SEC. 211. REPORT CONCERNING THE EFFECT OF PLAN COLOMBIA ON ECUADOR.

(a) FINDINGS.—The Congress makes the following findings:

(1) There is a growing alarm concerning the spillover effect of Plan Colombia on Ecuador, a frontline state. The northern region of Ecuador, including the Sucumbios province, is an area of particular concern. It faces the Colombian Putumayo zone, where there is no presence of military or law enforcement personnel.

(2) Activities relating to the implementation of Plan Colombia have resulted in incursions on Ecuadorian territory by drug traf-

fickers and guerrilla and paramilitary groups from Colombia and a concomitant increase in the levels of violence and delinquency. Recent kidnappings of American and other foreign nationals, as well as discoveries of clandestine cocaine laboratories, are especially troublesome.

(3) Ecuador is receiving an influx of Colombian refugees and its own indigenous communities have been displaced from their ancestral villages.

Subtitle B—American Servicemembers' Protection Act

SEC. 631. SHORT TITLE.

This subtitle may be cited as the "American Servicemembers' Protection Act of 2001".

SEC. 632. FINDINGS.

Congress makes the following findings:

(1) On July 17, 1998, the United Nations Diplomatic Conference of Plenipotentiaries on the Establishment of an International Criminal Court, meeting in Rome, Italy, adopted the "Rome Statute of the International Criminal Court." The vote on whether to proceed with the Statute was 120 in favor to 7 against, with 21 countries abstaining. The United States voted against final adoption of the Rome Statute.

(2) As of April 30, 2001, 139 countries had signed the Rome Statute and 30 had ratified it. Pursuant to Article 126 of the Rome Statute, the Statute will enter into force on the first day of the month after the 60th day following the date on which the 60th country deposits an instrument ratifying the Statute.

(3) Since adoption of the Rome Statute, a Preparatory Commission for the International Criminal Court has met regularly to draft documents to implement the Rome Statute, including Rules of Procedure and Evidence, Elements of Crimes, and a definition of the Crime of Aggression.

(4) During testimony before the Congress following the adoption of the Rome Statute,

the lead United States negotiator, Ambassador David Scheffer stated that the United States could not sign the Rome Statute because certain critical negotiating objectives of the United States had not been achieved. As a result, he stated: "We are left with consequences that do not serve the cause of international justice."

(5) Ambassador Scheffer went on to tell the Congress that: "Multinational peacekeeping forces operating in a country that has joined the treaty can be exposed to the Court's jurisdiction even if the country of the individual peacekeeper has not joined the treaty. Thus, the treaty purports to establish an arrangement whereby United States armed forces operating overseas could be conceivably prosecuted by the international court even if the United States has not agreed to be bound by the treaty. Not only is this contrary to the most fundamental principles of treaty law, it could inhibit the ability of the United States to use its military to meet alliance obligations and participate in multinational operations, including humanitarian interventions to save civilian lives. Other contributors to peacekeeping operations will be similarly exposed."

(6) Notwithstanding these concerns, President Clinton directed that the United States sign the Rome Statute on December 31, 2000. In a statement issued that day, he stated that in view of the unremedied deficiencies of the Rome Statute, "I will not, and do not recommend that my successor submit the Treaty to the Senate for advice and consent until our fundamental concerns are satisfied".

(7) Any American prosecuted by the International Criminal Court will, under the Rome Statute, be denied procedural protections to which all Americans are entitled under the Bill of Rights to the United States Constitution, such as the right to trial by jury.

(8) Members of the Armed Forces of the United States deserve the full protection of the United States Constitution wherever they are stationed or deployed around the world to protect the vital national interests of the United States. The United States Government has an obligation to protect the members of its Armed Forces, to the maximum extent possible, against criminal prosecutions carried out by United Nations officials under procedures that deny them their constitutional rights.

(9) In addition to exposing members of the Armed Forces of the United States to the risk of international criminal prosecution, the Rome Statute creates a risk that the President and other senior elected and appointed officials of the United States Government may be prosecuted by the International Criminal Court. Particularly if the Preparatory Commission agrees on a definition of the Crime of Aggression over United States objections, senior United States officials may be at risk of criminal prosecution for national security decisions involving such matters as responding to acts of terrorism, preventing the proliferation of weapons of mass destruction, and deterring aggression. No less than members of the Armed Forces of the United States, senior officials of the United States Government deserve the full protection of the United States Constitution with respect to official actions taken by them to protect the national interests of the United States.

SEC. 633. WAIVER AND TERMINATION OF PROHIBITIONS OF THIS ACT.

(a) AUTHORITY TO INITIALLY WAIVE SECTIONS 635 AND 637.—The President is authorized to waive the prohibitions and requirements of sections 635 and 637 for a single period of 1 year. Such a waiver may be issued only if the President at least 15 days in advance of exercising such authority—

(1) notifies the appropriate congressional committees of the intention to exercise such authority; and

(A) a waiver pursuant to subsection (a) or (b) of the prohibitions and requirements of sections 635 and 637 is in effect;

- (i) Covered United States persons.
- (ii) Covered allied persons.
- (iii) Individuals who were covered United States persons or covered allied persons.

(d) **TERMINATION OF WAIVER PURSUANT TO SUBSECTION (c).**—Any waiver or waivers exercised pursuant to subsection (c) of the prohibitions and requirements of sections 634 and 636 shall terminate at any time that a waiver pursuant to subsection (a) or (b) of the prohibitions and requirements of sections 635 and 637 expires and is not extended pursuant to subsection (b).

(e) **TERMINATION OF PROHIBITIONS OF THIS ACT.**—The prohibitions and requirements of sections 634, 635, 636, and 637 shall cease to apply, and the authority of section 638 shall terminate, if the United States becomes a party to the International Criminal Court pursuant to a treaty made under article II, section 2, clause 2 of the Constitution of the United States.

Subtitle B—Sense of Congress Provisions

SEC. 731. SENSE OF CONGRESS RELATING TO HIV/AIDS AND UNITED NATIONS PEACE-KEEPING OPERATIONS.

It is the sense of the Congress that the President should direct the Secretary of State and the United States Representative to the United Nations to urge the United Nations to adopt an HIV/AIDS mitigation strategy as a component of United Nations peace-keeping operations.

SEC. 732. SENSE OF CONGRESS RELATING TO HIV/AIDS TASK FORCE.

It is the sense of the Congress that the Secretary of State should establish an international HIV/AIDS intervention, mitigation, and coordination task force to coordinate activities on international HIV/AIDS programs administered by agencies of the Federal Government and to work with international public and private entities working to combat the HIV/AIDS pandemic.

SEC. 733. SENSE OF CONGRESS CONDEMNING THE DESTRUCTION OF PRE-ISLAMIC STATUES IN AFGHANISTAN BY THE TALIBAN REGIME.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) Many of the oldest and most significant Buddhist statues in the world are in Afghanistan, which, at the time that many of the statues were carved, was one of the most cosmopolitan regions in the world and hosted merchants, travelers, and artists from China, India, central Asia, and the Roman Empire.

(2) Such statues are part of the common heritage of mankind, which must be preserved for future generations.

(3) On February 26, 2001, the leader of the Taliban regime, Mullah Mohammad Omar, ordered the destruction of all pre-Islamic statues in Afghanistan, among them a pair of 1,600-year-old, 100-foot-tall statues of Buddha that are carved out of a mountainside.

(4) The religion of Islam and Buddhist statues have coexisted in Afghanistan as part of the unique historical and cultural heritage of that nation for more than 1,100 years.

(5) The destruction of the pre-Islamic statues contradicts the basic tenet of the Islamic religion that other religions should be tolerated.

(6) People of all faiths and nationalities have condemned the destruction of the statues in Afghanistan, including Muslim communities around the world.

(7) The destruction of the statues violates the United Nations Convention Concerning the Protection of the World Cultural and Natural Heritage, which was ratified by Afghanistan on March 20, 1979.

(b) **SENSE OF CONGRESS.**—The Congress—

(1) joins with people and governments around the world in condemning the destruction of pre-Islamic statues in Afghanistan by the Taliban regime;

(2) urges the Taliban regime to stop destroying such statues; and

(3) calls upon the Taliban regime to grant international organizations immediate access to Afghanistan to survey the damage and facilitate international efforts to preserve and safeguard the remaining statues.

SEC. 734. SENSE OF CONGRESS RELATING TO RESOLUTION OF THE TAIWAN STRAIT ISSUE.

It is the sense of the Congress that Taiwan is a mature democracy that fully respects human rights and it is the policy of the United States that any resolution of the Taiwan Strait issue must be peaceful and include the assent of the people of Taiwan.

SEC. 735. SENSE OF CONGRESS RELATING TO ARSENIC CONTAMINATION IN DRINKING WATER IN BANGLADESH.

(a) **FINDINGS.**—In the early 1970s, the United Nations Children's Fund (UNICEF) and the Bangladeshi Department of Public Health Engineering, in an attempt to bring clean drinking water to the people of Bangladesh, installed tube wells to access shallow aquifers. This was done to provide an alternative to contaminated surface water sources. However, at the time the wells were installed, arsenic was not recognized as a problem in water supplies and standard water testing procedures did not include arsenic tests. Naturally occurring inorganic arsenic contamination of water in those tube-wells was confirmed in 1993 in the Nawabganj district in Bangladesh. The health effects of ingesting arsenic-contaminated drinking water appear slowly. This makes preventative measures, including drawing arsenic out of the existing tube well and finding alternate sources of water, critical to preventing future contamination in large numbers of the Bangladeshi population. Health effects of exposure to arsenic in both adults and children include skin lesions, skin cancer, and mortality from internal cancers.

(b) **SENSE OF CONGRESS.**—The Secretary of State should work with appropriate United States Government agencies, national laboratories, universities in the United States, the Government of Bangladesh, international financial institutions and organizations, and international donors to identify a long term solution to the arsenic-contaminated drinking water problem.

(c) **REPORT TO CONGRESS.**—The Secretary of State should report to the Congress on proposals to bring about arsenic-free drinking water to Bangladeshis and to facilitate treatment for those who have already been

affected by arsenic-contaminated drinking water in Bangladesh.

SEC. 736. SENSE OF CONGRESS RELATING TO DISPLAY OF THE AMERICAN FLAG AT THE AMERICAN INSTITUTE IN TAIWAN.

It is the sense of the Congress that the chancery of the American Institute in Taiwan and the residence of the director of the American Institute in Taiwan should publicly display the flag of the United States in the same manner as United States embassies, consulates, and official residences throughout the world.

SEC. 737. SENSE OF CONGRESS REGARDING HUMAN RIGHTS VIOLATIONS IN WEST PAPUA AND ACEH, INCLUDING THE MURDER OF JAFAR SIDDIQ HAMZAH, AND ESCALATING VIOLENCE IN MALUKU AND CENTRAL KALIMANTAN.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) Human rights violations by elements of the Indonesian Government continue to worsen in West Papua (Irian Jaya) and Aceh, while other areas including the Moluccas (Maluku) and Central Kalimantan have experienced outbreaks of violence by militia forces and other organized groups.

(2) Seven West Papuans were shot dead by Indonesian security forces following a flag-raising ceremony in the town of Merauke on December 2, 2000, and in a separate incident four others were reportedly killed by Indonesian security forces after a West Papuan flag was raised in Tiom on December 18, 2000.

(3) Indonesian police have attacked peaceful West Papuan civilians, including students in their dormitories at Cenderawasih University on December 6, 2000. This attack resulted in the beating and arrests of some 100 students as well as the deaths of three students, including one in police custody in the capital city of Jayapura.

(4) To escape Indonesian security forces, hundreds of peaceful West Papuans have sought safety in refugee camps across the border in the neighboring state of Papua New Guinea (PNG).

(5) The Indonesian armed forces have announced that they are initiating “limited military operations” in Aceh, where the Exxon-Mobil gas company has suspended operations due to security concerns.

(6) On September 7, 2000, the body of Acehese human rights lawyer Jafar Siddiq Hamzah, who had been missing for a month, was identified along with four other badly decomposed bodies, whose faces were bashed in and whose hands and feet were bound with barbed wire, in a forested area outside of Medan, in North Sumatra.

(7) Hamzah, a permanent resident of the United States who resided in Queens, New York, was last seen alive on August 5, 2000, in Medan, after which he failed to keep an appointment and his family lost all contact with him.

(8) As the founder and director of the International Forum on Aceh, which works for peace and human rights in Aceh, Hamzah was an important voice of moderation and an internationally known representative of his people who made irreplaceable contributions to peace and respect for human rights in his homeland.

(9) The Indonesian government has failed to release the results of Jafar Siddiq Hamzah's autopsy report, and the inaccessibility of the report has delayed the investigation which could lead to bringing the murderers to justice.

(10) There is supporting documentation from the United States Department of State and other reliable sources that Indonesian military and police forces have committed widespread acts of torture, rape, disappearance and extra-judicial executions against West Papuan and Acehese civilians.

(11) In Maluku, where Muslim and Christian peoples lived in peace and respected with each other for decades, thousands have been killed and tens of thousands displaced during outbreaks of violence over the past 3 years.

(12) Militia forces known as the Laskar Jihad have arrived from Java and other islands outside Maluku to inflame hatred and perpetrate violence against Christians, and to create religious intolerance among the people of Maluku, and the Laskar Jihad has been openly encouraged by some Indonesian leaders including Amien Rais, Chair of the People's Consultative Assembly.

(13) Muslim and Christian leaders alike have called for the arrest of militia leaders in Maluku and asking for international assistance in ending this devastating conflict.

(14) The most recent instance of widespread violence in Indonesia has broken out on the island of Kalimantan (Borneo), in the province of Central Kalimantan, where indigenous Dayaks brutally attacked migrant Madurese, killing hundreds and causing thousands of others to flee.

(15) The people of the island of Madura who were resettled in Kalimantan under the auspices of the Soeharto government's transmigration program, which served to strengthen the political control of the regime, have become scapegoats for official government policy, while the Dayaks have suffered from this policy and from official exploitation of the natural resources of their homeland.

(b) SENSE OF CONGRESS.—The Congress—

(1) expresses its deep concern over ongoing human rights violations committed by Indonesian military and police forces against civilians in West Papua and Aceh, as well as over violence by militias and others in Maluku, Central Kalimantan, and elsewhere in Indonesia;

(2) calls upon the United States Department of State to publicly protest the reemergence of political imprisonment in Indonesia and to take necessary steps to release, immediately and unconditionally, all political prisoners, including Rev. Obed Kombas, Rev. Yudas Meage, Yafet Yelemaken, Murjono Murib and Amelia Yigibalom of West Papua, and Muhammad Nazar of Aceh, all adopted by Amnesty International as Prisoners of Conscience, and student demonstrators Matus Rumbapak, Laon Wenda, Jenderal Achmad Yani, Joseph Wenda and Hans Gobay of West Papua;

(3) calls upon the Department of State to support and encourage the Government of Indonesia to engage in peaceful dialogue with respected West Papuan community leaders and other members of West Papuan civil society, as prescribed by the 1999 Terms of Reference for the National Dialogue on Irian Jaya, and to urge the Governor of West Papua to create an environment conducive to the peaceful repatriation of West Papuan refugees and "illegal border crossers" who now reside in Papua New Guinea;

(4) calls upon the United States Government to press the Government of Indonesia to permit access to West Papua and Aceh, including the project areas of the United States-owned Freeport mine and Exxon-Mobil facilities, by independent human rights and environmental monitors, including the United Nations special rapporteurs on torture and extra-judicial execution, as well as by humanitarian nongovernmental organizations;

(5) calls upon the United States Government to press for the withdrawal of non-organic troops from West Papua and Aceh, and an overall reduction of force numbers in those areas, particularly along the PNG border;

(6) calls upon the Government of Indonesia to release the autopsy report of Jafar Siddiq

Hamzah immediately, to conduct a thorough, open, and transparent investigation of the murder of Hamzah and the four others with whom he was found, to offer full access and support to independent investigators and forensics experts brought in to examine these cases, and to ensure that the perpetrators of these atrocities are brought to justice through open and fair trials;

(7) condemns the recent atrocities in Central Kalimantan the failure of Indonesian police and other security forces to intervene to stop these atrocities, as well as the underlying social and economic conditions caused by systematic transmigration programs, imported labor, and inequitable and destructive exploitation of local natural resources that have worsened the poverty and discrimination which were contributing factors in their commission;

(8) condemns comparable Indonesian Government policies in Maluku and the failure of Indonesian police and other security forces in and around Ambon to halt sectarian violence, including the operations of the Laskar Jihad militia;

(9) calls upon the Government of Indonesia to take decisive action to halt sectarian violence in Maluku and to arrest those guilty of violence, including Laskar Jihad militia leaders and armed forces officers guilty of complicity in their operations against civilians, and to make significant progress towards rehabilitation and reestablishment of local communities displaced by the violence and rebuild the physical infrastructure of the communities;

(10) calls upon the Department of State to support United Nations and other international delegations and monitoring efforts by international and nongovernmental agencies in West Papua, Aceh, Maluku, Central Kalimantan, West Timor, and other areas of Indonesia in order to deter further human rights violations, and to encourage and support international and nongovernmental agencies in efforts to help the people of Indonesia rebuild and rehabilitate communities torn by violence, particularly by assisting in the return of internally displaced peoples and in efforts at reconciliation within and among communities;

(11) calls upon the Department of State to ensure that all appropriate information regarding current conditions in the West Papua, Aceh, Maluku, Kalimantan, and elsewhere in Indonesia is included in the Annual Country Reports on Human Rights Practices and the Annual Report on International Religious Freedom;

(12) calls upon the Government of Indonesia to devote official attention, in an atmosphere of openness and transparency and oversight, to investigations into the numerous cases of disappearances, extrajudicial killings, and other serious human rights violations in West Papua, Aceh, Maluku, Central Kalimantan, elsewhere in Indonesia, and occupied East Timor; and

(13) calls upon the United States Government to continue to insist upon vigorous investigation into all such violations, and upon trials according to international standards for military and police officers, militia leaders, and others accused of such violations.

SEC. 738. SENSE OF CONGRESS SUPPORTING PROPERLY CONDUCTED ELECTIONS IN KOSOVA DURING 2001.

(1) Former Yugoslav President Slobodan Milosevic perpetrated a brutal campaign of ethnic cleansing against the ethnic Albanian population of Kosova, resulting in thousands of deaths and rapes and the displacement of nearly 1 million people.

(2) Prior to the disintegration of the former Yugoslavia, Kosova was a separate

political and legal entity with a separate and distinct financial sector, police force, government, education system, judiciary, and health care system.

(3) During that time, the people of Kosova successfully administered the province.

(4) During the Milosevic era, Kosovar citizens demonstrated again their ability to govern themselves by creating parallel governmental and social institutions.

(5) Local elections held in Kosova in 2000 were considered free and fair by international observers.

(3) all persons, regardless of ethnicity, are encouraged to participate in elections throughout Kosova; and

(4) the United States should work with the United Nations Mission in Kosova and the Organization for Security and Cooperation in Europe to ensure that the transition to Kosovar self-government under the terms and conditions of United Nations Security Council Resolution 1244 proceeds peacefully, successfully, expeditiously, and in a spirit of ethnic inclusiveness.

(6) The Magen David Adom Society has used the Red Shield of David as its humanitarian emblem since its founding in 1930 for the same purposes that other national Red Cross and Red Crescent societies use their respective emblems.

(7) Since 1949 Magen David Adom has been refused admission into the International Red Cross and Red Crescent Movement and has been relegated to observer status without a vote because it has used the Red Shield of David.

(8) Magen David Adom is the only humanitarian organization equivalent to a national Red Cross or Red Crescent society in a sovereign nation that is denied membership into the International Red Cross and Red Crescent Movement.

(9) The American Red Cross has consistently advocated recognition and membership of the Magen David Adom Society in the International Red Cross and Red Crescent Movement.

(a) FINDINGS.—The Congress makes the following findings:

(1) Dina Babbitt (formerly known as Dinah Gottliebova), a United States citizen now in her late 70's, has requested the return of watercolor portraits she painted while suffering a year-and-a-half-long internment at the Auschwitz death camp during World War II.

(2) Dina Babbitt was ordered to paint the portraits by the infamous war criminal Dr. Josef Mengele.

(3) Dina Babbitt's life, and her mother's life, were spared only because she painted portraits of doomed inmates of Auschwitz-Birkenau, under orders from Dr. Josef Mengele.

(4) These paintings are currently in the possession of the Auschwitz-Birkenau State Museum.

(5) Dina Babbitt is unquestionably the rightful owner of the artwork, since the paintings were produced by her own talented hands as she endured the unspeakable conditions that existed at the Auschwitz death camp.

(6) The artwork is not available for the public to view at the Auschwitz-Birkenau State Museum and therefore this unique and important body of work is essentially lost to history.

(7) This continued injustice can be righted through cooperation between agencies of the United States and Poland.

(b) SENSE OF CONGRESS.—The Congress—

(1) recognizes the moral right of Dina Babbitt to obtain the artwork she created, and recognizes her courage in the face of the evils perpetrated by the Nazi command of the Auschwitz-Birkenau death camp, including the atrocities committed by Dr. Josef Mengele;

(2) urges the President to make all efforts necessary to retrieve the seven watercolor portraits Dina Babbitt painted, while suffering a year-and-a-half-long internment at the Auschwitz death camp, and return them to her;

(3) urges the Secretary of State to make immediate diplomatic efforts to facilitate the transfer of the seven original watercolors painted by Dina Babbitt from the Auschwitz-Birkenau State Museum to Dina Babbitt, their rightful owner;

(4) urges the Government of Poland to immediately facilitate the return to Dina Babbitt of the artwork painted by her that is now in the possession of the Auschwitz-Birkenau State Museum; and

(5) urges the officials of the Auschwitz-Birkenau State Museum to transfer the seven original paintings to Dina Babbitt as expeditiously as possible.

SEC. 743. SENSE OF CONGRESS REGARDING VIETNAMESE REFUGEE FAMILIES.

It is the sense of the Congress that Vietnamese refugees who served substantial sentences in re-education camps due to their wartime associations with the United States and who, subsequently, were resettled in the United States should be permitted to include their unmarried sons and daughters as family members for purposes of such resettlement.

