POM-188. A resolution adopted by the House of Representatives of the State of Illinois urging the United States Congress to protect, strengthen, and improve the child nutrition programs through a Child Nutrition and WIC Reauthorization Act that builds on the Healthy, Hunger Free Kids Act of 2010 to ensure that low-income children continue to have access to nutritious meals through the year; to the Committee on Agriculture, Nutrition, and Forestry.

HOUSE RESOLUTION No. 615

Whereas, Regular access to healthy and affordable meals has been proven to be one of the strongest means of improved school performance, improved health, and sound childhood development; and

Whereas, According to 2020 census data, Black households reported food insecurity rates that were more than twice as high as white households; and

Whereas, Research shows that childhood hunger and food insecurity have a range of negative impacts on the health, academic performance, and overall well-being of children; and

Whereas, Research suggests that older Black students may be more likely to skip meals during the week than white students; and

Whereas, School nutrition programs offer the opportunity to provide healthy food and improve dietary quality for students who may otherwise not eat; and

Whereas, School meals can also have a positive impact on grades, absences, and tardiness among students; and

Whereas, Students from Black families are more likely to receive free or reduced-price lunches during the school year, and research shows students who receive these meals during the school year are more likely to face food insufficiency in the summer; and

Whereas, The COVID-19 pandemic led to a dramatic spike in the rate of children experiencing hunger and food insecurity, peaking at 18% of families with children reporting their household did not have enough to eat in December 2020 according to the Center on Budget and Policy Priorities, and also created challenges to safely accessing child nutrition programs; and

Whereas, Substantial racial and ethnic disparities in food insecurity exist among parents of school-age children, and Black families experienced significant hardship as a result of the pandemic; and

Whereas, Approximately four in 10 families with parents who are Black (40.8%) reported food insecurity in the prior 30 days, almost triple the rate of families with white parents (15.1%); and

Whereas, The COVID-19 pandemic has caused an ongoing increase in the scope and scale of children experiencing hunger and food insecurity, with the most recent estimates from Feeding America showing that 13 million may face hunger in 2021 compared with the all-time low of 11 million in 2019, according to USDA; and

Whereas, Non-congregate meal delivery options were especially critical in distributing meals to children in rural and hard to reach communities or where transportation challenges make it difficult for programs to distribute meals at a localized site; and

Whereas, Child nutrition programs are the front line of defense against childhood hunger and food insecurity, promoting healthy eating and providing healthy, nutritious food for the nation's children through the National School Lunch Program (NSLP), School Breakfast Program (SBP), Summer EBT for Children (SEBTC), Pandemic-EBT, the Community Eligibility Provision (CEP), and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC); and

Whereas, The SEBTC Program reaches children who most need additional food support over summer and school breaks and is proven to reduce food insecurity among children; and

Whereas, P-EBT, a temporary program providing a grocery benefit to children who have lost access to free and reduced priced meals at school due to COVID-19, has been highly effective at reducing food insecurity; and

Whereas, The CEP program promotes equity and reduces stigma for families and

has been proven to reduce hunger and improve student outcomes; and

Whereas, A proven barrier to continued participation in the WIC Program is unavailability of remote appointments, short certification periods, and lack of flexibility in food purchasing, ordering, and delivery; and

Whereas, Millions of children benefit from these programs, including the 21.5 million low-income children who participated in the school lunch program and the 12.4 million who participated in the school breakfast program in the 2018-2019 school year, as well as the 6.3 million mothers and children who received food and nutrition education through WIC and 2.8 million children who ate summer meals in 2019; and

Whereas, The Healthy, Hunger Free Kids Act of 2010 has improved the nutritional standards for school nutrition programs, and as a result, kids have access to increased fruits, vegetables, and whole grains but less sugars, fats, and sodium; Congress has the opportunity to ensure that children continue to have access to nutritious and quality meals to help prevent childhood hunger and obesity; and

Whereas, Congress has an opportunity to improve and strengthen access to nutrition through the 2021 Child Nutrition Reauthorization (CNR) bill by making permanent the COVID-19 waiver flexibilities that help to better reach children and by including provisions that would increase access and reach more kids through streamlining, reducing administrative burdens, and providing program flexibility, giving them the access to quality meals that they have during the school year; and

Whereas, An adequately funded and evidence-based reauthorization bill can reduce childhood hunger and food insecurity in America, help reduce childhood obesity, improve child nutrition and health, and enhance healthy child development and school readiness, allowing children to reach their full potential; and

Whereas, Congress has a unique opportunity in the upcoming reauthorization of the Child Nutrition Act to improve and promote equitable access and nutrition for millions of children, particularly low-income children; Therefore, be it

Resolved, by the House of Representatives of the One Hundred Second General Assembly of the State of Illinois, That we urge Congress to protect, strengthen, and improve the child nutrition programs through a Child Nutrition and WIC Reauthorization Act that builds on the Healthy, Hunger Free Kids Act of 2010 to ensure that low-income children continue to have access to nutritious meals throughout the year; and be it further

Resolved, That we urge Congress to streamline and simplify provisions governing the summer meals program in order to reduce administrative burdens, bureaucracies, and

duplications in program administration and operation during the reauthorization of the Child Nutrition Act; and be it further

Resolved, That we urge Congress to allow for more flexibility around where children are able to access and eat summer meals, by allowing for non-congregate models in communities where summer meals sites are not available and by lowering the threshold required to operate sites open to all children; and be it further

Resolved, That we urge Congress to permanently authorize the operation of the SEBTC program, make program funding mandatory, and expand the reach of the program to kids eligible for free or reduced-price school meals in all states, tribal nations, and localities in order to close the summer meals gap; and be it further

Resolved, That we urge Congress to permanently authorize the PEBT system beyond the COVID-19 pandemic, allowing authorities to quickly deliver increased nutritional aid during times of crisis; and be it further

Resolved, That we urge Congress to expand the well-documented benefits of CEP, which allows schools to serve meals at no charge to all students if enough are identified as qualifying for other assistance programs, by lowering the minimum identified student percentage (ISP), by increasing the ISP multiplier, by expanding direct certification with Medicaid data nationwide, and by supporting the improvement of direct certification systems; and be it further

Resolved, That we urge Congress to increase the flexibility of WIC appointments through increased access to remote appointments and extended certification periods as well as to support equitable access to the WIC food package through modernization efforts that increase access to online ordering, online purchasing, and delivery; and be it further

Resolved, That we support the enactment of a Child Nutrition and WIC Reauthorization Act that ensures low-income children's improved and equitable access to and participation in the child nutrition programs and includes the policy goals stated above; and be it further

Resolved, That suitable copies of this resolution be delivered to the President of the United States, the Vice President of the United States, and other federal and state government officials and agencies as appropriate.

POM-189. A resolution from the House of Representatives of the Commonwealth of Puerto Rico requesting the government of the United States to grant a partial exemption from the application of the Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States and Puerto Rico for the duration of the armed conflict between Ukraine and Russia

and the collateral effects thereof; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION NO. 718

The implementation of the so-called Coastwise Laws in Puerto Rico began with the approval of the Organic Act of 1900, known as the Foraker Act. The Jones Act was subsequently approved in 1917 which, among other things, maintained the effectiveness of the coastwise laws until the present day. The Jones Act was enacted at a historical juncture which posed certain challenges to the United States of America that are no longer a concern. As a result, maritime transportation from U.S. ports to the Island may only be provided by U.S.-built, -owned and -crewed vessels. Thus, the U.S. Congress enacted legislation providing that, in order to move goods between the United States of America and Puerto Rico, vessels should not only be built in the United States but must also be owned and operated by U.S. citizens. This federal legislation also applies to Guam and the states of Alaska and Hawaii. The territory of American Samoa, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands, however, are exempt from the Jones Act.

With regard to maritime transportation, on March 14, 2013, the U.S. Government Accountability Office, commonly known as GAO, issued a report stating that the Jones Act may result in higher freight rates, particularly for certain goods, than would be the case if service by foreign carriers were allowed. Likewise, the conclusions of the report state that the original goal of the Act remains important to military preparedness and to the shipbuilding and maritime industries, but understanding the full extent and distribution of the costs that underlie these benefits is elusive.

It is a well-known fact that Puerto Rico is facing difficult economic challenges that have worsened with the passage of hurricanes Irma and Maria, the earthquakes of January 2020, inflation, the ongoing COVID-19 emergency, and more recently, the cost of fuel, factors that are out of the government and the consumer's control. That is, the rising oil prices coupled with the effects of inflation and the emergencies have steadily increased the prices of food, transportation, and electricity, thus adversely affecting consumer and business spending.

In addition to global security concerns, the war between Russia and Ukraine has resulted in a shortage of consumer goods and pushed oil prices above \$125 per barrel, after having remained steady between \$80.00 and \$90.00 for a considerable time. Should this war continue and no agreement be reached, it might lead to a crude oil shortage in Europe, which would have repercussions on the global market, such as even higher prices.

There is concern due to the fact that there is no indication as to whether the price of crude oil, goods, and transportation shall stabilize any time soon. On the contrary, projections show that rising costs and instability shall persist.

In spite of our efforts to transform electric power generation in Puerto Rico, our system still relies primarily on crude oil and petroleum products. Likewise, most individual, mass transit, and freight motor vehicles on the Island run on gasoline or diesel. Therefore, granting Puerto Rico a partial exemption from the Jones Act is necessary to prevent future electricity rate increases, mitigate the rising costs of gasoline, diesel, transportation, as well as the potential shortage of crude oil in Europe.

For all of the foregoing, the House of Representatives of the Commonwealth of Puerto Rico deems it necessary to take action in order to mitigate the multiplier effect that crude oil price fluctuations are having on the economy, by requesting the President of the United States of America and his government to approve a partial exemption from the application of the Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States of America and Puerto Rico for the duration of the armed conflict between Ukraine and Russia as well as the collateral effects thereof.

Be it resolved by the House of Representatives of Puerto Rico:

Section 1.—The President of the United States of America is hereby requested to grant a partial exemption from the application of Coastwise Laws to the maritime transportation of crude oil and petroleum products between the United States of America and Puerto Rico for the duration of the armed conflict between Ukraine and Russia and the collateral effects thereof. The foregoing for the purpose of addressing the demand for land transportation and energy generation on the Island, as well as to mitigate what would otherwise be higher crude oil prices given the volatility of the international market.

Section 2.—A copy of this Resolution, translated into the English language, shall be delivered to the President of the United States of America; the Department of Homeland Security; the leadership of the United States Congress; and the Resident Commissioner of Puerto Rico in Washington, D.C.

Section 3.—This Resolution shall take effect upon its approval.

POM-190. A resolution adopted by the Senate of the State of Michigan opposing the designation of additional national wilderness areas in Michigan's Upper Peninsula; to the Committee on Energy and Natural Resources.

SENATE RESOLUTION NO. 150

Whereas, the National Wilderness Preservation System (NWPS), established under the Wilderness Act of 1964, is made up of more than 800 national wilderness areas, which are defined as "areas of undeveloped Federal land retaining their primeval character and influence, without permanent improvements or human habitation." National wilderness areas must be formally designated by Congress, and are subject to specific management restrictions which generally aim to preserve them in their natural condition; and

Whereas, Sixteen national wilderness areas have already been designated in Michigan, including the Beaver Basin; Big Island Lake; Delirium, Horeseshoe Bay; Huron Islands; Isle Royale; Mackinac; McCormick; Michigan Islands; Nordhouse Dunes, Rock River Canyon; Round Island; Seney; Sleeping Bear Dunes; Sturgeon River Gorge; and Sylvania wildernesses. These areas cover more than 294,000 acres of land throughout the state; and

Whereas, There is an effort underway to ask Congress to designate four more national wilderness areas in the Ottawa National Forest in Michigan's Upper Peninsula (UP), including the Ehlcio area; Trap Hills; Norwich Plains; and the Sturgeon River Gorge Wilderness Addition. Together, these areas would add over 65,000 acres to the NWPS in Michigan; and

Whereas, In the Record of Decision for the 2006 Ottawa National Forest Management Plan, the areas proposed for wilderness designation were determined by the National Forest Service to lack wilderness characteristics. In their decision, the Regional Forester reported that the area had "no features or conditions that warrant a recommendation for wilderness study" and has "low to moderate wilderness potential"; and

Whereas, There is little evidence that designating additional wilderness areas would result in improving the ecological health of the Ottawa National Forest. Once wilderness restrictions go into effect, opportunities to practice scientifically proven silvicultural treatments, such as selective thinning, harvesting, and planting; prescribed burning; and invasive species management, are limited. These practices have been crucial in helping to restore these areas to the quality they are today; and

Whereas, Potential economic development would be limited by wilderness designation. Local communities currently benefit from economic returns related to timber harvests and tourism in the Ottawa National Forest. In 2016, the National Forest Service reported that the Ottawa National Forest supported an estimated 960 jobs, which resulted in more than \$39.3 million of direct income to local communities; and

Whereas, Recreational users currently enjoy a wide range of activities in the Ottawa National Forest, such as hiking, wildlife viewing, hunting and fishing, camping, motorized trail activities, and boating. Wilderness designation would significantly limit recreational access to these areas by prohibiting motorized equipment and mechanical transport. Additionally, enforcing such restrictions would increase the burden on entities charged with managing those lands; Now, therefore, be it

Resolved by the Senate, That we oppose the designation of additional national wilderness areas in Michigan's Upper Peninsula; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-191. A resolution adopted by the Legislature of Guam expressing support for the passage of H.R. 6504, the "Native Pacific Islanders of America Equity Act," because it seeks to allow eligible Native CHamoru and Native Northern Marianas organizations to qualify for federal contracting opportunities through their participation in certain small business programs that are administered by the Small Business Administration; to the Committee on Energy and Natural Resources.

RESOLUTION No. 260-36

Whereas, I Liheslaturan Guåhan finds that the U.S. Congress stated in the Small Business Act at 15 U.S.C. §631(f) that "the opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic equality for such persons and improve the functioning of our national economy; that many such persons are socially disadvantaged because of their identification as members of certain groups that have suffered the effects of discriminatory practices or similar invidious circumstances over which they have no control; that such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans, Indian tribes, Asian Pacific Americans, Native Hawaiian Organizations, and other minorities; that it is in the national interest to expeditiously ameliorate the conditions of socially and economically disadvantaged groups; that such conditions can be improved by providing the maximum practicable opportunity for the development of small business concerns owned by 1 members of socially and economically disadvantaged groups; that such development can be materially advanced through the procurement by the United States of articles, equipment, supplies, services, materials, and

construction work from such concerns; and that such procurements also benefit the United States by encouraging the expansion of suppliers for such procurements, thereby encouraging competition among such suppliers and promoting economy in such procurements"; and

Whereas, the Small Business Act also states in 15 U.S.C. §637 that "socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities"; and "economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged"; and

Whereas, the 8(a) Business Development Program administered by the Small Business Administration, commonly known as the 8(a) Program, is designed to assist small minority-owned businesses compete in the wider American economy. The 8(a) Program provides training, technical assistance, and contracting opportunities. One of the program's major benefits is that 8(a) firms can receive federal contracting preferences in the form of set-aside and sole-source awards. A set-aside award is a contract in which only certain contractors may compete, whereas a sole-source award is a contract awarded, or proposed for award, without competition. The 8(a) Program is limited to eligible businesses unconditionally owned and controlled by one or more socially and economically disadvantaged groups; and

Whereas, the 8(a) Program was originally established for the benefit of disadvantaged individuals; however, in the 1980s, Congress expanded the program to include small businesses owned by four (4) disadvantaged groups, specifically Alaska Native Corporations (ANCs), Community Development Corporations (CDCs), Indian tribes, and Native Hawaiian Organizations (NHOs), also known as group-owned 8(a) firms; and

Whereas, on January 25, 2022, the Native Pacific Islanders of America Equity Act was introduced in the 117th U.S. House of Representatives by Guam Congressman Michael San Nicolas and co-sponsored by Commonwealth of the Northern Mariana Islands Congressman Gregorio "Kilili" Camacho Sablan as H.R. 6504. The Native Pacific Islanders of America Equity Act seeks to allow eligible Native CHamoru and Native Northern Marianas organizations to qualify for federal contracting opportunities through their participation in certain small business programs that are administered by the Small Business Administration; and

Whereas, the term 'Native CHamoru' in H.R. 6504 means an individual who can document that one (1) or more of the individual's direct ancestors resided on Guam before August 1, 1950. No residency or blood quantum amount shall be required for an individual to qualify as a 'Native CHamoru' under paragraph (1) of the bill; and

Whereas, I Liheslaturan Guåhan finds the definition of Native CHamoru in H.R. 6504 is tied to 1950 and does not describe the native inhabitants of Guam prior to the 1521 contact with outsiders, prior to the over three hundred (300)-year occupation by the Spanish, prior to the Treaty of Paris, prior to the U.S. Naval rule, prior to the World War II occupation of Guam by the Japanese, or prior to the 1950 conveyance by the United States Congress of citizenship on the residents of Guam; but I Liheslatura further finds for purposes of this particular small business program that this definition will adequately address the disparity and significantly help to remedy the needs of Native CHamoru businesses of Guam as was the goal of the Section 8(a) programs; and

Whereas, the Native Pacific Islanders of America Equity Act would establish under the Office of the Governor a "CHamoru Registry Program, which shall keep a database to serve as a genealogy bank to verify Native CHamoru ancestry requirements. The Governor of Guam shall include in the database the name of any individual who submits to the Governor of Guam a request to be included and a copy of the birth certificate of that individual and birth certificates of direct ancestors that demonstrate that one or more of the individual's direct ancestors resided on Guam before August 1, 1950."; and

Whereas, I Maga'hågan Guahan may request for an appropriation if necessary from I Liheslaturan Guåhan to cover any implementation and operating costs; and

