¶127.4 RESIGNATION AS MEMBER OF HOUSE OF REPRESENTATIVES

The SPEAKER pro tempore, Mr. MITCHELL, laid before the House the following communication, which was read as follows:

CONGRESS OF THE UNITED STATES,
HOUSE OF REPRESENTATIVES,
Washington, DC, September 10, 2018.

DEAR SPEAKER RYAN: One of my guiding principles during my tenure in Congress has been to protect the taxpayers that I represent. This is why in my first days in office, I rejected my congressional pension, turned down the healthcare subsidy for members of Congress, and fought against a congressional pay raise. I believe members of Congress should not be treated any differently than those they govern. I've done my best to live these principles: I refused my pay during government shutdowns and have slept in my office to cut costs and be a more effective legislator.

During my time in Congress, we've been able to accomplish some great things. I've had the honor to lead on important issues such as eliminating the Sexual Harassment Slush Fund for members of Congress, increasing protections for sexual assault victims in the military, and getting the PAWS Act to the floor for a vote later this month, which will provide much needed help for service members dealing with Post-Traumatic Stress. I've also been proud to play a significant role in helping pass one of the largest tax cuts in our country's history and moving the U.S. Embassy in Israel to Jerusalem.

As the Republican nominee for Governor of Florida, it is clear to me that I will likely miss the vast majority of our remaining session days for this Congress. Under these circumstances, it would be inappropriate for me to accept a salary. In order to honor my principles and protect the taxpayer, I officially resign from the House of Representatives effective immediately. For purposes of pay, I ask that my resignation be retroactive to September 1 so that I do not receive any pay for the month of September.

This is not a decision I make lightly. It has been an honor to serve the people of Florida's Sixth Congressional District, and I look forward to serving them and the rest of Florida as our state's next Governor.

Respectfully,

RON DESANTIS,
Member of Congress.

CONGRESS OF THE UNITED STATES,
HOUSE OF REPRESENTATIVES,
Washington, DC, September 10, 2018.
Governor RICK SCOTT,
State of Florida,
Tallahassee, FL.

DEAR GOVERNOR SCOTT: I hereby submit my resignation as the United States Representative of the 6th Congressional District of Florida, effective immediately.

Please find the attached letter I have submitted to the Speaker of the United States House of Representatives.

Sincerely,

RON DESANTIS,
Member of Congress.

¶128.30 URGING ALL NATIONS TO OUTLAW
THE DOG AND CAT MEAT TRADE

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 401); as amended:

Whereas the consumption of dog meat has occurred in every corner of the world including in Asia;

Whereas established dog meat markets still exist in Asia;

Whereas the Humane Society International, Animals Asia Foundation, and others estimate that 30,000,000 dogs and 10,000,000 cats die annually across Asia for the trade in dog and cat meat;

Whereas it is estimated as many as 200,000 live dogs are trafficked each year from Thailand across the Mekong River to Vietnam, where dog meat is considered a delicacy;

Whereas cat meat, known locally as “little tiger”, is also a delicacy in Vietnam and, although officially banned, is widely available in specialty restaurants;

Whereas due to a traditional belief that high adrenaline levels produce tender meat and increase supposed health benefits, dogs killed for their meat may be first intentionally subjected to extreme fear and suffering through hanging or bludgeoning;

Whereas there appears to be little scientific evidence to support traditional claims of the health benefits of consuming dog meat;

Whereas there have been reports of abuse, poor living conditions, and cruel slaughtering techniques with respect to dogs and cats farmed for their meat;

Whereas many dogs and cats die during transport to slaughterhouses, after days or weeks crammed into small cages on the back of vehicles without food or water, and others suffer from illness or injury during such transport;

Whereas in February 2015, Vietnamese authorities impounded a truck in Hanoi smuggling three tons of live cats from China that were intended for the illegal cat meat trade, but then buried thousands of the seized cats—many, reportedly, while alive—claiming a desire to avoid the spread of disease;

Whereas the extreme suffering of dogs and cats at such slaughterhouses and on such transportation trucks would breach anti-cruelty laws in the United States, such as the Animal Welfare Act (7 U.S.C. 2131 et seq.) and the Humane Methods of Slaughter Act (7 U.S.C. 1901 et seq.);

Whereas many government officials, civil society advocates, and activists are working to end the dog and cat meat trade on anti-cruelty and public health grounds, and the governments of Singapore, Taiwan, and Hong Kong have passed laws banning the slaughter of dogs for meat consumption;

Whereas Chinese activists have claimed that stolen pets are sometimes used in the dog meat market in China;

Whereas Chinese dog transporters reportedly routinely flout regulations such as the Chinese Ministry of Agriculture Veterinary Bureau Circular No. 16 (2013), which requires dogs to be quarantined and issued a quarantine certificate before being transported across provincial boundaries;

Whereas the World Health Organization has linked the dog meat industry to human outbreaks of trichinellosis, cholera, and rabies, although consumption of dog meat alone has not been confirmed to spread rabies to humans;

Whereas those involved in the dog meat industry are at an increased health risk for zoonotic diseases, which can transfer from dogs to humans through infectious material such as saliva;

Whereas the spread of such diseases may be exacerbated by unsanitary conditions of slaughter and by the sale of dog meat at open-air markets and restaurants; and

Whereas Betsy Miranda, Asia Coordinator for the Global Alliance for Rabies Control, said in June 2013 that the spread of disease through the dog meat trade was “rampant” across Southeast Asia, and that “The risk that the animals are in poor health and not vaccinated is very high. If they move across borders they risk carrying the disease across large distances”: Now, therefore, be it

Resolved, That the House of Representatives—

(1) calls for an end to the dog and cat meat trade on cruelty and public health grounds;

(2) urges all nations to outlaw the dog and cat meat trade and enforce existing laws against such trade; and

(3) affirms the commitment of the United States to the protection of animals and to advancing the progress of animal protection around the world.

¶128.43 MESSAGE FROM THE PRESIDENT—NATIONAL EMERGENCY WITH RESPECT TO FOREIGN INTERFERENCE IN U.S. ELECTIONS

The SPEAKER pro tempore, Mr. Francis ROONEY of Florida, laid before the House a message from the President, which was read as follows:

To the Congress of the United States:

Pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*), the National Emergencies Act (50 U.S.C. 1601 *et seq.*), section 212(f) of the Immigration and Nationality Act of 1952 (8 U.S.C. 1182(f)), and section 301 of title 3, United States Code, I hereby report that I have issued an Executive Order declaring a national emergency to deal with the threat of foreign interference in United States elections and authorizing the United States Government to impose a range of appropriate and meaningful sanctions against foreign individuals and entities determined to have engaged in election interference.

Foreign powers have historically sought to exploit America's free and open political system. In recent years, the proliferation of digital devices and internet-based communications has created significant vulnerabilities and magnified the scope and intensity of

the threat of foreign interference. To deal with this threat, I have directed the Director of National Intelligence to conduct regular assessments of any information indicating that foreign election interference has taken place. I have also directed the Attorney General and Secretary of Homeland Security to conduct evaluations of the effects of any such interference that targeted election infrastructure or campaign-related infrastructure, and to provide updates and recommendations on appropriate measures to take in response.

In the event foreign election interference is determined to have occurred, the Executive Order provides for the imposition of sanctions on foreign persons determined by the Secretary of the Treasury, in consultation with the Secretary of State, to have engaged in, sponsored, concealed, or otherwise been complicit in the interference, as well as other related persons. The Executive Order further directs the Secretary of State and the Secretary of the Treasury to develop additional recommended sanctions measures, appropriately calibrated to account for the severity of the interference and any collateral effects on United States and allied financial stability and economic and security interests, targeting companies in significant economic sectors in a country whose government is determined to have engaged in or sponsored election interference.

I am enclosing a copy of the Executive Order I have issued.

DONALD J. TRUMP.

THE WHITE HOUSE, *September 12, 2018.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Foreign Affairs, the Committee on the Judiciary, the Committee on House Administration, and the Permanent Select Committee on Intelligence, and ordered to be printed (H. Doc. 115-152).

(a) *AMENDMENT*.—Section 115 of title 17, United States Code, is amended—

(1) in subsection (a)—

(A) in the subsection heading, by inserting “IN GENERAL” after “AVAILABILITY AND SCOPE OF COMPULSORY LICENSE”;

(B) by striking paragraph (1) and inserting the following:

“(1) *ELIGIBILITY FOR COMPULSORY LICENSE*.—

“(A) *CONDITIONS FOR COMPULSORY LICENSE*.—A person may by complying with the provisions of this section obtain a compulsory license to make and distribute phonorecords of a nondramatic musical work, including by means of digital phonorecord delivery. A person may obtain a compulsory license only if the primary purpose in making phonorecords of the musical work is to distribute them to the public for private use, including by means of digital phonorecord delivery, and—

“(i) phonorecords of such musical work have previously been distributed to the public in the United States under the authority of the copyright owner of the work, including by means of digital phonorecord delivery; or

“(ii) in the case of a digital music provider seeking to make and distribute digital phonorecord deliveries of a sound recording embodying a musical work under a compulsory license for which clause (i) does not apply—

“(I) the first fixation of such sound recording was made under the authority of the musical work copyright owner, and the sound recording copyright owner has the authority of the musical work copyright owner to make and distribute digital phonorecord deliveries embodying such work to the public in the United States; and

“(II) the sound recording copyright owner, or the authorized distributor of the sound recording copyright owner, has authorized the digital

music provider to make and distribute digital phonorecord deliveries of the sound recording to the public in the United States.

“(B) *DUPLICATION OF SOUND RECORDING*.—A person may not obtain a compulsory license for the use of the work in the making of phonorecords duplicating a sound recording fixed by another, including by means of digital phonorecord delivery, unless—

“(i) such sound recording was fixed lawfully; and

“(ii) the making of the phonorecords was authorized by the owner of the copyright in the sound recording or, if the sound recording was fixed before February 15, 1972, by any person who fixed the sound recording pursuant to an express license from the owner of the copyright in the musical work or pursuant to a valid compulsory license for use of such work in a sound recording.”; and

(C) in paragraph (2), by striking “A compulsory license” and inserting “MUSICAL ARRANGEMENT.—A compulsory license”;

(2) by striking subsection (b) and inserting the following:

“(b) *PROCEDURES TO OBTAIN A COMPULSORY LICENSE*.—

“(1) *PHONORECORDS OTHER THAN DIGITAL PHONORECORD DELIVERIES*.—A person who seeks to obtain a compulsory license under subsection (a) to make and distribute phonorecords of a musical work other than by means of digital phonorecord delivery shall, before, or not later than 30 calendar days after, making, and before distributing, any phonorecord of the work, serve notice of intention to do so on the copyright owner. If the registration or other public records of the Copyright Office do not identify the copyright owner and include an address at which notice can be served, it shall be sufficient to file the notice of intention with the Copyright Office. The notice shall comply, in form, content, and manner of service, with requirements that the Register of Copyrights shall prescribe by regulation.

