As soon as practicable but not later than 180 days after the date of enactment of this section, the Secretary shall, after notice and opportunity for comment, establish rules of procedure that ensure that such authority can be exercised expeditiously.

''(2) NOTIFICATION OF CONGRESS.—Whenever the President issues and provides to the Secretary a written directive or determination under paragraph (1), the President shall promptly notify congressional committees of relevant jurisdiction, including the Committee on Energy and Commerce of the House of Representatives and the Committee on Energy and Natural Resources of the Senate, of the contents of, and justification for, such directive or determination.

''(3) CONSULTATION.—Before issuing an order for emergency measures under paragraph (1), the Secretary shall, to the extent practicable in light of the nature of the grid security emergency and the urgency of the need for action, consult with appropriate governmental authorities in Canada and Mexico, entities described in paragraph (4), the Electricity Sub-sector Coordinating Council, the Commission, and other appropriate Federal agencies regarding implementation of such emergency measures.

''(4) APPLICATION.—An order for emergency measures under this subsection may apply to—

''(A) the Electric Reliability Organization;

''(B) a regional entity; or

''(C) any owner, user, or operator of critical electric infrastructure or of defense critical electric infrastructure within the United States.

''(5) EXPIRATION AND REISSUANCE.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), an order for emergency measures issued under paragraph (1) shall expire no later than 15 days after its issuance.

''(B) EXTENSIONS.—The Secretary may reissue an order for emergency measures issued under paragraph (1) for subsequent periods, not to exceed 15 days for each such period, provided that the President, for each such period, issues and provides to the Secretary a written directive or determination that the grid security emergency identified under paragraph (1) continues to exist or that the emergency measure continues to be required.

''(6) COST RECOVERY.—

''(A) CRITICAL ELECTRIC INFRASTRUCTURE.—If the Commission determines that owners, operators, or users of critical electric infrastructure have incurred substantial costs to comply with an order for emergency measures issued under this subsection and that such costs were prudently incurred and cannot reasonably be recovered through regulated rates or market prices for the electric energy or services sold by such owners, operators, or users, the Commission shall, consistent with the requirements of section 205, after notice and an opportunity for comment, establish a mechanism that permits such owners, operators, or users to recover such costs.

''(B) DEFENSE CRITICAL ELECTRIC INFRASTRUCTURE.—To the extent the owner or operator of defense critical electric infrastructure is required to take emergency measures pursuant to an order issued under this subsection, the owners or operators of a critical defense facility or facilities designated by the Secretary pursuant to subsection (c) that rely upon such infrastructure shall bear the full incremental costs of the measures.

''(7) TEMPORARY ACCESS TO CLASSIFIED INFORMATION.—The Secretary, and other appropriate Federal agencies, shall, to the extent practicable and consistent with their obligations to protect classified information, provide temporary access to classified information related to a grid security emergency for which emergency measures are issued under paragraph (1) to key personnel of any entity subject to such emergency measures to enable optimum communication between the entity and the Secretary and other appropriate Federal agencies regarding the grid security emergency.

''(c) DESIGNATION OF CRITICAL DEFENSE FACILITIES.—Not later than 180 days after the date of enactment of this section, the Secretary, in consultation with other appropriate Federal agencies and appropriate owners, users, or operators of infrastructure that may be defense critical electric infrastructure, shall identify and designate facilities located in the United States (including the territories) that are—

''(1) critical to the defense of the United States; and

''(2) vulnerable to a disruption of the supply of electric energy provided to such facility by an external provider.

The Secretary may, in consultation with appropriate Federal agencies and appropriate owners, users, or operators of defense critical electric infrastructure, periodically revise the list of designated facilities as necessary.

''(d) PROTECTION AND SHARING OF CRITICAL ELECTRIC INFRASTRUCTURE INFORMATION.—

''(1) PROTECTION OF CRITICAL ELECTRIC INFRASTRUCTURE INFORMATION.—Critical electric infrastructure information—

''(A) shall be exempt from disclosure under section 552(b)(3) of title 5, United States Code; and

''(B) shall not be made available by any Federal, State, political subdivision or tribal authority pursuant to any Federal, State, political subdivision or tribal law requiring public disclosure of information or records.

''(2) DESIGNATION AND SHARING OF CRITICAL ELECTRIC INFRASTRUCTURE INFORMATION.—Not later than one year after the date of enactment of this section, the Commission, in consultation with the Secretary of Energy, shall promulgate such regulations and issue such orders as necessary to—

''(A) designate information as critical electric infrastructure information;

''(B) prohibit the unauthorized disclosure of critical electric infrastructure information;

''(C) ensure there are appropriate sanctions in place for Commissioners, officers, employees, or agents of the Commission who knowingly and willfully disclose critical electric infrastructure information in a manner that is not authorized under this section; and

''(D) taking into account standards of the Electric Reliability Organization, facilitate voluntary sharing of critical electric infrastructure information with, between, and by—

''(vi) other entities determined appropriate by the Commission.

''(3) CONSIDERATIONS.—In promulgating regulations and issuing orders under paragraph (2), the Commission shall take into consideration the role of State commissions in reviewing the prudence and cost of investments, determining the rates and terms of conditions for electric services, and ensuring the safety and reliability of the bulk-power system and distribution facilities within their respective jurisdictions.

''(4) PROTOCOLS.—The Commission shall, in consultation with Canadian and Mexican authorities, develop protocols for the voluntary sharing of critical electric infrastructure information with Canadian and Mexican authorities and owners, operators, and users of the bulk-power system outside the United States.

''(5) NO REQUIRED SHARING OF INFORMATION.—Nothing in this section shall require a person or entity in possession of critical

electric infrastructure information to share such information with Federal, State, political subdivision, or tribal authorities, or any other person or entity.

''(6) SUBMISSION OF INFORMATION TO CONGRESS.—Nothing in this section shall permit or authorize the withholding of information from Congress, any committee or subcommittee thereof, or the Comptroller General.

''(7) DISCLOSURE OF NONPROTECTED INFORMATION.—In implementing this section, the Commission shall segregate critical electric infrastructure information or information that reasonably could be expected to lead to the disclosure of the critical electric infrastructure information within documents and electronic communications, wherever feasible, to facilitate disclosure of information that is not designated as critical electric infrastructure information.

''(8) DURATION OF DESIGNATION.—Information may not be designated as critical electric infrastructure information for longer than 5 years, unless specifically re-designated by the Commission.

''(9) REMOVAL OF DESIGNATION.—The Commission shall remove the designation of critical electric infrastructure information, in whole or in part, from a document or electronic communication if the Commission determines that the unauthorized disclosure of such information could no longer be used to impair the security or reliability of the bulk-power system or distribution facilities.

''(10) JUDICIAL REVIEW OF DESIGNATIONS.—Notwithstanding section 313(b), any determination by the Commission concerning the designation of critical electric infrastructure information under this subsection shall be subject to review under chapter 7 of title 5, United States Code, except that such review shall be brought in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in the District of Columbia. In such a case the court shall examine in camera the contents of documents or electronic communications that are the subject of the determination under review to determine whether such documents or any part thereof were improperly designated or not designated as critical electric infrastructure information.

