Background

FDA's Northeast Region (NER) is responsible for carrying out the programs of FDA's Office of Regulatory Affairs (ORA) within a geographical area that includes seven states: Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont. Principal components of NER include the Regional Office, the New York District Office, and the Northeast Regional Laboratory (NERL). These are all currently located at 158-15 Liberty Avenue, Jamaica, NY (the Jamaica Complex). NER has regulatory responsibility over more than 18,000 private firms within its inspectional jurisdiction, with the largest number of firms being in the food and medical-device areas. NER's regulatory efforts promote and protect the health of the public by ensuring the safety, efficacy, and security of medical devices, as well as the safety of radiation-emitting products. FDA is also responsible for enforcing legislation such as the Federal Food, Drug and Cosmetic Act and the Food Safety Modernization Act.

FDA must have laboratory facilities that are fully functioning to protect the public and ensure effective global and domestic commerce. ORA operates high-throughput field laboratories, located strategically across the United States, to support FDA's mission to protect the public health and to create new knowledge in the field of regulatory science.

GSA will consider whether FDA's continued housing needs can be satisfied in the existing location based on an analysis of other potential locations within the delineated area. If other potential locations are identified, GSA will conduct a cost-benefit analysis to determine whether the Government can expect to recover the relocation and duplication costs of real and personal property needed for FDA to accomplish its mission.

Justification

Remaining at the Jamaica Complex will ensure that FDA makes the best use of its investment in the existing flexible, modern space and reliable building systems. The current location supports evolving regulatory science within a secure, safe, and healthy work environment for FDA employees. Extending the service life of the Jamaica Complex, and of the Bio Safety Level 3 (BSL-3) laboratory in particular, by renewing the existing lease will improve the economic performance of the significant investment of taxpayer dollars required to establish and maintain the facility.

NERL is one of FDA's largest field laboratories. This key laboratory responds to outbreaks involving food and microbiological pathogens. The laboratory's areas of expertise and specialization include:

analysis for microbial pathogens, pesticides, food additives, mycotoxins, colors, insanitation, decomposition, cosmetics, heavy metals in foods, and quality and purity in pharmaceuticals.

Specialized laboratory capabilities include:

- Mass Spectrometry Center;
- Microbiological Bio-Clean Room (State-of-the-Art Class 100);
- Marine Toxins Laboratory;
- Counterterrorism Toxic Chemical and Poison Analysis; and
- BSL-3 Laboratory (operated and maintained in accordance with 42 CFR 73.7).

Currently, the BSL-3 laboratory is undergoing a recertification to remain compliant with regulatory laws. The biosafety level designation establishes the biocontainment precautions required to isolate dangerous biological agents in the enclosed laboratory facility. BSL-3 facilities provide the appropriate containment environment for working with biological select agents and toxins that have the potential to pose a severe or potentially lethal disease after inhalation.

The current lease at 158-15 Liberty Avenue, Jamaica, NY, expires on October 19, 2019. FDA requires continued housing to carry out its mission.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the extension. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

COMMITTEE RESOLUTION

LEASE—DEPARTMENT OF LABOR, SEATTLE, WA

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease of up to 84,937 rentable square feet of space, including 20 official parking spaces, for the Department of Labor currently located at 300 5th Avenue in Seattle, Washington at a proposed total annual cost of \$3,958,914 for a lease term of up to 3 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agencies agree to apply an overall utilization rate of 250 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in

an overall utilization rate of 250 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chairman or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if

it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

The proposed extension will enable DOL to provide continued housing for its personnel while a renovation project to allow for relocation and consolidation into federally owned space is completed.

Background

DOL promotes and develops the welfare of the wage earners, job seekers, and retirees of the United States; improves working conditions; advances opportunities for profitable employment; and assures work-related benefits and rights. The Seattle DOL Regional Office houses district and field offices for 11 agencies.

¹ Five other agencies are included in the existing lease at 300 5th Ave.; their space needs will be negotiated and procured separately.

Justification

The current lease at 300 5th Avenue expires October 31, 2020. DOL is scheduled to consolidate this office and relocate to the Federal Office Building (FOB) at 909 First Avenue in Seattle, by October 1, 2021. DOL requires continued housing at its current location until the new space is readied for occupancy. DOL will backfill vacant space made available from a recent Department of the Interior–National Park Service (NPS) consolidation project in the FOB, and a Department of Housing and Urban Development (HUD) relocation and consolidation from the FOB to the Jackson Federal Building (JFB) at 915 Second Avenue in Seattle. The consolidation project will reduce DOL's all-in utilization rate from 250 to 166 per person with a reduction in usable square footage from 74,832 to 49,637.

The DOL move to the FOB is dependent on the completion of the NPS consolidation and HUD's relocation to the JFB. The 3-year term is requested to cover any potential delays in the coordination of these projects.

Executive Summary

The General Services Administration (GSA) proposes a replacement lease of approximately 201,000 rentable square feet (RSF) for the Court Services and Offender Supervision Agency for the District of Columbia (CSOSA), the Pretrial Services Agency for the District of Columbia (PSA), and the Public Defender Service for the District of Columbia (PDS) in Washington, DC. CSOSA, PSA, and PDS are currently housed in three leased locations, which include three GSA leases (located at 633 Indiana Avenue NW since 1999, and 1025 F Street NW since 2010), and two leases executed by CSOSA and PSA under a delegation from GSA (located at 601 Indiana Avenue NW).

The new lease will provide continued housing for CSOSA, PSA, and PDS and will improve their office utilization rate from 115 usable square feet (USF) per person to 93 USF and their overall space utilization rate from 212 USF to 204 USF per person, respectively.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for CSOSA, PSA, and PDS, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The National Capital Revitalization and Self-Government Improvement Act first established CSOSA in 1997 to provide community supervision for adult offenders on probation, parole, and supervised release in the District of Columbia. CSOSA's mission is to enhance public safety, prevent crime, and reduce recidivism among those supervised and to support the fair administration of justice in close collaboration with the community.

PSA's mission is to promote pretrial justice and enhance community safety. It assists judicial officers in both the Superior Court of the District of Columbia and the United States District Court for the District of Columbia by conducting a risk assessment for every arrested person who will be presented in court and formulating release or detention recommendations. PDS' mission is to promote and provide quality court-appointed counsel in criminal and juvenile delinquency cases pending before the Superior Court of the District of Columbia.

Justification

Due to the nature of their functions, CSOSA, PSA, and PDS need to be housed within close proximity to the courts to address mission-based matters that may arise with the sentencing and/or supervision of their clients. CSOSA staff supervises approximately 14,000 offenders on any given day. The court often directs probationers to report promptly to CSOSA for a variety of reasons that may require immediate attention before judicial decisions can be made. For the defendants who are placed on conditional release pending trial, PSA provides supervision and treatment services that reasonably assure that they return to court and do not engage in criminal activity pending their trial and/or sentencing. PDS staff makes frequent trips to the DC Superior Court daily in support of

PDS's work, and the court relies heavily on the immediate availability of PDS staff to attend to the many matters that may arise.

These agencies have housed their offices in close proximity to the courts since their creation. They anticipate continued housing needs beyond the proposed term of this lease (20 years).

CSOSA's goal is to reduce its real estate footprint through consolidation and vacating some of its existing locations. CSOSA will reduce its real estate footprint and operational costs through open space plans and office sharing, where feasible. While neither PDS nor PSA have published reduction goals, the proposed project reflects reductions from their current footprint.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

PROSPECTUS – LEASE
DEPARTMENT OF HOMELAND SECURITY
SECRET SERVICE
BROOKLYN, NY

Prospectus Number: PNY-04-BR18
Congressional District: 7

Background

The current lease became effective on October 5, 2001—shortly after the September 11, 2001, attacks destroyed USSS' Regional Headquarters Office located at 7 World Trade Center—and expires on October 30, 2018. The lease was executed under an emergency blanket authorization. GSA pays approximately \$4,726,378 in annual lease contract rent.

Justification

USSS has housed its Regional Headquarters in Brooklyn since 2001. Extension of the current lease will enable USSS to provide continued housing for its personnel and meet its mission requirements. A 5-year lease extension will provide GSA and USSS the opportunity for a coordinated USSS relocation plan. GSA will attempt to negotiate a flexible lease term of 5 years with termination rights after the third year to mitigate vacancy risk in the event a new location for USSS is ready for occupancy in less than 5 years.

It is anticipated that USSS will consolidate the larger USSS footprint throughout the New York City area into a long-term solution.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the extension. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

On motion of Mr. MARINO, by unanimous consent, the Committee on the Judiciary was discharged from further consideration of the bill of the Senate

(S. 2152) to amend title 18, United States Code, to provide for assistance for victims of child pornography, and for other purposes.

When said bill was considered and read twice.

Mr. MARINO submitted the following amendment which was agreed to:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Amy, Vicky, and Andy Child Pornography Victim Assistance Act of 2018”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) The demand for child pornography harms children because it drives production, which involves severe child sexual abuse and exploitation.

(2) The harms caused by child pornography begin, but do not end, with child sex assault because child pornography is a permanent record of that abuse and trafficking in those images compounds the harm to the child.

(3) In *Paroline v. United States* (2014), the Supreme Court recognized that “every viewing of child pornography is a repetition of the victim’s abuse”.

(4) The American Professional Society on the Abuse of Children has stated that for victims of child pornography, “the sexual abuse of the child, the memorialization of that abuse which becomes child pornography, and its subsequent distribution and viewing become psychologically intertwined and each compound the harm suffered by the child-victim”.

(5) Victims suffer continuing and grievous harm as a result of knowing that a large, indeterminate number of individuals have viewed and will in the future view images of their childhood sexual abuse. Harms of this sort are a major reason that child pornography is outlawed.