“(2) *DIGITAL PHONORECORD DELIVERIES*.—A person who seeks to obtain a compulsory license under subsection (a) to make and distribute phonorecords of a musical work by means of digital phonorecord delivery—

“(A) prior to the license availability date, shall, before, or not later than 30 calendar days after, first making any such digital phonorecord delivery, serve a notice of intention to do so on the copyright owner (but may not file the notice with the Copyright Office, even if the public records of the Office do not identify the owner or the owner’s address), and such notice shall comply, in form, content, and manner of service, with requirements that the Register of Copyrights shall prescribe by regulation; or

“(B) on or after the license availability date, shall, before making any such digital phonorecord delivery, follow the procedure described in subsection (d)(2), except as provided in paragraph (3).

“(3) *RECORD COMPANY INDIVIDUAL DOWNLOAD LICENSES*.—Notwithstanding paragraph (2)(B), a record company may, on or after the license availability date, obtain an individual download license in accordance with the notice requirements described in paragraph (2)(A) (except for the requirement that notice occur prior to the license availability date). A record company that obtains an individual download license as permitted under this paragraph shall provide statements of account and pay royalties as provided in subsection (c)(2)(I).

“(4) *FAILURE TO OBTAIN LICENSE*.—

“(A) *PHONORECORDS OTHER THAN DIGITAL PHONORECORD DELIVERIES*.—In the case of phonorecords made and distributed other than by means of digital phonorecord delivery, the failure to serve or file the notice of intention required by paragraph (1) forecloses the possibility of a compulsory license under paragraph (1). In the absence of a voluntary license, the failure to obtain a compulsory license renders the making and distribution of phonorecords ac-

tionable as acts of infringement under section 501 and subject to the remedies provided by sections 502 through 506.

“(B) *DIGITAL PHONORECORD DELIVERIES*.—

“(i) *IN GENERAL*.—In the case of phonorecords made and distributed by means of digital phonorecord delivery:

“(I) The failure to serve the notice of intention required by paragraph (2)(A) or paragraph (3), as applicable, forecloses the possibility of a compulsory license under such paragraph.

“(II) The failure to comply with paragraph (2)(B) forecloses the possibility of a blanket license for a period of 3 years after the last calendar day on which the notice of license was required to be submitted to the mechanical licensing collective under such paragraph.

“(ii) *EFFECT OF FAILURE*.—In either case described in subclause (I) or (II) of clause (i), in the absence of a voluntary license, the failure to obtain a compulsory license renders the making and distribution of phonorecords by means of digital phonorecord delivery actionable as acts of infringement under section 501 and subject to the remedies provided by sections 502 through 506.”;

(3) by amending subsection (c) to read as follows:

“(c) *GENERAL CONDITIONS APPLICABLE TO COMPULSORY LICENSE*.—

“(1) *ROYALTY PAYABLE UNDER COMPULSORY LICENSE*.—

“(A) *IDENTIFICATION REQUIREMENT*.—To be entitled to receive royalties under a compulsory license obtained under subsection (b)(1) the copyright owner must be identified in the registration or other public records of the Copyright Office. The owner is entitled to royalties for phonorecords made and distributed after being so identified, but is not entitled to recover for any phonorecords previously made and distributed.

“(B) *ROYALTY FOR PHONORECORDS OTHER THAN DIGITAL PHONORECORD DELIVERIES*.—Except as provided by subparagraph (A), for every phonorecord made and distributed under a compulsory license under subsection (a) other than by means of digital phonorecord delivery, with respect to each work embodied in the phonorecord, the royalty shall be the royalty prescribed under subparagraphs (D) through (F), paragraph (2)(A), and chapter 8. For purposes of this subparagraph, a phonorecord is considered “distributed” if the person exercising the compulsory license has voluntarily and permanently parted with its possession.

“(C) *ROYALTY FOR DIGITAL PHONORECORD DELIVERIES*.—For every digital phonorecord delivery of a musical work made under a compulsory license under this section, the royalty payable shall be the royalty prescribed under subparagraphs (D) through (F), paragraph (2)(A), and chapter 8.

“(D) *AUTHORITY TO NEGOTIATE*.—Notwithstanding any provision of the antitrust laws, any copyright owners of nondramatic musical works and any persons entitled to obtain a compulsory license under subsection (a) may negotiate and agree upon the terms and rates of royalty payments under this section and the proportionate division of fees paid among copyright owners, and may designate common agents on a nonexclusive basis to negotiate, agree to, pay or receive such royalty payments. Such authority to negotiate the terms and rates of royalty payments includes, but is not limited to, the authority to negotiate the year during which the royalty rates prescribed under this subparagraph, subparagraphs (E) and (F), paragraph (2)(A), and chapter 8 shall next be determined.

“(E) *DETERMINATION OF REASONABLE RATES AND TERMS*.—Proceedings under chapter 8 shall determine reasonable rates and terms of royalty payments for the activities specified by this section during the period beginning with the effective date of such rates and terms, but not earlier than January 1 of the second year following the year in which the petition requesting the proceeding is filed, and ending on the effective date

of successor rates and terms, or such other period as the parties may agree. Any copyright owners of nondramatic musical works and any persons entitled to obtain a compulsory license under subsection (a) may submit to the Copyright Royalty Judges licenses covering such activities. The parties to each proceeding shall bear their own costs.

“(F) SCHEDULE OF REASONABLE RATES.—The schedule of reasonable rates and terms determined by the Copyright Royalty Judges shall, subject to paragraph (2)(A), be binding on all copyright owners of nondramatic musical works and persons entitled to obtain a compulsory license under subsection (a) during the period specified in subparagraph (E), such other period as may be determined pursuant to subparagraphs (D) and (E), or such other period as the parties may agree. The Copyright Royalty Judges shall establish rates and terms that most clearly represent the rates and terms that would have been negotiated in the marketplace between a willing buyer and a willing seller. In determining such rates and terms for digital phonorecord deliveries, the Copyright Royalty Judges shall base their decision on economic, competitive, and programming information presented by the parties, including—

“(i) whether use of the compulsory licensee’s service may substitute for or may promote the sales of phonorecords or otherwise may interfere with or may enhance the musical work copyright owner’s other streams of revenue from its musical works; and

“(ii) the relative roles of the copyright owner and the compulsory licensee in the copyrighted work and the service made available to the public with respect to the relative creative contribution, technological contribution, capital investment, cost, and risk.

“(2) ADDITIONAL TERMS AND CONDITIONS.—

“(A) VOLUNTARY LICENSES AND CONTRACTUAL ROYALTY RATES.—

“(i) IN GENERAL.—License agreements voluntarily negotiated at any time between one or more copyright owners of nondramatic musical works and one or more persons entitled to obtain a compulsory license under subsection (a) shall be given effect in lieu of any determination by the Copyright Royalty Judges. Subject to clause (ii), the royalty rates determined pursuant to subparagraphs (E) and (F) of paragraph (1) shall be given effect as to digital phonorecord deliveries in lieu of any contrary royalty rates specified in a contract pursuant to which a recording artist who is the author of a nondramatic musical work grants a license under that person’s exclusive rights in the musical work under paragraphs (1) and (3) of section 106 or commits another person to grant a license in that musical work under paragraphs (1) and (3) of section 106, to a person desiring to fix in a tangible medium of expression a sound recording embodying the musical work.

“(ii) APPLICABILITY.—The second sentence of clause (i) shall not apply to—

“(I) a contract entered into on or before June 22, 1995, and not modified thereafter for the purpose of reducing the royalty rates determined pursuant to subparagraphs (E) and (F) of paragraph (1) or of increasing the number of musical works within the scope of the contract covered by the reduced rates, except if a contract entered into on or before June 22, 1995, is modified thereafter for the purpose of increasing the number of musical works within the scope of the contract, any contrary royalty rates specified in the contract shall be given effect in lieu of royalty rates determined pursuant to subparagraphs (E) and (F) of paragraph (1) for the number of musical works within the scope of the contract as of June 22, 1995; and

“(II) a contract entered into after the date that the sound recording is fixed in a tangible medium of expression substantially in a form intended for commercial release, if at the time the contract is entered into, the recording artist retains the right to grant licenses as to the musical work under paragraphs (1) and (3) of section 106.

“(B) SOUND RECORDING INFORMATION.—Except as provided in section 1002(e), a digital phonorecord delivery licensed under this paragraph shall be accompanied by the information encoded in the sound recording, if any, by or under the authority of the copyright owner of that sound recording, that identifies the title of the sound recording, the featured recording artist who performs on the sound recording, and related information, including information concerning the underlying musical work and its writer.

“(C) INFRINGEMENT REMEDIES.—

“(i) IN GENERAL.—A digital phonorecord delivery of a sound recording is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506, unless—

“(I) the digital phonorecord delivery has been authorized by the sound recording copyright owner; and

“(II) the entity making the digital phonorecord delivery has obtained a compulsory license under subsection (a) or has otherwise been authorized by the musical work copyright owner, or by a record company pursuant to an individual download license, to make and distribute phonorecords of each musical work embodied in the sound recording by means of digital phonorecord delivery.

“(ii) OTHER REMEDIES.—Any cause of action under this subparagraph shall be in addition to those available to the owner of the copyright in the nondramatic musical work under subparagraph (J) and section 106(4) and the owner of the copyright in the sound recording under section 106(6).

“(D) LIABILITY OF SOUND RECORDING OWNERS.—The liability of the copyright owner of a sound recording for infringement of the copyright in a nondramatic musical work embodied in the sound recording shall be determined in accordance with applicable law, except that the owner of a copyright in a sound recording shall not be liable for a digital phonorecord delivery by a third party if the owner of the copyright in the sound recording does not license the distribution of a phonorecord of the nondramatic musical work.