Whereas, H.R. 6504 would also amend the Small Business Act to include Native CHamoru organizations and Native Northern Marianas organizations as eligible disadvantaged groups under the 8(a) Program. In H.R. 6504, the term 'Native CHamoru Organization' is defined to mean any organization that is a nonprofit corporation that has filed articles of incorporation with the director (or the designee thereof) of the Guam Department of Revenue and Taxation, or any successor agency; that is controlled by Native CHamorus (as defined in section 4 of the Organic Act of Guam); and whose business activities will principally benefit Native CHamorus. The term 'Native Northern Marianas Organization' in H.R. 6504 means any organization that is a nonprofit corporation that has filed articles of incorporation with the secretary (or the designee thereof) of the Commonwealth of

the Northern Mariana Islands Department of Commerce, or any successor agency; that is controlled by persons of Northern Marianas descent (as defined in Section 4 of Article 12 of the Constitution of the Commonwealth of the Northern Mariana Islands); and whose business activities will principally benefit persons of Northern Marianas descent; and

Whereas, I Liheslaturan Guåhan finds that passage of H.R. 6504 would benefit eligible Native CHamoru-owned businesses who compete for billions of dollars in federal contracts by providing training, technical assistance and contracting opportunities. In FY 2020, 8(a) firms were awarded \$34 Billion Dollars in federal contracts, including \$9.3 Billion Dollars in 8(a) set-aside awards, \$11.1 Billion Dollars in 8(a) sole-source awards, \$2.2 Billion Dollars to an 8(a) firm in open competition with other firms, and \$11.3 Billion Dollars with another small business preference (e.g., set asides and sole-source awards for small businesses generally and for HUBZone firms, women-owned small businesses, and service-disabled veteran-owned small businesses); and

Whereas, I Liheslaturan Guåhan further finds that the passage of H.R. 6504, the Native Pacific Islanders of America Equity Act, shall not absolve or relieve the United States of any liability for land takings or waive the historic demand of the people of Guam for return or restoration of the land, nor does it negate the rights of the people of Guam to self-determination; Now therefore, be it

Resolved, That I Mina'trentai Sais Na Liheslaturan Guåhan does hereby, on behalf of I Liheslaturan Guåhan and the people of Guam, respectfully request that the Congress of the United States include Native CHamoru-owned businesses in its small business programs targeting socially and economically disadvantaged groups; and be it further

Resolved, That I Mina'trentai Sais Na Liheslaturan GuayAE7han does hereby, on behalf of I Liheslaturan Guåhan and the people of Guam, express its support for the passage of H.R. 6504, the "Native Pacific Islanders of America Equity Act," because it seeks to allow eligible Native CHamoru and Native Northern Marianas organizations to qualify for federal contracting opportunities through their participation in certain small business programs that are administered by the Small Business Administration; and be it further

Resolved, That the Speaker certify, and the Legislative Secretary attest to, the adoption hereof, and that copies of the same be thereafter transmitted to the Honorable Joseph R. Biden, President of the United States of America; to the Honorable Kamala Harris, Vice President of the United States; to the Honorable Nancy Pelosi, Speaker, U.S. House of Representatives; to the Honorable

Raúl M. Grijalva, Chairman of the Committee on Natural Resources, U.S. House of Representatives; to the Honorable Gregorio Kilili Camacho Sablan, Commonwealth of the Northern Mariana Islands Representative and Vice Chairman of the Committee on Natural Resources, U.S. House of Representatives; to the Honorable Nydia M. Velázquez, Chairwoman of the Committee on Small Business, U.S. House of Representatives; to the Honorable Michael F.Q. San Nicolas, Guam Delegate, U.S. House of Representatives; and to the Honorable Lourdes A. Leon Guerrero, I Maga'hågan Guåhan.

POM-192. A joint memorial adopted by the Legislature of the State of Idaho opposing the removal or breaching of the dams on the Columbia-Snake River System and its tributaries; to the Committee on Environment and Public Works.

SENATE JOINT MEMORIAL NO. 103

Whereas, the Idaho Legislature recognizes the Columbia-Snake River System as part of the United States Marine Highway network; and

Whereas, the Columbia-Snake River System and its tributaries, collectively and in its entirety, are a multiuse system providing navigation, transportation, fish and wildlife habitat, recreation, hydropower generation, flood control, and irrigation to the citizens and industry of the Pacific Northwest; and

Whereas, the Columbia-Snake River System and its tributaries provide a vital contribution to the well-being of the State of Idaho and to the quality of life of its citizens, being among the most operationally important and cost-effective projects in the Federal Columbia River Power System; and

Whereas, a balanced river system produces economic benefits like jobs, trade, and renewable electricity while caring for environmental values through good management practices and reinvestment in our natural resources; and

Whereas, no amount of money can replace the lifestyle and economies of the communities that depend upon the Columbia-Snake River System's hydropower, navigation, irrigation, flood risk management, recreation, and municipal and industrial water supply benefits; and

Whereas, the State of Idaho reasserts and confirms sovereign control over all water resources within the state; and

Whereas, the decline of anadromous fish is due to many factors, including increased predation, unfavorable ocean conditions, and harvest levels; and

Whereas, breaching the four lower Snake River dams is an idealistic, single variable model to Pacific salmon recovery that flies in the face of reality for salmon, is illogical from an environmental perspective, hurts

industry and communities, puts politics over science and local jobs, and may neither restore Idaho salmon nor prevent their extinction; and

Whereas, only four of the thirteen Endangered Species Act-listed salmon runs swim past the lower Snake River dams, and they do so with over 95% survival at each of the dams; and

Whereas, breaching the four lower Snake River dams would be a drastic measure that would forever alter our way of life in the Pacific Northwest; and

Whereas, breaching the lower Snake River dams is an outdated argument that is not supported by current dam passage survival studies of juvenile Pacific salmon; and

Whereas, in 2008, 2014, and 2020 the National Oceanic and Atmospheric Administration produced biological opinions that stated breaching the four lower Snake River dams was not necessary action for salmon recovery; and

Whereas, the governor of Idaho commissioned the Governor's Salmon Workgroup, a diverse group of stakeholders that worked for 18 months to study the issue of salmon recovery, representing for the first time broad interests working collaboratively to help shape the state's salmon and steelhead policy; and

Whereas, that workgroup developed many practical recommendations to address the issue of improved river systems and habitat conditions for healthy salmon populations, specifically excluding any recommendations for removing dams; and

Whereas, due to the efforts of the state, the Nez Perce Tribe, and Idaho water users in entering into the 2004 Snake River Water Rights Agreement, up to 487,000 acre-feet of Idaho's water is used for flow augmentation for salmon and steelhead in the lower Snake and Columbia rivers, with water being released through willing-buyer, willing-seller arrangements. In return for flow augmentation, the 2004 agreement provides protections to Idaho water users in the form of a 30-year biological opinion; and

Whereas, agricultural and industrial applications of water have a legal priority within the state; and

Whereas, the Port of Lewiston, Idaho's only seaport, is part of the collective Columbia-Snake River System and is an asset to the State of Idaho and an asset to the Inland Northwest region, providing global competitiveness and connectivity for regional products, economic development investment, and multimodal transportation; and

Whereas, the State of Idaho supports the Port of Lewiston activities and believes that reservoir drawdowns or removal of the dams on the lower Snake and Columbia rivers would inflict on the citizenry a loss of recreation, an increase in electric rates, a loss

of navigation, a risk of floods, economic hardship, and an impaired quality of life; and

Whereas, cruise boat traffic to the Port of Lewiston has steadily increased over the last 10 years and is projected to increase from 19,000 passengers in 2019 to over 33,000 passengers in 2022, a growth of 76%, bringing much financial growth to the entire Snake River area; and

Whereas, the Columbia-Snake River System acts as a top wheat export gateway in the United States, with approximately 10% of all United States wheat exports barged through the four dams on the Snake River and about 50% of all Idaho-grown wheat barged from Lewiston to Portland and then onto export markets around the world; and

Whereas, barging on the Columbia and Snake rivers is the safest, most fuel-efficient means of transporting cargoes in the Northwest, being 40% more fuel-efficient than freight trains and 270% more fuel-efficient than semitrucks; and

Whereas, without the ability to barge goods down the river, diesel fuel consumption would increase by nearly 5 million gallons per year as barges would be replaced by less efficient truck-to-rail shipments, resulting in increases in carbon dioxide and other harmful emissions by over 1.2 million tons per year; and

Whereas, the Columbia-Snake River System is also highly valued on the west coast for forest product exports and mineral exports, is second in the nation for soy exports, and is a major gateway for auto imports and exports. Each year, around 250,000 tons of wood chips are barged from the Lower Granite Pool to be turned into pulp for paper production at mills on the lower Columbia River; and

Whereas, hydroelectric power is one of the best energy sources we have, with clean, reliable, renewable baseload generation that is more valuable than ever as the four lower Snake River dams produce thousands of megawatts of low-cost, affordable electricity, which is renewable energy that provides power to 22 rural Idaho utilities serving tens of thousands of Idahoans, numerous Idaho cities, farmers, and industries, while acting as a battery to integrate other intermittent renewable energy resources on the system; and

Whereas, the Idaho Legislature believes that any actions to degrade the functionality, in whole or in part, or to remove or breach dams on the Columbia-Snake River System or its tributaries, or to take water from the state for anadromous fish enhancement efforts would inflict on the citizenry of the state a loss in economic and trade opportunities, a loss of recharge waters for the state's aquifers, a loss of navigation and transportation, an increased risk of floods, an increase in electrical rates, a shortfall in power generation, a loss of recreational

opportunities, and a threatened quality of life for Idaho citizens; Now, therefore, be it

Resolved, by the members of the First Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Idaho opposes the removal or breaching of the dams on the Columbia-Snake River System and its tributaries, has sovereignty of its water resources, prohibits contributions of water from Idaho's reservoirs for flow augmentation except those expressly authorized by state law, contends that efforts for further recovery of anadromous fish must be based on sound science, and supports maintenance and multiple-use benefits of the Columbia-Snake River System. Additionally, the Idaho Legislature recognizes and supports the international competitiveness, multimodal transportation, and economic development benefits provided by the Port of Lewiston; and be it further

Resolved, That the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegations representing the states of Idaho, Montana, Washington, and Oregon in the Congress of the United States.

POM-193. A concurrent resolution adopted by the Legislature of the State of Arizona urging the United States Congress to oppose the reporting requirements in the Biden Administration's tax increase proposal for fiscal year 2022; to the Committee on Finance.

HOUSE CONCURRENT MEMORIAL NO. 2004

Whereas, the Biden administration's tax increase proposal for fiscal year 2022 includes a number of provisions that would place undue burdens on banks, small businesses and law-abiding American citizens; and

Whereas, the proposal seeks to increase tax enforcement measures by requiring peer-to-peer payment transaction apps as well as banks and other financial institutions to annually report aggregated data on all account inflows and outflows of \$600 or more to the Internal Revenue Service (IRS), and the reports would also disclose whether transactions involved physical cash, foreign accounts or transfers between accounts with the same owner. These requirements would result in serious issues regarding privacy, compliance costs and negative impacts on low-income communities; and

Whereas, the proposal's low \$600 threshold for reporting would ensnare most active bank accounts, including those owned by individuals and small businesses. As a result, the financial data of the majority of bank accounts would be sent to the IRS,

which experiences more than one bill on cyberattacks each year. In addition, a June 2021 ProPublica article revealed a massive leak of tax return data from the IRS, demonstrating that the agency is unable or unwilling to protect taxpayer information. Considering its many vulnerabilities in cybersecurity, the IRS should not be trusted with more private information; and

Whereas, by holding financial institutions responsible for data collection and reporting, the proposal would force banks to increase spending on additional staffing, technology and other resources. These costs could then be passed on to the depositors, thereby burdening tax-compliant citizens and businesses; and

Whereas, people from both political parties have expressed concern about the Biden administration's tax increase proposal. A group of 141 House Republicans explained their position in a letter to their Democratic colleagues, and House Democrats omitted the bank reporting requirements in their September 2021 list of tax policy changes due to the potential harm it may cause to low-income communities; and

Whereas, the Biden administration's tax increase proposal fails to consider cybersecurity risks and unjust burdens on lawful individuals, and the United States Congress should oppose this unprecedented intrusion into the privacy of Americans.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress oppose the burdensome reporting requirements included in the Biden administration's tax increase proposal for fiscal year 2022.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-194. A resolution adopted by the Senate of the State of Michigan urging the United States Congress to permanently extend the Tax Cuts and Jobs Act of 2017 with commensurate spending cuts to avoid increasing the federal tax burden; to the Committee on Finance.

SENATE RESOLUTION NO. 154

Whereas, Prior to government-mandated economic shutdowns during the COVID-19 Pandemic, the Tax Cuts and Jobs Act of 2017 (TCJA) spurred steady economic expansion and allowed the spirit of entrepreneurship to flourish, while creating new jobs and opportunities for tens of millions of Americans. The act resulted in a \$1.5 trillion net tax cut, and was followed by historically low unemployment rates, an increase in

business investment, and a \$6,000 increase in real median household income over the next two years. This includes scores of raises and bonuses for workers immediately after the law was adopted; and

Whereas, the TCJA reduced federal tax rates for households across every income level, and this relief resulted in a tax cut of more than \$1,500 for the average middle-income earner. The act had many provisions to reduce the individual income taxes including reductions in personal income tax rates, nearly doubling the standard deduction, and substantially reducing the hated Alternative Minimum Tax (AMT); and

Whereas, the TCJA set an annual cap of \$10,000 on the state and local tax (SALT) deduction, broadening the tax base at the federal level and in many states. This caused state level budget surpluses and lead to many states offering substantial tax relief; and

Whereas, Prior to the TCJA, the top corporate income tax rate in the United States was thirty-five percent, the highest among all nations in the Organization for Economic Co-operation and Development (OECD). The act reduced the tax rate to twenty-one percent, bringing the United States back to average among OECD member nations, and dramatically enhancing American competitiveness; and

Whereas, Many significant provisions of the TCJA are set to expire after December 31, 2025. Allowing these provisions to expire would result in a massive federal tax increase on hardworking American taxpayers, a significant decline in American competitiveness, fewer jobs, reduced wage income for workers, and higher prices. In addition, the expiration of these provisions would incentivize many states to return to a period of higher taxes and inflated spending; and

Whereas, More than 100 million American taxpayers from all income groups, but especially those in the middle and working classes, have enjoyed real tax relief due to the TCJA. The majority of Americans support making these tax cuts permanent; Now, therefore, be it

Resolved by the Senate, That we urge the Congress of the United States to permanently extend the Tax Cuts and Jobs Act of 2017 with commensurate spending cuts to avoid increasing the federal tax burden; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-195. A memorial adopted by the Senate of the State of Arizona urging the United States Congress to protect consumers and financial institutions from burdensome

Internal Revenue Service rules and reporting requirements; to the Committee on Finance.

SENATE MEMORIAL NO. 1001

Whereas, the Biden administration and certain members of Congress have proposed changes to tax information reporting that would require banking and financial institutions to report to the Internal Revenue Service on the incoming and outgoing transactions from every customer's financial account with gross inflows and outflows that range from \$600 to \$10,000 during the taxable year; and

Whereas, these proposals would require financial institutions to report, for both personal and business accounts, the account's physical cash amount, transactions with foreign accounts and transfers to and from the owner and the owner's other accounts; and

Whereas, savings, transactional, loan and investment accounts in these financial institutions would be subject to these proposed requirements; and

Whereas, there are serious concerns over data privacy and security if these new requirements are put in place. Keeping member and customer account information private and secure is among the primary goals of all financial institutions in this state, and these new requirements, at any threshold dollar amount, could jeopardize the security of accounts and personal information; and

Whereas, privacy is cited as one of the primary reasons individual's choose not to open bank accounts, and this proposal lays a foundation for new and future barriers for the unbanked and underbanked; and

Whereas, financial institutions in this state and nation are already subject to many burdensome regulations. Including these new and extensive reporting requirements would deepen that burden in an untenable and destructive fashion for many community-based financial institutions.

1. That the United States Congress act to protect consumers from harmful and intrusive Internal Revenue Service rules and financial institutions from burdensome reporting requirements.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-196. A resolution adopted by the Senate of the State of Michigan urging the federal government to extend Title 42 to avoid a crisis at the border; to the Committee on Homeland Security and Governmental Affairs.

SENATE RESOLUTION NO. 130

Whereas, Former President Donald Trump's administration implemented Title 42 to prevent certain migrants without documentation from entering the United States during a public health emergency such as COVID-19. This law allowed for some vulnerable populations, such as unaccompanied children, to continue seeking refuge in the United States; and

Whereas, the President Joe Biden's administration plans to end Title 42 restrictions on May 23, 2022. The United States Department of Homeland Security has reported that it expects an estimated 18,000 people to cross the southern border each day once these restrictions are lifted. This estimate is an overwhelming increase from March 2022, when an average of 7,000 migrants entered the country every day. Despite unprecedented migration, neither President Biden nor the administration has announced a concrete plan on how to handle a possible surge; and

Whereas, Extending Title 42 will delay a possible border crisis until the administration can produce an immigration plan. The extension has bipartisan support in Congress, and recent polling showed that the majority of Americans oppose the lifting of Title 42 restrictions; Now, therefore, be it

Resolved by the Senate, That we urge the federal government to extend Title 42 to avoid a crisis at the border; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Director of the Centers for Disease Control and Prevention, the Secretary of the United States Department of Homeland Security, and the members of the Michigan congressional delegation.

POM-197. A joint memorial adopted by the Legislature of the State of Idaho urging the United States Congress to hold a state funeral at such time of the passing of the last World War II Medal of Honor recipient to honor those who served in World War II; to the Committee on Homeland Security and Governmental Affairs.