SEC. 744. SENSE OF CONGRESS RELATING TO MEMBERSHIP OF THE UNITED STATES IN UNESCO.

(a) FINDINGS.—The Congress makes the following findings:

(1) The United Nations Educational, Scientific, and Cultural Organization (UNESCO) was created in 1946 with the support of the United States as an integral part of the United Nations systems, designed to promote international cooperation and exchanges in the fields of education, science, culture, and communication with the larger purpose of constructing the defense of peace against intolerance and incitement to war.

(2) In 1984, the United States withdrew from membership in UNESCO over serious questions of internal management and political polarization.

(3) Since the United States withdrew from the organization, UNESCO addressed such criticisms by electing new leadership, tightening financial controls, cutting budget and

staff, restoring recognition of intellectual property rights, and supporting the principle of a free and independent international press.

(4) In 1993, the General Accounting Office, after conducting an extensive review of UNESCO's progress in implementing changes, concluded that the organization's member states, the Director General of UNESCO, managers and employee associations demonstrated a commitment to management reform through their actions.

(5) On September 28, 2000, former Secretary of State George P. Schultz, who implemented the withdrawal of the United States from UNESCO with a letter to the organization's Director General in 1984, indicated his support for the United States renewal of membership in UNESCO.

(6) The participation of the United States in UNESCO programs offers a means for furthering the foreign policy interests of the United States through the promotion of cultural understanding and the spread of knowledge critical to strengthening civil society.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that the President should take all necessary steps to renew the membership and participation of the United States in the United Nations Educational, Scientific and Cultural Organization (UNESCO).

SEC. 745. SENSE OF CONGRESS RELATING TO GLOBAL WARMING.

(a) FINDINGS.—The Congress makes the following findings:

(1) Global climate change poses a significant threat to national security, the American economy, public health and welfare, and the global environment.

(2) The Intergovernmental Panel on Climate Change (IPCC) has found that most of the observed warming over the last 50 years is attributable to human activities, including fossil fuel-generated carbon dioxide emissions.

(3) The IPCC has stated that global average surface temperatures have risen since 1861.

(4) The IPCC has stated that in the last 40 years, the global average sea level has risen, ocean heat content has increased, and snow cover and ice extent have decreased which threatens to inundate low-lying Pacific island nations and coastal regions throughout the world.

(5) The Environmental Protection Agency predicts that global warming will harm United States citizens by altering crop yields, causing sea levels to rise, and increasing the spread of tropical infectious diseases.

(6) Industrial nations are the largest producers today of fossil fuel-generated carbon dioxide emissions.

(7) The United States has ratified the United Nations Framework on Climate Change which states, in part, "the Parties to the Convention are to implement policies with the aim of returning... to their 1990 levels anthropogenic emissions of carbon dioxide and other greenhouse gases".

(8) The United Nations Framework Convention on Climate Change further states that "developed country Parties should take the lead in combating climate change and the adverse effects thereof".

(9) Action by the United States to reduce emissions, taken in concert with other industrialized nations, will promote action by developing countries to reduce their own emissions.

(10) A growing number of major American businesses are expressing a need to know how governments worldwide will respond to the threat of global warming.

(11) More efficient technologies and renewable energy sources will mitigate global warming and will make the United States economy more productive and create hundreds of thousands of jobs.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that the United States should demonstrate international leadership and responsibility in mitigating the health, environmental, and economic threats posed by global warming by—

(1) taking responsible action to ensure significant and meaningful reductions in emissions of carbon dioxide and other greenhouse gases from all sectors; and

(2) continuing to participate in international negotiations with the objective of completing the rules and guidelines for the Kyoto Protocol in a manner that is consistent with the interests of the United States and that ensures the environmental integrity of the protocol.

SEC. 746. SENSE OF CONGRESS REGARDING THE BAN ON SINN FEIN MINISTERS FROM THE NORTH-SOUTH MINISTERIAL COUNCIL IN NORTHERN IRELAND.

(1) The Good Friday Agreement established the North-South Ministerial Council to bring together those with executive responsibilities in Northern Ireland and the Republic of Ireland to discuss matters of mutual interest on a cross-border and all-island basis.

(2) The Ulster Unionist Party, Social Democratic and Labour Party, Sinn Fein and the Democratic Unionist Party comprise the Northern Ireland executive.

(3) First Minister David Trimble continues to ban Sinn Fein Ministers Martin McGuinness and Bairbre de Brun from attending North-South Ministerial Council meetings.

(4) On January 30, 2001, the Belfast High Court ruled First Minister Trimble had acted illegally in preventing the Sinn Fein Ministers from attending the North-South Ministerial Council meetings.

(b) SENSE OF CONGRESS.—The Congress calls upon First Minister David Trimble to adhere to the terms of the Good Friday Agreement and lift the ban on the participation of Sinn Fein Ministers on the North-South Ministerial Council.

SEC. 747. SENSE OF CONGRESS RELATING TO THE NEGOTIATION OF EFFECTIVE EXTRADITION TREATIES.

(a) FINDINGS.—The Congress finds as follows:

(1) According to the Department of Justice, there are approximately 3,000 open extradition cases worldwide at any time.

(2) The United States has extradition treaties with only approximately 60 percent of the worlds nations.

(3) Of such treaties, nearly half were enacted prior to World War II and are seriously out of date.

(4) Treaties enacted prior to the 1970's are basically ineffective because only specific crimes listed in the treaties are extraditable offenses.

(5) Treaties negotiated since the 1970's are much more effective because they are flexible and reflect modern criminal justice issues such as international child abduction and cybercrimes.

(b) SENSE OF CONGRESS.—The Congress calls on the Secretary of State to develop and implement a process for negotiating new effective extradition treaties with countries with which the United States has no current extradition treaty, as well as renegotiating old ineffective treaties, and to work closely with the Department of Justice in achieving these objectives.

SEC. 748. SENSE OF CONGRESS RELATING TO UPCOMING ELECTIONS IN FIJI, EAST TIMOR, AND PERU.

It is the sense of the Congress that—

(1) the upcoming national elections in Fiji and East Timor in August 2001 and Peru in June 2001 are crucial and should be conducted in a free, fair, and democratic manner; and

(2) the Secretary of State should send election monitors to Fiji, and should offer technical support, as appropriate, to East Timor and Peru, to support free and fair elections in these nations.

SEC. 749. SENSE OF CONGRESS REGARDING THE MURDER OF JOHN M. ALVIS.

(a) FINDINGS.—The Congress makes the following findings:

(1) On November 30, 2000, John M. Alvis was brutally murdered in Baku, Azerbaijan.

(2) John Alvis was serving his final two weeks of a two year full-time commitment to the International Republican Institute, an American nongovernmental organization carrying out assistance projects for the United States Government to help promote democracy and strengthen the rule of law in Azerbaijan.

(3) Almost immediately following the news of the murder of John M. Alvis, our United States Ambassador to Azerbaijan, Ross Wilson, raised the issue with the the President of Azerbaijan and with the Minister of Interior, and was assured that every effort would be made to carry out a prompt and thorough investigation.

(4) After the murder, 18 members of Congress, led by Congressman Kevin Brady and then-Chairman of the House International Relations Committee, Ben Gilman, wrote President Aliyev expressing the commitment of the Congress to seeing John's murder solved, and Senator John McCain wrote former President Clinton's Administration requesting the FBI's involvement.

(5) The United States Ambassador to Azerbaijan continues to raise this issue with Azerbaijani officials.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States and the Congress is absolutely committed to ensuring that the truth of the murder of John M. Alvis is determined and the individual or individuals responsible for this heinous act are brought to justice; and

(2) the Congress—

(A) appreciates the efforts of the Government of Azerbaijan to find the murderer or murderers of John M. Alvis and urges it to continue to make it a high priority; and

(B) urges the United States Department of State to continue to raise the issue of the murder of John M. Alvis with the Government of Azerbaijan and to make this issue a priority item in relations between the Government of the United States and the Government of Azerbaijan.

(a) FINDINGS.—The Congress finds the following:

(1) On March 27, 2001, at the first regular Arab summit gathering in more than 10 years, President Bashar al-Assad used his speech to lash out at Israel.

(2) On March 28, 2001, the New York Times reported, "In electing Mr. Sharon to be their leader, President Assad said, Israelis had chosen a man who hated anything to do with Arabs and had dedicated his career to killing them."

(3) President Assad additionally said, "We say that the head of the government is a racist, it's a racist government, a racist army and security force," he said, adding that by extension, "It is a racist society and it is even more racist than the Nazis."

(4) On March 28, 2001, State Department spokesman Richard Boucher described President Assad's remarks as, "absolutely wrong... totally unacceptable and inappropriate."

(5) On March 29, 2001, the Bush administration's top Middle East diplomat, Assistant Secretary of State Edward Walker, responding to Assad's remarks stated, "His statement at the Arab League was unacceptable, particularly his reference to Zionism as racism."

(6) On May 5, 2001, in his welcoming speech to Pope John Paul II, upon the Pope's arrival in Damascus, President Assad said, "They, Israelis, try to kill all the principles of divine faiths with the same mentality of betraying Jesus Christ and torturing Him, and in the same way that they tried to commit treachery against Prophet Mohammad."

(7) On May 6, 2001, at the Umayyad Mosque, Muhammad Ziyadah, Syria's minister of religious affairs, said, "We must be fully aware of what the enemies of God and malicious Zionism conspire to commit against Christianity and Islam."

(8) On May 7, 2001, State Department spokesman Richard Boucher condemned President Assad's remarks, "Our view is that these comments are as regrettable as they are unacceptable. There's no place from anyone or from any side for statements that inflame religious passions and hatred."

(9) It is only through constructive diplomacy, and not through hateful, counterproductive speech, that peace can possibly be achieved in the Middle East.

(b) SENSE OF CONGRESS.—The Congress—

(1) condemns Syrian President Bashar al-Assad for his inflammatory remarks on March 27, 2001, and May 5, 2001;

(2) expresses its solidarity with the state and people of Israel at this time of crisis;

(3) calls upon President Assad and the Syrian Government to refrain from any future inflammatory remarks;

(4) commends the Administration for its swift response to President Assad's remarks; and

(5) urges the Administration to emphasize to Syrian Government officials the concerns of the United States about the negative impact such remarks make on Middle East peace negotiations.

SEC. 751. SENSE OF CONGRESS RELATING TO ENVIRONMENTAL CONTAMINATION AND HEALTH EFFECTS IN THE PHILIPPINES EMANATING FROM FORMER UNITED STATES MILITARY FACILITIES.

It is the sense of the Congress that—

(1) the Secretary of State, in cooperation with the Secretary of Defense, should continue to work with the Government of the Philippines and with appropriate non-governmental organizations in the United States and the Philippines to fully identify and share all relevant information concerning environmental contamination and health effects emanating from former United States military facilities in the Philippines following departure of the United States military forces from the Philippines in 1992;

(2) These civilian prisoners of war were subjected to barbaric prison conditions and endured torture, starvation, and disease.

(3) The incarceration of these United States civilians and the conditions of such incarceration violated international human rights principles.

(4) The vast majority of these civilian prisoners of war have never received any formal recognition or compensation for their suffering, despite the physical and emotional trauma they endured.

(5) The incarceration of United States civilians by the Axis Powers during World War II and the conditions of such incarceration violated international human rights principles.

(b) SENSE OF CONGRESS.—The Congress—

¶49.17 WELCOMING PRESIDENT OF
TAIWAN

On motion of Mr. GILMAN, by unanimous consent, the Committee on International Relations was discharged from further consideration of the following concurrent resolution (H. Con. Res. 135):

Whereas for more than 50 years, a close relationship has existed between the United States and Taiwan, which has been of enormous economic, cultural, and strategic advantage to both countries;

Whereas the United States and Taiwan share common ideals and a vision for the 21st century;

Whereas freedom and democracy are the strongest foundations for peace and prosperity;

Whereas Taiwan has demonstrated an improved record on human rights and a commitment to democratic ideals of freedom of speech, freedom of the press, and free and fair elections routinely held in a multiparty system, as evidenced by the March 18, 2000, election of Chen Shui-bian as Taiwan's new president;

Whereas President Chen Shui-bian of Taiwan visited the United States on August 13, 2000, when several Members of Congress expressed interest in meeting with President Chen Shui-bian during his layover in Los Angeles, California, en route to Latin America;

Whereas the meeting with President Chen Shui-bian did not take place because of pressure from Washington and Beijing;

Whereas the Congress thereby lost the opportunity to communicate directly with President Chen Shui-bian about developments in the Asia-Pacific region and key elements of the relationship between the United States and Taiwan; and

Whereas the upcoming May 21, 2001, visit to the United States by President Chen Shui-bian of Taiwan is another significant opportunity to broaden and strengthen relations

between the United States and Taiwan: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Congress—

(1) warmly welcomes President Chen Shui-bian of Taiwan upon his visit to the United States;

(2) requests President Chen Shui-bian to communicate to the people of Taiwan the support of the Congress and of the people of the United States; and

(3) recognizes that the visit of President Chen Shui-bian to the United States is a significant step toward broadening and deepening the friendship and cooperation between the United States and Taiwan.

When said concurrent resolution was considered.

Mr. GILMAN submitted the following amendment in the nature of a substitute which was agreed to:

Strike all after the resolving clause and insert the following:

That the Congress—

(1) warmly welcomes President Chen Shui-bian of Taiwan upon his visit to the United States;

(2) requests President Chen Shui-bian to communicate to the people of Taiwan the support of the Congress and of the people of the United States; and

(3) recognizes that the visit of President Chen Shui-bian to the United States is another significant opportunity to broaden and strengthen the friendship and cooperation between the United States and Taiwan.

The concurrent resolution, as amended, was agreed to.

Mr. GILMAN submitted the following amendment to the preamble, which was agreed to:

Whereas for more than 50 years, a close relationship has existed between the United States and Taiwan, which has been of enormous economic, cultural, and strategic advantage to both countries;

Whereas the United States and Taiwan share common ideals and a vision for the 21st century;

Whereas freedom and democracy are the strongest foundations for peace and prosperity;

Whereas Taiwan has demonstrated an improved record on human rights and a commitment to democratic ideals of freedom of speech, freedom of the press, and free and fair elections routinely held in a multiparty system, as evidenced by the March 18, 2000, election of Chen Shui-bian as Taiwan's new president; and

Whereas the upcoming May 21, 2001, visit to the United States by President Chen Shui-bian of Taiwan is another significant opportunity to broaden and strengthen the friendship and cooperation between the United States and Taiwan:

A motion to reconsider the vote whereby said concurrent resolution, as amended, was agreed to and the preamble was amended was, by unanimous consent, laid on the table.

Ordered, That the Clerk request the concurrence of the Senate in said concurrent resolution.

To Mr. GANSKE, for today; and

To Ms. KILPATRICK, for today.

agreed to, at 4 o'clock and 57 minutes p.m., the House adjourned until 12:30 p.m. on Monday, May 21, 2001.

Whereas Detroit is the automotive capital of the Nation and an international leader in automobile manufacturing and trade;

Whereas the contributions of Detroit residents to civilian and military production have astounded the Nation, contributed to United States victory in World War II, and resulted in Detroit being called the Arsenal of Democracy;

Whereas residents of Detroit played a central role in the development of the organized labor movement and contributed to protections for workers' rights;

Whereas Detroit is home to the United Auto Workers Union and many other building and service trades and industrial unions;

Whereas Detroit has a rich sports tradition and has produced many sports legends, including Ty Cobb, Al Kaline, Willie Horton, Hank Greenberg, Mickey Cochrane, and Sparky Anderson of the Detroit Tigers; Dick "Night Train" Lane, Joe Schmidt, Billy Sims, Dutch Clark, and Barry Sanders of the Detroit Lions; Dave Bing, Bob Lanier, Isaiah Thomas, and Joe Dumars of the Detroit Pistons; Gordie Howe, Terry Sawchuk, Ted Lindsay, and Steve Yzerman of the Detroit Red Wings; boxing greats Joe Louis, Sugar Ray Robinson, and Thomas Hearns; and Olympic speed skater Jeanne Omelenchuk;

Whereas Detroit's cultural attractions include the Detroit Institute of Arts, the Charles H. Wright Museum of African-American History (the largest museum devoted exclusively to African-American art and culture), the Detroit Historical Museum, the Detroit Symphony, the Michigan Opera Theater, the Detroit Science Center, and the Dossin Great Lakes Museum;

Whereas several centers of educational excellence are located in Detroit, including Wayne State University, the University of Detroit Mercy, Marygrove College, Sacred

Heart Seminary College, the Center for Creative Studies—College of Art and Design, and the Lewis College of Business (the only institution in Michigan designated as a "Historically Black College");

Whereas residents of Detroit played an integral role in developing the distinctly American sounds of jazz, rhythm and blues, rock 'n roll, and techno; and

Whereas Detroit was the home of Berry Gordy, who created the musical genre that has been called the Motown Sound, and many great musical artists, including Aretha Franklin, Anita Baker, and the Winans family: Now, therefore, be it

§52.12 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. NORWOOD:

At the end of part A of title V of the Elementary and Secondary Education Act of 1965, as amended by section 501 of the bill, add the following:

“SEC. 5155. DISCIPLINE OF CHILDREN WITH DISABILITIES.

“(a) AUTHORITY OF SCHOOL PERSONNEL.—Each State receiving funds under this Act shall require each local educational agency to have in effect a policy under which school personnel of such agency may discipline (including expel or suspend) a child with a disability who—

“(1) carries or possesses a weapon to or at a school, on school premises, or to or at a school function, under the jurisdiction of a State or a local educational agency;

“(2) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance at a school, on school premises, or at a school function, under the jurisdiction of a State or a local educational agency; or

“(3) commits an aggravated assault or battery (as defined under State or local law) at a school, on school premises, or at a school function, under the jurisdiction of a State or local educational agency,

in the same manner in which such personnel may discipline a child without a disability. Such personnel may modify the disciplinary action on a case-by-case basis.

“(b) RULE OF CONSTRUCTION.—Nothing in subsection (a) shall be construed to prevent a child with a disability who is disciplined pursuant to the authority provided under paragraph (1) or (2) of subsection (a) from asserting a defense that the carrying or posses-

sion of the weapon, or the possession or use of the illegal drugs (or the sale or solicitation of the controlled substance), as the case may be, was unintentional or innocent.

“(c) FREE APPROPRIATE PUBLIC EDUCATION.—

“(1) CEASING TO PROVIDE EDUCATION.—Notwithstanding any other provision of Federal law, a child expelled or suspended under subsection (a) shall not be entitled to continue educational services, including a free appropriate public education, required under Federal law during the term of such expulsion or suspension, if the State in which the local educational agency responsible for providing educational services to such child does not require a child without a disability to receive educational services after being expelled or suspended.

“(2) PROVIDING EDUCATION.—Notwithstanding paragraph (1), the local educational agency responsible for providing educational services to a child with a disability who is expelled or suspended under paragraph (1) may choose to continue to provide educational services or mental health services to such child. If the local educational agency so chooses to continue to provide the services—

“(A) nothing in any other provision of Federal law shall require the local educational agency to provide such child with any particular level of service; and

“(B) the location where the local educational agency provides the services shall be left to the discretion of the local educational agency.

“(d) DEFINITIONS.—In this section:

“(1) CONTROLLED SUBSTANCE.—The term ‘controlled substance’ has the meaning given the term in section 5151.

“(2) ILLEGAL DRUG.—The term ‘illegal drug’ means a controlled substance, but does not include such a substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of Federal law.

“(3) WEAPON.—The term ‘weapon’ has the meaning given the term ‘dangerous weapon’ under subsection (g)(2) of section 930 of title 18, United States Code.

§52.18 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. BRADY of Texas:

Strike part D of title II of the Elementary and Secondary Education Act of 1965, as proposed to be added by section 203 of the bill, and insert the following:

"PART D—TEACHER LIABILITY PROTECTION

"SEC. 2301. SHORT TITLE.

"This part may be cited as the 'Paul Coverdell Teacher Liability Protection Act of 2001'.

"SEC. 2302. FINDINGS AND PURPOSE.

"(a) FINDINGS.—Congress makes the following findings:

"(1) The ability of teachers, principals and other school professionals to teach, inspire and shape the intellect of our Nation's elementary and secondary school students is deterred and hindered by frivolous lawsuits and litigation.

"(2) Each year more and more teachers, principals and other school professionals face lawsuits for actions undertaken as part of their duties to provide millions of school children quality educational opportunities.

"(3) Too many teachers, principals and other school professionals face increasingly severe and random acts of violence in the classroom and in schools.

"(4) Providing teachers, principals and other school professionals a safe and secure environment is an important part of the effort to improve and expand educational opportunities.

"(5) Clarifying and limiting the liability of teachers, principals and other school professionals who undertake reasonable actions to maintain order, discipline and an appropriate educational environment is an appropriate subject of Federal legislation because—

"(A) the scope of the problems created by the legitimate fears of teachers, principals and other school professionals about frivolous, arbitrary or capricious lawsuits against teachers is of national importance; and

"(B) millions of children and their families across the Nation depend on teachers, principals and other school professionals for the intellectual development of children.

"(b) PURPOSE.—The purpose of this part is to provide teachers, principals and other school professionals the tools they need to undertake reasonable actions to maintain order, discipline and an appropriate educational environment.

"SEC. 2303. PREEMPTION AND ELECTION OF STATE NONAPPLICABILITY.

"(a) PREEMPTION.—This part preempts the laws of any State to the extent that such laws are inconsistent with this part, except that this part shall not preempt any State law that provides additional protection from liability relating to teachers.

"(b) ELECTION OF STATE REGARDING NON-APPLICABILITY.—This part shall not apply to any civil action in a State court against a teacher with respect to claims arising within that State if such State enacts a statute in accordance with State requirements for enacting legislation—

"(1) citing the authority of this subsection;

"(2) declaring the election of such State that this part shall not apply, as of a date certain, to such civil action in the State; and

"(3) containing no other provisions.