“(E) RECORDING DEVICES AND MEDIA.—Nothing in section 1008 shall be construed to prevent the exercise of the rights and remedies allowed by this paragraph, subparagraph (J), and chapter 5 in the event of a digital phonorecord delivery, except that no action alleging infringement of copyright may be brought under this title against a manufacturer, importer or distributor of a digital audio recording device, a digital audio recording medium, an analog recording device, or an analog recording medium, or against a consumer, based on the actions described in such section.

“(F) PRESERVATION OF RIGHTS.—Nothing in this section annuls or limits—

“(i) the exclusive right to publicly perform a sound recording or the musical work embodied therein, including by means of a digital transmission, under paragraphs (4) and (6) of section 106;

“(ii) except for compulsory licensing under the conditions specified by this section, the exclusive rights to reproduce and distribute the sound recording and the musical work embodied therein under paragraphs (1) and (3) of section 106, including by means of a digital phonorecord delivery; or

“(iii) any other rights under any other provision of section 106, or remedies available under this title, as such rights or remedies exist before, on, or after the date of enactment of the Digital Performance Right in Sound Recordings Act of 1995.

“(G) EXEMPT TRANSMISSIONS AND RETRANSMISSIONS.—The provisions of this section concerning digital phonorecord deliveries shall not apply to any exempt transmissions or retransmissions under section 114(d)(1). The exemptions created in section 114(d)(1) do not expand or reduce the rights of copyright owners under para-

graphs (1) through (5) of section 106 with respect to such transmissions and retransmissions.

“(H) DISTRIBUTION BY RENTAL, LEASE, OR LENDING.—A compulsory license obtained under subsection (b)(1) to make and distribute phonorecords includes the right of the maker of such a phonorecord to distribute or authorize distribution of such phonorecord, other than by means of a digital phonorecord delivery, by rental, lease, or lending (or by acts or practices in the nature of rental, lease, or lending). With respect to each nondramatic musical work embodied in the phonorecord, the royalty shall be a proportion of the revenue received by the compulsory licensee from every such act of distribution of the phonorecord under this clause equal to the proportion of the revenue received by the compulsory licensee from distribution of the phonorecord under subsection (a)(1)(A)(ii)(II) that is payable by a compulsory licensee under that clause and under chapter 8. The Register of Copyrights shall issue regulations to carry out the purpose of this subparagraph.

“(I) PAYMENT OF ROYALTIES AND STATEMENTS OF ACCOUNT.—Except as provided in paragraphs (4)(A)(i) and (10)(B) of subsection (d), royalty payments shall be made on or before the twentieth day of each month and shall include all royalties for the month next preceding. Each monthly payment shall be made under oath and shall comply with requirements that the Register of Copyrights shall prescribe by regulation. The Register shall also prescribe regulations under which detailed cumulative annual statements of account, certified by a certified public accountant, shall be filed for every compulsory license under subsection (a). The regulations covering both the monthly and the annual statements of account shall prescribe the form, content, and manner of certification with respect to the number of records made and the number of records distributed.

“(J) NOTICE OF DEFAULT AND TERMINATION OF COMPULSORY LICENSE.—In the case of a license obtained under paragraph (1), (2)(A), or (3) of subsection (b), if the copyright owner does not receive the monthly payment and the monthly and annual statements of account when due, the owner may give written notice to the licensee that, unless the default is remedied not later than 30 days after the date on which the notice is sent, the compulsory license will be automatically terminated. Such termination renders either the making or the distribution, or both, of all phonorecords for which the royalty has not been paid, actionable as acts of infringement under section 501 and fully subject to the remedies provided by sections 502 through 506. In the case of a license obtained under subsection (b)(2)(B), license authority under the compulsory license may be terminated as provided in subsection (d)(4)(E).”.

(4) by amending subsection (d) to read as follows:

“(d) BLANKET LICENSE FOR DIGITAL USES, MECHANICAL LICENSING COLLECTIVE, AND DIGITAL LICENSEE COORDINATOR.—

“(1) BLANKET LICENSE FOR DIGITAL USES.—

“(A) IN GENERAL.—A digital music provider that qualifies for a compulsory license under subsection (a) may, by complying with the terms and conditions of this subsection, obtain a blanket license from copyright owners through the mechanical licensing collective to make and distribute digital phonorecord deliveries of musical works through one or more covered activities.

“(B) INCLUDED ACTIVITIES.—A blanket license—

“(i) covers all musical works (or shares of such works) available for compulsory licensing under this section for purposes of engaging in covered activities, except as provided in subparagraph (C);

“(ii) includes the making and distribution of server, intermediate, archival, and incidental reproductions of musical works that are reasonable and necessary for the digital music provider to engage in covered activities licensed under this subsection, solely for the purpose of engaging in such covered activities; and

“(iii) does not cover or include any rights or uses other than those described in clauses (i) and (ii).

“(C) OTHER LICENSES.—A voluntary license for covered activities entered into by or under the authority of 1 or more copyright owners and 1 or more digital music providers, or authority to make and distribute permanent downloads of a musical work obtained by a digital music provider from a sound recording copyright owner pursuant to an individual download license, shall be given effect in lieu of a blanket license under this subsection with respect to the musical works (or shares thereof) covered by such voluntary license or individual download authority and the following conditions apply:

“(i) Where a voluntary license or individual download license applies, the license authority provided under the blanket license shall exclude any musical works (or shares thereof) subject to the voluntary license or individual download license.

“(ii) An entity engaged in covered activities under a voluntary license or authority obtained pursuant to an individual download license that is a significant nonblanket licensee shall comply with paragraph (6)(A).

“(iii) The rates and terms of any voluntary license shall be subject to the second sentence of clause (i) and clause (ii) of subsection (c)(2)(A) and paragraph (9)(C), as applicable.

“(D) PROTECTION AGAINST INFRINGEMENT ACTIONS.—A digital music provider that obtains and complies with the terms of a valid blanket license under this subsection shall not be subject to an action for infringement of the exclusive rights provided by paragraphs (1) and (3) of section 106 under this title arising from use of a musical work (or share thereof) to engage in covered activities authorized by such license, subject to paragraph (4)(E).

“(E) OTHER REQUIREMENTS AND CONDITIONS APPLY.—Except as expressly provided in this subsection, each requirement, limitation, condition, privilege, right, and remedy otherwise applicable to compulsory licenses under this section shall apply to compulsory blanket licenses under this subsection.

“(2) AVAILABILITY OF BLANKET LICENSE.—

“(A) PROCEDURE FOR OBTAINING LICENSE.—A digital music provider may obtain a blanket license by submitting a notice of license to the mechanical licensing collective that specifies the particular covered activities in which the digital music provider seeks to engage, as follows:

“(i) The notice of license shall comply in form and substance with requirements that the Register of Copyrights shall establish by regulation.

“(ii) Unless rejected in writing by the mechanical licensing collective not later than 30 calendar days after the date on which the mechanical licensing collective receives the notice, the blanket license shall be effective as of the date on which the notice of license was sent by the digital music provider, as shown by a physical or electronic record.

“(iii) A notice of license may only be rejected by the mechanical licensing collective if—

“(I) the digital music provider or notice of license does not meet the requirements of this section or applicable regulations, in which case the requirements at issue shall be specified with reasonable particularity in the notice of rejection; or

“(II) the digital music provider has had a blanket license terminated by the mechanical licensing collective during the 3-year period preceding the date on which the mechanical licensing collective receives the notice pursuant to paragraph (4)(E).

“(iv) If a notice of license is rejected under clause (iii)(I), the digital music provider shall have 30 calendar days after receipt of the notice of rejection to cure any deficiency and submit an amended notice of license to the mechanical licensing collective. If the deficiency has been cured, the mechanical licensing collective shall so confirm in writing, and the license shall be effective as of the date that the original notice

of license was provided by the digital music provider.

“(v) A digital music provider that believes a notice of license was improperly rejected by the mechanical licensing collective may seek review of such rejection in an appropriate district court of the United States. The district court shall determine the matter de novo based on the record before the mechanical licensing collective and any additional evidence presented by the parties.

“(B) BLANKET LICENSE EFFECTIVE DATE.—Blanket licenses shall be made available by the mechanical licensing collective on and after the license availability date. No such license shall be effective prior to the license availability date.

“(3) MECHANICAL LICENSING COLLECTIVE.—

“(A) IN GENERAL.—The mechanical licensing collective shall be a single entity that—

“(VI) The mechanical licensing collective shall pay the cost of the audit, unless the qualified auditor determines that there was an underpayment by the digital music provider of not less than 10 percent, in which case the digital music provider shall bear the reasonable costs of the audit, in addition to paying the amount of any underpayment to the mechanical licensing collective. In case of an overpayment by the digital music provider, the mechanical licensing collective shall provide a credit to the account of the digital music provider.

“(VII) A digital music provider may not assert section 507 or any other Federal or State statute of limitations, doctrine of laches or estoppel, or similar provision as a defense to a legal action arising from an audit under this subparagraph if such legal action is commenced not more than 6 years after the commencement of the audit that is the basis for such action.

“(ii) ALTERNATIVE VERIFICATION PROCEDURES.—Nothing in this subparagraph shall preclude the mechanical licensing collective and a digital music provider from agreeing to audit procedures different from those described in this subparagraph, except that a notice of the audit shall be provided to and published by the Copyright Office as described in clause (i)(IV).

“(E) DEFAULT UNDER BLANKET LICENSE.—

“(i) CONDITIONS OF DEFAULT.—A digital music provider shall be in default under a blanket license if the digital music provider—

“(I) fails to provide 1 or more monthly reports of usage to the mechanical licensing collective when due;

“(II) fails to make a monthly royalty or late fee payment to the mechanical licensing collective when due, in all or material part;

“(III) provides 1 or more monthly reports of usage to the mechanical licensing collective that, on the whole, is or are materially deficient as a result of inaccurate, missing, or unreadable data, where the correct data was available to the digital music provider and required to be reported under this section and applicable regulations;

“(IV) fails to pay the administrative assessment as required under this subsection and applicable regulations; or

“(V) after being provided written notice by the mechanical licensing collective, refuses to comply with any other material term or condition of the blanket license under this section for a period of not less than 60 calendar days.

“(ii) NOTICE OF DEFAULT AND TERMINATION.—In case of a default by a digital music provider, the mechanical licensing collective may proceed to terminate the blanket license of the digital music provider as follows:

“(I) The mechanical licensing collective shall provide written notice to the digital music provider describing with reasonable particularity the default and advising that unless such default is cured not later than 60 calendar days after the date of the notice, the blanket license will automatically terminate at the end of that period.