SENATE JOINT MEMORIAL NO. 101

Whereas, the Medal of Honor is the United States of America's highest and most-prestigious personal military decoration that may be awarded to recognize United States military service members who have distinguished themselves by acts of valor. The Medal of Honor represents the indomitable spirit, determination, selflessness, and gallantry of those who, in the face of overwhelming odds, performed far beyond the call of duty; and

Whereas, as members of the "Greatest Generation," which represented the character and strength of the State of Idaho and the

United States, Captain Arthur Junior Jackson, United States Marine Corps, who served with the 3rd Battalion, 7th Marine Regiment, and Robert Dale Maxwell, United States Army, who served with the 7th Infantry Regiment, 3rd Infantry Division, were both awarded the Medal of Honor during World War II for gallantry, risking their lives, and acting with valor. Both Captain Arthur Junior Jackson and Robert Dale Maxwell, along with Idaho's other Medal of Honor recipients, are now deceased, leaving only memories of their heroic acts. The stories of these patriots' courage and valor during the war should never be forgotten; and

Whereas, the President of the United States holds the authority to designate a state funeral. A number of state funerals to honor our war heroes have been held in the past, including the 1921 state funeral for the Unknown Soldier of World War I and the 1964 state funeral honoring General Douglas MacArthur. These state funerals have offered our nation the opportunity to pause, reflect, and honor the service of those individuals and those who served alongside them; and

Whereas, the last surviving Medal of Honor recipients from World War II are 96-year-old Hershel "Woody" Williams, a retired United States Marine Corps warrant officer and United States Department of Veterans Affairs veterans service representative, and 99-year-old Charles H. Coolidge, who served as a United States Army technical sergeant; Now therefore be it

Resolved, by the members of the First Regular Session of the Sixty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that a state funeral be held at such time of the passing of the last World War II Medal of Honor recipient, to honor the last surviving Medal of Honor recipient from World War II, and to honor those who served in World War II, such distinction giving our nation the opportunity to thank those who saved the world from Nazism, fascism, and militaristic imperialism. This national recognition would also serve to honor the 473 service members who were awarded the Medal of Honor for service during World War II, along with the 16 million American men and women who faithfully served our nation, including many Idahoans, during that war, paying a final salute to the millions of men and women of the "Greatest Generation" who served our country from 1941 to 1945; and be it further

Resolved, That the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

POM-198. A concurrent resolution adopted by the Legislature of the State of Arizona supporting the enactment of the Born-Alive Abortion Survivors Protection Act and the Ensuring Accurate and Complete Abortion Data Reporting Act of 2019; to the Committee on the Judiciary.

SENATE CONCURRENT RESOLUTION NO. 1009

Whereas, Congress and the State of Arizona have compelling interests in protecting all human life; and

Whereas, Congress passed by unanimous consent the Born-Alive Infants Protection Act "to repudiate the flawed notion that a child's entitlement to the protections of the law is dependent upon whether that child's mother or others want him or her" and "to repudiate the flawed notion that the right to an abortion means the right to a dead baby, regardless of where the killing takes place"; and

Whereas, to achieve these important objectives, the Born-Alive Infants Protection Act affirmatively recognizes that all infants born at any stage of development, regardless of the circumstances surrounding their births, are "persons" for purposes of federal law; and

Whereas, the Born-Alive Infants Protection Act became law in August 2002; and

Whereas, the legal recognition provided by the Born-Alive Infants Protection Act has proved to be inadequate for providing necessary legal protections for Infants born alive following attempted abortions and ensuring that they receive medically appropriate care and treatment; and

Whereas, to remedy this deficiency, Congress introduced the Born-Alive Abortion Survivors Protection Act, which would affirmatively require that medically appropriate care be given to any infant born alive following an abortion procedure; and

Whereas, the Born-Alive Abortion Survivors Protection Act supplements existing federal law to require that health care providers "exercise the same degree of professional skill, care and diligence to preserve the life and health of a child" born alive following an attempted abortion as the provider "would render to any other child born alive"; and

Whereas, a February 2017 poll by the Susan B. Anthony List found that 77% of Americans support legislation "that would ensure that a baby who survives a failed abortion would be given the same medical treatment as any other baby born prematurely at the same age"; and

Whereas, the citizens of this state strongly support laws providing legal recognition and protection for born-alive infants, including those who survive attempted abortions, as evidenced by Arizona's enactment of section 36-2301, Arizona Revised Statutes, which

requires a physician performing an abortion and any other physician in attendance to use "all available means and medical skills" to "promote, preserve and maintain the life" of a fetus or embryo who is delivered alive; and

Whereas, the problem of born-alive infants being denied medically appropriate care following attempted abortions is a matter of official public record but still underreported; and

Whereas, to remedy the problem of under reporting of cases of infants born alive following attempted abortions, Congress introduced the Ensuring Accurate and Complete Abortion Data Reporting Act of 2019, which would make certain Medicaid family planning monies conditional on a state gathering and reporting to the United States Centers for Disease Control and Prevention comprehensive abortion data, and affirmatively requires that states report instances of unborn children surviving abortion attempts; Therefore, be it

Resolved, By the Senate of the State of Arizona, the House of Representatives concurring:

1. That the Legislature strongly supports the enactment of the Born-Alive Abortion Survivors Protection Act.

2. That the Legislature strongly supports the enactment of the Ensuring Accurate and Complete Abortion Data Reporting Act of 2019.

3. That the Secretary of State of the State of Arizona transmit copies of this Resolution to the Governor of the State of Arizona, the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-199. A resolution adopted by the Senate of the State of Michigan urging the President of the United States and the United States Congress to facilitate the resettlement of Ukrainian refugees; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 113

Whereas, On February 24, 2022, the Russian military launched a full-scale military assault on Ukraine. As troops invaded the country, Russia launched other military attacks, including bombing major Ukrainian cities; and

Whereas, As the Ukrainian military has valiantly defended their homeland, the fighting has created a humanitarian crisis among the country's civilians. Less than a week into the conflict, hundreds of thousands of Ukrainian refugees have fled to other countries. It has been estimated that this figure may climb to several million; and

Whereas, These Ukrainian refugees have numerous needs that must be met. Fleeing their homes, they need access to housing,

education, healthcare, and other basic needs. Taking in and supporting the refugees is paramount to limiting the damage done by Russia's violence; and

Whereas, As a world leader in standing up against oppression, the United States has an obligation to commit itself to supporting Ukrainian refugees, including facilitating their resettlement. As Ukraine's neighbors may be overwhelmed by the scale of the crisis, the federal government should take action to ensure the refugees are able to be resettled in the United States; and

Whereas, Michigan must also do its part in addressing this global crisis. Our state must stand ready to do its part in supporting refugees fleeing wars of aggression; Now, therefore, be it

Resolved by the Senate, That we urge President Joe Biden and the Congress of the United States to facilitate the resettlement of Ukrainian refugees; and be it further

Resolved, That we urge Governor Gretchen Whitmer to assist in resettling some Ukrainian refugees in Michigan; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the members of the Michigan congressional delegation, and the Governor.

POM-200. A resolution adopted by the Legislature of the State of Nebraska applying to the United States Congress, pursuant to Article V of the United States Constitution, to call a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

LEGISLATIVE RESOLUTION NO. 14

Now, Therefore, be it Resolved by the Members of the One Hundred Seventh Legislature of Nebraska, Second Session:

1. The Legislature of the State of Nebraska hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress.

2. The Clerk of the Legislature shall transmit copies of this application to the President and Secretary of the United States Senate, to the Speaker and Clerk of the United States House of Representatives, to

the members of the Senate and House of Representatives from this state, and to the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

3. This application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the several states have made applications on the same subject.

4. This application will be rescinded as of February 1, 2027.

POM-201. A communication from the House of Representatives of the Commonwealth of Puerto Rico submitting the first partial report on House Resolution No. 446 and requesting its approval; to the Committee on Energy and Natural Resources.

POM-202. A resolution adopted by the City Commission of the City of Miramar, Florida urging the United States Congress to enact the Energy Innovation and Carbon Dividend Act of 2019 and providing for an effective date; to the Committee on Finance.

POM-203. A resolution adopted by the City Council of the City of Watsonville, California urging the President of the United States to forgive student loans; to the Committee on Health, Education, Labor, and Pensions.

POM-204. A joint resolution adopted by the Lagislature of the Republic of Palau conveying heartfelt sympathies and condolences to the family, relatives, friends, and the people of Alaska for the untimely passing of United States Congressman Don Young, and memorializing his extraordinary contributions to the Republic of Palau; to the Committee on the Judiciary.

POM-205. A resolution adopted by the Council of the County of Maui, Hawaii urging the National Oceanic and Atmospheric Administration to promptly issue the proposed rule entitled "Enhancing Protections for Hawaiian Spinner Dolphins to Prevent Disturbance"; to the Committee on Commerce, Science, and Transportation.

POM-206. A resolution adopted by the Senate of the State of Michigan encouraging the United States and Taiwan to further strengthen bilateral trade between our countries and continue our strong economic and trade partnership; to the Committee on Foreign Relations.

REPORT OF A COMMITTEE

The following report of a committee was submitted:

By Mr. PETERS, from the Committee on Homeland Security and Governmental Affairs, with an amendment in the nature of a substitute:

S. 3875. A bill to require the President to develop and maintain products that show the risk of natural hazards across the United

States, and for other purposes (Rept. No. 117-141).

INTRODUCTION OF BILLS

The following bills were introduced, read the first and, by unanimous consent, second times, and referred, placed on the calendar, held at the desk, or acted upon, as indicated:

By Mr. DURBIN:

S. 4792. A bill to amend the Higher Education Act of 1965 to establish fair and consistent eligibility requirements for graduate medical schools operating outside the United States and Canada; to the Committee on Health, Education, Labor, and Pensions.

The PRESIDING OFFICER laid before the Senate the resolution (S. Res. 762) honoring the life and accomplishments of Queen Elizabeth II and expressing condolences to her family and the United Kingdom on her passing, submitted today by Mrs. SHAHEEN (for herself, Ms. COLLINS, Mr. SCHUMER, Mr. MCCONNELL, Mr. MENENDEZ, Mr. RISCH, Mr. DURBIN, Mr. WARNER, Mr. VAN HOLLEN, Mr. CORNYN, Mrs. MURRAY, Mr. COONS, Mr. HAGERTY, Mr. LEAHY, Mr. PADILLA, Mrs. FEINSTEIN, Mr. WARNOCK, Ms. STABENOW, Mr. LUJAN, Mr. RUBIO, Mr. HICKENLOOPER, Mr. CARDIN, Ms. BALDWIN, Ms. CORTEZ MASTO, Ms. HASSAN, Mrs. CAPITO, Mrs. FISCHER, Mr. HEINRICH, Mr. BOOKER, Mr. MURPHY, Mr. KAINE, Ms. KLOBUCHAR, Mr. BLUMENTHAL, Ms. SMITH, Mr. BENNET, Mr. MORAN, Mr. REED, Mr. MERKLEY, Mr. CASSIDY, Mr. MARSHALL, Mr. GRAHAM, Mr. SHELBY, Mr. BLUNT, Mr. CRAPO, Mr. PORTMAN, Mr. HAWLEY, Mr. WICKER, Mrs. BLACKBURN, Mr. JOHNSON, Mr. CRAMER, Mr. YOUNG, Ms. MURKOWSKI, Mr. TOOMEY, Mr. BOOZMAN, Mr. TILLIS, Mr. CARPER, Mr. KING, Ms. DUCKWORTH, Mr. RICK SCOTT, Mr. PETERS, Mr. MANCHIN, Mrs. GILLIBRAND, Mr. BURR, Ms. LUMMIS, Mr. ROMNEY, Mr. DAINES, Mr. OSSOFF, Mr. KELLY, Mr. LANKFORD, and Mr. TIM SCOTT), and at the desk.

The Senate proceeded, by unanimous consent, to consider the resolution.

The question being on agreeing to the resolution.

Resolved, That the Senate agree thereto, and to the accompanying preamble.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

ORDERS FOR ADJOURNMENT UNTIL 10 A.M. ON TOMORROW, AND FOR PROGRAM

By unanimous consent, on the request of Mr. WHITEHOUSE,

Ordered, That, when the Senate concludes its business on today, it adjourn until 10 a.m. on tomorrow; that, on tomorrow, immediately following the prayer and reciting of the Pledge of Allegiance to the Flag of the United States of America, the Journal of the proceedings of the Senate be approved to date, the morning hour be deemed expired, the times for the two leaders be reserved, and morning business be closed; that, upon conclusion of morning business, the Senate proceed to executive session to resume consideration of the nomination of Lara E. Montecalvo, of Rhode Island, to be United States Circuit Judge for the First Circuit; and that, at 11:30 a.m. on tomorrow, time for debate on said nomination be considered concluded.

Ordered further, That, if a nomination is confirmed on tomorrow, a motion to reconsider be considered made and laid on the table; and that the President be immediately notified of the Senate's action.

ADJOURNMENT

By unanimous consent, on the request of Mr. WHITEHOUSE,

At 6:20 p.m.,

The Senate adjourned, under its order of today, until 10 a.m. on tomorrow.

WEDNESDAY, SEPTEMBER 14, 2022

Mr. BEN RAY LUJAN, from the State of New Mexico, called the Senate to order at 10 a.m., the Chaplain offered a prayer, and Mr. LUJAN led the Senate in reciting the Pledge of Allegiance to the Flag of the United States of America.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The Senior Assistant Legislative Clerk read the following communication from the PRESIDENT pro tempore:

U.S. SENATE

PRESIDENT PRO TEMPORE,

Washington, DC, September 14, 2022.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable BEN RAY LUJAN, a Senator from the State of New Mexico, to perform the duties of the Chair.

PATRICK J. LEAHY,
PRESIDENT pro tempore.

Mr. LUJAN took the chair.

THE JOURNAL

Pursuant to the order of yesterday, The Journal of the proceedings of the Senate was deemed approved to date.

CERTAIN PROCEDURES DISPENSED WITH

Pursuant to the order of yesterday, The morning hour being deemed expired, the times for the recognition of the two leaders being reserved, and morning business being closed.

EXECUTIVE SESSION

Pursuant to the order of yesterday, The Senate proceeded to executive session; and after the consideration of executive business (involving two rollcall Votes; during which the following occurred).

OBJECTION TO CONSIDERATION OF BILL S. 4845

Mr. CRUZ, as in legislative session, asked unanimous consent that the Senate proceed immediately to consider the bill (S. 4845) to provide for safe schools and safe communities, introduced by him (for himself and Mr. BARRASSO), which is at the desk; that the bill be read twice, considered, read the third time, and passed; and that a motion to reconsider be considered made and laid on the table.

Mr. MURPHY objected.

OBJECTION TO CONSIDERATION OF BILL S. 4586

Mr. CRUZ, as in legislative session, asked unanimous consent that the Committee on Health, Education, Labor, and Pensions be discharged from the further consideration of the bill (S. 4586) to keep schools physically secure using unobligated Federal funds available to the Secretary of Education to respond to the coronavirus; that the Senate proceed immediately to consider the bill; that the bill be considered read the third time, and passed; and that a motion to reconsider be considered made and laid on the table.

After debate,

Mr. MURPHY objected.

OBJECTION TO CONSIDERATION OF BILL S. 4483

Mr. RICK SCOTT, as in legislative session, asked unanimous consent that the Committee on Health, Education, Labor, and Pensions be discharged from the further consideration of the bill (S. 4483) to prevent class-based loan forgiveness for Federal student loans under title IV of the Higher Education Act of 1965 without the explicit appropriation of funds by Congress for such purpose; that the Senate proceed immediately to consider the bill; that the bill be considered read the third time, and passed; and that a motion to reconsider be considered made and laid on the table.

After debate,

Ms. WARREN objected.

OBJECTION TO CONSIDERATION OF JOINT RESOLUTION S.J. RES. 61

Mr. BURR, as in legislative session, asked unanimous consent that the Committee on Health, Education, Labor, and Pensions be discharged from the further consideration of the joint resolution (S.J. Res. 61) to provide for the resolution of issues in a railway labor-management dispute, and for other purposes; that the Senate proceed immediately to consider the joint resolution; that the joint resolution be read the third time, and passed; and that a motion to reconsider be considered made and laid on the table.

After debate,

Mr. SANDERS objected.

TRANSACTION OF MORNING BUSINESS

By unanimous consent, on the request of Ms. SMITH,

Ordered, That, effective immediately, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-207. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to review and reform the National Flood Insurance Program's pricing methodology known as Risk Rating 2.0; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION No. 84

Whereas, various scientific studies have reported climate change as having an impact on the current increase in the frequency and severity of natural disasters; and

Whereas, various scientific studies predict continued increases in the frequency and severity of natural disasters; and

Whereas, the Federal Emergency Management Agency (FEMA) has reported that flooding is the most common and most expensive type of natural disaster in the United States; and

Whereas, FEMA has reported that one inch of water pooled in a single-story, one thousand square foot home can cause approximately eleven thousand dollars worth of damage; and

Whereas, a home is the most valuable asset owned by many families; and

Whereas, flood insurance is a product designed to mitigate the cost of repairs needed due to flood damage by offering coverage at a rate based on certain risk factors; and

Whereas, the National Flood Insurance Program (NFIP) offers a maximum of two hundred fifty thousand dollars of flood insurance coverage for residential structures for families of one to four; and

Whereas, beginning October 1, 2021, new flood insurance policies issued by NFIP are subject to the rating methodology known as Risk Rating 2.0; and

Whereas, all flood insurance policies issued by NFIP that are renewed on or after April 1, 2022 are subject to Risk Rating 2.0; and

Whereas, the flood insurance rates for certain families are increasing up to eighteen percent per year; and

Whereas, citizens of the town of Jean Lafitte have elevated their homes but will nevertheless pay higher flood insurance rates under Risk Rating 2.0; and

Whereas, the language used to explain Risk Rating 2.0 in correspondence with policyholders is unclear to laypersons and difficult to understand; and

Whereas, policyholders should receive correspondence explaining Risk Rating 2.0 that utilizes language a policyholder can understand without the assistance of legal counsel; and

Whereas, increased residential flood insurance rates may discourage people from purchasing homes in south Louisiana; and

Whereas, a decrease in demand, as a result of increased flood insurance rates, may discourage individuals and property developers from building new homes in south Louisiana; and

Whereas, increased flood insurance rates may result in homeowners opting to not purchase flood insurance, which would expose them to bearing the full expense of repairing their home if it is damaged by a flood; and

Whereas, many homeowners would be unable to afford to repair their home if it were damaged by a flood and they did not receive flood insurance proceeds; and

Whereas, flood insurance should be affordable to all citizens of Louisiana, including residents of coastal communities in south Louisiana; and

Whereas, congress has oversight authority over federal administrative agencies, including FEMA and NFIP; and

Whereas, the members of the Louisiana congressional delegation have an obligation to effectuate federal legislative changes for the benefit of the citizens of Louisiana.

