities, cardiac arrhythmia, renal failure, hemolysis, asthma attacks, and allergic reactions; and

Whereas, the results of this study confirm that existing screening and enforcement measures for imported seafood are insufficient; whatever the percentage of imports inspected may be, seafood is currently being imported that contains unsafe substances that put American consumers at risk; and

Whereas, because imported seafood is not held to the same standards as domestic seafood, domestic fishing industries are put at a distinct and significant disadvantage commercially; and

Whereas, according to the Louisiana Department of Wildlife and Fisheries, the average value of Louisiana shrimp fell from three dollars eighty cents per pound in 1980 to one dollar fifty cents per pound in 2017; and

Whereas, this unfair competition allows foreign competitors to flood the United States market with shrimp harvested under intensive farming practices using antimicrobial drugs, while devastating local industries and the coastal communities built around them; and

Whereas, Louisiana passed a law in 2019 requiring food service establishments to provide notice to patrons that they are serving shrimp imported from, a foreign country; and

Whereas, Louisiana Revised Statute 40:5.5.4 requires any food service establishment that sells or provides cooked or prepared shrimp originating outside the United States to display the country of origin of such shrimp, or denote that it is imported, on all menus in the same font as the rest of

the menu, or if no menu is used, to display such information on a sign at least eighteen inches tall and wide, located in a conspicuous place, with lettering at least one inch in size; and

Whereas, like Louisiana consumers, consumers across the United States deserve to be protected from harmful chemicals and residues found in imported shrimp; and

Whereas, consumers across the United States likewise have the right to know whether the shrimp prepared and served to them in food service establishments are imported; therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to enact federal legislation requiring food service establishments to provide notice to patrons if they are serving imported shrimp; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of Congress and to each member of the Louisiana congressional delegation.

POM-174. A resolution adopted by the House of Representatives of the State of Louisiana urging the United States Congress to support the Water Resources Development Act of 2022, including Congressman Troy Carter's amendment to review recreational hazards along the banks of the Mississippi River, in order to protect lives by alerting the public to dangerous conditions on the river and riverbank; to the Committee on Environment and Public Works.

HOUSE RESOLUTION NO. 210

Whereas, three children tragically lost their lives in Algiers on April 23, 2022; and

Whereas, 8-year-old Ally Wilson, 14-year-old Brandy Wilson, and 15-year-old Kevin Poole went missing while playing on the bank of the Mississippi River near the Crescent City Connection and are believed to have been taken by the strong current of the river; and

Whereas, this devastating tragedy has called attention to the dangers posed by open access to the banks of the Mississippi River and the lack of safety measures and warning signs cautioning the public against hazards along the riverbank and dangerous river conditions; and

Whereas, the New Orleans City Council unanimously passed a resolution directing several government agencies to take all necessary steps to install warning signs in the area where these children accessed the river; and

Whereas, Congress is currently considering the Water Resources and Development Act of 2022 (WRDA), a bill passed by every session of Congress that authorizes and funds the

activities of the United States Army Corps of Engineers relative to flood control, navigation, and ecosystem restoration; and

Whereas, the Mississippi River levee system is under the jurisdiction of the United States Army Corps of Engineers and the banks of the Mississippi River can be regulated through legislation under WRDA; and

Whereas, on May 18, 2022, Congressman Troy Carter of Louisiana was able to add an amendment to the United States House of Representatives version of WRDA, introduced as H.R. 7776 of the 117th Congress, which would require the United States Army Corps of Engineers to review potential threats to human life and safety from recreational areas at the banks of the Mississippi River in Louisiana and to install signage and other measures at such recreational areas necessary to alert the public of hazardous water conditions or to otherwise minimize or eliminate any identified threats to human life and safety; and

Whereas, these efforts by the City of New Orleans and Congressman Troy Carter have the potential to save lives and prevent the type of tragic loss experienced by the Wilson and Poole families, and the Algiers community, this spring: Now, Therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to support the Water Resources Development Act of 2022, including Congressman Troy Carter's amendment to review recreational hazards along the banks of the Mississippi River, in order to protect lives by alerting the public to dangerous conditions on the river and riverbank; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the United States Senate, the House of Representatives, and to each member of the Louisiana congressional delegation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-175. A resolution from the House of Representatives of the Commonwealth of Puerto Rico expressing its firm support to congressional bill H.R. 7409, known as the

"Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022" (Trust for Puerto Rico Act of 2022), introduced by Congressman Ritchie Torres, that would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board after certification of a balanced budget for two consecutive fiscal years; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION No. 764

Over the past decades, Puerto Rico's economic growth has experienced a deceleration that has resulted in the loss of competition in the private sector and a severe financial crisis in the governmental sector.