“(II) If the digital music provider fails to remedy the default before the end of the 60-day period described in subclause (I), the license shall terminate without any further action on the part of the mechanical licensing collective. Such termination renders the making of all digital phonorecord deliveries of all musical works (and shares thereof) covered by the blanket license for which the royalty or administrative assessment has not been paid actionable as acts of infringement under section 501 and subject to the remedies provided by sections 502 through 506.

“(iii) NOTICE TO COPYRIGHT OWNERS.—The mechanical licensing collective shall provide written notice of any termination under this subparagraph to copyright owners of affected works.

“(iv) REVIEW BY FEDERAL DISTRICT COURT.—A digital music provider that believes a blanket li-

cense was improperly terminated by the mechanical licensing collective may seek review of such termination in an appropriate district court of the United States. The district court shall determine the matter de novo based on the record before the mechanical licensing collective and any additional supporting evidence presented by the parties.

“(5) DIGITAL LICENSEE COORDINATOR.—

“(A) IN GENERAL.—The digital licensee coordinator shall be a single entity that—

“(i) is a nonprofit, not owned by any other entity, that is created to carry out responsibilities under this subsection;

“(ii) is endorsed by and enjoys substantial support from digital music providers and significant nonblanket licensees that together represent the greatest percentage of the licensee market for uses of musical works in covered activities, as measured over the preceding 3 calendar years;

“(iii) is able to demonstrate that it has, or will have prior to the license availability date, the administrative capabilities to perform the required functions of the digital licensee coordinator under this subsection; and

“(iv) has been designated by the Register of Copyrights, with the approval of the Librarian of Congress pursuant to section 702, in accordance with subparagraph (B).

“(B) DESIGNATION OF DIGITAL LICENSEE COORDINATOR.—

“(i) INITIAL DESIGNATION.—The Register of Copyrights shall initially designate the digital licensee coordinator not later than 270 days after the enactment date, in accordance with the same procedure described for designation of the mechanical licensing collective in paragraph (3)(B)(i).

“(ii) PERIODIC REVIEW OF DESIGNATION.—Following the initial designation of the digital licensee coordinator, the Register of Copyrights shall, every 5 years, beginning with the fifth full calendar year to commence after the initial designation, determine whether the existing designation should be continued, or a different entity meeting the criteria described in clauses (i) through (iii) of subparagraph (A) should be designated, in accordance with the same procedure described for the mechanical licensing collective in paragraph (3)(B)(ii).

“(iii) INABILITY TO DESIGNATE.—If the Register of Copyrights is unable to identify an entity that fulfills each of the qualifications described in clauses (i) through (iii) of subparagraph (A) to serve as the digital licensee coordinator, the Register may decline to designate a digital licensee coordinator. The determination of the Register not to designate a digital licensee coordinator shall not negate or otherwise affect any provision of this subsection except to the limited extent that a provision references the digital licensee coordinator. In such case, the reference to the digital licensee coordinator shall be without effect unless and until a new digital licensee coordinator is designated.

“(C) AUTHORITIES AND FUNCTIONS.—

“(i) IN GENERAL.—The digital licensee coordinator is authorized to perform the following functions, subject to more particular requirements as described in this subsection:

“(I) Establish a governance structure, criteria for membership, and any dues to be paid by its members.

“(II) Engage in efforts to enforce notice and payment obligations with respect to the administrative assessment, including by receiving information from and coordinating with the mechanical licensing collective.

“(III) Initiate and participate in proceedings before the Copyright Royalty Judges to establish the administrative assessment under this subsection.

“(IV) Initiate and participate in proceedings before the Copyright Office with respect to activities under this subsection.

“(V) Gather and provide documentation for use in proceedings before the Copyright Royalty Judges to set rates and terms under this section.

“(VI) Maintain records of its activities.

“(VII) Assist in publicizing the existence of the mechanical licensing collective and the ability of copyright owners to claim royalties for unmatched musical works (and shares of works) through the collective.

“(VIII) Engage in such other activities as may be necessary or appropriate to fulfill its responsibilities under this subsection.

“(ii) RESTRICTION ON LOBBYING.—The digital licensee coordinator may not engage in government lobbying activities, but may engage in the activities described in subclauses (III), (IV), and (V) of clause (i).

“(iii) ASSISTANCE WITH PUBLICITY FOR UNCLAIMED ROYALTIES.—The digital licensee coordinator shall make reasonable, good-faith efforts to assist the mechanical licensing collective in the efforts of the collective to locate and identify copyright owners of unmatched musical works (and shares of such works) by encouraging digital music providers to publicize the existence of the collective and the ability of copyright owners to claim unclaimed accrued royalties, including by—

“(I) posting contact information for the collective at reasonably prominent locations on digital music provider websites and applications; and

“(II) conducting in-person outreach activities with songwriters.

“(6) REQUIREMENTS FOR SIGNIFICANT NONBLANKET LICENSEES.—

“(A) IN GENERAL.—

“(i) NOTICE OF ACTIVITY.—Not later than 45 calendar days after the license availability date, or 45 calendar days after the end of the first full calendar month in which an entity initially qualifies as a significant nonblanket licensee, whichever occurs later, a significant nonblanket licensee shall submit a notice of nonblanket activity to the mechanical licensing collective. The notice of nonblanket activity shall comply in form and substance with requirements that the Register of Copyrights shall establish by regulation, and a copy shall be made available to the digital licensee coordinator.

“(ii) REPORTING AND PAYMENT OBLIGATIONS.—The notice of nonblanket activity submitted to the mechanical licensing collective shall be accompanied by a report of usage that contains the information described in paragraph (4)(A)(ii), as well as any payment of the administrative assessment required under this subsection and applicable regulations. Thereafter, subject to clause (iii), a significant nonblanket licensee shall continue to provide monthly reports of usage, accompanied by any required payment of the administrative assessment, to the mechanical licensing collective. Such reports and payments shall be submitted not later than 45 calendar days after the end of the calendar month being reported.

“(iii) DISCONTINUATION OF OBLIGATIONS.—An entity that has submitted a notice of nonblanket activity to the mechanical licensing collective that has ceased to qualify as a significant nonblanket licensee may so notify the collective in writing. In such case, as of the calendar month in which such notice is provided, such entity shall no longer be required to provide reports of usage or pay the administrative assessment, but if such entity later qualifies as a significant nonblanket licensee, such entity shall again be required to comply with clauses (i) and (ii).

“(B) REPORTING BY MECHANICAL LICENSING COLLECTIVE TO DIGITAL LICENSEE COORDINATOR.—

“(i) MONTHLY REPORTS OF NONCOMPLIANT LICENSEES.—The mechanical licensing collective shall provide monthly reports to the digital licensee coordinator setting forth any significant nonblanket licensees of which the collective is aware that have failed to comply with subparagraph (A).

“(ii) TREATMENT OF CONFIDENTIAL INFORMATION.—The mechanical licensing collective and digital licensee coordinator shall take appropriate steps to safeguard the confidentiality and security of financial and other sensitive data

shared under this subparagraph, in accordance with the confidentiality requirements prescribed by the Register of Copyrights under paragraph (12)(C).

“(C) LEGAL ENFORCEMENT EFFORTS.—

“(i) FEDERAL COURT ACTION.—Should the mechanical licensing collective or digital licensee coordinator become aware that a significant nonblanket licensee has failed to comply with subparagraph (A), either may commence an action in an appropriate district court of the United States for damages and injunctive relief. If the significant nonblanket licensee is found liable, the court shall, absent a finding of excusable neglect, award damages in an amount equal to three times the total amount of the unpaid administrative assessment and, notwithstanding anything to the contrary in section 505, reasonable attorney’s fees and costs, as well as such other relief as the court determines appropriate. In all other cases, the court shall award relief as appropriate. Any recovery of damages shall be payable to the mechanical licensing collective as an offset to the collective total costs.

“(ii) STATUTE OF LIMITATIONS FOR ENFORCEMENT ACTION.—Any action described in this subparagraph shall be commenced within the time period described in section 507(b).

“(iii) OTHER RIGHTS AND REMEDIES PRESERVED.—The ability of the mechanical licensing collective or digital licensee coordinator to bring an action under this subparagraph shall in no way alter, limit or negate any other right or remedy that may be available to any party at law or in equity.

“(7) FUNDING OF MECHANICAL LICENSING COLLECTIVE.—

“(A) IN GENERAL.—The collective total costs shall be funded by—

“(i) an administrative assessment, as such assessment is established by the Copyright Royalty Judges pursuant to subparagraph (D) from time to time, to be paid by—

“(I) digital music providers that are engaged, in all or in part, in covered activities pursuant to a blanket license; and

“(II) significant nonblanket licensees; and

“(ii) voluntary contributions from digital music providers and significant nonblanket licensees as may be agreed with copyright owners.

“(B) VOLUNTARY CONTRIBUTIONS.—

“(i) AGREEMENTS CONCERNING CONTRIBUTIONS.—Except as provided in clause (ii), voluntary contributions by digital music providers and significant nonblanket licensees shall be determined by private negotiation and agreement, and the following conditions apply:

“(I) The date and amount of each voluntary contribution to the mechanical licensing collective shall be documented in a writing signed by an authorized agent of the mechanical licensing collective and the contributing party.

“(II) Such agreement shall be made available as required in proceedings before the Copyright Royalty Judges to establish or adjust the administrative assessment in accordance with applicable statutory and regulatory provisions and rulings of the Copyright Royalty Judges.

“(ii) TREATMENT OF CONTRIBUTIONS.—Each voluntary contribution described in clause (i) shall be treated for purposes of an administrative assessment proceeding as an offset to the collective total costs that would otherwise be recovered through the administrative assessment. Any allocation or reallocation of voluntary contributions between or among individual digital music providers or significant nonblanket licensees shall be a matter of private negotiation and agreement among such parties and outside the scope of the administrative assessment proceeding.

“(C) INTERIM APPLICATION OF ACCRUED ROYALTIES.—In the event that the administrative assessment, together with any funding from voluntary contributions as provided in subparagraphs (A) and (B), is inadequate to cover current collective total costs, the collective, with

approval of its board of directors, may apply unclaimed accrued royalties on an interim basis to defray such costs, subject to future reimbursement of such royalties from future collections of the assessment.