''(e) SECURITY CLEARANCES.—The Secretary shall facilitate and, to the extent practicable, expedite the acquisition of adequate security clearances by key personnel of any entity subject to the requirements of this section, to enable optimum communication with Federal agencies regarding threats to the security of the critical electric infrastructure. The Secretary, the Commission, and other appropriate Federal agencies shall, to the extent practicable and consistent with their obligations to protect classified and critical electric infrastructure information, share timely actionable information regarding grid security with appropriate key personnel of owners, operators, and users of the critical electric infrastructure.

''(f) CLARIFICATIONS OF LIABILITY.—

''(1) COMPLIANCE WITH OR VIOLATION OF THIS ACT.—Except as provided in paragraph (4), to the extent any action or omission taken by an entity that is necessary to comply with an order for emergency measures issued under subsection (b)(1), including any action or omission taken to voluntarily comply with such order, results in noncompliance with, or causes such entity not to comply with any rule, order, regulation, or provision of this Act, including any reliability standard approved by the Commission pursuant to section 215, such action or omission shall not be considered a violation of such rule, order, regulation, or provision.

''(2) RELATION TO SECTION 202(c).—Except as provided in paragraph (4), an action or omission taken by an owner, operator, or user of critical electric infrastructure or of defense critical electric infrastructure to comply with an order for emergency measures issued under subsection (b)(1) shall be treated as an action or omission taken to comply with an order issued under section 202(c) for purposes of such section.

''(3) SHARING OR RECEIPT OF INFORMATION.—No cause of action shall lie or be maintained in any Federal or State court for the sharing or receipt of information under, and that is conducted in accordance with, subsection (d).

''(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to require dismissal of a cause of action against an entity that, in the course of complying with an order for emergency measures issued under subsection (b)(1) by taking an action or omission for which they would be liable but for paragraph (1) or (2), takes such action or omission in a grossly negligent manner.''.

(b) CONFORMING AMENDMENTS.—

(1) JURISDICTION.—Section 201(b)(2) of the Federal Power Act (16 U.S.C. 824(b)(2)) is amended by inserting ''215A,'' after ''215,'' each place it appears.

(2) PUBLIC UTILITY.—Section 201(e) of the Federal Power Act (16 U.S.C. 824(e)) is amended by inserting ''215A,'' after ''215,''.

**SEC. 99004. STRATEGIC TRANSFORMER RESERVE.**

(a) FINDING.—Congress finds that the storage of strategically located spare large power transformers and emergency mobile substations will reduce the vulnerability of the United States to multiple risks facing electric grid reliability, including physical attack, cyber attack, electromagnetic pulse, geomagnetic disturbances, severe weather, and seismic events.

¶142.19 CONDEMNING TERRORIST ATTACKS IN PARIS, FRANCE

Mr. ROYCE moved to suspend the rules and agree to the following resolution (H. Res. 524); as amended:

Whereas on Friday, November 13, 2015, three groups of Islamist terrorists launched coordinated attacks against six sites across Paris, France, resulting in the loss of at least 129 innocent lives and the severe wounding of many hundreds;

Whereas the attacks on the Bataclan concert hall, the Stade de France, Le Petit Cambodge restaurant, Le Belle Equipe bar, and on the Avenue de la Republique in the 10th district, represent the largest terrorist attack in Europe since the Madrid, Spain, train bombings of 2004;

Whereas American student Nohemi Gonzalez, 23, of El Monte, California, is among the innocent lives lost in these terrorist attacks, with several Americans injured;

Whereas French first responders and law enforcement reacted swiftly and heroically, in one instance blocking entrance of a suicide bomber to the Stade de France, doubtlessly saving dozens of lives;

Whereas seven terrorists were killed, most in suicide bombings and one in a shoot-out with police, and French intelligence and law enforcement are still pursuing those possibly connected to the attacks;

Whereas French President Francois Hollande vowed that ''we will fight, and we will be ruthless'';

Whereas NATO Secretary General Jens Stoltenberg stated that the Alliance would stand with France and remain ''strong and united'' against terrorism;

Whereas President Barack Obama stated, ''Once again we've seen an outrageous attempt to terrorize innocent civilians. This attack is not just on Paris . . . this is an attack on all of humanity and the universal values that we share. We stand prepared and ready to provide whatever assistance that the Government and the people of France need to respond.'';

Whereas the so-called ''Islamic State of Iraq and Syria'' (ISIS) claimed responsibility for the attack;

Whereas the precise coordination of these attacks at multiple sites across Paris, along with the recent downing of a Russian airline in Egypt and the double suicide bombing in a shopping district in Beirut—brutal attacks also claimed by ISIS—indicates the planning, operational, and logistical capabilities of ISIS appear to have advanced significantly, and their focus now includes large scale external attacks;

Whereas the continued and enhanced coordination of law enforcement and intelligence efforts amongst European countries is critical to inhibiting the movement and support for ISIS-affiliated terrorist cells;

Whereas continued and enhanced intelligence cooperation, law enforcement engagement, and information sharing on emerging threats and identified Islamist extremists greatly improves security for the people of the United States, Europe, and our allies around the world;

Whereas the loss of innocent lives in Paris strengthens our resolve to defeat ISIS and its terrorist affiliates which pose a growing threat to international peace and stability;

Whereas France is an indispensable ally in our joint coalition efforts to defeat ISIS;

Whereas France has long been an ally and friend to the United States since the birth of our Nation, throughout the major conflicts of the 20th century, and has provided significant assistance to key United States strategic priorities such as combating terrorism in northern Africa; and

Whereas we stand in solidarity with our French allies in their time of national mourning, ready to provide assistance in bringing to justice all those involved with the planning and execution of these attacks, as well as identifying and thwarting any planning to undertake similar assaults in the future: Now, therefore, be it

*Resolved*, That the House of Representatives—

(1) condemns in the strongest terms the terrorist attacks in Paris, France, on November 13, 2015, that resulted in the loss of at least 129 lives;

(2) expresses its condolences to the families and friends of those individuals who were killed in the attacks and expresses its sympathies to those individuals who have been injured;

(3) supports the Government of France in its efforts to bring to justice all those involved with the planning and execution of these terrorist attacks;

(4) remains concerned regarding the flow of foreign fighters to and from the Middle East and West and North Africa and the threat posed by these individuals upon their return to their local communities; and

(5) expresses its readiness to assist the Government and people of France to respond to the growing terrorist threat posed by the Islamic State of Iraq and Syria (ISIS) and its terrorist affiliates.

The SPEAKER pro tempore, Mr. SIMPSON, recognized Mr. ROYCE and Mr. ENGEL, each for 20 minutes.

After debate,

The question being put, viva voce,

Will the House suspend the rules and agree to said resolution, as amended?

The SPEAKER pro tempore, Mr. SIMPSON, announced that two-thirds of the Members present had voted in the affirmative.

So, two-thirds of the Members present having voted in favor thereof, the rules were suspended and said resolution, as amended, was agreed to.