The Island's economic recession began in 2006. However, it should be noted that the financial crisis precedes it, because previous government administrations issued debt amounting to billions of dollars to finance budget deficits, thus presenting to the Island the illusion of a balanced budget, as provided by our Constitution. It is worth noting that a \$45 billion debt was issued between 2000 and 2012. Approximately half of the money was used to finance budget deficits and to defray the government's payroll expense and spending.

We must remember that the financial crisis broke that started during the first decade of the 21st century led to the subsequent enactment of the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) and the creation of the Financial Oversight Board, hereinafter the "Board," for the purpose of managing Puerto Rico's finances.

Ever since PROMESA and the Board became effective in 2016, the government of Puerto Rico has maneuvered to meet the financial requirements imposed within this new reality. Under PROMESA, the territorial government must approve a balanced budget for four (4) consecutive fiscal years in order to require the termination of the Board. Given this scenario, it must be noted that, since the Board began operations, the first balanced budget was approved by the current Legislative Assembly for fiscal year 2021-2022.

In view of this context, and given the imposition of an antidemocratic body such as the Financial Oversight Board, Congressman Ritchie Torres started this initiative to amend PROMESA in order to reduce the required number of balanced budgets from four (4) to just two (2). Furthermore, this measure establishes that the Board shall be terminated 90 days after the certification of the second balanced budget. Thus, any ambiguity within the statute in effect regarding the Board's termination is eliminated.

This House of Representatives believes that the bill introduced by Congressman Ritchie Torres (H.R. 7409, better known as “Trust for Puerto Rico Act of 2022”) provides a mechanism to restore power to the people of Puerto Rico, and consequently, to its democratically elected officials. Liberty and democracy are two pillars of our government and our goal must be to strengthen them; therefore, we are duty-bound to promote and support policies aimed at its attainment. It is time to raise our voices and join in any effort that seeks to restore the people of Puerto Rico’s control and power over its finances as soon as possible.

For all of the foregoing, this House of Representatives expresses its firm support to congressional bill H.R. 7409, known as the “Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022” (Trust for Puerto Rico Act of 2022), introduced by Congressman Ritchie Torres. This bill would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board after the certification of a balanced budget for two consecutive fiscal years.

Be it resolved by the House of Representatives of Puerto Rico:

Section 1.—The House of Representatives of the Commonwealth of Puerto Rico hereby expresses its firm support to congressional bill H.R. 7409, known as the “Territorial Relief Under Sustainable Transitions for Puerto Rico Act of 2022” (Trust for Puerto Rico Act of 2022), introduced by Congressman Ritchie Torres, that would amend the Puerto Rico Oversight, Management, and Economic Stability Act (PROMESA) in order to facilitate the termination of the Financial Oversight Board after the certification of a balanced budget for two consecutive fiscal years.

Section 2.—A copy of this Resolution shall be translated into the English language and delivered to the President of the United States of America, Joseph R. Biden and the leadership of the United States Congress.

Section 3.—This Resolution shall take effect upon its approval.

POM-176. A resolution adopted by the Senate of the State of Michigan urging the adoption of policies that will help lead to energy independence and lower energy costs in the United States, including ending the state’s efforts to shut down Line 5; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 114

Whereas, Plentiful affordable energy is essential for the well-being of the American people. The lack of an adequate energy supply leads to higher prices, fewer jobs, and threats to public health and safety. It should

be the policy of the government at every level to ensure that energy is available, accessible, reliable and as affordable as possible; and

Whereas, For decades, the United States has too greatly relied on sources of energy produced on the other side of the world. While the United States has enjoyed a higher degree of energy independence in the last decade due to an increase in domestic oil production, we still import tens of millions of barrels of foreign crude oil from overseas each month; and

Whereas, As a direct result of both federal and state policies and foreseeable world events, gas prices in the United States are rising at the fastest pace recorded since 2000. Not only are rising gas prices eating away at recent wage growth and increasing the risk of a recession, they also could have sweeping impacts for U.S. consumers as higher diesel prices raise the cost of shipping goods through already stressed supply chains, disproportionately affecting low-income families and citizens; and