“(D) DETERMINATION OF ADMINISTRATIVE ASSESSMENT.—

“(i) ADMINISTRATIVE ASSESSMENT TO COVER COLLECTIVE TOTAL COSTS.—The administrative assessment shall be used solely and exclusively to fund the collective total costs.

“(ii) SEPARATE PROCEEDING BEFORE COPYRIGHT ROYALTY JUDGES.—The amount and terms of the administrative assessment shall be determined and established in a separate and independent proceeding before the Copyright Royalty Judges, according to the procedures described in clauses (iii) and (iv). The administrative assessment determined in such proceeding shall—

“(I) be wholly independent of royalty rates and terms applicable to digital music providers, which shall not be taken into consideration in any manner in establishing the administrative assessment;

“(II) be established by the Copyright Royalty Judges in an amount that is calculated to defray the reasonable collective total costs;

“(III) be assessed based on usage of musical works by digital music providers and significant nonblanket licensees in covered activities under both compulsory and nonblanket licenses;

“(IV) may be in the form of a percentage of royalties payable under this section for usage of musical works in covered activities (regardless of whether a different rate applies under a voluntary license), or any other usage-based metric reasonably calculated to equitably allocate the collective total costs across digital music providers and significant nonblanket licensees engaged in covered activities, and shall include as a component a minimum fee for all digital music providers and significant nonblanket licensees; and

“(V) take into consideration anticipated future collective total costs and collections of the administrative assessment, including, as applicable—

“(aa) any portion of past actual collective total costs of the mechanical licensing collective not funded by previous collections of the administrative assessment or voluntary contributions because such collections or contributions together were insufficient to fund such costs;

“(bb) any past collections of the administrative assessment and voluntary contributions that exceeded past actual collective total costs, resulting in a surplus; and

“(cc) the amount of any voluntary contributions by digital music providers or significant nonblanket licensees in relevant periods, described in subparagraphs (A) and (B) of paragraph (7).

“(iii) INITIAL ADMINISTRATIVE ASSESSMENT.—The procedure for establishing the initial administrative assessment shall be as follows:

“(I) Not later than 270 days after the enactment date, the Copyright Royalty Judges shall commence a proceeding to establish the initial administrative assessment by publishing a notice in the Federal Register seeking petitions to participate.

“(II) The mechanical licensing collective and digital licensee coordinator shall participate in the proceeding described in subclause (I), along with any interested copyright owners, digital music providers or significant nonblanket licensees that have notified the Copyright Royalty Judges of their desire to participate.

“(III) The Copyright Royalty Judges shall establish a schedule for submission by the parties of information that may be relevant to establishing the administrative assessment, including actual and anticipated collective total costs of the mechanical licensing collective, actual and anticipated collections from digital music providers and significant nonblanket licensees, and documentation of voluntary contributions, as well as a schedule for further proceedings,

which shall include a hearing, as the Copyright Royalty Judges determine appropriate.

“(IV) The initial administrative assessment shall be determined, and such determination shall be published in the Federal Register by the Copyright Royalty Judges, not later than 1 year after commencement of the proceeding described in this clause. The determination shall be supported by a written record. The initial administrative assessment shall be effective as of the license availability date, and shall continue in effect unless and until an adjusted administrative assessment is established pursuant to an adjustment proceeding under clause (iv).

“(iv) ADJUSTMENT OF ADMINISTRATIVE ASSESSMENT.—The administrative assessment may be adjusted by the Copyright Royalty Judges periodically, in accordance with the following procedures:

“(I) Not earlier than 1 year after the most recent publication of a determination of the administrative assessment by the Copyright Royalty Judges, the mechanical licensing collective, the digital licensee coordinator, or one or more interested copyright owners, digital music providers, or significant nonblanket licensees, may file a petition with the Copyright Royalty Judges in the month of May to commence a proceeding to adjust the administrative assessment.

“(II) Notice of the commencement of such proceeding shall be published in the Federal Register in the month of June following the filing of any petition, with a schedule of requested information and additional proceedings, as described in clause (iii)(II). The mechanical licensing collective and digital licensee coordinator shall participate in such proceeding, along with any interested copyright owners, digital music providers, or significant nonblanket licensees that have notified the Copyright Royalty Judges of their desire to participate.

“(III) The determination of the adjusted administrative assessment, which shall be supported by a written record, shall be published in the Federal Register during June of the calendar year following the commencement of the proceeding. The adjusted administrative assessment shall take effect January 1 of the year following such publication.

“(v) ADOPTION OF VOLUNTARY AGREEMENTS.—In lieu of reaching their own determination based on evaluation of relevant data, the Copyright Royalty Judges shall approve and adopt a negotiated agreement to establish the amount and terms of the administrative assessment that has been agreed to by the mechanical licensing collective and the digital licensee coordinator (or if none has been designated, interested digital music providers and significant nonblanket licensees representing more than half of the market for uses of musical works in covered activities), except that the Copyright Royalty Judges shall have the discretion to reject any such agreement for good cause shown. An administrative assessment adopted under this clause shall apply to all digital music providers and significant nonblanket licensees engaged in covered activities during the period the administrative assessment is in effect.

“(vi) CONTINUING AUTHORITY TO AMEND.—The Copyright Royalty Judges shall retain continuing authority to amend a determination of an administrative assessment to correct technical or clerical errors, or modify the terms of implementation, for good cause, with any such amendment to be published in the Federal Register.

“(vii) APPEAL OF ADMINISTRATIVE ASSESSMENT.—The determination of an administrative assessment by the Copyright Royalty Judges shall be appealable, not later than 30 calendar days after publication in the Federal Register, to the Court of Appeals for the District of Columbia Circuit by any party that fully participated in the proceeding. The administrative assessment as established by the Copyright Royalty Judges shall remain in effect pending the final outcome of any such appeal, and the mechanical licensing collective, digital licensee co-

ordinator, digital music providers, and significant nonblanket licensees shall implement appropriate financial or other measures not later than 90 days after any modification of the assessment to reflect and account for such outcome.

“(viii) **REGULATIONS.**—The Copyright Royalty Judges may adopt regulations to govern the conduct of proceedings under this paragraph.

“(8) **ESTABLISHMENT OF RATES AND TERMS UNDER BLANKET LICENSE.**—

“(A) **RESTRICTIONS ON RATESETTING PARTICIPATION.**—Neither the mechanical licensing collective nor the digital licensee coordinator shall be a party to a proceeding described in subsection (c)(1)(E), except that the mechanical licensing collective or the digital licensee coordinator may gather and provide financial and other information for the use of a party to such a proceeding and comply with requests for information as required under applicable statutory and regulatory provisions and rulings of the Copyright Royalty Judges.

“(B) **APPLICATION OF LATE FEES.**—In any proceeding described in subparagraph (A) in which the Copyright Royalty Judges establish a late fee for late payment of royalties for uses of musical works under this section, such fee shall apply to covered activities under blanket licenses, as follows:

“(i) Late fees for past due royalty payments shall accrue from the due date for payment until payment is received by the mechanical licensing collective.

“(ii) The availability of late fees shall in no way prevent a copyright owner or the mechanical licensing collective from asserting any other rights or remedies to which such copyright owner or the mechanical licensing collective may be entitled under this title.

“(C) **INTERIM RATE AGREEMENTS IN GENERAL.**—For any covered activity for which no rate or terms have been established by the Copyright Royalty Judges, the mechanical licensing collective and any digital music provider may agree to an interim rate and terms for such activity under the blanket license, and any such rate and terms—

“(i) shall be treated as nonprecedential and not cited or relied upon in any ratesetting proceeding before the Copyright Royalty Judges or any other tribunal; and

“(ii) shall automatically expire upon the establishment of a rate and terms for such covered activity by the Copyright Royalty Judges, under subsection (c)(1)(E).

“(D) **ADJUSTMENTS FOR INTERIM RATES.**—The rate and terms established by the Copyright Royalty Judges for a covered activity to which an interim rate and terms have been agreed under subparagraph (C) shall supersede the interim rate and terms and apply retroactively to the inception of the activity under the blanket license. In such case, not later than 90 days after the effective date of the rate and terms established by the Copyright Royalty Judges—

“(i) if the rate established by the Copyright Royalty Judges exceeds the interim rate, the digital music provider shall pay to the mechanical licensing collective the amount of any underpayment of royalties due; or

“(ii) if the interim rate exceeds the rate established by the Copyright Royalty Judges, the mechanical licensing collective shall credit the account of the digital music provider for the amount of any overpayment of royalties due.

“(9) **TRANSITION TO BLANKET LICENSES.**—

“(A) **SUBSTITUTION OF BLANKET LICENSE.**—On the license availability date, a blanket license shall, without any interruption in license authority enjoyed by such digital music provider, be automatically substituted for and supersede any existing compulsory license previously obtained under this section by the digital music provider from a copyright owner to engage in 1 or more covered activities with respect to a musical work, except that such substitution shall not apply to any authority obtained from a record company pursuant to a compulsory license to

make and distribute permanent downloads unless and until such record company terminates such authority in writing to take effect at the end of a monthly reporting period, with a copy to the mechanical licensing collective.

“(B) **EXPIRATION OF EXISTING LICENSES.**—Except to the extent provided in subparagraph (A), on and after the license availability date, licenses other than individual download licenses obtained under this section for covered activities prior to the license availability date shall no longer continue in effect.

“(C) **TREATMENT OF VOLUNTARY LICENSES.**—A voluntary license for a covered activity in effect on the license availability date will remain in effect unless and until the voluntary license expires according to the terms of the voluntary license, or the parties agree to amend or terminate the voluntary license. In a case where a voluntary license for a covered activity entered into before the license availability date incorporates the terms of this section by reference, the terms so incorporated (but not the rates) shall be those in effect immediately prior to the license availability date, and those terms shall continue to apply unless and until such voluntary license is terminated or amended, or the parties enter into a new voluntary license.

“(D) **FURTHER ACCEPTANCE OF NOTICES FOR COVERED ACTIVITIES BY COPYRIGHT OFFICE.**—On and after the enactment date—

“(i) the Copyright Office shall no longer accept notices of intention with respect to covered activities; and

“(ii) notices of intention filed before the enactment date will no longer be effective or provide license authority with respect to covered activities, except that, before the license availability date, there shall be no liability under section 501 for the reproduction or distribution of a musical work (or share thereof) in covered activities if a valid notice of intention was filed for such work (or share) before the enactment date.

