Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for site acquisition and related site work, design and construction of a new U.S. Courthouse of approximately 255,000 gross square feet, including approximately 50 inside parking spaces, in Fort Lauderdale, Florida at a site cost of \$15,675,000, a design cost of \$12,670,000, an estimated construction cost of \$152,365,000, and a management and inspection cost of \$9,290,000 for a total estimated project cost of \$190,000,000, for which a prospectus is attached to and included in this resolution.

FY 2018 Project Summary

The General Services Administration (GSA) proposes construction of a new U.S. Courthouse of approximately 255,000 gross square feet (GSF), including 50 inside parking spaces, in Fort Lauderdale, FL. The courthouse will meet the 10-year space needs of the courts and court-related agencies, and the site will accommodate the expansion of the building to meet the anticipated 30-year needs of the courts.

Overview of Project

The courts and related agencies currently occupy space in the existing Federal Building and U.S. Courthouse in downtown Fort Lauderdale. The new courthouse will provide 12 courtrooms and 17 chambers consistent with the application of courtroom sharing policies and the provision of no space for projected judgeships. The site for the new courthouse is still to be determined and may need to be acquired by the Government.

Justification

The existing Federal Building and U.S. Courthouse, constructed in 1979, does not meet the United States Courts Design Guide standards and lacks adequate security to meet the standards for Facility Security Level 4 as defined by the Interagency Security Committee. The existing building configuration does not allow for distinct separation between restricted, secured, and public areas. There are also significant infrastructure issues, including ongoing water intrusion that allows water to enter tenant spaces, and failing storm drains and flashing systems.

The new courthouse will meet the long-term needs of the courts and provide separate circulation for the public, judges, and prisoners, thereby improving security and the efficiency of court operations.

Design Guide Exception

² GSA requests approval for an estimated total project cost. The subtotals comprising the estimated project budget are intended to provide a breakdown in support of the ETPC. The actual breakdown of the various subcomponents may differ from what is represented in this prospectus.

The following exception to the U.S. Courts Design Guide was approved by the Eleventh Circuit Judicial Council in 2015. The Judicial Conference of the United States approved this request on September 13, 2018.

- ☐ Special Proceedings Courtroom in lieu of a standard District Courtroom (additional 1,350 gross square feet) with costs for this exception at approximately \$790,000. The Judicial Conference determined that Fort Lauderdale merits a special proceedings courtroom due to complexity of caseload, especially as to multi-defendant cases.

Future of Existing Federal Building³

GSA plans to transfer the existing Fort Lauderdale Federal Building and U.S. Courthouse out of the federally owned inventory upon or soon after occupancy of the new courthouse. GSA intends to proceed with established disposal processes to transfer the property, since renovation and backfill by the Government is not cost-effective. Agencies currently located in the existing building that are not planned to move into the new courthouse will be relocated to commercial leased space in the surrounding area.

The General Services Administration (GSA) proposes an outpatient clinic lease of approximately 99,986 net usable square feet (NUSF) for the U.S. Department of Veterans Affairs (VA), currently located in a separate outpatient facility in San Diego, California.

The lease will provide continued services for the San Diego veterans community, and provide the necessary expansion services to meet current and projected health care service delivery gaps in the market.

Justification

A new 99,986 NUSF lease in San Diego will replace the existing 43,473 NUSF Mission Valley Clinic.

The current space in this facility is insufficient to meet VA's needs. The new lease will allow VA to expand its current primary care, mental health, specialty care, and ancillary services to veterans in a right-sized, state-of-the-art, energy-efficient healthcare facility.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

¹ This estimate is for fiscal year 2018 and may be escalated by 2.0 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is unserviced and excludes all operating expenses, real estate taxes, insurance, and management and maintenance reserve costs, whether paid by the lessor or directly by the Government.

² New leases may contain an escalation clause to provide for annual changes in real estate taxes and operating costs.

FY 2018 Project Summary

The General Services Administration (GSA) proposes design and construction of a new U.S. Courthouse of approximately 123,100 gross square feet, including 26 parking spaces, in Huntsville, AL. The site for the new courthouse is envisioned to be provided to GSA via a donation from the City of Huntsville. The courthouse will meet the 10-year space needs of the Court and court-related agencies and the site can accommodate the anticipated 30-year needs of the Court. Part I of the Federal Judiciary's Courthouse Project Priorities list (approved by the Judicial Conference of the United States on September 12, 2017) includes a courthouse project in Huntsville, AL.

FY 2018 Funding (PL 115-141, March 23, 2018)

(Design, Construction, Management & Inspection) \$110,000,000¹

Overview of Project

The courts and related agencies currently occupy space in the U.S. Courthouse and Post Office in Huntsville, AL, and leased space in Decatur, AL. The new courthouse will provide five courtrooms and six chambers consistent with the application of courtroom sharing policies and the provision of not providing space for projected judgeships. One District judge will move from Birmingham, AL, upon completion of the new courthouse in Huntsville. The Bankruptcy Court will vacate the leased location in Decatur and move to the new courthouse to co-locate with the District Court in the new building.

¹ The FY 2018 Public Law included \$110,000,000 for courthouse construction in Huntsville, AL, as requested by the Judiciary in the CPP which was based on site acquisition, new construction, and renovation of the existing facility. Due to changes in the program since that time, the project being proposed is for construction of a new courthouse at an estimated total project cost of \$86,463,000. GSA plans to utilize funds remaining from the courthouse appropriation to renovate and backfill the existing building. GSA will make a future request for prospectus approval for renovation of the existing building and a future transfer request from new construction to repair and alteration.

Justification

The existing Huntsville Post Office and U.S. Courthouse, constructed in 1936, does not meet the United States Courts Design Guide Standards and lacks adequate security as defined in the Interagency Security Committee Facility Security Level 4. The existing building configuration does not allow for distinct separation between restricted, secured and public areas.

The site to be donated by the City of Huntsville is located at the northwest corner of Gallatin Street and Lowe Avenue. Federal development on this site offers compatibility with the city's Master Plan. The new courthouse will allow for co-location of court operations, separate circulation for the public, judges, and prisoners, thereby improving security as well as efficiency of court operations. Relocation of agencies from leased space in Decatur into the new courthouse in Huntsville will avoid approximately \$508,000 per year in private sector lease costs.

