## Index

**THIS INDEX** is based on a consolidation of contents entries appearing in the January—December issues of the **Federal Register** together with broad subject references. The entries are arranged first under the name of the agency which issued the document. Under each agency, the entries are then listed alphabetically within the categories of Rules, Proposed Rules, and Notices. Executive Orders, Proclamations, and other documents from the President are listed under Presidential Documents. The number at the end of each entry gives the pages in the **Federal Register** where the document begins. Use the table of Federal Register Pages and Dates at the back of this index to locate the issue date for each page number. This index is published monthly and is cumulated for 12 months.

A general index to the entire Code of Federal Regulations, is found in the CFR Index and Finding Aids volume, and is revised as of January 1 each year.

The LSA (List of CFR Sections Affected), a cumulative numerical finding aid, is published monthly and is cumulated for 12 months, keyed to the revision dates of the various CFR volumes.

All **Federal Register** publications are available for purchase from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Gary Posselt is Chief Editor of the **Federal Register Index**. The Index is prepared under the direction of Raymond A. Mosley, assisted by Jim Wickliffe.