“(10) **PRIOR UNLICENSED USES.**—

“(A) **LIMITATION ON LIABILITY IN GENERAL.**—A copyright owner that commences an action under section 501 on or after January 1, 2018, against a digital music provider for the infringement of the exclusive rights provided by paragraph (1) or (3) of section 106 arising from the unauthorized reproduction or distribution of a musical work by such digital music provider in the course of engaging in covered activities prior to the license availability date, shall, as the copyright owner's sole and exclusive remedy against the digital music provider, be eligible to recover the royalty prescribed under subsection (c)(1)(C) and chapter 8, from the digital music provider, provided that such digital music provider can demonstrate compliance with the requirements of subparagraph (B), as applicable. In all other cases the limitation on liability under this subparagraph shall not apply.

“(B) **REQUIREMENTS FOR LIMITATION ON LIABILITY.**—The following requirements shall apply on the enactment date and through the end of the period that expires 90 days after the license availability date to digital music providers seeking to avail themselves of the limitation on liability described in subparagraph (A):

“(i) Not later than 30 calendar days after first making a particular sound recording of a musical work available through its service via one or more covered activities, or 30 calendar days after the enactment date, whichever occurs later, a digital music provider shall engage in good-faith, commercially reasonable efforts to identify and locate each copyright owner of such musical work (or share thereof). Such required matching efforts shall include the following:

“(I) Good-faith, commercially reasonable efforts to obtain from the owner of the corresponding sound recording made available through the digital music provider's service the following information:

“(aa) Sound recording name, featured artist, sound recording copyright owner, producer,

international standard recording code, and other information commonly used in the industry to identify sound recordings and match them to the musical works they embody.

“(bb) Any available musical work ownership information, including each songwriter and publisher name, percentage ownership share, and international standard musical work code.

“(II) Employment of 1 or more bulk electronic matching processes that are available to the digital music provider through a third-party vendor on commercially reasonable terms, except that a digital music provider may rely on its own bulk electronic matching process if that process has capabilities comparable to or better than those available from a third-party vendor on commercially reasonable terms.

“(ii) The required matching efforts shall be repeated by the digital music provider not less than once per month for so long as the copyright owner remains unidentified or has not been located.

“(iii) If the required matching efforts are successful in identifying and locating a copyright owner of a musical work (or share thereof) by the end of the calendar month in which the digital music provider first makes use of the work, the digital music provider shall provide statements of account and pay royalties to such copyright owner in accordance with this section and applicable regulations.

“(iv) If the copyright owner is not identified or located by the end of the calendar month in which the digital music provider first makes use of the work, the digital music provider shall accrue and hold royalties calculated under the applicable statutory rate in accordance with usage of the work, from initial use of the work until the accrued royalties can be paid to the copyright owner or are required to be transferred to the mechanical licensing collective, as follows:

“(I) Accrued royalties shall be maintained by the digital music provider in accordance with generally accepted accounting principles.

“(II) If a copyright owner of an unmatched musical work (or share thereof) is identified and located by or to the digital music provider before the license availability date, the digital music provider shall—

“(aa) not later than 45 calendar days after the end of the calendar month during which the copyright owner was identified and located, pay the copyright owner all accrued royalties, such payment to be accompanied by a cumulative statement of account that includes all of the information that would have been provided to the copyright owner had the digital music provider been providing monthly statements of account to the copyright owner from initial use of the work in accordance with this section and applicable regulations, including the requisite certification under subsection (c)(2)(I);

“(bb) beginning with the accounting period following the calendar month in which the copyright owner was identified and located, and for all other accounting periods prior to the license availability date, provide monthly statements of account and pay royalties to the copyright owner as required under this section and applicable regulations; and

“(cc) beginning with the monthly royalty reporting period commencing on the license availability date, report usage and pay royalties for such musical work (or share thereof) for such reporting period and reporting periods thereafter to the mechanical licensing collective, as required under this subsection and applicable regulations.

“(III) If a copyright owner of an unmatched musical work (or share thereof) is not identified and located by the license availability date, the digital music provider shall—

“(aa) not later than 45 calendar days after the license availability date, transfer all accrued royalties to the mechanical licensing collective, such payment to be accompanied by a cumulative statement of account that includes all of the information that would have been provided to the copyright owner had the digital music

provider been serving monthly statements of account on the copyright owner from initial use of the work in accordance with this section and applicable regulations, including the requisite certification under subsection (c)(2)(I), and accompanied by an additional certification by a duly authorized officer of the digital music provider that the digital music provider has fulfilled the requirements of clauses (i) and (ii) of subparagraph (B) but has not been successful in locating or identifying the copyright owner; and

“(bb) beginning with the monthly royalty reporting period commencing on the license availability date, report usage and pay royalties for such musical work (or share thereof) for such period and reporting periods thereafter to the mechanical licensing collective, as required under this subsection and applicable regulations.

“(v) A digital music provider that complies with the requirements of this subparagraph with respect to unmatched musical works (or shares of works) shall not be liable for or accrue late fees for late payments of royalties for such works until such time as the digital music provider is required to begin paying monthly royalties to the copyright owner or the mechanical licensing collective, as applicable.

“(C) ADJUSTED STATUTE OF LIMITATIONS.—Notwithstanding anything to the contrary in section 507(b), with respect to any claim of infringement of the exclusive rights provided by paragraphs (1) and (3) of section 106 against a digital music provider arising from the unauthorized reproduction or distribution of a musical work by such digital music provider in the course of engaging in covered activities that accrued not more than 3 years prior to the license availability date, such action may be commenced not later than the later of—

“(i) 3 years after the date on which the claim accrued; or

“(ii) 2 years after the license availability date.

“(D) OTHER RIGHTS AND REMEDIES PRESERVED.—Except as expressly provided in this paragraph, nothing in this paragraph shall be construed to alter, limit, or negate any right or remedy of a copyright owner with respect to unauthorized use of a musical work.

“(11) LEGAL PROTECTIONS FOR LICENSING ACTIVITIES.—

“(A) EXEMPTION FOR COMPULSORY LICENSE ACTIVITIES.—The antitrust exemption described in subsection (c)(1)(D) shall apply to negotiations and agreements between and among copyright owners and persons entitled to obtain a compulsory license for covered activities, and common agents acting on behalf of such copyright owners or persons, including with respect to the administrative assessment established under this subsection.

“(B) LIMITATION ON COMMON AGENT EXEMPTION.—Notwithstanding the antitrust exemption provided in subsection (c)(1)(D) and subparagraph (A) of this paragraph (except for the administrative assessment referenced in such subparagraph (A) and except as provided in paragraph (8)(C)), neither the mechanical licensing collective nor the digital licensee coordinator shall serve as a common agent with respect to the establishment of royalty rates or terms under this section.

“(C) ANTITRUST EXEMPTION FOR ADMINISTRATIVE ACTIVITIES.—Notwithstanding any provision of the antitrust laws, copyright owners and persons entitled to obtain a compulsory license under this section may designate the mechanical licensing collective to administer voluntary licenses for the reproduction or distribution of musical works in covered activities on behalf of such copyright owners and persons, subject to the following conditions:

“(i) Each copyright owner shall establish the royalty rates and material terms of any such voluntary license individually and not in agreement, combination, or concert with any other copyright owner.

“(ii) Each person entitled to obtain a compulsory license under this section shall establish

the royalty rates and material terms of any such voluntary license individually and not in agreement, combination, or concert with any other digital music provider.

“(iii) The mechanical licensing collective shall maintain the confidentiality of the voluntary licenses in accordance with the confidentiality provisions prescribed by the Register of Copyrights under paragraph (12)(C).

“(D) LIABILITY FOR GOOD-FAITH ACTIVITIES.—The mechanical licensing collective shall not be liable to any person or entity based on a claim arising from its good-faith administration of policies and procedures adopted and implemented to carry out the responsibilities described in subparagraphs (J) and (K) of paragraph (3), except to the extent of correcting an underpayment or overpayment of royalties as provided in paragraph (3)(L)(i)(VI), but the collective may participate in a legal proceeding as a stakeholder party if the collective is holding funds that are the subject of a dispute between copyright owners. For purposes of this subparagraph, the term ‘good-faith administration’ means administration in a manner that is not grossly negligent.

“(E) PREEMPTION OF STATE PROPERTY LAWS.—The holding and distribution of funds by the mechanical licensing collective in accordance with this subsection shall supersede and preempt any State law (including common law) concerning escheatment or abandoned property, or any analogous provision, that might otherwise apply.

“(F) RULE OF CONSTRUCTION.—Except as expressly provided in this subsection, nothing in this subsection shall negate or limit the ability of any person to pursue an action in Federal court against the mechanical licensing collective or any other person based upon a claim arising under this title or other applicable law.

“(12) REGULATIONS.—

“(A) ADOPTION BY REGISTER OF COPYRIGHTS AND COPYRIGHT ROYALTY JUDGES.—The Register of Copyrights may conduct such proceedings and adopt such regulations as may be necessary or appropriate to effectuate the provisions of this subsection, except for regulations concerning proceedings before the Copyright Royalty Judges to establish the administrative assessment, which shall be adopted by the Copyright Royalty Judges.

“(B) JUDICIAL REVIEW OF REGULATIONS.—Except as provided in paragraph (7)(D)(vii), regulations adopted under this subsection shall be subject to judicial review pursuant to chapter 7 of title 5.

“(C) PROTECTION OF CONFIDENTIAL INFORMATION.—The Register of Copyrights shall adopt regulations to provide for the appropriate procedures to ensure that confidential, private, proprietary, or privileged information contained in the records of the mechanical licensing collective and digital licensee coordinator is not improperly disclosed or used, including through any disclosure or use by the board of directors or personnel of either entity, and specifically including the unclaimed royalties oversight committee and the dispute resolution committee of the mechanical licensing collective.

“(13) SAVINGS CLAUSES.—

“(A) LIMITATION ON ACTIVITIES AND RIGHTS COVERED.—This subsection applies solely to uses of musical works subject to licensing under this section. The blanket license shall not be construed to extend or apply to activities other than covered activities or to rights other than the exclusive rights of reproduction and distribution licensed under this section, or serve or act as the basis to extend or expand the compulsory license under this section to activities and rights not covered by this section on the day before the enactment date.

“(B) RIGHTS OF PUBLIC PERFORMANCE NOT AFFECTED.—The rights, protections, and immunities granted under this subsection, the data concerning musical works collected and made available under this subsection, and the definitions under subsection (e) shall not extend to, limit,

or otherwise affect any right of public performance in a musical work.”; and

(5) by adding at the end the following:

“(e) DEFINITIONS.—As used in this section:

“(1) ACCRUED INTEREST.—The term ‘accrued interest’ means interest accrued on accrued royalties, as described in subsection (d)(3)(H)(ii).

