(4) The Secretary of Defense shall ensure that the Panel, in carrying out review and evaluation of challenge proposals under this subsection, has the authority to call upon the technical resources of the laboratories, research, development, and engineering centers, test and evaluation activities, and other elements of the Department.

(d) FINDINGS OF SUBSTANTIAL SUPERIORITY.—If, after the full review of a challenge proposal is completed, the Panel finds that the challenge proposal will result in improvements in performance, affordability, manufacturability, or operational capability at the component, subsystem, or system level of the applicable acquisition program that are substantially superior to that of the incumbent, the Panel shall submit that finding to the Under Secretary.

(e) ACTION UPON FINDINGS.—Upon receiving a finding under subsection (d), the Under Secretary shall carry out a plan to acquire and implement the challenge proposal with respect to which the finding was made. The Secretary shall carry out such plan—

SEC. 1048. SENSE OF CONGRESS REGARDING CONTINUED UNITED STATES COMMITMENT TO RESTORING LAFAYETTE ESCADRILLE MEMORIAL, MARNES LA-COGUETTE, FRANCE.

(a) FINDINGS.—Congress finds the following:

(1) The Lafayette Escadrille, an aviation squadron within the French Lafayette Flying Corps, was formed April 16, 1916.

(2) The Lafayette Escadrille consisted of aviators from the United States who volunteered to fight for the people of France during World War I.

(3) 265 volunteers from the United States served in the Lafayette Flying Corps, completing 3,000 combat sorties and amassing nearly 200 victories.

(4) The Lafayette Escadrille won 4 Legions of Honor, 7 Médailles Militaires, and 31 citations, each with a Croix de Guerre.

(5) In 1918, command of the Lafayette Escadrille was transferred to the United States, where the Lafayette Escadrille became the combat air force of the United States.

(6) In 1921, a Franco-American committee was organized to locate a final resting place for the 68 United States aviators who lost their lives flying for France during World War I.

(7) The Lafayette Escadrille Memorial was dedicated on July 4, 1928, in honor of all United States aviators who flew for France during World War I.

(8) The Lafayette Escadrille Memorial Foundation, located in the United States and in France, was founded by Nelson Cromwell in 1930 and endowed with a \$1,500,000 trust for

the maintenance and upkeep of the Lafayette Escadrille Memorial.

(9) Environmental conditions have contributed to structural damage to, and the overall degradation of, the Lafayette Escadrille Memorial, preventing the holding of memorial services inside the crypt.

(10) The French Government has pledged funds to support a restoration of the Lafayette Escadrille Memorial.

(11) The Lafayette Escadrille Memorial should be restored to its original beauty to honor all the United States aviators who flew for France during World War I and to demonstrate the respect of the United States for the sacrifices made by all Americans who have served our Nation and our allies.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should continue to honor its commitment to the United States aviators who lost their lives flying for France during World War I by appropriating sufficient funds to restore the Lafayette Escadrille Memorial in Marnes La-Coguette, France.

SEC. 1049. DESIGNATION OF FIREFIGHTER ASSISTANCE PROGRAM IN HONOR OF FLOYD D. SPENCE, A FORMER MEMBER OF THE HOUSE OF REPRESENTATIVES, AND SENSE OF CONGRESS ON NEED TO CONTINUE THE PROGRAM.

(2) by adding at the end the following new sentence: "The program of firefighter assistance administered by the Office shall be known as the 'Floyd D. Spence Memorial Domestic Defenders Initiative'."

SEC. 1050. SENSE OF CONGRESS ON IMPLEMENTATION OF FUEL EFFICIENCY REFORMS IN DEPARTMENT OF DEFENSE.

(a) FINDINGS.—Congress finds the following:

(1) The Federal Government is the largest single energy user in the United States, and the Department of Defense is the largest energy user among all Federal agencies.

(2) The Department of Defense consumed 595,000,000,000 BTUs of petroleum in fiscal year 1999, while all other Federal agencies combined consumed 56,000,000,000 BTUs of petroleum.

(3) The total cost of petroleum to the Department of Defense amounted to \$3,600,000,000 in fiscal year 2000.

(4) Increased fuel efficiency would reduce the cost of delivering fuel to military units during operations and training and allow a corresponding percentage of defense dollars to be reallocated to logistic shortages and other readiness needs.

(5) Increased fuel efficiency would decrease the time needed to assemble military units, would increase unit flexibility, and would allow units to remain in the field for a longer period of time.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of Defense should work to implement fuel efficiency reforms, as recommended by the Defense Science Board report, which allow for investment decisions based on the true cost of delivered fuel, strengthen the linkage between

warfighting capability and fuel logistics requirements, provide high-level leadership encouraging fuel efficiency, target fuel efficiency improvements through science and technology investment, and include fuel efficiency in requirements and acquisition processes.

(a) **FINDINGS.**—The Congress finds the following:

(1) The National Defense Features program, which is funded from the National Defense Sealift Fund established by section 2218 of title 10, United States Code, is a constituent element of the defense policy of the United States intended to provide essential sealift capacity in emergencies, strengthen the national shipbuilding base, and maintain a resource of highly trained merchant seamen.

(2) Implementation of the National Defense Features program would provide significant benefits both for the United States and for allied nations during military contingencies.

(3) For the United States and nations allied with the United States to realize these benefits, it is essential that vessels built under that program enjoy commercial opportunities in peacetime on trade routes between the United States and allied nations and that those vessels not be excluded from such opportunities through restrictive trade practices.

(4) The failure of vessels built, or to be built, under the National Defense Features program to obtain employment as common carriers or contract carriers in the particular sector of any trade route in the foreign commerce of the United States for which they are designed to operate, together with long-term domination of that sector of the trade route by citizens of an allied nation, evidences the existence of restrictive trade practices.

(b) **ACTION TO PROMOTE PROGRAM.**—In any case in which the Secretary of Defense finds the existence of the conditions determined by subsection (a)(4) to prove the existence of restrictive trade practices, the Secretary shall certify the case to the Federal Maritime Commission, which thereupon, in consultation with the Secretary, shall take action to counteract such practices, utilizing all remedies available under section 10002(e)(1) of the Foreign Shipping Practices Act of 1988 (46 U.S.C. At the end of title IX, insert the following new section:

SEC. ____ RENEWABLE ENERGY RESERVE.

(a) PURPOSES.—It is the purpose of this section to create a reserve of agricultural commodities to—

(1) provide feedstocks to support and further the production of the renewable energy; and

(2) support the renewable energy industry in times when production is at risk of decline due to reduced feedstock supplies or significant commodity price increases.

(b) ESTABLISHMENT.—During fiscal years 2002 through 2011, the Secretary shall establish and administer a government-owned and farmer-stored renewable energy reserve program under which producers of agricultural commodities will be able to—

(1) sell agricultural commodities authorized by the Secretary into the reserve; and

(2) store such agricultural commodities.

(c) NAME.—The agricultural commodity reserve established under this section shall be known as the “Renewable Energy Reserve”.