¶142.23 MESSAGE FROM THE PRESIDENT—NATIONAL DRUG CONTROL STRATEGY 2015

The SPEAKER pro tempore, Mr. RUSSELL, laid before the House a message from the President, which was read as follows:

*To the Congress of the United States:*

I am pleased to transmit the 2015 National Drug Control Strategy, my Administration's 21st century approach to drug policy that works to reduce illicit drug use and its consequences in the United States. This evidence-based plan, which balances public health and public safety efforts to prevent, treat, and provide recovery from the disease of addiction, seeks to build a healthier, safer, and more prosperous country.

Since the release of my Administration's inaugural National Drug Control Strategy in 2010, we have seen significant progress in addressing challenges we face along the entire spectrum of drug policy—including prevention, early intervention, treatment, recovery support, criminal justice reform, law enforcement, and international co-

operation. However, we still face serious drug-related challenges. Illicit drug use is a public health issue that jeopardizes not only our well-being, but also the progress we have made in strengthening our economy—contributing to addiction, disease, lower student academic performance, crime, unemployment, and lost productivity.

Therefore, we continue to pursue a drug policy that is effective, compassionate, and just. We are working to erase the stigma of addiction, ensuring treatment and a path to recovery for those with substance use disorders. We continue to research the health risks of drug use to encourage healthy behaviors, particularly among young people. We are reforming our criminal justice system, providing alternatives to incarceration for non-violent, substance-involved offenders, improving re-entry programs, and addressing unfair sentencing disparities. We continue to devote significant law enforcement resources to reduce the supply of drugs via sea, air, and land interdiction, and law enforcement operations and investigations. We also continue to partner with our international allies, helping them address transnational organized crime, while addressing substance use disorders and other public health issues.

I thank the Congress for its continued support of our efforts. I look forward to joining with them and all our local, State, tribal, national and international partners to advance this important undertaking.

BARACK OBAMA.

THE WHITE HOUSE, *November 17, 2015.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Agriculture, the Committee on Armed Services, the Committee on Education and the Workforce, the Committee on Energy and Commerce, the Committee on Financial Services, the Committee on Foreign Affairs, the Committee on Homeland Security, the Committee on the Judiciary, the Committee on Natural Resources, the Committee on Oversight and Government Reform, the Committee on Transportation and Infrastructure, the Committee on Veterans' Affairs, the Committee on Ways and Means, and the Permanent Select Committee on Intelligence, and ordered to be printed (H. ''(D) identify and assess available alternatives to the proposed regulation that were considered, including any alternative offered by a member of the Board of Governors of the Federal Reserve System or the Federal Open Market Committee and including any modification of an existing regulation, together with an explanation of why the regulation meets the regulatory objectives more effectively than the alternatives; and

''(E) ensure that any proposed regulation is accessible, consistent, written in plain language, and easy to understand and shall measure, and seek to improve, the actual results of regulatory requirements.

''(2) CONSIDERATIONS AND ACTIONS.—

''(A) REQUIRED ACTIONS.—In deciding whether and how to regulate, the Board shall assess the costs and benefits of available regulatory alternatives, including the alternative of not regulating, and choose the approach that maximizes net benefits. Specifically, the Board shall—

''(i) evaluate whether, consistent with achieving regulatory objectives, the regulation is tailored to impose the least impact on the availability of credit and economic growth and to impose the least burden on society, including market participants, individuals, businesses of different sizes, and other entities (including State and local governmental entities), taking into account, to the extent practicable, the cumulative costs of regulations;

''(ii) evaluate whether the regulation is inconsistent, incompatible, or duplicative of other Federal regulations; and

''(B) ADDITIONAL CONSIDERATIONS.—In addition, in making a reasoned determination of the costs and benefits of a proposed regulation, the Board shall, to the extent that each is relevant to the particular proposed regulation, take into consideration the impact of the regulation, including secondary costs such as an increase in the cost or a reduction in the availability of credit or investment services or products, on—

If the Board determines, at least 90 days before the deadline for publication of the assessment plan, that an extension is necessary, the Board shall publish a notice of such extension and the specific reasons why the extension is necessary in the Federal Register. Any material modification of the assessment plan, as necessary to assess unforeseen aspects or consequences of the regulation, shall be promptly published in the Federal Register for notice and comment.

''(iii) DATA COLLECTION NOT SUBJECT TO NOTICE AND COMMENT REQUIREMENTS.—If the Board has published the assessment plan for notice and comment at least 30 days before the adoption of a regulation designated as a major rule, the collection of data under the assessment plan shall not be subject to the notice and comment requirements in section 3506(c) of title 44, United States Code (commonly referred to as the Paperwork Reduction Act). Any material modification of the plan that requires collection of data not previously published for notice and comment shall also be exempt from such requirements if the Board has published notice in the Federal Register for comment on the additional data to be collected, at least 30 days before the initiation of data collection.

''(iv) FINAL ACTION.—Not later than 180 days after publication of the assessment plan in the Federal Register, the Board shall issue for notice and comment a proposal to amend or rescind the regulation, or shall publish a notice that the Board has determined that no action will be taken on the regulation. Such a notice will be deemed a final agency action.

**SEC. 16. ESTABLISHMENT OF A CENTENNIAL MONETARY COMMISSION.**

(a) SHORT TITLE.—This section may be cited as the ''Centennial Monetary Commission Act of 2015''.

(b) FINDINGS.—Congress finds the following:

(1) The Constitution endows Congress with the power ''to coin money, regulate the value thereof''.

(2) Following the financial crisis known as the Panic of 1907, Congress established the National Monetary Commission to provide recommendations for the reform of the financial and monetary systems of the United States.

(3) Incorporating several of the recommendations of the National Monetary Commission, Congress created the Federal Reserve System in 1913. As currently organized, the Federal Reserve System consists of the Board of Governors in Washington, District of Columbia, and the Federal Reserve Banks organized into 12 districts around the United States. The stockholders of the 12 Federal Reserve Banks include national and certain State-chartered commercial banks, which operate on a fractional reserve basis.

(4) Originally, Congress gave the Federal Reserve System a monetary mandate to provide an elastic currency, within the context of a gold standard, in response to seasonal fluctuations in the demand for currency.

(5) Congress also gave the Federal Reserve System a financial stability mandate to serve as the lender of last resort to solvent but illiquid banks during a financial crisis.

(6) In 1977, Congress changed the monetary mandate of the Federal Reserve System to a dual mandate for maximum employment and stable prices.

(7) Empirical studies and historical evidence, both within the United States and in other countries, demonstrate that price stability is desirable because both inflation and deflation damage the economy.

(8) The economic challenge of recent years—most notably the bursting of the housing bubble, the financial crisis of 2008, and the ensuing anemic recovery—have occurred at great cost in terms of lost jobs and output.

(9) Policymakers are reexamining the structure and functioning of financial institutions and markets to determine what, if any, changes need to be made to place the financial system on a stronger, more sustainable path going forward.

(10) The Federal Reserve System has taken extraordinary actions in response to the recent economic challenges.

(11) The Federal Open Market Committee has engaged in multiple rounds of quantitative easing, providing unprecedented liquidity to financial markets, while committing to holding short-term interest rates low for a seemingly indefinite period, and pursuing a policy of credit allocation by purchasing Federal agency debt and mortgage-backed securities.