“(2) ACCRUED ROYALTIES.—The term ‘accrued royalties’ means royalties accrued for the reproduction or distribution of a musical work (or share thereof) in a covered activity, calculated in accordance with the applicable royalty rate under this section.

“(3) ADMINISTRATIVE ASSESSMENT.—The term ‘administrative assessment’ means the fee established pursuant to subsection (d)(7)(D).

“(4) AUDIT.—The term ‘audit’ means a royalty compliance examination to verify the accuracy of royalty payments, or the conduct of such an examination, as applicable.

“(5) BLANKET LICENSE.—The term ‘blanket license’ means a compulsory license described in subsection (d)(1)(A) to engage in covered activities.

“(ii) may consider the rates and terms for comparable types of audio transmission services and comparable circumstances under voluntary license agreements.

“(C) The procedures under subparagraphs (A) and (B) shall also be initiated pursuant to a petition filed by any sound recording copyright owner or any transmitting entity indicating that a new type of service on which sound recordings are performed is or is about to become operational, for the purpose of determining reasonable terms and rates of royalty payments with respect to such new type of service for the period beginning with the inception of such new type of service and ending on the date on which the royalty rates and terms for eligible non-subscription services and new subscription services, or preexisting satellite digital audio radio services, as the case may be, most recently determined under subparagraph (A) or (B) and chapter 8 expire, or such other period as the parties may agree.”; and

“(A) merely recovering costs of production and distribution of a sound recording resulting from a use otherwise permitted under this subsection does not itself necessarily constitute a commercial use of the sound recording;

“(B) the fact that a person engaging in the use of a sound recording also engages in commercial activities does not itself necessarily render the use commercial; and

“(C) the fact that a person files notice of a noncommercial use of a sound recording in accordance with the regulations issued under paragraph (3)(B) does not itself affect any limitation on the exclusive rights of a copyright owner described in section 107, 108, 109, 110, or 112(f) as applied to a claim under subsection (a) of this section pursuant to subsection (f)(1)(A) of this section.

“(3) **NOTICE OF COVERED ACTIVITY.**—Not later than 180 days after the date of enactment of this section, the Register of Copyrights shall issue regulations that—

“(A) provide specific, reasonable steps that, if taken by a filer, are sufficient to constitute a good faith, reasonable search under paragraph (1)(A) to determine whether a recording is being commercially exploited, including the services that satisfy the good faith, reasonable search requirement under paragraph (1)(A) for purposes of the safe harbor described in paragraph (4)(A); and

“(B) establish the form, content, and procedures for the filing of notices under paragraph (1)(B).

“(4) **SAFE HARBOR.**—

“(A) **IN GENERAL.**—A person engaging in a noncommercial use of a sound recording otherwise permitted under this subsection who establishes that the person made a good faith, reasonable search under paragraph (1)(A) without finding commercial exploitation of the sound recording by or under the authority of the rights owner shall not be found to be in violation of subsection (a).

“(B) **STEPS SUFFICIENT BUT NOT NECESSARY.**—Taking the specific, reasonable steps identified by the Register of Copyrights in the regulations issued under paragraph (3)(A) shall be suffi-

cient, but not necessary, for a filer to satisfy the requirement to conduct a good faith, reasonable search under paragraph (1)(A) for purposes of subparagraph (A) of this paragraph.

“(5) OPTING OUT OF COVERED ACTIVITY.—

“(A) IN GENERAL.—Not later than 180 days after the date of enactment of this section, the Register of Copyrights shall issue regulations establishing the form, content, and procedures for the rights owner of a sound recording that is the subject of a notice under paragraph (1)(B) to, in its discretion, file notice opting out of the covered activity described in the notice under paragraph (1)(B) during the 90-day period beginning on the date on which the notice under paragraph (1)(B) is indexed into the public records of the Copyright Office.

“(B) RULE OF CONSTRUCTION.—The fact that a rights holder opts out of a noncommercial use of a sound recording by filing notice thereof in the Copyright Office in accordance with the regulations issued under subparagraph (A) does not itself enlarge or diminish any limitation on the exclusive rights of a copyright owner described in section 107, 108, 109, 110, or 112(f) as applied to a claim under subsection (a) of this section pursuant to subsection (f)(1)(A) of this section.

“(6) CIVIL PENALTIES FOR CERTAIN ACTS.—

“(A) FILING OF NOTICES OF NONCOMMERCIAL USE.—Any person who willfully engages in a pattern or practice of filing a notice of noncommercial use of a sound recording as described in paragraph (1)(B) fraudulently describing the use proposed, or knowing that the use proposed is not permitted under this subsection, shall be assessed a civil penalty in an amount that is not less than \$250, and not more than \$1,000, for each such notice, in addition to any other remedies that may be available under this title based on the actual use made.

“(B) FILING OF OPT-OUT NOTICES.—

“(I) IN GENERAL.—Any person who files an opt-out notice as described in paragraph (1)(C), knowing that the person is not the rights owner or authorized to act on behalf of the rights owner of the sound recording to which the notice pertains, shall be assessed a civil penalty in an amount not less than \$250, and not more than \$1,000, for each such notice.

“(ii) PATTERN OR PRACTICE.—Any person who engages in a pattern or practice of making filings as described in clause (i) shall be assessed a civil penalty in an amount not less than \$10,000 for each such filing.

“(C) DEFINITION.—For purposes of this paragraph, the term ‘knowing’—

“(i) does not require specific intent to defraud; and

“(ii) with respect to information about ownership of the sound recording in question, means that the person—

“(I) has actual knowledge of the information;

“(II) acts in deliberate ignorance of the truth or falsity of the information; or

“(III) acts in grossly negligent disregard of the truth or falsity of the information.

“(d) PAYMENT OF ROYALTIES FOR TRANSMISSIONS OF PERFORMANCES BY DIRECT LICENSING OF STATUTORY SERVICES.—

“(1) IN GENERAL.—A public performance by means of a digital audio transmission of a sound recording fixed before February 15, 1972, shall, for purposes of subsection (a), be considered to be authorized and made with the consent of the rights owner if the transmission is made pursuant to a license agreement voluntarily negotiated at any time between the rights owner and the entity performing the sound recording.

“(i) the licensee shall, with respect to such transmission, pay to the collective designated to distribute receipts from the licensing of transmissions in accordance with section 114(f), 50 percent of the performance royalties for that transmission due under the license; and

“(ii) the royalties paid under clause (i) shall be fully credited as payments due under the license.

“(B) CERTAIN AGREEMENTS ENTERED INTO BEFORE ENACTMENT.—To the extent that a license agreement described in paragraph (1), entered into during the period beginning on January 1 of the year in which this section is enacted and ending on the day before the date of enactment of this section, or a settlement agreement with a preexisting satellite digital audio radio service (as defined in section 114(j)) entered into during the period beginning on January 1, 2015, and ending on the day before the date of enactment of this section, extends to a public performance by means of a digital audio transmission of a sound recording fixed before February 15, 1972, that meets the conditions of subsection (b)—

“(i) the rights owner shall, with respect to such transmission, pay to the collective designated to distribute receipts from the licensing of transmissions in accordance with section 114(f) an amount that is equal to the difference between—

“(I) 50 percent of the difference between—

“(aa) the rights owner’s total gross performance royalty fee receipts or settlement monies received for all such transmissions covered under the license or settlement agreement, as applicable; and

“(bb) the rights owner’s total payments for outside legal expenses, including any payments of third-party claims, that are directly attributable to the license or settlement agreement, as applicable; and

“(II) the amount of any royalty receipts or settlement monies under the agreement that are distributed by the rights owner to featured and nonfeatured artists before the date of enactment of this section; and

“(4) PAYMENT OF ROYALTIES UNDER LICENSE AGREEMENTS ENTERED BEFORE ENACTMENT OR NOT OTHERWISE DESCRIBED IN PARAGRAPH (2).—

“(A) IN GENERAL.—To the extent that a license agreement described in paragraph (1) entered into before the date of enactment of this section, or any other license agreement not as described in paragraph (2), extends to a public performance by means of a digital audio transmission of a sound recording fixed before February 15, 1972, that meets the conditions of subsection (b), the payments made by the licensee pursuant to the license shall be made in accordance with the agreement.

“(B) ADDITIONAL PAYMENTS NOT REQUIRED.—To the extent that a licensee has made, or will make in the future, payments pursuant to a license as described in subparagraph (A), the provisions of paragraphs (2) and (3) shall not require any additional payments from, or additional financial obligations on the part of, the licensee.

licensing of transmissions in accordance with section 114(f) from administering royalty payments under any license not described in paragraph (2).

“(e) PREEMPTION WITH RESPECT TO CERTAIN PAST ACTS.—

“(1) IN GENERAL.—This section preempts any claim of common law copyright or equivalent right under the laws of any State arising from a digital audio transmission or reproduction that is made before the date of enactment of this section of a sound recording fixed before February 15, 1972, if—

“(A) the digital audio transmission would have satisfied the requirements for statutory licensing under section 114(d)(2) or been exempt under section 114(d)(1), or the reproduction would have satisfied the requirements of section 112(e)(1), as the case may be, if the sound recording were fixed on or after February 15, 1972; and

“(B) either—

“(i) except in the case of a transmission that would have been exempt under section 114(d)(1), not later than 270 days after the date of enactment of this section, the transmitting entity pays statutory royalties and provides notice of the use of the relevant sound recordings in the same manner as required by regulations adopted by the Copyright Royalty Judges for sound recordings that are fixed on or after February 15, 1972, for all the digital audio transmissions and reproductions satisfying the requirements for statutory licensing under sections 112(e)(1) and 114(d)(2) during the 3 years before that date of enactment; or

“(ii) an agreement voluntarily negotiated between the rights owner and the entity performing the sound recording (including a litigation settlement agreement entered into before the date of enactment of this section) authorizes or waives liability for any such transmission or reproduction and the transmitting entity has paid for and reported such digital audio transmission under that agreement.

“(2) RULE OF CONSTRUCTION FOR COMMON LAW COPYRIGHT.—For purposes of paragraph (1), a claim of common law copyright or equivalent right under the laws of any State includes a claim that characterizes conduct subject to that paragraph as an unlawful distribution, act of record piracy, or similar violation.