FY 2019 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project to address seismic deficiencies; undertake targeted building systems modernizations; and reconfigure, alter, and backfill vacant space at the Frank E. Moss U. S. Courthouse (Moss Courthouse) located at 350 South Main Street in Salt Lake City, Utah. GSA's *Seismic Rating System Report*, released on March 31, 2016, lists the Moss Courthouse as having one of the highest seismic risk ratings in the GSA portfolio. Once renovated, relocation of agencies currently in leased space into the Moss Courthouse will provide an annual lease cost avoidance of approximately \$4,400,000 and an annual agency rent savings of approximately \$2,400,000.

Project Background

As part of its Fiscal Year (FY) 2014 Capital Investment and Leasing Program, GSA requested \$15,000,000 for the reconfiguration and alteration of existing space at the Moss Courthouse. The Consolidated Appropriations Act, 2014 (Public Law 113-76), appropriated a lump sum of \$593,288,000 for Major Repairs and Alterations and, as part of GSA's FY 2014 Major Repairs and Alterations Expenditure Plan, GSA allocated \$15,000,000 for the Moss Courthouse project. Upon re-evaluation of the building's repair and alteration needs, including the identification of significant seismic deficiencies, GSA, in collaboration with planned backfill tenants, decided to halt the FY 2014 project. This prospectus request reflects and is seeking approval of a more comprehensive project scope. The appropriation needed in support of this request has been reduced by the balance of funds remaining from the FY 2014 allocation.

¹ A portion of the FY 2014 funds was expended on project development prior to the cessation of the project. The \$13,247,000 remaining will be used for this project, thereby lowering the overall appropriation request in this prospectus.

Originally constructed in three distinct phases in 1905, 1912, and 1932, the building served as a United States Post Office and Courthouse and contains 229,807 gross square feet. The building has five stories above grade, with an elevator/mechanical penthouse and full basement below grade. The building is listed in the National Register of Historic Places as a contributing building and as the oldest structure in the Exchange Place Historic District. In 2014, the new U.S. Courthouse Annex was completed next to the Moss Courthouse, and the two buildings became physically connected through underground access tunnels, a shared loading dock, and a shared chilling system.

Proposed Project

The proposed project will address seismic deficiencies by utilizing shear walls and seismic bracing. Justification

Investment in the Moss Courthouse is needed to keep this historic building in the Federal inventory, comply with Executive Order 13717 (*Establishing a Federal Earthquake Risk Management Standard*), and protect building occupants and visitors by meeting current safety codes.

GSA's *Seismic Rating System Report*, released on March 31, 2016, lists the Moss Courthouse as having one of the highest seismic risk ratings in the GSA portfolio. The Moss Courthouse was determined to be a long-term seismic risk that requires a seismic mitigation plan to reduce the risk. To address this risk and comply with Executive Order 13717, this project adopts the *Standards of Seismic Safety for Existing Federally Owned and Leased Buildings* to meet the minimum level acceptable for managing earthquake risk.

When the U.S. District Court relocated to the new U.S. Courthouse Annex, it vacated approximately 91,000 usable square feet (USF) of the building's 151,000 USF. This project provides for the backfill of the vacant space with agencies located in leased space. GSA currently leases more than half a million USF in the Salt Lake City market. The Moss Courthouse is a desirable location near the light rail and CBD amenities, and provides a level of security that customer agencies require.

The last significant capital investment in the Moss Courthouse was over 24 years ago. The building systems have reached or exceeded their expected useful lives and are becoming more costly to repair. This project continues to leverage co-location of the two buildings by replacing the Moss Courthouse boiler, which is at the end of its useful life, with a new boiler to be located in the new U.S. Courthouse Annex in mechanical space specifically designed to accommodate a new boiler for the Moss Courthouse.

Current building occupants will be housed in temporary swing space outside of the building while construction occurs. The project will be completed while the building is empty to reduce risk, lessen the estimated construction timeline, and decrease estimated construction costs.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

Prior Appropriations

GSA received lump-sum funding in FY 2014 for Major Repairs and Alterations and allocated \$15,000,000 for a Moss Courthouse project, as described in greater detail in the Project Background section of this prospectus. A portion of the FY 2014 funds were expended on project development, but the remaining \$13,247,000 will be applied to this newly scoped project.

Although alteration is slightly more expensive than the new construction alternative, alteration is the preferred alternative. The Moss Courthouse is adjacent to and shares critical building systems with the U.S. Courthouse Annex and is of historical significance.

The General Services Administration (GSA) proposes construction of a new U.S. Courthouse of approximately 255,000 gross square feet (GSF), including 50 inside parking spaces, in Fort Lauderdale, FL. The courthouse will meet the 10-year space needs of the courts and court-related agencies, and the site will accommodate the expansion of the building to meet the anticipated 30-year needs of the courts.

Overview of Project

The courts and related agencies currently occupy space in the existing Federal Building and U.S. Courthouse in downtown Fort Lauderdale. The new courthouse will provide 12 courtrooms and 17 chambers consistent with the application of courtroom sharing policies and the provision of no space for projected judgeships. The site for the new courthouse is still to be determined and may need to be acquired by the Government.

Justification

The existing Federal Building and U.S. Courthouse, constructed in 1979, does not meet the United States Courts Design Guide standards and lacks adequate security to meet the standards for Facility Security Level 4 as defined by the Interagency Security Committee. The existing building configuration does not allow for distinct separation between restricted, secured, and public areas. There are also significant infrastructure issues, including ongoing water intrusion that allows water to enter tenant spaces, and failing storm drains and flashing systems.

The new courthouse will meet the long-term needs of the courts and provide separate circulation for the public, judges, and prisoners, thereby improving security and the efficiency of court operations.

The following exception to the U.S. Courts Design Guide was approved by the Eleventh Circuit Judicial Council in 2015. The Judicial Conference of the United States approved this request on September 13, 2018.

- ☐ Special Proceedings Courtroom in lieu of a standard District Courtroom (additional 1,350 gross square feet) with costs for this exception at approximately \$790,000. The Judicial Conference determined that Fort Lauderdale merits a special proceedings courtroom due to complexity of caseload, especially as to multi-defendant cases.

