PROTECTION OF LIFE IN THE NEAR EAST.

Mr. WADSWORTH. Mr. President, I am in receipt of a telegram from a number of prominent citizens of the State of New York relating to the situation in Asia Minor. It is in the nature somewhat of a petition. It is not long. I ask unanimous consent that it be referred to the Committee on Foreign Relations and printed in the RECORD.

There being no objection, the telegram was referred to the Committee on Foreign Relations and ordered to be printed in the RECORD, as follows:

Hon. JAMES W. WADSWORTH,
United States Senate, Washington, D. C.

Our Secretary of State in Boston on October 30th stated that the United States will have no diplomatic relations with Mexico while Mexico fails to respect property rights, but he expressed no unwillingness to have friendly relations with Turkey.

The Secretary of State said, "We do, however, maintain one clear principle of international intercourse—that international obligations shall be met and that there shall be no confiscation or repudiation."

Let us hope this nation will not pursue a policy where commercial interests triumph over the true spirit of humanitarianism so dear to every American nor refrain from declaring as unequivocally for human rights at home and abroad as it has for property rights, nor fail to make clear that it will withhold diplomatic relations from nations which permit wholesale slaughter of racial, political, or religious minorities within their borders.

History abundantly proves that Turkish promises and guarantees are worthless when affecting minorities under their rule.

It is anticipated that further massacres by Turks will occur in Constantinople and Thrace, from which countries all non-Moslems are now fleeing with loss of their property in order to save their lives.

If international intercourse is withheld in order to protect property rights, how much more incumbent upon us is it to hold human life sacred for the defenseless.

The sentiment of this country will never sanction a policy which holds property rights more sacred than human rights.

America owes it to herself to call upon the Government at Washington to broaden its present policy of protection of commercial rights and property rights so as to include the protection of the most sacred rights of all—human liberty and human life.

ADMISSION OF ARMENIAN AND GREEK REFUGEES.

Mr. STERLING. Mr. President, I have in my hand a letter from Bishop Hugh L. Burleson, of the Episcopal Diocese of South Dakota, relating to legislation concerning the admission of Armenian and Greek refugees to the United States. The letter is short, and I should like to have it read and referred to the Committee on Immigration with the accompanying papers.

The PRESIDENT pro tempore. Without objection, the Secretary will read the letter as requested.

The letter was read and referred to the Committee on Immigration, as follows:

BISHOP'S HOUSE,
Sioux Falls, S. Dak., November 27, 1922.

Hon. THOMAS STERLING,
Washington, D. C.

MY DEAR SENATOR: I am deeply interested in the matter of providing admission into this country for Greek and Armenian refugees who are coming to responsible relatives. I understand that they are now denied admission because the annual immigration quotas for Greeks and Turks are exhausted.

It would seem to me a wise policy for Congress to make possible the admission of a limited number in excess of the quotas coming to families who will guarantee that they shall not become public charges. It would be the most practical and human way to provide for at least a portion of these destitute and suffering people.

I trust you will feel able to use your influence to bring this about.

Faithfully yours,

HUGH L. BURLESON.

Mr. STERLING. I submit in connection with the letter a resolution adopted by the department of Christian Social Service of the Episcopal Church, which I ask may be inserted in the RECORD without reading, together with the names of the signers.

There being no objection, the resolution, with the accompanying names, was ordered to be printed in the RECORD and referred to the Committee on Immigration, as follows:

A resolution concerning emergency immigration legislation to relieve Near East refugees.

Whereas at Ellis Island many Greek and Armenian refugees from Constantinople and Asia Minor coming to relatives in America are being denied admission because the annual immigration quotas for Greece and Turkey (to which they belong) are exhausted; and

Whereas American Greeks and Armenians desire to bring to safety in America their relatives now suffering privations after evacuating Smyrna, Constantinople, and Thrace, but can not do so because the quotas for the year have been exhausted; and

Whereas the enactment of restrictive immigration legislation can be made compatible with the traditional American policy of offering asylum in emergency to victims of religious and political persecutions: Therefore be it

Resolved, That the department of Christian Social Service of the Episcopal Church urge the administration to take necessary action to prevent the exclusion of these refugees from Asia Minor and Thrace now at our ports of entry, and to make possible the admission of a limited number of such refugees in excess of quota coming to families who shall guarantee that they shall not become public charges; and that the social service department of the Episcopal Church inform its constituency of this action and ask the secretaries that if they approve they take it up with their representatives in Congress.

DECEMBER 1, 1922.

Additional signatures received at the office of the department of Christian Social Service indorsing the resolution sent to you November 27, 1922, regarding the admission to the United States of the Greek and Armenian refugees from Asia Minor and Thrace.

Paul Matthews, bishop of the diocese of New Jersey; C. P. Anderson, bishop of the diocese of Chicago; Boyd Vincent, bishop of the diocese of southern Ohio; Philip M. A bill (S. 4092) providing for the admission into the United States of certain refugees from near eastern countries; to the Committee on Immigration.

By Mr. LA FOLLETTE:

A bill (S. 4093) to provide seamen on American vessels with a continuous discharge book, to provide for improved efficiency and discipline, and for other purposes; to the Committee on Commerce.

By Mr. STERLING:

A bill (S. 4094) granting an increase of pension to William Elliott (with accompanying papers); to the Committee on Pensions.

By Mr. McCUMBER:

A bill (S. 4095) to enlarge the public building at Bismarck, N. Dak. (with an accompanying paper); to the Committee on Public Buildings and Grounds.

By Mr. JOHNSON:

A bill (S. 4096) to authorize the coinage of 50-cent pieces in commemoration of the one hundredth anniversary of the enunciation of the Monroe doctrine; to the Committee on Banking and Currency.

By Mr. SPENCER:

A bill (S. 4097) granting a pension to Fanny Meyer Hubbard; to the Committee on Pensions.

By Mr. CAPPER:

A bill (S. 4098) granting a pension to Eliza Dunn Minard (with accompanying papers); and

A bill (S. 4099) granting an increase of pension to Phebe S. Riley (with accompanying papers); to the Committee on Pensions.

By Mr. NELSON:

A bill (S. 4100) to amend section 9 of the trading with the enemy act, as amended; to the Committee on the Judiciary.

REGENTS OF SMITHSONIAN INSTITUTION.

Mr. LODGE. I introduce a joint resolution, for which I ask immediate consideration. It has not been customary to refer such joint resolutions to a committee.

The joint resolution (S. J. Res. 251), providing for the filling of two vacancies that will occur on January 14, 1923, and March 1, 1923, respectively, in the Board of Regents of the Smithsonian Institution, of the class other than Members of Congress, was read the first time by its title and the second time at length, as follows:

Resolved, etc., That the two vacancies that will occur as herein specified in the Board of Regents of the Smithsonian Institution, of the class other than Members of Congress, be filled by the reappointment

of Henry White, of the city of Washington, whose term will expire January 14, 1923, and of John B. Henderson, of the city of Washington, whose term will expire March 1, 1923.

The Senate by unanimous consent proceeded to consider the joint resolution as in Committee of the Whole.

Mr. NORRIS. Mr. President, may I ask the Senator from Massachusetts a question? Under existing law how are these appointments made?

Mr. LODGE. They are made by the Congress.

The joint resolution was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

REFUGEES FROM THRACE AND ASIA MINOR.

Mr. WALSH of Massachusetts. I introduce a joint resolution, which I ask to be read at length and referred to the Committee on Immigration.

The joint resolution (S. J. Res. 252) to permit the admission of certain refugees from Thrace and Asia Minor was read the first time by its title and the second time at length and referred to the Committee on Immigration, as follows:

Whereas the recent war between Greece and Turkey has resulted in the expulsion from Asia Minor and Thrace of more than a million Armenians, Greeks, and Syrians;

Whereas these refugees can not obtain proper food, shelter, or protection in the places to which they have been forced to flee, and devastation, starvation, and persecution await them if they attempt to return to their former homes; and

Whereas numerous relatives and friends in the United States have offered homes, protection, and employment for many of these refugees if they can be admitted into this country: Therefore be it

Resolved, etc., That section 2 of the act entitled "An act to limit the immigration of aliens into the United States," approved May 19, 1921, as amended, is amended by adding thereto the following new subdivision:

"(e) Refugees from Thrace or Asia Minor may be admitted, if otherwise admissible, notwithstanding the limitation upon the number of aliens admissible in the same month or fiscal year."

THE MERCHANT MARINE.

Mr. BORAH submitted three amendments intended to be proposed by him to the bill (H. R. 12817) to amend and supplement the merchant marine act, 1920, and for other purposes, which were ordered to lie on the table and to be printed.

SARAH ORR.

Mr. HARRIS submitted the following resolution (S. Res. 374), which was referred to the Committee to Audit and Control the Contingent Expenses of the Senate:

Resolved, That the Secretary of the Senate, be, and he hereby is, authorized and directed to pay out of the contingent fund of the Senate to Sarah Orr the sum of $372.94 for services as clerk from October 3, 1922, to November 21, 1922, rendered the Hon. Rebecca Latimer Felton, a Senator from the State of Georgia.

COMMITTEE SERVICE.

On motion of Mr. LODGE, it was

Ordered, That the Senator from New Hampshire [Mr. KEYES] be excused from further service on the Committee on Naval Affairs and assigned to service on the Committee on Appropriations; that the Senator from Delaware [Mr. BALL] be assigned to service on the Committee on Commerce; that the Senator from Nevada [Mr. ODDIE] be assigned to service on the Committee on Naval Affairs; that the Senator from Iowa [Mr. BROOKHART] be assigned to service on the Committee on Education and Labor, the Committee on Expenditures in the Executive Departments, the Committee on Interoceanic Canals, the Commitee on Military Affairs, and the Committee on Manufactures.

STATISTICS OF FOREIGN COMMERCE.

The PRESIDENT pro tempore laid before the Senate the amendments of the House to the bill (S. 3295) to consolidate the work of collecting, compiling, and publishing statistics of the foreign commerce of the United States in the Department of Commerce, which were read.

Mr. JONES of Washington. I move that the Senate disagree to the amendments of the House, ask for a conference on the disagreeing votes of the two Houses, and that the Chair appoint the conferees on the part of the Senate.

The motion was agreed to, and the President pro tempore appointed Mr. JONES of Washington, Mr. NELSON, and Mr. FLETCHER conferees on the part of the Senate.

PENSIONS AND INCREASE OF PENSIONS.

The President pro tempore laid before the Senate the amendments of the House to the bill (S. 3275) granting pensions and increase of pensions to certain soldiers and sailors of the Civil and Mexican Wars, and to certain widows, former widows, minor children, and helpless children of said soldiers and sailors, and to widows of the War of 1812, and to certain Indian war veterans and widows.

Mr. SMOOT. I move that the Senate disagree to the amendments of the House, ask for a conference on the disagreeing votes of the two Houses, and that the Chair appoint the conferees on the part of the Senate.

The motion was agreed to, and the President pro tempore appointed Mr. BURSUM, Mr. MCCUMBER, and Mr. WALSH of Montana conferees on the part of the Senate.

HOUSE BILLS REFERRED.

The following bills were each read twice by title and referred as indicated below:

H. R. 11040. An act to amend an act entitled "An act authorizing the sale of the marine hospital reservation in Cleveland, Ohio," approved July 26, 1916; to the Committee on Public Buildings and Grounds.

H. R. 12174. An act to authorize the Attorney General to convey certain land of the United States to Fulton County, Ga., to widen McDonough Road in front of the United States penitentiary; to the Committee on Public Lands and Surveys.

THE CALENDAR.

The PRESIDENT pro tempore. Morning business is closed. The calendar under Rule VIII is in order.

Mr. CURTIS. I ask unanimous consent that the Senate proceed to the consideration of unobjected bills on the calendar.

The PRESIDENT pro tempore. The Senator from Kansas asks unanimous consent that when the consideration of the calendar is proceeded with, it be limited to unobjected bills. Is there objection?

Mr. UNDERWOOD. Mr. President, why should the calendar be taken up in that way?

Mr. CURTIS. If the Senator from Alabama will permit me, I desire to suggest that the calendar was taken up just a week or two before the final adjournment of the session which ended in September last. It was considered on a Saturday, I think, while the Senator from Alabama was absent. Some one hundred and fifty-odd bills were then disposed of, and the bills remaining on the calendar only embrace about five pages.

Mr. UNDERWOOD. I am not going to object at this time to the request of the Senator from Kansas, but I merely desire to state that there are a number of bills on the calendar which, though really controversial, now that there is no other business pending before the Senate, I think, should have an opportunity to be considered.

Mr. CURTIS. The reason why I have asked for the unanimous-consent order is because no Senator has notified us that he was ready to have taken up on the calendar any bill as to which there was a contest; and I thought that during the day if any Senator was interested in a bill of that character he could notify the Senate and the bill could then, probably, be taken up.

The PRESIDENT pro tempore. The Chair hears no objection to the request of the Senator from Kansas, and it is agreed to. The Secretary will proceed with the call of the calendar under the unanimous-consent order.

The bill (S. 214) to amend section 24 of the act entitled "An act to codify, revise, and amend the laws relating to the judiciary," approved March 3, 1911, was announced as first in order.

Mr. SMOOT. Let that bill go over, Mr. President.

The PRESIDENT pro tempore. The bill will be passed over.

The bill (S. 1467) to carry into effect the findings of the Court of Claims in favor of Elizabeth White, administratrix of the estate of Samuel N. White, deceased, was announced as next in order.

Mr. SMOOT. Let that bill go over.

The PRESIDENT pro tempore. Being objected to, the bill will go over.

The resolution (S. Res. 67) authorizing the Committee on Expenditures in the Executive Departments to hold hearings here or elsewhere and to employ a stenographer to report the same was announced as next in order.

The PRESIDENT pro tempore. The Chair observes that the resolution has been reported with amendments.

Mr. FLETCHER. Let the resolution go over.

The PRESIDENT pro tempore. The resolution will be passed over.

The bill (S. 491) to provide, without expenditure of Federal funds, the opportunities of the people to acquire rural homes, and for other purposes, was announced as next in order.

Mr. PITTMAN. Let that bill go over.

The PRESIDENT pro tempore. The bill will be passed over.

WALTER RUNKE.

The Senate, as in Committee of the Whole, proceeded to consider the bill (S. 1829) for the relief of Walter Runke, which had been reported from the Committee on Indian Affairs with amendments on page 1, line 8, after the word "his," to strike out "defense" and insert "defenses"; in the same line, after the word "his," where it occurs the second time, to strike out "trial" and to insert "trials"; in line 10, after the article "the," to strike out "month of March, 1918, his alleged offense

having been committed in performance of his official duties and he having been acquitted," and in lieu thereof to insert "months of September, 1916, and March, 1918, his alleged offenses having been committed in the performance of his official duties, the charge against him in the first trial having been dismissed after a severance and after acquittal of his late co-defendants, and he having been acquitted in the second trial," so as to make the bill read:

Be it enacted, etc., That not to exceed $4,000 is hereby authorized to be appropriated to enable the Secretary of the Interior to reimburse Walter Runke, of Flagstaff, Ariz., formerly superintendent of the Western Navajo Indian Agency, Ariz., for actual and necessary expenses incurred by him from personal funds in connection with his defenses upon his trials in the United States District Court for the District of Arizona during the months of September, 1916, and March, 1918, his alleged offenses having been committed in the performance of his official duties, the charge against him in the first trial having been dismissed after a severance and after acquittal of his late co-defendants, and he having been acquitted in the second trial.

The amendments were agreed to.

The bill was reported to the Senate as amended, and the amendments were concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

REGULATION OF LOANS IN THE DISTRICT OF COLUMBIA.

The Senate, as in Committee of the Whole, proceeded to consider the bill (S. 7) to amend the act entitled "An act to regulate the business of loaning money on security of any kind by persons, firms, and corporations other than national banks, licensed bankers, trust companies, savings banks, building and loan associations, and real estate brokers in the District of Columbia," approved February 4, 1913, which had been reported from the Committee on the District of Columbia with an amendment to strike out all after the enacting clause and to insert:

Be it enacted, etc., That section 5 of an act entitled "An act to regulate the business of loaning money on security of any kind by persons, firms, and corporations other than national banks, licensed bankers, trust companies, savings banks, building and loan associations, and real estate brokers in the District of Columbia, approved February 4, 1913," be amended so as to read as follows:

"SEC. 5. That no such person, firm, voluntary association, joint-stock company, incorporated society, or corporation shall charge or receive, either directly or indirectly, or by means of any collateral or contemporaneous arrangement, a greater rate of interest upon any loan made by him or it than 2 per cent per month on the actual amount of the loan, and this charge shall cover all fees, expenses, demands, and services of every character, including notarial and recording fees and charges, except upon the foreclosure of the security. The foregoing interest shall not be deducted from the principal of loan when same is made. Every such person, firm, voluntary association, joint-stock company, incorporated society, or corporation conducting such business shall furnish the borrower a written, typewritten, or printed statement at the time the loan is made, showing, in English, in clear and distinct terms, the amount of the loan, the date when loaned and when due, the person to whom the loan is made, the name of the lender, the amount of interest charged, and the lender shall give the borrower a plain and complete receipt for all payments made on account of the loan at the time such payments are made. No such loan greater than $200 shall, except pawnbrokers' loans, be made to any one person: *Provided*, That any person contracting, directly or indirectly, for or receiving a greater rate of interest than that fixed in this act shall forfeit all interest so contracted for or received; and in addition thereto shall forfeit to the borrower a sum of money, to be deducted from the amount due for principal, equal to one-fourth of the principal sum: *And provided further*, That any person in the employ of the Government who shall loan money in violation of the provisions of this act shall forfeit his office or position and be removed from the same."