Whereas, Enacting policies that will lead to energy independence is necessary for the safety and prosperity of the American people. Reliance on overseas oil has the potential to maximize the leverage of foreign producers. While the Biden Administration’s efforts to isolate and weaken Vladimir Putin have been welcome and necessary, our reliance on sources of energy originating on other continents creates a potential risk that those sources could be jeopardized by United States’ actions abroad, which limit our ability to preserve and protect American values. Ensuring that the United States’ economy can support itself without relying on supply chains that span the globe and without risk of foreign political disruptions is critical to job growth and competition in the United States; and

Whereas, President Biden, United States Secretary of Energy Jennifer Granholm, Governor Whitmer, Michigan Attorney General Nessel, and other elected officials have pursued policies that have harmed our ability to achieve energy independence, including the President’s decision to halt the Keystone XL pipeline and the Governor’s and Michigan Attorney General’s attempts to shut down the Line 5 pipeline, a crucial source of energy for millions of Michiganders; and

Whereas, Protecting our environment is better accomplished with domestically produced fossil fuels, which are believed to be significantly cleaner than those found in other parts of the world; and

Whereas, The United States must focus on policies that increase the production of energy here at home, such as ensuring the continued safe operation of the Line 5 pipeline in Michigan, increasing domestic oil and gas drilling, increasing investments in renewable energy, and abandoning policies

that limit domestic energy production and raise the capital costs associated with fossil fuel development; now, therefore, be it

Resolved by the Senate, That we urge the adoption of policies that will help lead to energy independence and lower energy costs in the United States; and be it further

Resolved, That we urge Governor Whitmer and Michigan Attorney General Nessel to immediately cease their efforts to shut down the Line 5 pipeline and instead work proactively to lower energy costs for the residents of this state; and be it further

Resolved, That copies of this resolution be transmitted to the Governor, the Michigan Attorney General, the commissioners of the Michigan Public Service Commission, the commissioners of the Federal Energy Regulatory Commission, the Secretary of the United States Department of Energy, the Secretary of the United States Department of the Interior, the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the entire Michigan congressional delegation.

POM-177. POM-178. A concurrent resolution adopted by the Legislature of the State of Arizona urging the United States Congress to pass the Good Samaritan Remediation of Abandoned Hardrock Mines Act to allow Good Samaritan groups to clean up abandoned mines in this country; to the Committee on Environment and Public Works.

HOUSE CONCURRENT RESOLUTION NO. 2008

Whereas, the United States has more than 140,000 abandoned hardrock mines, and more than 22,000 of these pose environmental hazards that threaten our land, water, fish and wildlife and the communities that depend on them; and

Whereas, the mining industry and the conservation community are highly motivated to remedy the environmental challenges created by abandoned mines but are hindered by burdensome red tape and potential and significant liability risks; and

Whereas, numerous organizations have expressed a willingness to remediate the damage caused by these long-abandoned mines, but doing so would expose a "Good Samaritan" volunteer to legal liability for all the preexisting pollution from a mine despite having no previous involvement with it; and

Whereas, the bipartisan "Good Samaritan Remediation of Abandoned Hardrock Mines Act" has been introduced in Congress that would allow state agencies, local governments, nonprofit groups and corporations to clean up these abandoned mines, thereby helping to reduce pollution and improve water quality in and around the mining areas; and

Whereas, this important legislation creates a path forward for Good Samaritans to work unimpeded and increase the pace and scale of reclamation and, in so doing, create jobs and enhance our nation's environment. Therefore, be it

Resolved by the House of Representatives of the State of Arizona, the Senate concurring:

1. That the Members of the Legislature express their support for the United States Congress to pass the Good Samaritan Remediation of Abandoned Hardrock Mines Act to allow Good Samaritan groups to clean up abandoned mines in this country.

2. That the Secretary of State of the State of Arizona transmit copies of this Resolution to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-179. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Congress to expand the federal Family First Prevention

Services Act by allowing flexibility in the use of Title IV-E funds to help children remain safely in their homes; to the Committee on Finance.