Future of Existing Federal Building³

GSA plans to transfer the existing Fort Lauderdale Federal Building and U.S. Courthouse out of the federally owned inventory upon or soon after occupancy of the new courthouse. GSA intends to proceed with established disposal processes to transfer the property, since renovation and backfill by the Government is not cost-effective. Agencies currently located in the existing building that are not planned to move into the new courthouse will be relocated to commercial leased space in the surrounding area.

This resolution amends the Prospectus No. PCA-01-VA17 approved by the Committee on February 28, 2017.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided, that to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated

area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, that the design of the outpatient clinic shall be consistent with the U.S. Department of Veterans Affairs' Community Based Outpatient Clinic Prototype Proposed Layouts.

Provided further, not later than 30 calendar days after the date on which a request from the Chairman or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease,

to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Justification

A new 99,986 NUSF lease in San Diego will replace the existing 43,473 NUSF Mission Valley Clinic.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

¹ This estimate is for fiscal year 2018 and may be escalated by 2.0 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is unserviced and excludes all operating expenses, real estate taxes, insurance, and management and maintenance reserve costs, whether paid by the lessor or directly by the Government.

FY 2018 Project Summary

The General Services Administration (GSA) proposes design and construction of a new U.S. Courthouse of approximately 123,100 gross square feet, including 26 parking spaces, in Huntsville, AL. The site for the new courthouse is envisioned to be provided to GSA via a donation from the City of Huntsville. The courthouse will meet the 10-year space needs of the Court and court-related agencies and the site can accommodate the anticipated 30-year needs of the Court. Part I of the Federal Judiciary's Courthouse Project Priorities list (approved by the Judicial Conference of the United States on September 12, 2017) includes a courthouse project in Huntsville, AL.

FY 2018 Funding (PL 115-141, March 23, 2018)

(Design, Construction, Management & Inspection) \$110,000,000¹

Overview of Project

The courts and related agencies currently occupy space in the U.S. Courthouse and Post Office in Huntsville, AL, and leased space in Decatur, AL. The new courthouse will provide five courtrooms and six chambers consistent with the application of courtroom sharing policies and the provision of not providing space for projected judgeships. One District judge will move from Birmingham, AL, upon completion of the new courthouse in Huntsville. The Bankruptcy Court will vacate the leased location in Decatur and move to the new courthouse to co-locate with the District Court in the new building.

¹ The FY 2018 Public Law included \$110,000,000 for courthouse construction in Huntsville, AL, as requested by the Judiciary in the CPP which was based on site acquisition, new construction, and renovation of the existing facility. Due to changes in the program since that time, the project being proposed is for construction of a new courthouse at an estimated total project cost of \$86,463,000. GSA plans to utilize funds remaining from the courthouse appropriation to renovate and backfill the existing building. GSA will make a future request for prospectus approval for renovation of the existing building and a future transfer request from new construction to repair and alteration.

Justification

The existing Huntsville Post Office and U.S. Courthouse, constructed in 1936, does not meet the United States Courts Design Guide Standards and lacks adequate security as defined in the Interagency Security Committee Facility Security Level 4. The existing building configuration does not allow for distinct separation between restricted, secured and public areas.

The site to be donated by the City of Huntsville is located at the northwest corner of Gallatin Street and Lowe Avenue. Federal development on this site offers compatibility with the city's Master Plan. The new courthouse will allow for co-location of court operations, separate circulation for the public, judges, and prisoners, thereby improving security as well as efficiency of court operations. Relocation of agencies from leased space in Decatur into the new courthouse in Huntsville will avoid approximately \$508,000 per year in private sector lease costs.

FY 2019 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project to address seismic deficiencies; undertake targeted building systems modernizations; and reconfigure, alter, and backfill vacant space at the Frank E. Moss U. S. Courthouse (Moss Courthouse) located at 350 South Main Street in Salt Lake City, Utah. GSA's *Seismic Rating System Report*, released on March 31, 2016, lists the Moss Courthouse as having one of the highest seismic risk ratings in the GSA portfolio. Once renovated, relocation of agencies currently in leased space into the Moss Courthouse will provide an annual lease cost avoidance of approximately \$4,400,000 and an annual agency rent savings of approximately \$2,400,000.

Project Background

As part of its Fiscal Year (FY) 2014 Capital Investment and Leasing Program, GSA requested \$15,000,000 for the reconfiguration and alteration of existing space at the Moss Courthouse. The Consolidated Appropriations Act, 2014 (Public Law 113-76), appropriated a lump sum of \$593,288,000 for Major Repairs and Alterations and, as part of GSA's FY 2014 Major Repairs and Alterations Expenditure Plan, GSA allocated \$15,000,000 for the Moss Courthouse project. Upon re-evaluation of the building's repair and alteration needs, including the identification of significant seismic deficiencies, GSA, in collaboration with planned backfill tenants, decided to halt the FY 2014 project. This prospectus request reflects and is seeking approval of a more comprehensive project scope. The appropriation needed in support of this request has been reduced by the balance of funds remaining from the FY 2014 allocation.

FY 2019 Committee Approval Requested

(Design, Construction, Management & Inspection)\$116,893,000

FY 2019 Appropriation Requested

(Design, Construction, Management & Inspection) \$103,646,000¹

¹ A portion of the FY 2014 funds was expended on project development prior to the cessation of the project. The \$13,247,000 remaining will be used for this project, thereby lowering the overall appropriation request in this prospectus.

Building

The Moss Courthouse is located in the Exchange Place Historic District of downtown Salt Lake City, Utah. Originally constructed in three distinct phases in 1905, 1912, and 1932, the building served as a United States Post Office and Courthouse and contains 229,807 gross square feet. The building has five stories above grade, with an elevator/mechanical penthouse and full basement below grade. The building is listed in the National Register of Historic Places as a contributing building and as the oldest structure in the Exchange Place Historic District. In 2014, the new U.S. Courthouse Annex was completed next to the Moss Courthouse, and the two buildings became physically connected through underground access tunnels, a shared loading dock, and a shared chilling system.