Mr. ROBINSON. Mr. President, I have not had an opportunity to study this bill, but I have been informed that it authorizes the collection of as much as 2 per cent interest per month on certain classes of loans. I inquire of the sponsor for this bill whether that information is correct.

The PRESIDENT pro tempore. The Chair will suggest that the author of the bill is not present.

Mr. ROBINSON. I object to the consideration of the bill.

The PRESIDENT pro tempore. The bill will be passed over

FOREIGN TRADE ZONES.

The bill (S. 2391) to provide for the establishment, operation, and maintenance of foreign trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes, was announced as next in order.

Mr. JONES of Washington. Mr. President, that bill can not be disposed of, I presume, under the unanimous-consent order. Therefore I ask that it may go over.

The PRESIDENT pro tempore. The bill will be passed over.

THE COURT OF CLAIMS.

The bill (S. 2228) to amend certain sections of the Judicial Code relating to the Court of Claims was announced as next in order.

Mr. SMOOT. That is a long bill, and I wish to ask the Senator from Minnesota if he desires to have it considered this morning.

Mr. NELSON. I think the Senator from Tennessee [Mr. SHIELDS] has an amendment which he desires to propose to the bill. That Senator not being present, I think the bill had better go over.

Mr. SMOOT. I understood the Senator from Tennessee had made a statement to that effect.

Mr. UNDERWOOD. Mr. President, I would like to ask if this is a bill which provides for the appointment of referees for the Court of Claims?

Mr. NELSON. Yes; it is the bill which the Senator has in mind.

Mr. UNDERWOOD. Mr. President, of course if there is any reason for the bill going over, I have no objection; but I wish to say that in the days when the Court of Claims merely tried cases growing out of the Civil War, which had arisen many years back and many of which had been thrashed out, it did not take so much of the time of the court or involve excessive labor to dispose of the cases pending there.

I think, however, the time has come when the Congress and the executive branch of the Government should realize that there are over $2,000,000,000 worth of claims against the United States Government pending in the Court of Claims and that the business of that court can not be attended to properly and the rights of the Government protected unless we give the court facilities to transact its business. It is impossible for the five judges of that court, under the present conditions and with the facilities now afforded them, to keep up with their work. It is an excellent court and is doing a splendid work; it is rarely that its decisions are reversed by the Supreme Court of the United States; but it must be provided with the proper facilities. It desires the power proposed to be given by this bill to appoint referees to consider matters and to present findings of fact in order that there may be exceptions made to the findings of the referees, the cases expedited, and the real issue brought to the court.

Unless there is some good reason why this bill should be passed over, this being the short session of Congress and there being no business pressing at this time, I think the present an excellent opportunity to act upon this measure and provide facilities which will expedite the business of the court. I trust the bill may be considered.

Mr. NELSON. Mr. President, I should be very glad to have the bill considered. I wish to state to the Senator that the bill, which was reported at a previous session of Congress, provided, among other things, for an increase in the salary of one of the officials of the court, namely, the clerk of the court. He was only receiving $3,500 and the bill proposed to increase the compensation to $5,000. On that account the Senator from Utah made strenuous opposition to the bill. At the last regular session, however, the Appropriations Committee allowed the clerk of the court a salary of $5,000 a year as was provided in the bill, and that is the law to-day. The other provisions of the bill relate mainly to appointment of commissioners or referees, as the Senator calls them, to assist the court by taking testimony and submitting findings.

The Senator is entirely right in saying that a great mass of cases has accumulated, especially war claims, within the last year or so, and the court is excessively crowded with business. As Senators know, no jury serve in the Court of Claims, and there is a need that testimony may be taken by referees. The bill ought to pass, and I should be very glad to have it taken up now. Heretofore there has been no opposition to the bill in any shape or manner except, as I recall, the opposition to increasing the salary of the clerk of the court.

Mr. UNDERWOOD. And that has already been accomplished by a provision of the appropriation bill?

Mr. NELSON. That question has been settled by the action of the Appropriations Committee in appropriating $5,000 to cover the salary of the clerk of the court, and therefore the pending bill in that particular will simply be a reenactment of the existing law.

Mr. SMOOT. Mr. President, I am in favor of the bill, but as the Senator from Minnesota will probably remember, when the bill was under consideration on a previous occasion the Senator from Tennessee [Mr. SHIELDS] gave notice that he desired to offer an amendment. That is the only reason why I suggest that it should go over, the Senator from Tennessee not being present at this time.

Mr. NELSON. Mr. President, I wish to say further to the Senator from Alabama that the Senator from Tennessee desired to offer an amendment to open the door to a class of war claims which were excluded by an amendment to the law adopted some years ago, and I think the Senator from Arkansas [Mr. ROBINSON] cooperated with hi[m].

Mr. UNDERWOOD. I should be very glad to support the amendment of the Senator from Tennessee. I believe as to those cases the door ought to be opened, but I am unwilling to consent that this bill shall go over when I know that outside of the rights of the Government which should be protected, there are many people who have legitimate war claims which are entitled to trial. This bill merely provides for the appointment by the court of referees or commissioners, who will not receive any pay unless they do the work, and if they do the work, I think, in the end, the expense will be charged against the litigants, to one side or the other. The bill is to enable the court to transact its business.

The VICE PRESIDENT resumed the chair.

Mr. ROBINSON. Mr. President——

The VICE PRESIDENT. Does the Senator from Alabama yield to the Senator from Arkansas?

Mr. UNDERWOOD. I yield.

Mr. ROBINSON. I merely desire to state that the Senator from Tennessee is very much interested in an amendment that he has heretofore proposed to this bill; and on another occasion he requested me, if the bill came up for consideration, either to present his amendment or to ask that the consideration of the bill be deferred until he could be present and offer it himself.

I ask, therefore, that the bill go over for the present, unless the Senator from Alabama insists upon taking it up now. If he does, I shall get the amendment and offer it.

Mr. UNDERWOOD. Of course, Senators are entitled to have it go over on objection, and, of course, I do not want to interfere with what the Senator from Tennessee desires; but I am very much afraid that if we do not take up this bill on the calendar very shortly it will not pass this Congress, and if that should happen it would deprive a lot of people of their rights.

Mr. ROBINSON. I share the view of the Senator from Alabama. The bill may go over for the present. I will procure the amendment of the Senator from Tennessee, and the bill may be called up later during the day.

Mr. UNDERWOOD. The Senator asks that it go over without prejudice, so that it can be taken up later?

Mr. ROBINSON. Yes.

Mr. NELSON. Mr. President, I want to say to the Senator from Alabama that, as I understand the amendment that the Senator from Tennessee proposes, it is to reopen the door for the old cotton claims that were excluded by the Crawford amendment that we passed some years ago.

Mr. SMOOT. That is what it is.

Mr. NELSON. And that has occasioned the delay.

Mr. UNDERWOOD. I see no reason why we should not have a vote on that proposition. It would not take very long. It would not be necessary to debate it.

The VICE PRESIDENT. The Secretary will state the next bill on the calendar.

AMENDMENT OF TRANSPORTATION ACT OF 1920.

The bill (H. R. 8331) to amend the transportation act, 1920, and for other purposes, was announced as next in order.

Mr. PITTMAN. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

PROTECTION OF MIGRATORY BIRDS.

The bill (S. 1452) providing for establishing shooting grounds for the public, for establishing game refuges and breeding grounds, for protecting migratory birds, and requiring a Federal license to hunt them, was announced as next in order.

Mr. ROBINSON. Mr. President, pending a request for consideration of the bill, I desire to state an amendment to which I am informed the author of the bill has no objection.

The VICE PRESIDENT. There is already an amendment pending.

Mr. ROBINSON. Very well; I am only stating the amendment which I intend to propose. I shall offer to amend the bill by inserting, at an appropriate place, the following language:

Nothing in this act contained shall be construed as subjecting any land acquired, held, or used by the United States for military purposes to any of the provisions of this act.

I am informed that the sponsor of the bill has no objection to that amendment.

Mr. NEW. As the author of the bill, Mr. President, I will say that that is true.

Mr. CARAWAY. Mr. President, I dislike to object to the immediate consideration of the bill; but there is one provision in it to which I am opposed, and that is the provision for a Federal license. Is the Senator from Indiana wedded to that provision of the bill?

Mr. NEW. Mr. President, the whole carrying out of the purposes of this bill depends absolutely upon that feature of it.

Mr. CARAWAY. I am going to ask that the bill may go over without prejudice, because I want to prepare an amendment to it.

The VICE PRESIDENT. The bill will be passed over.

Mr. NEW. Mr. President——

Mr. CARAWAY. I withhold the request for a minute if the Senator wants to say something to me about it.

Mr. NEW. Mr. President, what has been said by the Senator from Alabama [Mr. UNDERWOOD] concerning the urgency for the consideration of the bill under discussion a moment ago applies with equal force and aptitude to this bill. It is very apparent that unless it is considered now, before certain other matters of major importance are brought up, it will not be considered at all at this session and will die. It has been on the calendar exactly one year to-day, and I think it ought to be considered on its merits.

Of course, I am not in any way interfering with the right of any Senator to object. That is all right; but if objection is made at this time, I wish to give notice that when the call of the calendar shall have been made I shall move that the bill be taken up for consideration.

Mr. CARAWAY. Mr. President, just one moment. I have no desire to delay the consideration of the bill. I desire to offer an amendment to it, and I have not had an opportunity to prepare it. If the bill might go over for an hour I should not object to returning to it and considering it. I want an opportunity to offer an amendment.

Mr. NEW. Why, certainly, Mr. President. With that understanding the bill may be passed over.

The VICE PRESIDENT. The Chair understands that the bill is temporarily passed over, subject to the right of the Senator from Indiana to call it up at a later time in this session.

TRANSPORTATION OF MILITARY SUPPLIES.

The joint resolution (S. J. Res. 138) authorizing the payment of the cost of transportation for certain supplies purchased by the Military Establishment was considered as in Committee of the Whole and was read, as follows:

Resolved, etc., That hereafter when supplies for the Military Establishment are accepted by the United States at factory or other point of origin and are shipped to destination at the expense of the United States, the cost of such transportation may be paid from the appropriation from which the supplies are purchased.

The joint resolution was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

BILLS, ETC., PASSED OVER.

The joint resolution (S. J. Res. 41) authorizing transportation for dependents of Army field clerks and field clerks Quartermaster Corps was announced as next in order.

Mr. SMOOT. Let that go over.

The VICE PRESIDENT. The joint resolution will be passed over.

The bill (S. 2718) to provide for leasing of the floating dry dock at the naval station, New Orleans, La., was announced as next in order.

Mr. CALDER. Let that be passed over, Mr. President.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 2589) to amend section 11 of the act entitled "An act for the retirement of public-school teachers in the District of Columbia," approved January 15, 1920, was announced as next in order.

Mr. SMOOT. I ask that that bill go over at this time.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 67) for the relief of the heirs of Adam and Noah Brown was announced as next in order.

Mr. SMOOT. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 1539) for the relief of Watson B. Dickerman, administrator of the estate of Charles Backman, deceased, was announced as next in order.

Mr. SMOOT and Mr. OVERMAN. Let the bill be read.

The Assistant Secretary read the bill.

Mr. SMOOT. I ask that the bill go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 1861) authorizing the Court of Claims to adjudicate the claim of Capt. David McD. Shearer for compensation for the adoption and use and acquisition by the United States Government of his patented inventions, was announced as next in order.

Mr. SMOOT. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

SUPPLY CORPS OF THE NAVY.

The bill (S. 2390) to redistribute the number of officers in the several grades of the Supply Corps of the Navy, was considered as in Committee of the Whole, and was read, as follows:

Be it enacted, etc., That the paragraph in the act of August 29, 1916, which reads as follows: "One-half pay directors with the rank of rear admiral to 4 pay directors with the rank of captain, to 8 pay inspectors with the rank of commander, to 87½ in the grades below pay inspectors," be amended to read as follows: "One-half pay directors with the rank of rear admiral to 6 pay directors with the rank of captain, to 12 pay inspectors with the rank of commander, to 81½ in the grades below pay inspector: *Provided*, That after January 1, 1923, no vacancies as pay directors with the rank of captain, and pay inspectors with the rank of commander, shall be filled until the numbers have been reduced to those authorized by the act of August 29, 1916."

Mr. SMOOT. I should like to have an explanation of the bill.

Mr. PITTMAN. Mr. President, the Senator from Utah asks for information concerning the bill. This is a bill to increase the number of higher officers in the Pay Corps of the Navy, and at the same time to reduce the number of lower officers. It is a bill that has been reported favorably by the Naval Affairs Committee on several occasions, and unanimously reported. It was introduced originally at the request of the Secretary of the Navy when Mr. Daniels was Secretary of the Navy. It has since been introduced at the request of the present Secretary of the Navy. The reason for it, as given by the Secretary of the Navy in his letter to the committee, is that they have not a sufficient number of officers of the grade of commander in the Navy to perform the services allotted.

I ask to have the report read.

Mr. SMOOT. I do not care about it.

Mr. PITTMAN. Very well; the Senator understands the bill.

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

BILLS AND JOINT RESOLUTION PASSED OVER.

The joint resolution (S. J. Res. 133) proposing an amendment to the Constitution of the United States was announced as next in order.

Mr. JONES of Washington. Mr. President, this is a joint resolution proposing an amendment to the Constitution. It is quite an important matter, and I do not think it could be disposed of by unanimous consent; so I ask that it may go over.

The VICE PRESIDENT. The joint resolution will be passed over.

The bill (S. 14) providing for the election of a Delegate to the House of Representatives from the District of Columbia, and for other purposes, was announced as next in order.

Mr. OVERMAN. Let that bill go over, Mr. President.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 2992) authorizing the Secretary of War to furnish certain information for historical purposes to the adjutants general of the several States and the District of Columbia, and making an appropriation therefor, was announced as next in order.

Mr. JONES of Washington. Mr. President, what is the calendar number of that bill?

The VICE PRESIDENT. The bill is Order of Business No. 510.

Mr. SMOOT. It is not on the printed calendar.

The VICE PRESIDENT. The Chair is informed that on April 5, 1922, the Senator from Iowa [Mr. CUMMINS] asked that the bill be returned to the Senate, and entered a motion to reconsider the vote by which it was passed.

Mr. SMOOT. I ask that it may go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 3254) to encourage the development of the agricultural resources of the United States through Federal and State cooperation, giving preference in the matter of employment and the establishment of rural homes to those who have served with the military and naval forces of the United States, was announced as next in order.

Mr. McNARY. I ask that that go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 1343) granting relief to persons who served in the Military Telegraph Corps of the Army during the Civil War was announced as next in order.

Mr. SMOOT. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

PAY OF THE ARMY, ETC.

The bill (S. 3326) to readjust the pay and allowances of the commissioned and enlisted personnel of the Army, Navy, Marine Corps, Coast Guard, Coast and Geodetic Survey, and Public Health Service was announced as next in order.

Mr. WADSWORTH. Mr. President, this bill, with a House number, long since passed the Congress and has become a law. I move that the bill be indefinitely postponed.

The motion was agreed to.

BILLS PASSED OVER.

The bill (S. 1345) to amend an act entitled "Interstate commerce act," approved February 28, 1920, was announced as next in order.

Mr. NEW. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 1346) to amend an act entitled "An act to regulate commerce," approved February 4, 1887, and all acts amendatory thereof, including the safety-appliance acts and the act providing for the valuation of the several classes of property of carriers subject to the Interstate Commerce Commission, approved March 1, 1913, was announced as next in order.

Mr. NEW. Let that go over.

The VICE PRESIDENT. The bill goes over.

The bill (S. 2921) to amend an act entitled "An act to establish a uniform system of bankruptcy throughout the United States," approved July 1, 1898, and acts amendatory thereof and supplementary thereto, was announced as next in order.

Mr. JONES of Washington. Let that go over.

The VICE PRESIDENT. The bill will be passed over.

DETAIL OF RETIRED OFFICERS AND ENLISTED MEN.

The bill (S. 2371) to further amend an act entitled "An act for making further and more effective provision for the national defense, and for other purposes," approved June 3, 1916, was considered as in Committee of the Whole, and was read as follows:

Be it enacted, etc., That the act entitled "An act for making further and more effectual provision for the national defense, and for other purposes," approved June 3, 1916, as amended, be, and is hereby, further amended as follows:

That the second sentence of section 40b of said act approved June 3, 1916, as contained in section 33 of the act entitled "An act to amend an act entitled 'An act for making further and more effectual provision for the national defense, and for other purposes,' approved June 3, 1916, and to establish military justice," be, and is hereby, amended to read as follows:

"In time of peace retired officers, retired warrant officers, or retired enlisted men shall not be detailed under the provisions of this section without their consent."