(12) In the wake of the recent extraordinary actions of the Federal Reserve System, Congress—consistent with its constitutional responsibilities and as it has done periodically throughout the history of the United States—has once again renewed its examination of monetary policy.

(13) Central in such examination has been a renewed look at what is the most proper mandate for the Federal Reserve System to conduct monetary policy in the 21st century.

(c) ESTABLISHMENT OF A CENTENNIAL MONETARY COMMISSION.—There is established a commission to be known as the ''Centennial Monetary Commission'' (in this section referred to as the ''Commission'').

(d) STUDY AND REPORT ON MONETARY POLICY.—

(1) STUDY.—The Commission shall—

(A) examine how United States monetary policy since the creation of the Board of Governors of the Federal Reserve System in 1913 has affected the performance of the United States economy in terms of output, employment, prices, and financial stability over time;

(B) evaluate various operational regimes under which the Board of Governors of the Federal Reserve System and the Federal Open Market Committee may conduct monetary policy in terms achieving the maximum sustainable level of output and employment and price stability over the long term, including—

(i) discretion in determining monetary policy without an operational regime;

(ii) price level targeting;

(iii) inflation rate targeting;

(iv) nominal gross domestic product targeting (both level and growth rate);

(v) the use of monetary policy rules; and

(vi) the gold standard;

(C) evaluate the use of macro-prudential supervision and regulation as a tool of monetary policy in terms of achieving the maximum sustainable level of output and employment and price stability over the long term;

(D) evaluate the use of the lender-of-last-resort function of the Board of Governors of the Federal Reserve System as a tool of monetary policy in terms of achieving the maximum sustainable level of output and employment and price stability over the long term; and

(E) recommend a course for United States monetary policy going forward, including—

(i) the legislative mandate;

(ii) the operational regime;

(iii) the securities used in open market operations; and

(iv) transparency issues.

¶145.17 MESSAGE FROM THE PRESIDENT—LOCALITY PAY INCREASES FOR CIVILIAN FEDERAL EMPLOYEES

The SPEAKER pro tempore, Mr. LAHOOD, laid before the House a message from the President, which was read as follows:

*To the Congress of the United States:*

I am transmitting an alternative plan for pay increases for civilian Federal employees covered by the General Schedule and certain other pay systems in January 2016.

Title 5, United States Code, authorizes me to implement alternative pay plans for pay increases for civilian Federal employees covered by the General Schedule and certain other pay systems if, because of ''national emergency or serious economic conditions affecting the general welfare,'' I view the adjustments that would otherwise take effect as inappropriate.

Civilian Federal employees have already made significant sacrifices as a result of 3-year pay freeze that ended in January 2014. In January 2014 and again in January 2015, increases for civilian Federal employees were limited to a 1.0 percent overall pay increase, an amount lower than the private sector pay increases and statutory formula for adjustments to the base General Schedule for 2014 and 2015. However, as the country's economic recovery continues, we must maintain efforts to keep our Nation on a sustainable fiscal course. This is an effort that continues to require tough choices.

Under current law, locality pay increases averaging 28.74 percent and costing $26 billion would go into effect in January 2016. Federal agency budgets cannot sustain such increases. Accordingly, I have determined that under the authority of section 5304a of title 5, United States Code, locality-based comparability payments for the locality pay areas established by the President's Pay Agent, in the amounts set forth in the attached table, shall become effective on the first day of the first applicable pay period beginning on or after January 1, 2016. These rates are based on an allocation of 0.3 percent of payroll as indicated in my August 28, 2015, alternative pay plan for adjustments to the base General Schedule. These decisions will not materially affect our ability to attract and retain a well-qualified Federal workforce.

The adjustments described above shall take effect on the first applicable pay period beginning on or after January 1, 2016.

BARACK OBAMA.

THE WHITE HOUSE, *November 30, 2015.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Oversight and Government Reform and ordered to be printed (H. Doc. 114–81).

¶145.18 RECESS—5:30 P.M.

''(ii) STATE TECHNICAL CRITERIA.—To allow for State approval of nationally-recognized high school academic assessments that are available for local selection under clause (i), a State educational agency shall establish technical criteria to determine if any such assessment meets the requirements of clause (v).

''(iii) STATE APPROVAL.—If a State educational agency chooses to make a nationally-recognized high school assessment available for selection by a local educational agency under clause (i), which has not already been approved under this clause, such State educational agency shall—

''(I) of its request to the State educational agency for approval to administer a locally-selected assessment; and

''(II) upon approval, and at the beginning of each subsequent school year during which the locally selected assessment will be administered, that the local educational agency will be administering a different assessment than the State-designed assessments under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v).

''(II) such assessment—

''(aa) shall measure, at a minimum, each student's academic proficiency based on the challenging State academic standards for the student's grade level and growth toward such standards; and

''(bb) may measure the student's level of academic proficiency and growth using items above or below the student's grade level, including for use as part of a State's accountability system under subsection (c).

''(ii) STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES AND ENGLISH LEARNERS.—In developing and administering computer adaptive assessments—

''(I) as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

''(aa) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

''(bb) assess the student's academic achievement to measure, in the subject being assessed, whether the student is performing at the student's grade level; and

''(II) as the assessments required under subparagraph (G), a State shall ensure that such computer adaptive assessments—

''(aa) meet the requirements of this paragraph, including subparagraph (G), except such assessment shall not be required to meet the requirements of clause (i)(II); and

''(bb) assess the student's language proficiency, which may include growth towards such proficiency, in order to measure the student's acquisition of English.

''(K) RULE OF CONSTRUCTION ON PARENT RIGHTS.—Nothing in this paragraph shall be construed as preempting a State or local law regarding the decision of a parent to not have the parent's child participate in the academic assessments under this paragraph.

''(L) LIMITATION ON ASSESSMENT TIME.—Subject to Federal or State requirements related to assessments, evaluations, and accommodations, each State may, at the sole discretion of such State, set a target limit on the aggregate amount of time devoted to the administration of assessments for each grade, expressed as a percentage of annual instructional hours.

''(3) EXCEPTION FOR RECENTLY ARRIVED ENGLISH LEARNERS.—

''(A) ASSESSMENTS.—With respect to recently arrived English learners who have been enrolled in a school in one of the 50 States in the United States or the District of Columbia for less than 12 months, a State may choose to—

''(i) exclude—

''(I) such an English learner from one administration of the reading or language arts assessment required under paragraph (2); and

''(II) such an English learner's results on any of the assessments required under paragraph (2)(B)(v)(I) or (2)(G) for the first year of the English learner's enrollment in such a school for the purposes of the State-determined accountability system under subsection (c); or

''(ii)(I) assess, and report the performance of, such an English learner on the reading or language arts and mathematics assessments required under paragraph (2)(B)(v)(I) in each year of the student's enrollment in such a school; and

''(II) for the purposes of the State-determined accountability system—

''(aa) for the first year of the student's enrollment in such a school, exclude the results on the assessments described in subclause (I);

''(bb) include a measure of student growth on the assessments described in subclause (I) in the second year of the student's enrollment in such a school; and

''(cc) include proficiency on the assessments described in subclause (I) in the third year of the student's enrollment in such a school, and each succeeding year of such enrollment.