The court shall render a separate judgment against each defendant in an amount determined pursuant to the preceding sentence.

"(2) PERCENTAGE OF RESPONSIBILITY.—For purposes of determining the amount of noneconomic loss allocated to a defendant who is a teacher under this section, the trier of fact shall determine the percentage of responsibility of that defendant for the claimant's harm.

¶52.20 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. KIRK:

At the end of title VI of the bill, add the following:

SEC. 607. SENSE OF CONGRESS RELATING TO FULL FUNDING OF THE IMPACT AID PROGRAM.

(a) FINDINGS.—Congress finds the following:

(1) More than 90 percent of resources for school districts in the United States are raised from State and local property taxes.

(2) School districts that are affected by the presence of the Federal government, such as Federal property that is not subject to taxation, must still provide educational services to children who are federally connected by such activities of the Federal government.

(3) To mitigate this loss of funding, Congress has made "impact aid" payments to local educational agencies to reimburse the

agencies for the costs of educating federally connected children.

(4) From 1950 to 1969, Congress provided full funding for the impact aid program to help defray the costs of educating federally connected children.

(5) For fiscal year 2000, Congress provided only 46 percent of the costs of educating federally connected children.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the House of Representatives, Senate, and Administration should work together to provide full funding for the impact aid program in future fiscal years in order to meet the needs of school districts affected by a Federal presence; and

(2) the full funding of the impact aid program will ensure that federally connected children will continue to receive a quality education.

TITLE I—IMPROVING THE ACADEMIC PERFORMANCE OF THE DISADVANTAGED**PART A—BASIC PROGRAM****SEC. 101. DISADVANTAGED CHILDREN MEET HIGH ACADEMIC STANDARDS.**

Section 1001 is amended to read as follows:
“**SEC. 1001. FINDINGS; STATEMENT OF PURPOSE; AND RECOGNITION OF NEED.**

“(a) **FINDINGS.**—Congress finds the following:

“(1) The Constitution of the United States reserves to the States and to the people the responsibility for the general supervision of public education in kindergarten through the twelfth grade.

“(2) States, local educational agencies and schools should be given maximum flexibility in exchange for greater academic accountability, and be given greater freedom to build upon existing innovative approaches for education reform.

“(3) The best education decisions are made by those who know the students and who are responsible for implementing the decisions.

“(4) Educators and parents should retain the right and responsibility to educate their pupils and children free of excessive regulation by the Federal Government.

“(5) The Supreme Court has regarded the right of parents to direct the upbringing of their children as a fundamental right implicit in the concept of ordered liberty within the 14th Amendment to the Constitution, as specified in *Meyer v. Nebraska*, 262 U.S. 390 (1923), and *Pierce v. Society of Sisters*, 268 U.S. 510 (1925).

“(6) Schools that enroll high concentrations of children living in poverty face the greatest challenges, but effective educational strategies based on scientifically based research can succeed in educating children to high academic standards.

“(7) High-poverty schools are much more likely to be identified as failing to meet State academic standards for satisfactory progress. As a result, these schools are generally the most in need of additional resources and technical assistance to build the capacity of these schools to address the many needs of their students.

“(8) The educational progress of children participating in programs under this title is closely associated with their being taught by a highly qualified staff, particularly in

schools with the highest concentrations of poverty, where paraprofessionals, uncertified teachers, and teachers teaching out of field frequently provide instructional services.

"(9) Congress and the public would benefit from additional data evaluating the efficacy of the Elementary and Secondary Education Act of 1965.

"(10) Schools operating programs assisted under this part must be held accountable for the educational achievement of their students, when those students fail to demonstrate progress in achieving high academic standards, local educational agencies and States must take significant actions to improve the educational opportunities available to them.

"(b) PURPOSE AND INTENT.—The purpose and intent of this title are to ensure that all children have a fair and equal opportunity to obtain a high-quality education.

"(c) RECOGNITION OF NEED.—The Congress recognizes the following:

"(1) Educational needs are particularly great for low-achieving children in our Nation's highest-poverty schools, children with limited English proficiency, children of migrant workers, children with disabilities, Indian children, children who are neglected or delinquent, and young children who are in need of reading assistance and family literacy assistance.

"(2) Despite more than 3 decades of Federal assistance, a sizable achievement gap remains between minority and nonminority students, and between disadvantaged students and their more advantaged peers.

"(3) Too many students attend local schools that fail to provide them with a quality education, and are given no alternatives to enable them to receive a quality education.

"(4) States, local educational agencies, and schools need to be held accountable for improving the academic achievement of all students, and for identifying and turning around low-performing schools.

"(5) States and local educational agencies need to ensure that high quality academic assessments, accountability systems, teacher preparation and training, curriculum, and instructional materials are aligned with challenging State academic standards so that students, teachers, parents, and administrators can measure progress against common expectations for student academic achievement.

"(6) Federal education assistance is intended not only to increase pupil achievement overall, but also more specifically and importantly, to help ensure that all students, especially the disadvantaged, meet challenging academic achievement standards. It can only be determined if schools, local educational agencies, and States are reaching this goal if student achievement results are reported specifically by disadvantaged and minority status."

SEC. 103. RESERVATION FOR SCHOOL IMPROVEMENT.

Section 1003 is amended to read as follows:
“SEC. 1003. RESERVATION FOR SCHOOL IMPROVEMENT.

“(a) **STATE RESERVATIONS.**—Each State shall reserve 1 percent of the amount it receives under subpart 2 of part A for fiscal years 2002 and 2003, and 3 percent of the amount received under such subpart for fiscal years 2004 through 2006, to carry out subsection (b) and to carry out the State’s responsibilities under sections 1116 and 1117, including carrying out the State educational agency’s statewide system of technical assistance and support for local educational agencies.

“(b) **USES.**—Of the amount reserved under subsection (a) for any fiscal year, the State educational agency shall allocate at least 95 percent of that amount directly to local educational agencies for schools identified for school improvement, corrective action, and restructuring under section 1116(b) that have the greatest need for that assistance in amounts sufficient to have a significant impact in improving those schools.

“(c) **PRIORITY.**—The State educational agency, in allocating funds to local educational agencies under this section, shall give priority to local educational agencies that—

“(1) have the lowest achieving schools;

“(2) demonstrate the greatest need for such funds; and

“(3) demonstrate the strongest commitment to ensuring that such funds are used to enable the lowest achieving schools to meet the yearly progress goals under section 1116(b)(3)(A)(v).

“(d) **UNUSED FUNDS.**—If, after consultation with local educational agencies in the State, the State educational agency determines that the amount of funds reserved to carry out subsection (b) is greater than the amount needed to provide the assistance described in that subsection, it may allocate the excess amount to local educational agencies in accordance with either or both—

“(1) the relative allocations it made to those agencies for that fiscal year under subpart 2 of part A; or

“(2) section 1126(c).

“(e) **SPECIAL RULE.**—Notwithstanding any other provision of this section, the amount of funds reserved by the State under subsection (a) in any given fiscal year shall not decrease the amount of funds each local educational agency receives under subpart 2 below the amount received by such agency under such subpart in the preceding fiscal year.”.

SEC. 104. BASIC PROGRAMS.

The heading for part A of title I and sections 1111 through 1115 are amended to read as follows:

“PART A—IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES

“Subpart 1—Basic Program Requirements

“SEC. 1111. STATE PLANS.

“(a) **PLANS REQUIRED.**—

“(1) **IN GENERAL.**—Any State desiring to receive a grant under this part shall submit to the Secretary, by March 1, 2002, a plan, developed in consultation with local educational agencies, teachers, principals, pupil services personnel, administrators (including administrators of programs described in other parts of this title), other staff, and parents, that satisfies the requirements of this section and that is coordinated with other programs under this Act, the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Vocational

and Technical Education Act of 1998 (20 U.S.C. 2301 et seq.), the Head Start Act (42 U.S.C. 9831 et seq.), and the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).

“(2) **CONSOLIDATED PLAN.**—A State plan submitted under paragraph (1) may be submitted as part of a consolidated plan under section 8302.

“(b) **ACADEMIC STANDARDS, ACADEMIC ASSESSMENTS, AND ACCOUNTABILITY.**—

“(1) **CHALLENGING ACADEMIC STANDARDS.**—

“(A) Each State plan shall demonstrate that the State has adopted challenging academic content standards and challenging student academic achievement standards that will be used by the State, its local educational agencies, and its schools to carry out this part, except that a State shall not be required to submit such standards to the Secretary.

“(B) The academic standards required by subparagraph (A) shall be the same academic standards that the State applies to all schools and children in the State.

“(C) The State shall have such academic standards for all public elementary and secondary school children, including children served under this part, in subjects determined by the State, but including at least mathematics, reading or language arts, and science (beginning in the 2005–2006 school year), which shall include the same knowledge, skills, and levels of achievement expected of all children.

“(D) Academic standards under this paragraph shall include—

“(i) challenging academic content standards in academic subjects that—

“(I) specify what children are expected to know and be able to do;

“(II) contain coherent and rigorous content; and

“(III) encourage the teaching of advanced skills; and

“(ii) challenging student academic achievement standards that—

“(I) are aligned with the State’s academic content standards;

“(II) describe 2 levels of high performance (proficient and advanced) that determine how well children are mastering the material in the State academic content standards; and

“(III) describe a third level of performance (basic) to provide complete information about the progress of the lower performing children toward achieving to the proficient and advanced levels of performance.

“(E) For the subjects in which students will be served under this part, but for which a State is not required by subparagraphs (A), (B), and (C) to develop, and has not otherwise developed such academic standards, the State plan shall describe a strategy for ensuring that students are taught the same knowledge and skills in such subjects and held to the same expectations as are all children.

“(F) Nothing in this part shall prohibit a State from revising any standard adopted under this part before or after the date of enactment of the No Child Left Behind Act of 2001.

“(2) **ACCOUNTABILITY.**—

“(A) **IN GENERAL.**—Each State plan shall demonstrate that the State has developed and is implementing a statewide State accountability system that has been or will be effective in ensuring that all local educational agencies, public elementary schools, and public secondary schools make adequate yearly progress as defined under subparagraph (B). Each State accountability system shall—

“(i) be based on the academic standards and academic assessments adopted under paragraphs (1) and (4) and take into account

the performance of all public school students;

“(ii) be the same as the accountability system the State uses for all public schools or all local educational agencies in the State, except that public schools and local educational agencies not participating under this part are not subject to the requirements of section 1116; and

“(iii) include rewards and sanctions the State will use to hold local educational agencies and public schools accountable for student achievement and for ensuring that they make adequate yearly progress in accordance with the State’s definition under subparagraph (B).

“(B) **ADEQUATE YEARLY PROGRESS.**—Each State plan shall demonstrate, based on academic assessments described under paragraph (4), what constitutes adequate yearly progress of the State, and of public schools and local educational agencies in the State, toward enabling all public school students to meet the State’s student academic achievement standards, while working toward the goal of narrowing the achievement gaps in the State, local educational agency, and school.

“(C) **DEFINITION.**—‘Adequate yearly progress’ shall be defined by the State in a manner that—

“(i) applies the same high academic standards of academic performance to all public school students in the State;

“(ii) measures the progress of public schools and local educational agencies based primarily on the academic assessments described in paragraph (4);

“(iii) measures the student dropout rate, as defined for the Common Core of Data maintained by the National Center for Education Statistics established under section 403 of the National Education Statistics Act of 1994 (20 U.S.C. 9002);

“(iv) includes separate annual numerical objectives for continuing and significant improvement in each of the following (except that disaggregation of data under subclauses (II) and (III) shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal individually identifiable information about an individual student):

“(I) The achievement of all public school students.

“(II) The achievement of—

“(aa) economically disadvantaged students;

“(bb) students from major racial and ethnic groups;

“(cc) students with disabilities; and

“(dd) students with limited English proficiency;

“(III) solely for the purpose of determining adequate yearly progress of the State, the acquisition of English language proficiency by children with limited English proficiency;

“(v) at the State’s discretion, may also include other academic measures such as promotion, completion of college preparatory courses, and high school completion (and for individual local educational agencies and schools, the acquisition of English language proficiency by children with limited English proficiency), except that inclusion of such other measures may not change which schools or local educational agencies would otherwise be subject to improvement or corrective action under section 1116 if the discretionary indicators were not included; and

“(vi) includes a timeline that—

“(I) uses as a baseline year the year following the date of enactment of the No Child Left Behind Act of 2001;

“(II) establishes a target year by which all members of each group of students described in subclauses (I) and (II) of clause (iii) shall meet or exceed the State’s proficient level of

academic performance on the State academic assessment used for the purposes of this section and section 1116, except that the target year shall not be more than 12 years from the baseline year; and

“(III) for each year until and including the target year, establishes annual goals for the academic performance of each group of students described in subclauses (I) and (II) of clause (iii) on the State academic assessment that—

“(aa) indicates a minimum percentage of students who must meet the proficient level on the academic assessment, such that the minimum percentage is the same for each group of students described in subclauses (I) and (II) of clause (iii); or

“(bb) indicates an annual minimum amount by which the percentage of students who meet the proficient level among each group of students described in subclauses (I) and (II) of clause (iii) shall increase, such that the minimum increase for each group is equal to or greater than 100 percent minus the percentage of the group meeting the proficient level in the baseline year divided by the number of years from the baseline year to the target year established under clause (I).

“(D) ANNUAL IMPROVEMENT FOR SCHOOLS.—For a school to make adequate yearly progress under subparagraph (A), not less than 95 percent of each group of students described in subparagraph (C)(iii)(II) who are enrolled in the school are required to take the academic assessments, consistent with section 612(a)(17)(A) of the Individuals with Disabilities Education Act (20 U.S.C. 1412(a)(17)(A)) and paragraph (4)(G)(ii), on which adequate yearly progress is based.

“(E) PUBLIC NOTICE AND COMMENT.—Each State shall ensure that in developing its plan, it diligently seeks public comment from a range of institutions and individuals in the State with an interest in improved student achievement and that the State makes and will continue to make a substantial effort to ensure that information under this part is widely known and understood by the public, parents, teachers, and school administrators throughout the State. Such efforts shall include, at a minimum, publication of such information and explanatory text, broadly to the public through such means as the Internet, the media, and public agencies.

“(3) STATE AUTHORITY.—If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt curriculum content and student academic achievement standards, and academic assessments aligned with such academic standards, which will be applicable to all students enrolled in the State's public schools, then the State educational agency may meet the requirements of this subsection by—

“(A) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, limiting their applicability to students served under this part; or

“(B) adopting and implementing policies that ensure that each local educational agency in the State which receives grants under this part will adopt curriculum content and student academic achievement standards, and academic assessments aligned with such standards, which meet all of the criteria in this subsection and any regulations regarding such standards and assessments which the Secretary may publish, and which are applicable to all students served by each such local educational agency.

“(4) ACADEMIC ASSESSMENTS.—Each State plan shall demonstrate that the State has

implemented a set of high-quality, yearly student academic assessments that include, at a minimum, academic assessments in mathematics, and reading or language arts, that will be used as the primary means of determining the yearly performance of the State and of each local educational agency and school in enabling all children to meet the State's challenging student academic achievement standards. Such assessments shall—

“(A) be the same academic assessments used to measure the performance of all children;

“(B) be aligned with the State's challenging content and student academic achievement standards and provide coherent information about student attainment of such standards;

“(C) be used for purposes for which such assessments are valid and reliable, and be consistent with relevant, recognized professional and technical standards for such assessments;

“(D) for the purposes of this part, be scored to ensure the performance of each student is evaluated solely against the State's challenging academic content standards and not relative to the score of other students;

“(E) except as otherwise provided for grades 3 through 8 under subparagraph (G), measure the proficiency of students in, at a minimum, mathematics and reading or language arts, and be administered not less than once during—

“(i) grades 3 through 5;

“(ii) grades 6 through 9; and

“(iii) grades 10 through 12;

“(F) involve multiple up-to-date measures of student achievement, including measures that assess critical thinking skills and understanding;

“(G) beginning not later than school year 2004-2005, measure the performance of students against the challenging State content and student academic achievement standards in each of grades 3 through 8 in, at a minimum, mathematics, and reading or language arts, except that the Secretary may provide the State 1 additional year if the State demonstrates that exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State, prevented full implementation of the academic assessments by that deadline and that it will complete implementation within the additional 1-year period;

“(H) provide for—

“(i) the participation in such assessments of all students;

“(ii) the reasonable adaptations and accommodations for students with disabilities defined under 602(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(3)) necessary to measure the achievement of such students relative to State content and State student academic achievement standards;

“(iii) the inclusion of limited English proficient students who shall be assessed, to the extent practicable, in the language and form most likely to yield accurate and reliable information on what such students know and can do in content areas;

“(iv) notwithstanding clause (iii), the academic assessment (using tests written in English) of reading or language arts of any student who has attended school in the United States (not including Puerto Rico) for 3 or more consecutive school years, except if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language and form would likely yield more accurate and reliable information on what such students know and can do, the local educational agency may assess such students in

the appropriate language other than English for 1 additional year;

“(I) include students who have attended schools in a local educational agency for a full academic year but have not attended a single school for a full academic year, except that the performance of students who have attended more than one school in the local educational agency in any academic year shall be used only in determining the progress of the local educational agency;

“(J) produce individual student reports to be provided to parents, which include academic assessment scores, or other information on the attainment of student academic achievement standards; and

“(K) enable results to be disaggregated within each State, local educational agency, and school by gender, by each major racial and ethnic group, by English proficiency status, by migrant status, by students with disabilities as compared to nondisabled students, and by economically disadvantaged students as compared to students who are not economically disadvantaged.

“(L) be tests of objective knowledge, based on measurable, verifiable, and widely accepted professional testing and assessment standards, and shall not assess the personal opinions, attitudes, or beliefs of the student being assessed.

“(5) SPECIAL RULE.—Academic assessment measures in addition to those in paragraph (4) that do not meet the requirements of such paragraph may be included as additional measures, but may not be used in lieu of the academic assessments required in paragraph (4). Results on any additional measures under this paragraph shall not change which schools or local educational agencies would otherwise be subject to improvement or corrective action under section 1116 if the additional measures were not included.

“(6) LANGUAGE ASSESSMENTS.—Each State plan shall identify the languages other than English that are present in the participating student population and indicate the languages for which yearly student academic assessments are not available and are needed. The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible academic assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate academic assessment measures in the needed languages, but shall not mandate a specific academic assessment or mode of instruction.

“(7) ACADEMIC ASSESSMENTS OF ENGLISH LANGUAGE PROFICIENCY.—Each State plan shall demonstrate that local educational agencies in the State will, beginning no later than school year 2002-2003, annually assess the English proficiency of all students with limited English proficiency in their schools.

“(8) REQUIREMENT.—Each State plan shall describe—

“(A) how the State educational agency will assist each local educational agency and school affected by the State plan to develop the capacity to comply with each of the requirements of sections 1112(c)(1)(D), 1114(c), and 1115(c) that is applicable to such agency or school;

“(D) how the services will be academically assessed and how the results of that assessment will be used to improve those services;

“(5) COMPLIANCE.—Private school officials shall have the right to appeal to the State as

to whether the consultation provided for in this section was meaningful and timely, and that due consideration was given to the views of private school officials. “(e) CAPITAL EXPENSES.—

“(1) IN GENERAL.—(A) From the amount appropriated for this subsection under section 1002(g) for any fiscal year, each State is eligible to receive an amount that bears the same ratio to the amount so appropriated as the number of private school children who received services under this part in the State in the most recent year for which data satisfactory to the Secretary are available bears to the number of such children in all States in that same year.

“(B) The Secretary shall reallocate any amounts allocated under subparagraph (A) that are not used by a State for the purpose of this subsection to other States on the basis of their respective needs, as determined by the Secretary.

“(1) IN GENERAL.—A State or local educational agency shall use funds received under this part only to supplement the amount of funds that would, in the absence of such Federal funds, be made available from non-Federal sources for the education of pupils participating in programs assisted under this part, and not to supplant such funds.

“(2) SPECIAL RULE.—No local educational agency shall be required to provide services under this part through a particular instructional method or in a particular instructional setting in order to demonstrate such agency's compliance with paragraph (1).

“(c) COMPARABILITY OF SERVICES.—

“(1) IN GENERAL.—(A) Except as provided in paragraphs (4) and (5), a local educational agency may receive funds under this part only if State and local funds will be used in schools served under this part to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving funds under this part.

“(B) If the local educational agency is serving all of such agency's schools under this part, such agency may receive funds under this part only if such agency will use State and local funds to provide services that, taken as a whole, are substantially comparable in each school.

“(C) A local educational agency may meet the requirements of subparagraphs (A) and (B) on a grade-span by grade-span basis or a school-by-school basis.

“(2) WRITTEN ASSURANCE.—(A) A local educational agency shall be considered to have met the requirements of paragraph (1) if such agency has filed with the State educational agency a written assurance that such agency has established and implemented—

“(i) a local educational agency-wide salary schedule;

“(ii) a policy to ensure equivalence among schools in teachers, administrators, and other staff; and

“(iii) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies.

“(B) For the purpose of subparagraph (A), in the determination of expenditures per pupil from State and local funds, or instructional salaries per pupil from State and local funds, staff salary differentials for years of employment shall not be included in such determinations.

“(C) A local educational agency need not include unpredictable changes in student enrollment or personnel assignments that occur after the beginning of a school year in determining comparability of services under this subsection.

“(3) PROCEDURES AND RECORDS.—Each local educational agency assisted under this part shall—

“(A) develop procedures for compliance with this subsection; and

“(B) maintain records that are updated biennially documenting such agency's compliance with this subsection.

“(4) INAPPLICABILITY.—This subsection shall not apply to a local educational agency that does not have more than one building for each grade span.

“(5) COMPLIANCE.—For the purpose of determining compliance with paragraph (1), a local educational agency may exclude State and local funds expended for—

“(B) excess costs of providing services to children with disabilities as determined by the local educational agency.

“(d) EXCLUSION OF FUNDS.—For the purpose of complying with subsections (b) and (c), a State or local educational agency may exclude supplemental State or local funds expended in any school attendance area or school for programs that meet the intent and purposes of this part.