HOUSE RESOLUTION NO. 262

Whereas, In the United States, nearly half a million children are in foster care. Michigan ranks 18th in the country for the number of children, per capita, placed in out-of-home care, with approximately 13,000 children in foster care or a residential placement on any given day; and

Whereas, Research shows that children in the foster system have the best outcomes when they are placed in a safe and stable environment that supports their long-term well-being. Instead of subjecting children to the trauma of being separated from their family and placed out of their home, more efforts are being made to provide struggling and overburdened families with the resources they need to create a stable and loving environment; and

Whereas, The Family First Prevention Services Act, signed into law in 2018, was enacted to help increase the number of children who can remain safely at home with their families. The law allows states to use federal funding available under Title IV-E of the Social Security Act to address some of the issues that contribute to family separation. Currently, the Family First Prevention Services Act allows funding for a narrow range of services, including substance use prevention and treatment, in-home parenting skills classes, and kinship navigator services. While these services are essential, there are many other areas in which families require assistance; and

Whereas, Poverty and homelessness, for example, have been shown to be associated with the separation of families, and many studies have documented that children in families who experience homelessness frequently become separated from their parents. Poverty leads to housing instability and parents often struggle to provide for their children's basic needs. Helping parents out of poverty and providing stable environments for children would allow more families to stay together, which would reduce the number of children that have to endure the foster care system; now, therefore, be it

Resolved by the House of Representatives, That we urge the United States Congress to expand the federal Family First Prevention Services Act by allowing flexibility in the use of Title IV-E funds to help children remain safely in their homes; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-180. A resolution adopted by the Senate of the State of Michigan urging the United States Congress to enact legislation to fully fund the Individuals with Disabilities Education Act; to the Committee on Health, Education, Labor, and Pensions.

SENATE RESOLUTION NO. 129

Whereas, Children with disabilities deserve quality education to develop skills so they can fully participate in social, economic, and political life. Many of these children face significant barriers to education and are more likely to be out of school. Ensuring access to education is the best way to help children with disabilities realize their full potential; and

Whereas, Congress has established that equal access to education for students with disabilities is an essential element of our national policy by passing the Individuals with Disabilities Education Act (IDEA). In the Act, Congress states that disability is a natural part of the human experience, and the IDEA is meant to ensure equality of opportunity and economic self-sufficiency for all individuals with disabilities; and

Whereas, While the IDEA has resulted in increased access to education for millions of students, the Act remains dangerously underfunded. In the original 1975 legislation, Congress promised to cover 40 percent of the extra cost of special education services required by the Act. However, as of 2020, the federal government was covering only 14.6 percent of the cost, despite a 25 percent increase in the number of students served; and

Whereas, The IDEA Full Funding Act (S. 866) was introduced in 2019 to require that Congress fund the IDEA at the 40 percent level that was originally promised. Similar legislation needs to be introduced this session in order to ensure that the federal government is paying its fair share of the cost of special education services and to alleviate the financial burden on individual school districts; and

Whereas, Students and teachers suffer when Congress fails to live up to its funding commitment. School districts are forced to cover the costs with a scarcity of resources and must sometimes divert funds away from other programs that serve all students. In addition, schools have less funding for teacher salaries and classroom resources, making it more difficult to recruit and retain high-quality teachers; now, therefore, be it

Resolved by the Senate, That we memorialize the Congress of the United States to enact legislation to fully fund the Individuals with Disabilities Education Act so children with disabilities have equal access to educational opportunity; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United

States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-181. A concurrent resolution adopted by the Legislature of the State of Missouri urging the President of the United States to designate a state funeral for the last surviving Medal of Honor recipient from World War II; to the Committee on Homeland Security and Governmental Affairs.

SENATE CONCURRENT RESOLUTION NO. 28

Whereas, World War II, the most widespread war in history, lasted from 1939 until 1945; and

Whereas, the United States entered the war in 1941, following an attack on Pearl Harbor by Japanese fighter planes; and

Whereas, over sixteen million Americans served their country and the Allied powers over the course of the war; and

Whereas, the generation of men and women who served our country in World War II has been called the “greatest generation” for their selfless sacrifice; and

Whereas, the Medal of Honor is the highest military decoration that is awarded by the United States government; and

Whereas, the Medal of Honor is presented by the President of the United States, in the name of Congress; and

Whereas, the Medal of Honor is only conferred upon members of the United States Armed Forces who distinguish themselves through conspicuous gallantry and intrepidity at the risk of life above and beyond the call of duty while engaged in action against an enemy of the United States, while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party; and

Whereas, more than 3,400 Medals of Honor have been awarded to our nation’s bravest soldiers, sailors, airmen, marines, and coast guardsmen since the creation of the award in 1861; and