''(B) ENGLISH LEARNER SUBGROUP.—With respect to a student previously identified as an English learner and for not more than 4 years after the student ceases to be identified as an English learner, a State may include the results of the student's assessments under paragraph (2)(B)(v)(I) within the English learner subgroup of the subgroups of students (as defined in subsection (c)(2)(D)) for the purposes of the State-determined accountability system.

''(c) STATEWIDE ACCOUNTABILITY SYSTEM.—

''(1) IN GENERAL.—Each State plan shall describe a statewide accountability system that complies with the requirements of this subsection and subsection (d).

''(2) SUBGROUP OF STUDENTS.—In this subsection and subsection (d), the term 'subgroup of students' means—

''(A) economically disadvantaged students;

''(B) students from major racial and ethnic groups;

''(C) children with disabilities; and

''(D) English learners.

''(3) MINIMUM NUMBER OF STUDENTS.—Each State shall describe—

''(A) with respect to any provisions under this part that require disaggregation of information by each subgroup of students—

''(i) the minimum number of students that the State determines are necessary to be included to carry out such requirements and how that number is statistically sound, which shall be the same State-determined number for all students and for each subgroup of students in the State;

''(ii) how such minimum number of students was determined by the State, including how the State collaborated with teachers, principals, other school leaders, parents, and other stakeholders when determining such minimum number; and

''(iii) how the State ensures that such minimum number is sufficient to not reveal any personally identifiable information.

''(4) DESCRIPTION OF SYSTEM.—The statewide accountability system described in paragraph (1) shall be based on the challenging State academic standards for reading or language arts and mathematics described in subsection (b)(1) to improve student academic achievement and school success. In designing such system to meet the requirements of this part, the State shall carry out the following:

''(A) ESTABLISHMENT OF LONG-TERM GOALS.—Establish ambitious State-designed long-term goals, which shall include measurements of interim progress toward meeting such goals—

''(i) for all students and separately for each subgroup of students in the State—

''(I) for, at a minimum, improved—

''(aa) academic achievement, as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

''(bb) high school graduation rates, including—

''(AA) the four-year adjusted cohort graduation rate; and

''(BB) at the State's discretion, the extended-year adjusted cohort graduation rate, except that the State shall set a more rigorous long-term goal for such graduation rate, as compared to the long-term goal set for the four-year adjusted cohort graduation rate;

''(II) for which the term set by the State for such goals is the same multi-year length of time for all students and for each subgroup of students in the State; and

''(III) that, for subgroups of students who are behind on the measures described in items (aa) and (bb) of subclause (I), take into account the improvement necessary on such measures to make significant progress in closing statewide proficiency and graduation rate gaps; and

''(ii) for English learners, for increases in the percentage of such students making progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline.

''(B) INDICATORS.—Except for the indicator described in clause (iv), annually measure, for all students and separately for each subgroup of students, the following indicators:

''(i) For all public schools in the State, based on the long-term goals established under subparagraph (A), academic achievement—

''(I) as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

''(II) at the State's discretion, for each public high school in the State, student growth, as measured by such annual assessments.

''(ii) For public elementary schools and secondary schools that are not high schools in the State—

''(I) a measure of student growth, if determined appropriate by the State; or

''(II) another valid and reliable statewide academic indicator that allows for meaningful differentiation in school performance.

''(iii) For public high schools in the State, and based on State-designed long term goals established under subparagraph (A)—

''(I) the four-year adjusted cohort graduation rate; and

''(II) at the State's discretion, the extended-year adjusted cohort graduation rate.

''(iv) For public schools in the State, progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline for all English learners—

''(I) in each of the grades 3 through 8; and

''(II) in the grade for which such English learners are otherwise assessed under subsection (b)(2)(B)(v)(I) during the grade 9 through grade 12 period, with such progress being measured against the results of the assessments described in subsection (b)(2)(G) taken in the previous grade.

''(v)(I) For all public schools in the State, not less than one indicator of school quality or student success that—

''(aa) allows for meaningful differentiation in school performance;

''(bb) is valid, reliable, comparable, and statewide (with the same indicator or indicators used for each grade span, as such term is determined by the State); and

''(cc) may include one or more of the measures described in subclause (II).

''(II) For purposes of subclause (I), the State may include measures of—

''(III) student engagement;

''(IV) educator engagement;

''(V) student access to and completion of advanced coursework;

''(VI) postsecondary readiness;

''(VII) school climate and safety; and

''(VIII) any other indicator the State chooses that meets the requirements of this clause.

''(C) ANNUAL MEANINGFUL DIFFERENTIATION.—Establish a system of meaningfully differentiating, on an annual basis, all public schools in the State, which shall—

''(i) be based on all indicators in the State's accountability system under subparagraph (B), for all students and for each of subgroup of students, consistent with the requirements of such subparagraph;

''(ii) with respect to the indicators described in clauses (i) through (iv) of subparagraph (B) afford—

''(I) substantial weight to each such indicator; and

''(II) in the aggregate, much greater weight than is afforded to the indicator or indicators utilized by the State and described in subparagraph (B)(v), in the aggregate; and

''(iii) include differentiation of any such school in which any subgroup of students is consistently underperforming, as determined by the State, based on all indicators under subparagraph (B) and the system established under this subparagraph.

''(D) IDENTIFICATION OF SCHOOLS.—Based on the system of meaningful differentiation described in subparagraph (C), establish a State-determined methodology to identify—

''(i) beginning with school year 2017–2018, and at least once every three school years thereafter, one statewide category of schools for comprehensive support and improvement, as described in subsection (d)(1), which shall include—

''(I) not less than the lowest-performing 5 percent of all schools receiving funds under this part in the State;

''(II) all public high schools in the State failing to graduate one third or more of their students; and

''(III) public schools in the State described under subsection (d)(3)(A)(i)(II); and

''(ii) at the discretion of the State, additional statewide categories of schools.

''(E) ANNUAL MEASUREMENT OF ACHIEVEMENT.—(i) Annually measure the achievement of not less than 95 percent of all students, and 95 percent of all students in each subgroup of students, who are enrolled in public schools on the assessments described under subsection (b)(2)(v)(I).

''(ii) For the purpose of measuring, calculating, and reporting on the indicator described in subparagraph (B)(i), include in the denominator the greater of—

''(I) 95 percent of all such students, or 95 percent of all such students in the subgroup, as the case may be; or

''(II) the number of students participating in the assessments.

''(iii) Provide a clear and understandable explanation of how the State will factor the requirement of clause (i) of this subparagraph into the statewide accountability system.

''(F) PARTIAL ATTENDANCE.—(i) In the case of a student who has not attended the same school within a local educational agency for at least half of a school year, the performance of such student on the indicators described in clauses (i), (ii), (iv), and (v) of subparagraph (B)—

''(I) may not be used in the system of meaningful differentiation of all public schools as described in subparagraph (C) for such school year; and

''(II) shall be used for the purpose of reporting on the State and local educational agency report cards under subsection (h) for such school year.