(d) PURCHASES.—The Secretary shall purchase agricultural commodities at commercial rates in order to establish, maintain, or enhance the reserve when—

(1) such commodities are in abundant supply; and

(2) there is need for adequate carryover stocks to ensure a reliable supply of the commodities to meet the purposes of the reserve or it is otherwise necessary to fulfill the needs and purposes of the renewable energy program administered or assisted by the Secretary.

(e) LIMITATION.—Purchases under this section shall be limited to—

(1) the type and quantities of agricultural commodities necessary to provide approximately four-month’s estimated utilization for renewable energy purposes;

(2) an additional amount of commodities to provide incentives for research and development of new renewable fuels and bio-energy initiatives; and

(3) such maximum quantities of agricultural commodities determined by the Secretary as will enable the purposes of the renewable energy program to be achieved.

(f) RELEASE OF STOCKS.—Stocks shall be released at cost of acquisition, and in amounts determined appropriate by the Secretary, when market prices of the agricultural commodity exceed 100 percent of the full economic cost of production of those commodities. Cost of production for the commodity shall be determined by the Economic Research Service using the best available information, and based on a three year moving average.

(g) STORAGE PAYMENTS.—The Secretary shall provide storage payments to producers of agricultural commodities to maintain the reserve established under this section. Storage payments shall—

(1) be in such amounts and under such conditions as the Secretary determines appropriate to encourage producers to participate in the program;

(2) reflect local, commercial storage rates subject to appropriate conditions concerning quality management and other factors; and

(3) not be less than comparable local commercial rates, except as may be provided by paragraph (2).

(h) COMMODITY CREDIT CORPORATION.—

(1) IN GENERAL.—The Secretary shall use the funds, facilities, and authorities of the Commodity Credit Corporation to fulfill the

purposes of this section. To the maximum extent practicable consistent with the purposes, and effective and efficient administration of this section, the Secretary shall utilize the usual and customary channels, facilities and arrangement of trade and commerce.

(2) REDUCTION IN FIXED, DECOUPLED PAYMENTS FOR FUNDING OFFSET.—Notwithstanding section 104, the Secretary shall reduce the total amount payable under such section as fixed, decoupled payments, on a pro rata basis across covered commodities, so that the total amount of such reductions equals \$277,000,000 in fiscal year 2004, \$93,000,000 in fiscal year 2005, \$80,000,000 in fiscal year 2006, \$88,000,000 in fiscal year 2007, \$96,000,000 in fiscal year 2008, \$95,000,000 in fiscal year 2009, \$96,000,000 in fiscal year 2010, and \$97,000,000 in fiscal year 2011.

(b) GRANTS.—The Secretary shall make grants to land grant colleges and other research institutions whose applications are highly ranked under subsection (c) to evaluate the economic and environmental benefits of conservation programs, and shall use such research to identify and rank measures needed to improve water quality, fish and wildlife habitat, and other environmental goals of conservation programs.

(c) SCIENTIFIC PANELS.—The Secretary shall establish a panel of independent scientific experts to review and rank the grant applications submitted under subsection (a).

(d) FUNDING.—The Secretary shall use \$10,000,000 from the Commodity Credit Corporation for each of fiscal years 2002 through 2011 to carry out this section.

SEC. 262. GREAT LAKES BASIN PROGRAM FOR SOIL EROSION AND SEDIMENT CONTROL.

(a) IN GENERAL.—The Secretary of Agriculture, in consultation with the Great Lakes Commission created by Article IV of the Great Lakes Basin Compact (82 Stat. 415) and in cooperation with other appropriate Federal agencies may carry out the Great Lakes Basin Program for Soil Erosion and Sediment Control.

(b) ASSISTANCE.—In carrying out the Program, the Secretary shall—

(1) provide project demonstration grants, provide technical assistance, and carry out information and education programs to improve water quality in the Great Lakes Basin by reducing soil erosion and improving sediment control; and

(2) provide a priority for projects and activities that directly reduce soil erosion or improve sediment control.

(c) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There is authorized to be appropriated to carry out this section \$10,000,000 for each of fiscal years 2003 through 2011.

(2) ADMINISTRATIVE COSTS.—

(B) SECRETARY.—None of the funds made available under paragraph (1) may be used by the Secretary to pay administrative costs incurred by the Secretary in carrying out this section.

Subtitle H—Conservation Corridor Program SEC. 271. CONSERVATION CORRIDOR PROGRAM.

(a) PURPOSE.—The purpose of this subtitle is to provide for the establishment of a program that recognizes the leveraged benefit of an ecosystem-based application of the Department of Agriculture conservation programs, addresses the increasing and extraordinary threats to agriculture in many areas of the United States, and recognizes the importance of local and regional involvement in the protection of economically and ecologically important farmlands.

(b) ESTABLISHMENT.—The Secretary of Agriculture (in this subtitle referred to as the “Secretary”) shall establish a Conservation Corridor Program through which States, local governments, tribes, and combinations of States may submit, and the Secretary may approve, plans to integrate agriculture and forestry conservation programs of the United States Department of Agriculture with State, local, tribal, and private efforts to address farm preservation, water quality, wildlife, and other conservation needs in critical areas, watersheds, and corridors in a manner that enhances the conservation benefits of the individual programs, tailors programs to State and local needs, and promotes and supports ecosystem and watershed-based conservation.

(c) MEMORANDUM OF AGREEMENT.—On approval of a proposed plan, the Secretary may enter into a memorandum of agreement with a State, a combination of States, local governments, or tribes, that—

(1) guarantees specific program resources for implementation of the plan;

(2) establishes different or automatic enrollment criteria than otherwise established by regulation or policy, for specific levels of enrollments of specific conservation programs within the region, if doing so will achieve greater conservation benefits;

(3) establishes different compensation rates to the extent the parties to the agreement consider justified;

(4) establishes different conservation practice criteria if doing so will achieve greater conservation benefits;

(5) provides more streamlined and integrated paperwork requirements; and

(6) otherwise alters any other requirement established by United States Department of Agriculture policy and regulation to the extent not inconsistent with the statutory requirements and purposes of an individual conservation program.

SEC. 272. CONSERVATION ENHANCEMENT PLAN.

(a) PREPARATION.—To be eligible to participate in the program under this subtitle, a State, combination of States, political subdivision or agency of a State, tribe, or local government shall submit to the Secretary a plan that proposes specific criteria and commitment of resources in the geographic region designated, and describes how the linkage of Federal, State, and local resources will—

(1) improve the economic viability of agriculture by protecting contiguous tracts of land;

(2) improve the ecological integrity of the ecosystems or watersheds within the region by linking land with high ecological and natural resource value; and

(3) in the case of a multi-State plan, provide a draft memorandum of agreement among entities in each State.

(b) SUBMISSION AND REVIEW.—Within 90 days after receipt of the conservation plan, the Secretary shall review the plan and approve it for implementation and funding under this subtitle if the Secretary determines that the plan and memorandum of agreement meet the criteria specified in subsection (c).

(c) CRITERIA FOR PARTICIPATION.—The Secretary may approve a plan only if, as determined by the Secretary, the plan provides for each of the following:

(1) Actions taken under the conservation plan are voluntary and require the consent of willing landowners.

(2) Criteria specified in the plan and memorandum of agreement assure that enrollments in each conservation program incorporated through the plan are of exceptionally high conservation value.