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

The title was amended so as to read:

A bill to amend an act entitled "An act to amend an act entitled 'An act for making further and more effectual provision for the national defense, and for other purposes,' approved June 3, 1916, and to establish military justice," approved June 4, 1920.

COOPERATIVE ORGANIZATIONS.

The joint resolution (S. J. Res. 188) creating a committee to investigate existing conditions of industry and commerce in the United States for the purpose of recommending to Congress legislation defining the rights and limitations of cooperative organizations as distinguished from illicit combinations in restraint of trade, was announced as next in order.

Mr. OVERMAN. Let that go over.

The VICE PRESIDENT. The joint resolution will be passed over.

CORNWELL CO., SAGINAW, MICH.

The bill (H. R. 449) for the relief of the Cornwell Co., Saginaw, Mich., was announced as next in order.

Mr. OVERMAN. Let that go over, unless there is some explanation made of it.

Mr. TOWNSEND. Has the Senator from North Carolina read the report?

Mr. OVERMAN. No; I have not. I merely wanted to have some explanation of the bill. I said I would object unless somebody would explain it.

Mr. TOWNSEND. The report shows very clearly just what the facts are. This defendant in a case brought against it was a codefendant with one of the packing companies, as I remember. Their case was tried and decided against the Government. This case, which was simply the case of dealers who had taken off shipments along the line on through traffic, was decided by the original case. The codefendant was not found guilty, and it is recommended that this be allowed. These people were not responsible. They were acting in accordance with a custom which had obtained for a great many years, and it was not their fault that they were not complying with the order which was affirmed later by the court in reference to the original packing company, not the Saginaw company.

Mr. OVERMAN. What was the crime charged?

Mr. TOWNSEND. Getting carload rates on less-than-carload lots. They were allowed to stop off on the road to sell their goods, and had been doing it. That was a violation of the statute. If the Senator would read the evidence in reference to this matter, he would find that this company should not be held under any construction that could be placed upon the law.

Mr. OVERMAN. Very well.

The bill was considered as in Committee of the Whole, and was read, as follows:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed, out of any money in the Treasury not otherwise appropriated, to pay to the Cornwell Co., Saginaw, Mich., successor to the Saginaw Beef Co., the sum of $8,000, which sum is hereby appropriated, being the amount of money collected from the Saginaw Beef Co. by fine imposed by District Judge Sessions, at Grand Rapids, Mich., on August 28, 1914.

The bill was reported to the Senate without amendment, ordered to a third reading, read the third time, and passed.

REMOVALS FROM THE BUREAU OF ENGRAVING AND PRINTING.

The resolution (S. Res. 269) authorizing the appointment of a committee to report the facts and reasons relative to the removal by order of the President of responsible officials of the Bureau of Engraving and Printing was announced as next in order.

Mr. STERLING. I think the resolution should be indefinitely postponed. There has been an adverse report pending here against it, together with the following resolution. Adverse reports were made upon both, and I ask that they be indefinitely postponed.

Mr. OVERMAN. Mr. President, I do not see the Senator from Arkansas here.

Mr. LODGE. He is here.

Mr. OVERMAN. I do not think he cares to have it retained on the calendar.

The VICE PRESIDENT. The Senator from South Dakota moves that the resolution be indefinitely postponed.

The motion was agreed to.

INVESTIGATION OF ALLEGED DEMOTIONS AND DISCHARGES.

The resolution (S. Res. 271) requesting the President to inform Congress as to alleged demotion, dropping, and discharge of honorably discharged sailors and soldiers from the service since March 4, 1921, was announced as next in order.

Mr. STERLING. I ask that the same action be taken with regard to this resolution. I move that it be indefinitely postponed.

The motion was agreed to.

SALARIES OF SCHOOL-TEACHERS IN THE DISTRICT OF COLUMBIA.

The bill (S. 3136) to amend the act entitled "An act to fix and regulate the salaries of teachers, school officers, and other employees of the Board of Education of the District of Columbia," approved June 20, 1906, and for other purposes, was considered as in Committee of the Whole.

The bill had been reported from the Committee on the District of Columbia with amendments.

The first amendment was, on page 8, line 19, after the words "present salary," to strike out the word "including" and to insert the words "which present salary shall include."

The amendment was agreed to.

The next amendment was, on page 14, to strike out section 16, as follows:

SEC. 16. That the Board of Education, on the recommendation of the superintendent of schools, is hereby authorized to fix and prescribe the salaries, other than those herein specified to be paid all employees in the community center department, the night schools, the vacation schools, the Americanization schools, and such other activities as may hereafter be authorized, from lump-sum appropriations.

And to insert in lieu:

SEC. 16. That the Board of Education is hereby authorized to conduct as a part of the public-school system a community center department, a department of school attendance and work permits, night schools, vacation schools, Americanization schools, and other activities, under and within appropriations made by Congress, and, on the recommendation of the superintendent of schools, to fix and prescribe the salaries, other than those herein specified, to be paid to the employees of the said activities.

Mr. SMOOT. I wish the Senator from Kansas would explain why that section is in this bill, a bill increasing the salaries of the school-teachers in the District of Columbia.

Mr. LA FOLLETTE. They ought to be increased.

Mr. SMOOT. This section has nothing at all to do with salary increases.

Section 16 provides:

That the Board of Education is hereby authorized to conduct as a part of the public-school system a community center department, a department of school attendance and work permits, night schools, vacation schools, Americanization schools, and other activities, under and within appropriations made by Congress, and, on the recommendation of the superintendent of schools, to fix and prescribe the salaries, other than those herein specified, to be paid to the employees of the said activities.

Mr. CAPPER. I will say to the Senator from Utah that the section creates no new activities in the schools of Washington. It simply authorizes a continuation of work that is already being carried on here.

Mr. LA FOLLETTE. And within the appropriations made.

Mr. CAPPER. Within the appropriations made by Congress.

Mr. SMOOT. Then there is no necessity for it.

Mr. CAPPER. It makes provision as to what the salaries shall be in those departments.

Mr. SMOOT. And it is desired that provision be made so that the Board of Education can pay them any salary they want.

Mr. CAPPER. Not at all. If the Senator will examine the bill he will find that it undertakes to classify those departments of the schools.

Mr. SMOOT. Mr. President, if we are going into all these activities on the part of the schools, which, if authorized, are authorized under a law with which I am not familiar, I think I shall have to object to the consideration of the bill. I have no objection whatever to the other part, which fixes the salaries of the school-teachers in the District of Columbia. I have no objection whatever to that part of the bill.

Mr. CAPPER. This does not introduce a new department in the school system here; it does not create a new position; it does not in any way increase the cost of the school system as it now exists.

Mr. SMOOT. Then there is no necessity for it; it is absolutely unnecessary; and I think that part ought to go out of the bill.

Mr. CAPPER. The committee considered it very carefully and were of the opinion that it ought to stay in.

Mr. SMOOT. I am taking the word of the Senator that it does not create a new activity in the schools; that all the activities are already provided for under the law. The salaries are to be paid out of the appropriations provided, and therefore it seems to me it would be perfectly useless, and there is no necessity for it at all. I can not tell from the mere reading of it exactly how far it goes or what is going to be the cost.

Mr. CAPPER. The entire school program has been carried on without any permanent school organization measure. This undertakes to set up a school program and give some authority under law, and give the teaching force and the various agencies connected with it a place in the school system, which they have not had heretofore.

Mr. SMOOT. Then it is a change in law, and is an attempt to create this new system. There has been quite a dispute in the Senate as to the community center department and a dispute in Congress as to whether the appropriations should be made for it. In fact, the last appropriation asked for the community center department was refused by Congress after the expenditure of the $25,000 which had been authorized the year before. But the bill does not stop at that. It includes the department of school attendance and work permits, vocational schools, Americanization schools, and other activities. In other words, it grants power to the school board to undertake any kind of activity that they see fit. There is apparently no limit to it at all.

Mr. CAPPER. The department of school attendance and work permits was created about three months ago in a measure which combined the two activities. The pending bill simply gives it its proper place in the school system of the city of Washington.

Mr. SMOOT. No; it is now made compulsory from this time forward.

Mr. CAPPER. We have had it for years.

Mr. SMOOT. Not all the activities covered by this provision.

Mr. CAPPER. As I said, it does not introduce a new agency of any kind.

Mr. SMOOT. Take the question of Americanization schools. We may be called upon to appropriate $150,000 for that purpose in the District of Columbia if this provision becomes a law. The Senator can not tell how much it would be. Does the Senator say we have those schools now in the District of Columbia?

Mr. CAPPER. Yes; we have Americanization schools.

Mr. SMOOT. That is under the law as previously enacted, but not as a part of the school system of the District nor under the school board of the District of Columbia.

Mr. CAPPER. It is in full operation and has been for years. This provision simply undertakes to give it a place in the school system.

Mr. SMOOT. I will ask the Senator to allow the bill to go over for a day, and I will find out from some source in the District what they are doing about it and what it really means.

Mr. CAPPER. That is entirely satisfactory, but I will say to the Senator that I regard this as a very important measure.

We are losing in the city of Washington many of the best teachers we have.

Mr. SMOOT. If the Senator will agree to eliminate section 16, I am perfectly willing the bill should pass at this time. I would have no objection to it then at all.

Mr. WARREN. Mr. President, may I ask the Senator from Kansas whether this is not merely a matter of raising salaries for the different teachers?

Mr. CAPPER. That is the main purpose of the bill.

Mr. SMOOT. I understand it will cost the Government $250,000 in increased salaries for the District of Columbia. I have no objection to that at all.

Mr. CAPPER. I will accept the Senator's suggestion, and consent to the elimination of section 16.

Mr. SMOOT. Then I am perfectly willing, if that section is eliminated, that the bill shall pass.

Mr. CAPPER. That will be satisfactory to me.

The VICE PRESIDENT. The question is on agreeing to the amendment of the committee inserting section 16.

The amendment was rejected.

The VICE PRESIDENT. The next amendment will be stated.

The ASSISTANT SECRETARY. The committee proposes to strike out section 16 of the bill, in the following words:

SEC. 16. That the board of education, on the recommendation of the superintendent of schools, is hereby authorized to fix and prescribe the salaries, other than those herein specified to be paid all employees in the community center department, the night schools, the vacation schools, the Americanization schools, and such other activities as may hereafter be authorized, from lump-sum appropriations.

The amendment was agreed to.

The next amendment was, on page 15, line 10, after the word "fund," to insert the following additional proviso:

Provided further, That during the fiscal year ending June 30, 1923, no teacher, officer, or other employee of the board of education whose salary is fixed by this act shall receive any additional increase of compensation.

The amendment was agreed to.

The bill was reported to the Senate as amended, and the amendments were concurred in.

Mr. DIAL. Mr. President, while we are talking about increasing the salaries of teachers and getting better efficiency in the schools of the District of Columbia, some effort ought to be made to furnish better light in the school buildings of the District. I am told that on dark days it is almost impossible for the children to see. I hope the Committee on the District of Columbia will look into that proposition and give the children better light in the schoolrooms.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

COLLECTION OF TAXES IN THE DISTRICT OF COLUMBIA.

The bill (S. 3565) relating to the collection of taxes in the District of Columbia was announced as next in order.

Mr. JONES of Washington. The provisions of the bill have been incorporated practically in the District of Columbia appropriation bill and are now the law. I therefore move that the bill be indefinitely postponed.

The motion was agreed to.

BILLS AND JOINT RESOLUTION PASSED OVER.

The bill (S. 3384) authorizing an appropriation to meet proportionate expenses of providing a drainage system for Paiute Indian lands in the State of Nevada within the Newlands reclamation project of the Reclamation Service was announced as next in order.

Mr. SMOOT. Let the bill go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 171) to extend the provisions of the act of May 11, 1912, was announced as next in order.

Mr. OVERMAN. Let the bill go over until I can look into it.

The VICE PRESIDENT. The bill will be passed over.

The joint resolution (S. J. Res. 227) rejecting bids for the acquisition of Muscle Shoals was announced as next in order.

Mr. OVERMAN. Let the joint resolution go over.

The VICE PRESIDENT. The joint resolution will be passed over.

ANTILYNCHING BILL.

The bill (H. R. 13) to assure to persons within the jurisdiction of every State the equal protection of the laws, and to punish the crime of lynching, was announced as next in order.

Mr. OVERMAN. I think the bill had better go over.

The VICE PRESIDENT. The bill will be passed over.

AMENDMENT OF COTTON FUTURES ACT.

The bill (S. 385) to amend section 5 of the United States cotton futures act, approved August 11, 1916, as amended, was announced as next in order.

Mr. DIAL. Mr. President, I move that the bill be indefinitely postponed. I think all the provisions contained in it are covered in the next bill on the calendar, which is really a substitute for the bill just reached.

Mr. SMOOT. Mr. President, I want to ask the Senator from South Carolina if the Senator from Louisiana [Mr. RANSDELL] is agreeable to an indefinite postponement of the bill? As I understand, the Senator from Louisiana is opposed to the next bill on the calendar but is in favor of this one.

Mr. UNDERWOOD. Both bills were introduced by the Senator from South Carolina [Mr. DIAL].

Mr. DIAL. I understand that the Senator from Louisiana is opposed to both bills.

Mr. SMOOT. If the Senator is sure of that, I have no objection to the bill being indefinitely postponed.

Mr. DIAL. Oh, yes; I know he is willing that it be indefinitely postponed.

The VICE PRESIDENT. The question is on the motion of the Senator from South Carolina, to indefinitely postpone the bill.

The motion was agreed to.

The bill (S. 3146) to amend section 5 of the United States cotton futures act was announced as next in order.

Mr. SMOOT. Let the bill go over.

The VICE PRESIDENT. The bill will be passed over.

Mr. DIAL. With regard to the bill just passed over, I wish to say that I intend to ask at an early date that it be made the unfinished business of the Senate. The principle involved in the bill is worth more to the people of my section and the people of the United States generally than any other remedial legislation we could enact. I hope in the near future we shall have an opportunity to vote on the bill.

RESOLUTION INDEFINITELY POSTPONED.

The resolution (S. Res. 330) authorizing a special committee to report to the Senate the results of its investigation concerning the financial interests of Senators in matters affected by the pending tariff bill was announced as next in order.

Mr. WADSWORTH. Is not the resolution out of date?

Mr. SMOOT. Let it go under Rule IX.

Mr. WADSWORTH. Does my colleague [Mr. CALDER] have any objection to its going to Rule IX, or to its indefinite postponement? It is quite meaningless now.

Mr. CALDER. I move that the resolution be indefinitely postponed.

The motion was agreed to.

BILLS AND RESOLUTION PASSED OVER.

The bill (S. 843) for the relief of Augusta Reiter was announced as next in order.

Mr. NEW. The Senator from California [Mr. SHORTRIDGE] desires to be present when this bill is considered, and in his absence I ask that it go over.

The VICE PRESIDENT. The bill will be passed over.

The bill (S. 3858) to define butter and to provide a standard therefor was announced as next in order.

Mr. STERLING. Let the bill go over.

The VICE PRESIDENT. The bill will be passed over.

The resolution (S. Res. 335) directing the Federal Reserve Board to require the Federal reserve banks of Atlanta, Dallas, St. Louis, and Kansas City to report to the Senate the rates of interest charged by them on loans and discounts in 1920 and 1921, was announced as next in order.

Mr. SMOOT. Let that go over.

The VICE PRESIDENT. The resolution will go over.

The bill (H. R. 211) to extend the provisions of the pension act of May 11, 1912, and May 1, 1920, to the officers and enlisted men of all State militia and other State organizations that rendered service to the Union cause during the Civil War for a period of 90 days or more, and providing pensions for their widows, minor children, and dependent parents, and for other purposes, was announced as next in order.

Mr. OVERMAN. Let the bill go over.

The VICE PRESIDENT. The bill will be passed over.

PROTECTION OF UNITED STATES MAILS.

The bill (S. 3962) to prohibit the sending of threatening letters through the mails, and for other purposes, was considered as in Committee of the Whole. The bill had been reported from the Committee on the Judiciary with amendments on page 1, to strike out "whether or not the sender of such letter, pamphlet, card, writing, or other written or printed matter makes any demand for money, property, or other consideration"; and on page 2, line 5, to strike out "$5,000" and insert "$3,000"; and in line 6 to strike out the word "five" and insert "two," so as to make the bill read:

Be it enacted, etc., That every letter, pamphlet, card, writing, or other written or printed matter threatening bodily harm or injury to the person or property of the person addressed, or of any member of his household, is hereby declared to be nonmailable matter and shall not be conveyed in the mails or delivered from any post office or by any letter carrier. Any person who knowingly deposits or causes to be deposited for mailing or delivery any such letter, pamphlet, card, writing, or other written or printed matter shall, upon conviction thereof, be punished by a fine of not more than $3,000 or by imprisonment for not more than two years, or both.