''(ii) In the case of a high school student who has not attended the same school within a local educational agency for at least half of a school year and has exited high school without a regular high school diploma and without transferring to another high school that grants a regular high school diploma during such school year, the local educational agency shall, in order to calculate the graduation rate pursuant to subparagraph (B)(iii), assign such student to the high school—

''(I) at which such student was enrolled for the greatest proportion of school days while enrolled in grades 9 through 12; or

''(II) in which the student was most recently enrolled.

''(5) ACCOUNTABILITY FOR CHARTER SCHOOLS.—The accountability provisions under this Act shall be overseen for charter schools in accordance with State charter school law.

''(d) SCHOOL SUPPORT AND IMPROVEMENT ACTIVITIES.—

''(1) COMPREHENSIVE SUPPORT AND IMPROVEMENT.—

''(A) IN GENERAL.—Each State educational agency receiving funds under this part shall notify each local educational agency in the State of any school served by the local educational agency that is identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

''(B) LOCAL EDUCATIONAL AGENCY ACTION.—Upon receiving such information from the State, the local educational agency shall, for each school identified by the State and in partnership with stakeholders (including principals and other school leaders, teachers, and parents), locally develop and implement a comprehensive support and improvement plan for the school to improve student outcomes, that—

''(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against State-determined long-term goals;

''(ii) includes evidence-based interventions;

''(iii) is based on a school-level needs assessment;

''(iv) identifies resource inequities, which may include a review of local educational agency and school-level budgeting, to be addressed through implementation of such comprehensive support and improvement plan;

''(v) is approved by the school, local educational agency, and State educational agency; and

''(vi) upon approval and implementation, is monitored and periodically reviewed by the State educational agency.

''(C) STATE EDUCATIONAL AGENCY DISCRETION.—With respect to any high school in the State identified under subsection (c)(4)(D)(i)(II), the State educational agency may—

''(i) permit differentiated improvement activities that utilize evidence-based interventions in the case of such a school that predominantly serves students—

''(I) returning to education after having exited secondary school without a regular high school diploma; or

''(II) who, based on their grade or age, are significantly off track to accumulate sufficient academic credits to meet high school graduation requirements, as established by the State; and

''(ii) in the case of such a school that has a total enrollment of less than 100 students, permit the local educational agency to forego implementation of improvement activities required under this paragraph.

''(D) PUBLIC SCHOOL CHOICE.—

''(i) IN GENERAL.—A local educational agency may provide all students enrolled in a school identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) with the option to transfer to another public school served by the local educational agency, unless such an option is prohibited by State law.

''(ii) PRIORITY.—In providing students the option to transfer to another public school, the local educational agency shall give priority to the lowest-achieving children from low-income families, as determined by the local educational agency for the purposes of allocating funds to schools under section 1113(a)(3).

''(iii) TREATMENT.—A student who uses the option to transfer to another public school shall be enrolled in classes and other activities in the public school to which the student transfers in the same manner as all other students at the public school.

''(iv) SPECIAL RULE.—A local educational agency shall permit a student who transfers to another public school under this paragraph to remain in that school until the student has completed the highest grade in that school.

''(v) FUNDING FOR TRANSPORTATION.—A local educational agency may spend an amount equal to not more than 5 percent of its allocation under subpart 2 of this part to pay for the provision of transportation for students who transfer under this paragraph to the public schools to which the students transfer.

''(2) TARGETED SUPPORT AND IMPROVEMENT.—

''(A) IN GENERAL.—Each State educational agency receiving funds under this part shall, using the meaningful differentiation of schools described in subsection (c)(4)(C)—

''(i) notify each local educational agency in the State of any school served by the local educational agency in which any subgroup of students is consistently underperforming, as described in subsection (c)(4)(C)(iii); and

''(ii) ensure such local educational agency provides notification to such school with respect to which subgroup or subgroups of students in such school are consistently underperforming as described in subsection (c)(4)(C)(iii).

''(B) TARGETED SUPPORT AND IMPROVEMENT PLAN.—Each school receiving a notification described in this paragraph, in partnership with stakeholders (including principals and other school leaders, teachers and parents), shall develop and implement a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system established under subsection (c)(4), for each subgroup of students that was the subject of notification that—

''(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against long-term goals;

''(ii) includes evidence-based interventions;

''(iii) is approved by the local educational agency prior to implementation of such plan;

''(iv) is monitored, upon submission and implementation, by the local educational agency; and

''(v) results in additional action following unsuccessful implementation of such plan after a number of years determined by the local educational agency.

''(C) ADDITIONAL TARGETED SUPPORT.—A plan described in subparagraph (B) that is developed and implemented in any school receiving a notification under this paragraph from the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D) shall also identify resource inequities (which may include a review of local educational agency and school level budgeting), to be addressed through implementation of such plan.

''(D) SPECIAL RULE.—The State educational agency, based on the State's differentiation of schools under subsection (c)(4)(C) for school year 2017–2018, shall notify local educational agencies of any schools served by the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D), after which notification of such schools under this paragraph shall result from differentiation of schools pursuant to subsection (c)(4)(C)(iii).

''(3) CONTINUED SUPPORT FOR SCHOOL AND LOCAL EDUCATIONAL AGENCY IMPROVEMENT.—To ensure continued progress to improve student academic achievement and school success in the State, the State educational agency—

''(A) shall—

''(i) establish statewide exit criteria for—

''(I) schools identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i), which, if not satisfied within a State-determined number of years (not to exceed four years), shall result in more rigorous State-determined action, such as the implementation of interventions (which may include addressing school-level operations); and

''(II) schools described in paragraph (2)(C), which, if not satisfied within a State-determined number of years, shall, in the case of such schools receiving assistance under this part, result in identification of the school by the State for comprehensive support and improvement under subsection (c)(4)(D)(i)(III);

''(ii) periodically review resource allocation to support school improvement in each local educational agency in the State serving—

''(I) a significant number of schools identified for comprehensive support and improvement under subsection (c)(4)(D)(i); and

''(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

''(iii) provide technical assistance to each local educational agency in the State serving a significant number of—

''(I) schools implementing comprehensive support and improvement plans under paragraph (1); or

''(II) schools implementing targeted support and improvement plans under paragraph (2); and

''(B) may—

''(i) take action to initiate additional improvement in any local educational agency with—

''(I) a significant number of schools that are consistently identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) and not meeting exit criteria established by the State under subparagraph (A)(i)(I); or

''(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

''(ii) consistent with State law, establish alternative evidence-based State determined strategies that can be used by local educational agencies to assist a school identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

''(4) RULE OF CONSTRUCTION FOR COLLECTIVE BARGAINING.—Nothing in this subsection shall be construed to alter or otherwise affect the rights, remedies, and procedures afforded to school or local educational agency employees under Federal, State, or local laws (including applicable regulations or court orders) or under the terms of collective bargaining agreements, memoranda of understanding, or other agreements between such employers and their employees.