Proposed Project

The proposed project will address seismic deficiencies by utilizing shear walls and seismic bracing. The project will address structural deficiencies; upgrade mechanical systems; provide new and repaired floor, wall, and ceiling finishes in areas impacted by seismic retrofits; replace fixtures and improve access to comply with Architectural Barriers Act Accessibility Standards (ABBAS); upgrade plumbing; provide a new boiler; upgrade the HVAC system; upgrade elevators; and complete fire and life safety upgrades. Backfill of vacant space provides a long-term housing solution for various tenants in the historic Central Business District (CBD) of Salt Lake City and generates lease cost avoidance. Alterations will be completed while the building is vacant.

Justification

Investment in the Moss Courthouse is needed to keep this historic building in the Federal inventory, comply with Executive Order 13717 (*Establishing a Federal Earthquake Risk Management Standard*), and protect building occupants and visitors by meeting current safety codes.

GSA's *Seismic Rating System Report*, released on March 31, 2016, lists the Moss Courthouse as having one of the highest seismic risk ratings in the GSA portfolio. The Moss Courthouse was determined to be a long-term seismic risk that requires a seismic mitigation plan to reduce the risk. To address this risk and comply with Executive Order 13717, this project adopts the *Standards of Seismic Safety for Existing Federally Owned and Leased Buildings* to meet the minimum level acceptable for managing earthquake risk.

When the U.S. District Court relocated to the new U.S. Courthouse Annex, it vacated approximately 91,000 usable square feet (USF) of the building's 151,000 USF. This project provides for the backfill of the vacant space with agencies located in leased space. GSA currently leases more than half a million USF in the Salt Lake City market. The Moss Courthouse is a desirable location near the light rail and CBD amenities, and provides a level of security that customer agencies require.

The last significant capital investment in the Moss Courthouse was over 24 years ago. The building systems have reached or exceeded their expected useful lives and are becoming more costly to repair. This project continues to leverage co-location of the two buildings by replacing the Moss Courthouse boiler, which is at the end of its useful life, with a new boiler to be located in the new U.S. Courthouse Annex in mechanical space specifically designed to accommodate a new boiler for the Moss Courthouse.

Current building occupants will be housed in temporary swing space outside of the building while construction occurs. The project will be completed while the building is empty to reduce risk, lessen the estimated construction timeline, and decrease estimated construction costs.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

Prior Appropriations

GSA received lump-sum funding in FY 2014 for Major Repairs and Alterations and allocated \$15,000,000 for a Moss Courthouse project, as described in greater detail in the Project Background section of this prospectus. A portion of the FY 2014 funds were expended on project development, but the remaining \$13,247,000 will be applied to this newly scoped project.

The 30-year, present value cost of alteration is \$1,016,000 more than the cost of new construction, with an equivalent annual cost disadvantage of \$50,489. Although alteration is slightly more expensive than the new construction alternative, alteration is the preferred alternative. The Moss Courthouse is adjacent to and shares critical building systems with the U.S. Courthouse Annex and is of historical significance.

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Innovations in Mentoring, Training, and Apprenticeships Act".

SEC. 2. FINDINGS.

Congress finds the following:

(1) *To remain competitive in the global economy, foster greater innovation, and provide a foundation for shared prosperity, the United States needs a workforce with the right mix of skills to meet the diverse needs of the economy.*

(2) *Evidence indicates that the returns on investments in technical skills in the labor market are strong when students successfully complete their education and gain credentials sought by employers.*

(3) *The responsibility for developing and sustaining a skilled technical workforce is fragmented across many groups, including educators, students, workers, employers, Federal, State, and local governments, civic associations, and other stakeholders. Such groups need to be able to coordinate and cooperate successfully with each other.*

(4) *Coordination among students, community colleges, secondary and post-secondary institutions, and employers would improve educational outcomes.*

(5) *Promising experiments currently underway may guide innovation and reform, but scalability of some of those experiments has not yet been tested.*

(6) *Evidence suggests that integration of academic education, technical skills development, and hands-on work experience improves outcomes and return on investment for students in secondary and post-secondary education and for skilled technical workers in different career stages.*

(7) *Outcomes show that mentoring can increase STEM student engagement and the rate of completion of STEM post-secondary degrees.*

SEC. 3. NATIONAL SCIENCE FOUNDATION STEM INNOVATION AND APPRENTICESHIP GRANTS.

The SPEAKER pro tempore, Mr. COLLINS of Georgia, spoke and said:

“Does the gentlewoman from California wish to present argument on the parliamentary question of whether the text presents a question of the privileges of the House?”.

Ms. PELOSI was recognized to speak to the question of the privileges of the House, and said:

“Mr. Speaker, the House and Senate Democrats and Republicans of the Appropriations Committee have worked hard and long to come up with bipartisan legislation to meet the needs of the American people.

“Right now, we are in the midst of Congress delaying. The market is down almost 5 points for this and other reasons. This is not the time for us to shut down the government.

“We have a product developed in a bipartisan way for the reasons described by the Clerk, who read it, and it is privileged because of the time of the year, because of the extent of the concern that the American people have, and because of the harm that will be done to them if the government shuts down. It would be totally irresponsible.

“That is why I consider it a privilege to rise to say: Let’s keep the government open by passing this bipartisan legislation first introduced by Congresswoman LOWEY, our distinguished Democratic leader on the Appropriations Committee.”.

The SPEAKER pro tempore, Mr. COLLINS of Georgia, ruled that the resolution submitted did not present a question of the privileges of the House under rule IX, and said:

“The text presented proposes legislative language to continue funding for certain elements of the U.S. Government. The text, by proposing legislative language unachievable by a simple resolution, does not qualify as a question of the privileges of the House.”.

Ms. PELOSI appealed the ruling of the Chair.

The question being stated,

Will the decision of the Chair stand as the judgment of the House?

Mr. MCCARTHY moved to lay the appeal on the table.

The question being put, viva voce,

Will the House lay on the table the appeal of the ruling of the Chair?

The SPEAKER pro tempore, Mr. COLLINS of Georgia, announced that the ayes had it.

Ms. PELOSI demanded a recorded vote on agreeing to said motion, which demand was supported by one-fifth of a quorum, so a recorded vote was ordered.

The vote was taken by electronic device.