The amendments were agreed to.

The bill was reported to the Senate as amended, and the amendments were concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

ANNA CLAUDE HOWARD.

The bill (S. 1883) granting a pension to Anna Claude Howard was considered as in Committee of the Whole and was read, as follows:

Be it enacted, etc., That the Secretary of the Interior be, and he is hereby, authorized and directed to place on the pension roll, subject to the provisions and limitations of the pension laws, the name of Anna Claude Howard, widow of Thomas Benton Howard, late rear admiral, United States Navy, and pay her a pension at the rate of $50 per month.

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

LEO BALSAM.

The bill (H. R. 6251) for the relief of Leo Balsam was considered as in Committee of the Whole and was read, as follows:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay, out of any money in the Treasury of the United States not otherwise appropriated, to Leo Balsam, of Plattsburg, N. Y., the sum of $1,282.50, in full compensation for repair at contract price of 950 pairs of shoes destroyed by fire when the gymnasium at Plattsburg Barracks, N. Y., was destroyed on November 28, 1917.

The bill was reported to the Senate without amendment, ordered to a third reading, and was read the third time.

Mr. FLETCHER. May I ask is the Government responsible in a case of that kind? This bill covers a claim for the destruction of certain shoes in a Government barracks.

Mr. CAPPER. On page 4 of the report there is found the following statement in a letter from the Judge Advocate General:

As to the 950 pairs of shoes which it is stated were actually completed on November 28, 1917, it is the opinion of this office that the bailee is entitled to payment therefor.

The pending bill covers only the 950 pairs of shoes, so I think there can be no question that the claimant is entitled to be reimbursed as provided in the bill.

The VICE PRESIDENT. The question is, Shall the bill pass?

The bill was passed.

THOMAS B. SMITH.

The Senate, as in Committee of the Whole, proceeded to consider the bill (H. R. 8264) for the relief of Thomas B. Smith. It proposes to pay to Thomas B. Smith, of Cheriton, Va., $185.66, to reimburse him for expenses incurred by him from April 20 to June 6, 1917, for travel performed by him while an ensign with the United States Naval Reserve Force attached to the Seventh Squadron, United States Navy.

The bill was reported to the Senate without amendment, ordered to a third reading, read the third time, and passed.

GRANT OF LANDS TO OGDEN, UTAH.

The bill (S. 3588) granting certain lands to the city of Ogden, Utah, to protect the watershed of the water supply system of said city, was considered as in Committee of the Whole. The bill had been reported from the Committee on Public Lands and Surveys with an amendment, on page 1, line 2, after the word "That," to insert "upon the payment of $1.25 per acre," so as to make the bill read:

Be it enacted, etc., That upon the payment of $1.25 per acre there is hereby granted to the city of Ogden, Utah, and the Secretary of the Interior is authorized and directed to issue patent to said grantee for certain public lands in Utah for the protection of the watershed furnishing the water for said city, the lands being described as follows:

SEC. 2. That the conveyance hereby authorized shall not include any lands which, at the date of the issuance of patent, shall be covered by a valid existing bona fide right or claim initiated under the laws of the United States: *Provided*, That there shall be reserved to the United States all oil, coal, and other mineral deposits that may be found on the lands so granted and the right to prospect for, mine, and remove

the same: *Provided further*. That said city shall not have the right to sell or convey the land herein granted, or any part thereof, or to devote the same to any other purpose than as hereinbefore described; and if the said land shall not be used for such municipal purpose the same, or such parts thereof not so used, shall revert to the United States. The conditions and reservations herein provided for shall be expressed in the patent.

The amendment was agreed to.

The bill was reported to the Senate as amended, and the amendment was concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

RUBE ALLEN.

The Senate, as in Committee of the Whole, proceeded to consider the bill (S. 3595) to reimburse Rube Allen for losses and damages sustained by him through the negligent dipping of tick-infested cattle by the Bureau of Animal Industry, Department of Agriculture, which had been reported from the Committee on Claims with an amendment, on page 1, line 5, after the words "sum of," to strike out "$7,344.49" and to insert "$6,445.04," so as to make the bill read:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, the sum of $6,445.04 to Rube Allen for loss and damage sustained by him through the negligence of the veterinary inspectors employed by the Bureau of Animal Industry, Department of Agriculture, in their failure to properly dip 120 head of Texas cattle that were shipped from Fort Worth stockyards in April, 1919, by Fred Nation to Kansas, where they infested the native Kansas cattle with the Texas fever tick. Said sum to be paid to the above-named party in full for all loss and damage sustained by him.

The amendment was agreed to.

The bill was reported to the Senate as amended, and the amendment was concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

WILLIAM MALONE.

The bill (H. R. 1463) for the relief of William Malone was considered as in Committee of the Whole. It proposes to pay to William Malone $75, being the cost of an abstract of title sent to the Commissioner of the General Land Office in August, 1916, and lost by some employee of that office.

The bill was reported to the Senate without amendment, ordered to a third reading, read the third time, and passed.

LEROY FISHER.

The bill (H. R. 1862) for the relief of Leroy Fisher was considered as in Committee of the Whole. It proposes to pay to Leroy Fisher $1,500 for expenses incurred as a result of injuries sustained through being hit by an auto truck, the property of the United States Post Office Department and driven recklessly by an employee of the United States.

The bill was reported to the Senate without amendment, ordered to a third reading, read the third time, and passed.

REPORTS OF NATIONAL BANKING ASSOCIATIONS.

The bill (H. R. 8996) to amend paragraph 440, section 5211, act June 3, 1864, was considered as in Committee of the Whole. The bill had been reported from the Committee on Banking and Currency with amendments on page 1, line 3, after the word "That," to strike out "paragraph 440 of section 5211 of the act of June 3, 1864, as amended, 1877, be" and to insert "section 5211 of the Revised Statutes of the United States, as amended, be further"; and on line 7, before the word "Every," to strike out "440" and to insert "Sec. 5211"; so as to make the bill read:

Be it enacted, etc., That section 5211 of the Revised Statutes of the United States, as amended, be further amended to read as follows:

"SEC. 5211. Every association shall make to the Comptroller of the Currency not less than three reports during each year, according to the form which may be prescribed by him, verified by the oath or affirmation of the president or cashier of such association, and attested by the signature of at least three of the directors. Each such report shall exhibit, in detail and under appropriate heads, the resources and liabilities of the association at the close of business on any past day by him specified, and shall be transmitted to the comptroller within five days after the receipt of a request or requisition therefor from him, and in the same form in which it is made to the comptroller shall be published in a newspaper published in the place where such association is established, or if there is no newspaper in the place, then in the one published nearest thereto in the same county, at the expense of the association; and such proof of publication shall be furnished as may be required by the comptroller. The comptroller shall also have power to call for special reports from any particular association whenever in his judgment the same are necessary in order to a full and complete knowledge of its condition."

The amendments were agreed to.

Mr. SMOOT. Mr. President, there appears to be no report accompanying this bill.

Mr. McLEAN. Mr. President, the bill merely reduces the number of annual reports which are required of national banks from five to three.

Mr. SMOOT. That is what I thought, but I was about to ask a question in order to ascertain whether the bill had any other purpose.

Mr. McLEAN. That is all the bill proposes to do. The comptroller may require as many special reports as he sees fit.

The bill was reported to the Senate as amended and the amendments were concurred in.

The amendments were ordered to be engrossed and the bill to be read a third time.

The bill was read the third time and passed.

The title was amended so as to read: "A bill to amend section 5211 of the Revised Statutes of the United States."

BRADLEY SYKES.

The bill (H. R. 540) for the relief of Bradley Sykes was considered as in Committee of the Whole. It proposes to pay $1,727 to Bradley Sykes for injuries sustained as the result of being struck by a Government-owned automobile in Chicago on June 28, 1920.

The bill was reported to the Senate without amendment, ordered to a third reading, read the third time, and passed.

WILLIAM R. BRADLEY.

The bill (S. 3791) for the relief of William R. Bradley, former acting collector of internal revenue for South Carolina, was considered as in Committee of the Whole. It proposes to credit the account of William R. Bradley, former acting collector of internal revenue for South Carolina, with the sum of $100, that amount now being charged against him for the loss of one special stamp book of the value of $100.

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

EXTERMINATION OF BEAN BEETLES IN NEW MEXICO.

The bill (S. 3995) to authorize the Secretary of Agriculture to exterminate bean beetles in the State of New Mexico, and authorizing expenditures therefor, was announced as next in order.

Mr. SMOOT. Let that bill go over.

The VICE PRESIDENT. The bill will be passed over.

ROBERT EDGAR ZEIGLER.

The Senate, as in Committee of the Whole, proceeded to consider the bill (S. 107) for the relief of Robert Edgar Zeigler. It proposes to reimburse Capt. Robert Edgar Zeigler in the sum of $725 for personal property stolen from him while his household goods were in Government custody at United States Army General Hospital No. 20, Whipple Barracks, Ariz.

Mr. SMOOT. Let that bill go over.

Mr. TOWNSEND. Mr. President, that is a bill which should pass, and I hope the Senator from Utah will allow it to be considered.

Mr. SMOOT. I do not see that there is any liability on the part of the Government involved in this case.

Mr. LODGE. The claim involves only $725.

Mr. TOWNSEND. The liability on the part of the Government is practically acknowledged. The report of the Secretary of War states that while the War Department has no authority to pay it the claim ought to be paid.

Mr. SMOOT. I do not see that in the report.

Mr. TOWNSEND. There is a long report covering several pages. The claimant had a receipt for the goods which he placed in the custody of the department, and there is not any question about the blame being on the quartermaster for not properly keeping the goods. Nor is there any question about their value nor about their having been stolen. I hope, therefore, the Senator from Utah will not object to the consideration and passage of the bill.

Mr. SMOOT. I shall not insist upon the objection.

The VICE PRESIDENT. Is there objection to the present consideration of the bill?

There being no objection, the Senate, as in Committee of the Whole, proceeded to consider the bill.

Mr. FLETCHER. Mr. President, is there not some question, may I ask the Senator from Michigan, in reference to the amount involved? In one statement on page 5 of the report it appears apparently that the total value of the property was $585.

Mr. SMOOT. On page 2 of the report Secretary Weeks states:

3. The War Department does not interpose any objections to a favorable consideration of the pending bill other than to state that, based upon the information of record in regard to the claim, the reimbursement proposed is excessive.

I do not think that the Government of the United States——

Mr. LODGE. Do not let us ruin the Government of the United States by paying $725.

Mr. SMOOT. It is not a question of ruining anything; it is a question of right.

Mr. LODGE. I also think it is a question of right.

Mr. FLETCHER. On page 9 of the report there is a statement which shows apparently that $725 was the original cost of the property.

Mr. TOWNSEND. Exactly, and it was worth more than that at the time it was stolen. The sum of $725 is what the goods cost abroad before they were shipped here; that amount represents the foreign price that was paid. The fact is they were worth more than that by appraisement, but there was only claimed the exact cost of the goods abroad.

Mr. SMOOT. The Government, then, runs all the risk of property being stolen when it is put in a Government storehouse.

Mr. TOWNSEND. If the quartermaster had done his duty at that time the officers would have been assigned to quarters when they went there, but Mr. Zeigler had to put his goods in the custody of the quartermaster, who gave a receipt for them, Mr. Zeigler being assigned to service on the border when he might just as well have been assigned to quarters. The story of this chaplain is a long one; but it seems to me one which is entitled to belief, and it did impress the committee.

Mr. FLETCHER. It appears by the report that the goods were bought in 1915, and here we find, in 1922, a claim that they were worth more after seven years of use than they were when they were originally bought.

Mr. TOWNSEND. But they were not used. In 1919, when Mr. Zeigler secured a receipt for the storage of the goods, they were not in use, and they have not been in his possession since, for they were stolen.

Mr. FLETCHER. I can not see how these articles could increase in value by age; for instance, portières, an electric iron, an electric radiator, two pairs of feather pillows, one lady's coat, carved wood, and lacquer trays, and so forth. It looks to me as if the committee have been too liberal in making the allowance as to the value of the property. On page 5, as I have stated, it seems to be listed at $585, although $725 is proposed to be paid by the bill.

I move, Mr. President, to amend the bill by striking out "$725" and in lieu thereof inserting "$585."

The VICE PRESIDENT. The question is on the amendment offered by the Senator from Florida. [Putting the question.] The Chair is in doubt, and will again put the question.

The amendment was rejected.

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

ANNIE M'COLGAN.

The Senate, as in Committee of the Whole, considered the bill (S. 1600) for the relief of Annie McColgan, which had been reported from the Committee on Claims with an amendment, on page 1, line 11, after the words "sum of," to strike out "$7,500" and to insert "$5,000," so as to make the bill read:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, to Annie McColgan, of Philadelphia, Pa., widow of Peter McColgan, who, while a civilian employee of the Ordnance Department, United States Army, in the discharge of his duties, and without fault or negligence, was killed by the explosion of fuses at the Frankford Arsenal, Philadelphia, Pa., on February 5, 1903, the sum of $5,000, being the sum recommended to be paid her by the board of officers appointed to investigate said explosion by the commanding officer at Frankford Arsenal on February 6, 1903.

The amendment was agreed to.

The bill was reported to the Senate as amended, and the amendment was concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

SOPHIE CAFFREY.

The Senate, as in Committee of the Whole, considered the bill (S. 1511) for the relief of Sophie Caffrey, which had been reported from the Committee on Claims with an amendment in line 11, after the words "sum of," to strike out "$5,000" and to insert "$2,000," so as to make the bill read:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, to Sophie Caffrey, of Haverstraw, N. Y., dependent mother of Henry Sloat, who, while a civilian employee of the Navy, in the discharge of his duties and without his fault or negligence, was killed by the explosion of a shell charge at the United States naval magazine on Iona Island, in the Hudson River, N. Y., on December 5, 1906, the sum of $2,000.

Mr. CALDER. Mr. President, I am, of course, anxious that the bill shall be passed, but I merely wish to point out to the Senate the inconsistency between the bill now pending and the one which has just been passed. In this case the Committee on Claims have recommended $2,000, while in the bill which has just been passed they allowed $5,000, although the two cases are on all fours.

Mr. SMOOT. In one case the payment is to the wife and in the other case to a dependent mother.

The VICE PRESIDENT. The question is on agreeing to the amendment reported by the committee.

The amendment was agreed to.

The bill was reported to the Senate as amended, and the amendment was concurred in.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

NEW JERSEY SHIPBUILDING & DREDGING CO.

The bill (S. 3515) for the relief of the New Jersey Shipbuilding & Dredging Co., of Bayonne, N. J., was considered as in Committee of the Whole.

The bill had been reported from the Committee on Claims with an amendment, on page 1, line 6, to strike out "$205,028.28" and insert "$152,278.28," so as to make the bill read:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, the sum of $152,278.28 to the New Jersey Shipbuilding & Dredging Co., of Bayonne, N. J., in full settlement to reimburse said owner of drill boat *No. 3* for loss sustained as a result of total destruction of said drill boat *No. 3* through collision with the U. S. S. *Lykens*, in Hell Gate, off Halletts Point, New York Harbor, on September 1, 1921.

The VICE PRESIDENT. The question is on agreeing to the amendment.

Mr. SMOOT. Mr. President, I notice that in the report signed by the Acting Secretary of the Navy, Theodore Roosevelt, it is stated:

The finding of the naval board of investigation placing the responsibility for the collision on the U. S. S. *Lykens* is approved by the department, and while the claim of the New Jersey Shipbuilding & Dredging Co. for reimbursement for losses sustained is large, the records in the department fully sustain it. The item of $53,750 for loss of profits is one that has required most careful consideration. Strictly speaking, it is not a claim for demurrage. It arose because the wreck of the drill boat prevented the contractor from prosecuting its work under the contract with the War Department. It is not based on the loss of the boat or its earning capacity, but on the loss of the earnings of the entire dredging plant, for the period it was required to remain idle due to the wreck.

Mr. CALDER. The Senator will find that that sum was stricken from the bill.

Mr. NEW. Mr. President, if the Senator from Utah will permit me, it is to meet that objection that this amendment is proposed. The amendment takes out of the bill all consideration of the earnings of the company from the time of the wreck until the expiration of their contract; and the amount fixed in the bill is the amount of damages actually sustained, as proven by their statements of cost and proved value of the property destroyed.

The VICE PRESIDENT. The question is on agreeing to the amendment of the committee.

The amendment was agreed to.

Mr. FLETCHER. Mr. President, this is a bill involving a very large sum. I scarcely think we ought to pass on it without a chance to examine some of the details of the matter. The report is rather voluminous, and it would take some little time to read it; but it seems to me that if these people have a claim, if a vessel of the United States caused damage to them, they have their remedy. They ought to have brought suit and had this question passed upon by the court.

In these admiralty cases the courts have jurisdiction to consider the negligence of both sides and to apportion the loss; and it may be that if the matter had been thrashed out in the courts a very different amount than that specified in this bill would have been arrived at. It seems to me it is a mistake to legislate in this way.