Whereas, the Medal of Honor was awarded to 353 Americans during World War II; and

Whereas, only one of those 353 Americans is alive today; and

Whereas, Hershel Woodrow Williams of West Virginia served his country with conspicuous gallantry and intrepidity at the risk of life and therefore deserves the gratitude of the American people; and

Whereas, the President of the United States has the sole authority to designate a state funeral; and

Whereas, historically, the President of the United States has designated state funerals for former presidents, generals, and other extraordinary Americans; and

Whereas, our nation is currently divided and yearns for a unifying national event; and

Whereas, designating a state funeral when the last surviving World War II Medal of Honor recipient dies would be a wonderful way for the American people to unite and honor all sixteen million soldiers, sailors, and airmen who served in our Armed Forces from 1941 to 1945: Now therefore be it

Resolved, The members of the Missouri Senate, One Hundred First General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the President of the United States to designate a state funeral for the last surviving Medal of Honor recipient from World War II; and be it further

Resolved, That the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President of the United States, the Vice President of the United States, the Speaker of the United States House of Representatives, the President Pro Tempore of the United States Senate, and all members of the Missouri congressional delegation.

POM-182. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to implement steps to forward fund the Higher Education Grant Program of the Bureau of Indian Education; to the Committee on Indian Affairs.

SENATE CONCURRENT MEMORIAL NO. 1002

Whereas, the Bureau of Indian Education (BIE) operates the Higher Education Grant Program (“Grant”) as authorized by the Snyder Act (25 United States Code part 13); and

Whereas, numerous Indian tribal governments provide college financial assistance and scholarships from the Grant directly to Indian college students through Public Law 93-638 self-determination contracts (Indian Self Determination Act and Education Assistance Act) or through Public Law 103-413 self-governance compacts (Tribal Self Governance Act of 1994); and

Whereas, the federal government routinely operates under continuing resolutions and, as such, Grant funding is delayed. Consequently, college scholarship and financial assistance payments and institutional disbursements are delayed, which is problematic for many Indian college students who depend on these monies to pay for tuition, books and room and board; and

Whereas, there is precedent for forward funding federal Indian education programs, as BIE-funded schools, including Public Law 93-638 and Public Law 100-297 schools (25 United States Code section 2010) and tribally controlled colleges and universities (25 United States Code section 1810), are forward funded; and

Whereas, forward funding the BIE would make Grant monies available for obligation on July 1 of the fiscal year and would provide that Grant monies remain available until September 30 of the succeeding fiscal year. Wherefore your memorialist, the Senate of the State of Arizona, the House of Representatives concurring, prays:

1. That the Members of the United States Congress take affirmative steps to forward fund the Higher Education Grant Program of the Bureau of Indian Education.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-183. A resolution adopted by the Senate of the Commonwealth of Puerto Rico expressing the support of the Senate of the Commonwealth of Puerto Rico to S.405, better known as the "Vieques Recovery and Redevelopment Act," introduced by the 117th Congress; to the Committee on the Judiciary.

SENATE RESOLUTION No. 591

Vieques is an island municipality Puerto Rico, measuring approximately twenty-one (21) miles long by four (4) miles wide, and located approximately eight (8) miles east of the main island of Puerto Rico

When discussing the history of Vieques and its difficulties, it is important to remember that the United States Navy maintained a constant presence in the eastern and western portions of Vieques for close to sixty (60) years. The United States Navy used large parts of the island and its beaches as a training range and for military exercises. Many of these exercises were carried out using live ammunition. It is estimated that over eighty (80) million tons of ordnance and other weaponry available to the United States Armed Forces since World War II were dropped during that sixty (60)-year period.

The unintended, unknown, and unavoidable consequence of decades of military exercises was that generations of Vieques' residents, who are U.S. citizens, were exposed to the residue left and the waste produced by such weaponry and munitions, which includes heavy metals and other chemicals now known to harm human health and life.

As a result of the aforementioned and according to Government and independent documentation, the lands and waters of the island of Vieques contain high levels of heavy metals and have been exposed to chemical weapons and other toxic chemicals. Ever since the military exercises began in Vieques sixty-two (62) years ago, the island residents have suffered the effects of the long-term exposure to the contamination created by such exercises. In comparison to

other Puerto Ricans, the residents of Vieques have experienced higher rates of certain diseases including cancer, cirrhosis, hypertension, diabetes, heavy metal diseases, as well as many unnamed and uncategorized illnesses. The continuous exposure to these toxic residues has resulted in the development of these particular illnesses in the U.S. citizens who reside in Vieques.