(6) The unlawful collective conduct of every individual who reproduces, distributes, or possesses the images of a victim’s childhood sexual abuse plays a part in sustaining and aggravating the harms to that individual victim.

(7) It is the intent of Congress that victims of child pornography be compensated for the harms resulting from every perpetrator who contributes to their anguish. Such an aggregate causation standard reflects the nature of child pornography and the unique ways that it actually harms victims.

SEC. 3. DETERMINING RESTITUTION.

(a) DETERMINING RESTITUTION.—Section 2259(b) of title 18, United States Code, is amended—

(1) in paragraph (1)—

(A) by striking “The order” and inserting “Except as provided in paragraph (2), the order”; and

(B) by striking “as determined by the court pursuant to paragraph (2)” after “of the victim’s losses”;

(2) by striking paragraph (3);

(3) by redesignating paragraph (2) as paragraph (3); and

(4) by inserting after paragraph (1) the following:

“(2) RESTITUTION FOR TRAFFICKING IN CHILD PORNOGRAPHY.—If the defendant was convicted of trafficking in child pornography, the court shall order restitution under this section in an amount to be determined by the court as follows:

“(A) DETERMINING THE FULL AMOUNT OF A VICTIM’S LOSSES.—The court shall determine the full amount of the victim’s losses that were incurred or are reasonably projected to be incurred by the victim as a result of the trafficking in child pornography depicting the victim.

“(B) DETERMINING A RESTITUTION AMOUNT.—After completing the determination required under subparagraph (A), the court shall order restitution in an amount that reflects the defendant’s relative role in the causal process that underlies the victim’s losses, but which is no less than \$3,000.

“(C) TERMINATION OF PAYMENT.—A victim’s total aggregate recovery pursuant to this section shall not exceed the full amount of the victim’s demonstrated losses. After the victim has received restitution in the full amount of the victim’s losses as measured by the greatest amount of such losses found in any case involving that victim that has resulted in a final restitution order under this section, the liability of each defendant who is or has been ordered to pay restitution for such losses to that victim shall be terminated. The court may require the victim to provide information concerning the amount of restitution the victim has been paid in other cases for the same losses.”.

(b) ADDITIONAL DEFINITIONS.—Section 2259(c) of title 18, United States Code, is amended—

(1) in the heading, by striking “DEFINITION” and inserting “DEFINITIONS”;

(2) by striking “For purposes” and inserting the following:

“(4) VICTIM.—For purposes”;

(3) by striking “under this chapter, including, in the case” and inserting “under this chapter. In the case”;

(4) by inserting after “or any other person appointed as suitable by the court,” the following: “may assume the crime victim’s rights under this section.”; and

(5) by inserting before paragraph (4), as so designated, the following:

“(1) CHILD PORNOGRAPHY PRODUCTION.—For purposes of this section and section 2259A, the term ‘child pornography production’ means conduct proscribed by subsections (a) through (c) of section 2251, section 2251A, section 2252A(g) (in cases in which the series of felony violations involves at least 1 of the violations listed in this subsection), section 2260(a), or any offense under chapter 109A or chapter 117 that involved the production of child pornography (as such term is defined in section 2256).

“(2) FULL AMOUNT OF THE VICTIM’S LOSSES.—For purposes of this subsection, the term ‘full amount of the victim’s losses’ includes any costs incurred, or that are reasonably projected to be incurred in the future, by the victim, as a proximate result of the offenses involving the victim, and in the case of trafficking in child pornography offenses, as a proximate result of all trafficking in child pornography offenses involving the same victim, including—

“(A) medical services relating to physical, psychiatric, or psychological care;

“(B) physical and occupational therapy or rehabilitation;

“(C) necessary transportation, temporary housing, and child care expenses;

“(D) lost income;

“(E) reasonable attorneys’ fees, as well as other costs incurred; and

“(F) any other relevant losses incurred by the victim.

“(3) TRAFFICKING IN CHILD PORNOGRAPHY.—For purposes of this section and section 2259A, the term ‘trafficking in child pornography’ means conduct proscribed by section 2251(d), 2252, 2252A(a)(1) through (5), 2252A(g) (in cases in which the series of felony violations exclusively involves violations of section 2251(d), 2252, 2252A(a)(1) through (5), or 2260(b)), or 2260(b)).”.

(c) CLERICAL AMENDMENT.—Section 1593(b)(3) of title 18, United States Code, is amended by striking “section 2259(b)(3)” and inserting “section 2259(c)(2)”.

SEC. 4. DEFINED MONETARY ASSISTANCE.

“(d) DEFINED MONETARY ASSISTANCE.—

“(1) DEFINED MONETARY ASSISTANCE MADE AVAILABLE AT VICTIM’S ELECTION.—

“(A) ELECTION TO RECEIVE DEFINED MONETARY ASSISTANCE.—Subject to paragraphs (2) and (3), when a defendant is convicted of trafficking in child pornography, any victim of that trafficking in child pornography may choose to receive defined monetary assistance from the Child Pornography Victims Reserve established under section 1402(d)(6) of the Victims of Crime Act of 1984 (34 U.S.C. 20101(d)).

“(B) FINDING.—To be eligible for defined monetary assistance under this subsection, a court shall determine whether the claimant is a victim of the defendant who was convicted of trafficking in child pornography.

“(C) ORDER.—If a court determines that a claimant is a victim of trafficking in child pornography under subparagraph (B) and the claimant chooses to receive defined monetary assistance, the court shall order payment in accordance with subparagraph (D) to the victim from the Child Pornography Victims Reserve established under section 1402(d)(6) of the Victims of Crime Act of 1984.

“(C) DEDUCTION.—If a victim who received defined monetary assistance under this subsection subsequently seeks restitution under this section, the court shall deduct the amount the victim received in defined monetary assistance when determining the full amount of the victim’s losses.

“(3) LIMITATIONS ON ELIGIBILITY.—A victim who has collected payment of restitution pursuant to this section in an amount greater than the amount provided for under paragraph (1)(D) shall be ineligible to receive defined monetary assistance under this subsection.

“(4) ATTORNEY FEES.—

“(A) IN GENERAL.—An attorney representing a victim seeking defined monetary assistance under this subsection may not charge, receive, or collect, and the court may not approve, any payment of fees and costs that in the aggregate exceeds 15 percent of any payment made under this subsection.

“(B) PENALTY.—An attorney who violates subparagraph (A) shall be fined under this title, imprisoned not more than 1 year, or both.”.

Whereas Liberia and the United States share close historical, political, and economic ties over the course of a nearly 200-year relationship;

Whereas the people and Government of the United States have a deep interest in Liberia's democratic stability and postconflict development;

Whereas the civil war from 1991 to 2002 resulted in the death of over 200,000 people in Sierra Leone and Liberia, the displacement of over 1,000,000 persons, and the horrific cases of amputations, mass rape, and human rights abuses conducted under the leadership of Charles Taylor;

Whereas Charles Taylor was convicted through the Special Court for Sierra Leone for 11 different charges of war crimes, crimes against humanity, such as rape, sexual abuse, and slavery, and violation of international law, including the use of child soldiers;

Whereas a comprehensive peace agreement was signed by the Government of Liberia, rebel groups, and political parties in 2003;

Whereas the Truth and Reconciliation Commission, as established under the 2003 comprehensive peace agreement, was for-

mally created in 2005 with a mandate "to promote national peace, security, unity and reconciliation by investigating gross human rights violations and violations of humanitarian law, sexual violations, and economic crimes that occurred between January 1979 and October 2003";

Whereas the Truth and Reconciliation Commission released a report in December 2008 recommending the establishment of an Extraordinary Criminal Tribunal for Liberia and listed individuals, corporations, and institutions recommended for further investigation and prosecution, among other recommendations;

Whereas the Government of Liberia has not fully implemented the recommendations of the Truth and Reconciliation Agreement to date, including the establishment of an Extraordinary Criminal Tribunal;

Whereas Liberia experienced its first democratic and peaceful transition of power since 1944 after President Ellen Johnson Sirleaf respected constitutional term limits and George Weah defeated Vice President Joseph Boakai following a runoff during the 2017 Presidential elections;

Whereas the United States congratulated the people of Liberia on the successful conclusion of the Presidential runoff election and recognized the important role Liberia's Supreme Court, political parties, security forces, and civil society organizations played in holding a peaceful and transparent contest; and

Whereas the United States Government and American citizens have invested in Liberia to rebuild and support democratic institutions, postconflict recovery, economic growth, improved access to education and health care, professionalization of the country's military and civilian security forces, and efforts to foster accountability and transparency of government institutions: Now, therefore, be it

Resolved, That the House of Representatives—

(1) upholds its commitment to maintain and foster the enduring relationship between the people and the Governments of the United States and Liberia;

(2) urges the Government and people of Liberia to support the truth and reconciliation process through full implementation of the recommendations of the Truth and Reconciliation Commission, including the establishment of an Extraordinary Criminal Tribunal; and

(3) supports efforts by the Department of State and United States Agency for International Development to advance Liberian efforts toward national reconciliation through continued support for the rule of law, effective governance, and the robust role of civil society.