Therefore, be it

Resolved, that the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to review and reform NFIP's pricing methodology known as Risk Rating 2.0; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-208. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the President of the United States, the Governor of Louisiana and the Louisiana Congressional Delegation to do everything in their power to halt federal actions resulting in the delay or cancellation of offshore oil and natural gas lease sales and strongly urge the U.S. Department of the Interior and the Biden Administration to expedite actions necessary to comply with the order by the U.S. District Court for the District of Columbia to resolve Lease Sale 257 and finalize a new five-year plan for oil and gas leasing on the outer continental shelf; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT RESOLUTION No. 43

Whereas, the Gulf of Mexico produces approximately seventeen percent of the U.S. crude oil and five percent of U.S. natural gas while contributing five to eight billion dollars to the federal treasury each year and sends hundreds of millions of dollars to coastal states for coastal restoration and hurricane protection projects; and

Whereas, the oil and gas industry directly supports two hundred forty-nine thousand eight hundred jobs in Louisiana and the oil and gas industry activities represent twenty-six percent of Louisiana's Gross Domestic Product, accounting for nearly four and one half billion dollars in state and local tax revenue in 2019 alone, with fourteen and one half percent of total state taxes, licenses, and fees collected; and

Whereas, according to the Bureau of Ocean Energy Management (BOEM) which regulates offshore lease sales, the Gulf of Mexico continues to be the nation's primary offshore source of oil and gas, generating

about ninety-seven percent of all U.S. outer continental shelf (OCS) oil and gas production; and

Whereas, since 2017, Gulf of Mexico lease sales have generated more than one billion dollars from offshore leasing; and

Whereas, since 1953, the U.S. Secretary of the Interior has been required by law to prepare a five-year plan to set a schedule for oil and gas leases in U.S. offshore waters; and

Whereas, it is a lengthy, multi-year regulatory process with multiple stages for public comment, input, and consultation; and

Whereas, the Obama Administration issued a five-year-plan for oil and gas leasing that expires on July 1, 2022; and

Whereas, there are two remaining lease sales for the Gulf of Mexico authorized under the current five-year plan, including Lease Sale 259 and Lease Sale 261; and

Whereas, the U.S. Department of the Interior (DOI) missed the deadline to issue a notice of sale for Gulf of Mexico Lease Sale 259 in order to meet the expiration of the current five-year plan; and

Whereas, President Biden signed Executive Order 14008, Tackling the Climate Crisis at Home and Abroad, on January 27, 2021, declaring a pause on leasing on federal lands and waters, including the OCS of the Gulf of Mexico; and

Whereas, the U.S. District Court ordered a preliminary injunction on the leasing pause and ordered federal oil and gas lease sales to proceed on June 15, 2021; and

Whereas, the DOI held Lease Sale 257 on November 17, 2021; however, on January 27, 2022, a ruling by the U.S. District Court for the District of Columbia invalidated Gulf of Mexico Lease Sale 257 requiring the DOI to reassess the environmental impacts of Lease Sale 257; and

Whereas, the DOI is not appealing the court ruling and therefore there is no indication that leases will be awarded to the offshore companies; and

Whereas, there is no indication that the federal government will hold another Gulf of Mexico offshore lease sale for the duration of President Biden's term; and

Whereas, there is no indication that the DOI is working on the next OCS five year plan; and

Whereas, since December 2019 crude output fell slightly, with a drop of nearly thirteen and one half percent in offshore Gulf of Mexico production; however, demand for oil has climbed nine and eight-tenths percent in the same period; and

Whereas, the Gulf of Mexico Energy Security Act (GOMESA), which allows Gulf states to share in offshore revenue generated from offshore oil activity including bonus bid revenue, is the only reliable source of funding for Louisiana's coastal programs; and

Whereas, over the past five years Louisiana has received between one hundred sixty million and four hundred seven million dollars from bonus bids alone; and

Whereas, it is estimated that the state of Louisiana lost approximately twenty to forty million dollars in 2021 due to the cancelled lease sales and lost bonus bid revenue; and

Whereas, Louisiana depends on GOMESA revenues to fund a fifty billion dollar coastal restoration plan; and

Whereas, the U.S. Secretary of the Interior is required by law to prepare a five-year plan to set a schedule for oil and gas leases in federal offshore waters; and

Whereas, delaying or canceling Gulf of Mexico leasing negatively impacts federal and state revenue, as well as Louisiana businesses and jobs; and

Whereas, drilling contractors will see impacts dropping as many as one quarter of the remaining Gulf of Mexico rigs over the next several years; and

Whereas, every drillship maintains an entire network of staff, supply boats, and other vendors that support roughly one thousand jobs per rig; and

Whereas, the Gulf of Mexico is the safest and cleanest oil produced anywhere in the world; and

Whereas, halting domestic energy development in one of the lowest carbon intensive energy producing regions in the world will shift production and capital investment overseas and undermine decades of environmental progress; and

Whereas, a 2016 Obama Administration study conducted by BOEM concluded that America's greenhouse gas (GHG) emissions will be only slightly affected by leasing decisions on BOEM's offshore leasing program and could result in an increase of GHG emissions in the absence of new OCS leasing due to an increase in importing foreign oil; and

Whereas, the current administration is pursuing a policy that places the U.S. at the mercy of the Organization of Petroleum Exporting Countries (OPEC) and Russia to meet our domestic needs, harming our national and economic security; Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby urge and request the president of the United States, the governor of Louisiana and the Louisiana congressional delegation to do everything in their power to halt federal actions resulting in the delay or cancellation of offshore oil and natural gas lease sales and strongly urge the U.S. Department of Interior and the Biden Administration to expedite actions necessary to comply with the order of the U.S. District Court for the District of Columbia to resolve Lease Sale 257 and finalize a new five-year plan for oil and gas leasing on the outer continental shelf; and be it further

Resolved, That all efforts should focus on mandated lease sales in the Gulf of Mexico; and be it further

Resolved, That the clerk of the House is hereby directed to forward a copy of this Resolution to the president of the United States, the secretary of the interior, the secretary of energy, the Federal Energy Regulatory Commission, the White House national climate advisor, the speaker and clerk of the United States House of Representatives, the president pro tempore and secretary of the United States Senate, and the members of the Louisiana congressional delegation.

POM-209. A joint resolution adopted by the Legislature of the State of Colorado concerning support for Ukraine against Russian aggression; to the Committee on Foreign Relations.

SENATE JOINT RESOLUTION No. 22-004

Whereas, The post-war international security order, led by the North Atlantic Treaty Organization (NATO), has relied upon diplomacy, peace, and open communication over armed conflict to ensure prosperity and stability for over one billion people for more than 70 years; and

Whereas, Following the collapse of the Soviet Union, the Ukrainian people voted overwhelmingly to form a nation independent from Russia, building a democracy and a thriving country grounded in the rule of law; and

Whereas, In 2014, the pro-Western Euromaidan protest movement in Ukraine led to the resignation of authoritarian president Viktor Yanukovich, a brutal ally of Vladimir Putin, ushering in democratically elected leaders who have sought closer ties to the European Union and the United States; and

Whereas, The Russian Federation, seeking to block the free will of the Ukrainian people in their pursuit of security, peace, and prosperity through closer ties to the European Union and the United States, annexed territory from Ukraine in 2014 and instigated, supported, and supplied a deadly separatist war in Eastern Ukraine that has destabilized the region and killed thousands of civilians; and

Whereas, The Russian Federation deployed military assets to support the separatist militias in the Donetsk and Luhansk regions, resulting in the reckless missile attack that downed Malaysia Airlines Flight 17 and killed 298 innocent civilians in 2014; and

Whereas, Vladimir Putin intentionally lied to his own people and to the global community to create a false pretext to invade and occupy Ukraine based on lies that Ukraine posed a threat to Russians and that falsely connected Ukraine and its political leaders to Nazism; and

Whereas, The Russian Federation violated international peace and security agreements that sought a peaceful solution in Eastern Ukraine and instead amassed hundreds of thousands of troops on Ukraine's border; and

Whereas, Vladimir Putin has now launched an unjust and unwarranted invasion upon the peaceful nation of Ukraine; and

Whereas, Russian soldiers are currently sweeping through the country, inflicting violence and terror upon millions of civilians and destroying homes, businesses, and properties; and

Whereas, Ukraine is a proud and honorable nation under siege, and the brutality of this unnecessary and violent war is an affront to both international law and common decency; and

Whereas, Ukraine has been a bulwark against Russian military aggression in Europe, and Vladimir Putin has said that his goal is to recreate the Soviet Union and may have intentions to threaten NATO allies with military force; and

Whereas, Vladimir Putin has sought to destabilize countries across Europe and interfere in other countries' elections and democracies, including the United States; and

Whereas, The United States has galvanized the international community and our allies to impose the strongest possible sanctions on Russia and its financial institutions in response to the Russian invasion of Ukraine; and

Whereas, Colorado is home to thousands of Ukrainian Americans and to millions who care deeply for and stand strongly in support of the Ukrainian people; and

Whereas, Ukraine deserves the support of every American and the entire international community as it defends itself from this unprovoked Russian invasion, the largest attack by one state against another in Europe since World War II; Now, therefore, be it

Resolved by the Senate of the Seventy-third General Assembly of the State of Colorado, the House of Representatives concurring herein: That we, the members of the Colorado General Assembly:

(1) Proudly stand alongside Ukraine, its people, and its leaders during this horrific and unnecessary war and vow to support Ukraine and hold Russia fully accountable for its catastrophic decision to invade;

(2) Condemn, in the strongest possible terms, Vladimir Putin's violent attack on the people of Ukraine and strongly endorse the swift and severe economic sanctions and stringent export controls that President Biden's administration has imposed on Russia; and

(3) Urge Russia to immediately cease its violent, illegal, and immoral assault upon Ukraine, end the needless bloodshed, and return to diplomacy and the rules-based international order that has ensured peace and prosperity for so many. Be it further

Resolved, That copies of this Joint Resolution be sent to the Speaker of the United States House of Representatives, the Majority Leader of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the President of the United States Senate, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and all members of Colorado's Congressional delegation.

POM-210. A concurrent resolution adopted by the Legislature of the State of Louisiana encouraging the United States Congress and the President of the United States to take proactive measures to stand firmly against the totalitarian efforts of the world Marxist/communist movement to protect the citizens of our great state and this nation from the leviathan and evil that is the Chinese Communist Party; to the Committee on Foreign Relations.

HOUSE CONCURRENT RESOLUTION NO. 13

Whereas, the initial global Marxist/communist movement was directed by the Union of Soviet Socialist Republics (USSR) and had as its declared objective, world control; and

Whereas, world hegemony was to be accomplished through aggression, force, violence, and tactics that included fraud, espionage, sabotage, infiltration, subversion, propaganda, terrorism, and treachery; and

Whereas, since the 1991 collapse of the USSR and the Warsaw Pact the hegemonic and totalitarian nation-state of China has become the focal point for the spread of dangerous and tyrannical Marxist, communist, and socialist influences around the globe and has recently aligned with the Russian Federation to act in concert against the West and the rest of the free world, and together they champion tenets of the former Marxist/communist movement; and

Whereas, the direction and control of the world Marxist/communist movement is now vested in and exercised by the People's Republic of China (PRC); and

Whereas, the PRC, subject to the dictatorial authority of the Chinese Communist Party (CCP), is actively and surreptitiously furthering the purposes of the world Marxist/communist movement; and

Whereas, the CCP has established or caused the establishment of various action organizations and "front" companies, which are entities that are not free and independent but components of the PRC's apparatus and that are controlled and directed by and subject to the discipline of the dictatorship in the CCP; and

Whereas, the CCP conducts predatory trade practices and is suspected of facilitating the shipment of pirated and stolen goods and

technologies, all of which harms Louisiana and American businesses and workers; and

Whereas, the state of Louisiana, as a sovereign political entity under the Constitution of the United States and as a functioning representative state government that is responsible solely to the people of this state under the constitutions of this state and nation, is a most probable and obvious target for those who seek by force, violence, subterfuge, and other unlawful means to overthrow constitutional government, so Louisiana is in perpetual danger of Marxist/communist espionage, infiltration, subversion and sabotage, which would put at risk the state's economy, the international waterway that is the Mississippi River which runs through Louisiana, and these actions will put at risk critical transshipment routes for oil, gas, grain, coal, and chemicals that are all linchpins of the state and nation's economy; and

Whereas, Marxist/communist expansion and ultimately control of a country is characterized by an absolute denial of the right of self-government and by the abolition of those personal liberties which are cherished and held sacred in the state of Louisiana and in the United States of America; and

Whereas, the Legislature of Louisiana highlights the deaths of over seventy million Chinese citizens at the hands of its own state apparatus and dictators, the enslavement and on-going efforts to exterminate the Uyghur people and install Gulag-comparable oppression in the Xinjiang region, the maltreatment of minority citizens including peoples of color, maltreatment of homosexuals, the lack of religious and press freedoms, the persecution of people of faith, and draconian population control measures as the heinous benchmarks of the CCP that must be illuminated as actions the United States and Louisiana will not allow to endanger our great nation and state; and

Whereas, communist action organizations and front companies, as established and utilized in the United States, act under control, direction, and discipline of the CCP and endeavor to carry out the objectives of the world Marxist/communist movement under the guise of legitimate businesses and academic and political entities; and

Whereas, the world Marxist/communist movement, which, emanating from the CCP and extending to all corners of the globe, aims to bring about the destabilization and subjugation of legitimate and free governments by any available means, including force when called for, and to set up totalitarian dictatorships that suppress liberty and eradicate human rights; and

Whereas, those who unwittingly and/or sophomorically aid the advancement of these aims of the world Marxist/communist movement and who participate in the

subversive work of the movement in effect aid in the growth, influence, and detrimental presence of this cancer on liberty that extends from the CCP and are themselves victims of the world Marxist/communist movement; and

Whereas, by insidious and ruthless tactics such as predatory economic actions, infiltration of institutions of higher learning, sabotage, political party infiltration, propaganda, and subversion, the agents of the world Marxist/communist movement are attempting to lay the groundwork for the dissolution of the free society that is the United States of America and the state of Louisiana; and

Whereas, by dangerous experiments, including the possible release of deadly pathogens, and the testing and employment of balance-of-power changing weapons, the CCP puts the health and stability of the entire earth at risk; and

Whereas, the world Marxist/communist movement is not a legitimate political effort but is in fact a tyrannical criminal conspiracy with an end goal of the ruination of western civilization and liberal democracy; and

Whereas, because the world Marxist/communist movement constitutes a clear and present danger to the citizens of the state of Louisiana and is an unequivocal enemy of this state and nation, the Congress of the United States and the president of the United States, in order to protect the people of the country and state, to preserve the sovereignty of the state under the Constitutions of the United States and the state of Louisiana, and to guarantee to the state a republican form of government, should enact appropriate legislation recognizing the existence of the Marxist/communist movement and preventing it from accomplishing its purposes in the state of Louisiana and throughout these United States; and

Whereas, the guarantees of sovereignty and freedom enjoyed by this state and its citizens are certain to vanish if the United States and its constitution are minimized, degraded, or destroyed by the Marxist/communist movement. Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby encourage the Congress of the United States and the president of the United States to take proactive measures to stand firmly against the totalitarian efforts of the world Marxist/communist movement and to protect the citizens of our great state and this nation from the leviathan and evil that is the Chinese Communist Party; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-211. A concurrent resolution adopted by the Legislature of the State of Louisiana

commending and honoring the pregnancy care centers of Louisiana; encouraging the United States Congress and federal and state government agencies to grant assistance to pregnancy care centers for medical equipment and abstinence education in a manner that does not compromise the centers' mission or religious integrity; expressing the sense of the legislature regarding actions of any national, state, or local groups attempting to prevent pregnancy care centers from effectively serving women and men facing unplanned pregnancies; to the Committee on Health, Education, Labor, and Pensions.