''(e) PROHIBITION.—

''(1) IN GENERAL.—Nothing in this Act shall be construed to authorize or permit the Secretary—

''(A) when promulgating any rule or regulation, to promulgate any rule or regulation on the development or implementation of the statewide accountability system established under this section that would—

''(i) add new requirements that are inconsistent with or outside the scope of this part;

''(ii) add new criteria that are inconsistent with or outside the scope of this part; or

''(iii) be in excess of statutory authority granted to the Secretary;

''(B) as a condition of approval of the State plan, or revisions or amendments to, the State plan, or approval of a waiver request submitted under section 8401, to—

''(ii) require a State to add or delete one or more specific elements of the challenging State academic standards; or

''(iii) prescribe—

''(I) numeric long-term goals or measurements of interim progress that States establish for all students, for any subgroups of students, and for English learners with respect to English language proficiency, under this part, including—

''(aa) the length of terms set by States in designing such goals; or

''(bb) the progress expected from any subgroups of students in meeting such goals;

''(II) specific academic assessments or assessment items that States or local educational agencies use to meet the requirements of subsection (b)(2) or otherwise use to measure student academic achievement or student growth under this part;

''(C) to issue new non-regulatory guidance that—

''(i) in seeking to provide explanation of requirements under this section for State or local educational agencies, either in response to requests for information or in anticipation of such requests, provides a strictly limited or exhaustive list to illustrate successful implementation of provisions under this section; or

''(ii) purports to be legally binding; or

''(D) to require data collection under this part beyond data derived from existing Federal, State, and local reporting requirements.

''(2) DEFINING TERMS.—In carrying out this part, the Secretary shall not, through regulation or as a condition of approval of the State plan or revisions or amendments to the State plan, promulgate a definition of any term used in this part, or otherwise prescribe any specification for any such term, that is inconsistent with or outside the scope of this part or is in violation of paragraph (1).

''(f) EXISTING STATE LAW.—Nothing in this section shall be construed to alter any State law or regulation granting parents authority over schools that repeatedly failed to make adequate yearly progress under this part, as in effect on the day before the date of the enactment of the Every Student Succeeds Act.

*''(II) ENROLLMENT OF 100 OR FEWER CHILDREN.—For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.75.*

*''(III) ENROLLMENT OF MORE THAN 100 CHILDREN BUT LESS THAN 1000.—For a local educational agency that is not described under subparagraph (B)(i)(I) and has an enrollment of more than 100 but not more than 1,000 children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.25.*

*''(D) MAXIMUM AMOUNT FOR LARGE HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES.—*

*''(i) IN GENERAL.—*

*''(I) FORMULA.—Subject to clause (ii), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).*

*''(II) HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCY.—A heavily impacted local educational agency described in this subclause is a local educational agency that has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are children described in subsection (a)(1) and not less than 5,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1).*

*''(F) DETERMINATION OF AVERAGE TAX RATES FOR GENERAL FUND PURPOSES.—*

*''(i) IN GENERAL.—Except as provided in clause (ii), for the purpose of determining the average tax rates for general fund purposes for local educational agencies in a State under this paragraph, the Secretary shall use either—*

*''(I) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or*

*''(II) the average tax rate of all the local educational agencies in the State.*

*''(ii) FISCAL YEARS 2010–2015.—*

*''(I) IN GENERAL.—For fiscal years 2010 through 2015, any local educational agency that was found ineligible to receive a payment under subparagraph (A) because the Secretary determined that it failed to meet the average tax rate requirement for general fund purposes in subparagraph (B)(i)(II)(cc), shall be considered to have met that requirement, if its State determined, through an alternate calculation of average tax rates for general fund purposes, that such local educational agency met that requirement.*

*''(II) SUBSEQUENT FISCAL YEARS AFTER 2015.—For any succeeding fiscal year after 2015, any local educational agency identified in subclause (I) may continue to have its State use that alternate methodology to calculate whether the average tax rate requirement for general fund purposes under subparagraph (B)(i)(II)(cc) is met.*

*''(III) AVAILABILITY OF FUNDS.—Notwithstanding any other provision of law limiting the period during which the Secretary may obligate funds appropriated for any fiscal year after 2012, the Secretary shall reserve a total of $14,000,000 from funds that remain unobligated under this section from fiscal years 2015 or 2016 in order to make payments under this clause for fiscal years 2011 through 2014.*

*''(G) ELIGIBILITY FOR HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES AFFECTED BY PRIVATIZATION OF MILITARY HOUSING.—*

*''(i) ELIGIBILITY.—For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B) due to the conversion of military housing units to private housing described in clause (iii), or as the direct result of base realignment and closure or modularization as determined by the Secretary of Defense and force structure change or force relocation, shall be deemed to meet the eligibility requirements under subparagraph (B) for the period during which the housing units are undergoing such conversion or during such time as activities associated with base closure and realignment, modularization, force structure change, or force relocation are ongoing.*

*''(ii) AMOUNT OF PAYMENT.—The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (C) or (D), as the case may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (C) or (D) under which the agency was paid during the prior fiscal year.*

*''(iii) CONVERSION OF MILITARY HOUSING UNITS TO PRIVATE HOUSING DESCRIBED.—For purposes of clause (i), 'conversion of military housing units to private housing' means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10, United States Code, or pursuant to any other related provision of law.'';*

*''(i) a percentage, the denominator of which is the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for all local educational agencies and the amount of the threshold payment (as calculated under subparagraphs (B) and (C)) of all local educational agencies, and the numerator of which is the aggregate of the excess sums, by*

*''(E) INSUFFICIENT PAYMENTS.—For each fiscal year described in subparagraph (A) for which the sums appropriated are insufficient to pay each local educational agency all of the local educational agency's threshold payment described in subparagraph (B), the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.*

*''(F) INCREASES.—*

*''(i) INCREASES BASED ON INSUFFICIENT FUNDS.—If additional funds become available under 7014(b) for making payments under paragraphs (1) and (2) and those funds are not sufficient to increase each local educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), payments that were reduced under subparagraph (E) shall be increased by the Secretary on the same basis as such payments were reduced.*

*''(ii) INCREASES BASED ON SUFFICIENT FUNDS.—If additional funds become available under section 7014(b) for making payments under paragraphs (1) and (2) and those funds are sufficient to increase each local educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), the payment for each local educational agency shall be 100 percent of its threshold payment. The Secretary shall then distribute the excess sums to each eligible local educational agency in accordance with subparagraph (D).*

**PART B—MISCELLANEOUS; OTHER LAWS**

**SEC. 9201. FINDINGS AND SENSE OF CONGRESS ON SEXUAL MISCONDUCT.**

(a) FINDINGS.—Congress finds the following:

(1) There are significant anecdotal reports that some schools and local educational agencies have failed to properly report allegations of sexual misconduct by employees, contractors, or agents.

(2) Instead of reporting alleged sexual misconduct to the appropriate authorities, such as the police or child welfare services, reports suggest that some schools or local educational agencies have kept information on allegations of sexual misconduct private or have entered into confidentiality agreements with the suspected employee, contractor, or agent who agrees to terminate employment with or discontinue work for the school or local educational agency.