“(2) the Secretary of the Interior in the amount necessary to make payments pursuant to subsection (d).

“(b) ASSISTANCE TO OUTLYING AREAS.—

“(1) FUNDS RESERVED.—From the amount made available for any fiscal year under subsection (a), the Secretary shall award grants to the outlying areas.

“(2) COMPETITIVE GRANTS.—For each of fiscal years 2002 and 2003, the Secretary shall carry out the competition described in paragraph (3), except that the amount reserved to carry out such competition shall not exceed the amount reserved under this section for the freely associated states for fiscal year 1999.

“(3) LIMITATION FOR COMPETITIVE GRANTS.—

“(A) COMPETITIVE GRANTS.—The Secretary shall use funds described in paragraph (2) to award grants, on a competitive basis, to the outlying areas and freely associated States to carry out the purposes of this part.

“(B) AWARD BASIS.—The Secretary shall award grants under subparagraph (A) on a competitive basis, pursuant to the recommendations of the Pacific Region Educational Laboratory in Honolulu, Hawaii.

“(C) ADMINISTRATIVE COSTS.—The Secretary may provide not more than 5 percent of the amount reserved for grants under this paragraph to pay the administrative costs of the Pacific Region Educational Laboratory under subparagraph (B).

“(4) SPECIAL RULE.—The provisions of Public Law 95–134, permitting the consolidation of grants by the outlying areas, shall not apply to funds provided to the freely associated States under this section.

“(c) DEFINITIONS.—For the purposes of subsections (a) and (b)—

“(1) the term ‘freely associated States’ means the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau; and

“(d) ALLOTMENT TO THE SECRETARY OF THE INTERIOR.—

“(1) IN GENERAL.—The amount allotted for payments to the Secretary of the Interior under subsection (a)(2) for any fiscal year shall be, as determined pursuant to criteria established by the Secretary, the amount necessary to meet the special educational needs of—

“(A) Indian children on reservations served by elementary and secondary schools for Indian children operated or supported by the Department of the Interior; and

“(B) out-of-State Indian children in elementary and secondary schools in local educational agencies under special contracts with the Department of the Interior.

“(2) PAYMENTS.—From the amount allotted for payments to the Secretary of the Interior under subsection (a)(2), the Secretary of the Interior shall make payments to local educational agencies, upon such terms as the Secretary determines will best carry out the purposes of this part, with respect to out-of-State Indian children described in paragraph (1). The amount of such payment may not exceed, for each such child, the greater of—

“(A) 40 percent of the average per-pupil expenditure in the State in which the agency is located; or

“(B) 48 percent of such expenditure in the United States.

“SEC. 1122. AMOUNTS FOR BASIC GRANTS, CONCENTRATION GRANTS, AND TARGETED GRANTS.

“(a) ALLOCATION FORMULA.—Of the amount appropriated to carry out this part for each of fiscal years 2002 through 2006 (referred to in this subsection as the current fiscal year)—

“(1) an amount equal to the amount appropriated to carry out section 1124 for fiscal year 2001 shall be allocated in accordance with section 1124;

“(2) an amount equal to the amount appropriated to carry out section 1124A for fiscal year 2001 shall be allocated in accordance with section 1124A; and

“(b) ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS.—

“(1) IN GENERAL.—If the sums available under this part for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 1124, 1124A, and 1125 for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

“(2) ADDITIONAL FUNDS.—If additional funds become available for making payments under sections 1124, 1124A, and 1125 for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

“(c) HOLD-HARMLESS AMOUNTS.—

“(1) AMOUNTS FOR SECTIONS 1124 AND 1125.—For each fiscal year, the amount made available to each local educational agency under each of sections 1124 and 1125 shall be—

“(A) not less than 95 percent of the amount made available in the preceding fiscal year if the number of children counted for grants under section 1124 is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

“(B) not less than 90 percent of the amount made available in the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

“(2) AMOUNT FOR SECTION 1124A.—The amount made available to each local educational agency under section 1124A shall be not less than 85 percent of the amount made available in the preceding fiscal year.

“(3) PAYMENTS.—If sufficient funds are appropriated, the amounts described in paragraph (2) shall be paid to all local educational agencies that received grants under section 1124A for the preceding fiscal year, regardless of whether the local educational agency meets the minimum eligibility criteria for that fiscal year provided in section 1124A(a)(1)(A) except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (2).

“(4) POPULATION DATA.—In any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold harmless percentages in paragraphs (1) and (2) to counties, and if the Secretary’s allocation for a county is not sufficient to meet the hold harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold harmless amounts specified in this subsection.

“(d) RATABLE REDUCTIONS.—

“(1) IN GENERAL.—If the sums made available under this part for any fiscal year are insufficient to pay the full amounts that all States are eligible to receive under subsection (c) for such year, the Secretary shall ratably reduce such amounts for such year.

“(2) ADDITIONAL FUNDS.—If additional funds become available for making payments under subsection (c) for such fiscal year, amounts that were reduced under paragraph (1) shall be increased on the same basis as such amounts were reduced.

“(e) DEFINITION.—For the purpose of this section and sections 1124, 1124A, and 1125, the term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

"SEC. 1124. BASIC GRANTS TO LOCAL EDUCATIONAL AGENCIES.

"(a) AMOUNT OF GRANTS.—

"(1) GRANTS FOR LOCAL EDUCATIONAL AGENCIES AND PUERTO RICO.—Except as provided in paragraph (4) and in section 1126, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

"(A) the number of children counted under subsection (c); and

"(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent or more than 48 percent, of the average per-pupil expenditure in the United States.

"(2) CALCULATION OF GRANTS.—

"(A) ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for local educational agencies, unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

"(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

"(ii) paragraph (3) shall apply.

"(B) ALLOCATIONS TO LARGE AND SMALL LOCAL EDUCATIONAL AGENCIES.—(i) For any fiscal year in which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

"(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

"(iii) For small local educational agencies, the State educational agency may either—

"(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

"(II) use an alternative method approved by the Secretary to distribute the portion of the State's total grants under this section that is based on those small agencies.

"(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State's small local educational agencies that meet the eligibility criteria of subsection (b).

"(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

"(vi) As used in this subparagraph—

"(I) the term 'large local educational agency' means a local educational agency serving an area with a total population of 20,000 or more; and

"(II) the term 'small local educational agency' means a local educational agency serving an area with a total population of less than 20,000.

"(3) ALLOCATIONS TO COUNTIES.—

"(A) CALCULATION.—For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under section 1124(c) for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

"(B) DIRECT ALLOCATIONS.—In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agen-

cy may apply to the Secretary for authority to make the allocations under this part for a particular fiscal year directly to local educational agencies without regard to counties.

"(C) ASSURANCES.—If the Secretary approves the State educational agency's application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

"(i) using precisely the same factors for determining a grant as are used under this part; or

"(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

"(D) APPEAL.—The State educational agency shall provide the Secretary an assurance that it shall establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

"(4) PUERTO RICO.—

"(A) IN GENERAL.—For each fiscal year, the grant which the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) for the Commonwealth of Puerto Rico by the product of—

"(i) the percentage which the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

"(ii) 32 percent of the average per-pupil expenditure in the United States.

"(B) MINIMUM PERCENTAGE.—The percentage in subparagraph (A)(i) shall not be less than—

"(i) for fiscal year 2002, 77.5 percent;

"(ii) for fiscal year 2003, 80.0 percent;

"(iii) for fiscal year 2004, 82.5 percent; and

"(iv) for fiscal year 2005 and succeeding fiscal years, 85.0 percent.

"(C) LIMITATION.—If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this part than it received under this part for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of the percentage in subparagraph (A)(i) or the percentage used for the preceding fiscal year.

"(5) DEFINITION.—For purposes of this subsection, the term 'State' does not include Guam, American Samoa, the Virgin Islands, and the Northern Mariana Islands.

"(b) MINIMUM NUMBER OF CHILDREN TO QUALIFY.—A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) for that agency is both—

"(1) 10 or more; and

"(2) more than 2 percent of the total school-age population in the agency's jurisdiction.

"(c) CHILDREN TO BE COUNTED.—

"(1) CATEGORIES OF CHILDREN.—The number of children to be counted for purposes of this section is the aggregate of—

"(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

"(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

"(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

"(2) DETERMINATION OF NUMBER OF CHILDREN.—For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency's total grant that is no less than the county's share of the population counts used to calculate the local educational agency's grant.

"(3) POPULATION UPDATES.—In fiscal year 2001 and every 2 years thereafter, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for local educational agencies or counties, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that use of the updated population data would be inappropriate or unreliable. If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in this paragraph are inappropriate or unreliable, they shall publicly disclose their reasons. In determining the families which are below the poverty level, the Secretary shall utilize the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, in such form as those criteria have been updated by increases in the Consumer Price Index for all urban consumers, published by the Bureau of Labor Statistics.

"(4) OTHER CHILDREN TO BE COUNTED.—For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act; and in making such determinations the Secretary shall utilize the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of 4 in such form as those criteria have been updated by increases in the Consumer Price Index for all urban consumers, published by the Bureau of Labor Statistics. The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the case-load data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination. The Secretary of Health and Human Services shall collect and transmit the information re-

quired by this subparagraph to the Secretary not later than January 1 of each year. For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

“(3) **AMOUNT.**—The amount of the additional grant for which an eligible local educational agency or county is eligible under this section for any fiscal year shall be an

amount which bears the same ratio to the amount available to carry out this section for that fiscal year as the product determined under paragraph (2) for such local educational agency for that fiscal year bears to the sum of such products for all local educational agencies in the United States for that fiscal year.

“(4) **LOCAL ALLOCATIONS.**—(A) Grant amounts under this section shall be determined in accordance with section 1124(a)(2) and (3).

“(B) For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, a State may reserve not more than 2 percent of its allocation under this section to make grants to local educational agencies that meet the criteria of paragraph (1)(A)(i) or (ii) and are in ineligible counties that do not meet these criteria.

“(b) **STATES RECEIVING MINIMUM GRANTS.**—In States that receive the minimum grant under subsection (a)(1)(B), the State educational agency shall allocate such funds among the local educational agencies in each State either—

“SEC. 1125. TARGETED GRANTS TO LOCAL EDUCATIONAL AGENCIES.

“(a) **ELIGIBILITY OF LOCAL EDUCATIONAL AGENCIES.**—A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if the number of children in the local educational agency counted under subsection 1124(c), before application of the weighting factor described in subsection (c), is at least 10, and if the number of children counted for grants under section 1124 is at least 5 percent of the total population aged 5 to 17 years, inclusive, in the local educational agency. For each fiscal year for which the Secretary uses county population data to calculate grants, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

“(i) **BY PERCENTAGE OF CHILDREN.**—This amount is determined by adding—

“(I) the number of children determined under section 1124(c) for that county constituting up to 15 percent, inclusive, of the county's total population aged 5 to 17, inclusive, multiplied by 1.0;

“(II) the number of such children constituting more than 15 percent, but not more than 19 percent, of such population, multiplied by 1.75;

“(2) **WEIGHTS FOR ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.**—

“(A) **IN GENERAL.**—For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency's grant under this section is the larger of the 2 amounts determined under clauses (i) and (ii), as follows:

“(i) **BY PERCENTAGE OF CHILDREN.**—This amount is determined by adding—

“(I) the number of children determined under section 1124(c) for that local educational agency constituting up to 15.233 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

“(I) the number of children determined under section 1124(c) constituting up to 710, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

“(II) the number of such children between 711 and 2,384, inclusive, in such population, multiplied by 1.5;

“(III) the number of such children between 2,385 and 9,645, inclusive, in such population, multiplied by 2.0;

“(IV) the number of such children between 9,646 and 54,600, inclusive, in such population, multiplied by 2.5; and

“(e) STATE MINIMUM.—Notwithstanding any other provision of this section or section 1122, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

“Subpart 1—Reading First

“SEC. 1201. FINDINGS.

“The Congress finds as follows:

“(1) The 2000 National Assessment of Educational Progress found that 68 percent of fourth grade students in the United States are reading below the proficient level.

“(2) According to the 2000 National Assessment of Educational Progress report on reading, 63 percent of African Americans, 58 percent of Hispanic Americans, 60 percent of children living in poverty, and 47 percent of children in urban schools scored ‘below basic’ in reading.

“(3) More than ½ of the students placed in special education classes are identified as learning disabled and, for as many as 80 percent of the students so identified, reading is the primary difficulty.

“(4) It is estimated that, at a minimum, 10,000,000 children have difficulty learning to read. 10 to 15 percent of those children eventually drop out of high school, and only 2 percent complete a 4-year program at an institution of higher education.

“(5) It is estimated that the number of children who are typically identified as poor readers can be significantly reduced through the implementation of early identification and prevention programs that are based on scientifically based reading research.

“(6) The report issued by the National Reading Panel in 2000 found that the course of reading instruction that obtains maximum benefits for students includes explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension strategies.

“SEC. 1202. PURPOSES.

“The purposes of this subpart are as follows:

“(1) To provide assistance to States and local educational agencies in establishing reading programs for students in grades kindergarten through 3 that are based on scientifically based reading research, in order

to ensure that every student can read at grade level or above not later than the end of the third grade.

“(2) To provide assistance to States and local educational agencies in preparing teachers, including special education teachers, through professional development and other support, so the teachers can identify specific reading barriers facing their students and so the teachers have the tools to effectively help their students learn to read.

“(3) To provide assistance to States and local educational agencies in selecting and administering rigorous diagnostic reading and screening assessment tools that are valid and reliable, document the effectiveness of this subpart in improving the reading skills of students, and improve classroom instruction.

“(4) To provide assistance to States and local educational agencies in selecting or developing effective classroom instructional materials, programs, and strategies to implement scientific research-based methods that have been proven to prevent or remediate reading failure.

“(5) To strengthen coordination among schools and early literacy programs in order to improve reading achievement for all children.

PART G—RURAL EDUCATION FLEXIBILITY AND ASSISTANCE

SEC. 171. RURAL EDUCATION.

Title I is amended by adding at the end the following new part:

“PART G—RURAL EDUCATION FLEXIBILITY AND ASSISTANCE

“SEC. 1701. SHORT TITLE.

“This part may be cited as the ‘Rural Education Initiative Act’.

“SEC. 1702. FINDINGS.

“Congress finds the following:

“(1) While there are rural education initiatives identified at the State and local level, no Federal education policy focuses on the specific and unique needs of rural school districts and schools.

“(2) Small school districts often cannot use Federal grant funds distributed by formula because the formula allocation does not provide enough revenue to carry out the program the grant is intended to fund.

“(3) Rural schools often cannot compete for Federal funding distributed by competitive grants because the schools lack the personnel needed to prepare grant applications and the resources to hire specialists in the writing of Federal grant proposals.

“(4) A critical problem for rural school districts involves the hiring and retention of qualified administrators and certified teachers (especially in reading, science, and mathematics). As a result, teachers in rural schools are almost twice as likely to provide instruction in three or more subject areas than teachers in urban schools. Rural schools also face other tough challenges, such as shrinking local tax bases, high transportation costs, aging buildings, limited course offerings, and limited resources.

“Subpart 1—Rural Education Flexibility

“SEC. 1711. FORMULA GRANT PROGRAM AUTHORIZED.

"SEC. 2302. FINDINGS AND PURPOSE.

"(a) FINDINGS.—Congress makes the following findings:

"(1) The ability of teachers, principals and other school professionals to teach, inspire and shape the intellect of our Nation's elementary and secondary school students is deterred and hindered by frivolous lawsuits and litigation.

"(2) Each year more and more teachers, principals and other school professionals face lawsuits for actions undertaken as part of their duties to provide millions of school children quality educational opportunities.

"(3) Too many teachers, principals and other school professionals face increasingly severe and random acts of violence in the classroom and in schools.

"(4) Providing teachers, principals and other school professionals a safe and secure environment is an important part of the effort to improve and expand educational opportunities.

"(5) Clarifying and limiting the liability of teachers, principals and other school professionals who undertake reasonable actions to maintain order, discipline and an appropriate educational environment is an appropriate subject of Federal legislation because—

"(A) the scope of the problems created by the legitimate fears of teachers, principals and other school professionals about frivolous, arbitrary or capricious lawsuits against teachers is of national importance; and

"(B) millions of children and their families across the Nation depend on teachers, principals and other school professionals for the intellectual development of children.

"(b) PURPOSE.—The purpose of this part is to provide teachers, principals and other school professionals the tools they need to undertake reasonable actions to maintain order, discipline and an appropriate educational environment.

"SEC. 2303. PREEMPTION AND ELECTION OF STATE NONAPPLICABILITY.

"(1) A State law that requires a school or governmental entity to adhere to risk management procedures, including mandatory training of teachers.

"(2) A State law that makes the school or governmental entity liable for the acts or omissions of its teachers to the same extent as an employer is liable for the acts or omissions of its employees.

"(3) A State law that makes a limitation of liability inapplicable if the civil action was brought by an officer of a State or local government pursuant to State or local law.

"(d) LIMITATION ON PUNITIVE DAMAGES BASED ON THE ACTIONS OF TEACHERS.—

"(1) GENERAL RULE.—Punitive damages may not be awarded against a teacher in an action brought for harm based on the action of a teacher acting within the scope of the teacher's responsibilities to a school or governmental entity unless the claimant establishes by clear and convincing evidence that the harm was proximately caused by an action of such teacher which constitutes willful or criminal misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed.

“PART A—EDUCATION OF LIMITED ENGLISH PROFICIENT AND IMMIGRANT CHILDREN

“Subpart 1—English Language and Academic Instructional Programs

“SEC. 3101. SHORT TITLE.

“This subpart may be cited as the ‘English Language Proficiency and Academic Achievement Act’.

“SEC. 3102. FINDINGS AND PURPOSES.

“(a) **FINDINGS.**—The Congress finds as follows:

“(1) English is the common language of the United States and every citizen and other person residing in the United States should have a command of the English language in order to develop to their full potential.

“(2) Limited English proficient children, including recent immigrant children, must overcome a number of challenges in receiving an education in order to participate fully in American society, including—

“(A) segregated educational programs;

“(B) disproportionate and improper placement in special education and other special programs due to the use of inappropriate evaluation procedures;

“(C) the limited English proficiency of their parents, which hinders the parents’ ability to fully participate in the education of their children; and

“(D) a need for additional teachers and other staff who are professionally trained and qualified to serve such children.

“(3) States and local educational agencies need assistance in developing the capacity to provide programs of instruction that offer

and provide an equal educational opportunity to children who need special assistance because English is not their dominant language.

“(4) Since 1979, the number of limited English proficient children attending school in the United States has more than doubled to greater than 4,000,000, and demographic trends indicate the population of limited English proficient children will continue to increase.

“(5) Native Americans, including native residents of the outlying areas, and Native American languages (as such terms are defined in section 103 of the Native American Languages Act) have a unique status under Federal law that requires special policies within the broad purposes of this part to serve the educational needs of language minority students in the United States.

“(6) Research, evaluation, and data collection capabilities in the field of instruction for limited English proficient children need to be strengthened so that educators and other staff teaching limited English proficient children in the classroom can better identify and promote programs, program implementation strategies, and instructional practices that result in the effective education of limited English proficient children.

“(7) The Federal Government has a special and continuing obligation to ensure that States and local educational agencies provide children of limited English proficiency the same educational opportunities afforded other children.

“(b) **PURPOSES.**—The purposes of this part are—

“(1) to help ensure that children who are limited English proficient, including recent immigrant children, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging State academic content standards and challenging State student academic achievement standards expected of all children;

“(2) to develop high-quality programs designed to assist local educational agencies in teaching limited English proficient children;

“(3) to assist local educational agencies to develop and enhance their capacity to provide high-quality instructional programs designed to prepare limited English proficient students, including recent immigrant students, to enter all-English instructional settings within 3 years; and

“(4) to provide State educational agencies and local educational agencies with the flexibility to implement instructional programs, tied to scientifically based reading research and sound research and theory on teaching limited English proficient children, that the agencies believe to be the most effective for teaching English.

“SEC. 3103. PARENTAL NOTIFICATION AND CONSENT FOR ENGLISH LANGUAGE INSTRUCTION.

“(a) **NOTIFICATION.**—If a local educational agency uses funds under this subpart to provide English language instruction to limited English proficient children, the agency shall inform a parent or the parents of a child participating in an English language instruction program for limited English proficient children assisted under this subpart of—

“(1) the reasons for the identification of the child as being in need of English language instruction;

“(2) the child’s level of English proficiency, how such level was assessed, and the status of the child’s academic achievement;

“(3) how the English language instruction program will specifically help the child acquire English and meet age-appropriate standards for grade promotion and graduation;

“(4) what the specific exit requirements are for the program;

"(5) the expected rate of transition from the program into a classroom that is not tailored for limited English proficient children; and

"(6) the expected rate of graduation from high school for the program if funds under this subpart are used for children in secondary schools.

"(b) CONSENT.—

"(1) AGENCY REQUIREMENTS.—

"(A) INFORMED CONSENT.—For a child who has been identified as limited English proficient prior to the beginning of the school year, each local educational agency that receives funds under this subpart shall make a reasonable and substantial effort to obtain informed parental consent prior to the placement of a child in an English language instruction program for limited English proficient children funded under this subpart, if the program does not include classes which exclusively or almost exclusively use the English language in instruction.

"(B) WRITTEN CONSENT NOT OBTAINED.—

"(i) IN GENERAL.—If written consent is not obtained, the local educational agency shall maintain a written record that includes the date and the manner in which such informed consent was sought, including the specific efforts made to obtain such consent.

"(ii) PROOF OF EFFORT.—Notice, in an understandable form, of specific efforts made to obtain written consent and a copy of the written record described in clause (i) shall be mailed or delivered in writing to a parent or the parents of a child prior to placing the child in a program described in subparagraph (A), and shall include a final request for parental consent for such services. After such notice has been mailed or delivered in writing, the local educational agency shall provide appropriate educational services.