Whereas United States and Australia defense cooperation extends back 100 years, to the Battle of Hamel in World War I;

Whereas the Australia, New Zealand, United States Security Treaty, also referred to as the ANZUS Treaty, has formed the framework of the United States-Australia alliance since 1951;

Whereas the Australia-United States Ministerial Consultation, also referred to as AUSMIN, has contributed to a deeper partnership between the two nations;

Whereas the National Aeronautics and Space Administration (NASA) notes that, "The United States and Australia have been cooperating in civil space for more than 50 years";

Whereas the United States Apollo missions and subsequent space science and exploration conducted by the United States benefited greatly from the partnership with our Australian allies;

Whereas Neil Armstrong's first steps on the surface of the Moon were relayed to Houston through the Honeysuckle Creek site in Australia;

Whereas NASA also notes that, "The Canberra complex is an integral component of NASA's Deep Space Network (DSN), the world's largest and most sensitive scientific telecommunications system";

Whereas the Canberra Deep Space Communication Complex (CDSCC) is one of NASA's largest tracking and communication facilities outside the United States;

Whereas, on Tuesday, October 17, 2017, Australian Ambassador to the United States Joe Hockey and Acting NASA Administrator Robert Lightfoot signed a 25-year agreement for continued cooperation on space cooperation, including on space tracking;

Whereas the United States and Australian governments have jointly committed to expanding Space Situational Awareness (SSA);

Whereas United States-Australia cooperation on SSA is critical to maximize defense capabilities, monitoring environmental changes, avoiding space congestion and collisions, and protecting against exploitation from the growing counter-space capabilities of our adversaries;

Whereas, on September 24, 2017, the Government of Australia under Prime Minister Malcolm Turnbull committed to creating the Australian Space Agency, with operations beginning on July 1, 2018; and

Whereas the Australian Space Agency commenced operations on July 1, 2018: Now, therefore, be it

Resolved, That the House of Representatives—

(1) commends the Australian Government in constituting the Australian Space Agency;

(2) recognizes the value in United States-Australia cooperation on space research, exploration, and utilization, including on terrestrial research, commercial activities, and human and robotic space exploration;

(3) supports international cooperation on space research, exploration, and utilization and other forms of space diplomacy as being in the national interest of the United States;

(4) encourages the Department of State to support and facilitate international cooperation with Australia on space research, exploration, and utilization through diplomatic efforts, including through the Australia-United States Ministerial Consultations

(AUSMIN) forum and multilateral initiatives with Japan, Canada, the European Union, and other partners of both the United States and Australia; and

(5) supports deeper cooperation with our Australian allies in contributing each country's unique strengths and resources to mutual prosperity and security.

Morelle was elected Representative to Congress for the 25th Congressional District, State of New York.

With best wishes, I am
 Sincerely,

KAREN L. HAAS,

NEW YORK STATE
 BOARD OF ELECTIONS,
 Albany, NY, November 7, 2018.

Hon. KAREN L. HAAS,
Clerk, House of Representatives, Washington DC.

DEAR MS. HAAS: This is to advise you that the unofficial results of the Special Election held on Tuesday, November 6, 2018 for Representative in Congress from the Twenty-fifth Congressional District of New York show that Joseph D. Morelle received 145,168 votes, Jim Maxwell received 103,510 votes, and there were 145 write-in votes of the 248,823 total votes cast for that office on Election Day.

It would appear from these unofficial results that Joseph D. Morelle was elected as Representative in Congress from the Twenty-fifth Congressional District of New York. Please see also attached notice of unofficial results from the Monroe County Board of Elections. New York Congressional District Twenty-five is wholly contained within that county.

To the best of our knowledge and belief at this time, there is no contest to this election.

As soon as the official results are certified to this office by the Monroe County Board of Elections and the New York State Board of Canvassers, an official Certification of Election will be prepared for transmittal as required by law.

Sincerely,

ROBERT A. BREHM,
Co-Executive Director.
 TODD D. VALENTINE,
Co-Executive Director.

¶149.27 COMMUNICATION FROM THE
 CLERK—CERTIFICATE OF ELECTION

The SPEAKER laid before the House a communication, which was read as follows:

OFFICE OF THE CLERK,
 U.S. HOUSE OF REPRESENTATIVES,
 Washington, DC, November 9, 2018.

Hon. PAUL D. RYAN,
The Speaker, U.S. Capitol, House of Representatives, Washington, DC.

DEAR MR. SPEAKER: I have the honor to transmit herewith a scanned copy of a letter received from the Honorable Mary Fallin, Governor of Oklahoma, indicating that the Honorable Kevin Hern of the First Congressional District, is elected to fill the vacancy in the 115th Congress created by the resignation of the Honorable Jim Bridenstine on April 23, 2018.

This certification has been submitted under the laws of Oklahoma as stated in the accompanying documents.

With best wishes, I am
 Sincerely,

KAREN L. HAAS,
Clerk of the House.

NOVEMBER 8, 2018.

Hon. KAREN L. HAAS,
Clerk, House of Representatives, Washington, DC.

DEAR MS. HAAS: The provisions of 26 O.S. 12-101(B) (Oklahoma Statutes) require the election held November 6, 2018, for the seat to which Kevin Hern was elected, to be treated as election, within the meaning of Oklahoma law, to fill the unexpired term of Jim Bridenstine who resigned on Monday, April 23, 2018. Accordingly, pursuant to that statute, my appointment, as Governor of the State of Oklahoma, is the ministerial act incident to that election.

Sincerely,

MARY FALLIN,
Governor.

ORDER OF APPOINTMENT

TO SECRETARY OF STATE, OKLAHOMA STATE CAPITAL, OKLAHOMA CITY, OKLAHOMA

Please file for record the following executive order. By virtue of the authority vested in me as Governor of the State of Oklahoma, I hereby appoint: Kevin Hern as United States Representative, District 1 for the unexpired term of Jim Bridenstine who resigned on Monday, April 23, 2018 and, whose term expired on January 3, 2019 as provided by 26 O.S., Section 12-101(B)

Signed this 8th day of November, 2018

By the Governor of the State of Oklahoma
 MARY FALLIN,

Attest:

JAMES A. WILLIAMSON,
Secretary of State.

¶149.28 COMMUNICATION FROM THE
 CLERK—CERTIFICATE OF ELECTION

The SPEAKER laid before the House a communication, which was read as follows:

OFFICE OF THE CLERK,
 U.S. HOUSE OF REPRESENTATIVES,
 Washington, DC, November 13, 2018.

Hon. PAUL D. RYAN,
The Speaker, U.S. Capitol, House of Representatives, Washington, DC.

DEAR MR. SPEAKER: I have the honor to transmit herewith a scanned copy of a letter received from Mr. Jonathan Marks, Commissioner, Bureau Commissions, Election and Legislation, Department of State, Commonwealth of Pennsylvania, indicating that, according to the preliminary results of the Special Election held November 6, 2018, the Honorable Mary Gay Scanlon was elected Representative to Congress for the Seventh Congressional District, Commonwealth of Pennsylvania.

With best wishes, I am
 Sincerely,

KAREN L. HAAS,
Clerk of the House.

COMMONWEALTH OF PENNSYLVANIA,
 BUREAU COMMISSIONS, ELECTIONS AND
 LEGISLATION,
 Harrisburg, PA, November 9, 2018.

Hon. KAREN L. HAAS,
Clerk, House of Representatives, Washington, DC.

DEAR MS. HAAS: This is to advise you that the unofficial results of the Special Election held on Tuesday, November 6, 2018, for Representative in Congress for the 7th Congressional District of Pennsylvania, show that Mary Gay Scanlon received 167,680 votes or 52.02% of the total number of votes cast for that office.

It would appear from these unofficial results that Mary Gay Scanlon was elected as Representative in Congress from the 7th Congress District of Pennsylvania.

To the best of our knowledge and belief at this time, there is no contest to this election. Furthermore, the possibility of a recount is unlikely because the provisional ballots and military and overseas absentee ballots that are yet to be counted are not in great enough number to potentially alter the outcome of this election.

As soon as the official results are certified to this office by all counties involved, an official Certificate of Election will be prepared for transmittal as required by law.

Sincerely,

JONATHAN MARKS,
Commissioner.

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Iraq and Syria Genocide Relief and Accountability Act of 2018”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) *The Secretary of State declared on March 17, 2016, and on August 15, 2017, that Daesh (also known as the Islamic State of Iraq and Syria or ISIS) is responsible for genocide, crimes against humanity, and other atrocity crimes against religious and ethnic minority groups in Iraq and Syria, including Christians, Yezidis, and Shia, among other religious and ethnic groups.*

(2) *According to the Department of State’s annual reports on international religious freedom—*

(A) *the number of Christians living in Iraq has dropped from an estimated 800,000 to 1,400,000 in 2002 to fewer than 250,000 in 2017; and*

(B) *the number of Yezidis living in Iraq has fluctuated from 500,000 in 2013, to between 350,000 and 400,000 in 2016, and between 600,000 and 750,000 in 2017.*

(3) *The annual reports on international religious freedom further suggest that—*

(A) *Christian communities living in Syria, which had accounted for between 8 and 10 percent of Syria’s total population in 2010, are now “considerably” smaller as a result of the civil war, and*

(B) *there was a population of approximately 80,000 Yezidis before the commencement of the conflict in Syria.*

(4) *Local communities and entities have sought to mitigate the impact of violence directed against religious and ethnic minorities in Iraq and Syria, including the Chaldean Catholic Archdiocese of Erbil (Kurdistan Region of Iraq), which has used predominantly private funds to provide assistance to internally displaced Christians, Yezidis, and Muslims throughout the greater Erbil region, while significant needs and diminishing resources have made it increasingly difficult to continue these efforts.*

“§ 1922. Appointments

“Appointments to cadetships shall be made under regulations prescribed by the Secretary, who shall determine age limits, methods of selection of applicants, term of service as a cadet before graduation, and all other matters affecting such appointments. In the administration of this section, the Secretary shall take such action as may be necessary and appropriate to insure that female individuals shall be eligible for appointment and admission to the Coast Guard Academy, and that the relevant standards required for appointment, admission, training, graduation, and commissioning of female individuals shall be the same as those required for male individuals, except for those minimum essential adjustments in such standards required because of physiological differences between male and female individuals.”;

(C) by inserting before section 1926 (as so redesignated and transferred under subsection (b)) the following:

“§ 1924. Conduct

“The Secretary may summarily dismiss from the Coast Guard any cadet who, during his cadetship, is found unsatisfactory in either studies or conduct, or may be deemed not adapted for a career in the Coast Guard. Cadets shall be subject to rules governing discipline prescribed by the Commandant.