(3) The practice of withholding information on allegations of sexual misconduct can facili-

*tate the exposure of other students in other jurisdictions to sexual misconduct.*

*(b) SENSE OF CONGRESS.—It is the sense of Congress that—*

*(1) confidentiality agreements between local educational agencies or schools and child predators should be prohibited;*

*(2) local educational agencies or schools should not facilitate the transfer of child predators to other local educational agencies or schools; and*

*(3) States should require local educational agencies and schools to report any and all information regarding allegations of sexual misconduct to law enforcement and other appropriate authorities.*

***SEC. 9202. SENSE OF CONGRESS ON FIRST AMENDMENT RIGHTS.***

*It is the sense of Congress that a student, teacher, school administrator, or other school employee of an elementary school or secondary school retains the individual's rights under the First Amendment to the Constitution of the United States during the school day or while on the grounds of an elementary school or secondary school.*

***SEC. 9203. PREVENTING IMPROPER USE OF TAXPAYER FUNDS.***

*To address the misuse of taxpayer funds, the Secretary of Education shall—*

*(1) require that each recipient of a grant or subgrant under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.) display, in a public place, the hotline contact information of the Office of Inspector General of the Department of Education so that any individual who observes, detects, or suspects improper use of taxpayer funds can easily report such improper use;*

*(2) annually notify employees of the Department of Education of their responsibility to report fraud; and*

*(3) require any applicant—*

*(A) for a grant under such Act to provide an assurance to the Secretary that any information submitted when applying for such grant and responding to monitoring and compliance reviews is truthful and accurate; and*

*(B) for a subgrant under such Act to provide the assurance described in subparagraph (A) to the entity awarding the subgrant.*

***SEC. 9204. ACCOUNTABILITY TO TAXPAYERS THROUGH MONITORING AND OVERSIGHT.***

*To improve monitoring and oversight of taxpayer funds authorized for appropriation under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.), and to deter and prohibit waste, fraud, and abuse with respect to such funds, the Secretary of Education shall—*

*(1) notify each recipient of a grant under such Act (and, if applicable, require the grantee to inform each subgrantee) of its responsibility to—*

*(A) comply with all monitoring requirements under the applicable program or programs; and*

*(B) monitor properly any subgrantee under the applicable program or programs;*

*(2) review and analyze the results of monitoring and compliance reviews—*

*(A) to understand trends and identify common issues; and*

*(B) to issue guidance to help grantees address such issues before the loss or misuse of taxpayer funding occurs;*

*(3) publicly report the work undertaken by the Secretary to prevent fraud, waste, and abuse with respect to such taxpayer funds; and*

*(4) work with the Office of Inspector General of the Department of Education, as needed, to help ensure that employees of the Department understand how to adequately monitor grantees and to help grantees adequately monitor any subgrantees.*

*(b) CONTENTS.—The report under subsection (a) shall include—*

*(1) a general review of the work of the Department of Education to implement or address findings contained in reports from the Office of Inspector General of the Department of Education to improve monitoring and oversight of Federal programs, including—*

*(A) the March 9, 2010, final management information report of the Office of Inspector General of the Department of Education addressing oversight by local educational agencies and authorized public chartering agencies; and*

***SEC. 9206. POSTHUMOUS PARDON.***

*(a) FINDINGS.—Congress finds the following:*

*(1) John Arthur ''Jack'' Johnson was a flamboyant, defiant, and controversial figure in the history of the United States who challenged racial biases.*

*(2) Jack Johnson was born in Galveston, Texas, in 1878 to parents who were former slaves.*

*(3) Jack Johnson became a professional boxer and traveled throughout the United States, fighting White and African-American heavyweights.*

*(4) After being denied (on purely racial grounds) the opportunity to fight 2 White champions, in 1908, Jack Johnson was granted an opportunity by an Australian promoter to fight the reigning White title-holder, Tommy Burns.*

*(5) Jack Johnson defeated Tommy Burns to become the first African-American to hold the title of Heavyweight Champion of the World.*

*(6) The victory by Jack Johnson over Tommy Burns prompted a search for a White boxer who could beat Jack Johnson, a recruitment effort that was dubbed the search for the ''great white hope''.*

*(7) In 1910, a White former champion named Jim Jeffries left retirement to fight Jack Johnson in Reno, Nevada.*

*(8) Jim Jeffries lost to Jack Johnson in what was deemed the ''Battle of the Century''.*

*(9) The defeat of Jim Jeffries by Jack Johnson led to rioting, aggression against African-Americans, and the racially-motivated murder of African-Americans throughout the United States.*

*(10) The relationships of Jack Johnson with White women compounded the resentment felt toward him by many Whites.*

*(11) Between 1901 and 1910, 754 African-Americans were lynched, some simply for being ''too familiar'' with White women.*

*(12) In 1910, Congress passed the Act of June 25, 1910 (commonly known as the ''White Slave Traffic Act'' or the ''Mann Act'') (18 U.S.C. 2421 et seq.), which outlawed the transportation of women in interstate or foreign commerce ''for the purpose of prostitution or debauchery, or for any other immoral purpose''.*

*(13) In October 1912, Jack Johnson became involved with a White woman whose mother disapproved of their relationship and sought action from the Department of Justice, claiming that Jack Johnson had abducted her daughter.*

*(14) Jack Johnson was arrested by Federal marshals on October 18, 1912, for transporting the woman across State lines for an ''immoral purpose'' in violation of the Mann Act.*

*(15) The Mann Act charges against Jack Johnson were dropped when the woman refused to cooperate with Federal authorities, and then married Jack Johnson.*

*(16) Federal authorities persisted and summoned a White woman named Belle Schreiber, who testified that Jack Johnson had transported her across State lines for the purpose of ''prostitution and debauchery''.*

*(17) In 1913, Jack Johnson was convicted of violating the Mann Act and sentenced to 1 year and 1 day in Federal prison.*

*(18) Jack Johnson fled the United States to Canada and various European and South American countries.*

*(19) Jack Johnson lost the Heavyweight Championship title to Jess Willard in Cuba in 1915.*

*(20) Jack Johnson returned to the United States in July 1920, surrendered to authorities, and served nearly a year in the Federal penitentiary in Leavenworth, Kansas.*

*(21) Jack Johnson subsequently fought in boxing matches, but never regained the Heavyweight Championship title.*

*(22) Jack Johnson served the United States during World War II by encouraging citizens to buy war bonds and participating in exhibition boxing matches to promote the war bond cause.*

*(23) Jack Johnson died in an automobile accident in 1946.*

*(24) In 1954, Jack Johnson was inducted into the Boxing Hall of Fame.*

*(25) Senate Concurrent Resolution 29, 111th Congress, agreed to July 29, 2009, expressed the sense of the 111th Congress that Jack Johnson should receive a posthumous pardon for his racially-motivated 1913 conviction.*

*(b) RECOMMENDATIONS.—It remains the sense of Congress that Jack Johnson should receive a posthumous pardon—*

*(1) to expunge a racially-motivated abuse of the prosecutorial authority of the Federal Government from the annals of criminal justice in the United States; and*

*(2) in recognition of the athletic and cultural contributions of Jack Johnson to society.*