Prior to the passage of hurricane María in 2017, the Susana Centeno Family Health Center managed the health emergencies of the residents of Vieques. However, those residing or visiting Vieques would have to travel outside of the Island Municipality for most cases that required urgent medical care. This is due to the fact that the facility in Vieques lacked, among others, X-ray, CT scan, EKG, ultrasound, and PT scan equipment.

Maritime transport has been and remains the predominant means of transporting passengers between Vieques and the island of Puerto Rico. However, this service has been plagued by problems and interruptions which makes it unreliable for visitors and residents, and, for example, those who are cancer patients that require continuous treatment outside of Vieques, also known as the *Isla Nena*. It is worth noting that cancer patients who travel from Vieques to the Municipality of Ceiba have to pay between one hundred twenty dollars (\$120.00) and two hundred dollars (\$200.00) per trip.

Vieques, like all of Puerto Rico, suffered the onslaught of hurricane María in 2017. This was a particularly destructive hurricane that devastated Puerto Rico and Vieques and intensified the humanitarian crisis by destroying many of the existing medical-hospital facilities. In the case of Vieques, the previous medical system was already unable to properly handle the crisis that existed due to the toxic residue left on the island's soil and waters as a result of the military's activities. The Susana Centeno Family Health Center was closed after the passage of hurricane María due to the damage it suffered and was thus unable to render the few services it previously provided.

Consistent with the foregoing, it is worth stressing Vieques' need to have a medical facility with the capability of providing the critical and urgent care to its residents. It is a matter of quality of life and basic human rights. Due to legal restrictions, the Federal Emergency Management Agency (FEMA) is unable to provide a hospital where its capabilities exceed those of the previous facility, to wit, the facility that existed prior to the passage of hurricane María. Therefore, Vieques needs additional assistance and support to properly address and manage the vast health needs of its residents.

In 2012, the residents of Vieques were denied the ability to address their needs before the United States Courts due to the

sovereign immunity of the Government of the United States. *Sánchez v. United States*, No. 3:09-cv-01260-DRD (D.P.R.). However, the United States Court of Appeals for the First Circuit referred the issue to the United States Congress and urged it to address this humanitarian crisis. U.S. senators Robert Menendez (D-NJ) and Roger Wicker (R-Mississippi) have introduced S.405, popularly known as the "Vieques Recovery and Redevelopment Act." This Bill creates a compensation fund for the residents of Vieques or their heirs to claim compensation for the damages caused or resulting from the use of the island of Vieques for military training or exercises and for other related purposes. The compensation for individuals or their heirs shall fluctuate between fifty thousand dollars (\$50,000) and one hundred ten thousand dollars (\$110,000) with the possibility for additional awards for special circumstances. The awards shall be determined by a Special Master to be appointed by the United States Attorney General pursuant to the qualifications and requirements established in the Act. Likewise, the Vieques Recovery and Redevelopment Act would authorize the municipal government of Vieques to file certain claims with the Special Master for the establishment or improvement of the health infrastructure or facilities on the island.

The Senate of the Commonwealth of Puerto Rico hereby requests to the Senate and the House Representatives of the United States the prompt approval of S.B. 405, the Vieques Recovery and Redevelopment Act. We appeal to the sense of responsibility of the Congresspersons and members of the United States Senate in order to do justice to the residents of Vieques and their heirs by providing a mechanism to help relieve a burden on their lives and compensate them for the damages caused by six (6) decades of military exercises in Vieques. Likewise, this legislation shall help future generations of Vieques' residents by streamlining the process so that the municipal government can procure enough resources for appropriate medical facilities and infrastructure.

The Senate of the Commonwealth of Puerto Rico, on behalf of the residents of Vieques and the People of Puerto Rico appeals to the leadership of the United States Senate and the United States House Representatives and both parties to work together to ensure the approval of the Vieques Recovery and Redevelopment Act before the end of the 117th Congress.

Be it resolved by the Senate of Puerto Rico:

Section 1.—We hereby express the support of the Senate of the Commonwealth of Puerto Rico to S.B. 405, better known as the "Vieques Recovery and Redevelopment Act," introduced by the 117th Congress, to the Senate and the House Representatives of the United States.