(3) The program provides benefits greater than the benefits that would likely be achieved through individual application of the federal conservation programs because of such factors as—

(A) ecosystem- or watershed-based enrollment criteria;

(B) lengthier or permanent conservation commitments;

(C) integrated treatment of special natural resource problems, including preservation and enhancement of natural resource corridors; and

(D) improved economic viability for agriculture.

(4) Staffing and marketing, considering both Federal and non-Federal resources, are sufficient to assure program success.

(d) APPROVAL AND IMPLEMENTATION.—Within 90 days after approval of a conservation plan, the Secretary shall begin to provide funds for the implementation of the plan.

(e) PRIORITY.—In carrying out this section, the Secretary shall give priority to multi-State or multi-tribal plans.

SEC. 273. FUNDING REQUIREMENTS.

(a) COST-SHARING.—As a further condition on the approval of a conservation plan submitted by a non-Federal interest under section 272, the Secretary shall require the non-Federal interest to contribute at least 20 percent of the total cost of the Conservation Corridor Program.

(b) EXCEPTION.—The Secretary may reduce the cost-share requirement in the case of a specific activity under the Conservation Corridor Program on good cause and demonstration that the project or activity is likely to achieve extraordinary natural resource benefits.

(c) COORDINATION.—The Secretary shall require that non-Federal interests contributing financial resources for the Conservation Corridor Program shall implement streamlined paperwork requirements and other procedures to allow for integration with the Federal programs for participants in the program.

(d) RESERVATION OF FUNDS.—The Secretary shall direct funds on a priority basis to the Conservation Corridor Program and to projects in areas identified by the plan.

(e) ADMINISTRATION.—A State may submit multiple plans, but the Secretary shall assure opportunity for submission by each State. Acreage committed as part of approved Conservation Reserve Enhancement Programs shall be considered acreage of the Conservation Reserve Program committed to a Conservation Enhancement Program.

Subtitle I—Funding Source and Allocations SEC. 281. FUNDING FOR CONSERVATION FUNDING.

(a) REDUCTION IN FIXED DECOUPLED PAYMENTS AND COUNTER-CYClical PAYMENTS.—Notwithstanding sections 104 and 105, the Secretary of Agriculture (in this subtitle referred to as the “Secretary”) shall reduce by \$1,900,000,000 the total amount otherwise required to be paid under such sections in each of fiscal years 2002 through 2011, in accordance with this section.

(b) MAXIMUM TOTAL PAYMENTS BY TYPE AND FISCAL YEAR.—In making the reductions required by subsection (a), the Secretary shall ensure that—

(1) the total amount paid under section 104 does not exceed—

(A) \$3,425,000,000 in fiscal year 2002; or

(F) \$3,222,000,000 in fiscal year 2008;

(G) \$2,596,000,000 in fiscal year 2009;

(H) \$2,057,000,000 in fiscal year 2010; or

(I) \$1,675,000,000 in fiscal year 2011.

(c) LIMITATIONS TO PROTECT SMALLER FARMERS, PRESERVE TRADE AGREEMENTS, AND ENSURE PROGRAM AND REGIONAL BALANCE.—In making the reductions required by subsection (a), the Secretary shall—

(1) accomplish all of the reductions required with respect to a fiscal year by making pro rata reductions in the amounts otherwise payable under sections 104 and 105 to the 10 percent (or, if necessary, such greater percentage as the Secretary may determine) of recipients who would otherwise receive the greatest total payments under such sections in the fiscal year; and

(2) to the maximum extent practicable, ensure that—

(A) the resulting payments under such sections pose the least amount of risk to the United States of violating trade agreements to reduce subsidies; and

(B) the reductions are made in a manner that achieves balance among programs and regions.

SEC. 282. ALLOCATION OF CONSERVATION FUNDS BY STATE.

(a) STATE ALLOCATION.—To the maximum extent practicable in each of fiscal years 2002 through 2011, the Secretary, subject to the rules of the conservation programs administered by the Secretary, shall ensure that each State receives at a minimum the State's share of the \$1,900,000,000 based on the State's share of the total agricultural market value of production, with each State receiving not less than 0.52 percent and not more than 7 percent of such amount annually.

(b) **TRANSITION AND UNOBLIGATED BALANCES.**—If the offices of the United States Department of Agriculture in each respective State cannot expend all funds allocated in this title within 2 consecutive fiscal years for the programs identified in this title, the funds shall be remitted to the Secretary for reallocation as the Secretary deems appropriate among States to address unmet conservation needs through the programs in this title, except that in no event shall these unobligated balances be used to fund technical assistance.

(c) **REGIONAL EQUITY.**—Section 1230 of the Food Security Act of 1985 (16 U.S.C. 3830) is amended by adding at the end the following:

“(d) **REGIONAL EQUITY.**—In carrying out the ECARP, the Secretary shall recognize the importance of regional equity, and the importance of accomplishing many conservation objectives that can sometimes only be achieved on land of high value.”.

(1) to producers on a farm that were parties to a production flexibility contract under section 111 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7211) for fiscal year 2002; and

(2) to other producers on farms in the United States as described in section 103(a).

(c) **SHARING OF PAYMENTS.**—The Secretary shall provide for the sharing of fixed, decoupled payments and counter-cyclical payments among the eligible producers on a farm on a fair and equitable basis.

SEC. 102. ESTABLISHMENT OF PAYMENT YIELD.

(a) **ESTABLISHMENT AND PURPOSE.**—For the purpose of making fixed decoupled payments and counter-cyclical payments under this subtitle, the Secretary shall provide for the establishment of a payment yield for each farm for each covered commodity in accordance with this section.

(b) **USE OF FARM PROGRAM PAYMENT YIELD.**—Except as otherwise provided in this section, the payment yield for each of the 2002 through 2011 crops of a covered commodity for a farm shall be the farm program payment yield in effect for the 2002 crop of the covered commodity under section 505 of the Agricultural Act of 1949 (7 U.S.C. 1465).

(c) **FARMS WITHOUT FARM PROGRAM PAYMENT YIELD.**—In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking in consideration the farm program payment yields applicable to the commodity under subsection (b) for similar farms in the area.

(d) **PAYMENT YIELDS FOR OILSEEDS.**—

(1) **DETERMINATION OF AVERAGE YIELD.**—In the case of soybeans and each other oilseed, the Secretary shall determine the average yield for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero. If, for any of these four crop years in which the oilseed was planted, the farm would have satisfied the eligibility criteria established to carry out section 1102 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (Public Law 105-277; 7 U.S.C. 1421 note), the Secretary shall assign a yield for that year equal to 65 percent of the county yield.

(2) **ADJUSTMENT FOR PAYMENT YIELD.**—The payment yield for a farm for an oilseed shall be equal to the product of the following:

(A) The average yield for the oilseed determined under paragraph (1).

(B) The ratio resulting from dividing the national average yield for the oilseed for the 1981 through 1985 crops by the national average yield for the oilseed for the 1998 through 2001 crops.

SEC. 103. ESTABLISHMENT OF BASE ACRES AND PAYMENT ACRES FOR A FARM.