HOUSE CONCURRENT RESOLUTION No. 93

Whereas, pregnancy care centers have a considerable and growing impact on the women, men, children, and communities they serve; and

Whereas, pregnancy care centers serve women in Louisiana and across the United States with integrity and passion; there are more than two thousand five hundred pregnancy care centers across the United States that provide comprehensive care to women and men facing unplanned pregnancies by providing resources that meet their physical, psychological, emotional, and spiritual needs; and

Whereas, pregnancy care centers offer women free, confidential, and compassionate services including pregnancy tests, peer counseling, twenty-four hour per day telephone hotlines, childbirth and parenting classes, community health care referrals, and other support services; and

Whereas, many medical pregnancy care centers offer ultrasounds and other medical services and provide information on adoption and adoption referrals to pregnant women; and

Whereas, pregnancy care centers encourage women to make positive life choices by equipping them with complete and accurate information regarding their pregnancy options and the development of their unborn children; and

Whereas, pregnancy care centers provide women with compassionate and confidential peer counseling in a nonjudgmental manner regardless of their pregnancy outcomes; they also provide important support and resources for women who choose childbirth over abortion; and

Whereas, pregnancy care centers ensure that women receive prenatal information and services that lead to the birth of healthy infants, and many centers provide grief assistance for women and men who regret past choices; and

Whereas, many pregnancy care centers also work to prevent unplanned pregnancies by teaching effective abstinence education in public schools; and

Whereas, the federal government and state governments have increasingly recognized the value of the services offered by pregnancy care centers and have designated public funds for such organizations; and

Whereas, pregnancy care centers operate primarily through reliance on the voluntary donations and time of individuals who are committed to caring for the needs of women and promoting and protecting life, and the centers operating in Louisiana are most deserving of the highest recognition for their efforts. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby commend and honor the pregnancy care centers of Louisiana and does hereby strongly support the positive contributions pregnancy care centers make to the lives of women, men, and babies; and be it further

Resolved, That the Legislature of Louisiana does hereby commend the tens of thousands of volunteers and paid staff at pregnancy care centers in Louisiana and across the United States for their compassionate work; and be it further

Resolved, That the Legislature of Louisiana encourages Congress and federal and state government agencies to grant assistance to pregnancy care centers for medical equipment and abstinence education in a manner that does not compromise the mission or religious integrity of these organizations; and be it further

Resolved, That the Legislature disapproves of the actions of any national, state, or local groups attempting to prevent pregnancy care centers from effectively serving women and men facing unplanned pregnancies; and be it further

Resolved, That a copy of this Resolution be transmitted to the governor, the president of the United States, the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America, and to each member of the Louisiana congressional delegation.

POM-212. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to support the Illegal Fishing and Forced Labor Prevention Act and to take such actions as are necessary to compel the United States Food and Drug Administration to fulfill its duties regarding inspection and testing of imported seafood; to the Committee on Health, Education, Labor, and Pensions.

HOUSE CONCURRENT RESOLUTION No. 78

Whereas, according to the National Oceanic and Atmospheric Administration, in 2019 the United States imported six billion pounds of edible seafood products, including one and one half billion pounds of shrimp, an increase of nearly six and one half million

pounds more than the shrimp imported in 2018; and

Whereas, the 2019 shrimp imports alone, valued at six billion dollars, accounted for twenty-seven percent of the total value of imported seafood that year, which reached twenty-two billion dollars; and

Whereas, it is estimated that over half of the imported seafood consumed in the United States is from aquaculture, or seafood farming, rather than wild-caught; and

Whereas, the United States Food and Drug Administration (FDA) is responsible for the safety of all fish and fishery products entering the United States and sold in Louisiana; and

Whereas, the FDA's seafood safety program is governed by its Hazard Analysis Critical Control Point regulations, which address food safety management through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution, and consumption of the finished product; and

Whereas, FDA regulations are supposed to measure compliance for imported seafood with inspections of foreign processing facilities, sampling of seafood offered for import into the United States, domestic surveillance sampling of imported products, inspections of seafood importers, foreign country program assessments, and the use of information from foreign partners and FDA overseas offices; and

Whereas, in 2011 the FDA was only inspecting two percent of the seafood imported into the United States; and

Whereas, unfortunately 2011 is the last year for which data regarding the percentage of imports inspected is available due to a lack of transparency and inadequate assessment measures; and

Whereas, in 2011 the Government Accountability Office (GAO) noted that the FDA's assessments of foreign aquaculture operations was limited by the FDA's lack of 1 procedures, criteria, and standards; and ten years later, a 2021 GAO report found that the agency was failing to monitor the effectiveness of its own enforcement policies and procedures; and

Whereas, in contrast, the European Union regularly conducts physical checks of approximately twenty percent of all imported fish products that are fresh, frozen, dry, salted, or hermetically sealed, and for certain fishery products, physical checks are conducted on approximately fifty percent of imports; and

Whereas, the Louisiana State University School of Renewable Natural Resources published a 2020 paper titled "Determination of Sulfite and Antimicrobial Residue in Imported Shrimp to the USA", which presented findings from a study of shrimp imported from India, Thailand, Indonesia,

Vietnam, China, Bangladesh, and Ecuador and purchased from retail stores in Baton Rouge, Louisiana; and

Whereas, a screening of these shrimp for sulfites and residues from antimicrobial drugs found the following: (1) five percent of the shrimp contained malachite green, (2) seven percent contained oxytetracycline, (3) seventeen percent contained fluoroquinolone, and (4) seventy percent contained nitrofurantoin, all of which have been banned by the FDA in domestic aquaculture operations; and

Whereas, although the FDA requires that food products exposed to sulfites must include a label with a statement about the presence of sulfites, of the forty-three percent of these locally purchased shrimp found to contain sulfites, not one package complied with this labeling requirement; and

Whereas, the drug and sulfite residues included in this screening can be harmful to human health during both handling and consumption and have been known to cause all of the following: liver damage and tumors, reproductive abnormalities, cardiac arrhythmia, renal failure, hemolysis, asthma attacks, and allergic reactions; and

Whereas, the results of this study confirm that existing screening and enforcement measures for imported seafood are insufficient; whatever the percentage of imports inspected may be, seafood is currently being imported that contains unsafe substances that put American consumers at risk; and

Whereas, because imported seafood is not held to the same standards as domestic seafood, domestic fishing industries are put at a distinct and significant disadvantage commercially; and

Whereas, according to the Louisiana Department of Wildlife and Fisheries, the average value of Louisiana shrimp fell from three dollars and eighty cents per pound in 1980 to one dollar fifty cents per pound in 2017; and

Whereas, this unfair competition allows foreign competitors to flood the United States market with seafood harvested under intensive farming practices using antimicrobial drugs, while devastating local industries and the coastal communities built around them; and

Whereas, proposed federal legislation cosponsored by Representative Garret Graves of Louisiana titled the Illegal Fishing and Forced Labor Prevention Act, originally filed as H.R. 3075 and as incorporated into H.R. 4521 of the 117th Congress, seeks to combat illegal, unreported, and unregulated fishing practices in the international seafood supply chain which contribute to the foregoing inadequacies; and

Whereas, the proposed legislation seeks to enhance monitoring, inspection, data collection, labeling, and transparency related

to imported seafood; to improve the ability of United States regulators to enforce these measures; to increase outreach regarding seafood safety and fraud; and to appropriate additional money for improved traceability; and

Whereas, if enacted, the Illegal Fishing and Forced Labor Prevention Act could be an essential step towards improving the safety of consumers and the market for domestic fishing industries; Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to support the Illegal Fishing and Forced Labor Prevention Act and to take such actions as are necessary to compel the United States Food and Drug Administration to fulfill its duties regarding inspection and testing of imported seafood; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-213. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to invest future supplemental funding in the communities of Lafitte, Barataria, and Crown Point located in Jefferson Parish aiding in flood protection and preventing future losses and damages; to the Committee on Homeland Security and Governmental Affairs

HOUSE CONCURRENT RESOLUTION No. 20

Whereas, the population in Jefferson Parish is approximately 429,711; and

Whereas, Jefferson Parish is the third largest parish in Louisiana; and

Whereas, there are approximately 100,179 properties in Jefferson Parish that have a greater than twenty-six percent chance of being severely affected by flooding; and

Whereas, flood risks have increased in Jefferson Parish, and there is an extreme risk of flooding over the next thirty years; and

Whereas, Jefferson Parish has greater overall flood risk than ninety-nine percent of counties across the country; and

Whereas, the Federal Emergency Management Agency awarded a grant to aid in flood mitigation in Jefferson Parish; and

Whereas, the United States Congress and the president of the United States did not include the communities of Lafitte, Barataria, and Crown Point; however, the state of Louisiana received supplemental funding for the parishes of Lafourche, Terrebonne, Orleans, East Baton Rouge, Tangipahoa, and parts of Jefferson; and

Whereas, continued investments in flood mitigation are needed to prevent future loss and damage resulting from natural disasters

in the communities of Lafitte, Barataria, and Crown Point; and

Whereas, the communities of Lafitte, Barataria, and Crown Point have suffered the adverse effects of the West Closure Complex drainage system and the one hundred-year levees three miles north of the area; and

Whereas, the communities of Lafitte, Barataria, and Crown Point have suffered the adverse effects of the sediment diversion on United States Highway 90 and will suffer from the proposed mid-Barataria sediment diversion; and

Whereas, the extreme risk of flooding in Jefferson Parish has shown the urgent need to invest resources for the communities of Lafitte, Barataria, and Crown Point as a means to protect life and property in the future, as citizens are continuously impacted by the flooding and rebuilding of their homes and lives; now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to invest more resources into the communities of Lafitte, Barataria, and Crown Point to aid in future flood damage mitigation; and be it further

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to include the communities of Lafitte, Barataria, and Crown Point in any future supplemental funding and pre-mitigation funding to provide flood protection and to prevent future losses and damages; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-214. A resolution adopted by the Senate of the State of Michigan urging the United States Congress to pass legislation that would allow farmers, along with coalitions and trade associations representing farmers, to petition the U.S. International Trade Commission to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco; to the Committee on Finance.

SENATE RESOLUTION NO. 139

Whereas, Michigan's agricultural industry is vitally important to the state economy. As our nation's second most diverse agricultural system, it contributes more than \$104.7 billion in economic activity annually to the state. More than 800,000 people work in Michigan's agricultural industry, and care for nearly 10 million acres of land; and

Whereas, Fertilizer is a critical agricultural input that is utilized by farmers to provide nutrients to their land and maximize the

productivity of their farms. Michigan farmers require access to fertilizers in order to nourish their land and maintain production levels; and

Whereas, The International Trade Commission (ITC) determined that the import of foreign fertilizers injured U.S. manufacturers. As a result, the ITC decided to impose a nineteen percent tariff on imports of fertilizer and fertilizer ingredients from Morocco. The tariffs, which were implemented in early 2021, significantly increased fertilizer prices; and

Whereas, Fertilizer prices in the United States are now at an all-time high. Fertilizer prices had already been increasing due to factors such as rising costs of raw materials and increased demand for inputs. With these tariffs in effect, farmers who were already struggling to compete with rising costs are now faced with an increased financial burden and uncertain future; and

Whereas, Meanwhile, the U.S. continues to rely on imported fertilizer and fertilizer ingredients. For example, more than 95 percent of potash, one of the key components found in fertilizer, is currently imported from outside the U.S.; and

Whereas, Michigan contains the only commercial deposit of natural potash in the U.S. and the highest quality natural potash deposit in the world. The Michigan Legislature recently provided an investment of \$50 million to establish potash extraction infrastructure in Michigan. Once completed, this project will help increase domestic supply of this critical mineral, thereby strengthening and securing the supply of high-quality potash for Michigan farmers, in addition to providing hundreds of full-time jobs and boosting Michigan's economy. This will be crucial for the Michigan agricultural industry, as significant supply shortages and skyrocketing costs continue to burden Michigan farmers; and

Whereas, Legislation has been introduced in Congress that would allow a process for individual farmers, along with coalitions and trade associations representing farmers, to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients. With the price of fertilizer on the rise, this would help alleviate costs for farmers, as Morocco is one of the top five exporters of fertilizer to the United States; Now, therefore, be it

Resolved by the Senate, That we urge Congress to pass legislation that would allow farmers, along with coalitions and trade associations representing farmers, to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the

members of the Michigan congressional delegation.

POM-215. A concurrent resolution adopted by the Legislature of the State of Arizona urging the United States Congress to allow the participation of Romania in the Visa Waiver Program; to the Committee on the Judiciary.

HOUSE CONCURRENT MEMORIAL NO. 2008

Whereas, Romania has been a stable and flourishing multiparty democracy since the end of communism in 1989; and

Whereas, Romania has a fast-growing, market-oriented economy and is a major economic partner of the United States; and

Whereas, Romania is a member of the North Atlantic Treaty Organization (NATO), meets its defense spending benchmarks and is an active player in regional security; and

Whereas, Romania is an important United States regional security ally and is a close partner in the areas of intelligence and joint security; and

Whereas, Romania has been described as a "stalwart NATO ally" by United States Secretary of Defense Lloyd Austin and called a role model ally by senior defense officials; and

Whereas, the Visa Waiver Program allows citizens of approved countries to travel without a visa to the United States for stays of up to 90 days; and

Whereas, despite the close United States-Romanian relationship, Romania remains one of only three European Union countries that are not in the Visa Waiver Program; and

Whereas, Romania's exclusion from the program hampers closer economic, cultural, political and security ties between our two countries. Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress make changes to the Visa Waiver Program to allow Romania to become a participating country.

2. That the Secretary of the United States Department of Homeland Security work closely with Romanian officials to quickly bring Romania into the Visa Waiver Program.

3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives, each Member of Congress from the State of Arizona and the Secretary of the United States Department of Homeland Security.

POM-216. A joint resolution adopted by the Legislature of the State of Wisconsin applying to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention for the limited purpose of proposing an amendment to the United States

Constitution to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives or as a member of the United States Senate; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 102

Whereas, the United States and its citizens would be best served by limiting the terms of members of the United States House of Representatives and United States Senate; and

Whereas, under Article V of the Constitution of the United States, the Congress, on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments to the Constitution of the United States; and this application shall be aggregated with the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the United States House of Representatives and the United States Senate for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on this subject, but shall not be aggregated with any other applications on any other subject; now, therefore, be it

Resolved by the senate, the assembly concurring. That the legislature of the State of Wisconsin herewith respectfully applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention for the limited purpose of proposing an amendment to the Constitution of the United States to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives or as a member of the United States Senate; and, be it further

Resolved, That the secretary of state of the State of Wisconsin be, and is hereby, directed to forward a proper authenticated copy of this resolution to the President of the Senate of the United States, and to the Speaker of the House of Representatives of the United States; and, be it further

Resolved, That this resolution constitutes a continuing application for a convention for proposing an amendment in accordance with Article V of the Constitution of the United States until such a convention is convened on the same subject or until the legislature of the State of Wisconsin rescinds this resolution.

POM-217. A resolution adopted by the Senate of the State of New Jersey urging the United States Congress to pass a resolution condemning violence against historically Black colleges and universities; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 69

Whereas, In January and February of 2022, at least 30 historically Black colleges and

universities (HBCUs) were the targets of bomb threats; and

Whereas, On February 7, 2022, House Concurrent Resolution 70 was introduced in the United States House of Representatives condemning the violence and threats of violence against HBCUs; and

Whereas, HBCUs were established throughout the 19th and 20th centuries in response to discriminatory practices that prevented Black Americans from pursuing higher education; and

Whereas, Quality higher educational opportunities are central to economic prosperity and social well-being in the United States, and dedicated educational opportunities for Black Americans are critical to the pursuit of economic and social equality for Black Americans; and

Whereas, HBCUs are a symbol of independence and resilience for the Black community and provide important opportunities to uplift Black Americans; and

Whereas, in 2020, enrollment at HBCUs totaled more than 275,000 students, and HBCUs continuously produce a significant share of the country's Black leaders, innovators and artists, including Vice President Kamala Harris, W.E.B. Du Bois, and Toni Morrison; and

Whereas, Bombings were a common tactic during the Civil Rights Movement to terrorize Black institutions and members of the Black community; and

Whereas, The bomb threats against HBCUs in the initial months of 2022 have disrupted campus environments, obstructed educational opportunities, increased anxiety, and instilled fear in students, faculty, and staff; and

Whereas, in 2019, among single-bias hate crime incidents in the United States, 57.6 percent of victims were targeted due to racial, ethnic, or ancestry bias, and among those victims, 48.5 percent were victims of crimes motivated by the offenders' anti-Black or anti-African-American bias, according to the FBI; and

Whereas, The United States has a duty to protect citizens targeted by race-related hate crimes and prevent the continued perpetration of these crimes; and

Whereas, It is altogether fitting and proper for the United States Congress to pass House Concurrent Resolution 70 and thereby vociferously condemn the threats of violence against HBCUs; Now, therefore, be it

Resolved by the Senate of the State of New Jersey:

1. This House supports, and respectfully urges the United States Congress to pass, House Concurrent Resolution 70, condemning the violence against historically Black colleges and universities and reaffirming the commitment of the federal government to combat violence against students, faculty, and staff at historically Black colleges and universities.

2. Copies of this resolution as filed with the Secretary of State, shall be transmitted by the Secretary of the Senate to the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and every member of the New Jersey Congressional delegation.