"(iii) SPECIAL RULE APPLICABLE DURING SCHOOL YEAR.—For those children who have not been identified as limited English proficient prior to the beginning of the school year, the local educational agency shall make a reasonable and substantial effort to obtain parental consent under this clause. For such children, the agency shall document, in writing, its specific efforts to obtain such consent prior to placing the child in a program described in subparagraph (A). After such documentation has been made, the local educational agency shall provide appropriate educational services to such child. The proof of documentation shall be mailed or delivered in writing to a parent or the parents of the child in a timely manner and shall include information on how to have their child immediately removed from the program upon their request. Nothing in this clause shall be construed as exempting a local educational agency from complying with the notification requirements of subsection (a) and the consent requirements of this paragraph.

"(A) shall select among methods of instruction, if more than one method is offered in the program; and

"(d) BASIS FOR ADMISSION OR EXCLUSION.—Students shall not be admitted to, or excluded from, any federally assisted education program on the basis of a surname or language-minority status.

"SEC. 3104. TESTING OF LIMITED ENGLISH PROFICIENT CHILDREN.

"(a) IN GENERAL.—Assessments of limited English proficient children participating in programs funded under this subpart, to the extent practicable, shall be in the language and form most likely to yield accurate and reliable information on what such students know and can do in content areas.

"(b) SPECIAL RULE.—Notwithstanding subsection (a), in the case of an assessment of reading or language arts of any student who has attended school in the United States (excluding Puerto Rico) for 3 or more consecutive school years, the assessment shall be in the form of a test written in English, except that, if the entity administering the assessment determines, on a case-by-case individual basis, that assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the entity may assess such student in such language or form for 1 additional year.

"SEC. 3105. FORMULA GRANTS TO STATES.

"(a) IN GENERAL.—In the case of each State that in accordance with section 3107 submits to the Secretary an application for a fiscal year, the Secretary shall make a grant for the year to the State for the purposes specified in subsection (b). "(A) IN GENERAL.—From the amount appropriated under section 3110 to carry out this subpart for each fiscal year that remains after carrying out paragraphs (1) and (2), the Secretary shall allot to each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico an amount which bears the same ratio to such amount as the total number of children and youth who are limited English proficient and who reside in such State bears to the total number of such children and youth residing in all such States that, in accordance with section 3107, submit to the Secretary an application for the year.

"(B) REALLOTMENT.—

"(i) IN GENERAL.—If any State described in subparagraph (A) does not submit to the Secretary an application for a fiscal year, or submits an application (or any modification to an application) that the Secretary, after reasonable notice and opportunity for a hearing, determines does not satisfy the requirements of this subpart, the Secretary—

"(I) shall endeavor to make the State's allotment available on a competitive basis to specially qualified agencies within the State that satisfy the requirements applicable to eligible entities under section 3108 and any additional requirements that may be imposed by the Secretary; and

"(II) shall reallocate any portion of such allotment remaining after the application of subclause (I) to the remaining States in accordance with subparagraph (A).

"(ii) REQUIREMENTS ON SPECIALLY QUALIFIED AGENCIES.—If a specially qualified agency receives funds under this subparagraph, the requirements of subsection (b) shall not apply to the agency. In lieu of those require-

ments, the specially qualified agency shall expend the funds for the authorized activities described in section 3108(b) and otherwise shall satisfy the requirements of section 3108.

“(C) SPECIAL RULE FOR PUERTO RICO.—The total amount allotted to Puerto Rico for any fiscal year under subparagraph (A) shall not exceed .5 percent of the total amount allotted to all States for that fiscal year.

“(4) USE OF DATA FOR DETERMINATIONS.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), for the purpose of determining the number of children and youth who are limited English proficient and reside in a State and in all States for each fiscal year, the Secretary shall use the most recent satisfactory data available from the Bureau of the Census and the American Community Survey available from the Department of Commerce.

“(B) EXCEPTION.—If the data described in subparagraph (A) are more than 4 years old or unavailable, the Secretary shall use the most recent satisfactory data provided by the States, such as enrollment data and data that reflect the number of students taking the English proficiency assessments in the States.

“(5) NO REDUCTION PERMITTED BASED ON TEACHING METHOD.—The Secretary may not reduce a State's allotment based on the State's selection of any method of instruction as its preferred method of teaching the English language to children who are limited English proficient.

Notwithstanding any other provision of law, the Secretary of the affected department or departments shall have the authority to waive any regulation, policy, or procedure promulgated by that department that has been so identified by the applicant or department, unless the Secretary of the affected department determines that such a waiver is inconsistent with the intent of this chapter or those provisions of the statute from which the program involved derives its authority which are specifically applicable to Indian students.

“(f) PLAN APPROVAL.—Within 90 days after the receipt of an applicant’s plan by the Secretary, the Secretary shall inform the applicant, in writing, of the Secretary’s approval or disapproval of the plan. “(j) NO REDUCTION IN AMOUNTS.—In no case shall the amount of Federal funds available to an eligible entity involved in any demonstration project be reduced as a result of the enactment of this section.

number for a member of such tribe or band. Nothing in subsection (b) shall be construed to require the furnishing of an enrollment number.

“(f) MONITORING AND EVALUATION REVIEW.—

“(1) IN GENERAL.—(A) For each fiscal year, in order to provide such information as is necessary to carry out the responsibility of the Secretary to provide technical assistance under this chapter, the Secretary shall conduct a monitoring and evaluation review of a sampling of the recipients of grants under this chapter. The sampling conducted under this subparagraph shall take into account the size of the local educational agency and the geographic location of such agency.

“(B) A local educational agency may not be held liable to the United States or be subject to any penalty, by reason of the findings of an audit that relates to the date of completion, or the date of submission, of any forms used to establish, before April 28, 1988, the eligibility of a child for entitlement under the Indian Elementary and Secondary School Assistance Act.

“(2) A count of the number of students for whom the school has eligibility forms that comply with this section.

“(h) TIMING OF CHILD COUNTS.—For purposes of determining the number of children to be counted in calculating the amount of a local educational agency's grant under this chapter (other than in the case described in subsection (g)(1)), the local educational agency shall—

“(b) PAYMENTS TAKEN INTO ACCOUNT BY THE STATE.—The Secretary may not make a grant under this chapter to a local educational agency for a fiscal year if, for such fiscal year, the State in which the local educational agency is located takes into consideration payments made under this chapter in determining the eligibility of the local edu-

cational agency for State aid, or the amount of the State aid, with respect to the free public education of children during such fiscal year or the preceding fiscal year.

“(C) REDUCTION OF PAYMENT FOR FAILURE TO MAINTAIN FISCAL EFFORT.—

“(1) IN GENERAL.—The Secretary may not pay a local educational agency the full amount of a grant award determined under section 3213 for any fiscal year unless the State educational agency notifies the Secretary, and the Secretary determines that, with respect to the provision of free public education by the local educational agency for the preceding fiscal year, the combined fiscal effort of the local educational agency and the State, computed on either a per student or aggregate expenditure basis, was not less than 90 percent of the amount of the combined fiscal effort, computed on the same basis, for the second preceding fiscal year.

“(2) FAILURE TO MAINTAIN EFFORT.—If, for any fiscal year, the Secretary determines that a local educational agency failed to maintain the fiscal effort of such agency at the level specified in paragraph (1), the Secretary shall—

“(A) reduce the amount of the grant that would otherwise be made to such agency under this chapter in the exact proportion of such agency's failure to maintain its fiscal effort at such level; and

“(B) not use the reduced amount of the agency's expenditures for the preceding year to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1).

“(3) WAIVER.—(A) The Secretary may waive the requirement of paragraph (1), for not more than 1 year at a time, if the Secretary determines that the failure to comply with such requirement is due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the agency's financial resources.

“(B) The Secretary shall not use the reduced amount of such agency's expenditures for the fiscal year preceding the fiscal year for which a waiver is granted to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1) in the absence of the waiver.

“(d) REALLOCATIONS.—The Secretary may reallocate, in a manner that the Secretary determines will best carry out the purpose of this chapter, any amounts that—

SEC. 312. ALASKA NATIVE EDUCATION.

(a) IN GENERAL.—Part B of title III (as added by section 311 of this Act) is further amended by adding at the end the following new subpart:

“Subpart 2—Alaska Native Education

“SEC. 3301. SHORT TITLE.

“This subpart may be cited as the ‘Alaska Native Educational Equity, Support, and Assistance Act’.

“SEC. 3302. FINDINGS.

“The Congress finds and declares:

“(1) The attainment of educational success is critical to the betterment of the conditions, long-term well-being and preservation of the culture of Alaska Natives.

“(2) It is the policy of the Federal Government to encourage the maximum participation by Alaska Natives in the planning and the management of Alaska Native education programs.

“(3) Alaska Native children enter and exit school with serious educational handicaps.

“(4) The educational achievement of Alaska Native children is far below national norms. In addition to low Native performance on standardized tests, Native student dropout rates are high, and Natives are significantly underrepresented among holders of baccalaureate degrees in the State of Alaska. As a result, Native students are being denied their opportunity to become

full participants in society by grade school and high school educations that are condemning an entire generation to an underclass status and a life of limited choices.

“(5) The programs authorized herein, combined with expanded Head Start, infant learning and early childhood education programs, and parent education programs are essential if educational handicaps are to be overcome.

“(6) The sheer magnitude of the geographic barriers to be overcome in delivering educational services in rural and village Alaska should be addressed through the development and implementation of innovative, model programs in a variety of areas.

“(7) Congress finds that Native children should be afforded the opportunity to begin their formal education on a par with their non-Native peers. The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

“SEC. 3303. PURPOSE.

“It is the purpose of this subpart to—

“(1) recognize the unique educational needs of Alaska Natives;

“(2) authorize the development of supplemental educational programs to benefit Alaska Natives;

“(3) supplement existing programs and authorities in the area of education to further the purposes of this subpart; and

“(4) provide direction and guidance to appropriate Federal, State and local agencies to focus resources, including resources made available under this subpart, on meeting the educational needs of Alaska Natives.

“SEC. 3304. PROGRAM AUTHORIZED.

“(a) GENERAL AUTHORITY.—

“(1) PROGRAM AUTHORIZED.—The Secretary is authorized to make grants to, or enter into contracts with, Alaska Native organizations, educational entities with experience in developing or operating Alaska Native programs or programs of instruction conducted in Alaska Native languages, and consortia of such organizations and entities to carry out programs that meet the purpose of this subpart.

“(2) PERMISSIBLE ACTIVITIES.—Programs under this subpart may include—

“(A) the development and implementation of plans, methods, and strategies to improve the education of Alaska Natives;

“(B) the development of curricula and educational programs that address the educational needs of Alaska Native students, including—

“(i) curriculum materials that reflect the cultural diversity or the contributions of Alaska Natives;

“(ii) instructional programs that make use of Native Alaskan languages; and

“(iii) networks that introduce successful programs, materials, and techniques to urban and rural schools;

“(C) professional development activities for educators, including—

“(i) programs to prepare teachers to address the cultural diversity and unique needs of Alaska Native students;

“(ii) in-service programs to improve the ability of teachers to meet the unique needs of Alaska Native students; and

“(iii) recruiting and preparing teachers who are Alaska Natives, reside in communities with high concentrations of Alaska Native students, or are likely to succeed as teachers in isolated, rural communities and engage in cross-cultural instruction;

“(D) the development and operation of home instruction programs for Alaska Native preschool children, the purpose of which is to ensure the active involvement of parents in their children's education from the earliest ages;

“(E) family literacy services;

“(F) the development and operation of student enrichment programs in science and mathematics that—

“(i) are designed to prepare Alaska Native students from rural areas, who are preparing to enter high school, to excel in science and math; and

“(ii) provide appropriate support services to the families of such students that are needed to enable such students to benefit from the program;

“(G) research and data collection activities to determine the educational status and needs of Alaska Native children and adults;

“(H) other research and evaluation activities related to programs under this subpart; and

“(I) other activities, consistent with the purposes of this subpart, to meet the educational needs of Alaska Native children and adults.

“(3) HOME INSTRUCTION PROGRAMS.—Home instruction programs for Alaska Native preschool children under paragraph (2)(D) may include—

“(A) programs for parents and their infants, from prenatal through age three;

“(B) preschool programs; and

“(C) training, education, and support for parents in such areas as reading readiness, observation, story-telling, and critical thinking.

“(b) LIMITATION ON ADMINISTRATIVE COSTS.—Not more than 5 percent of funds provided to a grantee under this section for any fiscal year may be used for administrative purposes.

“(ii) written evidence of such approval is submitted with the application.

“(B) Each application described in paragraph (1)(A) shall provide information concerning each of the factors described in paragraph (1)(B).

“(k) STUDY ON ADEQUACY OF FUNDS AND FORMULAS.—The Comptroller General shall conduct a study, in consultation with Indian tribes and local school boards, to determine the adequacy of funding, and formulas used by the Bureau to determine funding, for programs operated by Bureau funded schools, taking into account unique circumstances applicable to Bureau funded schools, as well

as expenditures for comparable purposes in public schools nationally. Upon completion of the study, the Secretary of the Interior shall take such action as necessary to ensure distribution of the findings of the study to all affected Indian tribes, local school boards, and associations of local school boards.

“SEC. 1122. NATIONAL CRITERIA FOR HOME-LIVING SITUATIONS.

“(a) IN GENERAL.—The Secretary, in consultation with the Secretary of Education, Indian organizations and tribes, and Bureau funded schools, shall revise the national standards for home-living (dormitory) situations to include such factors as heating, lighting, cooling, adult-child ratios, needs for counselors (including special needs related to off-reservation home-living (dormitory) situations), therapeutic programs, space, and privacy. Such standards shall be implemented in Bureau operated schools, and shall serve as minimum standards for contract or grant schools. Once established, any revisions of such standards shall be developed according to the requirements established under section 1138A.

“(b) IMPLEMENTATION.—The Secretary shall implement the revised standards established under this section immediately upon their completion.

“(c) PLAN.—At the time of each annual budget submission for Bureau educational services is presented, the Secretary shall submit to the appropriate committees of Congress, the tribes, and the affected schools, and publish in the Federal Register, a detailed plan to bring all Bureau funded schools that provide home-living (dormitory) situations up to the standards established under this section. Such plan shall include a statement of the relative needs of each Bureau funded home-living (dormitory) school, projected future needs of each Bureau funded home-living (dormitory) school, detailed information on the status of each school in relation to the standards established under this section, specific cost estimates for meeting each standard for each such school, aggregate cost estimates for bringing all such schools into compliance with the criteria established under this section, and specific timelines for bringing each school into compliance with such standards.

“(d) WAIVER.—The criteria established under this section may be waived in the same manner as the standards provided under section 1121(c) may be waived.

“(e) CLOSURE FOR FAILURE TO MEET STANDARDS PROHIBITED.—No school in operation on or before January 1, 1987 (regardless of compliance or noncompliance with the criteria established under this section), may be closed, transferred to another authority, consolidated, or have its program substantially curtailed for failure to meet the criteria.

“SEC. 1123. CODIFICATION OF REGULATIONS.

“(a) PART 32 OF TITLE 25 OF CODE OF FEDERAL REGULATIONS.—The provisions of part 32 of title 25 of the Code of Federal Regulations, as in effect on January 1, 1987, are incorporated into this Act and shall be treated as though such provisions are set forth in this subsection. Such provisions may be altered only by means of an Act of Congress. To the extent that such provisions of part 32 do not conform with this Act or any statutory provision of law enacted before November 1, 1978, the provisions of this Act and the provisions of such other statutory law shall govern.

“(b) REGULATION DEFINED.—For purposes of this part, the term ‘regulation’ means any rules, regulations, guidelines, interpretations, orders, or requirements of general applicability prescribed by any officer or employee of the executive branch.

“(b) ESTABLISHMENT BY TRIBAL BODY.—In any case where there is more than one Bureau funded school located on an Indian reservation, at the direction of the tribal governing body, the relevant school boards of the Bureau funded schools on the reservation may, by mutual consent, establish the relevant attendance areas for such schools, subject to the approval of the tribal governing body. Any such boundaries so established shall be accepted by the Secretary.

“(c) BOUNDARY REVISIONS.—

“(1) IN GENERAL.—On or after July 1, 2001, no geographical attendance area shall be revised or established with respect to any Bureau funded school unless the tribal governing body or the local school board concerned (if so designated by the tribal governing body) has been afforded—

“(A) at least 6 months notice of the intention of the Bureau to revise or establish such attendance area; and

“(B) the opportunity to propose alternative boundaries.

Any tribe may petition the Secretary for revision of existing attendance area boundaries. The Secretary shall accept such proposed alternative or revised boundaries unless the Secretary finds, after consultation with the affected tribe or tribes, that such revised boundaries do not reflect the needs of the Indian students to be served or do not provide adequate stability to all of the affected programs. The Secretary shall cause such revisions to be published in the Federal Register.

“(2) TRIBAL RESOLUTION DETERMINATION.—Nothing in this section shall be interpreted as denying a tribal governing body the authority, on a continuing basis, to adopt a tribal resolution allowing parents the choice of the Bureau funded school their children may attend, regardless of the attendance boundaries established under this section.

“(d) FUNDING RESTRICTIONS.—The Secretary shall not deny funding to a Bureau funded school for any eligible Indian student attending the school solely because that student's home or domicile is outside of the geographical attendance area established for that school under this section. No funding shall be made available without tribal authorization to enable a school to provide transportation for any student to or from the school and a location outside the approved attendance area of the school.

“(e) RESERVATION AS BOUNDARY.—In any case where there is only one Bureau funded program located on an Indian reservation, the attendance area for the program shall be the boundaries (established by treaty, agreement, legislation, court decisions, or executive decisions and as accepted by the tribe) of the reservation served, and those students residing near the reservation shall also receive services from such program.

“(f) OFF-RESERVATION HOME-LIVING (DORMITORY) SCHOOLS.—Notwithstanding any geographical attendance areas, attendance at off-reservation home-living (dormitory) schools shall include students requiring special emphasis programs to be implemented at each off-reservation home-living (dormitory) school. Such attendance shall be coordinated between education line officers, the family, and the referring and receiving programs.

“SEC. 1125. FACILITIES CONSTRUCTION.

“(a) COMPLIANCE WITH HEALTH AND SAFETY STANDARDS.—The Secretary shall immediately begin to bring all schools, dormitories, and other Indian education-related facilities operated by the Bureau or under

contract or grant with the Bureau into compliance with all applicable tribal, Federal, or State health and safety standards, whichever provides greater protection (except that the tribal standards to be applied shall be no greater than any otherwise applicable Federal or State standards), with section 504 of the Rehabilitation Act of 1973, and with the Americans with Disabilities Act of 1990. Nothing in this section shall require termination of the operations of any facility which does not comply with such provisions and which is in use on the date of the enactment of the No Child Left Behind Act of 2001.

“(b) COMPLIANCE PLAN.—At the time that the annual budget request for Bureau educational services is presented, the Secretary shall submit to the appropriate committees of Congress a detailed plan to bring all facilities covered under subsection (a) of this section into compliance with the standards referred to in subsection (a). Such plan shall include detailed information on the status of each facility's compliance with such standards, specific cost estimates for meeting such standards at each school, and specific timelines for bringing each school into compliance with such standards.

“(C) cause the list prepared under subsection (B) to be published in the Federal Register and allow a period of not less than 120 days for public comment;

“(D) make such revisions to the list prepared under subparagraph (B) as are appropriate based on the comments received; and

“(E) cause the final list to be published in the Federal Register.

“(3) EFFECT ON OTHER LIST.—Nothing in this section shall be construed as interfering with or changing in any way the construction priority list as it exists on the date of the enactment of the No Child Left Behind Act of 2001.

“(d) HAZARDOUS CONDITION AT BUREAU SCHOOL.—

“(1) CLOSURE OR CONSOLIDATION.—A Bureau funded school may be closed or consolidated, and the programs of a Bureau funded school may be substantially curtailed by reason of plant conditions that constitute an immediate hazard to health and safety only if a health and safety officer of the Bureau determines that such conditions exist at the Bureau funded school.

“(2) INSPECTION.—(A) After making a determination described in paragraph (1), the Bureau health and safety officer shall conduct an inspection of the condition of such plant accompanied by an appropriate tribal, coun-

ty, municipal, or State health and safety officer in order to determine whether conditions at such plant constitute an immediate hazard to health and safety. Such inspection shall be completed by not later than the date that is 30 days after the date on which the action described in paragraph (1) is taken. No further negative action may be taken unless the findings are concurred in by the second, non-Bureau of Indian Affairs inspector.

“(B) If the health and safety officer conducting the inspection of a plant required under subparagraph (A) determines that conditions at the plant do not constitute an immediate hazard to health and safety, any consolidation or curtailment that was made under paragraph (1) shall immediately cease and any school closed by reason of conditions at the plant shall be reopened immediately.

“(C) If a Bureau funded school is temporarily closed or consolidated or the programs of a Bureau funded school are substantially curtailed under this subsection and the Secretary determines that the closure, consolidation, or curtailment will exceed 1 year, the Secretary shall submit to the Congress, by not later than 6 months after the date on which the closure, consolidation, or curtailment was initiated, a report which sets forth the reasons for such temporary actions, the actions the Secretary is taking to eliminate the conditions that constitute the hazard, and an estimated date by which such actions will be concluded.

“(e) FUNDING REQUIREMENT.—

“(1) DISTRIBUTION OF FUNDS.—Beginning with the fiscal year following the year of the date of the enactment of the No Child Left Behind Act of 2001, all funds appropriated for the operations and maintenance of Bureau funded schools shall be distributed by formula to the schools. No funds from this account may be retained or segregated by the Bureau to pay for administrative or other costs of any facilities branch or office, at any level of the Bureau.

“(2) REQUIREMENTS FOR CERTAIN USES.—No funds shall be withheld from the distribution to the budget of any school operated under contract or grant by the Bureau for maintenance or any other facilities or road related purpose, unless such school has consented, as a modification to the contract or in writing for grants schools, to the withholding of such funds, including the amount thereof, the purpose for which the funds will be used, and the timeline for the services to be provided. The school may, at the end of any fiscal year, cancel an agreement under this paragraph upon giving the Bureau 30 days notice of its intent to do so.