Mr. DIAL. Let the bill go over.

Mr. CALDER. Mr. President, I hope the Senator will not ask that the bill go over. This matter was carefully inquired into by a commission appointed by the Secretary of the Navy.

The Navy Department, in fact, recommended the appropriation of the whole sum. The committee, in their judgment, have stricken out the profit this company would have made if they had been operating the ship.

It appears that the Government entered into a contract to have certain dredging done in the East River, at Hell Gate, and that a vessel going through the Gate collided with the vessel owned by this contractor and sank it. The Navy Department admit that it was their fault. There is no question about it. They have carefully examined into all the facts. The Committee on Claims have examined all the facts sub-

mitted by the Navy Department. The case is on all fours with hundreds we pass here. There is no other course to pursue.

The VICE PRESIDENT. Is there a request that the bill go over?

Mr. DIAL. Let it go over, Mr. President.

The VICE PRESIDENT. The bill will be passed over.

PUBLIC HEALTH SERVICE STATION, HOFFMANS ISLAND, N. Y.

The bill (S. 3923) for the relief of the State of New York, was considered as in Committee of the Whole, and was read, as follows:

Be it enacted, That the Secretary of the Treasury be, and he is hereby, authorized and directed to pay to the State of New York the sum of $55,917.68, being the amount expended by the said State of New York for the construction of a delousing station on Hoffmans Island, New York Harbor, which was thereafter transferred to the Public Health Service.

The bill was reported to the Senate without amendment, ordered to be engrossed for a third reading, read the third time, and passed.

GRADE PERCENTAGES OF ENLISTED MEN.

The bill (S. 4037) to amend the grade percentages of enlisted men as prescribed in section 4b of the national defense act, as amended, was announced as next in order.

Mr. JONES of Washington. Mr. President, I have no objection to that bill, but I did not know that it was on the calendar. I have on my desk a letter which deals with some proposition, and I am not sure but that it may be involved in this measure; so I should like to have the bill go over until to-morrow. I will look at the letter in the meantime, and I am satisfied that I shall be ready to have the bill taken up to-morrow.

The VICE PRESIDENT. The bill will be passed over. This completes the call of the calendar.

PROTECTION OF MIGRATORY BIRDS.

Mr. NEW and Mr. UNDERWOOD addressed the Chair.

The VICE PRESIDENT. The Senator from Indiana.

Mr. UNDERWOOD. Mr. President, while the calendar was being called I understood that the bill that I referred to at that time was passed over without prejudice, by which I understand that it would come back on the calendar now that it is finished. It is Senate bill 2228 and was passed over so that the Senator from Tennessee [Mr. SHIELDS] might offer his amendment.

The VICE PRESIDENT. The Chair recognized the Senator from Indiana.

Mr. NEW. Mr. President, the Senator from Alabama evidently misunderstood. I was about to say that under the understanding announced by the Chair at the time Senate bill 1452 was passed over by agreement, I think it would come up for consideration at this time. It was announced that it would be passed over until the reading of the calendar had been completed.

Mr. SHIELDS. Mr. President——

The VICE PRESIDENT. Does the Senator from Indiana yield to the Senator from Tennessee?

Mr. NEW. I do.

Mr. SHIELDS. I should like to inquire what was done with the bill that was called up by the Senator from Alabama?

The VICE PRESIDENT. The Senator from Alabama misunderstood. The Chair recognized the Senator from Indiana.

Mr. SMOOT. I want to say to the Senator that if that bill is called up I shall object to its consideration to-day.

Mr. SHIELDS. When the bill was reached on the calendar some time ago, it was passed over on account of my absence from the Chamber. I am perfectly willing to have it taken up if the Senator wishes to take it up right now.

Mr. SMOOT. No; I shall object to its consideration to-day.

Mr. SHIELDS. In other words, I want it understood that I am not delaying the passage of the bill. Really, I am anxious to take it up on account of an amendment I desire to offer to it.

Mr. NEW. I have no possible objection to the consideration of the bill to which the Senator from Tennessee refers; but I think he is under a misapprehension, and that Senate bill 1452 is the one that is now before the Senate, under the agreement announced by the Chair when it was passed on the call of the calendar.

The VICE PRESIDENT. Senate bill 1452 is before the Senate.

Mr. SMOOT. I will say to the Senator that the reason why I made the statement I did was because of the fact that the chairman of the committee having the bill in charge was not present; and not only that, but I do not want it considered to-day either. Therefore, I shall object to Senate bill 2228 when it comes up, if it comes up again.

The Senate, as in Committee of the Whole, resumed the consideration of the bill (S. 1452) for establishing shooting grounds for the public, for establishing game refuges and breeding grounds, for protecting migratory birds, and requiring a Federal license to hunt them.

The READING CLERK. The pending amendment was offered by the Senator from New Mexico [Mr. BURSUM], to add at the end of section 15:

Provided, That nothing in this act shall be construed to exempt any person from complying with the provisions of the laws of the several States for hunting or shooting migratory birds.

Mr. ROBINSON. Mr. President, that is the same amendment as proposed by myself. It is the amendment introduced by me and ordered favorably reported by the Military Affairs Committee, and I ask that that amendment be agreed to. Will the Senator from Indiana accept it?

Mr. NEW. In so far as I can agree to it, I do so gladly.

The VICE PRESIDENT. The question is on agreeing to the amendment.

The amendment was agreed to.

Mr. SHIELDS. Mr. President, I do not understand the parliamentary situation of that bill. Has the bill been taken up?

The VICE PRESIDENT. It was taken up and temporarily laid aside.

Mr. SHIELDS. I object to the present consideration of the bill.

The VICE PRESIDENT. There is objection.

Mr. NEW. Mr. President, a parliamentary inquiry. Did I understand that objection was made to the consideration of the bill?

The VICE PRESIDENT. Objection was made by the Senator from Tennessee.

Mr. NEW. Then I feel that I must move that the Senate proceed to the consideration of Senate bill 1452.

Mr. SHIELDS. Mr. President, I desire to look into that bill. We have had so many of these regulations—regulating everything that a man does on his farm or anywhere else in the country in relation to game birds and those that are not game birds—that I think we have gone about far enough. The country is tired of legislation in favor of a few sportsmen. I think that matter ought to be seriously considered.

I suggest the absence of a quorum, in order that we may have a full expression of the sentiment of the Senate.

The VICE PRESIDENT. The Secretary will call the roll.

The roll was called, and the following Senators answered to their names:

Borah	Hale	McLean	Robinson
Brookhart	Harris	McNary	Sheppard
Broussard	Johnson	Myers	Shields
Calder	Jones, Wash.	Nelson	Smoot
Capper	Kellogg	New	Spencer
Caraway	Kendrick	Nicholson	Sterling
Curtis	Keyes	Norbeck	Townsend
Dial	Ladd	Norris	Trammell
Dillingham	La Follette	Overman	Underwood
Ernst	Lenroot	Page	Walsh, Mass.
Fletcher	Lodge	Pepper	Warren
George	McCumber	Phipps	
Glass	McKellar	Reed, Pa.	

The PRESIDING OFFICER (Mr. JONES of Washington in the chair). Fifty Senators have answered to their names. A quorum is present. The question is on agreeing to the motion of the Senator from Indiana to resume the consideration of Senate bill 1452, providing for establishing shooting grounds for the public, for establishing game refuges and breeding grounds, for protecting migratory birds, and requiring a Federal license to hunt them.

The motion was agreed to, and the Senate as in Committee of the Whole resumed the consideration of the bill.

Mr. NEW. Mr. President, I have here a number of amendments which I want to offer after consultation with various Senators who have been interested in this bill. All the amendments were printed on September 11 and laid upon the desks of Senators. I would like to offer them serially.

The PRESIDING OFFICER. The Senator from Indiana offers the amendments which he sends to the desk, and they will be stated in their order.

The READING CLERK. On page 1, line 5, after the word "person," insert the words "except as hereinafter provided."

The amendment was agreed to.

The READING CLERK. On page 2, line 6, at the end of section 2, strike out the period and insert a colon and the words:

Provided, That such license shall not be required to be procured by any person or by any member of his immediate family for the purpose of hunting, pursuing, shooting, capturing, or killing any such migratory bird on any farm land owned by such person and occupied by him as his place of permanent abode.

The amendment was agreed to.

The READING CLERK. On page 2, line 13, at the end of section 3, strike out the period and insert a colon and the following proviso:

Provided, That nothing in this act shall be construed to exempt any person from complying with the provisions of laws of the several States for hunting or shooting migratory birds.

The amendment was agreed to.

The READING CLERK. On page 7, line 10, strike out the words "fish, wild animal, or" and insert in lieu thereof the word "migratory."

The amendment was agreed to.

The READING CLERK. On page 7, line 22, strike out the words "fish, wild animal, or wild" and insert in lieu thereof the word "migratory."

The amendment was agreed to.

The READING CLERK. Add, after section 15, page 9, line 4, a new section, to be entitled "Sec. 15–A," to read as follows:

SEC. 15–A. The Secretary of Agriculture is hereby authorized and directed to call an annual conference for the consideration of matters relating to the conservation and increase of migratory birds, for which conference invitations shall be extended to the official game service of each State and to others interested, and at which the Department of Agriculture shall be represented.

The amendment was agreed to.

The READING CLERK. In section 11, page 6, line 19, strike out the period and insert a colon and the following proviso:

Provided further, That all areas acquired under this act shall be subject to the laws of the State in which such areas are located, if such laws are not inconsistent with the provisions of the migratory bird treaty act, this act, or regulations adopted pursuant to the provisions of this act, or provide additional protection for migratory birds, their nests or eggs.

The amendment was agreed to.

The READING CLERK. On page 8, line 7, before the word "purpose," insert the word "unlawful."

The amendment was agreed to.

The READING CLERK. On page 2, line 13, strike out the period and insert a comma and the following words: "which rules and regulations shall be made a part of such license."

The amendment was agreed to.

The READING CLERK. On page 8, line 1, after the word "reserved," insert the words "where so set apart or reserved."

The amendment was agreed to.

The READING CLERK. On page 9, line 1, after the word "any," insert the words "rule or."

The amendment was agreed to.

The READING CLERK. In section 16, page 9, in lines 5 and 6, strike out the words "on its passage and approval" and substitute therefor the words "when duly enacted."

The amendment was agreed to.

The READING CLERK. Amend section 16, page 9, line 7, by striking out the words and figures "16th day of August, 1922," and inserting in lieu thereof the words and figures "1st day of February, 1923."

The amendment was agreed to.

Mr. NEW. That completes the list of amendments I have to offer.

The PRESIDING OFFICER. The bill is before the Senate as in Committee of the Whole and still open to amendment.

Mr. CARAWAY. Mr. President, no one now knows what this bill provides. The Senator from Indiana called up the bill and then proceeded to offer a dozen or 15 amendments. None of them were explained, and not a Senator on the floor, not even the Senator from Indiana, could tell exactly what their effect would be. The bill is radically wrong. There is absolutely no defense for one provision in it.

Everyone who wants this particular bill passed will tell you that the licensing provision is the most important section in it. Yet the licensing provision has nothing to do with restricting the number of people who might, under this bill, become qualified to hunt. It does not give the commission any more power to regulate the conduct of the licensed hunter than the unlicensed hunter, but it is intended to promote a professional hunters' club, composed of men who will go to the trouble to get licenses; but any workingman, any farmer, who perhaps one day in the year wants to hunt and goes out to shoot game will discover that a Federal law requires him to go and get a Federal license before he may hunt. If there were some provision attached to the procuring of licenses, or some obligation resting upon the licensee which did not rest upon other people, there might be some people to urge that there should be a license fee.

I know, and everybody who stops to think knows, that a number of people finding a little time on their hands might hunt; but there is a very strong aversion upon the part of most people to taking out a Federal license to exercise a right they have felt was theirs by right of American citizenship. The result is that the intention is to exclude from the privilege of hunting a very large number of the American people and give an exclusive right to those people who pride themselves upon being hunters, who have their shooting clubs, and who will take out the licenses and go out and hunt. Under this bill they will be the only ones who will hunt. That is the purpose of the bill. The Senator from Indiana says that is the heart of the bill. It is the heart of it because it is expected to make game more plentiful for those people, and to exclude everybody else from hunting. A few people have written me about the bill.

I wish now to offer a motion to strike out, on page 2, line 1, the words "without first having procured the license herein provided," and if that amendment shall prevail, then amendments to sections 3, 4, and 5 will be offered in succession.

What I want to say about it is rather a reiteration. There is no excuse whatever for laying this additional burden upon the American people who sometimes exercise the American right of hunting, unless it is expected that it will limit the number of those who will hunt. In other words, unless it shall operate as the proponents of the measure hope it will—and I believe it will—to exclude a very large number of American citizens from exercising the right to hunt, it will have no application at all.

It is true that the license fee which is to be paid is to be used for leasing or buying certain hunting preserves and building within them cabins and things of that kind for the use of hunters; but that is only an afterthought. That will never be done. There is no expectation of its being done. The hope and the belief, which I think are well grounded, are that the majority of people are not going to take out Federal licenses, because the majority of people are thoroughly out of patience with Federal regulation. It has gotten so that you can not do anything without a Federal license. There is hardly a single act of citizenship which a man may now exercise except as a licensee. The American people are thoroughly tired of this everlasting thrusting of the Federal Government into every detail of their lives; and of all, this is the most idiotic exercise of Federal authority.

It is bad enough that the Secretary of Agriculture should say to the people living in my State, or any other State of this Union, "You shall hunt only within certain prescribed periods." I know, and most people who have had any experience with the regulations know, that the regulations in some States absolutely forbid any effective hunting. They make it possible to hunt migratory game in some States with some pleasure, but in most States, and my own State is one of them, they so prescribe the seasons that the open season is the period when the migratory birds are not there.

The closed seasons are those seasons when hunting could be indulged in. That was bad enough. It met the hearty condemnation of every American citizen everywhere except the professional reformers and the professional hunters, but this is intended to extend it just that much further to include a license fee. Not content with prescribing times and places where they might hunt, it is now proposed to say, "You have to go to your postmaster and take out a license, and then if you permit anybody else to pick up your license and go out with a gun, then you forfeit it and are subject to many other pains and penalties."

I sincerely hope, Mr. President, that there is enough of American spirit left in the Senate to defeat this sort of legislation. I realize there is less of it here than any place else on earth. Right here in the Senate there is less desire to protect the American people in their constitutional rights than anywhere else where an equal number of men are associated. It has gotten so that instead of trying to obey and uphold the Constitution and protect the rights of American citizens, the Senate devotes its entire energies to devising means whereby the Government may invade the rights of the people and make life less pleasant. This is another one of the things that has absolutely no excuse whatever for being thrust upon the people. I hope there is spirit enough left in the Senate to defeat the legislation.

Mr. NEW. Mr. President, if anyone had read the bill as it is amended and had listened to what has just been said by the Senator from Arkansas they must have realized that he totally misapprehends the purpose and the effect of the bill. It not only does not do what he seems to fear it does, but it is the one promise we have against the happening of just exactly what he seems to fear.

Mr. CURTIS. Mr. President——

Mr. NEW. Will the Senator from Kansas wait just a moment?

Mr. CURTIS. I merely wish to ask the Senator a qusetion.

Mr. NEW. I yield for a question.

Mr. CURTIS. In view of the fact that the bill is now the unfinished business and there is some objection on the other side of the Chamber that Senators have not had a chance to read the various amendments, and, as the Senator thinks the amendments do cover the point raised by the Senator from Arkansas, would it not be well to let us have an executive session and let the bill go over until to-morrow? It is the unfinished business and can be taken up to-morrow after morning business is closed.

Mr. NEW. That is just what I was going to suggest.

Mr. ROBINSON. I think that is a very good suggestion. I was just about to make it myself. We do not know what is in the bill.

Mr. NEW. That is the suggestion I was going to make of my own motion, so we are agreed on one point at any rate. If the bill goes over as the unfinished business the amendments can be printed and it then comes up, as I understand it, at the close of the morning hour to-morrow. With that understanding I am willing that it shall go over.

But I wish to add a word before I resume my seat. It is true that a Federal license is to be issued under the provisions of the bill. The cost of that license would be $1. It must be taken out by every man who wants to shoot migratory birds. The measure is meant to be supplemental to the migratory birds treaty which was entered into between the Government of the United States and the Canadian Government and which is now in force. Ever cent of the dollar that is to be paid for a license would go for the benefit of the poor man who has not the means of belonging to a club. We can not stop the shooting indulged in by the man who belongs to a club, but the man who belongs to a club can prevent anybody other than a member of the club from coming on that property. Not only that but they will do it, and if necessary will do it at the point of a gun. I have seen men shot for coming on private hunting grounds.

Mr. CARAWAY. Mr. President——

The PRESIDING OFFICER. Does the Senator from Indiana yield to the Senator from Arkansas?

Mr. NEW. Certainly.