POM-218. A joint resolution adopted by the Legislature of the State of Colorado concerning the designation of March 8, 2022, as "Colorado Aerospace Day"; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 22-005

Whereas, Our nation and the world have significantly benefited from technological and scientific advances resulting from space exploration and aerospace activities; and

Whereas, Colorado ranks first in the nation for aerospace employment concentration; and

Whereas, There are over 34,000 Coloradans who are directly employed in aerospace, with the aerospace cluster supporting over 240,000 jobs; and

Whereas, Colorado is home to the nation's top aerospace companies, including Ball Aerospace, Boeing, L3Harris, Lockheed Martin Space, Maxar Technologies, Northrop Grumman, Raytheon, Sierra Nevada Corporation, and United Launch Alliance, and close to 500 additional companies that support the aerospace sector by providing services and developing products, including spacecraft, launch vehicles, satellites, command and control software, sensors, and navigation operations; and

Whereas, Colorado is a strategic location for national space and cyber activity, with five key military commands—North American Aerospace Defense Command (NORAD), the United States Northern Command, the United States Strategic Command's Joint Functional Component Command for Space Missile Warning Center, the United States Space Command, and the United States Army Space and Missile Defense Command/Army Forces Strategic Command—and three space-related United States Space Force bases—Buckley, Peterson, and Schriever; and

Whereas, The United States Air Force Academy, along with Colorado's colleges and universities, including the University of Colorado Boulder, University of Colorado Colorado Springs, Colorado School of Mines, Colorado State University, Metropolitan State University of Denver, University of Denver, Colorado Mesa University, and Fort Lewis College, provides access to world-class aerospace-related degrees and offers aerospace companies one of the country's most educated workforces; and

Whereas, Various organizations are key to Colorado's prominence in aerospace, such as the Colorado Space Coalition, a group of

industry stakeholders working to grow and promote Colorado as a center of excellence for aerospace; the Colorado chapter of Citizens for Space Exploration, in partnership with the Colorado Space Business Roundtable, whose mission is to promote better understanding of aerospace and its importance in our economy and daily lives, as well as promoting the importance of human space exploration; and the Colorado Space Business Roundtable, an organization that works to convene stakeholders from industry, government, and academia to advance aerospace business and workforce opportunities throughout the state. Together they form the Colorado chapter of the Aerospace States Association, a nonpartisan organization of lieutenant governors and associate members from aerospace organizations and academia who represent states' interests in federal aerospace and aviation policy development. Manufacturer's Edge is a statewide manufacturing assistance center that encourages the strength and competitiveness of Colorado manufacturers by providing on-site technical assistance through coaching, training, consulting, collaboration-focused industry programs, and leveraging government, university, and economic development partnerships; and

Whereas, The Colorado Air and Space Port seeks to serve as America's hub for commercial space transportation, research, and development; this horizontal launch facility will have the potential to become the foundation for a global suborbital transportation network connecting Colorado globally; now, therefore, be it

Resolved by the Senate of the Seventy-third General Assembly of the State of Colorado, the House of Representatives concurring herein: That we, the members of the Colorado General Assembly:

(1) Strongly urge and request the government of the United States of America to take action to preserve and enhance American leadership in space, spur innovation, and ensure our continued national and economic security by increasing funding for space exploration and activities, including aggressively pursuing sending United States astronauts and the first woman onto the Moon in the next few years under the Artemis program, which will have its uncrewed test flight this month, sending along with it the Callisto payload, which uses Amazon Alexa and Webex by Cisco to test and demonstrate commercial technology for deep space voice, video, and whiteboarding communications. The Callisto technology demonstration will be integrated into NASA's Orion spacecraft for the agency's Artemis I uncrewed mission. Lockheed Martin Space, which designed and built the Orion spacecraft for NASA in Colorado, is leading the development and integration of the payload;

(2) Recognize and appreciate Colorado's space and aerospace companies and organizations, especially the growing membership and activities of the Colorado chapter of Citizens for Space Exploration, in partnership with the Colorado Space Business Roundtable, whose activities to promote space exploration are helping to increase public understanding and enthusiasm for exploration funding;

(3) Recognize and support our congressional delegation in urging the Department of Defense to reestablish the United States Space Command in Colorado;

(4) Recognize and appreciate the contributions of Colorado's universities, colleges, and national research laboratories to the space and aerospace industries, including their expertise in exploration of the planets and the universe and their space-based Earth observation, like the GOES-T weather satellite that launched this month;

(5) Express our most sincere and deepest appreciation to the men and women working in our military installations in Colorado; and

(6) Hereby declare March 8, 2022, to be "Colorado Aerospace Day". Be it further

Resolved, That copies of this Joint Resolution be sent to President Joseph Biden, Jr.; Vice President Kamala Harris; Speaker of the House of Representatives Nancy Pelosi; House Minority Leader Kevin McCarthy; Senate Majority Leader Charles Schumer; Senate Minority Leader Mitch McConnell; Senator John Hickenlooper; Senator Michael Bennet; Congresswoman Diana DeGette; Congressman Joe Neguse; Congresswoman Lauren Boebert; Congressman Ken Buck; Congressman Doug Lamborn; Congressman Jason Crow; Congressman Ed Perlmutter; Bill Nelson, NASA Administrator; Bradley Mims, Deputy Administrator, Federal Aviation Administration; Governor Jared Polis; Lieutenant Governor and Co-chair, Colorado Space Coalition, Dianne Primavera; Brigadier General Laura Clellan, The Adjutant General, Colorado National Guard; General James Dickinson, Commander, U.S. Space Command, and Commander, Air Force Space Command; Colonel Marcus Jackson, Buckley Garrison Commander, Buckley Space Force Base; Dr. Christopher Scolese, Director, National Reconnaissance Office; Ross B. Garelick Bell, Executive Director, Aerospace States Association; Thomas E. Zelibor, Chief Executive Officer, Space Foundation; Dr. Ronald M. Sega, Co-chair, Colorado Space Coalition; Michael Gass, Co-chair, Colorado Space Coalition; Bob Cone, Chair, Colorado Space Business Roundtable; Stacey DeFore, Chair, Colorado Citizens for Space Exploration; Jeff Kloska, Director, Colorado Air and Space Port; and Debbie Brown, President, Colorado Space Business Roundtable.

POM-219. A joint resolution adopted by the Legislature of the State of Wisconsin

applying to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a Convention of the States limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

ASSEMBLY JOINT RESOLUTION NO. 9

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the States through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the States to protect the liberty of our people—particularly for the generations to come—by proposing amendments to the Constitution of the United States through a Convention of the States under Article V for the purpose of restraining these and related abuses of power: Now, therefore, be it

Resolved by the assembly, the senate concurring. That the legislature of the State of Wisconsin hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a Convention of the States limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; and, be it further

Resolved, That for purposes of this joint resolution, the phrase "limit the power and jurisdiction" means to restrict and constrain the power and jurisdiction of the federal government, and that this joint resolution does not authorize a convention for proposing any amendments that expand federal power or jurisdiction, or that legitimize any current use of federal power that is unauthorized by the original Constitution; and, be it further

Resolved, That the secretary of state is hereby directed to transmit copies of this application to the president and secretary of the United States Senate and to the Speaker and clerk of the United States House of Representatives; to transmit copies to the members of the said Senate and House of Representatives from this state; and also to

transmit copies hereof to the presiding officers of each of the legislative houses in the several States, requesting their cooperation; and, be it further

Resolved, That this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the several States have made applications on the same subject.

POM-220. A memorial adopted by the Senate of the State of Colorado urging the United States Congress to adopt comprehensive voting rights legislation to protect the integrity of American democracy and the sacred right to vote ; to the Committee on Rules and Administration.

SENATE MEMORIAL NO. 22-001

Whereas, Every January we honor the memory of Dr. Martin Luther King, Jr., and his heroic efforts to advance voting rights and we aspire to follow in his footsteps; and

Whereas, No one did more to promote the right to vote for disenfranchised Americans than the civil rights leaders of the 1960s, including Dr. Martin Luther King, Jr., Congressman John Lewis, Fannie Lou Hamer, and Ella Baker; and

Whereas, Until the United States Congress passed the federal "Voting Rights Act of 1965", people of color in the United States were frequently subject to poll taxes, literacy tests, and fraud and intimidation, preventing them from exercising their right to cast a ballot; and

Whereas, The United States Senate is considering critical federal elections reform and long overdue updates to the federal "Voting Rights Act of 1965" to preserve voting rights for generations to come, in honor of the legacy of the late Congressman John Lewis; and

Whereas, Colorado's electoral system serves as an example to the rest of the nation, and in fact the world, of how to expand voter access while protecting electoral integrity through safeguards including risk-limiting audits and signature verification; and

Whereas, In the 2020 election, Colorado had the second highest voter turnout of any state in the nation, and Colorado's largest voting bloc—young people ages 18 to 34—turned out in record numbers; and

Whereas, Efforts to suppress the vote and disenfranchise Americans who historically have had the least access to the ballot have been on the rise across the country in recent years; and

Whereas, Last year, more than 440 bills with provisions that restrict voting access were introduced in 49 states, including here in Colorado, where legislation was introduced to restrict voters' access to Colorado's vote by mail system, a national

model of excellence for election access, security, and integrity; and

Whereas, Last year, 19 states passed 34 laws restricting access to voting, including Georgia's Senate Bill 202 and Texas' Senate Bill No. 1, both of which made it more difficult for voters to exercise their fundamental right to vote enshrined in the United States Constitution and the federal "Voting Rights Act of 1965"; and

Whereas, Falsehoods and conspiracies regarding the integrity of the 2020 election have run rampant in our media and public discourse; and

Whereas, The months-long, coordinated attempt to interfere with the democratic process following the November 2020 election and prevent the peaceful transfer of power by overturning the legitimate results of the presidential election, which culminated at the United States Capitol on January 6, 2021, serves as a violent reminder of the fragility of our democracy; Now, therefore, be it

Resolved by the Senate of the Seventy-third General Assembly of the State of Colorado: That we, the members of the Colorado Senate:

(1) Reassert the validity of the 2020 presidential election results as legitimate and verified;

(2) Offer Colorado's premier electoral system as a model for states across the country to adopt in order to increase voter participation while ensuring electoral integrity; and

(3) Call on the United States Congress, and specifically members of the United States Senate, to pass comprehensive voting rights legislation to protect the fundamental right to vote, which has been the cornerstone of our democracy since the founding of our republic. Be it further

Resolved, That copies of this Memorial be sent to the Speaker of the United States House of Representatives, the Majority Leader of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the President of the United States Senate, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and all members of the Colorado Congressional delegation.

POM-221. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to reject the recommendation to close the Alexandria Veterans Affairs Medical Center located in Pineville, Louisiana, as recommended by the United States Department of Veterans Affairs' report to the Asset and Infrastructure Review Commission; to the Committee on Veterans' Affairs.

HOUSE CONCURRENT RESOLUTION NO. 27

Whereas, the Alexandria Veterans Affairs Medical Center provides inpatient medical and surgical, inpatient mental health, community living centers, and outpatient services to veterans in the surrounding area; and

Whereas, the Alexandria Veterans Affairs Medical Center serves thousands of veterans a year, including a potential population of more than one hundred thousand veterans and an active patient roster of more than thirty-seven thousand veterans; and

Whereas, the United States Department of Veterans Affairs recommends closing the Alexandria Veterans Affairs Medical Center facility and relocating services to community providers; and

Whereas, the closing of the Alexandria Veterans Affairs Medical Center will leave veterans with fewer care options; and

Whereas, Alexandria and Central Louisiana have a long history of support for the military and serve as an ideal location for veterans in surrounding communities to receive treatment; and

Whereas, the Alexandria Veterans Affairs Medical Center is a critical institution that should remain operable to better serve the veterans of Louisiana: Now, therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to reject the report recommendations by the United States Department of Veterans Affairs and support the continued operation of the Alexandria Veterans Affairs Medical Center; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mr. Swann, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO WHO COMMIT, THREATEN TO COMMIT, OR SUPPORT TERRORISM - - PM 38

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to persons who commit, threaten to commit, or support terrorism declared in Executive Order 13224 of September 23, 2001, as amended, is to continue in effect beyond September 23, 2022.

The crisis constituted by the grave acts of terrorism and threats of terrorism committed by foreign terrorists, including the terrorist attacks on September 11, 2001, in New York and Pennsylvania and against the Pentagon, and the continuing and immediate threat of further attacks on United States nationals or the United States that led to the declaration of a national emergency on September 23, 2001, has not been resolved. This crisis continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13224, as amended, with respect to persons who commit, threaten to commit, or support terrorism.

JOSEPH R. BIDEN, JR.
THE WHITE HOUSE, *September 19, 2022.*

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-238. A resolution adopted by the House of Representatives of Louisiana urging the United States Congress to take such actions as are necessary to invest in hurricane storm damage reduction, flood protection, and drainage infrastructure projects in the Amite River Basin; to the Committee on Environment and Public Works.

HOUSE RESOLUTION No. 156

Whereas, rainfall from hurricanes, tropical storm events, and local storms still pose a significant risk to the communities, ecosystems, and industries in the Amite River Basin; and

Whereas, in August 2016, catastrophic flooding occurred in the Amite River Basin, as well as other areas of the state, due to heavy rains from a slow-moving low-pressure weather system; and

Whereas, rainfall exceeded twenty inches over a forty-eight hour period across a swath of East Baton Rouge, Livingston, and St.

Helen Parishes and exceeded the five hundred year storm level causing impacts to the nation's critical infrastructure by shutting both the I-10 and I-12 interstate systems for several days; and

Whereas, while flooding in the Amite River Basin has undoubtedly always been an issue, studies beginning in the 20th century have documented significant basin flood events in 1921, 1928, 1942, 1947, 1953, 1957, 1962, 1964, 1967, 1973, 1977, 1979, 1983, 1985, 1990, 1993, 1994, 2001, 2008, and of course the 2016 floods; and

Whereas, the 1979 flood was the flood of record in the Amite River Basin until the April 1983 flood, which was in turn eclipsed by the August 2016 flood; and

Whereas, the Amite River Basin hydraulically connects parts of eight parishes: Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, St. Helena, and St. James Parishes, and a small portion of St. John the Baptist Parish; and

Whereas, the parishes in the Amite River Basin continue to suffer from riverine flooding and the people who call the Amite River Basin area home deserve protection for their homes and business. therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to invest in hurricane storm damage reduction, flood protection, and drainage infrastructure projects in the Amite River Basin; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-239. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the legislatures of each state of the United States to pass similar concurrent resolutions calling upon the United States Congress to support legislation and to take such actions as are necessary to review and eliminate all provisions of federal law that reduce Social Security benefits for those receiving pension benefits from federal, state, or local government retirement or pension systems, plans, or funds; to the Committee on Finance.

HOUSE CONCURRENT RESOLUTION No. 11

Whereas, the Congress of the United States of America has enacted both the Government Pension Offset (GPO), reducing the spouse and survivor Social Security benefit; and the Windfall Elimination Provision (WEP), reducing the earned Social Security benefits payable to any person who also receives a public pension benefit; and

Whereas, the GPO negatively affects a spouse or survivor receiving a federal, state, or local government retirement or pension benefit who would also be entitled to a Social Security benefit earned by a spouse; and

Whereas, the GPO formula unfairly reduces the spouse or survivor Social Security benefit by two-thirds of the amount of the federal, state, or local government retirement or pension benefit received by the spouse or survivor, in many cases completely eliminating the Social Security benefit even though their spouse paid Social Security taxes for many years; and

Whereas, the GPO has a harsh effect on hundreds of thousands of citizens and undermines the original purpose of the Social Security dependent/survivor benefit; and

Whereas, according to recent Social Security Administration figures, more than half a million individuals nationally are affected by the GPO; and

Whereas, the WEP applies to those persons who have earned federal, state, or local government retirement or pension benefits, in addition to working in employment covered under Social Security and paying into the Social Security system; and

Whereas, the WEP unfairly reduces the earned Social Security benefit using an averaged indexed monthly earnings formula and may reduce Social Security benefits for affected persons by as much as one-half of the retirement benefit earned as a public servant in employment not covered under Social Security; and

Whereas, the WEP causes hardworking individuals to lose a significant portion of the Social Security benefits that they earned themselves; and

Whereas, according to recent Social Security Administration figures, more than one and a half million individuals nationally are affected by the WEP; and

Whereas, in certain circumstances, both the WEP and GPO can be applied to a qualifying survivor's benefit, each independently reducing the available benefit and in combination eliminating a large portion of the total Social Security benefit available to the survivor; and

Whereas, because of the calculation characteristics of the GPO and the WEP, they have a disproportionately negative effect on employees working in lower-wage government jobs, like policemen, firefighters, teachers, and state employees; and

Whereas, Louisiana is making every effort to improve the quality of life of its citizens and to encourage them to live here, yet the current GPO and WEP provisions compromise their quality of life; and

Whereas, the number of people affected by GPO and WEP is growing everyday as more and more people reach retirement age; and

Whereas, individuals drastically affected by the GPO or WEP may have no choice but to

return to work after retirement in order to make ends meet, but the earnings accumulated during this return to work can further reduce the Social Security benefits the individual is entitled to; and

Whereas, the GPO and WEP are established in federal law, and repeal of the GPO and the WEP can only be enacted by congress; and

Whereas, the Legislature of Louisiana adopted House Concurrent Resolution No. 7 of the 2021 Regular Session memorializing congress to support H.R. 82 of the 117th Congress and any other federal legislation that would review and reduce or eliminate the GPO and the WEP; therefore, be it

Resolved, That the Legislature of Louisiana does hereby urge and request every state legislature in the nation to call upon their congressional Representatives and Senators to take all such actions as are necessary to review the Government Pension Offset and the Windfall Elimination Provision Social Security benefit reductions and to eliminate or reduce them; and be it further

Resolved, That the Legislature of Louisiana does hereby urge and request the attorney general of Louisiana to explore civil and other legal actions to restore public employees' social security benefits that they have paid for and earned, and to join with other affected states to recover rights and benefits of public employees; and be it further

Resolved, That a copy of this Resolution be transmitted to the attorney general of Louisiana and the presiding officers of each state legislature and to the presiding officers of the United States Senate and House of Representatives and to each member of the Louisiana congressional delegation and the president of the United States.