“(3) RULE OF CONSTRUCTION FOR PUBLIC PERFORMANCE RIGHTS.—Nothing in this section may be construed to recognize or negate the existence of public performance rights in sound recordings under the laws of any State.

“(f) LIMITATIONS ON REMEDIES.—

“(I) the rights owner has filed with the Copyright Office a schedule that specifies the title, artist, and rights owner of the sound recording and contains such other information, as practicable, as the Register of Copyrights prescribes by regulation; and

“(II) the use occurs after the end of the 90-day period beginning on the date on which the information described in subclause (I) is indexed into the public records of the Copyright Office.

In this section, such instructions shall be referred to as a ‘letter of direction’.

“(B) ACCEPTANCE OF LETTER.—To the extent that a collective described in subparagraph (A) accepts a letter of direction under that subparagraph, the person entitled to payment pursuant to the letter of direction shall, during the period in which the letter of direction is in effect and carried out by the collective, be treated for all purposes as the owner of the right to receive such payment, and the payee providing the letter of direction to the collective shall be treated as having no interest in such payment.

“(C) AUTHORITY OF COLLECTIVE.—This paragraph shall not be construed in such a manner so that the collective is not authorized to accept or act upon payment instructions in circumstances other than those to which this paragraph applies.”

“(i) CERTIFICATION OF ATTEMPT TO OBTAIN A LETTER OF DIRECTION.—The person described in subparagraph (B) who is to receive the distribution has certified to the collective, under penalty of perjury, that—

“(I) for a period of not less than 120 days, that person made reasonable efforts to contact the artist payee for such sound recording to request and obtain a letter of direction instructing the collective to pay to that person a portion of the royalties payable to the featured recording artist or artists; and

“(II) during the period beginning on the date on which that person began the reasonable efforts described in subclause (I) and ending on the date of that person’s certification to the collective, the artist payee did not affirm or deny in writing the request for a letter of direction.

“(ii) COLLECTIVE ATTEMPT TO CONTACT ARTIST.—After receipt of the certification described in clause (i) and for a period of not less than 120 days before the first distribution by the collective to the person described in subparagraph (B), the collective attempts, in a reasonable manner as determined by the collective, to notify the artist payee of the certification made by the person described in subparagraph (B).

ness days before the date on which the first distribution is made, submit to the collective in writing an objection to the distribution.

“(B) **ELIGIBILITY FOR PAYMENT.**—A person shall be eligible for payment under subparagraph (A) if the person—

“(i) is a producer, mixer, or sound engineer of the sound recording;

“(ii) has entered into a written contract with a record company involved in the creation or lawful exploitation of the sound recording, or with the recording artist or artists featured on the sound recording (or the persons conveying rights in the artists’ performance in the sound recording), under which the person seeking payment is entitled to participate in royalty payments that are based on the exploitation of the sound recording and are payable from royalties otherwise payable to the recording artist or artists featured on the sound recording (or the persons conveying rights in the artists’ performance in the sound recording);

“(iii) made a creative contribution to the creation of the sound recording; and

“(D) **OBJECTION TO PAYMENT.**—Not later than 10 business days after the date on which the collective receives from the artist payee a written objection to a distribution made pursuant to subparagraph (A), the collective shall cease making any further payment relating to such distribution. In any case in which the collective has made 1 or more distributions pursuant to subparagraph (A) to a person described in subparagraph (B) before the date that is 10 business days after the date on which the collective receives from the artist payee an objection to such distribution, the objection shall not affect that person’s entitlement to any distribution made before the collective ceases such distribution under this subparagraph.

“(E) **OWNERSHIP OF THE RIGHT TO RECEIVE PAYMENTS.**—To the extent that the collective determines that a distribution will be made under subparagraph (A) to a person described in subparagraph (B), such person shall, during the period covered by such distribution, be treated for all purposes as the owner of the right to receive such payments, and the artist payee to whom such payments would otherwise be payable shall be treated as having no interest in such payments.

“(F) **ARTIST PAYEE DEFINED.**—In this paragraph, the term ‘artist payee’ means a person, other than a person described in subparagraph (B), who owns the right to receive all or part of the receipts payable under paragraph (2)(D) with respect to a sound recording. In a case in which there are multiple artist payees with respect to a sound recording, an objection by 1 such payee shall apply only to that payee’s share of the receipts payable under paragraph (2)(D), and shall not preclude payment under subparagraph (A) from the share of an artist payee that does not so object.”

(c) **TECHNICAL AND CONFORMING AMENDMENTS.**—Section 114(g) of title 17, United States Code, as amended by subsections (a) and (b), is further amended—

¶133.44 CHILD SAFETY IN CUSTODY AND VISITATION ADJUDICATIONS

Mr. RUTHERFORD moved to suspend the rules and agree to the following concurrent resolution (H. Con. Res. 72); as amended:

Whereas approximately 15 million children are exposed each year to domestic violence and/or child abuse, which are often linked;

Whereas child sexual abuse is significantly under-documented, and under-addressed in the legal system;

Whereas child abuse is a major public health issue in the United States, with total lifetime estimated financial costs associated with just one year of confirmed cases of child maltreatment (including physical abuse, sexual abuse, psychological abuse and neglect) amounting to approximately \$124 billion;

Whereas according to the Centers for Disease Control and Prevention, federally launched, funded and tracked longitudinal research into "adverse childhood experiences" (the ACEs study) has shown that "children who experience abuse and neglect are also at increased risk for adverse health effects and certain chronic diseases as adults, including heart disease, cancer, chronic lung disease, liver disease, obesity, high blood pressure, high cholesterol, and high levels of C-reactive protein";

Whereas research confirms that allegations of domestic violence, child abuse, and child sexual abuse are often discounted when raised in child custody litigation;

Whereas research shows that abusive parents are often granted custody or unprotected parenting time by courts, placing children at ongoing risk;

Whereas research confirms that a child's risk of abuse increases after a perpetrator of domestic violence separates from a domestic partner, even when the perpetrator has not previously abused the child;

Whereas researchers have documented a minimum of 653 children murdered in the United States since 2008 by a parent involved in a divorce, separation, custody, visitation, or child support proceeding, often after access was provided by family courts over the objections of a protective parent;

Whereas scientifically unsound theories are frequently applied to reject parents' and children's reports of abuse;

Whereas in cases involving allegations of family violence courts should rely on the assistance of third-party professionals only when they possess the proper experience or expertise for assessing family violence and trauma, and apply scientifically sound and evidence-based theories;

Whereas most States lack standards defining required expertise and experience for court-affiliated or appointed fee-paid professionals in custody litigation or the required contents of custody-related expert reports; and

Whereas custody litigation involving abuse allegations is sometimes prohibitively expensive, resulting in parental bankruptcy, as a result of court-mandated payments to appointed fee-paid professionals, in addition to attorneys' fees: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That it is the sense of Congress that—

(1) child safety is the first priority of custody and parenting adjudications, and courts should resolve safety risks and claims of family violence first, as a fundamental consideration, before assessing other best interest factors;

(2) all evidence admitted in custody and parenting adjudications should be subject to evidentiary admissibility standards;

(3) evidence from court-affiliated or appointed fee-paid professionals regarding adult or child abuse allegations in custody cases should be admitted only when the professional possesses documented expertise and experience in the relevant types of abuse, trauma, and the behaviors of victims and perpetrators;

(4) States should define required standards of expertise and experience for appointed fee-paid professionals who provide evidence to the court on abuse, trauma and behaviors of victims and perpetrators, should specify re-

quirements for the contents of such professional reports, and should require courts to find that any appointed professionals meet those standards;

(5) States should consider models under which court-appointed professionals are paid directly by the courts, with potential reimbursement by the parties after due consideration of the parties' financial circumstances; and

(6) Congress should schedule hearings on family courts' practices with regard to the objective, fair, and unbiased adjudication of children's safety and civil rights.

SEC. 157. MINORITY AND DISADVANTAGED BUSINESS PARTICIPATION.

(a) FINDINGS.—Congress finds the following:

(1) While significant progress has occurred due to the establishment of the airport disadvantaged business enterprise program (sections 47107(e) and 47113 of title 49, United States Code), discrimination and related barriers continue to pose significant obstacles for minority- and women-owned businesses seeking to do business in airport-related markets across the Nation. These continuing barriers merit the continuation of the airport disadvantaged business enterprise program.

(2) Congress has received and reviewed testimony and documentation of race and gender discrimination from numerous sources, including congressional hearings and roundtables, scientific reports, reports issued by public and private agencies, news stories, reports of discrimination by organizations and individuals, and discrimination lawsuits. This testimony and documentation shows that race- and gender-neutral efforts alone are insufficient to address the problem.

(3) This testimony and documentation demonstrates that discrimination across the Nation poses a barrier to full and fair participation in airport-related businesses of women business owners and minority business owners in the racial groups detailed in parts 23 and 26 of title 49, Code of Federal Regulations, and has impacted firm development and many aspects of airport-related business in the public and private markets.

(4) This testimony and documentation provides a strong basis that there is a compelling need for the continuation of the airport

disadvantaged business enterprise program and the airport concessions disadvantaged business enterprise program to address race and gender discrimination in airport-related business.

(b) PROMPT PAYMENTS.—

(1) REPORTING OF COMPLAINTS.—Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall ensure that each airport that participates in the Program tracks, and reports to the Administrator, the number of covered complaints made in relation to activities at that airport.

(B) CONTENTS OF ASSESSMENT.—In carrying out subparagraph (A), the Administrator shall assess—

(i) whether requirements relating to the inclusion of prompt payment language in contracts are being satisfied;

(ii) whether and how airports are enforcing prompt payment requirements;

(iii) the processes by which covered complaints are received and resolved by airports;

(iv) whether improvements need to be made to—

(I) better track covered complaints received by airports; and

(II) assist the resolution of covered complaints in a timely manner;

(v) whether changes to prime contractor specifications need to be made to ensure prompt payments to subcontractors; and,

(vi) whether changes to prime contractor specifications need to be made to ensure prompt payment of retainage to subcontractors.

(C) REPORTING.—The Administrator shall make available to the public on an appropriate website operated by the Administrator a report describing the results of the assessment completed under this paragraph, including a plan to respond to such results.

Such provision of a tax, fee, or charge shall continue to be subject to the requirements to which such provision was subject under that section as in effect on the day before the date of enactment of this Act.