It was decided in the { Ayes 187

“(A) BENEFITS, RIGHTS, OR FEATURES PROVIDED TO CLOSED CLASSES.—A defined benefit plan which provides benefits, rights, or features to a closed class of participants shall not fail to satisfy the requirements of subsection (a)(4) by reason of the composition of such closed class or the benefits, rights, or features provided to such closed class, if—

“(i) for the plan year as of which the class closes and the 2 succeeding plan years, such benefits, rights, and features satisfy the requirements of subsection (a)(4) (without regard to this subparagraph but taking into account the rules of subparagraph (I)),

“(ii) after the date as of which the class was closed, any plan amendment which modifies the closed class or the benefits, rights, and features provided to such closed class does not discriminate significantly in favor of highly compensated employees, and

“(iii) the class was closed before April 5, 2017, or the plan is described in subparagraph (C).

“(B) AGGREGATE TESTING WITH DEFINED CONTRIBUTION PLANS PERMITTED ON A BENEFITS BASIS.—

“(i) IN GENERAL.—For purposes of determining compliance with subsection (a)(4) and section 410(b), a defined benefit plan de-

scribed in clause (iii) may be aggregated and tested on a benefits basis with 1 or more defined contribution plans, including with the portion of 1 or more defined contribution plans which—

“(II) provides annuity contracts described in section 403(b) which are purchased with matching contributions or nonelective contributions, or

“(ii) SPECIAL RULES FOR MATCHING CONTRIBUTIONS.—For purposes of clause (i), if a defined benefit plan is aggregated with a portion of a defined contribution plan providing matching contributions—

“(I) such defined benefit plan must also be aggregated with any portion of such defined contribution plan which provides elective deferrals described in subparagraph (A) or (C) of section 402(g)(3), and

“(II) such matching contributions shall be treated in the same manner as nonelective contributions, including for purposes of applying the rules of subsection (I).

“(I) the plan provides benefits to a closed class of participants,

“(II) for the plan year as of which the class closes and the 2 succeeding plan years, the plan satisfies the requirements of section 410(b) and subsection (a)(4) (without regard to this subparagraph but taking into account the rules of subparagraph (I)),

“(III) after the date as of which the class was closed, any plan amendment which modifies the closed class or the benefits provided to such closed class does not discriminate significantly in favor of highly compensated employees, and

“(IV) the class was closed before April 5, 2017, or the plan is described in subparagraph (C).

“(C) PLANS DESCRIBED.—A plan is described in this subparagraph if, taking into account any predecessor plan—

“(i) such plan has been in effect for at least 5 years as of the date the class is closed, and

“(ii) during the 5-year period preceding the date the class is closed, there has not been a substantial increase in the coverage or value of the benefits, rights, or features described in subparagraph (A) or in the coverage or benefits under the plan described in subparagraph (B)(iii) (whichever is applicable).

“(D) DETERMINATION OF SUBSTANTIAL INCREASE FOR BENEFITS, RIGHTS, AND FEATURES.—In applying subparagraph (C)(ii) for purposes of subparagraph (A)(iii), a plan shall be treated as having had a substantial increase in coverage or value of the benefits, rights, or features described in subparagraph (A) during the applicable 5-year period only if, during such period—

“(i) the number of participants covered by such benefits, rights, or features on the date such period ends is more than 50 percent greater than the number of such participants on the first day of the plan year in which such period began, or

“(ii) such benefits, rights, and features have been modified by 1 or more plan amendments in such a way that, as of the date the class is closed, the value of such benefits, rights, and features to the closed class as a whole is substantially greater than the value as of the first day of such 5-year period, solely as a result of such amendments.

“(E) DETERMINATION OF SUBSTANTIAL INCREASE FOR AGGREGATE TESTING ON BENEFITS BASIS.—In applying subparagraph (C)(ii) for purposes of subparagraph (B)(iii)(IV), a plan shall be treated as having had a substantial

increase in coverage or benefits during the applicable 5-year period only if, during such period—

“(i) the number of participants benefitting under the plan on the date such period ends is more than 50 percent greater than the number of such participants on the first day of the plan year in which such period began, or

“(ii) the average benefit provided to such participants on the date such period ends is more than 50 percent greater than the average benefit provided on the first day of the plan year in which such period began.

“(F) CERTAIN EMPLOYEES DISREGARDED.—For purposes of subparagraphs (D) and (E), any increase in coverage or value or in coverage or benefits, whichever is applicable, which is attributable to such coverage and value or coverage and benefits provided to employees—

“(i) who became participants as a result of a merger, acquisition, or similar event which occurred during the 7-year period preceding the date the class is closed, or

“(ii) who became participants by reason of a merger of the plan with another plan which had been in effect for at least 5 years as of the date of the merger,

shall be disregarded, except that clause (ii) shall apply for purposes of subparagraph (D) only if, under the merger, the benefits, rights, or features under 1 plan are conformed to the benefits, rights, or features of the other plan prospectively.

“(G) RULES RELATING TO AVERAGE BENEFIT.—For purposes of subparagraph (E)—

“(i) the average benefit provided to participants under the plan will be treated as having remained the same between the 2 dates described in subparagraph (E)(ii) if the benefit formula applicable to such participants has not changed between such dates, and

“(ii) if the benefit formula applicable to 1 or more participants under the plan has changed between such 2 dates, then the average benefit under the plan shall be considered to have increased by more than 50 percent only if—

“(I) the total amount determined under section 430(b)(1)(A)(i) for all participants benefitting under the plan for the plan year in which the 5-year period described in subparagraph (E) ends, exceeds

“(II) the total amount determined under section 430(b)(1)(A)(i) for all such participants for such plan year, by using the benefit formula in effect for each such participant for the first plan year in such 5-year period, by more than 50 percent.

In the case of a CSEC plan (as defined in section 414(y)), the normal cost of the plan (as determined under section 433(j)(1)(B)) shall be used in lieu of the amount determined under section 430(b)(1)(A)(i).

“(H) TREATMENT AS SINGLE PLAN.—For purposes of subparagraphs (E) and (G), a plan described in section 413(c) shall be treated as a single plan rather than as separate plans maintained by each employer in the plan.