Mr. CARAWAY. It surely is not the contention of the Senator from Indiana that I could take out a license under the terms of this measure and hunt on his land whether he was willing for me to do so or not?

Mr. NEW. Certainly not. The Senator could not go on private preserves——

Mr. CARAWAY. I could not do it under the terms of this bill.

Mr. NEW. Certainly not; but those are lands that have already been taken over by the clubs. There are still in the country certain marsh areas of not inconsiderable size that have not been taken over by the clubs, but every acre of which will be taken by them unless some measure of this kind is enacted into law to prevent it.

Mr. CARAWAY. May I ask the Senator another question?

Mr. NEW. Certainly.

Mr. CARAWAY. Is there anything in the bill to prevent a club from taking over such lands?

Mr. NEW. Only the provision that the Government is empowered to take up the land, and if the Government does so the club man can not.

Mr. CARAWAY. And the private individual could not do it without the provisions of this measure?

Mr. NEW. Certainly they could.

Mr. CARAWAY. A private individual could take up Government lands?

Mr. NEW. No; but the private individual could buy the land and establish clubs. The object of the bill is to permit the Government to take these lands that are still unoccupied and maintain them as public shooting grounds upon which the Senator can go as well as I.

Mr. CARAWAY. No; it would not be me.

Mr. NEW. Evidently not.

Mr. CARAWAY. It would be the Senator from Indiana. The license has nothing to do with that. The license undertakes to prevent a man from hunting anywhere, except the very generous offer a moment ago for the exclusive use of the owner and his family. That would not even permit a man to hunt on such lands.

Mr. NEW. Certainly any man holding a license could hunt on any of the grounds that may be taken over under the operation of the provisions of the bill.

Mr. CARAWAY. The measure does not give the Government any power it does not now have. The license is the only feature in the bill that is intended to exclude certain people from hunting.

Mr. NEW. No; it is not. It is the only feature of the bill which will establish the grounds upon which any man without the means to enjoy club membership may go hunting.

Mr. President, certainly further discussion of the points of difference between the Senator from Arkansas and myself is not going to expedite anything, so with the understanding that the bill goes over as the unfinished business and will be printed with the amendments I have nothing further to say at this time.

The PRESIDING OFFICER. Without objection, it is so ordered.

THE BUDGET.

The PRESIDING OFFICER (Mr. JONES of Washington) laid before the Senate the following message from the President of the United States, which was read, and, with the accompanying Budget statements, referred to the Committee on Appropriations:

To the Congress of the United States:

I transmit herewith the Budget of the United States for the fiscal year ending June 30, 1924, which is summarized in the following statement:

Budget summary.

[Exclusive of postal revenues and postal expenditures paid from postal revenues.]

	Estimated, 1924.	Estimated, 1923.	Actual, 1922.
Total receipts	$3,361,812,359	$3,429,862,959	$4,109,104,150.94
Total expenditures (including reduction of the public debt required by law to be made from ordinary receipts)	3,180,843,234	3,703,801,671	3,795,302,499.84
Excess of expenditures		273,938,712	
Excess of receipts	180,969,125		313,801,651.10

In the Budget for the fiscal year ending June 30, 1923, transmitted to Congress December 5, 1921, the estimated receipts for the fiscal year 1922 were $3,943,453,663, and the estimated expenditures $3,967,922,366, thus forecasting an apparent excess of expenditures over receipts of $24,468,703. At the close of business on June 30, 1922, it was found that the actual receipts for the fiscal year 1922 were $4,109,104,150.94 and the actual expenditures $3,795,302,499.84, making an excess of receipts over expenditures of $313,801,651.10. That we closed the fiscal year 1922 with a surplus of $313,801,651.10 instead of an estimated deficit of $24,468,703 was due in no small measure to the fact that at the beginning of the fiscal year 1922 a system of financial control was established in the executive branch of the Government under the Budget system. Immediately upon the commencement of the fiscal year 1922 Executive pressure for the closest economies was brought to bear upon the business organization of the Government. For the first time in the history of this country coordination was established in the routine business of the Government and the departments and establishments thus brought together in a common effort for economy.

While the estimate of receipts and expenditures for the fiscal year 1923 as made at the time of the presentation of the Budget in December, 1921, indicated that the receipts would be $3,338,182,750 and the expenditures $3,505,754,727, a revision of the prospective receipts and expenditures made on July 1, 1922, the commencement of the fiscal year, indicated that the receipts would be $3,073,825,311 and the expenditures $3,771,258,542. That revised estimate indicated an excess of expenditures over receipts of $697,433,231.

As a result, however, of the operations of the first five months of the current fiscal year, a revised estimate of receipts has now been made showing a total of $3,429,862,959. The considerable increase over the July estimate is due to the stimulation in the collection of ordinary receipts aided by an increase in the customs revenues. On the other hand, due to continued pressure for economies and a revision of the expenditure program based on five months of actual operation, it is now estimated that the expenditures for the fiscal year 1923 will be $3,703,801,671. These revised figures indicate an apparent prospective deficit of $273,938,712. I am hopeful, however, that the conditions on which this estimate is predicated will change for the better in the ensuing months of the fiscal year and that the close of the year will show a balanced account.

It is well to mention that of the total estimated expenditures of $3,703,801,671 for the fiscal year 1923, approximately $2,000,000,000 will be expended in the payment of pensions, payments to or on behalf of World War veterans, interest on the public debt, and for the reduction of the public debt required by law to be made from ordinary receipts.

This estimate of expenditures during the fiscal year 1923 includes the amount of the difference between the cash receipts from sales of war savings stamps, series of 1918, and their face value, which series becomes due January 1, 1923. This amount of approximately $125,000,000 represents discount accruals covering a period of five years, and while not an expenditure properly chargeable against the ordinary receipts of 1923 must be met this fiscal year, and therefore has been included in this year's estimated expenditures.

We now come to the Budget for the fiscal year ending June 30, 1924. It is estimated that the total ordinary receipts from all sources, excluding the Postal Service, will be $3,361,812,359. This is $747,291,791.94 less than the actual receipts for 1922 and $68,050,600 less than the estimated receipts for 1923. The items which make up this estimated total for 1924 are compared with similar items for the two preceding years, as follows:

Receipts.

Source.	1924	1923	1922
Internal-revenue receipts	$2,425,000,000	$2,400,000,000	$3,213,253,256.79
Customs receipts	425,000,000	450,000,000	356,443,387.18
Miscellaneous receipts:			
Interest, premium, and discount	232,863,263	237,800,455	57,460,287.03
Sale of Government properties	35,404,410	95,859,125	116,287,787.86
Public domain receipts	16,149,650	16,214,600	16,334,595.64
Franchise tax, Federal reserve banks	10,000,000	10,000,000	59,974,465.64
Profits on coinage, bullion deposits, etc	10,000,000	17,000,000	21,660,921.07
Fees, fines, and forfeitures	33,000,642	31,295,357	32,539,339.35
Repayments of foreign loans and other investments	59,175,000	58,643,000	120,658,726.93
District of Columbia receipts	15,506,500	16,363,415	15,235,016.44
Panama Canal receipts	14,224,000	13,924,000	11,747,092.47
Trust fund receipts	65,319,479	61,196,522	57,939,581.32
Other sources	20,169,715	21,566,485	29,569,693.22
Total miscellaneous receipts	511,812,359	579,862,959	539,407,506.97
Total receipts, all sources	3,361,812,359	3,429,862,959	4,109,104,150.94

The estimate of expenditures for the fiscal year 1924 is $3,180,843,234. This is the amount which it is estimated will be withdrawn from the Treasury during the fiscal year ending June 30, 1924. This estimate of cash withdrawal is to be distinguished from the estimate of appropriations contained in the Budget, since withdrawals during the fiscal year will be made from appropriations heretofore made as well as from appropriations recommended in this Budget. Furthermore, a portion of the money to be appropriated for the fiscal year 1924 will not be withdrawn from the Treasury until after the close of that fiscal year.

These expenditures may be divided into two general classes, those which partake of the nature of fixed charges and are not generally subject to administrative control, and those which are subject to administrative control.

Included within the first class are pensions, payments to or on behalf of World War veterans, interest on the public debt, and the reduction of the public debt required by law to be made from the ordinary receipts of the Government. These items, together with certain other, but smaller, items not generally subject to administrative control, represent about two-thirds of the estimated expenditures, leaving approximately $1,000,000,000 subject to administrative control.

The foregoing does not include expenditures for the Postal Service and the Post Office Department payable from postal revenues. Such expenditures for the fiscal year 1922 were $545,666,532.28, a deficiency of $64,346,234.52, payable from ordinary receipts, being included in the ordinary expenditures for 1922 hereinbefore mentioned. The estimated expenditures from postal revenues during 1923 are $559,996,841.69, an estimated deficiency of $31,502,570.76 being included in the estimated ordinary expenditures for 1923. The estimated expenditures from postal revenues for 1924 are $584,653,151.50, and it is estimated that through proper readjustments there will be a surplus of postal revenues over expenditures amounting to $952,439.56 for that year.

That we approach the commencement of the fiscal year 1924 with an estimated surplus for that year of $180,969,125 is certainly most encouraging. While I am hopeful that there will be no deficit in the current fiscal year, 1923, if such a deficit does occur this surplus for 1924 will give a margin to take care of it.

Successful management of the public debt in the transactions involving large refunding operations is essential to the public credit and closely related to successful Budget operations. The Treasury Department has been carrying out a program of orderly funding and gradual liquidation of the public debt. On June 30, 1922, the gross public debt was $22,963,381,708.31, as compared with $23,977,450 552.54 on June 30, 1921, showing a reduction of $1,014,068,844.23 during the fiscal year 1922. This reduction was accomplished through the following means: First, in the amount of $422,694,600, through the cumulative sinking fund and other public debt expenditures payable from certain specific receipts; second, in the amount of $277,572,593.13, through the reduction in the net balance in the general fund of the Treasury; and third, in the amount of $313,801,651.10, through the surplus of ordinary receipts over expenditures for the year.

On April 30, 1921, the short-term outstanding debt maturing before June 30, 1923, was more than $7,500,000,000, which through the reductions referred to and refunding operations was reduced to about $4,500,000,000 on June 30, 1922, and up to November 15, 1922, this amount had been further reduced to approximately $3,000,000,000. These refunding operations have involved the issue on October 16, 1922, of approximately $750,000,000 long-term bonds and the issue of Treasury notes aggregating $2,743,334,000 maturing as follows: $701,897,700 during 1924, $936,727,700 during 1925, and $1,104,708,600 during 1926. These refunding operations are carried on for the purpose of changing the maturity date of public debt obligations and thus to avoid the necessity for meeting obligations of many billions of dollars at one time. The resulting distribution of maturities does not indicate a reduction in the total of such obligations.

We now come to the estimates of appropriations for 1924, amounting to $3,078,940,331.69. This is $195,298,359.14 less than the appropriations already made for the current fiscal year, 1923. Early in July I called together in open meeting for the third time the executives constituting the business establishment of the Government and at that time further emphasized the need of more rigid economy in the expenditure of public funds. I stated that the estimated receipts for the fiscal year 1924 would not permit so liberal appropriations for that year as had been made for the current fiscal year, 1923. The preparation of the estimates of appropriations as they appear in the Budget was controlled by this policy. While it may be possible to make a small reduction in an item here and there, any material reduction will necessitate a change in the administrative policy upon which estimates of appropriations for the fiscal year 1924 are based. I am giving below a comparative statement of the estimates of appropriations for 1924 and appropriations for 1923.

Statement No. 8 of the Budget gives a functional classification of the estimates for the fiscal year 1924, which will be found interesting and informative, showing as it does the approximate amounts devoted to important Government activities and interests. This classification has four general divisions—general functions, military functions, civil functions, and a grouping of the nonfunctional appropriations.

It will be found that a total of $103,070,886 is carried for general functions, which include the legislative, judicial, executive, and the general administrative operations of the Government which can not be allocated to specific civil functions.

The sum of $1,256,715,939 is provided for military functions, which include military pensions, retirement pay, annuities and World War allowances, and national defense.

The amount recommended for national defense is divided into two classes: Army, $256,552,887; Navy, $289,880,993.

The amount recommended for the maintenance and operation of the Army will provide for a Regular Army of 12,000 officers and 125,000 enlisted men, exclusive of the Philippine Scouts, which is the force now authorized by Congress; will provide for the training of 15,000 reserve officers for a period of 15 days and for 150 for a period of three months, as against a total of only 5,000 for 15 days during the current fiscal year; will provide for the attendance of 38,000 men at civilian military training camps as against 27,000 during this current fiscal year; and will enable the Militia Bureau to increase the strength of the National Guard from 160,000 officers and men—the strength on June 30, 1922—to 215,000 officers and men. While no increase in the number of students enrolled at Reserve Officers' Training Corps units at schools and colleges—now totaling 96,000 students in 225 institutions—is provided, the funds recommended, however, will enable a larger number of these students to be given both basic and advanced courses of instruction.

The funds recommended will provide for all essentials connected with the upkeep of all military posts, camps, and stations, the Army transport service, the coast defenses of the United States, Panama and insular possessions, and other military activities, and, in addition, allow $3,166,767 for new construction at military posts and $750,000 toward the replacement of worn-out portions of the Alaska cable. For the Air Service the amount recommended is $12,871,500, which is $23,500 less than the 1923 appropriation, and will permit this service to operate efficiently in accordance with existing policy. For the United States Military Academy at West Point $2,066,428 is recommended, an increase of $6,799 over 1923.

The amount recommended for the Navy will provide for the present enlisted personnel of 86,000 men; will maintain all present ships in commission; will increase the steaming radius of capital ships from 13,080 miles to 16,200 miles, and other ships proportionately; will provide training for 2,000 officers and 7,000 men in the Naval Reserve; and will make provision for continuing all new ship construction in privately owned yards, except for reduction in speed of construction on three light cruisers; for suspending the construction of four auxiliaries in navy yards and reducing the speed of construction on two fleet submarines.

The amount provided in the Budget for military pensions and allowances includes $253,000,000 for pensions, $434,584,050 for World War allowances, and $20,389,289 for retirement pay.

The amount recommended for civil functions totals $953,599,096. Under this general function $14,587,167 is allowed for foreign relations and protection of American interests abroad; $18,553,686 for general law enforcement, which includes activities having to do with the enforcement of general laws and the administration and enforcement of special acts like the national prohibition act, the narcotic act, and the investigation and prosecution of war-contract frauds; $7,199,000 for the control of currency and banking; $12,584,305 for the administration of Indian affairs; $17,582,018 for the administration of public domain, which includes those activities of the Government having to do with the care and utilization of public lands and the care and utilization of national forests; $11,391,909 for the promotion and regulation of commerce and industry, which includes the activities of the Tariff Commission, the Federal Trade Commission, the Patent Office, and those activities of the Departments of Agriculture and Commerce having to do with the promotion and regulation of commerce and industry; $79,491,995 for the promotion, regulation, and operation of marine transportation, which includes $50,411,500 for the Shipping Board and Emergency Fleet Corporation; $4,514,900 for the promotion and regulation of land transportation; $590,171,942 for the Postal Service and land telegraph and telegraphic communication, which includes $590,166,192 for the Postal Service; $24,876,799 for the promotion and regulation of agriculture; $1,244,090 for the promotion and regulation of fisheries; $4,718,030 for the promotion of labor interests; $3,871,210 for immigration and naturalization; $15,877,339 for promotion of public health; $10,151,060 for promotion of public education; $10,619,456 for science and research; $29,563,110 for local government, including the District of Columbia; and $228,050 for civil relief.

For public works, under civil functions, $96,197,030 is carried, which includes $41,764,550 for rivers and harbors proper and items of similar character; $31,480,000 for roads; $6,889,105 for Panama Canal; $4,750,000 for Reclamation Service; $2,200,000 for railroads in Alaska; $5,728,950 for hospital construction and facilities for war patients, and $3,384,425 for other public improvements and Government plant additions.

Under nonfunctional appropriations is carried a total of $1,355,720,602, which includes $36,187,059 for refunds, losses, contingencies, and miscellaneous; $345,097,000 for public-debt retirements payable from ordinary receipts; $950,000,000 for interest on the public debt, and $24,436,543 for disbursement of trust funds.

It seems appropriate here to consider the course of the retrenchment policy of the Government since the fiscal year ending June 30, 1919, the year in which the armistice was signed. Exclusive of expenditures made in the reduction of the public debt, the total expenditures for the fiscal year ending June 30, 1920, were $6,403,343,841.21. The expenditures for the fiscal year ending June 30, 1921, including $422,281,500 on account of reduction of the public debt payable from ordinary receipts, under the new cumulative sinking fund, were $5,538,209,189.30. This was further reduced for the fiscal year ending June 30, 1922, to $3,795,302,499.84. As I have previously stated, the estimated expenditures for 1923 are $3,703,801,671, while the Budget for 1924 estimates the expenditures at $3,180,843,234 for that year. These figures show a most satisfactory reduction in the expenditure of public moneys since 1919.