(a) **ELECTION BY PRODUCERS OF BASE ACRE CALCULATION METHOD.**—For the purpose of making fixed decoupled payments and counter-cyclical payments with respect to a farm, the Secretary shall give producers on the farm an opportunity to elect one of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(1) The four-year average of acreage actually planted on the farm to a covered commodity for harvest, grazing, haying, silage, or other similar purposes during crop years 1998, 1999, 2000, and 2001 and any acreage on the farm that the producers were prevented from planting during such crop years to the covered commodity because of drought, flood, or other natural disaster, or other condition beyond the control of the producer, as determined by the Secretary.

(2) The contract acreage (as defined in section 102 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7202)) used by the Secretary to calculate the fiscal year 2002 payment that, subject to section 109, would be made under section 114 of such Act (7 U.S.C. 7214) for the covered commodity on the farm.

(b) **SINGLE ELECTION; TIME FOR ELECTION.**—The opportunity to make the election described in subsection (a) shall be available to producers on a farm only once. The producers shall notify the Secretary of the election made by the producers under such subsection not later than 180 days after the date of the enactment of this Act.

(c) **EFFECT OF FAILURE TO MAKE ELECTION.**—If the producers on a farm fail to make the election under subsection (a), or fail to timely notify the Secretary of the selected option as required by subsection (b), the producers shall be deemed to have made the election described in subsection (a)(2) to determine base acres for all covered commodities on the farm.

(d) **APPLICATION OF ELECTION TO ALL COVERED COMMODITIES.**—The election made under subsection (a) or deemed to be made under subsection (c) with respect to a farm shall apply to all of the covered commodities on the farm. Producers may not make the election described in subsection (a)(1) for one covered commodity and the election described in subsection (a)(2) for other covered commodities on the farm.

(e) **TREATMENT OF CONSERVATION RESERVE CONTRACT ACREAGE.**—

(1) **IN GENERAL.**—In the case of producers on a farm that make the election described in subsection (a)(2), the Secretary shall provide for an adjustment in the base acres for the farm whenever either of the following circumstances occur:

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

(2) **SPECIAL PAYMENT RULES.**—For the fiscal year and crop year in which a base acre adjustment under paragraph (1) is first made, the producers on the farm shall elect to receive either fixed decoupled payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(f) **PAYMENT ACRES.**—The payment acres for a covered commodity on a farm shall be equal to 85 percent of the base acres for the commodity.

(g) **PREVENTION OF EXCESS BASE ACRES.**—

(1) **REQUIRED REDUCTION.**—If the sum of the base acres for a farm, together with the acre-

age described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the quantity of base acres for one or more covered commodities for the farm or peanut acres for the farm as necessary so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm. The Secretary shall give the producers on the farm the opportunity to select the base acres or peanut acres against which the reduction will be made.

(2) **OTHER ACREAGE.**—For purposes of paragraph (1), the Secretary shall include the following:

(A) Any peanut acres for the farm under chapter 3 of subtitle C.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

(C) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(3) **EXCEPTION FOR DOUBLE-CROPPED ACREAGE.**—In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.

SEC. 105. AVAILABILITY OF COUNTER-CYCLICAL PAYMENTS.

(a) **PAYMENT REQUIRED.**—The Secretary shall make counter-cyclical payments with respect to a covered commodity whenever the Secretary determines that the effective price for the commodity is less than the target price for the commodity.

(b) **EFFECTIVE PRICE.**—For purposes of subsection (a), the effective price for a covered commodity is equal to the sum of the following:

(1) The higher of the following:

SEC. 106. PRODUCER AGREEMENT REQUIRED AS CONDITION ON PROVISION OF FIXED, DECOUPLED PAYMENTS AND COUNTER-CYCLICAL PAYMENTS.

(a) COMPLIANCE WITH CERTAIN REQUIREMENTS.—

(1) REQUIREMENTS.—Before the producers on a farm may receive fixed, decoupled payments or counter-cyclical payments with respect to the farm, the producers shall agree, in exchange for the payments—

(2) COMPLIANCE.—The Secretary may issue such rules as the Secretary considers necessary to ensure producer compliance with the requirements of paragraph (1).

(b) EFFECT OF FORECLOSURE.—A producer may not be required to make repayments to the Secretary of fixed, decoupled payments and counter-cyclical payments if the farm has been foreclosed on and the Secretary determines that forgiving the repayments is appropriate to provide fair and equitable treatment. This subsection shall not void the responsibilities of the producer under subsection (a) if the producer continues or resumes operation, or control, of the farm. On the resumption of operation or control over the farm by the producer, the requirements of subsection (a) in effect on the date of the foreclosure shall apply.

(c) TRANSFER OR CHANGE OF INTEREST IN FARM.—

(1) TERMINATION.—Except as provided in paragraph (4), a transfer of (or change in) the interest of a producer in base acres for which fixed, decoupled payments or counter-cyclical payments are made shall result in the termination of the payments with respect to the base acres, unless the transferee or owner of the acreage agrees to assume all obligations under subsection (a). The termination shall be effective on the date of the transfer or change.

(2) TRANSFER OF PAYMENT BASE.—There is no restriction on the transfer of a farm's base acres or payment yield as part of a change in the producers on the farm.

(3) MODIFICATION.—At the request of the transferee or owner, the Secretary may modify the requirements of subsection (a) if the modifications are consistent with the objectives of such subsection, as determined by the Secretary.

(4) EXCEPTION.—If a producer entitled to a fixed, decoupled payment or counter-cyclical payment dies, becomes incompetent, or is otherwise unable to receive the payment, the Secretary shall make the payment, in accordance with regulations prescribed by the Secretary.

(B) on a farm that the Secretary determines has a history of planting agricultural commodities specified in paragraph (1) on base acres, except that fixed, decoupled payments and counter-cyclical payments shall be reduced by an acre for each acre planted to such an agricultural commodity; or

(C) by a producer who the Secretary determines has an established planting history of a specific agricultural commodity specified in paragraph (1), except that—

(i) the quantity planted may not exceed the producer's average annual planting history of such agricultural commodity in the 1991 through 1995 crop years (excluding any crop year in which no plantings were made), as determined by the Secretary; and

(B) not more than \$2.58 per bushel.

(2) STOCKS TO USE RATIO ADJUSTMENT.—If the Secretary estimates for any marketing year that the ratio of ending stocks of wheat to total use for the marketing year will be—

(A) equal to or greater than 30 percent, the Secretary may reduce the loan rate for

wheat for the corresponding crop by an amount not to exceed 10 percent in any year;

Northern Europe (adjusted downward by the average difference during the period April 15 through October 15 of the year preceding the year in which the crop is planted between the average Northern European

price quotation of such quality of cotton and the market quotations in the designated United States spot markets for the base quality of upland cotton), as determined by the Secretary.

(1) DETERMINATION OF AVERAGE YIELD.—The Secretary shall determine, for each historic peanut producer, the average yield for peanuts on each farm on which the historic peanut producer produced peanuts for the 1998 through 2001 crop years, excluding any crop year in which the producer did not produce peanuts. If, for any of these four crop years in which peanuts were planted on a farm by the producer, the farm would have satisfied the eligibility criteria established to carry out section 1102 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (7 U.S.C. 1421 note; Public Law 105-277), the Secretary shall assign a yield for the producer for that year equal to 65 percent of the county yield, as determined by the Secretary.