“(f) NO REDUCTION IN FEDERAL FUNDING.—Nothing in this section shall be construed to diminish any Federal funding due to the receipt by the school of funding for facilities improvement or construction from a State or any other source.

“(3) IMPLEMENTATION.—The requirements of this subsection shall be implemented as soon as practicable after the date of the en-

actment of the No Child Left Behind Act of 2001.

“(e) ACCEPTANCE OF GIFTS AND BEQUESTS.—Notwithstanding any other provision of law, the Director shall promulgate guidelines for the establishment of mechanisms for the acceptance of gifts and bequests for the use and benefit of particular schools or designated Bureau operated education programs, including, where appropriate, the establishment and administration of trust funds. “(2) REVISION OF FORMULA.—Upon the establishment of the standards required in sections 1121 and 1122, the Secretary shall revise the formula established under this subsection to reflect the cost of funding such standards. Not later than January 1, 2003, the Secretary shall review the formula established under this section and shall take such steps as are necessary to increase the availability of counseling and therapeutic programs for students in off-reservation home-living (dormitory) schools and other Bureau operated residential facilities. Concurrent with such action, the Secretary shall review the standards established under section 1122 to be certain that adequate provision is made for parental notification regarding, and consent for, such counseling and therapeutic programs.

“(b) PRO RATA ALLOTMENT.—Notwithstanding any other provision of law, Federal funds appropriated for the general local operation of Bureau funded schools shall be allotted pro rata in accordance with the formula established under subsection (a).

“(c) ANNUAL ADJUSTMENT; RESERVATION OF AMOUNT FOR SCHOOL BOARD ACTIVITIES.—

“(1) ANNUAL ADJUSTMENT.—For fiscal year 2003, and for each subsequent fiscal year, the Secretary shall adjust the formula established under subsection (a) to ensure that the formula does the following:

“(A) Uses a weighted unit of 1.2 for each eligible Indian student enrolled in the seventh and eighth grades of the school in considering the number of eligible Indian students served by the school.

“(B) Considers a school with an enrollment of less than 50 eligible Indian students as having an average daily attendance of 50 eligible Indian students for purposes of implementing the adjustment factor for small schools.

“(C) Takes into account the provision of residential services on less than a 9-month basis at a school when the school board and supervisor of the school determine that a less than 9-month basis will be implemented for the school year involved.

“(D) Uses a weighted unit of 2.0 for each eligible Indian student that—

“(i) is gifted and talented; and

“(ii) is enrolled in the school on a full-time basis, in considering the number of eligible Indian students served by the school.

“(E) Uses a weighted unit of 0.25 for each eligible Indian student who is enrolled in a yearlong credit course in an Indian or Native language as part of the regular curriculum of a school, in considering the number of eligible Indian students served by such school. The adjustment required under this subparagraph shall be used for such school after—

“(i) the certification of the Indian or Native language curriculum by the school board of such school to the Secretary, together with an estimate of the number of full-time students expected to be enrolled in the curriculum in the second school year for which the certification is made; and

“(ii) the funds appropriated for allotment under this section are designated by the appropriations Act appropriating such funds as the amount necessary to implement such adjustment at such school without reducing allotments made under this section to any school by virtue of such adjustment.

“(2) RESERVATION OF AMOUNT.—

“(A) IN GENERAL.—From the funds allotted in accordance with the formula established under subsection (a) for each Bureau school, the local school board of such school may reserve an amount which does not exceed the greater of—

“(i) \$8,000; or

“(ii) the lesser of—

“(I) \$15,000; or

“(B) TRAINING.—Each school board shall see that each new member of the school board receives, within 12 months of the individual's assuming a position on the school board, 40 hours of training relevant to that individual's service on the board. Such training may include legal issues pertaining to schools funded by the Bureau, legal issues pertaining to school boards, ethics, and other topics deemed appropriate by the school board.

“(d) RESERVATION OF AMOUNT FOR EMERGENCIES.—The Secretary shall reserve from the funds available for distribution for each fiscal year under this section an amount which, in the aggregate, shall equal 1 percent of the funds available for such purpose for that fiscal year. Such funds shall be used, at the discretion of the Director of the Office of Indian Education Programs, to meet emergencies and unforeseen contingencies affect-

ing the education programs funded under this section. Funds reserved under this subsection may only be expended for education services or programs, including emergency repairs of educational facilities, at a schoolsite (as defined by section 5204(c)(2) of the Tribally Controlled Schools Act of 1988). Funds reserved under this subsection shall remain available without fiscal year limitation until expended. However, the aggregate amount available from all fiscal years may not exceed 1 percent of the current year funds. “(1) IN GENERAL.—An eligible Indian student may not be charged tuition for attendance at a Bureau school or contract or grant school. A student attending a Bureau school under paragraph (2)(C) may not be charged tuition for attendance at such a school.

“(2) ATTENDANCE OF NON-INDIAN STUDENTS AT BUREAU SCHOOLS.—The Secretary may permit the attendance at a Bureau school of a student who is not an eligible Indian student if—

“(A) the Secretary determines that the student's attendance will not adversely affect the school's program for eligible Indian students because of cost, overcrowding, or violation of standards or accreditation;

“(B) the school board consents;

“(C) the student is a dependent of a Bureau, Indian Health Service, or tribal government employee who lives on or near the schoolsite; or

“(D) a tuition is paid for the student that is not more than that charged by the nearest public school district for out-of-district students, and shall be in addition to the school's allocation under this section.

“(3) ATTENDANCE OF NON-INDIAN STUDENTS AT CONTRACT AND GRANT SCHOOLS.—The school board of a contract or grant school may permit students who are not eligible Indian students under this subsection to attend its contract school or grant school and any tuition collected for those students shall be in addition to funding received under this section.

“(h) FUNDS AVAILABLE WITHOUT FISCAL YEAR LIMITATION.—Notwithstanding any other provision of law, at the election of the school board of a Bureau school made at any time during the fiscal year, a portion equal to not more than 15 percent of the funds allocated with respect to a school under this section for any fiscal year shall remain available to the school for expenditure without fiscal year limitation. The Assistant Secretary shall take steps as may be necessary to implement this provision.

"SEC. 1128. ADMINISTRATIVE COST GRANTS.

"(a) GRANTS; EFFECT UPON APPROPRIATED AMOUNTS.—

"(1) GRANTS.—Subject to the availability of appropriated funds, the Secretary shall provide grants to each tribe or tribal organization operating a contract school or grant school in the amount determined under this section with respect to the tribe or tribal organization for the purpose of paying the administrative and indirect costs incurred in operating contract or grant schools, provided that no school operated as a stand-alone institution shall receive less than \$200,000 per year for these purposes, in order to—

"(A) enable tribes and tribal organizations operating such schools, without reducing direct program services to the beneficiaries of the program, to provide all related administrative overhead services and operations necessary to meet the requirements of law and prudent management practice; and

"(B) carry out other necessary support functions which would otherwise be provided by the Secretary or other Federal officers or employees, from resources other than direct program funds, in support of comparable Bureau operated programs.

"(2) EFFECT UPON APPROPRIATED AMOUNTS.—Amounts appropriated to fund the grants provided under this section shall be in addition to, and shall not reduce, the amounts appropriated for the program being administered by the contract or grant school.

"(b) DETERMINATION OF GRANT AMOUNT.—

"(1) IN GENERAL.—The amount of the grant provided to each tribe or tribal organization under this section for each fiscal year shall be determined by applying the administrative cost percentage rate of the tribe or tribal organization to the aggregate of the Bureau elementary and secondary functions operated by the tribe or tribal organization for which funds are received from or through the Bureau. The administrative cost percentage rate determined under subsection (c) does not apply to other programs operated by the tribe or tribal organization.

"(2) DIRECT COST BASE FUNDS.—The Secretary shall—

"(A) reduce the amount of the grant determined under paragraph (1) to the extent that payments for administrative costs are actually received by an Indian tribe or tribal organization under any Federal education program included in the direct cost base of the tribe or tribal organization; and

"(B) take such actions as may be necessary to be reimbursed by any other department or agency of the Federal Government for the portion of grants made under this section for the costs of administering any program for Indians that is funded by appropriations made to such other department or agency.

"(c) ADMINISTRATIVE COST PERCENTAGE RATE.—

"(1) IN GENERAL.—For purposes of this section, the administrative cost percentage rate for a contract or grant school for a fiscal year is equal to the percentage determined by dividing—

"(A) the sum of—

"(i) the amount equal to—

"(I) the direct cost base of the tribe or tribal organization for the fiscal year, multiplied by

"(II) the minimum base rate; plus

"(ii) the amount equal to—

"(I) the standard direct cost base; multiplied by

"(II) the maximum base rate; by

"(B) the sum of—

"(i) the direct cost base of the tribe or tribal organization for the fiscal year; plus

"(ii) the standard direct cost base.

"(2) ROUNDING.—The administrative cost percentage rate shall be determined to the $\frac{1}{100}$ of a decimal point.

"(d) COMBINING FUNDS.—

"(1) IN GENERAL.—Funds received by a tribe or contract or grant school as grants under this section for tribal elementary or secondary educational programs may be combined by the tribe or contract or grant school into a single administrative cost account without the necessity of maintaining separate funding source accounting.

"(2) INDIRECT COST FUNDS.—Indirect cost funds for programs at the school which share common administrative services with tribal elementary or secondary educational programs may be included in the administrative cost account described in paragraph (1).

"(e) AVAILABILITY OF FUNDS.—Funds received as grants under this section with respect to tribal elementary or secondary education programs shall remain available to the contract or grant school without fiscal year limitation and without diminishing the amount of any grants otherwise payable to the school under this section for any fiscal year beginning after the fiscal year for which the grant is provided.

"(f) TREATMENT OF FUNDS.—Funds received as grants under this section for Bureau funded programs operated by a tribe or tribal organization under a contract or agreement shall not be taken into consideration for purposes of indirect cost underrecovery and overrecovery determinations by any Federal agency for any other funds, from whatever source derived.

"(g) TREATMENT OF ENTITY OPERATING OTHER PROGRAMS.—In applying this section and section 105 of the Indian Self-Determination and Education Assistance Act with respect to an Indian tribe or tribal organization that—

"(1) receives funds under this section for administrative costs incurred in operating a contract or grant school or a school operated under the Tribally Controlled Schools Act of 1988; and

"(2) operates one or more other programs under a contract or grant provided under the Indian Self-Determination and Education Assistance Act,

the Secretary shall ensure that the Indian tribe or tribal organization is provided with the full amount of the administrative costs that are associated with operating the contract or grant school, and of the indirect costs, that are associated with all of such other programs, provided that funds appropriated for implementation of this section shall be used only to supply the amount of the grant required to be provided by this section.

"(h) DEFINITIONS.—For purposes of this section:

"(3) DIRECT COST BASE.—(A) Except as otherwise provided in subparagraph (B), the direct cost base of a tribe or tribal organization for the fiscal year is the aggregate direct cost program funding for all tribal elementary or secondary educational programs operated by the tribe or tribal organization during—

"(i) the second fiscal year preceding such fiscal year; or

"(ii) if such programs have not been operated by the tribe or tribal organization during the two preceding fiscal years, the first fiscal year preceding such fiscal year.

"(B) In the case of Bureau elementary or secondary education functions which have not previously been operated by a tribe or tribal organization under contract, grant, or agreement with the Bureau, the direct cost base for the initial year shall be the projected aggregate direct cost program funding for all Bureau elementary and secondary functions to be operated by the tribe or tribal organization during that fiscal year.

"(4) MAXIMUM BASE RATE.—The term 'maximum base rate' means 50 percent.

"(5) MINIMUM BASE RATE.—The term 'minimum base rate' means 11 percent.

"(i) STUDIES FOR DETERMINATION OF FACTORS AFFECTING COSTS; BASE RATES LIMITS; STANDARD DIRECT COST BASE; REPORT TO CONGRESS.—

"(1) STUDIES.—Not later than 120 days after the date of the enactment of the No Child Left Behind Act of 2001, the Director of the Office of Indian Education Programs shall—

"(A) conduct such studies as may be needed to establish an empirical basis for determining relevant factors substantially affecting required administrative costs of tribal elementary and secondary education pro-

grams, using the formula set forth in subsection (c); and

“(B) conduct a study to determine—

“(i) a maximum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the smallest tribal elementary or secondary educational programs;

“(ii) a minimum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the largest tribal elementary or secondary educational programs; and

“(iii) a standard direct cost base which is the aggregate direct cost funding level for which the percentage determined under subsection (c) will—

“(I) be equal to the median between the maximum base rate and the minimum base rate; and

“(II) ensure that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of tribal elementary or secondary educational programs closest to the size of the program.

“(2) GUIDELINES.—The studies required under paragraph (1) shall—

“(A) be conducted in full consultation (in accordance with section 1131) with—

“(C) take into account the availability of skilled labor; commodities, business and automatic data processing services, related Indian preference and Indian control of education requirements, and any other market factors found substantially to affect the administrative costs and efficiency of each such tribal elementary or secondary educational program studied in order to assure that all required administrative activities can reasonably be delivered in a cost effective manner for each such program, given an administrative cost allowance generated by the values, percentages, or other factors found in the studies to be relevant in such formula;

“(D) identify, and quantify in terms of percentages of direct program costs, any general factors arising from geographic isolation, or numbers of programs administered, independent of program size factors used to compute a base administrative cost percentage in such formula; and

“(E) identify any other incremental cost factors substantially affecting the costs of required administrative cost functions at any of the tribal elementary or secondary educational programs studied and determine whether the factors are of general applicability to other such programs, and (if so) how the factors may effectively be incorporated into such formula.

“(3) CONSULTATION WITH INSPECTOR GENERAL.—In carrying out the studies required under this subsection, the Director shall obtain the input of, and afford an opportunity to participate to, the Inspector General of the Department of the Interior.

“(4) CONSIDERATION OF DELIVERY OF ADMINISTRATIVE SERVICES.—Determinations described in paragraph (2)(C) shall be based on what is practicable at each location studied, given prudent management practice, irrespective of whether required administrative services were actually or fully delivered at

these sites, or whether other services were delivered instead, during the period of the study.

“(5) REPORT.—Upon completion of the studies conducted under paragraph (1), the Director shall submit to Congress a report on the findings of the studies, together with determinations based upon such studies that would affect the definitions set forth under subsection (e) that are used in the formula set forth in subsection (c).

“(6) PROJECTION OF COSTS.—The Secretary shall include in the Bureau’s justification for each appropriations request beginning in the first fiscal year after the completion of the studies conducted under paragraph (1), a projection of the overall costs associated with the formula set forth in subsection (c) for all tribal elementary or secondary education programs which the Secretary expects to be funded in the fiscal year for which the appropriations are sought.

“(7) DETERMINATION OF PROGRAM SIZE.—For purposes of this subsection, the size of tribal elementary or secondary educational programs is determined by the aggregate direct cost program funding level for all Bureau funded programs which share common administrative cost functions.

“(j) AUTHORIZATION OF APPROPRIATIONS.—

“(1) IN GENERAL.—There are authorized to be appropriated such sums as necessary to carry out this section.

“(2) REDUCTIONS.—If the total amount of funds necessary to provide grants to tribes and tribal organizations in the amounts determined under subsection (b) for a fiscal year exceeds the amount of funds appropriated to carry out this section for such fiscal year, the Secretary shall reduce the amount of each grant determined under subsection (b) for such fiscal year by an amount that bears the same relationship to such excess as the amount of such grants determined under subsection (b) bears to the total of all grants determined under subsection (b) section for all tribes and tribal organizations for such fiscal year.

“(k) APPLICABILITY TO SCHOOLS OPERATING UNDER TRIBALLY CONTROLLED SCHOOLS ACT OF 1988.—The provisions of this section shall also apply to those schools operating under the Tribally Controlled Schools Act of 1988.

“(a) ESTABLISHMENT.—Not later than 12 months after the date of the enactment of the No Child Left Behind Act of 2001, the Secretary shall establish within the Office of Indian Education Programs a Division of Budget Analysis (hereinafter referred to as the ‘Division’). Such Division shall be under the direct supervision and control of the Director of the Office.

“(b) FUNCTIONS.—In consultation with the tribal governing bodies and tribal school boards, the Director of the Office, through the Division, shall conduct studies, surveys, or other activities to gather demographic information on Bureau funded schools and project the amount necessary to provide Indian students in such schools the educational program set forth in this part.

“(c) ANNUAL REPORTS.—Not later than the date that the Assistant Secretary for Indian Affairs makes the annual budget submission, for each fiscal year after the date of the enactment of the No Child Left Behind Act of 2001, the Director of the Office shall submit to the appropriate committees of Congress (including the Appropriations committees), all Bureau funded schools, and the tribal governing bodies of such schools, a report which shall contain—

“(1) projections, based upon the information gathered pursuant to subparagraph (b) and any other relevant information, of amounts necessary to provide Indian students in Bureau funded schools the educational program set forth in this part;

Such system shall allot funds in accordance with section 1127. All amounts appropriated for distribution under this section may be made available under paragraph (2).

“(2) TIMING FOR USE OF FUNDS.—(A) For the purposes of affording adequate notice of funding available pursuant to the allotments made under section 1127, amounts appropriated in an appropriations Act for any fiscal year shall become available for obligation by the affected schools on July 1 of the fiscal year in which such amounts are appropriated without further action by the Secretary, and shall remain available for obligation through the succeeding fiscal year.

“(B) The Secretary shall, on the basis of the amount appropriated in accordance with this paragraph—

“(i) publish, not later than July 1 of the fiscal year for which the funds are appropriated, allotments to each affected school made under section 1127 of 85 percent of such appropriation; and

“(ii) publish, not later than September 30 of such fiscal year, the allotments to be made under section 1127 of the remaining 15 percent of such appropriation, adjusted to reflect the actual student attendance.

“(3) LIMITATION.—(A) Notwithstanding any other provision of law or regulation, the supervisor of a Bureau funded school may expend an aggregate of not more than \$50,000 of the amount allotted the school under section 1127 to acquire materials, supplies, equipment, services, operation, and maintenance for the school without competitive bidding if—

“(i) the cost for any single item purchased does not exceed \$15,000;

“(ii) the school board approves the procurement;

“(iii) the supervisor certifies that the cost is fair and reasonable;

“(iv) the documents relating to the procurement executed by the supervisor or other school staff cite this paragraph as authority for the procurement; and

“(v) the transaction is documented in a journal maintained at the school clearly identifying when the transaction occurred, what was acquired and from whom, the price paid, the quantities acquired, and any other information the supervisor or school board considers relevant.

“(B) Not later than 6 months after the date of the enactment of the No Child Left Behind Act of 2001, the Secretary shall cause to be sent to each supervisor of a Bureau operated program and school board chairperson, the education line officer or officers of each agency and area, and the Bureau Division in charge of procurement, at both the local and national levels, notice of this paragraph.

“(C) The Director shall be responsible for determining the application of this paragraph, including the authorization of specific individuals to carry out this paragraph, and shall be responsible for the provision of guidelines on the use of this paragraph and adequate training on such guidelines.

“(4) EFFECT OF SEQUESTRATION ORDER.—If a sequestration order issued under the Balanced Budget and Emergency Deficit Control Act of 1985 reduces the amount of funds available for allotment under section 1127 for any fiscal year by more than 7 percent of the amount of funds available for allotment under such section during the preceding fiscal year—

“(A) to fund allotments under section 1127, the Secretary, notwithstanding any other law, may use—

“(i) funds appropriated for the operation of any Bureau school that is closed or consolidated; and

“(B) the Secretary may waive the application of the provisions of section 1121(h) with respect to the closure or consolidation of a school, or the curtailment of a program at a school, during such fiscal year if the funds described in clauses (i) and (ii) of subparagraph (A) with respect to such school are used to fund allotments made under section 1127 for such fiscal year.

“(b) LOCAL FINANCIAL PLANS FOR EXPENDITURE OF FUNDS.—

“(1) PLAN REQUIRED.—In the case of all Bureau operated schools, allotted funds shall be expended on the basis of local financial plans which ensure meeting the accreditation requirements or standards for the school established pursuant to section 1121 and which shall be prepared by the local school supervisor in active consultation with the local school board for each school. The local school board for each school shall have the authority to ratify, reject, or amend such financial plan, and expenditures thereunder, and, on its own determination or in response to the supervisor of the school, to revise such financial plan to meet needs not foreseen at the time of preparation of the financial plan.

“(2) The supervisor—

“(A) shall put into effect the decisions of the school board;

“(B) shall provide the appropriate local union representative of the education employees with copies of proposed draft financial plans and all amendments or modifications thereto, at the same time such copies are submitted to the local school board; and

“(C) may appeal any such action of the local school board to the appropriate education line officer of the Bureau agency by filing a written statement describing the action and the reasons the supervisor believes such action should be overturned. A copy of such statement shall be submitted to the local school board and such board shall be afforded an opportunity to respond, in writing, to such appeal. After reviewing such written appeal and response, the appropriate education line officer may, for good cause, overturn the action of the local school board. The appropriate education line officer shall transmit the determination of such appeal in the form of a written opinion to such board and to such supervisor identifying the reasons for overturning such action.

“(c) USE OF SELF-DETERMINATION GRANTS FUNDS.—Funds for self-determination grants under section 103(a)(2) of the Indian Self-Determination and Education Assistance Act shall not be used for providing technical assistance and training in the field of education by the Bureau unless such services are provided in accordance with a plan, agreed to by the tribe or tribes affected and the Bureau, under which control of education programs is intended to be transferred to such tribe or tribes within a specific period of time negotiated under such agreement. The Secretary may approve applications for funding tribal divisions of education and development of tribal codes of

education from funds appropriated pursuant to section 104(a) of such Act.

“(d) TECHNICAL ASSISTANCE AND TRAINING.—In the exercise of its authority under this section, a local school board may request technical assistance and training from the Secretary, and the Secretary shall, to the greatest extent possible, provide such services, and make appropriate provisions in the budget of the Office for such services.