“(I) SPECIAL RULES.—For purposes of subparagraphs (A)(i) and (B)(iii)(II), the following rules shall apply:

“(i) In applying section 410(b)(6)(C), the closing of the class of participants shall not be treated as a significant change in coverage under section 410(b)(6)(C)(i)(II).

“(ii) 2 or more plans shall not fail to be eligible to be aggregated and treated as a single plan solely by reason of having different plan years.

“(iii) Changes in the employee population shall be disregarded to the extent attributable to individuals who become employees or cease to be employees, after the date the class is closed, by reason of a merger, acquisition, divestiture, or similar event.

“(iv) Aggregation and all other testing methodologies otherwise applicable under subsection (a)(4) and section 410(b) may be taken into account.

The rule of clause (ii) shall also apply for purposes of determining whether plans to which subparagraph (B)(i) applies may be aggregated and treated as 1 plan for purposes of determining whether such plans meet the requirements of subsection (a)(4) and section 410(b).

“(J) SPUN-OFF PLANS.—For purposes of this paragraph, if a portion of a defined benefit plan described in subparagraph (A) or (B)(iii) is spun off to another employer and the spun-off plan continues to satisfy the requirements of—

“(i) subparagraph (A)(i) or (B)(iii)(II), whichever is applicable, if the original plan was still within the 3-year period described in such subparagraph at the time of the spin off, and

“(ii) subparagraph (A)(ii) or (B)(iii)(III), whichever is applicable,

the treatment under subparagraph (A) or (B) of the spun-off plan shall continue with respect to such other employer.

“(2) TESTING OF DEFINED CONTRIBUTION PLANS.—

“(A) TESTING ON A BENEFITS BASIS.—A defined contribution plan shall be permitted to be tested on a benefits basis if—

“(i) such defined contribution plan provides make-whole contributions to a closed class of participants whose accruals under a defined benefit plan have been reduced or eliminated,

“(ii) for the plan year of the defined contribution plan as of which the class eligible to receive such make-whole contributions closes and the 2 succeeding plan years, such closed class of participants satisfies the requirements of section 410(b)(2)(A)(i) (determined by applying the rules of paragraph (1)(I)),

“(iii) after the date as of which the class was closed, any plan amendment to the defined contribution plan which modifies the closed class or the allocations, benefits, rights, and features provided to such closed class does not discriminate significantly in favor of highly compensated employees, and

“(iv) the class was closed before April 5, 2017, or the defined benefit plan under clause (i) is described in paragraph (1)(C) (as applied for purposes of paragraph (1)(B)(iii)(IV)).

“(B) AGGREGATION WITH PLANS INCLUDING MATCHING CONTRIBUTIONS.—

“(i) IN GENERAL.—With respect to 1 or more defined contribution plans described in subparagraph (A), for purposes of determining compliance with subsection (a)(4) and section 410(b), the portion of such plans which provides make-whole contributions or other nonelective contributions may be aggregated and tested on a benefits basis with the portion of 1 or more other defined contribution plans which—

“(I) provides matching contributions (as defined in subsection (m)(4)(A)),

“(II) provides annuity contracts described in section 403(b) which are purchased with matching contributions or nonelective contributions, or

“(III) consists of an employee stock ownership plan (within the meaning of section 4975(e)(7)) or a tax credit employee stock ownership plan (within the meaning of section 409(a)).

“(ii) SPECIAL RULES FOR MATCHING CONTRIBUTIONS.—Rules similar to the rules of paragraph (1)(B)(ii) shall apply for purposes of clause (i).

“(C) SPECIAL RULES FOR TESTING DEFINED CONTRIBUTION PLAN FEATURES PROVIDING MATCHING CONTRIBUTIONS TO CERTAIN OLDER, LONGER SERVICE PARTICIPANTS.—In the case of a defined contribution plan which provides

benefits, rights, or features to a closed class of participants whose accruals under a defined benefit plan have been reduced or eliminated, the plan shall not fail to satisfy the requirements of subsection (a)(4) solely by reason of the composition of the closed class or the benefits, rights, or features provided to such closed class if the defined contribution plan and defined benefit plan otherwise meet the requirements of subparagraph (A) but for the fact that the make-whole contributions under the defined contribution plan are made in whole or in part through matching contributions.

“(D) SPUN-OFF PLANS.—For purposes of this paragraph, if a portion of a defined contribution plan described in subparagraph (A) or (C) is spun off to another employer, the treatment under subparagraph (A) or (C) of the spun-off plan shall continue with respect to the other employer if such plan continues to comply with the requirements of clauses (i) (if the original plan was still within the 3-year period described in such clause at the time of the spin off) and (iii) of subparagraph (A), as determined for purposes of subparagraph (A) or (C), whichever is applicable.

“(3) DEFINITIONS.—For purposes of this subsection—

“(A) MAKE-WHOLE CONTRIBUTIONS.—Except as otherwise provided in paragraph (2)(C), the term ‘make-whole contributions’ means nonelective allocations for each employee in the class which are reasonably calculated, in a consistent manner, to replace some or all of the retirement benefits which the employee would have received under the defined benefit plan and any other plan or qualified cash or deferred arrangement under subsection (k)(2) if no change had been made to such defined benefit plan and such other plan or arrangement. For purposes of the preceding sentence, consistency shall not be required with respect to employees who were subject to different benefit formulas under the defined benefit plan.

“(B) REFERENCES TO CLOSED CLASS OF PARTICIPANTS.—References to a closed class of participants and similar references to a closed class shall include arrangements under which 1 or more classes of participants are closed, except that 1 or more classes of participants closed on different dates shall not be aggregated for purposes of determining the date any such class was closed.

“(C) HIGHLY COMPENSATED EMPLOYEE.—The term ‘highly compensated employee’ has the meaning given such term in section 414(q).”.

“(i) IN GENERAL.—A plan shall be deemed to satisfy the requirements of subparagraph (A) if—

“(I) the plan is amended—

“(aa) to cease all benefit accruals, or

“(bb) to provide future benefit accruals only to a closed class of participants,

“(II) the plan satisfies subparagraph (A) (without regard to this subparagraph) as of the effective date of the amendment, and

“(III) the amendment was adopted before April 5, 2017, or the plan is described in clause (ii).

