SENATE

THURSDAY, JANUARY 4, 1940

The Chaplain, Rev. Z. Barney T. Phillips, D. D., offered the following prayer:

Eternal God and Heavenly Father, we bow before Thee in deep humility and tender penitence, for that Thou, being very high exalted above all worlds, beholdest the proud afar off yet condescendest to make the contrite heart Thy dwelling. In this moment of silence we invoke Thy presence to put away our sin; enter into our souls deeper than we have

ever known; let Thy glory dawn upon our sight clearer than ever before, and do Thou light the flame upon the altar of our lives, that our prayer may be set forth in Thy sight as the incense.

Grant in the rush and pressure of our modern life, when feverish activity is made the measure of all things, that we may be replenished with gifts of silence and rivers of peace, using them not to escape from our duty but that, seeing it more clearly, we may be the better enabled to do it as unto Thee. We ask it in the name of Jesus Christ our Lord. Amen.

CERTAIN APPOINTMENTS TO MILITARY ACADEMY

Mr. SCHWARTZ. Mr. President, existing law provides that 40 selections for cadetships at West Point shall be made from among the sons of officers or enlisted men who were in the World War and died prior to July 1, 1921. By reason of the lapse of time it will be impossible, of course, to find young men of the proper age after 1943, and for the last 4 or 5 years it has been possible to secure only a very few to fill that quota. At this time there exists, of course, the necessity of filling the authorized quota at West Point. I make these remarks because I contemplate being out of the city for a few days. I introduce a bill providing that the 40 cadetships referred to may be filled one-half from the enlisted men of the United States Army and one-half from enlisted men in the National Guard.

The bill (S. 3035) authorizing certain appointments to the United States Military Academy to fill cadetships heretofore created was read twice by its title and referred to the Committee on Military Affairs.

Mr. SCHWARTZ. In connection with the bill just introduced by me I ask to have printed in the RECORD, as part of my remarks, a letter from the distinguished chairman of the Military Affairs Committee of the Senate, the Senator from Texas [Mr. SHEPPARD], and one from the Secretary of War. The letters are in favor of the proposal contained in the bill.

There being no objection, the letters were ordered to be printed in the RECORD, as follows:

JUNE 21, 1939.

Maj. Gen. E. S. ADAMS,

The Adjutant General, War Department, Washington, D. C.

DEAR GENERAL ADAMS: I desire to invite your attention to the report of the Board of Visitors to the United States Military Academy, which is printed in the CONGRESSIONAL RECORD of June 19, 1939, commencing on page 7397.

I especially wish to bring to your notice the comments of the Board on the authorized number of cadets, viz:

"Authorized number of cadets: Of the 1,960 cadets authorized, it was brought to the attention of the Board that the allotted number of 40 authorized for appointment from sons of officers and enlisted men who died in the World War has not been filled and that in the near future there will be no applicants under this category and that this allotment of 40 should be reallocated to other sources of appointment in order that the maximum capacity of the Academy might be reached."

I would appreciate your recommendation and draft of legislation if reallocation is proper at this time.

Very sincerely,

MORRIS SHEPPARD, *Chairman.*

AG 351.11 West Point (June 21, 1939), Executive.

WAR DEPARTMENT,
Washington, November 10, 1939.

HON. MORRIS SHEPPARD,

*Chairman, Committee on Military Affairs,
United States Senate.*

DEAR SENATOR SHEPPARD: Your letter of June 21, addressed to Maj. Gen. E. S. Adams, The Adjutant General, in which you invite attention to the comments made by the Board of Visitors to the United States Military Academy, relative to an appropriate reallocation of the 40 cadetships now authorized to be filled by the admission of candidates selected from among the sons of officers and enlisted men who lost their lives during the World War, has been brought to my attention. I note with appreciation your suggestion that the Department consider this question, and if deemed proper at this time, that draft of legislation be submitted with the Department's recommendation in the premises. Accordingly, I directed that the situation be studied in accordance with your suggestion and that of the Board of Visitors to the Military Academy.

Several bills have been introduced during the Seventy-fifth and the Seventy-sixth Congresses with the object of continuing these 40 cadetships, which, as explained to the Board of Visitors, will lapse in 1943 unless legislative provision is made for their continuation. This is due to the fact that the limiting date, July 2, 1921, prior to which the fathers of eligible candidates must have died, coupled with the statutory age of 22 years for admission to West Point, automatically eliminates this source of appointment. Most of the bills that have heretofore been introduced contemplate allocating these cadetships to the sons of men who were wounded during the World War, and one was designed to allocate them to the sons of those who had been decorated for gallantry. These measures all appear to be so very difficult of administration that the War Department has not favored their enactment, although recognizing the spirit in which they have been introduced and sharing the desire of their sponsors to provide some means whereby the dependents of World War veterans might continue to share in the benefits provided by the original act.