“(e) SUMMER PROGRAM OF ACADEMIC AND SUPPORT SERVICES.—

“(1) IN GENERAL.—A financial plan under subsection (b) for a school may include, at the discretion of the local administrator and the school board of such school, a provision for a summer program of academic and support services for students of the school. Any such program may include activities related to the prevention of alcohol and substance abuse. The Assistant Secretary for Indian Affairs shall provide for the utilization of any such school facility during any summer in which such utilization is requested.

“(2) USE OF OTHER FUNDS.—Notwithstanding any other provision of law, funds authorized under the Act of April 16, 1934, and this Act may be used to augment the services provided in each summer program at the option, and under the control, of the tribe or Indian controlled school receiving such funds.

“(3) TECHNICAL ASSISTANCE AND PROGRAM COORDINATION.—The Assistant Secretary for Indian Affairs, acting through the Director of the Office, shall provide technical assistance and coordination for any program described in paragraph (1) and shall, to the extent possible, encourage the coordination of such programs with any other summer programs that might benefit Indian youth, regardless of the funding source or administrative entity of any such program.

“(f) COOPERATIVE AGREEMENTS.—

“(1) IN GENERAL.—From funds allotted to a Bureau school under section 1127, the Secretary shall, if specifically requested by the tribal governing body (as defined in section 1141), implement any cooperative agreement entered into between the tribe, the Bureau school board, and the local public school district which meets the requirements of paragraph (2) and involves the school. The tribe, the Bureau school board, and the local public school district shall determine the terms of the agreement. Such agreement may encompass coordination of all or any part of the following:

“(A) Academic program and curriculum, unless the Bureau school is currently accredited by a State or regional accrediting entity and would not continue to be so accredited.

“(B) Support services, including procurement and facilities maintenance.

“(C) Transportation.

“(2) EQUAL BENEFIT AND BURDEN.—Each agreement entered into pursuant to the authority provided in paragraph (1) shall confer a benefit upon the Bureau school commensurate with the burden assumed, though this requirement shall not be construed so as to require equal expenditures or an exchange of similar services.

“(g) PRODUCT OR RESULT OF STUDENT PROJECTS.—Notwithstanding any other provision of law, where there is agreement on action between the superintendent and the school board of a Bureau funded school, the product or result of a project conducted in whole or in major part by a student may be given to that student upon the completion of such project.

“(h) NOT CONSIDERED FEDERAL FUNDS FOR MATCHING REQUIREMENTS.—Notwithstanding any other provision of law, funds received by a Bureau funded school under this part shall not be considered Federal funds for the purposes of meeting a matching funds requirement for any Federal program.

“SEC. 1131. POLICY FOR INDIAN CONTROL OF INDIAN EDUCATION.

“(1) IN GENERAL.—All actions under this Act shall be done with active consultation with tribes.

“(2) REQUIREMENTS.—The consultation required under paragraph (1) means a process involving the open discussion and joint deliberation of all options with respect to potential issues or changes between the Bureau and all interested parties. During such discussions and joint deliberations, interested parties (including tribes and school officials) shall be given an opportunity to present issues including proposals regarding changes in current practices or programs which will be considered for future action by the Bureau. All interested parties shall be given an opportunity to participate and discuss the options presented or to present alternatives, with the views and concerns of the interested parties given effect unless the Secretary determines, from information available from or presented by the interested parties during one or more of the discussions and deliberations, that there is a substantial reason for another course of action. The Secretary shall submit to any Member of Congress, within 18 days of the receipt of a written request by such Member, a written explanation of any decision made by the Secretary which is not consistent with the views of the interested parties.

“SEC. 1132. INDIAN EDUCATION PERSONNEL.

“(ii) that a list of qualified and interviewed applicants for education positions be maintained in the Office from among indi-

The supervisor shall have the right to appeal such action to the education line officer of the appropriate agency office of the Bureau. “(1) IN GENERAL.—(A) Except as otherwise provided in this section, the Secretary shall fix the basic compensation for educators and education positions at rates in effect under the General Schedule for individuals with comparable qualifications, and holding comparable positions, to whom chapter 51 of title 5, United States Code, is applicable or on the basis of the Federal Wage System schedule in effect for the locality, and for the comparable positions, the rates of compensation in effect for the senior executive service.

“(B) The Secretary shall establish the rate of basic compensation, or annual salary rates, for the positions of teachers and counselors (including dormitory counselors and home-living counselors) at the rates of basic compensation applicable (on the date of the enactment of the No Child Left Behind Act of 2001 and thereafter) to comparable positions in the overseas schools under the Defense Department Overseas Teachers Pay Act. The Secretary shall allow the local school boards authority to implement only the aspects of the Defense Department Overseas Teacher pay provisions that are considered essential for recruitment and retention. Implementation of such provisions shall not be construed to require the implementation of the Act in its entirety.

“(C)(i) Beginning with the fiscal year following the date of the enactment of the No Child Left Behind Act of 2001, each school board may set the rate of compensation or annual salary rate for teachers and counselors (including academic counselors) who are new hires at the school and who have not worked at the school on the date of implementation of this provision, at rates consistent with the rates paid for individuals in the same positions, with the same tenure and training, in any other school within whose boundaries the Bureau school lies. In instances where the adoption of such rates cause a reduction in the payment of compensation from that which was in effect for the fiscal year following the date of the enactment of the No Child Left Behind Act of 2001, the new rate may be applied to the compensation of employees of the school who worked at the school on the date of the enactment of that Act by applying those rates to each contract renewal such that the reduction takes effect in three equal installments. Where adoption of such rates lead to an increase in the payment of compensation from that which was in effect for the fiscal year following the date of the enactment of the No Child Left Behind Act of 2001, the school board may make such rates applicable

at the next contract renewal such that either—

“(I) the increase occurs in its entirety; or
 “(II) the increase is applied in three equal installments.

“(ii) The establishment of rates of basic compensation and annual salary rates under subparagraphs (B) and (C) shall not preclude the use of regulations and procedures used by the Bureau prior to April 28, 1988, in making determinations regarding promotions and advancements through levels of pay that are based on the merit, education, experience, or tenure of the educator.

“(D) The establishment of rates of basic compensation and annual salary rates under subparagraphs (B) and (C) shall not affect the continued employment or compensation of an educator who was employed in an education position on October 31, 1979, and who did not make an election under subsection (p) is in effect on January 1, 1990.

“(2) POST-DIFFERENTIAL RATES.—(A) The Secretary may pay a post-differential rate not to exceed 25 percent of the rate of basic compensation, on the basis of conditions of environment or work which warrant additional pay as a recruitment and retention incentive.

“(B)(i) Upon the request of the supervisor and the local school board of a Bureau school, the Secretary shall grant the supervisor of the school authorization to provide one or more post-differentials under subparagraph (A) unless the Secretary determines for clear and convincing reasons (and advises the board in writing of those reasons) that certain of the requested post-differentials should be disapproved or decreased because there is no disparity of compensation for the involved employees or positions in the Bureau school, as compared with the nearest public school, that is either—

“(I) at least 5 percent; or

“(II) less than 5 percent and affects the recruitment or retention of employees at the school.

“(ii) A request under clause (i) shall be deemed granted at the end of the 60th day after the request is received in the Central Office of the Bureau unless before that time the request is approved, approved with modification, or disapproved by the Secretary.

“(iii) The Secretary or the supervisor of a Bureau school may discontinue or decrease a post-differential authorized under this subparagraph at the beginning of a school year if—

“(I) the local school board requests that such differential be discontinued or decreased; or

“(II) the Secretary or the supervisor determines for clear and convincing reasons (and advises the board in writing of those reasons) that there is no disparity of compensation that would affect the recruitment or retention of employees at the school after the differential is discontinued or decreased.

SEC. 314. TRIBALLY CONTROLLED SCHOOLS ACT OF 1988.

Sections 5202 through 5212 of the Tribally Controlled Schools Act of 1988 (25 U.S.C. 2501 et seq.) are amended to read as follows:

"SEC. 5202. FINDINGS.

"Congress, after careful review of the Federal Government's historical and special legal relationship with, and resulting responsibilities to, Indians, finds that—

"(1) the Indian Self-Determination and Education Assistance Act, which was a product of the legitimate aspirations and a recognition of the inherent authority of Indian nations, was and is a crucial positive step towards tribal and community control;

"(2) the Bureau of Indian Affairs' administration and domination of the contracting process under such Act has not provided the full opportunity to develop leadership skills crucial to the realization of self-government and has denied Indians an effective voice in the planning and implementation of programs for the benefit of Indians which are responsive to the true needs of Indian communities;

"(3) Indians will never surrender their desire to control their relationships both among themselves and with non-Indian governments, organizations, and persons;

"(4) true self-determination in any society of people is dependent upon an educational process which will ensure the development of qualified people to fulfill meaningful leadership roles;

"(5) the Federal administration of education for Indian children has not effected the desired level of educational achievement or created the diverse opportunities and personal satisfaction that education can and should provide;

"(6) true local control requires the least possible Federal interference; and

"(7) the time has come to enhance the concepts made manifest in the Indian Self-Determination and Education Assistance Act.

"SEC. 5203. DECLARATION OF POLICY.

"(a) RECOGNITION.—Congress recognizes the obligation of the United States to respond to the strong expression of the Indian people for self-determination by assuring maximum Indian participation in the direction of educational services so as to render such services more responsive to the needs and desires of those communities.

"(b) COMMITMENT.—Congress declares its commitment to the maintenance of the Federal Government's unique and continuing trust relationship with and responsibility to the Indian people through the establishment of a meaningful Indian self-determination policy for education which will deter further perpetuation of Federal bureaucratic domination of programs.

"(c) NATIONAL GOAL.—Congress declares that a major national goal of the United States is to provide the resources, processes, and structure which will enable tribes and local communities to effect the quantity and quality of educational services and opportunities which will permit Indian children to compete and excel in the life areas of their choice and to achieve the measure of self-determination essential to their social and economic well-being.

"(d) EDUCATIONAL NEEDS.—Congress affirms the reality of the special and unique educational needs of Indian peoples, including the need for programs to meet the linguistic and cultural aspirations of Indian tribes and communities. These may best be met through a grant process.

"(e) FEDERAL RELATIONS.—Congress declares its commitment to these policies and its support, to the full extent of its responsibility, for Federal relations with the Indian Nations.

"(f) TERMINATION.—Congress hereby repudiates and rejects House Resolution 108 of the 83d Congress and any policy of unilateral termination of Federal relations with any Indian Nation.

"SEC. 5204. GRANTS AUTHORIZED.

Such applications and the timing of such applications shall be strictly voluntary. Nothing in this part may be construed as allowing or requiring any grant with any entity other than the entity to which the grant is provided.

A later date as may be specified if mutually agreed upon by the Secretary and the tribal governing body. "(2) STATUS AFTER RETROCESSION.—The tribe requesting retrocession shall specify whether the retrocession is to status as a Bureau operated school or as a school operated under contract under title XI of the Education Amendments of 1978.

"(3) TRANSFER OF EQUIPMENT AND MATERIALS.—Except as otherwise determined by the Secretary, the tribe or tribal organization operating the program to be retroceded must transfer to the Secretary (or to the tribe or tribal organization which will operate the program as a contract school) the existing equipment and materials which were acquired—

"(A) with assistance under this part; or

"(B) upon assumption of operation of the program under this part if the school was a Bureau funded school under title XI of the Education Amendments of 1978 before receiving assistance under this part.

“(a) DISTRIBUTION RULE.—

“(1) IN GENERAL.—Subject to paragraph (2), from the sums made available each year to carry out this subpart, the State shall distribute not less than 85 percent to local educational agencies within such State according to the relative enrollments in public and private, nonprofit schools within the jurisdictions of such agencies, adjusted, in accordance with criteria approved by the Secretary, to provide higher per-pupil allocations to local educational agencies that have the greatest numbers or percentages of children whose education imposes a higher than average cost per child, such as—

“(A) children living in areas with high concentrations of economically disadvantaged families;

“(B) children from economically disadvantaged families; and

“(C) children living in sparsely populated areas.

“(2) EXCEPTION.—100 percent of any amount by which the funds paid to a State under this subpart for a fiscal year exceed the amount of such funds paid to the State for fiscal year 2001 shall be distributed to local educational agencies and used locally for innovative assistance described in section 4131(b).

“(c) PAYMENT OF ALLOCATIONS.—

“(1) DISTRIBUTION.—From the funds paid to a State under this subpart for a fiscal year, a State shall distribute to each eligible local educational agency that has submitted an application as required in section 4133 the amount of such local educational agency's allocation, as determined under subsection (a).

“(2) ADDITIONAL FUNDS.—

“(A) IN GENERAL.—Additional funds resulting from higher per-pupil allocations provided to a local educational agency on the basis of adjusted enrollments of children described in subsection (a)(1) may, in the discretion of the local educational agency, be allocated for expenditures to provide services for children enrolled in public and private, nonprofit schools in direct proportion to the number of children described in subsection (a)(1) and enrolled in such schools within the local educational agency.

“(B) ELECTION.—In any fiscal year, any local educational agency that elects to allocate such additional funds in the manner described in subparagraph (A) shall allocate all additional funds to schools within the local educational agency in such manner.

"(3) the development of model State arts education assessments based on State academic standards;

"(h) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subpart such sums as may be necessary for each of fiscal years 2002 through 2006.

"Subpart 3—Gifted and Talented Children**"SEC. 4161. SHORT TITLE.**

"This subpart may be cited as the 'Jacob K. Javits Gifted and Talented Students Education Act of 2001'.

"SEC. 4162. FINDINGS AND PURPOSE.

"(a) FINDINGS.—Congress finds the following:

"(1) While the families and communities of some gifted and talented students can provide private educational programs with appropriately trained staff to supplement public educational offerings, most gifted and talented students, especially those from inner cities, rural communities, or low-income families, must rely on the services and personnel available in public schools. In order to ensure that there are equal educational opportunities for all gifted and talented students in the United States, the public schools should provide gifted and talented education programs carried out by qualified professionals.

"(2) Due to the wide dispersal of students who are gifted and talented and the national interest in a well-educated populace, it is the Federal Government that can most effectively and appropriately conduct scientifically based research and development to ensure that there is a national capacity to educate students who are gifted and talented in the 21st century.

"(3) Many State and local educational agencies lack the specialized resources and trained personnel necessary to consistently plan and implement effective programs for the identification of gifted and talented students and for the provision of educational services and programs appropriate for the needs of such students.

"(4) Because gifted and talented students are generally more advanced academically, are generally able to learn more quickly, and generally study in more depth and complexity than others their age, they require educational opportunities and experiences that are different from those usually available to other students.

"(5) A typical elementary school student who is academically gifted and talented has already mastered 35 to 50 percent of the content to be learned in several subjects in any school year before that year begins. Without an advanced and challenging curriculum, such a student may lose motivation and develop poor study habits that are difficult to break.

"(6) Classes in elementary and secondary schools in the United States consist of students with a wide variety of traits, characteristics, and needs. Although most teachers receive some training to meet the needs of students with limited English proficiency, students with disabilities, and students from

diverse cultural and racial backgrounds, few receive training to meet the needs of students who are gifted and talented.

"(b) PURPOSE.—The purpose of this subpart is to initiate a coordinated program of scientifically based research, demonstration projects, innovative strategies, and similar activities designed to build and enhance the ability of elementary and secondary schools nationwide to meet the special educational needs of gifted and talented students.

"SEC. 4163. RULE OF CONSTRUCTION.

Nothing in this subpart shall be construed to prohibit a recipient of funds under this subpart from serving gifted and talented students simultaneously with students with similar educational needs, in the same educational settings where appropriate.

"SEC. 4164. AUTHORIZED PROGRAMS.

"(2) DIRECTOR.—The National Center established under paragraph (1) shall be headed by a Director. The Secretary may authorize the Director to carry out such functions of the National Center as may be agreed upon through arrangements with institutions of higher education, State or local educational agencies, or other public or private agencies and organizations.

"(d) LIMITATION.—Not more than 30 percent of the funds available in any fiscal year to carry out the programs and projects authorized by this section may be used to conduct activities pursuant to subsection (b)(1) or subsection (c).

"(1) use a peer review process in reviewing applications under this subpart;

"(2) ensure that information on the activities and results of programs and projects funded under this subpart is disseminated to appropriate State and local educational agencies and other appropriate organizations, including nonprofit private organizations; and

"(3) evaluate the effectiveness of programs under this subpart in accordance with section 8651, both in terms of the impact on students traditionally served in separate gifted and talented programs and on other students, and submit the results of such evaluation to the Congress not later than 2 years after the date of the enactment of the No Child Left Behind Act of 2001.

PART B—PUBLIC CHARTER SCHOOLS

SEC. 411. PUBLIC CHARTER SCHOOLS.

Title IV, as amended by section 401, is further amended by adding at the end the following:

"PART B—PUBLIC CHARTER SCHOOLS

"SEC. 4201. FINDINGS AND PURPOSE.

"(a) FINDINGS.—The Congress finds that—

"(1) enhancement of parent and student choices among public schools can assist in promoting comprehensive educational reform and give more students the opportunity to meet challenging State academic content standards and State student academic achievement standards, if sufficiently diverse and high-quality choices, and genuine opportunities to take advantage of such choices, are available to all students;

"(2) useful examples of such choices can come from States and communities that experiment with methods of offering teachers and other educators, parents, and other members of the public the opportunity to design and implement new public schools and to transform existing public schools;

"(3) charter schools are a mechanism for testing a variety of educational approaches and should, therefore, be exempted from restrictive rules and regulations if the leadership of such schools commits to attaining specific and ambitious educational results for educationally disadvantaged students consistent with challenging State academic content standards and State student academic achievement standards for all students;

"(4) charter schools can embody the necessary mixture of enhanced choice, exemption from restrictive regulations, and a focus on learning gains;

"(5) charter schools, including charter schools that are schools-within-schools, can help reduce school size, and this reduction can have a significant effect on student achievement;

"(6) the Federal Government should test, evaluate, and disseminate information on a variety of charter school models in order to help demonstrate the benefits of this promising educational reform; and

"(7) there is a strong documented need for cash-flow assistance to charter schools that are starting up, because State and local operating revenue streams are not immediately available.

"(b) PURPOSE.—It is the purpose of this part to increase national understanding of the charter schools model by—

"(1) providing financial assistance for the planning, program design and initial implementation of charter schools;

"(2) evaluating the effects of such schools, including the effects on students, student academic achievement, staff, and parents; and

"(3) expanding the number of high-quality charter schools available to students across the Nation.

"SEC. 4202. PROGRAM AUTHORIZED.

"(a) IN GENERAL.—The Secretary may award grants to State educational agencies having applications approved pursuant to section 4203 to enable such agencies to conduct a charter school grant program in accordance with this part.

"(b) SPECIAL RULE.—If a State educational agency elects not to participate in the program authorized by this part or does not have an application approved under section 4203, the Secretary may award a grant to an eligible applicant that serves such State and has an application approved pursuant to section 4203(c).

"(c) PROGRAM PERIODS.—

"(1) GRANTS TO STATES.—Grants awarded to State educational agencies under this part shall be awarded for a period of not more than 3 years.

"(2) REVIEW AND EVALUATION PRIORITY CRITERIA.—The criteria referred to in paragraph (1) is that the State provides for periodic review and evaluation by the authorized public chartering agency of each charter school, at least once every 5 years unless required more frequently by State law, to determine wheth-

er the charter school is meeting the terms of the school's charter, and is meeting or exceeding the academic performance requirements and goals for charter schools as set forth under State law or the school's charter.

"(3) PRIORITY CRITERIA.—The criteria referred to in paragraph (1) are the following:

"(A) The State has demonstrated progress, in increasing the number of high quality charter schools that are held accountable in the terms of the schools' charters for meeting clear and measurable objectives for the educational progress of the students attending the schools, in the period prior to the period for which a State educational agency or eligible applicant applies for a grant under this part.

"(B) The State—

"(i) provides for one authorized public chartering agency that is not a local educational agency, such as a State chartering board, for each individual or entity seeking to operate a charter school pursuant to such State law; or

"(ii) in the case of a State in which local educational agencies are the only authorized public chartering agencies, allows for an appeals process for the denial of an application for a charter school.

"(C) The State ensures that each charter school has a high degree of autonomy over the charter school's budgets and expenditures.

"(f) AMOUNT CRITERIA.—In determining the amount of a grant to be awarded under this part to a State educational agency, the Secretary shall take into consideration the number of charter schools that are operating, or are approved to open, in the State.

“PART D—ELEMENTARY AND SECONDARY SCHOOL COUNSELING PROGRAMS

“SEC. 5401. ELEMENTARY AND SECONDARY SCHOOL COUNSELING PROGRAMS.

“(a) FINDINGS.—Congress finds as follows:

“(1) The Surgeon General reported in January 2001 that 1 in 10 children suffer from mental illnesses severe enough to impair development and fewer than 1 in 5 children get treatment for mental illnesses.

“(2) The Surgeon General reported that the burden of suffering by children with mental health needs and their families has created a health crisis in this country. Growing numbers of children are suffering needlessly because their emotional, behavioral, and developmental needs are not being met by the very institutions and systems that were created to take care of them.

“(3) As a result of the concern about the failure of the healthcare system to reach children and adolescents with mental illnesses, there is currently great interest in developing new models for the delivery of mental health and counseling services that can reach underserved groups efficiently.

“(4) Schools are a sensible point of intervention because of their central position in many children's lives and development, especially when families are unable to assume a leading role.

“(5) School-based mental health and counseling services allow for the identification of children in need of treatment much earlier in their development.

“(6) Establishing mental health and counseling services in schools provides access to underserved youth with or at risk of emotional or behavioral problems.

“(7) The Surgeon General's 2000 report on youth violence concludes that effective treatment can divert a significant proportion of delinquent and violent youths from future violence and crime.

“(8) Mental health and counseling services can play an important role in violence prevention on all levels, including preventing problem behaviors from developing; identifying and serving specific, at-risk populations; and reducing the deleterious effects of violence on victims and witnesses.

“(9) An evaluation of the model program for the elementary school counseling dem-

onstration program established pursuant to this section prior to the date of enactment of the Elementary and Secondary Counseling Improvement Act of 2001 found that the number of referrals to the principal's office decreased by nearly half, the use of force, weapons, and threatening of others also decreased, school suspensions were reduced, and students felt safer.