Can there be a reasonable expectation for further considerable reduction in governmental expenditures in the near future? This question is no doubt upon the lips of many. The burden of taxation caused by the World War has borne heavily upon us all, and it has been the earnest desire of the Government to reduce this burden to the minimum consistent with a proper functioning of the Federal services. We have seen, however, that approximately two-thirds of the taxes collected go to pay certain fixed charges, over the expenditure of which there can be exercised little or no administrative control. The interest on the public debt, the chief of the fixed charges, must be paid. This will be $950,000,000 for the fiscal year 1924, constituting nearly one-third of the total expenditures of the Government. Among these are also certain permanent and indefinite appropriations for various purposes and certain large annual appropriations sanctioned by law and by public opinion.

After deducting these items there is left, as has been shown, approximately only $1,000,000,000, out of which these normal operating expenses of the Government must be paid. It is against this group of expenditures that the retrenchment policy of the Government has been directed. Never before in our financial history has there been such close scrutiny on the part of both the Executive and the Congress of every item which contemplates expenditures for the support of the Government. Not only have the departments themselves set up agencies of control both in the preparation of their estimates and over their expenditures but the pressure of the Executive has been directed toward effecting economies in these ordinary governmental operations.

A reduction in expenditures would undoubtedly result from a reorganization of the departments and establishments upon a more scientific basis, but we can not look to this alone to effect

such a material reduction in cost of Government operation as would justify the expression of hope for a considerable lessening of expenditures in the years to come.

There is, however, another field of Government operation—a rapidly broadening field of Government expenditure—which may be discussed with profit to us all. I refer to expenditures which are being made from appropriations for Federal aid in lines of research, improvement, and development which, while having no direct connection with the operations of the business of government, have grown to become a recognized part of its activities. It is not easy, therefore, to divorce from our minds the fact that considerable of the moneys appropriated for the Government are spent for those things which do not pertain to the normal functions or operations of the business of government. There is question as to how far the Government should participate in these extraneous activities, and I am frank to say that an answer to the question as to whether we can look forward to any further material reduction in the expenditures of the Government in future years depends largely upon whether or not there will be a curtailment or expansion of these activities, which have already added greatly to the annual drafts upon the Treasury of the United States. These extraneous activities have flowed from the laws enacted pursuant to popular demand, and I take this occasion to refer to them for the purpose of showing that the taxation which necessarily results in providing funds to meet them is a necessary incident to the fulfillment of the popular demand.

In the efforts which have been directed to reducing public expenditures I have been much concerned in apparent increasing State, county, and municipal indebtedness, and I am fearful lest this condition may be in part attributable to the expenditures made by the Government pursuant to its Federal aid laws, as many of these laws require State contributions as a prerequisite to the extension of the Federal aid. Certainly an expression by the Government that it is willing to bear a proportionate part of the cost of certain aid work is an incentive to the States to contribute their share, and it is only natural that this should lead to the increasing State, county, and municipal indebtedness.

In adapting its procedure to the needs of the new Budget system, I fully realize the far-reaching changes which Congress made in its organization. While the Budget bill was pending the House, in anticipation of its final enactment, changed its rules in order to centralize authority and responsibility over appropriation measures; and, further, when the President last year transmitted the Budget, prepared according to the form and contents of the old Book of Estimates, and an alternative budget, prepared according to a logical grouping of governmental services, the House forthwith adopted the alternative budget and changed the form of the appropriation bills to conform to the chapters of such alternative budget. This was a change of far-reaching importance. Following the action of the House, the Senate reorganized its committee system for the consideration of appropriation bills, centralizing authority and responsibility in its Committee on Appropriations.

The President has received from Congress during this formative period of the Budget system the most hearty cooperation at all times. Many conferences with the Appropriations Committees of the House and Senate were necessary in order to establish the form of the Budget. We were working in virgin soil, establishing new methods of financial procedure. I am glad to say that no important step has been taken by the Executive, even though the matter involved might be of purely executive concern, without first discussing the matter with your Appropriations Committees, and I desire to express my appreciation of the helpful spirit always evidenced by them whenever we had occasion to come together for the mutual consideration of questions of budgetary principle or procedure. I may say without fear of exaggeration that we have been during the past two years colaborers in the greatest reform in our financial history.

HOUSE OF REPRESENTATIVES.

TUESDAY, *December 5, 1922.*

The House met at 12 o'clock noon, and was called to order by the Speaker.

The Chaplain, Rev. James Shera Montgomery, D. D., offered the following prayer:

O Thou, whose all-searching eye is upon us, we are grateful that Thy blessings are so freely bestowed. There is no price set upon the promise of to-day or the hope of to-morrow. The supply of the Father's care is boundless for us and for all mankind. In all our ways may there be unity, harmony, and conformity to Thy holy will. Upon us to-day do Thou bestow Thy blessing, which is the essence of the highest and the finest in the universe, namely, the presence of Thy Spirit. In our national life may evil elements be subdued and the good elements made more perfect for citizenship. Bless all citizens with robust intelligence and with a healthy patriotic spirit, so shall they be led to reaffirm and reassert righteous law, authority, and the Constitution of the Republic. Amen.

The Journal of the proceedings of yesterday was read and approved.

ORDER OF BUSINESS.

Mr. MONDELL. Mr. Speaker, I ask unanimous consent to address the House for two minutes.

The SPEAKER. The gentleman from Wyoming asks unanimous consent to address the House for, say, five minutes. Is there objection?

There was no objection.

Mr. MONDELL. Mr. Speaker, we had expected to be able to take up the first of the appropriation bills this morning, but circumstances over which we have no control makes that impossible; and in that event we had thought of taking up a contested-election case from the seventh Virginia district, but it is impossible in the time allowed to give due and proper notice of that matter to the parties interested, so that that measure will not be taken up to-day. In this situation it was suggested that we take up under a rule granted some time ago the consideration of the bill (H. R. 5823) known as the migratory bird bill, but those interested in that legislation have concluded that it was perhaps not wise to bring it up this morning.

That leaves us, Mr. Speaker, without any business which I think we could properly bring up to-day, and under those circumstances I think it will be necessary for the House to adjourn.

Mr. ANTHONY. Mr. Speaker, will the gentleman yield?

Mr. MONDELL. Yes; I yield.

Mr. ANTHONY. The gentleman from Wyoming might state what the circumstances are that would prevent the consideration of a conservative measure like the game refuge bill.

Mr. MONDELL. So far as I am concerned, I have no objection to having that bill considered to-day. I am trying to meet the views of those who I understood were interested in the measure. I am perfectly willing to take the bill up. I think this is just as good a time to have it laid on the table, or the enacting clause stricken out, as any other.

Mr. ANTHONY. I will say to the gentleman that I think quite a lot of the Members of the House would be willing to go to the mat with the gentleman on that proposition and see whether you will be able to do that. We are willing to try it. I do not believe the gentleman has the power to do it, even if he is the leader of the House.

Mr. MONDELL. Well, so far as the gentleman from Wyoming is concerned, he is perfectly willing to have that brought up to-day.

Mr. Speaker, I move that the House do now adjourn.

The SPEAKER. The gentleman from Wyoming moves that the House do now adjourn.

Mr. WINGO. Mr. Speaker, I will ask the gentleman from Wyoming if he would mind telling us why he does that?

Mr. DOWELL. Mr. Speaker, I call for the regular order.

The SPEAKER. The regular order is the motion to adjourn.

Mr. LINTHICUM. Mr. Speaker, will the gentleman withhold that?

Mr. MONDELL. Yes; Mr. Speaker, I will withdraw that motion.

Mr. LINTHICUM. Mr. Speaker, I desire to ask unanimous consent to have an extension until Monday next of the time in which I may file my speech on the merchant marine bill.

The SPEAKER. The gentleman from Maryland asks unanimous consent to extend until Monday next the time allowed him for the extension of his remarks on the merchant marine bill. Is there objection?

There was no objection.

Mr. RAINEY of Alabama. Mr. Speaker, I ask unanimous consent to extend in the RECORD my remarks on the merchant marine bill.

The SPEAKER. The gentleman from Alabama asks unanimous consent to extend in the RECORD his remarks on the merchant marine bill. Is there objection?

There was no objection.

Mr. RAINEY of Alabama. Mr. Speaker, the present bill, commonly known as the administration's ship subsidy bill, and denominated in the act as the "merchant marine act, 1922," certainly carries out the policy of the Republican Party in the development, maintenance, and fostering of monopolies. In this act the steamship companies are preferred in every provision of the bill. They are preferred, and so expressed in the bill, as to sale of vessels, exemption as to both income and property tax as vessel owners, compensation to shipowners, and loans. Heretofore the majority party in Congress favored the special interests by opening the doors of the Treasury to the railroads under the Esch-Cummins railroad bill. The steamship companies, under the present act, receive a bonus from the Government more liberal, in many respects, if possible, than that heretofore awarded the railroads under the Esch-Cummins bill. In order, however, that they may both enjoy together the fruits of the bonus and compensation system, heretofore applied in name only to ex-service men, the present bill creates a joint board, an interrelations board under the joint control of the Shipping Board and the Railroad Commission. The Shipping Board and the Railroad Commission exercise unlimited authority in the control and operation of the great arteries of trade, by both water and land, in the United States and upon the high seas. They fix the rates, regulate the control, and govern with arbitrary power all the facilities of commerce. Let us now proceed with an analysis and consideration of the provisions of the present bill.

The first power conferred on the board under the act authorizes and directs an immediate disposition of all vessels belonging to the United States Government, composing that remnant of the American-owned merchant marine, and the immediate transfer of such vessels to the steamship companies.

Under section 1 the board is authorized and directed to sell, as soon as practicable, all the vessels referred to in section 4 of this act or otherwise acquired by the board, viz:

Any vessel either constructed or in the process of construction belonging to the United States.

The significance of this law is the departure of the last vessel of the American-owned merchant marine from the ports of the American people to the ports of the steamship companies. Any vessel may be sold without advertisement, without com-

petitive sale, privately and to any "person," which under the bill signifies a corporation or association, and at any price agreeable to the board—

Sub. (b) SECTION 1. Any sale under this section shall be made at such prices and on such terms and conditions, including the use or disposition of the vessel by the purchaser, as the board may prescribe.

Such, in brief, is a part of the arbitrary power conferred on the Shipping Board. The only proviso in this instance governing the sale of such vessels and which, indeed, is very violent I must confess, is that the purchaser has only 15 years in which to pay the purchase price, together with 4 per cent per annum which likewise shall be deferred for a period of 15 years.

You will discern also a marked discrimination in the disposition of such vessels. The bill specifically provides that the board shall not for a period of two years after the enactment of the merchant marine act, 1922, sell such vessels to persons other than those who have the support, financial and otherwise, of the domestic communities primarily interested in such lines. What lines are referred to and who are the "persons" named in the bill?

The "persons" are the steamship companies and the lines are steamship lines owned and controlled by steamship companies.

The domestic communities primarily interested in such lines are defined in section 2 of the bill, as follows:

Shall be understood to mean the geographical divisions of the coasts of the United States known as the North Atlantic, South Atlantic, Gulf, and Pacific, and the territorial regions and zones naturally tributary to such coastal divisions.

The board is directed in the development of its sales policy to continue as far as practicable all existing steamship lines and regular services and to endeavor in every way to bring about the permanent establishment of such routes and lines, to maintain the services, and to retain such lines and routes.

LOAN FUND.

Under the bill there is established in the Treasury a revolving fund to be known as the "United States Shipping Board construction fund." There shall be covered into the loan fund all moneys which at the time of the enactment of the merchant marine act, 1922, are in the fund created by this section—section 5 amends section 11, act 1920, to so read—as in force before its amendment by such act; and the board may set aside and cover into the fund all receipts of the board, except appropriations made by law and profits of the board from the operations of the vessels; the total amount of money covered into the loan shall not exceed $125,000,000. The board may use the loan fund to such extent as it deems necessary for making loans to aid "persons" (1) in the construction by them of vessels of the best and most efficient type, equipped with the most efficient and the most economical machinery and commercial appliances, or (2) in the equipping by them of vessels already built with such machinery and commercial appliances. No loan shall be made for a longer period of time than 15 years. The interest on said loans shall not be less than 2 per cent per annum.

INCOME TAX AND PROPERTY TAX EXEMPTIONS TO OWNERS OF VESSELS.

The owner of a vessel of 1,500 gross tons or more registered, or enrolled and licensed, under the laws of the United States shall, for the taxable year 1921 and for each of the eight taxable years following, be allowed as a reduction in computing net income, in addition to other deductions allowed by law, an amount which bears the same ratio to his net income during the taxable year attributable to the operations of such vessel as his gross income attributable to the foreign operations of such vessel bears to his entire gross income attributable to the operations of such vessel. Tax deductions shall be allowed the owner as follows:

(1) The amount invested by the taxpayer, after the beginning of the taxable year for which the deduction is claimed and prior to the time fixed by law for filing the return, in the building in private shipyards in the United States of new vessels of a kind approved by the board, to be registered, or enrolled and licensed, under the laws of the United States; and (2) the amount set aside by the taxpayer after the beginning of the taxable year for which the deduction is claimed and prior to the time fixed by law for filing the return, in a trust fund for investment in the building in private shipyards in the United States of new vessels of the type and kind approved by the board, to be registered, or enrolled and licensed, under the laws of the United States. If the owner of the vessel uses it in whole or in part for the transportation of his own property his gross income attributable to the operations of the vessel in transporting such property shall be considered to be such amount as is determined by the board and certified by it to the commissioner as representing the fair value of the service performed by the vessel in transporting such property.

In the case of the sale during the taxable year 1921 or any of the eight taxable years following of a vessel launched prior to January 1, 1914, which was at the time of the enactment of the merchant marine act, 1922, registered, enrolled, or licensed under the laws of the United States, and which was at no time thereafter up to the time of the sale under a foreign registry or flag, the taxable gain derived from the sale shall be allowed as a deduction in computing the net income to the owner. All credits on income tax allowed the owner of vessels under this act may be originally claimed by him in his return by simply attaching thereto a copy of the certificate of the Shipping Board.

GOVERNMENT COMPENSATION TO OWNERS OF VESSELS AS INCOME.

The board is authorized and directed, on behalf of the United States, to enter into a contract with any "person" who is the owner of a vessel for the payment of compensation in respect to such vessel. The board shall not refuse to enter into a contract for compensation to such person on the ground that he is not qualified unless such refusal is specifically authorized by an affirmative vote of not less than five members of the board. Such contract shall be made for a period not exceeding 10 years, and the payment of compensation shall be made at regular intervals, at least every six months. Whenever the board deems it necessary to do so the rate of compensation may be increased, provided the increase be not more than double the amount being paid. The rules and regulations governing the amount of compensation are set forth in section 404 of the bill.

IMMIGRATION.

Section 301 provides that at least one-half of the total number of immigrants to the United States shall be transported by such vessels and steamship lines as designated in the bill. And to guarantee same the Commissioner General of Immigration is directed to promulgate such rules and regulations as will carry into effect such provision. There is no greater menace to-day to American institutions, to American ideals, than the open-door policy in respect to foreign immigration. The indiscriminate importation of foreign immigrants into the United States would overrun our country with undesirables, criminal aliens, anarchists, communists, and reds—the sure breeders of discontent, lawlessness, and riot. It has ever been the policy of steamship companies to engage in the traffic of transporting immigrants to the United States. It has ever been the pronounced policy of the big manufacturing interests of this country to encourage, to foster, and to promote such immigration, their purpose being to obtain cheap labor and to break down the honest wage of the American laboring man. The present immigration laws are far too lax and the enforcement thereof is not as strict and effective as it should be.

Under the present bill you rather encourage the importation of aliens and hold out to the favored steamship lines a guaranty that they shall engage in the traffic with profit to themselves, and you back up your guaranty with such rules and regulations as to compel at least 50 per cent of the immigrants to take passage on such vessels. Special cable of recent date, published in the press, carries announcement that Europe desires and expects the United States to so amend, revise, and alter its present immigration laws as to admit 1,100,000 refugees into the United States. In accordance with the plan of Dr. Fridtjof Nansen, a tremendous mass of the civil population in Constantinople, Anatolia, and western Thrace will forcibly be ejected. The majority of this vast horde are Greeks, destitute and homeless. We are told that Greece does not want them, and assigns as a reason therefor the lack of territorial domain. Other European nations assume the same attitude. The final decision of European nations as to the final disposition of this vast number of undesirables is that they shall be dumped into the United States. M. Venizelos hastened to inform the European national conference that the United States will be expected to provide the necessary funds, equip and charter ships, furnish food and clothing, and upon reaching their destination house and support them until they become self-sustaining. We are informed also that Great Britain is willing to charter vessels to the United States for the purpose of transporting these unfortunates, and that an immediate appeal will be made by those European nations mostly affected by and in closest contact with such immigrants to the United States, and that we shall be expected to respond with alacrity. The first cost to the United States of this project, according to the highest-salaried experts, says Doctor Nansen, "will be only $50,000,000."