“§ 1925. Agreement

“(a) Each cadet shall sign an agreement with respect to the cadet’s length of service in the Coast Guard. The agreement shall provide that the cadet agrees to the following:

“(1) That the cadet will complete the course of instruction at the Coast Guard Academy.

“(2) That upon graduation from the Coast Guard Academy the cadet—

“(A) will accept an appointment, if tendered, as a commissioned officer of the Coast Guard; and

“(B) will serve on active duty for at least five years immediately after such appointment.

“(3) That if an appointment described in paragraph (2) is not tendered or if the cadet is permitted to resign as a regular officer before the completion of the commissioned service obligation of the cadet, the cadet—

“(A) will accept an appointment as a commissioned officer in the Coast Guard Reserve; and

“(B) will remain in that reserve component until completion of the commissioned service obligation of the cadet.

“(b)(1) The Secretary may transfer to the Coast Guard Reserve, and may order to active duty for such period of time as the Secretary

prescribes (but not to exceed four years), a cadet who breaches an agreement under subsection (a). The period of time for which a cadet is ordered to active duty under this paragraph may be determined without regard to section 651(a) of title 10.

“(2) A cadet who is transferred to the Coast Guard Reserve under paragraph (1) shall be transferred in an appropriate enlisted grade or rating, as determined by the Secretary.

“(3) For the purposes of paragraph (1), a cadet shall be considered to have breached an agreement under subsection (a) if the cadet is separated from the Coast Guard Academy under circumstances which the Secretary determines constitute a breach by the cadet of the cadet’s agreement to complete the course of instruction at the Coast Guard Academy and accept an appointment as a commissioned officer upon graduation from the Coast Guard Academy.

“(c) The Secretary shall prescribe regulations to carry out this section. Those regulations shall include—

“(1) standards for determining what constitutes, for the purpose of subsection (b), a breach of an agreement under subsection (a);

“(2) procedures for determining whether such a breach has occurred; and

“(3) standards for determining the period of time for which a person may be ordered to serve on active duty under subsection (b).

“(d) In this section, ‘commissioned service obligation’, with respect to an officer who is a graduate of the Academy, means the period beginning on the date of the officer’s appointment as a commissioned officer and ending on the sixth anniversary of such appointment or, at the discretion of the Secretary, any later date up to the eighth anniversary of such appointment.

“(e)(1) This section does not apply to a cadet who is not a citizen or national of the United States.

“(2) In the case of a cadet who is a minor and who has parents or a guardian, the cadet may sign the agreement required by subsection (a) only with the consent of the parent or guardian.

“(f) A cadet or former cadet who does not fulfill the terms of the obligation to serve as specified under section (a), or the alternative obligation imposed under subsection (b), shall be subject to the repayment provisions of section 303a(e) of title 37.”; and

“(3) may, from time to time, as necessary, adjust the location or limits of designated fairways or traffic separation schemes in order to accommodate the needs of other uses that cannot be reasonably accommodated otherwise, except that such an adjustment may not, in the judgment of the Secretary, unacceptably adversely affect the purpose for which the existing designation was made and the need for which continues; and

“(4) shall, through appropriate channels—

“(A) notify cognizant international organizations of any designation, or adjustment thereof; and

“(I) to communicate to affected persons the applicability of the regulation; and

“(II) for affected persons reasonably to comply with the regulation.

“(v) PROCEDURE.—The Secretary shall promulgate the regulations under this subparagraph in accordance with—

“(I) if the unpumpable residual waters and sediments of an empty ballast tank were subject to treatment, in compliance with applicable requirements, through a type-approved ballast water management system approved by the Secretary;

“(II) except as otherwise required under this subsection, if the unpumpable residual waters and sediments of an empty ballast tank were sourced within—

“(aa) the same port or place of destination; or

“(bb) contiguous portions of a single Captain of the Port Zone;

“(III) if complying with an applicable requirement of clause (i)—

“(aa) would compromise the safety of the vessel; or

“(bb) is otherwise prohibited by any Federal, Canadian, or international law (including regulations) pertaining to vessel safety;

“(IV) if design limitations of the vessel prevent a ballast water exchange or saltwater flush from being conducted in accordance with clause (i); or

“(V) if the vessel is operating exclusively within the internal waters of the United States or Canada.

“(C) PERIOD OF USE OF INSTALLED BALLAST WATER MANAGEMENT SYSTEMS.—

“(i) IN GENERAL.—Except as provided in clause (ii), a vessel shall be deemed to be in compliance with a standard of performance for a marine pollution control device that is a ballast water management system if the ballast water management system—

“(v) FACTORS FOR CONSIDERATION.—In developing a policy letter under this subparagraph, the Secretary, in coordination with the Administrator—

“(I) shall take into consideration a testing method that uses organism grow-out and most probable number statistical analysis to determine the concentration of organisms in ballast water that are capable of reproduction; and

“(II) shall not take into consideration a testing method that relies on a staining method that measures the concentration of—

“(aa) organisms greater than or equal to 10 micrometers; and

¶159.7 MESSAGE FROM THE PRESIDENT—DEATH OF FORMER PRESIDENT GEORGE HERBERT WALKER BUSH

The SPEAKER laid before the House a message from the President, which was read as follows:

To the Congress of the United States:

By this Message, I officially inform you of the death of George Herbert Walker Bush, the forty-first President of the United States.

President George H.W. Bush led a life that exemplified what is truly great about America. As with so many of his generation, the Greatest Generation, President Bush worked selflessly throughout his long life to bring about a world of justice and lasting peace. With his passing, we mark one of the last pages of a defining chapter in American history.

Much of George H.W. Bush's life was shaped by global conflict. He began his adult life by volunteering for combat in the Pacific Theater of World War Two. Through his heroic efforts as an aviator in the United States Navy, the youngest in United States history at the time, President Bush flew 58 combat missions, helping to win a hard-fought but fragile peace. Shortly after the war, the Nation found itself confronted with new challenges, including a protracted Cold War and the threat of nuclear annihilation by the Soviet Union. Propelled by his sense of duty to his Nation, George H.W. Bush re-entered public service, first as a Member of Congress, and then as Ambassador to the United Nations, Chief of the United States Liaison Office in China, Director of Central Intelligence, Vice President, and President of the United States.

Resolute through war, President Bush was magnanimous in peace. As the Communist threat subsided, he stood down America's nuclear bombers from the alert posture they had maintained for so long and gently encouraged the development of democracy and free markets in the crumbling Soviet Union. Through these and other gestures of goodwill, President Bush helped to bring the Cold War to a victorious end and to transition the country into a period of sustained peace and prosperity.

During one of his many combat missions as a young man, then-Lieutenant Bush was forced to parachute from his airplane into the ocean below. Many

years later, in celebration of a life of accomplishments in both war and peace, President Bush jumped from another aircraft—this time a helicopter—and parachuted safely onto the grounds of his home in Maine. Fearless, courageous, adventurous, and unyielding, through the highs and lows of the twentieth century and into the next millennium, President Bush served his Nation, creating an example that will inspire generations for decades to come.

DONALD J. TRUMP.

THE WHITE HOUSE, December 3, 2018.

¶162.13 CALLING FOR THE RELEASE OF BURMESE JOURNALISTS

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 1091); as amended:

Whereas in recent decades the Rohingya people have lost, through systematic discrimination by Burmese national, state, and local authorities, a range of civil and political rights, including citizenship, and face barriers today such that they have been rendered stateless;

Whereas the Burmese military and security forces have committed numerous crimes against civilians over many years in Burma's Rakhine, Shan, Kachin, and Karen States;

Whereas beginning August 25, 2017, the Burmese military and security forces, as well as civilian mobs, carried out widespread attacks, rapes, killings, and the burning of villages throughout Rakhine State resulting in approximately 730,000 Rohingya fleeing to Bangladesh and bringing the total Rohingya refugee population in Cox's Bazar to over 900,000;

Whereas on November 14, 2018, Vice President Mike Pence said, "This is a tragedy that has touched the hearts of millions of Americans. The violence and persecution by military and vigilantes that resulted in driving 700,000 Rohingya to Bangladesh is without excuse.";

Whereas to date, though the refugee crisis is not of their making, the Government of Bangladesh has generously accommodated the rapid and massive influx of Rohingya refugees into Cox's Bazar;

Whereas the Government of Bangladesh continues to express concern about the lack of accountability for the perpetrators of these crimes and the need to find durable solutions;

Whereas in June 2018, it was announced that the United Nations and the Government of Burma had reached an agreement for the "voluntary, safe, dignified and sustainable" return of Rohingya to Burma;

Whereas that agreement was contingent upon the provision of unimpeded access to

northern Rakhine by United Nations High Commission on Refugees (UNHCR) and United Nations Development Program (UNDP) in order to verify the necessary conditions on the ground for such voluntary, safe, dignified, and sustainable returns;

Whereas Burma's civilian government, led by State Counsellor Aung San Suu Kyi and President Win Myint, has not yet taken the necessary steps to address the violence directed against the Rohingya and has failed to create the necessary conditions for returns, including by actively impeding access to northern Rakhine by UNHCR, UNDP, humanitarian organizations, and journalists;

Whereas on August 24, 2018, the United Nations International Fact Finding Mission on Myanmar released a preliminary report stating that, "The Mission concluded . . . that there is sufficient information to warrant the investigation and prosecution of senior officials in the Tatmadaw chain of command, so that a competent court can determine their liability for genocide in relation to the situation in Rakhine State.";