POM-240. A resolution adopted by the House of Representatives of Louisiana expressing concern with respect to any potential agreement with the World Health Organization relating to global pandemic response for the United States; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 116

Whereas, the World Health Organization, referred to hereafter in this Resolution as the "WHO", was founded in 1948 and is a specialized agency of the United Nations with a broad mandate to act as a coordinating authority on international health issues; and

Whereas, the WHO is currently helping to coordinate a worldwide response to COVID-19, a respiratory disease that the WHO declared to be Public Health Emergency of International Concern on January 30, 2020, and a global pandemic on March 11, 2020; and

Whereas, the United States has recently been the largest funding source for the WHO,

providing from four hundred million to five hundred million dollars to the organization each year along with the Gates Foundation, the United Kingdom, Germany, and the European Commission; and

Whereas, the United States' efforts to reform WHO procedures for preparing for and responding to future pandemics; and

Whereas, the United States has proposed amendments to the International Health Regulations (IHR) which will be voted on by the World Health Assembly scheduled for May 22 through 28, 2022; and

Whereas, the IHR are legally binding and supersede the United States Constitution and will cede additional sovereignty, control, and legal authority over to the WHO; and

Whereas, these amendments will not require a two-thirds vote of the United States Senate; rather, they will require a simple majority of the World Health Assembly's one hundred ninety four member countries; and

Whereas, these amendments would come into force as international law in November of 2022, just six months after their approval; and

Whereas, these amendments give the director general of the WHO the power to unilaterally declare a Public Health Emergency of International Concern even over the objection of a country dealing with an outbreak of disease. Therefore, be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby express its belief that any agreement with the World Health Organization relating to global pandemic response for the United States should require approval by the Legislature of Louisiana or by a majority vote of the citizens of this state; and be it further

Resolved, That any such agreement should prohibit any threat to the constitutional sovereignty of this state and the inalienable rights of this state's citizens; and be it further

Resolved, That any such agreement should prohibit interference with an individual's right to make all medical and health-related decisions for themselves, their minor child, or any individual for whom they hold legal medical power of attorney; and be it further

Resolved, That any such agreement should prohibit bio-surveillance and the collection of medical or health-related data without full disclosure and consent of the individual; and be it further

Resolved, That any such agreement should prohibit the enforcement of treatment protocols, recommendations, and guidelines, allowing healthcare providers the freedom to treat their patients without reprisal; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America, to each member of the Louisiana

congressional delegation, and to each member of the Louisiana Senate.

POM-241. A resolution adopted by the House of Representatives of Louisiana urging the United States Congress to support amendments to the Robert T. Stafford Disaster Relief and Emergency Assistance Act to allow private or investor-owned utility customers to receive federal funding for reimbursements related to charges incurred for utility damages resulting from natural disasters and to remove the requirement for states to seek waivers to receive Community Development Block Grant funding for storm damage costs incurred by private or investor-owned utilities; to the Committee on Homeland Security and Governmental Affairs.

HOUSE RESOLUTION No. 151

Whereas, under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, public financial assistance may be available for repair, restoration, and replacement of state or local government facilities damaged by a natural disaster, including public utilities, but investor-owned utilities are ineligible to receive financial assistance under this program; and

Whereas, Community Development Block Grant (CDBG) funds may be used by states and local communities affected by disasters to undertake short-term disaster relief efforts such as emergency restoration of electricity and other essential services, to mitigate the effect of a disaster, or to support long-term recovery and reconstruction efforts; and

Whereas, CDBG funds cannot currently be used to mitigate damage costs of private or investor-owned utilities, or their customers, when a natural disaster causes such damage, unless a waiver is granted by the secretary of the United States Department of Housing and Urban Development (HUD); and

Whereas, CDBG funding must be used to principally benefit low- and moderate-income persons, aid in eliminating or preventing slums or blight, or meet particularly urgent community development needs because existing conditions pose a serious and immediate threat to the public; and

Whereas, lack of electricity or gas is an urgent community need that poses a serious and immediate threat regardless of whether it is provided by an electric cooperative or a private or investor-owned utility; and

Whereas, damage to electric utility infrastructure in Louisiana, no matter how short of a time period, causes a serious threat to national security due to essential infrastructure strategically located within the state; and

Whereas, it is in the national interest of all citizens of the United States for utilities to expeditiously rebuild damaged infrastructure as soon as possible; and

Whereas, citizens of Louisiana bear the cost of rebuilding electric utility assets, which benefit the entire country; and

Whereas, several times over the past two decades, congress has granted the secretary of HUD significant authority to waive program requirements in disaster relief appropriations legislation; and

Whereas, the state of Louisiana has endured significant damage to its utility infrastructure over the past several decades because of major hurricanes striking the state and evidence supports that the state will continue to see increases in storm intensity and frequency; and

Whereas, electric cooperatives, in addition to receiving significant federal subsidies, are allowed to receive CDBG and federal funding for damage incurred to their infrastructure from a natural disaster; and

Whereas, private or investor-owned utilities, absent a waiver from HUD, are prohibited from receiving federal funding to repair their infrastructure damaged by the same natural disaster that electric cooperatives experienced, and must pass those costs on to their customers; and

Whereas, because electric cooperatives can receive federal funding to repair their damaged infrastructure, those costs are not passed on to their customers; and

Whereas, customers of investor-owned utilities pay higher bills than customers of electric cooperatives, even though the services those customers require meet the eligibility requirements to receive CDBG funding, therefore be it

Resolved, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to support amendments to the Robert T. Stafford Disaster Relief and Emergency Assistance Act to allow private or investor-owned utility customers to receive federal funding for reimbursements related to charges incurred for utility damages resulting from natural disasters and to remove the requirement for states to seek waivers to receive Community Development Block Grant funding for storm damage costs incurred by private or investor-owned utilities; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-242. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to support the partnership between nonprofit organizations and the federal government; to the Committee on Homeland Security and Governmental Affairs.

HOUSE CONCURRENT RESOLUTION No. 115

Whereas, the nonprofit sector in the United States includes nearly one million five hundred thousand organizations and employs over twelve million people, making it the third largest workforce in the United States; and

Whereas, nonprofit organizations in the United States contribute over one trillion dollars to the economy each year; and

Whereas, the public sector relies on nonprofit organizations to provide necessary services to citizens, especially during times of economic downturns; and

Whereas, nonprofit organizations of all sizes and missions helped communities across the United States face unprecedented challenges despite labor shortages, disrupted operations, and increased demands for assistance; and

Whereas, partnerships between the public sector and nonprofit sector allow both to leverage resources, relationships, and strengths to further serve communities; Therefore, be it *Resolved*, That the Legislature of Louisiana does hereby recognize the importance of nonprofit organizations and memorializes the United States Congress to support the partnership between nonprofit organizations and the federal government; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-243. A joint resolution adopted by the Legislature of the State of Wisconsin applying to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a Convention of the States limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

ASSEMBLY JOINT RESOLUTION No. 9

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the States through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the States to protect the liberty of our people—particularly for the generations to come—by proposing amendments to the Constitution of the United States through a Convention of the States under Article V for the purpose of restraining these and related abuses of power; now, therefore, be it

Resolved by the assembly, the senate concurring, That the legislature of the State of Wisconsin hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a Convention of the States limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; and; be it further

Resolved, That for purposes of this joint resolution, the phrase “limit the power and jurisdiction” means to restrict and constrain the power and jurisdiction of the federal government, and that this joint resolution does not authorize a convention for proposing any amendments that expand federal power or jurisdiction, or that legitimize any current use of federal power that is unauthorized by the original Constitution; and, be it further

Resolved, That the secretary of state is hereby directed to transmit copies of this application to the president and secretary of the United States Senate and to the Speaker and clerk of the United States House of Representatives; to transmit copies to the members of the said Senate and House of Representatives from this state; and also to transmit copies hereof to the presiding officers of each of the legislative houses in the several States, requesting their cooperation; and, be it further

Resolved, That this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the several States have made applications on the same subject.

POM-244. A joint resolution adopted by the Legislature of the State of Illinois that all resolutions, memorials, applications, or other enactments previously passed by the Illinois General Assembly, or either house thereof, petitioning Congress for a convention under Article V of the United States Constitution are rescinded, canceled, voided, nullified, and superseded upon passage of this resolution; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 54

Whereas, Article V of the United States Constitution requires the Congress of the United States to convene a constitutional convention upon the application of two-thirds of the several states; and

Whereas, The Illinois General Assembly has made applications to the United States Congress to call one or more conventions to propose amendments concerning specific subjects to the United States Constitution, pursuant to Article V of the United States Constitution; and

Whereas, Some of the applications on file from the Illinois General Assembly are from more than 100 years in the past, and since that time Illinois has more than doubled in population and our laws and resolutions should keep pace with progress in the State; and

Whereas, A constitutional convention convened by Congress could make sweeping changes to the United States Constitution and threaten the liberty of future generations of Illinoisans; and

Whereas, The Illinois General Assembly is aware that other state legislatures have made applications requesting that Congress convene a constitutional convention; and

Whereas, The Illinois General Assembly does not want its previous applications for a constitutional convention to be included with any unrelated applications made by other state legislatures for a constitutional convention; therefore, be it

Resolved, By the Senate of the One Hundred Second General Assembly of the State of Illinois, the House of Representatives Concurring Herein, that all resolutions, memorials, applications, or other enactments previously passed by the Illinois General Assembly, or either house thereof, petitioning Congress for a convention under Article V of the United States Constitution are rescinded, canceled, voided, nullified, and superseded upon passage of this resolution; and be it further

Resolved, That copies of this Joint Resolution be sent, within 30 days of passage, to the Clerk of the United States House of Representatives, the Secretary of the United States Senate, and each member of the Illinois Congressional delegation; and be it further

Resolved, That the members of the Illinois General Assembly request that this Joint Resolution be published in the Congressional Record and listed in the official tally of state legislative applications relating to calling for the United States Congress to call a convention to propose amendments to the United States Constitution.

POM-245. A resolution adopted by the City Council of Atlanta, Georgia urging the United States Congress to adopt common sense gun reform measures; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-246. A joint resolution adopted by the Legislature of the State of California urging the President of the United States and the United States Congress to take action to restore honor to the sailors unjustly blamed for, and the sailors convicted of mutiny following, the disaster at the Port Chicago Naval Magazine in Concord, California

during World War II and to rectify any mistreatment by the military of those sailors, including the full exoneration of those who were convicted at court-martial; to the Committee on Armed Services.

SENATE JOINT RESOLUTION NO. 15

Whereas, On the night of July 17, 1944, two transport vessels loading ammunition at the Port Chicago naval base on Suisun Bay, at the confluence of the Sacramento and San Joaquin Rivers in California, were suddenly engulfed in a gigantic explosion, which wrecked the naval base and heavily damaged the Town of Port Chicago, located 1.5 miles away; and

Whereas, Everyone on the pier and aboard the two ships was killed instantly, some 320 American naval personnel, two-thirds of whom were African American enlisted men. Another 390 military and civilian personnel were injured, including 226 African American enlisted men; and

Whereas, The two ships and the large loading pier were totally annihilated, and an estimated \$12,000,000 in property damage was caused by the huge blast; and

Whereas, This single, stunning disaster accounted for nearly 15 percent of all African American naval casualties during the whole of World War II and was the worst homefront disaster of the war; and

Whereas, The specific cause of the explosion was never officially established by a court of inquiry, in effect clearing the officers-in-charge of any responsibility for the disaster, and insofar as any human cause was invoked, laid the burden of blame on the shoulders of the African American enlisted men who died in the explosion; and

Whereas, Following the incident, many of the surviving African American sailors were transferred to nearby Camp Shoemaker, where they remained until July 31, when two of the divisions were transferred to naval barracks in the City of Vallejo near Mare Island. Another division, which was also at Camp Shoemaker until July 31, returned to the Town of Port Chicago to help with cleaning up and rebuilding the base; and

Whereas, Many of these men were in a state of shock, troubled by the vivid memory of the horrible explosion; however, they were provided no psychiatric counseling or medical screening, except for those who were obviously physically injured. None of the men, even those who had been hospitalized with injuries, were granted survivor leave to visit their families before being reassigned to regular duties, and none of these survivors were called to testify at the court of inquiry; and

Whereas, Captain Merrill T. Kinne, Officer-in-Charge of Port Chicago, issued a statement praising the African American enlisted men, stating that "the men displayed

creditable coolness and bravery under those emergency conditions"; and

Whereas, After the disaster, White sailors were given 30 days' leave to visit their families, according to survivors. This was the standard for soldiers involved in a disaster, while only African American sailors were ordered back to work the next day to clean and remove human remains; and

Whereas, After the disaster, the preparation of Mare Island for the arrival of African American sailors included moving the barracks of White sailors away from the loading area in order to be clear of the ships being loaded in case of another explosion; and

Whereas, The survivors and new personnel who later were ordered to return to loading ammunition expressed their opposition, citing the possibility of another explosion. The first confrontation occurred on August 9, when 328 men from 3 divisions were ordered out to the loading pier. The great majority of the men balked, and eventually 258 were arrested and confined for 3 days on a large barge tethered to the pier; and

Whereas, Fifty of these men were selected as the ringleaders and charged with mutiny, and on October 24, 1944, after only 80 minutes of deliberation by a military court, all 50 men were found guilty of mutiny. Ten men were sentenced to 15 years in prison, 24 were sentenced to 12 years, 11 were sentenced to 10 years, and 5 were sentenced to 8 years, and 11 were to be dishonorably discharged from the Navy. This was the largest mass mutiny trial in the United States to this day; and

Whereas, Thurgood Marshall, working as special counsel for the NAACP Legal Defense and Educational Fund, watched some of the court-martial proceedings and subsequently began a publicity campaign to gather public support for the release of the men. Marshall additionally obtained permission from each of the 50 men to appeal their case to the Judge Advocate General of the Navy; and

Whereas, After a massive outcry the next year, in January 1946, 47 of the Port Chicago men were released from prison and "exiled" for one year overseas before returning to their families; and

Whereas, In a 1994 investigation, the United States Navy stated, "there is no doubt that racial prejudice was responsible for the posting of only African American enlisted personnel to loading divisions at Port Chicago"; and

Whereas, In the 1994 investigation, the United States Navy, prompted by Members of Congress, admitted that the routine assignment of only African American enlisted personnel to manual labor was clearly motivated by race; and

Whereas, The United States Congress reduced the death benefit to those killed in

the Port Chicago disaster from \$5,000, the normal amount given, to \$3,000, simply because the sailors were African American; and

Whereas, In many cases, families of sailors killed in the disaster were never told they were entitled to consideration for the death of their relative; and

Whereas, In 2010, the Port Chicago memorial site was designated as part of the National Park Service; and

Whereas, In 2019, the United States Navy transferred a park to the East Bay Regional Park District after a "decades-long effort" to turn the area into a park; and

Whereas, In 2021, the East Bay Regional Park District's board of directors unanimously renamed the park the Thurgood Marshall Regional Park—Home of the Port Chicago 50, the first regional park in the County of Contra Costa to be named after a Black person; and

Whereas, The City of Concord endorsed the renaming of the park at its May 25, 2021, city council meeting; and

Whereas, The newly named park is planned to include a joint visitor center with the National Park Service that will contain historic information about the Port Chicago 50 and will commemorate the role that Thurgood Marshall played in defending the Port Chicago 50, in addition to his efforts in the desegregation of the United States Armed Forces; and

Whereas, United States Representative Mark DeSaulnier has requested \$10,000,000 in federal funds for this visitor center; and

Whereas, The entire site totals to be 5,046 acres and the park itself will take up roughly 2,540 of those acres. The remaining redevelopment will additionally include commercial space and housing units; and

Whereas, Despite the gross injustice faced by these sailors, only one of the men charged with mutiny was given a pardon by President William J. Clinton in 1999; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully urges the President of the United States and the Congress of the United States to take action to restore honor to the sailors unjustly blamed for, and the sailors convicted of mutiny following, the Port Chicago disaster, and to rectify any mistreatment by the military of those sailors; and be it further

Resolved, That the California State Legislature respectfully urges the President of the United States and the Congress of the United States to take the necessary actions to ensure those sailors' treatment is rectified by the full exoneration of all who were court-martialed, whether alive or deceased, and having the military records of these men cleared of any court judgment or less-than-honorable discharge; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Majority Leader of the Senate, and each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-247. A joint resolution adopted by the Legislature of the State of California urging the President of the United States and the United States Congress to amend specified provisions of the federal Social Security Act to allow recipients of disabled adult child benefits under the act to continue to receive those benefits upon marriage; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 8

Whereas, An individual with a physical or mental condition that arose before 22 years of age, and that very seriously limits the person's ability to engage in substantial employment activity, may qualify for the childhood disability benefit through the social security earnings record of a retired, disabled, or deceased parent; and

Whereas, This benefit provides funds and insurance coverage that provide critical support for many disabled children; and

Whereas, Children with disabilities receiving the childhood disability benefit may continue to be covered into adulthood as adult disabled children if they still qualify as disabled under the social security disability standards after reaching adulthood; and

Whereas, The childhood disability benefit for adult disabled children is also known as the disabled adult child (DAC) benefit, and an adult whose disability arose before 22 years of age may receive the DAC childhood disability benefit through their retired, disabled, or deceased parents' social security earnings record; and

Whereas, The DAC benefit provides funds to cover basic living expenses and health insurance coverage that is critical for disabled adult children, as it covers necessary, and often costly, medical care needed to live with a disability; and

Whereas, For adults who have been disabled from a young age and receive the DAC benefit, access to health insurance coverage through the federal Medicare and Medicaid programs continues to be vital, because other types of insurance do not cover the necessary medical services, personal attendant care, durable medical equipment, therapies, and other services that are often required for individuals with significant disabilities; and

Whereas, Under the federal Social Security Act and policy, recipients of the DAC benefit have their benefits terminated upon marriage, unless an exception applies; and

Whereas, Because recipients of the DAC benefit who many may only continue to receive their benefits if they marry an individual who is also receiving the DAC benefit, Social Security Disability Insurance (SSDI), or certain other categories of social security benefits, this policy creates a substantial barrier to marriage for younger interabled couples; and

Whereas, The federal Social Security Act and policy currently provide that individuals who receive DAC may lose their access to Medicaid, operated as Medi-Cal in California, if they are deemed to have certain assets or income; and

Whereas, Loss of DAC benefits, including Medicare and access to Medi-Cal, is simply not an option for most disabled adults, as they depend on their insurance coverage to survive; and