(2) DETERMINATION OF ACREAGE AVERAGE.—The Secretary shall determine, for each historic peanut producer, the four-year average of acreage actually planted in peanuts by the historic peanut producer for harvest on one or more farms during crop years 1998, 1999, 2000, and 2001 and any acreage that the producer was prevented from planting to peanuts during such crop years because of drought, flood, or other natural disaster, or other condition beyond the control of the producer, as determined by the Secretary. If more than one historic peanut producer shared in the risk of producing the crop on the farm, the historic peanut producers shall receive their proportional share of the number of acres planted (or prevented from being planted) to peanuts for harvest on the farm based on the sharing arrangement that was in effect among the producers for the crop.

(3) TIME FOR DETERMINATIONS; CONSIDERATIONS.—The Secretary shall make the determinations required by this subsection not later than 90 days after the date of the enactment of this Act. In making such determinations, the Secretary shall take into account changes in the number and identity of persons sharing in the risk of producing a peanut crop since the 1998 crop year, including providing a method for the assignment of average acres and average yield to a farm when the historic peanut producer is no longer living or an entity composed of historic peanut producers has been dissolved.

(b) ASSIGNMENT OF PAYMENT YIELD AND PEANUT ACRES TO FARMS.—

(1) ASSIGNMENT BY HISTORIC PEANUT PRODUCERS.—The Secretary shall give each historic peanut producer an opportunity to assign the average peanut yield and average acreage determined under subsection (a) for the producer to cropland on a farm.

(2) PAYMENT YIELD.—The average of all of the yields assigned by historic peanut producers to a farm shall be deemed to be the payment yield for that farm for the purpose of making fixed decoupled payments and counter-cyclical payments under this chapter.

(3) PEANUT ACRES.—Subject to subsection (e), the total number of acres assigned by

historic peanut producers to a farm shall be deemed to be the peanut acres for a farm for the purpose of making fixed decoupled payments and counter-cyclical payments under this chapter.

(c) TIME FOR ASSIGNMENT.—The opportunity to make the assignments described in subsection (b) shall be available to historic peanut producers only once. The historic peanut producers shall notify the Secretary of the assignments made by such producers under such subsections not later than 180 days after the date of the enactment of this Act.

(d) PAYMENT ACRES.—The payment acres for peanuts on a farm shall be equal to 85 percent of the peanut acres assigned to the farm.

(e) PREVENTION OF EXCESS PEANUT ACRES.—

(1) REQUIRED REDUCTION.—If the sum of the peanut acres for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the quantity of peanut acres for the farm or base acres for one or more covered commodities for the farm as necessary so that the sum of the peanut acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm. The Secretary shall give the peanut producers on the farm the opportunity to select the peanut acres or base acres against which the reduction will be made.

(2) OTHER ACREAGE.—For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for the farm under subtitle A.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

The selected date shall be on or after December 1 of that fiscal year, and the peanut producer may change the selected date

for a subsequent fiscal year by providing advance notice to the Secretary.

(3) **REPAYMENT OF ADVANCE PAYMENTS.**—If a peanut producer that receives an advance fixed, decoupled payment for a fiscal year ceases to be a peanut producer before the date the fixed, decoupled payment would otherwise have been made by the Secretary under paragraph (1), the peanut producer shall be responsible for repaying the Secretary the full amount of the advance payment.

SEC. 311. FARMERS FOR AFRICA AND CARIBBEAN BASIN PROGRAM.

(a) FINDINGS.—Congress finds the following:

(1) Many African farmers and farmers in Caribbean Basin countries use antiquated techniques to produce their crops, which result in poor crop quality and low crop yields.

(2) Many of these farmers are losing business to farmers in European and Asian countries who use advanced planting and production techniques and are supplying agricultural produce to restaurants, resorts, tourists, grocery stores, and other consumers in Africa and Caribbean Basin countries.

(3) A need exists for the training of African farmers and farmers in Caribbean Basin countries and other developing countries in farming techniques that are appropriate for the majority of eligible farmers in African or Caribbean countries, including standard growing practices, insecticide and sanitation procedures, and other farming methods that will produce increased yields of more nutritious and healthful crops.

(4) African-American and other American farmers, as well as banking and insurance professionals, are a ready source of agribusiness expertise that would be invaluable for African farmers and farmers in Caribbean Basin countries.

(5) A United States commitment is appropriate to support the development of a comprehensive agricultural skills training program for these farmers that focuses on—

(A) improving knowledge of insecticide and sanitation procedures to prevent crop destruction;

(B) teaching modern farming techniques, including the identification and development of standard growing practices and the establishment of systems for recordkeeping, that would facilitate a continual analysis of crop production;

(C) the use and maintenance of farming equipment that is appropriate for the majority of eligible farmers in African or Caribbean Basin countries;

(D) expansion of small farming operations into agribusiness enterprises through the development and use of village banking systems and the use of agricultural risk insurance pilot products, resulting in increased access to credit for these farmers; and

(E) marketing crop yields to prospective purchasers (businesses and individuals) for local needs and export.

(6) The participation of African-American and other American farmers and American agricultural farming specialists in such a training program promises the added benefit of improving access to African and Caribbean Basin markets for American farmers and United States farm equipment and products and business linkages for United States insurance providers offering technical assistance on, among other things, agricultural risk insurance products.

(7) Existing programs that promote the exchange of agricultural knowledge and expertise through the exchange of American and foreign farmers have been effective in promoting improved agricultural techniques and food security, and, thus, the extension of additional resources to such farmer-to-farmer exchanges is warranted.

(b) DEFINITIONS.—In this section:

(1) AGRICULTURAL FARMING SPECIALIST.—The term “agricultural farming specialist” means an individual trained to transfer information and technical support relating to agribusiness, food security, the mitigation and alleviation of hunger, the mitigation of agricultural and farm risk, maximization of crop yields, agricultural trade, and other needs specific to a geographical location as determined by the President.

(2) Training under the Program will be provided to eligible farmers in groups to ensure that information is shared and passed on to other eligible farmers. Eligible farmers will be trained to be specialists in their home communities and will be encouraged not to retain enhanced farming technology for their own personal enrichment.

(3) Through partnerships with American businesses, the Program will utilize the commercial industrial capability of businesses dealing in agriculture to train eligible farmers on farming equipment that is appropriate for the majority of eligible farmers in African or Caribbean Basin countries and to introduce eligible farmers to the use of insurance as a risk management tool.

(f) **SELECTION OF PARTICIPANTS.**—(1) The selection of eligible farmers, as well as African-American and other American farmers and agricultural farming specialists, to participate in the Program shall be made by grant recipients using an application process approved by the President.

SEC. 461. HUNGER FELLOWSHIP PROGRAM.

(a) SHORT TITLE; FINDINGS.—

(1) SHORT TITLE.—This section may be cited as the “Congressional Hunger Fellows Act of 2001”.

(2) FINDINGS.—The Congress finds as follows:

(A) There is a critical need for compassionate individuals who are committed to assisting people who suffer from hunger as well as a need for such individuals to initiate and administer solutions to the hunger problem.