Whereas on August 25, 2018, Secretary of State Mike Pompeo said "A year ago, following deadly militant attacks, security forces responded by launching abhorrent ethnic cleansing of ethnic Rohingya in Burma", and continued "The U.S. will continue to hold those responsible accountable. The military must respect human rights for Burma's democracy to succeed.";

Whereas the Department of the Treasury announced sanctions on five Tatmadaw officers and two Tatmadaw units for human rights abuses in Rakhine, Kachin, and Shan States;

Whereas on September 24, 2018, the Department of State released a report entitled "Documentation of Atrocities in Northern Rakhine State" that stated the military "targeted civilians indiscriminately and often with extreme brutality" and that the violence in northern Rakhine State was "extreme, large-scale, widespread and seemingly geared toward both terrorizing the population and driving out the Rohingya residents" and that the "scope and scale of the military's operations indicate that they were well-planned and coordinated";

Whereas Reuters, a highly respected worldwide news organization, discovered evidence of mass murder in the village of Inn Din as part of its ongoing reporting on the Burmese military's campaign against the Rohingya, and deployed journalists Wa Lone and Kyaw Soe Oo to fact-check and interview eyewitnesses to these and other events;

Whereas on December 12, 2017, Wa Lone and Kyaw Soe Oo were arrested by Burmese security forces in a suburb of Yangon and remain in custody to date;

Whereas on April 20, 2018, a key witness for the prosecution, Police Captain Moe Yan Naing, testified that he was ordered by his superiors to "trap" Wa Lone;

Whereas on September 3, 2018, Yangon Northern District Judge Ye Lwin ruled that Wa Lone and Kyaw Soe Oo breached the colonial-era Official Secrets Act during their investigation into the massacre in Inn Din and subsequently sentenced them each to 7 years in prison with hard labor, despite admissions by the police under oath in court that the documents in question were planted with the journalists as a front for their arrest;

Whereas United States Secretary of State Mike Pompeo met with Burma's Foreign Minister, Kyaw Tin, at the ASEAN Foreign Ministers' Meeting in August 2018 and called for the immediate release of Wa Lone and Kyaw Soe Oo;

Whereas on September 4, 2018, Vice President Mike Pence stated, "Wa Lone & Kyaw Soe Oo should be commended—not imprisoned—for their work exposing human rights

violations [and] mass killings. Freedom of religion [and] freedom of the press are essential to a strong democracy.";

Whereas Members of Congress, professional journalist organizations, human rights groups, and other distinguished leaders from around the world have called on the Burmese authorities to release Wa Lone and Kyaw Soe Oo from their unjust imprisonment; and

Whereas the United Nations Convention on the Prevention and Punishment of the Crime of Genocide, signed at Paris December 9, 1948 declares that "means any of the following acts committed with the intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such: (a) Killing members of the group; (b) Causing serious bodily or mental harm to members of the group; (c) Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part; (d) Imposing measures intended to prevent births within the group; (e) Forcibly transferring children of the group to another group" and "The following acts shall be punishable: (a) Genocide; (b) Conspiracy to commit genocide; (c) Direct and public incitement to commit genocide; (d) Attempt to commit genocide; (e) Complicity in genocide."; Now, therefore, be it

Resolved, That it is the sense of the House of Representatives that—

(1) the atrocities committed against the Rohingya by the Burmese military and security forces since August 2017 constitute crimes against humanity and genocide;

(2) the Secretary of State should—

(A) determine, based on available evidence, whether the actions by the Burmese military in northern Rakhine State in 2017 constitute crimes against humanity, genocide, or other crimes under international law; and

(B) fully support efforts to collect, preserve, and make available evidence related to the commission of these crimes;

(3) all those responsible for these crimes against humanity and genocide should be tracked, sanctioned, arrested, prosecuted, and punished under applicable international criminal statutes and conventions;

(4) every Government and multinational body should call such atrocities by their rightful names of "crimes against humanity", "war crimes", and "genocide";

(5) the Governments of Bangladesh, the United States, and China, as well as the UNHCR and other actors, should only support repatriations to Burma when the conditions for safe, voluntary and dignified returns are achieved, including that of removing any impunity for Burma's military, security forces, and vigilantes with respect to their actions contributing to the systemic deprivation of the human rights, such as physical safety, citizenship, freedom of movement, and livelihoods, of the Rohingya;

(6) the President should impose additional sanctions on senior members of the Burmese military and security forces who are responsible for genocide and human rights abuses, including Tatmadaw Commander-In-Chief Min Aung Hlaing;

(7) independent and professional journalism play a central role in strengthening democratic governance, upholding the rule of law, mitigating conflict, and informing public opinion around the world; and

(8) the Burmese military and Government should—

(A) provide immediate, unimpeded access to northern Rakhine by UNHCR, UNDP, other humanitarian actors, and journalists, in order to verify that the necessary conditions exist for voluntary, safe, dignified, and sustainable returns by displaced Rohingya in a manner consistent with internationally recognized human rights and principles for refugee protection;

(B) change the laws and policies that have contributed to insecurity in the Rakhine State; and

(C) rescind any laws that obstruct the freedom of the press; and

(9) State Counsellor Aung San Suu Kyi and President Win Myint should pardon and immediately release from prison Wa Lone and Kyaw Soe Oo, as well as all other journalists and political prisoners.

The SPEAKER pro tempore, Mr. SIMPSON, recognized Mr. ROYCE of California, and Mr. ENGEL, each for 20 minutes.

After debate,

The question being put, viva voce,

Will the House suspend the rules and agree to said resolution, as amended?

The SPEAKER pro tempore, Mr. SIMPSON, announced that two-thirds of the Members present had voted in the affirmative.

Mr. ROYCE of California, demanded that the vote be taken by the yeas and nays, which demand was supported by one-fifth of the Members present, so the yeas and nays were ordered.

The SPEAKER pro tempore, Mr. SIMPSON, pursuant to clause 8 of rule XX, announced that further proceedings on the question were postponed until Wednesday, December 12, 2018.

¶162.14 UNITED STATES-REPUBLIC OF KOREA ALLIANCE

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 1149):

Whereas the United States Armed Forces and South Korean troops fought together to defend the Korean peninsula from Communist aggression before the Korean Armistice Agreement was signed in 1953, and the United States of America and the Republic of Korea have continued this camaraderie since signing the Mutual Defense Treaty Between the United States and the Republic of Korea that same year;

Whereas the Republic of Korea is a model for alliance burden-sharing, currently hosting 28,500 American active-duty military personnel, funding fifty percent of the total non-personnel costs of the U.S. troop presence on the Korean peninsula, fielding the world's seventh-largest military, and spending over 2.5 percent of its gross domestic product on defense;

Whereas the Republic of Korea is among the closest allies of the United States, having contributed troops in support of United States operations during the Vietnam war, Gulf war, and operations in Iraq and Afghanistan, while also supporting numerous United Nations peacekeeping missions throughout the world;

Whereas United States forces on the Korean Peninsula are critical not only to the security of the Republic of Korea but also to protect against adversaries that threaten regional stability and the United States homeland;

Whereas the U.S.-ROK Combined Forces Command is the most integrated and effective combined military command in the world and, taken together with the United Nations Command, has formed a structure that has provided effective defense and deterrence on the Korean Peninsula for decades;

Whereas North Korea has the world's fourth-largest military, in addition to potentially as many as 60 nuclear weapons and between 2,500 and 5,000 metric tons of chemical weapons;

Whereas the United States supports the Republic of Korea's efforts at peace and reconciliation on the Korean Peninsula and recognizes the critical importance of close policy coordination between Washington and Seoul;

Whereas in February 2017, a United Nations investigatory body confirmed that North Korea attempted to sell key materials for constructing miniaturized nuclear warheads, and found that ballistic missile cooperation between Iran and North Korea was "significant and meaningful";

Whereas the United States and South Korea share a commitment to democracy, human rights, and free market principles, as laid out in the 2009 U.S.-ROK Joint Vision Statement as the foundation for a 21st century "strategic alliance" based on shared values;

Whereas the Republic of Korea actively contributes to peacekeeping, cybersecurity, non-proliferation, overseas development assistance, climate change mitigation, counterterrorism, and post-conflict stabilization;

Whereas the Republic of Korea suffered economic retaliation from China for installing the United States Theater High Altitude Area Defense (THAAD) ballistic missile defense system, a measure necessitated by North Korea's nuclear and ballistic missile belligerence;

Whereas Korea is the world's eleventh-largest economy and the sixth-largest goods trading partner of the United States, and creates bilateral trade and investment which supports 400,000 American jobs;

Whereas the United States is the largest foreign direct investor in the Republic of Korea, and Korean investment in the United States is increasing;

Whereas the Republic of Korea evolved from authoritarian governance to a vibrant, model democracy that embraces human rights and the rule of law in a region increasingly challenged by authoritarianism, which stands in stark contrast to the Democratic People's Republic of Korea, which commits human rights violations "that do not have any parallel in the contemporary world" according to a 2014 United Nations report;

Whereas the Republic of Korea has become a key stakeholder and an active and constructive participant in various international organizations, including the United Nations, G-20, Organization for Economic Cooperation and Development, Asia-Pacific Economic Cooperation forum, Association of Southeast Asian Nations Regional Forum, International Monetary Fund, World Bank, and World Trade Organization;

Whereas Korean American Day commemorates the first arrival of Koreans to the United States in 1903 and honors the great contributions of Korean Americans across all aspects of society, which will only continue to grow as this population now numbers nearly two million citizens and as Korean students constitute the third-largest source of foreign students in the United States; and

Whereas the Korean-American community remains one of the most important bridges between the Republic of Korea and the United States and has helped foster deeper ties between the two nations: Now, therefore, be it

Resolved, That the House of Representatives—

(1) recognizes that the United States-Republic of Korea alliance serves as a linchpin of regional stability and bilateral security, and exemplifies the broad and deep military, diplomatic, economic, and cultural ties shared between the United States and the Republic of Korea;

(2) reiterates that the Republic of Korea and the United States share an interest in the continued strength of the bilateral alli-

ance, and in further deepening the bilateral relationship;

(3) emphasizes that the United States-Republic of Korea alliance remains not only a bulwark for peace and stability in Northeast Asia, but also an exemplar of democratic values, free market principles, commitment to universal human rights, and the rule of law throughout the Indo-Pacific and globally;

(4) reaffirms the need for the United States and the Republic of Korea to stand shoulder-to-shoulder in continuing to apply the economic and financial pressure necessary to help peacefully end the Democratic People's Republic of Korea's dangerous nuclear and missile programs; and

(5) emphasizes that, regardless of the outcome of attempted negotiations with the Democratic People's Republic of Korea, the United States-Republic of Korea alliance will continue to deter, defend against, and defeat any outside aggressors, uphold the peace, and guard the prosperity built by our two nations.