Whereas, Many DAC benefit recipients do not marry their life partners because they cannot survive without their benefits, and are therefore unable to enjoy the fundamental right to marry and are unable to exercise their religious beliefs with regard to marriage; and

Whereas, Individuals who are disabled later in life after participating in the workforce, potentially for as few as one and one-half years of work, may be eligible to receive SSDI; and

Whereas, SSDI recipients who receive benefits on their own work record do not face termination of coverage upon marriage, yet DAC benefit recipients do face termination of coverage upon marriage; and

Whereas, Many DAC benefit recipients participate or have participated in the workforce and pay or have paid social security and Medicare payroll taxes, but there is a lack of clear public guidance from the federal Social Security Administration regarding whether and how DAC benefit recipients can leave the DAC program and begin receiving SSDI benefits on their own work records so that they do not face termination of coverage upon marriage; and

Whereas, The discrepancy in the treatment of marriage on benefits between adults who are disabled as children versus those who become disabled as adults and who have had the opportunity to participate in the workforce for at least one and one-half years prior to developing a disability is plainly unequal treatment; and

Whereas, Articles 3, 5, and 7 of the United Nations Convention on the Rights of Persons with Disabilities recognizes that all persons are equal under the law and that individuals with disabilities should be guaranteed equal protections of the laws without discrimination; and

Whereas, Article 23 of the United Nations Convention on the Rights of Persons with Disabilities speaks clearly to the fact that the freedom of people with disabilities to marry

and form families is an issue of fundamental human rights; and

Whereas, Adults who were disabled as children should have the right to marry whomever they wish without having their DAC benefits terminated: Now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature denounces the inequality and discriminatory treatment of adults receiving DAC benefits in reference to their termination of benefits upon marriage; and be it further

Resolved, That the Legislature urges the President and Congress of the United States to amend Section 402(d)(1) of Title 42 of the United State Codes and any other necessary statutes to allow recipients of DAC benefits to continue to receive those benefits upon marriage; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-248. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to amend the Social Security Administration's index of earnings to ensure that a decline in aggregate wages due to COVID-19 does not result in decreased benefits; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 5

Whereas, Sixty-three million people collect Social Security benefits; and

Whereas, Sixty-three million people amounts to one in every six United States residents; and

Whereas, Social Security benefits lift more than 15,000,000 elderly individuals out of poverty; and

Whereas, Social Security is especially beneficial for minority demographics such as African Americans, Latinos, and women who all face higher rates of poverty and earn less than their White, male, working counterparts; and

Whereas, Social Security is also especially beneficial to African American and Latino men, as they are also more likely to become disabled while working; and

Whereas, The global COVID-19 pandemic has unearthed a technical glitch in the United States Social Security system; and

Whereas, If left unaddressed, this glitch may result in more than 8,000,000 workers, those who turn 60 years of age in 2020 or 2021, receiving substantially lower Social Security benefits than workers with identical

earnings who turned 60 years of age in the years immediately prior to the COVID-19 pandemic; and

Whereas, Social Security's earned benefits are based on each worker's earning history adjusted to reflect the growth in aggregate economywide wages; and

Whereas, Social Security benefits are calculated individually and adjusted through the average wage index, which amounts to the total wages paid in the United States in a year, divided by the number of W-2 tax forms issued in that same year; and

Whereas, Due to the COVID-19 pandemic, tens of millions of Americans have filed for unemployment during the COVID-19 pandemic; and

Whereas, Due to high levels of unemployment, aggregate wage levels are expected to continue to decline substantially this year, which may result in lower adjusted benefits by as much as roughly 9 percent, or \$2,511 annually, for those workers who turn 60 years of age in 2020 or 2021; and

Whereas, A median income worker who turns 60 years of age in 2020 or 2021, retires at the normal retirement age of 67 years of age, and collects Social Security benefits for 18 years may lose \$45,859 over the course of their retirement; and

Whereas, A decline in overall wages due to a pandemic should not produce lower benefits for a select group of retirees; and

Whereas, Retirees use Social Security benefits to supplement their income and pay for things like rent, food, clothing, medication, health care, and transportation; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That we urge the United States Congress to amend the United States Social Security Administration's index of earnings to ensure that a decline in aggregate wages due to COVID-19 does not result in decreased benefits; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Commissioner of the Social Security Agency, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-249. A resolution adopted by the Senate of the State of Michigan condemning the federal government's expansion of the Internal Revenue Service through the Inflation Reduction Act of 2022; to the Committee on Finance.

SENATE RESOLUTION NO. 171

Whereas, The Inflation Reduction Act will allow nearly five hundred billion dollars in new spending by our federal government over the next decade, with almost eighty billion dollars being directed to the Internal Revenue Service's (IRS) budget. The budget allocations of this law spell out the current Administration's big-government intentions for the future of the IRS. Over forty-five billion dollars will be directed to "enforcement" while a meager three billion is expected to be used for "taxpayer services." As part of these budgetary expansions, the IRS would hire eighty-seven thousand new employees, making this agency larger than the FBI, Pentagon, State Department, and Border Patrol combined. This Act is not intended to benefit Americans—it is just the latest development in this Administration's police state agenda; and

Whereas, This bloating of the IRS's budget and staff also comes at the same time Americans are learning of the massive stockpiling of weapons and ammunition by the government agency. The latest data, released in a 2020 report analyzing the militarization of federal agencies in years prior, found that the IRS had thousands of rifles, shotguns, pistols, and submachine guns as well as an arsenal of over five million rounds of ammunition. Additionally, a 2017 report by the Treasury Inspector General for Tax Administration found that the IRS's Criminal Investigation Division repeatedly violated the civil rights of Americans under the guise of enforcing tax laws and seizing taxpayer property. Michiganders are right to fear a massive budget expansion for a tax collection agency that feels it necessary to arm itself to the teeth in pursuit of collecting our citizens' hard-earned money with little to no restraint; and

Whereas, In 1974, then-President Gerald Ford warned Congress that "[a] government big enough to give you everything you want is a government big enough to take from you everything you have." This Administration represents just the latest installment in a half-century long tradition of paying no heed to past generations' commonsense understanding that government should play a minimal role in our lives. As the only President who was a fellow Michigander, it is appropriate for our citizens to take seriously President Ford's warning and strongly condemn this massive expansion of a federal agency that only exists by virtue of our collective tax dollars. The Inflation Reduction Act would hand over tens of billions of dollars to create an IRS big enough—and well-armed enough—to take whatever it wants from our citizens whenever it pleases; now, therefore, be it

Resolved by the Senate, That we condemn the expansion of the Internal Revenue

Service through the Inflation Reduction Act of 2022; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-250. A joint resolution adopted by the Legislature of the State of California urging the United States Congress and the President of the United States to enact legislation, S. 3213, known as the IDEA Full Funding Act, which would fully fund the federal Individuals with Disabilities Education Act; to the Committee on Health, Education, Labor, and Pensions.

SENATE JOINT RESOLUTION NO. 4

Whereas, The federal Education for All Handicapped Children Act of 1975 (Public Law 94-142) (1975 Act) was enacted by the United States Congress and signed into law by the President of the United States to address the failure of states to meet the educational needs of children with disabilities. This act, known as the federal Individuals with Disabilities Education Act (IDEA) since 1990 with the enactment of Public Law 101-476, remains the cornerstone of federal statutory mandates governing special education; and

Whereas, The purpose of the 1975 Act, as declared by the United States Congress, was to ensure that all children with disabilities have available to them within specified time periods "a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of children with disabilities and their parents or guardians are protected, to assist States and localities to provide for the education of all children with disabilities, and to assess and assure the effectiveness of efforts to educate children with disabilities"; and

Whereas, The 1975 Act authorized a maximum state funding entitlement of 40 percent for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, of the average per-pupil expenditure in public elementary and secondary schools in the United States; and

Whereas, Since 1975, including in the most recent amendments to IDEA, the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446), the United States Congress has maintained the funding authorization at "40 percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States"; and

Whereas, The federal government has never paid its promised 40-percent share of the IDEA mandate. For many years, the United States Congress paid less than 8

percent of the excess cost of educating children with disabilities, which forced states and local educational agencies to cover the remaining costs. The California student population requiring special education and related services continues to grow each year; and

Whereas, School, disability, and parent groups have been trying for years to bring IDEA appropriations up to the authorized 40 percent of average per-pupil expenditures, the maximum any state can receive per student with disability. This effort has come to be known as “full funding,” but the effort has never succeeded; and

Whereas, The California Legislature, since the early 1990s, has approved a number of joint resolutions memorializing the President of the United States and the United States Congress to provide the full federal share of funding for special education programs to states so that this state and other states will not be required to take funding from other vital state and local programs to fund this underfunded federal mandate; and

Whereas, In the 2018-19 school year, federal funding only represented 8.4 percent of special education costs, well short of the promised 40-percent level; and

Whereas, Because the promised federal funding level is not being met, the burden has fallen on states and local school districts, which leads to cuts in programs, tax increases, or both; and

Whereas, A bill was introduced in the United States House of Representatives in 2017, H.R. 2902, known as the IDEA Full Funding Act, that aimed to reach the 40-percent “full funding” level by the 2027 fiscal year through incremental increases in the federal share of funding each fiscal year; and

Whereas, Another bill was introduced in the United States Senate in 2019, S. 866, known as the IDEA Full Funding Act, that aimed to reach the 40-percent “full funding” level by the 2029 fiscal year through incremental increases in the federal share of funding each fiscal year; and

Whereas, No vote was taken on H.R. 2902 by the 115th United States Congress even though it contained a bipartisan coalition of 119 cosponsors, and S. 866 died in the 116th United States Congress without a vote; and

Whereas, A bill is pending on the floor of the United States Senate, S. 3213, known as the IDEA Full Funding Act, which provides permanent, mandatory funding for the grant program that assists states and outlying areas in providing special education and related services to children with disabilities; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature respectfully memorializes the 117th Congress of the United States and the President of the United States to enact

legislation, S. 3213, known as the IDEA Full Funding Act, which would fully fund the federal Individuals with Disabilities Education Act; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Committee on the Budget, to the Chair of the House Committee on the Budget, to the United States Senate Committee on Appropriations, to the Chair of the House Committee on Appropriations, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Education.

POM-251. A joint resolution adopted by the General Assembly of the State of Tennessee strongly supporting the completion of the secure border wall across our nation’s southern border and strongly urging the United States Congress to immediately act to fund the construction of such border wall without delay; to the Committee on Homeland Security and Governmental Affairs.

HOUSE JOINT RESOLUTION NO. 652

Whereas, the security of our nation’s borders and the safety of our citizens are paramount to protecting the American way of life; and

Whereas, it is essential to the welfare of our nation that illegal immigration cease; and

Whereas, we should continue to safeguard our borders by completing the construction of the secure border wall on the southern border of the United States; and

Whereas, illegal immigrants who cross the southern border are not required to receive a vaccination against COVID-19; and

Whereas, it is known that at least eighteen percent of illegal immigrants who cross the southern border of the United States are infected with COVID-19 and are contributing to this country’s national health crisis; and

Whereas, the members of this General Assembly have consistently taken steps to address illegal immigration within the borders of our great State and now wish to urge the United States Congress to address illegal immigration by completing the construction of the border wall; now, therefore, be it

Resolved by the House of Representatives of the One Hundred Twelfth General Assembly of the State of Tennessee, the Senate concurring, that we strongly support the completion of the secure border wall across our nation’s southern border and strongly urge the United States Congress to immediately act to fund the construction of

such border wall without delay; and be it further

Resolved, that certified copies of this resolution be transmitted to the President of the United States, the U.S. Secretary of Homeland Security, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-252. A joint resolution adopted by the Legislature of the State of California recognizing October 12, 2021, as the 20-year anniversary of the enactment of the exemption from nonresident tuition for qualified students during the 2001-02 Regular Session and calling on the United States Congress to pass the American Families Plan and provide financial resources for undocumented students through the budget reconciliation process, and to adopt comprehensive immigration reform; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 9

Whereas, Over 2,000,000 undocumented immigrants of all nationalities and backgrounds call California home, including over 183,000 Deferred Action for Childhood Arrivals recipients; and

Whereas, Undocumented pupils who have lived in the United States for five years or more graduate from high school every year; and

Whereas, Many undocumented pupils who arrive in the United States before 14 years of age desire to go on to college; and

Whereas, California has uplifted and empowered undocumented immigrants to seek a better life by providing pathways to public services and extending protections through sanctuary laws; and

Whereas, Undocumented immigrants have historically faced racism, poverty, and other barriers that restrict access to higher education and that limit their ability to work, contribute to California’s economy, and provide for their families; and

Whereas, Nonresident tuition is cost prohibitive to undocumented students who already experience barriers to employment and lack of access to federal financial aid; and

Whereas, The passage of Assembly Bill 540 of the 2001-02 Regular Session (AB 540), authored by the late Assembly Member Marco Antonio Firebaugh and signed into law by former Governor Gray Davis on October 12, 2001, declared that long-term California residents, regardless of their citizenship status, would pay in-state fees at California public colleges and universities; and

Whereas, AB 540 established the right of undocumented students to seek a college

degree, and the bill substantially increased their educational and economic opportunities to achieve their highest potential; and

Whereas, It is estimated between 75,000 and 156,000 undocumented students attend campuses of the California Community Colleges, 10,063 undocumented students attend campuses of the California State University, and over 4,000 undocumented students attend campuses of the University of California; and

Whereas, Approximately 62,000 students attending campuses of the California Community Colleges benefit from that exemption from nonresident tuition today; and

Whereas, That exemption from nonresident tuition expanded opportunities for a college education and reduced opportunity gaps for undocumented students by removing the burden of out-of-state tuition; and

Whereas, Without AB 540, and other subsequent college affordability measures like the California Dream Act, undocumented students would pay thousands of dollars in tuition and fees each year as nonresidents or international students; and

Whereas, California's higher education systems are committed to serving all students, regardless of their immigration status, and providing them with the supports, resources, and opportunities to pursue their educational goals; and

Whereas, The Budget Act of 2021 expands on the successful Dreamer Resource Liaison program by doubling the amount of funding, ensuring that the California Community Colleges, California State University, and University of California have the capacity and resources to support undocumented students; and

Whereas, The federal American Families Plan proposes a pathway to citizenship for undocumented students and expands access to federal financial aid, which will enable more undocumented students to pay for college, complete their studies, and contribute to the economy; and

Whereas, The passage of the federal American Families Plan will ensure a stable and welcoming future for undocumented students by allowing them to achieve their higher education goals and become fully participating members of their communities; and

Whereas, California's public higher education systems continue to combat persisting inequalities among this underserved population, develop pathways that foster access, equity, and inclusion, and advocate fiercely for the necessary policies and resources; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California jointly, That the Legislature of the State of California hereby recognizes October 12, 2021, as the 20-year anniversary of the enactment of the

exemption from nonresident tuition during the 2001-02 Regular Session; and be it further

Resolved, That the Legislature urges all residents of the state to celebrate the significance of that enactment in enabling more undocumented students to pursue a college education; and be it further

Resolved, That the Legislature calls on the United States Congress to pass the American Families Plan and provide financial resources for undocumented students through the budget reconciliation process, and to adopt comprehensive immigration reform; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to each Senator and Representative from California in the United States Congress, and to the author for appropriate distribution.

POM-253. A resolution adopted by the City Council of the City of Marathon, California urging the Florida Legislature to adopt Governor Ron Desantis's state fiscal year 2021-2022 Budget Recommendation to create the "Resilient Florida" Program; to the Committee on Commerce, Science, and Transportation.

POM-254. A resolution adopted by the City Council of the City of Marathon, California supporting SB 1086/HB 639 and additional amendment language addressing long-term anchoring, reflecting the continuing efforts of Florida Fish and Wildlife Conservation Commission to improve boater safety, reduce vessel dereliction, and improve marine sanitation to protect our natural marine resources, and in support of additional FWC staff and financial resources to adequately implement existing and new law enforcement measures; to the Committee on Commerce, Science, and Transportation.

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY, WITH RESPECT TO SERIOUS HUMAN RIGHTS ABUSE AND CORRUPTION -- PM 39

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13818 of December 20, 2017, is to continue in effect beyond December 20, 2022.

The prevalence and severity of human rights abuse and corruption that have their source, in whole or in substantial part, outside the United States, continue to threaten the stability of international political

and economic systems. Human rights abuse and corruption undermine the values that form an essential foundation of stable, secure, and functioning societies; have devastating impacts on individuals; weaken democratic institutions; degrade the rule of law; perpetuate violent conflicts; facilitate the activities of dangerous persons; undermine economic markets; and continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States.

Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13818 with respect to serious human rights abuse and corruption.

JOSEPH R. BIDEN, JR.,

THE WHITE HOUSE, *December 12, 2022.*

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO GLOBAL ILLICIT DRUG TRAFFICKING -- PM 40

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202 (d) of the National Emergencies Act (50 U.S.C. 1622 (d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to global illicit drug trafficking declared in Executive Order 14059 of December 15, 2021, is to continue in effect beyond December 15, 2022.

The trafficking into the United States of illicit drugs, including fentanyl and other synthetic opioids, is causing the deaths of tens of thousands of Americans annually, as well as countless more non-fatal overdoses with their own tragic human toll. Drug cartels, transnational criminal organizations, and their facilitators are the primary sources of illicit drugs and precursor chemicals that fuel the current opioid epidemic, as well as drug-related violence that harms our communities. International drug trafficking—including the illicit production, global sale, and widespread distribution of illegal drugs; the rise of extremely potent drugs such as fentanyl and other synthetic opioids; as well as the growing role of Internet-based drug sales—continues to pose an unusual and extraordinary threat to the national security,

foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 14059 with respect to global illicit drug trafficking.

JOSEPH R. BIDEN, JR.,
THE WHITE HOUSE, *December 12, 2022.*