Section 2.—We hereby urge the Senate and the House Representatives of the United States to promptly approve S.B. 405, better known as the “Vieques Recovery and Redevelopment Act,” introduced by the 117th Congress.

Section 3.—A certified copy of this Resolution, translated into the English language, shall be delivered by the Secretary of the Senate of the Commonwealth of Puerto Rico to the President of the United States of America, to all members of the Senate and the House of Representatives of the United States, to the Resident Commissioner of Puerto Rico in Washington, as well as to communications media for its effective dissemination.

Section 4.—This Resolution shall take effect upon its approval.

POM-184. A concurrent resolution adopted by the Legislature of the State of West Virginia applying to the United States Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION NO. 31

Whereas, Executive orders by the President of the United States have become a vehicle through which the President may overstep the limits of his or her constitutional authority; and

Whereas, The concentration of power at the federal level has had the effect of making federal officials less responsive to the will of the people and more readily influenced by lobbyists, wealthy corporations and special interests in Washington, D.C.; and

Whereas, Much of federal law is now enacted by federal bureaucrats who were never chosen by the people and have no accountability to the people whatsoever; and

Whereas, Policy decisions made at the state level tend to be more responsive to the needs and desires of the people; and

Whereas, The federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, The federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, many of which are unfunded to a great extent; and

Whereas, The states have the ability to restore the responsiveness of government to the people and to restrain abuses of federal power by proposing amendments to the Constitution of the United States through a

limited convention of the states under Article V; therefore, be it

Resolved by the Legislature of West Virginia, That the Legislature hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; and, be it further

Resolved, That the Clerk of the House of Delegates forward a copy of this resolution, legislative call and application to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, and copies to the members of the said Senate and House of Delegates from this state; also to transmit copies hereof to the presiding officers of each of the legislative houses in the several states, requesting their cooperation; and, be it further

Resolved, That this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislature, of at least two thirds of the several states have made applications on the same subject; and, be it further

Resolved, The West Virginia Legislature adopts this application expressly subject to the following reservations, understandings, and declarations:

(1) An application to the Congress of the United States to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to Congress other than the power to call such a convention. The power of Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

(2) Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two thirds of the legislatures of the several states;

(3) Congress does not have the power or authority to determine any rules for the governing of an amendment convention of the states called pursuant to Article V of the United States Constitution. Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

(4) By definition, an amendment convention of the states means that states shall vote on the basis of one state, one vote;

(5) A convention of the states convened pursuant to this application shall in limited to consideration of the topics specified herein and no other. This application is made with the express understanding that an amendment that in any way seeks to amend modify, or repeal any provision of the Bill of Rights shall not be authorized for consideration at any stage. This application shall be void ab initio if ever used at any stage to consider any change to any provision of the Bill of Rights;

(6) Pursuant to Article V of the United States Constitution, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The West Virginia Legislature recommends that Congress select ratification by the legislatures of the several states; and

(7) The West Virginia Legislature may provide further instructions to its delegates and may recall its delegates at any time for a breach of a duty or a violation of the instructions provided; and, be it further

Resolved, That the Clerk of the House forward a copy of this resolution to the representatives and senators elected by the citizens of West Virginia serving the citizens of West Virginia in the Congress of the United States in Washington D.C.

POM-185. A concurrent resolution adopted by the Legislature of the State of Missouri applying to the United States Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; to the Committee on the Judiciary.

SENATE CONCURRENT RESOLUTION NO. 25

Whereas, Article V of the Constitution of the United States requires a convention to be called by the Congress of the United States for the purpose of proposing an amendment to the Constitution upon application of two-thirds of the Legislatures of the several states; and

Whereas, the Legislature of the State of Missouri favors a proposal and ratification of an amendment to the U.S. Constitution, which shall set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and as a member of the United States Senate; and

Whereas, the Ninety-ninth General Assembly of Missouri, Second Regular

Session, adopted Senate Concurrent Resolution 40, which contained an application for an Article V Convention to propose an amendment identical to that proposed in this resolution, but provided that the application would expire five years after the passage of Senate Concurrent Resolution 40: Now, therefore, be it

Resolved, by the members of the Missouri Senate, One Hundred First General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby make an application to Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; and be it further

Resolved, That this application shall be considered as covering the same subject matter as the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the House of Representatives of the Congress of the United States and the Senate of the United States; and this application shall be aggregated with same for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on this subject, but shall not be aggregated with any other applications on any other subject; and be it further

Resolved, That this application hereby repeals, rescinds, cancels, renders null and void, and supercedes the application to the Congress of the United States for a convention under Article V of the Constitution of the United States by this state in Senate Concurrent Resolution No. 40 as adopted by the Ninety-ninth General Assembly, Second Regular Session; and be it further

Resolved, That the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the Senate of the United States and to the Speaker, Clerk, and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

POM-186. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress to reconcile the United States Innovation and Competition Act and the American COMPETES Act to expedite funding for semiconductor production and innovation; to

the Committee on Commerce, Science, and Transportation.