The SPEAKER pro tempore, Mr. SIMPSON, recognized Mr. ROYCE of California, and Mr. ENGEL, each for 20 minutes.

After debate,

The question being put, *viva voce*,

Will the House suspend the rules and agree to said resolution?

The SPEAKER pro tempore, Mr. BOST, announced that two-thirds of the Members present had voted in the affirmative.

So, two-thirds of the Members present having voted in favor thereof, the rules were suspended and said resolution was agreed to.

A motion to reconsider the vote whereby the rules were suspended and said resolution was agreed to was, by unanimous consent, laid on the table.

¶162.15 COMMITMENT OF THE UNITED

STATES TO THE COUNTRIES AND TERRITORIES OF THE PACIFIC ISLANDS REGION

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 1157):

Whereas the Pacific Islands countries and territories are home to more than 10 million culturally diverse people and are rooted in a unique culture and history spanning thousands of years;

Whereas the South Pacific region, of which the Pacific Islands countries and territories are an integral part, is endowed with a resource-rich ocean stretching over 20 million square miles;

Whereas the United States partnership with the countries of the Pacific Islands region dates back to the battles of World War II on the shores of Tarawa, Pelelieu, and Guadalcanal, where Pacific Islanders and Americans alike sacrificed for our collective security;

Whereas the United States territories of American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands are located in the South Pacific region and some of these relationships date back to the Spanish-American War;

Whereas the United States is committed to the future security and prosperity of the Pacific Islands countries and territories and is responsible for security and defense matters in and relating to Palau, the Federated States of Micronesia, and the Republic of the Marshall Islands under their respective Compacts of Free Association;

Whereas the Compacts of Free Association arrangements with the Federated States of

Micronesia and the Republic of the Marshall Islands were renewed in 2003 for a period of 20 years and negotiations regarding the subsequent renewal of these agreements should be concluded in advance of their expiration in 2023;

Whereas the South Pacific region is critical to United States national security and defense, and there are several United States military bases and testing sites in the region, including the Ronald Reagan Ballistic Missile Defense Test Site on the Marshall Islands;

Whereas the United States cooperates closely with Pacific Islands countries and territories as a partner committed to a common future that advances national security, regional cooperation, and trust and collaborating on a wide range of important issues such as addressing environmental and public health threats, distributing humanitarian assistance and disaster relief, and promoting peace and prosperity in the region;

Whereas in the Boe Declaration of 2018, leaders of Pacific Islands countries and territories reaffirmed that the threat of climate change imperils the livelihoods, security, and well-being of the peoples of such countries and territories;

Whereas a major priority of Pacific Islands countries and territories is addressing environmental and sustainability challenges, including responding to national disasters, and implementing environmental programs to address mitigating their unique vulnerabilities to the effects of rising sea levels, combatting ocean acidification, and protecting natural resources, and extreme weather events remains a priority for and point of collaboration between the United States and Pacific Islands countries;

Whereas the United States works closely with Australia and New Zealand and other like-minded partners in the South Pacific region, and there is opportunity for enhancing such cooperation as all three countries look for opportunities to increase their focus on this important region;

Whereas China's increased influence in the South Pacific region and the possibility of a future Chinese military presence in this region could expand its monitoring and surveillance capabilities, threatening the United States military presence in the region;

Whereas media reports revealed that Chinese scientists placed acoustic sensors in the Mariana Trench near Guam and near the island of Yap in the Federated States of Micronesia, which could be used to monitor United States submarine activity in the region;

Whereas planned casino resort developments by Chinese investors on the Commonwealth of the Northern Mariana Islands could complicate Department of Defense plans on the islands for extensive training and exercises resulting from the relocation of Marines from Okinawa, Japan;

Whereas a bilateral agreement between the United States and Japan will relocate approximately 4,100 United States Marines from Okinawa, Japan to Guam, significantly bolstering United States national security in the region;

Whereas official Chinese Government statements and policy documents indicate that the Pacific Islands are a component of the Belt and Road Initiative, which according to the Department of Defense aims "to develop strong economic ties with other countries, shape their interests to align with China's, and deter confrontation or criticism of China's approach to sensitive issues";

Whereas the Lowy Institute found that China has pledged \$5.88 billion worth of aid to the region since 2011, yet despite these large commitments, China has only spent \$1.26 billion so far and concerns remain over

the types of loans extended and whether the commitments will be kept;

Whereas recent debt sustainability analysis by the World Bank shows that nine Pacific Islands countries and territories are currently classified as either at high or moderate risk of debt distress;

Whereas China continues to shrink the number of Taiwan's international partners around the globe by inducing countries to switch recognition through financial incentives and six of Taiwan's remaining diplomatic allies in the Pacific Islands region advocate on Taiwan's behalf at the United Nations and other international fora;

Whereas the United States plays an active role in regional fisheries management through its involvement in the Western and Central Pacific Fisheries Commission and in maintaining programs to help Pacific Island countries combat illegal fishing, including bilateral "shiprider" agreements that allow law enforcement officers of host partner countries onboard United States Coast Guard ships and aircraft to patrol national exclusive economic zones;

Whereas the United States, through more than 17 departments and agencies, committed more than \$350 million in fiscal year 2017 to engagement with Pacific Islands countries;

Whereas the National Defense Authorization Act for Fiscal Year 2018 and the Consolidated Appropriations Act, 2018 authorized and appropriated \$123.8 million in funding through 2024 for the 2010 Palau Compact Review Agreement;

Whereas every two years, the United States Navy's Pacific Fleet hosts the world's largest international maritime exercise, known as the "Rim of the Pacific", for which this past year Tongan Marines traveled to Hawaii with Australia's Navy to participate and Fiji has been invited to join the exercise in 2020; and

Whereas in September 2018 at the 30th Pacific Islands Forum in Nauru, Secretary of the Interior Ryan Zinke stated the United States "see[s] all of the Pacific Islands as an essential part of our free and open Indo-Pacific policy"; Now, therefore, be it

Resolved, That the House of Representatives—

(1) reaffirms its strong commitment to United States engagement with all countries and territories of the South Pacific region, including the Cook Islands, the Federated States of Micronesia, Fiji, French Polynesia, Kiribati, Nauru, New Caledonia, Niue, the Republic of Palau, Papua New Guinea, the Republic of the Marshall Islands, Samoa, the Solomon Islands, Tokelau, Tonga, Tuvalu, and Vanuatu;

(3) supports continued efforts to deepen cooperation with countries and territories of the Pacific Islands in areas of mutual interest, such as addressing the negative impacts of climate change, promoting sustainable economic development, and supporting regional organizations and stability;

(4) calls for the United States to increase the frequency of high-level bilateral and multilateral visits with leaders of Pacific Islands;

(5) promotes and supports efforts by Australia, New Zealand, France, and other like-minded partners to strengthen Pacific Islands countries' sovereignty and development through economic and security assistance; and

(6) encourages continued support for the Compacts of Free Association which enhance the strategic posture of the United States in the Western Pacific, reinforce United States

regional commitment, preempt potential adversaries from establishing positional advantage, and further self-governance, economic development, and self-sufficiency of the Freely Associated States.

The SPEAKER pro tempore, Mr. BOST, recognized Mr. ROYCE of California, and Mr. ENGEL, each for 20 minutes.

After debate,

The question being put, *viva voce*,

Will the House suspend the rules and agree to said resolution?

The SPEAKER pro tempore, Mr. BOST, announced that two-thirds of the Members present had voted in the affirmative.

So, two-thirds of the Members present having voted in favor thereof, the rules were suspended and said resolution was agreed to.

A motion to reconsider the vote whereby the rules were suspended and said resolution was agreed to was, by unanimous consent, laid on the table.