“(ii) PLANS DESCRIBED.—A plan is described in this clause if the plan would be described in subsection (o)(1)(C), as applied for purposes of subsection (o)(1)(B)(iii)(IV) and by treating the effective date of the amendment as the date the class was closed for purposes of subsection (o)(1)(C).

“(iii) SPECIAL RULES.—For purposes of clause (i)(II), in applying section 410(b)(6)(C), the amendments described in clause (i) shall not be treated as a significant change in coverage under section 410(b)(6)(C)(i)(II).

“(iv) SPUN-OFF PLANS.—For purposes of this subparagraph, if a portion of a plan de-

scribed in clause (i) is spun off to another employer, the treatment under clause (i) of the spun-off plan shall continue with respect to the other employer.”.

(c) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall take effect on the date of the enactment of this Act, without regard to whether any plan modifications referred to in such amendments are adopted or effective before, on, or after such date of enactment.

(2) SPECIAL RULES.—

(A) ELECTION OF EARLIER APPLICATION.—At the election of the plan sponsor, the amendments made by this section shall apply to plan years beginning after December 31, 2013.

(C) CERTAIN POST-ENACTMENT PLAN AMENDMENTS.—A plan shall not be treated as failing to be eligible for the application of section 401(o)(1)(A), 401(o)(1)(B)(iii), or 401(a)(26) of such Code (as added by this section) to such plan solely because in the case of—

(i) such section 401(o)(1)(A), the plan was amended before the date of the enactment of this Act to eliminate 1 or more benefits, rights, or features, and is further amended after such date of enactment to provide such previously eliminated benefits, rights, or features to a closed class of participants, or

“(B) with respect to each insurer identified under subparagraph (A)—

“(C) on the basis of such consideration, concludes that—

“(i) at the time of the selection, the insurer is financially capable of satisfying its obligations under the guaranteed retirement income contract; and

“(ii) the relative cost of the selected guaranteed retirement income contract as described in subparagraph (B)(ii) is reasonable.

“(2) FINANCIAL CAPABILITY OF THE INSURER.—A fiduciary will be deemed to satisfy the requirements of paragraphs (1)(B)(i) and (1)(C)(i) if—

“(3) NO REQUIREMENT TO SELECT LOWEST COST.—Nothing in this subsection shall be construed to require a fiduciary to select the lowest cost contract. A fiduciary may consider the value of a contract, including features and benefits of the contract and attributes of the insurer (including, without limitation, the insurer's financial strength) in conjunction with the cost of the contract.

“(4) TIME OF SELECTION.—

“(e) SECTION 201 OF CONGRESSIONAL BUDGET ACT OF 1974.—This subchapter shall not be construed to limit any authorities of the Congressional Budget Office to work (consistent with laws governing the confidentiality of information the disclosure of which would be a violation of law) with databases of Designated Statistical Agencies (as defined in section 3576(e)), either separately or, for data that may be shared pursuant to section 3576(c) or other authority, jointly in order to improve the general utility of these databases for the statistical purpose of analyzing pension and health care financing issues.

“(i) AUTHORITY OF CONGRESS.—Nothing in this subchapter shall be construed to affect the authority of the Congress, including its committees, members, or agents, to obtain data or information for a statistical purpose, including for oversight of an agency’s statistical activities.

"PART B—CONFIDENTIAL INFORMATION PROTECTION"

"§3571. Findings"

"The Congress finds the following:

"(1) Individuals, businesses, and other organizations have varying degrees of legal protection when providing information to the agencies for strictly statistical purposes.

"(2) Pledges of confidentiality by agencies provide assurances to the public that information about individuals or organizations or provided by individuals or organizations for exclusively statistical purposes will be held in confidence and will not be used against such individuals or organizations in any agency action.

"(3) Protecting the confidentiality interests of individuals or organizations who provide information under a pledge of confidentiality for Federal statistical programs serves both the interests of the public and the needs of society.

"(4) Declining trust of the public in the protection of information provided under a pledge of confidentiality to the agencies adversely affects both the accuracy and completeness of statistical analyses.

"(5) Ensuring that information provided under a pledge of confidentiality for statistical purposes receives protection is essential in continuing public cooperation in statistical programs.

"§3572. Confidential information protection"

"(a) PURPOSES.—The purposes of this section are the following:

"(1) To ensure that information supplied by individuals or organizations to an agency for statistical purposes under a pledge of confidentiality is used exclusively for statistical purposes.

"(2) To ensure that individuals or organizations who supply information under a pledge of confidentiality to agencies for statistical purposes will neither have that information disclosed in identifiable form to anyone not authorized by this subchapter nor have that information used for any purpose other than a statistical purpose.

"(3) To safeguard the confidentiality of individually identifiable information acquired under a pledge of confidentiality for statistical purposes by controlling access to, and uses made of, such information.

"(b) USE OF STATISTICAL DATA OR INFORMATION.—Data or information acquired by an agency under a pledge of confidentiality and for exclusively statistical purposes shall be used by officers, employees, or agents of the agency exclusively for statistical purposes and protected in accordance with such pledge.

"(c) DISCLOSURE OF STATISTICAL DATA OR INFORMATION.—

"(1) Data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes shall not be disclosed by an agency in identifiable form, for any use other than an exclusively statistical purpose, except with the informed consent of the respondent.

"(2) A disclosure pursuant to paragraph (1) is authorized only when the head of the agency approves such disclosure and the disclosure is not prohibited by any other law.

"(3) This section does not restrict or diminish any confidentiality protections in law that otherwise apply to data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes.

"(d) RULE FOR USE OF DATA OR INFORMATION FOR NONSTATISTICAL PURPOSES.—A statistical agency or unit shall clearly distinguish any data or information it collects for nonstatistical purposes (as authorized by law) and provide notice to the public, before the data or information is collected, that the data or information could be used for nonstatistical purposes.

"(e) DESIGNATION OF AGENTS.—A statistical agency or unit may designate agents, by contract or by entering into a special agreement containing the provisions required under section

3561(2) for treatment as an agent under that section, who may perform exclusively statistical activities, subject to the limitations and penalties described in this subchapter.