Careful study of the entire situation, in the light of your request, has led to the conclusion that possibly the most equitable manner in which these 40 cadetships might be reallocated, would be to divide them equally between two sources of appointment—the Regular Army and the National Guard—heretofore authorized. Existing law provides for a total of 180 cadetships to be divided as nearly equal as practicable among enlisted men of the Regular Army and the National Guard between the ages of 19 and 22 years, who have served as enlisted men for not less than 1 year. If the 40 cadetships provided by the act approved June 8, 1926, be reallocated to this other source of appointment, first admitting each year those candidates selected from among the sons of deceased veterans, filling the remaining vacancies from the list of qualified soldiers and National Guardsmen, no increase in the authorized strength of the Corps of Cadets would be necessary, and these unfilled vacancies could be provided with qualified candidates of a high order. Moreover, as the Department has pointed out in its reports on bills heretofore introduced, sons of World War veterans, whether living or dead, could acquire eligibility for the vacancies by enlisting in either the Regular Army or the National Guard for the requisite period of 1 year. Thus a source of appointment would remain open to these young men which otherwise would fail within the next 3 years, as hereinbefore explained. Furthermore, no criticism could be leveled at this proviso on the ground that it is class legislation, inasmuch as all other worthy and eligible young men throughout the country would be privileged to seek appointment from this source.

In the event that this suggestion meets with your approval, there is inclosed a draft of a proposed bill, which would, it is believed, carry the idea into effective operation if passed by the Congress and approved.

In preparing this proposed draft I have purposely omitted reference to the fact that the original act approved June 8, 1926, also affected the United States Naval Academy, at Annapolis, providing, as it did, for 40 additional midshipmen at that institution. This was done advisedly, since the War Department is not in a position to comment upon or recommend for the needs of the Naval Academy.

Should any further information in connection with this matter be desired I shall be most happy to supply it to you upon request. This report and attached draft of bill were submitted to the Bureau of the Budget, which advises that there would be no objection to the submission of the proposed legislation to your committee.

Sincerely yours,

HARRY H. WOODRING,
Secretary of War.

1 inclosure: Draft of bill in triplicate.

DELAWARE RIVER BRIDGE, PENNSYLVANIA AND NEW YORK

Mr. DAVIS. Mr. President, at the request of I. Lamont Hughes, Pennsylvania's secretary of highways, I introduce a

bill in behalf of the New York-Pennsylvania Joint Interstate Bridge Commission, which desires to replace the present inadequate bridge over the Delaware River between the village of Shohola, Pike County, Pa., and the village of Barryville, Sullivan County, N. Y., with a new, modern structure.

The act of Congress approved June 19, 1936, authorized the commission to construct this new bridge. Circumstances beyond the control of the commission prevented commencing actual construction work within the required time, and an extension of time was secured by the act of Congress approved August 23, 1937. Again circumstances prevented commencing the work within the time limit. Therefore this proposed new legislation is required.

The bill (S. 3036) to extend the times for commencing and completing the construction of a bridge across the Delaware River between the village of Barryville, N. Y., and the village of Shohola, Pa., was read twice by its title and referred to the Committee on Commerce.

ARRANGEMENTS FOR INAUGURATION OF PRESIDENT-ELECT

Mr. NEELY. Mr. President, I submit for appropriate reference a concurrent resolution, and I invite the attention of the 40 officers and Members of the Senate who are active candidates for the Presidency and the 50 Members who are receptive candidates for the same office to the fact that this resolution provides for the creation of a committee to arrange for the inauguration of the next President of the United States.

The concurrent resolution (S. Con. Res. 32) was referred to the Committee on Rules, as follows:

Resolved by the Senate (the House of Representatives concurring). That a joint committee consisting of three Senators and three Representatives, to be appointed by the President of the Senate and the Speaker of the House of Representatives, respectively, is authorized to make the necessary arrangements for the inauguration of the President-elect of the United States on the 20th day of January 1941.

PRODUCTION COSTS OF CRAB MEAT, CRAB PASTE, AND CRAB SAUCE

Mr. RADCLIFFE submitted the following resolution (S. Res. 200), which was referred to the Committee on Finance:

Resolved, That the United States Tariff Commission is hereby directed to investigate, for the purposes of section 336 of the Tariff Act of 1930, the differences in the cost of production between the domestic article and the foreign article, and to report at the earliest date practicable, upon crab meat, fresh or frozen (whether or not packed in ice), or prepared or preserved in any manner, including crab paste and crab sauce.