ASSEMBLY RESOLUTION NO. 141

Whereas, A semiconductor is a material that conducts electricity in variable ways, is used in computer chips, and is vital to the operation of thousands of electrical products, such as automobiles, computers, smartphones, gaming systems, and medical equipment; and

Whereas, The Semiconductor Industry Association asserts that the share of modern semiconductor manufacturing capacity located in the United States has decreased from 37 percent in 1990 to 12 percent today and that this decline is largely due to substantial manufacturing incentives offered by foreign governments, which places the United States at a competitive disadvantage in attracting new construction of semiconductor manufacturing facilities; and

Whereas, In recent years, global semiconductor supply chain vulnerabilities have emerged, leading to market shortages of automobiles and other electronic devices; and

Whereas, These supply chain vulnerabilities have revealed our reliance on foreign manufacturing of essential technology and should be eliminated through government investment in semiconductor production and innovation, which would strengthen our market security; and

Whereas, On January 1, 2021, the federal Creating Helpful Incentives to Produce Semiconductors for America Act (CHIPS Act) was enacted as part of the FY 2021 National Defense Authorization Act; and

Whereas, The CHIPS Act creates federal incentives for investment in facilities and equipment used for semiconductor fabrication, assembly, testing, advanced packaging, and research and development for the purpose of protecting supply chains, ensuring long-term national security, and bolstering international economic competitiveness; and

Whereas, The effectiveness of the CHIPS Act relies on Congress fully funding the provisions of the law, including enacting an investment tax credit, to support semiconductor production and innovation in this country; and

Whereas, On July 8, 2021, the United States Senate passed the United States Innovation and Competition Act of 2021 (USICA), which included \$52 billion in federal investments for the CHIPS Act; and

Whereas, On February 4, 2022, the United States House of Representatives passed the America COMPETES Act of 2022 (COMPETES Act), which, like USICA, included \$52 billion in federal investments for the CHIPS Act; and

Whereas, The Senate, upon receiving the COMPETES Act from the House, substituted

the bill with the USICA, and passed it on March 28, 2022; and

Whereas, Although the USICA substitute was sent back to the House of Representatives for a final vote, Congress intends to convene a conference committee to reconcile the differences between the COMPETES Act and the USICA in order to finalize the version of the bill that will be sent to the President for enactment; and

Whereas, Governor Murphy has voiced his support of the USICA and has encouraged Congress to expedite the reconciliation of the bill; and

Whereas, United States Commerce Secretary Gina Raimondo specifically mentioned that the New Jersey Innovation and Technology Hub in New Brunswick, which will provide 550,000 square feet of space for medical learning, research, and innovation, would be a suitable potential site for semiconductor manufacturing; and

Whereas, New Jersey's Congressional delegation, who are integral in directing federal funds to this State, has also voiced support of the intent behind the COMPETES Act and the USICA; and

Whereas, New Jersey's economy would greatly benefit from federal investments in semiconductor manufacturing in this State and would strengthen the State's historical reputation as a leader in science and innovation; now, therefore,

Be it resolved by the General Assembly of the State of New Jersey:

1. This House respectfully urges Congress to expedite the reconciliation of the COMPETES Act and the USICA to secure the country's supply chain, increase the country's global competitiveness, and establish this State as a leader in semiconductor production and innovation through the resulting federal investments.

2. Copies of the resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President and Vice-President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and every member of the Congressional delegation from the State of New Jersey.

POM-187. A resolution adopted by the Mayor and City Commission of North Miami Beach, Florida calling on the Federal Government to reverse the decision to deport Haitian asylum seekers under Title 42 and immediately halt the deportation of Haitian immigrants, thereby allowing them to seek due process through our legal system to make claims for legal status; to the Committee on the Judiciary.