(B) Bill Emerson, the distinguished late Representative from the 8th District of Missouri, demonstrated his commitment to solving the problem of hunger in a bipartisan manner, his commitment to public service, and his great affection for the institution and the ideals of the United States Congress.

(C) George T. (Mickey) Leland, the distinguished late Representative from the 18th District of Texas, demonstrated his compassion for those in need, his high regard for public service, and his lively exercise of political talents.

(D) The special concern that Mr. Emerson and Mr. Leland demonstrated during their lives for the hungry and poor was an inspiration for others to work toward the goals of equality and justice for all.

(E) These two outstanding leaders maintained a special bond of friendship regardless of political affiliation and worked together to encourage future leaders to recognize and provide service to others, and therefore it is especially appropriate to honor the memory of Mr. Emerson and Mr. Leland by creating a fellowship program to develop and train the future leaders of the United States to pursue careers in humanitarian service.

TITLE VIII—FORESTRY INITIATIVES

SEC. 801. REPEAL OF FORESTRY INCENTIVES PROGRAM AND STEWARDSHIP INCENTIVE PROGRAM.

The Cooperative Forestry Assistance Act of 1978 is amended by striking section 4 (16 U.S.C. 2103) and section 6 (16 U.S.C. 2103b).

SEC. 802. ESTABLISHMENT OF FOREST LAND ENHANCEMENT PROGRAM.

(a) FINDINGS.—Congress finds the following:

(1) There is a growing dependence on private nonindustrial forest lands to supply the necessary market commodities and non-

market values, such as habitat for fish and wildlife, aesthetics, outdoor recreation opportunities, and other forest resources, required by a growing population.

(2) There is a strong demand for expanded assistance programs for owners of nonindustrial private forest land since the majority of the wood supply of the United States comes from nonindustrial private forest land.

(3) The soil, carbon stores, water and air quality of the United States can be maintained and improved through good stewardship of nonindustrial private forest lands.

(4) The products and services resulting from stewardship of nonindustrial private forest lands provide income and employment that contribute to the economic health and diversity of rural communities.

(5) Wildfires threaten human lives, property, forests, and other resources, and Federal and State cooperation in forest fire prevention and control has proven effective and valuable, in that properly managed forest stands are less susceptible to catastrophic fire, as dramatized by the catastrophic fire seasons of 1998 and 2000.

(6) Owners of private nonindustrial forest lands are being faced with increased pressure to convert their forestland to development and other uses.

(7) Complex, long-rotation forest investments, including sustainable hardwood management, are often the most difficult commitment for small, nonindustrial private forest landowners and, thus, should receive equal consideration under cost-share programs.

(8) The investment of one Federal dollar in State and private forestry programs is estimated to leverage \$9 on average from State, local, and private sources.

(b) PURPOSE.—It is the purpose of this section to strengthen the commitment of the Department of Agriculture to sustainable forestry and to establish a coordinated and cooperative Federal, State, and local sustainable forest program for the establishment, management, maintenance, enhancement, and restoration of forests on nonindustrial private forest lands in the United States.

(c) FOREST LAND ENHANCEMENT PROGRAM.—The Cooperative Forestry Assistance Act of 1978 is amended by inserting after section 3 (16 U.S.C. 2102) the following new section 4:

"SEC. 4. FOREST LAND ENHANCEMENT PROGRAM.

"(a) ESTABLISHMENT.—

"(1) ESTABLISHMENT; PURPOSE.—The Secretary shall establish a Forest Land Enhancement Program (in this section referred to as the 'Program') for the purpose of providing financial, technical, educational, and related assistance to State foresters to encourage the long-term sustainability of nonindustrial private forest lands in the United States by assisting the owners of such lands in more actively managing their forest and related resources by utilizing existing State, Federal, and private sector resource management expertise, financial assistance, and educational programs.

"(2) ADMINISTRATION.—The Secretary shall carry out the Program within, and administer the Program through, the Natural Resources Conservation Service.

"(3) COORDINATION.—The Secretary shall implement the Program in coordination with State foresters.

"(b) PROGRAM OBJECTIVES.—In implementing the Program, the Secretary shall target resources to achieve the following objectives:

"(1) Investment in practices to establish, restore, protect, manage, maintain, and enhance the health and productivity of the nonindustrial private forest lands in the United States for timber, habitat for flora and fauna, water quality, and wetlands.

“(2) Ensuring that afforestation, reforestation, improvement of poorly stocked stands, timber stand improvement, practices necessary to improve seedling growth and survival, and growth enhancement practices occur where needed to enhance and sustain the long-term productivity of timber and nontimber forest resources to help meet future public demand for all forest resources and provide environmental benefits.

“(3) Reduce the risks and help restore, recover, and mitigate the damage to forests caused by fire, insects, invasive species, disease, and damaging weather.

“(4) Increase and enhance carbon sequestration opportunities.

“(5) Enhance implementation of agroforestry practices.

“(6) Maintain and enhance the forest landbase and leverage State and local financial and technical assistance to owners that promote the same conservation and environmental values.

“(c) ELIGIBILITY.—

“(1) IN GENERAL.—An owner of nonindustrial private forest land is eligible for cost-sharing assistance under the Program if the owner—

“(A) agrees to develop and implement an individual stewardship, forest, or stand management plan addressing site specific activities and practices in cooperation with, and approved by, the State forester, state official, or private sector program in consultation with the State forester;

“(B) agrees to implement approved activities in accordance with the plan for a period of not less than 10 years, unless the State forester approves a modification to such plan; and

“(C) meets the acreage restrictions as determined by the State forester in conjunction with the State Forest Stewardship Coordinating Committee established under section 19.

“(2) STATE PRIORITIES.—The Secretary, in consultation with the State forester and the State Forest Stewardship Coordinating Committee may develop State priorities for cost sharing under the Program that will promote forest management objectives in that State.

“(3) DEVELOPMENT OF PLAN.—An owner shall be eligible for cost-share assistance for the development of the individual stewardship, forest, or stand management plan required by paragraph (1).

“(d) APPROVED ACTIVITIES.—

“(1) DEVELOPMENT.—The Secretary, in consultation with the State forester and the State Forest Stewardship Coordinating Committee, shall develop a list of approved forest activities and practices that will be eligible for cost-share assistance under the Program within each State.

“(2) TYPE OF ACTIVITIES.—In developing a list of approved activities and practices under paragraph (1), the Secretary shall attempt to achieve the establishment, restoration, management, maintenance, and enhancement of forests and trees for the following:

“(A) The sustainable growth and management of forests for timber production.

“(B) The restoration, use, and enhancement of forest wetlands and riparian areas.

“(C) The protection of water quality and watersheds through the application of State-developed forestry best management practices.

“(D) Energy conservation and carbon sequestration purposes.

“(E) Habitat for flora and fauna.

“(F) The control, detection, and monitoring of invasive species on forestlands as well as preventing the spread and providing for the restoration of lands affected by invasive species.

“(G) Hazardous fuels reduction and other management activities that reduce the risks and help restore, recover, and mitigate the damage to forests caused by fire.

“(H) The development of forest or stand management plans.