Under the bill now being considered by Congress, should the plan of Doctor Nansen, M. Venizelos, and others be carried out one-half of these immigrants, or 550,000, must be carried on such vessels as are named in the bill, for which the owners would receive as their share of the initial cost for passenger

service $25,000,000, and this in addition to the regular compensation for shipowners provided in the bill. As a member of the House Immigration Committee I am somewhat familiar with immigration problems. For the fiscal year ending June 30, 1922, there were admitted to the United States 309,556 immigrants. Of these the largest number from particular races are, viz: Jews, 53,524; Italians, 41,154. Of the total number of immigrants for the period named there would have been required under the proposed bill to travel on such vessels 154,778, or 12,898 per month. It will be seen, therefore, that it will be greatly to the interest of the steamship companies to encourage immigration. These companies, together with the manufacturing interests, constitute the two most powerful factors in the United States whose efforts have been devoted to breaking down restrictive immigration laws. Indeed, we are informed by Winthrop L. Martin, vice president American Steamship Owners' Association, in a recent article, that the "most important of all is the section giving to American ships one-half of the immigrant traffic to this country." The proposed bill may be correctly summarized as follows:

1. Immediate sale of the present Government-owned merchant marine to steamship companies, hereafter to be called "American merchant marine."

2. Credit terms of sale of the merchant marine to steamship companies, term 15 years, interest 4 per cent, deferred 15 years.

3. Loans by the United States Government of $125,000,000 to the shipowners at 2 per cent interest; term of loan, 15 years.

4. Income-tax exemptions to owners of vessels.

5. Compensation to be paid by the Government to the owners of such vessels.

6. Compel 50 per cent of all immigrants to travel on such vessels.

7. Certain tax exemptions on such vessels.

8. Increase of compensation to the owners of such vessels.

Under the bill the Standard Oil Co., the United States Steel, the United Fruit Co., and other great shipping corporations would not only be provided with free ships for transportation of their products but they would be paid compensation for such transportation.

It would be unjust and discriminatory—

Says the mouthpiece of the American Steamship Owners' Association, Mr. Winthrop L. Martin—

to deny the compensation provided for freighters to the ships owned by the Standard Oil Co., the United States Steel, and other industrial corporations. However, ships of these great fleets will receive compensation.

It appears from the bill and the facts that the President of the United States, the Republican majority of the House committee, the Republican majority of the Senate committee, the Standard Oil Co., the United States Steel, the American Steamship Owners' Association, and the Shipping Board have all fallen upon the same plan to float the American flag upon the high seas over the vessels of the steamship companies, and all in the name of "American merchant marine." Not only have they fallen upon the same plan but they appear to be working together in perfect accord, harmony, and brotherly love. I have incorporated into my remarks, Mr. Speaker, almost the identical language of many sections of the bill. The passage of this measure defeats, for the present at least, every hope and every dream of an efficient, American-owned merchant marine, and removes from the hands of the Government such a fleet and places it into the hands of steamship companies.

Mr. WINGO. Mr. Speaker, I would like to ask the gentleman from Wyoming a question. Is it the program to take up an appropriation bill on Thursday, and what appropriation bill, can the gentleman tell us, will it be?

Mr. MONDELL. We hope to take up the Treasury appropriation bill.

Mr. WINGO. That will be the first?

Mr. MONDELL. Yes; that will be the first. To-morrow will be Calendar Wednesday, and the call rests with the Committee on Interstate and Foreign Commerce. I understand they intend to bring up first their Coast Guard bill.

Mr. WINGO. Can the gentleman tell us what will be the second appropriation bill?

Mr. MONDELL. The bill for the Departments of State and Justice will probably be the next one.

In that connection, Mr. Speaker, may I suggest that when we start with the appropriation bills I think they should have the right of way exclusively until they are disposed of, so long as there is an appropriation bill before the House.

Mr. ANTHONY. Mr. Speaker, will the gentleman yield?

Mr. MONDELL. Yes.

Mr. ANTHONY. Will the gentleman state for the information of the House whether he has any intention of striking the enacting clause out of the Coast Guard bill or not?

Mr. MONDELL. Any Member of the House would have the right to do that if he were recognized for that purpose.

Mr. ANTHONY. I just wanted to see what was the policy of the leadership.

Mr. SNELL. Mr. Speaker, I ask unanimous consent to address the House for one minute.

The SPEAKER. The gentleman from New York asks unanimous consent to address the House for one minute. Is there objection?

There was no objection.

Mr. SNELL. I think perhaps I ought to make a statement in regard to this migratory bird bill, since I had something to do with it. I had made arrangements to bring in a rule this morning, but I got into communication with the gentleman from Kansas [Mr. ANTHONY], in the course of which he told me that it was not convenient for him to take it up to-day. I have communicated with others interested in the bill, but I was unable to confer with gentlemen who might be opposed to it, so I thought it was not right to present the resolution at the present time inasmuch as I was unable to get into communication with gentlemen who are opposed to it.

Mr. KINCHELOE. Mr. Speaker, will the gentleman yield?

Mr. SNELL. Yes.

Mr. KINCHELOE. Will the gentleman from New York indicate when we shall have an opportunity to go to the mat on that bill with those who are opposed to it?

Mr. SNELL. I do not feel any responsibility in regard to it, and I am willing to take it up at the first opportunity.

Mr. WINGO. Will the gentleman yield for a question?

Mr. TINCHER. Does the gentleman mind disclosing who it is that opposes the bill?

Mr. SNELL. There are several people opposed to the bill. There is no question about that.

SETTLEMENT OF EUROPEAN DEBTS TO THE UNITED STATES—LEAVE TO EXTEND REMARKS.

Mr. STEVENSON. Mr. Speaker, I ask unanimous consent to extend my remarks in the RECORD by publishing a very brief statement by Mr. G. W. Duvall, of Cheraw, S. C., one of the leading financiers of that State, on the question of the collection of the foreign debt.

The SPEAKER. The gentleman asks unanimous consent to extend his remarks in the RECORD for the purpose indicated. Is there objection?

There was no objection.

The matter referred to is as follows:

A PLAN LOOKING TO THE SETTLEMENT OF EUROPEAN DEBTS TO THE UNITED STATES OF AMERICA.

(Proposed by G. W. Duvall, of Cheraw, S. C.)

At present the general opinion seems to be that no stable conditions will obtain in Europe until these debts and reparations are arranged in some permanent form, and as it is generally accepted that the individuals and companies in these countries are in much better financial condition than the Governments, the following plan looking to this settlement is presented:

As to the debts due by the various nations to the United States of America.

Each nation to issue bonds payable to the United States for the amount of its indebtedness. These bonds to bear interest at 4¼ per cent per annum and to be amortized at 1¼ per cent additional, making 5½ per cent per annum, so that in 35 years 7 months and 6 days they will be paid in full. There being an agreement that only a small proportion, say 10 per cent, of this 5½ per cent be withdrawn each year, the balance being used to make up the capital stock of a trust company to be called "The Trust Company of the United States of America." This trust company to then lend to the individuals, companies, and corporations in each country the balance of the interest each year during the life of the bonds, withdrawing each year the interest on money so loaned in addition to the 10 per cent above mentioned.

To show in a few words how this would work out, suppose we take the debt due by Great Britain to the United States for example. They owe us approximately $4,750,000,000. The interest on this is $261,250,000 per annum, at 5½ per cent. They would pay us the first year 10 per cent of this, or $26,125,000, leaving $235,125,000 to be loaned in Great Britain. Figuring that the trust company loaned this $235,125,000 at 4¼ per cent, we would collect the end of the second year $36,705,625; that is to say, $26,125,000 from the Government and $10,580,625 from the individuals and companies, each year increasing $10,580,625 until the end of 35 years 7 months and 6 days, in which year we would collect $381,764,525. At the end of this period these bonds would have been paid in full by the Kingdom of Great Britain, and the trust company would have invested in Great Britain the sum of $8,370,450,000. This amount could then be gradually liquidated, thereby clearing the indebtedness of Great Britain to the United States of America. The debts of each of the other foreign governments could be handled in like manner.

This would give a definite financial program, and in addition to stabilizing the currency of the various governments would vastly increase the trade of the United States of America.

So much for these debts. Now as to reparations.

The indemnity to be paid by Germany should be fixed at a figure of, say, $20,000,000,000. Bonds to be issued to the various nations in proportion to their valid claims. The interest on these bonds to be invested in Germany in the same manner as indicated above, and the

distribution of interest to each country to be in the proportion its share bears to the whole.

Should all of the above be carried through, Europe would have in process of definite settlement practically all matters that now cause so much uneasiness and could settle down to a definite and forward-looking program.

Mr. GARRETT of Tennessee. Mr. Speaker, I make the point of order that there is no quorum present.

AMENDMENT TO WAR RISK INSURANCE ACT.

Mr. FISH. Mr. Speaker, I ask the gentleman from Tennessee to withhold his point for a moment. I desire to call up a bill from the Speaker's desk. I do not think there is any objection to it. I ask to do this in view of the statement of the gentleman from Wyoming [Mr. MONDELL] that he wishes to call up appropriation bills hereafter.

The SPEAKER. Does the gentleman from Tennessee withhold his point of no quorum?

Mr. GARRETT of Tennessee. I will ask the gentleman from New York [Mr. FISH] if the bill he refers to is the one that he had up the other day?

Mr. FISH. Yes. It is all straightened out now.

Mr. GARRETT of Tennessee. I will withhold the point.

Mr. FISH. Mr. Speaker, I desire to take from the Speaker's table House bill 8062, and to concur in the Senate amendments.

The SPEAKER. The gentleman from New York calls up a bill, which the Clerk will report by title, and moves to concur in the Senate amendments.

The Clerk read the title of the bill H. R. 8062, amending subdivision (5) of section 302 of the war risk insurance act.

The SPEAKER. The Clerk will report the Senate amendments.

The Senate amendments were read, as follows:

Page 1, line 7, strike out "$50" and insert "$20."

Page 1, line 8, after "reasonable," insert "and if the disabled person is blind, legless, or armless and is in constant need of a nurse or attendant, such additional sum shall be paid, but not exceeding $50 per month, as the director may deem reasonable."

Mr. SWEET. Will the gentleman yield?

Mr. FISH. I yield to the gentleman from Iowa.

Mr. SWEET. Just for a question. That now applies only to those who are blind, does it?

Mr. FISH. No; it applies to the blind, legless, or armless, and not to the otherwise totally disabled.

Mr. DOWELL. Not otherwise totally disabled?

Mr. FISH. It applies to those three classes.

Mr. SWEET. It is broad enough, is it not, to include all those who are permanently totally disabled?

Mr. FISH. No; that was stricken out by amendment in the Senate.

Mr. WINSLOW. Mr. Speaker, I desire to make a parliamentary inquiry.

Mr. PARKS of Arkansas. Mr. Speaker, we can not hear what is going on.

The SPEAKER. The gentleman from Massachusetts is making a parliamentary inquiry.

Mr. PARKS of Arkansas. We should like to hear it.

The SPEAKER. Will the gentleman propound his parliamentary inquiry?

Mr. WINSLOW. I should like to ask the Speaker if it is according to custom to have bills of this kind referred to the committee from which they came originally, before being considered again on the floor of the House?

The SPEAKER. No; this can be called up as a matter of right. It is a House bill with Senate amendments, called up from the Speaker's table.

Mr. BLANTON. Will the gentleman from New York yield for a question?

Mr. FISH. I yield to the gentleman from Texas.

Mr. BLANTON. Under this bill as it is amended, where a soldier is either blind, legless, or armless, he is still allowed $50 a month for a nurse, is he?

Mr. FISH. He gets $50. He received only $20 before. He now receives $50 for a nurse or attendant.

Mr. BLANTON. He now receives $50 in spite of the fact that the amendment strikes out $50 and inserts $20?

Mr. FISH. If the gentleman will read the bill carefully he will see that the first amendment does not apply to that. The wording is so involved that it might give that impression to the gentleman, but if he will read it carefully he will see that it still allows a man who is blind, legless, or armless $50 a month for a nurse.

Mr. DOWELL. Why shoud not a disabled soldier who is not blind but who is totally helpless be entitled to the $50 per month also?

Mr. FISH. I quite agree with the gentleman, and that was the provision in the original bill, but it was amended in the Senate so as to strike out those classifications to which the gentleman refers.

Mr. DOWELL. Does not the gentleman believe that if this bill is sent to conference there is the possibility of securing that $50 for the otherwise helpless soldier?

Mr. FISH. No; I have reason to think you could not get it.

Mr. DOWELL. In other words, it is the gentleman's belief that unless this amendment is accepted the bill will be defeated entirely?

Mr. FISH. It is. I agree with the purpose of the gentleman and will be glad to cooperate with him to secure these amendments in other bills, but it can not be done in this bill.

Mr. DOWELL. It occurs to me that helpless soldiers ought to be entitled to enough to take care of them.

Mr. FISH. There is a big distinction. A man who is helpless in bed does not need an attendant, because he is in the hospital. A man who is blind or legless does need an attendant, whether he lives at home or in a hospital. There is that distinction. Of course, I would have preferred the original bill; but, rather than delay any longer furnishing necessary relief to the blinded, legless, and armless veterans, I hope this bill will prevail.

The SPEAKER. The question is on concurring in the Senate amendments.

The question being taken, the Senate amendments were concurred in.

ADJOURNMENT.

Mr. MONDELL. Mr. Speaker, I renew my motion that the House do now adjourn.

The motion was agreed to; accordingly (at 12 o'clock and 22 minutes p. m.) the House adjourned until Wednesday, December 6, 1922, at 12 o'clock noon.

EXTENSION OF REMARKS.

Mr. JOHNSON of South Dakota. Mr. Speaker, in accordance with permission granted by unanimous consent of the House to extend my remarks in the RECORD and print the so-called "slacker lists," I desire to call attention to a letter from The Adjutant General's office, dated December 1.

It is my intention to insert these lists on the 5th day of each month until all of the names are printed. No good soldier will be injured by the publication of his name in these lists; but on the contrary, if his military record is one to be proud of, the publication will only serve to call attention to that record. If by mistake the names of good soldiers have not been eliminated from the record, it will be my pleasure and duty to insert in the RECORD the facts in each individual case and to see that the facts are brought to the attention of the Secretary of War, who is as anxious as any soldier of the late war with Germany to have the records correct. Mistakes ought to be corrected while the men are living and while there is evidence to substantiate any valid claim as to service.

The letter is as follows:

WAR DEPARTMENT,
THE ADJUTANT GENERAL'S OFFICE,
Washington, December 1, 1922.

Hon. ROYAL C. JOHNSON,
House of Representatives.

MY DEAR MR. JOHNSON: I have the honor to transmit herewith for publication in the CONGRESSIONAL RECORD of December 5, 1922, lists of alleged draft deserters, which lists were released by the War Department for publication between September 5 and November 4, 1922, both dates inclusive. A copy of the statement to be printed at the head of the lists is also inclosed herewith.

There is also transmitted herewith, for insertion in the CONGRESSIONAL RECORD, a list of the names of registrants which have been removed from the lists of alleged draft deserters heretofore published in the RECORD, the reasons for such removals being set forth in the second paragraph of the statement which is to precede the lists in the RECORD.

Very respectfully,

ROBERT C. DAVIS,
The Adjutant General.

The following names have been removed from the lists of alleged draft deserters heretofore published in the CONGRESSIONAL RECORD since the publication of such names:

LOCAL BOARD FOR DIVISION NO. 1, COUNTY OF MARATHON, STATE OF WISCONSIN.

186 Joseph W. Kamenick, Marathon, Wis.

The men whose names appear below, and who were under the jurisdiction of the local boards named, were, according to the public draft records, classified and reported by the draft authorities as deserters from the military service of the United States. The lists in which these names were originally included have been given at least one month's publicity.

The name of any man who, since the publication of the lists, has been found to have actually rendered service in either our own forces or in those of the Allies during the period between May 18, 1917, and November 11, 1918, is not included; nor is that of any man who, though he rendered no service during the period mentioned, has, since the publication of his name, been found to have been erroneously inducted or to have been erroneously certified as a deserter, nor that of any man who is known to be no longer living.

Every reasonable effort has been made by the War Department to eliminate from these lists names which, for any of the aforementioned reasons, should not appear thereon. Should it develop, however, that certain of the names listed below should, for any of these reasons, likewise be removed, notice to that effect will be published in each such case in a later issue of the CONGRESSIONAL RECORD.

SENATE.

WEDNESDAY, *December 6, 1922.*

The Chaplain, Rev. J. J. Muir, D. D., offered the following prayer:

Our Father, we approach this morning Thy throne of grace in the all-prevailing Name, and while we recognize the mercies vouchsafed we still confess our need of Thee. Without Thee we can not live properly, and we can not fulfill the high responsibilities of duty as in Thy fear. Be pleased to visit each heart and life, and grant a continuance of Thy favor through all the experiences of daily toil and engagements. We ask in Jesus' name. Amen.

L. HEISLER BALL, a Senator from the State of Delaware; DAVIS ELKINS, a Senator from the State of West Virginia; JOSEPH S. FRELINGHUYSEN, a Senator from the State of New Jersey; J. W.