"(f) FINES AND PENALTIES.—Whoever, being an officer, employee, or agent of an agency acquiring information for exclusively statistical purposes, having taken and subscribed the oath of office, or having sworn to observe the limitations imposed by this section, comes into possession of such information by reason of his or her being an officer, employee, or agent and, knowing that the disclosure of the specific information is prohibited under the provisions of this subchapter, willfully discloses the information in any manner to a person or agency not entitled to receive it, shall be guilty of a class E felony and imprisoned for not more than 5 years, or fined not more than \$250,000, or both.

"PART C—STATISTICAL EFFICIENCY"

"§3575. Findings"

"The Congress finds the following:

"(1) Federal statistics are an important source of information for public and private decision-makers such as policymakers, consumers, businesses, investors, and workers.

"(2) Federal statistical agencies should continuously seek to improve their efficiency. Statutory constraints limit the ability of these agencies to share data and thus to achieve higher efficiency for Federal statistical programs.

"(3) The quality of Federal statistics depends on the willingness of businesses to respond to statistical surveys. Reducing reporting burdens will increase response rates, and therefore lead to more accurate characterizations of the economy.

"(4) Enhanced sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes will improve their ability to track more accurately the large and rapidly changing nature of United States business. In particular, the statistical agencies will be able to better ensure that businesses are consistently classified in appropriate industries, resolve data anomalies, produce statistical samples that are consistently adjusted for the entry and exit of new businesses in a timely manner, and correct faulty reporting errors quickly and efficiently.

"(5) Congress enacted the International Investment and Trade in Services Survey Act (Public Law 94-472), which allowed the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics to share data on foreign-owned companies. The Act not only expanded detailed industry coverage from 135 industries to over 800 industries with no increase in the data collected from respondents but also demonstrated how data sharing can result in the creation of valuable data products.

"(6) With part B of this subchapter, the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics continues to ensure the highest level of confidentiality for respondents to statistical surveys.

"§3576. Designated statistical agencies"

"(a) PURPOSES.—The purposes of this section are the following:

"(1) To authorize the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes.

"(2) To reduce the paperwork burdens imposed on businesses that provide requested information to the Federal Government.

"(3) To improve the comparability and accuracy of Federal economic statistics by allowing the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics to update sample frames, develop consistent classifications of establishments and companies into industries, improve coverage, and reconcile significant differences in data produced by the three agencies.

"(4) To increase understanding of the United States economy, especially for key industry and regional statistics, to develop more accurate measures of the impact of technology on productivity growth, and to enhance the reliability of the Nation's most important economic indicators, such as the National Income and Product Accounts.

"(b) RESPONSIBILITIES OF DESIGNATED STATISTICAL AGENCIES.—The head of each of the Designated Statistical Agencies shall—

"(1) identify opportunities to eliminate duplication and otherwise reduce reporting burden and cost imposed on the public in providing information for statistical purposes;

"(2) enter into joint statistical projects to improve the quality and reduce the cost of statistical programs; and

"(3) protect the confidentiality of individually identifiable information acquired for statistical purposes by adhering to safeguard principles, including—

"(A) emphasizing to their officers, employees, and agents the importance of protecting the confidentiality of information in cases where the identity of individual respondents can reasonably be inferred by either direct or indirect means;

"(B) training their officers, employees, and agents in their legal obligations to protect the confidentiality of individually identifiable information and in the procedures that must be followed to provide access to such information;

"(C) implementing appropriate measures to assure the physical and electronic security of confidential data;

"(D) establishing a system of records that identifies individuals accessing confidential data and the project for which the data were required; and

"(E) being prepared to document their compliance with safeguard principles to other agencies authorized by law to monitor such compliance.

"(c) SHARING OF BUSINESS DATA AMONG DESIGNATED STATISTICAL AGENCIES.—

"(1) IN GENERAL.—A Designated Statistical Agency may provide business data in an identifiable form to another Designated Statistical Agency under the terms of a written agreement among the agencies sharing the business data that specifies—

"(A) the business data to be shared;

"(B) the statistical purposes for which the business data are to be used;

"(C) the officers, employees, and agents authorized to examine the business data to be shared; and

"(D) appropriate security procedures to safeguard the confidentiality of the business data.

"(2) RESPONSIBILITIES OF AGENCIES UNDER OTHER LAWS.—The provision of business data by an agency to a Designated Statistical Agency under this section shall in no way alter the responsibility of the agency providing the data under other statutes (including sections 552 and 552b of title 5) with respect to the provision or withholding of such information by the agency providing the data.

"(3) RESPONSIBILITIES OF OFFICERS, EMPLOYEES, AND AGENTS.—Examination of business data in identifiable form shall be limited to the officers, employees, and agents authorized to examine the individual reports in accordance with written agreements pursuant to this section. Officers, employees, and agents of a Designated Statistical Agency who receive data pursuant to this section shall be subject to all provisions of law, including penalties, that relate—

"(A) to the unlawful provision of the business data that would apply to the officers, employees, and agents of the agency that originally obtained the information; and

"(B) to the unlawful disclosure of the business data that would apply to officers, employees, and agents of the agency that originally obtained the information.

"(4) NOTICE.—Whenever a written agreement concerns data that respondents were required by law to report and the respondents were not in-

formed that the data could be shared among the Designated Statistical Agencies, for exclusively statistical purposes, the terms of such agreement shall be described in a public notice issued by the agency that intends to provide the data. Such notice shall allow a minimum of 60 days for public comment.

“(d) LIMITATIONS ON USE OF BUSINESS DATA PROVIDED BY DESIGNATED STATISTICAL AGENCIES.—

“(1) GENERAL USE.—Business data provided by a Designated Statistical Agency pursuant to this section shall be used exclusively for statistical purposes.

“(2) PUBLICATION.—Publication of business data acquired by a Designated Statistical Agency shall occur in a manner whereby the data furnished by any particular respondent are not in identifiable form.

“(e) DESIGNATED STATISTICAL AGENCY DEFINED.—In this section, the term ‘Designated Statistical Agency’ means each of the following:

“(1) The Census Bureau of the Department of Commerce.

“(2) The Bureau of Economic Analysis of the Department of Commerce.

“(3) The Bureau of Labor Statistics of the Department of Labor.”