162.16 WAR CRIMES AND CRIMES AGAINST HUMANITY IN SYRIA

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 1165):

Whereas Syrian President Bashar al-Assad, with the support of Iran and the Russian Federation, has committed widespread atrocities against the people of Syria, leading to one of the worst humanitarian crises in over 70 years, including the deaths of more than 500,000 people, the destruction of more than 50 percent of Syria's critical infrastructure, and the forced displacement of more than 14 million people;

Whereas the Assad regime, with the support of Iran and the Russian Federation, has conducted violent attacks against humanitarian aid workers, supplies, facilities, transports, and assets, and impeded the access and secure movement of humanitarian personnel, and has used chemical weapons against the Syrian people on numerous occasions;

Whereas since the introduction of Russian forces into Syria in September 2015, Russia has deployed over 68,000 Russian personnel to help sustain the Assad regime, and has reportedly transferred the S-300 surface-to-air missile system to Syria, giving Russia, Iran, Hezbollah, and other Iranian-backed militias additional cover for their activities in Syria;

Whereas Iran is estimated to have deployed over 3,000 Islamic Revolutionary Guard Corps (IRGC) and regular Iranian military advisers to Syria and approximately 20,000 militia fighters, including 'Asaib ahl al-Haq, Harakat Hezbollah al-Nujaba, Fatimeyoun, and Zainabiyoun, which continue to expand their presence in Syria;

Whereas Director of National Intelligence Dan Coats has stated "it's unlikely Russia has the will or capability to fully implement and counter Iranian decision and influence" in Syria;

Whereas Iran's positions in Syria, which Iran has used to launch rockets and drones toward Israel, are critical to Iran's efforts to create a "land bridge" from Iran through Iraq and Syria to Lebanon so that it can arm Hezbollah in Lebanon with rockets and missiles, and increase the accuracy of Hezbollah's munitions;

Whereas Iranian-backed militias have demolished civilian areas, implemented sieges, and evicted civilian residents throughout Syria in a campaign of forced displacement, where Iranian-funded reconstruction plans to sell housing developments to foreign militias risk establishing a permanent Iranian pres-

ence and obstacle for return of thousands of Syrian families who fled Syria; and

Whereas the Syrian Government has reportedly signed agreements with Iran and IRGC controlled companies with respect to military cooperation: Now, therefore, be it

Resolved, That the House of Representatives—

(1) supports a political solution to the conflict which will result in the air space of Syria no longer being utilized by the Assad regime or Russia to target civilians, an end to the sieges carried out by Assad, Russia, Iran, Hezbollah, and other Iranian-backed militias, and the release of all political prisoners;

(2) opposes international reconstruction funds from supporting projects in Syria in areas controlled by the Assad regime as long as the Assad regime remains in power;

(3) condemns the Assad regime, the Government of the Russian Federation, the Government of Iran, and Hezbollah and other Iranian-backed militias for their continued support of war crimes and crimes against humanity in Syria, including the widespread use of torture, summary executions, prolonged sieges, forced relocations, and indiscriminate targeting of civilians and humanitarian actors;

(4) recognizes that as long as the Assad regime remains in power, it will continue to oppress the Syrian people, the Russian Federation will continue to expand its influence in the Middle East, and Iran will remain entrenched in Syria;

(5) calls upon the President and Secretary of State to work towards a sustainable political transition in Syria that results in a government in Syria that is not a danger to its own people, abandons its chemical weapons program, allows for the safe, dignified, and voluntary return of displaced persons, and does not provide Iran with a platform to threaten Syria's neighbors;

(6) urges the President and the Secretary of State develop a strategy to prevent a permanent Iranian presence in Syria, understanding that the Russia Federation has not proven to be a viable partner to help in this effort;

(7) urges the Secretary of State to investigate and determine whether the forced displacement of Syrian civilians from their homes through brutal sieges, starvation, and indiscriminate targeting of civilians, and repopulation with foreign fighters constitutes sectarian or ethnic cleansing; and

(8) calls on the President and Secretary of State to determine whether militias operating in Syria under the command of the Islamic Revolutionary Guard Corps (IRGC), including Harakat Hezbollah al-Nujaba, Fatemiyoun, Zainabioun, and 'Asaib ahl al-Haq are terrorist organizations and meet the criteria for sanctions pursuant to Executive Order 13460 or 13582.

The SPEAKER pro tempore, Mr. BOST, recognized Mr. ROYCE of California, and Mr. ENGEL, each for 20 minutes.

After debate,

The question being put, *viva voce*,

Will the House suspend the rules and agree to said resolution?

The SPEAKER pro tempore, Mr. BOST, announced that two-thirds of the Members present had voted in the affirmative.

So, two-thirds of the Members present having voted in favor thereof, the rules were suspended and said resolution was agreed to.

A motion to reconsider the vote whereby the rules were suspended and said resolution was agreed to was, by unanimous consent, laid on the table.

¶162.17 EXPRESSING OPPOSITION TO THE COMPLETION OF NORD STREAM II

Mr. ROYCE of California, moved to suspend the rules and agree to the following resolution (H. Res. 1035); as amended:

Whereas Nord Stream II is an underwater gas pipeline that, if completed, will transport natural gas from the Russian Federation through the Baltic Sea to Germany;

Whereas Russia controls the supply of nearly 40 percent of Europe's gas and 11 European countries rely on Russian gas for 75 percent or more for their annual needs;

Whereas Nord Stream II will increase Russian control over the European energy market;

Whereas Donald Tusk, the President of the European Council, stated that Nord Stream II would "not help diversification, nor would it reduce [European] dependency" on Russian gas;

Whereas it has been longstanding United States policy to support European energy security through diversification of supplies, such as the Southern Gas Corridor which will deliver Caspian Sea energy resources to Southern and Central Europe;

Whereas the existing Ukrainian gas transit system currently has 55 billion cubic meters of spare capacity which is equal to Nord Stream II's planned capacity;

Whereas Ukraine has been a stable and reliable transit hub for energy flowing to European destinations;

Whereas Russia's geopolitical interest in Nord Stream II is not to increase European energy security, but rather to drive a wedge between countries in Europe and drastically diminish Ukraine's political leverage regarding Russia and the significant income Ukraine derives from transit fees;

Whereas according to Deputy Assistant Secretary of State for Energy Diplomacy, Sandra Oudkirk, "because [Nord Stream II] has such a potentially large impact on the national security of some of our largest partners in the world, it has an impact on our national security"; and

Whereas Members of Congress on a bipartisan basis have expressed strong opposition to Nord Stream II through statements and legislation: Now, therefore, be it

Resolved, That the House of Representatives—

(1) finds that Nord Stream II is a drastic step backwards for European energy security and United States interests;

(2) calls upon European governments to reject the Nord Stream II project;

(3) urges the President to use all available means to support European energy security through a policy of reducing reliance on the Russia Federation; and

(4) supports the imposition of sanctions with respect to Nord Stream II under section 232 of the Countering America's Adversaries Through Sanctions Act (22 U.S.C. 9526).

The SPEAKER pro tempore, Mr. BOST, recognized Mr. ROYCE of California, and Mr. ENGEL, each for 20 minutes.

The question being put, *viva voce*,

Will the House suspend the rules and agree to said resolution, as amended?

The SPEAKER pro tempore, Mr. BOST, announced that two-thirds of the Members present had voted in the affirmative.

So, two-thirds of the Members present having voted in favor thereof, the rules were suspended and said resolution, as amended, was agreed to.

A motion to reconsider the vote whereby the rules were suspended and

Whereas these actions have caused tremendous suffering for the Ukrainian people, with thousands of Ukrainians killed both in battle and in their homes, and hundreds of thousands made refugees;

Whereas the Russian Federation continues to deny any responsibility for the destruction of Malaysian Airlines flight 17 over Ukraine, which killed 298 innocent civilians;

Whereas the Russian Federation has continuously failed to meet its commitments under the Minsk II agreement;

Whereas the United States and its allies and partners around the world continue to support the Ukrainian people in their efforts to strengthen their government, economy, and military in order to bring peace and prosperity to their country and to the surrounding region;

Whereas the United States and its allies and partners around the world have imposed punitive sanctions and other measures against the Russian Federation for its continued aggression against Ukraine, including its occupation of Crimea;

Whereas the Russian Federation continues to expand its aggression against Ukraine, including militarization of the Azov Sea and blockading the Kerch Strait in contravention of international norms and agreements;

Whereas, on November 25, 2018, the Russian Federation fired upon and rammed Ukrainian vessels attempting to pass through the Kerch Strait and seized the Ukrainian vessels and their crews: Now, therefore, be it

Resolved, That the House of Representatives—

(1) condemns the Russian Federation's firing upon, ramming, and seizing Ukrainian vessels and crews attempting to pass through the Kerch Strait on November 25, 2018, as violations of binding international norms and agreements;

(2) calls on the Russian Federation to immediately return the Ukrainian vessels and their crews to Ukraine;

(3) calls on the Russian Federation to cease its violation of Ukraine's sovereignty and its efforts to prevent Ukrainian vessels from transiting the Kerch Strait, as is Ukraine's right under international norms and agreements;

(4) reaffirms the United States commitment to provide the people of Ukraine with political, economic, and security assistance to enable them to secure their independence, democracy, and prosperity; and

¶162.21 85TH ANNIVERSARY OF THE UKRAINIAN FAMINE

On motion of Mr. ROYCE of California, by unanimous consent, the Committee on Foreign Affairs was discharged from further consideration of the following resolution (H. Res. 931):

Whereas 2017–2018 marks the 85th anniversary of the Ukrainian Famine of 1932–1933, known as the Holodomor;

Whereas in 1932 and 1933, millions of Ukrainian people perished at the will of the

totalitarian Stalinist government of the former Soviet Union, which perpetrated a premeditated famine in Ukraine in an effort to break the nation's resistance to collectivization and communist occupation;

Whereas the Soviet Government deliberately confiscated grain harvests and starved millions of Ukrainian men, women, and children by a policy of forced collectivization that sought to destroy the nationally conscious movement for independence;

Whereas Soviet dictator Joseph Stalin ordered the borders of Ukraine sealed to prevent anyone from escaping the manmade starvation and to prevent the delivery of any international food aid that would provide relief to the starving;

Whereas numerous scholars worldwide have worked to uncover the scale of the famine, including Canadian wheat expert Andrew Cairns, who visited Ukraine in 1932 and was told that there was no grain "because the government had collected so much grain and exported it to England and Italy", while Joseph Stalin simultaneously denied food aid to the people of Ukraine;

Whereas nearly a quarter of Ukraine's rural population perished or were forced into exile due to the induced starvation, and the entire country suffered from the consequences of the prolonged famine;