“(I) Other activities approved by the Secretary, in coordination with the State forester and the State Forest Stewardship Coordinating Committee.

“(e) COOPERATION.—In implementing the Program, the Secretary shall cooperate with other Federal, State, and local natural resource management agencies, institutions of higher education, and the private sector.

“(f) REIMBURSEMENT OF ELIGIBLE ACTIVITIES.—

“(1) IN GENERAL.—The Secretary shall share the cost of implementing the approved activities that the Secretary determines are appropriate, in the case of an owner that has entered into an agreement to place nonindustrial private forest lands of the owner in the Program.

“(2) RATE.—The Secretary shall determine the appropriate reimbursement rate for cost-share payments under paragraph (1) and the schedule for making such payments.

“(3) MAXIMUM.—The Secretary shall not make cost-share payments under this subsection to an owner in an amount in excess of 75 percent of the total cost, or a lower percentage as determined by the State forester, to such owner for implementing the practices under an approved plan. The maximum payments to any one owner shall be determined by the Secretary.

“(4) CONSULTATION.—The Secretary shall make determinations under this subsection in consultation with the State forester.

“(g) RECAPTURE.—

“(1) IN GENERAL.—The Secretary shall establish and implement a mechanism to recapture payments made to an owner in the event that the owner fails to implement any approved activity specified in the individual stewardship, forest, or stand management plan for which such owner received cost-share payments.

“(2) ADDITIONAL REMEDY.—The remedy provided in paragraph (1) is in addition to any other remedy available to the Secretary.

“(h) DISTRIBUTION.—The Secretary shall distribute funds available for cost sharing under the Program among the States only after giving appropriate consideration to—

“(1) the total acreage of nonindustrial private forest land in each State;

“(2) the potential productivity of such land;

“(3) the number of owners eligible for cost sharing in each State;

“(4) the opportunities to enhance nontimber resources on such forest lands;

“(5) the anticipated demand for timber and nontimber resources in each State;

“(6) the need to improve forest health to minimize the damaging effects of catastrophic fire, insects, disease, or weather; and

“(7) the need and demand for agroforestry practices in each State.

“(i) DEFINITIONS.—In this section:

“(1) NONINDUSTRIAL PRIVATE FOREST LANDS.—The term ‘nonindustrial private forest lands’ means rural lands, as determined by the Secretary, that—

“(A) have existing tree cover or are suitable for growing trees; and

“(B) are owned or controlled by any nonindustrial private individual, group, association, corporation, Indian tribe, or other private legal entity (other than a nonprofit private legal entity) so long as the individual, group, association, corporation, tribe, or entity has definitive decision-making authority over the lands, including through long-term leases and other land tenure systems,

for a period of time long enough to ensure compliance with the Program.

“(2) OWNER.—The term ‘owner’ includes a private individual, group, association, corporation, Indian tribe, or other private legal entity (other than a nonprofit private legal entity) that has definitive decision-making authority over nonindustrial private forest lands through a long-term lease or other land tenure systems.

“(3) SECRETARY.—The term ‘Secretary’ means the Secretary of Agriculture.

“(4) STATE FORESTER.—The term ‘State forester’ means the director or other head of a State Forestry Agency or equivalent State official.

“(j) AVAILABILITY OF FUNDS.—The Secretary shall use \$200,000,000 of funds of the Commodity Credit Corporation to carry out the Program during the period beginning on October 1, 2001, and ending on September 30, 2011.”

(d) CONFORMING AMENDMENT.—Section 246(b)(2) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C. 6962(b)(2)) is amended by striking “forestry incentive program” and inserting “Forest Land Enhancement Program”.

“(3) The variety of public and private sector resources available to assist them in planning for and practicing sustainable forestry.”

SEC. 804. ENHANCED COMMUNITY FIRE PROTECTION.

(a) FINDINGS.—Congress finds the following:

(1) The severity and intensity of wildland fires has increased dramatically over the past few decades as a result of past fire and land management policies.

(2) The record 2000 fire season is a prime example of what can be expected if action is not taken.

(3) These wildfires threaten not only the nation’s forested resources, but the thousands of communities intermingled with the wildlands in the wildland-urban interface.

(4) The National Fire Plan developed in response to the 2000 fire season is the proper, coordinated, and most effective means to address this wildfire issue.

(5) Whereas adequate authorities exist to tackle the wildfire issues at the landscape level on Federal lands, there is limited authority to take action on most private lands where the largest threat to life and property lies.

(6) There is a significant Federal interest in enhancing community protection from wildfire.

(b) ENHANCED PROTECTION.—The Cooperative Forestry Assistance Act of 1978 is amended by inserting after section 10 (16 U.S.C. 2106) the following new section:

"SEC. 10A. ENHANCED COMMUNITY FIRE PROTECTION.

"(a) COOPERATIVE MANAGEMENT RELATED TO WILDFIRE THREATS.—The Secretary may cooperate with State foresters and equivalent State officials in the management of lands in the United States for the following purposes:

"(1) Aid in wildfire prevention and control.
 "(2) Protect communities from wildfire threats.

"(3) Enhance the growth and maintenance of trees and forests that promote overall forest health.

"(4) Ensure the continued production of all forest resources, including timber, outdoor recreation opportunities, wildlife habitat, and clean water, through conservation of forest cover on watersheds, shelterbelts, and windbreaks.

"(b) COMMUNITY AND PRIVATE LAND FIRE ASSISTANCE PROGRAM.—

"(1) ESTABLISHMENT; PURPOSE.—The Secretary shall establish a Community and Private Land Fire Assistance program (in this section referred to as the 'Program')—

"(A) to focus the Federal role in promoting optimal firefighting efficiency at the Federal, State, and local levels;

"(B) to augment Federal projects that establish landscape level protection from wildfires;

"(C) to expand outreach and education programs to homeowners and communities about fire prevention; and

"(D) to establish defensible space around private landowners homes and property against wildfires.

"(2) ADMINISTRATION AND IMPLEMENTATION.—The Program shall be administered by the Forest Service and implemented through the State forester or equivalent State official.

"(3) COMPONENTS.—In coordination with existing authorities under this Act, the Secretary may undertake on both Federal and non-Federal lands—

"(A) fuel hazard mitigation and prevention;

"(B) invasive species management;

The assessment shall be based on the treatment schedules contained in the report entitled "Protecting

People and Sustaining Resources in Fire-Adapted Ecosystems", dated October 13, 2000, and incorporated into the National Fire Plan. The assessment shall identify the acreage by condition class, type of treatment, and treatment year to achieve the restoration goals outlined in the report within 10-, 15-, and 20-year time periods. The assessment shall also include changes in the restoration goals based on the effects of fire, hazardous fuel treatments pursuant to the National Fire Plan, or updates in data.

(b) FUNDING RECOMMENDATION.—The Secretary of Agriculture shall include in the annual assessment a request for funds sufficient to implement the recommendations contained in the assessment using stewardship end result contracts under subsection (c) when the Secretary determines that the objectives of the National Fire Plan are best accomplished through forest stewardship end result contracting.

SEC. 902. ASSISTANCE.