LIMITATION ON COST OF RIVER AND HARBOR AND FLOOD-CONTROL WORKS

Mr. MALONEY submitted the following resolution (S. Res. 201), which was referred to the Committee on Rules:

Resolved, That hereafter the Committee on Commerce shall not report any bill relating to works of improvement of rivers, harbors, and other waterways, or relating to flood-control projects, containing any amendment which authorizes the prosecution of any such work or project the total cost of which will exceed \$5,000,000; and if a bill is reported to the Senate containing any such amendment, a point of order may be made against the bill, and if the point of order is sustained the bill shall be recommitted to the Committee on Commerce.

INVESTMENT OF EXCESS SAVINGS IN NATIONAL HIGHWAY SYSTEMS

Mr. DOWNEY. Mr. President, I submit a resolution calling for the appointment of a committee of seven Senators to investigate the possibility of investing the excess savings of the Nation in the highway systems of the United States. The proposed investigation would deal primarily with the disposition of excess savings, although, of course, it would involve the investigation of the construction of highway systems in the United States. Since the resolution involves primarily and more importantly the disposition of excess savings, I would appreciate its reference to the Committee on Banking and Currency, which I think is the proper committee to which to refer it.

The PRESIDENT pro tempore. Without objection, the resolution submitted by the Senator from California will be referred to the Committee on Banking and Currency.

The resolution (S. Res. 202) was referred to the Committee on Banking and Currency, as follows:

Resolved, That a special committee of seven Senators to be appointed by the President of the Senate, not more than four of whom shall be from the same political party, is hereby authorized and directed to make a full and complete investigation and study with respect to (1) the establishment of an integrated system of supersafety highways in the United States for the purpose of promoting the public safety, providing additional facilities for the national defense, stimulating business recovery through the use of excess national savings not needed or used for working capital or business expansion, and aiding in the relief of unemployment; (2) the advisability of creating an agency, consisting at least in part of representatives of various industrial, financial, commercial, and other business enterprises, to formulate plans and provide for the construction and administration of such supersafety highway system and to determine the best methods of making such excess national savings available therefor; (3) the most feasible ways of amortizing the cost of construction of such highways and of placing the highways so constructed upon a self-supporting basis as soon as practicable; and (4) any other matters which in the opinion of the committee will aid in accomplishing the purposes of this resolution.

For the purposes of this resolution, the committee or any duly authorized subcommittee thereof is authorized to hold such hearings, to sit and act at such times and places during the sessions, recesses, and adjourned periods of the Senate in the Seventy-sixth and succeeding Congresses, to employ such experts and such clerical and other assistants, to require by subpoena or otherwise the attendance of such witnesses and the production of such books, papers, and documents, to administer such oaths, to take such testimony, and to make such expenditures as it deems advisable. The cost of stenographic services to report such hearings shall not be in excess of 25 cents per hundred words. The expenses of the committee, which shall not exceed \$25,000, shall be paid from the contingent fund of the Senate upon vouchers approved by the chairman.

The committee shall report to the Senate, as soon as practicable, the results of its investigation and study, together with its recommendations, if any, for necessary legislation.

The various departments and agencies in the executive branch of the Government are hereby requested to cooperate with the committee to the fullest practicable extent in furnishing services, information, facilities, and personnel in connection with the investigation and study authorized by this resolution.

The PRESIDENT pro tempore. Morning business is closed. The consideration of the calendar under rule VIII is in order.

Mr. BARKLEY. Mr. President, a number of resolutions have come over from the House of Representatives. The resolutions relate to the death of Members of the House.

The PRESIDENT pro tempore. The Chair will state that there have been received from the President messages dealing with certain nominations. Mr. BARKLEY. Yes. I thought the Senate was about to conclude its labors for today.

The PRESIDENT pro tempore. The Chair suggests that there are a number of messages from the President which require action.

Mr. BARKLEY. I think it would be in order to have an executive session unless the matters can be disposed of as in executive session.

Mr. President, I ask unanimous consent that, as in executive session, the nominations by the President be appropriately referred.

Mr. McNARY. Mr. President, the ordinary procedure is to finish the morning hour, and then go into executive session, when the nominations may be read and properly referred.

The PRESIDENT pro tempore. The morning business has been completed.

Mr. BARKLEY. Mr. President, I ask that the Senate proceed to the consideration of executive business, if it is necessary that such a request be made.

Mr. ADAMS. Mr. President, I understand the Senate will return to legislative session as soon as the executive business shall have been concluded?

Mr. BARKLEY. Yes.

The PRESIDENT pro tempore. Without objection, the Senate will proceed to the consideration of executive business.