Whereas noted correspondents of the time were refuted for their courage in depicting and reporting on the forced famine in Ukraine, including Gareth Jones, William Henry Chamberlin, and Malcolm Muggeridge, who wrote, "They (the peasants) will tell you that many have already died of famine and that many are dying every day; that thousands have been shot by the government and hundreds of thousands exiled . . .";

Whereas title V of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 1986 (Public Law 99-180; 99 Stat. 1157), signed into law on December 13, 1985, established the Commission on the Ukraine Famine to "conduct a study of the Ukrainian Famine of 1932–1933 in order to expand the world's knowledge of the famine and provide the American public with a better understanding of the Soviet system by revealing the Soviet role" in it;

Whereas with the dissolution of the Soviet Union, archival documents became available that confirmed the deliberate and premeditated deadly nature of the famine, and that exposed the atrocities committed by the Soviet Government against the Ukrainian people;

Whereas Raphael Lemkin, who devoted his life to the development of legal concepts and norms for containing mass atrocities and whose tireless advocacy swayed the United Nations in 1948 to adopt the Convention on the Prevention and Punishment of the Crime of Genocide, authored an essay in 1953 entitled "Soviet Genocide in [the] Ukraine", which highlighted the "classic example of Soviet genocide", characterizing it "not simply a case of mass murder[, but as] a case of genocide, of destruction, not of individuals only, but of a culture and a nation";

Whereas the Government of Ukraine passed on November 28, 2006, a law numbered No: N 376-V, and entitled "About the 1932–1933 Holodomor in Ukraine", giving official recognition to the Ukraine Famine as an act of genocide against the Ukrainian people;

Whereas President George W. Bush signed into law Public Law 109-340 on October 13, 2006, authorizing the Government of Ukraine "to establish a memorial on Federal land in the District of Columbia to honor the victims of the Ukrainian famine-genocide of 1932–1933", which was officially dedicated in November 2015;

Whereas the Government of Ukraine and the Ukrainian communities in the United States and worldwide continue their efforts to secure greater international awareness and understanding of the 1932–1933 tragedy; and

(C) are trained in applicable standards for safeguarding and using such information.

(2) GUIDANCE.—The Secretary of Homeland Security shall—

(B) ensure that such guidance enforces a duty to share between offices and components of the Department when accessing or contributing to such framework for mission needs.

(3) EFFICIENCY.—The Secretary of Homeland Security shall promulgate data standards and instruct components of the Department of Homeland Security to make available information through the data framework required under this

section in a machine-readable standard format, to the greatest extent practicable.

(c) EXCLUSION OF INFORMATION.—The Secretary of Homeland Security may exclude information from the data framework required under this section if the Secretary determines inclusion of such information may—

(1) jeopardize the protection of sources, methods, or activities;

(2) compromise a criminal or national security investigation;

(3) be inconsistent with other Federal laws or regulations; or

(4) be duplicative or not serve an operational purpose if included in such framework.

(d) SAFEGUARDS.—The Secretary of Homeland Security shall incorporate into the data framework required under this section systems capabilities for auditing and ensuring the security of information included in such framework. Such capabilities shall include the following:

(1) Mechanisms for identifying insider threats.

(2) Mechanisms for identifying security risks.

(3) Safeguards for privacy, civil rights, and civil liberties.

(e) DEADLINE FOR IMPLEMENTATION.—Not later than 2 years after the date of enactment of this Act, the Secretary of Homeland Security shall ensure the data framework required under this section has the ability to include appropriate information in existence within the Department of Homeland Security to meet the critical mission operations of the Department of Homeland Security.

(f) NOTICE TO CONGRESS.—

(1) STATUS UPDATES.—The Secretary of Homeland Security shall submit to the appropriate congressional committees regular updates on the status of the data framework until the framework is fully operational.

(2) OPERATIONAL NOTIFICATION.—Not later than 60 days after the date on which the data framework required under this section is fully operational, the Secretary of Homeland Security shall provide notice to the appropriate congressional committees that the data framework is fully operational.

(3) VALUE ADDED.—The Secretary of Homeland Security shall annually brief Congress on component use of the data framework required under this section to support operations that disrupt terrorist activities and incidents in the homeland.

163.14 IRAN'S STATE-SPONSORED PERSECUTION OF ITS BAHAI MINORITY

On motion of Ms. ROS-LEHTINEN, by unanimous consent, the Committee on Foreign Affairs was discharged from further consideration of the following resolution (H. Res. 274):

Whereas in 1982, 1984, 1988, 1990, 1992, 1993, 1994, 1996, 2000, 2004, 2006, 2008, 2009, 2012, 2013, 2015, and 2016, Congress declared that it deplored the religious persecution by the Government of Iran of the Baha'i community and would hold the Government of Iran responsible for upholding the rights of all Iranian nationals, including members of the Baha'i Faith;

Whereas the United States Commission on International Religious Freedom 2016 Annual Report states—

(1) "The Baha'i community, the largest non-Muslim religious minority in Iran, long has been subject to particularly severe religious freedom violations. The government views Baha'is, who number at least 300,000, as 'heretics' and consequently they face repression on the grounds of apostasy.";

(2) "Since 1979, authorities have killed or executed more than 200 Baha'i leaders, and more than 10,000 have been dismissed from government and university jobs.";

(3) "Over the past 10 years, approximately 850 Baha'is have been arbitrarily arrested.";

Whereas the Department of State 2015 International Religious Freedom Report states—

(1) religious minorities in Iran "continued to face societal discrimination, especially the Baha'i community, which reported continuing problems at different levels of society, including personal harassment.";

(2) the Government of Iran "continued to prohibit Bahais from officially assembling or maintaining administrative institutions, actively closed such institutions, harassed Bahais, and disregarded their property rights.";

(3) in Iran, "Bahai blood may be spilled with impunity, and Bahai families are not entitled to restitution" and "Bahais cannot receive compensation for injury or crimes committed against them and cannot inherit property.";

(4) the Government of Iran "requires universities to exclude Bahais from access to higher education or expel them if their religious affiliation becomes known.";

(5) in Iran, "Bahais are banned from government employment" and "[t]here were reports of non-Bahais being pressured to refuse employment to Bahais or dismissing Bahais from their private sector jobs.";

Whereas, on June 8, 2016, the United Nations Special Rapporteur on the situation of human rights in the Islamic Republic of Iran and the United Nations Special Rapporteur on freedom of religion or belief issued a joint statement condemning the "wave of incitement of hatred of the Baha'i community reflected in speeches made by religious, judiciary and political officials in the Islamic Republic of Iran";

Whereas, on September 6, 2016, the United Nations Secretary-General issued a report on the situation of human rights in the Islamic Republic of Iran (A/71/374), which stated that "human rights violations have continued at an alarming rate";

Whereas, on December 17, 2016, the United Nations General Assembly adopted a resolution (A/RES/70/179), which "[e]xpressed serious concern about ongoing severe limitations and restrictions on the right to freedom of thought, conscience, religion or belief and restrictions on the establishment of places of worship, as well as attacks against places of worship and burial, as well as other human rights violations, including but not limited to harassment, persecution and incitement to hatred that lead to violence against persons belonging to recognized and unrecognized religious minorities, including Christians, Jews, Sufi Muslims, Sunni Muslims, Zoroastrians and members of the Baha'i Faith and their defenders";

Whereas since May 2008, the Government of Iran has imprisoned the 7 members of the former ad hoc leadership group of the Baha'i community in Iran, known as the Yaran-i-Iran, or "friends of Iran"—Mrs. Fariba Kamalabadi, Mr. Jamaloddin Khanjani, Mr. Afif Naemi, Mr. Saeid Rezaie, Mr. Behrouz Tavakkoli, Mrs. Mahvash Sabet, and Mr. Vahid Tizfahm—and these individuals were convicted of charges including "spying for Israel, insulting religious sanctities, propaganda against the regime and spreading corruption on earth" and sentenced to 20-year prison terms, the longest sentences given to any prisoner of conscience in Iran at that time, now reportedly reduced to 10 years;

Whereas beginning in May 2011, officials of the Government of Iran in 4 cities conducted sweeping raids on the homes of dozens of individuals associated with the Baha'i Institute for Higher Education (referred to in this Resolution as "BIHE") and arrested and detained several educators associated with BIHE, with 16 BIHE educators ultimately sentenced to 4- or 5-year prison terms, 7 of whom remain in prison;

Whereas scores of Baha'i cemeteries have been attacked, and in 2014, Revolutionary Guards began excavating a Baha'i cemetery in Shiraz, which is the site of 950 graves, and built a cultural and sport center on the cemetery site;

Whereas the Baha'i International Community reported that there has been a recent surge in anti-Baha'i hate propaganda in Ira-

nian state-sponsored media outlets, noting that—

(1) in 2010 and 2011, approximately 22 anti-Baha'i articles were appearing every month;

(2) in 2014, the number of anti-Baha'i articles rose to approximately 400 per month; and

(3) by 2016, the number of anti-Baha'i articles rose to approximately 1,500 per month;

Whereas there are currently 90 Baha'is in prison in Iran;

Whereas the Government of Iran is party to the International Covenants on Human Rights and is in violation of its obligations under such Covenants;

Whereas section 105 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (22 U.S.C. 8514) authorizes the President to impose sanctions on individuals "responsible for or complicit in, or responsible for ordering, controlling, or otherwise directing, the commission of serious human rights abuses against citizens of Iran or their family members on or after June 12, 2009"; and

Whereas the Iran Threat Reduction and Syria Human Rights Act of 2012 (Public Law 112-158) amends and expands the authorities established under the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (Public Law 111-195) to sanction Iranian human rights abusers: Now, therefore, be it