The assistance provided by the Secretary of Agriculture to eligible orchardists for losses described in section 901 shall consist of either—

(1) reimbursement of 75 percent of the cost of replanting trees lost due to a natural disaster, as determined by the Secretary, in excess of 15 percent mortality (adjusted for normal mortality); or

(2) at the discretion of the Secretary, sufficient seedlings to reestablish the stand.

SEC. 903. LIMITATION ON ASSISTANCE.

(3) TREE.—The term "tree" includes trees, bushes, and vines.

Subtitle B—Other Matters**SEC. 921. HAZARDOUS FUEL REDUCTION GRANTS TO PREVENT WILDFIRE DISASTERS AND TRANSFORM HAZARDOUS FUELS TO ELECTRIC ENERGY, USEFUL HEAT, OR TRANSPORTATION FUELS.**

(a) FINDINGS.—Congress finds the following:

(1) The damages caused by wildfire disasters have been equivalent in magnitude to the damage resulting from the Northridge earthquake, Hurricane Andrew, and the recent flooding of the Mississippi River and the Red River.

(2) More than 20,000 communities in the United States are at risk to wildfire and approximately 11,000 of these communities are located near Federal lands. More than 72,000,000 acres of National Forest System lands and 57,000,000 acres of lands managed by the Secretary of the Interior are at risk of catastrophic fire in the near future. The accumulation of heavy forest fuel loads continues to increase as a result of disease, insect infestations, and drought, further raising the risk of fire each year.

(3) Modification of forest fuel load conditions through the removal of hazardous fuels will minimize catastrophic damage from wildfires, reducing the need for emergency funding to respond to wildfires and protecting lives, communities, watersheds, and wildlife habitat.

(4) The hazardous fuels removed from forest lands represent an abundant renewable resource as well as a significant supply of biomass for biomass-to-energy facilities.

(b) HAZARDOUS FUELS TO ENERGY GRANT PROGRAM.—The Secretary concerned may make a grant to a person that operates a biomass-to-energy facility to offset the costs incurred to purchase hazardous fuels from forest lands for use by the facility in the production of electric energy, useful heat, or transportation fuels. The Secretary concerned shall select grant recipients on the basis of their planned purchases of hazardous fuels and the level of anticipated benefits to reduced wildfire risk.

(c) GRANT AMOUNTS.—A grant under this section shall be equal to at least \$5 per ton of hazardous fuels delivered, but not to exceed \$10 per ton of hazardous fuels delivered, based on the distance of the hazardous fuels from the biomass-to-energy facility.

(d) **MONITORING OF GRANT RECIPIENT ACTIVITIES.**—As a condition on a grant under this section, the grant recipient shall keep such records as the Secretary concerned may require to fully and correctly disclose the use of the grant funds and all transactions involved in the purchase of hazardous fuels derived from forest lands. Upon notice by a duly authorized representative of the Secretary concerned, the operator of a biomass-to-energy facility that purchases or uses the resulting hazardous fuels shall afford the representative reasonable access to the facility and an opportunity to examine the inventory and records of the facility.

(e) **MONITORING OF EFFECT OF TREATMENTS.**—The Secretary concerned shall monitor Federal lands from which hazardous fuels are removed and sold to a biomass-to-energy facility to determine and document the reduction in fire hazards on such lands.

(f) **DEFINITIONS.**—In this section:

(1) **BIOMASS-TO-ENERGY FACILITY.**—The term “biomass-to-energy facility” means a facility that uses forest biomass as a raw material to produce electric energy, useful heat, or transportation fuels.

(2) **FOREST BIOMASS.**—The term “forest biomass” means hazardous fuels and biomass accumulations from precommercial thinnings, slash, and brush on forest lands that do not satisfy the definition of hazardous fuels.

(3) **HAZARDOUS FUELS.**—The term “hazardous fuels” means any unnaturally excessive accumulation of organic material, particularly in areas designated as condition class 2 or condition class 3 (as defined in the report entitled “Protecting People and Sustainable Resources in Fire-Adapted Ecosystems”, prepared by the Forest Service, and dated October 13, 2000), on forest lands that the Secretary concerned determines poses a substantial present or potential hazard to forest ecosystems, wildlife, human, community, or firefighter safety in the case of a wildfire, particularly a wildfire in a drought year.

(4) **SECRETARY CONCERNED.**—The term “Secretary concerned” means—

(A) the Secretary of Agriculture or the designee of the Secretary of Agriculture with respect to the National Forest System lands and private lands; and

(B) the Secretary of the Interior or the designee of the Secretary of the Interior with respect to Federal lands under the jurisdiction of the Secretary of the Interior and Indian lands.

Whereas the United States is engaged in military activity as a result of the terrorist attacks of September 11, 2001;

Whereas such acts continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States, including the security of important energy supplies;

Whereas our Nation imports more than half of the crude oil it consumes from other nations;

Whereas Congress found in the Energy Policy and Conservation Act that the storage of substantial quantities of petroleum products will diminish the vulnerability of the United States to the effects of a severe energy supply interruption, and provide limited protection from the short-term consequences of interruptions in supplies of petroleum products;

Whereas a severe energy supply interruption would have an adverse impact upon American consumers and the economy;

Whereas the Strategic Petroleum Reserve has an authorized capacity of 1,000,000,000 barrels of crude oil, a current storage capacity of 700,000,000 barrels of crude oil, and approximately 545,000,000 barrels of crude oil currently in storage; and

Whereas marginal wells in the United States provide an important base of domestic crude oil production, make an important contribution to our workforce and economy, are particularly sensitive to price fluctuations, and are difficult and costly to reopen: Now, therefore, be it

Resolved, That the House of Representatives urges the Secretary of Energy to increase the capacity of the Strategic Petro-

leum Reserve to 1,000,000,000 barrels of crude oil, to fill the Strategic Petroleum Reserve to its capacity as soon as practicable, and to consider purchasing from marginal wells that would otherwise cease production, consistent with current law.

¶105.22 PREGNANCY AND INFANT LOSS REMEMBRANCE DAY

Mrs. Jo Ann DAVIS of Virginia moved to suspend the rules and agree to the following resolution (H. Res. 254):

Whereas each year, approximately 1,000,000 pregnancies in the United States end in miscarriage, stillbirth, or the death of a newborn baby;

Whereas it is a great tragedy to lose the life of a child;

Whereas babies sometimes live within or outside their mothers' wombs for only a short period of time;

Whereas even the shortest lives are still valuable, and the grief of those who mourn the loss of these lives should not be trivialized;

Whereas more than 35 States have designated October 15, 2001, as Pregnancy and Infant Loss Remembrance Day;

Whereas the observance of Pregnancy and Infant Loss Remembrance Day can give validation to those who have lost a baby through miscarriage, stillbirth, or other complications;

Whereas Pregnancy and Infant Loss Remembrance Day will provide the people of the United States with an opportunity to increase their understanding of the great tragedy involved in the deaths of unborn and newborn babies; and

Whereas Pregnancy and Infant Loss Remembrance Day will enable the people of the United States to consider how, as individuals and communities, they can meet the needs of bereaved mothers, fathers, and family members and work to prevent the causes of these deaths: Now, therefore, be it

Resolved, That the House of Representatives supports the goals of Pregnancy and Infant Loss Remembrance Day.