"(10) The report produced by the Institute of Medicine, 'Schools and Health: Our Nation's Investment', recommended a student-to-school counselor ratio of 250:1, student-to-school psychologist ratio of 1000:1, and a student-to-school social worker ratio of 800:1. The United States average student-to-counselor ratio is 551:1. Ratios for school psychologists and school social workers also exceeded the recommended levels.

(1) More than 90 percent of resources for school districts in the United States are raised from State and local property taxes.

(2) School districts that are affected by the presence of the Federal Government, such as Federal property that is not subject to taxation, must still provide educational services to children who are federally connected by such activities of the Federal Government.

(3) To mitigate this loss of funding, Congress has made “impact aid” payments to local educational agencies to reimburse the agencies for the costs of educating federally connected children.

(4) From 1950 to 1969, Congress provided full funding for the impact aid program to help defray the costs of educating federally connected children.

(5) For fiscal year 2000, Congress provided only 46 percent of the costs of educating federally connected children.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the House of Representatives, the Senate, and the Administration should work together to provide full funding for the impact aid program in future fiscal years in order to meet the needs of school districts affected by a Federal presence; and

(2) the full funding of the impact aid program will ensure that federally connected children will continue to receive a quality education.

“SEC. 8501. MAINTENANCE OF EFFORT.

“(a) IN GENERAL.—A local educational agency may receive funds under a covered program for any fiscal year only if the State educational agency finds that either the combined fiscal effort per student or the aggregate expenditures of such agency and the State with respect to the provision of free public education by such agency for the preceding fiscal year was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

“(b) REDUCTION IN CASE OF FAILURE TO MEET.—

“(1) IN GENERAL.—The State educational agency shall reduce the amount of the allocation of funds under a covered program in any fiscal year in the exact proportion to which a local educational agency fails to meet the requirement of subsection (a) of this section by falling below 90 percent of both the combined fiscal effort per student and aggregate expenditures (using the measure most favorable to such local agency).

“(2) SPECIAL RULE.—No such lesser amount shall be used for computing the effort required under subsection (a) of this section for subsequent years.

“(c) WAIVER.—The Secretary may waive the requirements of this section if the Secretary determines that such a waiver would be equitable due to—

“(1) exceptional or uncontrollable circumstances such as a natural disaster; or

“(2) a precipitous decline in the financial resources of the local educational agency.

“SEC. 8502. PROHIBITION REGARDING STATE AID.

“A State shall not take into consideration payments under this Act (other than under title VI) in determining the eligibility of any local educational agency in such State for State aid, or the amount of State aid, with respect to free public education of children.

“SEC. 8503. PARTICIPATION BY PRIVATE SCHOOL CHILDREN AND TEACHERS.

“(a) PRIVATE SCHOOL PARTICIPATION.—

“(1) IN GENERAL.—Except as otherwise provided in this Act, to the extent consistent with the number of eligible children in areas served by a State educational agency, local educational agency, educational service agency, consortium of such agencies, or another entity receiving financial assistance under a program specified in subsection (b), who are enrolled in private elementary and secondary schools in areas served by such agency, consortium or entity, such agency, consortium or entity shall, after timely and meaningful consultation with appropriate

“(2) DISAGREEMENT.—If the agency, consortium or entity disagrees with the views of the private school officials on the provision of services through a contract, the agency, consortium, or entity shall provide in writing to such private school officials an analysis of the reasons why the local educational agency has chosen not to use a contractor.

“(3) TIMING.—Such consultation shall occur before the agency, consortium, or entity makes any decision that affects the opportunities of eligible private school chil-

committee on Oversight and Investigations states that requirements by the Department of Education result in more than 48,600,000 hours of paperwork per year; and

“SEC. 8604. SENSE OF CONGRESS REGARDING MEMORIALS.

“It is the sense of Congress that—

“(1) the saying of a prayer, the reading of a scripture, or the performance of religious music, as part of a memorial service that is held on the campus of a public elementary or secondary school in order to honor the memory of any person slain on that campus is not objectionable under this Act; and

“(2) the design and construction of any memorial which includes religious symbols, motifs, or sayings that is placed on the campus of a public elementary or secondary school in order to honor the memory of any person slain on that campus is not objectionable under this Act.

“SEC. 8605. EFFECTIVE USE OF FEDERAL ELEMENTARY AND SECONDARY EDUCATION FUNDS.

“It is the sense of the Congress that the Secretary, State educational agencies, and local educational agencies should work together to ensure that not less than 95 percent of all funds appropriated to carry out elementary and secondary education programs under this Act is spent directly to improve the academic achievement of the Nation’s children in their classrooms.

“PART G—EVALUATIONS

“SEC. 8651. EVALUATIONS.

“(a) RESERVATION OF FUNDS.—Except as provided in subsections (b) and (c), the Secretary may reserve not more than 0.5 percent of the amount appropriated to carry out each categorical program and demonstration project authorized under this Act—

Federal programs assisted or authorized under this Act and related Federal preschool, elementary and secondary programs under any other Federal law; and

“(b) TITLE I EXCLUDED.—The Secretary may not reserve under subsection (a) funds appropriated to carry out any program authorized under title I.

“(c) EVALUATION ACTIVITIES AUTHORIZED ELSEWHERE.—If, under any other provision of this Act (other than title I), funds are authorized to be reserved or used for evaluation activities with respect to a program or project, the Secretary may not reserve additional funds under this section for the evaluation of such program or project.”.

TITLE IX—MISCELLANEOUS PROVISIONS

PART A—AMENDMENTS TO OTHER ACTS

Subpart 1—National Education Statistics Act

SEC. 901. AMENDMENT TO NESA.

Section 411 of the National Education Statistics Act of 1994 (20 U.S.C. 9010) is amended—

(1) by amending subsection (b)(2) to read as follows:

“(2) STATE ASSESSMENTS.—(A) The Commissioner, in carrying out the National Assessment—

“(i) may conduct State assessments of student achievement in grades 4, 8, and 12; and

“(ii) shall conduct annual State assessments of student achievement in reading and mathematics in grades 4 and 8 in order for States to carry out section 1111(c)(2) of the Elementary and Secondary Education Act of 1965.

“(B)(i) Except as provided in clause (ii), a participating State shall review and give permission for the release of results from any test of its students administered as a part of a State assessment prior to the release of the data. Refusal by a State to release its data shall not restrict the release of data from other States that have approved the release of that data.

“(ii) A State participating in the annual State assessments of its students in reading and mathematics in grades 4 and 8 shall be deemed to have given its permission to release its data if it has an approved plan under section 1111 of the Elementary and Secondary Education Act of 1965.”; and

(2) by amending subsection (d) to read as follows:

“(d) PARTICIPATION.—

“(1) NATIONAL AND REGIONAL PARTICIPATION.—Participation in the national and regional assessments by State and local educational agencies shall be voluntary.

“(2) STATE PARTICIPATION.—Participation in assessments made on a State basis shall be voluntary.”.

Subpart 2—Homeless Education

SEC. 911. SHORT TITLE.

This subpart may be cited as the “McKinney-Vento Homeless Education Assistance Improvements Act of 2001”.

SEC. 912. FINDINGS.

Congress makes the following findings:

(1) An estimated 1,000,000 children in the United States will experience homelessness in 2001.

(2) Homelessness has a devastating impact on the educational opportunities of children and youth. Homeless children go hungry at more than twice the rate of other children, have four times the rate of delayed development, and are twice as likely to repeat a grade.

(3) Despite steady progress in school enrollment and attendance resulting from the passage in 1987 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11301 et seq.), homeless students still face numerous barriers to education, including residency, guardianship and registration requirements, delays in the transfer of school records, and inadequate transportation service.

(4) School is one of the few secure factors in the lives of homeless children and youth, providing stability, structure, and accomplishment during a time of great upheaval.

(5) Homeless children and youth require educational stability and the opportunity to maintain regular and consistent attendance in school, so that they acquire the skills necessary to escape poverty and lead productive, healthy lives as adults.

(6) In the 14 years since the passage of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11301 et seq.), educators and service providers have learned much about policies and practices which help remove the barriers described.

SEC. 913. PURPOSE.

The purpose of this subpart is to strengthen subtitle B of title VII of Public Law 100-77 (42 U.S.C. 11431 et seq.) by amending it—

§52.33 HIS HOLINESS KAREKIN II,
SUPREME PATRIARCH AND
CATHOLICOS OF ALL ARMENIANS

On motion of Mr. CANTOR, by unanimous consent, the Committee on International Relations was discharged from further consideration of the following concurrent resolution (H. Con. Res. 139):

Whereas the Armenian people have lived in their homeland for more than 3,000 years and created a unique civilization;

Whereas two of Jesus Christ's own disciples, Saint Thaddeus and Saint Bartholomew, introduced Christianity in Armenia and were the original founders of the Armenian Church;

Whereas in 301 A.D., Saint Gregory the Illuminator Christianized the entire country of Armenia, was consecrated the first Catholicos of Armenia, and baptized King Drtad of Armenia as a Christian;

Whereas in 301 A.D., King Drtad declared Christianity to be the official religion of Armenia, making it the first Christian state in the world;

Whereas Armenian Church leaders opened schools, cared for the sick and needy, and created alphabets for Armenia and Georgia to make the Scriptures more accessible to the people;

Whereas Armenians' devotion to God led them to create distinctive styles of manuscript illumination, architecture, sculpture, and textiles, that are recognized as masterpieces of Christian art and as major contributions to world art;

Whereas the Armenian Church has persevered in its faith throughout the past 17 centuries in cultures that were hospitable to it and others that were hostile;

Whereas the Armenian Church actively participates in ecumenical bodies and movements, uniting Christians of all denominations world-wide;

Whereas more than 100 communities throughout the United States will celebrate the 1700th anniversary of the acceptance of Christianity in Armenia with special worship and ecumenical services;

Whereas in celebration of the 1700th anniversary, His Holiness Karekin II will visit the United States;

Whereas the 1700th anniversary is an appropriate occasion to celebrate the ideals and values shared by the people of the United States, the people of Armenia, and the Armenian Church in America;

Whereas representatives of the Christian, Jewish, and Muslim faiths, including representatives of the Armenian Church, the National Conference of Catholic Bishops, and the National Council of Churches of Christ in the U.S.A., will celebrate an ecumenical prayer service on May 30, 2001, at the Catholic Basilica of the National Shrine of the Immaculate Conception on the occasion of the 1700th anniversary;

Whereas the Armenian Church, the National Conference of Catholic Bishops, and the National Council of Churches of Christ in the U.S.A. have chosen the theme "Walking Together in the Light of Our Lord" as the message to embrace the ecumenical spirit of brotherhood on the occasion of the 1700th anniversary; and

Whereas the Armenian Church has established parishes throughout the United States and has contributed to the quality of religious life in this Nation: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Congress—

(1) congratulates the Republic of Armenia on the occasion of the 1700th anniversary of the acceptance of Christianity in Armenia;

(2) welcomes His Holiness Karekin II, Supreme Patriarch and Catholicos of All Armenians, on his visit to the United States; and

(3) joins with the people of Armenia, the Armenian Church in America, and His Holiness Karekin II in celebrating the ideals and values they share with the people of the United States.

When said concurrent resolution was considered and agreed to.

A motion to reconsider the vote whereby said concurrent resolution was agreed to was, by unanimous consent, laid on the table.

Ordered, That the Clerk request the concurrence of the Senate in said concurrent resolution.

NATIONAL EMERGENCY WITH RESPECT
TO LIBERIA

The SPEAKER pro tempore, Mr. THORNBERRY, laid before the House a message from the President, which was read as follows:

To the Congress of the United States:

Pursuant to section 204(b) of the International Emergency Economic Powers Act, 50 U.S.C. 1703(b) (IEEPA), and section 301 of the National Emergencies Act, 50 U.S.C. 1631, I hereby report that I have exercised my statutory authority to expand the scope of an existing national emergency in response to the unusual and extraordinary threat posed to the foreign policy of the United States by the Government of Liberia's complicity in the illicit trade in diamonds from Sierra Leone by the insurgent Revolutionary United Front of Sierra Leone (RUF) and by the Government of Liberia's other forms of support for the RUF. I also have exercised my statutory authority to issue an Executive Order that prohibits the importation into the United States of all rough diamonds from Liberia, whether or not such diamonds originated in Liberia. These actions are mandated in part by United Nations Security Council Resolution 1343 of March 7, 2001.

The Secretary of the Treasury, in consultation with the Secretary of State, is authorized to issue regulations in exercise of my authorities under the IEEPA and the United Nations Participation Act, 22 U.S.C. 287c, to implement this prohibition. All Federal agencies are also directed to take actions within their authority to carry out the provisions of the Executive Order.

I am enclosing a copy of the Executive Order I have issued. The Order was effective at 12:01 a.m. eastern daylight time on May 23, 2001.

I have authorized these measures in furtherance of Executive Order 13194 of January 18, 2001, and in response to the Government of Liberia's continuing facilitation of and participation in the RUF's illicit trade in diamonds from Sierra Leone and its other forms of support for the RUF. The Government of Liberia's actions in this regard constitute an unusual and extraordinary threat to the foreign policy of the United States because they directly challenge United States foreign policy objectives in the region and the rule-based international order that is crucial to the peace and prosperity of the United States.

In Executive Order 13194, President Clinton responded to the RUF's illicit arms-for-diamonds trade that fuels the brutal, decade-long civil war in Sierra Leone by declaring a national emer-

gency and, consistent with United Nations Security Council Resolution 1306, by prohibiting the importation into the United States of all rough diamonds from Sierra Leone except for those importations controlled through the certificate of origin regime of the Government of Sierra Leone. In a report issued on December 14, 2000, the United Nations Panel of Experts established pursuant to resolution 1306 found that diamonds represent a major and primary source of income for the RUF to sustain and advance its military activities; that the bulk of the RUF diamonds leaves Sierra Leone through Liberia; and that such illicit trade cannot be conducted without the permission and involvement of Liberian government officials at the highest levels. The Panel recommended, among other things, a complete embargo on all diamonds from Liberia until Liberia demonstrates convincingly that it is no longer involved in the trafficking of arms to, or diamonds from, Sierra Leone.

On March 7, 2001, the Security Council unanimously adopted resolution 1343 to impose sanctions against the Government of Liberia. The resolution determined that the Government of Liberia's active support for the RUF in Sierra Leone and other armed rebel groups in neighboring countries constitutes a threat to international peace and security in the region and decided that all states shall impose an immediate arms embargo on Liberia and also shall impose travel and diamond bans on Liberia on May 7, 2001, unless the Council determined before that date that the Government of Liberia had ceased its support for the RUF and for other armed rebel groups and, in particular, had taken a number of concrete steps identified in the resolution. In furtherance of this resolution, the Secretaries of State, Commerce, and Defense have taken steps, under their respective authorities, to implement the arms embargo.

With regard to the travel ban and diamond embargo, the Government of Liberia has failed, notwithstanding the two-month implementation period granted by resolution 1343, to honor its commitments to cease its support for the RUF and other armed rebel groups. As a result, the Security Council did not determine that Liberia has complied with the demands of the Council.

In Proclamation 7359 of October 10, 2000, President Clinton suspended the entry as immigrants and non-immigrants of persons who plan, engage in, or benefit from activities that support the RUF or that otherwise impede the peace process in Sierra Leone. The application of that Proclamation implements the travel ban imposed by resolution 1343.

Finally, for the reasons discussed above and in the enclosed Executive Order, I also have found that the Government of Liberia's continuing facilitation of and participation in the RUF's illicit trade in diamonds from Sierra Leone and its other forms of

support for the RUF contribute to the unusual and extraordinary threat to the foreign policy of the United States described in Executive Order 13194 with respect to which the President declared a national emergency. In order to deal with that threat, and consistent with resolution 1343 and this finding, I have taken action to prohibit the importation into the United States of all rough diamonds from Liberia, whether or not such diamonds originated there, in order to contribute to the international effort to bring a prompt end to the illicit arms-for-diamonds trade by which the RUF perpetuates the tragic conflict in Sierra Leone. This action, as well as those discussed above, also expresses our outrage at the Government of Liberia's ongoing contribution to human suffering in Sierra Leone and other neighboring countries, as well as its continuing failure to abide by international norms and the rule of law.

GEORGE W. BUSH.

THE WHITE HOUSE, May 23, 2001.

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on International Relations and ordered to be printed (H. Doc. 107-75).

§53.12 COMMUNICATION FROM THE CLERK—MESSAGE FROM THE PRESIDENT

The SPEAKER pro tempore, Mr. LAHOOD, laid before the House a communication, which was read as follows:

OFFICE OF THE CLERK,

HOUSE OF REPRESENTATIVES,

Washington, DC, May 24, 2001.

Hon. J. DENNIS HASTERT,
The Speaker, House of Representatives,
Washington, DC.

DEAR MR. SPEAKER: Pursuant to the permission granted in Clause 2(h) of Rule II of the Rules of the U.S. House of Representatives, I have the honor to transmit a sealed envelope received from the White House on May 24, 2001 at 3:00 p.m. and said to contain

a message from the President whereby he submits copies of a notice extending the Yugoslavia emergencies.

With best wishes, I am

Sincerely,

JEFF TRANDAH,

Clerk of the House.

§53.13 NATIONAL EMERGENCY WITH RESPECT TO YUGOSLAVIA

The Clerk then read the message from the President, as follows:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. I have sent the enclosed notice to the *Federal Register* for publication, stating that the national emergencies declared with respect to the Federal Republic of Yugoslavia (Serbia and Montenegro) (the “FRY (S&M)”) in 1992 and with respect to Kosovo in 1998, are to continue beyond May 30, 2001, and June 9, 2001, respectively. The most recent notice continuing these emergencies was published in the *Federal Register* on May 26, 2000.

With respect to the 1992 national emergency, on December 27, 1995, President Clinton issued Presidential Determination 96-7, directing the Secretary of the Treasury, *inter alia*, to suspend the application of sanctions imposed on the FRY (S&M) and to continue to block property previously blocked until provision of the other successor states of the former Yugoslavia. This sanctions relief, in conformity with United Nations Security Council Resolution 1022 of November 22, 1995 (hereinafter the “Resolution”), as an essential factor motivating Serbia and Montenegro’s acceptance of the General Framework Agreement for Peace in Bosnia and Herzegovina initialed in Dayton on November 21, 1995, and signed in Paris on December 14, 1995 (hereinafter the “Peace Agreement”).

Sanctions against both the FRY (S&M) and the Bosnian Serbs were subsequently terminated by United Nations Security Council Resolution 1074 of October 1, 1996. This termination, however, did not end the requirement of the Resolution that those blocked funds and assets that are subject to claims and encumbrances remain blocked, until unblocked in accordance with applicable law.

Until the status of all remaining blocked property is resolved, the Peace Agreement implemented, and the terms of the Resolution met, this situation continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For these reasons, I have determined that the 1992 emergency, and the measures adopted pursuant thereto, must continue beyond May 30, 2001.

With respect to the 1998 national emergency regarding Kosovo, on Janu-

ary 17, 2001, President Clinton issued Executive Order 13192 in view of the peaceful democratic transition begun in the FRY (S&M); the continuing need to promote full implementation of the United Nations Security Council Resolution 827 of May 25, 1993, and subsequent resolutions calling for all states to cooperate fully with the International Criminal Tribunal for the former Yugoslavia (ICTY); the illegitimate control over FRY (S&M) political institutions and economic resources or enterprises exercised by former President Slobodan Milosevic, his close associates and other persons, and those individuals’ capacity to repress democracy or perpetrate or promote further human rights abuses; and the continuing threat to regional stability and implementation of the Peace Agreement. The order lifts and modifies, with respect to future transactions, most of the economic sanctions imposed against the FRY (S&M) in 1998 and 1999 with regard to the situation in Kosovo. At the same time, the order imposes restrictions on transactions with certain persons described in section 1(a) of the order, namely Slobodan Milosevic, his close associates and supporters and persons under open indictment for war crimes by ICTY. The order also provides for the continued blocking of property or interests in property blocked prior to the order’s effective date due to the need to address claims or encumbrances involving such property.

Because the crisis with respect to the situation in Kosovo and with respect to Slobodan Milosevic, his close associates and supporters and persons under open indictment for war crimes by ICTY has not been resolved, and because the status of all previously blocked property has yet to be resolved, this situation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For these reasons, I have determined that the emergency declared with respect to Kosovo, and the measures adopted pursuant thereto, must continue beyond June 9, 2001.

GEORGE W. BUSH.

THE WHITE HOUSE, May 24, 2001.

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on International Relations and ordered to be printed (H. Doc. 107-76).

§53.14 COMMUNICATION FROM THE CLERK—MESSAGE FROM THE PRESIDENT

The SPEAKER pro tempore, Mr. LAHOOD, laid before the House a communication, which was read as follows:

HOUSE OF REPRESENTATIVES,

Washington, DC, May 24, 2001.

Hon. J. DENNIS HASTERT,
The Speaker, House of Representatives,
Washington, DC.

DEAR MR. SPEAKER: Pursuant to the permission granted in Clause 2(h) of Rule II of the Rules of the U.S. House of Representatives, I have the honor to transmit a sealed

envelope received from the White House on May 24, 2001 at 3:00 p.m. and said to contain a message from the President whereby he submits a periodic six-month report on the Yugoslavia emergencies.

With best wishes, I am
Sincerely,

JEFF TRANDAHL,
Clerk of the House.

§53.15 NATIONAL EMERGENCY WITH RESPECT TO YUGOSLAVIA

The Clerk then read the message from the President, as follows:

To the Congress of the United States:

As required by section 401(c) of the National Emergencies Act, 50 U.S.C. 1641(c) and section 204(c) of the International Emergency Economic Powers Act (IEEPA), 50 U.S.C. 1703(c), I transmit herewith a 6-month periodic report on the national emergency with respect to the Yugoslavia (Serbia and Montenegro) emergency declared in Executive Order 12808 on May 30, 1992, and with respect to the Kosovo emergency declared in Executive Order 13088 on June 9, 1998.

GEORGE W. BUSH.
